VOLUME 38

MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, MARCH 25, 1943

NUMBER 39

## Senior Class To Present Play On April 5th

An evening of delightful entertainment will be presented by the Senior class of Munday high school, April 5 at the Grammar school auditorium.

The Seniors are presenting "I'm in The Army Now!" It is not a war play—far from it! Rather, it is a modern comedy about an average family and it is packed with laughter.

This play has nothing to do with war but is a bright comedy of the American scene and deals with the problems of our youth, treated always from a humorous viewpoint. Will our young hero be called for the draft? Will he have to undergo untold hardships? Will his local board accept him, and if they do, what effect will it have on his future? The play shows the humorous side of all this and gives us a side-splitting comedy dealing with a subject that is of interest to all of us.

When the curtain rises on "I'm in The Army Now," and you become acquainted with the various characters in the play you will think, "Why I know somebody exactly like that!" Needless to say the comedy deals largely with the youth of our great country and there are fine parts for each of the cast. Tell all of your friends about this timely comedy and bring as many of them along with you as you possibly can when you attend the performance of "I'm in The Army Now!" on the evening of April 5.

## Wallace C. Hood Completes Course

Pvt. Wallace C. Hood, son of Mr. and Mrs. H. M. Hood of Munday, has graduated from an intensive course in aviation mechanics at North American Aircraft Factory School, Inglewood, Calif., and is now prepared to blast the Axis.

This is one of the many schools in the Army Air Forces Technical Training Command which trains the specialist technicians who maintain our bomber and fighter planes in perfect combat condition.

Pvt. Hood was assigned as a crew chief on a bomber and joined the crew of a new ship when it came off the production line.

## Alfred Hendrix Enters Air Corps

Alfred Hendrix, son of Mr. and Mrs. Frank Hendrix of Munday, was called for training in the Army Air Forces last week, reporting at Dallas for assignment last Saturday.

Alfred volunteered last September and took his examination for the army air cadets. He was placed in the reserves and just last week received his call. He will be trained as a pilot.

Mrs. J. R. Burnison spent the week end in Dallas, visiting her son-in-law and daughter, Dr. and Mrs. Elmo Anderson.

## USELESS SPENDING

Senator Harry F. Byrd, in a recent press release, said in part:

"The United States Civil Service Commission reports as of August 31, 1942, that there were 2,606,300 employees of the United States government. . . . On Armistice Day, November 11, 1918, there was a total of 917,760 civilian federal employees. We have three times that many now. In the last World War we had one civilian employee for every four and one-half members in the armed service. In this war, we have so far one civilian employee to every one and three-fourths members of the armed forces, the ratio being two and one-half times more per soldier, and we are still increasing our civilian personnel at the rate of over 3,000 daily. . . . On November 11, 1918, there were thirty agencies of the government. Today there are 81 distinct agencies, many of these making no direct contribution to the war effort."

This remarkable statement should receive the careful consideration of every American citizen. When we consider that, since the release by Senator Byrd, the President has submitted his budget to Congress for the fiscal year, calling for 100 billion dollars for our war effort and nine billion additional for civic expenditures, we gain some idea of what the conduct of this war is going

## New Varieties Of Sorghums To Be Grown Here

Seventy six 4-H Club members of Knox county are introducing into the county two new varieties of combine Grain Sorghums according to R. O. Dunkle, county agent. One variety is known as "Bonita" which is a hybrid of Hegari, Kafir and Feterita, developed at the Chillicothe Experiment Station, it is one-fourth kafir, one-fourth feterita and one-half hegari. It is in fact a double dwarf type, very early and has the high grain production of any variety in the station tests for the past seven years. It is suitable to be harvested with a combine. Bonita is the Spanish name for (road and beautiful).

The other type of combine grain sorghum is "Caprock" and is being distributed to the 4-H Club members north of the Brazos river in the tighter land areas. Under poorer growing conditions sometimes encountered in the north portion of the county, this Caprock variety is very much better and more dependable in grain production on the average. This new variety has been named Caprock, because of its special adaptability below the Caprock.

Club members who are fortunate to receive these new types of grain sorghum are going to make special efforts to maintain its purity by isolation from other grain sorghums and hope to produce enough high quality seed for all farmers wanting it in 1944.

The boys are in dead earnest about increasing the seed of these two new types of combine grain sorghums for Knox county, as there will no doubt be a great demand for seed of these types next year.

## Sanford Howell Visits Relatives In Goree Area

Sgt. Sanford Howell has returned to his army air base in Rice, Calif., after a week's furlough with his wife and her parents, Mr. and Mrs. Jim Goode of Goree.

Sgt. Howell is group captain of 85 men in the 308th Bomber Squadron. They have just returned from maneuvers in Yuma, Ariz., and Needles, Calif., where they were the support for the blue and red armies.

Sgt. Howell's training has been extensive. He enlisted in November, 1941, and was stationed at Sheppard Field for five months. Since that time he has been in Patterson Field, New Jersey; Savannah, Ga.; Way Cross, Ga.; Nashville, Tenn.; Blythe, Calif., and Needles, Calif.

He is the son of Mr. and Mrs. Jack Howell of Seymour. Prior to his enlistment, he was connected with the John Coffman Gas and Oil Co., at Goree.

Jack White, who is employed in California, returned to his job the first of this week after several days visit with relatives and friends here.

## FARM FAMILIES TO RECEIVE AWARD

COLLEGE STATION.—Certificates of enlistment for all-out food production will be awarded Texas farm families who have enlisted in this year's Food for Freedom program.

The 11x14 inch certificates, which has been signed by Secretary of Agriculture Claude Wickard, will be presented to farm families by local county USDA War boards after the completion of the 1943 farm sign-up campaign.

The 1943 farm plan, which Texas farmers and ranchers now are filling out in all sections of the state, will be the basis for making the award. This drive, aimed at obtaining maximum production of food and feed from each farm and ranch is to be completed

this month.

"It is a simple word of appreciation and encouragement to the fighting units of the food front, the nation's farm families," B. F. Vance, chairman, Texas USDA War Board, said in explaining the purpose of the certificates. He pointed out that for three years in a row farm operators and their families have broken all production records with emphasis on the war-needed crops and meats.

Although working under handicaps, such as shortages of labor, machinery and transportation, goals of many commodities have been set still higher for 1943 than they were during 1942.

"In spite of these handicaps, if the weather is generously favorable, I believe Texas farmers and ranchers will reach new goals and break production records once more," the chairman said.

## Rain Beneficial To Farms And Ranches

### Specialist Is On Visit To County

Miss Myrtle Murray, marketing specialist, was a visitor in Knox county Tuesday, March 16.

She met with the marketing committee chairman and county home demonstration agent and gave a demonstration on judging the quality of eggs and reading of labels of syrup.

Visits were made to the grocery stores in Benjamin and Truscott and syrup labels were studied. It was learned that labels tell four things about the product. The label tells whether the product is pure, adulterated, blended or imitation.

One home visit was made and eggs were graded here.

### Baptists To Meet In Conference At Haskell Church

A workers' conference of the Haskell Missionary Baptist Association will be held at the First Baptist church in Haskell on Tuesday, March 30. The theme of this meeting will be "Our Relation To World Sin," and an interesting program has been announced.

The meeting will open at 10:30 a. m., and the afternoon will be devoted to business sessions and a message on missions. Lunch will be served at the church at the noon hour.

Rev. W. H. Albertson of Munday will appear on the morning program, and others from the county who will take part during the day's activities are Mrs. J. S. Tierce of Knox City and Rev. S. E. Stevenson of Goree.

### HOME FROM HAWAII

Cpl. W. W. Brown, who is now stationed in California, spent several days here last week with his mother, Mrs. Ella Brown. Cpl. Brown spent almost a year in Hawaii and has been returned to the states for further service.

### MITCHELLS RETURN FROM ROCHESTER, MINN.

Mr. and Mrs. A. H. Mitchell returned home last Saturday from Rochester, Minn., where they had been for several weeks. Mr. Mitchell underwent a major operation at the Mayo Clinic, and is reported to be recovering nicely. He is recuperating at his home in Munday, and it will likely be some time before he will be able to assume his duties at the West Texas Utilities Company office.

### Keep Up With Rationing

Rationing—saour MARCH 29. Housewives, institutions and industrial users begin surrendering red point stamps for meats, cheese, butter and other rationed products in the program. Red A stamps good for 16 points during first week.

MARCH 29-April 10: Institutional users get point allotments from local boards. Industrial users register with local boards during same period and receive point allotments.

APRIL 11: Retailers, wholesalers and primary distributors, including processors, begin surrendering points for their purchases of rationed items.

APRIL 25-May 1: Allowable inventories of wholesalers and retailers based on sales in points during this week.

MAY 1: Retailers and wholesalers take point inventory at close of business on May 1.

MAY 3-May 14: Retailers and wholesalers register with local boards and get allowable point inventories.

Mr. and Mrs. Melvin Morgan of Big Spring visited relatives and friends here last Tuesday. They came at this time to move their household goods to Big Spring, where Melvin is employed by the Banner Creameries.

## Red Cross Reaches Final Week In Drive For Funds

### Club Meetings Are Being Held

4-H Club meetings are being held throughout the county this week by Lucile King and R. O. Dunkle. At each of the meetings the 4-H officers of the girls club preside and call on the members both boys and girls for report on the progress each individual is making toward producing food for our war effort.

The boys are electing officers this month and will preside at the next meeting which is to be held in April. Some wonderful reports of progress are being reported. Club boys who sold calves last week report that 8100 pounds of beef sold for a total of \$1903.63.

Miss Lucile King gives a very interesting demonstration to the club members on the proper method of setting a hen, she also tells of the importance of selecting the eggs for hatching purposes and the necessity of controlling external parasites.

Mr. Dunkle talked to the club members about two new varieties of grain sorghums, for Knox county. Each boy club member will be allowed to buy enough of the seed to plant a two acre plot of land.

Officers elected at Rhineland club were: Urban Bellinghausen, president; Weldon Herring, vice chairman and Everette Kuehler, secretary; Hefner, Bobby Jack Trimble, president; Charles Hudson, vice chairman and Mackey Murdock, secretary.

Benjamin—Glen Dunkle, president; Stanley Glover, vice chairman and Joe Ben Qualls, secretary.

### Haskell Gets June Meeting of District Masons

Fifty-two Masons were in attendance last Tuesday night when the 91st District Masonic Association held its regular quarterly meeting at Knox City. Hosts for the meeting were the Knox City, Benjamin and Rochester lodges.

The meeting opened with a feed of sandwiches, coffee and pop, served in the anterooms of the lodge hall.

A Master Mason's lodge was then opened, and the regular business of the association was carried out. Included in the program was a splendid address by Rev. Chas. Williams, pastor of the Methodist church of Knox City. Rev. J. S. Tierce, Baptist pastor, gave the welcoming address, and response was made by M. F. Billingsley of Munday.

Lodges of the association were grouped into four groups, and each one will entertain the association once a year. The next meeting will be at Haskell on the third Tuesday in June, at which time the Haskell and Rule lodges will be hosts to the Masons. Officers for the new year will be elected at this time.

### Hal Pendleton In Flight Training

With one leg of their journey toward the award of silver wings finished, another class of student officers has jumped the last hurdle and run the obstacle course in pre-flight pilot training at the San Antonio Cadet Center, the largest military institution of its nature in the United States.

While these officers already possess commissions earned in the Air Corps of other branches of the armed forces, they will accompany a large group of cadets to one of the primary flying schools in the Gulf Coast Training Center Command for the next step of their pilot training.

First Lieut. Hal Pendleton of Munday was among the 15 student officers from Texas. He is the son of Mr. and Mrs. H. A. Pendleton of Munday, and during the time he spent in the army he was stationed at Fort Hoachucha, Ariz., and at Fort Benning, Ga.

### Election Of Trustees To Be Held On April 3

County Superintendent Merick McGaughey stated Tuesday that plans are being completed for the election of school trustees over the county on Saturday, April 3, and election supplies are being sent to the election judges.

The election will be held at each of the common school districts and independent school districts over the county. One or more trustees will be named for each district.

All qualified voters are urged to go to the polls and have a voice in the election of those who will have the responsibility of their school's operations. Mr. McGaughey stated that a list of the school districts and the number of trustees to be elected in each district will be prepared for next week's issue of The Times.

### Knox County Hospital Notes

Patients in Knox County Hospital, March 23, 1943:

Mrs. Mary Hayes, Munday.  
Mrs. J. W. Rutherford, Truscott.  
Mrs. E. H. Martindale, Rochester.

Mrs. Emmett Partridge, Munday.  
Mrs. J. B. Moorehouse, Benjamin.

W. J. Mayo, Benjamin.  
Mrs. M. M. Henderson, Munday.  
Eddie Gibbons, Vera.

Mrs. R. L. Myers, Munday.  
Mrs. J. M. Mancill, Rule.  
Mrs. Bill Billingsley, Munday.

Patients dismissed since Tuesday, March 16, 1943:  
Mrs. D. L. Williams, and baby daughter, Rule.

Mrs. O. R. Cox, and baby daughter, Rochester.

Mrs. W. A. Wallace and baby daughter, Clovis, New Mexico.  
Mrs. G. A. White, Munday.  
Leslie Lilly Duke, Ft. Worth.

Mrs. Chester Hodgins, Munday.  
James McMinn Jr., Benjamin.  
Mrs. L. W. Routon and baby daughter, Goree.

Mrs. Reeder Smith, Rochester.  
Miss Helen Owens, Weinert.

Birth:  
Mr. and Mrs. W. A. Wallace, Clovis, New Mexico, a daughter.  
Mr. and Mrs. O. R. Cox, Rochester, a daughter.

Mr. and Mrs. D. L. Williams, Rule, a daughter.

### Weather Report

Weather report for the period of March 17th to March 24th 1943, as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature	
	LOW	HIGH
1943 1942	1943 1942	1943 1942
Mar. 18	56 33	86 77
Mar. 19	26 47	79 80
Mar. 20	34 40	50 72
Mar. 21	31 28	56 65
Mar. 22	32 37	61 74
Mar. 23	45 44	56 82
Mar. 24	45 55	49 80

Rainfall this week, 7 a. m. Mar. 25, 1.93 in.  
Rainfall this year 2.28 inches.  
Rainfall to this date last year .82 inches.

### Joe T. Nelson In Pre-Flight School

ATHENS, Ga.—Naval Aviation Cadet Joe Thomas Nelson, Munday, Texas, has reported to the U. S. Navy Pre-Flight School here for training in Naval Aviation.

Each cadet undergoes three months physical conditioning and pre-flight training in academic and military subjects, before being transferred to Navy flight centers for progressive air training preparatory to joining a combat unit.

Nelson, son of Clyde Nelson, Munday, is a former student of the University of Texas. He completed CAA Primary Training at Abilene, Texas.

### County Expects To Double Quota

NEED IS GREAT Contributions To Be Received Through All of March

With the American Red Cross in the final week of its membership and war fund drive, various committees over the county are urging those who have not contributed to this worthy cause to do so during the next few days. The drive will close on March 31.

Rev. J. S. Tierce of Knox City, county chairman, reported last Tuesday that the county has neared its quota, with a total of \$2,280.16 already on deposit and a number of communities yet to be reported. It is hoped that Knox county will more than double the set quota, as citizens realize the need of Red Cross funds to get aid to our fighting men.

Included in the amount reported by Rev. Tierce, were reports from Sunset, Vera, Gilliland, Benjamin and Goree. When reports come in from Munday, Knox City, Rhineland and Truscott, the quota is expected to be swelled to double.

Mrs. H. A. Pendleton, local chairman, said contributions continue to come in locally, with Munday's contributions already more than doubling the quota. A total of \$1,316.45 is on deposit here.

Mrs. Pendleton complimented patrons of the colored school of Munday for their contributions. Realizing the need of the Red Cross, the colored people have contributed \$17 to the cause.

"Although we have doubled our quota, there is no reason for a let down until the drive is over," Mrs. Pendleton said. Local people have always come to the aid of the Red Cross, which carries on a tremendous work in times of disaster even in peace time, and with the entire world enveloped in total war, we know that everyone will want to have some part in contributing to the relief of our wounded service men, as well as those who have been taken prisoners of the enemy.

"We will continue to accept your contributions through March 31, and we urge you, if you have not already paid to this splendid cause, to help while the opportunity is here. All contributions, however large or small, will be cheerfully accepted."

### Clyde Hendrix, Jr. Completes Course In Aviation Mechanics

Pvt. Clyde R. Hendrix, son of Mr. and Mrs. C. R. Hendrix of Munday, has graduated from an intensive course in aviation mechanics at Sheppard Field, one of the many schools in the Army Air Forces technical training command which trains the technicians who maintain our bombers and fighter aircraft in perfect combat condition. He is now eligible to become crew chief on a bomber and win a rating of corporal or sergeant.

Before entering the school, he was trained at one of the basic training centers of the Air Forces Technical Training Command and learned to fight the Axis with other implements besides the tools of his trade. Men trained by this command are versed in the art of self-protection and offense as well as aircraft maintenance.

### FLORA MAE MOONEY ENLISTS IN WAAC

Miss Flora Mae Mooney, daughter of Mr. and Mrs. Walter Mooney of Goree, has been accepted as an enrollee in the WAAC. She is expecting her call within the next few days and does not yet know where she will be ordered for her basic training.

### HOME FROM HOSPITAL

W. M. Mayo, who underwent a major operation in a Wichita Falls hospital recently, was returned to his home near Goree last Tuesday. An ambulance from the Mahan Funeral Home went after him. Mr. Mayo is reported to be steadily improving.

### "What a Man Does For Himself Dies With Him— What He Does For His Community Lives On and On"

#### NEWSPAPERS VITAL IN WAR EFFORT

Hailing the newspapers of the United States as "one of the most essential and vital factors in the winning of the war" Representative Halleck of Indiana recently assailed "bureaucratic" criticism of the press.

"They are self-anointed," he said, "but if I were to choose between the bureaucrats and the newspapers for a guardian of the rights of man, I would unhesitatingly choose the newspapers."

Recounting some of the things "our newspapers have been doing to step up our war effort and hasten the day of victory," Mr. Halleck added:

"To the inspiring records of the newspapers' contributions in bringing about husbanding of rubber tires and oil, in winning ready cooperation in the rationing of gasoline and food, in promoting the sale of bonds, in recruiting, and in expediting the Selective Service operations, should be added their very important work in stepping up war production. Newspapers were quick to present the problem to the American people and have labored steadily to help government and supplies set up an efficient program of production. Because of the news and feature matter run by the newspapers, workers have been made to see the importance of increasing their production and of finding their places in the production line.

"With the nation at war," Representative Halleck continued, "we should recognize the very definite and direct contribution that the press of the nation is making to the war effort. It is a contribution which should clearly indicate that the press must be classed as an essential industry and given consideration as such."

#### FUTURE MUST BE GUARDED

In his recent address before the Executive Club of Chicago, President Everett Chase of Colgate University laid down four "basic specifications for the nation's new tax program with the warning that "as far this war is concerned we have only begun to tax."

The nation's new tax program, according to Dr. Chase, must be genuinely comprehensive, easy to understand, and simple to compute; be levied chiefly on current rather than past or future income; and be flexible so that rates may be adjusted up or down at short notice and with a minimum of confusion.

"The future is still our greatest capital resource," the Colgate President declared, "and that we must guard at all costs. The more heavily we draw on the past and on the present, the more jealously we must guard that future. Every dollar that is paid by borrowing, and especially through the creation of bank credit, is a limiting charge against the future, and a mortgage on opportunity which is still our greatest national resource. "Let our capital levies draw upon past and present as they will, but let us hold in trust that capacity to replenish our depleted resources which is the birthright of American youth," Dr. Chase said.

#### 139,000,000 STRONG

In one way or another the war is creeping into every American home. The flower of our manhood is being drawn off to fight in distant lands. More and more of our people are going into war plants to speed the production of necessary military equipment. We are tightening our belts and sharing a once ample larder with our fighting men and our allies. We are working at wartime speed and actively guarding the home front. We are buying war bonds and stamps heavily and paying the highest taxes ever known in this land.

But America is not making these sacrifices blindly. One hundred and thirty million people want the nation's shackles removed when the fighting is over so they may again enjoy the fruits of their labors and abolish, for all time, the controls and the threats of regimentation under which they have been forced to live during this emergency. One hundred and thirty million U. S. citizens have an ear to the ground and an eye on the future.

"There are periods in a lifetime when it is more difficult to live for your country than it would be to risk your life for your country. You and I are living in such a time today. We must fight for our principles, our rights, and our convictions at home even if in that fight, the opponent is our own government." Carl W. Ackerman, Dean, Columbia University.

## THE MUNDAY TIMES

Published Every Thursday at Munday

J. W. Roberts . . . . . Editor, Owner and Publisher  
AARON EDGOT . . . . . News Editor

Entered at the Postoffice in Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1879.

**SUBSCRIPTION RATES**  
In first zone, per year \$1.50  
In second zone, per year \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, substituting news fairly, impartially.

**NOTICE TO THE PUBLIC:** Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

#### THE RISING FLOOD

It will take the utmost effort from all of the people to save this country from total inflation and collapse. The spectacle of endless wrangling over adoption of a pay-as-you-go tax plan certainly adds no strength to that effort. A plan of such a nature will inevitably be put in force for the simple reason that it is the only way that the government will be able to collect the heavy taxes now being levied, and to be increased in the future. To put it bluntly, we have a choice between a pay-as-you-go plan and chaos. Huge assessments against earnings already spent will result in a mass of tax delinquents which could easily threaten the stability of government itself.

A policy of too little and too late with regard to tax measures would be just as fatal as a lack of battle equipment on the war front. We are spending hundreds of billions of dollars in a matter of months. No ordinary mortal can conceive of such a sum. But it is clear that with every passing day the problems of financing the war grow greater. While the "experts" wrangle over small leaks in the Ruml plan, the debt flood rises.

A pay-as-you-go tax should be passed without delay. Taxation must be put on a pay-as-you-earn basis levied against current income. Until that is done, the full effort of all the people cannot be drawn upon to pay for the war, for many will never pay otherwise.

#### STATEMENT OF FAITH

The following editorial from the Yakima, Washington, Republic, demonstrates the kind of straight thinking which comes from the grass roots of America. Official spokesmen in Washington have yet to make a statement of faith equal to this:

"The preservation of the free enterprise system is one of the chief issues before the country. It is one to which we frequently refer because we think that it is second only to the war effort in importance.

"We believe in holding on to free enterprise because we think that it is the key to the highest level of human happiness. We do not believe that men can live happily for long under a system of government control that reduces all persons to a level and withholds from the average person opportunities for advancement.

"In seeking to preserve this system of free enterprise which has developed . . . the greatest nation and the highest civilization known to man, we play no favorites. We work for the interests of the large and the small businesses alike. Frequently we are considered reactionary . . . because we dare to speak for all business.

"The fundamental danger in government ownership or control of business lies in the fact that economic control leads to political control. The moment a people must subscribe to political doctrines in order to win economic consideration, it is no longer free."

#### HE SPEAKS FROM THE HEART

Captain Eddie Rickenbacker is stating some blunt truths that both labor and political leaders have carefully dodged. Captain Rickenbacker has been saying what the public has been thinking—"Unity must begin by setting an example of unity, 'equality of sacrifice' must honestly mean sacrifice by all, not sacrifice by the many for the financial and political advantage of the few." The efforts of Captain Rickenbacker's critics to undermine public respect for his opinions are as futile as the efforts of children to hold back the tide with their sand dams on the ocean beach.

A newly developed device permits airplane pilots to compute loading balances quickly. The gadget takes into consideration the pilot's weight, gasoline supply, oil, bombs, and ammunition.

## EMERGENCY RATIONS PERFECTED

THAT seamen clinging to life rafts might have a better chance of survival, three Canadian naval men have brought out a new "emergency ration container" which has been adopted by the Royal Canadian Navy and bids fair to set the pace in this field for the rest of the Allied Nations.

It culminates seven months of study, laboratory experiments and exacting work by Lt. James Campbell, shown in photo, lower left, biochemist of the Navy's special branch and director of the nutri-

tional section of the Navy's Medical Research unit, Toronto; Surgeon-Lieutenant J. E. deBelle, R.C.N.V.R., in peacetime general superintendent of the Children's Memorial Hospital in Montreal; and Lieutenant Reginald W. Millard, technical expert of Naval Stores, of Vancouver.

As a result of their labors they have produced:

- (1) A kit no bigger than milady's overnight bag, weighing 17½ pounds, coated with a salt-water resisting paint and costing in the neighborhood of \$7.50.
- (2) A water can which holds 16 ounces of water and which has been subjected to temperatures as low as 15 degrees below zero without breaking.
- (3) A chocolate ration bar which will stand heat to a temperature of 212 degrees without melting.
- (4) A chocolate tablet ration, which is 70 per cent whole milk, is palatable.
- (5) A small food container only slightly larger than a sardine tin which holds 12 of these tablets, 12 concentrated biscuits and two bars

of chocolate (enough to last a man two days) and which, upon being emptied, becomes a drinking cup with one-ounce and two-ounce measurements on its side. Photo at right shows Lt. Campbell demonstrating use of the drinking cup to an interested WREN.

Photo at top left, WRENs Frances Alley and Marjorie McKeag are sampling the emergency biscuit rations.

One of the interesting scientific factors about the ration is that all foods have been processed so that

they would stand up to sterilization without spoiling. This in itself entails months of gruelling laboratory work.

Already 25,000 of the new containers have been ordered. Some have already gone to Canadian ships. It is planned to place four on each 10-man raft and eight on each 20-man raft.

There is only one set of instructions printed on the side of the container. "Eat slowly." High caloric content of the concentrated foods makes this imperative.

Photographs of women at work in the North American Aviation Company's Texas plant are currently displayed in the Library at the University of Texas. The university, through its engineering,

science and management War Training Program, has trained literally thousands of workers for this plant, many of them women.

IT PAYS TO ADVERTISE

## YOUR STAKE IN THE COST OF WAR

"Renegotiation of war contracts" is a heavy-sounding term, and newspaper readers in the sections of America where public interests are localized and largely agricultural may wonder how such a subject can concern them.

But since every taxpayer has a personal stake in any measure that increases government expense and adds to the public payroll, especially at a time when every dollar is needed for the war effort, then this question of contracts for equipment and supplies becomes vital to all.

**"Renegotiation"** In the early days of lend-lease and of the huge task of mustering an armed force of millions of men, a few contractors receiving fat orders saw in these government contracts only a new gold mine. To meet the relatively small number of abuses which were brought to light, the last Congress passed a law requiring that all new and old Army, Navy and Maritime Commission contracts be written with a "renegotiation" clause, so that they could be refigured in the search for cases where contractors were making too large a profit.

This law requires that the Army, Navy and Maritime Commission each employ a separate force of men to re-estimate all contracts for buildings, machinery, tanks, airplanes, guns, clothing, and the thousand items industry must turn out for war use.

The law seemed wise and harmless at first, but evidently it was not realized how large an "army" of employees would be needed to enforce it.

It is estimated that there are some three million such contracts, over 20,000 contractors, and an unknown number of sub-contractors. If the original law were carried out, it might easily require 200,000 new public payrollers, and 300,000 new employees hired by contractors to prepare the data for the federal authorities, and this at a time when manpower is scarce and every able-bodied person is needed for service in uniform or production work at home. The job would take years even after the war.

**Amendments Not Efficient** Agriculture and industry are short of machinery and manpower, and these men are too badly needed in producing crops and equipment for ourselves and our allies to be wasted in checking up on contracts, especially when there is already an efficient means of doing that work.

True, the original bill has been amended; but the amendments still authorize each department concerned to refigure contract prices. This means the employment of a vast number of special auditors and accountants.

Congressman Disney points out that there should be an automatic method of screening out contractors from those whose profits are not excessive, "so that we will not have to use, in renegotiation, all of the accountants in the country."

A proposed amendment whittles at the original law and limits renegotiation to contracts which show more than 2 per cent profit. But this is no time for half-way measures. That sort of plan would still require a lot of unnecessary employees on both government and contractors' payrolls.

**The Solution** The Internal Revenue department has a yearly check on all profits. It figures the taxes paid in all industries, including those with Army, Navy and Maritime commission contracts. If the Internal Revenue authorities discover an abnormal profit from any war work in any business, after payment of taxes, it could so certify to the department concerned so that renegotiation could be started. The ones that are within the fair and reasonable limit of 2 per cent profit after taxes would require no attention, and in that way millions of man-hours would be saved and duplication of effort, and delays caused by extra forces of employees refiguring contracts, would be avoided.

The Disney amendment, which seems simple and effective, has not yet been adopted. Yet it amply guards against excess profits, with a minimum of interference with wartime production and at the same time providing escape from the new load of non-essential payrollers which the original law threatened.

The ordinary man therefore concludes: Why not let the Internal Revenue tax man do the whole job at one sitting? Why not save the time of industrial management and employees for vital work? Why not use the established check on costs, and at the same time save the expense of extra payrollers?

Most of those payrollers could well be used in the armed service, or on farms, or in factories, or in some other productive kind of work, instead of occupying desks in Washington. They would then be doing something to help win the war.

date not yet announced. Processed Foods—Blue A, B and C stamps (48 points) in War Ration Book Two good for purchase of rationed processed foods until midnight, March 31.

**Mileage Rationing** Gasoline—Value of each coupon in A, B, and C books is 4 gallons. Second 8 coupons in A book are good until midnight March 21, 1943. Third 8 coupons in A book good from March 22 to midnight May 21, 1943. Those who think they are eligible for supplemental rations should see their local ration board.

**Tire Inspection**—All "A" book holders must have first official tire inspections by March 31, 1943. Subsequent inspections for A book holders will be once every six months. "B" book holders must have second official tire inspection by June 30, 1943. "C" book holders must have second official tire inspection by May 31, 1943. Second official tire inspection for "T" book holders must be made 60 days from Feb. 28,

## On The Home Front

O.E.M. Division of Information

The importance of food as a weapon of war gained still greater emphasis during the last week as things to eat—especially meats—continued to hold first attention of city and rural folk alike.

While consumers learned about details of meat rationing which begins March 29, livestock slaughterers prepared to begin operations under the permit system to be handled in each community by the local USDA war board, beginning April 1.

For consumers who have become acquainted with point rationing under the processed foods program, the meat rationing procedure will be fairly simple. There are two major differences: the red stamps to be used in meat purchases become valid weekly, instead of monthly, and the one-point red stamps will be used by the retailer

in making "change."

The red stamps will be used for any of the rationed items, including meat, cheese, butter, margarine, shortening, and other fats and oils. Point values will be on the pound basis. These will be shown on charts to be displayed in all retail stores.

Tied in directly with the overall plan to distribute civilian meat supplies evenly and to combat black markets is the forthcoming USDA allocation program. All farmers and slaughterers who buy or sell meat will be required to get a permit from their local war board.

This will not apply to farmers who slaughter livestock only for their own use, and neither will dairymen and livestock raisers need a permit to buy cattle. But the permit is necessary for the sale of meat in any quantity. All wholesale cuts will be marked with the slaughterer's permit number. Farmers selling directly to the consumer will tag each cut with their permit number, and in addition, must collect ration stamps from the purchaser. He also will have to meet sanitary regulations and comply with OPA price ceiling and grading regulations.

Pending the start of meat rationing, regional OPA officials in Dallas have been working day and night during the last week to alleviate meat shortages in localities where military establishments have brought increased populations.

Emergency allotments were granted for scores of cities and towns of this region.

Also important on the regional food front, the Dallas OPA office issued a temporary price ceiling order setting specific ceilings which shippers may charge for cabbage, spinach, carrots and snap beans, and establishing uniform mark-ups for other handlers of fresh vegetables at all trade levels.

With the advent of food rationing and current shortages, added impetus has been given to Victory Gardening. Additional thousands of farmers and city dwellers are being enlisted in the home food supply program and urged to raise all food possible for their own consumption.

To help gear the great majority of the country's farms to war food production, extended efforts are being made to relieve the farm labor shortage situation. In line with these efforts is the U. S. Crop Corps which is in progress of organization and training. By the great efforts there will be enough labor for handling and processing this year's primary crops, but there'll be none to spare for less essential farm operations.

During the planting and harvesting season, farmers who hire temporary labor for periods of less than 30 days may obtain rationed foods needed to feed them by applying to their local rationing boards. The same rule also applies to other seasonal workers.

With a big food-shipping year in prospect, growers of perishable products may experience a shortage of refrigerator cars at the height of the season. This is threatened because of the general shift from canned goods to fresh products and the resulting demand for more refrigerator space.

The situation may become tight in late May and during June and grow more serious after that month until the bulk of the perishable foods has reached markets.

Gasoline for spring planting and cultivating and harvesting crops will be readily available to farmers this summer through rationing procedures streamlined for their convenience. Farmers may get ration coupons for a 6-month supply of gasoline. This eliminates

## TWO OF A KIND

## UNITED STATES DEPARTMENT OF AGRICULTURE AAA NEWS

By MARVIN ALLEN, Administrative Officer  
Knox County Agricultural Conservation Association

AAA OFFICE—Benjamin: This is the first in a series of articles that will appear regularly in this paper under the above heading. These articles will bring to you the official regulations and all changes as soon as announced by the Department of Agriculture in regards to the AAA program in this county. We desire the producers of Knox County to be the best informed in this state on what is expected of them in our all-out war effort, thus, this series of articles will be printed for their benefit. For those that are not directly agricultural producers, please watch these articles for the progress being made by Knox County in our agricultural activities.

### Agricultural Meeting

There will be an agricultural meeting in Munday next Monday, March 29, at the elementary school building, program will begin at 8:30 p. m. This is a very important meeting and several hundred people are expected to be in attendance.

The necessity of applying for renewal of rations every three months as was required until recently. However, any farmer whose needs may increase at any time during the six months' period may apply to his rationing board for additional rations to meet the emergency.

There will be several good speakers on the program, including Mr. Cliff H. Day from College Station, Texas. Mr. Day is not a stranger to the people of Knox County, having attended several agricultural meetings in past years here. Mr. Day is a very capable speaker and will speak on a subject of current events that will be of interest to all agricultural producers as well as non-agricultural people. The public is cordially invited to attend this meeting.

### Permitting the Overlapping of 1943 Cotton Allotments by 10 Percent

In order to insure full planting of the National Cotton Acreage Allotment so as to add to the wartime supply of vegetable oils and protein feeds, producers will be permitted to exceed their 1943 cotton acreage allotment by 10 percent.

Producers may plant this 10 percent excess acreage without loss of agricultural conservation payment, without being liable for cotton marketing quota penalties, and without forfeiture of cotton loan privileges. They will receive no payment for the acreage planted in excess of the allotment. If the acreage planted to cotton exceeds 110 percent of the allotment, a deduction will be computed at 10 times the payment rate for each

acre in excess of 110 percent of the allotment.

Marketing quota penalties will not apply to any acreage planted to cotton within 110 percent of the allotment, but penalties will be applicable to cotton produced on acreage in excess of 110 percent of the allotment.

### Insurance of Cotton Acreage Within 110 Percent of Allotment

Approval for extension of Federal crop protection on cotton to include all cotton planted within 110 percent of the 1943 acreage allotment has been announced by the Department of Agriculture.

This additional acreage is subject to same insurance requirements as all other cotton regularly planted on the farm.

### Grain Sorghums That Will Be Considered As a War Crop

The following grain sorghum varieties and similar varieties of grain sorghums will be considered as a war crop: Kaffir, Bonita, Milo, Schrock, Hogari, Darso, Feterita and Atlas.

Sorghum varieties which are ordinarily grown for syrup or forage will not be considered as a war crop.

## Take Lead In Farm Support Of Legislature

The two farmer members of the Texas Senate, Senator George Moffett of Chillicothe, and Marshall Formby of McAdoo and Plainview, have demonstrated considerable leadership at this session in their support of legislation vital to the farmers of north and west Texas.

Both have received numerous complaints that some of the insect poisons sold to Texas farmers in recent years failed to kill the pests, and Moffett introduced a bill which will stop the sale of worthless insect poisons, particularly cottonleaf worm poisons. After stiff opposition, this bill passed through the Senate. The two West Texans were its strongest supporters.

They were also successful in helping to block legislation which would have abolished gasoline tax exemptions upon gasoline not used

upon the highway. The present gasoline tax refund law is based upon the principle that non-highway gasoline should be exempt from the payment of a tax to build highways.

Both of the above named members of the Senate are members of its important Committee on Agricultural Affairs, and Moffett is serving his second term as chairman of this committee.

Mr. and Mrs. B. L. Blacklock spent last Sunday in Altus, Okla., visiting with Mr. and Mrs. Winston Blacklock and little daughter.

Dr. Fidelia Moylette attended a class in chiropractic technique in Wichita Falls on Thursday of this week.

Mr. and Mrs. Sied Waheed and children and Jimmie Silman, Jr., visited with relatives and friends in Lubbock last Sunday.

M. R. Wiggins of Vera has been at the bedside of his father, W. J. Wiggins, since last Saturday. The elder Mr. Wiggins has been very ill.

How American it is TO WANT THE BEST!

It's part of our American heritage... this right of every man to get the best he can through honest toil, skill, and planning.

High on his list of desires is a home of his own... large or small... luxurious or simple... each to his own taste.

A true American is mighty proud of his home; he gives it the very best care he can. Every man can afford the best when it comes to paint—MINNESOTA paint.

Under the MINNESOTA trademark there's a line that reads "Since 1870." That short phrase means a lot to American homeowners. Since 1870, the year MINNESOTA paint first appeared on the American scene, millions of gallons have gone out to beautify and protect millions of homes.

"SINCE 1870"—that is your assurance of Quality.

## HOW MANY BALES?

## TO EQUAL 2 COWS?

Increase the COTTON CROP by three Bales—and you supply the Protein needed for one year for two Dairy Cows.

This Community—this State—this Nation NEED THE MILK! Keep the milk flowing, by growing the cotton needed to produce COTTONSEED MEAL—America's greatest single source of Rich Protein.

Grow every pound of Cotton possible, on every acre legally permitted.

LAND CAPABLE OF PRODUCING COTTON SHOULD BE ALLOWED TO DO ITS SHARE!

West Texas Cottonoil Co. Munday, Texas

## Electricity helps make his "tin hat" TOUGH!

No soldier in the world today has a better, tougher helmet than our own fighting men. It's made of manganese steel—the toughest, strongest protective steel that science and industry together can produce. And it's made in electric furnaces at 3,000 degrees Fahrenheit!

By helping make steel strong, electric power makes West Texas and Uncle Sam strong, too.

One big basic reason for Uncle Sam's matchless war production is America's abundant power supply, over 90 percent of which is supplied by electric companies like the West Texas Utilities... operating under well-balanced business management and manned by men and

women with training and experience in production problems.

This power was ready when war came because these men and women already had the "know-how" and the freedom to plan and create—the initiative to invent and improve—for everybody's benefit.

This, too, is why the average West Texas home today gets twice or three times as much electricity for its money as just ten or fifteen years ago!

It's the reason why electricity will be on the job to help rebuild a battered world—after we have won the victory and the peace.

## Pioneer Ranchman At Benjamin Is Birthday Honoree

A birthday dinner was given on Sunday, March 14, in the home of Mr. and Mrs. N. E. Kyle, near Benjamin, honoring Mr. Kyle on his 62nd birthday.

Mr. Kyle is one of the pioneer ranchmen of this section, having resided in the county for over 30 years. He is now employed as foreman on the Dolan and Moorehouse ranch.

Several ranch couples, all of whom have been friends of the couple since early days in the country, were present for the dinner, and Mr. Kyle received a number of useful gifts from these friends. A bounteous dinner was enjoyed at the noon hour.

Present were Mr. and Mrs. Tom Porter, Mr. and Mrs. Frank Glover, Mr. and Mrs. Howard Spikes, Mr. and Mrs. Togo Moorehouse and little son, Mr. and Mrs. Charley Dowling, Mr. and Mrs. Clyde Burnett and Mr. and Mrs. Gus Plez and daughter of Wichita Falls.

## Auxiliary Has Installation Of Officers Monday

Members of the Presbyterian Auxiliary met last Monday afternoon at three o'clock at the local church for the closing meeting of the year 1942-43. Officers were installed for the coming year.

All secretaries of causes were elected, and new plans for the year's work were discussed.

The Auxiliary has accomplished much in the past year, and depressing times have furnished an opportunity for greater efforts.

Delegates were named for the Fort Worth Presbyterial, which meets in the Broadway church at Fort Worth on March 31 and April 1st.

## Wesleyan Service Guild Meets For Spiritual Program

Members of the Wesleyan Service Guild met at the Methodist church last Monday night for an enjoyable Spiritual Life program. Mrs. O. H. Spann and Mrs. R. L. Kirk gave parts on the subject: "The Fruits of the Spirit."

Members present included Mrs. M. F. Billingsley, Mrs. Spann, Mrs. Kirk, Mrs. Layne Womble and Miss Merle Dingus.

All members are urged to be present for the next regular meeting on Monday night, March 29.

## Methodist W.S.C.S Meets Monday In S. E. McStay Home

The senior circle and the Shelly Lee circle of Methodist Women's Society of Christian Service held a joint meeting last Monday in the home of Mrs. S. E. McStay.

Mrs. W. E. Lowe had charge of the program, which was the second lesson in the mission study, "Peace Through Christianity."

Mrs. Worth Gafford gave a very interesting part on the program. At the close of the program, a business meeting was held, with Mrs. C. H. Giddings in charge, after which Mrs. Luther Kirk dismissed the group with prayer.

Present were Mrs. M. F. Williams, H. A. Pendleton, C. H. Giddings, G. R. Eiland, J. W. Roberts, Worth Gafford, E. Lowe, Cecil Burton, A. G. Rummell, Ethel P'Pool, Lee Haymes, J. C. Borden, David Crockett, Miss Shelly Lee and the hostess.

## Reunion Held In D. Norman Home Over Week End

A family reunion was held in the home of Mr. and Mrs. D. Norman last week end, when they had the pleasure of having all of their children home at the same time.

Among those present were Mr. and Mrs. Homer Allred of Oakland, Calif. Mr. Allred is a welding instructor in a defense plant at Richmond, Calif.

Others of the children present were Mr. and Mrs. Manford Rutledge and son of Lubbock, Mr. and Mrs. Roy Styles and daughter of Seymour, Mrs. Warren Johnson of Fort Worth, Mr. and Mrs. L. D. Norman and son and Evelyn Norman, all of Munday.

## New Deal Club Meets On Monday With Mrs. Rummel

Mrs. A. G. Rummell was hostess to members and guests of the New Deal Bridge Club last Monday evening in her home. The entertaining rooms were decorated with a colorful arrangement of cut flowers in red and white.

Mrs. Wade Mahan was declared winner of high score.

An attractive and delicious refreshment plate was served to Mrs. Fred Broach, Jr., Wade Mahan, J. C. Harham, Dorze Rogers, W. M. Huskinson, Carl Jungman, Sebern Jones, J. W. Roberts and the hostess.

## Munday Study Club Has Program On Victory Gardens

An enjoyable program on victory gardens was given when members of the Munday Study Club met last Friday at the club house. Mrs. Dorze Rogers was program director, and each member participated in the discussion of victory gardens.

The last meeting of the club year will be held on April 18 in the club rooms. Officers who were elected for 1943-44 will be installed at this meeting.

## Luncheon Club Meets Thursday In Baker Home

Mrs. C. P. Baker entertained members of the Thursday Luncheon Club in her home last Thursday, when jonquils and peach blossoms were used for the lovely decorative scheme in the entertaining rooms. Following the luncheon, games of 42 were played.

Attending were Mrs. R. L. Ratliff, Mrs. Bryan Cammack, Mrs. Herman Jungman, Mrs. C. R. Elliott, Mrs. W. R. Moore, Mrs. Effie Alexander, Mrs. S. E. McStay, Mrs. W. E. Braly, Mrs. Fred Broach, Mrs. John Ed Jones, Mrs. H. A. Pendleton and Miss Shelley Lee.

## Bobby Dee Bell Honored At Party On Thursday

At a party given at the home of his parents on Thursday afternoon, March 18, Bobby Dee Bell was honored on his sixth birthday.

Games were played, and pictures were taken, after which refreshments were served to the following:

Patsy and Peggy Parks, Jean Ann and Sue Carolyn Guinn, Bobby Faye Killian, Jimmy Lyle Bell, Lee Arnold Cadell, Donald Harrison, Penny, Lee Parks, Roger Dale Bell, Gloria June Elliott, Donald and Charles Elliott and Bobby D. Bell.

## Many Honors for Cotton Maid

New honors are being heaped upon Bonnie Beth Byler, 1943 Maid of Cotton, as her tour of the nation as cotton's goodwill ambassador continues. At top, Miss Byler is shown inspecting one of the planes at the Army Air Forces Southeast Training Center, Greenwood, Miss., where she was a guest of honor for two days. Below, Miss Byler receives a corsage and the best wishes of her native state, Arkansas, from Robert W. Griffith, Speaker of the House of Representatives. Miss Byler was queen for two days at the Army Air Field, with both cadets and enlisted men competing to see who would be her escort for dinners and a dance. At Little Rock, capital of the State of Arkansas, she received a commission as an "Arkansas Traveler" from Governor Homer M. Adkins and appeared before the state's General Assembly. (Photo at top by Army Air Forces.)

## Goree Bride-Elect Is Complimented At Gift Tea Saturday

Complimenting Miss Ratliff, bride-elect of Lieut. Robert Shelton of Greenville, a group of hostesses entertained with a gift tea at the home of Mrs. Georgin Maples on Saturday, March 20. Hostesses were Mrs. Maples, Mrs. Orb Coffman, Mrs. John Coffman, Mrs. S. E. Stevenson, Mrs. Grady Bridges, Mrs. Ernest Robinson, and Miss Bonnie June Roberts.

Miss Roberts greeted guests at the door. Mrs. Maples introduced Mrs. Will Ratliff who presented her daughter, Miss Hazel Ratliff. Others receiving guests were Mrs. James Cunningham, sister of the honoree and Miss Johnnie Blake of Abilene.

Mrs. Bridges presided at the tea service from a table centered with American Beauty roses.

At the bride's book was Miss Marjorie Arnold.

Others in the house party were Mrs. R. Temple Dickson of Sweetwater, Miss Roberta Ratliff and Miss Norma Jean Roberts.

The guest list included seventy-five Goree friends and the following out of town: Mrs. Ruby Keithley, Abilene; Mrs. Jno. Fritz, Seymour; Mrs. S. E. McStay, Mrs. E. W. Harrell, Mrs. P. V. Williams, Mrs. C. P. Baker, Mrs. M. L. Barnard, Mrs. Effie Alexander, Mrs. A. A. Smith, Mrs. W. E. Braly, Mrs. Joe Bailey King, Mrs. J. R. Burnison, Mrs. C. R. Elliott and Misses Maud and Fannie Isbell, all of Munday.

## Hefner H. D. Club Meets March 17th In Lambeth Home

The Hefner home demonstration club met at the home of Mrs. R. L. Lambeth on Wednesday afternoon, March 17. The meeting opened with reading of the club collect and pledge. Mrs. M. J. Jones acted as secretary in the absence of the regular secretary.

Mrs. J. E. Core gave the count-council report, and it was voted to donate \$2.50 to the Red Cross. A motion also carried to meet twice a month.

Club demonstrators were selected. They are Mrs. J. C. Martin, food, and Mrs. H. Lambeth, clothing. Miss King, the agent, gave a demonstration on care and cleaning of clothes, and also distributed some seed corn to plant.

The next meeting will be with Mrs. Marion Jones on April 6th, at which time Miss King will give an upholstery demonstration. Refreshments were served to 11 members and the home agent.

## At The Churches

### AT THE METHODIST CHURCH Luther Kirk

It was once suggested that should a man stroll into a recruiting station saying that he would be willing to give fifteen minutes each morning and evening to the army, provided of course he was not too busy, he would probably be turned upon with an oath, "We are at war, and your wretched business is of no importance. The army claims, not something you think you can spare, but you! All that you have, all that you are and all that you hope to be. If you are not willing to give us that, then out of this!"

How often men have sought to settle cheaply with God. But He is not greatly interested in little scraps of loyalty. The Lord asks unreserved, all-out devotion to His Kingdom.

"The kingdom of heaven is like unto treasure hid in a field; the which when a man hath found, he hideth, and for joy thereof goeth and selleth all that he hath, and buyeth that field." (Matt. 13:44). Have you found that treasure? If not seek it, it is findable to all. If you have found it protect it by attending the religious services in your church.

You are invited to worship with us at first times.

### FIRST BAPTIST CHURCH

Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the Lord; and in His law doeth he meditate day and night.

"Give ear to my words, O Lord, consider my meditation. Hearken unto the voice of my cry, my King, and my God: for unto thee will I pray. My voice shalt thou hear in the morning, O Lord; in the morning will I direct my prayer unto Thee, and will look up."

"I will praise thee, O Lord, with my whole heart; I will show forth all thy marvelous works. I will be glad and rejoice in thee: I will sing praise to thy name, O thou

most High." (Ps. 1:1, 2; 5:1-3; 9:1, 2).

We urge you to come to the services next Sunday, Tuesday, March 30th, the Haskell Association Workers Conference will be held with the Haskell church. W. H. Albertson.

### CHURCH OF CHRIST (Announcements) Carl A. Collins, Minister

Sunday Morning Services Bible School—10:00. Worship Hour Song Service—11:00.

Following is a list of those boys from Sunset School who are in the armed services. We are exceedingly proud of these boys, and feel certain that they will uphold the honor and integrity of Sunset as well as that of our nation.

It is not an easy thing to exchange one's comfortable home and occupation, at which he is just getting a good start, for the mud and danger of a battlefield, but we are proud that they did not flinch from their duty or ask special favors.

Soon this list will be lengthened and though we hate to see them go, all we can conscientiously say is Godspeed.

 Waldron, Jim Henry  
 Walker, Loyd  
 Walling, J. C.  
 White, Kenneth

The juniors presented their play, "Lindy Lou," last Friday night. We would like to congratulate them on a job well done. We all had a very enjoyable evening, and can only hope that the senior play will equal it in performance, and attendance.

### SOPHOMORE NEWS

Yes, we saw the junior play and was it a whiz. We are also proud of Flodell, a member of the cast, who is also a member of the soph. class.

The girls in home ec. II will complete their garments Friday (and will we be glad!)

The way things are going we will know how to write themes after this week. (Three already and here it is just Monday.)

### FRESHMAN NEWS

We enjoyed the junior play Friday. Home Ec. girls will miss Miss Sheppard; we hope she has the best of luck.

Were we happy Friday! We got out almost 30 minutes early and we missed science class.

J. B. Walling is going to give our class a party next Tuesday. A good time is anticipated.

We wonder: Why some people enjoyed class meeting so well this morning. Why

## People, Spots In The News

**DOWN**—Helplessly beached in Guadalcanal shallows is Jap ship, Kingawa Maru, one of 23 warships Nips lost to U. S. in great Solomons mop-up.

**SUNNY NORTH**—Sextet of New York Yankees warms up gingerly as club opens spring training at New Jersey resort, first time in many years north of Mason and Dixon line.

**CANNED KIT**—J. A. Stewart (right), vice-president of American Can Co., and Julian T. Crandall, noted sportsman, examine new Ashaway fishing kit designed to help castaways at sea keep alive. Compact container, developed by can company, weighs only 11 ozs.

## Gossett Makes Verbal Attack On Labor Head

The following is a speech delivered on the floor of Congress on March 17 by Congressman Ed Gossett:

Mr. Speaker, if John L. Lewis carries out his proposed strike of the bituminous coal miners, he will become the Benedict Arnold of 1943.

Higher and ever higher industrial wages has from the beginning led the inflation parade. Mr. Lewis now threatens to blow the lid completely from all semblance of inflation control. He has been encouraged in this course by easy victories over various War Labor Boards. If he again has his way, he will initiate another cycle of rising prices.

Without reference to our fighting men, there are millions of unorganized people in this country who are suffering far more war deprivations than are Mr. Lewis' miners. All civilians should take pride in these small sacrifices—many do. But while the many sacrifice, the few carry on a mad and shameful struggle for war profits. We are sick because of the constant attacks on the home front by economic pirates of the John L. Lewis type. Furthermore, there is a limit to the shocks which even American economy can withstand. Gentlemen, I hope the President will take a firm hand in this civil strife. It is high time this Government stand its ground on the home front.

### HAS OPERATION

Mrs. R. L. Myers, well known resident of the Sunset community, underwent a major operation at the Knox county hospital last Saturday morning. Latest reports from the hospital are that she is improving.

Mrs. Ruby Coggins of Weibert was here Tuesday, visiting friends and attending to business matters.

## Motor Repairs Are Essential

Essential motor vehicle repairs should be given priority over repairs which may be put off without endangering safe operation or

### For Garden Work

This simple, quick-to-put-on cotton seersucker suit is designed for the woman who finds pleasure in profit working in the yard growing a victory garden. It is piece with surplus closing, cut for freedom of action. The legs of the suit can be buttoned around the ankles. Styled by the Bureau of Home Economics, its cotton construction provides coolness and easy laundering.

impairing the mechanical life of vehicles, Richard E. Wood, Lubbock District manager, Office of Defense Transportation, division of motor transport, said today. Garages and service establishments in this area have been called upon to voluntarily ration their facilities and mechanics' time so that essential repairs are given preference.

"Automotive maintenance establishments are a vital link in the country's transportation chain," Mr. Wood said. "Today they must shoulder a great portion of the responsibility for keeping our nation's trucks and passenger cars rolling. Garages face critical problems due to shortages of skilled mechanics and scarcity of replacement parts.

"They are doing a splendid job, but in some instances we have had reports from truck operators engaged in essential hauling that they are unable to have vital adjustments and repairs made on their vehicles because mechanics may be profitable and desirable but is not essential.

"ODT is working closely with the industry in an effort to solve increasing wartime problems. Representatives of the various branches of the automotive industry are being asked to serve on a maintenance advisory committee to the district ODT office, to help us locate and make available badly needed replacement parts and skilled personnel, and to help promote better maintenance practices among owners and operators."

Miss Florene Pippin visited with friends at the Knox City hospital last Sunday.

some girls are so mysterious???

### EIGHTH GRADE NEWS

Our civics and math classes find seven students making D's, six making C's, and four making B's. Anna Sue, Bobby and Evelyn are the only ones who raised their grades.

Spring has come but there was some of us little eighth graders let our heads fall in history and math classes you would think it was the dead of winter.

Why Jo Ann is always in such a hurry to get to civics and math classes? (Surely it isn't because you like them so well!)

Where Ellen Marie and Patsy wanted to go Friday night. (You weren't really going somewhere, or were you???)

### SEVENTH GRADE NEWS

We have a new pupil in our room, her name is Margaret Ann Partridge; we are very glad to have her.

Dorris Wayne Phillips is ill today. We miss her.

Why Gerald Freeman is so happy today. (Could it be because it is the second day of spring???) A young man's fancy is love in the spring you know.)

### FOURTH GRADE NEWS

We are studying about Texas in our "Neighborhood Stories." Last week we drew maps of Texas and this week we are making salt maps showing the products of Texas.

Ellen and Helen Colvin's brother, Leon, who is in the army, is at home on furlough.

The best citizens of the week are Gerald Myers and Gladys Simmons.

### RECEIVES DISCHARGE

Melvin Strickland, who has been in the service and stationed in New Jersey, came in the latter part of last week. Melvin spent some time in the hospital and has received his medical discharge.

Mr. and Mrs. Press Phillips have just returned from Clinton, Okla., where they attended the funeral of Mrs. Phillips' nephew, Willard Perryman. Only two weeks ago they attended the funeral of Willard's brother, Grady Perryman, at the same place.

Mr. and Mrs. Jack Lawson and children and Mr. and Mrs. Walter Lawson, all of Fort Worth, visited with relatives and friends here over the week end.

Mrs. T. C. Blackard and son, Dannie, of Harlingen came in last Saturday for a week's visit with her parents, Mr. and Mrs. C. H. Mullican, and with other relatives.

Mrs. J. D. McClaren and children were business visitors in Stamford last Saturday.

Miss Merle Dingus and Harry Lynn Cowan visited with relatives in Big Spring over the week end.

## Tests For Army Navy Program To Be On April 2

**ABILENE**—High school seniors who will be graduated before July 1 and recent graduates will have opportunity to qualify for participation in the Army-Navy College Training programs in tests April 2 at Hardin-Simmons University, given for the government.

Young men 17 years old but not 20 on July 1 are eligible for Navy tests, while those 17 to 21 years old, inclusive, may take Army tests, Dr. W. R. White, HSU president said. Applications will be mailed on request by Dean L. Q. Campbell of Hardin-Simmons, and must be filled out prior to entrance to the examination room.

Young men accepted by the Navy will be sent to college, on active duty, in uniform, at regular pay and under military discipline starting July 1. The Army will give basic training to those accepted and assign them to specialized training units as enlisted men on active duty.

The tests will start at 9 a. m., Friday, April 2.

### HONOR STUDENT

Dick Harrell, son of Mr. and Mrs. E. W. Harrell of Munday, made the fall semester honor roll at Texas Tech. It was announced this week. Dick, who is enrolled as a freshman pre-medical student made an average grade of A in his studies.

## Plant A Victory Garden! Come Here For GARDEN TOOLS

You'll find tools here for working your Victory Garden, and the jars to can what you raise.

We have a supply of jars, in both quarts and pints. These may not be available when your garden products are ready to can, so get them now!

### LINOLEUM RUGS

There's several beautiful designs in the linoleum rugs we have in stock. Make your home more lively this spring with a new rug.

We also have a few pieces of new furniture and other items for the home.

### SENIOR NEWS

After three weeks of studying on how to "close" and "rule" accounts, Mr. Turner came up Friday morning with a nice little quiz for his bookkeeping class. The result of the "studying" was something wonderful and almost unbelievable! Not one single person failed the quiz!

In English, the Seniors are trying to forget about what goes on outside the school building during class and are trying to concentrate on their adjectives and adverbs. After all these years of studying grammar, they find that they haven't really learned all there is to know about it. In fact a few have forgotten what they did know. They are using a workbook that was written for the purpose of preparing Seniors for college entrance or for taking part in the every-day business of life.

The Seniors enjoyed the assembly program given by the Freshmen class Friday and they heartily agree with Mr. Cunningham, that the Freshmen class has real talent.

### JUNIOR NEWS

Even though there has been cold weather, the Juniors are aware that spring is not far away. When half of the students get that far-away look in their eyes and forget about lessons, something is in the air. One doesn't want to study with that lazy feeling. To some it all suggests fishing and others just day dreaming.

The American History class is in for learning of the other countries of the world. Each day now, there are reports given about a country or two. The students have found that no matter what nationality a person is, he is like one of us. This is helping the class to get a better idea of the Allies and what they are up against.

Always it comes to the point, that everyone must buy stamps and bonds. Last week the Juniors fell down on the job with a crash. How about crashing in on the top of the other classes this week.

### FRESHMAN NEWS

The chapel program last Friday was given by the Freshman class. It was completely original and very successful. The setting was in the living room of a ranch house

where the cowhands and dudes were gathered. Martha Ann Reynolds sang, "Jingle Jangle," and Oleta Norman sang, "Touch of Texas." Merle Weaver played "Under the Double Eagle" on his guitar. Junerose Salem gave a striking performance as a little Negro girl. She insisted continually on performing for the group. She was directed to do as she pleased when she wanted to do it. And was she a sensation!

### SOPHOMORE NEWS

Next week the Home Ec II class will begin sewing again. They are studying lines, colors, and designs this week. The magazines in the cottage are a big help when it comes to finding examples of the different types.

The Sophomores led in the bond sales last week, but none of the money went for the jeep. It seems as though all of the sophs will have to sacrifice a show to hold up their end of the deal.

### CHORAL CLUB NEWS

Last Friday night the High School Octet, composed of Jean Guess, Bette Morris, Mary Alice Beck, Jean Reeves, Patsy Kirk, Mildred Smith, Bobbie Boggs, and Oleta Norman, went to Matson to sing for a program sponsored by Miss Laverne Guess. They were accompanied to Matson by Miss King, Miss Laverne Guess, Mary Tom Kirk, and Miss DeLoach, the director. The octet sang "We Must Be Vigilant," "Tipperary," and "America, We All Love You." This was a new experience for the girls and they enjoyed it very much.

### THIRD GRADE NEWS

Jackie Gray has been absent for several days but is back in school again.

We are learning to "Find the Product" and "The Quotient" in arithmetic. Tuesday, two groups got new reading books.

Springtime is calling so loudly that we must work hard and fast so we will be ready to close our school books in May.

### FIFTH GRADE NEWS

We have enjoyed writing poems in our language period this last week. The five best ones were read in the fourth grade.

## Cotton Outwits the Weather

A cotton gabardine raincoat, slouch hat, cotton sports socks and boots complete this rainy day wardrobe. With more and more women working at war and civilian defense jobs, requiring them to be out-of-doors, this type of cotton raincoat is increasing in popularity by leaps and bounds. It also serves well for cool weather wear.

Best citizens of this last week were Leonard, Jr., Don, Burna Dean, Sara Beth, Marie, James, and Bobbie Wayne.

We are very happy that our room spent \$103.15 on defense bonds and stamps last week.

In science we are studying different types of food and are making posters showing the food values of each.

### SEVENTH GRADE NEWS

The seventh grade students are writing the lives of nine men in history. They enjoyed Friday night's play very much.

In English we are studying conjunctions. We have learned there are two kinds, "coordinate and subordinate."

We are glad to have two new pupils, Doris Kitchens and Grace Tomlinson.

### S-A NEWS

In science we are studying about the "Battle for Life." We have been studying types of letters in language. We feel that we have learned a lot.

The class bought five new books and dedicated them to the library. We hope to buy some more before the end of the school year.

### S-B NEWS

The S-B students have been working very hard on their play this week. The play takes place on Friday morning in assembly.

The eighth grade is going to have their party on Thursday night. Everyone is anxiously looking forward to having it.

In science we are starting a review of all the chapters we have been over.

The math class of the eighth grade is getting very interesting, for now we are taking up multiplying and dividing numbers by decimals without written computation.

### SECOND GRADE NEWS

We are happy to have a new pupil this week, Ronald Gilbreath, who came to us from Seymour.

We wish to thank the parents who attended our school program Friday night, also the Parent Teachers Association on Wednesday afternoon, for their presence helped us win the dollar. Our room decided to spend the dollar for a blooming pot plant.

tures of celebrities who had dined there; Major Bowes, Eddie Cantor, Ken Murray. Unfortunately, I didn't have one of my photographs along!

The hotel lobby bore was relating his experiences in the wilderness in winter when his horse wandered off and he was left on foot, with a band of hungry wolves coming toward him:

"I drew my pistol and killed a wolf and the others stopped and devoured the carcass, then started toward me again. I fired and killed a second wolf and they consumed him, then came on. I killed a third, a fourth, a fifth and a sixth—each time the others stopped to consume their fallen comrade.

"And now my last bullet was gone and still there was one huge, old wolf left. What do you think I did?"

A listener said, "I don't have any idea, but as he had eaten six wolves by this time, I wouldn't think you were in any danger."

## LOCALS

Morris Dean of Gustine, Texas visited with friends here over the week end. Mr. Dean is former vocational agriculture instructor here.

Mrs. J. C. Harpham left one day last week for Brownwood, where she is visiting her mother, Mrs. Clement, and other relatives.

George Salem spent the first of this week in Dallas, where he attended market and purchased merchandise for The Fair Store here.

Dorse Collins, who is stationed at Shepard Field, spent the week end with relatives and friends in Munday.

Mr. and Mrs. C. P. Baker spent the first of this week in Dallas, where they attended market and purchased spring merchandise for the Baker-McCarty store.

Miss Mary Lois Beaty, who is employed in Abilene, visited her parents, Mr. and Mrs. J. A. Beaty, and other relatives here over the week end.

Rev. and Mrs. Waincott of Rule visited with their son-in-law and daughter, Mr. and Mrs. Terrell Pettus, last Sunday.

Dr. D. C. Eiland returned home last Friday night from New Orleans, La., where he spent about ten days attending lectures and special courses pertaining to the medical profession.

Mrs. Togo Moorehouse and Miss Sue Moorehouse of Benjamin visited relatives and friends here last Saturday.

James W. McMorries and Wayne Hughes were business visitors in

Rule last Monday.

Mr. and Mrs. Chas. Moorehouse of Benjamin were here Saturday, visiting with friends and attending to business matters.

Mr. and Mrs. G. A. Branton of Knox City were business visitors in town last Monday.

Mrs. Don Estes of Seymour was here Monday, visiting with friends and attending to business matters.

## RAISE More Food— and Save It All!

### Uncle Sam Wants GARDENS!

• Uncle Sam insists that we all have Victory gardens this year —big ones and small ones, in town and country.

Plan your garden now, or join in the plans of your neighbors. Grow your own vegetables because the chances are you won't be able to buy them at the corner grocery. Gardens mean fresh food all summer and a food reserve stored away for winter. Gardens mean Health

—lowered food costs—and practical PATRIOTISM!

Ask us about International Harvester's 84-page booklet, "Have a Victory Garden." It's a dandy—packed with helpful information on soil, seedbeds, fertilizers, hotbeds, cold frames, planting, cultivating, weed control, insect and disease control, harvesting, winter storage, etc.

Let's all garden for Victory and save all we raise.

## Slaughtering Of Animals Under Meat Rationing Is Explained By War Board

Gains made in our food supply by the record meat production of American farmers are seriously threatened to be offset by problems of distribution. The increase in hogs and cattle which brought livestock numbers on January 1, 1943, to an all time high were possible in large part because of the record supplies of feed grains in the ever normal granary, and expansion in the production of hay and the improvement of pastures. But the farmers' splendid contribution in producing food for freedom must be protected by insuring that the most meat and other food-stuffs are properly distributed and utilized.

The underlying reason for rationing and price control is to make sure that every American, rich or poor, can get his fair share of food. Rationing makes it impossible for the wealthy to buy large amounts at prices higher than the less fortunate can pay, or for persons to get more than their share by going from store to store, thus leaving little or no stock for sale to other consumers. There will be sufficient food to keep everyone well nourished if the supply is distributed equitably and utilized properly. However, when some individuals obtain more than their share they are reducing the share of some other person who may be a soldier, sailor, marine, civilian worker or an ally.

Farmers who slaughter exclusively for home consumption on their farms are not covered by Food Distribution Order 27. Under the terms of the slaughter order, the persons who own the livestock at the time of slaughter is considered the slaughterer regardless of whether he does the slaughtering or whether it is done by someone else for him. Thus, a person who slaughters for hire or on a custom basis, is not affected by the order except as the order affects the persons for whom he slaughters.

"Local slaughterers" include all persons who in 1941 slaughtered livestock with a total live weight in excess of 300,000 pounds. For use as a base each local slaughterer must report in his application for permit the dressed weight of the cattle, calves, sheep, or lambs, and the live weight of hogs slaughtered in each month of 1941. Beginning with April, 1943, monthly quotas will be assigned for the slaughter of each type of livestock. For April of 1943, the quota will be 80 percent of the

April 1941 base. Percentages to be used in determining quotas for subsequent months will be announced by the Director of the Food Distribution Administration, on the basis of the level of civilian meat allocations established by the secretary. Slaughter for any monthly period may not exceed the quota assigned for each type of livestock.

"Butchers" include all persons other than farm slaughterers who in 1941 slaughtered livestock with a total liveweight of not more than 300,000 pounds. For use as a base, each butcher is required to report in his application for slaughter in, each month of 1941, of the total live weight of all livestock slaughtered in each month of 1941. Beginning with April, 1943, his monthly quota will be his choice of (1) the number of each type of livestock which he slaughtered during the corresponding month of the base period, or (2) the total live weight of the livestock which he slaughtered during the corresponding month of the base period. Slaughter for any monthly period may not exceed the quota.

"Farm Slaughterers" include all resident farm operators who in 1941 delivered meat from the slaughter of livestock having a total live weight of not more than 10,000 pounds. For use as a base, each farm slaughterer is required to report in his application for slaughter permit either the number of cattle, calves, hogs, sheep or lambs slaughtered and delivered in each quarter of 1941, or the total live weight of all livestock slaughtered from which any meat was delivered in each quarter of 1941. Beginning with the April quarter of 1943, his quota will be his choice of (1) the number of each type of livestock which he slaughtered and delivered during the corresponding quarter of the base period or (2) the total live weight of the livestock which he slaughtered and delivered during the corresponding quarter of the base period. Slaughter quotas for any calendar quarter may be transferred to the preceding or succeeding quarter. Any farm slaughterer who applies for a permit and who is unable to furnish data upon slaughter for 1941, or who elects not to furnish such data, will receive a quota for the calendar year which will be his choice of (1) 300 pounds of meat or (2) the meat from three animals, including not more than one head of cattle. Slaughter for any quarterly or annual period may not exceed the quota. In the case of livestock slaughtered principally for home consumption, application for permit need not be made prior to slaughter. However, if any of the meat is to be sold, permit must be obtained prior to sale.

Each local slaughterer, butcher, or farm slaughterer shall collect ration points and make required reports for all meat sold or transferred by him after meat rationing goes into effect. Under the provisions of Food Distribution Order 26, each person engaged in the handling of

## THE POCKETBOOK OF KNOWLEDGE

**FOOD RATION CARDS USED IN ATHENS IN 490 B. C. WERE MARBLE SLABS WHICH HAD TO BE PRESENTED IN PERSON IN ORDER TO GET FOOD.**

**ORDINARY CLEANING FLUID HAS BEEN ADAPTED BY A CHEMICAL MANUFACTURER TO CREATE CHEMICAL SMOKE SCREENS FOR MILITARY OPERATIONS.**

livestock as a dealer or as an agent is required to have a permit. The term "agent" as used in the order includes persons operating auction markets who sell livestock for others on a commission basis. The term "dealer" does not include bona fide producers who are engaged in dairy, wool or meat production or in breeding, feeding or finishing livestock and who keep such livestock 30 days or more. Dealers and agents are required to establish inventories as of the effective date of Food Distribution Order 26 and keep complete records covering all purchases and sales of livestock. Those records should include the date of the transaction, the number of head and kind of livestock sold, the name of the seller and buyer, the weight if the animals are sold by weight, the price per hundredweight, or if the animals are sold on a headage basis, the price per head, and the total amount received for each lot.

Farmers are not required to obtain a permit to buy and sell livestock, but are expected to keep records covering purchases and sales of livestock.

August Schumacher, Chairman Knox County USDA War Board.

Dr. W. M. Taylor of Goreau was a business visitor in the city last Monday.

Mrs. W. V. Tiner left Sunday for Walters, Okla., where she is visiting her daughter, Mrs. James Dyke, this week. She is expected to be home Saturday.

Mrs. Vance and Miss Marjorie Blankenship of Goreau were business visitors here last Monday.

G. B. Hammett was a business visitor in Abilene last Thursday.

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 3rd day of May, A. D. 1943, at or before 10 o'clock A. M., before the Honorable District Court of Knox County, at the Court House in Benjamin, Texas. Said plaintiff's petition was filed on the 20th day of March, 1943. The file number of said suit being No. 4228.

The names of the parties in said suit are: Billie True Nichols, Earl H. Nichols, Mrs. Ova True Wright, Sim Wright, Mrs. Sallie Burk True, a widow, Mrs. Alice True Wetzel, M. J. Wetzel, Ernest McElreath, Charles C. True, H. P. Hill, Jessie Gertrude True Fuller, Clayton Fuller, Barbara J. True Edburn, Clayton G. Hilborn and Martin E. True, as Plaintiffs, and Robert L. Wilkins, James W. Eddens, C. L. Robinson, F. C. Weinert, C. F. Woods, Walter Bruestedt, Alfred Eckenroth, D. L. Allen and Lillie Allen, and the unknown heirs of above named persons, and all persons owning or claiming any interest in and to the land hereinafter described, by virtue of any recorded instrument of record in the Knox County, Texas, Deed Records, as Defendant.

The nature of said suit being substantially as follows, to-wit: Suit for title and possession of the following described land, to-wit:

Being 40 acres of land out of the Northwest corner of the Robert Wilkins original Survey in Knox county, Texas, described as follows: Beginning at a point in N. B. L. of Robert Wilkins, Original Sur. at a point 169 vrs. S. 86 deg. and 45' W from the S. W. Corner of Section 85, Block 45 H. & T. C. Ry. Co. said point being 265 East of the original N. W. Corner of Robert Wilkins Survey; THENCE South 2 deg. 40' W. 936 varas to corner; THENCE N. 86 deg. 30' W. 265 varas to point in W. B. L. of said Robert Wilkins survey; THENCE North along the W. B. L. of said Robert Wilkins survey 936 varas to its N. W. Corner; THENCE in an Easterly direction along N. B. L. of said Robert Wilkins Survey 265 varas to the place of beginning, containing 40 acres of land more or less.

Issued this the 20th day of March, 1943.

Given under my hand and seal of said Court, at office in Benjamin, Texas, this the 20th day of March A. D. 1943.

(Seal) LEE COFFMAN, Clerk, District Court, Knox County, Texas. 39-4tc.

### SENIORS ON PARADE

Elsie Schumacher, daughter of Mr. and Mrs. August Schumacher, was born on September 25, 1926. Elsie is vice president of the senior class and was class reporter for one year. She is 16 years old, five feet and four inches tall, weighs 115 pounds, has blonde hair and grey eyes. Elsie lives about a mile north of Rhineland and has lived there all her life. She attended school in Rhineland all 12 years. Elsie is undecided as to the future.

Some of her favorites are:  
Teacher—All.  
Subject—Business law.  
Hobby—Reading and fishing.  
Color—Red.  
Orchestra—Tommy Dorsey.  
Song — "Moonlight Becomes You."  
Radio program—Breakfast club.

### SOPHOMORE NEWS

Some of our classmates have been absent all of last week. Walter, where have you been keeping yourself? And, Magdalen, don't let the whooping cough get you down. We hope to see you all back in school real soon.

We are glad to have Mr. McGaughey visit us during algebra class last Wednesday. We hope he didn't think us too ignorant. I guess we were all a little nervous.

### FRESHMAN NEWS

We have just finished our study of "The Lady of the Lake." Is that a relief!

The girls are really learning how to play indoor ball. Mary Ann says she can catch flies. What kind???

We were wondering why so many of our classmates were absent Tuesday. Now, boys, where did you go?

We are all glad Miss Tachoepe had such a good time in Wichita Falls over the week end. Meet anybody in particular? Davis, perhaps?

### REPORT OF ROOM III

The eighth grade students are working very hard so they will make better grades the next six weeks. We received our report cards Wednesday, and most of us

were satisfied with our grades. In history we are taking up a very interesting study, the industrial revolution.

Some of the class members' nicknames are:  
Herbert—Hebrew.  
Herman—Hump.  
Donald—Duck.  
Eddie—Curly.  
Carl—Bub.  
John Ed—Johnny.  
Betty Lou—Betty.  
Adelaide—Parkey.  
Maxine—Shorty.

REPORT OF ROOM IV  
We have selected our borders for

## WE FURNISH YOU A GOOD MARKET

... FOR YOUR PRODUCE!

Our farmer friends realize that we are furnishing the best possible market for all their produce, paying the best possible prices at all times and giving them the service we believe they are entitled to. As a means of showing our appreciation for your patronage, we intend to give you our best at all times.

We have a line of Russell's Poultry Remedies... Effective and Dependable... Get your needs here.

Cull Your Flock Now For Better Production. Don't Feed Those Loafers that won't pay for their Keep!

## Take Care of your WATER HEATER

Drain the sediment from your water heater tank about once a month.

Don't set the thermostat too high; not over 150 degrees. (This is best for the plumbing, too.)

\*\*\* Modern gas water heaters are practically fool-proof, and many of you have models with tanks of solid Monel, factory-guaranteed for 10 years against corrosion. But they do need simple care; and new ones are mighty scarce till we win this war.

**LONE STAR GAS COMPANY**

### Ration-Right

Lovely Ilona Massey sets the pace for the modern American woman beset by shortages. Doing her shopping by bicycle to save gasoline, she also wears bright-red, knee high cotton ribbed socks because of their comfort and easy care. These socks, originally designed for sports wear, have been adapted to many uses by busy housewives because of their long-lasting qualities.

## Advance Food Planning Essential As Rationing Means Careful Selectons

**Nutrition Committee Urges Maintenance of Balanced Diet**

Planning meals for an adequate diet with foods rationed was discussed at a meeting of members of the nutrition committee Tuesday evening in the "Homemaking Cottage" at Munday. The committee is composed of the Lunch Room Supervisor, home Economic teachers and other trained home economists. Miss Lucile King, county home demonstration agent, is chairman of the group.

Under the new system of rationing, it is necessary to plan all meals in advance, using foods that are in season, and to produce vegetables in flower beds, back-yard gardens and larger gardens, it was pointed out.

A committee composed of Miss Anna Mae King, Miss Margaret Cash, Mrs. Barton Carl, Miss Sheppard, Mrs. Ulric Lee and Miss King was named to explain how to plan properly balanced meals, using only limited quantities of rationed foods, to their respective communities through nutrition classes and club meetings and home economic classes. Each leader is to work up a set of menus for a week to be published in the paper. Posters are to be displayed in store windows showing proper ways of cooking vegetables.

There is now a greater need for adequate meals than ever before in as much as the State Board of Health reports 12 deaths occur annually in Texas from rickets three or four from beriberi, one or two from scurvy, and 400 to 500 have been caused by pellagra each year since 1933. Since it is becoming increasingly difficult to obtain canned fresh vegetables, there is danger that this rate will increase if special attention is not given to meal planning.

The following menu represents an adequate day's food supply for a family of four:

- Breakfast**  
Orange juice,  
Oatmeal  
Poached egg  
Toast  
Milk for children  
Coffee for adults
- Lunch**  
Cream of potato soup, crackers  
Banana peanut butter salad

- Dinner**  
Ginger bread  
Milk  
Chicken loaf with gravy  
Candid sweet potatoes  
Canned string beans (turnips, cabbage, spinach onion vinegar sauce)  
Whole wheat muffins, butter  
Only 14 points required for the rationed items included in menu. If fresh beans are substituted for canned—coffee and sugar only rationed.
- Considering 192 allowed for family of four per month, daily average should not exceed 6 1-2 points.

Mr. and Mrs. Truman White and children of Paducah visited with relatives and friends here the first of this week.

Mrs. G. A. White returned home last Saturday from the Knox county hospital, where she had been confined for a week.

Sied Waheed, Sam Salem, Moody Johnson and Aaron Edgar attended a Masonic meeting in Knox City last Thursday night.

Mrs. Frank Knapp of Rhineland was a business visitor in town Tuesday.

### ON HONOR ROLL

Willard Reeves, son of Mr. and Mrs. J. E. Reeves of Munday, made the fall semester honor roll at Texas Technological College with an average grade of A. He is enrolled as a freshman electrical engineer.

Clyde Burnett, prominent ranchman of Benjamin, was a business visitor here last Friday.

Mr. and Mrs. Sam A. Roberts of Haskell visited in the home of Mr. and Mrs. J. W. Roberts last Sunday.

### CARD OF THANKS

To our neighbors and friends we want to express our greatest appreciation for the kind help you gave in any way. We all know God is no respecter of persons, and sooner or later we all have sickness in our homes. Should it ever be that we can return this kindness, we surely will. May God bless each of you.  
Mrs. Della Hambrick and girls.

## "Don't Worry About Us—

"We'll grow our own food!" That's the battle-cry of America's six million farm families as the gardening season rolls around. Growing vegetables at home relieves overburdened hauling facilities, releases more commercial vegetables for the fighting men, and insures a wholesome, inexpensive diet for each family.

## Goree News Items

Mr. and Mrs. Lowell Lawson and son, Bobby, of Dallas visited Mr. Lawson's mother, Mrs. J. F. Lawson, during the past week. Mrs. Lawson returned with them and visited with other relatives in Dallas.

Mrs. Loyd King and little son, Edwin Loyd, were brought home from the clinic hospital at Wichita Falls recently. Both are doing fine.

Marvin Boyles of Mineral Wells has been visiting his grandparents, Mr. and Mrs. B. R. Boyles and other relatives during the past week.

Mr. and Mrs. Charles Goode, Mrs. Ira Stalcup and Mrs. E. D. Green were business visitors in Wichita Falls last week.

Floy Mooney of north of Goree has been officially accepted in the WAAC service and will soon leave for her basic training.

Mrs. Claud Reed was a visitor in the home of Mr. and Mrs. I. J. Troy. Mrs. Reed went on to Wichita Falls where she visited her husband who is in training at Sheppard Field.

Mr. and Mrs. Carl Oliver have returned to Palacios, where Carl is in training.

Mr. and Mrs. J. J. Hill of Perrin visited in the home of Mr. and Mrs. Frank Hill; also with Mr. and Mrs. Floyd Hill and little son, Floyd Jr. Floyd had some interesting experiences on his ship going over for foreign service. He is serving in the navy.

Mrs. J. T. Lawson has returned from a visit with relatives in Dallas.

Mr. and Mrs. Loyd Hill and daughter of Old Glory were guests in the Frank Hill home over the week end; also Mr. and Mrs. Hill's daughters, Mrs. Jack Coy of Bellevue and little daughter, Frankie Lee, and Mrs. Esther McGraw of Dallas. Mrs. McGraw is employed in defense work in Dallas. Mr. and Mrs. Hill took their daughters as far as Wichita Falls, last Thursday afternoon on their return home.

Pvt. Charles Leise of Camp Barkeley visited in the home of

Mr. and Mrs. Jim Goode over the week end. Pvt. Leise is recuperating from injuries received in training.

Miss Marjorie Arnold of Abilene was a visitor here over the week end with her parents and friends.

### HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

The Hefner Red Cross fund now exceeds the quota given this community. All those who have not donated to this cause still have an opportunity to do so.

Mrs. Marion Jones and family met a bus at Munday on the 20th, at which time they had a short visit with their nephew, Marcus Ward of Electra, who is stationed at Camp Barkeley.

Mr. and Mrs. Philip Jones and son of Grand Prairie spent the week end with relatives and friends at Hefner, Goree and Munday.

Miss Edith Atkinson of Dallas visited with her parents here last Sunday.

Mrs. Tiny Swanson of McKinney has returned to her home after a visit here with her brothers, Bob and John Lambeth.

Mr. and Mrs. J. H. Lambeth and children and Miss Chendee have returned from a trip to Canadian, where they visited Mrs. Lambeth's brother, Green Overton, who is very ill from an operation.

Mrs. Talmage Cypert of Knoch City is visiting with her parents, Mr. and Mrs. C. B. Warren, for several days.

Among those on the sick list is Grandmother Manly. Her friends wish her a speedy recovery.

Bud Coffman of Goree was a business visitor in this community the first of this week.

W. P. McNeill of Bellevue was here last week, attending to business matters pertaining to the McNeill gin.

Mrs. Chas. H. Giddings, Jr. of Wichita Falls visited with relatives and friends here last Thursday and Friday.

## Auction Sale Is Lively Tuesday

One of the most lively sales in several weeks was experienced by the Munday Livestock Commission Co. for last Tuesday's sale. Operators of the sale reported another big run of cattle and hogs, with all classes of cattle selling fully 25 to 50 cents higher than a week ago.

Top hogs sold from \$14.25 to \$14.50; canner and catter cows, \$5.50 to \$9; butcher cows, \$9.25 to \$11; beef cows, \$11.50 to \$13.10; butcher bulls, \$9.50 to \$11; beef bulls, \$11.50 to \$12.75; butcher yearlings, \$11 to \$12.50; fat yearlings, \$13 to \$15; rannie calves \$9.25 to \$10.75; butcher calves, \$11.50 to \$12.75; fat calves, \$13 to \$15.25.

Good stocker steer calves sold for \$16, and one load of heifer calves at \$15.70. Common stocker calves sold from \$12 to 15.

IT PAYS TO ADVERTISE

Paul Pendleton, who is stationed at Sheppard Field, spent the week end here with Mrs. Pendleton and with his parents, Mr. and Mrs. H. A. Pendleton.

Mrs. L. W. Boynton of Springtown spent last Monday and Tuesday here, visiting with her sister, Mrs. G. W. Dingus, and with other relatives.
