MEATS, ETC.—Red Stamps J and K good through June 30. L becomes valid June 6.

PROCESSED FOODS—Blue stamps G, H and J remain valid through June 7. K, L, M, will continue good through July 7.

Mrs. T. J. Turner Buried Tuesday At Stamford

Funeral services for Mrs. Tom J. Turner, 66, who died at her Stamford home last Monday morning, were held from the First Baptist church in Stamford at four o'clock Tuesday afternoon. Rev. Miles B. Hays, pastor, officiated and burial was in Highland cemetery at Stamford.

Mrs. Turner resided in Munday in the early days, and her husband was employed by the Baker-Bryant store here. The family is remembered by many of the county's pioneers. They moved to Stamford in 1911.

Mrs. Turner was born Maggie E. Simpson, December 8, 1876, in Georgia, and was married to Mr. Turner on August 5, 1894, at Moody.

Survivors are her husband, two sons, Lewis of San Antonio, and T. J. Jr., of Fort Worth; three daughters, Mrs. Sank Allen of Hamlin, Mrs. M. D. Thompson and Mrs. Joel Campbell, both of Stamford. She is also survived by six brothers, Charlie, Grady and Clem Simpson of Altus, Okla.; Will and Ed Simpson of Lubbock, and Bates Simpson of Houston; a sister, Mrs. J. W. May of Lubbock, and four grandchildren.

Knox Chapter To Meet On Tuesday

The Knox Chapter No. 260, R. A. M., will hold its regular stated meeting next Tuesday night at the Masonic hall.

Interest is increasing in the chapter since it was reorganized recently, and members stated that work would likely be held in both the Mark Master's and Past Masters degrees. All chapter Masons are cordially invited to attend this meeting.

Baptist Workers' Council Held At Goree Church

The Baptist workers' council for this district was held with the First Baptist church of Goree on Tuesday, May 25. There was a good attendance and a number of interesting speakers delivered messages during the day, representing the entire work of the churches of this district.

Dinner was served at noon by women of the Goree church. The meeting closed at four o'clock, to meet at Rochester for the next council.

Foy Easley of Anson Has Maor Operation

Foy Easley of Anson, son of Mr. and Mrs. S. T. Easley of Munday, underwent a major operation at Scott & White Hospital in Temple on Wednesday of last week. His father took him to Temple, and returned to Anson with him last Monday. He is reported to be doing fine.

Miss Helen Norman of Lamesa returned to her home last Monday after several days visit with her uncle and aunt. Mr. and Mrs. W. E. Reynolds. Her cousin, Martha Ann Reynolds, accompanied her home for a visit.

Scott E. Ford Dies May 27 At Wichita Falls

Scott E. Ford, age 59, former resident of Munday, died of a heart attack in a Wichita Falls hospital on Thursday of last week. He had been in ill health for about four years.

Scott Eaves Ford was born at Boardley, Kentucky, on December 4, 1884. When just a boy he moved to Texas, locating in Parker county, where he lived for several years. He later moved to Munday where he made his home until four years ago. He was a well known carpenter of Knox county.

Mr. Ford was married to Miss Beulah Martin in 1918, and to this union was born one son, who is Marvin Ford of Fort Worth. Besides his son, he is survived by a brother, A. E. Ford of Goree, and a sister, Mrs. Monta Dillingham of Weatherford, and several nieces and nephews.

Funeral services were held in Wichita Falls last Friday, with interment in a Wichita Falls cemetery.

Get Sugar For Home Canning

Stamps 15 and 16 in War Ration Book No. 1 will each be good for five pounds of sugar for home canning. They can be used anytime until October 31, 1943. By using these stamps, which already have been issued, a lot of additional work has been taken off local boards.

At the allowed rate of one pound of sugar to four quarts of finished fruit, the 10-pound-per-person allowance will provide each person with 40 quarts of canned fruit.

Persons who need additional sugar for home canning will apply to their local War Price and Ration Board. They cannot get more than 15 pounds a person in addition to what they get with stamps... that's a limit of 25 pounds per person.

Persons who plan on canning and then selling their products can obtain extra sugar up to 250 pounds for each family unit. They are required, however, to register as sellers with their War Price and Ration Board. When they sell canned foods, they must collect ration stamps at the rate of 8 points per quart. Ration stamps collected must be turned in at the end of each month.

Auction Sale Has Large Day

The Munday Livestock Commission Company reports another good run of cattle and hogs for last Tuesday's sale. All classes sold fully 25 cents higher than a week ago.

Canner and cutter cows sold from \$5 to \$9 per hundred; butcher cows, \$9.50 to \$11; beef cows, \$11.50 to \$12.85; butcher bulls, \$9.25 to \$11; beef bulls, \$11.50 to \$12.50; butcher yearlings, \$11 to \$13; fat yearlings, \$13.50 to \$15.25; rannie calves, \$9 to \$10.50; butcher calves, \$11 to \$13, and fat calves, \$13.50 to \$15.50.

Bill Billingsley Is Made Lieutenant And Bomber Pilot

Twelve Texas young men were among the aviation cadets who were graduated last Friday in formal exercises at the Blytheville, Ark., Army Air Field with commissions as second lieutenants and rating pilots of twin-engine bomber aircraft. In addition a student officer, who completed his training with the cadets, received his wings with the graduating class.

Among Texas youths was Lieut. Ernest Milton (Bill) Billingsley, son of Mr. and Mrs. M. F. Billingsley of Munday. Bill is a 1935 graduate of Munday high school, and a former assistant manager of the Parkburg Rug and Reel Co. Bill transferred from the army to the air forces about nine months ago.

Leave For Ft. Worth

Misses Jeanette and Jane Campbell left last Sunday for Fort Worth to make their home. Jeanette, who has operated the beauty shop at the Hat Shop, expects to enter defense work in Fort Worth.

People, Spots In The News

GOOD NEIGHBOR—Nancy Brinckman, as Miss Foreign Trade, seems confident that South America will be leading factor in post-war world commerce.

BUILD 'PRESENTISM'—Faced with providing own recreation because of geographic isolation, war production workers of Aluminum Co. of America at Massena, N. Y., write, act, stage own theatricals (above) under Labor-Management Committee auspices, play to full houses. Results: morale boosted, absenteeism reduced, efficiency increased.

Juanita Golden Gets B. S. Degree

Special to Munday Times.

DENTON, Texas. — Miss Juanita Golden of Munday received a bachelor of science degree from the Texas State College for Women at the commencement program Monday, May 31. Dr. L. H. Hubbard, president of the college, delivered the address.

The commencement culminated a three-day activity program for the 258 graduates and their families, including a garden party, baccalaureate service and a music recital. With the abandoning of the Ex-Student Reunion and other social affairs, the senior program of final events was streamlined this year.

Miss Golden, daughter of Mr. and Mrs. Oates Golden, received her degree in general business. She was an outstanding student while attending TSCW.

Seymour Man Buys Local Barber Shop

Announcement is made this week that Tom Pennington, formerly of Seymour, has purchased the Strickland Barber Shop, which will be known as the Pennington Barber Shop. Mr. Pennington assumed management of the shop last Tuesday.

Mr. Strickland, who operated the shop here for several years, will join his family on the Strickland farm near Putnam, Texas.

Mr. Pennington comes here highly recommended as a barber and as a citizen. He stated that Clyde Hendrix will continue to assist in the shop on Saturdays and other rush days, and he assures the public that all patronage will be appreciated.

Masonic Lodge To Name Officers

It will be a busy time for its members when the Knox Lodge No. 851, A. F. and A. M. meet in regular stated meeting next Monday night.

This is the time set for election of officers for the ensuing year, and all members are urged to be present and take part in this activity. In addition, there will likely be work in both the Entered Apprentice and Master's degrees.

A cordial invitation is extended to all Masons to attend this meeting.

Supervisors of Soil District In Meeting May 28

A meeting of the Board of Supervisors of the Wichita-Brasos Soil Conservation district was held at Knox City, Texas on May 28, 1943 with the following persons in attendance:

Supervisors present: Jack Idol, Clay Groves, H. W. Smith, D. R. Brown; others present: H. B. Boswell, S. C. S., Seymour, Texas, G. R. Schumann, county agent, Haskell, Texas.

Mr. Idol called the meeting to order and stated that the purpose of calling this meeting was to see if the Board of Supervisors desired to complete the district program and plan of work immediately. After some discussion, the motion was made by Mr. Brown and seconded by Mr. Smith that program and plan be completed by July 1. Motion carried.

It was pointed out that the district program was practically complete this time with the exception of being typed. The district plan of work was discussed and the Supervisors decided to appoint a committee consisting of H. B. Boswell, S. C. S., Seymour, R. O. Dunkle, county agent, Benjamin, and G. R. Schumann, county agent, Haskell, to work on a tentative district plan. The supervisors agreeing to meet with this committee if possible. After the tentative plan of work has been drawn up by this committee, the board of supervisors will meet and review this tentative plan of work and will make such corrections or additions as they deem advisable.

Mr. Boswell advised the supervisors Mr. H. M. Bell, Regional Pasture Specialist, S. C. S., would be in the district on Friday, June 4, and invited the supervisors to meet with Mr. Bell to discuss range problems.

There being no further business to come before the meeting, the meeting was adjourned.

D. R. Brown, Secy.

Jack Clowdis Now With Radio Shop

Jack Clowdis has returned to Munday from Seymour and is now associated with Melvin Strickland in the radio repair, electric wiring and plumbing business. Jack has been employed with the R. E. A. in Seymour for the past several months.

These men have purchased the plumbing business formerly operated by L. A. Jungman, and they are now fully equipped to do all kinds of electric wiring, plumbing work and pipe work. They invite the people of this trade area to see them for this type of work.

They are also continuing the radio repair business in connection with this other work.

ROBERT H. BURTON IS PROMOTED TO SERGEANT

Robert H. Burton, son of Mr. and Mrs. R. V. Burton of Benjamin, was recently promoted to the rank of sergeant at Camp Hood, Texas. He entered the service on September 9, 1942, at Camp Wolters and is attached to the DEML section, in the payroll division at Camp Hood.

AMERICAN HEROES BY LEFF

Three Japs killed with one bullet was the score of Marine Pfc. Nicholas Sileo while defending a small village somewhere in the South Pacific. Sileo dropped the trio as they approached Indian file and then bagged two more before the swarming little men's rifle fire put him out of commission and he had to be hospitalized. Our boys are making the best use of the ammunition which you help buy when you invest in War Bonds. Help pass them more of it.

Funeral For Jess A. Kennedy Is Held Friday

JESS A. KENNEDY

White Receives New Re-Capper

G. A. White, who operates the White's Vulcanizing Shop, announces that his new all steam cure recapper arrived here Thursday and is being installed in his shop. This type of recapper, White says, seals the new tread down to the shoulder of your tire and is a type of recapper which he believes will meet with the approval of motorists.

The machine is equipped with a high speed tread mould, which is a tread which Mr. White believes will stand the test to your entire satisfaction. He invites the public to come in and inspect this recapper, which will be in operation next week.

Knox City Paper Publishes Final Issue On May 28

In a notice in last week's issue of the Knox County Herald, Mr. and Mrs. Ben Daniel, publishers, announced that publication of the paper would be suspended for a temporary period. The notice follows:

Suspension of Publication

Because of adverse circumstances and wartime conditions this issue will serve as the final publication of the Knox County Herald for a temporary period. It is with regret that this situation arises, and it is our intention to resume publication at the earliest possible date.

We have greatly enjoyed our business associations in Knox County for the past year and a half and we will be eager to return when conditions permit.

When publication is resumed, all subscriptions will be advanced for the period papers are not received. We wish to express our thanks to the merchants and patrons who have advertised in our paper and will appreciate your continued patronage when our business is reopened.

Carl Booe Home Is Destroyed By Fire

Fire which broke out at about twelve o'clock Wednesday night completely destroyed the farm home of Mr. and Mrs. Carl Booe, who reside about three miles southeast of Munday.

The fire was well under way when members of the family were awakened, and they did not have time to save any of their household goods. The home and practically all of its furnishings were destroyed.

The residence was partly covered by insurance, but none was carried on the furnishings, it was stated.

MAHAN ADDS EQUIPMENT AND NEW MERCHANDISE

Mr. and Mrs. Wade T. Mahan attended the recent state convention of embalmers and funeral directors in Ft. Worth, where Mr. Mahan purchased new equipment and merchandise for the Mahan Funeral Home.

When a person is called upon to consider funeral arrangements, the Mahan Funeral Home is complete in every detail to offer the perfect tribute. New funeral equipment, caskets, etc., have been added, and the local funeral home is equipped to provide a funeral service in all price ranges, from the \$35.00 receptional to a service including the \$1,000.000 Australian Betula Ebony.

Former Publisher Of Munday Times

This community was shocked last Thursday to learn of the death of Jess A. Kennedy, former publisher of The Munday Times and publisher of the Chillicothe Valley News. Mr. Kennedy passed away Wednesday evening, May 26, at 10:35. He had been seriously ill for three weeks, but his condition had not been considered dangerous, although he was taken to the Quannah hospital for treatment, until last Sunday.

Jess A. Kennedy was born July 6, 1887 at Osage, Coryell county, Texas, and died at the age of 56 years. His entire adult life had been spent in newspaper work. He had operated newspapers at Ryan, Okla., Sipe Springs, Munday and Throckmorton, Texas, before taking over the Chillicothe paper last January. He was publisher of The Munday Times for many years.

At the funeral service in Chillicothe, his pastor had this to say: "While publishing the paper at Munday, Mr. Kennedy was for some years a member of the city council and served as mayor of that city. In the few months that he had been a member of this community, he entered heartily into the life of the community and its organizations. He was a member of the local Methodist church and the Chillicothe Lions Club. His friendly spirit and support of good causes in the community won for him the friendship of the business and townspeople. The entire citizenship feels a distinct loss in his going."

Mr. Kennedy is survived by his widow, Mrs. Eula A. Kennedy; three sons by a former marriage, Lieut. Glen W. Kennedy, Camp Edwards, Mass.; William Gayle Kennedy, U. S. Marines, Australian area; Jesse George Kennedy, Austin; a step-daughter, Mrs. L. A. Pollock of Bryson; four sisters and two brothers, who are: Mrs. Lizzie Hudson, Grandview; Mrs. Eva Bellrose, Munday; Mrs. Annie May Phillips, Waco; Miss Mildred Kennedy, Washington, D. C.; Glenn Kennedy, Washington, D. C.; and Joe Kennedy, Grand Prairie.

Funeral services were held from the Methodist church in Chillicothe at ten o'clock last Friday morning. Burial was in the Loving, Texas, cemetery at four o'clock that afternoon.

Preservation Of Food Is Given At Training School

Twelve women from various communities in Knox county attended a training school for Food Preservation conducted by Lucille King, county home demonstration agent, in the assembly room of the courthouse at Benjamin.

Demonstrations were given on drying and canning of fruits and vegetables and krauting. In drying the electrical dehydrator was used. This dehydrator was made from two apple boxes. The sun and stove driers were both on display. Carrots, green beans and apples were dried.

The fruits and vegetables canned were as follows: green beans, English peas, baby beets and pineapple. Both the hot and cold pack methods were demonstrated.

Kraut was also made at this demonstration. Even though people in Knox county do not raise very much cabbage, it is well to know how to make kraut as we must try to preserve every ounce of food we can for the war effort.

The following women attended this training meeting: Mrs. Clarence Allen, Mrs. Wesley Trainham, all of Vera; Mrs. H. R. Hicks, Mrs. W. H. Freeman, Mrs. R. M. Almonrode, all of Sunset; Mrs. Marion Rider, Cora Ann Rider, Mrs. J. R. Spivey, all of Gilliland; Mrs. Bob Jones, Mrs. Dollie B. Feamster, Union Grove; Mrs. W. C. Taylor, Benjamin.

A covered dish luncheon was served at the noon hour. Every one reported a very enjoyable day as well as an educational one.

RED CROSS WORK

Mrs. Moylette announces that material for a few more Red Cross garments is available, and additional workers are urged to report at the Red Cross work room to complete this work before the deadline.

UNITED STATES DEPARTMENT OF AGRICULTURE

AAA NEWS

By MARVIN ALLEN, Administrative Officer
Knox County Agricultural Conservation Association

The County Farm Machinery Rationing Committee received notice last week from the State USDA War Board that county quotas on all items of farm machinery and equipment on Schedule I be cancelled immediately. This will permit the transfer of such Schedule I machinery and equipment for use in any county in the State upon presentation of Purchase Certificates which may be issued by County Farm Rationing Committee without being restricted to any specific number of machines or previously required by the quotas.

With the cancellation of quotas, placing all Schedule I equipment in the "Non-quota" class, it will be necessary that applicants furnish certificates that the equipment applied for has been located and can be secured upon the presentation of a Purchase Certificate. Applicants shall continue to file applications on Form MR-20 with the Farm Machinery Rationing Committee—after consideration has been given to the application for authority to purchase and if the committee determines the applicant eligible—a letter will be directed to the applicant by the

committee requesting the following certification be furnished:—"This is to certify that (name of dealer) has the farm machinery or equipment; namely (description of machinery or equipment, size and type) in stock, has been advised that it will be available at a future date, or has it listed in a current mail order catalogue. It is also certified that the dealer has assured me that delivery will be made to me upon presentation of a Purchase Certificate issued by the Farm Rationing Committee." Certification must be signed by applicant. The purpose of securing the above certification is to prevent the issuance of certificates in excess of the available supply.

Since cancellation of quotas it will no longer be necessary that any item be sold in accordance with the tagging control and may, therefore, be sold in counties other than that for which it is tagged or designated. This will permit a certificate holder to purchase the machinery from any dealer in the State.

Rationed Items Which Effect Agriculture
Much of the equipment and ma-

terial normally used by the farmers is controlled by orders and regulations issued by the War Production Board, and must be obtained by application on certain forms.

Following is a list of some of the materials and equipment which are most often needed by the farmer. This list gives a very brief resume of controlling orders and the procedure to be followed by the farmer to obtain the things he needs. Since the regulations and orders must change as the controlling factors of the war dictate, the information listed below will be altered from time to time.

Batteries

Telephone—Utilities Order U-3 assigns a rating of AA-1 for the purchase of dry cell batteries used in connection with rural telephone systems and for maintenance, repair, and operating supplies for such systems.

Dry cell batteries are not rationed, however, production controlled by the War Production Board under Limitation Order L-71. Farmers may apply to usual dealer, no forms necessary and no action from the County War Board is necessary.

Storage Batteries are not rationed. The production is controlled by the War Production Board under Limitation Order L-180. Farmers may apply to their usual dealer. Turn in is not required for use in electric fence control or engine ignition if not used for this purpose.

Ammunition

Limitation Order L-286 restricts the sale and delivery of ammunition. Farmers and ranchers are classified as "authorized users" and are permitted to purchase certain quotas to be used for specified purposes by signing the applicable certification designated in the order. Such "authorized users" who wish to purchase ammunition in excess of their quotas, or any person wishing to purchase ammunition for purposes other than those specified in the order, should file Form PD-860. These forms may be secured from the nearest WPB District office.

Canning Equipment

Glass jars and lids are not rationed. There is a sufficient supply available for home canning, however, under control of the WPB through order M-104. Farmers may apply to their usual dealer

—no forms or certificates necessary. The above statements also apply to tin cans and lids.

Construction—Rural

Limitation Order L-41. The order limits residential construction to \$200 per year without specific authorization. It permits an expenditure up to \$1000 per year for agricultural construction if no priority assistance is needed. If priority assistance is needed on any type of construction, regardless of cost, and if the cost is less than \$10,000, application should be made on Form PD-200-C and filed with the Knox County War Board.

If priority assistance is needed and the construction exceeds \$10,000 per year, the application should be made on form PD-200 and filed with the Knox County War Board.

Electric Motors

Limitation orders L-221 and L-222 restricts the sale of electric motors of the one horse-power and larger sizes to those placing orders bearing preference ratings of AA-5 or higher.

L-123 permits the sale of motors of less than one horse-power on orders bearing a rating of A-1-c or higher. Application for preference rating should be made on Form PD-1A and filed with the nearest WPB district office.

Electric Wire

Utilities Order U-1-c permits electric service connection to those farms that qualify according to the terms of the order and after certification of eligibility is made by the USDA War Board.

Preference Rating Order P-144 provides for assignment of an AA-3 rating for the purchase of farmstead wiring material of an amount up to 75 pounds of non-ferrous metal conductor plus the necessary fixtures and accessories required to carry electric energy from the terminal of the utility's facilities to the point or points on an approved farm, but does not include wiring which would be exclusively used to furnish electricity for household lighting.

To obtain farmstead wiring material required to distribute electric energy to the productive equipment on his farm, a farmer or other person whose farm has been certified by his USDA War Board as being eligible, should:

1. Obtain a copy of the certificate which declares his farm eligible.

2. Contact the prospective supplier of wiring material and obtain the minimum quantity necessary to distribute electricity to the productive equipment on his farm, after which he may place a purchase order or contract with his supplier, who may be an electrician, wiring contractor, utility, or any other supplier, and should place on his order or contract the certification of paragraph (b) of Order P-144, attaching the copy of the USDA War Board certification.

In those cases where more than the above amount of material is necessary and where such wire is to be used in connection with equipment contained under Limitation Order L-170, application for a rating to purchase should be made on Form PD-1A and filed, together with a recommendation from the Knox County USDA War Board chairman, with the nearest WPB district office.

Watch this column for further information regarding rationed items which effect agriculture.

Rev. Luther Kirk and his father-in-law, Ed West of Princeton, spent last Friday fishing at Lake Throckmorton. They reported a good catch.

Miss Quintna Wiggins returned home the latter part of last week from Dallas, where she visited relatives for several days.

Miss Dorothy Campbell of Abilene visited with her parents, Mr. and Mrs. J. C. Campbell, over the week end.

HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

Mr. and Mrs. A. W. Aikins and son, Jerry, left Saturday, May 29, for McCauley to spend a few days with Mr. Aikins' parents.

Miss Nita Bess Daniel has gone to Estellene, where she is spending her vacation.

Quite a number of ladies met at the home of Mrs. C. B. Warren on May 27 to test their pressure cookers. Miss Lucille King of Benjamin, county home demonstration agent, was present and gave a demonstration on testing them.

Mrs. Elkin Warren and daughter of Dallas have returned home after a visit here with Mrs. Warren's parents, Mr. and Mrs. E. A. Jones.

Mr. and Mrs. M. J. Jones made a trip to Seymour and Bomarton last Monday.

Maeky Murdock visited with relatives in Vera several days last week.

Mr. and Mrs. Carl Holder of Wichita Falls were guests in the home of Mr. and Mrs. Ben Holder last Sunday. Their daughter, Mrs. Thompson of Port Arthur, is re-

covering from illness. Hamp, D. B. and Dibriel Jones had word that their brother, Willie Jones of Crowell, recently underwent a major operation.

Mr. and Mrs. E. W. Harrell went to Dallas last Sunday to take their son, Dick, to enter S. M. U. While there they also attended market to purchase merchandise for the Munday Hardware and Furniture Co.

Mr. and Mrs. E. A. Squyres and little daughter left last Sunday on their vacation and are visiting relatives in Lufkin and other points. Mr. Squyres is manager of the local Perry Bros. store.

Mrs. Moore, Recent Bride Honored At Breakfast Sunday

Honoring Mrs. John Robert Williamson Moore, a recent bride, Misses A. A. Smith, Jr., Grady Shytle and A. V. Kemletz were hostesses for a breakfast at 9:30 Sunday morning, May 30, in the home of Mrs. Louise Ingram.

The table, in beautiful appointments, was centered with a bowl of pink rosebuds.

The bride's corsage of white carnations, a gift of the hostesses, was presented as a lovely gift. The hostesses and the honoree are friends of many years and also former classmates in high school.

Present were Misses John Robert Williamson Moore (nee Virginia Everett Smith), Fred Brogch, Jr., Barton Carl of Goree, Grady Shytle, A. A. Smith, Jr., and A. V. Kemletz of Fort Stockton.

Darlene Brown of Lubbeck is visiting in the home of her grandmother, Mrs. D. B. Weaver.

Mrs. Carl Patterson of Benjamin was a business visitor here on Wednesday.

Mary Ellen Bateman And Forrest Jackson Marry Wednesday

In a quite home wedding held at the home of the bride's parents, Miss Mary Ellen Bateman became the bride of Forrest Jackson of Terrell last Wednesday afternoon at one o'clock. The bride's father, Rev. J. R. Bateman, read the marriage vows.

The bride is the daughter of Rev. and Mrs. J. R. Bateman of Munday and is well known here, having attended the Munday high school. She completed her high school studies and did part of her college work at T. W. C. Fort Worth, later attending McMurry College, Abilene, for a year, and she received her A. B. degree from Baylor University. For the past several years, Mrs. Jackson has been teaching in the Terrell public schools.

Mr. Jackson, who was reared in Terrell, is now serving in the armed forces. While here for the wedding, he was enroute to Sacramento, Calif., being transferred from a training camp in Florida. The couple will make their home in Sacramento Calif., for the present time.

MRS. JOHN ROBERT WILLIAMSON MOORE

Miss Virginia Smith And John Robert Williamson Moore Are Wed In Dallas

Mrs. John Robert Smith of Munday announces the marriage of her daughter, Virginia Everett, to Mr. John Robert Williamson Moore of Florence, Ala., son of Mrs. G. E. Pennington of Brenham and the late Gustavus Moore of Louisville, K.

In the presence of a few friends, the Rt. Rev. Harry T. Moore, bishop, read the marriage vows in St. Matthews Cathedral in Dallas on Sunday, May 16, at 10:30.

Mrs. Moore, the daughter of Mrs. John Robert Smith and the late Dr. Smith, was born and reared in Munday. She is a graduate of Hockaday Junior College and the University of Texas. She attended S. M. U. at Dallas and later did graduate work at the University of Texas and the University of Virginia. She is a member of Tau Gamma Epsilon and Phi Chi, honorary, and Kappa Delta, social, sororities. At the time of her marriage she was a member of the faculty of Olney high school.

Mr. Moore received his bachelor's and master's degrees from the University of Texas. While at the university, he was a member of Tau Beta Pi, Phi Lambda Upsilon, and was president of his social fraternity, Theta Xi. He was a member of the faculty of the University of Texas from 1940 to 1942, and is now a chemical engineer on the staff of the Tennessee Valley Authority at Wilson Dam, Alabama.

The couple will be at home at 423 East Tuscaloosa, Florence, Ala.

Mrs. Aristel Thompson left last Tuesday for Pennsylvania to join her husband, A. D. Thompson, at Harrisburg.

Hefner H. D. Club Meets Tuesday In Jackson Home

The Hefner Home Demonstration Club convened on Tuesday, June 1, at 3 p. m. with Mrs. Lessie Jackson in the Roy Jackson home.

The meeting was opened by repeating the club pledge. Mrs. Homa Lambeth was elected vice chairman, and Red Cross work was discussed by all.

Miss Lucille King, home demonstration agent, gave a demonstration on canning beans and peas and drying fruits and vegetables. The Atlantic Charter of four freedoms were shown in pictures as the contents were read by the members.

One new member, Mrs. Mason Harlan, was welcomed into the club. Nineteen members and one visitor were present for this meeting.

Knox City Girl And Vernon Man Married Sunday

Miss Joyce Beverly Williams of Knox City and Charles Thomas Rowland of Vernon were united in marriage last Sunday at the First Methodist church in Knox City. The bride's father, Rev. C. H. Williams, pastor of the church, read the marriage vows, and she was given in marriage by her mother.

Mrs. Rowland was wearing a white pique frock, and she carried a white Bible topped with pink Talisman roses. She is the daughter of Rev. and Mrs. Williams of Knox City and a recent graduate of Vernon high school.

The bridegroom, who is now residing in Dalhart, is the son of Mr. and Mrs. Charles Rowland of Vernon.

Attending the couple were Dorothy Williams, the bride's sister, and R. Oliver, both of Vernon.

Mr. and Mrs. Rowland left immediately for Dalhart to make their home. Mr. Rowland is a civil service employe there.

Mrs. H. A. Pendleton and Mrs. Paul Pendleton returned last week from Farmersville, Dallas and Pittsburg, where they visited with relatives for several days.

T. J. Turner, teacher in the local schools, left Tuesday for Abilene, where he will be employed by the U. S. O. during the summer.

Family Reunion Is Held Sunday At Bill Swain Home

An enjoyable family reunion was held at the home of Mr. and Mrs. Bill Swain last Sunday, when all of their children and grandchildren were present for the day.

A delicious dinner was served at the noon hour and the entire group enjoyed the day visiting with loved ones.

Present were Mr. and Mrs. Dick Wardlow and son and daughter of Abilene, Mr. and Mrs. Otha Hull of Palacios, Mr. and Mrs. Floyd Railsback and son and Mr. and Mrs. R. B. Jones and two sons, all of whom reside in Baylor county; Mr. and Mrs. Melvin Thompson of Munday and Clifton Swain, who resides with his parents.

Wesleyan Service Guild Meets On Monday Night

Members of the Wesleyan Service Guild met in regular session last Monday night, with a program on Stewardship. Those having parts on the program were Mrs. R. L. Kirk and Mrs. Layne Womble.

Other members present were Mrs. M. F. Billingsley and Miss Ruth Baker.

The Guild will meet with Mrs. O. H. Spann in a business and social meeting next Monday night. All members are urged to be present, and all chairmen of committees are asked to have their reports ready to present to the Guild.

Alston Morrow Sends Mother's Day Message

The following is a portion of a letter which Sgt. Alston M. Morrow, who is stationed in England, wrote to his mother here on Mother's Day.

Somewhere in England, May 9, 1943.

Dear Mother: Just to let you know that I am thinking of you today as ever and hope that you are having a nice day for yourself and the ones at home. It looks like I might get to be back before another Mother's day. Hope so at least. I guess all of the kids were at home today except myself; if so hope that you all had one swell time.

Well, I worked as usual. You see, we have to keep things moving over here, and the more we do the quicker we will get to come back home. Am glad that you all bought a home, so fix it up real pretty.

I had better get ready for dinner, so hoping you a healthful year from now till next Mother's Day, will say bye bye.

With love, your son,
Sgt. A. M. Morrow.

Mr. and Mrs. R. H. Kunkle of Megargel spent last Sunday here with Mrs. Kunkle's sister, Miss Elizabeth Mounce.

Mr. and Mrs. Douglas Dasher and Mr. and Mrs. Marvin Allen of Benjamin were business visitors here last Monday.

Miss Georgette Claus, teacher in the Rhineland school, has entered Hardin Junior College in Wichita Falls for the summer term.

Miss Ruth Robinson of Goree spent last Monday night and Tuesday in the home of Mr. and Mrs. C. C. Pippin.

Miss Mary Lois Beaty of Abilene visited her parents, Mr. and Mrs. G. H. Beaty, over the week end.

Mr. and Mrs. J. B. Williams took their daughter, Helen, to Fort Worth last Monday, where she enrolled in Durham's Business College. Miss Williams is a graduate of Munday grammar school and Munday high school.

Enters Training For Aviation Cadet

D. P. Morgan, Jr., 20, son of Mr. and Mrs. D. P. Morgan of Munday has arrived at the University of Missouri at Columbia for a course of Army Air Force instruction lasting approximately five months prior to his appointment as an aviation cadet in the Army Air Forces.

During this period he will take numerous academic courses, as well as elementary flying training. Upon completion of the course he will be classified as a pilot, navigator or bombardier and go on to school of the flying training command for training in these specialties.

ONCE IN TWELVE YEARS....

The average person is called upon to consider funeral arrangements about once in twelve to fifteen years. Since such matters are not among the normal daily concerns of life, bereavement finds many people unprepared.

Funerals are entirely individual, adapted to personal taste, preferences and needs, consequently the costs of funerals vary widely. The standard of living to which the individual is accustomed, is always a dependable guide in consideration of the amount that should be spent for a funeral. To go above this is misguided sentimentality; to go far below is mistaken economy. The funeral service is your final tribute to a departed loved one.

We now have in our showrooms, probably the widest range of selections ever offered the people of Munday and the surrounding territory. Should conditions warrant your selection of the most inexpensive burial receptacle at \$35.00 or our Australian Betula at \$1,000.00, a Mahan Funeral Service is the perfect tribute.

F.E.M. Division of Information

More Canned Food For Civilians

Civilians will gain 30 million cans of canned fruits and vegetables as a result of reduced government requirements. The reductions are mainly for corn, peas, spinach, tomatoes, snap beans, fruit cocktail, sweet cherries, peaches, pineapple, and pineapple juice. Since the 1943 production is not known, current point values for these items will not be immediately affected.

Food For 3-Day Furlough

A Serviceman on a leave or furlough of at least 3 days hereafter will be provided with a complete application form for obtaining rationed food before he leaves camp. He will give the application to the person who provides his meals, who will submit it to the local board for food certificates within fifteen days after the furlough ends.

WOMEN MUST WORK

By December, 1943, one-third of the female population of working age—17.4 million women—will be required for the civilian labor force and the armed forces, said WMC Chairman Paul V. McNutt. At least 2 million women must be added to the labor force in 1943.

SUGAR SUPPLY FOR 1943

On the basis of prospective 1943 supplies of sugar, the current level of consumption in this country probably can be maintained, the War Food Administration has announced. The allocation of the prospective supply will be as follows: 1,153,000 tons for the armed forces, Lend-Lease and other exports, and 4,600,000 tons for civilian uses. The civilian uses include an estimated 2,258,000 tons for household use and home canning, and 2,342,000 tons for industrial and institutional sugar uses.

STOCKING REGULATIONS

OPA's new regulation setting definite maximum prices on rayon stockings is based upon construction, which in turn governs quality. All full-fashioned rayon hosiery sold at retail must be marked with the ceiling price and the gauge or needle count. Gauge and needle count govern wearability, not sheerness. First quality, full-fashioned rayon hosiery prices now range from 71 cents to \$1.31. Hosiery with special features such as "non-run," or mesh, reinforced heel, sole and welt, etc., are now priced from 98 cents to \$1.67. Irregulars, seconds and thirds are cheaper.

First quality, circular knit rayon hosiery prices range from 28 cents to 64 cents. Hosiery with special features is priced from 36 cents to 66 cents and irregulars, seconds,

People, Spots In The News

WESTWARD HO!—Talent scouts for movies have finally caught up with Joan Howard, radio actress and, taking a cue from Horace Greeley, she will soon to grace Hollywood with her charm.

SEA DRAMA—Numbed British merchant seamen see safety in sight at last. U. S. Coast Guard cutter prepared to rescue them, but had to interrupt mission to fight enemy sub.

ORPHANS HELP TOO—In labor-short Detroit, 50 St. Francis Home boys, from 10 to 13, earn cash with which to buy war bonds by counting food rationing stamps in spare time for A & P food stores. Here Sister M. Delors, S.S.J., supervises work of three boys.

and thirds for less.

Teachers Can Take Summer Jobs

School teachers will not be prevented from taking jobs at higher pay under WMC Regulation No. 4, the "hold the line" order, nor will they endanger their regular positions by working during the summer vacation in war plants, agriculture or necessary civilian services, said Paul V. McNutt, chairman of the War Manpower Commission recently.

Mileage From Scrap Tires

To obtain additional mileage from tires that can be made serviceable with the addition of reinforcers, the Office of Rubber Director has excluded reusable tire carcasses from rubber scrap going to reclaiming plants. Because of this order some half-million otherwise unusable tires can be placed

in service through the Defense Supplies Corporation.

Lumber For Farms

To relieve lumber shortages on farms for all repairs except those to farm dwellings, WPB has set aside a total of 500 million board feet of lumber for delivery on an AA-2 preference rating during June, July, August and September. Farmers who cannot obtain lumber with present ratings, should apply to the county farm rationing committee for certificates to purchase lumber for maintenance, repair and new construction necessary to the food production program.

Canning Workers Needed

About 400,000 workers for the food canning and processing industry will be needed at the peak season this year. Canning is essentially a seasonal, hometown industry, manned by local workers—youths, housewives, mechanics, and others—who normally work at other occupations during the rest of the year.

Food Dealers Well Off

Under community-wide dollars-and-cents ceilings now being established, food retailers and wholesalers will continue to enjoy the most favorable economic position on record, says OPA. The volume of business done, dollar margins over cost, and profits before taxes stand today at high levels, a favorable situation reflects in the fact that business failures are currently at the lowest point in half a century.

Frills Removed From Women's Wear

A clothing conservation program adopted by WPB will affect every

branch of the women's and children's outerwear industry. Manufacture of dresses is now subject to two controls: square-inch limitations on the amount of material which may be used for trimmings, collars, pockets, etc., and restrictions on size and design of the basic silhouette to specified measurements of length, sweep, hip, hem, etc., listed in amended order L-58.

Rubber Boots For Workers

Rubber boots are now available to the following classes of workers: miners, loggers, communications linemen, construction workers, oil drillers, quarry workers and clay extractors. Formerly only miners and loggers were on the eligible list. Applicants must show ration boards a definite occupational need for rubber boots, but a purchaser is no longer required to turn in worn-out rubber footwear when he buys a new pair.

Extra Meat Rations

Loggers, miners, prospectors, fishermen, shepherders and others who live or work far from population centers and who cannot supplement their meats-fats ration with fresh fish, poultry, and eggs can get extra points for rationed meats and fats by two new OPA amendments.

Sausage Regulations

The price of some of the beef ingredients used in sausage manufacture has been rolled back from 3-8 cents to 1-1/2 cents a pound, effective June 1.

FARM MACHINERY QUOTAS ARE LIFTED

COLLEGE STATION—All county quotas on rationed farm machinery were cancelled this week by the Texas USDA War Board.

Under the revised program, which goes into effect immediately, eligible producers now may purchase machinery from any dealer in the state instead of restricting purchases to the county in which they carry out farming operations.

They will be required, however, to locate the machinery they wish to purchase and obtain a purchase certificate from Farm Machinery Rationing Committees before making purchase. Producers are eligible for purchase certificates when their application for farm machinery and equipment is approved by local rationing committees.

Committees are not permitted to issue purchase certificates unless the machinery first is located by the producer, E. F. Vance, chairman of the board, said and explained that the purpose of this plan was to prevent issuing certificates in excess of available supply.

Tag requirements also are abolished and machinery is tagged to specify the state in which it is to be sold. Previously, machinery was tagged by counties and could be purchased only when machines were to be used in the county for which they were tagged.

State quotas remain in effect but break-down by counties no longer will be necessary under the revised program, Vance said.

ATTEND MARKET

Mrs. Pitzer Baker and Mrs. Joe Bailey King spent the first of this week in Dallas, where they attended market and purchased new merchandise for the local Baker-McCarty store.

Mr. and Mrs. Mann McCarty of Camp Gruber, Okla., came in the latter part of last week for a visit with Mann's parents, Mr. and Mrs. W. W. McCarty, and with other relatives. Mann, who is stationed at Camp Gruber, is on furlough.

Mrs. J. B. Bowden and little granddaughter, Bobby, are visiting with relative in Mississippi this week.

Goree News Items

Mrs. R. M. Leonard of Tyler is here for a visit with her daughter and family, Mr. and Mrs. W. R. Caldwell.

Mr. and Mrs. E. N. Miller and daughter, Naomi, visited relatives in Woodson last week.

Mrs. John Morton and little son, David, are here for a visit with Mr. and Mrs. J. C. Morton. They are expecting John while here. He has undergone surgery and is recuperating.

Mrs. R. W. Beaty of Throckmorton was a visitor in the home of Mrs. Opal Johnson last week.

Dorothy Nell Fowler is visiting with her grandparents, Mr. and Mrs. J. W. Fowler.

Ira Stalcup left Wednesday of last week for Washington, then on to Denton. Chloe Dell Stalcup, his daughter, and Virginia Goode accompanied him home to spend a few days before returning to enter summer school at N. T. S. T. C. Charles Goode came in last week to spend a few days with his parents before returning to school for the summer.

Mrs. Henry Griffin visited relatives at Throckmorton last week. Supt. and Mrs. H. D. Arnold made a trip to Abilene last Sunday. Marjorie Arnold, who has been teaching in Abilene, accompanied them home for several weeks visit.

Mrs. R. D. Stalcup and Mrs. S. N. True of Plainview and Miss Bernice Goode attended the graduation exercises at McMurry College. Edward Goode received his diploma.

Mrs. R. D. Stalcup and Mrs. True visited Mrs. Stalcup's daughter and family, Mr. and Mrs. T. S. Falls of Throckmorton, over the week end.

Mrs. George Moore left last week for Odessa, where she attended the graduating exercises for her granddaughter, Dorothea Moore.

Mr. and Mrs. Earl Claburn were visitors in the home of Mr. Claburn's parents, Mr. and Mrs. S. M. Claburn.

Mrs. F. F. Goode is on the sick list. She spent some time in a Wichita Falls hospital, but is back at home now.

Mrs. Frank Hill spent the past week in Dallas, where she visited her daughter, Mrs. Esther McGraw, who has been ill. Mrs. McGraw is improving.

W. S. Gomer, Claude Graham and Dennis Bruton of Seymour visited in the J. W. Fowler home last Friday.

George Moore was a business visitor in Wichita Falls last Monday.

Mrs. Homer Howard and daughter, Jeanie, have returned from a

trip to Decatur, where they visited Dorothy Lee, who is a student at Decatur Baptist College.

Christine Jones of Lubbock and Leola Jones of Sterling City were visitors with their parents, Mr. and Mrs. D. G. Jones, last week.

Lucille King Tells How To Save Victory Gardens of County From Insect Pests

Is This Pest Bothering Your Victory Garden?

CUCUMBER BEETLE—Color: Greenish yellow beetles with 12 spots and yellow beetles with 3 black stripes. Feed on foliage and stems of plants. Dust with cryolite 1 part, talc 3 parts; or calcium arsenate 1 part, hydrated lime 19 parts. Beetles usually attack plants when small. Early treatment essential. Repeat applications at intervals of 5 to 7 days to keep young leaves covered with dust. For further information see your County Extension Service Agents.

Cucumber Beetle

Color: Greenish yellow beetles with 12 spots and yellow beetles with 3 black stripes. Feed on foliage and stems of plants. Dust with cryolite 1 part, talc 3 parts; or calcium arsenate 1 part, hydrated lime 19 parts. Beetles usually attack plants when small. Early treatment essential. Repeat applications at intervals of 5 to 7 days to keep young leaves covered with dust.

Squash Bug

Color: Young, brilliant red, then yellowish brown. Adults, brown. Suck sap from fruit and foliage of vine crops. Dust plants thoroughly with pyrethroid dust or a 3 per cent nicotine sulfate dust when young bugs first appear. Young bugs found in clusters on lower surface of leaves. Repeat applications at intervals of 5 to 7 days when temperatures are above 70 degrees F. and no wind blowing.

Stink Bug

Color: Young, blackish to yellowish green with black markings. Adults, green or brown. Suck sap or juices from tomatoes, peas, beans, etc. Dust plants thoroughly with pyrethroid dust; or a 39 per cent nicotine sulfate dust when young bugs first appear. Young bugs found principally on peas and beans, occasionally on other crops. Repeat applications as above.

Cabbage Bug

Color: Young, black with white marks. Adults, black and red or black and orange. Suck sap or juices from vegetable plants and fruits. Dust plants thoroughly with pyrethroid dust or a 3 per cent nicotine sulfate dust when young bugs first appear. Repeat applications as above.

Plant Lice

Color: Small black or green louse-like insects. Suck sap from bud and lower surface of leaves. Spray with nicotine sulfate 1-2 teaspoonsful, 1 cubic inch soap, to 1 gallon water; or, dust with nicotine sulfate 2 tablespoonsful to 1 quart hydrated lime; or, dust with 5 percent rotenone mixture. Cover plants thoroughly with spray or dust, especially lower surface of leaves.

Cabbage Worm

Color: Velvety, greenish worms. Feed on foliage and heads of cabbage and related plants. Dust plants thoroughly with either lead arsenate or cryolite 1 part, talc or flour 2 parts, until heads begin to form. Afterwards use pyrethroid dust; or 5 percent rotenone dust except on cabbage.

Cut Worm

Color: Brownish, dark colored worms. Curl in soil in daytime and cut plants off at base during the night. Poison bait: 5 lbs. bran, 1 tablespoonful Paris Green or cryolite, 1-2 pint cheap molasses, 1-2 gallon water. Put out late in afternoon. Spread lightly near base of plants.

Blister Beetle

Color: Elongated black or grayish or striped beetles. Defoliate the plants. Dust with 1 part cryolite to 3 parts sulfur, except on cucurbits, then use talc with cryolite. Strong pyrethrum sprays may be brushed off the plants

may be used as soon as beetles appear. When beetles are numerous they may be brushed off the plants with a broom and often driven from the garden.

Vegetable Weevil

Color: Brownish weevil with white V on wings. Feeds on foliage. Weevil grub feeds on roots, leaves and stems just above the ground. Poison bait for adults: 1-4 lb. cryolite, 2 lbs. finely chopped carrots or turnips, 4 lbs. bran, enough water to make bait moist. For grubs use pyrethroid dust (2 percent pyrethrins.)

Potato Beetle

Color: Young, reddish color. Adults, yellow and black striped. Defoliate potatoes, tomatoes, egg plants. Dust with lead or calcium arsenate, undiluted; or spray 1-4 lbs. lead or calcium arsenate to 5 gallons water. Early applications are essential. Dust or spray when first beetles appear.

Flea Beetle

Color: Quick-jumping, dark brown or metallic beetles. Eat small holes in leaves. Dust with cryolite 1 part and sulfur 5 parts, or pyrethroid dust. Repeat at 5-7 day intervals. Destruction of weeds in and near the garden will often prevent serious damage from flea beetles.

Tomato Fruit Worm

Color: Greenish or brownish striped worms. Feed in tomatoes, beans, peppers and ears of corn. Star dusting when tomatoes are size of marble with cryolite 1 part and sulfur 2 parts; or 1 part calcium arsenate and 1 part sulfur.

Important Tips

Look for insects as soon as plants are in sight. An early start is half the fight.

The equipment for applying poisons is usually as important as the poison itself.

Either a plunger, rotary, or bellows-type duster is satisfactory if it has a long delivery tube. Many kinds of sprays are suitable. The smallest suitable for garden use is the compressed air sprayer.

Sucking insects are killed only when hit with poison. Both sides of leaves must be covered thoroughly.

In general repeated applications are necessary at 5-7 day intervals as long as needed.

No material containing sulfur can be safely used on squash, cucumber, melons, etc.

Deep winter plowing or spading destroys many insects in the soil. Destroy weeds in and around the garden. Many insects breed and hide in weeds.

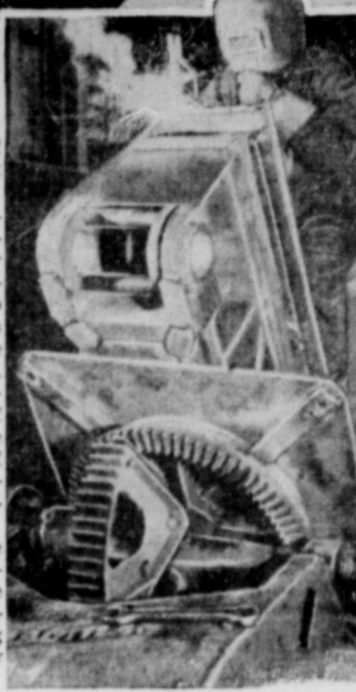

Destroy old plants as soon as crop is harvested. Leave nothing to feed and shelter insects.

To make 3 percent nicotine sulfate dust; secure a gallon can with tight fitting lid. Fill the can not more than half full with hydrated lime and put in 4 or 5 small stones for a breaker. For each quart of lime add 2 tablespoonsful nicotine sulfate (Black Leaf 40). Shake vigorously for 5 minutes. Dust should be used within 24 hours. Dust should be applied when the plants are dry, no wind, and the

Canada's Guns are Heard 'Round the World

THE roar of Canada's guns is being heard today all around the world, on land, on sea and in the air. Foreign to Canadian industry before the war, gun manufacture is now being carried out in scores of plants from coast to coast. Heaviest land gun built in the Dominion is the mighty 3.7 inch anti-air gun. Many of these are defending England's coasts and cities from Axis air attacks. Canada is now manufacturing more than 1,600,000 shells every month, together with great quantities of aerial bombs, trench mortar bombs, and anti-tank mines. Production of shells comprises 28 types of 15 different calibres. A great variety and quantity of shell components are also made. In production are 500-lb. aerial bombs, practice bombs, depth charges, anti-tank mines, grenades, pyrotechnics, etc. Canadian factories turned

out their 2,000,000,000th round of small arms ammunition during February. Small arms ammunition now produced is of 22 types of nine calibres. This ammunition is made for every type of small arms being produced in the Dominion. Both go to more than 50 different destinations in every part of the world for the many battlefields of this global war. The energy and productive facilities engaged in the production of small arms ammunition may be gauged from the fact that one of these calibres alone — the .303 — takes more than 50 separate operations to complete. Before the war 500 persons were employed making small arms ammunition in one plant. There are now 30,000 workers in two government arsenals and plants being operated for the government by private industry.

Threat of Government Monopoly In Kilgore Bill, Cunningham Declares

Patent Committee Chairman Voices NAM Opposition to Bill Socializing Research

NEW YORK, N. Y. (IPS)—The Kilgore Bill to establish a federal Office of Scientific and Technical Mobilization would result in government monopoly of industrial research, the National Association of Manufacturers charged in its analysis of the bill which is now pending in the Senate.

"Coordination of all research by government for war purposes is essential and proper," declared James D. Cunningham, chairman of the NAM Committee on Patents, "but permanent socialization of research — the basis of our competitive economy — would be

equivalent to a negotiated peace in which we give up our way of life and accept our enemies' philosophy of government monopoly."

Mr. Cunningham, who is president of Republic Flow Meters Company, added: "Without free competition and the profit motive as an incentive to the creation and development of new products and services, we could safely prophesy the end of America's industrial supremacy."

According to the Association, the "keen rivalry" which exists among industry's 2,300 research laboratories and among thousands of companies to find and develop new and better products is proof of the non-existence of private monopoly in this field. However, the review maintains, "a proposal from a small but aggressive minority to concentrate in the hands of a single government official complete control of all research, invention, and engineering development is a threat of dangerous monopoly."

The analysis, a pamphlet titled, "Shall Research Be Socialized?" denounces the Kilgore bill as "a comprehensive plan for the most ambitious project to socialize industrial research and technical resources that has ever been proposed in the United States Congress."

Ignores Inventors' Rights "The Office of Scientific and Technical Mobilization would be provided with means by which it might acquire complete information regarding projects and developments under way within industry as well as among independent inventors. It could then destroy the fruit of the labors of those from whom the information was acquired, by having the government itself develop or turn the project over to someone else to develop, thereby vesting the completed invention in the Office. No redress would be available to the one who originally furnished the data on which the invention was

developed." In vesting exclusive rights in the Office, the INAM maintains that the bill "ignores the incentive given to inventors by the Constitution to encourage invention, and also ignores the incentive given to speculative capital and industry to develop new enterprises which is now provided by the grant of exclusive rights in inventions for a limited time."

In addition, the analysis reports, "the measure ignores the existing cooperation of scientific and technical organizations now freely at the service of the government and cooperating with the Army and Navy."

LOCALS

Miss Ida Bell Sherrod, a student in McMurry College at Abilene, visited her parents, Mr. and Mrs. W. E. Sherrod, over the week end.

Miss Greta Griffin of Princeton visited with her cousin, Miss Patsy Ruth Kirk, last week. She accompanied the Munday group to the young peoples assembly at McMurry College this week.

Mrs. W. M. Huskinson and son, Billy, left last Saturday for Canyon, where Mrs. Huskinson entered W. T. S. T. C., for the summer.

mer. Mrs. Huskinson taught in the Weinert school during the last term.

Miss Margaret Jean Hardin left last week for Lubbock, where she entered Texas Tech for the summer term.

Doyle and Juanice Jones, who have been attending John Tarleton College at Stephenville, came in last week to spend the summer with their parents, Mr. and Mrs. C. C. Jones.

Miss Doris Howell, who has been teaching at Nocona, spent a few days here last week with relatives and friends. She left the first of this week for Denton to enter summer school.

Mr. and Mrs. Travis Lee and children visited with relatives in Wichita Falls over the week end.

Mrs. Agnes Mayes of Amarillo visited with relatives and friends here over the week end.

S-Sgt. and Mrs. Burl D. Meers and daughter, Sherry, returned last week to Orlando, Fla., where Sgt. Meers is stationed. They were here about two weeks to attend the bedside of Sgt. Meers' father Frank Meers, and remained until after the funeral services.

Hot Weather Is Hard On

Worn Tires

The most important thing about Tire Recapping is that it makes your old tires run cooler, thereby protecting both the treaded surface and the sidewalls from excess heat.

Now is the time to have your tires recapped and repaired—before the weather gets too hot, and while we still have a supply of recapping rubber. Rubber is getting harder and harder to get.

We stand behind our tire recapping, giving you our guarantee that our work will stand the test. We will also turn out your work just as rapidly as possible.

Get Your Tire Work Done At . . .

June 2	74 69	102 93

Rainfall to date this year 6.52 inches; rainfall to this date last year 10.36 inches.

Branch Completes Mechanic Course

AMARILLO AIR FIELD—James C. Branch, son of Mr. and Mrs. E. R. Branch of Munday, Tex., has completed his course of studies as an aviation mechanic in this school of the Army Air Forces Technical Training Command.

His graduation from this technical school now fits him for airplane maintenance and he will be sent to some air base where he will assist in keeping America's Flying Fortresses in the air for Allied victory.

In addition to completion of the schedule of academic and practical studies as an aviation mechanic, he has been thoroughly drilled in military tactics and defense and a course of physical training that has conditioned him to meet all requirements of an American soldier.

Rev. and Mrs. Chas. Sergeant and boys have moved back to their farm here. They have been living at Kellerville, Texas, where Rev. Sergeant served as Methodist pastor. Their many friends here are glad to see them come back home.

Colored School Has Closing Programs

The Munday colored school presented its closing program last Thursday night, and on Friday a picnic was given for the children by the school patrons.

"We appreciate the many magazines given us by Mrs. Buel Bowden," the school patrons said, "and we would like to thank our many white friends who helped us in the support of our lunch room. Especially do we thank the Methodist Missionary Society."

George Salem and Sam Salem were business visitors in Wichita Falls last Sunday.

Miss Maxine Dingus of Fort Worth came in the latter part of last week and is spending a week's vacation here with her parents, Mr. and Mrs. G. W. Dingus, and with other relatives.

SWEEP BARGAINS—One lot at \$1.10 per pair value for 70c while they last. Broach Implement Co. 49-tfc.

Mrs. Oscar Spann returned home last Sunday after a week's visit with relatives in Fort Worth.

Ben Bowden, a student in Hardin-Simmons University, Abilene, visited his parents, Mr. and Mrs. J. O. Bowden, over the week end.

Sgt. Paul Pendleton of Sheppard Field visited with relatives and friends here over the week end.

Miss Louise Mullican is visiting with relatives in Fort Worth this week.

Charles Reese of Pecos is visiting with his grandmother, Mrs. S. A. Bowden, this week.

Mrs. E. H. Bauman of Navasota visited with friends here the first of this week.

Is This Pest Bothering Your Victory Garden?

SQUASH BUG—Color: Young, brilliant red, then yellowish brown. Adults, brown. Suck sap from fruit and foliage of vine crops. Dust plants thoroughly with pyrethroid dust or a 3% nicotine sulfate dust when young bugs first appear. For further information see your County Extension Service Agents.

Best Student

Miss Edna Groezinger of Denton has received the Alpha Lambda Delta award for having the highest scholastic average of all graduating seniors at Texas State College for Women, Denton. Her four-year record shows A's in all but three courses.

Wayne O. Cure Is Made Lieutenant

Wayne O. Cure received his commission as second lieutenant in the army May 20 upon completing the Officers' Candidate course at the infantry school at Fort Benning, Ga. Lt. Cure is the son of Mr. and Mrs. J. O. Cure of Gilliland. He attended school here a while, figuring prominently in athletics, especially football. He attended John Tarleton and Texas A. & M. where he continued to be a star football player. Lt. Cure was inducted into the army Jan. 28th.

DICK HARRELL ENTERS S. M. U. FOR SUMMER

Dick Harrell, son of Mr. and Mrs. E. W. Harrell, who attended Texas Tech last year, left last Sunday for Dallas, where he enrolled in Southern Methodist University for the summer. Dick is taking special work at S. M. U., which will enable him to enter the Baylor Medical School in Dallas this fall.

LOCALS

Wayne Thompson of Sheppard Field visited his parents, Mr. and Mrs. Luther Thompson, over the week end.

T. W. Templeton, County Supt. Merick McGaughey, M. T. Chamberlain and County Agent R. O. Dunkle, all of Benjamin, were business visitors here last Tuesday.

Mrs. Etta Webb and little grand son, Roy Bouldin, spent the week end in Seymour, visiting in the home of Mr. and Mrs. J. C. Webb.

Mr. and Mrs. Henry Michels, Mrs. Herman Jungman and Mr. Friske attended the funeral of Ben Friske at Austin Tuesday.

WE CARRY the largest stock of parts in West Texas. Some parts for nearly all machines, tractors, cars, etc. Broach Implement Co.

Staff Sgt. Earl Jones has returned to the air base at Salina, Kans., after spending a week with his mother, Mrs. Lula M. Jones, and with other relatives here and at Stamford.

Mrs. M. L. Hipple of Denver, Colo., is visiting her parents, Mr. and Mrs. J. R. Burnison, this week.

Ira Williams of Sagerton, a former employee of the Wichita Valley Railroad here, visited with friends here last Sunday.

Lon Moore of Camp Shelby, Miss., came in last week to spend a short furlough with his parents, Mr. and Mrs. H. E. Moore.

News From Goree

Mrs. Jack Carter left last week for her home in Cincinnati, Ohio, after two months visit here with her parents, Mr. and Mrs. A. J. Stratton.

Mrs. Levi Cowser is back home after a visit with her daughters and families, Mr. and Mrs. Clyde Barringer and Mr. and Mrs. Clarence Boyles of Bisbee, Ariz.

Forrest Daniell, Jr., is home from Texas Tech, Lubbock, where he was a sophomore student during the past term. Forrest has taken part in a great many campus activities. He is a member of the Saddle Troop Club, secretary of the Centour Club and a member of the Chamber of Commerce club. He is in the air corps reserve and expects his call to service in June 15.

Mr. and Mrs. Albert Kiser of Seymour were visitors in the home of Rev. and Mrs. S. M. Claburn last Sunday.

Robert Jarrett of Temple, Okla., and Johnny Hervey of Greenville were week end visitors in the home of Mayor and Mrs. F. G. Daniell. They were classmates and fraternity brothers of Forrest Daniell, Jr.

Mr. and Mrs. Earl Coffman of Lubbock and Staff Sgt. Joseph Yuhass of Camp Barkeley were week end visitors in the Daniell home.

MISS ERLENE DOWELL RECEIVES B. S. DEGREE

Miss Erlene Dowell, daughter of Mr. and Mrs. G. S. Dowell of Munday, was among the 284 students of Texas Tech who received degrees in the graduation exercises held last Monday. Hon. Sidney L. Samuels, attorney of Fort Worth, delivered the commencement address.

Miss Dowell received the B. S. degree in home economics.

EDDIE JOHNSON ATTENDS FIREMEN'S SHORT COURSE

Eddie Johnson, who is employed by the City of Munday, spent several days last week at College Station, where he attended the annual Firemen's Short Course at Texas A. and M. College.

By having a representative of the local fire department attend the short course, property owners of Munday will secure a three per cent credit in insurance key rate for the coming year.
