

## Moguls Drop Season Opener To Haskell

### Indians Romp Around Locals To Win By 33-0 Score

An inexperienced bunch of Munday Moguls went down in fighting defeat last Friday night when Davis, Haskell halfback, ran wild in the Indian attack at Haskell, when the host team got revenge over previous years with a 33-0 victory.

McGraw and Cadwell played a whale of a game, but their very best could not cope with the combination of Holcomb and Davis behind an effective Indian line. McGraw and Cadwell were the only two regulars from last year's fighting Moguls. Although others on the team saw some service last year, a majority of the locals were new material.

Haskell rang the bell for three touchdowns during the first period, Davis putting it over twice and Holcomb once, while Holcomb added one point from placement.

The Moguls held their raging opponents scoreless during the second period, while the locals made their best advance in the third stanza, penetrating deep into Haskell territory. This drive stopped when Davis snatched a McGraw pass from the air and romped 70 yards for a touchdown.

In the closing period, the Indians were again at full war strength. Davis took the ball 32 yards on a reverse around right end for another score, and Holcomb converted. In this final quarter, Davis took off from his own 15 yard line and scampered 85 yards to score, but the play was called back for a penalty. Davis repeated the same play to cross the goal stripe again, but the play was again called back for a penalty and the Indians out.

The Moguls showed the real fighting spirit, and many fans said there was not as much difference in the two teams as the score indicates. With further experience and training, the Moguls are expected to make a good showing in their own district. Sept. 25 is an open date, and he Moguls have yet to play Snyder before opening the conference play with Archer City at Munday on October 5.

- The lineup:
- Haskell (33).
  - Fagan, r.t.
  - Cahill, l.t.
  - Reynolds l.g.
  - Reeves, c.
  - Bredlove, r.g.
  - Barnett, r.t.
  - F. Smith, r.e.
  - Johnston, q.b.
  - Davis, r.h.
  - Holcomb, l.b.
  - Munday (0).
  - Armstrong, l.e.
  - Lowry, l.t.
  - Owens, l.g.
  - Lorraine, c.
  - T. Lorraine, r.t.

  - Cadwell, r.h.
  - McGraw, f.b.

## County School Board In Meet

The Knox county school board met in regular September session last Friday afternoon in the assembly room of Benjamin court house.

Members present were W. E. Braly, president; E. A. Beck and J. E. Cure.

The board approved the budget for county administration purposes for the ensuing year and accepted the resignation of A. K. McGaughy and R. N. Smith of the Vera school board.

Appointed to fill the vacancies were Buster Jackson and T. H. Russell, well known citizens of the Vera community.

## HAL PENDLETON GOES TO FT. BENNING, GEORGIA

Lieut. Hal Pendleton, who has been stationed at Fort Huachuca, Ariz., since entering the armed services, visited his parents, Mr. and Mrs. H. A. Pendleton, and other relatives and friends here over the week end.

Hal left last Monday for Fort Benning, Georgia, where he is now stationed.

## Your Old Keys Are Wanted For The War Effort

WANTED—Every person in Knox county to turn in your old keys into fighting power before October 1st. The metal goes to Uncle Sam—the money to the National U.S.O.

That's the want ad your government is running this week in an effort to get everyone to drop their old discarded keys into "The Keyhole for Victory." The campaign for collecting keys opened on September 17 and will close October 1.

Uncle Sam says: "The average key contains 80 per cent nickel silver—a metal so vitally needed by the U. S. Navy. And just 100 pounds of this metal is worth as much as a ton of other scrap metals which you have been contributing to the war effort. Those old keys have been stuck around, probably in your way, for months and years—just as useless as that old rubber, iron and steel that you've donated. Now you can get rid of them—and what a help they'll be to our Navy!"

This campaign is sponsored by the Paper & Twine Club of America, a national organization of paper men. This club will sell the keys to the government and turn the money over to the U. S. O.

Boxes which are called "The Keyhole for Victory" have been placed in Munday at the following stores: Rexall Drug Store, U. S. Post Office, Atkelson's Food Store and The Munday Times. Bring in your keys now and drop them in the victory keyhole.

## Knox County Hospital Notes

Patients in the Knox county Hospital September 22, 1942.

- Mrs. R. A. Lee, Rule.
- Mrs. J. W. Crouch, Vera.
- Mrs. H. A. Gentry, Munday.
- Mrs. R. J. Walling, Munday.
- W. C. Collins, Guthrie.
- Mrs. C. N. Struck, Bomarton.
- Mrs. Mary Hayes, Munday.
- Mrs. H. A. Owens, Knox City.
- Miss Wynell McElroy, Bomarton.

Mrs. T. J. Richards, Paducah. Baby George Carsey (Mex.) Munday.

- Mrs. S. E. Stevenson, Goree.
- Mrs. S. S. Turner, Truscott.
- Mrs. Ollie Mae Iising, Gilliland.
- Mrs. R. W. Weeks and baby son Knox City.
- Mrs. G. M. McKenny, Knox City.

Patients dismissed since Tuesday, September 15.

- Frank Hoyle, Guthrie.
- Homer Ernest Day, O'Brien.
- Mrs. D. B. Myers and baby son, Truscott.

Mrs. H. A. Cox and baby daughter, Rochester.

Miss Jackie Hudspeth, Rochester.

Mrs. C. E. Johnson, and baby son, Knox City.

Mrs. Jerry Tamnek, and baby son, Truscott.

Mrs. O. A. Burgess and baby son, Gilliland.

Mrs. E. D. Hendon, and baby daughter, Knox City.

**BIRTHS:**  
Mr. and Mrs. H. A. Cox, Rochester, a daughter.

Mr. and Mrs. C. E. Johnson, Knox City, a son.

Mr. and Mrs. Jerry Tomanek, Truscott, a son.

Mr. and Mrs. H. A. Owens, Knox City, a son.

Mr. and Mrs. O. A. Burgess, Gilliland, a son.

Mr. and Mrs. E. D. Hendon, Knox City, a daughter.

Mr. and Mrs. R. W. Weeks, Knox City, a son.

**DEATHS:**  
Baby Owens, Knox City.

G. H. Offutt, Knox City.

**TO WAAC TRAINING**  
Miss Cammie Beaty, who was recently accepted for training in the Women's Army Auxiliary Corps, left last Saturday for Fort Des Moines, Iowa, to enter training. She went by way of Dallas and reported for training last Monday.

## JANE ARDEN

1942 The Register and Tribune Syndicate  
U. S. Treasury Department.

## Farm Machinery Is Now Rationed

**MORE ABOUT THE FIRST BALE OF COTTON**  
Here's more news about Munday's first bale of cotton that we just learned after last week's issue of The Munday Times went to press:

J. C. Harpham, representing Eugene B. Smith & Co., was the buyer of this cotton, paying 20 cents a pound for it. This was a premium of about two cents a pound, and in addition Mr. Harpham added a premium of ten dollars.

The cotton was grown by H. R. Hicks.

**County Board Is Set Up For Handling Rationing**  
An order was received from the Secretary of Agriculture this week freezing farm machinery and equipment in the hands of the dealers, effective September 17th, and a county rationing board has been set up to handle the machinery rationing.

The board is composed of August Schumacher of Rhineland, Bill Cornette of Knox City, and Press Phillips of Munday.

The following machinery may be sold only to persons having rationing certificate issued by the county rationing committee.

Beet lifters, beet loaders, combines, corn pickers, disc harrows, feed grinders, fertilizer spreaders, grain drills, train elevators, hay balers, lime spreaders, manure spreaders, milk coolers, milking machines, pickup balers, potato diggers, shredders, and tractors, including garden tractors.

Some machinery can be bought upon certification by farmer to dealer that it is needed for current production.

Exempted are: One and two horse-drawn equipment not included in the above list and small tools, such as hoes, rakes, forks, scythes, and shovels.

There are no restrictions on sale or transfer of used machinery equipment and repair parts, it was stated.

**Lunch Supervisor Assigned To Knox County Schools**  
Mrs. Jessie M. Smith of Monahans has been assigned to Knox and King counties as assistant project supervisor of the school lunch program.

Mrs. Smith has a degree in home economics from Texas Technological College, Lubbock, besides several years teaching experience. She has been associated with the Farm Security Administration as farm home supervisor.

"Every effort is being made to open all the school lunch projects in the county," states Mrs. Smith, whose office is located in the Munday ward school building.

**DONALD HOBERT GETS DEGREE FROM A. & M.**

Mr. and Mrs. L. W. Hobert went to College Station last Friday and returned Saturday with their son, Donald, who has finished his four years of college, majoring in administration, and received his B. S. degree. Donald is keeping books at the Pendleton Gin until he is called into the navy. He is now in the naval reserve.

Alonzo Cartwright returned from A. & M. with the Hoberts and is here for a week's vacation. This is his first year there.

J. L. Stodghill was a business visitor in Detroit, Texas, the first of this week.

## County Schools' Lunch Gardening And Canning Projects Closed Sept. 12

### Funeral For George H. Offutt Held Monday

#### Resident Of County For 23 Years Dies On Saturday

Many friends over the county were shocked to learn of the death of George H. Offutt, a resident of the county for 23 years, who passed away at the Knox county hospital Saturday night at 9:15 o'clock. Mr. Offutt had submitted to and appendectomy and was to have been brought home within a few days. He apparently suffered a heart attack, and died within a few minutes.

Mr. Offutt was born near Chickasha, Oklahoma, on May 4, 1892, and died at the age of 50 years, 4 months and 15 days. He came to Texas with his parents when two years of age, and they settled in Hill county, later moving to Bosque county. Mr. Offutt moved to Knox county in 1919 and made his home here since that time. He was one of the county's prominent farmers.

Surviving him are his wife, a son, Lonnie Offutt of Munday, and a daughter, Miss Evelyn Offutt, a student in Wichita Falls; his aged father, Theodore Offutt of Bosque county; four brothers and two sisters, who are: Amos, Silas, and Preston Offutt and Mrs. Delia Gosden and Mrs. Cassie Odum, all of Bosque county, and Floyd Offutt of Knox county.

Funeral services were held from the Church of Christ in Munday at 3 o'clock Monday afternoon, conducted by Carl A. Collins, minister. Interment was in the Johnson cemetery.

Pallbearers, who were nephews of the deceased, were J. T. Offutt, Curtis Offutt, J. B. Gosden, Estell Matthews, Alvey Wheatley and Earl Fox. Flower bearers were nieces of Mr. Offutt: Mrs. Velzie Alvey, Mrs. Alton Tuggle, Miss Dorothy Odum, Mrs. Earl Fox, Miss Frieda Fox, Miss Laura Mae Matthews, Mrs. Vernie Matthews, Mrs. Woodrow May and Miss Pauline Wheatley.

Mr. Offutt obeyed the gospel at Munday under the preaching of Bro. Floyd Spivey in 1938, and since that time he had lived a very consistent christian life and was a faithful member of the Church of Christ.

**HERE FROM CALIFORNIA**  
Mr. and Mrs. E. R. Cowser of Hemet, Calif., are here for a visit with relatives and friends at Munday and Goree.

Mr. and Mrs. M. L. Barnett were visitors in Denver City last Sunday.

SERIOUS BOSS

Tilly Aboud's serious expression suggests the rivets will be well-planted in this Bolingbroke fuselage. Born in Arabia, she bosses a squad of 15 girl riveters. Tilly is representative of the Canadian women who are engaged in war industries.

### RENEW YOUR SUBSCRIPTION

The subscription of many readers of The Munday Times has expired, or will expire in the next few weeks. Due to advances in cost, we do not anticipate holding our usual annual bargain rates this year. In view of everything being higher, we believe that \$1.50 within fifty miles of Munday, and \$2.00 beyond the fifty-mile radius is not too much for The Times for one year.

For the above reason, we do not expect to go to the expense of mailing notices, either, so watch for the expiration date on your paper. It comes right after your name, and if it reads 9-24-42 or before that date, your subscription has expired.

You will not want to miss reading The Munday Times, and we urge you to send in your subscription promptly so you will not miss an issue. Thank you very much.

### Red Cross Class Opens October 6

Practice material for the Red Cross class making surgical dressings has arrived, and October 6th has been set for beginning this Red Cross course. Miss Myrtle Munday will teach the course.

Classes will be held in the rooms over the First National Bank. Afternoon classes will begin at two o'clock, and Miss Munday stated if enough interest is shown a night class will also be held for those who cannot attend the one in the afternoon.

All who are interested in the work are urged to register as early as possible. You may register at Baker-McCarty's and with either Miss Munday or Mrs. Oates Golden.

It will not be necessary to have white uniforms in order to take this course, it was stated.

### 44 Certificates For Tires Issued

Forty-four certificates for tires and tubes were issued by the county rationing board during the week ending September 18, it was announced. Receiving certificates were the following:

- Fred Zimmer, two obsolete tires; J. N. Rutherford, one; C. A. Hull, two; S. L. Poyner, one; A. C. Brock, two; Mrs. Maurine McMurry, four; H. F. Jungman, three; Shirley E. Perk, two; J. G. Hawkins, two; S. M. Clonts, two; E. C. Orsak, two; Arthur Blackburn, two; Ernest Blackburn, two; J. L. Ford, one; R. J. Walling, two; Cecil McMinn, one; Oda Claiborn, two; D. Franco, two.

**Car tires and tubes**  
Mahan Funeral Home, two tires and tubes; C. L. Mayes, one tube.

- For trucks or tractors**  
V. McMurry, two tires; J. W. Howell, two tires; Goree school, one tube; W. A. Melton, one tire; Porter and White, two tires and tubes; Quincy Davis, one tire; J. M. Cash, tire and tube; Mike Parker, tire; J. F. Denham, tire; Jerry Nix, tire; J. N. Crofford, two tires; C. S. Woodward, two tubes; A. Home, two tubes; B. M. Farmer, two tubes; Ollie Iising, one tube; Porter and White, one tube; J. W. Smith, two tubes.

**Retreaded tires**  
J. V. Jones, tire for truck; C. S. Woodward, two tires for truck; L. D. Hickman, two tires for car; Tom Clark, three tires for car; A. Horne, two tires for truck; O. J. Smith, two tires for truck; Ernest Bays, two tires for truck.

**NOTE:** All obsolete tires were issued for farm trailers.

### MORROW SHIPPED OUT

Relatives received a cablegram from Alston Morrow this week, stating he was O. K., and for them not to worry. This indicates he has been shipped to foreign soil. Morrow was stationed in New Jersey.

The Knox county school gardening and canning project, sponsored by the school that participated in the community school lunch program was closed September 12.

The 7-acre garden, which was located on the C. R. Elliott farm, 3 miles south of Munday, was planned by the WPA supervisor, and the work was done by three gardeners supplied by WPA. The produce was gathered by these gardeners and canned in the Munday school lunch room by 4 women supplied by the WPA. A total of 7,522 cans of vegetables were processed in this canning plant, according to the report submitted by Mrs. Jewell F. Lea, assistant district supervisor of the school lunch project. "The remarkable things are that of the total produced, not one can of food spoiled," states Mrs. Lea.

This project was financed jointly by the Works Projects Administration and the participating schools. WPA furnished labor for the garden and canning plant, supervision for all work done and two-thirds of the cans used. The schools furnished equipment, utilities, transportation of produce and one-third of the cans used. This made the cost to the sponsors about 3 cents per can.

The schools taking part in this program were: Munday, Munday Colored, Goree, Sunset, Union Grove, Knox City, Benjamin and Truscott. These schools plan to feed a total of 1,000 children a day during the coming year.

Most of these schools have started operation and are using fresh produce from their garden.

Each sponsor has expressed his sincere appreciation to Mr. Elliott for the use of his land which made it possible to have this project. Plans have already been made with Mr. Elliott for the use of his land next year so the sponsors will have the benefits of the project again.

### County Agents Attend Conference At College Station

The two Knox county agents, Neva Van Zandt and R. O. Dunkle of the Extension Service A. & M. College of Texas attended the State Conference at College Station last week.

The theme of the whole program was to acquaint all agents with the agricultural program under the present war emergency and the production goals that will be needed by agriculture to meet the ever expanding need for food and feed crops.

Specialists of the Extension Service and the State Experiment stations told of their more recent findings in the field of agriculture and home making, such as improved cotton varieties, hybrid corn, seed treatment against smut; treating stored grain, stream lining poultry production, dehydration of foods, dehydration of meats, victory councils and the relation to agriculture information.

### Check State Aid Schools Of County

J. C. Jernigan, deputy state supt., was in the county Wednesday and Thursday of last week, checking the budgets of the state aid schools and taking applications for state aid.

He spent some time in the county superintendent's office in conference with heads of Knox county schools in regard to state aid.

There are 10 state aid schools in Knox county. Mr. McGaughy said. They are Munday, Goree, Knox City, Sunset, Union Grove, Benjamin, Truscott, Gilliland, Vera and Hefner.

### STATE PATROLMEN CHECK SCHOOL BUSES

Patrolmen Dobbs and Hill of Seymour were in the county Wednesday and Thursday of last week, checking all the county's school buses for highway requirements. They checked at Benjamin on Wednesday and at Munday on Thursday, and all buses of the county were checked during this time.

"What a Man Does For Himself Dies With Him—  
What He Does For His Community Lives On and On"—

## OIL AND RUBBER

To argue that the oil industry is trying to prevent the manufacture of synthetic rubber from any process whatsoever, whether it involves the use of petroleum or not, amounts to arguing that this industry is hell-bent on its own destruction.

The situation is simple enough. The very life of the oil industry depends upon the maintenance of motor car transportation. The industry has big war orders, of course—but civilian consumption of gasoline and lubricants are still the foundation of its business. And when the war is over, the motor car will represent its principal market. It is clear to oil men, as well as the rest of us that the industry can't continue to sell to motorists unless they can obtain tires.

Even if every ounce of synthetic rubber were manufactured from petroleum products, the money value to the oil industry would be microscopic in the light of its total business. And, in many instances, the industry is operating government-owned synthetic rubber plants without profit. From the purely commercial point of view, rubber simply represents a means to an end so far as the oil industry is concerned—and the end is the sale of gas and lubricants. It is in the oil business—not the tire business.

There are many synthetic rubber formulas, and some involve the use of petroleum, and some do not. Only the chemists and the engineers can decide which is best, quickest and most practical. The position of the oil industry is one of complete cooperation with any program which promises to solve the critical rubber problem. It is devoting all its resources and facilities toward that goal.

You can look for greater governmental control over the production and flow of raw materials of all kinds. This control will be exerted by the War Production Board.

The very heart of the mass-production system is rigorous control of this kind. In peacetime we made better and cheaper cars than any other country made because the auto industry had developed an astonishing system whereby every part, from a screw to an engine, arrived where it was needed at the moment it was needed. So far, the War Production Board has not succeeded in achieving really efficient harnessing of materials.

43 per cent of all the motor vehicles ever sold in the United States are still in operation.

Since the war began nearly 100 new chemical and powder plants have been built in America.

Three years ago, U. S. aircraft makers, employing 30,000 workers and producing at the rate of 3,000 planes a year, needed 10 men to make each plane. Now, employing more than 400,000 workers and producing at the rate of 48,000 planes a year, they need only 8.3 men per plane—and the planes are far bigger and more complicated.

Seventeen pounds of salvaged kitchen fat provide enough glycerine to fire 85 anti-tank shells.

As long as the war lasts, Americans will have to keep on salvaging metals to keep the wheels of new industry turning.

By the end of 1942, it is estimated that four and a half million women will be engaged in direct

Try "Rub-My-Tism," a wonderful  
liniment!

war work in this country. The number may well rise above six million by the end of 1943.

At least 8,000,000 working days can be saved this year if war workers keep fit. That means 14,000 more bombers, 10 dreadnaughts, 33,000 tanks to help us win the war.

On sixth of the nation's boys and girls—about four million—new ride to school, chiefly in buses. About 93,000 school buses are in daily service.

Waste kitchen fats make glycerine, which is the propelling force for bombs and bullets. Save your waste kitchen fats and help fire the guns.

The Army and Navy are calling for 3,000 graduate nurses a month for the next twelve months. Many of these will be taken from civilian institutions. During the year ending June 30th, about 45,000 new students were admitted to schools of nursing.

With regard to one's work the desirable feeling is always to succeed and never to think you have succeeded.— Thomas Arnold

### PRESIDENT THANKS OIL INDUSTRY

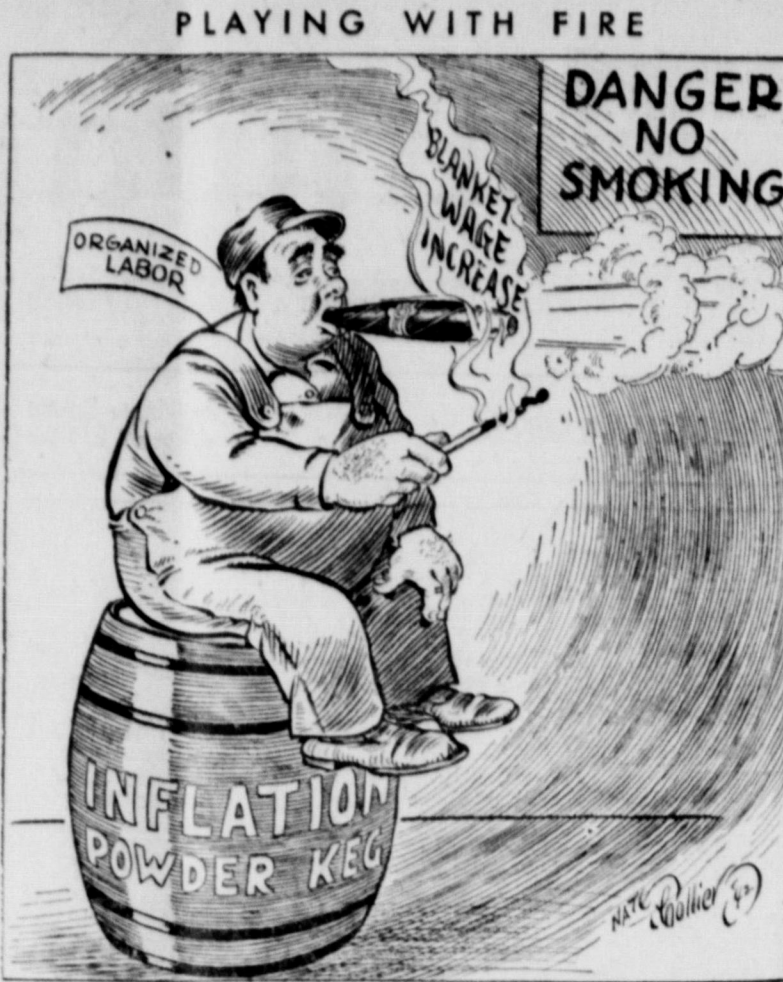

On June 12, the President of the United States, in a radio address, asked the people of the nation for scrap rubber, and entrusted the job of collection to the American oil industry. On June 15, the campaign started. And on July 10, when the drive ended, the government had 454,155 tons more scrap rubber than it had on June 15. The success of the campaign may be judged by the fact that some rubber experts doubted that more than 100,000 tons—less than 25 per cent of the actual total—could be acquired.

Shortly thereafter, the President wrote a letter to the chairman of the Petroleum Industry War Council, which is composed of representatives of the nation-wide oil industry. In connection, he said: "You and your associates have done a grand job and I want you to know that your government appreciates the splendid results achieved. My heartfelt thanks to you and to all who work with you."

The results of this campaign were not achieved by chance. They were, to the contrary, achieved through careful planning and hard, intensive work. For instance, the Standard Oil Company of California recently announced that practically all of its employees took an individual and active part in the collection drive. This company alone collected almost 18,000 tons—which is the equivalent of more than a ton for each of its employees. That is typical of the oil industry as a whole.

This campaign in itself is a fine answer to those who say that the oil industry has interfered with efforts to solve the rubber problem. The truth is that the oil industry will do everything in its power to provide this country with rubber, irrespective of how it is produced or manufactured. And right now the oil industry is making an invaluable contribution to the synthetic rubber program.

Engineers of an airplane plant have perfected a gigantic "shaker," which grasps a completed wing section and shakes it until all dropped rivets and other bits of stray metal have fallen out—accomplishing in two minutes a job that used to take two hours.

## Gems Of Thought

### EXPECTANCY

All earthly delights are sweeter in expectation than in enjoyment; but all spiritual pleasures more in fruition than in expectation. — Feltham.

We part more easily with what we possess than with our expectations of what we hope for: expectation always goes beyond enjoyment. — Home

When the destination is desirable expectation speeds our progress. — Mary Baker Eddy

The little done vanishes from sight of him who looks forward to what is still to do. — Goethe

By every part of our nature we clasp things above us, one after another, not for the sake of remaining where we take hold, but that we may go higher. — Beecher

The Office of Defense Transportation has taken some more rubber out of rubbernecking by abolishing for-hire sightseeing service by any motor vehicle using rubber tires. In Boston, horse-drawn carriages 50 to 75 years old have been resurrected so visitors may continue to see the city's historic places.

Former Norwegian floating whale factories are now Allied gasoline tankers.

Copper for 4,187 rounds of .50 caliber cartridges is contained in the typical household bronze door hinge, and door stop.

Laredo, Texas, tore up the oldest electric railway line west of Mississippi River to put it into wartime duty as scrap metal.

I GIVE YOU TEXAS  
by BOYCE HOUSE

"Uncle Buck" was (for he's passed away now) the gray-haired—mild-mannered of federal court, nevertheless he could—if you Friendly and even jolly in manner, gained his confidence, all many an interesting story of bad men of the Southwest for, first and last, he was an officer for 40 years.

One day, while out in a little West county seat town, he ran into one of the toughest hoppers in the State. However, Uncle Buck had no official business with the man; in fact, they were rather good personal friends, considering their different stations in life. So they had something to drink—probably an ice cream soda, strawberry flavor.

The bad man—let's call him and among other topics he discussed the fate of an officer who, not long before, had attempted to arrest a notorious outlaw and was shot to death.

"He didn't go about making the arrest in the right way," Jack said.

Some months later, Uncle Buck was handed an indictment against Jack. He called two deputies and the pair walked, unannounced, into Jack's hangout and, while one pointed a sawed-off shotgun at Jack's belt-buckle, the other roughly commanded the killer to turn around and flatten out against the wall, and then he was relieved of his shooting-irons.

When Jack was marched in, he was bitter.

"I don't like the way your men treated me," he snarled at Uncle

Buck. "I'll get even with you." "Why," Uncle Buck said mildly, "I was just carrying out your suggestion."

"How was that?" "Don't you remember when we were talking out in West Texas a while back, you told me the safe way to arrest a dangerous man? Well, I had it done just the way you told me then." Jack studied a moment, then his face lighted in a grin. "I reckon that's one on me," he said.

Another of Uncle Buck's stories was of a different nature and dealt with a traveling evangelist. Now this revivalist was a powerful exhorter but he did like his liquor. One afternoon, he sent his man-of-all-work, a darky, over to Paul's Saloon, to get a pint of whiskey. The negro was gone so long that it came time for the evening service. The evangelist began his sermon and was discussing the Apostles, and reached Paul.

"And what does Paul say?" the speaker shouted.

The darky had just entered the tent and was standing at the back. Thinking the question was meant for him, he said:

"Paul done say he won't sell you another pint till you pays fuh dat last one he let you have." And that broke up the preaching.

At least that was Uncle Buck's story.

If you see a discarded tire by the side of the highway, stop and take it to a salvage depot—every ounce of rubber is needed to keep America's war vehicles rolling.

# "Git along little doggie...you're a Fraud"

**SLEEPING DOGS MAY LIE**, but so do some that stand upright. Yet one sniff satisfies Foxy that his little pal is a fake.

Too bad you can't just as readily smell quality in oil. Neither can you see it, feel it, or taste it. This doesn't mean that there's no way to spot the genuine article.

So here are facts to help you pick a quality oil: Phillips offers a number of oils because car owners' preferences vary almost as much as their cars and pocketbooks. But when you want our best oil, there's no need for doubt or question. Phillips speaks out plainly. Tells you frankly that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to car-owners like yourself.

You can readily make sure of quality when you are replacing summer-worn lubricant with the correct winter grade, or when you are making the regular 1,000-mile change, by asking for Phillips 66 Motor Oil.

**IT'S PHILLIPS FINEST QUALITY**

**AN ORDINANCE**  
AN ORDINANCE MAKING IT UNLAWFUL TO MAINTAIN ANY BUSINESS ON PREMISES WITHIN CORPORATE LIMITS, IN SUCH A WAY AS TO BE DANGEROUS, OBNOXIOUS, OR INJURIOUS TO THE HEALTH, COMFORT OR WELFARE OF ANY OF THE INHABITANTS OF THE CITY OF MUNDAY, TEXAS, PROVIDING A PENALTY FOR VIOLATION, AND DECLARING AN EMERGENCY. BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MUNDAY, TEXAS.

Section 1. It shall be unlawful for any person, firm or corporation to keep or cause to be kept any business, premises, or establishment of any kind in such a manner as to be unhealthy or offensive, or so that any foul, nauseous, offensive, or unwholesome liquid, odor or substance, shall emanate or flow or be thrown or discharged therefrom, into the air, or any alley, gutter, or other premises, whether public or private.

Section 2. It shall be unlawful for any person, firm or corporation to carry on, or cause to be carried on, any business, trade or profession which is injurious to the health, or offensive to any of the inhabitants of this City, or to suffer or allow anything, or state of things, on the premises owned or controlled by him or them, which does or would be liable to produce such results.

Section 3. Since the keeping of several head of livestock on any premises for considerable time is liable to produce the prohibited results set out in the preceding sections, it shall be unlawful for any person, firm or corporation engaged in the buying or selling or trading in livestock, or acting as brokers in such sales, to keep any such livestock in any premises, barn, or sales place for a time longer than 1:00 a. m. on the day of sale, or sales, and for a longer period of time than 10:00 o'clock p. m. on the day after such sale or sales or for a total period of more than 48 hours.

Section 4. All sales barns, pens, lots, stables, or buildings where-in live stock are kept, shall be regularly cleaned, and kept in a sanitary and wholesome condition.

Section 5. If any part of this ordinance shall be held to be invalid by a court of competent jurisdiction, such holding shall not affect the remaining portion thereof.

Section 6. Any person, firm, corporation, or agent who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not exceeding \$100.00. Each day of such violation shall constitute a separate offense and shall be punished as such. In all cases of conviction the same shall be held to imply notice in abate conditions causing the violation.

On account of conditions prevailing upon various premises within such city from which offensive odors, and unwholesome matter is distributed to other premises, endangering the public health, creates an imperative public necessity that the rule requiring this ordinance to be read on three several occasions, be and the same is hereby suspended, and the same shall be and become effective from and after its passage and publication.

## Summer Uniform

—Photo By U. S. Signal Corps  
When the Quartermaster Corps set out to provide the Army with summer field uniforms designed for maximum wear and comfort, they chose all-cotton outfits. This soldier wears cotton shirt, trousers, leggings and cartridge belt. On his back he carries a pack made of cotton canvas, containing cotton raincoat and other cotton articles.

Attested:  
C. R. ELLIOTT, Mayor.  
RILEY B. HARRELL, Secretary.

Chas Moorhouse of Benjamin was here last Sunday, visiting with friends.

Mr. and Mrs. Joe Cade of Gilliland were business visitors in town last Monday.

Mrs. D. C. Green and Mrs. G. R. Eiland were visitors in Wichita last Monday.

Friends learned this week that Ted Longino, a former employee at Baker-McCarty's, is in Nashville, Tenn., this week for examinations in the air corps. Ted did not know whether he would become qualified as a bombardier or a pilot.

Ernest Ingram of Benjamin was a business visitor here last Monday.

Doris Dickerson, who is stationed at Sheppard Field, Wichita Falls visited relatives and friends here over the week end.

Mrs. L. M. Turner of Terrell visited her son-in-law and daughter, Mr. and Mrs. R. B. Davy, Jr., over the week end. Her little granddaughter, Patricia Ann Davy, accompanied her home for a visit.

## HEFNER NEWS

Mr. and Mrs. A. W. Akin and son, Jerry, returned home after attending school at Hardin-Simmons during the summer. Mr. Akin is teacher in the Hefner school, which opened Monday, September 21, but will stop for a few weeks for gathering cotton.

Mrs. T. H. Jones and Mrs. D. G. Jones have returned from a visit with their sister, Mrs. J. C. Parks, and her husband at Rotan.

Mrs. E. J. Jones has returned from San Angelo, where she visited her daughter, Mrs. Felton Jones and family for a week. Mr. Jones is clerk at the Goodfellow Air Base.

Mr. and Mrs. L. L. Hendrix went to Lubbock recently where their son, L. M. entered Texas Tech for this term.

Mrs. Overton has returned from Canadian, where she visited her son for a few weeks.

Mr. and Mrs. J. C. Lambeth and children of Boulder City, Nevada, returned Monday after visiting relatives here. They also attended the Brooks-Holder Reunion here.

Mrs. T. W. Williams of Wichita Falls is the guest of her sister, Mrs. Roy Jones.

Terrill Boggs' mother received word that he was transferred from Camp Wolters to Camp Lee, Va.

Paul Pendleton, who is stationed at Sheppard Field, Wichita Falls, spent the week end here with Mrs. Pendleton and with his parents, Mr. and Mrs. H. A. Pendleton.

Mrs. Bertie Wilson and Mrs. Bessie Pickett were visitors in Abilene last Saturday.

Douglas Doshier of Benjamin was a business visitor in the city last Monday.

## One War Week

A calendar of events on one war job in one recent week gives a graphic picture of how General Electric is working to meet wartime emergencies.

1. THURSDAY: An order was received at an eastern G.E. factory for equipment needed by a U.S. warship near Australia. A special call went out.

2. THURSDAY NIGHT: As many workers as could be efficiently employed on the job worked all night, all day FRIDAY, assembling the equipment.

3. SATURDAY: Under police escort, the equipment was rushed to a nearby airport. Traveling by plane, it arrived in San Francisco on SUNDAY.

4. WEDNESDAY: A bombing plane landed the equipment at its Pacific destination—10,000 miles from the factory—six days after receipt of order.

General Electric believes that its first duty as a good citizen is to be a good soldier.

General Electric Company, Schenectady, N. Y.

## BENJAMIN MUSTANG

Editor-in-Chief ..... Bonnie Parker  
 Assistant Editor ..... Bobbie Floyd  
 Sponsor ..... Miss Browder  
 Sports Reporter ..... Bill Spikes  
 Senior Reporter ..... Glenda Rutledge  
 Junior Reporter ..... Elaine Galloway  
 Sophomore Reporter ..... Frances Smith  
 Freshman Reporter ..... Elma Jean Cornett

We find our school with almost a complete setup of teachers. We wish to welcome each of them and we are all ready to cooperate in every way possible.

Mr. Boyd, who is superintendent, is from Ralls. He received his schooling at John Tarleton, Texas Tech and Howard Payne.

Mrs. Boyd is the primary teacher. She is also from Ralls. She attended San Marcos, John Tarleton and Texas Tech.

Mrs. Corbin teaches history. Being from Denton, she attended N.T.S.T.C. there.

Miss Cash teaches home economics and science. Her home is in Wichita Falls. She attended Hardin Junior College and T.S.C.W. in Denton.

Miss Browder is working on a war-time schedule. She is teaching English, typing and music. She is from Truscott. Miss Browder attended T.S.C.W. in Denton.

Mrs. McLean is teaching in the second and third grades. She is from Abilene, and attended A.C.

Mrs. Williams is teaching fourth and fifth grades. She is from Benjamin. She attended N.T.S.T.C. in Denton.

Miss Evatt teaches the sixth and seventh grades. Miss Evatt is from Azle. She attended Daniel Baker, Weatherford Junior College and N.T.S.T.C. in Denton. She has collected a new piece of jewelry which belongs on her left hand. She has

hopes of getting the other one that matches this one.

Mrs. Anderson is teaching the eighth grade. She is from Benjamin. She attended school at San Marcos.

### Freshman

The freshmen have started the new year off with a smile on their faces. We had a meeting and elected our class officers and room mothers. Our president is Glen Dunkle, secretary Charlene Kinderick; vice president, A. B. Sams; class reporter, Elma Jean Cornett; treasurer, Jean Galloway, and the room mothers are Mrs. Dunkle and Mrs. Sams. We all like our new teachers and we hope to make the new year as happy as possible.

### Sophomore

We have been in school two weeks and all seem to enjoy our new school year very much.

The sophomores had a class meeting and elected our class officers for the year. We elected Joe Ben Qualls as president, Charles Ray Snailum, vice president; Peggy Starks, secretary-treasurer, and Frances Smith, reporter.

We have one new student in our class who was not with us last year. We enjoy having her very much. Wanda Benton is from Knox City.

We are hoping to have as much fun this school year as we did last year. We also wish to cooperate in every way possible with our sponsor.

### Junior

Most of us started to school on last Monday, and we hope that we all make the grade. We have a new student in our class, Don Hall who started to school Thursday.

We elected the following officers for our class: Gene Hamilton, president; Ruth Littlepage, vice president; Bill Spikes, secretary-treasurer; Elaine Galloway, reporter. The junior room mothers are Mrs. Cartwright and Mrs. Galloway.

### Senior

The seniors are beginning to feel that old school spirit again. We have completed two weeks of school work, and we like it fine. Besides the members of our junior class last year we have two new class members, Bobby Floyd comes to our class from Munday, and Billy Benson from Knox City. We wish to welcome these two classmates, and we hope they enjoy our school as much as we always have. The seniors also have our class rings, and we're really proud of them.

Our class officers are as follows: Bill Benson, president; Bonnie Parker, vice president; Frances Duke, secretary; Bobbie Floyd, treasurer; Glenda Rutledge, reporter, and Mrs. Louis Floyd and Mrs. Rufus Benson, room mothers.

### Sadie The Snoop

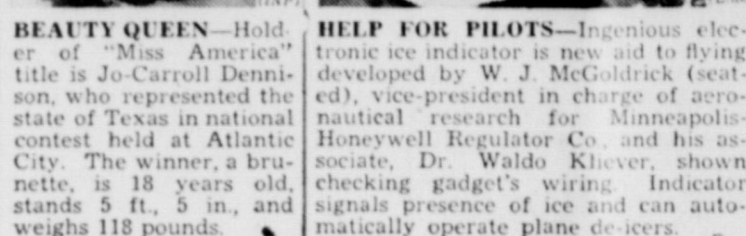

How many girls do you usually have dates with on Sundays, Billy Joe?

Why did all the soph girls seem interested in taking biology Thursday? Maybe Don Hall could help explain this.

Have you been to Jud lately, Peggy? We heard there's plenty of good ginning going on there.

We often wonder why Truscott boys seemed interested in Benjamin lately. Maybe Frances and

## People, Spots In The News

**FLYER SURVIVOR**—Capt. Frank B. Bender, U. S. Army Air Forces, is loaded into bomb bay of plane at New Guinea air base for transport to mainland hospital. Explosion of his plane after enemy attack blew Bender clear and enabled him to parachute to safety.

**BEAUTY QUEEN**—Holder of "Miss America" title is Jo-Carroll Dennison, who represented the state of Texas in national contest held at Atlantic City. The winner, a brunette, is 18 years old, stands 5 ft., 5 in., and weighs 118 pounds.

**HELP FOR PILOTS**—Ingenious electronic ice indicator is new aid to flying developed by W. J. McGoldrick (seated), vice-president in charge of aeronautical research for Minneapolis-Honeywell Regulator Co. and his associate, Dr. Waldo Khever, shown checking gadget's wiring. Indicator signals presence of ice and can automatically operate plane de-icers.

### Autumn Smartness

Among the season's smartest new cottons is this beige coat of wide-wale corduroy. Simple severity of the coat is relieved by the slight blouse effect over the belt made of the same corduroy material.

Glenda, have you seen any Cadillacs or gray Fords lately?

Say, Billy Ben why did you go home so early Friday night? Did you get sick?

Talk has been going around about a certain senior having too many dates lately. Wonder who that could be, Frances?

Has anyone seen Mr. Gould lately? If you do, tell him to report to Miss Cash's class immediately.

Miss Evatt, what a pretty ring you have on your left hand! We're often surprised at what the soldiers can buy—are't we?

### Activities of The Colored People

On the 12th of September, Mack T. Thomas and Annie Mae were married by the Rev. R. Q. Beaver. On the 17th a shower was given them by Millie Hill, Altabell Colbert, Elnora Hendric and Aline Johnson at the home of Aline.

The Charity Association has been organized by the colored women of the town. Millie Hill is the founder, and the name was suggested by Aline Johnson.

On the 11th of September a baby girl was born. Her parents are Ruby Williams and Ernest Williams.

### Joe Morrow On McMurry Team; Is At End Position

Joe Morrow, freshman at McMurry college, Abilene, was listed as end on the Indian football squad at the college. The list was announced September 12 by Coach Jim Conger. He reduced a squad of players that numbered some 40 players to 29, to comply with the Texas Conference limit rule.

The Indians took only a limited workout of passing, punting and place kick attempts in the afternoon session.

Joe is the son of D. C. Morrow of Munday.

H. M. McCelvey of Temple visited in the home of Mr. and Mrs. John Ed Jones several days last week.

Mrs. Hal Fairman of San Angelo visited her son-in-law and daughter, Mr. and Mrs. Arthur Smith, Jr., and with other relatives and friends here the first of the week.

**BUY UNITED STATES WAR BONDS STAMPS**

Mr. and Mrs. Lloyd Bowden and baby, James Alan, of McCamey visited with Mr. Bowden's mother, Mrs. J. B. Bowden, and with other relatives the latter part of last week.

Mr. and Mrs. G. W. Hawkins of Sweetwater visited with Mrs. Hawkins' mother, Mrs. J. B. Bowden, over the week end. Mr. Hawkins reported Wednesday to Camp Walters for induction into the Army Air Forces. Mrs. Hawkins will remain in Sweetwater, where she is employed.

J. D. Mounce of Archer City, Mrs. J. L. Arrott and sons, John and Cal Richard, of Palo Pinto, and Mr. and Mrs. W. E. McCauley and children, John Edward and Penny of Borger visited with Miss Elizabeth Mounce during last week.

Mr. and Mrs. J. J. Keel and daughter, Miss Leona, were in Lubbock over the week end to visit with their daughter and sister, Mrs. Dewey McDonald, and Mr. McDonald.

### New Mileage

How to get new mileage into wornout automobile tires is demonstrated to Miss Dorothy St. Lawrence of Providence, R. I. at the Firestone laboratories. The trick is simple; by merely applying an all-cotton protector to the inner tube and inserting both into the old tire, an additional mileage life of 4,000 to 5,000 miles is obtained. Not had in these days of rubber shortages.

### FEWER TYPES OF BULBS TO BE PRODUCED

Almost 2,000 electric light bulbs and lamps of various voltages, wattage and color will go out of production when WPB's new order L-28-A goes into operation on November 1. No curtailment in the total production of electric bulbs will result from the action, as adequate supplies of the permitted types will be produced.

### Reclamation of Goods Planned

Reclamation of Army clothing, blankets, mattress covers, bar-rack bags and other items of equipment will be undertaken by the WPA on a nation-wide scale, with the Army furnishing the thread, buttons material and patches and the WPA furnishing the labor without charge. In addition to the service to the 9 Army and the important savings, the clothing projects, will enable thousands of women WPA workers, barred by age or other considerations from war industries, to help materially in the war effort. On small scale operations in New England, WPA clothing projects have reclaimed more than 2,900,000 items of clothing and equipment for reissue during the last four months.

### Rails Will Go to War

Rail from the Elkhart Santa Fe line, which once carried produce and cattle between Boise City, Oklahoma, and Farley, New Mexico, soon will go to war, under a WPB requisitioning order. WPB Chairman Donald Nelson stated the rails are urgently needed in naval supply depots of the Pacific Coast. In addition, a large amount of the 980,000 feet of track to be recovered will be used to speed completion of the giant new arsenal at McAlester, Oklahoma.

## Can Openers for Nazi Tin Fish

In the fight against U-Boats, the Royal Canadian and American Navies are cooperating as a unit in North American Waters.

In Canadian munition factories war workers are speeding produc-

tion to keep up the supply of depth charges. Insert at right shows a worker in such a plant assembling screw tops for the charges. At left, a depth charge officer directs the crew as they hoist a lethal package

of TNT into the depth charge thrower for special delivery to a submarine raider lurking below. When these depth charges, known as "ash cans," explode they throw up a geyser of water a hundred feet into the air.

Official Canadian Government Photos

tal areas in the Southwest OPA region. Opening of the new area rent offices will bring to 36 the total number of areas in this region under federal regulation. The offices will administer rent control in the following areas: Choteau, Oklahoma; Borger, Texas; Eagle Pass, Texas; Gainsville, Texas; Greenville, Texas; Marshall, Texas; Blitheville, Ark.; Hot Springs-Malvern, Arkansas; and Bauxite, Ark.; In eight areas, rents will be cut back to levels of March 1 this year. At Choteau, Okla., the freeze date is October 1, 1941.

### Production of Fewer Lines Set

WPB has issued simplification schedules covering saws, axes, hatchets, adzes and light hammers. These requirements are designed to concentrate production on fewer lines and release materials and productive facilities for the war effort.

### Dallasite Gets ODT Post

Appointment of Daniel E. Clifford of Dallas as an assistant deputy associate director in OTD's division of railway transport has been announced by W. T. Long, Jr., deputy associate director. Mr. Clifford will be stationed at El Paso and will travel in West Texas, New Mexico and Arizona. He is a veteran railway man, formerly associated with the Texas & Pacific Railway company.

### Record Made in Oil Shipments

A new peak for tank car oil shipments to the east coast was reached during the week ending September 12, when an average of 838,440 barrels daily moved to the shortage area.

### Tenant Scores in Civil Suit

Award of \$50 damages and at-

torney's fees to a Wichita, Kansas man for excess rent charges resulted from the first civil suit decided in the Southwest OPA region under treble damage clause of the Price Control Act of 1942. Evicted by his landlord, who wished to remodel the premises, the tenant brought a cross suit action alleging a 50-cent overcharge on rent from June 1, 1942, when federal rent control became effective in Wichita. Under the rent control law, the tenant may sue his landlord for treble the amount of rent overcharged, or \$50, plus costs and attorney's fees, whichever is greater. Rent control has been invoked in 27 areas in the six states comprising the Southwest OPA region, and will be invoked in nine additional areas on October 1.

### Sugar Can Be Replaced

Sugar purchase certificates may be issued by the Army Exchange Service to replace sugar used in products delivered to Army post exchanges, OPA announced. Details about the replacement may be obtained from the exchange officer at the post where the products are delivered. Manufacturers who use sugar in finishing products delivered to the Army or Navy, principally for ration kits also can qualify for replacement of the sugar they used, through application to the local war price and rationing board with which they are registered.

### All-Purpose Rationing Book Sent to Printer

OPA last week sent to the printer the first of the nation's all-purpose ration books, designed to provide a swift means for rationing any commodity as soon as a critical shortage appears imminent. The book is adequate for rationing of at least two major groups of commodities for a minimum of 3 months. Three more ration books of similar character are now in preparation by OPA. One hundred fifty million copies of the new book will be printed, and probably will be ready for distribution shortly before Christmas.

### Blanks Will Be Mailed Out By ODT

Owners of commercial vehicles will be mailed blanks on which to apply for the certificates of necessity required by ODT for continued operation of their vehicles after November 15. Due to begin about September 23, mailing of blanks will be completed in time for each eligible operator to obtain his certificate. Each application blank will be accompanied by a self-addressed envelope in which it is to be returned to the central ODT mailing office in Detroit, Mich.

### Ceiling Price Put on Underwear

Price Ceiling prices for all fall and winter knitted underwear for retailers, wholesalers and manufacturers have been established by OPA. Prices for retailers and

wholesalers are governed through maximum Price Regulation No. 219, on fall and winter seasonal commodities. Manufacturers' prices are set in MPR No. 221, which also sets standards for undergarments, in order to prevent inflation through deterioration of quality.

### Ceiling Prices Set on Prunes, Raisins

Ceiling prices at levels representing about 110 per cent of parity to the grower soon will be set for dried prunes and raisins, OPA has announced. These price curbs, when issued, will be the first to be fixed on any fruit at the grower level.

### Truck Pooling Program Boosted

Texas OPA Director Mark McGee, in a series of meetings with farmers, dairymen, lumbermen and business men in various sections of the state, is recommending transportation pooling and mileage rationing as the best quick solutions for the acute rubber shortage. More than 300 representatives of East Texas agricultural industries attended the meeting held last week at Sulphur Springs. Elimination of duplicating and competing routes, and pooling of hauling facilities were recommended by the OPA official.

## LOCALS

FOR SALE—1929 Chevrolet car with four good tires and tubes. Munday Hardware and Furniture Co. Inc.

W. T. Ward of Benjamin was a business visitor in the city last Thursday.

Mr. and Mrs. Willard Mitchell and little daughter of Rochester visited friends here last Monday.

Mr. and Mrs. Togo Moorhouse and baby of Benjamin spent last Friday here, visiting with relatives and friends.

Relatives received word from

## Quads In Cotton

It's a happy day for the Redgett quadruplets of Galveston, Texas, as, all dressed in their favorite cotton frocks, they pluck the flowers from a new species of oleander named after them. Youngest all-girl quads in the country, the Redgett children are now able to draw themselves, detect all the letters of the alphabet, and recite verses. They are the daughters of Mr. and Mrs. W. E. Redgett of Galveston.

Bill Billingsley last week to the effect that he has passed his examinations and has qualified as a bombardier in the air corps. He took his exams at Nashville, Tenn. and did not know at the time he wrote just where he would be stationed.

## Munday School News

### Freshman News

Disappointed in the football game Friday night? The freshmen are not. The boys played a swell game, and they have more games to win before the season's over. Several compliments were received on the pep squad, too. Win or lose, they yell!

**We Wonder Why...**  
Junrose is always turned around in her seat, especially in the study hall?

Nazafine came to school bare-footed Friday afternoon?

Margie likes to go in the office so much?

Martha Ann had such a swell time Friday night?

Oleta's favorite song is, "Please Don't Leave Me?"

Bobbie's favorite song is "My Life's Been a Pleasure."

After two weeks, the sophomores finally decided to initiate the freshman girls. Wearing an onion about their necks and wearing their clothes wrong side out and backwards wasn't enough, so

they wore a high heeled shoe with a stocking. Their faces were painted like some women's you've seen, and their hair was a mass of ribbons. To stop this undignified situation imagine having to bow to the sophomore and junior ec. girls.

**Sophomore News**  
We're sorry our report didn't make the paper last week, but it was thrown away with some old papers or something. The reporters handed it in but it just didn't get to the news office.

Our officers for this year are: Wayne Payne, president; Helen Haymes, vice president; Janie Sue Haynie, secretary and treasurer; Latreace Johnson, reporter; Herbert Stodghill, assistant reporter.

The room mothers are Mrs. Lowe, Mrs. Stodghill, Mrs. Mann Brouch and Mrs. Douglas.

Being patriotic and having a good time, too, may be a hard task, but we're determined to overcome it and have a successful year. The sponsors who are to help us are Miss Traylor and Miss Brock.

The Home Ec. II girls canned the first two weeks of school in order to get fruits and vegetables. They canned black-eyed peas, okra, green beans and tomatoes. The vegetables held their color wonderfully. So far we haven't lost a single jar.

Monday morning we started our dresses. We're working with gabardines, corderoys and such materials this year. The girls have made a grand start and if we finish our dresses in the six weeks we have to make them and do a really good job on them we'll feel as though we could anything.

**We'd Like to Know...**  
If the kids hat got their names mixed got their disputes straightened out.

If that big junior boy sleeps as soundly as his sister professes him to.

How Berniece's dress is going to look if she sews the seams as jagged and crooked as she cut the dress out.

If Patsy Ruth's illness was only an excuse to get some sleep before Friday night's game.

How much hair Latreace will have left if she lets anyone else cut a lock of it.

How Berniece and Patsy like Knox City's shows.

**Senior News**  
The seniors have been very busy this week, and most of us are worried about that English test. But maybe we will come out with at least 70.

This week we are starting a

"Seniors on Review" article which you will see every week in this article. This week we are going to tell the life story of our president, Jimmie Silman. So here goes:

Mr. and Mrs. Jimmie Silman, Sr. were blessed one fine morning, November 8, 1926, to be exact, by the arrival of a fine baby boy whom they called Junior. All of this happened in that big town of Knox City. Junior started to school in Knox City and went there for five years. Then his parents moved him to Woodson, then to Spur, and back to Knox City. And by the way, Mr. Silman has been living in Knox county for sixteen years.

Now on with the travels of our great president. He moved to Seagraves, then finally landed in Munday and has been here ever since. This fall is Jimmie's fifth year to come out for football. In his sophomore year he won second in regional declamation, and last year was junior life reporter for the annual and was voted the most friendly person in school. This year he was elected president of the senior class. Jimmie plans to go to Texas Tech next summer, and all of his classmates wish him all the luck in the world.

## WANT ADS

**FOR SALE**—Good Nortex Seed Oats, free from Johnson Grass. 65 cents per bushel at my barn. Bud Nelson, Munday. 12-4tc.

**FOR SALE**—Two good restaurants and a good laundry. Can be bought worth the money. George Isbell. 9-1fc.

**OFFICE SUPPLIES**—Typewriter ribbons, second sheets, mimeograph papers, sales pads, etc., now stocked by The Munday Times.

**FARM FOR SALE**—216 acre farm, about 10 miles southwest of Munday, all in cultivation, 70 acres sub-irrigated land; has one 5-room house and two 3-room houses, a bargain at \$55 per acre. George Isbell. 9-1fc.

**WANTED**—We have a demand for 500 heavy hens. Good prices. Bring us yours. Banner Produce. 1tp.

**FOR SALE**—Good Turkey Red Seed Wheat. \$1.50 per bushel. See, Chris Birkenfeld at Rhineland. 12-4tp.

**John Bowden.**  
Most of the girls are playing volleyball and most of the boys are playing football. Mrs. Bogard is sponsor of the volleyball team.

The seventh grade is glad to welcome a new pupil, Tracy Veazy.

**Eighth Grade News**  
The eighth grade met Monday, Sept. 21, and elected class officers. They are: President, Kelton Tidwell; vice president, Wayne Rodgers; secretary, Jean Ratliff; treasurer, Curtis Gollehon; safety captain, D. Chamberlain.

**First Grade News**  
Berta Ann Reid brought us a beautiful bouquet of zinnias for our room. We are enjoying them very much. Our room mothers have been selected. They are Mrs. D. C. Eiland, Mrs. Clint Hawes, Mrs. Joe Patterson and Mrs. H. B. Stubblefield. We are looking forward to working with them this year.

**Second Grade**  
We are welcoming another classmate this week. She is Wanda Lou Veazy, who comes from Ben Wheeler school in Van Zandt county. Our room mothers this year are Mrs. Don Phillips, Mrs. R. E. Foshee, Mrs. R. B. Harrell, Mrs. Robert Guffey and Mrs. Joel Massey.

**Third Grade**  
The third grade was happy to have Joyce Brewster from Anson as a new member. Joyce came Monday.

Douglas Hulsey celebrated his 8th birthday Tuesday. The room sang "Happy Birthday" to him as he sat at the front of the room. He received many good links to grow on at recess period.

**Fourth Year News**  
We are very busy these days. Farm life is the main topic of interest. Our unit of work for the first six weeks is being centered around the farm and the many interesting activities that take place there. We feel like this is a good time to study the farm, for there are so many kinds of work being done there now that benefit everyone of us. Before we have finished this unit, we hope to have a better knowledge and appreciation of the farm and how much it means to ever citizen of the U. S.

**Fifth Grade News**  
The children of the fifth grade are very busy now with their study of the American Indians. Several activities have been reported in connection with the unit.

Our room mothers are, Mmes. Deaton Green, G. B. Hammett, Charlie Haynie, Otis Simpson, and Elmo Morrow.

**Sixth Grade News**  
The sixth grade is really getting into the swing of things. They are taking exams this week. They were measured and weighed so a check-up can be made each month.

**Seventh Grade News**  
The seventh grade have seven room mothers. We are very proud of them. They are Mmes. Sied Waheed, P. V. Williams, Chester Bowden, Fidelia Moylette, W. H. Albertson, W. E. Reynolds and

**WANTED**—Old bicycles and bicycle parts. Will pay the highest possible prices. Western Auto Associated Store, Munday. 4-1fc.

**"RUPTURED?"**—Examinations Free. We examine and fit you truss right in our store, no waiting for correct truss, we carry a complete stock. Examination and advice Free—THE REXALL DRUG STORE, Drug Dept. 26-1fc.

**HAVE** new combine, ready to do custom cutting. Anyone wishing to have grain cut see Clyde Nelson, Knox City, Route 1. 12-2tp.

**WANTED**—500 good fryers for our market this week end. We pay market prices. Banner Produce. 1tp.

**SELLING OUT**—9 good young Jersey cows, two 6-year-olds; 1 Jersey bull; 1 registered Hereford bull, 3 years old; 4 registered Hereford bulls, 1 year old. Hoyle A. Sullins, Vera, Texas. 11-4tp.

We have plenty of FRAM replacement cartridges and filters. REEVES MOTOR CO.

Bring your tire certificates to us for all kinds of tires. REEVES MOTOR CO.

Miss Louise Beatty spent the week end in Dallas, visiting with relatives.

IT PAYS TO ADVERTISE

**Lemon Meringue Pie!**  
THE SOLDIER'S FAVORITE  
**Texsun 70% MORE JUICE LEMONS**

**fresh-from Keith's**  
Next time you entertain one of Uncle Sam's boys for dinner, just put a big piece of lemon meringue pie in front of him and you'll make a friend for life. No wonder lemon pie is the universal favorite of Uncle Sam's fighting forces. It's EVERYBODY'S favorite. Especially when it's made with **TEX-SUN** lemons.

Some stocker steer calves sold from \$11.50 to \$12.40.

Mr. and Mrs. James W. McMorris spent the week end in Seymour, visiting with Mr. McMorris parents.

## SLAP THAT JAP!

**BUG SWATTERS cost money! BUY U.S. WAR BONDS & STAMPS**

## We Can't Wait For Weapons to Grow!

Wars take time and efficiency of primary importance, and the critical needs of the U. S. and the United Nations cannot wait for the normal, slow peacetime pace of production.

PORK and LARD are weapons of war—vital to the war effort. They must be produced rapidly and efficiently—time is important, especially to avoid "swamping" burdened markets at the normal peak of peacetime hog marketing.

THE DEPARTMENT OF AGRICULTURE AND WAR PRODUCTION BOARD URGE YOU TO SAVE TIME AND GRAIN IN HOG PRODUCTION.

Properly used in balanced rations COTTON SEED MEAL can be a major factor in saving time and grain in hog feeding.

COTTONSEED MEAL also will reduce the cost of your protein supplement mixture, and increase its efficiency.

"Soft Pork" can be avoided by proper management and use of COTTONSEED MEAL for swine on "softening" feeds, such as peanuts and soybeans. See us for complete information.
