

SECOND WAR LOAN DRIVE IS UNDER WAY

Sidelights At Austin

By GEORGE MOFFETT

The present Legislature has been more serious-minded than any which I have been a member of. There is a definite tendency toward getting the necessary business attended to and adjourning. However, the war emergency has brought on the need for the adjustment of some laws which would not have otherwise been necessary. For instance, the second bill passed at this session provided for the deduction of the victory tax from salaries of the hundreds of State employees, teachers, etc.

Among other things, this session has not passed any tax remission bills and probably will not. However, this session promises to cut the State's running expenses somewhere around 12 or 14 million dollars, which is not an easy matter, for the cost of supplies has almost doubled in some instances, and there are about 25,000 people in the insane asylums and orphanages who have to be fed and clothed at State expense, and there are nearly 7,000 people in the penitentiary, and while they do considerable work, they have to be guarded day and night and, each one discharged is given \$50 and a suit of clothes. This, of course, creates an expense that few people know about.

In spite of the fact that the State is trying to trim expenses in practically every department, my sincere belief is that this session of the Legislature will provide some additional money for old age pensions. Two years ago, the Legislature provided that \$21,000,000 each year be spent out of the Texas Treasury for old age pensions, and the Federal Government has matched this amount with an additional \$21,000,000, making a total of \$42,000,000 annually for pensions. My prediction is that this will be increased to \$48,000,000 annually, or thereabouts, at this session, as Texas has more pensioners on its rolls than any other state in the union, including the State of New York, which has twice the population of Texas.

BINDER TWINE PRICE UP

Binder twine prices will be somewhat higher this year, because of the increased cost of materials. Cordage and twine fibers, from which binder twine has been made in the past, are scarce. WPB and the U. S. Department of Agriculture have, therefore, encouraged use of part cotton yarn combined with henquin and sisal. These fibers are more expensive than materials formerly used.

Sgt. Ralph Loran, who is stationed at Camp Barkeley, Abilene, visited with relatives and friends here the latter part of last week.

Will Americans Be More Tender With Their Money Than Lives of Their Sons

Washington, D. C.—A blunt challenge—whether Americans will be more tender with their money than with the lives of their sons—confronts U. S. citizens as they prepare to meet the appeal of the government to put an additional 13 billion dollars into the fight in the next three weeks.

American dollars which run off to some cozy shelter to hide while American boys are dying to defend our cities and towns from destruction and invasion will face a rising demand from all classes of patriotic citizens to come out and fight.

Millions of workers who now are buying War Bonds regularly out of current income must lend extra money to their government during the Second War Loan campaign (which started April 12).

In recognition of the spirit of sacrifice which is sweeping over the land as our troops swing into offensive action in Africa and await the signal for a landing in Europe, the Treasury Department is offering a series of government bonds to fit every pocketbook.

No matter whether Americans buy the familiar Series E Bonds or 2½ per cent bonds or 2 per cent bonds or tax certificates, they will be doing their part to make the Second War Loan drive a success.

Consumer spending Too High.
Consumer spending in 1942 was

Eddie Gibbins Buried At Vera On April 6th

Succumbs To Burns He Received In Explosion

Eddie Gibbins, well known Vera resident, died at the Knox county hospital on Tuesday, April 6, succumbing to burns which he received on March 7th in the explosion of a gas stove. Mr. Gibbins was in the hospital for 31 days, suffering from the fatal burns.

Born in Tarrant county on September 11, 1898, Mr. Gibbins was 44 years, 6 months and 25 days of age. He came to Knox county at an early age and resided here until his death. He was married to Miss Lillian Amburn on June 8, 1929, at Graham, Texas, and the happy couple spent their married life in the Vera community, where they were loved by all who knew them.

Mr. Gibbins is survived by his wife, a brother, J. H. Gibbins; a sister, Mrs. May Trainham; an uncle, Walter Snody, and his grandmother, Mrs. M. E. Snody.

Funeral services were held from the Vera Baptist church at 3:30 o'clock Tuesday afternoon and were attended by a large number of relatives and friends. Services were conducted by the pastor, A. A. Farley, with Rev. Robert H. Bergin, with special prayer offered by J. J. Collier. Interment was in the Vera cemetery.

Pallbearers were John Henson, Nobel Welch, Vincent Albus, Buck Feemster, Cecil Trainham and J. J. Collier. Flower bearers were Peggy Jean Horn, Thelma Hughes, Glyn Allen Jernigan, Joanne Hurd, Irene Richard, and Helen Welch. Special songs were rendered by Miss Mildred McReynolds, Mrs. Tom Hardin and Mrs. Beatrice Tolbot, with Mrs. Lee Feemster at the piano.

Roll Call Chairman Expresses Thanks

I want to thank everyone who made it possible for Munday to go over the top in our Red Cross membership and war fund drive. I also thank my committee, Mrs. W. R. Moore, Mrs. J. C. Harpham, Mrs. F. S. Broach, Mrs. R. L. Ratliff, Mrs. B. A. Yarbrough, Miss Elizabeth Mounce and Allene Johnson, who so generously gave their time.

I am happy to report we have sent to Mr. Everett, the Knox county Red Cross treasurer, a total of \$1,600.00, of which I am sure you are justly proud.

Mrs. H. A. Pendleton,
Local Chairman.

Mrs. Ralph Weeks of Munday is in the Knox county hospital for medical treatment this week.

Rev. Kirk Goes To O'Donnell For Spring Revival

Review of "The Robe" To Be Given Here Sunday Night

Rev. Luther Kirk, pastor of the Methodist church, left last Sunday for O'Donnell, Texas, where he is holding a two weeks revival meeting. The revival opened at the morning services last Sunday, and the local pastor preached there Sunday night.

Rev. Howard Hollowell, who held the Methodist revival here last summer, is pastor of the O'Donnell church.

Rev. Kirk announced that Mrs. W. C. Cunningham will review the book, "The Robe," at next Sunday night's services at the local church. This is an interesting book in which the author tells of the robe worn by Christ, and many who have heard the review are high in its praise. A large crowd is expected to hear this book review next Sunday night.

Rev. J. R. Bateman will preach at the Sunday morning services at the local church.

24 Registrants Are Classified

John Wilson, clerk of the Knox County Selective Service Board, announced Wednesday that 24 registrants were classified at the board's regular meeting last Tuesday. They are as follows:

Class P: William E. Mansfield, Amos D. May, William C. Stephens, Rudolph F. Tallant, William F. Armstrong, and Robert E. Baty.

Class 1-A: Lenard Guyden, J. D. Land, Alvey A. Reynolds, William E. McKinney, Verbon C. Voss.

Class 1-C: Edward H. Gregory.

Class 2-A: Walter M. Martin.

Class 2-B: John E. Nelson.

Class 2-B, Cont.: Jessie J. Corroft, Marion H. Brumley, Buster Brown, Askelon J. Stogner, Douglas N. Busby, Robert P. Meinzer, and Mathew J. Kreitz.

Class 2-C: Ed Everett and Alvin W. Norwood.

Deceased: Eddie Gibbins.

Mr. Wilson said that 59 other registrants were re-classified from 4-H into 4-A.

Palace Cafe Will Close On Sundays

Mrs. George Keene, owner of the Palace Cafe, announced Wednesday that the cafe will remain closed on Sundays, beginning with next Sunday.

"We feel that workers here need at least one day of rest," Mrs. Keene said, "and with shortage of help, this can be accomplished only by closing. We hope that no one will be greatly inconvenienced by our closing. We will open at the usual hour on Mondays, and we will appreciate your continued patronage."

TIM CANT "HEIL"

Tim Holt, idol of kids all over the country, was booed and hissed for the first time in his career, while on location at the Los Angeles Orphans' Home for scenes in RKO Radio's "Hitler's Children," in which he is featured with Bonita Granville. Holt was dressed in the uniform of a Nazi storm trooper and school kids who lined the sidewalk outside the orphanage fence watched the movie company with fascination until the director brought Holt close to the camera for a full shot of him giving the Nazi salute and shouting "Heil Hitler."

As Tim raised his hand and started to say his lines, his voice was drowned out by a chorus of derisive youthful voices.

That's one of the purposes of the picture, but the young star couldn't stand it. A canvas screen had to be put up around the fence before he could play the scene.

The film is a screen version of the sensational best seller, "Education for Death."

AMERICAN HEROES

BY LEFF

Lt. Clarence Lipsky, United States Air Force, from Great Neck, L. I., was one of the first Americans to participate in the bombing of Germany and the occupied countries. Forced down over enemy territory, Lt. Lipsky is now in a Nazi prison.

To free this American soldier, as well as guarantee your own future liberty, buy Second War Loan Bonds with every cent not needed for the essentials of living.

U. S. Treasury Department

Keep Up With Rationing

GASOLINE—"A" book coupons No. 5 good for four gallons each until May 21.

SUGAR—Coupon No. 12 good for 5 pounds. Must last through May 31.

COFFEE—Stamp No. 26 (1 lb.) expires April 25.

SHOES—No. 17 stamp in War Ration Book One good for one pair through June 15.

FOOD—Red C stamps, valid April 11, good for 16 points worth of meat, cheese, and butter. Blue stamps D, E, and F good from March 25 through April 30, for 48 points.

Funeral For Mrs. Duesterhaus Held On Tuesday

Mrs. Anna Katherine Duesterhaus, well known and beloved resident of the Rhineland community for many years, passed away at the family home, five miles north of Munday at 1:20 a. m. Monday, April 12. She had been in poor health for some time.

Born in Germany on December 14, 1865, Grandma Duesterhaus was 77 years, 3 months and 28 days of age. She came to America many years ago, and had resided in Knox county for about 40 years.

Surviving her are four sons and three daughters, who are: Steven Duesterhaus, A. A. Duesterhaus, Mrs. Joe Wilde, Mrs. Louis Homer and Mrs. H. L. Billingshausen, all of Rhineland; H. C. Duesterhaus of Pampa and Joseph F. Duesterhaus of Phoenix, Ariz. She is also survived by 33 grandchildren and four great grandchildren.

Funeral services were held from the St. Joseph Catholic church in Rhineland at nine o'clock last Tuesday morning, conducted by Rev. Herman Laux, pastor. Interment was in the Rhineland cemetery by the Mahan Funeral Home.

Pallbearers were Albin Homer, Albert Wilde, Raymond Wilde, C. L. Wilde, Wilford Billingshausen and Urban Billingshausen.

Phelps Ice Company Now In Operation

Chesley Phelps of Haskell was here Tuesday and announced that the Phelps Ice Station is now in operation in Munday. This station will remain open during the season requiring ice, and the patrons of this station in the past are solicited to continue their business. Regular deliveries will be made to any part of the city.

W. J. Dunca is serving as local manager.

Munday Boy Is Wounded In War

Wounds Received In Action March 27

Anxious parents received word last week that their son had been wounded in action in the Southwest Pacific, and Saturday were awaiting a letter from the war department announcing the nature of their son's wounds.

The Munday boy is Corp. Harry Gains, son of Mr. and Mrs. John Gains, who is serving in the infantry. He has been in actual combat for some time, and is believed to be serving in the New Guinea area.

A telegram from the war department notified Mr. and Mrs. Gains that Corp. Gains was wounded on March 27th. It merely stated that he was "slightly wounded," and that a letter would follow.

Sunset Faculty Named For Year

The Board of Trustees for the Sunset Consolidated School District met last Thursday and re-elected all teachers for another year. The teachers are announced by R. I. McLeroy, acting superintendent, as follows:

Mrs. R. I. McLeroy, first grade; Mrs. Cecil Burton, second and fourth grades; Mrs. Shannon, fourth grade; Mrs. Weeks, music and fifth grade; Rex Howell, sixth and seventh grade. High school teachers are: Mrs. F. L. Wilson, departmental work; Mrs. Rex Howell, home economics; Miss Helen Albertson, English, and F. L. Wilson, principal.

Mr. McLeroy, who is vocational teacher, was named acting superintendent recently, when Mr. Kimbrough resigned to enter the service.

McLeroy said Sunset school will close the 1942-43 term on May 14th.

MINISTER COLLINS N REVIVAL MEETING

Minister and Mrs. Carl A. Collins left Thursday morning for Mineral Wells where Minister Collins will conduct a two Sunday revival at the North Oak Street Church of Christ. Mrs. Collins will visit their daughter and family in Fort Worth during part of the time.

The services at the Munday church will be carried on by local talent during the absence of the minister. Minister Collins will return to the local work here again on the first Sunday in May.

Miss Juarcy Jones, who is attending Hardin-Simmons University in Abilene, spent the week end with her mother, Mrs. Rose Jones.

S'western Life Buys \$10,000 In Bonds Locally

The First National Bank of Munday and J. C. Borden, local representative of the Southwestern Life Insurance Co., were notified early this week that the company has purchased \$10,000.00 in United States Government Securities locally. This is to apply on Knox county's quota in the Second War Loan Drive.

Local committeemen are appreciative of this good purchase, which is a boost to the county quota right in the opening phase of the drive.

Southwestern Life is purchasing a total of \$9,000,000 of United States Bonds in the second war loan campaign. Since Pearl Harbor, the company has purchased more than \$24,000,000 of United States Government securities.

Junior Class To Present Play On April 26th

If you're looking for thrills, chills, and laughs a-plenty don't miss the mystery play "Spooky Tavern" to be presented by the Junior Class of Munday High School, April 26, 1943.

What horrible deeds caused Spooky Tavern to become inhabited with ghosts?

What happened when a group of college students visited this haunted tavern?

Who is the unseen murderer who stalks the tavern?

What is the hideous thing arranged in white?

For the answers to these questions you'll have to see the three act mystery-comedy presented by the Junior Class under the direction of Miss King, Monday, April 26, 8:30 at the Grade School Auditorium.

Theatre Owner Thanks Patrons For Contributions

In announcing results of the Roxy Theatre's participation in the Red Cross war fund week, P. V. Williams, owner of the theatre made the following statement:

"Thanks, good customers, for the contribution you gave to the Red Cross during the War Fund Week at the Roxy Theatre. We collected and turned over to Mrs. Pendleton, chairman of the local Red Cross, a total of \$163.59.

"The motion picture industry over the United States made this drive for the Red Cross from April 1 through April 7, and if all theatres did as well as the Roxy (in proportion to the size of the town) a nice sum of money was raised for this worthy cause. Again I say thank you for your fine cooperation."

Farmers Union To Elect Directors

John Rice, secretary of the Munday local, Farmers Union of America, announced Wednesday that five directors of the local union will be elected next Saturday. The election will be held at the Farmers Union hall at 2:30 p. m.

Mr. Rice urged all members to be present and take part in this election.

ON SHOPPING TOUR

M. Boggs spent the first of this week in Dallas and Fort Worth, where he was shopping for merchandise for the Home Furniture Co. here. Mr. Boggs secured a nice line of furniture which is arriving at the local firm this week.

AMERICA

These words from a recent advertisement are worth reading twice: "A drum, a little red wagon, a picture book; these are gifts that bring joy to a boy's heart. But you can give him a far greater gift. You can give him the right to live as a free American."

County Quota Is \$245,000.00

Good Response Made In Opening Of Local Drive

With committees organized over the county and ready to work, America's Second War Loan Drive got under way in Knox county the first of this week. The drive will be carried on in every community of the county, with quotas being set for each community.

Local workers who started on Tuesday report splendid response, as Knox county citizens seemed ready to put the county over the quota in the largest war loan ever asked for by the government.

Starting the drive off with a considerable boost was a check from Southwestern Life Insurance Co., home office in Dallas, for \$10,000.00, this amount to be applied to the county's quota.

The quota assigned to Knox county is \$245,000.00 from individuals, business firms, and non-banking corporations. In addition, the banks of Knox county have been asked to invest \$175,000 in government securities, making a grand total of \$418,000 to be raised in Knox county during the month of April.

Quotas assigned to the communities are: Munday, \$75,000; Knox City, \$60,000; Truscott, \$25,000; Benjamin, \$25,000; Goree, \$25,000; Vera, \$20,000; Gilliland, \$20,000; and Rhineland, \$20,000.

Workers at Knox City were organized on Sunday and have opened their drive. Other communities are also contacting individuals for bond purchases.

The local committee was organized Monday night. Members are: C. R. Elliott, chairman; J. A. Wiggins, H. A. Pendleton, Fred Broach, C. P. Baker, Leland Hannah, G. R. Eiland, Mrs. A. H. Mitchell, Mrs. P. V. Williams, M. F. Billingsley, R. B. Davy, J. M. Terry, Lee Haymes and W. R. Moore.

There are seven types of securities offered by the government during the second war loan drive, any of which can be fully explained by committee members.

"Let's start punching from the pocketbook," W. R. Braly, county chairman, urged county people as the drive got under way. "The American people have never failed their government—and they never will. We believe the county's quota will be made, and that investments will be made cheerfully by local people."

"Remember our boys on the fighting fronts. They give their lives. You lend your money! We cannot do less. Let's do our best in this drive for victory!"

Pfc. and Mrs. G. W. Hawkins of Lubbock visited several days last week with Mrs. Hawkins' mother, Mrs. J. B. Bowden.

"THEY GIVE THEIR LIVES— YOU LEND YOUR MONEY"

The Second War Loan Drive—which began April 12—must raise the astounding sum of thirteen billion dollars to support American armies that are now attacking the enemy. An offensive Army requires ammunition and materials that cost staggering sums of money. For example—one night raid of 1,000 bombers over the Rhineland takes \$375,000 worth of gasoline. A million dollars worth of bombs may be dropped in that raid, and 10 or 11 million dollars worth of planes may be destroyed.

In the future, America's armies will undertake still greater attacks, and these in turn will require still more money. The 13 billion dollars must be raised in addition to the regular purchases of war bonds and stamps that our people are making now. Slogan for the Second War Loan Drive is: "THEY GIVE THEIR LIVES— YOU LEND YOUR MONEY."

Free Enterprise

It took Germany nine years to build enough plants and equipment to fight this war; it took Japan 25 years, Russia 20 years. American industry, under free enterprise, has done it in two years.

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"

FARMERS CARRY ON

Though at least 20 per cent short of labor and machinery, the nation's farmers are going ahead in true American spirit and doing the job. That was what a group of industrialists discovered when they met with Ohio farm leaders at a Farm and Industry Conference arranged by the National Association of Manufacturers and Ohio State University, in Columbus.

The eleventh conference in a five-year-old series sponsored by the NAM Committee on Agricultural Cooperation, the meeting drew a total of 130 participants, half being from industries in ten states between the Mississippi and Atlantic seaboard, and the others representing every major farm organization in Ohio.

Calm judgment and a heavy sprinkling of "horse sense" marked the discussion as farmers presented their problems and sounded out the attitudes of the industrialists. Obviously the problems of one group are of deep concern to the other.

It was reassuring, therefore, for the business men to hear from the farmers that they will carry on with the important job of providing raw materials and food. And it was necessary too for the farmers to learn, as they did, of their stake in free competitive enterprise since industry is preparing to reemploy returning fighting men after the war. Industry will continue the research which not only will provide this employment, but will supply the farmer with better and cheaper products than are available anywhere else in the world.

DOWN TEXAS WAY

Down around San Antonio, Texas, two government "power authorities" and the city of San Antonio put on a show as they squabbled over dividing the carcass of the San Antonio Public Service Company. The public, which has to pay the bill, saw a highly-taxed private electric company disappear in the clutches of tax-exempt agencies.

A Texas legislative committee delving into details of the transfer of the private properties of the public agencies, is unearthing practices that promise new records in financial fanagling. Testimony shows that large "legal fees" and "brokerage charges" were paid, in which officials of the public authorities were involved.

Socialization of a major Texas utility has left the taxpayers poorer and the opportunities in the state fewer for free enterprise. Also the people have learned there are just as many feet of clay in public office as in private activity, for they are all cut from the same stock. The only difference is that it is more difficult for the people to secure redress from public agencies than it is from private industry, for the simple reason that public agencies are exempt from rules, regulations and restrictions that apply to private activity, and are in themselves dominating factors in controlling the lives and activities of individuals, once they are established.

THE GULF GROWS WIDER

The question of whether our country will be able to survive the cost of the war without financial collapse, looms larger daily. In ordinary times a two or three-hundred-billion-dollar debt would have been considered insurmountable. But when a nation has its back to the wall, it can often accomplish the impossible. We now have our backs to the wall financially. It remains to be seen whether the people value personal comfort more than they value personal liberty and the integrity of the nation.

Inflation and eventual bankruptcy can be avoided if the people have the determination to follow through on measures designed to curtail excess purchasing power and the accumulation of an unmanageable public debt. In the main, these measures are rigid price controls and rationing, cuts in non-essential government spending, taxation, and bond sales to the people. Except for rationing, we have adopted none of these measures fully as yet.

Too many people and public officials cling to peacetime illusions. They are even so foolish as to plan greater comforts in the future, assuming that they can skip the gulf of sacrifice that lies between. The gulf grows wider as they talk.

A transparent non-inflammable, ventilated plastic helmet complete with detachable snood is a combination safety and beauty aid for women war workers.

Approximately 60 per cent of the paint made in the U. S. is going into direct war service in the Armed Forces or in their supporting agencies.

THE MUNDAY TIMES

Published Every Thursday at Munday

J. W. Roberts, Editor, Owner and Publisher
A. W. Edgar, News Editor

Entered at the Postoffice in Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1879.

"JOBS, FREEDOM, AND OPPORTUNITY"

Although it is not a finished postwar plan, the report of the National Association of Manufacturers' Postwar Committee, stating the principles which it believes must underlie any sound solution of postwar problems, represents a well-considered intelligent approach to a very complex and difficult task.

No one knows when the war will end or what its outcome will develop. To draft a complete and detailed plan of procedure for such uncertain times would be impossible. But to decide on basic principles which, come what may, we must insist on, is both appropriate and necessary.

Thus, "Jobs, Freedom, and Opportunity," as the published report of the Committee is called, presents to the nation at large, as well as to its industrialists, the following major requirements of an economy that can provide jobs, freedom, and opportunity.

1. Free competition in manufacturing, distribution, labor, and agriculture.
2. Favorable governmental and social environment to make possible a well-rounded, self-sustained prosperity.
3. Policies designed to benefit the whole population, not one section or group.
4. Pursuit of sound policies by business, which can make a great contribution toward creating and sustaining prosperity.
5. An adequate flow of private investment into productive channels.
6. Government by law.
7. An international policy on the part of the American government that will enable us to enjoy the benefits of a long-continued peace.

HISTORY'S BIGGEST JOB

When this war is over the United States will be in no position to return to isolationism. Hard-headed economists agree that a broad program of international trade is the only sound method by which the American people can hope to service the crushing war debt now accumulating. In plainer words, we will either trade with the world, thus helping to maintain maximum production and employment for American industry and American workers in order that they may pay the taxes that will be needed by a debt-burdened government, or we will retreat toward isolation, bankruptcy and another war.

We have everything to gain by taking the lead in establishing a just and permanent peace, and in breaking down artificial trade barriers between nations. Millions of men now in the armed forces will bring home with them a new understanding of the problems and needs of the rest of the world. These men will have seen demonstrated the hopeless plight of people broken under tyrannical governments. They will have seen why our forefathers fled the old world to set up the American Republic. They will bring home with them a realization that war is a destroyer of freedom; that recurring war abroad will ultimately clutch with bloody fingers at our own freedom.

As good American business men, they will realize that we have ahead of us the biggest organizing and selling job in history if we are to help prevent future wars and save ourselves from bankruptcy and enslavement. We will have to help formulate and enforce a lasting peace, while leading the in rehabilitating the world through trade.

This job has already commenced under the foreign trade policy of the American government. It should be carried forward in preparation for the day when peace returns.

Three and a half tons of steel are required for a fighter plane, 14 tons for an anti-aircraft gun, 15 tons for a medium-sized tank.

First Lady of Louisiana

Mrs. Sam Houston Jones, "First Lady" of the State of Louisiana, is shown with her six-year-old daughter, Jelks, in the charming governor's mansion at Baton Rouge. This portrait, second in a series of pictures of the "First Ladies" of the cotton-producing states to be given wide distribution by the cotton industry, appears in the April issue of Mademoiselle in full-page size. For the portrait, Mrs. Jones and her daughter wear delightful mother and daughter costumes designed by Tina Leser. The dirndl skirts are of blue striped ticking. The blouses are of muslin, hand-painted with flowers and trimmed with eyelet embroidery and black beading.

Gems Of Thought

SELF-BUILDING
You cannot dream yourself into a character; you must hammer and forge one for yourself.—Froude.

Great results cannot be achieved at once, and we must be satisfied to advance in life as we walk—step by step.—Smiles.

Every man must educate himself; his books and teachers are but helpers; the work is his.—Daniel Webster.

In the mental collisions of mortals and the strain of intellectual wrestlings, moral tension is tested and, if it yields not, grows stronger.—Mary Baker Eddy.

The important thing in life is to have a great aim, and to possess aptitude and the perseverance to attain it.—Goethe.

The heights by great men reached and kept
Were not attained by sudden flight,
But they, while their companions slept,
Were toiling upward in the night.

—Longfellow.

IMPORT JAMAICAN WORKERS
Ten thousand agricultural workers will be imported from Jamaica to relieve the farm labor shortage in critical areas in the U. S. through an agreement between the two governments. The Jamaican worker will not displace U. S. farm laborers nor reduce established wage rates. Health authorities will check the physical fitness and when workers contracts expire, the laborers will be returned to Jamaica. Similar agreements have been made with Mexico and the Bahama Islands.

NEW PROGRAM GOVERNING FARM IMPLEMENT TIRES

COLLEGE STATION—Keeping tractor and other farm implements operating full time on the farm front highlights two recent actions regarding tires, the Texas USDA War Board said this week.

The first action lifts county restrictions on farm tractor and implement tires while the second action specifies farmers may obtain tires recapped with reclaimed rubber without rationing certificates.

Farmers now are required to apply only to their local rationing boards to obtain sufficient tires for farm use. The local boards have been advised by OPA that substantial district, state and regional reserves have been established to provide for needs. Also, a national reserve will be maintained to increase field office supplies of this type tire.

The principal reason behind the move which frees recapping with reclaimed rubber from rationing restrictions was the desire to have farmers recap their tires in time to prevent total loss of worn tire casings. As a move to conserve rubber, replacements will not be issued for tires that can be recapped.

Previously, recapping of rear wheel tractor tires was not required and replacements were granted even though the tires to be replaced were suitable for recapping.

Tractor and implement tires will now be recapped with Grade F camel back, which contains no crude rubber.

Housewives should insist on a fortified product when buying margarine, University of Texas home economists urge. When fortified—with 9,000 international units per pound of vitamin A—margarine has fully the equivalent of energy value that butter possesses, they explain, but it is lacking in this vitamin unless fortified.

RESERVE PEAS AND BEANS

Fifty-five percent of dry edible beans and 60 per cent of dry peas and split-peas are to be reserved for military needs and the use of our allies. The average civilian will have about eight pounds of dry beans or 90 per cent of his usual supply and nearly one pound of dry peas, or about 75 per cent. For dry beans this is about one pound more per capita than was expected for this year at the time beans and peas were added to the list of rationed foods.

To get the most nutritive value from vegetables, eat them raw, advises the University of Texas home economics department. All leafy vegetables, even beet tops and carrot tops, can be used in green salads, they point out.

Legal Notice

AN ORDINANCE REGULATING THE TAKING OF FISH FROM THE CITY LAKE OF THE CITY OF MUNDAY, REGULATING FEES TO BE CHARGED THEREFOR, PROVIDING PENALTIES FOR THE VIOLATION THEREOF, AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MUNDAY, TEXAS:

1. That hereafter it shall be unlawful for any person to take any fish from the City Lake, of the City of Munday, between February 1, and May the 1st, of each year.

2. It shall be unlawful for any person to take or catch any fish from the City Lake of the City of Munday, Texas, by any means other than the ordinary hook and line. No more than two hooks may be used on any line, and only live and or artificial bait may be used.

3. No person shall fish in the City Lake, without first having paid the legal fee for such fishing, and obtaining a pass or ticket, permitting him to fish, as hereinafter provided.

4. Every person desiring to fish in the City Lake of the City of Munday, Texas, shall pay a daily fee of 25 cents for each person, or shall pay a season fee of \$5.00, which shall entitle such person or any constituent member of his family to fish during any one season.

5. No person shall fish in said City Lake of the City of Munday before sunup of any day, and not later than 30 minutes after sun down of any day.

6. All provisions of the Penal Code of the State of Texas, relating to size and number of fish that may be taken, shall prevail.

7. Any person violating any of the provisions of this ordinance upon conviction shall be fined in any sum not less than Ten Dollars, nor more than One Hundred Dollars, and each violation shall constitute a separate offense.

On account of there being no ordinance regulating the taking of fish from the City Lake of the City of Munday, from and after May 1, 1943, and no provisions having heretofore been made providing for protection of fish in said lake, creates an emergency, necessitating the rule requiring this ordinance to be read of three several occasions, and the same is hereby suspended, and this ordinance shall become effective from and after its passage and publication.

Passed this 25th day of March, 1943.

C. R. ELLIOTT, Mayor.

ATTEST: (Seal) RILEY B. HARRELL, City Secretary.

Knox County Hospital Notes

The following report reached us too late for publication last week:

Patients in Knox County Hospital April 6, 1943:
Mrs. J. Rutherford, Truscott.
Mrs. Mary Hayes, Munday.
J. D. Hicks, Benjamin.
Eugene Michels, Munday.
W. J. Mayo, Benjamin.
Mrs. J. R. Edwards, and baby on, Rochester.

Mrs. James Carter, Rule.
Mrs. R. L. Myers, Munday.
Miss Catherine Server, Rochester.

Mrs. Sam Hodges, Rochester.
Mrs. C. D. Martinez, Rochester.
Patients dismissed the past week:
Mrs. L. C. Brown, Benjamin.
Mrs. Truman Cypert, and baby daughter, Knox City.
W. L. Holt, Knox City.
Clifford Williamson, Knox City.
Leo Beason, O'Brien.
Shirley Sanders, O'Brien.
Charles Check, Munday.
Mrs. Louise Ingram, Munday.
Mrs. Lonnie Offutt, and baby daughter, Munday.
Miss Lois Dodd, Knox City.
Mrs. J. B. Moorehouse, Benjamin.

Births:
Mr. and Mrs. Truman Cypert, Knox City, a daughter.
Mr. and Mrs. J. R. Edwards, Rochester, a son.

Deaths:
Mr. Eddie Gibbs, Vera.

FOOD FOR DEMONSTRATORS
Schools using foods for educational purposes, and other food demonstration groups may get allotments of rationed foods by applying to their local rationing board. Many of these groups are conducting projects directly related to the government's food conservation program.

James W. McMorries, who operates the O. K. Rubber Welders here, made a trip to Denver, Colorado the first of this week to secure additional equipment and materials for his firm here.

Mr. and Mrs. Alfred Elders and Miss Bonnie Dell Lytle of Weatherford spent the week end here, visiting in the home of Mr. and Mrs. G. H. Beatty.

Look! Listen! Live!

Whoever said, "What you don't know won't hurt you," was wrong—and the grade crossing accident illustrated here proves it.

The driver of a shiny car stopped safely at a railroad crossing to let a freight train pass. The train passed, and the driver put his car in gear and started across immediately after the caboose had cleared the crossing. But it was a double track crossing and another fast freight from the opposite direction roared toward the crossing, obscured from view by the train that had just passed.

The driver didn't know the second train was coming. And what he didn't know not only hurt him—but killed him, smashed the car into junk and delayed the train nearly a half hour.

The National Safety Council is conducting a special campaign to stop these grade crossing accidents, which every day delays an average of 38 trains a total of 22 hours—a heavy drain on the nation's wartime transportation facilities.

Driver carelessness is the cause of almost all grade crossing accidents, according to the Council. To help win the war, to save yourself and others needless suffering,

the Council asks you to be sure the track is clear before you start across.

UNITED STATES DEPARTMENT OF AGRICULTURE

AAA NEWS

By MARVIN ALLEN, Administrative Officer
Knox County Agricultural Conservation Association

This is to advise all producers and individuals who desire service of the AAA office, that we will operate on a six day basis and that the regular office hours are from 8:00 a. m. to 12:00 noon and 1:00 p. m. to 5:00 p. m. The office will close each day from 12:00 to 1:00 p. m. for lunch.

Release of Fencing Material
The following telegram has just been received from the Food Production Administrator:

"Discontinue rationing fencing material—Food Production Order 3 has been amended accordingly."

The above telegram simply means that fencing material is no longer controlled by the Farm Machinery Rationing Committee and, therefore, may be sold without restrictions. Purchasers need no longer file application with the farm rationing committee, nor is it necessary for such purchasers to secure a certificate in order to secure delivery. Inasmuch as the supply of fencing material is still extremely limited, it is suggested that purchasers make certain that they can show a definite need for such material.

Incentive Payments For Certain Crops Cancelled

Information has been received that incentive payments promised a few weeks ago by the Agricultural Department to farmers who would plant more than allotted

acreage to certain victory crops have been canceled. The incentive payment was to be made by the government as a bonus to the farmer growing from 90 to 110 per cent of the war crop goal peanuts, and soybeans. With definite increases on cattle, sheep, hogs, and chickens throughout this county, it is essential that producers plan for maximum production of all feed grains in order that they might be able to see this increased number of livestock and poultry through this year and provide a backlog of feed for 1944. However, there will be no extra financial reward for such effort.

Ten Years Old
On Monday, March 8, the national AAA farm program was ten years old. Today it is your program where ever you work. The AAA quotas, allotments, conservation practices, and payments have long since merged into national food for freedom goals on which depend the lives of every soldier, civilian, and all hungry, hopeful people far away. In the years of peace, all United States Department of Agriculture workers gradually became partners in a team. Our aim was and is a balanced agriculture for the benefit of all farmers and consumers, rich and poor. First, we had to restore the balance we had lost when the world supply of some commodities became far bigger than demand. All agencies of the department joined in a vast effort to adjust production, increase consumption and reduce waste of human and natural resources.

Now we are working to balance the supply of strategic farm products against the boundless demands of war. All that we have done in the past ten years has helped us to prepare. We need the understanding of all people, city and country alike, to win through this year. Some seem to think all farm products of equal war importance, although they would not make the same claim for a convertible coupe and a tank, both products of Detroit.

After the war the task will still be to maintain a balanced agriculture. Perhaps the first post-war job will be to help keep a balance between the needs of starving nations abroad and of our own people at home.

Other problems will surely come. But the essential tools designed by Congress ten years ago, polished and reshaped in the years between, are still good.

Produce to Order
Like all war industries, agriculture has war objectives. They are the 1943 production goals set for every farm commodity and individual goals set for each farmer—farmers meet your goals—the boys on the front line of the battle fields will meet theirs. Feed the fighting men as they must be fed.

Mrs. Lewis Williams if Benjamin was a business visitor in town last Saturday.

S. A. Mitchell of Seymour was a business visitor here one day last week, looking after interests of the Community Natural Gas Co.

Mr. and Mrs. George Beaty spent the week end in Mineral Wells, visiting with Mrs. Beaty's parents and other relatives.

Mr. and Mrs. Lloyd Hendrix of Goree were business visitors here last Tuesday.

J. L. Stodghill was a business visitor in Seymour last Tuesday.

Mrs. Byron House and Mrs. Glover of Seymour were business visitors here last Monday.

J. D. Mounce, Sr. and Mr. and Mrs. J. D. Mounce, Jr., of Archer City spent last Tuesday here, visiting their daughter and sister, Miss Elizabeth Mounce, and attending the livestock auction sale.

AMERICAN HEROES

BY LEFF

Marine Pvt. 1st Class M. C. Hoffman, survivor of the U. S. S. QUINCY, was a leader on one of her big guns until she was sunk during an engagement with the Japs off Savo Island in the Solomons. Hoffman is typical of the crew. You are helping Hoffman and his buddies when you buy bonds during the Second War Loan Drive. They give their lives—You lend your money.

U. S. Treasury Department

Goree News Items

Mrs. Grady Bridges and daughter, Sally, left last week to join her husband who is stationed in Dallas.

Mrs. C. L. Evans of El Paso, Mrs. Jim Richeson and Mrs. Orzo Parks of Seymour were visitors with Mrs. J. W. Fowler last Wednesday.

Mrs. Ranson Camp and little son, John, left Wednesday for Dundee after a visit here with P. J. Camp and other relatives and friends.

Wallace Roberts, who has been employed at Hemet, Calif., came home last week.

Mrs. George Hunt spent the past week end at Norman, Okla., with her husband, George Hunt.

Ben B. Hunt of Charleston, S. C., is here on a 12-day furlough, also George Hunt is here this week from Norman, Okla., to visit their parents, Mr. and Mrs. Ben B. Hunt, Sr.

Mrs. T. Z. Hollis of North Zulech came in Friday for a visit with her mother, Mrs. Maggie Madole, and her sister and husband, Dr. and Mrs. W. M. Taylor.

Tom and Joe Webber and Mrs. Kate Glasgow were visitors in Mineral Wells in the home of Mr. and Mrs. Buel Temple. Mrs. Temple returned with her brothers and sister and will visit here for some time.

William Turner of Fort Worth came in Monday after spending several months there, where he has been employed.

J. W. Ratliff left Tuesday after spending a 10-day furlough here with his parents.

Pvt. George Crouch, Jr., of

Washington, D. C., is here for a 10-day furlough with his parents and other relatives. Pvt. Crouch is taking advanced training in teletype and likes the work fine. He said the cherry trees have been very beautiful in Washington this spring. His division is stationed near the Potomac river.

Mrs. Welton Lefler left Thursday for Florida, where she is visiting her husband, who is stationed there.

Mrs. R. C. Carrol of O'Donnell and Mrs. Con Burns, also of O'Donnell, are here for a visit with relatives and friends. The Burns family were residents of this city over a long period of years.

Mrs. K. A. Woods of Lubbock is here for a visit with her brother and family, Mr. and Mrs. A. P. Fitzgerald.

Miss Stella Cowser has returned from a visit with relatives at Hollis, Okla.

Elmer Thompson of Denison visited his sister and family, Mr. and Mrs. Johnnie Wheeler, last week. Elmer was in the naval reserve and was to leave Monday for Norfolk, Va., where he will begin training.

Mrs. Temple Dickson left Wednesday for Everett, where she will visit her husband, Yeoman Temple Dickson, who is serving with the naval forces there.

Mrs. L. W. Mathern and son, Jimmy, of Columbus, Texas, came in Friday for a visit with her parents, Mr. and Mrs. J. W. Fowler, Jr. Mrs. Mathern returned Monday, and Jimmie remained for

a longer visit with his grandparents.

J. W. Fowler made a business trip to Fort Worth last Monday.

ADVISORY COMMITTEES ON VEHICLE MAINTENANCE

In furtherance of its nationwide vehicle maintenance program, the Office of Defense Transportation has provided for the establishment of sub-committees to assist and advise the district Maintenance Advisory Committee.

At the same time, the ODT announced that 41 more District Advisory Committees have been approved, bringing the total, thus far, to 89.

A sub-committee is to be formed for each of the eleven automotive groups represented on the District Maintenance Advisory Committee. The representative from that branch of the automotive industry on the district committee will serve as chairman of the sub-committee as well as select its members, whose number shall be determined by the District Committee.

These eleven sub-committees represent for-hire and private carriers, heavy duty trucks, light truck and automobile dealers, garages, parts jobbers, bus lines, tire distributors, oil companies, and trailer distributors.

J. M. Armstrong of Seymour visited friends here Tuesday, and also attended the auction sale.

County Boards Issue Permits For Slaughter

COLLEGE STATION—County USDA War Boards of Texas this week were asked to grant slaughter permits and temporary quotas to butchers who do not have 1941 slaughter bases, but otherwise are qualified to receive permits.

Factors which war boards will consider in determining this type slaughter base are quantities slaughtered in 1942, existing facilities, available livestock and meat needs in the locality.

The Boards also were instructed at the same time to grant temporary increases in existing quotas to butchers if the 1941 slaughter base is abnormally low according to existing facilities, available livestock and meat needs.

Under the meat management program, which already is in operation, county USDA war boards and other permit-issuing agencies have proper authority to make adjustments for farm slaughterers whose 1941 bases are not normal. They also may grant small sales quotas to farm slaughterers who do not furnish 1941 records.

Temporary quotas will not be granted unless a petition for relief is filed at the same time. Temporary quotas will remain in effect until petitions are acted upon.

Local slaughterers will be given temporary quotas or increases in present quotas on the basis of the same four factors but only with the approval of regional administrators of the Food Distribution Administration, the Department of Agriculture has announced.

Purpose of the meat management program is to stamp out black market operations, to obtain

adequate supplies of meat for direct war needs, and to secure the necessary control over the supply of meat so that it can be fairly distributed through consumer rationing.

LOCALS

Mr. and Mrs. Gordon Stone of Stanton, Texas, visited with Mrs. Stone's sisters, Misses Jeanette and Jane Campbell, and with other relatives here over the week end.

Mr. and Mrs. W. P. Kirk of Littlefield, parents of Rev. Luther Kirk, spent several days here last week visiting in the Kirk home.

Mr. and Mrs. Marvin Allen of Benjamin were business visitors here last Tuesday.

A MESSAGE To the People of Knox county

The Government of the United States is now launching its SECOND WAR LOAN. In so doing it asks its citizens at this critical time not to GIVE but to LEND to their Government Thirteen Billion Dollars for the conduct of the war.

To GIVE it would be little enough compared to the bloody sacrifices of those who face the enemy. To LEND it is a high privilege which no citizen should hesitate to exercise to the limit of his ability.

In addition to the impulse of patriotism which should move every American citizen to the immediate purchase of the Bonds being offered in this Second War Loan Campaign, the Clearing House Banks of Dallas recommend these bonds without reservation as being the safest and soundest investment in which your dollars can be placed. Various issues are adaptable to every need and every pocketbook, and the rate of return is comparable to any other prime investment.

A large number of representatives of the War Finance Committee are conducting a county-wide solicitation campaign. They are all patriotic citizens serving on a voluntary basis without pay. When you are called on, give this representative a courteous hearing. He will be of every possible assistance to you in explaining the various Government issues and in helping you to place your order through your own bank.

If you should not be called on in the next few days, don't wait. Go directly to your bank. Its officers will gladly explain the investment merits of each issue and handle your order.

They Give Their Lives—You Lend Your Money!

SENIORS ON PARADE

Hey, folks, we got two Seniors in our class that happened to be born on the same day, August 26, 1926, Helen Loran and Calvin Steinbach. They both live east of Rhineland and are both 16 years old.

Helen is 5 feet 3 inches and weighs 111 pounds. She has dark brown hair, brown eyes and likes to sew. Her favorite song is "Brazil" and her orchestra is Guy Lombardo.

Calvin is 6 feet 3 inches tall, weighs 180 pounds, has dark brown hair, and brown eyes. He likes to argue about current war problems. His favorite subject is Business Law and the teachers are all fine. He is undecided as to the future. Now you know we have twins, but they do not have the same names or the same likes.

JUNIOR REPORT

We are now studying similar triangles in plane geometry. We feel as though we will understand this better than we did.

ADVICE TO THE JUNIORS
Everett: Type while you are in the library.

Alvin: Try something besides foolishness.

Anna: Don't laugh in Room II.

SOPHOMORE REPORT

The girls seem to be getting lazy. They don't like to play ball anymore. I guess we'll have to find something else to do. Do you think we'll go walking, Madeline?

We have been seeing a few "pop quizzes" here lately, especially in prose and poetry and biology.

Latest News of the Week
Charles was (ab) absent Thursday and Friday—sick, just a little?

Rosemary has taken a front seat.

Walter was so smart Friday, in algebra class—Answers do help, don't they?

Rose Marie seems to be very happy—"Sonny," be careful.

FRESHMAN NEWS

All of the Freshmen are studying industriously for our state exams. We all hope to pass them. The Freshmen have been wondering if Margarita is coming back to school. Hurry back, Margarita. We miss you.

The Freshman boys are really being watched. Better behave, boys, and then maybe you won't get so many punishments.

We wonder why Francis likes to ride his bike so well instead of playing ball. He likes it so much he is writing a composition on

Methodist Y. W. M. S. Meets Tuesday With Miss Jean Guess

The Methodist Y. W. M. S. met with Miss Jean Guess in the home of her sister, Mrs. Chan Hughes, last Tuesday night.

Betty Golden had charge of the devotional, then she read a letter on Brazil which was written by Mrs. Jones. Mrs. Kirk then led the discussion on South America.

Delicious refreshments were served to Betty Golden, Evelyn McGraw, Louise Gafford, Helen Haynes, Joan Rummel, Patsy Kirk, Mrs. Kirk, Mrs. Hughes, Jean Guess and Margaret Womble; also Miss Merle Dingus as a visitor.

Goree Resident Is Honored On His 67th Birthday

W. L. Thornton, well known pioneer resident of Goree, celebrated his 67th birthday last Sunday. A birthday dinner was served and a number of relatives and friends called during the day.

Present for the dinner were his daughters, Mrs. H. McMahon and Mrs. Mack Tynes of Eunice. Other relatives present were Mr. and Mrs. W. L. Moore and Essie, Mr. and Mrs. H. Moore, and B. O. Hinkins.

Seabees After New Volunteers

Lieut. C. B. Parrett of the Navy's civil engineering corps will visit the Wichita Falls Navy recruiting station, in the post office, Saturday, April 17 to interview all applicants in this area for the Seabees and assign tentative ratings to all eligible men. Those with construction experience residing in towns within close proximity of Wichita Falls are urged to visit the recruiting station during Lieut. Parrett's visit.

"Seabees" is the name for the Navy's overseas construction battalions. Numerous ratings have been re-opened in the construction units, and now is the time to apply for enlistment, Lieut. Parrett pointed out.

Under the new setup, recently introduced, all men between the ages of 17 and 50, in skilled trades, are eligible for enlistment in the Seabees. Of course, all applicants must be in 1A or 3A classification.

Boys 17 and men over 37 may volunteer at any time, but those of induction age—18 to 37—first must be interviewed by Lieut. Parrett to determine if they are needed in the Seabees. If qualified, they are given a letter, asking their local draft board to induct them on the next induction date, or no longer than 30 days from the date on the letter.

Ratings of petty officer will be given to men in the following trades who can qualify: bulldozer operators, carpenters, drillers, electricians, mechanics, pipefitters, plumbers, riggers, sheet metal workers, welders, water tenders, steel workers and many others.

HAVE NEW DAUGHTER

Lieut. and Mrs. Jack Williams wired relatives here last week of the arrival of a daughter, who was born on Wednesday, April 7. Lieut. and Mrs. Williams are at Wright Field, Ohio, where Jack is stationed with the U. S. Air Forces.

Pvt. Boyd Moors, who is with the military police in Lincoln, Nebraska, spent last week at home visiting with his wife and daughter in the home of Mr. and Mrs. A. M. Moore, his mother, Mrs. John Moore, and other relatives and friends. This was Boyd's first furlough since entering the service nine months ago.

George Salem and Sam Salem visited with relatives in Rochester last Sunday.

We have added the J. I. Case parts line. We are receiving parts almost daily. Broach Implement Company. 42-tfc.

NOTICE!

Beginning on Sunday, April 18th, the Palace Cafe will be

CLOSED
on
SUNDAY

We feel that workers here need at least one day of rest, and the shortage of help makes it necessary for us to close. We hope you won't be inconvenienced by this closing.

We will be open for business at the usual hour on Mondays.

Palace Cafe

Mrs. George Keene, Owner

"The Uses of a Bicycle."

Exams are drawing nearer every day. We are correcting our note books early this term. We are also working hard on the covers of our note books. Many of us have pretty designs. We are also selecting border designs for our black boards for Easter. Betty Lou seems to have some keen ideas.

Every one in the Eighth Grade will be glad when Easter arrives so that bunny will bring us many eggs.

REPORT OF ROOM IV

With six weeks tests coming up next week our room is suddenly very industrious. After all, the next examinations will be finals. In arithmetic we are reviewing the things that we have studied the past year. In Texas History we are studying about modern problems, social and political. Geography is very interesting because we are learning about the Japanese and we can see how our enemy lives. In English we have taken up letter writing and find it very helpful. We had no idea that letters could be so newsy. For our drawing lesson we had to make some designs. Dorothy Decker had the best design. The other Friday we had to recite some poems by famous poets.

Miss Claus has just finished the book, "Tom Sawyer" and we thought it was really a good book. The boys and girls of Room IV recommend this book for all who like to read.

Certificates Of War Necessity Are Not Transferable

LUBBOCK—Certificates of war necessity and "T" Ration Gasoline Coupons may not be transferred along with titles to trucks or other commercial vehicles, the Office of Defense Transportation stated today. The action directly violates General Order ODT 21, the ODT pointed out, and may be punished by suspension or revocation of Certificates.

New operators receiving a motor vehicle through transfer must file an application for SWN immediately upon the transfer. Operators who already hold Certificates must apply for revised Certificates, using Form CWN-3-B if a Single Unit Operator, or Form CWN-3-F if a Fleet operator. Failure to file such applications may also result in suspension of the operators CWN, the ODT said.

Operators of one or two vehicles must return Certificates to their ODT District Offices and must surrender unused "T" Coupons to their local War Price and Rationing Boards upon transfer. Fleet operators must advise the nearest ODT District Office of their action and return the appropriate Sub-Certificates.

Operators changing their area of operation or substantially changing the nature of their business must inform their local ODT District Office of such changes. Changes of address should also be reported promptly.

Legislature To End Session May 11

The Texas legislature will end its 48th regular session on May 11. The house of representatives voted Monday overwhelmingly to concur with a senate resolution fixing that date for sine die adjournment. The vote was 113 to 16.

May 11 is the end of the 120-day period during which the salary of legislators is \$10 per day; thereafter it would become only \$5 per day.

Mrs. J. F. Bolander of San Angelo is visiting with friends in Munday this week.

SMITH'S RAT KILLER SAFE AND EFFECTIVE

Poisoning rats is the most effective method of extermination, and the most practical poison is Smith's Rat Killer, because while it is relatively harmless to humans, livestock, poultry and pets. Smith Rat Killer is more palatable to rats than many poisons and is readily eaten. And too, odors are not nearly so common. 25c, 50, \$1.00

THE 2ND WAR LOAN DRIVE IS ON

Start Punching

From Your Pocket!

America's war machine is growing—growing!

It's getting ready to deliver a tremendous, irresistible wallop that will smash the Axis flat—once and for all.

But Brother—that punch has got to start from YOUR POCKET! And now's the time to let it go!

Uncle Sam is asking us to LEND him 13 billion dollars this month. 13 billions of extra dollars—over and above any War Bond buying that you'd be doing anyway! Money to buy ships and planes, money to feed and clothe and arm and train the millions of your fellow Americans who will deliver this punch—who are ready to work and sweat and die to

keep the place you live in safe.

Uncle Sam is asking you to back them up. He's asking you to lend the money they need by investing in War Bonds.

In the next few weeks, you may be visited by one of thousands of volunteers who are giving their time and effort to this drive.

But don't wait for him. Today—now—go to your nearest bank or Post Office or place where they sell War Bonds. And for your country's sake—for your own sake—invest all you can!

THERE ARE 7 DIFFERENT TYPES OF U. S. GOVERNMENT SECURITIES—CHOOSE THE ONES BEST SUITED FOR YOU!

At The Churches

FIRST BAPTIST CHURCH

Many times you would like to see something different in the church service. We go the same routine and round. Next Sunday you will see something entirely different from anything you have ever seen in a service. It will be different in many ways. It will be unique. It will be full of human interest. If you miss it you will say many times, "My, I wish I'd have gone that day." It really might be a good idea to be there just a little early so that you can get a good seat down near the front where you can see well what goes on. You will get the thrill of a lifetime.

Our Teacher Training class is going over in a good way this week.

Whatever you do don't miss next Sunday morning.
W. H. Albertson.

Mrs. Dewey McDonald of Tahoka visited her parents, Mr. and Mrs. J. J. Keel, over the week end. She was accompanied home by her little son, who visited his grandparents here last week.

Sermon text Sunday night: "The Foolishness of God is Wiser than Men." I Cor. 1:25.

You will receive a very hearty welcome if you come.

AT THE METHODIST CHURCH

Luther Kirk

"Remember the Sabbath day to keep it holy" is the commandment of the long ago. And so far as I can find it has never been repealed. However, there are numerous violators of this God-given command and law, and the violator of the divine law must pay the penalty for the violation. You are urged to do your part in helping to carry to perfection the will of God our Heavenly Father. Remember his day and the services conducted in His name in your church each Lord's day.

Hear Rev. J. R. Bateman at the eleven o'clock hour Sunday. And at the evening hour, 7:15 you will want to hear Mrs. W. C. Cunningham. Mrs. Cunningham will review the book, "The Robe" by Lloyd C. Douglas.

"They Give Their Lives—You Lend Your Money"
U. S. Treasury Department Courtesy King Features

One of our leading ministers said, "This book, (The Robe) has more good preaching material in it than any book that I have ever read outside the Bible." Hear it, it will be inspirational and helpful. Through its presentation you will be able to see and understand more fully, things helpful to a more devoted christian living. Make plans now to be present.

GETS PROMOTION

Mr. and Mrs. C. R. Hendrix received a letter from their son, Clyde, who is stationed at Baltimore, Maryland, about two weeks ago, stating that he had been promoted to corporal. Clyde has been in mechanical school for five months.

Mrs. Agnes Mayes, who is employed in Amarillo, spent the week end here with her son, Jackie Mayes; her mother, Mrs. W. M. Mayo, and with other relatives. Mrs. Mayo and Jackie took her as far as Vernon on her return trip last Monday.

Rhineland To Have Demonstration On Upholstery

There will be an Upholstery Demonstration at Rhineland Friday, April 16, 1943 at one o'clock in the Rhineland Hall given by Lucille King, county home demonstration agent.

If you have an old chair stored in the attic that you think is beyond repair, come see this demonstration so that you can put your chair back in to use. Miss King will have a chair that is seventy years old on display that she has put back to use. She will tell you how you can remove the varnish from old furniture and how to refinish furniture by a very economical method which is being used by a number of the club women throughout the county.

Miss Dosca Hale, specialist in Parent Education will also be present at this meeting and will speak to the women on the subject "War Challenges the Family."

She also plans to have some play equipment to display and have the children use.

The public is invited to attend this meeting.

A CHURCH TO REMEMBER

By Chas. W. Sargent

A church house? Yes! It had been there for years. But who cared? Men passed its sacred precincts-nigh daily, deaf to its silent call and oblivious to its slowly declining attendance. Much of its membership had come and gone. The names of some of these were etched deeply into cold and half-attractive granite slabs in the nearby cemetery. Still others had moved on, lured by the mystic call of financial opportunity, only a few families remained. Of these and of their children no more than a dozen were in regular attendance at worship. All others were unconcerned! No one cared!

"A gruesome, overdrawn story," someone intimates. "Why not give us the name of this church? We want to visit it. We want to see it."

Overdrawn? Hardly! Sordid? Yes! But I confess it would be difficult to give it a christening—since there are so many like it. However, this aspect would not be nearly so unbearable but for the fact of a nearby mortuary. It is a known fact that many of them die! die!

Once I had a look at one of these dead ones. I think I shall never forget it. I was peculiarly interested because I had preached there some years before. Maybe that is the reason for its having gone to the morgue. Anyhow, I was strolling back with the thought of conducting a few days' revival. It had seemed so conveniently situated in the midst of a large community. I could scarcely wait to arrive. Surely, surely, something or someone would be there to welcome me. God's house couldn't be deserted. That little group that had held on so faithfully would extend to me again a kindly greeting. But—

Somewhat leisurely, I pulled into the yard, opened the car and stepped out for an inspection—since someone in the community

had intimated conditions.

What? It couldn't be! The doors were torn from their moorings. Windows were out; and some of the casings had been removed. Not a lamp of any description. A part of the floor had been lifted, and some of the ceiling had been torn away. And there was the dirty, dilapidated shell of a piano reposing in the accumulated filth—a part of it torn away and gone. Only a few seats remained.

For the most part there remained at least a heavenly silence within that old house. It seemed so empty, so deserted, so neglected, so forsaken.

May God help somebody to care!

Cpl. Paul D. Meinzer spent his 14-day furlough visiting his parents, Mr. and Mrs. W. Meinzer, and other relatives and friends in Benjamin. He left for Fort Lewis, Washington, at noon last Friday. He is stationed there.

Mrs. G. L. Hunter and daughter who has been making their home in the state of Washington, are here this week for a visit with relatives and friends.

VISITING HUSBAND

Mrs. James A. Rayburn left last Monday for Kentucky, where she is visiting her husband, who is stationed at Camp Campbell. Sheeney was recently transferred from Indio, Calif., to Camp Campbell.

To Hasten Victory

No American wants this war to go on one minute beyond the time we can bring it to a victorious end. To hasten that victory—to save possibly the lives of millions of our boys on our far flung fronts—it is imperative that every American do his part in the Second War Loan. There is an investment to fit every purse. The most you can do is little enough compared with the sacrifice offered by our boys in service. They give their lives—you lend your money.

Mr. O. K.
Says...

We've Got A Few Grade Three Tires Left...

These tires are already recapped and ready to go. You must have a certificate from your rationing board to buy these.

We're still operating on full-time schedule, 24 hours a day. We have plenty of good grade rubber, and all our work is still guaranteed. (Ask your other tire man if he is still guaranteeing his work.)

Re-Capper Coming!

We received word this week that our new re-capper was ready for shipment, and a representative of our firm went to Denver, Colo., after it. It is expected to be here, installed and ready for operation by the latter part of this week. This will enable us to turn out twice as many re-cap jobs as before.

We are also receiving a new supply of rubber, so we are ready for your re-capping jobs in any amount.

We are now able to handle your tires for the best satisfactory service—and we can give you from two to three days service on recapping.

Consult us about your tire troubles. We don't mind the questions!

SENIOR NEWS

The Seniors received their invitations last week and they are all ready to mail.

Six week exams are over and most of the Seniors came out O. K. on their tests. The English grades aren't anything to brag about but at least there were a few passing marks.

Bookkeeping was a little better than usual, this six weeks. Most of the students came up in their grades.

Senior on Review

Billie Frank Armstrong was born and reared in Munday. He has gone to school here for twelve years and he should know a great deal about Munday.

Billie Frank graduated from Munday Grammar School with the '43 class and is a loyal member of the class.

During his Junior year he played a grand game of football.

He expects to be inducted into the Army as soon as school is out. With a nick-name like "Strong-Arm" he should be able to do a great deal toward winning the war.

Frank's favorite color is red. Favorite teacher is Miss DeLoach.

Favorite past time is fishing. Favorite song is any of them.

JUNIOR NEWS

Last week the Juniors had six weeks exams and were they tough! The students certainly made the best of the last few minutes.

There was cramming of knowledge as never before. All of the studying was much harder for who feels like working these days? But that's the way it is when we lose time its hard to catch up. The members of the play are progressing wonderfully with their work. By this week-end they hope to know the third act. Then they will really get down to the hard part—putting the expression into it.

SOPHOMORE NEWS

We're once more on the home-ward stretch, heading for success of our Soph year and the coming Junior year.

Several exams were given over to our class. We're sorry to say that a number of our class proved to be well-known "copy-cats." A few little notes and a number of text-books were noticed being brought into view and our teachers decided to give the examinations over. That was Miss DeLoach's problem and solution. Mrs. Bowden's problem was quite different. The students were consistently "gripping" about the exam being "too hard." The two morning classes were satisfied, however. Mrs. Bowden contrived to please all her classes so she gave her Sophomore afternoon class an easier test than she had given her Freshman classes that morning. Now both classes are satisfied and we hope the teachers are.

SEVENTH GRADE NEWS

The eighth grade got tired of being librarians for the seventh grade, so we elected a librarian. As you might guess, it's a girl, Florene Mitchell.

We have been practicing our chapel program and learning some songs.

This is not a very happy week—report cards. Last week we got to feeling good and gave Mr. Kenamer a surprise. If you want to know what it was, ask Mr. Kenamer!

8-A NEWS

In English last week we had a debate. The question was: "Resolved That Radio Programs or Movies are More Valuable To Grammar School Students." The movies won with many good points to back it up. We elected a chairman, Donald Weaver; time keeper, Tommie Yates; affirmative side, Harold Green, Jane Hill, and Joe Frank Bowley; negative side, Gene Brown, Rebecca Rummel, and Jean Ratliff; judges, Rosalee Pippin, Kenneth Baker, Eloise Gray, Margueritta Fitzgerald and Jimmie Massie.

We have a new teacher, Mrs. Kane. We are glad to have her.

In math we are studying about the weight of submarines and ships.

8-B NEWS

The 8-B students were very sorry indeed to see their home room teacher, Mrs. Bogard, leave. They appreciate everything she did for them in helping them to learn more. Mrs. Bowden has taken her place in teaching, and Mrs. Jerry Kane is filling the vacancy left by Mrs. Swindall.

If you see any of the students going around with long faces, you will know that Wednesday they got their report cards.

The eighth grade pupils are

People, Spots In The News

JUST ONE GOOD BITE—Evidently that's all "Maudine," 1½-pound Chihuahua, believes it would take "Doctor," 180-pound St. Bernard, to dispose of her. Both are Blue Ribbon winners in California kennel club show.

MORTAR SIGHT—Girl worker at plant of Minneapolis-Honeywell Regulator Company inserts tiny level vials in an almost completed trench mortar gunsight, which will direct shells to enemy positions even though target is hidden by hills.

TRICKY WORK—Bayonets are mighty handy implements to have when you're hunting for Axis-laid land mines. British Royal Engineers gingerly probe Tunisian road before continuing pursuit of fleeing Gorpans.

now, with the help of the teachers, planning their graduating exercises. Everyone seems excited about it, since graduating is a thing that gives you thrills. However, there are some long faces about the affair, so everyone is really getting down to work in their studies.

FIFTH GRADE NEWS

We are trying to finish our books as soon as possible, so that we can review for our final examinations.

In health, we are studying about different diseases, and precautions that we can take against these diseases. We noticed a new disease in our room today—spring fever.

On The Home Front

O.E.M. Division of Information

In its annual report to the nation (and, to be sure, it was told to the Axis people), the Maritime Commission announced that the United States shipbuilding industry has broken every world record for volume shipbuilding.

The industry has not only fulfilled the 1942 mandate of President Roosevelt for 8 million tons of shipping, but has exceeded the Presidential directive by a considerable amount, the report said.

The Maritime Commission has set a shipbuilding goal for 1943 of 19 million deadweight tons, and adds that this can be stepped up to 20 million tons if materials and supplies are available.

The total announced as delivered in 1942 did not include some 800 smaller craft and other vessels delivered to the armed services.

Add to this some 100,000 war planes which will be produced in the United States this year and you have only a quick glance at the meaning of total war. Thousands of tanks, guns and other weapons of war are rolling down the assembly line this year, headed for the many fighting fronts of the world. To be sure, such mammoth production costs money. This is a key reason behind the Treasury drive for the Second War Loan, which opened on April 12.

The 13 billion dollars to be sought in the drive will support our fighting men with all they need in war weapons and war materials. These dollars, taken directly from our pocketbooks and pay checks, will be tangible evidence of our personal stake in the war for freedom.

Another purpose of the loan drive is less visible but not less essential. It has to do with checking inflation. It is estimated that the national income this year may

obtained for this purpose.

In the 1942 season, housewives applied to their local War Price and Rationing Boards for allotments of sugar on the basis of one pound for each four quarts of fruit that it was planned to can, and, in addition, for one pound for each member of the family. Roughly the same pattern will be used to give home-canning sugar allotments this year, although there will be some refinements in procedure. Under present regulations, local boards have authority to set the time and place for registration.

All shoe establishments with a commercial checking account having access to ration banking facilities must open a shoe ration bank account before April 18, and file its inventory at the bank by that date, regional OPA officials announced. Shoe firms were supposed to take an inventory of shoes and ration currency on hand as of close of business Saturday, April 10. Late filing of inventories must be approved by an OPA district office.

Miss Mary Lois Beaty, who is

employed in Abilene, visited her parents, Mr. and Mrs. G. H. Beaty over the week end.

Mr. and Mrs. E. W. Harrell visited with relatives and friends in Anson last Sunday afternoon.

This Dinner-Table War

Is Your Family in Fighting Trim?

OF COURSE it's more trouble to feed a family in wartime!... That's what war is: trouble. But even so, aren't America's dinner tables *banquets*, compared with those in the other nations that are fighting to save mankind's freedom? That's why American women can swing market baskets and count ration points, and think nothing of it. They are helping to win. And in this war, we win or we die.

Gas Ranges Simplify Nutrition

If you take good care of your modern Gas Range, it can feed your family for years and years. Put it through its paces. Use the simmer-burners, for instance, for flawless vegetables; the thermostat-control for correct baking and roasting; the smokeless broiler, on ball-bearings, for sizzling foods in their own juices. Follow a *Nutrition Guide*. Even with war restrictions, you can have good-tasting meals that guard the health and good looks of your family.

FREE: Canning Booklet

(War-time Edition)

Ready for you at your Lone Star Gas Company offices, telling how to put up Vegetables, Fruits and Meats. Pictures and charts throughout. Special recipes, from Hominy and Sauerkraut, to Berry Jam made with corn syrup. NOTICE to Lone Star customers in towns that have no company offices: Please send a postal for your Canning Booklets, to Miss Albertine Berry, Lone Star Gas Company in Dallas.

LAMB PIE

War-time version.

As seen in the casserole above. More vegetables and less lamb.

- 1 Pound lamb shoulder, cut in cubes, rolled in seasoned flour
- 2 Tbsp. bacon drippings
- 2 Onions
- 3 Cups boiling water
- 1 Bay leaf
- 1 Cup diced potato
- 1½ Cups peas
- 1½ Cups carrots, sliced
- ½ Cup chopped celery

Biscuit dough

Brown the cubes with onion, in bacon fat; pour off fat and add boiling water. Cover and simmer slowly 1½ hours. Add vegetables for the final 30 minutes of cooking.

Taste, to be sure it's seasoned right, then transfer to a casserole. Place tiny baking-powder biscuits on top, and bake until biscuits are brown. Makes a fine main dish for 6.

Are you giving your worn-out kitchen fats to the Government?

Strain through fine mesh into metal container. Sell to butcher place. Rancid fat makes one pound or more fewer bullets.

SENIOR REPORT

Yum yum. We can just taste that banquet the juniors are giving us already. It doesn't seem any time since we were doing the same thing for the "dear departed," or, in other words, last year's seniors.

BRIEF BIOGRAPHIES

Coy Dickens
 Born: At Weinert, Texas, on July 10, 1925. At an early age she moved to Sunset and started to school. Since that eventful time, with the exception of one year spent at Winsboro, she has spent her time shuttling back and forth between Sunset and Munday.
 Coy's statistics follow:
 Teacher: All.
 Subject: Typing.
 Song: "The Face I See at Evening."
 Color: White.
 Dish: Everything.
 Sport: Volleyball.
 Flower: Rose.
 Preferred actor: Clark Gable.
 Preferred actress: Judy Garland.
 Heroes: None.
 Pet Peeve: Hypocrites.
 Ambition: Secretary or teacher.
 Hobby: Collecting phonographs.
 Enjoys: Movies, reading, and walking.
 Nickname: None in particular, but she thinks she's been called "Queenie," "Sally," and "Jo" at various times in her life.
 Coy intends to attend Draughon's Business College in the fall. She has always been generous and easy-going; we wish her the best of everything.

JUNIOR NEWS

We juniors got together again last week, and started planning our banquet. We selected students to see after each part, and we hope to have it ready by the 24th of this month. Just watch out, seniors, because we are going to throw the biggest and best that has ever been presented at Sunset.

I GIVE YOU TEXAS
 by BOYCE HOUSE

They make a lotta speeches down in Austin about "bringing the government" closer to the people—and then a lawmaker introduces a proposal to abolish the office of justice of the peace!

That's the court that's closest to the people. Somebody has described it as "the poor man's court."

Folks out in the country or in the smaller towns can't be running into the county seat every time some little—but, to them, important—matter comes up.

Justices of the peace are usually of mellow temperament, deliberate of speech and action, wise and wide in experience, tolerant and kindly toward their fellow men; maybe not always learned in the technicalities of the law but rich in the knowledge of human nature and in common sense.

Many a neighbors' quarrel has been straightened out before it grew into something serious, because of the sense of fair dealing possessed by some justice of the peace.

Do away with the office? Why, we need more officials like them!

Nomination in the old joke context:
 "Lissen, big boy, wheeah Ah comes from, dem wu'ds means fight."
 "Well, why don't you fight?"
 "Cause Ah ain't wheeah I comes from."

And this one (heard during the first World War):
 Proud mother, watching the troops march by: "Why, they're all out of step but Jim."

A noble prayer:
 "If I have wounded any soul today,
 If I have caused one foot to go astray,
 If I have walked in my own wilful way—
 Good Lord, forgive."

The Guadalupe-Blanco River Authority (as was pointed out last week) blocked the City of San Antonio from acquiring the power system until the city agreed to lease the main power plant to the GBRA—and the GBRA immediately leased the plant to the Lower Colorado River Authority for a minimum of \$250,000 a year. The House of Representatives' investigating committee has brought out also that the GBRA retained the option to buy the plant at the end

of 30 years at 2 per cent depreciation per year. As the LCRA will be operating the plant, it will have to be kept in working condition, so it should be in about as good a shape then as it is now. So the GBRA can acquire a plant, now valued at \$6,000,000, for only 40 per cent—another profit of millions for the GBRA, which has put nothing and does nothing. A lot of people are having difficulty understanding all this.

Dental Program Aid To Children

AUSTIN.—In checking the results achieved by school dental programs in Texas, Dr. Geo. W. Cox, state health officer, announced today that such programs have proved to be highly effective in lessening the permanent teeth mortality rate, reducing it in some cases more than 75 per cent in a period of only five years.

In one city, the permanent teeth mortality rate was reduced from 24.37 per cent to 3.5 per cent in less than five years' time, with a full-time dental health program in effect.

"If the mortality rate of permanent teeth is a dependable unit of measurement in the evaluation of dental public health programs," Dr. Cox said, "it is obvious that there is unlimited value in the type of programs now carried on by the State Health Department."

Dr. Cox expressed the opinion that the increase in the volume of dentistry for children in local dentists' offices was directly attributable to the influence of the school dental programs, and added that the improvement of children's attitudes as patients was very noticeable.

"I believe that as time goes on," Dr. Cox stated, "the results will be even more noticeable. As the public becomes aware of the possibilities in this field, there will be an ever-growing demand for at least some type of dental health program in every community."

Miss Lavena Counts visited with friends in Abilene over the week end.

The HALF-won WAR...

• You wouldn't settle for HALF a victory over the Axis. But you can't make an ALL-out effort against the enemy, if you're hampered by "half-way" health. Right now, the nation needs the full measure of your energy and effort. If you are feeling a bit under par physically, go now to your physician. That's the first step to get well—the second is to let us expertly compound his prescriptions.

Lone Star Gas Company's Wartime Canning Booklet Aid To Gardeners

Lone Star Gas Company's new Wartime Canning Booklet, to help the home-front prepare vitamin-packed foods from victory gardens and orchards and patriotically offset rationing restrictions, is now available for customers without charge, according to company officials. The book was compiled by Miss Albertine Berry, nationally known foods expert and home economics director for Lone Star.

The book will be distributed at a series of Victory canning schools to be conducted by the company, and copies also will be available at gas company offices. Theme of the book is contained in a footnote: "Let the fighting men HAVE most of America's canned goods; you can fill a proud shelf of your own. Just be sure the foods you put up are fine-flavored and FRESH."

The Wartime Canning Booklet describes the most modern, efficient and simple methods of canning fruits, vegetables and meats, using recipes that "hold onto vitamins." It is fully illustrated. The four methods of canning are described in separate chapters.

Of the pressure cooker method, the book says, "This is the nearest approach to commercial canning, and will handle any kind of food. Use it especially for vegetables and meats."

The water bath method is "Recommended for canning fruits, tomatoes and tomato mixtures," as is the oven method of canning which requires that the oven be equipped with thermostat control. The open kettle method "may be used for canning fruits, tomatoes, preserving and pickling."

Separate chapters give recipes for canning vegetables, fruits, and meats, poultry and fish; jellies, and preserves, jams and butters; pickles and relishes. The book contains charts on food quantities and approximate number of jars needed, and separate charts on preparation and processing of vegetables, fruits and meats. A jelly chart shows the quantity of sugar to one cup of juice; another gives combinations of fruits for jellies. Recipes with sugar substitutes and those requiring minimum sugar are given.

A chapter is devoted to containers under which are discussed tin cans, glass jars, with a warning to use only tempered jars; types of lids, and sterilizing. Other points stressed are pre-cooking or blanching of fruits and vegetables

and how to detect food spoilage. The book warns, "Don't throw away food value! In pre-cooking fruits and vegetables, use the cooking liquid to fill the jars. Valuable minerals and vitamins leach out into the water, and will be lost forever if the water is discarded."

Miss Bobbie Floyd, daughter of Sheriff and Mrs. L. C. Floyd of Benjamin, visited with Miss Juana Jones while she was home last week end.

Mr. and Mrs. P. V. Williams were business visitors in Dallas the first of this week. Mrs. Williams left Dallas by plane Wednesday morning for Wright Field, Ohio, for a visit with Lieut. and Mrs. Jack Williams and little daughter.

People, Spots In The News

LINE-UP—Care, feeding and operation of this and other giant B-24 bombers is in hands of entire 1019th Army Air Force squadron at Tarrant Field, Tex. Eighty-two of the 174 men are lined up on wings, indicating spread of plane.

SUPER-SALESMAN—A guest at huge Jeep plant in Toledo, 12-year-old Jerry Clemens is "decorated" by Delmar Ross, who designed scout car for Willys-Overland Motors. Jerry became honorary director of Jeep Clubs of America for personally selling \$15,070 in war bonds.

PEACHES' PEACH—Pretty Nancy Brinkman, Spring Blossom Girl of the Southwest, poses with cluster of peach blossoms to convince skeptics that vernal season has really arrived.

VISITING HUSBAND

Mrs. Chan Hughes left Wednesday night for Camp Adair, Oregon, where she is to visit her husband for several days. Chan has been in the service for about a year and hasn't been home on furlough since entering the service. George Hammock is taking Mrs. Hughes' place at the post office while she is away.

New Information On Social Security Is Now Available

A revised "Outline of Employer's Duties under the Social Security Act," recently issued jointly by the Social Security Board and the Bureau of Internal Revenue, is now available to employers who wish a copy, according to R. L. Surles, manager of the Wichita Falls field office.

This outline explains in detail the employer's responsibilities and will be helpful to employers since it answers nearly every question which might arise regarding social security record keeping, tax returns, and liability. Any employer wishing a copy should write or phone the Wichita Falls, Texas office of the Social Security Board located at 412 Post Office Building, Wichita Falls, Texas.

Manager Surles pointed out that tax returns and questions regarding tax matters should go to the Collector of Internal Revenue at Dallas. Claims for benefits and requests for original or duplicate social security account numbers should be mailed to the Wichita Falls office of the Social Security Board.

LOUISE ATKEISON HERE ON FIRST FURLOUGH

Miss Louise Atkeison, who is serving her country in the Women's Army Auxiliary Corps and stationed at Miami Beach, Fla., came in the first of last week for a visit with her father, W. H. Atkeison, and with other relatives and friends. This is her first furlough since enlisting in the WAAC several months ago.

Sisters here to visit while Louise is home are: Mrs. E. M. Roberts and children of Amarillo, Mrs. T. L. Stall and children of Midland and Miss Thelma Atkeison of Albuquerque, New Mexico, who returned to her duties there last Sunday.

Ladies Attend Meeting Held In Wichita Falls

The District III Texas Association meeting was held at Wichita Falls, Texas, Thursday, April 8, 1943 at the Y. W. C. A. Building. The delegates attending this meeting from Knox County were as follows:

Mrs. J. E. Stover, Council Chairman, Truscott.

Mrs. J. C. Patterson, Benjamin. Mrs. Wesley Trainham, Vera. Jane Rutledge from Benjamin represented the 4-H Clubs from Knox county.

Lucille King, county home demonstration agent was a guest at this meeting.

Mrs. Wesley Trainham gave the report of the work being done in the Home Demonstration Clubs in Knox County. Jane Rutledge gave the report of the 4-H Expansion Program as it was carried on by the county agents. She also gave a demonstration of the proper way of setting a hen.

Knox county was one of the five leading counties in the 4-H Expansion Program.

The delegates reported a very interesting and educational meeting. There were 169 present at this meeting despite the rainy weather.

Munday P. T. A. To Install Officers

The Munday Parent-Teachers Association will meet at the school auditorium on Wednesday of next week, at which time officers for the new year will be installed. The program will be under the direction of G. S. Dowell, vocational agriculture teacher.

All parents are urged to be present, as this is the last meeting of the fiscal year.

JOE CERVENYS HAVE NEW GRANDSON NOW

Mr. and Mrs. Joe Cerveny have received an announcement of the arrival of a grandson, who was born on March 31. He is the son of Tech. Sgt. and Mrs. William J. Cerveny of Fort Sill, Okla. The youngster was named Tony William and weighs every bit of 10 pounds. He is the first and only grandson of Mr. and Mrs. Joe Cerveny.

SEED POTATOES

Retailers are now permitted to sell seed potatoes in any quantity for planting purposes only. The former requirement that they be sold only in lots of fifty pounds, or more, has been removed by OPA.

Mrs. Paul Pendleton spent the week end in Wichita Falls, visiting with Paul, who is stationed at Sheppard Field.
