

## LARGE FLAG TO HONOR KNOX SERVICE MEN

### Large Crowd Expected To Benjamin's Patriotic Rally

The courthouse square at Benjamin will be the scene of a huge patriotic rally next Monday afternoon at three o'clock, it was announced here Tuesday. An interesting and patriotic program is being planned:

Jack Idol will be master of ceremonies, and the principal speaker will be Senator John Lee Smith of Throckmorton. A large crowd is expected to attend this rally, and an urgent invitation is extended to all citizens of the county to be present.

The following committees have been appointed:

Decorations: Thomas R. West, Bouldin Moorhouse, Louis Cartwright, Lee Coffman, Grover Nunley, R. O. Dunkle, Ernest Curry and the Boy Scouts.

Parade: W. C. Cunningham, Pat Wyatt, Collins Moorhouse and H. T. Melton.

Bond Sales: E. M. Sams, M. D. McGaughey, Thomas R. West and Leroy Melton.

Program: Mrs. Lee Coffman, Mrs. Martha Lindsey, Mrs. E. B. Sams, Miss Beulah Dee Cole, Mrs. Carl Patterson, Mrs. Allie Moorhouse, John Wilson and John Smith.

Red Cross Donations: Mrs. Lee Coffman, Misses Toby Baird and Betty Crenshaw, and Meses. Leroy Melton, Togo Moorhouse and E. L. Covey.

Publicity: Mrs. M. D. McGaughey, John Wilson and Mrs. Howard Spikes.

### Funeral For Mrs. J. W. Crouch Held Saturday

Mrs. J. W. Crouch, well known resident of Weinert, passed away at the family home there last Friday, following a period of illness.

Born Ava Harrison on June 5, 1875, near Oxford, Alabama, she was married to J. W. Crouch in July, 1899. They came to Texas in 1893 and moved to Haskell county in 1919, where Mrs. Crouch had resided since that time.

Mrs. Crouch united with the Gilliam Foursquare church in 1933, and in 1939 transferred her membership to Weinert.

She was the mother of nine children, five of whom survive. They are: C. A. Crouch, of Hagerman, New Mex.; B. T. Crouch of Clearwater, Calif.; L. C. Crouch of Knox City; Mrs. Lora Killian of Munday, and Mrs. Viola Flennick of Knox City. She is also survived by 17 grandchildren and 7 great grandchildren.

Mrs. Crouch was 66 years, 9 months and 22 days of age at the time of her death.

Funeral services were held in Weinert last Saturday afternoon, conducted by Sister Thompson of Wichita Falls, assisted by Sister Terry, pastor of the Foursquare church in Weinert. Interment was in the Johnson cemetery at Munday.

### Rationing Board Members Attend Meet in Amarillo

Don Ferris, member, and Harold Burton, clerk of the Knox county rationing board, spent two days in Amarillo last week attending a state meeting for the purpose of working out problems concerning government rationing.

A state official was present and answered questions concerning every rationing problem. Of chief interest to many of those present was the question of eligibility for tires. The local members received first hand information which will be of value to them in administering the duties of the local rationing board.

Members from every county in the entire area attended the meeting.

Carl Haynie of Truscott was here Monday, visiting with friends and attending to business matters.

### Stogner Enters Race for Precinct Commissioner

T. A. Stogner has authorized the Munday Times to announce his candidacy for the office of Commissioner of Precinct One, subject to the action of the voters in the July 25th Democratic primary. In making his announcement, Mr. Stogner makes the following statement to voters:

In announcing my candidacy for the office of Commissioner of Precinct One, Knox County, Texas, it is my desire to give the voters a brief summary of my experience, qualifications, etc., so that they may know somewhat about me.

My residence has been in Precinct 1 for some 20 years, two years of which time I spent in operating road equipment in such Precinct. My experience covers business, farming and road maintenance, which I think qualifies me, should the voters think I am the proper man, for the place.

Most of the voters know me personally, and it is my intention to see all of the voters in such Precinct, before the primary date, and give to you personally my request for your support.

If I am elected to this position, I promise you my best efforts toward making the best commissioner that you have ever had, and will at all times seek to render the most effective service that lies within my power. To this end, I most earnestly solicit your votes and influence in the coming primary election.

T. A. STOGNER

### Rationing Of Sugar To Begin In Early May

Dealers Will Register April 27; Users May 4 to 7

One of the largest registrations ever conducted in the history of America will begin on April 27 when dealers register for the sugar rationing. Citizens, every man, woman and child in the United States will register for their rationing books on May 4, 5, 6 and 7, it was announced.

The Knox county rationing board will be in direct supervision of issuing rationing books, it was stated, and superintendents of schools will be in charge of registration for each school district. Rationing books will be sent the schools a few days ahead of the registration for issuing to the consumers. The county is cooperating by seeing that the books reach every school in the county.

A person must register at his nearest school center, and teachers have been asked to help with the registration.

The rationing booklets which will be issued are not just sugar rationing books, it was stated, but in the future be used for any number of things, such as hosiery, radios, bicycles, and other products which may be rationed.

All citizens, regardless of age, must be registered because without the booklets they would not be able to secure articles that have been or may be rationed.

### Many Names Filed As Candidates For Saturday's Trustee Elections

SCARED?—Here's a dramatic and unusual study of the face of Abe Simons before his losing battle with Joe Louis last Friday night. Abe was soundly whipped and was counted out in the sixth round, but draw your own conclusion from the look in those eyes as to whether he was scared!

### Four Names Filed For Munday; Others Are Listed

A number of trustees for the schools of Knox county will be elected next Saturday in the elections to be held in each school precinct. County Supt. Merick McGaughey last Tuesday submitted the names of those who have filed for office.

The Vera consolidated school has the largest number of candidates, 12 having filed and three are to be elected. The list as received here, by schools, as follows:

Trustee-at-large: Mrs. J. W. Melton and W. E. Braly.

County trustee, Prec. 4: W. W. Coffman and J. E. Cure.

Munday: E. H. Nelson, C. P. Baker, Otis Simpson and L. W. Hobert.

Sunset: C. W. Hill, Fred Reddell and Ted Johnson.

Benjamin: Jack Idol.

Union Grove: Ulric Lea.

Goree: S. F. Farmer and Ben B. Hunt.

Vera: Harry Beck, Luther Christian, H. A. Patterson, C. A. Parham, Sam Shipman, Tom Russell, Tom Hardin, Bill Townsend, Buster Jackson, Ralph Beddell, R. N. Smith and C. D. Robinson.

Trucott: H. C. Chowning and L. B. Jones.

A county trustee for Precinct 3 will also be elected.

### Committee Studies Peanut Problems

The sub committee of land use planning, composed of August Schumacher, J. K. Johnson, John Smith and County Agent R. O. Dunkle, made a trip to Eastland county Wednesday to study the peanut growing problems as they might apply to Knox county.

The information most desired for this county is time of planting, rate of seeding per acre, cultivation and harvesting. The Southwestern Peanut Growers Association directed the Knox county committee to the farms of the most successful growers.

### GROCERY STORES SET CLOSING HOUR

Through agreement reached by grocers of Munday, all grocery stores will close at seven o'clock each evening except Saturday, it was announced Wednesday.

Observance of the new closing hour started Wednesday evening and will continue during the summer months. All customers of Munday firms are asked to bear the closing hour in mind and do their shopping before that hour so no inconvenience will be caused by the stores closing earlier than heretofore.

### Washburn Girl's Funeral is Held Last Tuesday

### Injuries Received In Fall From School Bus Are Fatal

Bearylene Washburn, popular Munday school student, passed away at 11:45 last Sunday night at the Knox county hospital, succumbing to injuries received when she fell from the rear door of a Munday school bus on Monday, March 23.

Immediately after the accident, the girl was brought to a local physician's office for treatment, after which she was rushed to the hospital. She seemed improved the latter part of last week, and some hope was held for her recovery.

The accident, which caused sorrow throughout the community, occurred while the bus was making its scheduled run to deliver students after school hours.

Bearylene was the daughter of Mr. and Mrs. C. E. Washburn, who reside in the Hood community. She was born in Foard county on October 8, 1932, and was 9 years, 5 months and 21 days of age.

Besides her parents, she is survived by the following brothers and sisters, Lorene Birkenfeld, Pauline Washburn, Tina Bell Striegl, Charles Washburn and Louis Washburn, all of this county.

Funeral services were held from the First Methodist church in Munday at three o'clock Tuesday afternoon, conducted by Rev. Luther Kirk, pastor. Interment was in the Johnson cemetery by the Mahan Funeral Home.

The local schools were dismissed Tuesday afternoon for the funeral. Pallbearers, schoolmates of the deceased, were Ralph Tidwell, Clyde Hendrix, Hulon Montgomery, Rex Boyles, James Hogan and Charles Roden.

### T. C. Newsom Is Buried Here On Last Tuesday

Funeral services were held last Tuesday afternoon at the First Methodist church in Munday for Thomas Cappus Newsom, who died of a heart attack in Fort Worth last Monday morning. Services were conducted by Rev. Luther Kirk, and interment was in the Johnson cemetery by the Mahan Funeral Home.

Mr. Newsom, a former resident of Munday, had been residing with a brother, Carl Newsom. He was in a down-town cafe in Fort Worth when he suffered the attack.

An ambulance from the Mahan Funeral Home returned the body to Munday for burial.

Mr. Newsom was born August 8, 1887, and lived in Knox county a number of years. He was 55 years of age. He was converted early in life and joined the Methodist church.

In 1906 Mr. Newsom was married to Miss Mattie Bailey. To this union was born four children: a son, W. C. Newsom of Wichita Falls; three daughters, Thelma, Blanche and Maxine. Others who survive are his mother, Mrs. J. C. Newsom of Munday; two sisters, Mrs. Ida Bolling of Wichita Falls, and Mrs. Mildred Warren of Goree. Two foster sisters, Mrs. Grace Mitchell of Fort Worth and Mrs. Hazle Cypert of Munday, also survive.

### Dance To Be Held At Rhineland Hall

Announcement has been made that a dance will be held at the community hall in Rhineland on Monday night, April 6th.

Music will be furnished by Billy's Melody Five, a well known and reputable orchestra. The dance will begin at 8:30 o'clock, and a cordial invitation is extended to everyone to attend. A small admission charge will be made.

Mr. and Mrs. A. M. Barker of Wichita Falls were visitors in the home of Mr. and Mrs. W. A. Strickland last Sunday.

### Names of Boys In Service Wanted

### Star Will Represent Each County Man In the Service

A service flag which will honor all Knox county men who enter the armed service will soon be displayed in Munday and will contain a blue star for each man in the service.

The flag was the idea of H. A. Pendleton, member of the Knox county selective service board, who is having it made, and he will compile a permanent list of all county men in the service.

The large white flag will be 6x9 feet, with a 9-inch red border, and will have room for 400 blue stars. The stars will be placed in rows and their numbers will run consecutively, from left to right. Thus by counting the stars and looking up that number of the permanent record, anyone can soon learn just who that particular star represents.

Mr. Pendleton asks the cooperation of all parents in furnishing him addresses of service men. Drop him a card, or letter, giving him the name and address of your boy and the "outfit" with which he is serving. This information will be placed on the permanent record and will be kept with the flag. A friend can then refer to the record, get your boy's address and correspond with him if desired.

The flag and record will be displayed at some convenient place in the business section of Munday. Mr. Pendleton will compile an alphabetical list of the service men.

Around 280 stars will first be placed on the flag, representing the number of men from Knox county who are now in the service.

Mr. Pendleton has gone to considerable expense in order to secure the flag and records, and those who have learned of the movement are enthusiastic over this manner of keeping up with those in the service.

All parents are urged to get the names, addresses and service connections of their boys to Mr. Pendleton as early as possible so the display can be completed.

### 4-H Club Boys Market Calves At Fort Worth

Five Knox county 4-H club boys made a cooperative shipment of calves to the Fort Worth market last Monday in cooperation with 4-H members from Haskell county. In the shipment were 40 calves, 52 hogs and 60 lambs.

The boys from Knox county were Vernon Jones, Jerry Westbrook, Truscott; Bobbie Robinson and Wade McGuire, Vera, and Harold Jones of Goree.

The 4-H club members are learning the valuable lesson of cooperation, and they got first hand information in the marketing of livestock at the Fort Worth yards. The calves were on Tuesday's market.

The packing company furnished the boys with free lodging Monday night and served a barbecue lunch for them on Tuesday. The group made the trip to Fort Worth and return by bus.

### FARMERS FACING SHORTAGE OF COTTON SEED

To add to their other troubles Texas farmers are facing a "serious shortage" of good quality cotton seed, according to D. T. Kilgough, agronomist at Texas A. and M. College.

Because tests have shown seed range very low in germination, farmers were urged to use the utmost care in selecting their planting seed. Tests should be made if there is any doubt of the viability of the seed, he said.

### HAS APPENDECTOMY

Miss Maud Isbell was taken to a Wichita Falls hospital last week and submitted to an appendectomy last Friday night. Friends who have visited her at the hospital report that she is doing nicely and that a rapid recovery from the operation is expected.

## "What a Man Does For Himself Dies With Him— What He Does For His Community Lives On and On"—

### GET READY!

If this country is attacked, a start will undoubtedly be made with incendiary bombs. The most common type of these bombs—and the most effective type—is light, small and safe for an enemy to handle. A single bombing plane can carry 2,000 or more of them. And each of the bombs is capable of starting a major fire.

The moral of this is clear: one of the first and most essential steps to be taken in defense of this continent is to perfect our fire defense. London and other English cities would not exist today were it not that their fire-fighting organizations, professional and volunteer alike, produced miracles. Experts are convinced that it is perfectly possible for an enemy to reach and attack our principal industrial centers from bases located in Europe and the Far East.

Here, then, is a real civil defense job. Relatively few American cities and towns have sufficient fire-fighting equipment to deal with a big attack. Relatively few communities have as yet developed adequate fire prevention and fire-fighting forces. The improperly prepared community is wide open to tragedy and utter disaster.

There is no time to lose. In every town, no matter how small, fire-fighting training should be given to civilian groups. Additional equipment should be purchased as fast as possible. German fire raids on English cities have slowed to a standstill for just one reason: The British have learned to cope with them and rob them of their terrors. An enemy does not waste materials and energy when it becomes obvious that the results obtained are not worth the price paid.

In short, fire—whether it comes from within or without—can be licked. It need hold no terrors for an informed, prepared, equipped people. Let's get ready!

### ACCIDENTS IMPEDE NATIONAL DEFENSE

The nation-wide traffic and industrial safety campaign is a most urgent phase of the civilian defense program. It seeks not only to contrive protection against loss of life and property resulting from possible enemy action, but also to save lives, needed men-hours of work, useful machines and scarce materials now being lost through carelessness and ignorance.

That is the challenge facing the Fourth Annual Texas Safety Conference, which will meet in Dallas April 13 and 14—sponsored by the Texas Safety Association and its 30 co-operating organizations.

For all the unprecedented expansion of war industries and military activity in Texas—tending to increase plant and highway accident-hazards—this State has achieved a certain leadership in wartime safety. It is to analyze that achievement and hear 65 National and State safety experts point out how conditions may be further improved, that an anticipated record attendance will gather for the annual conference. Safety, like liberty, demands eternal vigilance.

Civic leaders, educators, and public officials will be instructed in traffic control under war conditions, and how to continue developing Texas' long-range traffic-safety program.

At the usual annual award banquet, principal honors will go to members of the 47th Legislature responsible for Texas' improved traffic-safety laws, and to the 11 winning cities in the 1941 Texas Traffic Safety Contest.

Now that America is involved in the struggle for national existence, with little time remaining for marshalling the strength to crush its enemies, the weakening effect of accident-losses is still greater—and accidents are on the increase. Such programs as that sponsored by the Texas Safety Association must receive co-operation from every citizen if they are to defeat that ally of the aggressors—carelessness.—San Antonio Evening News.

If you happen to come in contact with any military information of any kind, keep it to yourself. The government is now pushing a determined "serve in silence" drive and it is being given the full cooperation of industry.

Many a ship has been sunk because someone talked too much. Telling what you know about military matters amounts to giving "lip service" to the enemy with a vengeance. He has spies here aplenty—and you never know who they are.

The consumption of iron ore for the first eight months of 1941 has risen 29 per cent over the comparative period of 1940.

Faithfulness and truth are the most sacred excellencies and endowments of the human mind.—Cicero

### NO TIME TO WASTE

The cost of war has come home to many an American for the first time. The income taxes due in Mid-March were the highest in our history. A new tax bill is being debated which will double the tax load. It has been necessary to raise the debt limit past the \$100,000,000 point. Every American, no matter how small his income, must and will help pay for war in one fashion or another.

Congress must do more than raise taxes. It must take two definite steps to protect the people and the national economy.

First, something drastic must be done to pare non-defense spending. So far, there has been much talk and practically no action. Abnormal peacetime extravagance goes on "as usual." Congress must be told that the American people demand maximum retrenchment in every non-defense field. This should save a minimum of \$2,000,000,000 a year.

Second, there must be an end to the idea that the government can pay for everything and finance everything. Government financial agencies' proper job is to pay for military necessities which are outside the sphere of private enterprise. Only the government can build barracks, buy ships, planes, munitions, pay for maintenance of troops, etc.

In other fields, private banking and other financial institutions can do the job. They have the money. They have the personnel. They are prepared to go the limit. Yet government, at the expense of all the people, has usurped a hundred and one fields of banking activity which properly belong in the field of private, self-sustaining enterprise.

The government will act in these matters when, and only when, the people demand it. And there's no time to waste in making the demand.

### HOME FIRES

Since America was bombed into the war on December 7 we've seen some rough going for our side. We've had to take bad news as best we could, and it hasn't been easy. Hunched over our papers, bending close to our radios, we've all passed through some dismal moments of anger and despair.

Before this war ends we will pass through many more. Even though our factories are speeding up their production of war materials we won't have enough to take up the offensive on a big scale for many a long month to come. We're going to have to work harder than ever before. We're going to have to face ugly facts with courage, shut our eyes and ears to defeat, dig in and do our jobs better than ever. That's the only way we can win.

Our war industries are trying in many ways to deliver the goods as fast as possible. In addition to all their other jobs they're trying to keep up the morale of their employees, for during the last war, when morale sagged, production sagged also. To keep that from happening this time, some plants are serving between-meals "snacks" to offset fatigue caused by longer hours. Others are supplying free home-town newspapers to counteract homesickness in workers who are away from home. Pep rallies, special recognition for extra-hard-working employees—they're trying not to overlook a single thing that will increase production.

Keeping up morale is a job for all of us however. It's bound to be tough, giving up many of our easy comforts, changing our lives under the impact of war. But we can do it cheerfully, and we must. For back here behind the lines we've got to keep those "home fires burning." We've got to accept what we must and keep going. Indeed, that's the very least we can do.

Soft hats for men were first worn in America just before the Civil War.

## SPRING PLOWING

## Gems Of Thought

**LOYALTIES**  
To thine own self be true,  
And it must follow, as the night  
the day,  
Thou canst not then be false to any  
man.—Shakespeare

He that would make real progress in knowledge, must dedicate his age as well as his youth, the latter growth as well as the first fruits, at the altar of truth.—George Berkeley.

Among the manifold soft chimes that will fill the haunted chambers of memory, this is the sweetest: "Thou hast been faithful!"—Mary Baker Eddy

To be what we are, and to become what we are capable of becoming, is the only need of life.—Robert Louis Stevenson

No amount of pay ever made a good soldier, a good teacher, a good artist, or a good workman.—John Ruskin

### DISTRIBUTION PROGRAMS HELP

College Station.—Issuance of more than half a million dollars worth in blue food stamps in January to Texas families participating in the food stamps program represents a substantial boost to farm markets in the state, according to a statement made today by officials of the USDA's Surplus Marketing Administration.

In addition to the benefit farmers realize from the food stamp plan and other SMA food distribution programs, they are helping also to build and maintain the strength of America and other nations fighting aggression by making nutritious foods available to millions of people whose health would be endangered by an inadequate diet.

During January the SMA furnished nearly three million pounds of nutritive food which was served in 4,970 community school lunch programs in Texas. About 240,000 rural and 111,000 urban children benefited.

### LICENSE TAGS CURTAILED

Small "date tabs," to be attached to the current license plates, will take the place of new automobile license plates this year, under terms of a WPII order banning issuance of new plates except to new licensees. Sheet metal up to 10 per cent of the weight of the plates issued from June 30 last year to July 1 this year will be allotted to State and local governments by the WPII's Government Requirements Bureau, of which Maury Maverick is chief.

### SERVICE MEN MAY SELL CARS

Sale of 1942 passenger cars belonging to men in the armed services, or those called for induction, has been facilitated by the Office of Price Administration. Under the new order, the service man has only to find a buyer for his car, and then apply to his local rationing board for a certificate authorizing the sale. In the case of men already in the armed forces, they may authorize agents to act for them.

One type of airplane motor contains 7,000 parts. Each part is inspected an average of ten times to make sure that workmanship is perfect—which means 70,000 inspections, for every engine.

## Shelterbelts And Trees

Munday, Texas.—Why do trees die? This question is asked many times. Sometimes, the individual asking the question has one particular tree in mind that is more or less a pet of his. Other times, the person asking the question may have in mind just trees in general.

It is impossible to enumerate in this small space all the reasons for a tree's death. Trees, like other plants and animals, are subject to many diseases. Various insects attack the leaves, twigs, bark and the wood itself. Here in the Plains lack of proper cultivation, grasshopper and rodent damage, and drought account for most of the loss.

Lack of proper cultivation is probably the most serious threat that trees have to face in the Plains country. The average moisture supply is sufficient for trees if they can get what is available, but if weeds and grass are permitted to grow in the plantation, they consume the greater part of the season's precipitation and the trees do not receive enough.

Florida has about 350 of the 810 species of trees that grow in the United States.

Seed dealers in Hunt County, with the advice of county extension agents have selected 18 varieties of vegetables suitable for Victory gardens in the county. Packets are made up for various size families.

In 1940 the United States used approximately 6 1-2 billion pounds of fats and oils in edible products; two billion in soaps, one billion in paints, varnishes, printing inks and linoleum products, and 0.5 billion was used in a variety of industrial purposes.

The U.S. Department of Agriculture's food stamp plan has been extended to Armstrong, Cottle, Hardeman, Haskell, Knox, Nolan, Throckmorton and Dallas counties.

Homemade "sweet'nin'" which many southern farmers make by squeezing the juice from sorghum stalks and boiling it down, is richer in iron content than refined sugar, says the USDA.

### SEED COTTON SITUATION VARIABLE

College Station.—The supply of seed cotton for 1942 planting in Texas is spotty, according to M. C. Jaynes, cotton work specialist of the A. and M. College Extension Service. Most of the geographical divisions of the state probably will be self-sustaining, and a few may have some seed to spare for other areas, while in the remainder the situation generally is classified as "bad."

Based upon information assembled by the Texas Cotton Crushers Association, Jaynes says that sufficient seed has been brought in for several plantings in the cotton counties of the Panhandle.

The situation in the south plains seems bad and more seed is needed. The El Paso area needs more SXP seed, but has some of other varieties which may be made available to other areas by the middle of May or June 1.

In the northwestern counties, Motley and Dickens eastward to Montague and Wise, there may be sufficient seed to plant, Jaynes says, but there is not enough of high germination. In the northern blacklands area from Hill county to the Red River, however, the situation looks "fairly good" and there appears to be enough seed for at least one planting. Some gin-run seed is available for other areas.

The western portion of the middle blacklands area will need more seed if it is necessary to plant more than twice. Some gin-run seed, testing 79 to 83 per cent, culled and re-cleaned, may be available for other areas. Southward to Travis and Hays and eastward to Houston and Anderson counties, sufficient seed is indicated. There appears to be sufficient seed available in the south central counties. Southeastern counties, with some exceptions, seem to have sufficient seed. Part of the Rio Grande Valley counties have sufficient for at least one, possibly two, plantings.

### INTERESTING FACTS

The world's total stock of radium, valued at \$18,000,000, amounts to about two pounds.

According to one estimate, about 500,000 tons of scrap rubber can be reclaimed annually in the United States for several years.

The U.S. chemical industry, which is already making more explosives than were produced at the peak of the first World War, will double the size of its current production this year.

During the last war the United States had to obtain 42 strategic materials from foreign sources. Research has contributed to national self-sufficiency to the point where there are only 14 such materials on the list.

One large company has made plans to salvage some 4 million pounds of waste paper this year.

**"Smells like something cooking"**

**IT'S NO FUN** riding behind a car that is laying a smoke screen, enveloping you in clouds of evil-smelling fumes.

And it's no fun for the owner of the car which is doing the smoking. Every mile he drives is wasting his money and shortening the life of his motor. Any mechanic will tell him that he needs new rings or new pistons.

Chances are the trouble started long ago with imperfect motor lubrication. Good oil would definitely have lengthened the life of the motor.

That is more important than ever in these days of completely curtailed auto production. So keep the following facts always in mind, when deciding which oil to use:

If you want our **best oil**, you don't have to choose blindly from the many lubricants which Phillips makes, because we frankly point out that **Phillips 66 Motor Oil is our finest quality** . . . the highest grade and greatest value . . . among all the oils we offer.

Whether you are replacing winter-worn oil with fresh summer grade, or making the regular 1,000-mile change, be sure to ask for Phillips 66 Motor Oil.

YOUR MOTOR**

**Phillips Finest Quality**

**Munday School News**

**Second Year**

In the second year room this week, workmens hammers go bing, bang! The boys and girls are busy making furniture for a play house, out of wooden boxes. At the present one bed, two chairs, a table, piano, refrigerator and range are under construction.

The class is looking forward to an egg hunt and picnic combined, which their room mothers plan to have this week near the new home of Mrs. John Ed Jones.

Easter stories and the art period hold much interest for the class. Wednesday they plan to color eggs in the room.

**Eighth Year News**

This week ends the study of letter writing for the Eighth Year Class. The class has just completed folders in which they put the different kinds of letters they have written. The pupils seem to enjoy letter writing more than anything they have studied this year. Some of the songs the Eighth Year pupils have been humming are becoming quite popular in this class. I guess this really proves that Spring is in the air.

As I went walking along the dew-sprinkled way, I met someone singing Rose-a-Day.

It sounded so sweet, alas! I knew this person was from the Eighth Year class!

Our teacher, Miss Burnett, just can't get away from the East Texas potato gardens. She keeps a potato right by the side of her desk. Anyway, this potato makes a nice pot plant.

We Wonder Why . . . So many of the pupils like chewing gum right at English period?

Lucille was absent last week. Joseph had to have the mumps. Martha doesn't go ahead and the mumps.

"April Fool" comes but once a year . . . All the girls have their eye on Wayne . . . he is really handy with the needle.

Betty Jane has just completed a bond. This is her first \$25 bond.

**Freshman News**

We missed Mr. Perryman and Mr. Milbourne last Monday. Mr. Perryman's absence was a blessing, though, because he was planning a geometry test, and Mrs. Huskinson gave us review work.

Six weeks exams are slowly but surely slipping up on us, and not one general math student has studied enough to pass this geometry.

Our "April Fools Day" program is already planned. Because of Mr. Milbourne's absence we had to put off practice. Because of this we aren't sure what we are going to do about it.

With the promise of a test over Julius Caesar, our literature class took up The Lady of the Lake. We've already read past Canto Second, and find it extremely interesting.

We are glad to have Joyce Spelece, Zack Gray and Kenneth Harrison back in school after having a glorious week or two of mumps. We sincerely hope none of the rest of the Fresh have to stay out with them.

The H.E. 1A class would like to thank Mr. Ayers and his F.F.A. group for the grand picnic last Friday night. We surely enjoyed the picnic and know the other Home Ec class did, too.

We Wonder Why . . . Elma and Mildred tried to go through a fence in a car? Did you succeed, girls?

Mildred's arm was so sore last week. We took it for granted it was sore because she held it up graciously all the time.

Why Latreece is hailed as "Jacob"? Why Elma has a cold. We heard she was in an open pickup Friday night.

Why Joyce S. was so terribly happy to be back in school. She must have been anxious to see someone—no?

Why Dick is known as "Nosy"? To some of the second study hall girls. You'd better be careful what you read.

Why Patsy and Berniece were so curious about a certain car that "happened" along Friday night.

**Cotton Formal**

For formal dances this spring and summer, frocks like this one made of fluffy white organdy will be high styles. The National Cotton Council and Cotton-Textile Institute reports. A narrow black velvet ribbon is run through eyelet lace at the neckline, wrists and waist to add a touch of color. Cool sheer cottons such as this worn by Gail Patrick. RKO film star promises to be very popular during the coming warm months.

**Junior News**

Do you remember curling up in your armchair and alternately crying and laughing over the experience of "Lena Rivers" the very first time you ever read this celebrated novel? And do you remember how you wished it would never end, and that you could go on forever basking in the charm that only Lena Rivers can shed? Did you ever think that you would have the opportunity to see this same "Lena Rivers" in a modern version of this great masterpiece performed for your benefit right before your very eyes?

Yes, that opportunity is now at hand! For the Junior class has just announced that "Lena Rivers" will be given here at the school auditorium on April 10. Be sure and come because if you don't you will have missed the last chance to learn of this great play.

**Sophomore Report**

We Sophomores are getting behind in buying stamps. We need more enthusiasm in buying them for last week the Seniors and Juniors practically left us out. Come on, Class, let's do something about it!!

In algebra we are studying powers and roots. This is very interesting, therefore all the class likes it.

Though some of our class who were ill are back, there are others who have just gotten the mumps. The repander of the class misses them and wish they could be in school.

**We Wonder—**

What Stephen, Bobbie and Glen would do if there wasn't such a thing as a paper wad? Where Hulen was Sunday. Could

it have been Goree? Why Maxine and Mildred laughed so much in the show Saturday night?

Why Daphne was so mad Monday? Could it have been a letter from Haskell?

Where Lois was Sunday and Sunday night? Go south, young man, go south!

Why Billie Lou and Marjorie's car wouldn't start Saturday? Out of gas?

If Angie has gone to any parties lately? What about it, Angie?

**Senior Report**

At last the entire annual has been sent in and we are all anxious to get it back. One of these days when you are least expecting it they will be back and everyone who bought one will have one and the others will be wanting one. Be sure and get one before they are all gone.

We are finally getting our attendance back to normal, as Ralph and Doyle have decided to get rid of the mumps and get back to work. We are still missing Flora Alice and do hope she is back with us soon.

The Seniors are looking forward to the first day of April and are hoping that none of the class plans to take that day off for a rest. If they do they had better have a good excuse from their parents.

**Seniors On Review**

Joe Morrow was born June 8, 1922 in Gatesville, Texas. He moved to Munday at the age of four. He started to school here in the first grade, remaining until the sixth grade. He then moved to Lake Creek and Goree. Then he joined this class again.

Joe played football for three years, managed the team last year. He also played basketball for three years, is a sports editor of the annual, and was chosen as one of the Who's Who in Texas High Schools.

He plans to enter college and major in Physical Education. We wish him the best of luck in whatever he plans to do.

**5-County Dairy Day to Open In Haskell Apr. 24**

An official Dairy Day, which is open to owners in dairy cattle in Throckmorton, Jones, Knox, Stone, wall, and Haskell county, is to be held at Haskell, Texas, on April 24, 1942.

Plans for this five-county event are being completed at Haskell under the direction of G. R. Schuman, county agent; Homer Neal, vocational agriculture teacher; Ralph Duncan, chamber of commerce secretary; Alfred Pierson, chairman of agriculture committee, Haskell chamber of Commerce, and Robert C. Pope, rural supervisor, Farm Security Administration.

County agents and vocational agriculture teachers in Knox, Stonewall, Jones, and Throckmorton counties will also assist the Haskell county group in planning for this event, and have been asked to bring this event to the attention of the dairy cattle owners in their respective counties.

E. R. Eudaly, Extension Dairyman, Texas A. and M. College Extension Service, and G. G. Gibson, Extension Dairyman, Texas A. and M. College Extension Service, will be at Haskell for the Dairy Day and will classify all cattle brought to the Dairy Day.

Mr. J. W. Ridgeway and Mr. D. T. Simons of the American Jersey Cattle Club will also be on hand to classify a portion of the cattle for those breeders who desire to have classification made for the American Persey Breed Association.

This event will start at 10 a.m., April 24, with a dairy cattle judging contest in which all persons at the Dairy Day will participate. Prizes to those making the best scores in a Senior and Junior Division in the judging contest will be given by various Haskell county merchants.

The judging contest will be followed by various lectures by dairy experts on various phases of dairying and the production of clean milk. At noon, a picnic style lunch will be served at the Haskell Fair Grounds.

Classification of the Dairy Cattle brought to the Dairy Day will begin promptly at 1:00 p.m. At a Dairy Day held in Haskell during 1941, over 100 dairy animals were exhibited. Regarding this Dairy Day, Mr. Eudaly stated "It was one of the best held in Texas during 1941." Every effort is being made to make the 1942 Dairy Day at Haskell just as successful as was the Dairy Day in 1941.

**Assistant Agency Director New Title For Rip Davenport**

R. R. (Rip) Davenport, who began his life insurance career as an underwriter in Munday, has been appointed assistant agency director of the Southwestern Life Insurance Co. He serves with the vice president and agency director, Richard R. Lee, and assumed his new duties on February 5.

Rip's photo appeared on the front page of the February issue of the Southwestern Life News. Leaving Munday on 1938, Davenport became assistant manager of the Houston territory, where he served 14 months, and in October, 1939, he was transferred to the home office in Dallas as assistant director of sales.

**Lubbock Army Flying School To Hold Open House**

Lubbock.—In keeping with the nation's observance of Army Day, the large new Lubbock Army Flying School here will hold open house for South Plains visitors from 1 to 3 o'clock Monday afternoon, April 6, Col. Thomas L. Gilbert, commanding officer, announced today.

The general public is invited, but because of the Army's normal wartime precautions, visitors cannot be permitted to bring cameras onto the post, Col. Gilbert said. During the afternoon flight training of the school's cadet classes will go on uninterrupted, and visitors may observe the training in progress. Several types of Air Corps training planes will be exhibited.

Col. Gilbert pointed out that in the near future there will be a formal dedication of the new field, to which the public will also be invited.

The large post here is an advanced flying school where the Air Corps is training heavyweight aviation cadets to fly its big twin-engine transport and bomber planes. Col. Gilbert, a long-time Texan, is a flying officer himself and has a record of more than 7,000 hours in the air.

**F.F.A. NEWS**

The Munday chapter of F.F.A. entertained the home economics class last Friday evening with a picnic at the Munday park. The food was very enjoyable and consisted of bread, wieners, potato chips, pickles, cookies and punch. Everyone reported an enjoyable evening.

The agriculture boys are now taking home economics training, consisting of the study of nutrition. The home economics girls are taking agriculture, which teaches them to plant and get their victory gardens going.

Hulen Montgomery, Class Reporter.

Mrs. O. D. Tropps of Knox City was a business visitor in town last Tuesday.

Mrs. Eula Killman of Throckmorton visited friends here last Sunday.

Melvin Strickland of Seymour and A. L. Smith were business visitors in Dallas the first of this week.

Mrs. J. B. Graham of Haskell visited with friends here last Monday.

Gene Harrell and Howard Collins were business visitors in Knox City last Monday.

Mr. and Mrs. F. R. Jones of Littlefield are visiting in the home of their son and daughter-in-law, Mr. and Mrs. Travis Jones, this week. Mr. Jones and Travis were business visitors in Dallas last Monday.

Mr. and Mrs. J. O. Cure of Hilland were business visitors here last Tuesday.

Miss Edna Lou Brock visited with her brother in Amarillo and with her parents in McLean over the week end.

E. L. Covey and Postmaster Tom West of Benjamin were business visitors here last Tuesday.

**CARD OF THANKS**

Words cannot express our appreciation for the many kind words of sympathy shown us in the death of our mother and wife. The floral offerings were deeply appreciated. May God's richest blessings be on each and every one of you.

## "Texas Composers" Is Program For Music Club

Mrs. W. M. Huskinson was hostess to members of the Munday Music Club in their regular meeting last Thursday, when a program on Texas Composers was enjoyed. Mrs. W. M. Taylor was director of the program.

The program opened with members singing "Texas Our Texas" in unison, to the accompaniment of Miss Mayme Holcomb. Mrs. A. A. Smith, Jr. gave a paper on "Contemporary Composers," and a recording of Texas songs, sung by Billie Huskinson, was played.

A trio composed of Mrs. Clyde Kennamer, Mrs. P. V. Williams and Mrs. Oscar Spann sang "Mah Lindy Lou," with Miss Holcomb at the piano. A violin solo, "Gavotte Antique," was rendered by Mrs. Travis Lee, accompanied by Mrs. Louise Ingram. The program closed with a recording of "The Hills of Home."

## Federated Meet Of Wesleyan Service Guild Held Here

The Wesleyan Service Guild held its first federated meeting last Monday evening at the Methodist church. Ten visitors attended from Rochester, Knox City being unable to attend.

A very interesting Easter program was given by the Rochester guild. This was followed by a fellowship period, during which time refreshments were served.

Attending from Rochester were Mes. Bess Porter, Newton Daniel, Mack Bogard, Bonner Murff, R. A. Shaver, Jr., L. H. Christensen, and Misses Frankie Trimmer, Cora David, Helen Williams and Virginia Tompkins.

Members of the local guild and visitors present were Mes. Ellen Bounds, M. F. Billingsley, Layne Womble, Aaron Edgar, B. B. Bowden, Levi Bowden, O. H. Sparr, C. P. Baker, Joe Bailey King, and Misses Ruth Baker, Edna Lou Brock, Ruby Dell Neeb, Merle Dingus, Jeanette Campbell and Elizabeth Mounce.

The guild will meet at the church next Monday night in a Bible study, conducted by Mrs. Bounds.

## Bridge Club Has Regular Meeting In Roberts Home

Mr. and Mrs. Grady Roberts were hosts to the Monday Night Bridge Club in their home last Monday night.

Peach blossoms and jonquils were used in the decorations. Mr. and Mrs. Fred Broach held high score honors.

A refreshment plate was served to Mr. and Mrs. H. A. Pendleton, Mr. and Mrs. W. R. Moore, Mr. and Mrs. Broach, and the host and hostess.

IT PAYS TO ADVERTISE

## Young People Of Goree Church Enjoy Picnic

The young people of the Fundamental Baptist church of Goree enjoyed a picnic and weiner roast at the Munday park last Friday night. After several games were played, the group enjoyed a feast of weiners, marshmallows, pickles and potato chips.

Present were Calvin Bates, Freddie Trimble, Faith Cribbs, Billie Jo Crouch, Annie Mae Jones, Heard Crouch, Jimmie Ray Crouch, Taylor Cooksey, Roland Cooksey, Hazel Allison, Joyce Perdue, Wallace Roberts, Betty Allene Jackson, and the leaders, Mr. and Mrs. Jack Suggs.

This group of young people meet each Sunday night at 7:30 o'clock, and everyone is invited to attend.

## Baptist Ladies Are Hostesses to City Federation Monday

The City Federation of Missionary Societies met at the Baptist Church last Monday afternoon with the members of the Ladies Auxiliary of the Presbyterian Church in charge of the program.

The meeting opened with two songs by the group.

Mrs. Clifford Williams of Haskell was presented, after which she gave a very interesting and inspirational review of the Book of Luke. The group sang "Christ Arose."

During the business meeting, plans were discussed to extend some courtesy to the soldiers who come to Munday.

The meeting was dismissed by Rev. Clifford Williams of Haskell.

## Willing Workers Class Enjoys 84 Party on Friday

Mrs. Paul Pendleton, Mrs. L. S. Hardegree and Miss Jeanette Campbell were hostesses for an 84 party at the country club last Friday night, when they entertained for the Willing Workers Sunday School class of the Methodist church.

Mrs. G. R. Elland is the class teacher.

The club rooms were decorated with spring flowers. The Easter motif was carried out in the place cards.

After games of 84 were enjoyed, a refreshment plate was served to about 20 guests.

## HASKELL COUPLE MARRY HERE

R. E. Medford and Miss Marjorie Ruth Elkins of Haskell with a few friends attending, were quietly united in marriage at the residence of Minister and Mrs. Carl A. Collins last Saturday afternoon at 2:30, with Minister Collins officiating. Their many friends wish for them a long and successful married life.

## Dutch Party Is Given for Pupils Of First Year Room

Windmills, tulips, sea gulls, Dutch shoes, and a Dutch garden very effectively carried out a Dutch theme in the first year room at the Munday grade school, on Friday afternoon of last week, when the pupils entertained their parents and friends with a Dutch party.

Under the efficient and capable direction of Mrs. Clyde Kennamer, the first year teacher, the Dutch motif was cleverly and artistically featured.

The walls of the room were bordered with pictures of windmills, tulips, and sea gulls, and across the back of the room were freehand drawings of Dutch scenes, drawn by the children. Tulips were on the windows of the room. Dutch booklets, made by the pupils, were on display. In these were pictures of Dutch shoes, tulips, geese, cows, winter sports in Holland, and Dutch boys and girls.

The highlight of the presentation, and a product of Mrs. Kennamer's ingenuity and skill, was the Dutch garden, a replica of a quiet, pastoral Dutch scene. The dikes, a windmill that would turn, the canals, Holstein cattle, a milk cart drawn by dogs, sheep, gay tulips, and Dutch children were there in detail—all of which are an integral part of Holland.

The guests were greeted at the door by Anna Ruth Stodghill and Tommy Powell, Jr. Gene Colley ably described the Dutch scene. Jo Lynn Phillips and Michael Scott were in charge of the Dutch booklets, which were in display at a long table. Julie Massey directed the guests to the tea table, where appointments were in keeping with the Dutch theme. The table was laid with a print cloth, with a center piece of iris and lilies. Table decorations included a Dutch doll, holding perfume, and a pair of Dutch shoes. The napkins had a little Dutch girl in the corner of each. The tea table was presided over by Barbara Foshee, Bobby Jack Guffey and Jo Ann Harrell.

Shirley Jo Patterson was in charge of the freehand Dutch drawings, and Carrie Barnes bade the guests good-bye.

The children sang three Dutch songs, "Windmills," as the windmill in the Dutch scene turned.

## Colorful Cottons

They Are ...

**All Wool, Styled Right . . . Priced Right and Always Fit Correctly!**

SEE THESE TODAY . . . OUR STOCK HAS NEVER BEEN MORE COMPLETE

**WPB Orders Cuffs Cut From All New Pants Delivered**

WASHINGTON, Mar. 30. (A.P.)—Men's clothing changed to wartime fashion to day as manufacturers started cutting "victory suits," tailored without cuffs, plaits, fancy backs and other frills.

Until present retail stocks of ready-made clothing are depleted, however, men will still be able to get about all they demand in a suit with the exception of cuffs. The War Production Board order specifies that retailers must shorten the trouser length of the suits in stock. The excess cloth, formerly used for cuffs, will now be used for making reprocessed wool.

Simultaneously, it was disclosed that WPB has taken steps through diplomatic channels to have British-made clothing imported to this country conform to "victory" standards.

## "Travelers See Strange Things," and Hans and Gretchen.

Punch, cake and open-faced sandwiches were served to the following guests: Mes. Moore, M. W. Ayers, R. B. Jones, Josselt, Levey Elliott, Robert Guffey, Albert G. Tomme, R. H. Scott, Levi Bowden, Earl Foshee, Jim Phillips, Albert Johnson, Will Speice, Joe Patterson, J. L. Stodghill, Miss Evelyn McGraw, Mmes. and Messrs. Riley B. Harrell, Joel Massey, and Mr. S. Vidal Coley.

## Mrs. J. C. Harpham Hostess to New Deal Bridge Club

Mrs. J. C. Harpham was hostess to the New Deal bridge club in her home last Wednesday afternoon.

The party rooms were decorated with purple iris and pansies from the hostess' garden.

A salad plate was served to Mrs. Sebern Jones, Mrs. Lawrence Kimsey, Mrs. Doris Rogers, Mrs. Wade Mahan, Mrs. W. M. Huskinson, Mrs. W. M. Taylor of Goree, Mrs. Grady Roberts, Mrs. Agnes Mayes and the hostess.

## Congratulations to Mr. and Mrs. Joe Massey upon the arrival of a son, born April 1st.

He weighed 8 pounds and has been named John Walter. Mrs. Massey and son are in the Haskell hospital. Latest reports are that Joe's hat is much too small.

## CARD OF THANKS

At the time of the death of our dearly beloved son and brother, your kindness and sympathy is more deeply appreciated than any word of thanks can ever express.

Mrs. J. C. Newsom

## Singing School To Open Monday Night At Local Church

Mr. N. P. Craig, of Graham, Texas, a well qualified director will conduct a singing school here at the Church of Christ, which will begin Monday night, April 6, at 8:30 and will continue each evening for ten days, with the exception of Saturday night and Sunday night.

This school will be free to all who come. Mr. Craig will be paid by the church and not by those who attend the school. Therefore, those who are members of the church as well as those who are not members are all cordially invited to attend this school. We are especially anxious to have many young people take advantage of this opportunity.

Remember the date and come, beginning next Monday night at 8:30.

## Mrs. Branch Returns From Father's Burial

Mrs. Emmett Branch returned last Monday night from Dallas where she had attended the funeral of her father, J. J. Workman, who died Sunday, March 22. Mr. Workman was 89 years of age, and had been in ill health for a number of years.

Funeral services were held in Kaufman county Tuesday afternoon, March 24th. He was laid to rest beside his wife, who passed away in 1914.

He had been a resident of Dallas the past 19 years.

W. R. Moore and L. W. Hobert were business visitors in Throckmorton last Monday.

## WASHBURN NEWS

Mrs. C. N. SMITH, Correspondent

We are very sorry to report J. A. Hill is very ill with mumps at this writing.

Mr. and Mrs. A. L. Smith and children were in Benjamin on business last Saturday afternoon.

Mr. and Mrs. J. B. Graham of Throckmorton visited Mrs. Graham's brother, Mr. and Mrs. J. R. King.

Mr. and Mrs. Elsie Cude of Vera visited Mr. and Mrs. J. A. Hill last Sunday.

Otis Simpson received a message from Walnut Springs telling of the death of his uncle, Henry Simpson. Otis and his father, J. F. Simpson of Munday, left immediately to attend the funeral.

Mrs. J. F. Simpson of Munday visited in the home of her son, Otis Simpson, last week end.

Mrs. J. M. Smith visited relatives in Goree last Tuesday.

Mrs. L. A. Searcey visited Mrs. Brice Dobbs of Munday last Tuesday afternoon.

C. N. Smith was in Gorman, Texas, on business last Wednesday.

Mr. and Mrs. J. R. King visited Mr. and Mrs. Waymon Lain of Weinert last Sunday evening.

Peggie Walker of Munday visited Marjorie Hill last Tuesday.

J. K. Johnson of Sunset was in this community on business recently.

Mr. and Mrs. H. P. Hill and Miss Christine Burton were visitors in Haskell last Sunday afternoon.

Mr. and Mrs. Ed West of Princeton, Texas, came in last week for several days visit in the home of Rev. and Mrs. Luther Kirk. Mr. and Mrs. West are Mrs. Kirk's parents.

## Colored P.-T.A. Has Mystic Tea Sunday

The colored P.-T.A. sponsored a mystic tea last Sunday evening at the home of Roy Scott. The menu consisted of tea drops, and predicaments, fruit of the vine, twin sisters, liquid berries, fountain of youth, and a handy article.

Sixty-five guests called, and \$6.50 was raised. The money will be used for the lunch room, thus eliminating the group captains who have been contacting patrons weekly for the items needed to supplement commodities in the lunch room.

## Gilliland School Superintendent To Become Farmer

The Gilliland school board met in regular session on Wednesday night of last week, at which time S. H. Thompson notified the board he would not accept the position of superintendent for another year.

Mr. Thompson expressed his gratitude to the board for extending he and Mrs. Thompson another two-year contract. He at this time notified the board that they were moving to their farm in Collingsworth county.

Mr. and Mrs. Thompson have been with the Gilliland school for the past five years, during which time the school has made splendid progress under Mr. Thompson's leadership as superintendent. Mr. Thompson served as sponsor superintendent during the construction of the present \$45,000 school structure, which is classed as one of the most modern school plants in this section.

## Third Grade News

Robbie Lee Walling of Carlsbad, New Mexico, visited Doris Walling this week.

Shirley Ann Yost visited her aunts and uncles in Rule last week end.

Wilburn Harlan has a brand new baby brother, named Charles Ray. We are going to color Easter eggs in our room Friday.

Santos Naborrette and some of his friends had fun playing in a pasture. Santos' little brother fell in the creek.

## Fourth Grade News

We elected new officers for our club this week. Royce Reddell was made president, and Betty Matthews vice president. Marjorie Campsey was elected secretary by majority vote.

Friends visited in the home of Robbie Wayne and Melburn Johnson over the week end.

We are planning an Easter egg hunt for Friday afternoon provided the weather is favorable.

## Fifth Grade News

We are going on an Easter egg hunt Friday.

In English we are further advanced in our unit. We are almost finished with our English workbooks.

Some of the fifth graders are having a pretty hard time in arithmetic.

## Sixth Grade News

We are learning to add and subtract fractions.

We are too busy in our English unit to finish reading Tom Sawyer.

In English we have begun working on songs for the Musical Festival.

## Seventh Grade News

This week we did not have our club meeting because we were working on our English review.

We are getting ready for our Music Festival.

We are almost through with our History book. Some of us surely are glad.

We are going to have our Easter egg hunt Friday.

## Eighth Grade News

The eighth grade has been studying unusually hard this past week or two. Six weeks exams are to be next week, and we hope to make good grades.

Tuesday of this week the eighth grades brought hoes and rakes to school and cleaned up a portion of the front of the building. The girls carried off old paper and rocks and pieces of wood. This helped the looks of the school a great deal.

## INSIDE AND OUT CHANGES

All of us know by now that we cannot have business as usual and beat the Axis, too. So one of the expected changes is that all new civilian buildings, including residential construction and remodeling, will be placed under strict control very soon, for all projects that cannot be classed definitely as bearing directly on the war effort, or as being essential to civilian health and safety.

On May 1, the manufacture of portable electric lamps and shades for them, of electric light bulbs, switches, sockets and cords will be cut 60 per cent of the 1940 output.

Metal furniture such as beds and bathroom medicine cabinets will become harder to buy. There will be no more metal frames for windows, iron and plastics won't be available for the bathroom, and plumbing and heating installations will be different. Wood is expected to retain its popularity and utility in the making of home furnishings.

## RAZOR BLADE CUT

Whiskers may come into fashion again as a result of the WPB action ordering the production of safety razors restricted to 70 per cent of the 1940 average monthly output, and the output of safety razor blades held to 100 per cent of the average monthly production of 1940. This is expected to allow most men only one safety razor blade per week.

Another WPB order prohibiting the use of aluminum, crude rubber, chromium or nickel in the production of flashlight cases and batteries. Tin may be used only in solder and brass and copper only for electrical contact fittings.

## Legal Notice

NOTICE OF SHERIFF'S SALE.  
 The State of Texas  
 County of Knox  
 Notice is hereby given that by virtue of a certain Alias Execution issued out of the Honorable County Court of Grayson County, on the 13th day of March 1942, by the Clerk of said Court for the sum of Four Hundred Fifty and 00/100 Dollars and costs of suit, under a Judgment in favor of Frank E. Furst and Fred G. Thomas, in a certain cause in said Court No. 11967 and styled Furst and Thomas vs. S. W. Holland, et al, placed in my hands for service, I, Louis Cartwright as Sheriff of Knox County, Texas, did, on the 27th day of March, 1942, levy on certain Real Estate, situated in Knox County, Texas, described as follows, to-wit: Lots 5 and 6 Block 29, Town of Goree and Lots 3, 4, 5 and 6, Block No. 6, Town of Goree, and levied upon as the property of A. L. Martin and that, on the first Tuesday in May 1942, the same being the 5th day of said month, at the Court House door of Knox County, in the Town of Benjamin, Texas, between the hours of 10 a.m. and 4 p.m., by virtue of said levy and said Alias Execution, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said A. L. Martin.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Munday Times, a newspaper published in Knox County.

Witness my hand, this 27th day of March, 1942.  
 LOUIS CARTWRIGHT,  
 Sheriff, Knox County,  
 Texas. 40-3tc

## Control of Incendiary Bombs Is Outlined by Insurance Commissioner

Austin.—Described as essential information which every person should know, Marvin Hall, State Fire Insurance Commissioner and Fire Defense Coordinator of the National Defense Committee for Texas, today outlined the ways in which incendiary bombs may be most effectively controlled.

"As long as there is a possibility of attack on the United States," Hal stated, "It is imperative that each of us know what to do in the event of a bombing raid."

The Fire Insurance Commissioner said training classes in Civilian Defense are giving careful study to the control of fire bombs, but added that only a small percentage of citizens are enrolled in the classes, and that thousands of Texans in the rural areas have had no opportunity to attend the wartime emergency training classes.

Discussing the effect of incendiary bombing raids, Hall said the chief threat is that they set a large number of fires simultaneously over a large area. Because American fire departments have been organized and equipped to deal with one fire at a time, a series of widespread fires would present a very serious problem.

The incendiary bomb must be recognized as one of the enemy's most destructive weapons under limited raiding conditions. Fires spreading over wide areas, unless controlled, could destroy more production and resources with greater damage than a few high explosive bombs dropped from hit-and-run raiding planes.

**Incendiary Bombs Different**  
 The incendiary bomb is vastly different from the high explosive bomb. While the explosive bombs vary in weight from several hundred to a few thousand pounds, they are designed to demolish whatever they strike. The most commonly used incendiary bomb weighs approximately two pounds each and a large plane can carry hundreds of them, and in a few seconds they can be scattered over a wide area.

The aerial incendiary bomb most frequently used consists of a magnesium tube filled with a mixture of powdered aluminum and iron oxide known as "thermit." When this bomb strikes, the thermit is ignited, burning fiercely at high degrees of temperature, melting and setting fire to the magnesium casing.

When dropped from 5,000 feet or more this small bomb will penetrate any ordinary roof of wood, tile, slate or metal and an underlying plaster ceiling, but probably not a wooden floor below.

Burning incendiaries cannot be extinguished, except by special methods not ordinarily available in the home, but they can be controlled by prompt action and the use of simple tools, with a minimum amount of danger resulting from the fires started.

Although the incendiary bomb should be put under control as soon as possible, do not approach within 50 feet for approximately 2 minutes after it strikes. Some few bombs have small explosive charges timed to go off about two minutes after impact. Furthermore, the violent phase of its burning action last for about 60 seconds after igniting.

If left alone the ordinary bomb will burn out in 15 to 20 minutes, but the heat generated will set fire to anything combustible within several feet.

**Two Methods of Control**  
 There are two methods of controlling the bombs, either of which may be effectively used in the home. One is using a fine spray of water and the other is the use of dry sand.

Do not expose yourself to the intense heat. Use a shield such as an overturned table, chair or partially opened door.

To control the bomb action by water use only a fine mist or spray from a garden hose or a hand pump with spray nozzle.

In contrast with the burning metal, the water spray is converted into steam, thereby producing a cooling effect. Water spray will reduce burning time 10 minutes or more. The floor and surrounding combustible materials are cooled, thus preventing the spread of fire until the bomb has burned out.

Never apply a solid stream of water, and never dash a bucket of water on the bomb. This will cause an explosion and scatter burning metal!

If water is not available use the sand method. Be sure the sand is dry. Sand will smother the bomb until it can be carried outside the building.

Use a bucket or other metal container for the sand. Pour a part of it out near the bomb. Using a long-handled shovel place sand around and over the bomb, enough to smother it. Pick up bomb and sand with shovel and put it in the bucket. Catching the bucket handle with the shovel, take it outside immediately.

Do not use chemical extinguishers on bombs!

Don't allow the fire to get out of control. It may be necessary to neglect the bomb to prevent spread of fire to other parts of building.

In event of an air raid alarm be sure you can reach the ordinarily inaccessible places in your home. Have your hose connected, but be sure it is long enough to reach any place in the house. Otherwise have sand and shovel ready.

**HARVEY D. ARNOLD HAS VISIT WITH HIS MOTHER**  
 A number of buses passed through Munday one day this week, transporting soldiers. The buses stopped in Goree for an hour. One of them was Harvey D. Arnold, former employee of the First National Bank here, who had a nice visit with his parents, Supt. and Mrs. H. D. Arnold, during the hour stop.

## At The Churches

### FIRST BAPTIST CHURCH

The calendar says spring is here. Some days it seems to be true and others it seems as though winter still lingers. Next Sunday is celebrated as Resurrection Sunday—commonly called Easter Sunday. The word Easter does not appear in the original Bible texts. The word Easter come from a Teutonic goddess to whom sacrifices were offered in April. To the Christian who thinks aright about Christ and what He accomplished for us every Sunday is Resurrection Sunday. Every Lord's Day We celebrate the resurrection of Christ.

Whether you did or didn't get that new bonnet and frock, come on to church next Sunday. There is good response in every phase of the work. Let's not let down. The boys in the Philippines are fighting for the very things which you and I should be working and praying for all the time. "Remember Pearl Harbor" is a good slogan. It has just as much spiritual significance as it has military.

Sermon subject for Sunday morning, The Resurrection.

Our young people's choir is receiving many, many fine compliments concerning the good work they are doing. You should hear them sing.

W. H. ALBERTSON

### CHURCH OF CHRIST ANNOUNCEMENTS

Carl A. Collins, Minister  
 Sunday Morning Services  
 Bible School, 10:00.  
 Worship hour song service, 11:00. Sermon, 11:15.  
 Communion, 11:45.  
 Benediction, 12:00.

Sunday Evening Services  
 Young People's services, 7:30.  
 Worship hour song service, 8:30.  
 Sermon, 8:45.  
 Benediction, 9:30.

Week-Day Services  
 Ladies' Bible Class, Monday at 4:00 p.m.  
 Prayer meeting, Wednesday at 8:30 p.m.  
 Singing school every night next week except Saturday night.  
 Sermon subject Sunday morning: "The Resurrection of Jesus."  
 Sermon text Sunday night: "He (Christ) is the head of the body, the church," Col. 1-18.  
 After Jesus was resurrected he became the head of the church, Heb. 5:8-9. Without his resurrection you could not go to Heaven. The Bible does not say that Jesus arose from the dead on Easter Sunday, but: "on the first day of the week." Sunday is the first day of next week. Come to the services in remembrance of Him and worship Him then. You cannot please God and Christ without worshipping them. We urge you to come.

**FOR SALE**—New, never used, Ford tractor and equipment. No trade. Edna G. Hoesch, 1030 Elizabeth Blvd., Ft. Worth, Tex. 40-4p

## Produce More Cotton

### 1. Because it is Patriotic...

Secretary of Agriculture Claude R. Wickard has issued an appeal to the nation's farmers to plant 4 million acres more in cotton in 1942 than in 1941. America and her allies need more cottonseed oil for food, cotton linters for munitions, cottonseed meal and hulls for livestock feeding, and lint cotton of certain grade and staple for prosecution of the war. Cotton is the ONLY crop that supplies ALL these essentials.

### 2. Because it is Profitable...

You know from your own experience that cotton is a most dependable crop for this section. You know that you can count on lint cotton and cottonseed to provide ready cash; and that the value of lint and seed has been very favorable in recent months. You've proved that you can grow cotton—and cotton has proved that it's a money-maker for you.

It will pay you, this season, to plant every acre permitted under the AAA legal allotment; and to produce every pound of lint and seed you can on these acres. You should have your seed tested for germination before planting.

## Freshman Report

At 7:30 o'clock last Friday night the "Fish" gathered at the club house for a party. We had lots of fun. We played cards and other games. Refreshments were served at about 10:30 after which followed a friendly fight to put ice down each others back. We had a very good time and plan to attend a "movie" soon.

## Sports Report

Benjamin will be host to the volleyball teams of the county on March 27 and 28 in the annual county volleyball tournament. The Benjamin Mustangs play two games for practice this week before the meet. The games are with Sunset Monday afternoon and Gilliland Tuesday afternoon.

The Benjamin girls lost a close two-out-of-three match to Rochester last Tuesday afternoon. The Benjamin team had previously beaten Rochester but were overtaken in the final game and nosed out. The first string had easily won the first game, the subs played a good second game but were beaten, the Rochester girls then came from behind in the third game to win the series.

Teams that will be seen in action Friday and Saturday in the county tournament in the Benjamin gym are Gilliland, Vera, Goree, Munday, Sunset, Knox City, and Benjamin. Although Munday and Sunset are heavily favored to win the tournament, anything may happen.

Everyone is invited to come to the games, which will start Friday

night and end with the finals Saturday night.

## Senior Report

The Seniors have started to work this last week. You see, this is six-weeks exam week. For the fortunate ones with a B average, these will be the last exams they will be required to take in high school. Some are striving to bring their average up to a B.

We haven't fully decided where we will go on our annual trip. The two prospects are Carlsbad Caverns and Medicine Park, Oklahoma. We have only six more weeks of school as we will get out a week early, which will be the eighth of May.

## MUTUAL AID FOR LIVESTOCK GROUPS IN STATE URGED

Fort Worth.—Formation of a Texas livestock mutual aid committee to bring the many livestock organizations into closer co-operation may result from a recent meeting in Fort Worth, sponsored by several of the state associations.

James Goodwin Hal, head of the Quarterhorse Association of America, was named temporary chairman and Boyce House, newspaperman, was chosen temporary secretary. Both live in Fort Worth. Presidents of the cattle, sheep, swine and other livestock associations will be invited to attend a conference in a few weeks to discuss the proposal further.

Mrs. Roy Samsill of Burkburnett visited with friends in Munday last Tuesday.

J. B. Moorhouse, hardware dealer and cattleman of Benjamin, was a business visitor here last Monday.

Mr. and Mrs. Hal Fairman of San Angelo visited relatives and friends here the first of this week.

Mr. and Mrs. Ira Williams of Old Glory visited with friends here last Sunday. They are former residents of Munday.

Mr. and Mrs. Karl Harbin and children, Linda and Tommie, of Dalhart visited with relatives here last Sunday.

Mr. and Mrs. Glenn Burnett and little daughter of Benjamin were visitors here last Saturday.

County Supt. Merick McLaughney of Benjamin was here Tuesday, attending to business matters pertaining to the schools.

## CARD OF THANKS

We wish to express our appreciation to the people of Munday and surrounding territory who assisted in the offering contributed to us after the recent burning of our home.

Mr. and Mrs. Odie Brown and Family

# People, Spots In The News

**BOMB CARRIER**—Here is a bomb carrier that was developed by the New York Department of Public Works. It is made of heavy cable and houses a smaller cage in which delayed bombs may be conveyed to isolated areas and then be demolished.

**FOR AIR RAIDS**—Suggested for air raid warden duty this spring is this ensemble of kerosene-coated marquisette raincoat and rubber flight boots. The footwear is probably the last to be made entirely with crude rubber for the duration.

**I GIVE YOU TEXAS by BOYCE HOUSE**

Paul Bolton is one of the chief correspondents at the State Capitol. He is clever and brilliant and this writer stands in awe of clever and brilliant people.

Reversing the well-known phrase, Bolton is probably by best critic and severest friend.

"Mirrors of Austin" in that sterling publication, State Observer, is largely his handiwork. Recently, he wrote: "The columnist wrings his friends for the penultimate drop of their knowledge, their wit, their wisdom, if any. No remark is too innocent to be hoarded against the day when material is scarce. The man who is a friend of the columnist never knows when some thoughtless remark will rise up out of the printed page and hit him between the eyes. Even his own family is not safe. The children have to watch what they say or they'll be perpetuated in print for their 'bright sayings'. Even the family dog may make the papers."

"He (the columnist) is starved for affection. He responds to a kind word like a dog to a pat on

# Pluck and Coolness Save Man With Back Broken in Car Crash

**WHILE** late home-bound cars roared by on a curve a dozen feet above his head, Roland Wilson, of Littlefield, Texas, lay in the darkness beside his wrecked automobile at the foot of the embankment over which the car had plunged.

Unseen by the motorists who raced along the highway above, Wilson could not make them hear his occasional shouts for help. His legs were paralyzed and he could scarcely move his body because of pain. He did not know that his back and five ribs were broken.

For four consecutive nights he had been driving along that road. His baby had been sick, so after work he had gone each night from his job at Clovis to his home in Littlefield, returning in the small hours. Due to lack of sleep he had dozed for a moment at the wheel, plunging off the road at the curve above him.

As he lay beside the wreck of his car he realized that he would have to get help very soon. In addition to his injuries he was suffering from the cold. He might freeze to death before anyone found him.

He still had the use of his arms, and he began pulling himself toward the car. He dragged himself close, reached in through the smashed door, and got his flashlight out of the glove compartment.

"I was so cold and the pain was so sharp that I had to rest a

Roland Wilson

while," Wilson said. "Then I pressed the switch and pointed the light up along the embankment. I had put in fresh batteries and the beam looked like a searchlight from where I lay. And that is what it looked like to the men who stopped and found me. It saved my life just as I was about ready to give up."

Wilson was rushed to the hospital at Clovis, where it was feared he could not survive his injuries. After five months of treatment, he has been discharged and his complete recovery is expected.

Happening to land in Hawkins when the oil boom hit, a hitchhiker bought a lot of \$1,000. He didn't have the money but drew a draft on his father in another state. To be on the safe side, the owner of the lot placed a long distance call to the bank. But, as there was only one phone in Hawkins and folks were standing in line to get to it, the call wasn't made until late in the afternoon—and by that time the hitch-hiker had resold the lot for \$10,000!

This interesting sidelight was narrated by E. S. Shaaf, publisher of the Wood County Democrat, when he visited Fort Worth not long ago.

## Fire Hazard Rated as Enemy

Are you hiding an enemy in your home?

It is hoped that you are not, but if there is a fire hazard lurking around your home—hidden away in the attic, shut up in a closet, tucked under the stairway, piled in a garage corner, then you are harboring a most vicious type of enemy.

Fire is a destroying agent when it breaks out. It can paralyze industry, seriously cripple our war production and assembly lines, halt the shipment of materials to the fighting forces.

Drive out all suspicious enemies in your home; give no quarters to fire hazards; clean them out during Civilian Defense Clean-Up Week and keep them out.

Here are few tips offered by Marvin Hall, State Fire Insurance Commissioner, on foiling the advance agents of disastrous fires:

Remove all accumulated trash, papers and other discarded or waste material of a combustible nature.

"Blackout" all matches, cigarettes and cigars before throwing them away. Carelessness with these ranks third in the list of known fire causes, according to

records covering a ten year period. Gasoline, kerosene, benzene and naphtha are inflammable liquids constitute serious fire hazards. Keep them all outside the house and never near an open flame.

Oil mops and rags soaked with oil and paint cause spontaneous combustion. Oil mops should be kept in a metal container and oil or paint-soaked rags should be disposed of promptly after being used.

Before leaving an electric iron or other electric appliance in use, turn off the current. Permit only experienced persons to install or repair electrical fittings and appliances. Replace "blown" fuses with new ones; never use a substitute "bridge" in the fuse box.

Watch serious outside exposures. Dry grass, leaves, brush and trash accumulations outside the house are often places where serious fires originate.

Fires have no season—they must be prevented every hour of every day.

County Clerk M. T. Chamberlain of Benjamin was here Tuesday, visiting friends and attending to business matters.

Mrs. D. C. Eiland and son, David Chase, and Mrs. Sebern Jones and little daughter, Carolyn, spent the week end in Austin and San Antonio, visiting with relatives.

**Avoid Replanting!**  
**TREAT COTTONSEED WITH CERESAN**

Progressive planters of Texas, Oklahoma and every other cotton state have proved how successfully CERESAN seed treatment reduces seed rotting and sores-shin, generally improves stands, saves costly replanting and commonly increases yields—often 10 to 25%.

Use Semesan Jr. for corn; New Improved Ceresan for small grains; Semesan for vegetables; Semesan Bel for potatoes.

TO STOP THE NERVE JANGLING RATTLING OF PROGRAMS, THE TACOMA (WASH.) PHILHARMONIC ORCHESTRA IS NOW PRINTING ITS PROGRAMS ON SPECIAL NON-RATTLE COTTON FABRICS

**DON'T TAKE THIS LYING DOWN...**  
 When men are fighting and dying, you must do your part. Be sure you enlist your DOLLARS for DEFENSE. Back our armed forces—and protect your own life—with every single dollar and dime you can. America must have a steady flow of money pouring in every day to help beat back our enemies. Put Dimes into Defense Stamps. And put Dollars into Bonds. Buy now. Buy every pay day. Buy as often as you can. Don't take this lying down.

## National 4-H Club Week, April 5 to 11 To Honor Thousands of Boys and Girls

College Station.—Next week the nation is saluting its million and a half 4-H club members, who are doing war service on the rural front. About 75,000 of these boys and girls are Texans, according to figures from the State 4-H headquarters.

National 4-H Club Week, April 5-11, is also a good time to give recognition to the thousands of other people who are contributing to the success of the 4-H movement in the opinion of H. H. Williamson, director of the Texas A. and M. College Extension Service.

He explains that there are 2,386 men who are giving their services as adult leaders for the 1,971 boys' 4-H clubs in the state plus 2,223 women who are serving as sponsors for the 2,010 girls clubs. "It's all volunteer work. These local leaders get no financial compensation but the satisfaction of helping build future leaders and of community service," Director Williamson explains.

4-H work in Texas is directed by the Texas A. and M. College Extension Service. Working with farm youth is one of the major jobs of the state's 285 county agricultural and assistant agents and 217 county home demonstration and assistant agents. Assisting 4-H club members and helping county extension agents in their club activities are jobs of Onah Jacks, state girls' club agent; L. L. Johnson, state boys' club agent; and J. W. Potts, assistant state boys' club agent, and of other members of the extension headquarters staff.

M. L. Wilson is director of Extension Work on a national level, and C. E. Potter, R. A. Turner, Gertrude L. Warren, Madge J. Reese, and W. G. Lehman are extension field agents assigned to 4-H Club work.

### 4-H CLUB PLEDGE, ETC.

4-H Club Motto: To make the best better.  
 4-H Club Colors: Green and white.  
 4-H Club Emblem: Four-leaf clover, representing the four "H's"—head, hand, heart and health.  
 4-H Club Pledge: I pledge My head to clearer thinking, My hands to greater service, My heart to truer loyalty and finer sympathy, And my health to efficient living in service to my home, my community, my country, and my God.

### TEXAS 4-H CLUB CREED:

I believe in boys' and girls' club work because of the opportunity it gives me to become a useful citizen.

### RADIOS Checked, Tuned and Repaired at THE CONOCO STATION

Raymond Ratliff spent last Monday in Wichita Falls, visiting with Miss Maude Isbell, who is recuperating from an appendectomy.

Miss Emogene Nelson, who is employed in Benjamin, spent the week end here with her parents, Mr. and Mrs. E. H. Nelson.

Lieut. and Mrs. W. R. Moore left last Friday for Augusta, Georgia, where Lieut. Moore resumed duty in the U.S. Service. They had been on a 14-day furlough for a visit with their parents, Mr. and Mrs. W. R. Moore of Munday and Mr. and Mrs. B. F. Farmer of Knox City.

Ralph Johnson, who has been employed in Chickasha, Okla., visited relatives and friends here the first of this week. He was enroute to San Antonio, where he reported for duty in the radio division of the U.S. service.

Mrs. A. B. Warren spent last Sunday in Haskell, visiting with her mother, Mrs. J. W. Medley.

Miss Olga Long of Wichita Falls spent last week end in the home of Mr. and Mrs. J. A. Wiggins.

Mrs. W. P. Farrington spent the week end in Fort Worth, visiting her son, Dr. Nolley C. Farrington, and Mrs. Farrington. Dr. Farrington is being called into the armed service.

Munday has a new citizen. He is John Walter Pippin. He arrived March 31, 1942, weighs 8½ pounds, and will live with his parents, Mr. and Mrs. C. C. Pippin.

## LOCALS

Mrs. Sied Waheed and children and Mrs. Jimmie Silman visited with relatives and friends in Haskell and Rochester last Sunday.

Mrs. James Dyke of Abilene spent the week end here with her parents, Mr. and Mrs. V. Tiner. Mrs. Dyke is a student in Hardin-Simmons University, where she is a member of the H-S.U. Cowgirls.

Miss Evelyn McGraw, who is attending Weatherford Junior College, is here to spend the spring holidays with her mother, Mrs. Erin McGraw, and with other relatives and friends.

Mrs. Louise Ingram and Mrs.

## HITLER AND THE DEVIL

Hitler called the Devil upon the telephone one day. The girl at central listened at all they had to say. "Hello," she heard Hitler say, "Is old Satan home?" "Just tell him it's the dictator who wants him on the phone." The Devil said, "Howdy," and Hitler "How are you?" "I'm running a hell on earth, so tell me what to do." "What can I do," the Devil said, "dear old pal of mine?" "It seems you don't need any help—you're doing mighty fine." "Yes, I was doing very well until a while ago, "When a man named Roosevelt wired me to go slow; "He said to me, 'Dear Hitler, we don't want to be unkind " "But you have raised hell enough, you'd better change your mind." "I thought his lease-lend bill was a bluff, and he could never get it through. "But he put me on the spot when he showed what he could do; "Now that's why I've called you, Satan; I need advice from you, "For I know you will tell me just what I ought to do." "My dear Hitler, there is not much left to tell. "For Uncle Sam will make it hotter than I can here in hell. "I have been a mean old devil, but not half as mean as you, "So the minute you get here the job is yours to do. "I'll be ready for your coming and I'll keep the fires all bright, "And I'll have your room ready when Sam begins to fight. "For I can see your days are numbered and there's nothing left to tell. "So hang up your phone, get your hat, and meet me here in hell." —PETER P. BELL

### Board Issues 12 Tire Permits

Harold Burton, clerk of the Knox county rationing board, has announced that the board issued tire or tube certificates to 12 applicants at the regular meeting last Friday. Certificates were issued to the following:

- L. B. Patterson, tire for tractor, Big 4 Ranch, two tires for pickup.
- Munday School Dist., tube for bus.
- Herman Egenbacher, two tires for pickup.
- McPadden Ranch, tire for pickup, Anton Brown, two tires and tubes for tractor.
- W. H. Cornett, two tires and tubes for tractor.
- Amarus Golden, tire for truck.
- Walter Mooney, two tires for tractor.
- W. A. Jungman, two tires for tractor.
- Ralph E. Feemster, tube for tractor.
- W. O. Brummett, two tires and tubes for tractor.

Mrs. Ardelle Spele spent the first of last week in Littlefield, attending the bedside of her father. She reported her father improved upon her return to Munday.

Mr. and Mrs. W. A. Polster, who made west of Benjamin, were business visitors here last Monday.

Miss Floy Nelson, who is attending Weatherford Junior College, came in the latter part of last week to spend the spring holidays with her parents, Mr. and Mrs. E. H. Nelson.

### CEMETERY ASSOCIATION NOTICE

Everyone is anxious to see our cemetery kept in good condition. The committee is now ready to begin the work for 1942. We wish to guarantee complete satisfaction, and in order to do so we must ask the complete cooperation of the general public.

We will begin our yearly drive for funds soon, and will call on each of you. Or, if you wish, you may leave your contributions with the association treasurer, Mrs. W. V. Tiner, at Tiner Drug.

Committee:  
J. C. Borden  
J. C. Campbell  
W. V. Tiner

### Common Cattle Sell Steady In Auction Ring

The Munday Livestock Commission Co. reports a good run of cattle and hogs for last Tuesday's sale. Common cattle sold fully steady, while good cattle sold 25 to 50 cents higher than a week ago.

Top hogs sold at \$13.25; cows, \$11.50 to \$11.75. Beef bulls brought from \$8.25 to \$9; butcher bulls, \$7 to \$8; beef cows, \$8 to \$8.75; butcher cows, \$7 to \$8; canners and cutters, \$4.50 to \$6.75; fat yearlings, \$9.75 to \$11.50; butcher yearlings, \$8 to \$9; fat calves, \$10.50 to \$12; butcher calves, \$5.50 to \$10; rannies, \$7.25 to \$8.

Some good stocker steer calves weighing 415 sold at \$12.55. One load of stocker heifer calves weighing 405 sold for \$11.40.

Buyers here for Tuesday's sale were Ebner Packing Co., Wichita Falls; Vernor Packing Co., Vernon; Pratt Packing Co., Sulphur Spgs.; J. H. Bell and Howell & Co., Fort Worth; Less Trimmer, Abilene; Charles Davis, Graham; Roy Tankersley, Haskell; J. M. Bradberry and C. H. Keck Market, Knox City; G. L. Forrester, Perry Woods and G. C. Woods, Seymour.

### HOME FROM HOSPITAL

R. G. (Rid) Campbell, who has been undergoing treatment in a Wichita Falls hospital, returned to his home in Munday last Tuesday afternoon. He is reported to be somewhat improved, and was on the streets a short time Wednesday afternoon.

Mr. and Mrs. D. P. Morgan, Davey Lee Morgan, May Lowrance and Zack Gray have returned from Sherman, where they visited D. P. Morgan, Jr. D. P. is a student in Austin College in Sherman, and is taking flying lessons at the flying school there, and is now soloing.

Roy Fox, Gilliland farmer-stockman, was a business visitor in town last Tuesday. While here he had The Munday Times sent to his address for a year.

H. A. Pendleton was a business visitor in Dallas on Tuesday and Wednesday of this week.

Mr. and Mrs. C. L. Mayes were business visitors in Fort Worth Monday and Tuesday of this week.

### B. C. Fishermen's Reserve Now Busy on Coastal Patrol

THE fishing season on the West coast won't open until May, but British Columbia fishermen are out hunting now—for bigger catches than salmon or halibut. They're after submarines and mines. All up and down Canada's fjorded Pacific shores, fishermen—members of the Fishermen's Reserve of the Royal Canadian Navy—are voluntarily patrolling the seas, protecting their own home waters. The ships in which they go to war are the same ones they made their living in—tiny wooden halibut boats and salmon boats.

Organized by far-visioned naval authorities in 1938, the Fishermen's Reserve is playing an invaluable role in the defense of Canada. The hardy British Columbia coast, with its rocky approaches, is the West's greatest natural safeguard. But it must be watched constantly since some of its inlets could serve as hideouts if submarines slipped through the protecting ring of British, United States and Canadian warships.

It's a 100 per cent fisherman's job even to the boat. The halibut and salmon boats in the Reserve, valued at about \$25,000 each, are owned mainly by their fishermen skippers who rent them to the Navy for an average of \$5.00 a day. This, plus salary of \$4.75 a day, earned with the rank of coxswain, is just about half what a skipper made in peacetime.

In a good pre-war season, he would clear between \$8,000 and \$10,000 for himself. His men would each make about \$2,500. They have given up their comfortable peacetime return for the modest wage of an Able Seaman.

But their sacrifice is nothing compared with the satisfaction they get from accomplishing this vital task of maintaining a sea free of prowlers off Canada's West coast.

### J. M. Terry Makes Statement to Voters

To The Voters  
Of Munday:  
Through the solicitation of a few friends, I have had my name placed on the ticket for Mayor of Munday. This is my second term I am asking for, and if you will elect me again I will assure you of my best efforts to do everything I can for the good of our town.

I have lived here for 40 years and all I have invested in Munday, and there is no reason why I wouldn't be in favor of everything that would be for the good of Munday.

I am leaving it to the voters, and all of you who feel like you can go to the polls and support me I will assure you that I will appreciate it as much as anyone could.

Yours truly,  
J. M. TERRY

### Knox County Hospital Notes
