

The Munday Times

VOLUME 38 MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, APRIL 1, 1943 NUMBER 40

Fishing To Begin At City Lake on May 1

May 1st, opening of fishing season at various lakes and streams over the state, will find fishing also permitted in the city lake, southeast of Munday. With the season but thirty days away, members of the City Council have passed an ordinance regulating fishing fees and providing penalties for the violation of the fishing ordinance.

This ordinance appears in this week's issue of the Munday Times, and it prohibits fishing by any means other than ordinary hook and line, with not more than two hooks used on any line. Only live and/or artificial bait may be used.

Fees for fishing privileges will be 25 cents per person per day, or the season fee of \$5.00. Fishing hours shall be from sun up to 30 minutes after sundown.

All provisions of the penal code of the State of Texas relating to size and number of fish that may be taken shall also prevail at the local lake.

The ordinance also sets the penalty for violation at a fine of not less than \$10 nor more than \$100, and each violation shall constitute a separate offense.

All persons planning to "tease" fish in the local lake at the opening of the fishing season are requested to familiarize themselves with the ordinance governing fishing privileges.

Munday P. T. A. to Sponsor Course In Gardening

First Meeting To Be Held On Tuesday

The Parent Teachers Association is sponsoring a course in gardening which will begin in Munday on next Tuesday evening in the grade school building at 8 P. M. to promote War Gardens. All kinds of subjects will be discussed such as varieties of vegetables adopted to the Munday community, planting dates, distance apart of plants, cultivation, irrigation, controlling insects and diseases, hot beds, cold frames and other subjects pertaining to vegetable and flower gardening.

There will be ten meetings and different people will be in charge at various times. Those scheduled to conduct meetings are Mrs. Fred Broach, Mrs. Jimmy Harpham, County Agents Dunkle and King, Vocational Teachers Dowell and King, and others will be added to the list.

The group present at the first meeting will determine how often and what time of day or night the meetings will be held. Mr. Dowell will be in charge of the first meeting Tuesday evening, April 6, beginning at 8 P. M. The public is invited and any person is requested to bring his problems or contribute any worthwhile information that he or she may have.

Common Schools To Elect Trustees On Next Saturday

Ten common schools of Knox county will elect fourteen trustees in the election next Saturday, according to Merick McGaughy, county superintendent, who this week announced the names of each trustee whose term expire.

Mr. McGaughy explained that these were only for the common schools of the county. They are as follows:

- Benjamin: Leroy Melton.
- Hefner: Harper Cooksey.
- Rhineland: Victor Redder.
- Union Grove: Louis Montandon.
- Brook: F. E. Walker and J. T. Darr.
- Antelope Flat: H. M. Black.
- Washburn: E. H. Melton.
- Sunset: Jim Frost and Clay Hutchinson.
- Vera: Buster Jackson and Rude Richards.
- Gilliland: Orville Westmoreland and Hugh Eubank.

Mrs. T. C. Lowry and Mrs. J. C. Campbell were in Sagerston last Monday to attend the funeral of Mrs. Lowry's brother-in-law, Willie Hale.

Dewey Struck, Army Flyer, Is Goree Visitor

Dewey Struck of Goree, who is stationed in Denver, Colo., came in Munday for a few days visit with relatives near Goree. Dewey has been in the air service since the last of October, and has completed his study course and bombing practice. He is now ready for combat duty.

Struck has rated high in all of his tests and has 600 hours of flying to his credit.

Struck and his crew have had many exciting experiences. Once they encountered a severe storm at high altitude, and the entire crew had to bail out. The ship exploded in mid-air, and the wreckage was scattered over an area of two miles. The entire crew parachuted to safety.

In relating the incident, Dewey said the "jump" is not as bad as one would think. "The mind is perfectly clear, and you realize that your life depends on keeping cool." Dewey has a twin brother who is in another branch of the service.

Out of 400 young men who began this intensive training, only 48 completed the course. None but volunteers will be accepted, and anyone has the privilege of withdrawing if they do not want to continue.

Every member of Struck's crew is enthusiastic about their work, and all must have some knowledge of piloting the plane in case of emergencies, he said.

Roxy Theatre To Aid In Red Cross War Fund Week

In cooperation with the Red Cross war activities committee of the Motion Picture Industry of Texas, the Roxy Theatre will take an active part in the Red Cross War Fund Week, sponsored by the theatres from April 1 through April 7.

P. V. Williams, owner of the theatre, announced Thursday that nightly contributions will be received at the theatre during this week. These contributions will be called for as some phase of the nightly program.

This movement is expected to be highly successful locally, as Knox county people realize the important work carried on by the Red Cross.

Agricultural Meet Slated For Munday

The local Chamber of Commerce will sponsor the agricultural meeting to be held in the school auditorium, Friday night April 2, at 8:30 p. m. All arrangements have been made and several good speakers have been obtained to bring to those present, things that are of vital concern to all of us at this time.

Mr. Cliff H. Day, College Station, Texas, will be the principal speaker and will speak on a subject that will be of interest to everyone. Others that will appear on the program are Mr. C. R. Elliott, member of the Knox County War Board; Mr. H. B. Boswell, Soil Conservation Service; Mr. Marvin Allen, Administrative Officer, AAA; and Mr. R. O. Dunkle, county agricultural agent.

IN BALTIMORE, MARYLAND

Pfc. Clyde R. Hendrix, Jr., notified his parents, Mr. and Mrs. C. R. Hendrix, last Sunday morning by telegram that he arrived in Baltimore, Maryland, Thursday night, having left Sheppard Field on Tuesday. He was fine and seeing some wonderful country. He stated he would be in school there for six weeks, then would be ready for a gunner school.

TIRE CERTIFICATES

Rationing certificates for tires and tubes may be used at any time convenient to the holder, according to a recent OPA order withdrawing the provision which limited the life of a certificate to 30 days after the date of issuance.

Knox County Hospital Notes

Patients in Knox County Hospital March 30, 1943:
Mrs. Mary Hayes, Munday.
W. J. Mayo, Benjamin.
Mrs. J. B. Moorehouse, Benjamin.
Mrs. J. W. Rutherford, Truscott.

Ben Simpson, Rule.
Eugene Hall, Benjamin.
Eddie Gibbens, Vera.
Mrs. R. L. Myers, Munday.
Mrs. H. F. Wood and baby daughter, Rochester.
Miss Ethel Lemond, Knox City.
Mrs. L. D. Abbott, and baby daughter, Munday.
Patients dismissed since March 23, 1943:
Emmitt Partridge, Munday.
Mrs. Bill Billingsley and baby daughter, Knox City.
Mrs. E. H. Martindale, Rochester.

Births:
Mr. and Mrs. Frank Heath, Knox City, a daughter.
Mr. and Mrs. L. D. Abbott, Munday, a daughter.
Mr. and Mrs. H. F. Wood, Rochester, a daughter.

Deaths:
Mrs. M. M. Henderson, Munday.
Mrs. E. H. Wheeler, and baby son, Knox City.
Mrs. W. C. Hodgin, and baby son, Munday.

Mrs. Frank Heath, and baby daughter, Knox City.
Doris Wynell Hobbs, Vera.
Mrs. Vernon Banks, Truscott.
Gentry Day, O'Brien.

Funeral For W. D. Wiggins Is Held At Vera

Funeral rites were held Sunday afternoon at the Baptist church at Vera for W. D. Wiggins, pioneer resident of this county. Mr. Wiggins had been in ill health for the past two years.

Mr. Wiggins was 83 years, 11 months and 18 days of age. He had resided near Vera since 1905, with the exception of one year in Munday when he lived with his son-in-law J. C. Call.

Surviving him are four sons and a daughter: R. E. Wiggins of Vera, W. H. Wiggins of Floydada, J. E. Wiggins of Fort Worth, C. A. Wiggins of California, and Mrs. J. C. Call of Munday.

EDWIN K. JOHNSON IN FOREIGN SERVICE

Mrs. Edwin K. Johnson received word last Saturday that her husband had sailed for foreign service and had reached his destination. Edwin, of course, could not reveal his destination, which is a military secret. He is serving in the navy as a machinist's mate first class.

Keep Up With Rationing

W. O. Barnett, who has been in the grocery business in Goree for a number of years, has added a nice line of dry goods to his store and invites the public to come in and see this new stock.

This is something that Goree was in great need of, since the only dry goods store was closed several weeks ago, and people of that territory will appreciate the service rendered by this new department to Mr. Barnett's store.

Since Barton Carl sold his stock of dry goods with the understanding that he would be called into the service, there has been no dry goods store in Goree, and rationed gas and tires have made it difficult for many people of that section to go elsewhere for shopping.

"THAT'S THE 'UNION' TO STRIKE FOR NOW!"

City of Munday Calls For Real City Cleanup

The City of Munday is anxious to make a real cleanup week for April 4 through April 10, as proclaimed by Coke Stevenson, governor of Texas.

"The city truck has been busy all of this week hauling away rubbish and cans, so that during the week of April 4-10 we may be able to pick up any that have been missed upon very short notice," Riley B. Harrell, city secretary, said. "Please place all rubbish or cans or other material in the alley, preferably in boxes or some other container, in order that it may be hauled away."

The city has secured some second hand wire to be used to place around burners. This may be obtained free by calling the city hall if your burner needs repairing.

As a matter of cleanliness, promotion of health, prevention of fires, reduction of flies and mosquitoes, and the beautification of the city, your cooperation is asked in the disposal of all trash and rubbish.

40 Registrants Are Classified Last Tuesday

Forty registrants of Knox county were classified last Tuesday when the Knox County Selective Service Board met in regular session. Those classified were announced by John Wilson, clerk of the board as follows:

Class 1-A: J. D. Lane, A. P. Draper, Tom Paul Stubbs, Walter Jones, Jr., Martin E. Tension, Calvin Bates and Marlin R. Humphreys.
Class 1-A: Joe W. Walker, Walter W. Malone, Grady E. Smith, Ellis E. Harlan, B. L. McDowell, Jr., Alonzo S. Cartwright, Alvin W. Norwood, Marvin C. McAfee, S. J. Bradley, Jr., Jessie Thomas, Walter B. Meiner, C. L. Ely, Jr., Clyde D. Feemster, Joseph W. Jungman, Howard T. Cook, Wilford H. Bellinghausen, Bobby R. Matthews and Harold Beck.

Class 2-B Cont.: Rufus P. Bason, Robert P. Meiner, and Doss E. Holder.
Class 2-B: John H. Griffith.
Class 2-B by Appeals Board: Hubert J. Homer, Alton L. Cook, and Alphonse M. Kuhler.
Class 2-C: Grady S. Tomlinson and Maurice D. Graham.
Class 3-B: Governor H. Parker, Gene W. Harrell and Alvin L. Conner.
Class 3-C: Willie E. Bell.
Class 4-F: John F. Martinez, Alonzo R. Graham and Jack T. Varnell.

Barnett Adds Dry Goods To Goree Store

Mr. and Mrs. Lonnie Offutt are the proud parents of a baby girl, born on Wednesday, March 31, at the Knox county hospital. Mother and little daughter are reported doing nicely.

WAR LOAN DRIVE TO OPEN ON APRIL 12

With Knox County assigned a quota of \$245,000 in the Second War Loan Drive, a concerted effort will be made to meet this quota during April.

W. E. Braly, chairman of the War Finance Committee of Knox county, is already contacting committee members in the various communities so the county will be organized and ready to start when the new war loan drive opens on April 12th. The Treasury Department has set an over-all goal of 15 billion dollars to be raised during the second war loan drive, according to information from R. R. Gilbert, chairman of the War Finance Committee of the Eleventh Federal Reserve district.

Knox county's quota of \$245,000 includes all of the following types of government securities, which are the following:
All sales of Series E War Savings Bonds, Series F and G Savings Bonds, Series C Tax Savings Notes, as well as the following which have been added for this drive: The current offering of 7-8 per cent Certificates of Indebtedness due April 1, 1944, 2 per cent Treasury Bonds due September 15, 1952-50 and 2 1-2 per cent Treasury Bonds due June 15, 1969-64.

All citizens of the county are urged to invest all they can with their government to aid in this drive for victory. The county, which has fallen short of its war bond quotas in very few instances, is expected to meet the askings of the government in this Second War Loan drive.

Senior Class To Present Play Monday Night

Don't forget to bring your family and friends to see "I'm In The Army Now," on Monday, April 5, presented by the Seniors of Munday high school.

You will get to see Bill Brown as Pa Robertson, an easy-going and good-natured man, who believes that "everything happens for the best." He is slightly henpecked by his wife, Polly, played by Patsy Ruth Kirk.

Granny Robertson, played by Helen Williams, in spite of her seventy years of age, is still resolute and unyielding in spirit. She bosses the family around and tells them what she thinks.

Toby Robertson, played by Charles Baker, has reached the "ripe old age" of fifteen. He is full of wit and humor and although his love affair and his plan to capture a Fourth Columnist fails, he still remains a humorous lad.

Bronson Robertson, played by Wayne Blacklock, at the beginning of the play is a sickly boy of twenty-two who is afraid he will be drafted. But his girl friend, Letty Ashbrooke, played by Jean Guess, turn him down because she thinks he is a coward and a weakling. This makes our hero very unhappy and he—but you will find out April 5.

Deanna Robertson, played by Maggie Searcey, is a young girl of twenty who is inclined to be self-centered but her engaging personality wins her many friends.

Dale Morrison, played by Retta Jo White, is a very rattle brained person, who is constantly looking for a man. She tries every way possible to get into the army. Does she? Come Monday, April 5 and find out.

Corinna Duffin, played by Betty Simpson, is a very severe woman who has lost her husband in a car accident, but doesn't seem to mind it at all.

Prentiss Roper, played by Milton Thompson, is a very rich young man who can't make up his mind about which girl he wants.

Audrey Nayland, played by Betty Gene Goden, is a pretty girl of sixteen who likes nothing more than to imagine that she is grown-up and sophisticated.

Essie Knapp, played by Benton Snelson, is a woman who keeps a rooming house and has some difficulty with her roomers.

Ramon Valdez, played by Jimmie Silman, is a mysterious foreigner who comes to the Robertson home at a very opportune time.

This cast and the director, Miss Jessie Merle DeLoach, extend a cordial invitation to the public to come and enjoy "I'm In The Army Now," Monday April 5, at the Grade School auditorium, at eight p. m. Admission 10c and 25c.

Four Names Filed For City Alderman

Four names have been filed with Riley B. Harrell, city secretary, for places on the ballot for the city election next Tuesday. Four aldermen for the City of Munday will be elected at this time.

Three aldermen will be elected for 2-year terms. Names filed for these places are H. C. Hawes and P. V. Williams, for re-election, and Travis Lee.

The name of Leland Hannah has been filed for the one-year term. The final date for filing of names was Wednesday of this week.

ROBINSON TRAINING AT GREENVILLE, TEXAS

Wm. E. Robinson, Jr., is now in training with the aviation cadet detachment at Majors Army Air Force in Greenville, Texas. The Times had a recent letter from Robinson, requesting the paper be sent to him there.

"It is always a pleasure to receive the Times," he said. "It is nearly like a letter from home, as I am a resident of Goree. You keep it coming, and I'll keep 'em flying!"

Robinson recently completed primary training at Corsicana and has started his basic flight training.

Robinson recently completed primary training at Corsicana and has started his basic flight training.

CORPORATE TAXES

Declaring that American industry takes the patriotic stand that Government should get every dollar of taxes which can safely be paid by business without curtailing its ability to produce war material and afford jobs when the war is over, F. C. Crawford, president of the National Association of Manufacturers, in an address before a group of industrialists at Houston, Texas, made the following remarks on the subject:

"The war tax program supported by industry and put before Congress last year as a maximum tax burden would leave companies with less than 3 cents out of every dollar of business done.

"Federal taxes collected from corporate business in the United States this year will be 50 per cent greater than the total taxes of every kind levied by the British local and national governments on both business and individuals."

Maintaining that there are "danger signals of financial instability already flying," Mr. Crawford suggested a "few common sense rules" which he said would help to appraise whatever new taxation or government financing suggestions which may be forthcoming. These rules are:

1. Any tax or forced savings proposal should be accompanied by a complete factual analysis to show how it would work. Computation of the proposal's effect on taxpayers in all income brackets should be made.

2. All tax and financing proposals should be without discrimination against any group of taxpayers.

3. Tax proposals should not be a cloak for social reform schemes. Oppressive taxation can upset the capitalistic system by making it unworkable.

4. To the degree possible, additional tax burdens should be borne by those whose incomes have increased tremendously during the war period.

5. Those in the armed forces are deserving of a more substantial tax concession than scanty benefits the law now provides. It is unthinkable that a soldier can return from years in the jungles or the desert with a substantial tax debt hanging over his head.

6. No additional tax burdens should be contemplated until every last dollar of wasteful and extravagant government spending is eliminated.

"The greatest financial problems which confront this country today require the highest order of statesmanship and the unselfish sacrifices of every one of us. An unwise tax policy can deliver victory to the enemy," Mr. Crawford said.

INDUSTRIAL RECONVERSION

The flexibility of American industry has already been demonstrated in the rapid and efficient change-over from peacetime to wartime production.

Now, many industries which converted almost overnight to produce tanks and artillery have been reconverted to make weapons more urgently needed because of the change from defensive to offensive military operations.

Commenting on this change which is due to the greater need for aircraft parts, ship components, etc., WPB Executive Vice Chairman Charles E. Wilson said recently in a report to a Congressional Committee: "A number of ordnance plants have already been shifted from ordnance production to make aircraft and aircraft parts. Among these are several plants which were set up to make guns and are now making aircraft landing gears. A company that was tooling up to make tank parts is now making aircraft engine cylinders. Ammunition manufacturers are now making aircraft instruments and accessories."

"A whole division of WPB is concerned with working out cases in which existing plants of this sort can be substituted for projected new plants. This division is in constant touch with both the procurement agencies and the Smaller War Plants Corporation. We have had good cooperation on both sides in using existing plants as far as possible instead of tooling up new ones and expect that this cooperation will be intensified," Mr. Wilson said.

SOME DIFFERENCE

It is one thing for government to broaden individual opportunity and provide a maximum of care for the needy. It is quite a different thing to build up government to where it dictates to the individual in the commonest affairs of life. The first type of government is what our boys are fighting to preserve. The second type is what they think they are fighting to prevent coming to America.

EMPTY WORDS MEAN EMPTY CUPBOARDS

The food industry has warned government executives that thousands will go hungry in this country this year unless the government moves promptly to solve the pressing manpower and distribution problems of the food industry. Lack of manpower, beginning on the farm and ending behind the counters of retail merchants, is assuming grave proportions.

The position of retail distributors is critical at the moment. Officials have steadily failed to include the merchant in the war program as a war worker. They have so far failed to recognize the essential part he plays in putting necessities into the hands of consumers. They fail to recognize that without his expert cooperation, price and rationing controls would be demoralized; that competent merchandisers are vital to efficient distribution.

Collapse of efficient distribution would mean that food grown and processed could not reach the consumer. Waste and decay of precious food would assume tragic proportions to hungry people. It would promote inflation, and inevitable curtailment of war production.

The food industry has asked officials to make clear that food production, processing, and distribution ranks with armaments in importance. Pirating and drafting of essential employees must cease if we are to eat. They also have asked for the proper allocation of food supplies to maintain civilian health and morale and the simplification of rationing procedure. They have asked for these things repeatedly. Beyond vague generalities no action has been taken.

Disaster will come if this policy continues. Either the appointed officials, or Congress must act.

THE WAY TO PREVENT FIRE

Many of the safety requirements of the modern fire ordinance applicable to places of public assembly, which was drawn up by the National Board of Fire Underwriters subsequent to the Boston night club fire tragedy, could be carried out easily and promptly. Many fire deaths occur in such places because proprietors are unaware of the deadly danger of hazards created by temporary decorations, overcrowding, thoughtless changes in seating arrangements, inadequately marked exits and other dangers contingent upon confusion and crowds. The ordinance represents a scientific approach to these problems. It is written in language that the layman can understand. Many fires could be prevented by giving a copy of it to every person whose business involves large gatherings of people.

For example, it states that: "The aggregate clear width of doorways serving as required exits shall be not less than at the rate of 22 inches for every 100 persons to be accommodated. No exit doorway shall have a clear width of less than 34 inches, corresponding to a nominal 36-inch door, except that existing exit doorways having a clear width of at least 24 inches may be accepted." Much more information is given on the subject of exits, including type of doors, marking and lighting, and stairways.

Combustible decorations receive detailed attention. They are the starting point of many fires and under the ordinance, "shall be rendered flameproof."

Those responsible for lives in places of public assembly should urge adoption and enforcement of a modern fire ordinance of this nature.

New synthetic bristles not only have the taper required for paint brushes, but also the necessary resiliency and toughness. They wear three times as long as natural bristles.

Giant steel "sky chambers" now make it possible to study the effects on men and materials of altitudes as high as eight miles.

Why pay thousands of civilians to audit ALL Army, Navy and Maritime Commission war contracts when the profits of 95% do not exceed a fair 2% after taxes—and when the Internal Revenue department automatically sifts out the excess-profit contracts while computing income taxes?

Only 5% of war profits are found to be over 2% after taxes. These are the ones to examine—and Uncle Sam already has people to detect violations without hiring an army of extra employees to audit ALL contracts.

"Renegotiation" Might Touch You

Under no other circumstances is the fine spirit of neighborly cooperation shown to better advantage in a rural community than in the case of fire or other calamity. This friendly spirit is not based upon personal interest, but upon the deep sympathy that just naturally arises in case of disaster. Of course, there is a personal interest if the fire threatens our own property, but we like to think this unity of spirit in our rural life is typical of America.

There is this same community of interest between industry, labor and agriculture, although sympathy for each other's troubles seldom comes to the surface.

Every farmer knows that his best market for the produce of his farm is our local domestic market. He depends upon this domestic market to consume over 90 per cent of what our American farms produce each year. If anything happens to his domestic market, like the depression and loss of employment in the early thirties, agriculture is at once affected. On the other hand, if anything happens to the buying power of agriculture, industry is hurt just as badly.

Right now congress is considering the renegotiation of all government contracts. The law was passed on April 23, 1942. Some people are arguing that these new renegotiation bureaus should examine contracts made long before the law was passed.

Take the case of a contract made in 1940. The work has been done and paid for; taxes have been paid to the government on the profits, if any; labor has been paid and the money balance distributed either in repairs to plant or perhaps paid in dividends to stockholders.

Danger of Retroactive Measures.
Suppose that same thing happened to our local store, or even to our farmers themselves. Suppose the prices we received for our crops, or the conservation payments by the government for 1941 or 1942 were suddenly to be "renegotiated." Every farmer has either fed out or sold his crop, purchased new machinery or perhaps painted the barn, or bought a new dress for his wife. If, under a retroactive law, he were suddenly put up against the threat of renegotiation, all of his credit, and perhaps even his investment would be disturbed.

No one wants unfair profits or excessive dividends out of war contracts. Investigation has shown that over 65 per cent of industry and business made no excessive profits out of the war. Certainly no farmers have received excessive prices for farm crops.

Now Is the Time for Unity
We want to get on with this war. We must have unity. Unity is based upon mutual confidence in our government and in each other. We are all looking forward to a return of peace after the war has been won. We will then want to resume our domestic markets, replace worn-out farm machinery and resume our normal trade relationships. Industry and business will need all of their American ingenuity and strength to provide jobs which, in turn, furnish our domestic market after the war.

True, renegotiation at present is applied only to industry and contracts with the government. But we all recognize the good old American principle that what is sauce for the goose is sauce for the gander.
If business contracts can be renegotiated under a law passed long after the business contracts were made, how about the sanctity of our own contracts?

Just now the fire seems far from our own neighborhood, but if we look closely, our domestic markets, both now and after the war, are involved. We can well take time off to show a little neighborly spirit and help put out the fire.

The Peoples' Edict

Money to pay for the war, yes; but no money for frills in the civil operations of any of our governing bodies. That is the edict of the American people.

Shoe Rationing Act Is Amended

Amendment of shoe rationing regulations to release for sale without restriction certain types of sandals and "safety" shoes was announced today by Mr. Melton, chairman of the Knox county War Price and Rationing Board.

"Experience under rationing has shown that certain types of footwear which contain little essential material cannot reasonably be transferred for ration currency," Mr. Melton explained.

"It is for this reason, the OPA advises us, that certain 'extra pair' types, especially play shoes were temporarily released a few weeks ago by a previous amendment.

"Under the provisions of the latest amendment, certain additional types are included in the non-rationed group. This will allow retailers and manufacturers to dispose of their stocks of these shoes and at the same time save valuable walking mileage in more essential types."

The new amendment to the shoe rationing order, effective March 24, releases from rationing, if completed, packaged and shipped from the factory before April 16, 1943, the following:

Shoes such as sandals with a heel height of 1-1.8 inches or less with an open back regardless of what materials are used had to be wholly of fabric, imitation leather, sheepskin, cape or a combination of these materials in order to be in the non-rationed class.

Shoes which have rubber or leather in the sole only as hinges, tabs, heel inserts or other non-skid or sound-proofing features covering not more than 25 percent of the area of the sole. Any material may be used in other parts of the shoe. Heretofore certain shoes with soles of rope, wood or other non-strategic materials remained rationed because they had a leather upper.

The other new amendment to the shoe rationing order recog-

nizes that safety shoes are a necessary tool to some workers, and to facilitate the use by workers who need such protection, the ration order is amended to provide that an applicant for safety shoes required to protect his health or safety because of the conditions under which he works may be found to have need for them, even though a member of his family has a war ration shoe stamp which the applicant could use.

The latest change in the regulation makes such an applicant eligible for a temporary shoe purchase certificate or a special shoe stamp if he does not have a valid war ration shoe stamp or other shoe ration currency of his own or if his employer does not furnish safety shoes to him without charge, or if the shoes are needed under conditions which make it essential that he have this type of shoe to protect his health and safety and that he has no more than one pair of these shoes that are wearable or repairable.

Under this amendment, the applicant who needs safety shoes to protect him from accident or injury is not required to use the stamps of other members of his family. "Safety shoes" are defined as protective occupational shoes incorporating such safety features as a steel toe box, electrical conductivity, electrical resistance, non-sparking, and molders' protection shoes of the so-called "congress" type.

Knox County War Price and Ration Board 56-138, Benjamin, Texas.

New winter tires for aircraft have parallel rows of steel coils imbedded in the tread so that the edges grip on ice and snow.

Gems Of Thought

Adversity is the trial of principle. Without it a man hardly knows whether he is honest or not.—Fielding.

It is only when the cold season comes that we know the pine and cypress to be evergreens.—Chinose.

Life's ills are its chief recompense; they develop hidden strength.—Mary Baker Eddy.

Many secrets of religion are not perceived till they be felt, and are not felt but in the day of a great calamity.—Jeremy Taylor.

It is not until we have passed through the furnace that we are made to know how much dross there is in our composition.—Colton.

Adversity has ever been considered the state in which a man most easily becomes acquainted with himself, then, especially, being free from flatterers.—Samuel Johnson.

LOCALS

Mr. and Mrs. James W. McMorris visited with relatives and friends at Lawn, Texas, during the latter part of last week.

Mrs. W. V. Tiner returned home last Friday from Walters, Okla., where she visited her daughter, Mrs. James Dyke, for about a week.

Mr. and Mrs. Grady Roberts returned home last Friday from a two weeks' visit with friends in Austin.

County Clerk M. T. Chamberlain of Benjamin spent the week end with home folks at Munday.

Mr. and Mrs. S. E. McStay were in Benjamin Sunday, where they met their son and family, Mr. and Mrs. J. Dee McStay and son, Johnny, of Vernon for a visit in the home of Mr. and Mrs. A. H. Sams.

Mr. and Mrs. C. H. Cottingham of Gilliland were business visitors here last Monday.

Some of the country's leading authors owe their first success to Book of the Month Club Selections

Harry Scherman, President of the Book of the Month Club, has given away more books than any man in history—the Club members received more than 2,000,000 books "twice as fast" since.

If the 30,000,000 Books distributed by the Book of the Month Club were placed end to end, they would reach FROM SAN FRANCISCO TO NEW YORK AND FROM CANADA TO THE GULF OF MEXICO

Society

Miss Hazel Ratliff, Lieut. Shelton Are Married At Goree

At high noon Sunday, March 21, Miss Hazel Ratliff of Goree and Abilene and Lieut. Robert Shelton of Alexandria, La., were married at the home of the bride's parents, Mr. and Mrs. W. C. Ratliff of Goree. Rev. J. Waid Griffin, pastor of the Goree Methodist church read the impressive double ring ceremony.

The bride, who was given in marriage by her father, was attended by her sister, Mrs. James A. Cunningham. Sgt. Speed Standifer of Camp Barkley was best man to the groom. The bride's sister, Miss Jerry Ratliff, sang the nuptial solo.

The bride wore a white slipper satin wedding gown with a sweetheart neckline and long fitted sleeves. Her fingertip veil was held in place by a coronet of orange blossoms, and she carried a white Bible topped with gardenias. She also carried a Cuban lace handkerchief, which belongs to her aunt, Mrs. Harve Ratliff of Bowie.

The bride's parents hosted a reception following the ceremony. The tiered wedding cake with a miniature bride and officer-bridegroom centered the lace covered dining table. Snapdragon and ferns were banked around the punch bowl. Miss Emma John Blake of Abilene ladled the punch, and Misses Marjorie Arnold and Bonnie June Roberts assisted with the serving.

Mrs. Shelton is a graduate of Goree high school. She attended McMurry college, where she was a member of the Changers, choral group, and she holds membership in the Abilene chapter of Beta Sigma Phi sorority. She has been working in offices of the quartermaster's corps at Camp Barkley for the past year.

Lieut. Shelton was commissioned by the U. S. Army corps of engineers at Ft. Belvoir, Va., in December, and has been stationed at Camp Claiborne, La., since. He was formerly at Camp Barkley.

The couple left immediately after the reception for their wedding trip. They are making their home in Alexandria, La.

HOME FROM HOSPITAL

Mrs. M. B. Caughran, who recently underwent an appendectomy at the Wichita Falls clinic hospital, was returned to her home in Munday on Tuesday of last week. She is reported to be recovering nicely.

Mr. and Mrs. Levey Burton and little daughter of Haskell visited in the home of Mr. and Mrs. U. S. Rogers last Sunday.

Formans Celebrate Golden Wedding On Friday, March 26th

Mr. and Mrs. C. A. Forman, well known residents of Munday, who have been married 50 years, celebrated their golden wedding anniversary at their home here on Friday, March 26th.

Rev. W. H. Albertson pastor of the Munday Baptist church, officiated at the wedding, using the original marriage license issued the couple fifty years ago. Their little granddaughter, Glenda Gale Guffey, acted as ring bearer.

After the marriage ceremony was concluded, Rev. Albertson read Bible scriptures, using the 23rd and 27th chapters of Psalms.

All of Mr. and Mrs. Forman's children and two grandchildren were present for the celebration. The children are Mrs. Clarence Moon of Cisco, Bill Forman of Cisco, Ben Forman of Hobbs, New Mexico; Mrs. Grady Weaver of Wellington and Mrs. J. D. Stratton of Knox City. The grandchildren present were Iowan Weaver of Wellington and Mrs. Fred Stockton of Seattle, Wash.

After receiving congratulations from their children and friends, gifts which Mr. and Mrs. Forman received were admired, and the bride's cake was cut and served.

J. D. McClaran Is Honored On His 78th Birthday

J. D. McClaran, well known Knox county resident, was honored with a birthday dinner at his home last Sunday, that date being his 78th birthday.

Among his children and grandchildren present were Mr. and Mrs. J. C. Greenway, Mr. and Mrs. A. F. Dixon, Mr. and Mrs. W. R. Wilkerson, Mr. and Mrs. J. D. Greenway, Miss Elva Greenway, Mrs. Erin Batterton, Mary Maehen, Mrs. B. B. Weaver and Laura Warren.

Those sending gifts were Mr. and Mrs. Don Douglas and daughter, Mrs. J. Myers and son, R. E. McClarmick and Mr. and Mrs. L. K. Ballew and daughter.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Dave Jetton of Munday announce the birth of a son, born Tuesday morning, March 30. The new arrival is the third child in the family and has been named Jimmie Joe. Both mother and baby are reported doing nicely.

Mrs. J. C. Harpham returned home last Monday evening from Brownwood, where she had been visiting her mother and other relatives for about ten days.

Cotton Rug is Sensation

Most widely discussed topic in the rug market today is the new Victory Rug of cotton, such as the one pictured here. Highly serviceable and with a thick pile, the rugs excel any previous cotton productions. Besides the figured design pictured, the rugs also are being manufactured in solid colors and in large room sizes in a beautiful range of colors.

H. D. Club Women Introduce New Variety of Corn

Forty-four Home Demonstration club members of Knox county are introducing into the county a new variety of corn according to Lucile King, county home demonstration agent. It is known as "Honey June Corn," which is a hybrid of June corn and sweet corn, developed at the Chillicothe Experiment Station. It is drought resisting and has been very highly recommended for canning purposes. It requires ten minutes less time for processing when canning.

Home Demonstration members who are fortunate to receive this new type of corn are going to make special efforts to maintain its purity by isolation from other corn and hope to produce enough high quality seed for all who want it in 1944 and also to furnish their neighbors with some corn for canning purposes. This corn should be planted sometime in April.

The women are in dead earnest about increasing the seed of this new type of corn for Knox county, as there will no doubt be a great demand for seed of this type next year.

WASHBURN NEWS

Mrs. C. N. SMITH, Correspondent

Mr. and Mrs. J. R. King visited relatives near Weinert last Friday night.

Maurice Patterson of Munday visited Elizabeth Smith last Sunday.

C. O. Scott visited relatives in Wichita Falls last week.

C. N. Smith was in Hood community on business last Friday.

Mr. and Mrs. Joe Patterson and children visited relatives near Sunset last Sunday.

Mr. and Mrs. Delma Hill visited Mr. and Mrs. A. M. Searcey last Sunday.

Mr. and Mrs. Otis Simpson and children visited relatives at Matson last Sunday.

Mrs. Mann Broach was admitted to the Abilene hospital last Monday for major operation. The community wishes for her a speedy recovery.

C. N. Smith was in Benjamin on business last Friday.

Elma Lowe of Munday visited Mildred Smith last week.

Mrs. Gilbert Green and baby of Wichita Falls visited relatives in this community last week.

Mr. and Mrs. R. B. Jacob of Midland, Texas visited his parents Mr. and Mrs. Loyd Jacob last week.

Mr. and Mrs. C. N. Smith and daughters visited relatives at Haskell last Sunday.

Mr. and Mrs. Ed Thompson of Goree visited in the home of Mr. and Mrs. Mann Broach last Sunday afternoon.

Reba Vene Narvol of Munday visited Ethelena Simpson last Tuesday night.

Mrs. Joe Patterson and children visited Mrs. Patterson's parents at Roby, Texas last week end.

Mr. and Mrs. Marvin Dodson of O'Brien visited relatives in the community recently.

Jane Hill visited Mary Jo Steele of Munday last Tuesday night.

J. B. Broach and J. R. King were in Wichita on business last Wednesday.

G. W. Gulley and sister Miss Ada Gulley of Goree are visiting relatives at Vineyard, Texas this week.

Benjamin Club Members Render Chapel Program

The 4-H Club members from Benjamin rendered a program for Knox City chapel exercises, Friday, March 26, 1943 at 9:45 a. m.

Joyce Corley, Knox City club chairman, presided at the meeting. Margaret Bell and Jane Rutledge gave a very interesting demonstration on setting a hen, the necessity of controlling the external parasites and testing of eggs.

Bryson Laird told of a pig demonstration that is being conducted by the boys club at Benjamin. They are determining the value of feeding soaked and dry milo grain and protein supplement.

Stanley Glover told about feeding a calf that won grand championship in Knox County and about his trip to Wichita Falls. This calf weighed 875 lbs. and sold for 26¢ per lb.

Colored P. T. A. To Elect Officers

The colored Parent Teachers Association will hold its last meeting next Monday evening, at which time officers for the next year will be elected.

Allene Johnson, who contacted colored patrons for Red Cross contributions reports "a creditable showing," of which all members are justly proud. The amount contributed was \$21.00.

Miss Pauline Gage visited with friends in Lameza over the week end.

At The Churches

AT THE METHODIST CHURCH Luther Kirk

If the Gospel of Jesus Christ is to prevail, it must find expression in our actions, and not in words only. In short, the church must minister to the whole life in all of its needs wherever people are found. Applied Christianity is the remedy for a war torn world.

We need to set all the Christian forces at work to help shape a new world that is struggling to be born. An excess of conservatism in our willingness to give all that we have of body, mind and spirit that this new world may be more utterly Christian, will cause us to suffer a grave impairment of our influence and usefulness.

Let's pull together for Christ. Attend the religious services at your church Sunday. If you are not attending elsewhere, come and worship with us.

Church School — 10:00 A. M. Morning Worship—11:00 A. M. Youth Fellowship. 6:30 P. M. Evening Service—7:15 P. M.

FIRST BAPTIST CHURCH

Last Sunday we had good crowds and good services both morning and evening. Spring is here. We have had a good rain, and we should all be feeling tip top and be very grateful to the Lord for His wonderful blessings. This is a good world to live in, in spite of Hitler and his gang.

"The earth is the Lord's, and the fullness thereof; the world, and they that dwell therein. For He hath founded it upon the seas, and established it upon the floods. The Lord is my light and my salvation; whom shall I fear? The Lord is the strength of my life; of whom shall I be afraid?"

We will observe the Lord's Supper next Sunday. Let's bestir ourselves these spring days and come to the house of the Lord.

W. H. Albertson.

W. W. Bouldin, who is serving in the navy and stationed in California, is here for a visit with relatives and friends this week.

SENIOR REPORT

Hello, folks, we're back again after a very nice week end. Anyway, it stopped raining and turned warm. We hope the rain helped your Victory Gardens. We know you're all going to grow one to help yourself and your country.

Did You Know? ? ?

In 1492 Columbus discovered America and in 1942 Hitler discovered it was still alive.

Censors are human. A girl has received a letter from her boy friend in Africa, ending with a row of crosses and this line: "I hope the censor doesn't object to this." Underneath the censor added, "Not a bit."

SENIORS ON PARADE

This week another senior comes dancing in, and, by the way, she's not bad at it either. Her face is always bright with a smile, and she has a good word for everyone. She is 16 years old, has brown hair, brown eyes and weighs 117 pounds. Her favorite orchestra is Harry James, and her favorite song is "I've Heard That Song Before." The teachers are all okay

by her, and she likes to take business law.

She is no other than Mildred Stengel, editor-in-chief of the Rhineland Register, and daughter of Mr. and Mrs. Charles Stengel.

SOPHOMORE REPORT

Well, well, well! Nice weather we're having isn't it? Maybe most of the class will come to school now that the weather is warm. Here are few questions which the class would like to know:

Is Rosemary a seamstress, since she is wearing so many new dresses?
Did Madeline like the show Sunday night?

FRESHMAN NEWS

Everyone is enjoying this sunshine because we know we are getting plenty of vitamin D, so our science book says.

We think we can all justly say that we like biographies better than poems like "The Lady of the Lake."

REPORT OF ROOM III

The eighth grade students are memorizing poems at present.

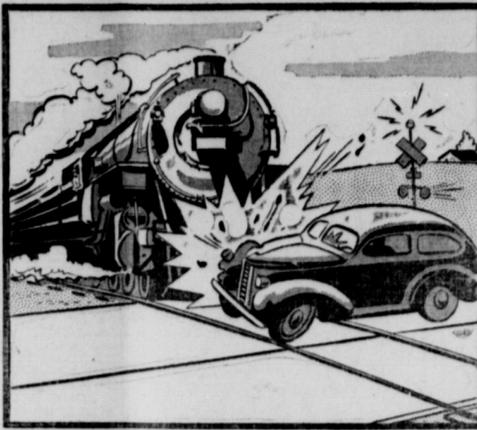

Look! Listen! Live!

The accident illustrated here is an actual occurrence and is typical of a large volume of those that often result in tragedies.

A freight train was approaching a crossing in a small city. As the train neared the main thoroughfare, an automobile carrying three young men approached the crossing, speeded up and dashed by the warning bells and flashing light signals in an attempt to beat the train over the crossing. They lost the race. Two of them lost their lives and the other was critically injured. They gambled and lost.

As the train was brought to a stop, the engineer climbed down out of his cab and, reporting to the police authorities, said: "I've got 41 cars of war explosives behind me. I couldn't put on the brakes fast because I was afraid I would set it off." The local police authorities, after investigating, said that the explosives were powerful enough to have destroyed the small city and caused a tremendous loss of life.

In more than 80 per cent of these accidents, the crossings have added protection, such as flashing light signals and bells, as was the

case in this instance. Yet motorists persist in ignoring these warning measures—too often with disastrous results.

The National Safety Council is conducting a special campaign to stop these accidents, which every day delay 38 trains a total of 22 hours—a damaging drain in the nation's war transportation effort.

China Is Doing Major Part For The War Effort

If the next peace is to be just and lasting the American public at large should know what China is doing to help win the war and the kind of country China is becoming, an American woman who worked in rural China for 12 years told staff members of the Texas A. and M. College Extension Service during a recent conference.

The speaker was Miss Josephine A. Brown of New York, farm-reared native of Nebraska, who in recent years has done educational and social welfare work in China.

Eighty-five per cent of China is agricultural, Miss Brown said, and prior to the "China Incident" which began in 1937, China's industrial wealth was concentrated around Shanghai and along the coast. When factories were bombed out of existence, the nation's economic life became disorganized. Despite the mass evacuation of 50 million people and the penetration of one-fifth the country by the Japanese, China is carrying on nobly in the sixth year of war, she said.

One movement which has made this possible has been the organization of small rural industrial cooperatives in the interior which

provide employment for evacuees, dispose of huge quantities of raw materials formerly exported, manufacture goods needed by military forces and civilians, and help ward off inflation. Keeping the cooperatives small has cut down cost of transportation of the processed products and has prevented these minute factories from becoming targets for bombs.

Miss Brown's story of China at war will be told in a broadcast on the Texas Farm and Home program Tuesday, April 20, at 6 a. m. She will be assisted by C. E. Bowles and Miss Myrtle Murray of the Extension staff.

Fats Collections Are Short
Collections of waste kitchen fats during January increased nearly 900,000 pounds over the preceding month, but fell short of the monthly quota of 16,667,000 pounds, according to the salvage division of WPB.

April 4 To 10 Is Designated As Clean-up Week

Texas Governor Calls For Observance By All of Texas

By proclamation Gov. Coke R. Stevenson has designated April 4 to 10 as the annual spring Health and Clean-up Week in Texas.

The Governor respectfully solicited the support of municipal officials public health authorities, fire departments, civilian defense units, schools, clubs, civic organizations, the press, the radio and citizens individually in making the observance of clean-up week statewide in scope and results.

In part the proclamation read, "every loss of food, supplies, production facilities, property and life weakens the resources of this nation, and the preservation of the health of our citizens and the preservation of property from destruction by fire is of vital importance to the support of our men engaged in the battles of a global war."

"Governor Stevenson's proclamation is indeed a timely one. There has not been a time in our generation when the need of fire prevention was of greater importance than now," said Marvin Hall, State Fire Insurance Commissioner.

"Our active participation in clean-up week," he continued, "can mean fire prevented by the removal of hazards. In our battle to reach war production goals fire haunts us as our most destructive and deadly enemy on the home front."

"As war conditions will in the future exact a heavier toll on our resources and productiveness each fire loss reflects a delay in hastening victory."
Illustrating the need for fire prevention, the Commissioner added, "we burned almost a million dollars a day in 1942 in fires that included the destruction of war supplies, factories, essential raw materials and homes of war workers."

JACK PIPPIN ENTERS TRAINING AS AIR CADET

Jack Pippin, son of Mr. and Mrs. C. C. Pippin, who has been in the U. S. Air Reserves for several months, was recently called for training, reporting at Dallas for assignment. His parents received word last week that he is stationed at Santa Ana, Calif., and is starting his training as an air cadet.

Mr. and Mrs. J. J. Keel and daughter, Miss Leona Keel, visited relatives in Tahoka over the week end. Mr. and Mrs. Keel's grandson, Jimmie McDonald, returned home with them for a few days visit.

Minister and Mrs. Carl A. Collins left Tuesday for Fort Worth, where they visited their daughter, Mrs. William H. Bryan, and they brought Mrs. Bryan's belongings back with them. Mr. Bryan has been called into the service, and Mrs. Bryan will join her parents here in the near future.

Classes Make Recent Visit To Times Office

Two science classes of the Munday schools, Mrs. Luther Kirk as instructor, paid recent visits to the Munday Times office to see the workings of their home newspaper.

Upon arrival, members of the class were shown how type was set on the Linotype, how the type was proofed and read for errors, how assembled into pages and printed. They viewed the large press printing four pages of the newspaper, and the girls on their visit were given 4-page copies of the paper as souvenirs.

The boys visited the office at a different time and did not see the paper actually being printed. All members seemed very interested in the operation of the several pieces of machinery, such as the Linotype, presses, folder, etc.

Members visiting the office are: M. M. Booe, Joseph Borden, John Brown, James Cadwell, Lillian Cerveny, Billie Joe Hensley, Ray-

mond Mitchell, Kenneth Phillips, Willie Pippin, Charles Roden, Fred Seacey, Lyndal Smith, Joe Spann, John Lee Spann, Wayne Walton, Merle Weaver, Betty John Beauchamp, Mary Alice Beck, Bobbie Boggs, Jean Chamberlain, Lola Cumba, Avanel Green, Marion Howeth, Mary Tom Kirk, Emmogene Lovell, Patsy Masey, Noraline Moylette, Oleta Norman, Martha Ann Reynolds, Junerose Salem, Betty Jean Snody, Mauvour Thompson, Opal Followill, Betty Jane Spann and Jessie Faye Johnston.

Pressure Cookers For Canning

About 150,000 pressure cookers will be produced for this year's canning season. Although that will be twice as many as were made in 1942, it is believed that demand will be far in excess of the supply. It is uncertain, however, whether more than 150,000 can be produced this year because of the scarcity of critical materials required in manufacture, such as metals and synthetic rubber rings required to seal pressure cookers.

Walter Harris was a business visitor in Abilene last Saturday afternoon.

When a Feller Needs Another Hand

Butch is in a predicament... one that isn't covered by military training. While he certainly could use another hand, we're betting that Butch will find a way to handle the situation.

In fact, most every businessman, farmer, stockman... every producer in West Texas today... knows just how he feels. They, too, need another hand.

Your Electric Servant has the same problem. Right now, we're being called on to balance good service and low rates against fast-climbing operating costs and shortages of material.

We're doing it, too. Filling every wartime order ahead of schedule in addition to your normal peacetime needs. And besides that, we're balancing a big plate of taxes.

Don't get us wrong. We know the necessity of heavy wartime taxes. We're proud that ours was a sizable portion of the \$620,000,000 in taxes paid last year by America's business-managed electric companies. That was 23c out of every dollar paid for electric service. The total of \$620 million dollars was enough to outfit 1,687,762 soldiers like Butch.

We're proud, too, that there has been no rationing of electricity... and no increase in cost to you!

How is it possible to do this... pay heavy taxes, overcome shortages of material and manpower?

Well, the credit goes to sound, well-balanced business management. And because our trained and experienced organization of men and women are working together as a team.

But while America's electric companies, under business management, are doing all this, government and municipal (politically operated) power systems are not paying a penny in taxes to help win the war.

Shouldn't every one do his full share?

West Texas Utilities Company

INVEST IN AMERICA—Buy War Bonds and Stamps!

On The Home Front

S.E.M. Division of Information

The nation's farmers have suddenly become an important factor in the government's drive to stamp out a black market in meat, which has been draining the supply from the armed services, lend-lease and legitimate civilian consumption.

The black market operator not only has been selling meat above ceiling prices and wasting vital by-products, but he has also become a menace to the nation's health, selling meat which has not been properly chilled and which has not been inspected.

In order to stamp out the black market operator, the government has taken several steps which will protect the legitimate slaughterer.

Three orders have been issued by the Food Distribution Administration in connection with the national meat management program. They are:

1. All livestock slaughterers who sell meat, including farmers and local butchers, to operate under a slaughter permit system, and, as an aid to enforcement, to stamp their permit number at least once on each wholesale cut;
2. All livestock dealers to obtain permits to buy and sell livestock and to keep complete records of their operations (farmers are not required to obtain dealer permits but they are asked to keep records of their purchases and sales);
3. All slaughterers operating under federal inspection to set aside for war uses designed percentages of their production.

The permit orders become effective April 1. The set-aside order has been in effect since March 5.

Extension of point rationing on March 29 to cover meats, cheese, butter, fats and oils has raised several problems for the farmer, especially if he slaughters any animals for selling off the farm.

A "farm slaughterer" is defined as a resident farm operator who in 1941 delivered meat hav-

ing a total live weight of not more than 10,000 pounds. If he is engaged in selling meat in 1943, he must—

1. Secure a slaughter permit from his county USDA War Board (not the OPA War Price and Rationing Board) by March 31. To qualify for a permit he must be operating under federal, state, county, or city inspection, or must certify that he has adequate sanitary and other facilities for slaughtering.

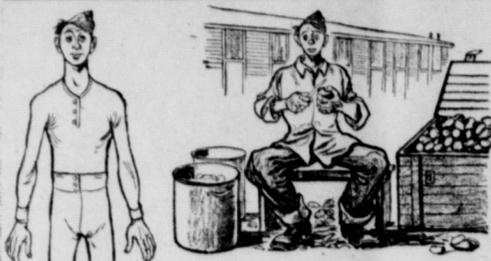

2. Furnish with his application the information called for as to the amount of meat he slaughtered in 1941. If he is unable to do so, he may either (a) accept a quota for 1943 of 300 pounds of meat to be sold or (b) sell the meat from three animals, including not more than one head of cattle.

Each farm slaughterer is required to collect ration points, according to the official schedule of point values for each ration period, and he must make complete reports on all meat sold or transferred by him. Price ceilings apply to all meats sold, and beef, veal, lamb, and mutton must be graded according to U. S. Department of Agriculture standards.

Regional OPA and Food Distribution Administration officials urge all farmers who are engaged in slaughtering and selling of meat to check immediately with their county USDA War Boards and OPA War Price and Rationing Boards for further information on restrictions aimed at preventing black market operations, obtaining adequate supplies of meat for direct war needs, and aimed at securing the necessary control over the supply of meat so that it can be fairly distributed through consumer rationing.

Farmers who have been meeting increasing difficulties in securing tractor tires received encouraging news from the Office of Price Administration this past week. Tire dealers or persons selling or servicing farm equipment who need rear-wheel tractor tires to serve their customers will be able to get stocks for this purpose, the OPA announced. The amendment to the regulations provides that applicants may be allotted enough of these large casings to bring the inventory for each establishment to not more than six. Tubes for these

tires are to be allotted on the same basis. Application is to be made on OPA Form 60 to the OPA state director or district manager having jurisdiction over the area in which the establishment seeking the allotment is located.

A developing black market in white seed potatoes, which were being sold for human consumption at fancy prices, has been nipped by government action. Their sale is now prohibited except for planting, and a fixed price carries them 75 cents a bushel above table stock prices.

High protein feeds, needed to secure production of high protein foods, such as milk, eggs, and meats, are so much in demand that supplies of high-protein concentrates must be fairly distributed, with no waste whatever, if they are to meet minimum feed requirements this year. There are sufficient amounts of these feeds available, providing that farmers, feed

Decrease Shown In Traffic Accidents

AUSTIN—Fighting men of the Texas-American forces are learning to stay alive over here so they can get the job done over there, State Police Director Homer Garrison said today.

Garrison announced that traffic accidents involving military personnel decreased considerably in 1942, despite the enormous increase in the number of military personnel in Texas.

In 1941 there were 114 members of the armed forces killed in Texas collisions. In 1942 this figure was reduced to 70, or a drop of 39 per cent.

In all accidents involving military personnel either as drivers, passengers or pedestrians, 194 persons were killed in 1941. This number dropped to 133 in 1942, a decrease of 32 per cent.

Civilians losing their lives in such collisions were 80 in 1941 and 63 in 1942.

State Police statisticians found that 67 per cent of these 1942 fatal collisions occurred at night, 33 per cent of them between the hours of 11 p. m. and 3 a. m. Fifty eight per cent of them occurred on highways, 23 per cent in cities, 5 per cent in small towns, and 14 per cent on country roads. Of the 153 vehicles involved, only 18 were government owned. These facts, Garrison observed, indicate that the Army's official driving record in Texas is outstanding, and that while most of these fatal collisions involved military personnel on leave, the soldier and sailor "on their own" are driving and walking with increasingly greater care.

Mr. and Mrs. H. E. Dikes of Benjamin were business visitors here last Monday.

Mrs. D. C. Eiland and Mrs. Sebern Jones and daughter, Carolyn, were business visitors in Wichita Falls last Thursday.

Mrs. James A. Rayburn visited in the home of Mr. and Mrs. Deaton Green of Seymour last Sunday.

Claude Edwards, who has been serving in the army and stationed at Centeur, Mo., is here this week for a visit with his sister, Mrs. G. K. Eiland. Mr. Edwards received his discharge from the service.

Goree News Items

Dewey Struck, who is stationed at Denver, Colo., is here for a visit with his relatives. Dewey is a flyer, having 600 hours to his credit. He had many interesting things to relate regarding his work and aviation and is enthusiastic about flying. Goree and surrounding country are justly proud of all her boys in every branch of the service.

Naomi Hampton is a patient in the Wichita Falls clinic hospital. Naomi developed mastoid trouble and was carried to the hospital Saturday. Word has been received that she is improving and will not likely have to undergo surgery.

Van Thornton, Jr., writes his parents that he has been transferred to Santa Ana, Calif. Mrs. W. M. Word of Knox City was a visitor here with her sister and family, Mr. and Mrs. L. C. Vance. Mrs. Vance and Mrs. Word were business visitors in Wichita Falls Friday.

Mr. and Mrs. J. A. Brogden of Morton were here for a visit with their son and family. Mr. and Mrs. Paul Brogden. They also visited William Brogden at Sheppard Field.

Joe Lee Stratton of Sheppard Field was a visitor here over the week end with his wife and parents. Joe Lee was transferred from North Carolina to Sheppard Field a few months ago.

Mrs. Clyde Boyles and son, Jimmie, of Bisbee, Ariz., are here for a few days with Mrs. Boyles' mother, Mrs. Levi Cowser, and other relatives.

Mr. and Mrs. Forrest Daniell have returned from Lubbock, where they visited their son, Forrest, Jr., who is a student in Texas Tech. They also visited other relatives in that city.

Mr. and Mrs. W. G. Baker and family of San Angelo spent the week end in the home of Mr. and Mrs. E. N. Miller.

J. W. Fowler was a business visitor in Wichita Falls last Wednesday.

Mrs. Joe Lee Stratton and Mrs. A. J. Stratton were visitors in Monday one day last week.

Mrs. Sam Hampton is staying at the hospital at Wichita Falls, attending the bedside of her daughter who is there for treat-

ment. Yunic Hall, son of Mrs. Mable Hall, has written that he is somewhere in Africa; that he is well and on active duty.

Mrs. H. L. Chamberlain of Morton returned to her home last Monday after spending a week at the bedside of her sister, Mrs. G. A. White. Mrs. White is reported to be doing nicely now.

Mrs. J. W. Roberts visited relatives in Haskell last Tuesday. She was accompanied home by her father, Dr. J. D. Smith, who spent Tuesday night in the Roberts home.

Ben Bowden, who is attending Hardin-Simmons University in Abilene, visited his parents, Mr. and Mrs. J. O. Bowden, last Sunday.

J. C. Nelson of Dallas visited his parents, Mr. and Mrs. J. R. Nelson, and other relatives here over the week end.

Mr. and Mrs. Roy Sanders and little daughter, Carol Ann, of Haskell visited Mrs. Sanders' parents, Mr. and Mrs. H. A. Pendleton, last Sunday. Carol Ann remained for a longer visit with her grandparents.

Mrs. W. M. Huskinson and son, Bill and Mrs. Paul Pendleton spent last Sunday in Wichita Falls, visiting with Mr. Huskinson and Paul Pendleton, who is stationed at Sheppard Field.

Clyde Burton of Floydada visited his father, W. T. Burton, and other relatives here over the week end.

Mrs. Bula Smiley of Kansas City and Mrs. Clara Finley of Alamota, Kansas, are here this week for a visit with their mother, Mrs. E. R. Hobert, and with other relatives.

WE SELL

SECURITY

Every time you buy a War Bond at this bank, we sell you two kinds of security:

Security For America

Bonds buy the tanks, planes, guns and ships our country needs for victory. They buy security for America!

Security For You

In 10 years, the value of these bonds will increase one third. Buy them now for America's security today—for your family's security tomorrow.

The Munday Times

Mr. O. K.

Says...

What The N. A. I. T. D. Tells Us About The Rubber Situation:

1. That we do not have any extra rubber!
2. Take care of the rubber you now have.
3. Keep close contact with your independent tire dealer for the purpose of seeing what your tires need most.

It was made clear by a representative of the Office of Rubber Director, Washington, D. C., at a meeting in Dallas, that rubber used for re-capping and repairing will be 100 per cent reclaimed rubber in the very near future.

Another outstanding point was made clear: That re-capping and repairing would not be frozen again unless we, your tire recappers and repairers, brought it upon ourselves by recapping tires that have too much rubber on them.

We cannot urge too strongly that you bring your tires in and get the benefit of quality workmanship and the best rubber available under the present program.

We boys in our shop will endeavor to give you the best of service in every way possible, so your tires will last longer. Bring us your tires and let us advise you as to whether they are worth recapping and repairing.

BOYCE HOUSE

Without regard for the legislature, which had set the salary, the executive director of Old Age Assistance has received a \$1,000 increase a year and other officials of the department have received pay hikes too—and it was eleven months before anybody on the outside found out.

Rep. Ennis Favours' committee also has discovered that one man has been holding two State jobs and drawing two State salaries at the same time—\$250 a month as director of appeals and complaints in the Old Age Assistance department and \$7.50 a day as Senate parliamentarian by appointment of Lieut. Gov. John Lee Smith.

While all this salary-grabbing has been going on, the pension checks to the old people have been cut \$3 a month.

All these facts taken together are sufficient to turn the stomach of a decent citizen.

When your columnist was editing a "country weekly" for a year up in the northeast corner of Arkansas, a traveling man told me about a fellow in the neighboring state. Passenger fare in Missouri was 3 cents a mile—but, on lines less than 100 miles long, 5 cents a mile could be charged, so this chap built more 99-mile railroads than anybody in the history of the world.

He wasn't so much concerned for a fast operating schedule for his trains as he was to hold down construction costs—so, instead of tunneling through a hill or bridging it, he would build around it. Of course, the distance was much greater but he saved a lot of money.

There was a spot on one of his lines where a "jog" of several miles was made to miss a range of hills. Traveling salesman, knowing this, would drop off the slow-moving train, walk across and be waiting to climb back on board when the train got around the hills—just to make the train crew

mad!
In spite of his economies, the railroad owner had plenty of financial troubles and would get behind in meeting the payroll. One day in Cape Girardeau, he had had quite a few drinks and was walking unsteadily along the street when his heel came down on a barrel stave. The stave flew up and hit him in the back of the head. He turned around on wobbly legs, held up a hand and said, "Hold on, boys; I'll pay you off right now."

Always, in the past, whenever a legislator has tried to do something about the loan shark evil in Texas, somebody would say, "The Constitution won't permit that." Well, there's a constitutional amendment pending that will permit something to be done and now we will see whether those who always talk about the barrier of the constitution support the amendment and show that they were sincere in the past, or whether they fight the amendment and thereby show that they just don't want to do anything but are willing for the loan sharks to go ahead and plunder war workers and soldiers. It's as simple as that.

My favorite wolf story is the one that Baron Munchausen related. This great traveler—and liar—of several centuries ago said he was driving across the Russian steppes in a sleigh when a ferocious wolf gave chase. The baron lashed his horse into a run but the wolf gained ground until his foaming jaws were so close that Munchausen could feel the animal's hot breath on the back of his neck.

Just as the wolf leaped, the baron ducked and the animal went over his head and, landing on the horse's flank, ate clear through the horse and right into the bits—

"And," concluded Munchausen, "I drove the wolf on into Moscow."

Steady Prices Paid For Stock Here Tuesday

The Munday Livestock Commission Company reports a good run of cattle and hogs for last Tuesday's sale. All classes of cattle sold fully 25 to 50 cents higher than at the sale a week ago.

Canner and cutter cows sold from \$6 to \$9; butcher cows, 9.50 to \$10.75; beef cows, \$11 to \$12; butcher bulls, \$9.50 to \$11.25; beef bulls, \$11.50 to \$13.25; butcher yearlings, \$10.75 to \$12.75; fat yearlings, \$13 to \$15.50; rannie calves, \$9.50 to \$10.75; fat calves, \$13.50 to \$15.50.

Good stocker steer calves sold at \$16.30, and heifer calves up to \$16.00. Common stock steer calves sold from \$12 to \$15.

Mrs. Robert Green and children are visiting with relatives in Clarendon this week.

People, Spots In The News

BEACH FIRE—American light artillery gun crew hauled piece along beach in New Guinea before setting it up and pouring lead into Japanese machine gun nest in hiding in dense jungle land.

PETTY'S IDEAL—Rosemary La Planche, Miss America of 1941, now has long-term contract in the movies. Artist George Petty calls her the "ideal Petty girl."

MILLION \$ SONGSTRESS—Fund to replace lost cruiser Chicago leaped when Chantause Blidegarde sold \$3,000,000 in war bonds in one hour auction at Marshall Field & Company. John Erby, radio man on sunken vessel, was guest of honor.

Legal Notice
AN ORDINANCE REGULATING THE TAKING OF FISH FROM THE CITY LAKE OF THE CITY OF MUNDAY, REGULATING FEES TO BE CHARGED THEREFOR, PROVIDING PENALTIES FOR THE VIOLATION THEREOF, AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MUNDAY, TEXAS:

1. That hereafter it shall be unlawful for any person to take any fish from the City Lake, of the City of Munday, between February 1, and May the 1st, of each year.

2. It shall be unlawful for any person to take or catch any fish from the City Lake of the City of Munday, Texas, by any means other than the ordinary hook and line. No more than two hooks may be used on any line, and only live and or artificial bait may be used.

3. No person shall fish in the City lake, without first having paid the legal fee for such fishing, and obtaining a pass or ticket, permitting him to fish, as hereinafter provided.

4. Every person desiring to fish in the City Lake of the City of Munday, Texas, shall pay a daily fee of 25 cents for each person, or shall pay a season fee of \$5.00, which shall entitle such person or any constituent member of his family to fish during any one season.

5. No person shall fish in said City Lake of the City of Munday before sunup of any day, and not later than 30 minutes after sun down of any day.

6. All provisions of the Penal Code of the State of Texas, relating to size and number of fish that may be taken, shall prevail.

7. Any person violating any of the provisions of this ordinance upon conviction shall be fined in any sum not less than Ten Dollars, nor more than One Hundred Dollars, and each violation shall constitute a separate offense.

On account of there being no ordinance regulating the taking of fish from the City Lake of the City of Munday, from and after May 1, 1943, and no provisions having heretofore been made providing for protection of fish in said lake, creates an emergency, necessitating the rule requiring this ordinance to be read of three several occasions, be and the same is hereby suspended, and this ordinance shall become effective from and after its passage and publication.

Passed this the 25th day of March, 1943.

C. R. ELLIOTT, Mayor.

ATTEST:
(Seal) RILEY B. HARRELL,
40-3tc City Secretary.

This was far beyond the expectations of the class.
Members present were Betty Morris, Joan Rummel, Lillian Cerveny, Kenneth Harrison and Zack Gray. Other members of the class are Joan Snody, Dave Tidwell, Benson Broach and Wallace Pip-pin.

Housewives Eye Canning Goal As Huge 1943 Job

Estimate Is Based on Recommendation For Putting 100 Quarts Per Person This Year

Texas' essential wartime home-canning goal for 1943 total 641,482,400 quarts, a leading food distributor estimated today.

This huge job facing the state's 1,688,111 housewives represents an average of 100 quarts of home-packed food per person, the amount the United States Department of Agriculture has recommended for rural families and which it considers desirable also for urban families, explained Harvey A. Baum, vice president of A & P Tea Company's produce-buying affiliate, the Atlantic Commission Company. Any housewife who meets this goal will assure each member of her family two cups of home-canned food daily for about even months.

"The need for housewives to meet the goal was emphasized when Price Administrator Prentiss M. Brown reported that only 13,000,000 cases of commercially-canned fruits and vegetables would be available to civilians each month this year as compared to 30,000,000 cases a month last year," Baum said. "This means a reduction of 57 per cent, but civilians will get along on it so

our armed forces and allies can get the food they need to whip the Axis."

Baum believes many American housewives will fill this gap by purchasing fresh fruits and vegetables for both immediate use and for home canning inasmuch as these perishable foods require no ration points. The War Production Board has promised adequate supplies of covers and rubber rings for home canning.

"Beginning in May our company will furnish through its stores up-to-the-minute information as to when the various fruits and vegetables are available in sufficient quantities to warrant canning," Baum said. "It is a patriotic duty this year to can fruits and vegetables in peak production periods to avoid waste."

ED BAUMAN NOW AT NAVASOTA, TEXAS

The Times is in receipt of a letter from Ed H. Bauman, former Ford dealer here, ordering the paper to his address in Navasota, Texas. Ed is with the National Geophysical Company and was at High Island before being moved to Navasota.

He stated in his letter that his son, Lieut. Willard Bauman, is at Pyote, Texas, with the 19th Bomber Group.

Sheriff L. C. Floyd of Benjamin was here Tuesday, attending to business matters and attending the livestock auction.

Van Earl Sams of Childress, son of Mr. and Mrs. Earl Sams of Benjamin, was here the first of this week looking after matters

pertaining to paving of the road to Knox City. Van Earl is with the Texas Highway Department at Childress.

Jeff Webb of Seymour visited with his mother, Mrs. Etta Webb, last Sunday.

Tech. Sgt. and Mrs. J. P. Groves of Oklahoma City have returned home after spending a few days furlough in the home of their parents, Mr. and Mrs. Dan Groves. Sgt. Groves is stationed at Will Rogers Field.

Forty University of Texas coeds living at Scottish Rite Dormitory have formed a "foods for victory" club, and have planted a Victory Garden on a vacant lot behind the dormitory. Each day finds at least a dozen of them busy with trowel or spade for an hour or two after lunch.

Dr. Newsom Has Class To Visit Office Here

Members of the biology class of Munday high school paid a recent visit to the offices of Dr. R. L. Newsom which proved both informational and inspirational.

Betty Norris was asked to be the first patient, and a picture of her heart actions was taken on the cardiac machine. Then perhaps the most interesting incident was when Joan Rummel was asked to take a metabolism test.

Lillian Cerveny then requested to be the next patient, so her blood count was taken. It was interesting to see the slides made and watch the count taken.

Pictures of bacteria were shown, as well as several X-ray pictures.
