

Auxiliary Fire Department Is Formed Monday

Officers Elected And Drill Nights Set

An auxiliary fire department, which has for its purpose the aiding of local firemen in combating conflagrations in case of raids or bombing, and as otherwise needed, was organized last Monday night at a meeting in the city hall.

A number of local citizens gathered in response to letters sent out by the fire department last week, explaining that most local firemen were members of the Texas Defense Guard and might be called to service.

The auxiliary department was started with 22 members who agreed to devote two nights each month to drills and practice.

Lee Haymes, president; Dick Atkinson, fire chief; Aaron Edgar, assistant chief, and J. C. Campbell, secretary-treasurer.

All local citizens who are interested in aiding in this work are invited to the practice meetings. The first meeting will be held next Monday night, after which the second and fourth Monday nights have been designated.

Father of Mrs. Emmett Branch Died in Dallas

J. J. Workman, father of Mrs. Emmett Branch of Munday, died at his home in Dallas last Sunday afternoon, following a long period of illness.

A native of Texas, Mr. Workman was around 88 years of age. Funeral services were held at two o'clock last Tuesday afternoon at Scurry, in Kaufman county.

Mr. Workman is survived by a son and three daughters, who are: B. C. Workman of Dallas, Mrs. Branch of Munday, Mrs. J. D. Rupe and Mrs. Knoxville Nash, both of Dallas.

School Census To Close March 31

The work of taking the school census for the Munday Independent School district is expected to be completed by March 31. This is the last day for taking the census, Supt. S. V. Colley stated Tuesday.

Anyone who has moved into the district are urged to turn names and ages of their children in to census authorities. All children who are six years of age and under 18 years of age on September 1, 1942, are included in the census.

Teachers are taking the census for Munday. Mrs. C. N. Smith is census enumerator for the Washburn community and Ernie Reynolds for the Hood community.

Miss Gail Reynolds On Tour With Choir

Denton, Texas.—Miss Gail Reynolds, senior music major from Munday, is with the Cappella Choir of North Texas State Teachers College in its annual spring concert tour. The choir will sing in many cities while on the tour, including Vernon, Childress, Pampa, Plainview, Amarillo, Abilene, Galveston, Houston and Shreveport, La.

Miss Reynolds sings contralto, and is a member of the oratorio society.

Mr. and Mrs. Weldon Warren and children and Mr. and Mrs. Marvin Warren and son of Plainview visited with relatives and friends here over the week end.

Mr. and Mrs. Howard Collins visited with relatives in Jermyn, Texas, over the week end.

SCRAP IRON DONATED TO RED CROSS

A move to have the American Red Cross benefit from collection of scrap iron was started in the Vera community recently.

All citizens wishing to donate their scrap iron to this cause are asked to leave it at the Vera Gin yard. Quite a lot of iron has already been collected. The iron is sold and the proceeds go to the Red Cross.

Mrs. Dewey Sullins is Red Cross chairman for Vera and she reports a good response to this movement. The iron thus collected serves several causes. The "scrap to slap the Japs" is also used to benefit the Red Cross work throughout the world.

Two Members Of School Board To Be Elected

All School Districts To Hold Election

Election of school board members for all independent and common schools of the county will be held on Saturday, April 4th, for the purpose of electing members to take the places of those whose terms expire.

Tuesday, March 24, was the last day for filing names with the county judge for position on the ballots.

In Munday, two members are to be elected. The terms of Pitzer Baker and Bud Nelson expire. Two names had been filed early Tuesday morning.

The election will be held in each of the independent and common school districts of the county.

The number of trustees to be elected for the common schools in the April 4th election were announced Tuesday by Merrick McLaughy, county superintendent, as follows:

Benjamin, 1; Vera, 3; Brock, 1; Hilliland, 3; Truscott, 2; Union Grove, 1; Sunset, 2; Hefner, 1; Antelope Flat, 1; Hood, 1, and Washburn 1.

Allen Explains Peanut Program

Planting Of Peanuts Urged; Prices Are Guaranteed

Wednesday's meeting of the Munday Chamber of Commerce was highlighted by a talk by Marvin Allen of Benjamin, AAA official for Knox county, who told of the peanut planting program for defense. Thirty-five members and guests attended the meeting.

Mr. Allen explained that imports of oil had been cut sharply due to the war situation, and the government is urging farmers to plant peanuts this year in order to secure the oil.

Since the United States entered the war, Mr. Allen said, the allotment for peanuts has been increased to 1,050,000 acres in Texas. He explained that the peanut oil is used in the manufacture of nitrolycerine and that a ton of peanuts would crush out 600 pounds of very fine crude oil.

A price guarantee of not less than \$89 per ton has been set by the government, and Mr. Allen assured those present that machinery would be available for harvesting the crop. The seed are available for all who want to plant this crop. Mr. Allen said, and urged that peanuts be grown on land which is adaptable to them.

Goree to Elect Mayor, Aldermen

In the city election to be held on Tuesday, April 7th, a mayor and two aldermen will be elected for the City of Goree, it was announced here recently.

Those whose names have been filed for re-election are F. G. Daniel, mayor, and C. J. Moore and J. W. Laningham, for councilmen.

Mrs. A. T. McCarty of San Antonio is visiting in the home of her daughter, Mrs. Sebern Jones and Mr. Jones.

Ginners To Meet

"What Texas Ginners can do to aid the War Effort," will be the theme of the 33rd annual convention of the Texas Cotton Ginners Association to be held April 9-10 at Dallas.

O. E. Jones, above, vice president of Swift and Company, Chicago, will speak on "America's Outlook." This highlight of the convention will be heard at 11 o'clock Thursday morning, April 9.

Knitting For Red Cross on Thursdays

Those in charge of knitting for the Red Cross announce this work is being done each Thursday in the sewing room, over the Rexall Drug. The room is open from 2:30 to 6 o'clock each Thursday afternoon, and all those wishing to help with the work are invited to come during these hours.

The Red Cross is in need of needles for knitting socks. Anyone having needles they will loan the Red Cross please notify Mrs. Fred Broach, Jr., or Mrs. J. C. Harpham.

Colored School To Have Garden

Preparations are being made for a garden project for the Munday colored school lunch room. Thirty children are being included in the project, and already \$6.50 has been raised, with a balance of \$4 to be raised within the next few days.

Entertainments were formerly given each Thursday night to keep the lunchroom going. These were discontinued, and two group captains were chosen among the P.T.A. members. These captains contacted all patrons weekly, who contributed canned goods, soap, shortening, etc., to the extent that a sufficient supply is on hand to meet the lunchroom's needs.

Mrs. Hal Fairman of San Angelo is visiting in Munday with her daughter, Mrs. A. A. Smith, Jr., and Mr. Smith, and with Mrs. W. P. Farrington.

Committees Of Munday C. of C. Named Recently

J. A. Caughran, who recently began his duties as president of the Munday Chamber of Commerce, has made committee appointments for the new year. These committees were announced at Wednesday's regular meeting of the organization.

The new committees named by the president are as follows, the first named being chairman of his respective group.

Entertainment: R. D. Atkinson, Jimmie Silman, George Hammett, Curtis Coates, S. V. Colley and J. C. Harpham.

Finance: W. E. Braly, T. G. Benge, W. W. McCarty and Travis Jones.

Publicity: Miss Maud Isbell, Leland Hannah and B. L. Blacklock.

Livestock: C. R. Elliott, C. P. Baker, John Ed Jones, and A. L. Smith.

Agriculture: H. A. Pendleton, J. C. Spann, Wallace Reid and R. O. Dunkle.

Highway: W. R. Moore, P. V. Williams, Fred Broach and G. R. Eiland.

Membership: E. W. Harrell, A. H. Mitchell and Aaron Edgar.

Emergency: Raymond Stapp, J. E. Reeves, W. G. Gafford, Sebern Jones and Ray Holcomb.

Other committees will be named later and as they are needed, the president stated.

Munday Girl On College Honor Roll

Maintaining more than a B average in all her subjects at Texas State College for Women has entitled Miss Juanita Golden of Munday to class exemption this semester. Upper classmen and sophomores who have this high scholastic average make application in the Registrar's office and if approved by that office are not subject to compulsory class attendance.

Miss Golden is the daughter of Mr. and Mrs. Oates Golden of Munday. She is majoring in chemistry and is a junior student at the college. Only 225 students of the total 2500 enrolled received the privilege of class exemption for the second semester.

Cotton Ginnings

The cotton ginning report as of March 24, sent in by Hoyle H. Sullins, special agent for the Department of Commerce, bureau of the census, shows that 37,742 bales of cotton were ginned in Knox county from the crop of 1941 prior to March 1.

This report shows the county ginned over 9,000 bales more than in 1940, the figures for that year being 28,440.

Three Names Filed For City Council

Interest is being manifested in the city election during this week, with the filing of three additional names for membership on the city council.

C. R. Elliott has filed as a candidate for mayor, and Grady Thornton and Wallace Reid are the new ones filed for aldermen. Members of the city council who are up for re-election are J. M. Terry, mayor, and H. P. Hill and A. L. Smith.

The city election will be held on Tuesday, April 7.

SINGING TO BE HELD FRIDAY NIGHT AT FOUR SQUARE CHURCH IN GOREE

J. B. Justice has announced the regular singing will be held on Friday night at the Four Square church in Goree. Visitors from Seymour will be present with new song books.

Rev. E. N. Goode will fill the pulpit Sunday morning. Everyone is invited to come and hear this message.

MRS. L. A. SPAIN DIES AT WICKENRIDGE

Funeral services for Mrs. L. A. Spain were held in Breckenridge last Friday afternoon. Minister Carl Collins of Munday conducted the service. Mrs. Spain was the mother of W. D. Spain, a former resident of Munday.

School Girl Is Injured in Fall From School Bus

Berelyene Washburn, 9-year-old daughter of Mr. and Mrs. C. E. Washburn of the Hood community, was seriously injured last Monday afternoon when she fell from the rear door of the school bus, one-half mile north of Munday.

The bus was on its regular daily delivery of Munday school children to the Hood district when the accident occurred.

Berelyene was rushed to a local physician's office for emergency treatment and was later transferred to the Knox county hospital.

Latest reports from the hospital are that she is holding her own, but is still considered to be in a very serious condition.

Work is Started Last Monday On Garden Project

Work was started last Monday on the Knox county garden project which is sponsored by the school lunch rooms of Knox county. The garden is located on the C. R. Elliott farm three miles south of Munday.

Some five or six workmen are employed this week in preparing and planting the ground. Terracing was done with the aid of the Munday F.F.A. chapter.

Products from this garden, as well as those contributed by patrons of the schools, will be preserved by canning or drying in a county-wide canning plant. This plant will be located in the Munday lunchroom.

More than 1,000 children are being fed daily in the lunchrooms of the county. The goal set in the food preservation program is a minimum of 35 cans per child. If this can be achieved, it will mean that school children of Knox county will be assured of having a wholesome, well-balanced meal each schoolday next year.

Schools participating in this program as Knox City, Union Grove, Benjamin, Truscott, Sunset, Munday, Goree and the Munday colored school.

Knox County Hospital Notes

Patients in the Knox county hospital March 24, 1942, included: Mrs. Esker New, Truscott; Mrs. W. A. Cockerill, Westover; Mrs. Eugene Pettus, St. Louis, Missouri.

Miss Irene Randolph, St. Louis, Missouri.

Miss Nina Joe Chesser, Childress; Berelyene Washburn, Munday. Patients dismissed since March 18, 1942, included:

Mrs. J. B. Jones, Benjamin; Mrs. L. D. Gipson, Knox City; Mrs. Birdie Allen, Knox City; Miss Pauline McBeth, O'Brien; Wayne Cagle, O'Brien; Mrs. Ernest Barnett and baby son, Knox City.

Melvin Urbanczyk, Munday; Mrs. S. W. Hutchens, Rochester; Mrs. Jack Kitchens, Rochester; R. K. McBrayer, Knox City.

Sunset to Knit On Red Cross Work

The Sunset Red Cross knitting class will meet next Tuesday afternoon, March 31, from 2:30 to 5 o'clock, at the Sunset school.

Mrs. J. R. Hicks, local chairman, invites all ladies who knit, or who want to learn to do Red Cross knitting, to come.

Anyone who has needles sizes 5 and 7, or needles for knitting socks, please bring them.

Mrs. Hicks reports that there is plenty of yarn for sweaters and socks.

Men From 45 to 64 To Be Registered

The new registration date proclaimed by President Roosevelt will leave only one group not yet registered, those of 18 and 19 years. It is estimated that around 15,000,000 will register on April 27.

While none of these are expected to be taken into the fighting forces, there is the possibility that some or many of them will be assigned to essential war work. One purpose of the draftlaw, it was stated, is to get an accurate and systematic appraisal of the supply of manpower.

This will be the second registration since the United States entered the war. The first registered the 20 to 44 group on February 16, and the lottery for that group was held on Tuesday of last week.

Church Project Now Under Way

A movement which started recently in a meeting of the Board of Stewards of the Methodist church to place a new floor and new pews in the church auditorium is gaining impetus each day, according to reports.

Rev. Luther Kirk, pastor, announced Monday that church officials are meeting with splendid response from the membership in this movement. The entire project will cost around \$1200.00, it was stated, and already over half that amount has been pledged.

Contributions are being received with the understanding that the money will be refunded if enough is not raised to complete the project. From the response already manifested by the citizenship, it is believed the project will be carried through to a successful completion.

Club Boys Tell Of How Winning Calves Are Fed

Billy Richards and Stanley Glover, 4-H Club boys who had winning calves at Wichita Falls and Fort Worth, told of their feeding operations Wednesday at the Chamber of Commerce meeting.

Richards' calf, which was grand champion at Wichita Falls, brought a total of \$374.35 to its owner, including the sale price of 36 cents per pound and the prizes in Knox county and in the district show.

Stanley Glover showed the 1255-pound calf which won first place in the open class at Fort Worth, competing against Texas Tech and Oklahoma A. and M. College. Stanley won \$40 in prize money and his calf sold for 22 cents per pound, bringing \$315. Stanley showed another calf at Wichita Falls and his two calves brought \$476.60.

These boys gave a detailed story of how the calves were fed and cared for, and expressed appreciation to Munday merchants for their cooperation in the Knox county show.

County Agent R. O. Dunkle said the 14 Knox county calves which have already been sold brought a total of \$2,453.20, or an average of \$175.20 each. He said club boys have already started selecting their calves for next year, and he expects much interest in this work another year.

Knox Calves Sell For \$175.20 Average

Mr. and Mrs. E. D. Herndon of McKinney visited with Mrs. Herndon's mother, Mrs. N. E. Sweatt, and her sisters, Bertha and Flora Sweatt, over the week end. Mrs. Sweatt, who has been seriously ill, is reported better.

Mission To Be Held At Church At Rhineland

Rev. Bede Mitchel, O.S.B., will conduct a mission at the St. Joseph's church in Rhineland, beginning March 30 and continuing through April 5th. Rev. Herman Laux, O.S.B., pastor, announces that this is the first mission held at Rhineland in several years. The following article details the purposes and the services of a mission:

WHAT IS A MISSION?

A Mission is an extraordinary occasion for renewing and strengthening the spiritual life of a Christian by serious meditation on the great truths of religion, by more frequent and fervent prayer and by fuller cooperation with the special graces granted in response thereto. It is an appeal to the intellect and the will for the purpose of enlightening the former and in influencing the latter to the end that progress may be made in spiritual perfection.

A Mission consists of a series of religious exercises—Masses, Confessions, Communions, Visits to the Blessed Sacrament, Rosaries, Stations of the Cross and other devotions—interspersed with sermons and instructions on the teaching of the Church and the duties of Christians, given by priests who have received special training for the work and are, consequently, well-fitted to direct the soul in the way of holiness. "There is nothing," says St. Alphonsus, "that is better adapted than missions or retreats to enlighten the minds of men, to purify corrupt hearts and to lead all to the exercise of a truly Christian life."

THE PURPOSE OF A MISSION

The primary purpose of the Mission is the conversion of sinners. It aims at convincing them of the supreme malice of sin, the importance of salvation, the value of the soul, the need of religion and the goodness of God. It affords them more ample opportunities to make a good confession or repair sacrilegious ones, to break the bonds of vicious habits, to restore the soul to a life of grace and conformity to the will of God.

By means of a Mission sinners are converted, the lukewarm are aroused to spiritual activity, the good are made better. It revives and strengthens the faith of the individual, deepens and broadens the foundation of his hope, purifies and intensifies the ardor of his charity and elevates his moral tone, thereby renewing the spiritual life of the parish and the community. The timid are made courageous; the weak, strong; the wavering, steadfast; the slaves of evil habits are set free; the victims of temptation are encouraged to fight valiantly; and all the faithful are exhorted to seek a higher plane of spiritual perfection.

A Mission, therefore, has for object to reclaim those who have strayed away from the practice of their religious duties, or who have become addicted to some vice; to enable all who are in the state of sin to make their peace with God by means of a good confession; to arouse the careless and indifferent to a life of fervor; to increase the ardor of the good and enable them to persevere until death in the favor and service of God.

WHO SHOULD MAKE A MISSION

Every man, woman and child in the parish, without exception, unless prevented by illness (in which case special arrangement can be made to have missionary call).

The Mission should be made by the children of the parish who have attained the use of reason; the men and women, young and old, married and unmarried; fathers and mothers; those practicing a profession; those engaged in business—in a word, let it be repeated, by all the members of the congregation unless physically incapacitated. The Mission has a message for all, suited to the capacity and needs of each and every individual and in particular for those who, for one reason or another, have not lived the life of practical Catholics.

Non-Catholics, also, and especially those who are well-disposed towards the Church, who contemplate entering the Church or who are associated with Catholics in business or social life, should be invited, nay, exhorted, to come to the Mission in order that prejudices may be dissipated, and misconceptions in regard to Catholic teaching and practice removed by the clear and definite statement of religious truth by the missionary. Non-Catholics should be given the assurance that no word will be spoken to wound, knowingly, their religious susceptibilities.

mission; resolve to attend the devotions as often as possible; so arrange your daily duties that nothing will interfere with your presence at the various exercises; make yourself an apostle to others by word and example; see that those under your charge are given an opportunity to go to the Mission; exhort your careless, negligent, neighbors to come with you; see that fallen-away and ought-to-be Catholics are told of the Mission, and suggest to them the advisability of making their peace with God, and returning to the practice of their religion.

WHAT TO DO DURING A MISSION

Allow nothing to prevent your attendance at all the devotional exercises; avoid all worldly distractions, useless or dangerous reading and frivolous conversation; attend daily Mass; listen attentively to the sermons and apply their lessons and warnings to yourself; make a daily examination of conscience with a view to a good sincere confession, a fervent Communion and a real and lasting amendment of life; procure whatever is necessary in the way of books for spiritual reading, prayerbooks, beads, crucifixes, medals, scapulars and other religious articles and have them blessed; pray for the general welfare of the parish and the blessing of heaven on its members and its undertakings for the good of religion.

INDULGENCES OF A MISSION

1. A Plenary Indulgence can be gained by all who make the Mission, that is, who assist, as far as possible, at all the religious exercises, go to confession, receive Holy Communion and pray for the intention of the Holy Father.

2. A Plenary Indulgence can be gained, likewise, by all who, with the proper dispositions, receive the Papal Blessing at the end of the Mission.

3. A Partial Indulgence of 7 years and 280 days can be gained by each one as often as he assists at a sermon or instruction during the Mission.

HOW TO PRESERVE THE FRUITS OF A MISSION

Put into daily practice the lessons taught by the Mission and utilize the knowledge of your spiritual condition gained by it; say your morning and evening prayer regularly and with fervor; attend Mass with reverence and devotion not only on Sundays and Holydays but whenever possible; receive the Sacraments frequently, as a means of avoiding sin and its occasions; contribute to the support of the Church and School according to your means; observe the days of fast and abstinence; abstain from cursing, swearing and language unbecoming a true Christian; visit frequently, if not daily, the Blessed Sacrament; honor the Blessed Virgin and St. Joseph by invoking their powerful intercession; pray for the grace of final perseverance, a happy death and a favorable judgment. In a word, cast out forever the old Adam of sin and "be renewed in the spirit of your mind, and put on the new man, who according to God is created in justice and holiness of truth." (Eph. IV: 23, 24.)

WHY I SHOULD ATTEND THIS MISSION

1. Because I want to save my soul. "For what shall it profit a man, if he gain the whole world, and suffer the loss of his soul?" (Mark VIII-36.)

2. Because God invites me. "And the spirit and the bride say: Come." (Apoc. XXII-7.)

3. Because I want to square my accounts with God. "If your sins be as scarlet, they shall be made as white as snow." (Isaiah I-18.)

4. Because I want to hear God's message. "He that heareth you, heareth Me." (Luke X-16.)

5. Because I want to change my life for the better. "Forgetting the things that are behind, and stretching forth myself to those that are before." (Phil. III-13.)

6. Because I want a blessing for myself and my

household. "May the Lord add blessings upon you and upon your children." (Psalm CXII-14.)

7. Because I stand in need of many graces and gifts from God. "Every best gift, and every perfect gift, is from above, coming down from the Father of Lights." (James I-17.)

8. Because I need the peace of the Holy Ghost. "Come unto me all you that labor, and are burdened, and I will refresh you." Matt. XI-28.)

9. Because this may be the final call, the last Mission I shall have an opportunity to attend. "Seek ye the Lord, while He may be found; call upon Him, while He is near." (Isaiah LV-6.) "Behold, now is the acceptable time; behold, now is the day of salvation." (2 Cor. VI-2.)

To preserve the fruits of the Mission the sacramentals are a powerful aid.

No Catholic home should be without a Crucifix, Candlesticks, and Blessed Candles, to be ready, when necessary, for a sick call.

Religious pictures, a holy water container and statues, show the Catholic spirit.

Every member of the family should be provided with Rosary, Prayerbook, Scapular or Scapular Medal and small pocket Crucifix.

What Catholic books are there in your home? It is a regrettable fact that many Catholic homes are without Catholic Books.

A CATHOLIC RULE OF LIFE

1. Say your morning and evening prayers; prayer is necessary for perseverance and is certain to obtain it. "Ask and you shall receive."

2. Often call to mind that you are to die—you know not when, nor where, nor how; only this you know: if you die in mortal sin, you will be lost forever; if you die in the state of grace, you will be happy forever.

3. Never miss Mass on Sundays and Holydays of Obligation. By uniting our hearts with all the faithful in Mass, we offer first an act of infinite adoration to God; and second, we bring down the choicest blessings of Heaven. A dark cloud hangs over the Catholic family that neglects Holy Mass.

4. Be careful about what you read. Bad reading is poison to the soul. Provide yourself with Catholic books. Have a Catholic newspaper and Catholic magazine in your home.

5. Remember that a man is known by his com-

pany. Fly from the danger of sin.

6. If you are so unhappy as to fall into sin, be not discouraged, but quickly beg pardon of God by an Act of Perfect Contrition, and seek the first opportunity to go to Confession and start again a new life.

7. Go to Confession and Communion once a week, if possible; at least never allow a month to pass without approaching the Sacraments. By Confession our souls are cleansed from sin and strengthened to resist temptation. By Communion our souls are nourished by the Sacred Body and Blood of Jesus Christ. "He that eateth Me, the same shall also live by Me," says our Divine Lord.

SCHEDULE OF SERVICES

(According to war time)

Mission begins March 30th—Monday night—at 8:30 p.m.

Masses: Tuesday, 7:00 a.m. and 9:00; Wednesday, 7:00 and 9:00 a.m.

Holy Thursday, at 7:00 a.m., distribution of Holy Communion for those who cannot conveniently go during the High Mass at 9:00 a.m.

During the High Mass 11 children will receive their first Holy Communion.

Good Friday, Mass of the Presanctified at 9:00 a.m. The "Tre Ore" will be from 1:00-4:00.

Holy Saturday, Ceremonies: Blessing of the Fire, Paschal Candle, Baptismal Font, begin at 7:30; as many choir members as possible are requested to be present.

A short sermon will be given each morning after the services.

Each afternoon at 4:00 p.m. will be given special instruction—"Standes pflichten."

Each evening at 8:30 p.m. Sermon and Benediction with the Most Blessed Sacrament; there will be no Benediction, of course, Holy Thursday and Good Friday.

Each evening, after the services, an instruction class will be held for any non-Catholics who desire to learn more about the Catholic Church and Her Sacred Doctrine.

The Mission closes Easter Sunday afternoon at 4:00 o'clock.

May God bless you each and everyone with abundant grace, is the prayer of your pastor.

WE WANT TO GO

Come on you folks,
Have a heart,
And give us girls
A fighting part.
We wanta go!

We wanta wake up every morning
When the bugle sounds.
We wanta be fightin'
For our Uncle Sam.
We wanta go!

We can carry a gun
Good as any man's son.
We wanta knock them Japs
round and round,
And clean out every Jap town.
We wanta go!

We don't wanta be left behind,
We wanta keep marching in time.
So come on you folks, have a heart,
Give us girls a fighting part
Because we're tired of the baby cart.
We wanta go!

EGG SHIPMENTS RISE

Austin.—Shipment of eggs from Texas stations continued to zoom in February, the University of Texas Bureau of Business Research reported.

Total shell equivalent shipped from Texas loading stations during the month was 903 cars, as compared with 120 in the same month of 1941. Of the total shipment, 204 cars were for Texas consumption, while 599 cars were sent to interstate points.

Poultry shipments dropped, however, only 24.5 cars of chickens leaving Texas loading stations in February as compared with 57 cars in the same month last year.

A palatability test of safflower meal is being conducted at the Spur substation of the Texas Agricultural Experiment Station. The three steers used in the test gained 2.14 pounds per head daily during the second 28-day period.

Famous saying: "When are you going to the army?" So many are going that instead of the soldiers being homesick it is going to be the folks back home. America has spoken. The world now knows that this nation is on its way. The decks have been cleared. On top of all the big things accomplished by the country since the fall of France, now will be piled hundreds of thousands of the best small guns in the world, and tens and scores of thousands of airplanes, tanks and far-reaching high-powered cannon. These will cost money but money and all else we may have would be worth nothing without victory.—The Hamlin Herald.

We hear a great deal these days about the present generation having grown soft but don't think there is much to it. Lots of gadgets have made work easier and there is less drudgery than formerly but the fiber of our young men has not deteriorated. Naturally when people lived in log cabins they were used to roughing it but they did not live as long and were sick more often than the folks of today. Records show that present-day athletes are far ahead of former generations. They are better cared for, that's all!—Quanah Tribune-Chief.

Tea Is Given Wednesday By Homemaking Members

The second year homemaking class gave a tea for P.-T.A. March 18. Nelda Smith announced the correct and incorrect procedure of pouring tea. Neva Gray acted as hostess, Daphne Snelson as honor guest, and Sue Barton as a friend. Frankie Mae Trammell and Jerry Chamberlain assisted Billie Lou Spele in pouring tea. Jean Reeves, Geneva King, Maurice Stovall,

Gladys Cumba, and Nelda Smith were served. Music was furnished by Lola Jones. After the girls were served the hostess asked the P.-T.A. members to be served. The table was decorated with peach blossoms, Tea biscuits, mints, and cakes were served. The class wishes to thank Mrs. T. G. Benge for the use of her lovely tea service.

7B NEWS

Another perfect attendance record was broken when Lloyd Haynie found he had fallen heir to the mumps. Tommie Yates wish was granted. He was given the full week-end for fishing . . . maybe swimming . . . and then Monday morning found him a victim. Curtis Gollehon and a few others are missing this morning. Could it be that they are having a swell time, too?

Only one 7B student made the honor roll the past six-weeks—but several others resolve to do better the coming six weeks.

7A NEWS

Last week this room bought \$9.45 worth of stamps. This wasn't as much as usual, so this week we're going to try to raise it quite a bit.

In English this room is studying adjectives and in arithmetic we are studying the division of decimals. This week in Health we are going to take up First Aid and its meaning.

We hope that Grayhound (Grayford) will soon be back with us after having the mumps.

FIRST GRADE NEWS

Since spring is really here, we first-graders are interested in learning new songs. Last week we learned three new songs, "Mercury Mr. March Wind," "March Is the Herald of Spring" and "March Comes to Town." We have also learned several songs about the Dutch boys and girls.

Our Dutch garden is very pretty and we are enjoying it very much. We hope our parents get to see it before we take it down. So mothers, be on the lookout for an invitation to our Dutch party.

EIGHTH YEAR NEWS

For about a week the Eighth Year class has had a good taste of letter writing. Friendly, thank you, and bread and butter letters have been written. The class finds this study very interesting. The eighth year class has two more pupils with the mumps. Just a few in this class have had the mumps and can sympathize with these two.

We are wondering why—M. and B. like to go walking. Mary Tom hears so much. Ruby Fay is so quiet. Edward is so noisy. Charles Roden seems so lone-

some. Lyndol was absent Friday. Someone is always smiling at James H. (Wasn't someone absent?) Most of the pupils have a little black on their fingers.

6B NEWS

We are considering organizing a defense stamp club and require each member to buy at least one defense stamp each week. This is Donald Waheed's idea and we think it is a good one.

Our room fell down to fourth place last week in the buying of defense stamps. It was not that we didn't buy a lot, in fact \$7.30 worth, but was due to the strong buying of other classes, the 8th year, 3rd and 7A. Room 6B congratulates the third year students, for they bought \$16.25 worth of defense stamps last week and was second only to the 8th year. Of course we offer our congratulations to the 8th year, too, who bought \$23.75, but it is more of a habit with them.

SENIOR REPORT

The time has come when the staff must get in all the annual. We received a letter last week saying that the entire annual should be in Wednesday. If any of you have a picture that will be a good snapshot for the annual, please bring it in, that will help fill up space on the snapshot page.

Seniors on Review

Cora Jean Martin was born May 17, 1925, in Munday. She started to school here in the first grade with the present Senior class, and we can say that she has remained faithful to the class.

She was Senior representative for high school queen, member of the annual staff, drum major and member of the Senior play. She plans to enter college this fall and major in home economics. We, the Senior class, wish her the best of luck and happiness through her life.

Wouldn't It Be Funny . . .

If Daphne's boy friend would make up his mind between Rule and Munday. (What about it Charles?) If Lois didn't get a letter from Washington.

If Angie took the mumps over. If Marjorie would make up her mind between Vera and Haskell.

If something wasn't always wrong with the car Mildred is in. If Maxine and Mildred didn't like to go to Fort Worth, or even to the Gratek station to get gas—or was it gas they wanted?

If two certain Sophomore girls would quit going with the Vera boys.

SOPHS SWAP TEACHERS. STUDY ENGLISH

The Sophomore class called a mass meeting Monday to see if there could be anyone with pictures to put in the annual, and some were found.

In English II they are studying the little words that give us so much trouble. These words are: can, may, will and shall. It is interesting as far as we have gotten in class.

In homemaking plans are for Miss O'Donnell to teach the agriculture class next Wednesday, Thursday and Friday, while Mr. Ayers will take charge of the girls. This should be very interesting, and tests will be given at the end of the period, to see who we have learned.

BITS OF NEWS

Lillian has been worried over something. (What is it Lil?) Aileen went on a whirlwind ride Sunday. (Where to?) Mr. Perryman certainly enjoys keeping his history classes up to date on world events.

Sophomores are getting a shade behind in buying stamps and bonds. (Some class!) Let's beat those other classes! Quite a few of the class have come back to school from the mumps.

So many of the class seem to have interests in the Senior section of the annual, although we still have one number who prefers the Freshmen. Gladys is so quiet in classes. (What is the matter, did the cat get your tongue, Gladys?)

Junior Class News

The Juniors held a class meeting recently, and problems in general were discussed. We are happy to say that our play is coming along nicely, and we are hoping that everyone is going to attend. In history we are taking up the Americans during the first part of the 19th century, how the dressed and lived.

In Home Ec the girls are starting to make Sunday dresses.

In bookkeeping it seems as if

MAKES SURVEY—Tools and machinery valued at approximately \$500,000,000 and capable of producing millions of war-weapon parts a month are lying idle in the nation's 40,000 automobile dealer shops, Joseph W. Frazer, president, Willys-Overland Motors, reported to the War Production Board.

IT'S NEW—From her personal wardrobe, screen actress Irene Manning models this daytime frock showing a red ribbon design against a white background. A red calf belt marks the waistline.

JAP TARGET!—Chicago White Sox pitchers hurl the old horsehide in mid-season form at their spring training camp at Pasadena, Calif., directing their sizzling-hot slants at a Jap target. As other pitchers waited their turn Lefty E'gar Smith shows perfect control, making direct hits right in the teeth.

we are in the hardest part yet, but we suppose we will make it. In English we are studying the lives of great writers and poets in between tests and book reports. We also make posters to illustrate our book reports.

The Juniors have fallen back on buying stamps, but we intend to start up again and buy as many as we can. Many Juniors have bought bonds, and we think this is very nice.

F.F.A. NEWS

The Munday F.F.A. chapter sponsored a ping-pong tournament last Monday night at eight o'clock. The tournament consisted of both singles and doubles.

Winner of the singles matches was Hulen Montgomery, who had a very tough time winning. Winners in the doubles were Aubrey Roden and Hulen Montgomery. The boys reported a very enjoyable evening. The tournament was held for the purpose of raising money to purchase another ping-pong set. The agriculture boys ran terrace lines for the county lunchroom garden plot on the C. R. Elliott farm south of town recently. Mr. Elliott donated a 6-acre plot of excellent farming land to be used as a county-wide school lunchroom garden.

Lyle Stodghill and John Spann furnished equipment for the terrace demonstration on the garden, and the boys now have the garden well terraced.

PROFIT!**

Hiding on cottonseed are many crop enemies—disease organisms that impair stands, reduce yields and quality, cut cost on income! But easy, economical seed treatment with CERESAN kills many of these organisms! Temple, Texas, reports tests in which "germination was doubled . . . seedling diseases greatly reduced." CERESAN treatment generally reduces seed rotting, soreskin and certain other seed-borne diseases; commonly gives stronger, more uniform stands at a saving in seed; usually increases yields, often as much as 10 to 25%. Inexpensive, easy to use. Get it now and treat your own seed, or buy seed marked with the Ceresan Certificate Tag.

**Old Homes
ARE TURNED INTO
Beautiful..Convenient..Modern Homes**

Through the magic of modernization, old homes are changed into beautiful, comfortable, work-saving modern homes. New conveniences are added, and wasted space is utilized to provide maximum enjoyment of the home.

Your home, too, can be converted into a cheerful, well arranged, more comfortable home through modernization. Both interior and exterior can be made to rival the newest and most modern home in your neighborhood.

IT'S A WISE INVESTMENT

Aside from the added convenience, work-saving features, and increased comfort which is imparted to your home, modernization is a wise investment. Reliable statistics show that approximately \$3.00 added value comes from every \$1.00 spent on modernizing a home. In some phases of modernization, insulation and weatherstripping for instance, the cost is offset in a few years by the savings they bring about. Upkeep cost is also cut to the minimum. In the case of rent property, increased income is usually an immediate result.

Fifth Grade News

Several of us have our maps of Texas completed. We are making them of paste and salt.

The volleyball tournament was good, although Sunset did not win all the games.

We are going to finish our English workbooks very soon. Some of the pupils have been absent a good bit the past week.

None of us were selected as best citizens of the week in Friday's club meeting.

Because of late papers, notebook grades, and achievement test grades, our rating in the Good English Army will not be given until the end of this six week.

It seems as if spring is here with March as the roaring lion (and duster.)

We are ordering five books this month from the Red Cross. With these nice books we send them to the soldiers to quiet their loneliness when they have nothing else to do. Everyone is trying to do his bit to help win the war and comfort our soldiers while they train. Some of the Home Ec girls are going to knit sweaters for the Red Cross.

Sports News

The volleyball tournament held in the Sunset High School gym last week end was a successful one. Friday night Weinert A team won over Knox City A, Sunset B team beat Knox City B team, and Sunset A team defeated Munday A team. Saturday Knox City A team and Rochester A team eliminated all others in the consolation bracket. Rochester forfeited their games to Knox City. Pennans were awarded Weinert A and Sunset B teams for first and second places, respectively.

The Seniors wish to express their sincere appreciation to all those who helped to make this tournament a success.

Senior News

The date has finally been set for the Senior play. On May 8, at 8 o'clock the Seniors will present "Look Who's Here." This play is a hilarious comedy in which not one person knows as much about the things taking place as he thinks he does. If it's an evening of enjoyment you're looking for, then don't forget "Look Who's Here!"

The Seniors are all wondering why Randall was so late and so blistered Monday and why Rufus didn't show up at all.

Speaking of Speed...

Perhaps you've heard of these fast-moving airplanes and ships—but have you ever heard of the great character at Sunset who is just as quick, accordingly, on her feet, as these ships? Once we feel a slight breeze pass us in study hall we know in an instant who it is. This person possesses many things, but perhaps the most characteristic of them all is her fast-moving body, and her sharp nose which wrinkles up as she becomes angry at someone—then one can hear her say: "I'm is'ta 'gonna knock you a'windin'!"

Her first peep at this sand-blown country was many years ago—back there on June 23, 1925—when part of this country was a thing in the future. She undoubtedly had a big influence with the people of the community, for they built a school house not far from her home. In this little building, called Cliff, she received her first taste of school, but grew too large for this little building in three years and started to Sunset. Seemingly she didn't get located so after one year at Sunset she tried Knox City. After having gone to Knox City for only one year she returned to Sunset where she finally became located.

Time passed quickly and it was not too long until this great character was a member of high school. Like many other members of the Senior class, she obtained a ball-playing ability her freshman year, and has lettered two years, also being the captain this year. She, along with five other Seniors, will be awarded a lovely school sweater soon.

Most people think this character is very lovely for she was crowned Queen of the Sunset Carnival her Sophomore year, and has held an office in her class all her high school years except one.

This active member of the Senior class is no other than Wynell Lowrey.

Her thought that she leaves for next year's seniors is: "Know those gerunds, infinitives, and participles." Some of her favorites are: Sport: volleyball. Saying: Oh, Johnny! Song: "I Don't Want to Walk Without You." Subject: Typing. Color: Brown.

Crowell Church To Be Dedicated

The First Methodist church of Crowell, having completed payment of indebtedness on the building, will be dedicated at the 11 o'clock services next Sunday, it has been announced here.

Rev. H. A. Longino, former pastor at Munday, is serving his second year as pastor at Crowell. Rev. Longino had a story concerning the dedication in the March 19 issue of the Southwestern Advocate, in which an invitation was extended to all former pastors and district superintendents as well as all friends, to attend the service.

Rev. Longino said in part: "A new day is dawning in the Crowell church. The financial victories of recent months have become a convincing factor in assuring the membership that delinquency in this phase of church work is highly unnecessary. All bills have been paid at the concluding of each month of the present Conference year. People are talking in terms of a progressive program and planning for greater achievements."

Bishop Ivan Lee Holt will be in charge of the dedication program.

Eb Lowe Suffers Heart Attack On Fort Worth Trip

Eb Lowe, well known farmer and rancher, who resides south-east of Munday suffered a severe heart attack in Fort Worth during the week end, it was reported here Tuesday. Mr. Lowe, in company with another man, had taken some sheep to the Fort Worth market, and the attack struck him in that city.

After receiving treatment in a Fort Worth hospital, Mr. Lowe returned home the first of this week. He is about his duties again and has apparently recovered from the light attack.

In coming months, ranchmen in the extreme western part of Texas may be asked to grow pilot plantings of gayule, the plant from which rubber may be extracted. Areas in California, New Mexico, and Arizona also are said to be suited to the desert plant.

Keep 'em Rolling Is New Task Of Tire Dealers

TIRE LIFE EXTENSION PLAN OFFERED BY THE REEVES MOTOR COMPANY

Nothing more need be said to present-day automobile owners to impress them with the fact that, when their tires are gone there won't be any more (unless they happen to be in one of those few classifications entitling them to renewals) is the opinion of J. E. Reeves of the Reeves Motor Co., local Goodyear tire dealer.

However, drivers will be interested in knowing that, like most other Goodyear service station proprietors in the country, Mr. Reeves and his staff is ready to help car owners with their problems, provide them with scientific service and advice that will mean a lot more miles on their tires than if all were just trusted to luck.

"In our Tire Life Extension policy we are providing for a wide range of services starting with correct inflation, tire rotation to insure equalized wear, tire inspection, wheel alignment, brake checks and adjustments, tube repairs, wheel-balancing and numerous other well-planned and systematic services, all of which correctly handled, will add miles to the tires of any owner," said Mr. Reeves.

Since his first announcement that he was in position to help the motorist get the ultimate mileage service from his present and only tires, Mr. Reeves said a good many local motorists had taken advantage of his offer, which based on a desire to keep 'em rolling for the community as long as is possible.

Germination tests of old garden seeds may be made by planting several kinds in boxes of moist dirt kept in a sunny place. Each lot should be numbered on box and package and a record made of the number of seed planted in each box, which is usually 100. This is necessary to get the percentage of germination.

In Business Law we are studying about drawing up contracts, that is, contracts without any loopholes. We find learning to do this is difficult.

Joe is taking his vacation now. He is visiting friends and relatives in California. The rest of the class hope that he is enjoying himself and that he will be back in school soon.

The Little Birdie Told Me—
 Theresia likes the song, California, Here I Come.

The Juniors bulldogs started barking during their English examination.

Harold is called "Pee Wee." Albert and T. J. are good poets. Here is a couplet from one of their poems:

"Joe is sad and melancholy,
 Rose is far from being jolly."
 Ann is called "Blondie."
 Weldon likes to go to Room III for history.

Jewel Marie has a very pleasant future to look forward to. Mr. Hoffman likes to daydream. Roselia wishes a certain Senior boy would get back to Texas. Florine Decker blushes when Mr. Hoffman says "Herring."

Albert A.: What is black on white and red all over?
 Roselia: Your English paper!

Sophomore Report

In Economic Geography we are studying about manufacturing and trade. This week we shall have a debate on the question has the rapid introduction of machinery in the United States done much to increase human happiness.

In biology we are taking up the study of birds. We shall bring our bird pictures to school and look at them.

Did You Know That—
 Everett likes to sit in his car

with a certain group of girls after evening devotions?
 Albert is getting very familiar with the teacher of Room III?
 Alvin isn't coming to school?

Freshman Report

This week was a dull week for the Freshmen. Nothing important has happened.

We have finished reading "The Lady of the Lake." Toward the end of this poem it became really interesting. We had to summarize the poem as an assignment.

Our literary club meeting was really good last Friday and next Friday the Freshman class will sing "Deep in the Heart of Texas."

We were very sorry to hear of the misfortune of one of our classmates, Marvin.

Report from Room IV

Spring is in the air. However, we are much too busy to think about spring fever.

Now that we know all about clauses and phrases in English, we have something else to worry about. We are now learning to classify sentences according to form.

The class enjoyed the unit on Geography about the Soviet Union. We had no idea it was such a large country. Several members of the class made interesting reports on "Life in a Russian Village."

The Class Favorite Song—
 Maxine: Remember Pearl Harbor
 Adelaide: Deep in the Heart of Texas

Betty Lou: Remember Pearl Harbor.

Donald: Walking the Floor Over You.

Herbert: San Antonio Rose.
 Herman: San Antonio Rose.

John Ed: Deep in the Heart of Texas.

Eddie: Listen to the Mocking Bird

Sue: Deep in the Heart of Texas
 Marion: Home on the Range
 Mis Claus: Make Believe.

Mr. and Mrs. A. A. Smith, Jr., spent Monday and Tuesday in San Angelo visiting with Mrs. Smith's mother, Mrs. Hal Fairman and Mr. Fairman.

Mr. and Mrs. J. J. Keel and Miss Leona Keel spent last week end in Tahoka, visiting in the home of Mr. and Mrs. Dewey McDonald.

SKI-JORING ARMY STYLE

From men who used to spend their week ends skiing for fun, the Canadian Army has selected and trained one of the best ski-troops in the world. Utilizing the ski-joring method, in which a skier was pulled swiftly by a horse, these Canadian ski troops have learned

to hitch themselves in long lines to a fast-moving universal carrier which can travel at 60 miles an hour over very rough ground. Using such tactics it has been found that large bodies of ski troops can be moved swiftly across miles of snow-covered ground in a short space of time.—Passed by Censor.

A bit late of St. Patrick's day—but an Irish story is always in order:

An Irishman with a luxuriant head of hair and a Jew with an equally luxuriant beard got to ar-

guing as to which belonged to the greater race and it was agreed that, as each named a great man of his own race, he could pluck a hair from Mike's adversary.

"Moses," said Ikey—and yanked a hair from Mike's head.

"St. Patrick," yelled Mike, and jerked a hair from the other's beard.

"The Twelve Apostles," said Ikey and pulled out a handful of Mike's hair.

The Irishman seized the other's whiskers with both hands and hoisted, "The Knights of Columbus."

A friend asked Tim, "What would ye be if ye wasn't Irish?" Tim replied, "Shure, and I'd be ashamed."

GASOLINE CURTAILED

Already the rationing of tires and automobiles is keeping many persons at home; and the week's developments included a one-fifth cut ordered by the OPA in gasoline deliveries in 17 Eastern States, Washington and Oregon. At the same time, the Office of Defense Transportation pointed out that increasing military freight traffic and troop movements are requiring more and more railroad equipment. For that reason, travel as usual for civilians is going to be increasingly difficult.

TO BIBLE INSTITUTE

Mrs. Levi Bowden, Mrs. Layne Womble, Mrs. Oscar Spann, Misses Ruth Baker, Ida Belle Sherrod and Merle Dingus, and Rev. and Mrs. Luther Kirth attended the vacation Bible Institute in Goree last Thursday.

Lieut. and Mrs. Bonner Baker, who have been at Fort Monmouth, N.J., spent a few days here last week with Lieut. Baker's parents, Mr. and Mrs. W. A. Baker, and with other relatives and friends. They were enroute to Fort Sam Houston, where Lieut. Baker is stationed.

Farmers Asked To Continue On Soil Practices

Plant more acres to peanuts, but continue water erosion practices, August Schumacher, chairman, county USDA war board, told Knox county farmers this week.

"Fighting in the Pacific has cut off shipping, so for the first time in history we must produce fats and oils or do without," the chairman said, but pointed out several precautionary measures Knox county farmers should follow when growing peanuts.

"Protect vegetative residue from burning and grazing and use 100 to 200 pounds per acre of commercial fertilizers high in phosphates, and all available barnyard manure," he said.

Other adapted conservation practices include leaving drainageways now protected with native vegetation, and seeding sudan or sorghum or sodding bermuda in unprotected drainageways or washes.

In addition to the above conservation practices, one of the following alternative combination of practices should be carried out to prevent further water erosion damages: farm on the contour, grow adapted winter cover crops of small grain after peanuts, use three-year rotation system consisting of two years peanuts and one year fibrous rooted crop such as cane, grain sorghum or sudan for soil structure improvement with no stalk harvest.

The second alternative combination of practices include; delay land preparation until late spring so as to leave vegetative residue on surface, farm on the contour, use wide rows of 42 inches or more, and leave grass middles undisturbed, and use three-year rotation system.

"Another easy way to work the rotation system in both alternative practices is to plant four rows of

fibrous rooted crops each year," the board chairman said.

Mrs. Gordon Stone of Stanton visited relatives here Wednesday of last week.

Mr. and Mrs. P. V. Williams, Miss Jeanette Campbell and Mrs. Gordon Stone were visitors in Wichita Falls last Thursday. Mrs. Stone and Miss Campbell visited their father, R. G. Campbell, who is in the hospital there, and with several other Mundayites who are hospital patients there.

Miss Edna Lou Brock left last Thursday to attend the District meeting of the State Teachers Association in Amarillo last Friday and Saturday. Miss Brock also visited relatives and friends in McLean and Clarendon.

Mr. and Mrs. Carl Mahan and daughters of Abilene spent the week end here with Mrs. Mahan's mother, Mrs. E. M. Wilson.

Expression of Appreciation
 The Benjamin School wishes to express its most sincere appreciation to C. R. Elliott of Munday for his presentation of land and a means of cultivating it, for the continuation of the lunchroom program of this county.

Sports Report
 Interest in track and field events in this section of the state has undergone a noticeable decline this year. We, however, have two boys working on pole vaulting. They are Pete Rutledge, a Senior, who was fourth in the State meet last year, and Billy Snailum, a promising Sophomore. Work hard, boys, we would like to see you go places.
 The Benjamin volleyball girls journeyed to Sunset Saturday to enter the invitation tournament. The girls lost two of a three-game series to Vera. They came back, however, to win from Munday the first two of a three-game series.

They then bowed to Rochester in losing the first two of a three-game series.

The majority of the high school boys engage in 12-inch softball during the P.E. class since the passing of basketball. We hope to match some games with other high school boys who have softball teams.

Senior Report
 The Seniors wish to congratulate the Juniors on having such a nice play. We sincerely say that we enjoyed it very much.
 We might also add, that we are looking forward to a nice banquet, Juniors.

Sophomore Report
 The Sophomores helped the Juniors put on their play and we enjoyed helping them, because we hope to be Juniors next year. Now that the play is over we are finished with everything except our own affairs. We should have a class meeting very soon and plan our Sophomore play. It isn't very long until we will be out of school, so we must get to work.

Junior Report
 The Juniors presented their play last Friday night, and had a nice crowd. We made enough on the play to give the annual Junior-Senior banquet, scheduled for the 17th of April.
 We wish to thank everyone for their co-operation.

Freshman Report
 The task of presenting the Assembly program falls upon the Freshmen this week. We, however, have completely mastered the occasion, and are going to present a play named "Boner's Schoolroom," in the auditorium, Wednesday morning at 10:30.

TEXAS FARMERS CAN SIGN INSURANCE APPLICATIONS

College Station.—Nearly 50,000 Texas cotton farmers will make a cotton crop this fall, according to Donald L. Cothran, state crop insurance supervisor.
 Already, 25,639 all-risk cotton insurance applications for 34,300 cotton farms have been received in the state AAA office of which approximately 27,900 have been sent to the regional Federal Crop Insurance Corporation office, Dallas, for approval.

Fourth and final closing date in Texas is March 31 in the north and northwest sections with the total number of applications for the state expected to reach the 50,000 mark. Other closing dates were January 31, for four Rio Grande valley counties, March 2 and March 16 in other counties of Texas where planting time is later, Cothran explained.

Every person who has or expects to have an interest in a 1942 cotton crop is eligible for cotton crop insurance provided applications are signed before closing date or planting time, whichever date is earlier, the insurance supervisor explained. Either 50 or 75 per cent of the average yield may be insured against losses caused by unavoidable hazards such as boll weevils and other cotton insects, frost, wind, rain, hail, drought and plant diseases.

Farmers who take insurance may pay cash or sign a commodity note, which is a part of the application, and provides payment will be made in the fall, either in cash or cotton of the same staple length insured. Premiums also may be deducted from indemnity payments, if losses are paid, cotton loans, if available, or 1942 AAA payments.

... after 10 years of perpetual e-motion

WASHINGTON officialdom complains that the public does not realize that the nation is engaged in war. A critical war. An all-out war. . . . Washington chides the citizenry for its lethargy, its complacency.
 "Where does the blame, if any, lie?"
 * * *
 Thus read the opening lines of an editorial in the official magazine of the United States Chamber of Commerce suggesting that the average citizen feels that the bureaucrats in Washington "are not taking the war seriously."
 The average man, it is said, "has become impervious to 'emergency.' He has been exposed for ten years to perpetual emotion. It is natural that he ask his leaders for something more than words. . . . He needs examples, actions, in high places."
 But, it continues, "As far as the citizen can see, not one of the 150-odd peace-time bureaus, commissions and authorities has made any sacrifice. Not one. Rather, not a one but has found the war an excuse for expanding its personnel and 'services.'"
 * * *
 The average man knows that wars are not won with words, piddling policies, or boondoggling. Wars are won with deeds, with production, and with the full cooperation of government, labor, industry, and of ALL the people.
 He knows that to win the war there must be an end to petty politics while the battle rages. He knows that his country has no need for bogus reformers, hampering and reviling industry at a time when our greatest need is planes, tanks, ships—not ideologies.
 * * *
 The practical business men who built up and manage America's electric companies today are providing electric power where it's needed, when it's needed!
 Despite the millions on millions of dollars spent for political power projects, business-operated companies are furnishing over 90 per cent of the nation's electric supply in the present emergency. Last year, they installed over 2½ million more horsepower! We now have in the U. S. more electric power than all the enemy nations together.
 * * *

Ample ELECTRIC POWER Vital FOR VICTORY

West Texas Utilities Company

Steel-Piercing Eye

Steel used in vital parts for war machines—planes, tanks, ships, guns—must be flawless, because America's fighting men must have weapons that are both accurate and tough.

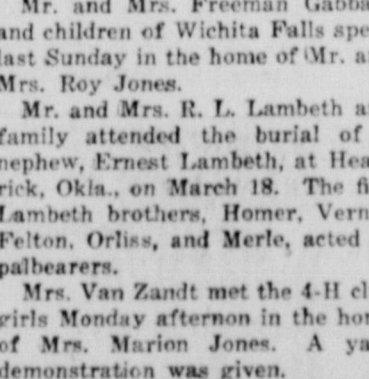

1. The new million volt X ray built by General Electric saves precious hours in finding flaws. It is so powerful that its rays can pierce thick steel castings.

2. A regular check-up on pieces of X-ray film worn on workers' wrists helps guard against prolonged exposure to the rays given off by the X-ray tube.

General Electric believes that its first duty as a good citizen is to be a good soldier.
 General Electric Company, Schenectady, N. Y.

3. Defects in the steel show up on X-ray film. Therefore faulty materials are tossed aside before costly hours of machining have been spent on them.

4. X-ray exposure needed for 5-inch-thick steel is now 2 minutes instead of previous 3½ hours! Whole days are saved in examination of even thicker castings.

Stevenson Asks For State-Wide Clean-Up Week

Many towns and cities of Texas are cooperating in observing next week as civilian defense clean-up week, as asked by Governor Coke Stevenson in a proclamation issued on March 16th. The proclamation is as follows: To All to Whom These Presents Shall Come:

WHEREAS, America at war, as in time of peace, is dependent upon the resourcefulness of its citizenship; and

WHEREAS, the health of our citizens and the preservation of property from destruction by fire is of vital importance to our Nation as an important part of its Victory Program; and

WHEREAS, the welfare and safety of our citizens can be insured by giving consideration to those matters which would protect their lives and property against disease and fire, and thus serve as a vital aid to our National Defense Program; and

WHEREAS, the Texas State Health Department and the State Fire Insurance Department have, for a number of years, sponsored a State Clean-Up Campaign as an aid to health and fire prevention;

NOW, THEREFORE, I, Coke Stevenson, Governor of the State of Texas, and as Chairman of the National Defense Committee for Texas, do hereby designate the week of March 29 to April 4, 1942, as

CIVILIAN DEFENSE CLEAN-UP WEEK

in Texas, and I earnestly call upon the citizens of Texas, particularly our city and county officials, fire departments, public schools, both urban and rural, civic and patriotic organizations, to cooperate in emphasizing the importance of good health and fire prevention, and to encourage the adoption and en-

forcement of rules and regulations pertaining thereto; and

FURTHERMORE, it is recommended as a special aid to good health and fire prevention, that all homes, industrial and defense plants, oil and gasoline filling stations and plants, automobile-tire salesrooms and storage warehouses, all offices and mercantile establishments, be carefully conducted.

IN TESTIMONY whereof, I have hereunto signed my name officially and caused the Seal of State to be impressed hereon at Austin this the 16th day of March, A.D., 1942.

COKE R. STEVENSON,
Governor of Texas

By the Governor:
WM. J. LAWSON,
Secretary of State

The City of Munday is cooperating in the clean-up campaign, and local citizens are urged to join in this state-wide movement. City trucks will be available to haul off all trash, cans, etc., for citizens who enter the clean-up campaign next week.

Reading Pupils Make Good Grades

Third grade teachers in the Munday school have listed students who have made exceptionally good grades during the past three days. The following have not missed a word in reading during these days:

Ralph Hicks, Opal Jones, Glynn Weaver, Betty Carolyn Morrow, Thomas Franklin and Jackie Mayes.

The following have missed only one word: Homer Lowrance, Billie Joe Brown, Billie Louise Belcher, Lynn Reynolds, Betty Carolyn Blacklock, Robert Allen Jones, Peggy Harrison, Jimmie Lyle Bell, Dan Blain and Perry Reeves.

Machine tools are the key industry for 1942. Production goals are 20 times normal.
