

4-H Encampment Is Held At City Park

Both Boys and Girls Enjoy Encampment Last Week

Sixty one 4-H club girls and boys of Knox County, with their sponsors, and both county extension agents, enjoyed a three day encampment at Munday Park August 12, 13 and 14.

The 4-H girls with their agent, Mrs. Neva Van Zandt, met at the park on Wednesday evening. After games and a picnic supper outside, the group gathered in the club house for a short program including a 4-H Club Candelighting Ceremony. Thursday morning breakfast was prepared over camp fires after which the girls spent about two hours in hand-craft work.

When the 4-H club boys arrived Thursday morning with their agent, R. O. Dunkle, the entire group engaged in games and singing until the fish dinner was served about 1:00 p. m. Immediately after dinner, two club boys, Bryson Laird and Johnny McLaughy of Benjamin gave a demonstration of feeding pigs. Records of the actual experiment were given showing the most profitable way to use home grown feeds in producing pork on the farm. Short talks were given by several guests, praising 4-H club work in the county and offering services of various organizations and individuals in furthering the work.

The 4-H club girls and boys and county extension agents Neva Van Zandt and R. O. Dunkle had as their guests for the Thursday dinner the following: Tom Bengue, Mrs. Louise Ingram, E. W. Harrell, Marvin Dean, Jack Idol, C. R. Elliott, Mayor of Munday, W. C. Cunningham, August Schumacher, Claud Hill of Munday, Charlie Hamilton, Mr. and Mrs. Fred Glover, Frank Glover, Newton Smith, and Mr. and Mrs. Lee Coffman of Benjamin. Mr. and Mrs. Coffman were responsible for the preparation of the delicious meal.

After the guests and 4-H girls left, the boys spent the remainder of the afternoon playing ball and other games. On Thursday night they witnessed a sham battle of the home guard of Munday. Friday morning was spent in a field tour studying grasses and in live stock judging.

The boys and girls returned home tired and dirty, but convinced that it is not necessary to go a long way from home to have a good time.

35 County Men Are Classified

The Knox county Selective Service Board met last Tuesday, at which time 35 registrants of the county were classified. They are as follows:

- (1-A)
618—Frank W. Driver.
1244—J. B. Brooks (Col.).
S-1236—Weldon Cash.
10218-A—Alberto Mata.
10437—Robert B. Wilkerson.
10481—Malrie Wilson.
10533—Willie S. Yost.
10535—Ramon A. Sanchez.
10536—Dorsey L. Webb.
10537—Herbert T. Struck.
10562—Ernest New.
10571—Guy D. Eakin.
10578—Earnest E. Code.
10579—Ozie Miles.
10598—Dorsey E. Collins.
10631—Oscar W. Gideon.
- (1-C)
747—Woodrow H. Myers.
10245—Francis L. Montandon, Jr.
10681—Paul L. Hoge.
10683—Lloyd L. English.
- (3-A)
443—Clarence H. Harrell.
10655—Joe C. Butler.
10657—Robert W. Meeks.
10154—Aubon Guzman.
- (4-F)
10557—Ozie W. Warren.

E. H. Bauman, captain of Co. C. of Texas Defense Guard, was in Throckmorton last Tuesday night on business pertaining to the local organization. Bauman was issued two sub-machine guns for use in activities of the defense guard.

Opening Dates Of Schools Set

With the 1942-43 terms of school already in progress at Sunset and Rhineland, opening dates of other schools of the county were announced this week. They are as follows:

Registration in the Munday schools will begin on Wednesday, September 3, with registration beginning the following Monday. Goree schools will open on Aug. 28th, it was announced last week. Beginning on Monday, September 7th, will be Knox City, Truscott and Benjamin.
The following have as August 31 for the opening date: Vera, Union Grove, Brock and Gilliland.
County Supt. Merick McLaughy stated that the Hefner school would likely open on September 21.

Mrs. Van Zandt Representative To Club Women's Meet

Mrs. Neva Van Zandt, Knox County extension agent, for the A. & M. College, has been selected to represent Agents of the twenty counties of district 3 at the annual state convention of the Texas Home Demonstration Association. The convention is being held at the Blackstone Hotel in Fort Worth, August 17 to 20. Each County in the state sends a home demonstration club woman as delegates to the convention each year, while only one agent from each of the twelve districts of the state is permitted to attend. One outstanding feature of the convention this year will be a lecture by Mrs. Claud R. Wickward, wife of the Secretary.

40 Certificates For Tires Issued

Forty certificates for tires and tubes were issued by the Knox county rationing board for the week ending August 15. Harold Curton, clerk of the board, has announced. Those receiving certificates are as follows:

For Trucks or Tractors
Samuel E. Watson, two tires; Emil Jakubec, two tires; Claude Reed, two tires and tubes; L. B. Patterson, two tires; Hugh Webb one tire; A. A. Smith, one tire; Farmers Elevator Co., two tires; H. M. Michels, tire and tube; Albert F. Fetsch, one tire; Clyde Yost, one tire; Abe M. Watson, two tires and tubes; Fred Broach, Jr., two tires; C. S. Wyatt, one tube; J. Arthur Smith, one tube; Hugh Erbank two tubes, and J. W. Howell, one tube.

For Automobiles
G. S. Snapka, tire and tube; J. D. Hollis, tire; P. O. Blankenship, tube; J. J. Perdue, obsolete tire; W. E. McNeill, obsolete tire; E. P. Swindall, one tire; A. P. Denton, one tube; Carl Booe, obsolete tire; B. B. Bowden, two obsolete tires; M. L. Hester, four obsolete tires and tubes; S. E. Youngblood, two obsolete tires; Ed. Whittmore, two tubes; J. G. Hawkins, one obsolete tire.

Retreaded Tires
S. E. Youngblood, two tires for car; E. J. Jones four tires for car; Les Jameson, two tires for car; H. C. Chowning, two tires for car; J. P. Hester, tire for truck; M. H. Mansfield, four tires for car; H. D. Hord, tire for car; League Davis properties, two tires for truck; W. W. Gleason, two tires for truck; G. L. Jackson, one tire for truck; and James C. Eubank, two tires for truck.

Teachers Resign

The school board recently received the resignations of three teachers. Mr. and Mrs. L. S. Hardgree have resigned and will make their home on their farm near Henrietta. Miss Elizabeth Beene resigned to accept a position in the school in Greenville.

M. T. Chamberlain and family of Benjamin were business visitors here last Saturday.

THROW YOUR SCRAP INTO THE FIGHT

Plans are now being formulated for a county-wide junk drive under the direction of the Knox county salvage board, and with E. W. Harrell serving chairman of the local board.

In the barnyards and gullies of farms and in the basements and attics of homes is a lot of junk which is doing no good where it is, but which is needed at once to help smash the Axis powers.

This junk may be rusty old scrap to you, but it actually refined into steel and other metals with most of the impurities removed. It can be quickly remelted and mixed with pig iron to produce the highest quality steel for our war machines.

Soon a gigantic scrap rally will be announced. This is an effort that should command the active help of every person, of every public official, of every unit of government, of every club and organization. It will be one of the answers to your question of what can I do to help. Prepare now to do your part when the drive starts.

More details of the rally will be announced in this paper soon. Make your plans now to give every assistance in your power.

Sugar Stamp No. 8 Is Good For 5 Pounds

The Office of Price Administration announced last week that sugar ration stamp No. 8 will be good for five pounds of sugar in the 10-week period beginning August 23 and ending October 31.

While not changing the basic ration of one-half pound per person per week, this new ruling will enable consumers to make purchases in larger units and facilitate the disposal of five, 10 and 25-pound packages.

Packages of these sizes were put up before rationing was started, and processors have had difficulty in marketing any substantial part of them because ration stamps to date have been good for one or two-pound purchases. Unless this sugar is sold, the OPA said, it would have to be repacked, causing an "undesirable waste of labor and materials."

Stamp No. 6 and 7, each good for two pounds of sugar, may be used until midnight, August 22. Stamp No. 7 gave the consumer a two-pound bonus.

Church of Christ Revival Drawing Splendid Crowds

The Revival Meeting now in progress at the Church of Christ is being well attended. Floyd J. Spivy, of Gregton, Texas, is doing the preaching, and Nolan Phillips, of Munday is directing the song service. Services at 10:30 a. m. and 9 p. m. daily. The morning services are primarily for the edification of the church. The lessons are designed to build Christian character and to give the church a greater vision of the work to be done in the Master's Vineyard. The evening services are directed to those who are not Christians, teaching them how to be born into the family of God, and how to develop into useful servants of the Lord.

Lord's day morning we meet for classes at 10 a. m. At this hour we study the Bible in a systematic manner, a class for every age with consecrated teachers for every class.

At eleven, we will hear the sermon and observe the Lord's Supper. The sermon subject will be: "Some Things The Church Ought To Do". At 9 p. m. Sunday we will meet for the last service of the meeting. The sermon subject for that hour will be: "The Terror Of The Lord." Every One is cordially invited to attend every service. Come, you will find a hearty welcome.

Rhineland Dance Slated for Monday

The Dixie Playboys will furnish the music for a big dance in the Rhineland community hall on Monday night, August 24.

Admission will be 75 cents for gentlemen, 25 cents for ladies, and 10 cents for onlookers. Everyone is cordially invited to attend this dance. Refreshments will be served.

Robert Green, Kenneth Myers and Winston Blacklock were in Childrens last Tuesday night to attend a meeting of Wm. Cameron Co. employees. They were accompanied by Joe Reeder of Knox City.

Pvt. Weldon Hobbs spent the week-end here. He is stationed at Camp Bowie.

Farmers Report Damage Done By Worms in County

Many farmers in Knox County are reporting damage to their cotton by the leafworm. Cotton fields should be watched carefully and at the first sign of egging in spots throughout the field, dusting should be begun in these spots. By doing this one or more general applications of poison may be saved. Dusting with calcium arsenate at the rate of 5 to 7 pounds per acre at an interval of 7 days or as needed, should be made.

Dust application for all insect control should be applied when the air is calm or nearly so. A dusting machine should be used which will give a good distribution of poison.

Nozzle should be set 5 to 7 inches above and directed downward.

Funeral for Mrs. W.T. Anderson Held Wednesday

Mrs. W. T. Anderson, a known county resident for 15 years, passed away at 5:56 a. m. Tuesday at the Knox county hospital. Mrs. Anderson was taken suddenly ill and was taken to the hospital for treatment a few hours before her death.

Mrs. Grace Leola Anderson was born in Oklahoma on September 5, 1900, and died at the age of 41 years, 11 months and 13 days. Surviving her are her husband, W. T. Anderson, and three children, Martha, Robert and Helen Anderson, all of Munday; her father, H. C. Ellis of Oklahoma, and three brothers and one sister, who are: Cecil Ellis and Elmer Ellis of Blackwell, Okla.; Russell Ellis of Oakland Calif., and Mrs. Martha Blight of Saint Jo, Ark.

Funeral services were held from the First Baptist church in Munday at four o'clock Wednesday afternoon, conducted by Rev. Walter Copeland. Interment was in the Johnson cemetery by the Mahan Funeral Home.

PACK MULES WANTED

Word has just been received by R. O. Dunkle, County Agent of Knox County, that the South Central Remount Station will purchase 900 pack mules in Texas and Oklahoma. These mules must be capable of performing the duties for which they are being purchased. The following specifications will be adhered to: (1) Age 4-8 (A 4-year old mule must be full four). (2) Height—14.3 1-2 to 15.2 hands (A hand is four inches). (3) Weight 1,075 to 1,150 lbs. (4) Short straight back. (5) Deep chested. (6) Big bodied (well sprung ribs). (7) Straight legged. (8) Good Bone. (9) Gentle. (10) Sound in every respect. (11) Price—Average \$200.00 per head.

Farmers who have mules that will meet the specifications listed should drop a post card to R. O. Dunkle, County Agent, Benjamin, Texas. When a car load or more are listed, arrangements will then be made with the Remount Station for an inspection. The place of inspection will be announced later.

Field Maneuvers Held Thursday Night By Texas Defense Guard

Defense Guard Now Asking for New Members

With members moving away or being called into the armed services, Company C of Texas Defense Guard at Munday is beginning a drive to secure new members to keep the company up to full strength.

At least thirty new members are needed, and it was stated that the new recruits will be given drill periods to acquaint them with activities which older members have already experienced.

Recent changes in commissioned officers of the local unit made E. H. Bauman, captain and commanding officer, to succeed T. W. Harber, who entered the service. R. F. Horan is first lieutenant, and C. C. Jones is second lieutenant. Several advancements were made among the non-commissioned officers, it was stated.

Anyone interested in doing their part in the work carried on by the defense guard are asked to "come on and join up" and not wait for an invitation.

Bogard Elected Coach of Moguls

The School board announced this week that Mack Bogard of Rochester has accepted the position of Coach in the Munday school. Mr. Bogard has been in the school system at Rochester for the past six years, and comes to Munday highly recommended as a teacher and coach. The Rochester team made a good name for themselves under the leadership of Coach Bogard.

Mr. Bogard will succeed Jack Perryman, who resigned here to join the Navy.
Mr. and Mrs. Bogard will move to Munday this week, it was stated.

Annual Meet Of PCA Members Held Wednesday

Approximately 100 members and guests gathered Wednesday evening on the city hall lawn, when the Munday office of Stamford Production Credit Association held its annual membership meeting.

The purpose of these annual meetings is to acquaint the members with what their association is doing and to give them a better understanding of the workings of their organizations. Problems of the individual members are also discussed when brought up at the meetings.

C. R. Elliott, manager of the local office, was in charge of the meeting and he and several of the members answered some 30 questions which had been prepared to give those present a general knowledge of how P.C.A. loans were made and just what was required in order to secure a loan.

Following the discussion, members and guests were invited to a watermelon feed. Melons which were grown by C. C. Jones were served ice cold to all present.

A similar meeting was scheduled for Knox City on Thursday night of this week.

F. S. A. Office Now To Take Applications For Farm Purchases

James F. Crump, rural supervisor for the Farm Security Administration, announces that his office is ready to take applications for the purchase of farms. Any one that is interested may get the necessary information by calling at the FSA office in the Court House in Seymour before August 27th.

Mr. Crump stated that there has been a total of 18 farms purchased in Knox County in the past two years. Several of these farms are located near Munday.

Many Voters To Ballot Saturday

Much Interest To Be Shown In August Primary

Although there is no runoff in Knox county offices, many voters of the county are expected to go to the polls next Saturday and cast their ballots in the August 22 runoff.

Voters of precinct one will have an additional vote over other precincts of the county, there being a runoff in the commissioner's race in that precinct.

Chief interest in the election in the runoff for U. S. Senator. James V. Allred is opposing Senator W. Lee O'Daniel in this race. Interest is also being shown in the race for railroad commissioner of Texas, in which Beauford Jester and Pierce Brooks are the opponents.

All voting boxes of the county will be open, and voters are urged to go to the polls and vote as early as possible.

Knox County Hospital Notes

Matt Bryan, Knox City.
Mrs. G. B. McCAda, and baby son, Munday.
Mrs. E. M. Billingsley, and baby son, Munday.

Joe Ann Harrell, Munday.
Don Haynie, Munday.
Mrs. Gray, Munday.

Patients Dismissed since Tuesday, August 11, 1942.

Mrs. Virgil Turnbow and baby son, Rochester.
E. D. Morrow, Munday.

J. O. Brothers, O'Brien.
Mrs. Bill Gaither and baby daughter, Seymour.
Billie Glynn Reynolds, Knox City.

Johnny Spetzer, Sagerton.
W. E. Good, Truscott.

Mrs. Alton Hester and baby son, O'Brien.

Mrs. A. R. Evans and baby daughter, Munday.

Mrs. C. R. Posey and baby son, Knox City.

Billie Dan Richards, Vera.
Herman Franklin, Munday.

Chas. Hart, Guthrie.
Lester Arnold, Munday.

Mrs. J. M. Booe, Goree.
Denzil Condon, Throckmorton.

Mrs. O. V. Chitty, Benjamin.
Mrs. C. N. Russell, Benjamin.

Mrs. Herbert Owens, Knox City.

Deaths:
Mr. and Mrs. Bill Gaither, Seymour, daughter.

Mr. and Mrs. Virgil Turnbow, Rochester, son.

Mr. and Mrs. E. M. Billingsley, Munday, son.

Mr. and Mrs. G. B. McCAda, Munday, a son.

Deaths:
Mrs. W. T. Anderson, Munday.

PREACHING SERVICES AT PRESBYTERIAN CHURCH

Regular preaching services will be held at 9:30 next Sunday morning at the First Presbyterian church of Munday, it was announced this week by the members.

A pastor from Haskell will be in charge of the service, and the membership is urged to come out and hear him. The Sunday school hour will immediately follow the preaching service.

JOINS WAACS

Miss Cammie O. Beaty, daughter of Mr. and Mrs. G. H. Beaty, was accepted and sent to Dallas for final examination in the Woman's Army Auxiliary Corps. She will expect call to active service within two weeks, according to Sgt. Russell T. Hicks, recruiting officer for Wichita Falls. Miss Beaty is employed in the Eiland Drug Store.

HOME FROM CALIFORNIA

Mr. and Mrs. J. T. Voss returned home Tuesday night from Los Angeles, and Indio, Calif., where they visited their sons, Clyde and Cecil Voss, for about ten days. They traveled 2,700 miles and only had one flat. Mr. Voss stated.

Undaunted by a hard shower of rain, men crawled cautiously but determined on their bellies last Thursday night in an effort to "destroy" the dam at Munday's city lake, east of town. And a bunch who were just as determined were stationed to see that the dam was not damaged!

It was all just a part of the second maneuvers of the Texas Defense Guard. Company C was in action again, with Lieut. C. C. Jones and his first platoon defending the dam, Lieut. R. F. Horan and his second platoon making the attack.

To those who sat in cars to keep out of the rain, it didn't make much sense. By watching carefully, they could see men crawl cautiously in the woods of the golf course, then squat behind a tree to plan his next move. Then before you knew it, a rain-soaked figure, and perhaps several of them, were hunkered alongside the car... they had crawled down the ditch in wet grass, in an effort to reach their destination, which was the dam.

When a rush was made for the dam, white puff could be seen—the boys were in battle, using hand grenades. The grenades, however, were tiny bags of flour and because many of them got soaking wet, the grenades didn't explode with much effectiveness.

The purpose of the maneuvers was for the guard members to put into practice some military tactics in the field, and for observation. Each side used tactics as learned during recent practice periods. Although the maneuvers were termed successful, the boys all allowed as how they could do better next time, as they had learned more of how to do by doing it.

The rain soaked the maneuver area, and was confined mostly to that area and to the time of maneuvers... it stopped when maneuvers stopped.

And when it was all over, the boys, all soaking wet, muddy and chilled to the bone, partook of army mess at the picnic grounds of the city park.

Major J. M. McKnight, Jr., of Throckmorton, and members of his battalion staff paid Company C a surprise visit and witnessed the maneuvers. They commented very favorably on activities of the local unit.

Because of the condition of the boys' clothing, inspection was dispensed with, for Major McKnight didn't have to make close inspection to see the boys hadn't been to a tea party!

Young People's Conference To Be Held Here

The Northwest Texas young people's conference council will meet at the Methodist church in Munday, beginning next Sunday afternoon and continuing through Monday.

The council will be composed of conference officers, district and sub-district officers and district superintendents from Abilene, Vernon and Stamford districts.

A large group of young people is expected for this meeting, and a good period of fellowship and worship is expected.

Youth Activities Week
The young people of the local Methodist church are also sponsoring a "Youth Activities Week", and will be led in various activities by Rev. Ray Elliott of Abilene. All young people are invited to take part in the religious and fellowship meetings each day throughout next week, August 23 through 29.

COTTON PICK SACKS
College Station. Cotton bag manufacturers in Texas have informed the Texas USDA War Board that they can supply plenty of picking sacks made from cotton cloth. B. F. Vance, board chairman, has announced.

Vance said that shortages of cotton duck cloth for the manufacture of cotton pick sacks required a shaft to sacks made from Rosenburg, Texas mills, in answer to queries from the War Board, indicated they could supply as many of the Rosenburg sacks as needed.

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"—

OUR "FIFTH FREEDOM"

It takes critical times like these to make us realize what our American way if life really consists of and what it would mean if we lost it. A unique advertising campaign launched a few weeks ago shows the way the wind is blowing today. A well known food manufacturer took four pages in a home economics journal to sell home economics teachers, not his food, but free enterprise. It shows that this man, as do many others, considers the fate of our free enterprise system for more important than his own profit. To quote from his message:

"The American way of life is based on four fundamental principles: freedom of speech, freedom of religious belief, freedom of the press, and freedom to choose the form and personnel of government."

"These are the ideals of democracy. To make them work for the benefit of the people called for a fifth freedom—freedom of enterprise."

"From our very start as a nation this fifth freedom has been recognized as a vitalizer and nourisher of all we hold dear. It is the freedom that has built the best way of life ever known, on the best set of principles ever adopted."

"This fifth freedom was born of foresight, initiative and hard work. It has been sustained by fair competition, backed by skills developed through scientific and practical research."

"This freedom has built up the nation's outstanding industries which today defend our prosperity, which supply so large a part of the people's everyday needs and which give to millions of workers an equal opportunity to enjoy the benefits and blessings of liberty."

GETTING IN THE SCRAP

As the furnaces are roaring to produce more steel for tanks, planes and aircraft carriers, Uncle Sam's scrap pile is rapidly diminishing. The need for scrap and more scrap is becoming more and more urgent.

And Uncle Sam isn't the only one who is feeling this shortage. Hitler is also having trouble keeping Axis furnaces fed with scrap. But what a difference between his way and the American way of collecting scrap! Confiscation of all unused iron and steel in Germany has been ordered by the Fuehrer, with the campaign enforced by uniformed police under Heinrich Himmler, Gestapo chief.

We don't do things that way in this country. The War Production Board is organizing a vast scrap drive on a voluntary basis, and industry, through the American Industries Salvage Committee and other groups, is cooperating to assist the efforts of WPB. No, our industries don't need to have their scrap confiscated. They are eager to help!

A case in point is the "modern, efficient alloy steel plant," as dedicated by the War Production Board recently, which was built of used materials and contains equipment made solely from scrap material from three cities and two states.

Cost of the plant is said by the WPB to represent the "lowest capital investment per net ton of output during the emergency." Thus the scrap is now a "monument to American industrial initiative," said the WPB official at dedication ceremonies.

This is just one of many instances of industries that have gone all-out on their own initiative, digging up obsolete machinery, looking in every corner and even combing the sweepings from factory floors so that they might show Hitler who is really "in the scrap."

ALL MUST WORK TOGETHER

Some of the best informed commentators are now arguing that there must be revolutionary changes in the organization of the Government if the war effort is to be advanced with maximum speed and minimum delay. They point out that Washington red tape makes really quick and effective action impossible in many vital matters. On top of that, they say, some of the best men in the government must give too much of their time to questions of detail, instead of questions of war policy.

There is also a good deal of criticism of the military organizations themselves. The critics say that the Army, Navy and Air Forces still don't operate in complete harmony. Lack of cooperation between Army and Navy chiefs, it will be remembered, was one of the main reasons for the debacle at Pearl Harbor, according to the Roberts report. Since Pearl Harbor, considerable progress in the right direction has been made—but apparently a good deal more is necessary.

Waste paper provides one-third of the materials needed to make new paper.

THE MUNDAY TIMES

Published Every Thursday at Munday

Grady G. Roberts, Editor, Owner and Publisher
Aaron Edgar, News Editor
Harvey Lee, Foreman

Entered at the Postoffice in Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1879.
SUBSCRIPTION RATES

In second zone, per year \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

A merely fallen enemy may rise again; but the reconciled one is truly vanquished.
—Schiller.

NOT ENOUGH STEEL

Henry J. Kaiser, the famous shipbuilder, recently said that ship production has been hampered by a steel shortage. In Oregon yards alone, five more ships could have been delivered during a late 50-day period if more steel had been available.

Insufficient steel is also slowing the production of other basic war needs. And that is the compelling reason why every pound of steel should be conserved. Not one pound of steel should be used for any construction which is not immediately necessary.

The St. Lawrence power project and similar un-called-for political schemes are cases in point. If Congress should approve them, a gigantic quantity of steel would have to be diverted to their construction. Those projects would not come into service for four years and perhaps more. And in the meantime industries upon which our fighting forces depend for supplies now would have to do with less.

On top of that, the St. Lawrence and kindred enterprises would require an enormous amount of labor, much of it highly skilled. Paul McNutt has been pointing out that we are definitely on the verge of a manpower shortage in a number of basic war industries. The more labor we use on non-essentials, the less labor we will have available for essentials.

In any period, these experiments in state socialism are of a highly-debatable character. In this period, their construction would amount to criminal waste of our resources—materials, men and money alike.

We are fighting a war to save ourselves from the Hitler state socialism idea. Why plant more seeds of it here?

BE YOUR OWN FIREMAN

If civilian defense activity is to achieve maximum results, the prevention and control of fire must be stressed at all times. No one knows whether fire bombs will ever rain down from the skies upon our cities, towns, farms and industrial centers. If that does happen—and never forget that it can happen—the very life of this country may depend upon the efficiency of our fire fighters, both professional and volunteer. If it doesn't happen, a public which has been trained in the basic principles of fire prevention can be of inestimable service in reducing the vast toll of fires which occur "normally."

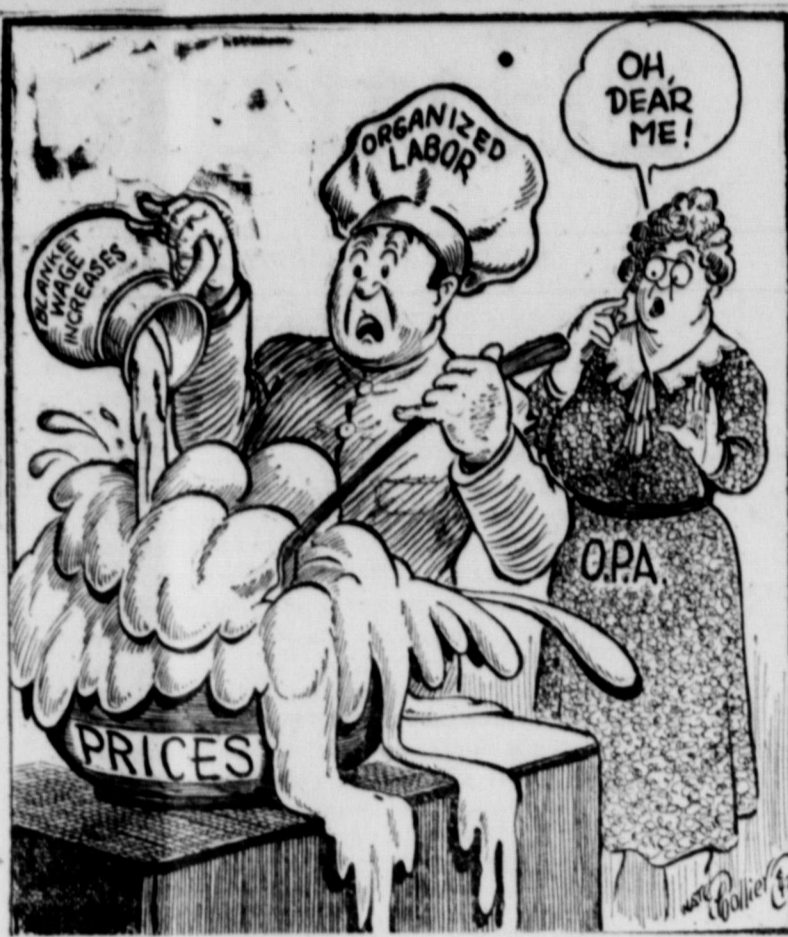

It has been said that many communities have relaxed their civilian defense fire training simply because they couldn't obtain as much fire-fighting equipment as they'd like to have. Any community which does that is asking for destruction. It would be very fine if every town could be supplied a once with all the apparatus it wants. But that is obviously impossible. And in the meantime, every community should be preparing volunteers to handle equipment when it comes—and to fight fire in other ways if it doesn't come.

It's just as important to extinguish a fire which starts from a faulty stove, as a fire which starts from an incendiary. And the most important thing of all is to eliminate the causes of fire. The average American home contains many grave hazards which its occupants never think of. The same thing is true of the average place of business. Improperly stored inflammable liquids, accumulations of paper, rags and odds and ends, poorly-maintained heating equipment—such hazards as these cause fires which take hundreds of lives and destroy tens of millions of dollars worth of property each year.

Let every American community, from the smallest to the largest, make up its mind that it will lick its own fire problem. It can be done—and it must be done.

In less than two years, one war material manufacturer has placed 3,800 subcontracts with 725 companies in 151 cities.

WHAT'S COOKIN'?

Gems Of Thought

FORGIVENESS

Persecution is the weakness of tyrants engendered by their fear—and love will cast it out. Continue steadfast in love and good works.—Mary Baker Eddy.

Though men should rend your heart, let them not embitter or harden it. We win by tenderness; we conquer by forgiveness.—F. W. Robertson.

A wise man will make haste to forgive, because he knows the full value of time and will not suffer it to pass away in unnecessary pain.—Rambler.

He who has not forgiven an enemy has not yet tasted one of the most sublime enjoyments of life.—Lavater.

Forgiveness ought to be like a canceled note—torn in two, and burned up, so that it can never be shown against one.—H. W. Beecher.

INTERESTING FACTS

Plastic-coated raincoats which will lighten an army private's pack by two pounds and save a vast amount of rubber, have been developed by a chemical manufacturer.

Production of steel in the first half of 1942 set a new high record of 42,570,247 net tons.

A modern bomber is composed of more than 40,000 individual parts and requires 360,000 rivets.

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: R. O. PEEVEY:

GREETING: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m., of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 14th day of September, A.D., 1942, at or before 10 o'clock A.M., before the Honorable District Court of Knox County, at the Court House in Benjamin, Texas.

Said plaintiff's petition was filed on the 29th day of July, 1942. The file number of said suit being No. 4261. The names of the parties in said suit are: Mrs. Ada Peevey as Plaintiff, and R. O. Peevey as Defendant.

The nature of said suit being substantially as follows, to wit: Being a suit for divorce, alleging cruel treatment as grounds therefor, praying for restoration of name, and alleging that there is no issue of such marriage and no community property, and praying for divorce and general relief.

Issued this the 30th day of July, 1942.
Given under my hand and seal of said Court, at office in Benjamin, Texas, this the 30th day of July, A.D., 1942.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

Austin, Tex.—Recommendations to pharmacists concerning the part they can play in National Defense have been released from the United States Office of Civilian Defense, according to Doctor Geo. W. Cox, State Health Officer, who is serving as State Chairman for Health and Emergency Medical Service.

The Office of Civilian Defense urges every pharmacist to register with the Chief of the Emergency Medical Service in his community, indicating what supplies he has available; register with the Transport Office of the local Defense Corps any delivery trucks available for emergency transport; register his pharmacy with his air raid warden, indicating the telephone and refuge facilities he has available.

Every pharmacist should place his services at the disposal of the local Defense Council for distributing literature and information on Civilian Defense; inform himself of the location and character of protection facilities in his neighborhood so that he can direct civilians to shelters, warden posts, casualty stations, and first aid posts; review and extend his own training in first aid and prepare himself to instruct his employees.

Large pharmacies should establish a first aid detachment among their employees which can be immediately available as a stretcher team to assist rescue squads. They should be equipped with a stretcher and with first aid supplies.

Doctor Cox pointed out that the office of Civilian Defense urged all pharmacists to keep their stocks of drugs, medical, surgical and sickroom supplies constantly replenished.

"Already thousands of pharmacists have inquired of this office how they can best serve in this emergency," Doctor Cox said. "Dean W. F. Gidley, of the University of Texas School of Pharmacy, together with other representatives of the pharmaceutical profession have indicated that their profession desires to serve in every way possible."

Farmers Sign For Wheat Insurance

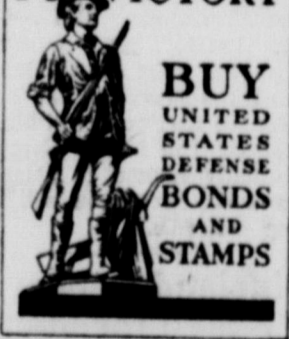

Although few growers in Knox County are collecting on their Federal all-risk wheat crop insurance this year, growers know that every year can't be a good year and are signing up now for insurance on their 1943 crops.

So far only 23 indemnity payments totaling 2731 bushels have been approved by the county AAA committee and forwarded to the Federal Crop Insurance Corporation, Mr. Schumacher, chairman of the Committee, announced. 123 contracts were in force on this year's crop in the county, insuring the production of 44,227 bushels.

"We're mighty glad to make a big crop this year," Mr. Schumacher said, "But at the same time we all realize that we can't make a good crop every year. Crop insurance is a guarantee that the insured grower will have an income in bad years as well as good."

Applications for insurance on the 1943 crop are now being taken at the county AAA office. Growers who want insurance must sign their applications either before August 31, whichever is earlier, or before the first day of the warplanes defending the British Isles are of United States origin.

FOR VICTORY

BUY UNITED STATES DEFENSE BONDS AND STAMPS

Not only for the money it provides our Government for war purposes—but also for the feeling it gives you—it is important that you buy Defense Savings Stamps and Bonds!

When you buy bonds and stamps, you are becoming more than just a passive citizen of the U.S.—You are an active participant in its great fight!

If you haven't bought, or can buy more bonds, do so today; you will be surprised how much better it will make you feel.

The First National Bank in Munday

Member Depositor's Insurance Corporation

A war material manufacturer has developed a maintenance unit to cope with breakdowns if factories are bombed. Its main purposes are to clear away debris and to act as a temporary unit to avert a stoppage of production.

In a recently perfected electrical hook-up, a neon tube can be mounted on the instrument panel of a plane to inform the pilot the instant any engine develops trouble.

MOHAIR BANS LIFTED

During the past week the War Production Board acted to allow unrestricted use of mohair by civilians. Amendment No. 1 to Wool Conservation Order M-73 as amended, releases mohair completely from restrictions of the order. Practically all of the nation's mohair comes from Texas. Present stocks amount to 19,000,000 pounds and an additional 8,000,000 pounds will shortly be shorn. Mohair's use in military goods has not developed as rapidly as anticipated.

SUGAR OUTLOOK GOOD

Provided the shipping outlook in the Caribbean does not take a radical turn for the worse, sugar rationing allotments to consumers at least equal to those issued at the beginning of rationing are in prospect for the first nine months of 1943, OPA announced. This program will require the distribution of 4,173,000 tons of sugar, and an additional 830,400 tons will have to be on hand to insure an adequate supply in all sections of the country.

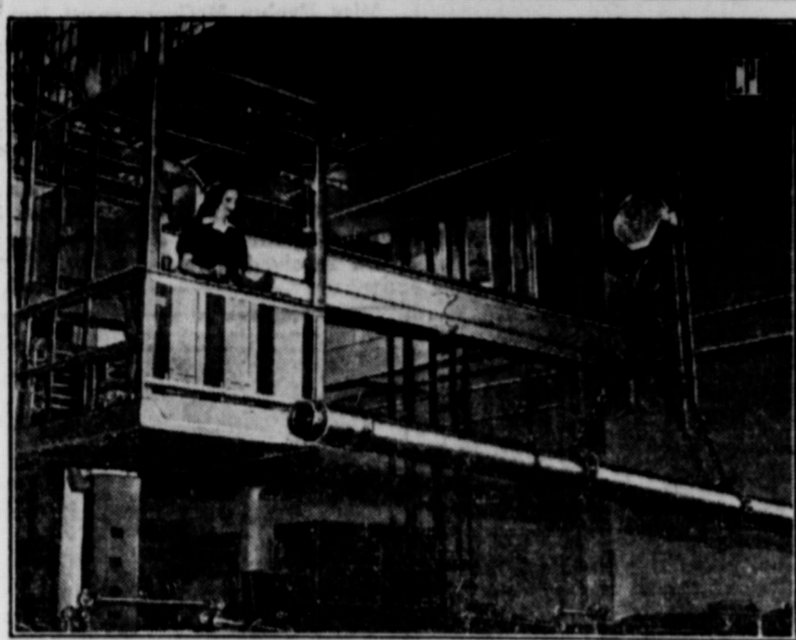

UTILITY CONSTRUCTION HALTED

At the request of the Secretary of War and in view of critical shortages of copper and steel which are affecting important parts of the war production program, WPB has halted further construction of electric power and light projects which it previously had allowed to proceed on the basis of 40 per cent completion on December 5, 1941. The action applies to both public and private utilities. Under the WPB order, no additions or expansions to electric systems are permitted except as specifically authorized by the Director General for Operations.

HOUSING AREA DESIGNATED

Eagle Pass, Tex., has been added to the list of defense housing critical areas by the War Production Board, thus making priorities aid available to build-

BEAUTY AND THE HOIST

Passed by Censor

A slender Canadian girl manipulates the switches controlling a crane that hoists a gun barrel casting weighing a couple of tons. Everywhere in the Canadian munitions industry girls are performing similar tasks releasing men for military service. The 37 inch anti-aircraft gun for which this

barrel is destined is the heaviest piece manufactured in Canada. Ranging from the smallest bullet to the largest bomb, from fuses to tanks, from safety pistols to field guns and depth charge throwers, the list of armaments coming off Canadian production lines reveals a growing diversity of industrial effort.

ers of war housing units in the district. Builders may obtain application forms and information relating to priorities assistance from their nearest FIRA office.

OIL ORDER RE-ISSUED

WPB has reissued preference rating order P-98, under which the oil industry obtains materials, without change, to remain in effect until September 15. At that time a new order supplanting P-98 probably will be ready for issuance. R. Eugene Risser, region WPB director at Dallas, was advised.

FUNERAL INDUSTRY PRICES CONTROLLED

Because funeral services are rendered incidental to and in connection with commodities, such as a casket, a vault, an urn, a burial garment and miscellaneous funeral merchandise or supplies, OPA's legal division has ruled that the funeral service industry is subject to provisions of the General Maximum Price Regula-

DRIED FRUITS "FROZEN"

An order "freezing" in packers' hands the entire 1942 production of dried apples, apricots, peaches, pears, prunes and raisin-type grapes, and the carryover from the 1941 crop, has been issued by WPB. The order was issued by WPB. The order was issued to make the dried fruit and lend-lease shipment. The supply not purchased by the government will be made available to civilians.

RENT CONTROL AREA ADDED

Designation of Norman, Okla., as a defense-rental area brings the total of such areas in that state to nine. In announcing the designation, Price Administrator Henderson recommended that rents be cut back and stabilized at levels of March 1 this year. The Norman area, which includes Cleveland and McClain counties, will be given 60 days in which to meet the Price Administrator's recommendation. Lawton is the only defense-rental area in Oklahoma in which OPA has invoked federal rent control thus far.

WAR CONSTRUCTION UP

Employment on war construction projects has increased nearly 45 per cent within the past three months, with a comparable decrease in employment on non-war construction projects, the Secretary of Labor reported. An additional increase of 200,000 persons in war construction work is anticipated before peak employment is reached in the third quarter of this year.

PRICE REPORT DUE

In the event that manufacturers of consumer goods and building materials offered new goods for sale between April 1 and August 1 this year, they must file a report with OPA by August 20, officials in the region OPA office at Dallas reminded. Specific methods for pricing new goods in the consumer goods and building materials categories are provided in OPA's maximum price regulation No. 188.

LUMBER SHORTAGE SEEN

WPB officials estimate that over-all lumber requirements this year for military war housing and essential civilian needs will exceed estimated production by 6,000,000 board feet. The temporary "freeze" order on some grades softwood construction lumber, issued by WPB some weeks ago, is expected to be replaced soon by a permanent order establishing a system of rigid control.

TRUCK CONSERVATION URGED

With the statement that America's present supply of trucks must last for the duration of the war, ODT Director Eastman appealed to the nation's housewives to aid in conservation by demanding fewer services from delivery trucks. "If housewives space their purchases so that fewer trips are necessary, carry their own packages wherever possible, and, finally, let those upon whom they depend for necessary delivery services know that they are anxious to cooperate in ODT's conservation program, they will be doing their country a real service in this emergency," Eastman said.

THE SUNSET GLOW

Editor-in-Chief Charles Wright
Associate Editor Bobby Matthews
Senior Reporter Glyndalin Frost
Junior Reporter Virginia Tankersley
Sophomore Reporter Mildred Yost
Freshman Reporter Barbara Jane Almanrode
Sponsor Mrs. Alice Partridge

Freshman Report

Here we are, humble Freshman. We are very glad to have Willie Mae Thompson in school after a long illness.

Our classes met last Friday and elected officers. They are as follows:
Margie Lowrey—President.
Willie Mae Thompson—Vice President.
Earleen Brewer—Secretary.
Barbara Jane Almanrode—Reporter.
F. A. Johnston—Parliamentarian.
Martha Louise Walker—Treasurer.

We are sorry that T. W. Hettle is ill and we wish him a speedy recovery.
Mrs. Partridge and Mr. Wilson are new here in High School, and we know we will like them very much.

Sophomore Report

The Sophomore class is ready to start a new term, which we know will be successful with our new sponsor, Mr. Wilson.

We are all glad that Wanda Sue Nelson an old class mate has come back to Sunset for the year.

We elected new class officers which are as follows:
President—Shirley Scott.
Vice-President—Billie Baubion.

VOLATILE OILS EXEMPTED

OPA has exempted sales and deliveries of volatile oils, sometimes called "essential oils," from the provisions of the General Maximum Price Regulation. These oils, of which peppermint and spearmint are the most important, are used in the manufacture of confections, pharmaceuticals and dentifrices, and are distilled on the farm by growers of the plants.

Secretary - Treasurer - Evelyn Moore.

Class Reporter—Mildred Yost.

The Junior students are back in their places ready for another year's work. We met last Friday and elected our officers for this year. They are as follows:
President—Billy Bob Burton.
Vice President—Wanda Sue Partridge.
Sec.-Treas.—Nelda Matthews.
Reporter—Virginia Tankersley.
Chairman of Entertainment Committee—Rosemary H. Hertz.
Helpers—Billy Bob Burton and Junior Redell.

We all hope that we will be a great success this year in order that we make good seniors next year.

Senior News

We Seniors have at last entered the home stretch, and are making preparations for our last year of school at Sunset High School. Last Friday in the Home Eco. room, we met and elected class officers. They are:
Harmon Sessions—President.
Garland Screws—Vice President.
Vernon Voss—Sec.-Treas.
Glyndalin Frost—Reporter.
Charles Wright—Editor in Chief.
Bobby Matthews—Associate Editor.

We are pleased to have a new sponsor, Mrs. Partridge, and are sure she will make a very capable one.
It seems to me that the boys might take slightly more interest in English class. It isn't so bad, really.

That wavy hair among the masculine element of the school is becoming too obvious to be real. That Coy's been working too hard this summer. One never sees her at Munday's night spots.

Mrs. Dave Eiland spent last Friday in Wichita Falls, visiting with her daughter Mrs. Geo. Martin, and Dr. Martin. Dr. and Mrs. Martin left last Saturday for Boston, Mass., where Dr. Martin has accepted employment in the Boston Physiatric Hospital.

Mr. and Mrs. Barton Carl of Goreau were business visitors here last Monday.

Miss Mary Catherine Parks of Anson is visiting with Miss Maxine Harrison this week.

Mr. and Mrs. W. R. Sanderson and Mrs. J. J. Sanderson of Knox City were business visitors here last Monday.

Sam Bird, Jr., of Weinert was a business visitor in town last Monday.

Mrs. Bess Porter of Rochester visited with friends here last Saturday. Miss Ruth Baker accompanied her home for several days visit.

Mrs. Deaton Green and children, Jean and Gary, and Miss Lorene Newsom visited with Mrs. Green's and Mrs. F. H. Newsom's parents, Mr. and Mrs. F. H. Newsom, in Wichita Falls the first of this week.

Mrs. W. M. Mayo visited with friends in Benjamin and Truscott last Sunday.

From where I sit...

by Joe Marsh

WHenever I hear about anybody having a big family I think of Dad and Ma Hoskins. The Hoskins' had thirteen children.

They weren't a bad bunch of kids, by and large—but it seemed one or the other of them would always be having a fuss with the neighbors, or would break a window playing baseball, or some other kid trick. Kept Dad and Ma mighty busy all the time.

One day Dad got a bright idea. He called the whole family together for a special meeting at the dinner table.

He told them he was tired of checking up on them all the time. He said he thought they were old enough now to check up on themselves. The older children would watch the younger ones. They would have meetings every so often and hand out rewards or punishments.

Well, it was a crazy idea but the kids liked it and they started behaving better than they ever had before. The idea worked and Dad finally did get a little time for himself.

I mention this story about Dad Hoskins because it's something like what I understand the beer industry is doing to regulate itself.

As I see it, most of the beer industry behaves itself perfectly all right...but every now and then, I guess, a retailer comes along who runs a place that isn't up to scratch...sort of like a wayward kid.

So like Dad Hoskins' family, the brewers and beer distributors have united together in an industry self-regulation program to help the proper authorities "clean up or close up" offending retail places.

The brewers, who want to protect beer's good name, cooperate wisely with the authorities who enforce the laws.

From where I sit, that's a fine thing for the brewers to do...particularly when you realize that after all they're really not responsible for retailing conditions.

Joe Marsh

JUNK

needed for War

In the barnyards and gullies of farms and in the basements and attics of homes is a lot of Junk which is doing no good where it is, but which is needed at once to help smash the Japs and Nazis.

Scrap iron and steel, for example. Even in peacetime, scrap provided about 50% of the raw material for steel. It may be rusty, old "scrap" to you, but it is actually refined steel—with most impurities removed, and can be quickly melted with new metal in the form of pig iron to produce highest quality steel for our war machines. The production of steel has gone up, up, UP, until today America is turning out as much steel as all the rest of the world combined. But unless at least 6,000,000 additional tons of scrap steel is uncovered promptly, the full rate of production cannot be attained or increased; the necessary tanks, guns and ships cannot be produced. The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber. Also for other waste materials and metals like brass, copper, zinc, lead and tin. The Junk which you collect is bought by industry from scrap dealers at established, government-controlled prices. Will you help? First—collect all of your waste material and pile it up. Then—sell it to a Junk dealer, give it to a charity, take it yourself to the nearest collection point, or get in touch with your Local Salvage Committee. If you live on a farm, consult your County War Board or your farm implement dealer. **Throw YOUR scrap into the fight!**

JUNK MAKES FIGHTING WEAPONS

One old disc will provide scrap steel needed for 210 semi-automatic light carbines.

One old plow will help make one hundred 75-mm. armor-piercing projectiles.

One useless old tire provides as much rubber as is used in 12 gas masks.

One old shovel will help make 4 hand grenades.

MATERIALS NEEDED

Scrap iron and steel.
Other metals of all kinds.
Old rubber.
Rags, Manila rope, burlap bags.
Waste Cooking Fats—When you get a pound or more, strain into a large tin can and sell to your meat dealer.
NEEDED ONLY IN CERTAIN LOCALITIES: Waste paper and tin cans—wanted only in certain areas, as announced locally. **NOT NEEDED** (at this time): Razor blades—glass.

Oliver Rister Is Honored at Dinner On Last Sunday

Oliver Rister who is to leave for the army was honored with a dinner Sunday, given in the home of Mrs. B. King, by relatives and friends.

Dinner was served picnic style to the following:

Mr. J. M. Rister and Dora of Goree; Mr. and Mrs. V. L. Edwards and son of Goree; Mr. and Mrs. Warren Rister and children of Goree.

Mr. Joe Weber of Goree; Pvt. Weldon Hobbs of Camp Bowie; Mr. and Mrs. W. A. Hobbs of Munday; Mr. and Mrs. J. H. Patton of Munday; Mr. and Mrs. B. King and family of Munday; Miss Ella Hobbs of Munday; Mrs. Ethel Neece of Poolville, Texas; Miss Nadine Lemley of Munday; Mr. and Mrs. W. S. Reeder and family of Merkel; Mrs. Effie Patton of Merkel; Mrs. Lula Jones and family of Munday; Mr. and Mrs. Joe Pierce and grand children of Munday; Mrs. J. B. Pollock and family of Munday; Mr. and Mrs. Austin Jones and baby of Wichita Falls; Mr. Ward Patton of Munday and Honoree Oliver Rister.

Louise Atkeison To Enter WAAC Training Camp

Miss Louise Atkeison, daughter of W. H. Atkeison, volunteered for the WAAC, and has been sworn in as an Auxillary. Miss Atkeison passed her physical and mental examinations last June at the Fort Sam Houston Hospital in San Antonio, when she was a candidate for Officers Training School.

Miss Atkeison is the first woman in Knox county to be accepted in the WAAC. She is a graduate of Munday High School, and has lived here all of her life, except for one year when she attended College in California. She has been employed at the First National Bank for the past seven years, and is now Assistant Cashier.

Miss Atkeison expects call to active service at any time. She will report to Fort Des Moines, Iowa.

Mr. and Mrs. John White of Wichita Falls visited relatives and friends here last Sunday.

Mrs. Cliff Moorman of Fort Sill, Okla., was here several days last week to visit her parents, Mr. and Mrs. Joe Tidwell, and other relatives and friends.

Mr. and Mrs. C. D. Hopkins and Mrs. C. R. Haymes of Stamford visited in the home of Mr. and Mrs. Lee Haymes last Sunday. Mrs. Haymes remained here for several days visit with her son and family.

Mr. and Mrs. John Martin of Wellington visited relatives and friends here several days last week.

CARD OF THANKS

We take this means of thanking each and everyone who were so kind and thoughtful to us during the short illness and in the death of our beloved wife and mother. We pray God's richest blessings on you all.

W. T. ANDERSON, and FAMILY.

Breakfast And Bridge Party Is Given On Tuesday

Misses Thelma and Louise Atkeison were hostesses at a delightful breakfast and bridge party at the Country Club last Tuesday morning at 9 o'clock.

The breakfast was centered with a lovely arrangement of roses. Roses and summer flowers were very attractively arranged in the club room.

After breakfast was served, guests enjoyed games of bridge. In the games, Mrs. W. M. Huskinson held high score honors.

Those enjoying the affair were: Mrs. Barton Carl of Goree; Mrs. Grady Roberts, Mrs. Wade Mahan, Mrs. W. M. Huskinson, Mrs. Carl Jungman, Mrs. Agnes Mayes, Mrs. Dorse Rogers, Mrs. Sebern Jones and the hostess.

Hefner H.-D. Club Meets On Tuesday With Mrs. Jones

Members of the Hefner home demonstration club met last Tuesday in the home of Mrs. E. J. Jones, with Mrs. George Weber presiding.

After the regular business session, a lesson on first aid was given by Mrs. Barton Carl of Goree. Plans were made to attend the annual Haskell-Knox county encampment of women's clubs, to be held at the city park, near Munday, on August 27 and 28.

Refreshments were served to 14 members and four visitors during the social hour.

HEFNER NEWS

The fine rain the first of this week settled the weather, and it is much cooler.

The Methodist meeting closed Sunday night. The church was greatly revived during this meeting.

Miss Wynel Barnett and Miss Betty Joe Barnett spent the week end in Abilene with relatives and friends.

Mrs. Willis Worley and children of Houston were guests of Mr. and Mrs. Marion Jones the past few days.

Mrs. Overton is visiting her son at Canadian, who was on the sick list.

Miss Edith Atkinson has returned from a visit with relatives at Southland and Plainview.

Roy Jones has returned home from South Bend for a few days.

Hortense and Julia Ann Marlow spent a few days with Gloria Murdock.

Betty Jean Jones is spending this week with relatives and friends at Bomarton.

Calvin Bates and Miss Billie Jo Crouch were united in marriage at Lawton, Okla., on August 15th and will be at home in the Hefner community, north of Goree. Their many friends extend best wishes for a long and happy wedded life.

Mrs. C. F. Woodall left last Thursday for Meridian, Miss., to visit her husband, Lieut. Woodall, who has been transferred to the 56th. Bomber Sqd., at Key Field. Lieut. Woodall has been attending Officers Candidate school in Miami, Fla. Mrs. Woodall is the daughter of Mr. and Mrs. Frank Trammell of Munday.

Buffalo Herd Halts Train Near Crowell

CROWELL, Texas. — It was just like old frontier days, Santa Fe railroad men reported Tuesday, when a herd of buffalo stampeded along the right of way as their passenger train roared through the country some miles east of Crowell.

Passengers rubbed their eyes at the rare sight, Conductor John Davenport said. H. R. McKee, Santa Fe superintendent, said the last time buffalo blocked the right of way was 25 years ago when a wild herd halted traffic near Onawa, N. M.

The herd near Crowell was rounded up by section hands after it was discovered the animals, semi-wild, had escaped from the ranch of Dr. J. M. Hill.

H. A. PENDLETON, JR. TO ENTER SERVICE

H. A. Pendleton, Jr., of Wichita Falls, son of Mr. and Mrs. H. A. Pendleton of Munday, has received his commission in the U. S. Army and was notified last Tuesday to report for duty at Camp Tyson, Tenn., on Saturday, Aug. 22. All three of the Pendleton boys are now in the service.

EYES SHIELDED

The pretty eyes of Alma Lizotte, dedicated to Canada's industrial war effort, are well guarded from the steel turnings flying off this machine on which she fashions parts for aircraft instruments. Safety devices are compulsory.

JOHN WIGGINS DUMPS BIG HUNK OF IRON INTO U. S. MELTING POT

John Wiggins, former banker at Peaster, this week dumped a big hunk of iron into Uncle Sam's melting pot when he notified the county commissioners' court that it might have for the scrap iron collection the big iron safe used by Mr. Wiggins for many years at the Peaster State Bank. The safe weighs in the neighborhood of 6000 pounds. It has not been used since the bank was liquidated three years ago. Mr. Wiggins now being engaged in the banking business at Munday, Texas.—Weatherford Weekly Herald.

Mr. and Mrs. R. E. Phillips left Wednesday for their home in Farmersville, after a visit here with Mr. and Mrs. H. A. Pendleton. Mrs. Phillips is Mrs. Pendleton's sister.

LIEUT. WALTER RICE PROMOTED TO CAPTAIN

Word has been received here that Walter Rice, former Knox county agent, has been promoted from first lieutenant to captain. Capt. Rice entered the service from this county, reporting at Fort Sam Houston. He was later transferred to Camp Blanding, Fla., and is now stationed at Camp Shelby, Miss. He is serving in the field artillery.

BILL BILLINGSLEYS PARENTS OF BOY

Mr. and Mrs. Bill Billingsley are the parents of a boy, Gary Frederick, who weighed seven and one-half pounds when he arrived at the Knox county hospital at twelve o'clock last Sunday. Bill came in Sunday from Camp Blanding, Fla., for a visit with his wife and little son. Mother and son are reported doing nicely.

Mrs. J. J. Keel and daughter, Miss Leona Keel, are in Lubbock this week visiting in the home of Mr. and Mrs. A. D. McDonald.

Mrs. Grady Roberts visited with relatives in Haskell the latter part of last week.

Miss Iva Dell McCannies of Austin visited in the home of Mr. and Mrs. Grady Roberts over the week end. She was on return to Austin after spending her vacation with her parents, Mr. and Mrs. J. A. McCannies of Benjamin.

Lloyd Walker of Munday, who is now in the armed service, has been promoted to the rank of corporal technician, according to word received here.

Mr. and Mrs. Austin Jones and baby spent the week end visiting friends and relatives.

Senior Report
One week of school is finished, and we have come to the conclusion that it isn't as bad as we had expected. Although last Monday was rather "blue," we came through with our eyes open. We find bookkeeping to be rather interesting and hope to gain a lot by taking this subject. We Wonder Why? ? ? Calvin is saying "Hi Beautiful," and sweet sixteen. Yes, Calvin, we do wonder. Mildred likes intermissions. Urban liked Fort Worth. How about that, Urban? Weldon seems so satisfied. Oh, I see, you don't have to walk as far now do you? Elsie and Helen are always laughing. Come on, Elsie, what's the joke? Kenneth isn't heard singing: "Somebody Else is Taking My Place anymore. Don't let them fool you, Kenneth."

Junior Report
Since this is our first and only year in typing, we will try our best to make it a success. Albert quit school, so now there are only three left in our class. We hope these three will remain until graduation. We have learned one main fact in geometry: "A statement is no good without proof." Geometry is one subject that is ninety-nine per cent thinking. You wouldn't get very far in this subject without thinking, for you can't guess the answers. **Sophomore Report**
The new teacher is liked more every day by all students. She changes her mind very rapidly. The nicknames of the girls are: Cleo—Egg. Rose Marie—Dogie. Rose Mary—Hans. Magdlen—Tootsie. Madelene—Buddy. Ruth—Ruffins. Alvin and Charles are changing desks very rapidly. So is Harold and Madelene. Before long Alvin and Charles will have sat in every desk in room II. **Freshman News**
We are all very busy studying. Last Tuesday we performed an experiment in general science. In history we are studying about Pre-Greek Civilization. This has

proved to be very interesting. In English we have been writing a lot of stories. We like math especially well. We all like Miss Tschalpe just fine. We think she will make us an excellent teacher. Anyway, she has so far. **Report of Room III**
The pupils of Room III were very anxious to get their new health books. We are doing just fine in them. We also think that geography is very interesting, even if John Ed and Herbert had to copy theirs over. We Wonder Why? Miss Himmels thinks we're such a good class. Adelaide likes to go visiting nine miles east of Goree. Betty Lou enjoyed the show so much the other night. Mattie Jane couldn't get her arithmetic Friday. Eddie grumbles so much. Herman gets so excited when he has to go to the board. John Ed isn't sitting with his classmates. Herbert doesn't like school. Donald would rather drive a tractor than go to school.

COLLEGE STATION, TEXAS
Texas cotton farmers will receive loans at 85 percent of parity on this year's crop. Rates on 15-16 inch middling cotton, net weight, vary from 16.61 cents in the El Paso valley to 16.82 in East Texas and back to 16.77 in the central Texas area. P. C. Colgin, state AAA commodity loan specialist, has announced. Loan rates throughout the state will vary, he explained, because of location and freight rates. As in previous years, premiums and discounts for grade and staple in the 1942 program will be calculated in relation to the loan rate on 15-16 inch middling cotton. The average loan rate on 7-8 inch middling cotton, gross weight is 16.02 cents per pound while the net weight loan rate is 70 points higher to compensate for the lesser number of pounds on which the loan is extended. Loan rate for middling 15-16 cotton is 20 points above the basic loan rate for 7-8 inch middling cotton, the average price being 16.92 cents, net weight. Notes will bear interest at the rate of 3 percent per annum and will mature July 31, 1943 but will be callable on demand. Loans will be available until May 31, 1943. Full loan rates will be available to AAA cooperators while noncooperators may receive loans at 60 percent of the full rate on that part of their cotton subject to penalty, Colgin said.

Mrs. Lillie Mae Daughtrey of Seymour was a business visitor in town last Tuesday. Mrs. Daughtrey is home supervisor for the Farm Security Administration.

CANADA CREATES A GIANT NEW INDUSTRY

KEEPING pace with the giant strides of progress in Canada's munitions program is the comparatively new industry which overhauls and repairs the wartime aircraft of the Dominion. The mechanics in the above photograph are shown working on an airplane engine in one of 14 factories in Canada devoted to this work. Altogether 74 plants are overhauling airframes, air screws, instruments, tires, tubes and every part of fighting and training aircraft. The increased expenditure in this program from \$25,000,000 in 1941 to \$100,000,000 in 1942 reflects the speed of its growth. In 1941 Canada had in use 5,000 planes for training and coastal defense, while this year the figure has been doubled. The 5,000 men and women who were employed in repair last year have in 1942 been expanded to 20,000. Government expenditure in capital assistance to repair and overhaul factories is \$12,000,000.

At The Churches

AT THE METHODIST CHURCH

Luther Kirk
Glad to be home folks. We had a good meeting and enjoyed it very much. I notice that our attendance was a little light last Sunday, but I am hoping you will help to make it much better next Sunday. Let's pep things up a bit. Let's have a rally, let's every fellow do his part and watch things grow. Can we depend on you? We are on the home stretch now as we are in the last months of the conference year. Let's make our lives, time and talent count for God. We will be looking for you Sunday at 10 a. m., 11 a. m., and 7:15 p. m. Don't disappoint us.

MAKING RUBBER LAST

COLLEGE STATION—Now that this nation's enemies control 90 percent of the world's area where rubber can be produced, the current shortage is far worse than many people think. Louise Bryant, specialist in home management, explains that "our biggest stock of rubber is in tires on the country's roads and highways," so taking care of tires is one of the best ways of prolonging the rubber supply. "When you drive," she says, "hold your speed under 40 miles an hour, turn curves slowly, and look out for bumps, holes, and curbs." It pays, too, to start and stop the car slowly. Garage attendants can help keep the wheels in line and see that the brakes are properly adjusted. They can assist also in keeping the correct amount of air in the tires, repairing the tires properly and checking the valves often. One way to prolong the life of a set of tires is to put the rear tires on the opposite front wheels every 5,000 miles. The spare should be rotated too, if it's in good condition. Aside for these tips, the specialist urges car owners to use their cars as little as possible, plan their shopping and marketing to save rubber and to "share and swap" rides and hauls with their neighbors. Her last reminder is: "Take all your scrap rubber to salvage stations. Remember, it takes rubber from 150 automobile tires to furnish a 28-ton tank."

NOTICE

Rev. Norman Dollar will preach at the Fundamental Baptist church at Goree Saturday evening at 9:00 p. m. and Sunday at 11:00 a. m.

DUDE COFFMAN ENTERS INTO CIVIL SERVICE

Dude Coffman, well known Goree man, left last Friday for Fort Bliss, Texas, where he has accepted a civil service appointment as a radio engineer. When leaving, Dude remarked that he guessed he was about the last amateur radio operator left in the county. Mrs. Coffman and little son will join him at Fort Bliss in about two weeks.

TROY HARRELL IS PROMOTED TO CORPORAL

Troy Harrell, son of Mr. and Mrs. C. H. Harrell of Munday, was recently promoted to the rank of corporal, his parents have been notified. Troy is now on maneuvers in Louisiana, and prior to going to Louisiana was stationed at Biggs Field, Texas.

Randall Brannon of Galveston spent last week in Munday visiting with Mrs. Emily Carden and family, and with other friends.

Mr. and Mrs. Joel Massey and children were visitors in Wichita Falls last Monday.

WANT ADS

WANTED—Old bicycles and bicycle parts. Will pay the highest possible prices. Western Auto Associated Store, Munday. 4-17.

FOR SALE
My entire dairy herd and equipment. 1 palmino stallion, 1 palmino colt, 1 year old, 1 palmino mare and colt, 1937 plymouthe coupe. Going to work for Uncle Sam. Grady Thornton. 8-24.

NOTICE

The Munday Laundry, owned and operated by Mr. and Mrs. W. R. Rogers, have announced that they will be unable to finish any work except flat work, as they are not able to secure enough help.

"We appreciate your business of the past, and will continue to do your wet wash, dry wash and finish the flat work," Mr. Rogers said.

rank of Sergeant the first of August. James is with the Military Police, stationed in San Antonio, and writes his mother that he is planning to bring his bride home for a visit as soon as possible.

Ura W. Wilson has been called to report for duty in the U. S. Navy. He will leave on Aug. 25th. Ura is the son of Mrs. Bertie Wilson of Munday.

Mrs. Homer Worley of Rochester is spending this week with Bob and Leo Guffey and families. Mrs. Worley is the former Miss Ila Dean Guffey.

Distribution of 2,467,000 lbs. of poison checked the grasshopper menace to success of the Food for Freedom drive in Hockley County. H. D. Pool, county agricultural agent, says few farmers in

the county failed to put out bait from one to six times with effective results.

If there's a surplus of jeeps when the war is over, the 1942 "bottle buggies" may find wide use on U. S. farms. Tests now being made show the jeep has "great post-war possibilities," though its low gear is "too fast for plowing and its chassis too low for now-crop harvesting."

In May, 14th month of production, one company was 93 per cent over its original schedule of machine gun output for that month.

Susie Lee Steiner and her two sisters, all members of the Whitley 55 4-H Club in Cooke County, recently contributed 50 pounds of rubber and \$15 worth of scrap iron to the national scrap harvest.

All Texas Needs
Beauford JESTER
of Navarro County
RAILROAD COMMISSIONER

Now, of all times, experience and qualifications are of utmost importance in filling the vacancy on the Railroad Commission of Texas... The Commission which is charged with regulation of oil production and with regulation of transportation is doing Texas' biggest war job... Proper regulatory measures for these industries are as essential to the national effort as the production of Guns, Planes and Tanks... Beauford Jester is qualified by experience and education and nature to fill the requirements of this important war-time agency... These are the reasons.

1. Fought for you in World War I in the trenches of France.
2. Served you as a member of the Board of Regents of the University of Texas.
3. Believes we should prepare now to take care of our fighting men when the war is won.
4. Is acquainted with legal and business problems of Commission, equipped by 22 years of law practice in oil field work.
5. Endorsed by independent oil men in Houston, Corpus Christi, Corsicana and throughout East Texas.
6. Believes the Railroad Commission should protect the consumer's interests, which he recognizes and will defend.

1. Believes in an "open door" policy for all commission hearings.

Mrs. H. C. Bradley and daughter, Mrs. Rescoe Cranfill and little daughter, Rea, have returned home from a two weeks visit with relatives in Fort Worth. They also attended the family reunion of the Bradley family at Ballinger.

Mrs. Carl Jones of Artesia, N. M. is visiting her brother and family, Mr. and Mrs. Homer Howard, and with other relatives.

Miss Frank Madole and Miss Margaret Gaston of Dallas were week end visitors in the home of Ross Frank's mother, Mrs. Maggie Madole and with Dr. and Mrs. W. M. Taylor.

Mr. and Mrs. Earl Claburn and daughter of Knox City spent last Sunday in the home of their parents, Mr. and Mrs. S. M. Claburn.

G. C. Brackett and Donald Blackstock of Weimert were visitors last week in the home of their uncle and aunt, Mr. and Mrs. W. O. Lewis.

Pvt. Demmitt Hutchins of Sheppard Field spent the week end in the home of his parents, Mr. and

Mrs. E. W. Hutchins.

Doris Ruth Stevenson is visiting relatives in Munday this week.

Mr. and Mrs. Cherry Moore moved to Fort Worth last week, where Cherry will be employed in defense work.

Zoe Moore is here for a visit with her parents and with other relatives and friends.

Mrs. Roy Perdue went to Fort Worth last Friday to spend several days visiting her husband, who is employed in defense work.

Mr. and Mrs. Sam Hampton and family visited in San Angelo the past week in the home of Mrs. Hampton's sister and family, Mr. and Mrs. Felton T. Jones. Naomi remained with them for a two weeks visit.

Mrs. Lester Ford of Pittsburg, Pa., was a week end visitor in the home of Mr. and Mrs. E. A. Ford.

Mr. and Mrs. J. H. Lowder were visitors in the home of Mr. and Mrs. Sam Hampton the past week.

Carl Lane of Camp Barkley was a week end visitor with relatives

here.

Mr. and Mrs. J. H. Bilbrey have returned from a trip to Stovall Wells, and report a very pleasant vacation. They attended the family reunion of Mrs. Bilbrey's family in Henrietta. There were four sisters and four brothers present.

J. D. Key of Olney is here for a visit with his daughter and family, Mr. and Mrs. J. M. Watson. Mrs. Ethel Cawthorn and son of Graham were also visitors in the Watson home.

Troy Moore left the past week for Fort Worth where he will be employed in defense work.

Mr. and Mrs. Roy Lane have returned from a two weeks visit with relatives at Cooper.

Miss Thena Mae Hutchins of Chillicothe, Mo., is here for a visit with her parents, Mr. and Mrs. Rado Hutchins. Miss Hutchins has completed a business course and accepted a position in Alton, Ill.

Rev. S. E. Stevenson is conducting a revival meeting at Brock and reports a very good attendance.

Miss Janette Reagan of Bomarton spent last week in the home of her uncle and aunt, Mr. and Mrs. Hill Swain.

Jim Reeves of Sheppard Field spent the week end here visiting his parents, Mr. and Mrs. Victor Reeves and with his grandparents, Mr. and Mrs. W. S. Heard.

Reginald Harlan of Boise, Idaho, son of Mr. and Mrs. J. H. Harlan of Littlefield, was a visitor here last week with his grandparents, Mr. and Mrs. Bud Coffman. Reginald received basic training at Boise and is being transferred to California for special training in the Air Corps. Mrs. Harlan accompanied her son here for a visit with relatives.

John Lee Smith Led Field by 36,000

Senator John Lee Smith, candidate for Lieutenant Governor, led the field in first primary by 36,000 votes. He carried his own Senatorial District by a vote of 33,780 to 1881—He carried 79 counties in West Texas, 25 counties in East Texas, 20 counties in South Texas, 6 counties in North Texas. Total 130 counties out 254.

He led his opponent in 172 counties and in Kimble County, the home of Governor Stevenson, by more than two to one.

Senator Smith especially solicits the active support of all those who voted for other candidates not in run-off.

JOHN LEE SMITH FOR LIEUTENANT GOVERNOR

men. Likewise, it showed him how American soldiers fight through when they get the supplies and support they need on schedule and in sufficient quantities.

Jester this week reiterated his first campaign pledge when he entered the race, that he would turn the full energies of the railroad commission to pushing the war program. "There is nothing more important to our war effort than the production of oil and the maintenance of transportation," he declared. "I shall do all within my power to see that nothing stands in the way of the proper functioning of these two great industries in the interest of our war effort."

He again called attention to his platform plank for farmers, written in the interest of a group whose problems he knows because of his own participation. "The farmers and ranchers of this state," Jester declared, "deserve a transportation system which is capable of moving their heavy wartime production to markets on schedule and at a reasonable rate. I know the problems of these men and I shall vote to give them the best truck, bus and train service for their goods that we can get."

Mrs. Ben Guinn and daughter, Elizabeth Turner spent last week end visiting in the home of Mr. and Mrs. Jim McDonald in Wichita Falls. They were accompanied home by Mrs. Vincent Lane, who went on to Knox City to visit her parents. The Lane's little son has been in Knox City several days visiting his grandparents.

Mr. and Mrs. Wade Mahan and daughter, Susan Cleo, and Miss Elizabeth Turner spent last week end visiting in the home of Mr. and Mrs. Jim McDonald in Wichita Falls. They were accompanied home by Mrs. Vincent Lane, who went on to Knox City to visit her parents. The Lane's little son has been in Knox City several days visiting his grandparents.

Mr. and Mrs. Jimmie Silman and George Salem went to Dallas last Sunday to buy merchandise for their stores. They returned home Wednesday.

Ray Chamberlain of Amarillo spent the week end here with his mother, Mrs. Charity Bunts, and with other relatives. Mrs. Bunts accompanied him to Amarillo last Monday, and spent several days there visiting with friends.

BIRTH ANNOUNCEMENT

Mr. and Mrs. G. B. McAda are the parents of a boy, born last Monday at the Knox county hospital. Both mother and son are reported doing nicely.

Misses Jerry and Jo Ann Chamberlain returned home Wednesday from Abilene where they had spent several days visiting in the home of Mr. and Mrs. Carl Mahan.

Don Ferris of Seymour was a business visitor here last Tuesday. He was enroute to Knox City to meet Mrs. Ferris, who returned home after a week's visit with her parents, Mr. and Mrs. C. E. Binnion of Sweetwater, and other relatives there.

Dewey King and family of Everton, Ark., have returned home after a week's visit here with Mr. and Mrs. P. C. Phillips, and with other relatives and friends.

Texas Constitutional Amendments

H. J. R. No. 1 A JOINT RESOLUTION

proposing an amendment to Article III of the Constitution of the State of Texas by adding a new section thereto to be known as Section 49a, requiring all bills passed by the Legislature on and after January 1, 1945, appropriating money for any purpose, to be sent to the Comptroller of Public Accounts for his approval, and fixing the duties of the Comptroller with reference thereto; authorizing the Legislature to provide for the issuance, sale and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by the General Revenue Fund on September 1, 1943; providing for the submission of this amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof; and providing for the necessary appropriation to defray necessary expenses for the submission of this amendment.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto, immediately after Section 49, a section to be known as Section 49a, to read as follows:

"Section 49a. It shall be the duty of the Comptroller of Public Accounts in advance of each regular session of the Legislature to prepare and submit to the Governor and to the Legislature upon its convening a statement under oath showing fully the financial condition of the State Treasury at the close of the last fiscal period and an estimate of the probable receipts and disbursements for the then current fiscal year. There shall also be contained in said statement an itemized estimate of the anticipated revenue based on the laws then in effect that will be received by and for the State from all sources showing the fund accounts to be credited during the succeeding biennium and said statement shall contain such other information as may be required by law. Supplemental statements shall be submitted at any Special Session of the Legislature and at such other times as may be necessary to show probable changes.

"From and after January 1, 1945, save in the case of emergency and imperative public necessity and with a four-fifths vote of the total membership of each House, no appropriation in excess of the cash and anticipated revenue of the funds from which such appropriation is to be made shall be valid. From and after January 1, 1945, no bill containing an appropriation shall be considered as passed or be sent to the Governor for consideration until and unless the Comptroller of Public Accounts endorses his certificate thereon showing that the amount appropriated is within the amount estimated to be available in the affected funds. When the Comptroller finds an appropriation bill exceeds the estimated revenue he shall endorse such findings thereon and return to the House in which same originated. Such information shall be immediately made known to both the House of Representatives and the Senate and the necessary steps shall be taken to bring such appropriation to within the revenue, either by providing additional revenue or reducing the appropriation.

"For the purpose of financing the outstanding obligations of the General Revenue Fund of the State and placing its current accounts on a cash basis the Legislature of the State of Texas is hereby authorized to provide for the issuance, sale, and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by said fund on September 1, 1943, provided such bonds shall not draw interest in excess of two (2) per cent per annum and shall mature within twenty (20) years from date."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State of Texas, at the next general election to be held on the first Tuesday after the first Monday in November, 1942, being November 3, 1942, at which election all voters favoring said proposed amendment shall write or have printed on their ballots, the words:

"For the Amendment to the Constitution of the State of Texas, requiring appropriation bills passed by the Legislature to be presented to and certified by the Com-

troller of Public Accounts as to available funds for payment thereof, limiting appropriations to the total of such available funds, providing for issuance of bonds to pay off State obligations outstanding September 1, 1943, and fixing the duties of the Legislature and Comptroller of Public Accounts with reference thereto."

Those opposing said proposed Amendment shall write or have printed on their ballots, the words:

"Against the Amendment to the Constitution of the State of Texas, requiring appropriation bills passed by the Legislature to be presented to and certified by the Comptroller of Public Accounts as to available funds for payment thereof, limiting appropriations to the total of such available funds, providing for issuance of bonds to pay off State obligations outstanding September 1, 1943, and fixing the duties of the Legislature and Comptroller of Public Accounts with reference thereto."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Sec. 4. The sum of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of said publication and election.

more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Those voters opposing said Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Sec. 4. The sum of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of said publication and election.

S. J. R. No. 20 A JOINT RESOLUTION proposing an amendment to the Constitution of the State of Texas by amending Section 33 of Article 16, of the Constitution of Texas so as to permit the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33, of Article 16, of the Constitution of the State of Texas, be amended so as to read as follows:

"Section 33. The accounting officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person, for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust or profit, under this State or the United States, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard of Texas, the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, nor to retired officers of the United States Army, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Navy and Marine Corps, nor to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the third day of November, 1942, at which all ballots shall have printed thereon:

"For the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

"Against the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Each voter shall scratch out one of said clauses on the ballots, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by the Constitution and laws of this State, and the sum of Five Thousand (\$5,000) Dollars, or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury, not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election.

"For the Amendment to the Constitution of the State of Texas, authorizing the investment of not

more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Those voters opposing said Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution of the State of Texas authorizing the investment of not

GIN WITH US!

WE KNOW IT WILL BE TO YOUR ADVANTAGE AND WE INVITE YOU TO GIVE US A TRIAL!

Our gin plant has been completely overhauled, and in it you will find the latest improved cotton cleaning and ginning machinery, time-tested to fit the needs of this particular section in all kinds of weather.

WE BUY COTTON

... But if you do not wish to sell at the time you gin with us, we help you in preparing your papers for the government loan.

We have one of the most up-to-date and complete ginning plants to be found anywhere in West Texas. In keeping with the improved program for cotton, we regularly install new machinery which assures our customers protection of their cotton staple.

OUR LUMUS THERMO-DRYER WILL IMPROVE THE GRADE OF YOUR COTTON, and WILL PROTECT THE STAPLE!

Through our years of ginning experience, we offer you every service possible to render with an up-to-date gin.

We invite you to gin with us, and get the grade and staple protection our modern gin will give you.

We are now building additional warehouses for your convenience in storing your cotton.

Jester's Campaign For Rail Commission Hits High Speed

CORSICANA, Aug.—Predicting victory because of general approval of his win-the-war program for the Texas Railroad Commission, Beauford Jester this week swept through the final phase of his first campaign for public office.

The Corsicana lawyer and farmer whose friends term him, "a war veteran for a war job," declared he is daily receiving word of support from all sections which indicate he will lead the balloting by a wide margin Saturday.

Jester's service at the front in the first World War has attracted the attention of most Texans, since this gave him a first-hand view of the needs of fighting

I GIVE YOU TEXAS

by BOYCE HOUSE

Hollywood notes (new three years in the past):
Luncheon with George Sidney, director of "Our Gang" comedies and your scribe could hardly eat his luncheon for looking around at James Stewart and Judy Garland and other stars.
A visit through the studios and meeting Ann Rutherford, Lucille Ball, and Eddie Cantor again (met him during the Fort Worth Casa Manana in 1939). . . . Dinner with John Lee Mahin, noted script-writer, and with the lovely Mrs. Mahin, in a gypsy cafe and the violinist (in satin, blousy sleeves and knee pants) came to our table and played something soft and old-worldish. . . . Luncheon at other times in the drug store near the studio, surrounded by "extras" who didn't have time to change costumes and so there was a Southern belle, in hoop-skirts, smoking a cigaret; and a pirate, bandana around his head and a black patch over one eye, eating spaghetti, and Daniel Boone in buckskin set his rifle in the corner in order to play the marble board.

My grandpa used to insist that instead of the population of the world being on the increase, it's just the other way around. "Take any man," Grandpa said, "and he had two parents and they had two parents each, or a total of four; and those four parents had eight and carry it back just 12 generations and that one man had 2,048 ancestors living at one time; and the further back you go, the higher the number of kin-folks. Multiply that one man by the billion and a half in the world today and the population must have been up in the trillions and quadrillions at one

time."
Maybe Grandpa was spooking us grandchildren.
There once was a maiden of Siam,
Who said to her lover, young Kiam,
"If you kiss me, of course
You will have to use force—
But gracious knows you're
stronger than I am."

Says Homer Price in the Marshall News-Messenger:
A Kansas editor assigned a new reporter to write up a fashionable wedding that was to come off in one of the fine churches and told him to report it just like he saw it. He was told the high contracting parties were the "upper ten" and he must spread it on thick but confine himself to facts. Here is the way the copy was turned in:

"It was a wonderful wedding. The girl was as sweet as any girl who ever lived, but modern. As she walked up the aisle on her father's arm, her lips lightly tilted at the corners with a happy smile, she was a picture of modest beauty. Her family wedding gown had gossamer veil floated around her fair blonde head like a halo. She was as nearly an angel as girls get to be in this world. At the altar as she passed from her father, the man she had always loved, to the other man to whom she would devote the rest of her life, her dainty slipper touched a potted lily resting on the floor and turned it over. Smiling again, she turned to the dear old pastor waiting at the channel, and said, 'That was a h— of a place to put a lily.'"

NATIONAL SCRAP HARVEST
Another vital crop has been added to the list of important war-crops on Texas farms this year—all kinds of scrap.
County USDA War Boards are working closely with county salvage committees in the drive to gather all the scrap on Texas farms this year. B. F. Vance, chairman of the Texas USDA War Board, has announced.

"County boards have been carrying on the scrap collection campaigns for some time," Vance said "and their experience will prove valuable in the concerted, continuous drive which must be carried on from now till the last shot is fired."

America's steel mills need huge supplies of scrap iron and steel in order to operate at maximum capacity. In addition, the national salvage campaign will continue to collect scrap rubber.

County USDA war boards are charged with the responsibility of reaching all farm people in the salvage campaign. Vance pointed out in his letter to the boards. They will work with county salvage committees, farm equipment dealers, rubber dealers, WPA and other groups directly connected with the campaign.

Mr. and Mrs. M. L. Barnard returned home last Friday night from a two weeks visit with relatives in Fort Smith, Ark.

Mr. and Mrs. Ray Howard of Midland spent the week end here, visiting with Mrs. Howard's mother, Mrs. Ben Guinn, and with other relatives and friends.

County Supt. and Mrs. Merick McLaughlin and children of Benjamin were visitors here last Tuesday.

Mr. and Mrs. J. A. Caughran returned home last Tuesday night from a vacation trip to Ruidosa, New Mexico, where they spent a week. They returned by way of Childress, where Mr. Caughran attended a meeting of Wm. Cameron and Co. employees on Tuesday night.

Mrs. T. G. Bengé spent last week in Honey Grove and Paris visiting with relatives and friends. Mr. Bengé went for her Sunday and they returned home Monday night.

People, Spots In The News

TRIGGER MEN—Students at Harlingen, Tex., School "shoulder arms" for their daily gungny lesson over Gulf of Mexico. After five-week course they'll be transferred to bomber combat crews.

NEW GLASSES—Vital in aerial warfare are eyes of our armed forces—powerful searchlights like this one which will illuminate enemy planes for miles. Army "spotters" with 24 and 60-inch facings are now being fitted with heat-resisting tufflex glass to withstand thermal shock.

SUN SWEATER—Pretty Carol Winters is shown here wearing midriff sweater as part of sun suit. Maybe a new style for swimming pool attire?

Democratic Chairman Challenges Charge Against Election Officials

Concerning references made by Sen. W. Lee O'Daniel in recent speeches inferring that election officials were inaccurate in reporting the total votes cast for him, the following letter has been received by R. B. Davy, county chairman of the Democratic Executive Committee from Chairman E. B. Germany of the State Democratic Executive Committee of Texas:

"Over the radio and in the press, Senator O'Daniel has challenged the integrity of the various county and precinct election judges of the Democratic Party by inferring that there was not an honest count of the vote in the July 25th primary.

"As State Chairman of the Democratic Executive Committee, I believe it is my duty to say to you that the Senator has not offered or tendered any evidence whatsoever to substantiate the charges made by him.

"It has come to my notice, however, that a number of voting boxes normally R-publican which voted for Wilkie and Landon against President Roosevelt, turned in enormous majorities for Senator O'Daniel, in the July 25 primary. REPUBLICANS HAVE NO RIGHT TO PARTICIPATE IN A DEMOCRATIC PRIMARY and it is your duty and the duty of every election judge to see that the Party pledge is strictly adhered to in every respect. If a voter should fail to take the Party pledge or should separate,

pledge, then under the law, the vote should not be counted. "The sanctity of the ballot and the process by which Democracy functions should be guarded against baseless insinuations and accusations. Election laws MUST be strictly adhered to in all cases."
E. B. GERMANY.

Farmers to Be Given Additional Payment For Cotton Bagging

Trade Will Pay Premium On All Bales Wrapped In Cotton Covers

MEMPHIS, TENN.—Cotton farmers who wrap their bales in cotton bagging henceforth will receive payment for 7 pounds in addition to the gross weight of their bales, the National Cotton Council announced today.

Under agreements completed by the Council between mills, trade associations, and cotton exchanges, all trading rules governing the buying and selling of cotton have been amended to compensate the seller for use of cotton bagging in place of burlap, jute or other materials.
"These agreements," according to Mr. Hugh M. Comer, cotton mill executive and chairman of the council's committee on cotton bale covering, "reverse the former procedure under which the farmer was penalized for use of his own product. They indemnify him completely for the difference in weight between cotton coverings and the heavier jute would have resulted in direct cash loss to the farmers in excess of \$5,000,000.

Associations and exchanges which have added the seven pound allowance plan to their trade rules for the benefit of the farmers using cotton wrappings are American Cotton Manufacturers Association; the National Association of Cotton Manufacturers; New England Cotton Buyers Association; American Cotton Shippers Association; the Southern Cotton Shippers Association; Arkansas Cotton Trade Association; Texas Cotton Association; Oklahoma State Cotton Exchange; California-Arizona Cotton Association; the Memphis Cotton Exchange; Houston Cotton Exchange; New Orleans Cotton Exchange; Galveston Cotton Exchange; Augusta Cotton Exchange; and Little Rock Cotton Exchange.

"This addition to the trading rules is a much more satisfactory plan than was the net-weight trading law proposed through legislation," Mr. Comer explained. "With the allowance established in the trading rules, a farmer who takes to market a bale of cotton wrapped in cotton bagging will have seven pounds added to the gross weight of his bale, whereby under a net weight law the buyer would be required to deduct 22 lbs. from the gross weight of a jute covered bale and 15 pounds from a cotton covered bale."

Political Announcements

The Munday Times has been authorized to announce the candidacy of the following, subject to the action of the Democratic primaries:

- For Tax Assessor-Collector: E. B. (Earl) SAMS (Re-Election)
- For Commissioner of Precinct 4: GEORGE NIX
- For County Treasurer: R. V. (Bob) BURTON (Re-Election)
- For State Representative, 114th District: CLAUDE CALLAWAY
- For District Attorney, 50th Judicial District: C. E. BLOUNT (Re-Election)
- For County Attorney: JOE REEDER, JR.
- For County Clerk: M. T. CHAMBERLAIN (Re-Election)
- For Commissioner of Precinct One: RAY WILLIS
- For County Judge: J. C. PATTERSON (Re-Election)
- For Sheriff: L. C. (Louis) FLOYD
- For County Superintendent: MERICK MCGAUGHEY (Re-Election)

in weight between those cotton coverings and the heavier jute would have resulted in direct cash loss to the farmers in excess of \$5,000,000.

Mr. Comer said that serious shortages of jute and burlap for use on cotton bales had made it imperative that protection be given to farmers in time for the movement of the current crop. In recognition of such shortages, the Department of Agriculture has subsidized the manufacture of sufficient cotton bagging to cover four million bales, or approximately one-third of the 1942 crop. Under previous practice, the difference

the committee that worked out the new procedure consisted of the following members: A. K. Winget, Albemarle, North Carolina; W. A. Floyd, Greenville, South Carolina; Robert H. Coker, Hartsville, South Carolina; N. C. Williamson, Lake Providence, Louisiana; T. W. Stainer, Gonzales, Texas; L. T. Barringer, Memphis, Tenn.; Charles W. Shepard, Jr., Gadsden, Alabama; and J. M. Locke, Houston, Texas.

Mr. and Mrs. Ellis Medley of Clovis, New Mexico, spent the week end visiting at the home of Mr. Medley's sister, Mrs. A. B. Warren and Mr. Warren, and with their mother, Mrs. Medley in Haskell. Mr. Medley is civilian instructor at the Fort A. F. Smith Flying school in Clovis.

Miss Helen Phillips of Abilene spent the week end here with her parents, Mr. and Mrs. P. C. Phillips.

Sied Waheed was a business visitor in Dallas the first of this week.

Wallace Reid was a business visitor in Abilene last Tuesday.

Tax Assessor-Collector Earl Sams of Benjamin was a business visitor here Tuesday.

Lee Ancil Bowden, son of Mr. and Mrs. Levi Bowden of Fort Worth, came in last Friday to spend several days visiting with relatives and friends.

Boy Scouts Go On Camping Trip

Wednesday August 12th under the leadership of Buddy Gafford 11 scouts of Troop 76 of Munday made overnight camp at the park east of town, where they were later joined by their scoutmaster.

The Scouts met at the American Legion hall during the afternoon, and made the trip on their bicycles. Each scout carrying his camping equipment.

All tents were erected and other camping arrangements were under way when their scoutmaster arrived.

Ten members of the troop now have their tents, and others are planning to purchase their own.

All members have voted to wait until next June to attend a regular Scout Camp, due to not having camping equipment and camping experience. Also to buy their tents now so they may attend an overnight camp each Thursday night.

In this way each scout will qualify in camping, and cooking. Each month between now and next June will bring a new study, such as, first aid, safety, pioneering, personal health, pathfinding, firemanship, hiking and swimming.

During other studies, these scouts will be organized into groups, will be poultry raising, animal industry and other subjects on gardening and farming. In this way each scout will be able to not only use his own way to camp, but to help his family, as well as himself.

The Troop now has some 36 members working toward membership and advancement.

Two new members were admitted last Wednesday night. These were Glynn Morrow and Wayne Rogers.

The Troop now has 10 senior members. These scouts are in a patrol of their own for scouts 15 years old and older. They will have a program suitable for older scouts.

These scouts attending the overnight camp were:

Buddy Gafford, senior patrol leader of troop.

Joe Spans, patrol leader in troop.

Joseph Keaden, patrol leader in troop.

Lyndal Smith, patrol leader in troop.

Jack Strickland, senior scout.

G. H. Spans, senior scout.

Glynn Morrow, scout.

Wayne Rogers, scout.

Herbert Stodghill, scout, senior

candidate. Charles Massie, senior scout. Wayne Rogers, scout.

Each scout cared for own equipment. Each scout cooked his evening and morning meals. Each were on time, with the exception of a few whose home duties delayed them.

All were ready to return home before sunrise. Equipment was packed neatly, and camp grounds were clean and fires out.

Higher Prices Paid for Cattle, Hogs Tuesday

The Munday Livestock Commission Company reports a big run of cattle and hogs for last Tuesday's sale. Fat cattle sold fully 25 to 50 cents higher than a week ago.

Top hogs sold from \$14.10 to \$14.25; sows, \$12.25 to \$13.00.

Canner and cutter cows sold from \$4.50 to \$7.25; butcher cows, \$7.50 to \$8.75; beef cows, \$8.75 to 10-00; butcher yearlings, \$8.50 to \$10.50; butcher bulls, \$7.50 to \$8.75; beef bulls, \$8.75 to \$10.00; Fat yearlings, \$10.75 to \$12.50.

Rannie calves sold from \$7.25 to \$8.25; butcher calves, \$8.50 to \$10.50; fat calves, \$11.00 to \$12.80.

Some common stocker calves and yearlings sold from \$8.50 to \$10.00; some good stocker calves sold from \$12.00 to \$13.75.

There are plenty of good buyers for each sale.

Weather Report

Governor To Give Broadcasts

AUSTIN, Texas.—A series of thirteen weekly broadcasts dramatizing civilian activities in Texas will be introduced by Governor Coke Stevenson Sunday, August 16, from 2 until 2:15 p. m. over Texas Quality Network stations. The first program will depict the operation of the Aircraft Warning Service.

Other programs for the series will include dramatizations of work being done by civilian volunteers in the Air Raid Warning System, Texas Defense Guard, Health and Emergency Medical Service, Fire Defense, Town Meetings for War, Conservation and Rationing, etc. Mrs. Elithe Hamilton Beal has prepared the scripts which will be produced in the studios of Radio Station WFAA in Dallas.

The series is entitled "Texas on the Alert" and is sponsored by the National Defense Committee for Texas and the Texas School of the Air, with Texas Ranger W. E. "Dub" Naylor acting as master of ceremonies.

Leroy Henderson Is Making Good

We here in Knox County are quite proud of our sons in the service, and they are proving themselves worthy of our esteem. For instance, we've just heard from one in particular we'd like to report on:

On June 23, Leroy Henderson graduated from Airplane Mechanic's School at Chanute Field, Illinois with a Second A. M. rating. He entered Las Vegas Aerial Gunnery School July 6 and graduated August 10. On graduating, he was given wings and a Staff Sergeant's rating, and was also awarded a medal for marksmanship. He is to be assigned to a Bombardment Squadron as an Aerial Engineer, and is not in Salt Lake City.

While in Las Vegas, Leroy became well acquainted with Bur-

War Glider Points To Air Passenger And Freight Trains of the Future

NEW YORK—The glider has been developed by American industry to the point where it is equal in performance to those being built in Germany which has long specialized in the art. When the shipping shortage became more acute, the Army announced its determination to take part of the load in air planes. It ordered and programmed thousands of cargo gliders, and a big glider program is under way for the training of pilots.

While cargo is now the issue, combat troops can use the same type of glider. Big jobs may be made (gliders use nearly all non-strategic materials; mild steel, wood) capable of carrying the load of a large two-engine commercial plane. Such craft would have room for several squads of troops and all the trappings of war.

Development of the glider for aerial transport of troops and equipment may pave the way for a far-reaching revolution in commercial air transport. The glider may make possible an aerial freight and passenger train of the future, permitting slashing reductions in cost of carrying air-borne commerce. A given aircraft engine horsepower will haul far more load in towed gliders than it will haul in one powered plane. Reliable engineers claim a ratio of four-to-one is not extravagant.

Experts say glider trains cannot yet cross oceans; they are slow, and must follow fuel trails. But they can range the United States, the Caribbean, South America, and might reach Russia via Alaska.

The glider is not just an airplane without a motor; it is the closest approach to a bird that aeronautical engineers have been able to devise. It can come down wherever there are 50 feet of flat ground. It lands on skids instead of wheels, thus stopping quickly.

Mrs. Bryan Frazier, who is a nurse in the Haskell hospital spent last week visiting in the home of her parents, Mr. and Mrs. A. M. Moore. Mrs. Frazier's little son, Stallard Wayne Bradford, who has been making his home here with his grandparents, returned home with his mother and will make his home in Haskell.

Mrs. C. T. Harris of Abilene is here visiting her sister, Mrs. Hershel Crane, and Mr. Crane.

Miss Marion Huskinson, daughter of Mr. and Mrs. A. M. Huskinson of Bomarton, has accepted a position in the First National Bank in Munday.

Mrs. E. B. Donoho and son, Elwyn, of San Diego, Calif., are visiting with Mrs. Donoho's parents, Mr. and Mrs. W. A. Harris, of Goree.

IT PAYS TO ADVERTISE

Poison Those Worms!

We have a carload of calcium arsenate due to arrive in a few days, but from all indications this type of poison is going to be hard to get.

Meanwhile, the worms won't wait—and it is important that you poison them before they get too much headway on your cotton.

We have an ample supply of Paris Green, which is just as effective as a poison when used according to the government formula. It is also cheaper than calcium arsenate.

We must save this cotton crop. Inspect yours for worms, and if you find signs poison at once.

Would You Do this Job for A DIME A DAY?

... and when you and the carpet are both worn to a frazzle, would you clean the oil lamps... and do a week's wash on a knuckle-bruising board... and run out to the springhouse after milk and butter... all for the same 10 cents?

"No bargain!" you say. But Reddy Kilowatt, your electric servant, does all these jobs and more—for a dime a day or less in the average West Texas home. What's more, that dime's value has grown so steadily that nowadays it buys about twice as much service as it did ten or fifteen years ago.

It's about the biggest bargain in the world... and probably the only household item that hasn't gone up as a result of the war!

Today, under experienced and practical business management, West Texas enjoys an abundant supply of electric power... power to perform household drudgery... power for wartime schools, training camps and industries... and power that will enrich the life of everyone in peaceful years to come.

Our Servicemen Will Help You!

West Texas Utilities Company
