

The Munday Times

VOLUME 38

MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, APRIL 8, 1943

NUMBER 41

Borton R. Carl Now Employed at Baker-McCarty's

Borton R. Carl, who operated the Carl Dry Goods Company in Goree for a number of years, has accepted a position with the Baker-McCarty store in Munday, beginning his duties last Monday morning.

Mr. Carl has had a number of years of practical experience in the dry goods business. He has many friends in this section of the county, and he will be a valuable addition to the sales force of the local store.

"The addition of Mr. Carl to our personnel will enable us to serve our customers better," C. P. Baker, manager of the store said, "since he already knows all practical angles of the business. With a number of our employees going to the armed service and into defense work, it has been difficult to keep experienced help."

"We invite you to come in and visit with Mr. Carl at any time. We will be glad to supply your needs in every way possible."

Benjamin Club Demonstration on Pigs Completed

Twenty two 4-H Club members of Benjamin, completed their pig feeding demonstration on March 31.

The purpose of this feeding experiment was to determine the value of whole threshed combine milo; soaked combine milo; and ground combine milo. In order to make this test, three barrow pigs, litter mates, were placed into separate pens. Pig number one was fed dry threshed milo and protein supplement in a self feeder. Pig number 2 was fed ground combine milo and protein supplement in self feeder, and pig number three was fed soaked combine milo and protein supplement in self feeder. The feeding test extended over a 55 day period beginning Feb. 4, and ending March 31st. Pig No. One consumed 3 1-2 lbs. grain and 1-2 lb. of protein supplement for each one pound of grain. Pig No. 2 consumed 4.2 lbs. of grain and .56 lbs. of protein supplement for each one pound of grain.

Pig No. 3 consumed 4 lbs. of grain and .83 lbs. of protein supplement for each pound of grain. The cost per lb. of grain was 8.4 cents for pig No. 1; nine cents for No. 2 and 9.1 cents for pig No. 3. The club boys have come to the conclusion that it does not pay to grind or soak the grain when feeding pigs. The boys who were responsible for soaking the grain, say that it is lots of trouble especially when temperatures are below freezing.

Grinding was calculated at 15c per 100 lbs. Threshed milo calculated at \$1.50 per 100 lbs. Protein supplement at \$3.75 per 100 lbs.

COUNCILMEN, TRUSTEES HAVE NO OPPOSITION

In the city election last Tuesday, all councilmen were elected without opposition, and the same was true in the school trustee election last Saturday. The vote was light in both elections.

Councilmen elected are H. C. Hawes and P. V. Williams, both re-elected, and Travis Lee and Leiland Hannah, who succeed R. B. Davy and Grady Thornton.

Munday school trustees elected Saturday are Dr. R. L. Newsom, E. W. Harrell and Worth Gafford, all of whom were re-elected to the board.

MOUNTED HORSEMAN

A letter from L. B. Patterson, Jr., requesting that his paper be changed to Hobe Sound, Fla., stated that he and his brother, Wayne, have been transferred to the Mounted Horse Patrol. L. B. said he saw Jiggs Thompson recently. Jiggs is stationed at Delroy Beach, Fla.

EUGENE MICHELS HAS MAJOR OPERATION

Eugene Michels underwent a major operation at the Knox county hospital on Wednesday, and latest reports are to the effect he is doing nicely. In fact, Gene is doing so well that he asks his friends to visit him at the hospital.

Paul A. Jones In Middle East

Capt. Paul A. Jones of Goree is now stationed in the Middle East, perhaps in the thick of the African campaign, according to meager information which he wrote in a recent letter to his parents, Mr. and Mrs. E. A. Jones of Goree.

Capt. Jones stated in the letter that he was well and was seeing some very interesting country. He has been in the air corps about two years and has been in foreign service for some time, going to England with one of the early expeditionary forces. He was recently transferred to the Middle East.

Four Texans Are Graduated As Bombardiers

Four young Texans won bombardier wings and a second lieutenant's commission at the Victorville, Calif., Army Flying School on March 27, after a 26-week training winding up with combat bombing missions in the Mojave desert.

Among these was Lieut. Cecil Cooper, son of Mr. and Mrs. J. F. Cooper, who reside on route three,

LIEUT. CECIL COOPER

Haskell. Cecil graduated from Weibert high school and later attended Wichita Junior college. He was employed at the local Baker-McCarty store for some time, during which time he served as local scoutmaster for three years, was manager of a boxing team for two seasons, and was a member of the Munday Lion's Club when it was functioning here.

Other Texans in the bombardier class are: Walter Wade Wilmon, Jr., of San Angelo, formerly of Hamlin; Roy Franklin Weiss of Nocona, and Harry Anderson Gayer of San Antonio.

More Rain!

Knox county was benefitted by additional rainfall on Wednesday night and Thursday of this week. Coming on top of the two inches received about two weeks ago, this makes a splendid season for spring planting.

H. P. Hill, U. S. weather observer reported that Wednesday night's rain was .44, while the total by noon Thursday probably exceeded an inch. It was still raining steadily at eleven o'clock Thursday.

Vegetable Case In Operation At Piggly Wiggly

Customers have been expressing satisfaction in the "Super Cold" fruit and vegetable case which has been in operation at the local Piggly Wiggly grocery for several weeks.

This case contains enclosed bins for various kinds of fresh fruits and vegetables, and makes shopping for these items very convenient to customers of the store. Another compartment contains fresh milk which is supplied daily.

Sied Waheed, manager of the store, is well pleased with the manner in which this case keeps vegetables fresh and crisp, as well as the added convenience it gives to his customers.

Acid Test Coming In New War Loan Drive

The people of Knox county will be put to the acid test during the Second War Loan, beginning April 12, it was announced by W. E. Braly, county chairman.

"The United States treasury must raise 13 billion dollars during the Second War Loan, and a substantial part of this money must be loaned to our government by people in ordinary walks of life—you and me and the fellow next door," Mr. Braly declared. It is obvious to every thinking man and woman that as the United Nations take the offensive against the Axis dictators, the cost of war operations increase in proportion.

"The staggering sums of money necessary for the victory drive of the American and other Allied armies and navies. . . the task and the cost of providing food, transportation and munitions for millions of men, over and above the cost of equipment in planes, guns, tanks, ships and other material . . . must be borne, in large measure by the American people left here at home.

"It is not only necessary and right that we should assume this additional participation on the war effort—it is an honor to do so. We who are left here on the home front can do no less than attempt to approach the sacrifices of those brave men out on the fighting fronts to whom the last great measure of sacrifice is but a daily offering. They give their lives. We lend our money.

"While it is true—and this is the everlasting credit of the American people—that there are more people today who own Government securities than at any time in the history of the nation—the simple facts of the matter are, it is not enough.

"If the people of Knox county, and every county and town in the nation are to meet their full measure of responsibility, they must loan their government every cent not needed for the essentials of living and we may have to revise downward our ideas about what are essentials. In other words, you, and you and I must go on an all-out war basis.

"There are at the present time many billions in liquid funds—cash and commercial bank deposits—in the hands of the American people over and above taxes, debt repayments, insurance, and their present investment in government bonds . . . over and above what they can buy this year because of the restrictions or unavailability of consumer goods. This may amount to as much as forty billion dollars this year.

"It should be the objective of every American to invest these 'loose' billions in Government securities. Now, during this Second War Loan, is the time to invest liquid funds from both current income and from past accumulations in your Government. This Second War Loan makes available to you a type of security for every pocketbook.

Red Cross Quota Is More Than Doubled In County

New Trustees Are Announced

Trustees who were elected for the common schools of Knox county in the election Saturday were announced Tuesday by Merick McGaughey, county superintendent. Returns from part of the districts showed the following to be elected:

- Benjamin: LeRoy Melton. Vera: R. F. Richards and Buster Jackson. Gilliland: A. T. Bromley, W. T. Cook and Sam Stone. Hefner: J. L. Murdock. Union Grove: Louis Montandon. Knox City: L. C. Teague, Salem Hutchinson and J. T. May. Truscott: T. M. Westbrook, Carlton Browder and W. O. Solomon. Sunset: W. H. Freeman and Jim Frost. Hood: Ivan Gresham.

New Date Set For Drivers License

N. W. Jackson, examiner of the driver's license division, Texas Highway Department has announced a new schedule for holding examinations or this area. Mr. Jackson explained the change was necessary because he must operate the Eastland schedule alternately with the Haskell schedule. The following dates will prevail until further notice:

- Haskell on Monday and Saturday, Stamford on Tuesday and Friday of every other week, beginning with the week of April 12. Hamlin on the fourth Wednesday of each month. Anson on the second Wednesday of each month. Aspermont on Thursday, April 15, and each third Thursday from that date. Munday on Thursday, April 29, and each fourth Thursday from that date.

Donald Hobert Is Commissioned As Ensign In Navy

Ensign Donald Hobert came in the latter part of last week from Chicago, Ill., for a visit with his parents, Mr. and Mrs. L. W. Hobert.

Donald, who graduated from A. and M. College last year, enlisted in the U. S. Naval Reserves before graduation. He has been doing special training at Chicago for several months, and received his commission as an ensign just before leaving for home.

Ensign Hobert will report for duty at Little Creek, Virginia, about April 20th, and will serve as captain of a landing barge.

Cotton Ginnings

A special report from the Department of Commerce, bureau of the census, shows there were 40,085 bales of cotton ginned and to be ginned in Knox county from the crop of 1942, as compared with 37,842 bales from the crop of 1941.

The report was submitted to The Times by T. W. Russell of Vera, special agent for the department.

GUY EAKIN GRADUATES IN AIRCRAFT WELDING

Pfc. Guy D. Eakin, son of Mr. and Mrs. E. E. Eakin of route two, Goree, was recently graduated from Aero Tech, Los Angeles, Calif., in an intensive course in ground crew mechanics. Eakin took a course in aircraft welding, and has been assigned to duty with an active air force unit.

DICK HARRELL IS SOCIAL CLUB PLEDGE

LUBBOCK—Dick Harrell of Munday is pledging Silver Key, men's social club at Texas Technological College. A total of 143 students signed preference slips for the seven men's social clubs on the campus.

Dick is the son of Mr. and Mrs. E. W. Harrell and is enrolled at Tech as a freshman pre-medical student.

CHANGE MADE IN OFFICE HOURS

Notice of change of office hours was sent the Times by the Knox County Rationing Board this week. The public is notified of the following hours which will be observed in the future:

- Monday through Friday, 8 a. m. to 5:30 p. m.; lunch period, 12 to 12:45 p. m. Saturday of each week, 8 a. m. to 12:15 p. m.

Former Goree Resident Dies At Utica, Okla.

Dee Jones, formerly of Goree, died at his home near Utica, Okla., on Tuesday, March 30. He was born August 23, 1892, in Hancock, county, Tenn. He had been in poor health for over a year.

Mr. Jones moved with his family to Bryan county, Okla., in 1907, later coming to Knox county, where he met and married Miss Carrie Cooksey. He resided in this county for a number of years, moving back to Oklahoma a few years ago.

Surviving him are his wife, five daughters and a son, who are: Neralene Jones of Goree, Annie Mae, Margaret, Betty Jo, Tommy Nell, and Leonard, all of Utica. He is also survived by his father, J. C. Jones of Utica, two brothers and sisters and a number of nieces and nephews.

Funeral services were held from the chapel of the Moon Funeral Home in Durant, Okla., on Tuesday, March 30, at 5 p. m.

Mrs. Arthur Smith, Jr., visited with friends in Nagodoches, Tex., as over the week end.

Boys And Girls Organize 4-H Club In Local School; Officers Named

The boys and girls of Munday grammar school met Monday, March 29th at 10:45 o'clock in the auditorium with R. O. Dunkle, county agent, and Lucille King, county home demonstration agent for the purpose of organizing a boys and girls 4-H Club.

The girls organized first and the officers elected were as follows: President—Rebecca Rummel. Vice-president—Carolyn Hannah.

Secretary—Hatty Ann Phillips. Reporter—Jean Ratliff. Parliamentarian—Mary Jo Steele.

Sponsor—Mrs. Bogard. Laura Beas Moylette is the poultry demonstrator and Ethelene Simpson is the clothing demonstrator.

Lucille King acted as temporary chairman until the girls elected their president then Rebecca Rummel took the chair and conducted the election of officers, until the boys elected their chairman, then she turned the meeting over to the chairman.

The boys 4-H Club officers elected were as follows:

President—Lloyd Haney. Vice-president—D. G. Chamberlain.

Secretary—Kelton Tidwell. After the election of the officers of both clubs Lucille King, county home demonstration agent, gave a very interesting demonstration of setting a hen. She stressed the points of selecting the eggs wisely, dusting the hen with sodium fluoride to free her of external parasites, testing eggs, and dipping eggs in lukewarm water.

R. O. Dunkle gave a very interesting talk on a new type of feed called "Benita" which means beautiful. This feed has been very highly recommended for this part of the state. It was obtained from the Chillicothe Experiment Station. It is a high yielder. It is 25 per cent kafir, 25 per cent fetarita and 50 per cent begari.

R. O. Dunkle left us some of this feed to be distributed among the 4-H Club boys of Munday. The boys are in dead earnest

To the Knox County Chapter of the American Red Cross, I submit the following report of the Chapter Roll Call and War Fund Chairman:

The chapter goal was \$2,350.00. Contributions received to date total \$4,742.44; thus the county has contributed more than twice the amount of the original goal.

May thanks be here expressed to the citizens of Knox County, and to the Community Chairmen and their helpers, for the splendid response and cooperation given this work. Every community in the county reached its goal or went far beyond it.

The following is a list of contributions by communities, including the name of the community chairman:

Munday: Mrs. H. A. Pendleton	\$1,373.96
Gilliland: Mrs. Marion Ryder	218.26
Benjamin: Mrs. E. E. Sams	351.46
Goree: Mrs. Roy Maples	401.35
Hefner: Mrs. J. T. Murdock	127.76
Truscott: Mrs. T. B. Masterson	364.25
Sunset: Mrs. R. C. Partridge	227.76
Vera: Mrs. D. R. Sullivan	350.75
Rhineland: Miss George Claus	204.36
Brock: Mrs. F. E. Walker	18.06
Knox City: Mrs. A. J. Malouf	1,109.77
TOTAL	\$4,742.44

As the good work of the Red Cross goes on, all who were able to have a part, will find joy in what they were able to do. Thanks to every contributor and worker.

Signed, J. S. TIERCE. NOTE: To all community chairmen: Please forward all contribution lists to J. S. Tierce or Joe Averitt, Knox City. These lists are needed for making final report. J. S. Tierce.

about trying to make this feed grow well and produce enough seed for all the farmers of Knox county who wish to get seed for 1944.

Other boys clubs were organized throughout the county with officers as follows:

Truscott: Jerry Westbrook, president. Pete Moody, vice-president. James Browning, secretary.

Gilliland: Howard Cook, president. Ray Iiseng, vice-president. J. E. Massingill, secretary.

Vera: Billy Richards, president. Hope Bratcher, vice-president. Bobbie Lee McMurtry, secretary.

Sunset: Pat Hill, president. Kenneth Whittemore, vice-president.

Union Grove: Leo Reddell, secretary. Tommie Montandon, president. Leroy Russell, vice-president. Victor Contreras, secretary.

Melvin Strickland Radio Repairman At Western Auto Store

W. H. Hart, owner of the Western Auto Associated Store here, announced Wednesday that Melvin Strickland has accepted a position as radio repairman at the Munday store.

Mr. Strickland is well known for the dependable radio work he has turned out in the past, and many of his former patrons will be glad to learn that he is back in the radio repair business. Melvin was recently discharged from the army because of his health.

"We invite those having radio troubles to bring them to Mr. Strickland," Mr. Hart said. "Expert repair work will be turned out, so you may have lots of satisfactory service from your radio."

Mr. and Mrs. Elmo Anderson of Dallas spent the week end here with Mrs. Anderson's parents, Mr. and Mrs. Jess Burnison.

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"

IT MUST NOT HAPPEN HERE

Tragic stories of death from starvation and exposure in Europe are so commonplace that their horror has lost significance to many of us. But it should never be forgotten that lack of production is not the sole factor in the plight of Europe's millions. Europe has no organized distribution system. What few necessities exist are transported at the convenience of military authorities. Points of final distribution to consumers are places rife with disease and dirt. What a contrast to the distribution system of this country!

Retail distribution in America is scientifically organized. Its principles are comparable to those of mass production. The core of modern retail distribution is the chain stores and voluntary groups of independent merchants, both of whom are heavily counted upon by the government to help maintain a stable and adequate supply of necessities, within equal reach of every civilian. It is a formidable task.

Fair and adequate distribution can be accomplished. The record of retail merchants gives strong reassurance of that. However, they will need the utmost cooperation from the government and from the public. The government must do all in its power to simplify rationing and price regulations, just as it must recognize the essentiality of merchandising. The public can cooperate by being tolerant toward inexperienced employees and by avoiding the temptation to hoard non-rationed commodities.

The tragedy in Europe should spur us on to help our producers and distributors in every possible manner. We want no recurrence of that tragedy, in this country.

INDUSTRIAL AMERICA AT WAR

During the past twelve months the whole complexion of America has changed. A peaceful nation drawn suddenly into the vortex of a worldwide war, in this short period, become the most gigantic armory the world has ever known.

So rapid has been this transformation and so dynamic the force behind it that in one year's time United States production has outstripped the vast production machines built by our enemies over a period of ten years.

Last week three great metropolitan newspapers, The New York Times, The New York Herald Tribune, and the Wall Street Journal, paid tribute to this amazing industrial achievement by devoting special supplements to the herculean task American industry has accomplished.

On the pages of these supplements there is unfolded the amazing picture of American industry at all-out war, of mammoth plants built overnight or converted to straight-line munitions production, making records only to be shattered and shattered again, utilizing every scientific development born of the war, employing inventions and shortcuts to amaze even this sophisticated age.

Reviewing the situation as a whole, War Production Chief Donald M. Nelson declared that "During the first year of war the United States got the bulk of its tremendous industrial facilities on an all-out basis." More specifically we learn that the steel industry set the all-time record production of 89,000,000 tons of ingots. The American aircraft manufacturers produced 49,000 airplanes of all types and are well on the way to the creation of the world's most powerful striking force.

During 1942 machine tool production reached the all-time high of \$1,400,000,000 which is 82 per cent more than 1941, 210 per cent greater than 1940, and seven times the sales of 1939.

The year 1942 saw the production of 32,000 tanks and self-propelled artillery units, 17,000 anti-aircraft guns, and 8,200,000 deadweight tons of merchant shipping. Huge increases in every war category are recorded on the production books of 1942.

But, in the words of F. C. Crawford, President of the National Association of Manufacturers, "American industry is standing on the threshold of the greatest production era in history." The records of 1942 will be broken and broken again until the forces of evil are driven from the world and man can again live in security and peace.

A West Coast druggist solved the problem of slim stocks and scarcity of pharmacists by pooling his drug supplies and prescription business with two neighboring druggists.

"CASH" VS. "CHARGE ACCOUNT" TAXES

On March 15, our people felt the full effect of wartime taxation when millions of individuals filed Federal income tax returns for the first time.

Congress is struggling with various plans for simplifying tax collections. The theory of the Ruml plan which would cancel 1942 taxes and have 1943 taxes paid in monthly installments from current income, seems to be the only simple and workable method presented. Congress, after considering all substitute measures, seems to inevitably drift back toward that plan. The government would lose no current income because 1943 taxes would be paid in 1943 instead of 1942 taxes being paid in 1943.

One hundred or one thousand years from now, if government suddenly ceased to exist, there would be an old 1942 tax that was not paid. In the meantime, however, the government would probably gain many more dollars from "cash" collections on current income, than it would by its old tax "charge account" and bad bills.

It is the duty of Congress to make tax collections as easy as possible on the people. Instead of keeping them constantly in debt for taxes, put them on a cash basis.

TIME TO CHECK UP

While there is no disposition on the part of the American people to appear miserly or over-conservative in an all-out war effort, many hard-hit tax payers will be glad to know that the 78th Congress will soon be investigating government spending not only for the support of non-essential activities but for war activities as well.

President Roosevelt has put up to Congress the job of deciding which activities of the government are essential and which should be eliminated or cut down.

Believing that the time has arrived to go much further than the elimination of unnecessary activities by shaking down some of the war agencies to see if economies could be made in that field, Senator Taft recently made the following statements: "The War Production Board has 19,000 employees and probably could do a much more efficient job if it were reorganized and had about 5,000 fewer workers."

"Similarly, the Office of Price Administration has about 40,000 employees and it is likely that a lot of them are falling over each other's feet."

"It's up to Congress now," the Senator from Ohio continued, "not only to limit non-war expenditures but to see to it that war expenditures are made efficiently."

Mr. Taft said he thought that one of the greatest sources of wastefulness lay in the duplication of efforts of various government bureaus. He had been told, he said, that five government agencies were carrying on similar programs in many Latin-American nations.

THEY MUST EAT

Former President Herbert Hoover, outstanding leader in agriculture and milk production, and the governors of many states have been pointing out the dangers involved in undermining our farm output by policies which treat agriculture as a non-essential industry, in comparison with so-called war industries.

It is self evident that any policy which cripples food production, will wreck the whole war program. Men and women have to eat every day before they can produce or fight. We can't keep our promises to our Allies to furnish them food, and at the same time feed this nation, unless the farmer has the manpower and the equipment to raise the crops.

A lost crop season or a lost milk cow involves a time element for replacement, of from one to three years. It is well that these facts are now being impressed on those responsible for future farm policies.

American People Face Acid Test in Treasury's 2nd War Loan To Raise 13 Billion Dollars in Three Weeks

The Nation Dare Not Fail in This Greatest Financing Task in History—"They Give Their Lives—You Lend Your Money."

Washington, D. C.—Coming as it does upon the heels of income tax payments, the people of America will face an acid test this month when the Treasury's Second War Loan drive opens April 12 with an objective of thirteen billion dollars to be raised through sale of Government securities.

A substantial part of this huge financing, the most stupendous ever undertaken by any government in the world's history, must be loaned by people in ordinary walks of life.

High Government officials have pointed out that the nation must not fail in this duty to our men on the battle fronts who are now carrying the offensive to the enemy at every stage. It is obvious to every thinking man and woman that as the United Nations take this offensive against the dictators, the cost of war operations increases in proportion.

The American people must no longer think of war costs in terms of equipping a soldier, building a tank or plane or a ship. We must now think in terms of the cost of battles, invasions and new offensives. Attacking armies cost more money than equipping that army and we must meet that increased cost by buying more War Bonds and Second War Loan Securities.

They Give Their Lives.

It is not only necessary that the American people left here at home assume this additional participation in the war effort—it is an honor to do so . . . for we here at home can do no less than attempt to approach the sacrifices of our brave men out on the fighting fronts to whom the last great measure of sacrifice is but a daily offering. They give their lives . . . we are asked only to lend our money.

And that is the theme of the Second War Loan. "They Give Their Lives—You Lend Your Money."

Financial experts who know monetary conditions in the nation point out that at the present time there is in liquid funds, cash and commercial bank deposits over and above taxes and present investment in Government Bonds, and over and

above what can be bought this year because of restrictions and rationing . . . approximately 40 billions of dollars which should go into Government Bonds.

It should be the objective of every American to invest these loose dollars, idle dollars, in Government securities, not only from a patriotic standpoint, but from the standpoint of their own financial security. There is available during the Second War Loan a type of Security to fit every pocketbook.

Are Wild Dollars

Every dollar of these forty billions of dollars available, which is not invested in Government securities during this War Loan Drive is a "wild" dollar which, together with its mates, will tend to increase inflation. Uncontrolled inflation might raise the cost of living to a point where the dollar is worthless. It can happen. It happened in Germany after the last war when the price of a loaf of bread cost more than an annual wage.

Invested in Government securities, your dollar will work for you. It will hold down inflation because it is harnessed in war work; it will help buy food, transportation, munitions for our boys on the front lines and it will be earning interest that, together with your original loan, will come back to you later to help you buy the things you cannot buy today . . . to insure your peace of the future.

Remember those boys out there . . . in Tunisia . . . in the South Pacific . . . They give their Lives—You lend your money.

Gems Of Thought

POLITENESS

True politeness is perfect ease and freedom. It simply consists in treating others just as you love to be treated yourself.—Chesterfield.

Good manners are the blossom of good sense and good feeling.—Samuel Johnson.

True politeness requires humility, good sense, and benevolence. To think more highly of ourselves

than we ought to think, destroys its quickening principle.—Lydia H. Sigourney.

Self-denial is practical, and is not only polite to all but is pleasant to those who practise it.—Mary Baker Eddy.

Good manners and soft words have brought many a difficult thing to pass.—Vanbrugh.

There is no policy like politeness, since a good manner often succeeds where the best tongue has failed.—Elias L. Magoon.

To replace medicine droppers, which have become scarce along with rubber, one chemical firm is using a drop dosage bottle for some of its products.

Legal Notice

AN ORDINANCE REGULATING THE TAKING OF FISH FROM THE CITY LAKE OF THE CITY OF MUNDAY, REGULATING FEES TO BE CHARGED THEREFOR, PROVIDING PENALTIES FOR THE VIOLATION THEREOF, AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MUNDAY, TEXAS:

1. That hereafter it shall be unlawful for any person to take any fish from the City Lake, of the City of Munday, between February 1, and May the 1st, of each year.

2. It shall be unlawful for any person to take or catch any fish from the City Lake of the City of Munday, Texas, by any means other than the ordinary hook and line. No more than two hooks may be used on any line, and only live and or artificial bait may be used.

3. No person shall fish in the City lake, without first having paid the legal fee for such fishing, and obtaining a pass or ticket, permitting him to fish, as hereinafter provided.

4. Every person desiring to fish in the City Lake of the City of Munday, Texas, shall pay a daily fee of 25 cents for each person, or shall pay a season fee of \$5.00, which shall entitle such person or any constituent member of his family to fish during any one season.

5. No person shall fish in said City Lake of the City of Munday before sunup of any day, and not later than 30 minutes after sun down of any day.

6. All provisions of the Penal Code of the State of Texas, relating to size and number of fish that may be taken, shall prevail.

7. Any person violating any of the provisions of this ordinance upon conviction shall be fined in any sum not less than Ten Dollars, nor more than One Hundred Dollars, and each violation shall constitute a separate offense.

On account of there being no ordinance regulating the taking of fish from the City Lake of the City of Munday, from and after May 1, 1943, and no provisions having heretofore been made providing for protection of fish in said lake, creates an emergency, necessitating the rule requiring this ordinance to be read of three several occasions, be and the same is hereby suspended, and this ordinance shall become effective from and after its passage and publication.

Passed this the 25th day of March, 1943.

C. R. ELLIOTT, Mayor.

ATTEST: (Seal) RILEY B. HARRELL, City Secretary.

Victory Gardens Supply Vitamins

AUSTIN.—Commending the patriotic spirit shown by thousands of Texans who are enthusiastically raising victory gardens, Dr. Geo. W. Cox, State Health Officer, declared today that health insurance is inclined in the crops which will be harvested.

"Point rationing will not be too much of a hardship for the family with a garden," Dr. Cox said. "Using greater quantities and varieties of fresh vegetables in the menu will make for better health conditions in general."

Dr. Cox stressed the fact that malnutrition can lead to serious illness, such as beri-beri, rickets, scurvy, and pellagra, and that it will certainly result in a lowering of vitality and capacity to work.

"Carrots, beets, lettuce, onions, greens, and all other fresh vegetables supply needed vitamins to the daily diet," Dr. Cox said. "In addition to the beneficial outdoor exercise resulting from the gardening, every individual with a victory garden can be assured of a healthful, well balanced diet."

"You can supply all your nutrition requirements, and your health need not suffer, if you can supplement your meat allowance with a pleasing and healthful variety of fresh garden vegetables."

Dr. W. M. Taylor of Goree was here Tuesday, visiting with friends and attending to business matters.

Mr. and Mrs. M. L. Barnard were visitors in Haskell last Sunday.

Leland Hannah spent the first of this week in Dallas, attending market and buying merchandise for the Eiland Drug Store.

Miss Jimmie Henslee visited relatives and friends in Abilene last Sunday.

Mrs. W. E. Braly and Mrs. Travis Lee were business visitors in Wichita Falls last Tuesday.

Miss Jeanette Campbell spent the week end in Fort Worth, visiting with her sister, Mrs. Duane Johnson, and her brother, Grayford Campbell.

Miss Patsy Ruth Mitchell of Spur spent the week end here with her parents, Mr. and Mrs. A. H. Mitchell, and with friends.

VARIETY MEATS AID IN WAR MENU PLANNING

Kinds	Characteristics*	Food Value	Buying Guide		Preparation
			Av. Weight	Servings	
 Liver (beef, calf, pork, lamb)	Calf, lamb, pork livers more tender than beef. Calf and lamb livers milder in flavor than pork and beef.	Richest source of iron. High in phosphorus, A and B vitamins, quality protein. Some vitamin D.	1 beef — 10 lb. 1 calf — 2 1/2 lb. 1 pork — 3 lb. 1 lamb — 1 lb.	3/4 to 1 lb. for four	Braise, fry or broil.
 Kidney (beef, calf, pork, lamb)	Calf, lamb and pork kidneys more tender, of milder flavor than beef. Veal and lamb kidneys sometimes cut with chops.	Rich source of iron, phosphorus. Good source vitamin A. Excellent for B vitamins, quality protein.	1 beef — 1 lb. 1 calf — 3/4 lb. 1 pork — 1/2 lb. 1 lamb — 1/8 lb.	4 to 6 3 to 4 1 to 2 1/2 to 1	Stew, braise, broil or grind for loaves or patties.
 Heart (beef, calf, pork, lamb)	Beef heart is least tender but all hearts must be made tender by proper cooking.	Rich source of iron and phosphorus. Excellent for B vitamins and quality protein.	1 beef — 4 lb. 1 calf — 1/2 lb. 1 pork — 1/2 lb. 1 lamb — 1/4 lb.	12 to 16 2 to 3 2 to 3 1	Braise, stuff and braise, stew or grind for loaves or patties.
 Tongue (beef, calf, pork, lamb)	May be purchased fresh, pickled, corned, or smoked. Make tender by proper cooking. Pork and lamb usually purchased ready to serve.	Good source of iron, phosphorus, B vitamins and quality protein.	1 beef — 3 1/2 lb. 1 calf — 1 1/2 lb. 1 pork — 3/4 lb. 1 lamb — 1/2 lb.	12 to 16 3 to 6 2 to 4 2 to 3	Simmer in seasoned water until tender. Remove skin; serve as desired.
 Tripe (beef)	First and second stomachs of beef. Plain and honeycomb, latter preferred. Purchased fresh, pickled or corned. Make tender by proper cooking.	Good source of quality protein.	Plain — 7 lb. Honeycomb — 1 1/2 lb.	3/4 to 1 lb. for four	Pre-cook in water to make tender. Then broil, fry or braise.
 Sweetbreads (beef, calf, lamb)	Divided into two parts: Heart and throat sweet-breads. Tender and delicate in flavor.	Good source of riboflavin (vit. B.) and quality protein.	1/8 lb.	3/4 to 1 lb. for four	Pre-cook in water to help keep and make firm; broil, fry, braise or cream.
 Brains (beef, calf, pork, lamb)	Very tender and delicate in flavor.	Good source of iron, phosphorus, B vitamins and quality protein.	3/8 lb.	3/4 to 1 lb. for four	Pre-cook in water to help keep and make firm. Then scramble, fry or cream.

*All variety meats are practically boneless and have high percentage of edible meat.
This handy chart on variety meats is designed to assist the housewife in solving her wartime meat problems. The variety meats are deserving of special consideration because they are high in food value and may be prepared in many appetizing dishes to supplement the usual chops, steaks, stews and roasts.

UNITED STATES DEPARTMENT OF AGRICULTURE

AAA NEWS

By MARVIN ALLEN, Administrative Officer
Knox County Agricultural Conservation Association

Report On Agricultural Meetings

There were three very successful agricultural meetings held in this county last week at Knox City, Vera, and Munday, with the following number in attendance: Eighty five were present at Knox City with the meeting under the sponsorship of the Knox City Lion's club, 255 were present at Vera with the student body of the school in attendance, and 148 were present at Munday with the meeting under the sponsorship of the Munday Chamber of Commerce.

The cooperation of all of the schools, clubs, and various organizations of the county, in our effort to help the producers of this county obtain their food for freedom goals, is really appreciated. Those

in attendance at the above mentioned meetings learned that Knox County farmers are 290 percent behind the war effort.

Premeasurements of Acreage For Farm Operators

The definition of acreage planted to cotton in 1943 is as follows: Acreage planted to cotton means land seeded to cotton, except that the acreage planted to cotton on any farm shall not exceed the largest of the cotton allotment, the acreage of cotton on the farm when performance is determined, or the acreage of cotton which reaches the stage of growth at which bolls are first formed, except that you will be permitted to exceed your present allotment by 10 percent. This simply means that you will not be permitted to destroy cotton to effect compliance after it has reached the bolting stage or has been officially checked.

Due to the above stated facts, the AAA office is now in a position to help each farm operator predetermine his acreage before cotton or war crops are planted. This service is available now at the AAA office. This year it will be necessary to require farm operators to measure the acreage planted on their farms to crops which effect performance and to report the acreage determination for these crops. This is particularly true in the case of cotton, since farmers will not be afforded an opportunity to remove excess acreage of cotton after performance is determined. If any farm operator desires his acreage to be determined at this time, please come to the AAA office on your next visit to Benjamin.

Cotton Crop Insurance
When there is a short cotton crop or none at all, merchants, bankers, ginners, and others feel the pinch too. Goods remain on the shelves, farm accounts go unsettled, and loans must also be carried over another year. With cotton prices up and also running expenses, the assurance of a crop to market is more valuable than ever. This assurance can be guaranteed by signing a federal cotton crop insurance application before April 15. It means security to the farmer and business to the community. It also means better credit during the growing season. Cotton crop insurance protects cotton farmers against loss from all unavoidable hazards, such as drought, boll weevil, and other insects, frost, floods, plant disease, storms, hail, and wind. See your local committeeman or come to the AAA office for full details of the insurance program.

WAR NEEDS: The history of this war is that there is no such thing as too much—Produce for Victory.

LAST COTTON INSURANCE DATE DRAWS NEAR
COLLEGE STATION—Cotton crop insurance hit a new high in Texas this week as northwest Texas farmers started signing applications on their 1943 crop.

Operating under deadlines according to planting seasons throughout the state, the Federal Crop Insurance campaign closes out Thursday, April 15.

From the state AAA office, Donald L. Cottrhan, state crop insurance supervisor, predicted that the total of 1943 applications would exceed the number signed

last year, when Texas led the nation in total applications. Already, the state office has been notified that 28,649 applications have been signed by farmers.

The total number of cotton farms represented on the applications will be tabulated as soon as final results are received. Cottrhan said and explained that under the program all farms operated by one cotton farmer are insured under one contract.

Cotton crop insurance contracts are written in all cotton counties under the supervision of AAA committees or their representatives. Either 50 or 75 percent of the farm's normal yield may be insured against unavoidable hazards such as hail, wind, rain, drought, boll weevil and insects.

Explaining the program to last-minute signers, Cottrhan pointed out that all-risk insurance goes into effect when the cotton is planted and protects the crop until it is weighed in at the gin. Premiums are due in the fall, or about cotton picking time, he said.

He urged cotton farmers in the northern and western parts of the state to make applications with county AAA committees before the April 15 deadline date, after which no applications will be made.

Crop Insurance Is Money Assurance
Knox county cotton farmers can't go broke so long as they have cotton crop insurance.

That's the importance August Schumacher, chairman, Knox County AAA committee, placed on insurance this week when he urged farmers to sign applications before April 15, the closing date.

Under the cotton crop insurance program, producers must sign applications before planting time or the closing date, whichever is earlier.

That Knox county farmers consider cotton crop insurance a good investment is evidenced by the fact that approximately 225 farmers carried insurance last year and the 1943 total is expected to exceed the 1942 figure, the AAA official said.

"Most of us depend on cotton as our chief means of income and it is good business to safeguard that source with crop insurance," he said.

He explained that warehouse insure their stored cotton and that farmers should insure their cotton when protection is most needed, when it is growing in the field. Cotton which is insured, is protected from the time the seed is planted until the cotton is weighed in at the gin.

Unavoidable hazards covered by insurance include drought, boll weevil and other insects, frost, flood, plant disease, storms, hail and wind.

Last year, in their first year of cotton crop insurance, Texas farmers led the nation in applications when 40,292 policies were written on 54,252 farms.

Mr. and Mrs. Wade Mahan and children and Miss Elizabeth Turner spent the week end in Wellington, visiting with Wade's parents, Mr. and Mrs. J. A. Mahan.

Travis Jones of Hobbs, New Mexico, spent the week end here, visiting with friends and looking after his business interests here.

Mr. and Mrs. C. A. Elland of Lamea visited with relatives and friends here over the week end.

by BOYCE HOUSE

Thought for the day:
"I live for those who love me,
For those who know me true;
For the heaven that smiles above me
And awaits my spirit too;
For the cause that lacks assistance,
For the wrong that needs resistance,
For the future in the distance,
And the good that I can do."

Loan shark forces—desperate at the 16-6 vote by which Senator Weaver Moore's bill passed to enforcement—are making the unfounded claim that small town bankers would be injured, although the bill recognizes the service charge for small loans as authorized in the new banking law, which was approved by Texas bankers. That small town banks have nothing to fear from the Moore bill is shown by the fact that both Senators who are small town bankers have voted for it consistently. The bill gives the Attorney General, county and district attorneys the right to ask for a district court injunction against loan sharks, many of whom are charging 240 per cent interest and more and are victimizing war plant workers and soldiers.

Can you remember Bryan and "free silver"? Then maybe you will recall "Coin" Harvey. He wrote a little book on the money question, hence the nickname, and the booklet had a circulation of several million copies.

My acquaintance with Coin Harvey was not nearly as far back as '96, however. It was in 1925, when he had settled down in the pretty town of Monte Ne, Ark., up in the Ozarks, and was running a tourist hotel—and was building a "pyramid to civilization."

He explained that forces were

"COOTY KILLER"

In World War I cooties were a prime A.E.F. problem. In World War II science has found a new way to combat this health menace to our men in the armed services. A rubberized fabric bag has been developed by General Tire and Rubber Company engineers which makes it possible for every soldier to be his own sanitation unit. He places all his clothes in the bag, steps on a gas-filled cartridge and the gas does the rest while he is taking a bath. Soldiers in the South Pacific and in Africa are being equipped with these "cooty-killers."

Farmers Urged To Plant More Feed Grains

COLLEGE STATION — Texas farmers were asked this week to plan for maximum production of all feed grain crops during 1943.

Citing increases in cattle, sheep, hogs and chickens throughout the state for 1943, B. F. Vance, chairman, Texas USDA War Board, declared this week that it would take maximum production of all grain crops to see them through this year and provide a backlog of feed for 1944.

According to state statistics, producers had a total of 7,518,000 head of cattle on hand Jan. 1, 1943, compared to 7,444,000 head at the same time in 1942 while the ten year average from 1932-41 indicates only 7,272,000 head.

He pointed out that on Jan. 1, 1943, Texas producers had a total of 10,677,000 sheep compared to 10,552,000 on Jan. 1, 1942. From 1932-41 producers stocked only 8,462,000 head.

Indicating the increase in hogs, the chairman explained that this year's total was approximately 2,655,000 head compared to 2,042,000 last year and that the average during the past 10 years was only 1,836,000 head. The biggest increase for Texas shows in production of chickens, according to statisticians. Last year, a total of 31,681,000 chickens were shown while the tabulation of Jan. 1, 1943, indicates a total of 36,975,000 head. During the last 10 years, the average was 25,624,000.

"We now have 812,000 more cattle, hogs and sheep and over five million more chickens than we had during 1942 and for these reasons we are going to need enormous amounts of feed grains this year," he said.

Rev. Luther Kirk and W. A. Baker were visitors in Abilene last Thursday.

likely to wipe out this civilization, just as the civilizations of Chaldea, Assyria and Egypt were destroyed.

"The lore of those ancient peoples was carved on stone or baked on tablets of brick whereas ours is on paper," Harvey declared, "and so our science, literature and history will be lost because of the flimsy material on which it is recorded."

Therefore he proposed to store, in an air-tight chamber, copies of the most important books as well as miniatures of our inventions, so that the automobile, the train, motion pictures and other products of this age would not be lost to a future epoch as were many of the discoveries of the ancients.

We visited the site of the pyramid. Construction of the base was in progress. Harvey estimated that it would be several thousand years before the structure would be completely covered by erosion and, against that day, he would have a brass tablet on top of the pyramid, urging the finder to dig.

Your columnist thought it was all just a publicity idea or perhaps that its originator had be-

come a little unbalanced. But in view of the insane schemes of Hitler and Hirohito for universal conquest, "Coin" Harvey's spirit may be murmuring today somewhere beyond this world. "Who's crazy now?"

Down in Austin, where this observer is at present, a highly interesting investigation is under way by a House of Representatives committee into the complicated situation wherein the Guadalupe-Blanco River Authority (after having filed three lawsuits) agreed not to block the City of San Antonio from buying the systems of the San Antonio Public Service Company provided the city would turn right around and lease the main power plant to the GBRA—and, when this was done, the GBRA immediately leased the plant to the Lower Colorado River Authority for a guarantee of \$250,000,000 a year for 30 years. Thus, the GBRA, without spending a cent, made at least \$7,500,000. Now the question is, why did the GBRA have to come into the picture at all? Why couldn't the City of San Antonio have dealt directly with the LCRA and thereby have saved this \$7,500,000? More, perhaps, about this later.

Why is COTTON AN ESSENTIAL WAR CROP?

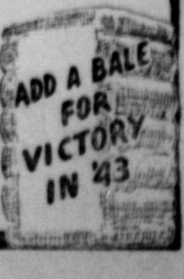

Here is what we get from our Cotton Crop: With every 500-pound bale of lint we grow, we get about

- 900 POUNDS OF COTTONSEED**
900 pounds of Cottonseed yield about 400 POUNDS OF COTTONSEED MEAL OR CAKE, to furnish critically needed protein for our beef and dairy herds, and sheep and hogs.
- 240 POUNDS OF COTTONSEED HULLS,** totaling 640 POUNDS OF LIVESTOCK FEED, compared to the 500 pounds of lint... about 75 to 80 POUNDS OF COTTON LINTERS FOR GUNPOWDER TO BLAST THE AXIS. —and about 130 to 140 POUNDS OF COTTONSEED OIL.

We do not have a surplus of these products; we never have. We need, today, far more than we can produce from the cottonseed we are growing. We need more fats... the government is asking your wife to save every pound of fat "drippings." How long would it take her to save the 130 pounds of fat produced every time we grow a bale of cotton... and lose every time we reduce our cotton production by the equivalent of one bale?

West Texas Cottonoil Co.

Munday, Texas

Long-Lasting protection... thanks to "Regulated Penetration"

Weld-Tite Primer gives new life to Exterior Paints. That's because it controls, regulates, the oil penetration. Instead of soaking into the surface, the oil remains in the primer and in the paint... keeps the paint film tough, elastic, resistant to heat, cold, moisture.

Invariably, exterior surfaces are more porous in some spots than in others. Weld-Tite seals the entire surface evenly, provides an ideal base for a finishing coat of Quality House Paint—its MINNESOTA buddy.

Only TWO COATS gives real protection... and that's real economy!

Miss Mary Stevens And Roy F. Poore Marry On Friday

Announcement has been made of the marriage of Roy F. Poore of Camp Barkeley and Miss Mary Stevens of Munday, who were united in marriage at the parsonage of the First Baptist church at five o'clock Friday afternoon, April 2. Rev. W. H. Albertson, pastor of the church, performed the marriage ceremony.

Attending the couple were Miss Dorothy Pysen of Munday, Chat Fritts and Don Crestman, both of Camp Barkeley.

The bride is the daughter of Mr. and Mrs. J. C. Stevens of Munday. She attended the Munday schools and is well known here, having resided here all her life. Mrs. Poore was attired in harmonizing colors of green and gold.

Mr. Poore is the son of B. F. Poore of Indianola, Indiana, and is stationed at Camp Barkeley.

Mrs. Poore will remain in Munday for the present time, and will join her husband at a later date.

Hefner H. D. Club Meets Tuesday In M. J. Jones Home

The Hefner home demonstration club met at 2 p. m. last Tuesday in the home of Mrs. Marion J. Jones. Mrs. Lambeth, president, opened the meeting with the pledge to the flag.

A report was given on the last county council meeting. The Atlantic Charter was read by Esther Webber, and Miss Lucille King gave a demonstration on upholstery. Mrs. Jones' couch and Mrs. J. E. Cure's chair were upholstered in this demonstration.

Miss King will give a demonstration on upholstery at the Goree school on April 13, at 1 p. m. All are invited to attend.

A refreshment plate was served to 15 members, two visitors and the home demonstration agent.

Joy Aids Class Enjoys Social On Last Thursday

Members of the Joy Aids Sunday school class of the Methodist church held a social in the home of Miss Janie Spann last Thursday evening. The entertaining suite was decorated in spring cut flower bouquets of honeysuckle and violets.

After a number of games and contests were played, the hostess, assisted by her mother, Mrs. O. H. Spann, served punch, open face sandwiches and cookies.

Members enjoying the social were Mary Alice Beck, June Rose Salem, Mary Tom Kirk, Joseph Borden, McCelvy Jones, the hostess and the teacher, Mrs. Joe Bailey King.

New Deal Club Meets Thursday With Mrs. Roberts

Mrs. Grady Roberts was hostess to members of the New Deal Bridge Club last Thursday afternoon in her home. A lovely arrangement of purple iris helped to create a spring atmosphere.

Mrs. Fred Broach, Jr., was declared winner of high score. At the conclusion of the games, a delicious ice course was served to the following:

Mmes. A. G. Rummel, Sebern Jones, Dorse Rogers, Carl J. Ingman, Wade Mahan, Jimmy Harpham, Fred Broach, Jr., the hostess, members; Mmes. J. W. Roberts and Troy Warren as tea guests.

Sewing Club Meets Wednesday With Mrs. Bowden

Members of the Mystic Weavers Sewing Club met on Wednesday afternoon of last week in the home of Mrs. Chester Bowden. After the usual sewing hour, the hostess served a delicious salad plate to the following:

Mrs. Riley B. Harrell, Mrs. Oates Golden, Mrs. Wallace Reid, Mrs. H. B. Douglas, Mrs. B. B. Bowden and the hostess.

DORCAS CLASS MEETS

The Dorcas Sunday school class met on Wednesday afternoon of last week in the home of Mrs. A. U. Hathaway, the meeting being opened at three o'clock. Each member present gave a Bible caricature, and these were enjoyed by everyone present.

Vera Girl On Dean's List At N. T. S. T. C., Denton

DENTON, Texas—Mrs. Helen M. Smith of Vera, and Miss Virginia Goode of Goree, students at North Texas State Teachers College, were among 15 per cent of the student body named on the "Dean's List."

Qualification for the Dean's list requires a "B" average or above on work done by juniors and seniors the last semester in school. A student whose name appears on the list is given special privileges on class absences.

Mrs. Smith, who is a member of the Current Literature Club, is working toward a bachelor of arts degree in elementary education.

Miss Goode, a major in biology, is the daughter of Charles L. Goode of Goree.

Pioneer Circle Meets Thursday In Weaver Home

Members of the Pioneer Circle met in the home of Mrs. Ella Weaver on Thursday, April 1, with 17 members present.

Each member brought a covered dish and spent the day. The afternoon was spent in quilting and visiting.

The next meeting will be in the home of Mrs. Allie Campbell on April 22, and each member is urged to be present.

Miss Maxine Eiland of Dallas spent the week end here with her parents, Mr. and Mrs. G. R. Eiland.

Aztec Motif

Motif of the cotton print used for Maureen O'Hara's ultra-modern handbag and turban was first designed many, many years ago by Aztec Indians. The print is bright red, printed in darker red, deep blue and beige. The bag and turban provide sharp contrast to light-colored clothes for Spring and Summer.

Mrs. C. L. Mayes Is Hostess For Bridge Party

Mrs. C. L. Mayes was hostess at a bridge party last Saturday afternoon in her home. At the close of the games, a delicious and refreshing drink was served to the following members and guests:

Mmes. H. A. Pendleton, Fred Broach, Sr., Grady Roberts, Fred Broach, Jr., H. F. Barnes, T. G. Bengt, W. M. Taylor of Goree, and the hostess.

J. C. Phelps of Haskell was a business visitor here last Monday.

Methodist Circles Meet On Monday In Ratliff Home

The senior circle and the Shelly Lee circle of Methodist Women's Society of Christian Service met last Monday afternoon in the home of Mrs. Raymond Ratliff. This meeting was in the form of a social and was enjoyed by all present.

A short program and business meeting was held, with Mrs. G. R. Eiland presiding over the business session. Others taking part on the program were Mmes. S. E. McStay, S. A. Bowden and J. A. Wiggins.

At the close of the program and business, a social hour was enjoyed. A refreshment plate was served by the hostess to nineteen guests.

Monday Night Club Meets Friday In Grady Roberts Home

Members of the Monday Night Bridge Club were entertained last Friday night in the home of Mr. and Mrs. Grady Roberts. The entertaining suite was made attractive with colorful arrangements of cut spring flowers. High score went to Mr. and Mrs. Dorse Rogers.

At the appointed time, an ice course was served to the following members and guests: Mr. and Mrs. Dorse Rogers, Mr. and Mrs. Jimmy Harpham, Mr. and Mrs. Fred Broach, Sr., Mr. and Mrs. H. A. Pendleton, Mr. and Mrs. J. W. Roberts, Mrs. A. G. Rummel, and the host and hostess.

Norman Frey, who has been in the army and stationed in Arkansas, was discharged and returned home the latter part of last week. Norman expects to be engaged in farming near Littlefield.

Willard Reeves, a student in Texas Tech at Lubbock, spent the week end with his parents, Mr. and Mrs. J. E. Reeves.

Fresh and Lovely

Swirls of fresh cotton lace trim this lovely white net blouse worn by Columbia Pictures' Leslie Brooks. This type of blouse is perfect to wear with dressmaker suits. The tiny collar can be worn in or out of the jacket, and when the jacket is removed, the blouse and skirt make an attractive costume.

Miss Lois Reagan Married Saturday To Corp. Burns

Miss Lois Reagan, daughter of Mr. and Mrs. D. B. Bowen of Munday, became the bride of Corp. Thomas E. Burns, son of Mr. and Mrs. J. M. Burns of Sunset on Saturday, April 3rd at 5:35 p. m. in the parlor of Rev. P. L. Jones' home, in Las Cruces, New Mexico.

The bride was attired in a navy blue suit, with harmonizing accessories. For something old, she wore an antique gold ring, belonging to the bride groom's mother. For something borrowed, she carried a linen handkerchief belonging to the groom's sister. She wore a necklace given her by the groom.

The attendance for the occasion were the groom's parents, Mr. and

Mrs. J. M. Burns, and his sister, Mrs. Austin Floyd and son, and the groom's grandmother, Mrs. Elizabeth Rogers. Corporal Thomas E. Burns is stationed at Ft. Bliss, Texas. The couple are making their home on East Paden St., El Paso, Texas at the present time.

and Nora Fay, spent last week end in the home of her foster parents, Mr. and Mrs. Jim Lewis. She was accompanied home by her sister, Mrs. James M. Wright and little daughter, Jane Nadine, of Haskell. The sisters had not seen each other in three years.

Mrs. W. W. Beasley, wife of W. W. Beasley of Azle and Fort Worth, and her children, Shirley Nell, Wanda Sue, Robert Warren

Paul Pendleton was home from Sheppard Field over the week end to visit his wife and other relatives and friends.

At The Churches

AT THE METHODIST CHURCH Luther Kirk

Blessings are in abundance aren't they? So numerous we scarcely notice them. We seldom talk about them even though they are far more numerous than trials. But when there is a trial we love to magnify it. Perhaps if our trials should become more numerous than our blessings we would take time to magnify the blessing. The blessed privilege of attending the religious services in your church mean so little to many of us. But says Chaplain Lennie S. Dubberly, a Methodist from Prosper, Texas, in a recent report from Burma made public by the War Department, "I visited the men in foxholes and slit trenches and talked with them." Said he, "Many of the men told how they missed the services we used to have back in camp. Often I would stop and talk to one man and it would not be very long before we would have a group around, talking about religion and the folks back home. The men always thanked me for coming around and said I should come back again whenever I could." At home many never give the blessed privilege of religion a thought. I hope that you do not have to go to the fox-hole or the slit trench, but that you will give your blessed privilege of worship more consideration. And that you will give God more consideration.

Take advantage of the God given privilege that is yours and attend the religious services in your church Sunday. You are always welcome at the Methodist church.

FUNDAMENTALIST BAPTIST CHURCH AT GOREE

Preaching services will be held at the Fundamentalist Baptist church at Goree on Saturday night April 10, with morning and evening services on Sunday. C. H. (Moon) Mullins of Fort Worth will do the preaching.

Bro. Mullins is the one who was scheduled to be here with Bro. Gemeny, but couldn't come because he was injured while at work. We expect some good singing on

Saturday night. Mr. and Mrs. Justice will be with us and we will use their books with new songs. Everyone is cordially invited to attend these services, and we believe you will receive a blessing. If you are not in Sunday school elsewhere, we invite you to come and worship with us. We will have a special interest for the children.

FIRST BAPTIST CHURCH

Life moves on and here we are way on up into Spring. Soon another year will have moved on into the past. Are we making special effort to use the days and years to our own advantage, and to the advantage of those about us? There are many calls and many opportunities for service. Soon our little ball of yarn will be unrolled and we will come to the last knot in the last end. We urge you to come to the services next Sunday. Sermon subject for Sunday morning: "Sin, what relation does it sustain to this war, and what are we going to do about it?" We appreciate the better interest that is being shown in the evening services. There was a much better attendance for the Training Service last Sunday evening. There is a place for you. Come!

W. H. Albertson.

AMERICAN HEROES

BY LEFF

With the bomber pilot killed, the copilot seriously injured, both left motors shot away, left wing on fire and a swarm of Jap Zeros all around Col. L. G. Saunders took over his bomber's controls above Bougainville, escaped the Zeros and saved his seven remaining crew members' lives by a crash landing on the water at 95 miles an hour. Navy craft rescued them.

They give their lives--You lend your money. Buy Second War Loan Bonds.

U. S. Treasury Department

County Council Meets on Friday At Benjamin

The Knox county home demonstration council met in regular session late Friday, April 12, in the assembly room at the Court house in Benjamin. Five clubs were represented: Vera, Union Grove, Sunset, Truscott, and Benjamin.

A report was made by Mrs. Smith of Truscott on the marketing Comm. Delegates to the district meeting were elected as follows: Mrs. J. C. Patterson, Benjamin, was elected as third delegate and Mrs. Herbert Gillette, Truscott was elected as alternate. Lucille King, county home demonstration agent, is to be the council members guest at this meeting. The meeting will be held at Wichita Falls, April 8, 1943.

Miss King, county home demonstration agent, gave a demonstration on reading labels of syrup and also gave a report on buying cereals and showed charts on cost of commercial cereals and home prepared cereals. She also discussed the grading of eggs.

The Atlantic charter was read and discussed. Plans were made to take the Atlantic charter up in each club. Specific information was also given on inflation and pressure cookers and sealers.

Demonstration On Upholstery To Be Given At Goree

There will be a demonstration on upholstering given by Lucille King, county home demonstration agent, at the Goree school auditorium beginning at one o'clock on Tuesday, April 13, 1943.

Many of your old chairs can be mended by retying the springs and replacing broken springs, then too, some chairs without springs can be made comfortable by putting springs in them. Just get some springs from old discarded car seats and learn to do your own mending.

Maybe up in your attic you have some old furniture that looks pretty hopeless. Maybe it's scarred or covered with several coats of old paint. Some of these pieces may not be worth your time, but others will pay you well for an investment in rubbing oil and "elbow grease."

You can refinish old furniture in several ways. One that is winning much favor today is an oil finish you'll find this particularly desirable for table and dresser tops, because it's not likely to show spots or rings from hot plates or liquids. Of course the old coating first should be taken off with a good paint and varnish remover or sand paper.

You can use boiled linseed oil alone, or you can use a mixture of one-third turpentine and two-thirds boiled linseed oil. This mixture is also good for polishing furniture as well as refinishing it. You won't need to use wax if you oil the furniture and rub it sufficiently. For the rubbing you'll need some soft rags and a good polishing cloth.

And here's a word of caution—these rags are highly combustible. Wash or burn them as soon as they've been used to prevent their becoming a fire hazard. This experience will help you and your neighbor in restoring other old pieces of furniture. That's the opinion of Lucille King, county home demonstration agent, who's been helping the club women with their chairs.

Weather Report

Weather report for the period of March 31st to April 7th, 1943, as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature

LOCALS

Sgt. Detroy Trammell of Lubbock spent the week end here with his parents, Mr. and Mrs. Frank Trammell, and with other relatives and friends.

Mrs. Robert Green and children returned home last Monday from Clarendon, where they had been visiting with relatives for several days. Robert met them in Wichita Falls on Sunday.

Mr. and Mrs. M. L. Hipple of Boulder, Colo., came in the latter part of last week for a visit with Mrs. Hipple's parents, Mr. and Mrs. Jess Burnison.

Corp. Dick Wardlow, who is stationed with the 90th infantry division at Abilene, was here over the week end for a visit with his mother, Mrs. J. S. Wardlow and his brother, Don Wardlow.

Pvt. Joseph J. Koetter of Windthorst and Miss Clara Schumacher of Scotland visited in the home of Mrs. Emma Schumacher in Rhineland recently.

Herschel Owens, foster son of Mr. and Mrs. Jim Lewis of Munday, is in the army and is at the engineer training center at Camp Belvoir, Va. His wife, Mrs. Dorothy Owens and their infant daughter live at Bostonia, Calif.

Doyle Jones, who is attending John Tarleton College at Stephenville, visited his parents, Mr. and Mrs. C. C. Jones, over the week end.

Mrs. Buck Primrose and Mrs. Calvin Hendrix and son David of Abilene spent last week and part of this visiting with their aunt and uncle, Mr. and Mrs. D. B. Bowen and family and other relatives.

Mr. and Mrs. J. M. Burns, Mrs. Elizabeth Rogers, and Mrs. Austin Floyd and son, Tommy, have returned home from a visit with their son and daughter-in-law, Mr. and Mrs. Thomas E. Burns of El Paso, Texas.

Mrs. J. B. Smith and little son Jimmie, Miss Betsy Armstrong of Austin, also Mr. and Mrs. Grover Pool of Shreveport, La., visited in the home of their parents, Mr. and Mrs. C. W. Armstrong last week end.

J. H. Franklin and sons, Cling and Felix, visited in the home of Mr. and Mrs. Melton Murrah last week end.

Mrs. Donal E. Barnes and baby daughter, Donna Jean, arrived here Thursday from Williamsburg, Va., where they visited with Mr. Barnes, who is in the navy. Mrs. Barnes is the former Dana Lee Williams, daughter of Mr. and Mrs. J. B. Williams.

Slaughters Must Have Permit
All livestock slaughterers who sell meat, who are not registered with OPA under meat restriction Order No. 1, including farmers

and local butchers, are urged to get their permits early and avoid difficulties. Slaughterers must stamp their permit number at least once on each wholesale cut delivered after March 31. Permits to farmers in all areas and to local butchers and meat packers in small towns are being issued by county war boards. Farmers who slaughter animals for home use only need not obtain permits, but a permit is required for all meat sold. Slaughterers who sell meat must keep complete records of all livestock slaughtered.

GETS PROMOTION

Maurice Stapp, who has been serving in the Air Corps for several months, has recently been promoted to corporal, according to word received here. Maurice, who is stationed at Columbus, Ohio, is the son of Mr. and Mrs. Raymond Stapp.

On The Home Front

O.E.M. Division of Information

As the first week of meat rationing drew to a close, complaints about "excess" stocks of meat were coming in from many different points in the region. After several weeks of staring at barren counters, housewives and butchers again began to feel that we are still in bountiful America, although the country is at war.

There were evidences that many types of meat were moving slowly, some markets reporting that they were fearful that stocks would spoil. Only advice that the Office of Price Administration could offer was to the effect that consumers should spend their points regularly and should not wait until end of the month. This way the supply of meat in the butcher's counter will be moving regularly and will stay fresher.

OPA spokesmen were quick to point out that rationing books do not produce meat—they merely insure equal distribution of the supply available. It may be well to remember, they pointed out, that stocks may decline again in the future, because the Federal government's set-aside order has been suspended for two weeks in order to move a supply of meat into markets.

Again here is how the red stamps in War Ration Book are to be used:

A stamps, worth 16 points, became valid on March 29 and expire April 30.

B stamps, worth 16 points, became valid on April 4 and expire on April 30.

C stamps, worth 16 points, became valid April 11 and expire April 30.

D stamps, worth 16 points, became valid April 18 and expire April 30.

E stamps, worth 16 points, became valid April 25 and expire at a date yet to be announced.

It should be remembered that the red stamps are also used for edible fats and oils (including

butter,) cheeses and canned fish.

Everyone should know by now that civilians may expect less meat this year than they ate last year. Rationing has been instituted to assure that each American gets what he needs out of our reduced civilian supplies, but it will be difficult to guarantee adequate diets unless black markets are suppressed. For black markets not only deprive the average citizen of his fair share, they cut sharply into the utilization of extremely valuable parts of carcasses since black market operators are likely to use only the most easily marketable cuts and throw the rest away.

The farmer may feel that Federal meat regulations as they apply to him are foolish, but they are part of a definite program aimed at stamping out the black market operator and aimed at getting meat to move through normal, legitimate channels again. The provision that all dealers in live animals must have a permit to buy and sell will do much to stop the black market mischief. If a farmer gets an order from a dealer with whom he is not familiar, and if the offer is above the level of legitimate dealers, there is a good chance that he is talking with a man connected with a black market. So the wise and patriotic thing to do is to ask the dealer to show his permit.

Regional War Labor Board Chairman Floyd McGowan has sounded a warning to employers in seasonal operations that they must obtain WLB approval if they wish to pay wage rates at the beginning of a new season which are in excess of those they paid at the close of the preceding season. Seasonal operators, such as sugar refiners and canners, were advised that the War Labor Board's cost-of-living formula will be used in considering applications for wage hikes.

Of great interest to Southwestern housewives and legitimate retailers this week is the announcement by OPA that specific dollars and cents prices will be established April 15 on beef, veal, lamb and mutton. Pork already is under such controls. With these new ceilings posted at each meat counter or store, every American house-

AMERICAN HEROES

Pouring out a steady stream of machine gun fire, Corp. Leroy Diamond, U. S. M. C., and just two buddies stemmed a Jap advance on a Pacific Isle recently. One of the men, Pvt. John Rivers, was killed. Diamond and the other man were saved.

These men are willing to give their lives. The least we can do is lend our money. Buy Second War Loan Bonds.

wife will know the top price which she may be charged, when she surrenders to her butcher the necessary red stamps from War Ration Book Two.

Effective April 15, no retailer can charge more for the 102 cuts of beef, veal, lamb and mutton in five officially established grades of beef and veal, four grades of lamb and three grades of mutton than the ceiling prices named by OPA. However, the retailer may at any time charge less than these new ceilings.

Official copies of the price lists will be distributed through local War Price and Rationing boards. On the home front—ah-tw which will announce locally when copies are available.

Maternity care for wives of ser-

vice men and care for their infants soon will be available throughout the country to those who apply to the state health department. In making the announcement, Katherine F. Lenroot, chief of the Children's Bureau of the Department of Labor, said the care will be available to the wife or infant of any private, private first class, corporal or sergeant in the Army and comparable grades in the Navy, Marine Corps or Coast Guard.

Drying oils and linseed oils are getting scarce for civilian use, chiefly because of military demands, so that painting of homes and farm buildings with paints using these materials may have to be curtailed.

Sailor's Happiest Moment Is When He Received His Mail From Home

The following is a letter from Randell Butler to his parents, Mr. and Mrs. H. L. Butler, who reside on route one Goree, the first they had heard from their son in several months. Randell is serving in the navy:

Dear Folks: I am just about the happiest person in the world tonight. About the only thing that could make me any happier is, of course, to be home. Guess what happened this afternoon? Yes, I received my mail today, the first since last June. I received fourteen from you and Dora and nine from other people.

Never mind most of those questions I asked in that letter I mailed today, for most of them have already been answered. Oh boy! Among my mail was a request from the commanding officer of the armed guard requesting my transfer from the armed guard to aviation. So you see I don't know what will happen when I get to New York I will keep you posted when I get there.

I received mail posted from May 11, 1942, until February 1, 1943. No, I am not in the states yet, but I hope to be in another month.

We have been getting the ship ready for inspection as soon as we get to New York the last few days. We, the gun crew, painted our quarters yesterday and our gun and platform today. Our room looks very nice now, if I do say so. Everything is white except the deck, and it is a real bright red.

The last letter I received from Dora was of January 22, 1943. I hope she is liking her home there. Does she walk to college, or is there some means of transportation provided? She didn't say much about the school. I sure hope she is liking it this year.

I received a Christmas card and letter from Mr. and Mrs. George Weber. They gave me Cecil Temple's address in New Jersey.

I received a letter from Cecil and Wanda, telling me about Jimmy. I am sure glad for them. They wanted so much for him to

be a boy. I also received a letter from Howard E. Woolsey, stating that he was in Alaska and that several of my college buddies are in the service.

Something was said in one of your letters about Leroy Leff. Do you know of his present whereabouts?

Well, I must close and write a few lines to Raymon and Dora. I am sure glad you made a good crop last year.

Lots of love to all,
Your son,
RANDELL.

Mrs. J. C. Ledbetter and little son of Fort Worth visited with relatives and friends here several days last week.

Mr. and Mrs. Burl Claborn and Mr. and Mrs. Buster Chamberlain were business visitors in Fort Worth on Wednesday.

Mr. and Mrs. B. Hassen and family of Hamlin visited in the home of Mr. and Mrs. Sied Waheed last Sunday. Mr. Hassen remained for a longer visit and is taking medical treatment here.

Miss Geneva Hurst returned to her home in Ardmore, Okla., after a visit here with Mrs. Edwin K. Johnson and with other relatives.

Misses Fannie and Maud Isbell were visitors in Wichita Falls several days last week.

Chloe Dell Staleup, Virginia and Charles Goode, who are attending N. T. S. T. C. at Denton, visited home folks here over the week end.

Herbert Struck of Ft. Lewis, Washington, is here on a 14-day furlough. Herbert came at this time expecting to meet his twin brother, Dewey, who left the day before he arrived. Herbert is in the medical corps.

Mrs. L. Prattes of San Antonio is here for a visit with her parents, Mr. and Mrs. W. L. Jackson. Mr. and Mrs. John W. Moore were visitors here over the week end with Mr. Moore's parents, Mr. and Mrs. George Moore.

Mr. and Mrs. H. H. Edwards, Mr. Harper and Albert Cooksey and Noralene Jones all attended the funeral of D. Jones of Durant, Okla., recently. Mr. Jones died after an illness of more than a year. He was a former resident of this section, leaving here several years ago for Durant.

Mrs. Jack Suggs and daughter of Fort Worth and Mrs. Charles Lowe and children of Lubbock are visiting their parents, Mr. and Mrs. Ed Lowe and other relatives. Marie Gordon left Thursday morning for Honey Grove, where she is visiting relatives.

Beatrice Boggs left last Thursday for Decatur to visit her niece, Dorothy Lee Howard, who is a student at Decatur Baptist college. Miss Boggs will visit in Fort Worth before returning home.

Mrs. E. F. Heard visited her daughter and family, Mr. and Mrs. W. R. Richster of Dallas last week.

J. E. Crouch left Monday for Meageral to attend the funeral of an old friend. He is visiting with his daughter and family, Mr. and Mrs. John Vardeman, before returning home.

County Agent R. O. Dunkle, O. L. Patterson and Douglas Doshier, all of Benjamin, were business visitors in Goree last Monday.

Mrs. Temple Dickson and son, Temple, III, have returned from a trip to Sweetwater.

Mrs. Ocal Johnson and son have returned from a trip to Winters, where they visited relatives for several days.

Work is almost completed on the new addition to the First Baptst

church. This added room will be used as classrooms, and is a nice improvement to the church.

Mr. and Mrs. Andrew Gilbert were visitors in the home of Mr. and Mrs. S. M. Claborn last Sunday.

Betty Glo Norris spent the week end with her parents, Mr. and Mrs. Parks Norris, and her grandparents, Mr. and Mrs. E. W. Norris.

HAVE GRANDBABY

Mr. and Mrs. J. L. Ford of Munday have received an announcement of the arrival of a new grandson. The child's parents are Mr. and Mrs. Paul Ford, who reside in Fort Worth.

Mrs. Edwin K. Johnson left last Monday for Corpus Christi, for a visit with Mr. Johnson's sister and other relatives. She expects to be gone about a month.

Mr. and Mrs. I. L. Hudson of Knox City were business visitors here last Monday.

J. W. Wilson, who resides two miles north of Goree, was here Tuesday, visiting with friends and attending to business matters.

Mr. and Mrs. Lee Powell and son of Vera were here last Thursday, visiting with friends and attending to business matters. Mr. Powell is superintendent of the Vera schools.

Jack Mayes, who has been in the army and stationed at Pittsburg, Calif., came in this week for a visit with relatives and friends. Jack received his discharge.

County Superintendent Merick McGaughey of Benjamin was here Tuesday, looking after business matters pertaining to the county schools.

Mrs. Grady Shytles, Jr., spent the week end in Shawnee, Okla., visiting with her husband, who is in the service there.

E. W. Harrell spent the first of this week in Fort Worth, where he was buying new merchandise for the Munday Hardware and Furniture Co.

Mr. O. K. Says . . .

We've Got A Few Grade Three Tires Left . . .

These tires are already recapped and ready to go. You must have a certificate from your rationing board to buy these.

We're still operating on full-time schedule, 24 hours a day. We have plenty of good grade rubber, and all our work is still guaranteed. (Ask your other tire man if he is still guaranteeing his work.)

Re-Capper Coming!

We received wire on April 7th stating that our new re-capper will be shipped from Denver, Colo., on Monday, April 12. This will enable us to turn out just twice the number of re-capping jobs, enabling us to take care of 35 recaps every twenty four hours.

We are also receiving a new supply of rubber, so we are ready for your re-capping jobs in any amount.

We are now able to handle your tires for the best satisfactory service—and we can give you from two to three days service on recapping.

Consult us about your tire troubles. We don't mind the questions!

SENIOR REPORT

We enjoyed our visit to Munday school last week and wish to thank them for a half-day's pleasant diversion. Now if we had played hockey, we'd still be paying for it in activity period. As it is...

We would like to wish Mr. Kimbrough the best of everything wherever he wanders. We seniors have had the benefit of his teachings for several years, and have profited from them immensely. To Mr. McLeroy, we extend heartfelt good wishes for the carrying out of a job thrust upon his shoulders at a difficult time.

There will be seven graduating this year. However, only five of us will take part in the graduation exercises. Bob and Verbon are soon to enter the service.

BRIEF BIOGRAPHIES

Frances Walling
 Born: December 23, 1924, five miles west of Munday, her present home.

Educated: Sunset high exclusively.

Enjoys Doing—Nothing.
 Athletic Achievements: Grade school baseball team three years, high school baseball team one year, high school volleyball four years.

Preferred Actor: Henry Fonda.
 Flower: None (Whoever saw a flower in Knox county?)
 Song: All good music.
 Sport: Basketball.
 Teacher: None.
 Subject: None.

Holder of the following class offices: Vice president in Junior year, treasurer and editor of Sunset Glow in Senior year (Farther back than that she can't remember.)

Ambition: Independence (In case you don't catch, she doesn't want to be dependent.)
 Vacillists: Richard Crooks and Frank Munn.
 Nickname: Franko.
 Pet Peeve: Gossips.
 Hobby: Riding a bicycle.

Frances plans to attend N. T. S. T. C. at Denton in the fall. She will major in physical education. We wish her good luck.

JUNIOR NEWS

(George was lazy this week.)

SOPHOMORE NEWS

Six weeks exams are again on the mind of the sophs. (One worry and then another.)

We sophs are planning a skating party Tuesday night. All of us can't skate, but maybe we can when we come back. There's only

one way to learn: make a fool of yourself until you do.

We Home Ec. girls are starting on another dress hoping to do better than the ones we made before. But one never knows, does one?

EIGHTH GRADE REPORT

The eighth grade wishes to congratulate Mr. McLeroy upon becoming superintendent of our school. We were all very sorry to see Mr. Kimbrough leave. Every one of us enjoyed his teaching our history and wishes him the very best of luck.

We wonder: If a certain eighth grade boy had a good time Friday night (Did you, Randall?)

What Miss Albertson thinks we are anyhow. It's a speech here and a speech there, until we are beginning to sound like so many George Bernard Shaws. (Think she really likes to hear us rattle?)

FOURTH GRADE

J. C. Parvin is moving to Knox City today. We are sorry to have him leave us.

Shirley Ann Yost's uncle, Seth Yost, who is in the army and stationed at Robin's Field, Georgia is at home now.

We are having six weeks examinations this week.

Mr. and Mrs. T. M. Busby spent last Sunday in Abilene, visiting their son-in-law and daughter, Mr. and Mrs. H. C. Busby, and with their new granddaughter.

Mr. and Mrs. Carl Mahan of Abilene visited with relatives and friends here the latter part of last week.

Mrs. L. L. Womble and Mrs. J. C. Rice spent the first of this week in Lubbock, where they attended a women's conference of Methodist churches. They reported a very inspirational meeting.

County Agent R. O. Dunkle and Commissioner O. L. Patterson of Benjamin were business visitors here last Monday.

Mr. and Mrs. J. C. Gafford of Sheppard Field and Sgt. and Mrs. Warren Gafford of Camp Maxey, Paris, Texas, spent the week end here with their brother and family, Mr. and Mrs. Worth Gafford.

A few sets of Peanut plates for your planter, all we will have for the season. Broach Implementation Co. 38-tfe.

KEEPING THE HOME FIRES BURNING

HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

Mr. and Mrs. A. W. Atkins and son, Jerry, and Miss Daniels spent last week end with friends in Abilene.

A school trustee election was held on April 3, at which time C. E. Jones was elected trustee of the Hefner school.

Mrs. Lessie Jackson is visiting her son, Lloyd Jackson, and his family in California this week.

The Muses, Donebo have returned to California after several weeks visit here with their parents, Mr. and Mrs. W. A. Harris.

C. J. Lankford of Lamb county was a visitor here last Saturday. His old home place, where he lived for 23 years, is on the Bud Coffman farm. Mrs. Lankford died a few months ago, succumbing to an attack of pneumonia at the Littlefield hospital.

Mrs. Beatrice Boggs and son, Charles, made a business trip to Fort Worth recently, where they also visited friends.

Mrs. Lee Boggs had a letter from her son, Pvt. Terrell Boggs, who is in the service in the New Guinea area.

Mr. and Mrs. Jerry Hedson have three sons in the service. They are S. R., who is in North Carolina; W. J., at Camp Gruber, Okla., and Joe B., who is stationed at Amarillo.

Mr. and Mrs. Talmadge Cyfert are the proud parents of a girl, born on Monday, April 5, at the Knox county hospital. They are now at the Clyde Warren home.

Dr. and Mrs. James N. Walker and children of Dallas visited with Mrs. Walker's parents, Mr. and Mrs. G. R. Eldard, and with other relatives and friends here the latter part of last week.

Dick Harrell, who is attending Texas Tech at Lubbock, spent the week end here with his parents, Mr. and Mrs. E. W. Harrell.

Miss Colleen McCarty of Hobbs, New Mexico, and Mr. and Mrs. G. W. Russell of Denver City spent the week end here, visiting with their parents, Mr. and Mrs. W. W. McCarty.

Mr. and Mrs. Aaron Edgar visited with Mr. and Mrs. Roy Rogers and with other relatives near Quanah last Saturday night and Sunday.

D. Hassen and family of Stamford and S. Hassen and family of Haskell visited with relatives and friends here last Sunday.

Mrs. George Keene spent the latter part of last week in Plainview, attending the bedside of her sister, Mrs. Jones, who is in the hospital there.

Editor-in-Chief Bonnie Parker
 Assistant Editor Bobbie Floyd
 Sponsor Miss Browder
 Sports Reporter Bill Spikes
 Senior Reporter Elda Purl Laird
 Junior Reporter Elaine Galloway
 Sophomore Reporter Frances Smith
 Freshman Reporter Elma Jean Cornett

SENIOR

The Senior personality for this week is Elda Purl Laird. Elda Purl was born in Benjamin, Texas, January 10, 1926. She has spent her eleven years of school at the Benjamin high school. She is the class secretary and reporter. Two of her years in school she was neither absent nor tardy, and so far this year she has not been absent.

Some of her favorites are as follows:
 Color—Blue and rose.
 Flower—Rose.
 Song—"Farther Along."
 Sport—Basketball.
 Subject—English.

JUNIOR

The Junior and Senior banquet will be April 9. We are working very hard on the banquet and we also have exams this week.

We hope that the Seniors enjoy the banquet as much as we enjoy giving it. Since spring is in the air we intend to carry out the fairy land theme at the banquet.

We have been studying memory work in English. In plane geometry we are not for sure just what we are studying. We are really supposed to be studying Similar Polygons. We are having at least one speed test each week and some times more in typing.

SOPHOMORE

This week we have the personality of Wanda Benson. Wanda was born at Benjamin, Texas, May 1, 1928. She has lived here most of the time. Wanda is a member of the volleyball team, Home Economics Club, and 4-H Club.

Some of her favorites are as follows:
 Sport—Football.
 Song—"Please Think of Me."
 Subject—World History.
 Teacher—Mrs. Anderson.
 Dish—Strawberry Ice Cream.

HOME MAKING CLASS

The home making classes have been interested in entertainment for the last few days. (Spring may have something to do with

in the fifth grade. Some of Sylvia's favorites are: Song—"My Ranch." Teacher—Mrs. R. O. Dunkle. Subject—History. Color—Blue. Sport—Riding horses.

SADIE

"Blackie," who is trying to beat your time with that certain Junior boy?

We wonder who it is from Gilliland that Ruth is interested in? Joe Ben, why didn't you and Carl attend school April 1st. Did you go bicycling?

Could anyone tell us what happened to Bonnie Parker's curls?

Claudia, why were you so happy las. we-k? Was it a sailor?

Bobbie, would you mind telling us who came home on furlough last week? Or is that a military secret?

Elaine, is your telephone bill as high as it used to be?

Billy Ben, can't you find a vacant house in Benjamin?

"Chris," which do you like better, Vera or O'Brien?

Come To Our Produce For Highest Possible Prices For Your CHICKENS, - EGGS, - CREAM

We keep in touch with the markets, and by this means we are able to pay you market prices for all kinds of produce.

SMITH'S RAT KILLER

SAFE AND EFFECTIVE

Poisoning rats is the most effective method of extermination, and the most practical poison is Smith's Rat Killer, because while it is relatively harmless to humans, livestock, poultry and pets. Smith Rat Killer is more palatable to rats than many poisons and is readily eaten. And too, odors are not nearly so common. 25c, 50, \$1.00

SENIOR NEWS

The Senior play is over and the play cast can now lean back and relax. We might add that the play was a grand success.

Six week exams are showing their ugly heads around the corner again, but the Seniors think they can win the battle with a little more studying.

The Seniors have received their new work books in bookkeeping and have started to work in them. With a little help on Mr. Turner's part we hope to keep them neat and well ordered.

Senior On Review

To the Steven's family on August 1, 1924 was born a fine baby boy named Judge. All of this happened in Weinert, Texas.

Judge started his first year of school at Lone Star. But one year in the country was enough for him, so he moved to Munday.

Judge is one of our football stars—a very valuable player. He also plays a nice game of basket ball. During his Junior year he won the honor of all-district center.

Judge has had a little experience in boxing, in fact, during his Sophomore year he won a boxing trophy.

After this year of school is over, Judge says he is going to the Army, in fact, his favorite song is "I Feel The Draft Coming On."

His favorite color is Blue.
 Favorite teacher is Miss DeLoach.

Favorite pastime is loafing.
 Good luck and thumbs up, Judge!

High Lights on Senior Play
 Monday night at 8:00 o'clock the Seniors presented a play entitled "I'm In The Army Now." And you folks that didn't see this play really missed something. If you didn't want to see the play you could have seen how many people there were in Munday and

the surrounding country. We really had a crowd and we want to thank each and every one of you that did come.

You people noticed a certain little red head that could really do some acting, in fact, we had two red heads in the play. In case you did not know them, let me introduce them to you. They were Jean Guess and Maggie Searcey. Then you folks probably noticed that lovely old lady, Granny, well, she was none other than Helen Williams. That handsome star of the play who wore the Army uniform and who showed us what a real soldier is like, was none other than Wayne Blacklock. The Pa and Ma of this unsetting family did some excellent acting, and how! They were Patsy Ruth Kirk and Bill Brown. The mischievous little brother was Charles Baker. He was going to solve all the mysteries, and did he fall in love with that sophisticated little neighbor girl, played by Betty Golden! Then the mysterious man with the accent, that man about town, Jimmie Silman, Jr. What a performance he gave! Oh! Yes, of all things I forgot to mention that gal who wanted to be drafted so badly, Retta Jo White. Some good acting there, Retta Jo. Then came Benton Snelson and Betty Simpson and Milton (Killer) Thompson and what a killer he turned out to be! All three played their roles expertly.

How did you people like the high school singers and talented Billy Bowlin? They really put on a good show by themselves.

This play was under the direction of Miss Jessie Merle DeLoach, the local high school English teacher. We think she should go to Hollywood and become a director there. But what would we do for a teacher here! Now once again we want to thank you people who attended the show and those of you who bought ads in the pro-

"They Give Their Lives—You Lend Your Money"

The Senior Class of Munday High School.

JUNIOR NEWS

Last Friday the Juniors got their play books. Mr. Cunningham and Miss King had a hard time selecting the characters. "Spooky Tavern" is the name of the play and, with some of the characters that were chosen, this play should be very mysterious. The Juniors are going to be very busy until school closes since this is six-weeks exams and they are also making preparations for the banquet.

One of our students, Jack Strickland has moved to Putman. He was our Junior Reporter for the Student Council. We hope he enjoys his new school.

We wonder???
 Why Bobby didn't go on the hay ride?
 Why Charles combs his hair now?
 Where Miss King got her black eye? (Door or—)

Where Buddy and Hulen got their rattlers last Sunday?
 Why the Junior play cast thinks they are going to like play practice?

Aubrey's hair is curly?
 Why Jo Ann and Frankie were so anxious to get out of English Add Munday schools—Monday?

Hulen had such a dull time on the hay ride???

SOPHOMORE NEWS

The Sophomores are getting ready for "Six Wks. Exams" again. Everyone is so lazy now they don't want to study, but they think of what will happen if they bring in "bad" report cards.

The Agriculture boys gave the Home Ec. girls a "hay-ride" and now every class is wanting to have one. Especially the Soph. class. It is really lots of fun.

Our reporter Letrace Johnson is ill. We hope she'll be o. k. and back in school soon.

Home Ec.-Agri. Hay Ride

The Agriculture boys gave all the Home Ec. girls a good old-fashioned "Hay-ride" last Friday evening at 7:30.

There were two "pick-ups" and a trailer full of real hay to take the group to the picnic spot. They went out to the "park," and played games around a camp-fire.

The boys put us on a "diet" that night and served "one orange, one apple and some cookies." (They said there was some kind of a food rationing!) But it was good. Those

who didn't go on this picnic really missed fun and we hope we can do it again sometime.
 Thanks boys! Do it again!!

6 GRADE NEWS

The sixth grade was engaged in the April Fools Day program. Sunset came to play ball with us. The sixth grade lost the game because we had not practiced enough. The girls beat Sunset girls 12 to 8. It is getting close to exam week and do we dread it. We are going to have History tomorrow. In art we can draw a picture of anything we want to.

SEVENTH GRADE NEWS

The seventh graders are very glad that Mrs. Bogard changed her mind about going to South Carolina. Everyone was surprised when they came to school Tuesday morning and found that she hadn't left.

We are taking up six weeks exams this week and get our report cards next Wednesday. We hope every one passes it.

We enjoyed the Senior play Monday night and the two songs that Billy Bouldin of the seventh grade played.

8A NEWS

The 8A class was very sorry to see Mrs. Swindall leave. She has gone to be with her husband who is in California.

Mrs. Bowden is substituting in Mrs. Swindall's place.
 The eighth grade volleyball team girls beat the high school B team of Sunset on April first. The eighth grade boys are starting football practice under the direction of Mr. Turner.

8B NEWS

This week the eighth grade has been taking six weeks tests. The teachers have been telling them that the coming six weeks will determine whether or not they pass or fail.

For the time being Mrs. Chester Bowden is taking the place of Mrs.

Arthur Fleming At Fort Knox, Ky.

Athur C. Fleming, son of J. W. Fleming of Gore, is among the thousands of selectees who have entered the armored force replacement training center at Fort Knox Ky., for their basic training in the newest and hardest-hitting branch of the army.

The men will be put on a 12-week training program which has been systematically laid out into 6-weeks periods. The first period will be devoted to the organization of the army and armored force; insignia of rank; military courtesy and discipline; care of clothing and equipment and many other fundamentals which will enable them to become good soldiers.

During this period the men will be classified according to their knowledge and ability, so that they can start their second 6-weeks period in specialized training. These special courses include: light tank, medium tank, scouting and patrolling, mortar, anti-tank, machine gun, assault gun and reconnaissance.

Pfc. James M. Wright of Camp Campbell, Ky., recently was home on a short leave of absence. He visited with his wife and infant daughter in the home of his parents, Mr. and Mrs. J. A. Wright of Haskell, and in the home of his wife's parents, Mr. and Mrs. Jim Lewis of Munday. This was the first time James, who is in a tank battalion, had seen his infant daughter.

Swindall, who left last week. She is teaching the same subjects Mrs. Swindall taught.

There has been a change made in the schedule for the eighth grade. They have physical education the last period so that the boys who want to come out for football won't miss any periods. Mr. Turner of high school is directing the football.

Club People Give Program At Knox City

Members of the boys and girls 4-H Clubs of Benjamin rendered a very impressive and educational program before the Lions Club at Knox City, Thursday, April 1. The girls gave a demonstration on setting a hen.

Margaret Bell demonstrated making the hens nest from an orange crate and scrap lumber. Jane Rutledge told how to select eggs for setting purposes, and how to free hens of external parasites and demonstrated how to test eggs to see if they were fertile.

Bryson Laird told about the 55 day pig feeding demonstration that the boys of Benjamin are conducting. They are proving the value of ground, soaked and whole grain milo grain and protein supplement. In the 55 day feeding period it was found that the pigs fed the whole grain and protein supplement made a profit of \$5.11. Pig No. 2, that was fed on the ground grain made a profit of \$5.19, and pig No. 3 that was fed the soaked grain made a profit of \$6.15. The conclusion is that the difference in profit is not enough to pay for the extra labor of soaking and grinding.

Stanley Glover gave a very interesting talk on feeding his champion calf at Knox county calf show and about his trip to Wichita Falls, Texas. He showed the picture of he and his calf. This calf weighed 870 pounds and sold for 25c per pound.

Miss Virginia Smith, teacher in the Olney schools, visited her mother and other relatives here over the week end.

Mr. and Mrs. Doyle Bowen and son left last week for Fort Worth, Texas.

GOODYEAR TIRES AND TUBES

THE GREATEST NAME IN RUBBER

Goodyear Tire & Rubber Co., the pioneers in rubber. Over a century ago Charles Goodyear started the rubber manufacturing and since that time The Goodyear Tire & Rubber Co. has grown to a mammoth industry. In 1927 The Goodyear Tire & Rubber Co. was granted a patent on Synthetic Rubber under the name of "CHEMIGUM," which they began to manufacture and sell for making products, and in 1938 Goodyear made their first ALL SYNTHETIC RUBBER TIRES, and since "PEARL HARBOR," Goodyear Technicians have, and in cooperation with The Government, Army and Navy with SYNTHETIC RUBBER, made and furnished them with tires and many other Synthetic Rubber products from "CHEMIGUM," which are so vital to the WAR EFFORT.

WAR BOND QUIZ

Q. In what names may a War Savings Bond be issued?

- A. War Bonds can be registered only in the names of individuals in their own right, in one of the following forms:
1. The name of one individual, or
 2. The names of two individuals, as co-owners, or
 3. The name of one individual as owner and the other individual as beneficiary.

Q. May a Bond be registered in the name of a minor?

- A. Yes.

Q. How can I buy a Bond by mail from agencies other than a post office?

- A. Write to the Treasurer of the United States for an order form or send a letter with a check to the Treasury Department or to a Federal Reserve bank stating number and denominations of Bonds wanted and giving complete instructions as to the desired registration.

Q. Can Bonds be attached for debt in case of a judgment?

- A. Yes. The right to receive payment of a Bond may be transferred through valid judicial proceedings, but only if the Bond itself is surrendered to the Treasury Department. See Treasury Department Circular No. 530, Fifth Revision.

Remember—the longer you keep War Bonds, up to 10 years, the more valuable they become.
