

JUNK RALLY TO BE HELD HERE SATURDAY

46 Certificates For Tires Issued

Forty-six certificates for tires and tubes were issued last week by the tire rationing board...

For Trucks: R. M. Myers, tire and tube; C. A. Stienreide, one tire; Barnie Welch, two tires; B. F. Cornett, two tires and tubes; Ansel Waldrip, two tires and tubes; W. M. Ford, two tires and tubes; B. M. Farmer, one tire; Salem Hutchison, two tires; T. M. Westbrook, two tires and tubes; D. S. Ellis, tire and tube; G. A. Branton, two tires and tube; G. A. Branton, two tires and tube; Gilliland school, two tubes; W. L. Swift, two tubes, and O. L. Jamison, two tubes.

For Cars: E. N. Apple, two tubes; Louis Blake, one tube; John H. West, one tube; H. P. Gillispie, one tube; J. E. Frost, two tubes; W. W. Doss, one tire, and Doss West, one tire.

For Farm Trailers (All Obsolete Tires): Earl McNeill, one tire; Louis Blake, three tires; L. H. Birkenfeld, two tires; Ed Jungman, four tires; R. C. Boyne, two tires; S. L. Shipman, one tire; L. W. Coates, one tire; J. C. Goodson, two tires; J. V. Denton, two tires; E. N. Landreth, two tires; Jas. H. Walker, one tire.

Retrofitted Tires: M. L. Hughton, tire for truck; F. A. Ray, four tires for car; Don Wardlow, two tires for truck; H. E. Goodwin, two tires for truck; J. E. Frost, four tires for car; G. E. Sten, four tires for car; A. L. Haskins, tire for car; Delton Lewis, two tires for car; G. W. Brown, tire for car; Jas. C. Eubank, two tires for truck; J. W. Hudson, four tires for truck; J. G. Adcock, two tires for car.

11 Recruits are Asked for Navy

Knox County was assigned 11 Navy recruits today as its quota for September in the North Texas district's drive to enlist 3,600 men between the ages of 17 and 50 during the thirty-day period.

"During August, more than 3-100 men left their homes in North Texas to join the Navy. The month's quota, which was the highest ever realized in the district, was only 3,000 recruits. That is why our September quota has been set twenty per cent higher."

Thus Lieut. L. H. Ridout, Jr., officer in charge of the district, stated simply plans to make this district as representative as any other in the nation in the Navy's combined fighting force.

"We can enlist 3,600 men in thirty days because we have only started our campaign to sell the 'Navy,' he insisted. 'The country is becoming more war-conscious every day. Washington dispatches predict that 3-A classifications will be tapped before Christmas. Increasing numbers of men are convincing themselves daily of the immediate need for all the manpower we can possibly muster.'"

Masonic Lodge To Meet Monday Night

The regular stated meeting of Knox Lodge No. 851, A. F. and A. M., will be held next Monday night at the lodge hall. Other than the regular business, work in the Master's Degree will be given, after which refreshments will be served.

All members of the lodge are urged to be present, and a cordial welcome is extended to all Master Masons to attend this meeting.

Mr. and Mrs. L. A. Parker of Benjamin were business visitors here last Monday.

Seymour Boy Wins In Tractor Contest

Knox City Loses Heads of School

KNOX CITY.—The Knox City school faculty was riddled by resignations Tuesday—the second day of the new school term.

The superintendent, the principal and the principal's wife resigned their posts and prepared to move to Wichita Falls. The term opened Monday with one vacancy on the faculty.

Supt. A. M. Whitis, Principal Jack P. Wetzel and Mrs. Wetzel, an elementary teacher, were those who resigned. Whitis and Wetzel will become instructors in the Sheppard Field technical school, both reporting next Monday.

School board members said administration of the school will be extremely difficult until the vacancies can be filled. Principal Wetzel has been football coach, but no team was to be formed this year.

Knox County Hospital Notes

Patients in Knox County Hospital, Sept. 1, 1942: Matt Bryan, Knox City. Mrs. C. R. Carpenter, Throckmorton.

Mrs. Cecil Fitzgerald, and baby son, Munday. Miss Lucille Petrus, Munday. Mrs. R. A. Lee, Rule. Mrs. J. W. Couch, Vera. R. D. Brown, Ardmore, Okla. Frank Hoyle, Guthrie. Carlton Mooney, Seymour.

Patients dismissed since August 26, 1942: Mrs. Bryon House, Benjamin. Betty Jo Brown, Rochester. Mrs. Frank Hoyle, Guthrie. Mrs. G. B. McAda and baby son, Rochester.

Mrs. Loyd Huntsman, and baby daughter, Knox City. Mrs. Freddie Crenshaw and baby son, Benjamin. Mrs. Bill Shipman and baby daughter, Benjamin.

Mrs. B. O. Walker, Rochester. Miss Vida Muddox, Rochester. Mrs. J. W. Frazier and baby daughter, Rule. Mrs. J. B. Tomilison and baby daughter, Munday. Billie Walton, Munday. Marjorie Walton, Munday. Claude Richardson, Jr., Knox City.

Mrs. David Crockett and baby daughter, Rochester. Mrs. L. A. Snallum and baby son, Benjamin. Births: Mr. and Mrs. C. W. Shipman, Benjamin, a daughter. Mr. and Mrs. J. W. Frazier, Rule, a daughter. Mr. and Mrs. J. B. Tomilison, Munday, a daughter. Mr. and Mrs. David Crockett, Rochester, a daughter. Mr. and Mrs. L. A. Snallum, Benjamin, a son.

TO CHURCH MEETING

Mrs. M. H. Reeves, Mrs. B. L. Blacklock, Mrs. C. R. Parker, Mrs. J. O. Bowden and Mrs. A. U. Hathaway attended the 37th annual session of the Haskell Missionary Baptist Association at O'Brien last Tuesday. An address by Rev. C. A. Powell, pastor of the First Baptist church of Rule, was a highlight of the meeting.

TO MOTHER'S BEDSIDE

Mrs. Luther Kirk and children left last Sunday afternoon for Princeton, Texas, in response to a message stating that Mrs. Kirk's mother was seriously ill and in the Princeton hospital.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Jim Albert Hicks are the proud parents of a seven pound daughter, born August 28th. She was named Peggy Payne. Mother and daughter are doing nicely.

Ollif Shipman of Seymour won the semi-final tractor operating contest held here last Tuesday, which was to see which member of this district was most proficient in operating his Ford tractor. Shipman made a total of 270 points out of a possible 300 to win the contest.

Second place winner was W. C. Teel of Paducah, and third place went to Clarence Muhler of Wichita Falls. The first two winners, and possibly the third place winner, will compete in the final contest to be held in Dallas in the near future.

Shipman represented Marlow and Stodghill, Ford Tractor dealers of Seymour; Teel represented Paducah Motor Co., dealer, and Muhler represented J. C. Self and Co. of Wichita Falls. Other contestants and their representatives are: Beverly Reeves, Parker Bros., Abilene; Riley Rives, Farmers Tractor Co., Rotan, and Jimmie Anderson, J. L. Stodghill, Munday.

Contestants plowed the same type of land and under identical working conditions, using the same machinery, etc. Judges in the contest were County Agent R. O. Dunkle of Benjamin, County Agent Hoyle of Seymour, and M. S. Dean, vocational agricultural teacher at Munday.

J. L. Stodghill was host to the group and a number of visitors at noon Tuesday at the Terry Hotel, at which 32 were present.

The contest was held on the Bowden farm, which is operated this year by Sherman Hill, and located just south of Munday.

Lamoine Blacklock Injured in Accident

Lamoine Blacklock, who is in the U. S. Coast Guard and stationed at Astoria, Oregon, was injured one day last week in an accident there and is recuperating in a hospital.

Lamoine wrote his parents, Mr. and Mrs. B. L. Blacklock, that a fire broke out in the town and the camp's fire department was called to help combat the flames. Lamoine and another youth were riding the "pumper trailer" when the trailer broke loose and the boys were thrown to the pavement.

Lamoine received only bruises and cuts, while his companion received a broken arm and other injuries. Lamoine wrote that he was doing nicely but would be in the hospital for some two weeks.

Mr. and Mrs. James Dyke of Abilene spent the first of this week here with Mrs. Dyke's parents, Mr. and Mrs. W. V. Tiner. They were enroute to Walters, Okla., to visit Mr. Dyke's mother before he reports for duty in the armed service.

Throw Your Scrap Into the Fight!

Annual Stockholder's Meeting of Munday N.F.L.A. Slated Saturday

Farmers and ranchmen in Knox, Haskell and Throckmorton counties who make up the Munday National Farm Loan Association will hold their annual stockholders' meeting in Munday, Texas on Sept. 5th, 1942 it was announced by John Ed Jones, secretary-treasurer.

The year 1942 marks the "silver anniversary" of the establishment of the Federal Land Bank system, which is made up of local farmers' cooperative organizations throughout the country. The Munday association, one of the 300 in Texas which own the Federal Land Bank of Houston, has more than 210 stockholders - members and a large attendance is expected at the meeting.

Directors of the association are: G. R. Elland, president; A. J. Bunta, vice president; W. A. Baker, Claude W. Hill, and J. T. Voss, all of Munday.

The following committees have

Peanut Oil Becomes U. S. Weapon

Almost five million acres of peanuts—twice as many as were produced in any single year before! That's one of the contributions U. S. farmers are making this year toward keeping this Nation at its maximum hitting power. Most of these peanuts will go into oil—oil from which thousands of necessary items for both civilian and military purposes can be made. This chemist and hundreds of others are busy finding and improving these new and potent uses for peanut oil.

Sept. Quota In Bonds \$28,400 For County

Knox county's quota of war bond purchases for the month of September is \$28,400, it was announced last week by Frank Scofield, administrator for Texas.

Knox county is expected to sell this amount for the month, and the cooperation of all citizens is urged in subscribing the quota assigned.

The State of Texas as a whole—and this includes Knox county—has not made its quotas for recent months, and Mr. Scofield stated he was depending on Knox county to do her share in erasing this bad record for Texas during this month.

"Money in unprecedented amounts will be required to keep our fighting men supplied with food, clothing, weapons and other equipment," Scofield said, "and those on the home front who are investing a part of their income in War Savings Bonds are among the important participants in the United Nations' victories."

Second Seaman S. F. Squires of Prudence, Rhode Island, returned to his station the latter part of last week after spending a furlough here with his parents, Mr. and Mrs. J. L. Squires.

The reward of one duty is the power to fulfill another.—George Eliot.

Farmers from Area To Meet at Haskell Sept. 8

Farmers from five counties in this area will meet at Haskell Tuesday, September 8, to hear latest reports on legislative and administrative decrees affecting agriculture and discuss various problems of farming in wartime.

The conference, to be attended by farmers and stockmen from Haskell, Baylor, Stonewall, Throckmorton and Knox counties, is to be held in the Haskell county courthouse under the auspices of the Texas Farm Bureau Federation. The meeting is to start at 10 a. m., and continue until 4 p. m. Producing the food and fiber needed for victory will be the general theme of the program.

Featured speaker will be R. G. Arnold, organization director of the American Farm Bureau Federation, whose forceful and clear presentation of current agricultural issues has made him a widely-known and popular speaker throughout the South.

Representatives will also be present from the different agricultural agencies. In the afternoon a round table discussion of agricultural problems will be conducted by Mr. Arnold. Effects of ceiling prices on agricultural commodities, the farm labor situation, the all-out battle to maintain full production through parity prices, and many other local, state and national issues of current interest will be open for discussion.

The meeting will be in charge of Loys D. Barbour, of Iowa Park, District 3 director of the Texas Farm Bureau Federation. All interested farmers are invited to attend.

New Tire Repair Shop Located Here

J. W. McMorries, formerly of Amarillo, has established the O. K. Rubber Welders shop in Munday, being located in the J. L. Stodghill shop. Mr. McMorries has had a number of years' experience in tire vulcanizing and repairing.

"We have the machinery and experience to do your tire repairing and re-capping," McMorries said, "and we will do quick and courteous service. We do all kinds of tire and tube repairing, and we invite the patronage of motorists of this area."

The expectations of life depend upon diligence; and the mechanic that would perfect his work, must first sharpen his tools.

(Continued on Page Eight)

Red Cross Class To Be Held Here

Making of Surgical Dressings to Be Big Project

A class in the Red Cross course of making surgical dressings for armed forces will begin at Munday in the near future. The class will be taught by Miss Murtle Munday, assisted by Mrs. E. E. Teaff of Knox City.

Red Cross officials stated that factories have only machinery enough to make ten percent of the dressings needed, and Red Cross chapters have been called on to furnish the remainder.

All persons must have this course before they can be qualified for making the dressings, it was stated.

Classes will be held in the office rooms over the First National Bank, and a 15-hour course will be given, to be held in 3-hour classes. Time for beginning the course will be announced when the proper enrollment is received and the practice material has arrived.

Registration for the course will be at Baker McCarty dry goods, or Miss Munday will be glad to register those who wish to see her.

Quotas of dressings assigned to chapters will be based on the requests received from the War Department, it was stated. All who desire to aid the national effort in this work are urged to enroll in this course as early as possible.

Auction Sale Enjoys Big Day

The Munday Livestock Commission Co. reports another big run of cattle and hogs for last Tuesday's sale, with all classes of cattle selling fully steady with last week.

Top hogs sold from \$13.60 to \$13.75; sows, \$12.50 to \$12.75; canner and cutter cows, \$4.75 to \$7.25; butcher cows, \$7.50 to \$8.50; beef cows, \$8.75 to \$9.50; butcher bulls, \$7.50 to \$8.75; beef bulls, \$9.00 to \$9.80; butcher yearlings, \$10.75 to \$12.80; rannie calves, \$7.25 to \$8.25; butcher calves, \$8.50 to \$10.75; fat calves, \$11.50 to \$12.50; stocker calves, \$81.50 to \$12.60; stocker yearlings, plain quality, \$8.75 to \$10.50.

Several head of common yearlings sold at \$34 to \$39 per head. Plenty of good buyers were present for the sale.

County Asked To Raise Quota For U. S. Navy

Following the most successful month in the history of the Navy's North Texas recruiting district, each county was urged today to raise its enlistments quota twenty per cent for September.

"More than 3,100 men joined the Navy in our district alone during August," Lieut. L. H. Ridout, Jr., officer in charge announced. "Since our August quota was only 3,000, a September quota of 3,600 seems to be within our sights now that the ball has started rolling."

"Never could we have gone over the top last month without the tireless effort shown in each community by civic leaders, luncheon clubs, patriotic organizations, and service groups. For this reason, I am again requesting your unstinted aid in devoting time and effort to meeting this new demand for volunteers," he said.

The 3,600-man quota for September means that enlistments must average 120 men daily, he estimated.

"And we are equipped to handle many more," Lieutenant Ridout pointed out. "During the final week of August, we swore in 176 recruits one day, 161 the next, and 159 the following day. With a record like that, we'll be happy to see even more than 120 men every day of September."

County Joins In The National Scrap Harvest

Farmers Answer Call For Scrap; Others Cooperating

Interest in Knox county's scrap harvest has been growing steadily since the campaign was started three weeks ago. Indications are that many tons of scrap metal will be delivered to junk dealers within the next few days, with some of the metals already coming in.

Organizing the national scrap harvest in this area will be a gigantic junk rally, which will be held in Munday on next Saturday. All farmers and all citizens are urged to gather up their scrap metals and bring them in on that date.

It was thought by the local salvage committee that the best manner in which to handle the rally was for those having scrap metal to sell it to their favorite junk dealer. If the owners wish to contribute the metal to their favorite

firms that are buying junk metal are: J. B. Wrecking Yard, The Banner Produce, and Marvin Reeves at the Farmers Elevator Co.

charity, or such organization as the American Red Cross, they may sell the metal to their junk dealer and then turn the proceeds over to the organization desired.

E. W. Harrell, chairman of the local salvage committee, reports that farmers are working splendidly looking for scrap, but he urges all to get their collections in as soon as possible to swell the total for this county and help to reach its quota.

The nation needs all kinds of metal, as well as rubber and other materials for use in building weapons of war. The farmer can bear in mind that practically everything that contains iron or steel, zinc, copper, brass, lead, tin or aluminum is needed. Parts of worn-out farm implements, such as iron wheels, gears, nuts and bolts; old plows, cultivators, harrow teeth, hay rakes, hoes, broken hammers, etc., are needed. Many such articles are lying around the place unused, and they can easily be converted into materials for the war effort.

All junk which can be used will be bought by industry from scrap sources as established, government-controlled prices.

Lots of scrap metal has already been shipped from Knox county during recent months, but it is believed that an even more intensive search of the premises of everyone will result in a lot more metal being collected.

The entire Munday trade area is asked to contribute to the drive to secure all material possible for our fighting men. Individual cooperation is necessary to win this war, and this is one of the American means by which the Axis powers can be defeated. To show the spirit of cooperation, every person living within the Munday trade area should strive to assist in this effort, which is more than worthwhile.

Come on everybody, throw your scrap into the fight!

MRS. HAROLD BURTON IS NAMED SECRETARY FOR COUNTY RATIONING BOARD

Mrs. Harold Burton has been appointed secretary for the Knox county rationing board, it was announced this week. She has been employed in the office of County Supt. Merick McGaughey for some time.

Mr. Burton, who has been secretary for the board for several months, is leaving for army service on September 9th, and Mrs. Burton is taking her husband's place.

VISITS SISTER HERE

Thomas A. Harmon of Camp Roberts, Calif., spent part of his 10-day furlough in Munday, visiting his sister, Mrs. I. L. Belcher, and her family. Thomas has been in the service since March 10, and is now rated as a first class cook.

EDITORIAL PAGE

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"—

THE 100-PERCENTERS

In practically every city, town, village and hamlet in America you will find people who have gone all-out to help win this war. These are the men, women and children who have bought the war stamps and bonds. They are the ones who have taken up their posts in civilian defense. They are the ones who are now collecting scrap materials to keep our war furnaces going under full blast.

Women on trucks in New Jersey are collecting scrap from door to door. Movie managers in a dozen states are offering free tickets for scrap iron and rubber and collecting them by the carload. In Michigan one small town collected 154 tons of scrap rubber—three times its quota of 5 pounds per person. In Maine boy and girl scouts work with trucks scouring their neighborhoods for iron, steel, and rubber scrap.

In Louisiana, Wisconsin, Connecticut, Alabama, Illinois, Virginia, and every other state in the union, air wardens are working on this huge national scrap drive. Minute Men, The American Legion, The Rotary Clubs, and all other fraternal organizations, police departments, women's clubs, city councils and other civil groups—all are working from early to late to gather in every pound of scrap material they can lay their hands on.

These loyal Americans, these volunteers who answer every call to the colors are fired with the same spirit of determination that inspired our forefathers who founded this country and who have been fighting to defend its freedoms ever since. They are the ones who can be counted on in any emergency—not to do only what they think they have to do to "get by" but everything they can do to help their country. These "one-hundred-percenters" are the backbone of America and when this war is won it will be their efforts that have won it and not those who always sit on the sidelines and let the other fellow do all the work.

THOSE HEROIC BALKANS

Some of the brightest and bravest pages in the history of this war are being written in the Balkans. Hitler's brutal legions have overrun the little states—but they have not broken the spirit of the people. The Balkan people, by the million, are fighting back.

The saga of General Mikhailovich, the Yugoslavian leader, will make a magnificent book some day. When the Yugoslavian armies were crushed, a plane was ready to take him to safety. But he refused to go. He remained behind to organize the most remarkable guerrilla army in history—an army which has taken a toll of thousands of Germans and Italians.

Some 23,000 square miles of rough and difficult country is still controlled by Mikhailovich's hordes. Hitler and Mussolini have no bitterer, braver, or more determined enemy.

On The Home Front

O.E.M. Division of Information

Lumber Under Control

WPB has replaced its temporary "freeze" order on softwood construction lumber with a permanent control on the distribution and use of all types of softwood lumber. The new WPB order, M-208, puts purchase orders into four classes, with automatic priority ratings granted, according to uses of the lumber.

Equipment Control Tightened

Effective August 27, many types of industrial equipment can be purchased only on a priority rating of A-1-C or higher, instead of the A-9 rating which formerly was sufficient. This amendment to WPB Order L-123 covers passenger and freight elevators, fans, compressors, pumps, electric motors over one horsepower and other types of general industrial equipment. The amendment, however, permits production and delivery, prior to October 1, 1942, of equipment ordered before August 27 on an A-9 or higher rating.

Increased Oil Shipments Sought

With shipments of oil to the eastern states clocked August 22 at 817,980 barrels daily, a slight drop from the peak of 830,000 barrels recorded the previous week, due to washed-out railroad bridges, ODT officials and representatives of the petroleum industry announced further plans to increase shipments from the Southwest in solid trainload lots. Instructions have been sent to small shippers of oil on routing their cars by the most expeditious routes. The Office of Petroleum Coordinator for War also has banned use of tank cars for moving gasoline in the Southwest and mid-west, so additional cars will be released for eastern traffic. An estimated 70,000 tank cars now are carrying oil to the east, in solid trainload movements of 50 or more cars. Appointment of W. M. Kent, of Homer, La., as assistant deputy associate director of ODT, to handle oil shipments from Louisiana, Arkansas and East Texas, has been announced. Mr. Kent's office will be at Shreveport, La.

Extra Tires for Lumber Industry

Texas logging and lumber trucks have been given a special supplemental quota of 1,389 tires for the month of August, OPA State Director Mark McGee announced. Most of the special allotment will be distributed in 27 Texas counties where logging and sawmill activity now are at a wartime peak.

Awards for Scrap Dealers

Recognition of outstanding service to the war effort will be awarded to leading scrap dealers in the form of emblems. WPB's Conservation Division will present the emblems on the basis of the scrap dealers' cooperation with WPB policies and on evidence that tonnage deliveries of scrap from the yards are one-third above deliveries for the first part of the year. First awards are scheduled for September 1. Monthly awards will be made thereafter during 1942.

Livestock Ceilings Planned

Assuring livestock producers that everything in the way of surprise action will be avoided, OPA has announced that definite plans are in process for placing a price ceiling on live hogs and similar action is contemplated soon on cattle prices. Working out of ceilings will be undertaken in close consultation with producers, and completed plans will be submitted to the Secretary of Agriculture for concurrence. With a strong demand for beef cattle in prospect, the market will be more stable, as compared with other years, and feeders who buy carefully may look forward to the coming year with confidence.

Guide for War Volunteers

An official guide to help people of all ages and occupations to get more than "ankle deep" into the nation's war effort has been published by the Office of Civilian Defense. The booklet, entitled "What Can I Do?" may be obtained from state and local defense councils or from the Office of Civilian Defense in Washington. The first official compilation of volunteer war work opportunities, OCD's

booklet outlines work for women, for boys and girls, for citizens living in "target areas" and for members of specific trades and professions.

Home-Made Dresses Controlled

WPB's new limitation order, L-153, effects the same conservation of materials in women's dresses and other garments made at home as those set up for ready-made garments in order L-85. The new order applies to paper patterns used by home dress-makers. The more severe measurement restrictions on wool garments ordered by L185 for ready-made garments are not included in the pattern order, as manufacturers cannot know for what material the pattern will be used.

Radio Campaign Planned

Beginning September 14 and continuing through October 26, the Federal Government will conduct a national radio campaign designed to inform the people of the facts of the nation's war effort. Announced by the Office of War Information, the program was described as the most important ever undertaken in this country. All radio stations will be sent transcripts featuring such news commentators as William Shirer, Walter Winchell, John Gunther, Lowell Thomas and Raymond Gram Swing. These commentators will report war effort facts on 14 of the major United Nations, including England, Russia, China, Greece and the Fighting France.

Bicycle Quotas Announced

September rationing quotas of new adult bicycles for the six-state Southwestern OPA region have been announced as follows: Arkansas, 443; Kansas, 1,152; Louisiana, 961; Missouri, 1,960; Oklahoma, 962, and Texas, 2,968.

Rubber Shrinks Again

Tightening up still further on the use of vital rubber supplies, WPB has prohibited sale and use of elastic fabric, rubber yarn and elastic thread except in nine specified health and industrial articles, including gas masks, goggles, surgical stockings and artificial limbs. Use of rubber fabric and thread even in these items is forbidden after September 9 except on permission granted by WPB on specific application. Other health items, including supports for abdomen, back and breast, can no longer be made with rubber fabric or thread. Consumption of crude rubber, latex, reclaimed rubber and scrap rubber in all civilian products henceforth will be permitted only on specific allocations by WPB's Director General for Operations.

New Typewriter Rental Banned

A ban on rental of new typewriters and used non-portable typewriters made since January 1, 1935, has been issued by OPA. All used machines in this classification that are now rented must be returned to dealers by September 15. This action was necessitated by slow public response to the Treasury Department's drive to buy 300,000 used typewriters from their owners to fill urgent needs of the Army, Navy and other government agencies. The new OPA order also placed a three-month limit on rentals of standard typewriters made before Jan. 1, 1935, and all used portables. Although so-called "stripped" portable machines and obsolete typewriters are released by the new OPA order for unrestricted sale, all other sales are governed by rationing regulations.

Program for Red Cross Meet Is Announced

The program for the annual meeting of the Knox county Red Cross chapter was announced this week by Mrs. B. C. Anderson of Knox City, county chairman. The meeting will be held at the Benjamin school auditorium on Monday, September 7, at 8:30 p. m. The program follows:

"The Star Spangled Banner," audience.
Invocation, Rev. R. L. Kirk.
"The Red Cross in Time of Depression," Mrs. O. D. Propps.
"We Must Be Vigilant," chorus.
"The Red Cross in Time of Disaster," Geo. D. Self, chairman of the Foard county chapter.
"Angels of Mercy," Grady Morton, illustrated by tableau scene.
Report of chapter officials.
Presentation of certificates to home nursing class.
Election of officers.
All members are urged to attend this meeting and take part in naming officers for their chapters.

Mr. and Mrs. L. S. Hardegree and children, Carolyn and Howard Lynn, were up from Henrietta last week end attending to business matters and visiting friends.

Mr. and Mrs. Ralph Johnson of San Antonio spent several days here last week visiting friends. They are moving to Oklahoma City where Ralph is in the civil service branch of the armed forces.

Lieut. A. W. Coffman of Camp Barkeley spent the week end in Goree with his parents, Mr. and Mrs. John Coffman.

Grade School Room IV Eugene Kuhler

The seniors have been debating whether or not to order English work books. Some think it wise; others seem to disagree. We can't decide right now.

We can now tell you all about officials in Washington, D. C.; their qualifications, terms, salary powers, and how they are put in office. We find this interesting because now that we are in war, we all want to know more and more about the men who take our place in the White House.

Here is a poem dedicated to our flag:

The American Flag
When freedom from her mountain height
Unfurled her standard to the air;
She tore the azure robe of night
And set the stars of glory there.
She mingled with its gorgeous dyes
The milky baldric of the skies,
And striped its pure celestial white
With streakings of the morning light,
Then from her mansion in the sun,
She called her eagle bearer down
And gave unto his mighty hand
The symbol of her chosen land.

Junior Report
At the end of the chapter on self government in history were twenty suggestions from which our class picked some. Everett picked No. 9: "I ran run, or trace pictures of tools and implements in

use on typical farms." He drew some pictures of farming tools. Alvin chose No. 15: "Construct models of stocks." He made a pillow and a ducking stool of wood. He did a good job of them.

Anna picked No. 10: "Tell some things a farmer living near Philadelphia would take to the city to sell, and what he would bring back to his family." Some of the things he would take are wheat, corn, canned beef, salt pork, etc., and he would bring back some food they didn't raise and all kinds of manufactured goods.

Answer these questions before looking at the answers:
1. When is a lamp not a lamp?
2. On which side of the pitcher is the handle?
3. What kind of hen lays the longest?
4. When will water stop running down hill?
Answers: 1. When it is a light.
2. On the outside.
3. A dead one.
4. When it is at the bottom.

Freshman News
We are all beginning to wonder whether or not we are going to like math, since the geometry part set in. It's pretty difficult but we are certain that sooner or later we will wake up to discover the fact that we know it perfectly. Anyway, we should, with all the help we are getting from Miss Himmels.
Robert, why are you getting your nose skinned so often? Not

making a habit of it are you? Here are some jokes your reporter found. I hope you enjoy them as much as I did:

Personally Acquainted
Farmer Jabber: "I've got a freak on my farm. It's a two-legged calf."
Farmer Cornstassel: "Yes, I know. He came over to call on my daughter last night."

Seat of Learning
The lad was dull at school you see,
His dad took things to heart.
He took the lad across his knee
And there he made him smart.

Report of Room III
The eighth grade students had a club meeting Friday, August 28. We enjoyed it very much. We played some games, and Herman won the prize.

The Rubber Famine
Young mother: Stop, George, you've taken the wrong baby carriage! This isn't our baby.
George: Hush up, will you? This carriage has rubber tires.

Practical Arithmetic
Teacher: With steak at 45 cents a pound what would 3 1/4 pounds come to?
Tommy: It wouldn't come to our house.

Report of Room IV
Everybody was glad to see the third week go by, which puts us at the half-way point. In history we are studying how Texas was taken by the Spaniards. In geography we are studying the British Isles.

Here are a few nicknames of the class:
Marcelline—Marcy.
Geraldine—Jerry.
Dennis—Wildedigger.
Hilary—Leroy.
Bernard—Sonny Boy.
Vernal—Zies.
Eugene—Key.

S. A. Mitchell and Mr. and Mrs. Don Ferris of Seymour were visiting friends and attending to business matters here last Monday.

COTTON FARMERS
DO NOT SLACK UP ON POISONING
To do so would undo a lot of the work you have already done. If you allow the worms to eat the top leaves, both the lint and the seed will be damaged. The cotton will be light and "feathery", and the seed will not be good.
WE URGE YOU TO KILL ALL THOSE WORMS YOU CAN, AS LONG AS YOU CAN
Farmers Union Cooperative Gin

"AIN'T WE EVER GOIN' RIDING ANYMORE?"

Good Americans have given up joy-riding for the duration. They realize that all-essential tires must be used only for vital transportation . . . for going to work . . . for necessary shopping . . . for getting to and from places where other forms of transportation are inadequate or non-existent.

Your car *was* a peacetime luxury; now it is a wartime necessity. The economic life of the country, and our victory effort, may depend on how long you make your tires last, on how well you take care of your car.

The Phillips 66 Service Man will gladly help you. He will inspect your tires for cuts and bruises, check air pressure, and criss-cross them with the spare every 3,000 miles. He will check your radiator, battery, and air filter. He will lubricate your car from tip to toe. Then, with Phillips 66 Poly Gas and Phillips 66 Motor Oil, your car and your money will both go farther.

You know that Phillips 66 Poly Gas is the favorite of millions of car owners, that it is famous for pep and mileage. So try a tankful for yourself and find out just how good today's Phillips 66 Poly Gas is.

Phill-up with Phillips for Greater Mileage

Goree News Items

Mr. and Mrs. J. H. Bardwell were week end visitors with friends here. They have completed their summer course at Austin and were on their way to their new home at Lamesa. Mr. and Mrs. Bardwell will be greatly missed in this section, and our very best wishes go with them to their new location.

Mrs. L. H. Seay of Gorman visited relatives in Goree during the past week.

Mr. and Mrs. Jack Suggs and daughter are making their home in Fort Worth, where Jack is employed.

Mrs. Bob Condon continues on the sick list.

Mr. and Mrs. L. N. Peyton and daughter, Sue Ann, of Archer City are visiting Mrs. Peyton's parents, Mr. and Mrs. Ben Williams. Mr. and Mrs. Peyton are on a two week's vacation and will go to Wichita Falls to visit with other relatives.

Mrs. Myrtle Crites has returned from a week's visit at Paris and Fort Worth.

Roy Mayo and Mr. and Mrs. Bill Williams came in last Thursday afternoon from Houston. Bill is recovering from pneumonia.

Forrest Daniel, Jr. of Lubbock spent the week end in the home of his parents.

Share-a-Truck Plan Urged

With a September truck tire allotment for Texas of 18,459, almost six thousand below the August OPA rationing quota, Mark McGee, State OPA director, urges all farmers to plan speedy adoption of "share-a-truck" plans to insure movement of fall crops. This plan already is being used successfully in Ellis County, he said, and will be presented at Lubbock on September 8 to a meeting of local war price and ration boards of 21 South Plains counties and representatives of 15,000 farmers in that region.

Peanut Loading Ceiling Raised

An adjustment from 50 cents to 75 cents a ton as the maximum for loading peanuts in and out of warehouses operating under contracts with agencies designated by the Agricultural Marketing Association has been announced by OPA.

K. B. Ritchie of Vera was a business visitor here Monday. While here, he had the Munday Times sent to his home.

Sheriff Louis Cartwright of Benjamin was here last Thursday, on official business.

A Soldier's Thoughts

The following poem was sent by an anonymous soldier who had gone through the air raid at Pearl Harbor and has been confined to the hospital all these weeks. It was sent to the Portland Air Base and was printed in "The Tabloid," the camp paper. Pvt. Luther Parker, who is stationed there, sent it to his parents, Mr. and Mrs. L. A. Parker of Benjamin. The feeling expressed within these lines speaks for the author:

THANK GOD WE DON'T NEED YOUR KID

You may say he can't stand the rummy;
The life is too rough for him.
Do you think he is any better
Than some other mother's Tom or Jim?

You raised him up like a girl!
He don't smoke or drink, is your brag.
If all the boys were like him—
What would become of our flag?

You say his girl couldn't stand it,
To send him off with the rest.
Do you think she would be glad
When she feels a German's breath
on her breast?

Think of the women of Belgium;
Of the cruelties they have to bear.
Do you want the same thing to
happen
To your innocent daughter so fair?

You can thank God the stars on
Old Glory
Are not blurred by that kind of
stain,
Because there are ten million
roughnecks
That had red blood in their veins.

They go to drill in bad weather,
And come in with a grin on their
face,
While your darling sits in the
parlor
And lets another man fight in his
place.

Maybe we do smoke and gamble,
But we fight as our forefathers
did,
So go warm the milk for his bottle,
Thank God, we don't need your
kid!

Miss Quintna Wiggins, who has been substitute teaching at Old Glory, spent the week end here with her parents, Mr. and Mrs. J. A. Wiggins.

Mr. and Mrs. M. L. Barnard were visitors in Wichita Falls last Sunday.

Mr. and Mrs. S. E. McStay spent the latter part of last week in Vernon, visiting with their son, J. Dee McStay, and his family.

CHURCH OF CHRIST ANNOUNCEMENTS

(Carl A. Collins, Minister)

Sunday Morning Services
Bible School, 10:00.

Worship hour song service, 11:00.
Sermon, 11:15.
Communion, 11:45.
Benediction, 12:00.

Sunday Evening Services
Young people's service, 8:00.

Worship hour song service, 9:00.
Sermon, 9:15.
Benediction, 10:00.

Prayer meeting, on Wednesday night, 9:00.

The public is cordially invited to all services.

Minister Collins has returned home after conducting five successful revivals in east Texas and reports that he and his wife have enjoyed the summer but are glad to be back again with the home congregation. Minister Collins spoke at both morning and evening services last Sunday and will be the speaker again on next Lord's Day.

His sermon subject next Sunday morning will be: "The Leaders and the Followers in the New Testament Church." Sunday evening his subject will be: "God's Last Covenant With Man."

The church auditorium was well filled last Sunday and the congregation is in a fine working condition after the excellent revival conducted by Evangelist Floyd Spivey. You are cordially invited to attend his services next Sunday and to come to all services of the church.

Harvey D. Arnold of Camp Barkeley, Abilene, spent the week end with his parents, Mr. and Mrs. H. D. Arnold of Goree, and with friends in Munday.

Junk Makes Fighting Weapons

Anything you have around the barnyard and gully of your farm or in the basement or attic of your home that is considered junk will make fighting weapons for our armed forces. Gather it up and bring it in for the Junk Rally.

PIGGLY WIGGLY

JUNK IS NEEDED FOR Machines of War!

Fifty per cent of every tank, ship and gun is made of scrap iron and steel. Other metals as well as rubber is needed for making bombs, fuses, binoculars, planes, tires for jeeps, gas masks, barrage balloons, parachute flares and insulation for electric wiring.

Sell your scrap to a Junk Dealer—take it yourself to the nearest collection point—or consult the local Salvage Committee.

Broach Implement Co.

—Fred Broach—

The Salvage Campaign

Has Our Whole-Hearted Support!

You can quote any member of this progressive organization as saying he will do his part, either individually or collectively, to assemble the materials so vitally needed by Uncle Sam at this time.

Munday Chamber Of Commerce

LET'S JOLT THE AXIS

With Junk!

A few years ago there was a nation-wide drive for scrap metal of all kinds. The Japs were buying it at a high price. They got a lot of it, too, but a lot was over-looked, so you can help send the Japs some more scrap in the form of bullets, tanks and guns.

Bring it in to the Scrap Rally!

Eiland's Drug Store

THROW YOUR SCRAP

America Calls..

Junk Is Needed For War!

In barnyards and gullies of farms, and in the basements and attics of homes, is a lot of Junk which is doing no good where it is. This junk is needed at once to help smash the Japs and Axis.

Materials needed include scrap iron and steel; other metals of all kinds; old rubber and waste cooking fats.

Bring Yours in for Junk Rally!

Farmers Union Cooperative Gin

MUNDAY, TEXAS

Your Junk Will Help Make

Guns -- Tanks -- Ships

... For Our Fighting Men!

Bring in anything made of metal or rubber and your favorite junk dealer will pay you cash for it right on the spot.

Junk which you collect is bought by industry from scrap sources at established, government-controlled prices.

JUNK...

WHAT'S IT GOOD FOR?

Let's all join in the effort to give our fighting men the tools they need. Let's gather up all the scrap iron, steel and other metals. It is needed at once!

We are supporting the salvage drive and any other undertaking that will contribute to the national effort.

C. R. Elliott

Member of County War Borad

SLAP INTO THE FIGHT!

To The... RALLY Sunday

Bring In Your Scrap Iron!

Cooperate with your County in this Gigantic Drive for Scrap Metal!

Your junk dealer will pay top prices for steel and cast iron and other metals... and you can help to smash the enemies of America.

We're backing the junk drive. We must "slap the Japs with scrap!"

West Texas Utilities
Company

The JAPS Got Some of Our Scrap Metal

Back in '36 and '37, when we sold it to them without a thought of it being used against us.

But they did not get it all. There is still much lying around our farms, in the attics, garages or about the house that can be quickly converted into implements of war to be used against the Axis.

Bring in your scrap metals and sell them to your favorite junk dealer. He will pay you cash for them right on the spot. At the same time you will be doing your country a real service.

**PENDLETON GIN
Company**

Custom Ginners

WILL YOU HELP?

Scrap iron and steel is needed to help smash the Japs and Nazis. Other metals, rubber and waste materials are also essential to winning the war. It will all be used to make tanks, ships, planes and fighting weapons our boys must have. It is needed at once.

Take just one look around your place and bring in whatever you can find Saturday. It will help Uncle Sam and help you, too.

**Munday
Hardware &
Furniture Co.**

—John Deere Implement Dealer—

WE NEED METAL AND JUNK...

It won't be long before many more of us will be going out on the front lines to battle the Axis, so let's be sure there is plenty of metal to make guns, tanks, planes and bullets, by bringing in your scrap metal and selling it to your favorite junk dealer.

REXALL DRUG STORE

"The Most Complete Drug Store in Knox County"

All Kinds Of Scrap Is Wanted

In This Drive To Slap the Japs!

For instance, one old battery equals three 3-inch anti-aircraft guns, or 75-mm Howitzers or 29 Tank Guns (37-mm size). The scrap lead from these batteries is used for these military items.

Scrap iron and steel is also badly needed. Bring in your scrap today... and buy more bonds.

**The First
National Bank**

(Member Depositor's Insurance Corporation)

JUNK MAKES FIGHTING WEAPONS

One old disc will provide scrapsteel needed for 210 semi-automatic light carbines.

One old plow will help make one hundred 75-mm. armor-piercing projectiles.

One useless old tire provides as much rubber as is used in 12 gas masks.

One old shovel will help make 4 hand grenades.

Join them with Junk
Knox County!

6 MILLION TONS SCRAP STEEL NEEDED!

The production of steel has gone up, up, UP, until today America is turning out more steel than all the rest of the world combined. But unless at least 6 million tons of scrap steel is uncovered immediately, the full rate of production cannot be attained or increased; the necessary tanks, guns and ships cannot be produced.

You can help by bringing in all your scrap metal today.

J. L. Stodghill

"Your Ford Tractor Dealer"

Wilde-Lambeth Rites Solemnized in Washington

Of interest to many in this county is the announcement of the marriage of Miss Doris V. Lambeth of Goree and Cpl. Clement J. Wilde of Spokane, Washington. The wedding took place August 25 in morning services at the Geiger Field Chapel, with the chaplain, Father F. J. Mullen, of Fort George Wright officiating.

Banks of white and pink gladioli interspersed with red phlox were used to decorate the altar. Sgt. Joe Reinhardt of Geiger Field played the Lohengrin Wedding March, with Liebestraum forming the musical background for the ceremony, and concluded the musical prelude with Mendelssohn's "Recessional."

The bride was attractively attired in a navy blue tulle suit. Her accessories were of navy and white, and she completed her costume with a corsage of white carnations. Her only attendant, Miss Mary Milla of Spokane, wore a black gabardine suit enhanced by harmonizing accessories and a corsage of pink rose buds.

Pvt. Edmund F. Sheehy of Fort George Wright was best man for the groom.

Mrs. Wilde is the daughter of Mr. and Mrs. R. L. Lambeth, pioneer settlers of the Hefner community. She graduated from Goree high school. Corporal Wilde, a graduate of Rhineland high school, is the son of Mr. and Mrs. Joe Wilde, long-time residents of Rhineland. He has been in the service since February, and during this time he has been stationed in camps in five different states. At present he is in the engineer corps at Geiger Field, Spokane, Wash.

After the ceremony, the bridal party were entertained by the captain and a few of Cpl. Wilde's buddies as hosts. This was composed of a sight-seeing tour, followed by an informal dinner that evening.

Bridge Club Has Meeting Monday In More Home

Mr. and Mrs. W. R. Moore entertained members of the Monday Night Bridge Club and several guests last Monday night in the first meeting of the club in several weeks.

High honors at the games went to Mr. and Mrs. Grady Roberts. The hostess served a delicious refreshment course to the following members and guests:

Mr. and Mrs. H. A. Pendleton, Mr. and Mrs. A. H. Mitchell, Mr. and Mrs. Grady Roberts, Mr. and Mrs. Carl Mahan of Abilene; Mr. and Mrs. C. P. Baker, Mr. and Mrs. J. C. Harpham, and the host and hostess.

Sewing Club Meets Wednesday With Mrs. Hughes

Members of the Misty Weavers Sewing Club met on Wednesday afternoon of last week in the home of Mrs. Chan Hughes. Some time was spent at sewing and visiting, after which a dessert plate was served to the following:

Mmes. R. B. Bowden, Chester Bowden, Wallace Reid, John Ed Jones, Hoffs B. Douglas, Riley B. Harrell, Deaton Green, Oates Goldens, and the hostess.

VISITS GRANDDAUGHTER

Mr. and Mrs. J. S. Kendall returned home last Friday from Austin, where they visited their granddaughter, Miss Carolyn Eve, who made her arrival in the Charles Heacock home on August 19. Mrs. Heacock will be remembered as Miss Florene Kendall.

Shannon-Reeder Vows are Read at Haskell Recently

Miss Mary Frances Reeder, daughter of Mr. and Mrs. W. A. Reeder of Knox City, and Sergeant W. F. Shannon, son of Mr. and Mrs. J. S. Shannon of Munday, were united in marriage on August 19 in the parsonage of the First Christian church at Haskell. Rev. C. N. Williams, pastor, read the vows.

The bride wore a brown crepe dress with brown accessories and was unattended.

Both bride and groom are well known in this area. Mrs. Shannon attended school in Knox City, graduating from the high school there. She later attended Wesleyan College at Fort Worth, and during the last year attended Texas Tech at Lubbock.

Sgt. Shannon graduated from Sunset high school in 1938 and spent two years in John Tarleton College at Stephenville. He entered the air corps in May, 1941, at San Antonio and was later transferred to DeRidder, Louisiana, where he is now stationed. He left August 26 to return to the army air base at DeRidder, and Mrs. Shannon will join him there later.

The Dorcas Class Meets Wednesday With Mrs. Parker

Members of the Dorcas Sunday School class met in the home of Mrs. C. R. Parker on Wednesday evening in a business and social meeting. The following officers were elected:

Mrs. A. C. Brock, president; Mrs. J. J. Keel, first vice president; Mrs. J. D. McClaren, second vice president; Mrs. Lula Jones, third vice president; Mrs. C. N. Smith, secretary; Mrs. C. M. Thompson, stewardship; Mrs. L. L. Kegley and Mrs. C. R. Parker, group captains.

Birthday Party Given To Honor Jo Ann Myers

Little Miss Jo Ann Myers, daughter of Mr. and Mrs. Gilbert Myers, celebrated her second birthday recently with a party at the home of her grandparents, Mr. and Mrs. Robert M. Myers.

Small tools, balloons, blocks and picture making furnished the entertainment.

Refreshments of ice cream and cake were served to Diane and Carolyn Hobert, Betty Jo, Alice and Nell Marie McNeill, Loretta Floyd, Carroll Shirley, Robert Lynn Bowden, Jaclyn Krause, and Mmes. Chalmers Hobert, L. W. Hobert, Earl McNeil, F. A. Shirley, Buell Bowden, R. L. Myers, Weldon Floyd, the honoree and the hostess.

Mrs. J. E. Bicknell, Jr., who is attending T.S.C.W. in Denton, is spending a few days with Mr. and Mrs. J. E. Bicknell before she returns for the fall term.

Miss Dorothy Perry of Washington, D. C., and Mrs. Lillian Little and neices, Dorothy Ann and Labeth Perry, of Fort Worth spent the week end with Mr. and Mrs. J. E. Reeves and family.

Rev. and Mrs. Daniell and family of Rochester visited friends here last Monday. Mrs. Daniell was on her way to Seymour to a Methodist women's meeting.

Mr. and Mrs. George Moore of Comanche spent last Saturday night with Mr. and Mrs. G. W. Dingus and family. Mrs. Moore is Mr. Dingus' sister.

Maddox-Chamberlain Rites Solemnized at Phoenix, Ariz.

The marriage of Lt. Billie Wayne Maddox and Miss Polly Chamberlain of Benjamin was solemnized at Phoenix, Ariz., on July 15, at 9:00 p. m. at Luke Field Post Chapel by the Rev. Reginald Hawkins. The couple entered the Chapel to the strains of the traditional wedding march from Lohengrin, played by the Chapel organist. The ceremony was solemnized on the groom's parent's wedding anniversary.

The bride, who was given in marriage by her father, wore a gown fashioned of white chiffon with sweetheart neckline and short puffed sleeves edged with lace. Her finger tip veil of bridal illusion was held in place by a cap of orange blossoms. Elbow length white lace gloves completed her costume.

She carried a small white Bible, her bouquet was of wild pink and white carnations tied with satin streamers. Her only piece of jewelry was a lovely string of pearls, a gift of the groom.

The couple was attended by Lt. and Mrs. Don McArthur of Luke Field.

The bride is the daughter of Mr. and Mrs. Marvin Chamberlain of Benjamin. She attended school at Weatherford College and Texas Tech at Lubbock.

The groom is the son of Mr. and Mrs. W. E. Maddox of Wellington. He attended school at Weatherford College and Texas Tech at Lubbock. Lt. Maddox enlisted in the Army Air Corps Nov. 3, 1941 and received his commission at Luke Field May 21, 1942, where he is stationed at the present time as an instructor of the Advanced Flying School. For the ceremony Lt. Maddox wore an all white full dress Army uniform. Lt. Maddox is the grandson of Mrs. Cassie Lansford, he was born in Munday.

Immediately following the wedding an informal reception was held at the Officers Club.

Special guests for the wedding were Lt. and Mrs. William Lawler, and Corporal and Mrs. Bill B. Day of Phoenix, Arizona.

The couple are at home at Monterey Courts at Phoenix.

Mr. and Mrs. Raymond Stapp are spending their vacation this week with relatives in Gainesville, Texas. L. V. Dodd of Knox City is in charge of the Keck Food Store during their absence.

Rhineland News

Corporal Ralph Loran and Private Bernard King, who are stationed at Camp Berkeley, Abilene, visited relatives and friends in this community over the week end.

Bernard Herring of the navy, stationed at San Diego, Calif., spent a few days with relatives and friends here.

Misses Florine Williamson and Ethel Stengel of Wichita Falls were visitors at Rhineland over the week end.

Mr. and Mrs. Albert Sokora and family and Mrs. Anton Kuhler motored to Pep, Texas, recently for a few days visit.

Messrs. Alfred Homer and K. G. Homer returned last week from a visit in Groom, Texas.

Messrs. Matt and Anton Darnel were visitors here for a few days the past week.

Hefner H. D. Club Meets Tuesday With Mrs. Murdock

The Hefner home demonstration club held its regular meeting with Mrs. J. T. Murdock on Tuesday, September 1, at 3:30 p. m. The president opened the meeting with the club pledge.

After the regular order of business, the new yearbook was discussed and a report of the women's encampment was given by Mrs. E. J. Jones. Mrs. Van Zandt, county demonstration agent, gave a demonstration on home made accessories.

A delicious plate was served to Mmes. E. J. Jones, Ed Jones, Hamp Jones, Marion Jones, R. L. Lambeth, Homa Lambeth, F. M. Lambeth, Orllis Lambeth, Lessie Jackson, John Cure, Mrs. Van Zandt and the hostess, Mrs. Murdock.

P.-T.A. to Sponsor Reception Sept. 4

A reception will be given at the elementary school building on Friday night, September 4, for all teachers in the Munday schools. This event is sponsored by the Munday P.-T.A.

All parents and all citizens of the town who do not have children in school are cordially invited to attend this reception and meet the teachers.

INSPIRING EYE

A R.F.A.F. pilot's life may depend on Kay Trowell's eye, for she is an inspector of finished aircraft instruments in a Canadian airplane factory. The instruments she works on see Kay's eye like this. Inspiration?

New Deal Club Meets Wednesday With Mrs. Jungman

Mrs. Carl Jungman entertained members of the New Deal Bridge Club on Wednesday afternoon at her home. Following the games, a salad plate was served to the following members and guests:

Mmes. Dorse Rogers, J. C. Harpham, Sebern Jones, Ike Huskinson, Wade Mahan, Grady Roberts, Bob Davy, and the hostess.

Mrs. Huskinson held high score and was presented with war savings stamps.

After 25 years of efforts to perfect a light, high-speed motor for submarine chasers, a Diesel engine and a variable pitch marine propeller are now in full production.

The inside of a combat tank is painted white to help the crew see better.

Throw Your Scrap Into the Fight!

HEFNER NEWS

The gathering of cotton began here this week, with the Mason Harland and W. P. McNeill gin ready to gin the 1942 crop.

Mr. and Mrs. J. Bruton made a business trip to Seymour one day last week.

Mrs. Jones is on a vacation trip to the southern part of the state, where she is visiting her brother-in-law and sister, Mr. and Mrs. T. W. Williams.

Mr. and Mrs. E. A. Jones visited their daughter, Mrs. Warren, in Dallas over the week end and had as their guests Mr. and Mrs. Collin Griffin and son, Philip Bates.

Mr. and Mrs. Marion Jones and family spent Sunday at Bomarton with Mrs. Jones' mother, Mrs. Susie Worley.

Mr. and Mrs. J. H. Lambeth have returned from a visit with

J. Overton at Canadian. Mrs. Lee Boggs had as a guest in her home her daughter, Mrs. Carl E. Jones of Artesia, New Mexico, last week.

Mr. and Mrs. Jerry Williams of Brushy were callers at the home of her parents, Mr. and Mrs. John A. Martin, the first of this week.

GOES TO WICHITA FALLS

W. M. (Ike) Huskinson has accepted a position in Wichita Falls, where he will manage a new tourist camp.

Mr. and Mrs. J. C. Harpham left Thursday for Brownwood, where they will visit Mrs. Harpham's mother and other relatives for a week.

12,500,000 persons in the U. S. are now engaged in work directly connected with war production.

THE SUNSET GLOW

Editor-in-Chief Charles Wright
 Associate Editor Bobby Matthews
 Senior Reporter Glyndalin Frost
 Junior Reporter Virginia Tankersley
 Sophomore Reporter Mildred Yost
 Freshman Reporter Barbara Jane Almanrode
 Sponsor Mrs. Alice Partridge

Senior Report.
 There's nothing much cooking these days, so there's very little to fill the columns of the Sunset Glow. Your reporter is afraid she doesn't have a nose for news, or perhaps there just isn't any news to nose out.

Last week the juniors invited us to a theatre party, but lack of transportation caused us to decline. We hear they had a wolloping good time. The tire situation is going to hamper some of our usual school activities, but it doesn't seem logical that we will stay entirely put, so be watching these columns for news of the latest developments.

Just to prove you can't keep a good bunch down, we're planning a hayride which will come off Thursday night if something unforeseen does not occur. Something unforeseen will probably occur.

We're wondering . . .
 Why Garland was so pale Monday morning. (Ill, no doubt).
 Just why Harmon stayed out of school Monday. (He couldn't have been enjoying poor health).

If Charles, Vernon, and Charlie enjoyed Thursday night's theatre party. (Maybe they just wanted to be alone).
 What Barbara Wright was doing at school Monday morning. (We thought we were rid of her for good).
 If the boys are going to take up going bare legged along with the girls.

Junior Report

This week started with an over-cast sky. It also found some of us wading mud and water.

We wonder why the seniors did not attend our theatre party Friday night.

Be that as it may, we had a swell time when "They all kissed the Bride." Or did we? Wonder if Miss Camp was really bored or just pretending?

There are several in our class who need to learn that home is the place to go after a theatre party.

News is scarce as hen's teeth, so I'll ring off with a promise of a longer session of gab next week.

Advantages of Wheat Insurance Are Announced

Farmers have everything to gain and nothing to lose in the shift to a three-year contract for wheat crop insurance, according to Mr. Allen, Secretary of the Knox County AAA committee.

Federal all-risk wheat crop insurance this year is being sold only on a three-year contract rather than on a yearly basis as in the past, the AAA official said.

The three-year contract makes it possible for the wheat grower to know what his minimum income from wheat will be for the next three years, Mr. Allen declared, since the Federal Crop Insurance Corporation guarantees that it will not lower the yield or increase the premium rate during the life of the contract.

At the same time, the grower has the privilege of cancelling the contract and signing up for a new three-year period in any year when the yield and rate established for his farm would be more advantageous to him, he explained.

In other words, the Secretary explained, growers in this area who made good crops this year still will be able to take advantage of lower rates and higher yields when this year's good crop is figured in. If rates and yields established for their farms next year are to their advantage, then they can cancel the insurance and sign for another three-year period. This year's crops will affect rates and yields for the first time next year.

Crop insurance applications are being accepted at the county AAA office now. Deadline for applying is August 31, 1942.

DECLARE WAR ON RATS

The Knox County Agricultural Victory Council has been asked by the War board to conduct a county-wide Rat Poisoning campaign to begin within the county the latter part of October. Mr. Jack Idol member of the advisory council stated that many farmers are very much concerned over the serious losses being caused by rats and their effect on our efforts to supply food and feed for the prosecution of the war. It has also been brought to the attention of the county Extension Agents Neva Van Zandt and R. O. Dunkle by the U. S. Public Health Service that rat-borne diseases, such as typhus fever are increasing rapidly.

Members of the Agricultural advisory Council suggest that in line with making the greatest possible contribution to the protection of health and toward insuring adequate amounts of food and feed, we feel that a determined effort should be made to control rats in every county in Texas.

Mr. C. E. Skull of the U. S. Fish and Wild Life Service has been asked to come to Knox County and assist in the educational program with the community and neighborhood victory leaders.

Most farm people are aware of the money losses represented in the property destroyed by rats, but possibly many do not realize that the rat is also a carrier of some of the most dangerous diseases.

Therefore for the protection of yourself, your family, and your neighbors, let's wage war on rats by using every practical means.

Miss Joardis Parks of Brenham spent several days here last week, visiting with Mrs. Paul Pendleton, and with other friends. Miss Parks is a former teacher in the Munday schools.

HERBERT SAMS OF BENJAMIN WAS A BUSINESS VISITOR IN THE CITY LAST TUESDAY.

PLANT BLUEBONNETS NOW
 COLLEGE STATION.—Persons who desire to beautify their yards or flower beds with Texas' state flower next year should plant bluebonnets now. To grow and bloom successfully, bluebonnets should be planted in a sunny, well drained spot, says Sadie Hatfield, specialist in landscape gardening of the A. & M. College Extension Service.

Blue bonnets do not like to be disturbed by cultivation. They can be transplanted, but it is better to plant them where they are to grow. In parts of the state where it is too cold during the winter months for them to grow in the open, they should be started in flats, cold frames, or small pots and set in the open as soon as the ground thaws.

The state flower is very resistant to cold and will thrive during spring freezes.

Three and a half times as many anti-aircraft guns were manufactured in the first six months of this year as in the previous twelve.

Fiber from a common mallow plant that grows wild in the West Indies, Central and South America, is being substituted in large quantities for East Indian jute in making batting and cord.

Last September 1,914 planes were produced; in May, production was nearly 4,000.

"Victory lunches" that follow food-for-freedom diet rules are now being served to war workers in the cafeterias of one large company. For 30 cents, workers can now get meals consisting of a liberal helping of meat, fish or eggs; vegetables; whole wheat or enriched bread; butter; and milk or a milk dessert.

Sep. 1	69	90
Sep. 2	70	93

Rainfall this week.....80 in.
Rainfall to date this year 16.56 in.
Rainfall to this date last year.....36.48 in.

METHODIST CHURCH

School days are here again, and we take this opportunity to welcome our new teachers. We wish you a successful school year.

As parents, we start the school year with new zeal, planning to cooperate with our school, hoping that our children can attend regularly.

As we plan for our school year, may we also plan for our church school year, remembering Christ said: "Seek ye first the kingdom of God and his righteousness." We will be looking for you at Sunday school Sunday. Did you invite three people to come this week? May God's richest blessings be yours.

Rev. R. L. Kirk, pastor.

Munday N.F.L.A.-

(Continued From Page One)

well as timely reports from the County War Board, and other matters of interest to this group of landowners.

On the program for short talks will be R. O. Dunkle, Agent of Knox County, discussing: "His Own Selection, etc." And J. A. Laughman will discuss "The Cotton Flea Hopper, its cycle and its control."

A number of pioneer members of the association are expected to be present. Back in 1917 shortly after the approval of the "Farm Loan Act" farmers and ranchmen in different parts of Texas took the first steps to organize local associations made possible by the act to provide a new kind of farm mortgage credit. This system of credit by and for the farmers and ranchers of Texas has had annual growth during the past 25 years. It provides a loan that can be paid off in small amounts twice a year out of the earnings of the farm or ranch on which the loan is made. The loans are based on normal agricultural values and are repayable over long periods of time at low rates of interest. The system has proved highly successful.

Members of the Munday N.F.L.A. association will elect three (3) directors to serve on the board of directors for the next 3 years. Special committees at work on details of the meeting include the following members: W. A. Baker of Munday, and J. J. Denton of Knox City, and Ollie A. Iseng of Gilliland.

Reported by John Ed Jones, Secretary-Treasurer, Munday National Farm Loan Association, Munday, Texas.

Mr. and Mrs. C. S. Ameen of Lambert and Mrs. Sied Waheed left Wednesday for Fort Worth, where they are visiting relatives for a few days.

September Is Slated Marine Attack Month

September will be officially known as "Marine Attack Month," according to Lt. Col. Newton B. Barkley, officer in charge of the Dallas recruiting district, who has announced a special United States Marine recruiting drive.

Heretofore Marine recruiting has been limited with a quota to fill each month, but beginning September 1st an unlimited number of men are to be enlisted.

In explaining the recruiting campaign, Lt. Col. Barkley said, "Since the Leathernecks have taken such an active part in the United Nations' first offensive to stamp out the Axis evil, many replacements are needed—and they are needed immediately, so the good work of the Marine Corps may carry on."

For a long time Texas has been proud of the fact that it has contributed more recruits to the Marine Corps than any other state in the Union. Official figures show the Corps' strength is 27 percent Texas men.

The highlight of the "Marine Attack Month" campaign will be the forming of a Texas Ranger Marine Platoon from the Dallas district. Composed of approximately 60 men, this platoon will be sent to San Diego, Calif. and trained as a unit.

Many civic organizations are assisting the Marines in their September drive, as are various business firms. The Texas Defense Guard will continue their recruiting campaign in behalf of the Marine Corps.

In August, the Dallas district filled the largest quota in its history.

Taking part in the "Marine Attack Month" campaign will be the district's sub-stations, which are located at Fort Worth, Longview, Waco, Abilene, Wichita Falls and Denison.

Chicken Barbecue Held for Ginners

A chicken barbecue with all the trimmings was held at the Munday oil mill last Monday night, when T. G. Bunge, manager of the mill, was host to the ginners of this area.

This event was held in appreciation of the work carried on by the ginners, as well as a get-acquainted meeting. Ginners discussed the new government regulations on ginning and cottonseed grading under which they will have to work this year.

Ginners were present from Seymour, Bomarton, Goree, Munday, Weinert, Knox City, Benjamin, Rhineland and Truscott.

Mr. and Mrs. H. D. Warren and daughter, Ama Gean, left last Sunday for Fort Worth to make their home. H. D. is employed in defense work.

Mr. and Mrs. L. C. Floyd and daughter Bobbie, Mrs. D. V. Hutchinson and girls and Kenneth and Hilton Stubblefield spent the latter part of last week visiting in the home of Mr. and Mrs. H. D. Hediger, and family of San Antonio, Texas.

Mrs. Howard Collins returned home last week after a few days visit with her husband, who is stationed at Fort Dix, New Jer-

Santa Fe Cars Carry War Bond Sales Plea

Contributing wholeheartedly to the sales campaign, the Santa Fe has just brought out the first transcontinental railway moving War Bond billboard in the form of the above dining car, now operating on the Grand Canyon Limited, and which later will be used on the California Limited and the Ranger. Painted red, white and blue, the diner with the backing of a Minute Man sign, displays the message, "BUY WAR BONDS," on either side. Stewards in charge of the car are accredited members of the War Savings Staff of the U. S. Treasury Department. As an additional means of spreading the War Bond appeal, the Santa Fe is having the same message lettered on 200 box cars.

AUSTIN.—Although shooting of white-winged doves in the lower Rio Grande Valley will not start until September 17th, the Executive Secretary of the Game Department today asked sportsmen to start spreading the word around that if any white-wings with leg bands attached are shot, the leg bands should be forwarded to the Department's Austin office.

The Executive Secretary emphasized that it is NOT illegal to have in possession a banded white-winged dove, or any other banded game bird killed in season.

The birds are banded so that biologists of the Game Department may study migrations and other aspects of the white-wing's life history. All of this scientific information is compiled and used in an effort to further conserve and increase the supply of white-wings.

The banding technique has been used for years with bobwhite and blue quail, turkeys, and other birds besides the white-winged dove. Occasionally reports have reached the Game Department that either banded birds were not kept in possession, or that the leg bands were removed and thrown away, and this prompted the Executive Secretary to assure all persons of the legality of keeping banded birds and the necessity in the interest of conservation sending the bands to the Game Department's office.

Last year Game Department biologists banded 2,500 white-winged doves in the lower Valley between April and August. Over 90 bands were sent in to the Department either during or shortly after the brief open season of 1941. Since that time bands have been sent in from southern Mexico, Guatemala, San Salvador, and other latitudes to the south.

Many more bands from the original selected number of banded white-wings should be recovered during the coming open season, biologists working on the white-wing study said. And much valuable data can be secured if sportsmen will cooperate.

Remember Shooting Hours
White-wings may be shot this year only between the hours of 12 noon and sunset on September 17th, 20th, 22nd and 24th in Webb, Japata, Starr, Hidalgo, Cameron, and Willacy counties. Elsewhere in the state they may be hunted from September 15 to September 25 from 7 a. m. until sunset.

But "elsewhere in the State" sportsmen are not likely to find white-wings in shootable numbers. They concentrate each year in the Counties named above. Residents of the lower Valley find little objection to the severe restrictions on white-wing shooting

that were in effect last season and will be in effect again this season, but on the contrary are cooperating wholeheartedly in trying to restore this fine game bird to a semblance of abundance. It was only a few years ago that white-wings occurred in the lower Valley in great flights numbering millions of birds; today, because

of agricultural development that has done away with most of the white-wing's breeding and nesting grounds, and because of other important factors, the birds are numbered not in the millions, but in a few hundreds of thousands. Biologists of the Department expect a fair shooting season this year, but it is pointed out that a severe

drouth in the white-wing country during the breeding season this Spring coupled with other adversities did nothing at all to make the white-wing picture look brighter.

Mrs. Nell Hardin and children visited with relatives in Vernon last Sunday.

We Have Just Received a CARLOAD of CALCIUM ARSENATE

Our car of calcium arsenate arrived this week, some ten days earlier than we expected it. We can supply you with this worm poison in any quantity, but only as long as it lasts.

This "showery" weather will make the worms multiply and thrive. Get them at once and keep after them. We must save this cotton crop.

Many farmers have had good results by poisoning with Paris Green, but there are many who prefer Calcium Arsenate. Come and get yours while it is available.
