

# The Munday Times

VOLUME 39

MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, AUGUST 26, 1943

NUMBER 9

## Collector To Help In Filing Tax Returns

One out of every three taxpayers will be required to file Declarations of their earned income and Victory Taxes for the year 1943 on or before September 15, 1943. Farmers, considered to be those persons receiving at least 80 percent of their gross income from farming operations (as distinguished from agricultural laborers receiving wages or salaries) must file their Declarations on or before December 15, 1943. In order to assist taxpayers in the preparation of these Declarations, Deputy Collectors R. A. Choat and Clois L. Greene will be in Munday, Texas, at the First National Bank, September 7th (all day).

Deputy Collectors Choat and Greene will be glad to give all possible information on the matter of filing Declarations, but in order to save his time, your time and that of other taxpayers, he urges you to bring the necessary information for estimating your 1943 Income and Victory Taxes when you consult with him. The information needed is a copy of your 1942 Income Tax Return; cancelled checks or other evidence of Income Tax paid on March 15th and June 15th, 1943; estimate of Victory Tax deducted from wages January 1, 1943, to June 30, 1943; estimate of Withholding Tax deductible from wages July 1, 1943, to December 31, 1943; and, definite estimate of Net Income (Gross Income less allowable Deductions) from all sources, for the calendar year 1943.

While in the vicinity of Munday, Deputy Collector will also visit Seymour on September 1 and 2; Throckmorton on September 3; Haskell on September 4, and Aspermont on September 6. Paducah on September 8 and Crowell on September 9.

## Father of Mrs. John Ed Jones Is Buried Sunday

R. W. Tindall, father of Mrs. John Ed Jones, passed away last Friday afternoon at his home in Nacogdoches, suffering from a heart attack. Mr. Tindall, who was 68 years of age, had resided at Nacogdoches for a number of years.

Mrs. Jones left immediately after receiving the message of her father's death, and she attended the funeral services which were held at Nacogdoches Sunday afternoon.

Mr. Tindall is survived by his wife, a son and two daughters, who are: A. L. Tindall of Houston, Mrs. W. E. Watson of Duncan, Okla., and Mrs. Jones.

## AUX. SALLIE HEADRICK RECEIVES PROMOTION

WAC. Aux. Sallie Headrick, daughter of Mr. and Mrs. W. M. Headrick of Benjamin, has been promoted to the rank of private first class at Davis-Monthan Field, Tucson, Ariz. She has been doing clerical work at the base. Pfc. Headrick joined the service on January 25th.

## Mrs. J. A. Warren Dies Thursday At Home Here

Mrs. Sybil Adeline Parris Warren, wife of J. A. Warren, passed away at the family home in Munday at one o'clock Thursday morning August 26.

Mrs. Warren would have been 80 years old on November 28, 1943. She had been in failing health for several months but seemingly in no worse condition until she was stricken Sunday night. All aid from physicians failed to revive her, and her condition continued to grow worse until the end.

Mrs. Warren spent her early life in Overton county, Tenn., where she became a Christian in early life. Coming to Texas with her husband and four small children, they settled here when Knox county was a cattle country. Two other children were born after the family settled in this new country, when Munday was only a post office.

Surviving her are her husband, six children, two brothers and several grandchildren. Four of the children at her bedside during her last illness are: Mrs. L. W. Hobert, Munday; Mrs. Ray Willis, Knox City; Clyde Warren, Goree, and Fred Warren of Lubbock. A son and a daughter, W. F. (Jack) Warren of Otis, Kans., and Mrs. Harold Davis of Richmond, Calif., were unable to attend. The two brothers are J. G. Parris, Davidson, Okla., and S. S. Parris of Sparta, Tenn.

Funeral services are scheduled to be held from the family home in Munday at six o'clock Thursday afternoon, with her former minister, J. E. L. Harrison of Holliday, conducting the service. Interment will be in Johnson cemetery by the Mahan Funeral Home and E. Q. Warren of Knox City.

## J. W. Matthews Is Buried At Goree

J. W. Matthews of Goree passed away on August 17, and burial was in the Goree cemetery.

Mr. Matthews was the father of Mrs. J. W. Baughman of Goree. He was a retired employee of the Southern Pacific Railway, and he lived to the age of 90 years over a period of time in which great changes took place in this section.

Mr. Matthews was very active until a few days before his death and he retained an active mind on world events.

## ROBERT GREENS MOVE TO VERNON LAST WEEK

Mr. and Mrs. Robert Green and two daughters left on Wednesday of last week for Vernon, where they will make their home. Mr. Green will serve as assistant manager of the Wm. Cameron & Co. yard in Vernon.

He was employed at the Munday yard for a number of years, and this move comes as a promotion to him.

Miss Patsy Ruth Mitchell returned to Spur last Thursday after spending her vacation here with her parents, Mr. and Mrs. A. H. Mitchell. Mrs. Mitchell took her to Spur and returned home Friday.

## Columnist Interviews "Old-Timer"

Boyce House, of "I Give You Texas" fame (left), believes in getting the colorful stories of Texas history from those who know them at first hand. Here he is interviewing John Justin, oldest of the Justin Boys of Fort Worth, whose father, in 1879, opened a little shop in Old Spanish Fort that has grown into the world's greatest cowboy boot factory and the only men's dress shoe factory in Texas. House is heard by 300,000 each Sunday at 12:45 p. m. over Lone Star Chain stations and his "column" appears in over 200 newspapers, with 1,000,000 readers.

## Missing In Action

Word was received this week that Reuben Allen, son of Mrs. Alice Allen, is missing in action in Sicily since July 19. Allen was a navigator in the air forces.

He had been located in the North Africa area for about six months and had been engaged in several major battles, having been decorated for meritorious service in one of his engagements.

Mrs. Allen, sister of Mrs. W. E. Reynolds, recently moved here from Marfa. Her son was engaged in business in Marfa prior to entering the service. He is 23 years of age.

## FREE WATER FOR ALL FARMERS AND STOCKMEN

All farmers and stockmen of Munday trade territory are invited to secure water from the loading rack at the Farmers Union Gin free of charge. For various reasons the City of Munday does not wish water to be taken from the Lake at the Park, but cordially invites those in need of water to secure it at the above stated loading place.

## Keep Up With Rationing

**RATION REMINDER**

**GASOLINE**—In 17 states of eastern shortage area A-6 coupons are now valid. In states outside the eastern shortage area A-7 coupons are valid through September 21. All gasoline coupons in the possession of car owners must be endorsed with the owner's license number and state of registration.

**SUGAR**—Stamp No. 14, good for 5 lbs., is valid through October. Stamps Nos. 15 and 16 are good through October 31 for 5 lbs. each for home canning purposes. Housewives may apply to their local ration boards for more if necessary.

**COFFEE**—Ration stamps no longer required.

**STOVES**—Consumer purchases of rationed stoves must be made with a certificate obtained at local war price and rationing boards.

**FUEL OIL**—Period 5 coupons in old rations remain valid through September 30. Period 1 coupons in new rations are valid now. Occupants of oil heated homes are urged to return their applications for next year's fuel oil to their ration boards promptly and when issued new rations to place orders with their dealers for summer fill-ups.

**SHOES**—Stamp No. 18 (1 pair) is valid through October 31.

**MEAT, ETC.**—Red stamps T, U, V and W valid through August 31. X valid through October 2. Y becomes valid August 29, Z becomes valid September 5, and both remain valid through October 2.

**PROCESSED FOODS**—Blue Stamps, R, S, and T became valid August 1 and remain valid through September 30.

## Tailor Shop To Open On Monday

John Spann completes 21 years in one location.

After being closed for two weeks to make necessary repairs to the machinery, John C. Spann, owner of Spann Tailor shop, announced this week that the shop will be open next Monday morning.

All repairs have been made, Spann said, and the shop is in better shape than it has been in several months. "We appreciate the patience of our patrons," he said, "who realize the conditions we have been working under. Since making these repairs, we are better able to handle your cleaning and pressing, and we invite your continued patronage."

Wednesday, September 1, will mark the close of 21 years of service for Spann Tailor Shop in its present location. John said he can recall very few places in Munday which have operated this long under the same firm name and in the same location.

## Hal Pendleton To Receive Wings

Announcement was made this week that Lieut. Hal Pendleton, son of Mr. and Mrs. H. A. Pendleton, who transferred from the army into the air forces some time ago, is graduating today (Thursday) and is receiving his wings in the exercises at San Marcos. Hal is graduating as a navigator.

Mr. and Mrs. Pendleton left Tuesday for San Marcos to be present for the exercises.

## Continues Work For Aged Pensions

AUSTIN—John H. Winters, newly appointed executive director of the State Department of Public Welfare, said today that every effort is being made and will continue to be made to keep the old people of Texas from losing the federal half of their old age assistance grants. "I am certain that the legislature in passing Senate Bill 169 intended to assist the war effort by permitting employable persons on the rolls to work without having their grants cut down or stopped. I do not believe that the legislature intended to do this at the cost of losing \$21,000,000 a year in federal funds," Mr. Winters said. "I am going to Washington for the hearing on August 24 and will use every power vested in me to adjust the differences between the state and federal government in order that we may keep federal money coming to the old people of Texas."

Mrs. Edward Burns and son, Bobbie Gene, and Miss Doris Bowen returned this week from Dickens City, where they spent several days with relatives and friends.

## Jerry Kethley Missing After Aerial Mission

Holder of the Air Medal and three Oak Leaf clusters for successful raids over Europe, Lieut. Jerold Douglas Kethley, 26, son of Mrs. Ruby Kethley of Abilene, has been missing in action since Aug. 12, according to word received by his family.

Kethley is a former resident of Munday. Before entering the service he was in the jewelry business at Crane and later at Big Spring.

The adjutant general, in a telegram received by Jerry's wife last Monday, said he has been missing since a raid over Geleskirchen, Germany, and further details would be sent promptly.

Lieut. Kethley, pilot of a B-17 bomber which completed 17 raids over Nazi territory, had been overseas four months. He is a 1939 graduate of McMurry College and entered the service in 1941, being commissioned last October at Ellington Field and promoted to first lieutenant at Salina, Kansas.

## Wheat Loan Rate Announced

Loan rates for the 1943 wheat crop, averaging \$1.23 at the farm, were announced July 1; for No. 2 hard winter at Kansas City it is \$1.37 per bushel, compared with \$1.27 in 1942. Loan rates in the various markets were generally about 2 cents higher than the wheat-price equivalent of the flour ceilings, except in the case of the loan on soft red winter wheat, which was 18 cents below the equivalent. When the loan was announced, wheat prices in the various markets ranged from about the same as the new rate to about 5 cents higher.

Wheat prices declined in June. Ordinarily prices decline in May and June in their adjustment to lower levels influenced by the new crop supply prospects. The decline this year was only moderate, reflecting the smallness of the crop in prospect relative to the likely disappearance in 1943-44. In past years in which the loan was in effect, market prices have declined below loan values early in the marketing season, then later rose gradually so that prices in most markets were above loan values.

## Ted Longino To Receive His Wings

Friends here have received invitations to the graduation exercises at the Frederick, Okla., Army Air Field on Monday, August 30, in which Ted Longino, former employee of the Baker-McCarty store, will receive his wings.

Among the places in which Ted received his training are a base in Tennessee, at the Stamford Flying School, and at Frederick. Upon graduation he will receive his commission as a second lieutenant.

Ted is the son of Rev. and Mrs. H. A. Longino of Crowell, former residents of Munday.

## County Planning For War Loan Drive

Special Service Held In Honor Of Soldier Boys

County Quota Set At \$532,000.00

Ground work for the new war loan drive, which opens on September 9, 1943, is being laid in Knox county. All the various community committees will perfect their organizations before that date and actual work will start on the drive on the opening date.

Local and county committeemen have been advised that Knox county's quota in the third war loan drive will be \$532,400. In a letter to local committeemen, Nathan Adams of Dallas, state chairman, said in part:

"Out of a national total of \$15 billion, Texas has been assigned a quota of \$420 million. This is a big assignment and a challenge to each of us, but I am sure that we can be successful in attaining our goal with the wholehearted cooperation that I am sure you will give us."

Every potential war bond buyer will likely be contacted during the Third War Loan Drive.

The Lewis Quartet of Ft. Worth will be present next Sunday to sing for the services. This quartet has appeared on the radio several times, and a special invitation is given for everyone to hear them.

Special service for the soldier boys of the Lake Creek community were held on Wednesday night. The following boys were listed for this service:

Harry Cecil Booe, Chester Hodgins, Roy Hodgins, Ivy Ralph Cybert, Robert Prentiss Cybert, Elvie O. Tuggle, Robert Leon Tuggle, Eveston B. Hosea, Dan and Ray Sparks, Alvie Gilmer, Elwood, Mack, Robert and Joe Ford, Herman Ray Elliott, Guinn, Harold and B. L. Melton and Raymond Lee Doyle Lewis.

## County Agent Back On The Job

For the past three weeks R. O. Dunkle, county agent, has been out of the county on account of sickness. Mr. Dunkle's illness was caused by a weed poisoning that affected the skin and caused a severe breaking out.

The county agent is now back on duty, but is advised by the doctors not to participate in too much outside activity for another week or two on account of there being a possibility of reinfection.

## Rev. Sam Young To Preach Here Sunday

Announcement was made this week that Rev. Sam Young, district superintendent of the Stamford Methodist district, will preach at the Munday Methodist church next Sunday morning. There will be no evening service.

Rev. Young is filling the local pulpit in the absence of Rev. Luther Kirk, who is in a meeting at Seagraves. The public is cordially invited to attend this service.

## VISIT WITH SON

Mr. and Mrs. W. A. Harris and daughter, Avis, reported a nice trip after returning from Norman, Okla., where they visited their son, S. 2-c Wayne A. Harris, who is training to be an aviation machinist's mate. Wayne accompanied them to Oklahoma City where they visited friends whom they had not seen in several years.

## New Method To Receive Tires

Eligible truck operators who hold tire rationing certificates but who are unable to locate within their county the proper tires may apply to their nearest Motor Transport District Office of the Office of Defense Transportation for assistance, the ODT announced today.

This information will in turn be transmitted daily to the Office of the Rubber Director, who will endeavor to arrange for the proper redistribution of tires so that all the certificates can be honored as quickly as possible after issuance.

This procedure was decided upon, the ODT stated, after some truck operators reported they were unable to obtain critically needed tires and as a result had to keep vehicles out of operation.

In some cases, it was reported, important war freight was delayed for this reason.

It is hoped that the new arrangement will help essential operators to obtain prompt relief, the ODT stated.

## Jungman Family In Production Of War Materials

The Jungman family is showing teamwork on the production line at the D. P. C. production line at Santa Monica, Calif., that should put another wrinkle in Hitler's forehead.

This entire family works at the D. P. C. warehouse. The other morning Vic Jungman, raw stock supervisor, sent some sheet metal into spare parts. It was checked in by his sister, Alleyne, laid out for inspection by his wife, Ina, and then sent into crating. And believe it or not, his father, L. A. Jungman, built the crate.

"The folks all like California," Vic wrote in a recent letter, "and we are all doing our part in helping keep those planes coming off the line."

"Mother is keeping the home fires burning by doing our cooking and keeping house, in order to keep us fit and ready for work."

Mr. and Mrs. L. A. Jungman, residents here for many years, left only a few months ago to enter defense work in California.

## GRANDMA LEAVES TO VISIT HER GRANDSON

Mrs. J. W. Roberts left last Sunday night for Roswell, New Mexico, for a visit with her son-in-law and daughter, Capt. and Mrs. A. C. Prendergast, and to entertain her new grandson, Peter Michael. The youngster arrived at a Roswell hospital on Sunday, August 15, and "Grandmother Roberts" had been anxiously waiting for a request to visit the grandson since that time.

James Alvin Floyd, who has spent several days here in the home of D. B. Bowen, returned to Abilene this week. Miss Doris Bowen returned home with him for a few days visit.

## AMERICAN HEROES BY LEFF

Heavy Jap Naval bombardment of our forces on a Pacific island destroyed our communications. Then Marine Corporal George J. Conlon went out to help lay a telephone trunk line between headquarters, the base radio and other strategic points. Caught in the open, he kept on working throughout five bombing attacks, and vital communications were restored. He won the Silver Star. Will you keep on investing everything you can in Payroll Savings? U. S. Treasury Department

YOU ARE OLD, SAID THE YOUTH, "ONE WOULD HARDLY SUPPOSE THAT YOUR EYE WAS AS STEADY AS EVER, YET YOU BALANCE AN EEL ON THE END OF YOUR NOSE. WHAT MAKES YOU SO AWFULLY CLEVER?" -Lester Kervod

# Gov't Must Economize Drastically Hook Tells American Legion Members

**America Should Emerge from War With Plans Ready and Money in Bank NAM Director Declares**

Cincinnati, Ohio (IPS)—Calling attention to the two factors that will determine the length of the war: the effectiveness of the fighting forces at the front, and the productive support of the working forces at home, Charles R. Hook, Director of the National Association of Manufacturers told the Wartime Conference of the American Legion Department of Ohio that "no man can escape his responsibility in this crisis without forever having a sense of broken faith."

Just when victory will come, Mr. Hook, who is president of the American Rolling Mill Co., said no one can pretend to forecast, no matter how much he knows about the present situation. "Victory may not be near, it certainly will not be easy, but the handwriting is on the wall."

### Dual Job

"The first and immediate challenge is to press our present military offensive and advantages to a quick conclusion of the war if possible. The other is to work and plan, now, to create conditions which will make possible a high level of production and employment after the war, when 10,000,000 returning soldiers will want good civilian jobs in private business."

"On every front, the defeat of the Axis is being spelled by the united effort of the Allied nations. And that makes our enemies more vicious, more dangerous, than before. They are now fighting with desperation, not patriotism."

### United Support Vital

Contending that the crack in the enemy's armor can be widened into victory only with the united support of every man and woman in the United States, with industry, labor and government working together for the good of America, Mr. Hook maintained that "in that effort there is no room for selfish purpose or group improvement at the expense of others."

"Every delay in war production, regardless of the reason—be it a wild strike, the purposeful creation of discontented groups, or inefficiencies in management—reduces the effectiveness of our enemy as a whole, postpones the day of victory, and lengthens our casualty lists," he said.

### Postwar Planning

In his discussion of our second great responsibility which "also has to do with our winning the war because it influences the morale of our armed forces," Mr. Hook referred to the necessity for "working and planning now to create conditions which will make possible a high level of production and employment after the war."

"Charles E. Wilson, vice chairman of the War Production Board, has said that despite the driving, time-consuming demands of the war program, it is imperative that postwar planning be done."

"High ranking Army and Navy officials have been universal in their opinion that planning for the postwar period is one of the greatest factors of morale building in the ranks of our fighting men."

### Future Products

Ultra-streamlined household equipment and a wide variety of completely amazing scientific improvements which many have associated with postwar planning will undoubtedly follow this war, Mr. Hook pointed out, "but they aren't the things which alone will give your sons jobs after they fall out at the end of the Victory Parade down Main Street."

"When you think of postwar studies, think first of the things industry made before the war started—automobiles, radios, furniture, electric refrigerators, wash-

## Canada Keeps Them Flying

**MORE** than 100 Harvard advanced trainers—built in Canada—await "fly away" on the plant airfield of one of the Dominion's largest aircraft factories where 8,000 men and women are employed. Canadian aircraft program is now concentrated on four types of service planes, and four types of training planes, as well as a general utility and transport air-

craft, the Norseman, of Canadian design, which is being manufactured in the same plant as the Harvard for both Canada and the United States.

Prior to the war Canada's aircraft industry made about 40 planes a year. Today production has been increased to several hundred a month. Canada employs more than 97,000 men and women in its aircraft plants.

ing machines, stoves, and all the other complements of normal living—the things which industry can most readily make immediately after the war ends, and then of the new things which will require capital investment encouraged by a favorable business environment."

### Purchasing Power Necessary

Industry can plan production, determine what it can efficiently make, where it can make it and to whom sell it, Mr. Hook stated, but industry must have a demand for that production, and demand reduced to its simplest terms is purchasing power.

Calling for "Thrift! Now!" Mr. Hook said that for prosperous postwar conditions "we must have individual thrift, corporate thrift and government thrift. Individuals must save from their earnings, buy war bonds, stay out of black markets, pay off their debts, sacrifice now, to be able to buy after the war."

"Corporations, too, must pay off their debts, must save, if they are to be in a position to readjust their plants, to get back into postwar normal business quickly."

### Government Must Economize

"Government, too, must economize drastically," Mr. Hook warn-

ed. "Individuals will not, corporations cannot put their financial houses in order if government does not."

"Thrift! Now!" is the formula for making the postwar production plans work. In this representative Add government must—democracy the government is a mirror of all the people. Therefore the people of America must demand of their government that it set the pattern of thrift and encourage thrift or all the postwar production studies in the world won't do a bit of good when victory comes."

"Gentlemen of the Legion," Mr. Hook said in conclusion, "I am sure it has been obvious to you that both of the two major challenges to America are challenges to all of us, not to any single group."

### Combined Effort

"The intensified home front war effort must come from all of us—individuals, corporations, and government; the need for approaching the crisis of peace with plans in our hands, understanding in our hearts, and money in the bank falls on all of us."

"With confidence in each other, with faith in our representative

democracy, we must and will successfully meet these challenges—together."

## TEXAS PRODUCES FOOD FOR FREEDOM

**COLLEGE STATION**—An avalanche of Food for Freedom is being turned out by Texas' 418,000 farmers on the farm front, according to B. F. Vance, chairman, state USDA War Board.

Citing the July 1 crop report of the Bureau of Agricultural Economics on crop conditions and indicated yields, he said Texas farmers would harvest 7,195,960 acres of sorghums, 92,106,000 bushels of corn, 33,170,000 bushels of wheat, and 14,190,000 bushels of Irish potatoes and sweet potatoes.

Other important crops include dry edible beans, 52,000 one-hundred pound sacks; oats, 15,694,000 bushels; and barley, 3,652,000 bushels.

The acreage of soybeans for beans is placed at 52,000 acres according to July 1 crop conditions while the peanut crop from the same report approximates 1,114,000 acres.

Aggregate crop production for the nation will be about six percent lower than last year but five percent higher than in any previous year.

"Although crop production is down slightly, animal products will bring the total food production up above last year's all-time record," Vance said.

### IT PAYS TO ADVERTISE

## What You Buy With WAR BONDS

### Powder Monkey

On board ship and in the artillery their buddies call them "powder monkeys." Not disrespectful, just a personal, intimate term between friends. Civilians call them gun crews. During a battle the crews of "powder monkeys" must work like trojans bringing the ammunition to the guns.

The gun may fire an anti aircraft 50 calibre shell or a broadside from the 16 inch guns of a great battleship, but in either event the "powder monkey" must pass millions of dollars' worth of ammunition to make the gun effective, and your savings in War Bonds are necessary to supply the financial ammunition that provides the shells.

U. S. Treasury Department

## LOCALS

Mrs. Fred Glover of Benjamin was a business visitor here last Monday.

Chas. Moorhouse of Benjamin was here last Monday, visiting with friends and attending to business matters.

Mrs. W. M. Taylor of Corpus Christi visited with relatives and friends here the first of this week.

Mr. and Mrs. C. A. Eiland and daughter, Miss Sarah, of Lamesa visited with relatives and friends here over the week end.

Mr. and Mrs. Tom Wood of Abilene visited in the home of Dr. and Mrs. D. C. Eiland over the week end.

Miss Juanita Rogers of Fort Worth visited with her parents, Mr. and Mrs. Mike Rogers, over the week end.

Miss Gail Reynolds and Mrs. Alice Allen are visiting with relatives in Austin this week.

Rev. and Mrs. W. H. Albertson left the first of last week on their vacation. They are visiting with relatives in Paint Rock and other points, while Rev. Albertson is taking a well earned rest.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. Leland Floyd are the proud parents of a baby daughter, born on Saturday, August 21. Mother and daughter are reported doing nicely.

### HOME FROM HOSPITAL

Cody West, who has been in the Knox county hospital for some two weeks for treatment for a broken limb, was brought home last Thursday. He is reported to be improving.

Miss Ollie Bateman of Waco came in last week for several days visit with her parents, Rev. and Mrs. J. R. Bateman.

Miss Quintna Wiggins left last Sunday for Rails, where she is serving as home economics instructor. She went at this time to complete her work of the 1942-43 term before opening of the new school year.

Mrs. Prudence Sessions is spending a week's vacation at Ruidoso, New Mexico.

# At The Churches

**FIRST BAPTIST CHURCH**  
All services at the regular hours next Sunday.  
The Haskell Association meets with the Rochester church next Tuesday in a one-day session. We will need to get our letter ready, elect our messengers, and make some other plans. We have had a good year's work.  
School will begin in just a few days and we will be looking forward to nine months of steady work.  
We urge you to come to the services next Sunday, both morning and evening.  
W. H. Albertson.

**PRESBYTERIAN CHURCH**  
Dr. William N. Sholl of Haskell preaches here each Sunday morning at 9:30 a. m.  
Our church is located on the Main street of Munday and has an attractive auditorium with added Sunday school facilities. The Auxiliary meets on Mondays and is accomplishing a good work. All Presbyterians living in Munday and surrounding country are urged to attend our services. A very hearty invitation is extended to all visitors, especially those who have no regular church home.

**AT THE METHODIST CHURCH**  
Luther Kirk  
It was nice to see so many at church last Sunday. The Sunday school attendance was up some. We can do it every Sunday with your help.  
You will want to hear Rev. S.

H. Young Sunday at 11:00 a. m. We are happy to have him fill the pulpit in the absence of the pastor, who is in a revival meeting at Seagraves.  
Sunday school 10:00 a. m.  
Morning worship 11:00 a. m.  
Youth Fellowship 6:30 p. m.  
There will be no preaching at the evening hour.  
Mr. and Mrs. Sebern Jones visited relatives in Mineral Wells last Sunday. They were accompanied home by their children, Bobby, who has been in San Antonio, and Marilyn, who has been visiting her grandparents in Mineral Wells.

## War Needs Money—YOURS!

This war calls for every ounce of energy, every dime and dollar we can muster for ships—and planes—and guns.  
Hit the enemy with a \$25 Bond. Hurt him with a \$50 Bond. Help to blow him sky-high with a \$100 or \$1,000 Bond.  
Don't delay—every hour counts. Buy United States Defense Bonds and Stamps TODAY.

# People, Spots In The News

**SUBS BEWARE**—Minister prays in shadow of deck guns aboard submarine patrol vessel during commissioning services for British crew in Lake Michigan harbor. Ship, which was built for U. S. Navy by Pullman-Standard Car Manufacturing Company, is turned over to British for operation.

**SABOTAGE**—The army mule goes on a lay-down strike while pushing medical supplies to the front in Sicily. British soldier A. Frampton called it sabotage.

**"HAGS"**—Not hags. That's the title for members of the new Hoeting and Garden Society. Ruth Relator, left, and Margaret Twombly of Pueblo, Colorado, are charter members.

# Urge Storage Of 1943 Crops

**COLLEGE STATION**—Some South Texas cotton farmers are losing as much as \$15 per bale because they are unable to get this year's cotton crop in the Government loan, Geo. Slaughter, chairman, state AAA committee, said this week.  
For that reason, he points out, concentrated effort should be made by all cotton producers to secure storage facilities for storing a part of the 1943 crop.  
Almost all warehouses already are packed and many will be unable to take additional cotton this year, he said.  
Encouraging farm storage, Mr. Slaughter said farmers are permitted to store cotton on the farm provided structures meet requirements specified by the Commodity Credit Corporation. According to CCC, structures must protect the cotton from damage by rain, snow, flood, ground water, poultry and livestock and provide reasonable protection against loss by fire and theft.  
County AAA committees, who administer the farm-storage phase of the program, may approve structures for storage which are not located on the farm.  
A farm-storage allowance of 10 cents per bale per month or fraction of a month will be allowed producers storing cotton on the farm, provided the cotton is delivered to CCC in satisfaction of the loan, Slaughter said and added that if the collateral is repossessed by the producer, no storage allowance will be paid.  
Cotton producers are being encouraged throughout the state to contact county AAA offices and find out particulars of storing cotton on the farm this season.  
Under this year's program, the basic loan rate in Texas approximates 19.90 cents per pound but will vary in different parts of the state.

# Activities of Colored People

Miss Ellalee Jones celebrated her birthday with a party last Thursday night at the Gus Johnson cafe. A large crowd attended.  
Miss Altabel Charbet is here from California, visiting her mother, Mrs. B. C. Warren.  
Services were held Sunday at the West Beulah Baptist church; also young people's meeting, B. T. U., at 6 p. m. with Elder G. H. Beavers in charge. The sermon Sunday night was by the pastor, Elder Meadows, who also preached a sermon on Monday night with the women's mission band with Mrs. Fannie Johnson, president.  
On Sunday night the pastor and members and friends contributed \$6.00 to the sick.  
Ialist technicians for the ground crews which "Keep 'Em Flying." Before entering the school, he was stationed at S. P. A. S. F., Lubbock, Texas, and L. A. A. B. in Lincoln, Nebraska. He will go from Sheppard Field to Dodge City, Kansas.

# Parks Enrolls For Naval Training

A former resident of Munday, Texas, Leonard D. Parks, 18, son of Mr. and Mrs. Albert Parks, was recently enrolled in the Naval Training School for dieselmen, located at the Naval Air Technical Training Center on Navy Pier in Chicago, Ill.  
Here he is getting several intensive weeks of instruction in courses covering internal combustion engines, pumps, evaporators, air pressure systems, and boiler systems. Upon completion of this course, he will be eligible for advancing to a petty officer rating, and will be transferred to active duty at sea or at some naval shore station.  
He was selected for this specialized training on the basis of a series of aptitude tests given him while in recruit training.

Are you fighting mad about this war? Does it mean anything to you personally? Then dig down and buy more and more War Bonds. For Freedom's Sake

Our Three Gin Plants Have Been Overhauled and Are Ready For

# YOUR COTTON

All necessary repairs at your Farmers Union Gins have been made, and they are in good shape. Nothing has been overlooked in making these three gins the best plants in the country. We have not only made these repairs, but have also installed some new machinery in order to give you every advantage possible in your ginning. We are ready to welcome all our old customers and all newcomers. We urge you to come here to gin. . . we'll do our best to serve you satisfactorily.

## Something New...

Arrangements are being made whereby you will be able to get meal and hulls in exchange for your cottonseed. This will be a very definite advantage, now that feed of this kind is so hard to get.

## Something Old...

This isn't news. As always, the profits of the gin are returned to you at the end of the season in your dividend check.

### Jobs to Guide Father-Draft

After October 1, when drafting of fathers begins, those in non-deferred activities or occupations, regardless of their order numbers, will be the first fathers called for military service. Those who transfer to essential occupations and thus release single men for military service to decrease the need for drafting fathers. Generally, speaking, after October 1, the occupation of an eligible registrant will determine whether he will be inducted or deferred if his number is called. However, the question of hardship to dependents must be given consideration in each case.

Mail Christmas Gifts Early  
Christmas gifts to naval and

marine personnel overseas should be sent between September 15 and November 1. This period has been designated by the Navy Department in cooperation with the Post Office Department. Parcels must not exceed five pounds in weight.

### Save All Fats

With millions of pounds of waste kitchen fats still needed to meet war demands, Paul C. Cabot, Director of WPB Salvage Division, recently urged housewives to remember that even if accumulated fats become rancid, they still retain a majority of the valuable glycerine that goes into war production. Some housewives, believing that rancid fats are valueless, have not been turning them in for salvage. This has resulted in the loss of thousands of pounds of glycerine that could have been processed from these fats.

### Army Salvage Fats

It is estimated that enough waste fats are salvaged in army camps within the continental U. S. to make 1,500,000 pounds of dynamite each month and still

## People, Spots In The News

**RUBBER "TREES"**—Like a rubber tree forest is the apparatus in the Schenley Distillers corporation pilot plant at Lawrenceburg, Ind., where butadiene is produced by a short-cut process. The new method eliminates alcohol distillation in making butadiene for synthetic rubber.

### TOLD THAT TIGER

Benny, two-week-old Bengal tiger born at the San Francisco Zoo. Rance, mother tiger, took him by the scruff of the neck when he became too frisky. Although the mother abandoned her last two kittens, she is providing proper maternal guidance in the case of Benny.

**"GOMPH BLOOD"**—These pretty chorines, dressed in their best rehearsal tags, donate their blood at the Hollywood Red Cross Blood Bank. June Wayne (seated), Eileen Fenwick, Gerrie Noonan, Nancy Savoy and Ruth Markham are waiting their turn.

leave a residue of rendered grease from which 5,000,000 pounds of soap may be made.

### New Gasoline Coupons

Car owners who still hold the old type "B" and "C" gasoline ration coupon books should exchange them for the new mileage sheets of coupons between August 23 and September 1, OPA announced recently. Old type "B" and "C" coupons become invalid September 1, and gasoline dealers cannot accept them on and after that date. The old type coupons are identified by the words "Per-

mits Delivery of One Unit of Gasoline." The new type say "Mileage Ration" plus a large "B" or "C."

### Wheat Goals For 1944

State wheat acreage goals for 1944, representing an apportionment of the national goal of 68 million acres—26 per cent above this year's seedings—were announced recently by the War Food Administration. County goals will be established on the basis of these state figures and will constitute the wheat goals farmers will be urged to meet in 1944. In broad terms, the WFA advises farmers to plant as much wheat as possible without departing from sound farming practices and after reserving sufficient land for expanding other urgently needed crops.

### Addresses Overseas Mail Properly

Because more than 10 percent of the mail destined for overseas is incorrectly or insufficiently addressed, the War Department has asked that the sender be sure to give the soldier's rank, name, army serial number, organization and army post office number. Following is a model address:

Pvt. John Doe, ASN 1234567890  
Bat. B, 227th Field Artillery Bat.  
APO 29, c-o Postmaster,  
New York, N. Y.

The War Department also asked that families and friends of soldiers send clippings. Instead of periodicals whenever possible to save cargo space.

### Farmers Will Need Help

Harvesting America's war-time food and fiber crops will require the employment of at least 750,000 more persons on farms by October 1. The farm labor force on August 1, was approximately 11 million. Throughout the country, business men, girl scouts, boy scouts, town-people, women, and high school students have been helping farmers. To insure that there will be no important crop losses because of labor shortage, farmers will need the help of many thousands of U. S. Crop Corps volunteers. The Crop Corps is established now in most agricultural counties and civilian groups in most large cities have the machinery for enlisting volunteers. Recruitment of workers is handled locally by the agricultural extension workers and the U. S. Employment Service. Volun-

teers are paid established wages.

### Special Ration Coupons

Individuals who require special ration point values, such as persons in isolated areas who must buy large quantities of rationed foods at one time are to be provided with a new type of red and blue food ration coupons, according to OPA. They will be used the same way as stamps, but will be good at any time. Ration coupons may be issued by local boards and OPA offices.

### More Nurses Needed

Many American hospitals cannot maintain normal standards of service today because of the lack of nurse, according to reports made to the U. S. Public Health Service of the Federal Security Agency. A year from now America will need 550,000 nurses—or 100,000 more than are now available. Of this number 66,000 will be needed for military service and 293,000 for civilians. Because of limited facilities, the maximum that can be trained within this period is 66,000.

### Seed For Potatoes

To help potato growers get reliable seed for 1944 plantings, a new seed classification—War Approved Seed—has been created, the war Food Administration said recently. War Approved Seed will identify that part of the 1943 late crop that is valuable for seed but that has a higher tolerance of defects than certified seed. Price ceilings, to be announced later by OPA, will be placed on both types.

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

**AUSTIN**—A steady increase of deaths in Texas from all forms of cancer is disclosed by the fact that over 45,000 persons have died from this dreaded disease within the last 10 years, according to Dr. Geo. W. Cox, state health officer.

"The public should be warned against cancer 'quacks' and so-called cancer cures," Dr. Cox said. "Advertising of medicines and so-called cancer doctors puts dangerous misinformation before the public. Undoubtedly," Dr. Cox declared, "there are many persons who being thus delayed in seeking proper medical advice, unnecessarily lose their lives to this disease."

According to the State Health Officer there are two recognized scientific ways of treating cancer; namely, surgery and the use of radium and X-ray. Treatment must be started early and be carried out by a competent surgeon. In almost two-thirds of the cases, surgery is relied upon to remove cancerous growths, while X-ray or radium is used to good advantage in approximately one-third of the cases successfully treated. Frequently the two methods are combined.

"The greatest defense against death by cancer is early diagnosis," Dr. Cox stated. "Every case is an acute emergency demanding instant attention, and it is unfortunate that so many persons suffering from cancer do not seek medical advice until beyond possibility of cure."

Dr. Cox pointed out that any unusual bleeding from any body cavity, any lump in the breast, or any surface sores, especially on the face and mouth, changed appearance of any wart or mole, and even chronic indigestion may be symptoms denoting the presence of cancer.

"Where cancer is suspected, do not delay but consult your physician at once," Dr. Cox advised. "Self-medication, serums, colored lights, pastes, salves, and diets are absolutely worthless in the treatment of cancer."

Miss Mary Lois Beaty of Abilene visited her parents, Mr. and Mrs. G. H. Beaty, over the week end.

Mr. and Mrs. Winston Blacklock and little daughter returned to their home in Altus, Okla., last Sunday after a week's visit here with Winston's parents, Mr. and Mrs. B. L. Blacklock.

U. S. Treasury Department

Mrs. J. H. Frazier of Baytown came in Wednesday for a visit with her parents, Mr. and Mrs. J. J. Keel, and with other relatives and friends.

Mr. and Mrs. Lavel Billbrey and little son, Johnnie, of Denver City are visiting relatives and friends in Lubbock and Goree this week.

Mrs. R. L. Kirk and children visited relatives and friends in

Lubbock and Levelland several days this week.

Mr. and Mrs. J. D. McStay and little son, John, of Vernon, visited with Mr. McStay's parents, Mr. and Mrs. S. E. McStay, last Sunday.

Mrs. S. E. Robertson returned home last week from Denison, where she visited her daughter, Mrs. V. M. Lee, for several days.

## THE SUNSET GLOW

Editor-in-chief — Nelda Matthews  
 Assistant Editor — Bonnie Ely  
 Senior Reporter — Dwaine Russell  
 Junior Reporter — Billy Matthews  
 Sophomore Reporter — Weldon Walling  
 Freshman Reporter — Mary Lou Nelson  
 Sponsor — Miss Helen Albertson

Having reached the peak of our school days—namely dignified seniorhood, we assert our tradition—given right of dominance of the Sunset Glow. The following are the elected personnel of the paper: Nelda Matthews, editor-in-chief; Bonnie Ely, assistant editor; Dwaine Russell, senior reporter; Miss Helen Albertson, sponsor. The rest we consider too insignificant for words; nevertheless, we shall expect reports in on time. Our predecessors were far too lenient.

If this sounds a bit boastful, just remember that one is a senior in high school but once unless he is dumb, as some of us are and such things as this are to be expected.

We hope, however, that the enjoyment you extract from these notes repays the trouble we shall put forth on them. Knowing this, our cause shall be justified.

### Senior Report

In a recent meeting of the senior class the following officers for the year were elected:

President—Billy Bob Burton.  
 Vice President—Rosemary Her-tel.

Secretary-treasurer—Kieth Bur-

nison.  
 The seniors have charge of the paper this year as usual so officers for it were also elected then. They are:

Editor-in-chief — Nelda Matthews.  
 Assistant-editor—Bonnie Ely.  
 Senior Reporter—Dwaine Rus-sell.

Everyone seems happy, that is, all except Buster and he is angry because he doesn't have all his books. He doesn't want them to study but he can at least have them to look at.

Virginia Tankersley, a former classmate, visited with us last Friday. We enjoyed her visit im-mensely.

We are very fortunate in having Miss Helen Albertson as our sponsor this year. Now we know we have one of the best sponsors in high school. We are very glad to have her and we hope she enjoys the year.

### Seniors on Parade

Among us dignified seniors there is a very, very bright spot. If you're writing a book and you want the "missing page," just see that little spot. And for jokes of every class, it certainly has an ample supply. But this little spot is only human and has its favorites, such as: radio program—Bill and Joe, the Callanan Brothers, and song—"Ride a White Horse to Banbury Cross," color-dull gray (in fact, very dull), ambition—it just doesn't have one, actress—any with a bathing suit on.

This little spot came into existence on September 6, 1926 about three miles south of Sunset school with a basketball in one hand and the book, "How to Kill Friends and Annihilate People," in the other. Its parents christened it Dwaine Russell and he is commonly known around here as "Henry."

### Question of the Week

**THEY ALSO RAN BY IRVING STONE**

year. Her name is Mrs. Hunter. She is a very fine teacher and we like her very much.

The seventh grade had a visitor today. Her name is Irma Gray-ham. She visited with Glenna Bradley. She is from Vernon.

The girls are playing against the boys in baseball. We will play nine innings and winners get a new ball.

### Fifth Grade News

The Fifth Grade organized a Citizenship Club this morning. Shirley Yost was elected president, Anne Nelson vice-president, Gloria Michels, reporter, Gladys Simmons secretary and Gladys and Ann were elected best citizens of the week.

We are enjoying school even though the weather is hot. We mean to be one of the best classes in school and accomplish much good during this school year.

### Second and Third Grades

Barbara Jo Johnston went fishing in Lake Kemp Wednesday. We are glad to have a new pupil, Howard Thompson from New

Castle.  
 We are very sorry that Jimmy Burl's kitten was killed Sunday. We are enjoying our school work very much, even if it does get hot. Emogene's cousins, Jack King, and Charles Ray Cude are visiting here.

Shirley Ann's sister, Miss Pauline McAfee visited home Sunday.

### First Grade News

We have had two very pleasant weeks of school even though the weather has been warm.

We had nineteen children to enroll in the first grade the first day of school. Our class is slowly growing. We now have twenty-two in the class. Three of the group are Spanish-American boys.

We are glad Jonnye Carolyn Matthews is back in school today. Benny U. Boles missed the bus this morning. We all agree that we do have to get up early to catch the bus but we sure are glad to get out of school at 2:30 p. m. Johnnie Marie Hutchens is able to wear her shoe again. She stepped on a nail last week and had a sore foot for a few days. Ruth Burton says she is happy that they have a new car. Jerry Groves has an auntie of

San Antonio visiting in their home for a few days.  
 Ruth Burton's uncle, Staff Sgt. Burton of Camp Hood, is visiting at her home.

### IN REVIVAL MEETING

Rev. Luther Kirk, pastor of the First Methodist church, left last Sunday for Seagraves, Texas, where he is conducting a revival meeting. The revival will continue through Sunday, September 15.

Mrs. J. O. Bowden visited relatives and friends in Lubbock several days last week.

Mr. and Mrs. Riley B. Harrell and daughter, Joan, returned home last Friday night after visiting with relatives in Fort Worth and Wolfe City for several days.

Mr. and Mrs. Carl Mahan and daughters, Mary Charles and Linda, of Abilene, spent the week end with relatives and friends here.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. Joe Butler are announcing the arrival of a son, who was born on Monday morning, August 23. Mother and little son are doing nicely, according to latest reports.

## What You Buy With WAR BONDS

Para-Ski Troopers

When will this war end? Nobody knows, so the Army is continuing its training of Para-Ski Troopers. They're parachute troops who know their way about on skis or any other place in snow covered mountainous country.

A great measure of the success of Russia's victories last winter is attributed to these troops who move with the silence of a snowflake. Our work on the home front is not so hazardous as that of the Para-Ski Troopers but it is important that we perform our daily tasks and make every effort to increase our regular purchase of War Bonds.

U. S. Treasury Department

## We Have A Supply of 6-Row Cotton Dusters

These cotton dusters are now available, but the chances are they won't be when you need them for your 1944 crop.

It's a good idea to buy yours now—while they are available—and be prepared for cotton insects when they strike.

If you don't have a dusting machine, and are interested in one, see us at once.

Mr. Farmer, How Are . . . .

## Your Tires

Check your tires now, Mr. Farmer, and see if they are in condition to move your 1943 crops to market.

If they have weak places that need repairing, or if they need recapping bring them to O. K. Rubber Welders for this work. Remember, a tire that is saved, means a tire for use on the battle fronts.

Our all-electric method of repairing and recapping will give you a satisfactory job—a tire that is good for many more miles of service.

### Auto Accessories

You will find many needed accessories at our Magnolia Service Station. We have mufflers and tail pipes for almost any make of car. . . . spark plugs . . . Exide Batteries and battery cables. . . . floor mats and other accessories.

Use Mobilgas and Mobiloils for your car. They are tops in quality.

**O. K. RUBBER WELDERS**

## New Goods

. . . . Are Now Arriving!

New merchandise is now arriving at our store, including many items in fall goods. Naturally these shipments are small, but almost every day brings something. We now have. . . .

- Children's Coats
- Children's School Dresses
- New Slips
- Dainty Underthings
- BATH FIXTURES,
- KITCHEN SINKS,
- BUTANE SYSTEMS (On Priority Only)
- WATER PUMPS (Both deep and shallow well)
- WATER PIPES (3-8 inch to 2 inch)
- ELECTRIC HEATING PADS
- THERMOS BOTTLES (Also Thermos Refills)
- GAS COOK STOVES (Priority Only)
- GAS HEATERS (Priority Only)
- RUBBER GAS HOSE (No Limit)
- RADIOS (A Few Only)
- JEWELRY (Most Complete stock in county)
- ELECTRIC COFFEE MAKERS (G. E. & Cafex)
- ELECTRIC TOASTERS & SANDWICH
- ELECTRIC BROILERS

School will soon be opening. We suggest that you buy your school needs now.

## Hungarian Partridge Thrive In Texas Panhandle Since Planting Recently

"In the Panhandle, particularly in the Canadian River Country, the nesting ground has been built to order for Hungarian Partridges," writes Eltinge F. Warner, publisher of Field & Stream, in the current issue of that popular sportsman's magazine. A wire from Gene Howe, of Amarillo, Texas, quoted in Mr. Warner's article, says that numerous large coveys have been raised from the original planting of 150 pairs of these speedy game birds, shipped in from Canada last March and April.

The partridge planting projects were conceived in 1942, while Elt Warner, Tom Main of Alberta, Gene Howe of Texas and Lou Calder of Florida were enjoying a successful hunt near Brooks, Alberta. Hungarian partridges, plentiful in that area, furnished a big part of the sport. "We'd put up twenty or thirty coveys a day," Warner writes, and goes on to relate how they then and there planned to start the popular game birds in Texas, where along with other Southwestern States, the climate and nesting conditions are ideal. Warner and his hunting pals talked to every one they could find who knew anything about Hungarian, particularly Fred Green of Calgary, who imported the first Huns to Alberta thirty-five years ago. They read everything they could scrape together on the life and habits of the little foreigner, and among other things discovered that the hen lays her eggs in a small depression such as a hoof-print, or anything similar; that unless the soil is sandy and drains off rapidly, the water in these depressions rots the eggs. That is why the Hungarian partridge has not done well in many parts of the United States. But in the Panhandle, and in similar areas of New Mexico, conditions are ideal.

On every ranch where the Huns were released the owners have agreed to take care of them and see that the coveys get a fair chance to multiply, and to furnish the game commission with periodic reports on how the birds are doing. A Field & Stream "game protective association" was organized, pledged to take care of the little band.

Murrell L. Buckner, chairman of the Texas Game, Fish and Oyster Commission, and Gene Howe, a member of the commission, arranged for the distribution areas and supervised the planting. "We are in hopes," Mr. Warner says, "that three years from now there will be a short open season on Hungarians in the Southwestern states." He points out that the Huns are great migrants, and believes that the Texas stock will in time overflow into neighboring areas of similar climate and conditions, just as the birds migrated from their original planting all the way from Western Alberta through Quebec and Ontario, until now there are literally millions of these birds in Canada and our own Northwest.

So Gene Howe's wire is good news to Southwestern sportsmen who look forward to the time when Texas hunters can try their skill on one of the fastest, sportiest gam birds of all—the Hungarian Partridge.

## Texas Farmers Receive First New Crop Goal

COLLEGE STATION—A wheat acreage of 5-million acres next year compared to 3,416,674 acres during 1943 is a new wartime production job for Texas farmers.

Asked to share the national increase of 26 percent above this year's seeding, the approximate 40,000 wheat farmers will receive acreage goals in plenty of time before fall planting. B. F. Vance, administrative officer of the AAA in Texas, has announced.

As in previous production programs, the 5-million acre state figure will be allocated by counties and each wheat farmer urged to meet a specified acreage during 1944. Panhandle counties are expected to absorb most of the increase.

"Texas farmers are being urged to reserve land for other needed crops such as soybeans, feed crops, and dry beans and peas when they map out plans for next year's wheat crop," Vance said. He added that they also are being encouraged to continue sound farming practices, which have been in operation for several years.

The 68-million proposed acreage for the nation during 1944 compares with 54-million acres planted this year. The largest acreage ever planted was 80,814,000 acres during 1937.

National increase of wheat is being called for during 1944 since total consumption has increased largely because of its use for feed. Demands for flour and other wheat products are expected to become greater as starving peoples are liberated from Axis domination, the AAA official said.

IT PAYS TO ADVERTISE

## First Lady Of South Carolina

—Photo by Wynn Richards  
Mrs. Olin D. Johnston, First Lady of South Carolina, is shown with her daughters in the Governor's Mansion at Columbia. The seventh portrait to appear in the cotton industry's "First Lady" series, the picture shows Mrs. Johnston wearing a smart suit of soft blue cotton velvet. Sallie Leigh, standing, and Elizabeth are wearing big and little sister's dresses of red pinwale corduroy, trimmed with blue braid. Mrs. Johnston chooses cottons because "they simplify the care of the children." The portrait will appear in Harper's Bazaar in September.

## The Christmas Shopping Season Is Here For Service Men Now Overseas

The Christmas shopping season is here—even though the weather is still warm.

Mailing of gifts for Army and Navy personnel overseas must begin by September 15, if many of the men and women in our armed services are not to be disappointed; and September 15 is less than a month away.

Christmas gifts may be mailed by parcel post to Army men and women overseas only between September 15 and October 15. After the latter date, such parcels may not be mailed unless a written request from the soldier for the article is presented with each parcel. No soldier should have to ASK for a Christmas gift; so gifts must be mailed on time. The Navy also urges that gifts be mailed between September 15 and October 15.

Reasons for the early mailing dates are: The vast distances that the parcels must travel to reach our men at war fronts and stations the world over; frequent transfers of thousands of men from one location to another, which means forwarding of the mail and consumes additional time; the necessity for giving preference to reinforcements, arms, munitions, medicines and food in allotment of shipping space, which often means that the shipments of gifts must wait. And it is most urgent that gifts be delivered to the men IN TIME FOR CHRISTMAS, to keep their spirit high.

The only way to insure against disappointment for the fighting men is to buy at once and mail early—mail your gifts as soon as possible after the September 15 starting date.

Those who have relatives or friends in the service should remember that we have fighting men in Alaska, Greenland, Iceland, England, Sicily, far-separated regions of Africa, the Near Eastern countries, Australia, many of the South Pacific islands, India, China, South America, and other areas.

Weeks are required for a ship to reach many of these stations. There can be no assurance, of course, that the first ship sailing for any of these locations will have space available to carry Christmas parcels. Gifts may have to wait until vitally needed supplies and equipment have been shipped, to assure victory and to save the lives of our men. If the parcels are not mailed early, that delay may prove to be just enough to prevent their arrival by Christmas day, with consequent disappointment to the men who are offering their lives for their country and ours.

Mail of all kinds is vital to the spirit of fighting men. Every officer who has inspected our Army and Navy postal facilities overseas has reported that thousands of fighting men disregard mess call when it conflicts with mail call, and get their letters first. Officers at our large military and naval stations report that the spirit and efficiency of their men receive a distinct lift when mail is distributed, and that a de-

## Marketing Of Poultry High For County

Poultry marketings have increased substantially in recent weeks as young chickens reached marketable age and fowls were culled from laying flocks in seasonally large numbers. Farm marketings of poultry will increase until the seasonal peak is reached this fall and in most of the remaining months of 1943 will be larger than the record marketings of the period last year. Laying flocks are larger than a year ago, and the number of young chickens on farms on June 1 was 15 percent larger than on June 1, 1942. Receipts of live poultry at midwestern primary markets in early June were more than double those in early May, although smaller than in the first part of June 1942.

Poultry prices in all markets continue at maximum ceiling levels. Demand is strong, although greater for young chickens, in relation to supplies, than for fowl. Demand for chicks is unprecedentedly large.

War Food Administration has advised poultrymen against further expansion in broiler-raising facilities, but the slaughter goal of 4 billion pounds dressed weight remains unchanged.

Egg production continues larger than last year's at this time, in spite of recent limitation upon the protein content of laying mash-

and the unfavorable influence of poor weather. Wholesale prices of eggs advanced between 1 and 4 cents per dozen from mid-May to mid-June, and the egg-feed price ratio has been very favorable. Civilian supplies of shell eggs are expected to decline as production falls off. Supplies of eggs for civilians next fall probably will be considerably short of demand.

## Ave Maria Hour To Be Feature Of Radio Program

Beginning Sunday, August 29, at 6:30 a. m., KRLD will feature a program which is now being carried over more than 140 stations throughout the United States, Canada, Canal Zone, and South America. It is a weekly program of thirty minutes' duration, produced by the Franciscan Friars of the Atonement, Graymoor, Garrison, New York.

His Excellency, the Most Rev. Augustine Dangelmayr, Auxiliary Bishop of Dallas, will inaugurate the series over KRLD with a brief introduction to the program, and following this will be presented the life of St. Bernadette, a saint made popular through Franz Werfel's "Song of Bernadette."

## ATTEND MARKET

Mr. and Mrs. E. W. Harrell spent the first of this week in Dallas, attending the markets there and purchasing available merchandise for the Munday Hardware and Furniture Co.

## MILK BOTTLES MUST BE RETURNED TO STORES

Giddings Dairy is asking co-operation of the public regarding return of empty milk bottles to the stores. We are unable to purchase bottles from wholesale houses. There must be several hundred milk bottles in the homes. These must be returned in order to have bottles for milk. 9-2tc. Giddings Dairy.

C. G. Bowers of Abilene was a business visitor here last Tuesday.
