

UNITED STATES DEPARTMENT OF AGRICULTURE

AAA NEWS

By MARVIN ALLEN, Administrative Officer
Knox County Agricultural Conservation Association

CCC Wheat Loans Available

The 1943 wheat loan program got under way last week in Knox county with approximately forty producers obtaining loans on their 1943 wheat crop. All wheat producers in Knox county are eligible for loans on wheat produced this year regardless of the acreage planted, due to the suspension of wheat marketing quotas by the secretary of agriculture last spring. The loan rate for Knox county is as follows: Number 1—\$1.20, Number 2—\$1.19, Number 3—\$1.17, Number 4—\$1.14, and Number 5—\$1.11 with premium for protein content to be added. Either farm storage or approved warehouse loans may be made on this year's crop. Farm storage loans will be made on a note and chattel mortgage basis, while warehouse loans will be made under a note and loan agreement.

will be advanced at the time the loan is made. Farm stored loans will mature on demand, but not later than April 30, 1945, while warehouse stored loans will mature on demand, but not later than April 30, 1944.

We have all necessary loan forms and have already begun to make loans for some producers. Producers who desire to place their wheat under government loan, should bring their warehouse receipts to the AAA office. Also producers who want to obtain loan on their wheat stored on their own farm and earn the seven cents storage allowance for storing their own wheat, should contact the AAA office and request necessary inspection of their storage facilities.

1943 Loan Program for Barley
Knox county is on the list of counties in Texas approved to make Farm Storage barley loans. Loans are available to any pro-

Farmers, Certified Cannery Workers for Peak 1943 Vegetable Packs

GUARANTEE FAIR PRICE

PREFERENCE ON LABOR

With American fighting men engaged in action in more and more combat zones, processed vegetables of all kinds are playing an increasingly large part in the food offensive of the United Nations.

To make sure that the armed services and the civilian population will get the greatest possible amount of processed vegetables, the United States Department of Agriculture has launched a production program designed to make maximum use of canning facilities. Through this program, farmers will get price supports by contracting their acreage with certified processors. All canners who indicate their willingness to pay growers at levels not under the price supports and operate to capacity are certified by USDA State War Boards.

County War Boards will aid farmers and canners in contracting the acreage necessary to capacity operation, and in securing labor and transportation for vegetables receiving price supports.

ducer in Knox county on all barley produced in 1943 of any class grading Number 5 or better. Loan rates on barley are as follows: Number 1—\$0.75 per bushel of 48 pounds, (Number 2—\$0.73 per bushel of 48 pounds, Number 3—\$0.70 per bushel of 48 pounds, number 4—\$0.67 per bushel of 48 pounds, and number 5—\$0.60 per bushel of 48 pounds. Producers who desire a government loan on their farm stored barley should make application at the AAA office.

1943 Grain Sorghum Loans
Knox county producers at the present time, are eligible only for loan on their grain sorghum, which is stored in a bonded, government approved public warehouse. The Knox County Committee, however, is trying to get Knox county approved for farm stored grain sorghum loans, and we believe that this approval will be granted by the State AAA Committee in the near future, if so, definite announcement to that effect will be made as soon as approval is granted.

The loan rate per bushel for eligible grain sorghum shall be based on the numerical grade irrespective of subclass, in accordance with the following: Number 1 or 2—\$0.85 per bushel of 56 pounds, Number 3—\$0.80 per bushel of 56 pounds, Number 4—\$0.70 per bushel of 56 pounds. Producers who desire sorghum loans should contact the AAA for full information.

In connection with farm stored grain each producer is urged to begin now getting his storage facilities ready to take care of his increased acreage of grain feeds. Those producers who desire to place orders for Commodity Credit Corporation prefabricated grain bins are urged to do so at once.

1943 Cotton Loan Announced
Knox county producers will be entitled to a loan at the full loan rate on eligible cotton produced by or for him in 1943 on a farm for which a cotton acreage allotment has been determined under the 1943 agricultural conservation program, if the planted acreage of cotton on the farm does not exceed 110 percent of the average allotment determined for the farm. 1943 cotton loan rates have not been announced at this time.

Farm Labor
The Knox County USDA War Board has just received information from the War Food Administration that they have been given the authority and responsibility of assigning preference ratings of AA-2 during June, July, August and September for the delivery of a certain amount of soft wood lumber for farm and ranch use in Knox county. Farmers and ranchers who need lumber are urged to make necessary application with

the County USDA War Board at the AAA office at once. Lumber secured under this special rating cannot be used for dwellings. It can be used only for farm construction of the following types: (1) Maintenance and repair of agricultural buildings or equipment, (2) New construction essential to the Food Production Program, (3) The reconstruction of essential agricultural buildings destroyed by fire. Since counties will operate under quotas established by state war boards, the AA-2 rating for quantities of soft wood lumber will be applied only to essential permitted uses. Therefore, applicants are urged to give full and detailed answers to all questions on the applications. All lumber dealers in the county will be supplied with necessary applications.

Performance Reports
Performance work is progressing nicely in the county with approximately 35 per cent of the farm operators having already reported their crop measurements to the AAA office. Since it is the responsibility of the farm operator to report his own measurements this year. May we urge all operators to report their measurements as soon as possible. Those operators who do not have measuring chains of their own may either borrow one from their neighbors or buy or borrow one from the AAA office, as we have recently obtained a few chains that can be sold to producers. Contact the AAA office if you need a chain or any information regarding the measuring and reporting of your measurements. Remember that cotton is all that needs to be actually measured. All other crops may be estimated. So we request that all operators, who have not already done so, to report their measurements to the AAA office as soon as possible.

HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

We had a good rain the first of this week, and all farmers are quite busy now.

Mr. and Mrs. J. C. Martin have moved from Hefner to Goree, to the McNeill gin there.

Sidney Johnson and daughter, Helen, of Lubbock were here last week, looking after his farm and visiting with old friends and relatives.

Ed Jones was on the sick list last week.

E. J. Jones has returned from a visit with his son and family, Philip Jones, at Grand Prairie.

Wayne, son of Mr. and Mrs. John Lambeth, returned the first of this week after a visit here. Wayne has seen three years in the navy on the Pacific, where he has been serving as first class seaman in the war zones.

Mr. and Mrs. John Lambeth visited in Grand Prairie recently with Mr. and Mrs. Philip Jones, while Wayne Lambeth was home on his furlough. They also visited in Springtown with their uncle, Wade Nash, and with his father.

Harold Jones visited his brother, George D. Jones, who is stationed

at Amarillo, over the week end. Mrs. William Trimble has returned from North Carolina, where she visited her husband who is in training at an army camp in North Carolina.

Miss Betty Simpson, who is attending business college in Fort Worth, visited her parents, Mr. and Mrs. Otis Simpson, and other relatives here over the week end.

Mr. and Mrs. E. W. Harrell went to Benjamin last Tuesday morning to see the Knox county boys off to the induction center in Abilene for examinations preparatory to entering the service. Their son, Dick, was among the 35 Knox county boys to leave.

L. M. Hendrix, Jr., returned to the Plains country, where he is farming, the first of this week.

Miss Joan Fure has returned to her home in Happy, Texas, after a visit here with her uncle and aunt, Mr. and Mrs. W. E. Braly.

Mr. and Mrs. Douglas Doshier and little son, Kenneth, of Benjamin were business visitors here last Saturday.

Miss Joan Fure has returned to her home in Happy, Texas, after a visit here with her uncle and aunt, Mr. and Mrs. W. E. Braly.

Miss Joan Fure has returned to her home in Happy, Texas, after a visit here with her uncle and aunt, Mr. and Mrs. W. E. Braly.

Miss Joan Fure has returned to her home in Happy, Texas, after a visit here with her uncle and aunt, Mr. and Mrs. W. E. Braly.

Mrs. Gene Horn and twin sons, Ronald and Donald, returned to their home in Oklahoma City last Sunday after two weeks visit here with Mrs. Horn's parents, Mr. and Mrs. Tom Phillips.

Mrs. G. W. Russell and son, Ray, of Denver City are here this week for a visit with Mrs. Russell's parents, Mr. and Mrs. W. W. McCarty, and with other relatives.

Mrs. B. F. Farmer and Mrs. W. R. Moore, Jr., of Knox City were here Tuesday, visiting with relatives and friends.

Mrs. John Moore and daughter, Marilyn, visited Irene and Johnnie of Fort Worth last week end.

Mrs. Alice Allen of Marfa is visiting her sister, Mrs. W. E. Reynolds, this week.

USE A CHECKING ACCOUNT . . .

for CONVENIENCE

It's so handy to pay bills by check . . . and you don't have to keep a lot of cash around the house. Checking is easy!

What Does It Mean to You—

The Constitution of the United States?

"We, the people of the United States . . ."

One hundred fifty-six years ago, these simple words began America's warranty of freedom.

Today we are deep in war—so that this warranty may endure. Should we win—and win we must—whom will it profit?

Are you a West Texas farmer, and do you love your land? Are you a worker, and do you cherish your hard-bought home? It will profit you that no man, without due process, can wrest your home, your field, your plow from you.

Do you worship God in a church, or in a synagogue, or in the secret places of your heart? It will profit you that no heathen hand can desecrate your altars.

Do you impart the truth to the printed page—or do you seek it there? It will profit you that the presses will not be shattered in the night.

Do you talk with your neighbors on

the street corner—or meet on the steps of the City Hall? It will profit you that no bludgeon can drive you into secret meetings.

Our Constitution assures us these things. And these we fight for.

In many ways we fight. Some in small, silent ways—when sons have gone. Some in large, heroic ways—in the roaring of wings, the firing of guns, the sailing of ships. Farmers fight in their fields; ministers from the pulpit's height. Others are making the weapons of war . . . and some are supplying the power with which to run the machines.

We are proud to be among the men and women of industry, fighting, too.

And we join with the freedom-loving people of West Texas in asking that Washington's bureaucrats forego their political activities for the duration and concentrate on the fight . . . and that they cease their endeavors to permanently change our Constitution—a threat to the freedom for which we are fighting.

Party Honors Two Children On Their Birthdays

On Sunday afternoon, June 27, a group of children met at the home of Mr. and Mrs. J. W. Hudson to celebrate the 9th birthday of Eva Marie Hudson and Loy Lyndal Norwood.

After an afternoon of playing games, the gifts were presented to the honor guests. Refreshments were served to the following guests:

Werna Mobley, Joy Trimble, Nell Jones, Wanda Jones, Martha Walton, Reba Brogden, Anna Jayne Brogden, Ann Elliott, Evelyn Lambeth, Ha Faye Steward, Geraldine Lambeth, Geraldine Sherman, Hazel Sherman, Pauline Chandler, Neva Jones, Linda Joyce Lambeth, Doris Chandler, Eva Hudson, Martha Kay Elliott, Troy Lee Norwood, Charles Wyndel Atkinson, Billie Walton, Jimmie Wheeler, Joe Wheeler, Cordis Ray Lambeth, John Loyd Lambeth, Lyndal Lambeth, Jerry Walton, John Wayne Harris, Burl Jean Hrair, Charles Hudson, Bennie Jackson, Jerry Jones, Rosa Jones, Douglas Lambeth, Marion Elliott, Robert Wayne Elliott, William Chandler, Wilborn Chadler, Fay Lyndal Norwood and Royce Stanley.

Mrs. Bill Billingsley and little son, Gary, left last Friday for Hendricks Field, Sebring, Fla., for a visit of several weeks with their husband and father, Lieut. Bill Billingsley, who is in operational training there. They went by train from Wichita Falls to Fort Worth, and made the remainder of the trip by plane.

Mildred Dutton And Lt. Johny B. Joiner Wed In Fort Worth

Mr. and Mrs. John G. Dutton of Knox City announce the marriage of their daughter, Mildred, to Lieut. Johny B. Joiner of the U. S. Marine Corps Reserves. The marriage took place June 17 in Fort Worth, with Rev. Aubrey Short reading the ceremony.

The bride is a graduate of Hardin-Simmons University, Abilene, where she received a bachelor of music degree with the class of 1936. She did graduate work with Dr. Ganz in Chicago Musical College, and was director of the elementary band in the Plainview schools during the past year.

Lieut. Joiner is the son of J. J. Joiner of Lott, and has just returned from the Pacific war theatre where he spent more than 18 months. He is reporting soon for duty at Camp LeJune, New River, N. C., where the couple will live.

Family Reunion Held Last Week In Warren Home

A happy family reunion was held last week in the home of Mr. and Mrs. S. J. Warren, when their three sons and their families were present. The occasion was for a visit with Troy Warren, who was home on furlough from his camp at Orlando, Fla.

Present for the reunion were Mr. and Mrs. Troy Warren, Mr. and Mrs. Marvin Warren and son, Jerry, of Plainview, and Mr. and Mrs. Weldon Warren and two children of Munday.

Elizabeth Shannon, John C. Hargis Are Wed In Van Horn

The beautiful home of Mr. and Mrs. A. P. Williams of Van Horn, Texas, was the setting for the marriage of Miss Elizabeth Shannon to Mr. John C. Hargis on Sunday, June 20. Rev. L. J. Brunner, pastor of the Methodist church, officiated. Vows were exchanged before an improvised altar of pale pink gladioli and summer flowers in rainbow color against a background of ferns.

Miss Janey Smith gave the wedding music, singing "Oh Promise Me" and "Because," accompanied by Miss Ann Gibson of Allamore, who also played the processional, using Lohengrin's "Wedding March." During the ceremony she played "I Love You Truly" and "Martha."

The bride, daughter of Mr. and Mrs. J. S. Shannon of the Sunset community, chose for her wedding an afternoon frock of soft grey. With this she wore a large pink felt hat, and navy veil, gloves, bag and pumps completed her costume. She was attended by Miss Reba Taylor of Alpine, who wore black linen with white accessories. Her flowers were pastel. Mr. Harvey Nash acted as best man.

Mrs. Hargis received her high school education at Sunset, then attended Southern Methodist University and T. S. T. W. at Denton. She taught for three years in the Van Horn public schools, and for the past year she has been employed by the Van Horn State Bank.

The groom is a son of Mr. and Mrs. Ray Hargis of Van Horn, and with his father is associated in ranching in Culbertson county. He attended public school at Wilcox, Ariz., and Sul Ross College at Alpine.

Following the ceremony, a reception was held. Mrs. Carl Garner presided at the tiered wedding cake, and Mrs. Joe Lomax served punch.

The couple are making their home at the Hargis ranch, north of Van Horn.

Carlson-Huff Marriage Read In Wichita Falls

In a marriage ceremony performed at her home in Wichita Falls last Sunday afternoon at 3:30 o'clock, Mrs. Myrtle Huff became the bride of Staff Sgt. Hazen E. Carlson of Amarillo Field, Amarillo. Rev. Paul Martin, pastor of the First Methodist church, officiated in the double ring ceremony.

The couple exchanged vows before an improvised altar background by white gladioli and greenery. The bride wore an aqua blue crepe dress and a pale yellow straw hat with aqua trim. Her corsage was of yellow rosebud.

Attendants were Tech. Sgt. and Mrs. John Craig of Amarillo.

Following the ceremony, an informal reception was held for the wedding guests. The white color motif was repeated in floral appointments arranged in the dining room. The wedding cake was served by Miss Alma McNeill, sister of the bride, and another sister, Miss Bertha McNeill, presided at the punch bowl.

The bride is the daughter of Mr. and Mrs. W. E. McNeill of Munday. She is a graduate of Munday high school and of a business college in Abilene. She has been employed at the Wichita Falls Clinic Hospital in Wichita Falls for the past three years.

Sgt. Carlson, the son of Mr. and Mrs. A. M. Carlson of Bassett, Neb., received his education in that city. Before entering military service, he was employed by Ford Motor Company in Omaha, Neb. He is now serving as an instructor in the inspection branch of the air mechanics school at Amarillo Field.

The couple left immediately after the wedding for Amarillo, where they have established residence.

Out-of-town guests at the wedding included the bride's parents, Mr. and Mrs. W. E. McNeill, also Mr. and Mrs. Earl McNeill of Munday; Mrs. O. U. Gaither of Roff, Okla., and Miss Ruth Carlson of Los Angeles, Calif.

CARD OF THANKS

We take this means of expressing our thanks to members of the Munday Fire Department, our neighbors and friends, and Dr. R. L. Newsom, who aided us in the accident at our home last week. Especially do we thank Ed Johnson, who helped in extinguishing the flames. Your kindnesses will always be remembered.

Mr. and Mrs. Herman Jungman.

HERE FROM TENNESSEE

Mr. and Mrs. J. A. Williams of Chanute, Tenn., came in last Monday for several weeks visit with their son, P. V. Williams and his family, and with other relatives in this section. P. V. met them in Dallas and returned here with them Monday night.

Wilma Michalik, Sgt. Philip Homer Marry June 23rd

Miss Wilma Michalik became the bride of Sgt. Philip Homer of the Amarillo Army Air Field on June 23, in rites read at St. Joseph's Church in Rhineland. Rev. Herman Laux performed the ceremony, which was followed by a Nuptial High Mass.

The bride was given in marriage by her father. She wore a gown of white satin fashioned with a lace yoke, and a shoulder length veil of illusion. Her bouquet was of white carnations.

Miss Josephine Cerveny was her only attendant. She was dressed in a lovely gown of salmon rose marquisette and imported lace, fashioned in similarity to that of the bride with the exception of the neckline and sleeve length. Her baby bonnet of salmon rose marquisette was accented with appleblossoms. She carried a small bouquet of gladioli and fern.

Albert Smajstria was best man for the room.

The bride is the daughter of Mr. and Mrs. John Michalik of Rhineland. She was reared at Rhineland and is a graduate of the Rhineland high school.

The groom, son of Mr. and Mrs. K. G. Homer, was graduated from the Rhineland high school, and is now with the air corps and stationed at Amarillo field.

In the evening a reception was held at the home of the bride's parents for relatives and friends. The house was decorated with roses and white gladioli and fern. The dining table, covered with a lovely tablecloth of white lace over rose linen, was centered with a three-tiered cake topped by a miniature bride and groom. Only relatives and close friends were present for this occasion.

The reception was followed by a dance, given at the Rhineland club hall.

Activities Of Colored People

A party was given Tuesday night at the Gus Johnson cafe in honor of the colored boys who were home from training camps. Ice cream and cake were served.

The boys who were home are: J. B. Brooks of Goodfellow Field, San Angelo; Sonny Edwards, who was home from a camp in Louisiana, and Connie Moore, who was home from Garden City, Kans., to visit his wife, Ethel Moore, and his mother, Octavia Williams. J. B. Brooks left Wednesday on return to San Angelo, and Connie leaves early Friday morning.

The colored Church of God in Christ wants to thank Mr. and Mrs. Wade Mahan for the lovely Bibles for their classes, also Mrs. Luther Kirk for some literature.

BIRTH ANNOUNCEMENT

A wire came from Fort Worth last week, announcing the arrival of a baby son to Mr. and Mrs. Levi Bowden, former residents of this county. The child was born on Monday, June 21, and both mother and little son are reported doing nicely.

Mr. and Mrs. Brice Dobbs of Dallas, former residents of Munday, were here the first of this week, visiting with friends and looking after business interests.

Mrs. L. E. Rogers of Riverside, Calif., and Mrs. L. W. Brashear of Bowie visited their sister, Mrs. R. L. Ratliff, over the week end. The three sisters left Wednesday for Bowie, Dallas, Fort Worth and Henderson for several days visit with relatives.

Hefner H. D. Club Meets Tuesday In T. H. Jones Home

The Hefner Home Demonstration Club held its regular meeting on Tuesday, June 15, in the home of Mrs. T. H. Jones, at 3 p. m. The regular routine of business was dispensed with, and roll call was answered by eleven members.

A general round-table discussion was enjoyed by all present.

The next meeting will be held with Mrs. Ben Holder on July 6th, at which time a machine clinic will be held by the county home demonstration agent, Miss Lucile King.

Miss Laverne Gosses left last Monday for Louisville, Ky., where she will visit for several days. For the past several months she has been employed at the City Drug Store in Munday.

Jessie Timberlake Gets Commission

Aviation Cadet Jesse H. Timberlake, son of Mrs. M. E. Timberlake, of Vera, Texas, is a member of class 43-F of Student Officers and Aviation Cadets recently graduated from the Army Air Forces Advanced Flying School at Yuma, Arizona.

The graduates were commissioned as Second Lieutenants and Flight Officers in the Army of the United States and were given the coveted silver wings, symbolic of the aeronautical rating of pilot. They have been placed on active duty in their new rank with the Army Air Forces.

Before entering the final and advanced training course at Yuma Army Air Field, Cadet Timberlake completed his primary and basic training at Ryan Field, Hemet, California and Gardner Field, Taft, California.

Prior to being called for aviation cadet training, he was stationed at Barksdale Field, Louisiana. He is a graduate of Benjamin high school where he lettered in basketball and track.

Ready Peanut Market Assured

COLLEGE STATION—A ready market for peanuts when they are harvested was assured Texas farmers this week by the state USDA war board.

Facilities of the peanut shellers and crushers throughout the state will be utilized from the very beginning of the marketing season in order to move the maximum quantity of the peanut crop directly into food and feed channels, the board emphasized.

Under this year's agricultural production program, Texas farmers have pledged 1,297,935 acres as their share of the national peanut goal. Last year's production approximated 1,060,000 acres.

The normal channels of trade, which will operate under contract with Commodity Credit Corporation, are being asked to cooperate under the purchase program. Each company will purchase, store and sell for the account of the Corporation.

Purchases from producers will be made at uniform prices averaging \$140 per ton for Spanish No. 1 peanuts, with appropriate differentials for grades. This price, the war board pointed out, is approximately 17 percent below the ceiling prices for farmers' stock peanuts, but about 75 percent above the value of peanuts when sold for crushing for oil and meal.

In addition to disposition of this year's crop into food and feed channels, producer cooperative associations, as agents for the Corporation, also will be authorized to establish receiving points and make available storage facilities for handling the portion of the crop which is not purchased directly by processors and to distribute peanuts for planting the 1944 crop.

Restrictions on purchases, sales and deliveries will not apply to farmers' stock peanuts which the county AAA committees certify are to be used solely for planting in 1944 nor will they apply to sales or deliveries to consumers by producers of peanuts which have been processed by the grower on the farm where produced.

The Cotton Insect Situation In Texas

The development of the leaf-worm infestation in the coastal bend region and inability of the farmers to obtain sufficient supplies of poison to fight the pest have created a grave situation that threatens the cotton growers of this and other states, reports F. L. Thomas, chief of the Division of Entomology, Texas Agricultural Experiment Station, A. and M. College of Texas.

Recent information from the Bureau of Entomology and Plant Quarantine shows that 80 per cent of the fields examined in San Patricio county are infested and in two-thirds of these worms are numerous or the cotton badly "ragged." Furthermore, it is reported that there is no calcium arsenate available at present and dealers have been unable to get delivery from several of the large manufacturers. Arsenate of lead, if it can be obtained, is one of the best poisons for leafworms, when applied soon enough.

Boll weevils continue to be spotted in their occurrence. The next two weeks is a critical period in the development of weevils; hot, dry weather in central Texas would be very beneficial in preventing maturity of the first generation, but if showers occur those fields or portions of fields in the vicinity of woods or other shelter should be carefully checked and calcium arsenate dust used where the infestation is high enough to justify the application. An infestation of 26 per cent has been found as far north as Navarro county according to the Extension Entomologists.

Flea hopper adults are moving into cotton in both central and north Texas. With the maturity of horsenut, one of the favorite spring host weeds, flea hoppers seek other hosts. In those areas where cotton is the most common and attractive plant some flea hopper damage may result.

Texas farm cash income during the first four months of 1943 stood 55 per cent better than during the comparable period of 1942, the University of Texas Bureau of Business Research found. Total farm income for the year is 247 million, compared with 160 million last year. April alone saw income of 75 million dollars to Texas farmers.

A new ear mold of transparent plastic for workers in noisy industries is custom-made to fit each worker's ear. It reduces the intense distracting noises, but lets the wearer hear people talking.

More than 180,000 new war housing units were completed and made available for war workers during the first four months of 1943.

University of Texas ex-students now in the armed services are approaching the 11,000 mark, according to John A. McCurdy, ex-student secretary. This figure will be reached by August 1, he says.

Composite index for Texas business in April stood 35 per cent better than in April, 1942, the University of Texas Bureau of Business Research reported.

Rupert Williams Made Lieutenant; Gets His Wings

Rupert V. Williams, son of Mr. and Mrs. P. V. Williams of Munday, was among the many bomber and fighter pilots who received their wings last Saturday from the Eagle Pass army air field. Rupert's class was the sixth 1943 crop of aerial destruction experts who have graduated from the Gulf Coast Training Center.

Williams has been trained to hair-trigger perfection in the art of modern aerial warfare, and has been retained at Eagle Pass temporarily as an instructor.

First entering the service in the regular army, Rupert spent about six months at Camp Berkeley before deciding to transfer to the air forces. He received his pre-flight training at Kelly Field, San Antonio, his primary training at Cimeron Field, Oklahoma City; his basic at Garden City, Kans., and his advanced training at Eagle Pass.

His aerial gunning training was at Matagorda Island, where Rupert qualified as a sharpshooter in aerial gunnery. He spent a few days here with his parents just prior to entering training in aerial gunnery.

As an instructor, he was retained at Eagle Pass, pending room at Randolph Field, San Antonio, where he expects to be transferred in the near future.

Weather Report

Weather report for the period of June 24th, to June 30th, inclusive, as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature		HIGH
	LOW	HIGH

June 25	70	78	97
June 26	70	74	97
June 27	71	75	100
June 28	72	73	101
June 29	69	72	76
June 30	64	68	85

Rainfall to date this year 9.27 inches; rainfall to this date last year 11.84 inches.

Cites Texas Share

Texas during the summer of 1943 will become the largest single factor in the nation's synthetic rubber program, with plants with an aggregate production capacity of 255,000 tons coming into being, James J. Newman, vice-president of the B. F. Goodrich company, pointed out that this is more than a third of the total "GR-S" scheduled under the national program. Newman has been with the pioneer Akron concern since 1931, and has been a vice-president since 1933.

ing under his command are strictly charged and required to be obedient to his orders as such. And he is to observe and follow such orders and directions as he shall receive from his military superiors, according to the rules and discipline of war.

"Given under my hand at Columbia, Missouri, this fourth day of June, in the year of Our Lord one thousand nine hundred and forty-three."

The commission was signed by Herbert G. Rollins, first lieutenant, and Paul A. Johnson, major of the air corps.

Melvin Strickland visited with relatives in Graham last Sunday.

Morgan Is Made Flight Lieutenant

D. P. Morgan, Jr., son of Mr. and Mrs. D. P. Morgan of Munday, has recently been made a flight lieutenant at his base in Columbia, Missouri. The following certificate of appointment was received by his parents this week.

"Upon the recommendation of the director of military training, I do hereby appoint Student D. P. Morgan, Jr., a flight lieutenant in the College Training Detachment Group to rank as such from the fourth day of June, 1943. He is therefore carefully and diligently to discharge his duties as flight lieutenant, and all students com-

Attention, Farmers

Reports released by A. and M. College show several of Southern counties being ruined by worms and not enough poison available to stop them.

Should we have insects in our cotton July and August, we are afraid that not enough of Calcium Arsenate could be had to control them.

We have two cars arsenate and one car of sulphur-arsenate mixture on hand and a 20-ton car of sulphur in transit, and 40 tons arsenate purchased for July delivery.

We believe it would be good insurance for every farmer to secure at least a part of his poison supply, as a protection. If kept dry it will keep indefinitely.

West Texas Cottonoil Co.
MUNDAY, TEXAS

Announcing...

We have just recently accepted the exclusive agency for the famous . . .

Red Chain Feeds

. . . And we carry a complete line of this brand of feed for poultry and livestock. Once you try the Red Chain Feeds, you will always be a user.

During hot weather, egg production usually drops, but with proper care of your flocks and the use of good feed you can maintain a high production average.

We also carry a complete line of other feeds.

We will pay you the highest market prices for your poultry, eggs and cream, and will appreciate a share of your patronage.
