

## Funeral For Mrs. McNeill Is Held On Friday

Mrs. Alice McNeill, a resident of Munday since 1909, passed away at 12:15 p. m. Thursday, October 7, at the home of her daughter, Mrs. J. W. Gaither of Munday.

Born Alice Vasa Orsborn on April 11, 1856, at Arkadelphia, Ark., Mrs. McNeill was 87 years, 5 months and 26 days of age. She was married to Thomas Hector McNeill on August 2, 1876, at Arkadelphia, and to this union four children were born, one of whom, Archie McNeill, died in infancy.

Mrs. McNeill was left a widow 54 years ago, and her son, W. E. McNeill, shared with her the burden of rearing the family. She was converted early in life and joined a Baptist church, and she was always liberal in her contributions to the church organizations.

Although Mrs. McNeill had been blind for the past 16 years, she was always patient and optimistic.

Surviving her are two sons and a daughter, W. E. McNeill of Munday, T. H. McNeill of Houston and Mrs. J. W. Gaither of Munday; a brother, L. P. Orsborn of Floydada, 8 grandchildren and 5 great grandchildren.

Funeral services were held from the First Baptist church in Munday at three o'clock last Friday afternoon, conducted by Rev. W. H. Albertson, who was assisted by Rev. Luther Kirk of Munday and Rev. Lloyd Hamilton of O'Brien.

Burial was in the Johnson cemetery, with the Mahan Funeral Home in charge of arrangements. Pallbearers were J. Walter Moore, Coy Phillips, Chester Borden, B. L. Blacklock, J. A. Caughran and Lee Haymes.

## Steady Prices Paid On Tuesday For All Cattle

The Munday Livestock Commission Co. reports a big run of cattle and hogs for last Tuesday's auction sale. All classes of cattle sold about steady with last week.

Canner and cutter cows sold from \$4 to \$7.25; butcher cows, \$7.50 to \$9; beef cows, \$9.25 to \$11; butcher bulls, \$7 to \$8.50; beef bulls, \$8.75 to \$10.25; butcher yearlings, \$8.50 to \$10; fat yearlings, \$10.50 to \$13; rannic calves, \$6.75 to \$8; butcher calves, \$8.50 to \$10.25, and fat calves, \$10.50 to \$12.75.

### LEAVE FOR NEW YORK

Mrs. Edward Lake and little daughter left last Sunday for New York City for several months' visit with relatives and friends. They went by plane from Dallas last Sunday, arriving in New York on Monday morning. Mrs. Lake is the daughter of Mr. and Mrs. Sam Salem of Munday.

### HOME FROM CALIFORNIA

Hubert J. Homer, who has been employed at Consolidated Aircraft Corp. in San Diego, Calif., came in the first of this week for a visit with his parents, Mr. and Mrs. G. Homer. Hubert has passed his physical examination and plans to enter the army air corps within the near future.

## Cotton Ginnings

With gins still running rather steadily, a survey made of Munday's plants at 10:30 Thursday morning revealed that 4,761 bales have been ginned from the 1943 crop.

Shortage of pickers in this area has caused the cotton to come in slower this year than before, and gins have not been as rushed as in previous years, although they are running into the night each day.

### MOVE TO BOWIE

Mr. and Mrs. Joe Duke and little daughter left the latter part of last week for Bowie, Texas, where they will make their future home.

Word was received this week that Bobbie B. Reese has been sent to Omaha, Nebraska, where he is taking pre-flight training at Creighton University.

## Moguls Lose To Pied Pipers

Although the Moguls of Munday dropped their second conference game to the Pied Pipers of Hamlin last Friday night on Piper Field, it was the Munday team that gave fans one of their most thrilling plays of the year.

This high point of the game was an 87-yard runback of a Hamlin kick-off made by Buddy Gafford for the second touchdown for the Moguls. Gafford received the kick-off and eluded his tacklers to run almost the full length of the field.

The Moguls' first touchdown was also scored by Gafford after Munday recovered a Hamlin fumble on the 10-yard line.

The locals showed much improvement over their earlier games, and they are developing into a fighting bunch of little warriors.

Barnett and Lowe, a pair of fancy running backs, teamed to score five of the seven touchdowns for the Pipers. Myers and Adair each contributed a Hamlin tally, and Myers made one run good for an extra point.

## 67 Registrants Re-Classified By Board Tuesday

Sixty-seven registrants of Knox county were reclassified by the county board at the meeting in Benjamin last Tuesday. The list is as follows:

Class P: Alpha M. Moore, George L. Gaines, Marvin B. Bruce, Sam A. Hart, James M. Morrison, Sam H. Cooper, Horace L. Mitchell, Robert H. Lain, George H. Hudson, Carl A. Clarke, Willie Wells, Estell L. Pierce, Homer J. Beard, Bobbie L. Hill, Carl C. Kilcrease, Virgil W. Dotson, and Lorán E. Patterson.

Class 1-A: Alvis G. Glidewell, Willie C. O'Daniel, Hassell L. Hill, Hubert J. Homer, Robert L. Whitaker, Wallace W. Roberts and Willie B. Horan.

Class 2-A: Ewell R. Whitten, Lyman P. Edwards, Hobert A. Hoover, Gaylen C. Scott and Charles L. Goode, Jr.

Class 2-B: Edward Swaner, Clyde C. Myers, Jack W. Spikes, J. D. Redwine, Clyde W. Stone, Lawrence D. Wilkins, Carl C. Coulston, James L. Darlymple, Orvel L. Myers, Horace B. Terrell, Alfred A. Bickery, Elmer W. Hutchens, and Audrey O. Hediger.

Class 3-C: Jose Agalar, Clyde L. Wilson, Mack T. Clayburn, Ray M. McWhorter, Elden M. McSwain, Homer T. Melton, Melbourn H. Morse, John H. Bates, J. C. Elliott, Truman W. Winchester, Domingo G. Hernandez, Noble F. Welch, Floyd Railsback, J. P. Hodges, Weldon M. Tynes, Lee F. Fettsch, Coy R. Phillips, William E. Brown, James L. Alexander, Robert W. Fitzgerald and Nicholas G. Jordan.

Class 4-A: Dewey A. Melton and Francisco Lopez.

Deceased: George H. Offutt and Antone Caram.

## W. L. Turner Writes From Africa Camp

The following is a letter from Pvt. W. L. Turner, who is stationed somewhere in Africa, to his parents, Mr. and Mrs. Joe Turner: Tuesday, Sept. 21, 1943.

Dear folks:  
I will drop you a line to let you know I am O. K., hoping you are the same.

I have shipped again, but I am still in Africa. This camp is a lot better than the one I came from. I shipped by plane, and I sure did enjoy the trip.

The boy from Texas is still with me. I sure hope he gets to stay with me. I haven't received any letters from you yet. Maybe I will soon.

I am tired and sleepy, so I will close for now. Answer soon, and don't worry.

Love to all,  
Bill.

## ANNE ATKEISON HERE TO VISIT PARENTS

Miss Anne Atkeison, who has been taking flight training at Ft. Worth, is here for a visit with her parents, Mr. and Mrs. R. D. Atkeison, and with other relatives. Anne has completed her flying and is now awaiting call to the W. A. F. S. at Avenger Field, Sweetwater.

## New Officers In The Texas State Guard

The Texas State Guard Officers Association, in its first annual convention held at Austin on Oct. 2-3, elected the above officers. They are, left to right, seated: Major Gordon M. Reese, of

Houston, appointed chaplain; Major Lloyd M. Bentsen, of Mission, chairman of the board of directors; Major Donald W. Peacock, of San Antonio, re-elected president; Captain James F. Ewers, Mission, first vice-president.

Standing: Captain Carl Hardin, Jr., of Austin, adjutant; Major H. L. Stillwell, of Texarkana, third vice president; Captain Swenson, Austin, finance officer; Major Edward D. Konken, Houston, second vice president.

## Lt. Lake Cited For Decorations

In a recent letter to relatives here, Lieut. Edward J. Lake, bombardier on a Liberator bomber in the New Guinea area, stated that his group is really doing some good work against the Japanese.

Lake stated that his Liberator group had been recommended for decorations on three different occasions during recent activities. His letter was received by Mrs. Lake's parents, Mr. and Mrs. Sam Salem, the latter part of last week.

Lake's crew are members of the famous Liberator group, "The Jolly Rogers," which has appeared in the news recently because of good service in the Southwest Pacific area.

## Food Distribution Order Is Revoked

The War Food Administration said today that Food Distribution Order 26 has been revoked effective September 30. The order has required all livestock dealers (except farmers) to obtain permits to buy and sell livestock and to keep records of their operations.

This order, which has been in effect since April 1, was needed to supplement the quota system regulating the deliveries of meat to civilians. Since the quota system has been suspended, it is no longer necessary to have the dealer-permit order in effect.

Under the dealer-permit plan anyone (except farmers) who bought and sold cattle, hogs and sheep and kept them for less than 30 days, was required to have a permit and to keep a complete record of his livestock purchases and sales.

## Commission Co. Is Opened At Seymour

Deaton and Wallace Moorhouse of Seymour have become associated with their father, Chas. Moorhouse of Benjamin, in the cattle, land and insurance business and have opened an office in the Brazos Hotel at Seymour.

Chas. Moorhouse, in town last Saturday, stated that the office which he has operated in Benjamin for many years, will be maintained at Benjamin.

## DISC ROLLING MACHINE IS INSTALLED HERE

A. B. Warren, owner of the Warren Welding Shop, this week announces the installation of a new disc rolling machine in his shop, and he is now ready to sharpen all types of disc plows with the latest machine out.

Mr. Warren invites farmers to bring in this type of work as well as blacksmithing and welding jobs.

## WHEN TO REGISTER FOR RATION BOOK FOUR

Dr. J. W. Melton, chairman of the Knox County Rationing Board, announced Tuesday that Knox county citizens will register for Ration Book No. 4 at their respective school buildings on October 21, 22 and 23. He urged as many as possible to register on Friday, October 22, because more helpers will be on hand that day to assist in issuing the ration books.

One person may register for each member of the family living under the same roof, it was stated, and they are urged to have the No. 3 ration books for all of the family with them when they come to register.

Book No. 4 goes into effect November 4, hence it is important that you sign up at this time.

## Paul A. Jones Is Made Major

Word was received here last week that Paul A. Jones, son of Mr. and Mrs. Ed Jones of Goree, has been promoted to major. This makes Paul's second promotion since being transferred into foreign service.

In a letter to his parents, Major Jones stated that his promotion came on September 8. He is now stationed in Sicily, and he stated that he likes Sicily better than Africa.

Major Jones was recently decorated for his meritorious work on missions over Sicily, receiving the air medal.

## PLANE EVERY 5 MINUTES TO COME SOON, SAYS NELSON

LONDON (IPS)—American war production this year will be at least one and a half times the combined output of Germany and Japan and next year will probably be twice as great, Donald M. Nelson, War Production Board chairman told the British.

Speaking at a dinner given in his honor by the British government, Mr. Nelson declared, "Very soon we will be turning out a completed plane every five minutes around the clock, every day of the month."

Since January 1, 1942, he added, America produced 60,000 tanks and tank chassis, 53,000 scout cars and carriers, and 1,100,000 trucks and trailers.

As for artillery and ammunition he said, enough had been manufactured to "let us fire nearly 2,000 shots at every soldier in the Axis armies."

## Keep Up With Rationing

### RATION REMINDER

**GASOLINE**—In 17 states of eastern shortage area A-6 coupons are now good. In states outside the eastern shortage area A-8 coupons are now good.

**SUGAR**—Stamp No. 14, good for 5 lbs., is valid through October. Stamps Nos. 15 and 16 are good through October 31 for 5 lbs. each for home canning purposes.

**STOVES**—Consumer purchases of rationed stoves must be made with a certificate obtained at local war price and rationing boards.

**FUEL OIL**—Period 1 coupons are good through January 3.

**SHOES**—Stamp No. 18 good for 1 pair. Validity has been extended indefinitely.

**MEATS, FATS**—Brown stamps C, D, and E good through Oct. 30. Brown stamp F becomes good October 17 and remains good through October 30.

**PROCESSED FOODS**—Blue stamps U, V, and W expire Oct. 20. Blue stamps X, Y, and Z are good through November 20.

## Munday P.T.A. To Meet Wednesday

On Wednesday, October 20, the P. T. A. of the Munday public schools will hold its first meeting of the current year. A good program has been arranged to follow the theme of the year, "For Every Child These Freedoms."

The first subject, "Freedom of Normal Home Life," will be under the direction of Mrs. J. C. Borden, who will be assisted by Mrs. W. H. Albertson and Rev. Luther Kirk. You will enjoy this program. Please plan to come, and then let nothing keep you away.

There's so much to be done, and every patron of the school and citizen of the community should feel his or her responsibility to the children of the community.

The business meeting will be held at the beginning of the program, so come early to count for your child's room attendance. By having the program this way, you will leave with the good things of the program fresh in your mind. The meeting will be at the elementary school building, directly after school closes for the day.

## To Attend School For Chiropractors

Mrs. Fidella Moylette left on Wednesday of this week for San Antonio, where she is enrolling in the Texas Chiropractic College. She will take the state board examination on October 27, 28 and 29.

Mrs. Moylette stated that after 22 years' effort to get chiropractors licensed in Texas, this legislation was passed at the last session, and that there are only five more states in the union that do not license chiropractors.

Mrs. Moylette will return to her home here about October 30.

## Watch...

### THE EXPIRATION DATE ON YOUR PAPER!

Due to restrictions on production of newsprint, we are forced to cut down on the numbers of papers being printed whenever possible.

It is not our desire to stop the Munday Times now going to our regular subscribers, so you are urged to renew your paper ahead of the expiration date in order to keep it coming to you. Should your name be removed from our mailing list, it might not be possible to place it back on in the future.

If the date 11-1-43 appears opposite your name, your paper will expire on November 1, 1943. Your cooperation in renewing before that date will be appreciated.

### MEXICAN INFANT IS BURIED SATURDAY

Funeral services for Rudy Munoz, Jr., still-born Mexican infant, were held Saturday with burial in the Rhineland cemetery. The Mahan Funeral Home was in charge of arrangements.

The infant is survived by his parents and two brothers. The family is employed at the Bob Myers farm.

## Supervisors Of Soil District Are Elected

Forty-six landowners attended the recent elections of Soil Conservation Supervisors which resulted in the return to their old posts all Supervisors with the exception of D. R. Brown of Rochester who was replaced by H. D. Grammill of Rochester.

Five Soil Conservation areas have been approved by the Supervisors which totals 54,220 acres.

The five areas approved are known as follows: Rhineland area 3,300 acres; Jamison area 3,200 acres; Union Grove area 3,100 acres; Benjamin area 2,800 and the Hamilton Ranch 16,200 acres. Soils maps are complete for the Rhineland, Jamison and Union Grove areas. The next step is the planning meetings of all landowners that are to be held within each area, beginning at Rhineland next Tuesday night, October 12th at 8:15 p. m.

The field personnel who are now located at Knox City are as follows: Mr. C. B. Cope, work unit leader; J. B. Horlan, Range Planner; Raymond Brown, engineer; and John Crownover, conservationist.

## Governor Opens War Chest Drive

AUSTIN — "I am as sure of the generosity of Texans on the home front as I am of the bravery of the Texans on the battlefield," Governor Coke R. Stevenson said here Sunday night in opening the county war fund campaigns of the United War Chest of Texas with an appeal over more than fifty radio stations.

Governor Stevenson, honorary chairman of the state war chest, and George A. Butler, president and campaign chairman, called on the people of Texas to subscribe nearly \$5,000,000 to USO, United Seaman's Service, War Prisoners Aid and the fourteen other agencies of the National War Fund.

"Texas men are on every war front today," Governor Stevenson said. "The Texas spirit is being appraised the world around. It's a fighting spirit and a generous spirit. Texans know how to fight for what they believe in and how to give when the cause is just."

"Texans at home are no less a part of the struggle than the men who have gone out from Texas to fight, and the best way to share in the victory to come is by doing the job that keeps our fighting men supplied with the tools of war."

"Texans," the governor said, "will meet this necessary goal of the United War Chest of Texas. They will join me in saying 'Sure, I'll Take A Texan's Share!'"

## Truscott Pioneer Here Wednesday

Mrs. Herbert A. Smith of Truscott was in town Wednesday on business and while here called at this office and had the Times sent to her for the coming year in order that she might keep up with the latest happenings of Knox county.

As for Knox county's past history, Mrs. Smith is well versed on the many changes which have occurred during the past half century. She came to this county with her parents fifty-eight years ago when a mere child, and settled on a homestead near where Truscott is now located. Lumber for the family home was freighted by wagon train from Harrold, Texas, just west of Wichita Falls, which at that time was the western terminus of the Fort Worth & Denver railroad.

Mrs. Smith is proud of her long residence in Knox county and wonders if there are others in the county who can top her record of continuous residence.

### NEW EQUIPMENT ADDED TO SHOE SHOP HERE

Sam Beavers, owner of the Beavers Shoe Shop, this week announces the installation of complete new equipment in his shop, making it one of the most modern shoe repair shops in this section.

This new machinery will enable the local firm to turn out shoe repair work more quickly and more efficiently, giving the customers a first class job with up-to-date equipment.

## AMERICAN HEROES

BY LEFF

Corporal Walter Bodt's squad was springing out Jap positions in the Pacific. We needed information badly. The squad got it, but was cut off from our lines. Using handkerchiefs tied to bayonets, Marine Corporal Bodt wigwagged the information back. He lost an eye, sustained other wounds from furious enemy fire, but his message was urgent. He stuck and got it through, winning the Navy Cross. Weapons are urgent too, and your War Bonds buy them.

### "What a Man Does For Himself Dies With Him— What He Does For His Community Lives On and On"

#### KEEPING FAITH

The average businessman speaks out in the person of Walter L. Kay, owner of the Walkay Fire Protection Co. of Newark, N. J., who in an article in the Washington News Digest says:

"Most of the representatives of both large and small business are alert to their future responsibilities but are hamstrung by the ever-increasing burden of taxation. It is true that the enormous cost of running a war must, of necessity, be paid. A sensible person, however, does not clean his pockets of all money without knowing when or how it will be replenished.

"Business needs 'seed money' to insure postwar jobs. 'Seed money' is that which gives to a business concern the funds which can be plowed back into new machinery, plant conversion, and the production of new goods, which through research, are ready to be marketed.

"I believe everyone agrees that instead of Washington talking about postwar public works that will run into billions of dollars of the people's money, if business were permitted to set aside a percentage of present earnings to create 'seed money' we would truly be keeping faith with our returning servicemen and those now on our industrial pay rolls.

"It is obvious that if business is drained of all reserve funds, new capital will have to be promoted with the consequent delay and the possible 'buy an apple' job for our returning boys of the armed forces in the interim."

#### WHY NOT 49 STATES NOW?

There has been loose talk about the poor administration of the affairs of our island territory of Puerto Rico by the United States government. There are interests that would like to see the United States surrender its sovereignty over Puerto Rico.

One sure way to destroy friendship and trust between the island and the United States, is a campaign to convince Puerto Ricans that they are being badly treated by their fellow citizens on the mainland, and should be free of United States citizenship.

President Roosevelt, in his recent recommendation of increased self government for Puerto Rico, said: "There is no question of Puerto Ricans' ability now to administer their own internal affairs and to assume the attendant responsibilities."

That being the case, why should Puerto Rico not now be admitted to the union as the 49th state? Approximately 99 per cent of her people are citizens of the United States, and more than half of them are natural-born citizens of the United States. Our constitution permits overseas states to enter the union, and both the Democratic and Republican parties have recommended statehood for Puerto Rico. Loss to our country of that island, the Hawaii of the Caribbean, would greatly weaken our defenses against a foreign enemy.

#### IT DOESN'T ADD UP

Commenting on the situation of the oil industry, O. D. Donnell, president of the Ohio Oil Company, says: "The petroleum situation in the United States has now reached the point where the industry can no longer guarantee sufficient crude oil to meet war and essential civilian requirements unless petroleum products, particularly gasoline, domestic heating oils and fuel oils, are used conservatively.

"More and more of each barrel of crude oil that formerly went into civilian automotive gasoline is now going into 100 octane aviation gasoline, toluene for TNT and munitions, butadiene for synthetic rubber, diesel oil for the Navy and distillates for reprocessing in catalytic cracking plants for the manufacture of war products.

"The situation is aggravated by tremendous decline in discovery of sufficient new large fields over past two years to maintain an adequate backlog of crude oil reserves."

The Petroleum Industry War Council blames the falling off in discovery of new reserves on arbitrary and inadequate price ceilings on crude oil. The cost of wildcatting, including labor, material and taxation, prohibits necessary risk taking in this field. Must the nation suffer an oil famine before this simple fact is recognized?

A newly developed instrument about the size of a milk bottle, prevents a runner from ever shooting into the tail or wing of his own plane. The device either shuts off the bursts of bullets as they come within a specified distance, or diverts the aim from the endangered parts of the plane.

## THE MUNDAY TIMES

Published Every Thursday at Munday

J. W. Roberts . . . . . Editor, Owner and Publisher  
Aston Edgar . . . . . News Editor

Entered at the Postoffice in Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1879.

Subscription Rates

In first issue, per year \$1.50  
In second issue, per year \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

#### NO BOONDOGLING

"Without free enterprise we cannot have free labor and free government. If we lose one, we lose the others as well."

This is what Irving M. Ives, majority leader of the New York State Assembly, told the Northwestern Conference of the Council of State Governors meeting in New York. "The program we devise," he said, "must be based on the firm and fundamental belief that free enterprise must be preserved."

Government's role must be essentially one of cooperation with business, Mr. Ives added, and "public works undertaken in the postwar era must be necessary, justified, and constructive." They must be located where they would do the maximum good in cushioning expected unemployment. "We don't want boondoggling," he said.

Let us remember this when advocates of "make work" employment come to the fore. Industry puts men to work producing what the public needs and wants. Government projects are not always designed for that purpose. The distinction is important to job seeker and taxpayer alike.

#### CHILD'S PLAY

The War Food Administration was given \$500,000,000 for subsidies to cover the loss to producers occasioned by "rollback" in some retail food prices. Before the ink is dry on the first \$500,000,000 authorized, Administrator Jones wants \$500,000,000 more.

Once the "cost of living subsidy" is established, look out for it to be extended, billion by billion.

The farmer doesn't want the subsidy because he knows he will be at the mercy of the government to pay him such a handout, under one name or another, as it deems sufficient to keep him going.

The food subsidy is an indirect method of making the government boss of every farm in the United States.

The cost of production, which is based largely on the cost of labor, will always establish the price of commodity. It is child's play to talk about reducing the cost of a commodity when the cost of production is going up. There isn't enough money in the world to maintain peacetime prices by subsidizing wartime production costs. The people pay, through taxes or prices, and there is more waste via the tax-subsidy route.

#### CLEARING THE TRACK

It has remained for Joseph B. Eastman, director of the Office of Defense Transportation for the government, to recognize officially the fact that a lot of our manpower shortage is the result of rules and regulations that were often devised for the specific purpose of making two jobs where one was sufficient.

Unless vigorous remedies are undertaken at once, the country is headed for a crisis in railroad manpower, says Mr. Eastman. In a 13-point program to forestall such a crisis, he recommends as an important essential the suspension for the duration in certain circumstances of full crew laws and engine mileage limitations.

Mr. Eastman recognizes that the railroads have gone the limit in expanding service under many restrictions, and that the time has come to remove any artificial barriers which block the fullest use of available manpower and equipment in this critical period.

This should be hailed by both labor and management as an opportunity to once more demonstrate that America's rail transportation system and its workers can and will conquer problems as they arise. As a war emergency, it is to be hoped the suggestion of Mr. Eastman will be considered in this light.

A photoelectric control system protects and increases the efficiency of sightless operators of sewing machines.

## Ex Libris... By William Sharp

LONG BEFORE THE WAR, DR. GORDON S. SEAGRAVE, MEDICAL MISSIONARY IN BURMA, STARTED THE PRACTICE OF MEDICINE IN THE BURMESE JUNGLES WITH ONLY A WASTE BASKET FILLED WITH BROKEN, DISCARDED SURGICAL INSTRUMENTS...

FOR RELAXATION DURING THE BATTLE AGAINST THE JAPS, THE BURMESE NURSES WITH DR. SEAGRAVE PERFORMED THEIR NATIVE BURMESE DANCES...

## THE MASTER KEY

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
M. D., State Health Officer  
of Texas

AUSTIN—"Despite the development of scientific procedures that definitely reduce the hazards of child-bearing, maternal deaths in this country continue to remain much too high," Dr. Cox said today in a statement on maternal and child health in Texas. "For example, during 1942 there were 494 deaths from this cause reported to the State Department of Health as having occurred in Texas alone. A review of these deaths shows that many of them were preventable. This is a tragedy which must be corrected."

It is an encouraging fact, however, Dr. Cox said, that during the last 10 years the ratio of maternal deaths to the number of live births in Texas has dropped from 7.6 to 3.8. This shows a marked progress in the prevention of maternal deaths consistently maintained in recent years. In actual figures, during 1942 there were 132,175 live births in the State with 494 maternal deaths while in 1933 a total of 103,806 live births resulted in 835 maternal deaths.

"A factor in keeping our maternal death rate as its present level is the failure of prospective mothers to realize their greater safety in placing themselves under the continuous supervision of a good physician throughout pregnancy," Dr. Cox said. "The value of this type of care cannot be over esti-

mated. Until this attitude on the part of expectant mothers is changed, maternal deaths will not reach the minimum which today is possible. In short, the individual has a definite responsibility to secure for herself that high professional care which is today available."

The University of Texas Library largest in the south, has doubled in the past 17 years, growing from 364,666 volumes of books, pamphlets and newspapers in 1926 to 729,332 volumes in 1943.

## Gems Of Thought

#### FRATERNITY

We are members of one great body, planted by nature in a mutual love, and fitted for a social life.—Seneca

The race of mankind would perish did they cease to aid each other.—Walter Scott.

The blessed work of helping the world forward, happily does not wait to be done by perfect men.—George Eliot.

Sweeter than the diamonds of Golconda, dear as the friendship of those we love, are justice, fraternity, and Christian charity.—Mary Baker Eddy.

No blast of air or fire of sun  
Puts out the light whereby we run  
With girded loins our lamp lit

And each from each takes heart of grace  
And spirit till his turn be done.—Swinburne

Every noble life leaves the fibre of it interwoven forever in the work of the world; by so much evermore the strength of the human race has gained.—Ruskin.

A cotton spinning "mill" all its own is managed by the University of Texas—for experimental purposes only. The machinery, all of commercial size and capable of duplicating all commercial process, is used in studying chemically modified cottons in the University's Bureau of Industrial Chemistry.

The block of granite which was an obstacle in the pathway of the weak, becomes a stepping stone in the pathway of the strong.—Thomas Carlyle.

A four-engine bomber flying at 250 miles an hour consumes 350 gallons of gas every hour.

IT PAYS TO ADVERTISE

## "Pistol Shootin' Mamas" Take a Bead On Hitler

ALTHOUGH their duties in the army do not call for the use of firearms, there are many good shots among the women who have joined the armed services in both United States and Canada. Here we see members of the Canadian Women's Army Corps who are practicing against the day when they may be called upon to defend themselves in some theatre of war. Organized in September, 1941, more than 10,500 Canadian girls have enlisted, thereby releasing over

8,000 men within the army organization. By 1943 Canada expects to have 25,000 women enrolled in the CWAC. The youngest women's service organized to release men to more active duties, the Women's Royal Canadian Naval Service, had attested 3,104 officers and ratings, and called up 2,396 by June 26, 1943, one year after its establishment. By the end of June of this year over 12,300 women had enlisted in the Royal Canadian Air Force Women's Division.

## On The Home Front

O.E.M. Division of Information

### Register For Book 4 in October

Exact dates and places for registering for war ration book four, which will take place during the latter part of October, can be obtained from local newspapers or radio stations. Persons registering must have a war ration book three for each person for whom they are obtaining book four. Stamps labeled "coffee" in book four were printed before coffee rationing was discontinued. Any rumors that it is to be resumed are unfounded, OPA says.

### Army-Navy Tests for Students

The next qualifying test for the army specialized training program and the navy college program will be given in high schools and colleges, Tuesday, November 9, according to the War Department. The test is open to male graduates and high school seniors in their last semester who will reach their seventeenth birthday but not their twenty-second birthday by March 1, 1944. The test will provide an opportunity for these men to qualify for college training in studies for which the army and navy have vital needs. Graduates of the program will serve as specialists, technicians, and officers in the armed forces.

### Restrict Feed Wheat Sales

Wheat sold by the Commodity Credit Corporation to feed mixers may be used only in making feeds for dairy cows and laying hens, the War Food Administration has announced.

### Regulation of Household Auctions

Auctioneers-Sales for householders are no longer exempt from the used consumer durable goods price

### Prescription Filled Over 15 Million Times

Recommended to do just two things: relieve constipation and gas on the stomach. This successful prescription is now put up under the name of ADLERIKA. Get a bottle of Adlerika next time you stop at your druggist's and see for yourself how quickly gas is relieved and gentle but thorough bowel action follows. Good for old and young. Get Adlerika from your druggist today.

City Drug Store

regulation, OPA announced recently. The regulation originally exempted sales of used goods by householders, whether they were sold by the householder himself or by a professional auctioneer for the household. At the same time, OPA brought used household sewing machines under the price regulation when sold by an auctioneer.

### WFA Gives Feeding Suggestions

To make the nation's supply of livestock feed produce the maximum amount of food, the War Food Administration says hogs should be marketed at lighter weights than during the past two years and 1944 spring farrowing should be held substantially below that of last spring. These measures will be necessary, WFA says, if livestock numbers and feed supply are to be held in balance. WFA urges very best use of roughage and pasture for sheep and cattle. In general, WFA points out, if feeders hold down the weights to which they feed their meat animals, they'll get maximum output of meat per pound of feed used. To conserve feed, WFA recommends heavy culling of range herds.

### Farm Labor Situation Helped

Three hundred thousand more men of military age were put to work on farms during the first six months of this year than in the same months of 1942, because of draft deferment and other measures taken to conserve agricultural labor. This number was sufficient to offset net losses of workers of military age from farms during the last half of 1942, according to the department of agriculture.

### Reports On War Against Inflation

Prices in the United States advanced only 12 percent in the first 19 months of the present war compared to 29.5 percent in the same period in the first world war, Judge Fred M. Vinson, director of economic stabilization, reported on the first anniversary of the Stabilization Act. "The war against

## THE POCKETBOOK of KNOWLEDGE

rising prices has been a good example of democracy in action," Judge Vinson declared. "It has not been entirely free from selfishness and pettiness and difficulties of many kinds—perhaps no struggle ever is." Credit for the achievement, he said, goes "to the workers who have abided by the—little steel—formula; to the farmers who have not needed the incentive of the prices witnessed during the last war to break all production records; to the thousands of businessmen, small and large, who have helped hold prices down," and to the American housewife for her cooperation with rationing and price control.

### Used Egg Case Ceilings Higher

To encourage the gathering and reconditioning of used egg cases for the handling of this year's forecast record egg crop of 60 billion eggs, OPA has increased the ceiling prices on used crates.

The new ceilings, effective Monday, October 11, give the men who collect used cases for reconditioning a spread of 7 cents rather than 5 cents between the maximum prices they may pay "emptiers" and top prices at which they may sell to reconditioners. This extra 2 cents is expected to encourage gathering of empty cases from retail grocers, dairy stores, neighborhood bakeries, and other small "emptiers." New ceilings also give reconditioners a spread of 10 cents for reconditioning used cases.

### Brooms To Cost More

Consumers will pay about six cents more for household brooms made wholly or partly of broom corn, because of a recent OPA order. This increase was granted to reflect recently established ceiling prices for broom corn.

### Gals to Get Bobbie Pins

Twice as many bobbie pins and hairpins, "necessary feminine items," will be produced during 1944 as at present, under a recent WPB action.

### More Agricultural Fertilizer Available

Plans are being made to increase the supply of ammonium nitrate for use as an agricultural fertilizer, according to the War Production Board. The material has been so improved to prevent caking that orders received for September and October exceed the supply. Additional sodium nitrate became available for agricultural fertilizer last April when government capacity to produce it began to exceed the amount needed for military explosives.

### Save Water to Save Fuel

Because it usually takes fuel to pump water, the U. S. Government asks water users to repair leaky faucets and other leaky plumbing fixtures. Saving the water may also save on the manpower required to make it available as well as the chemicals required to treat it.

## 100 Registrants Are Classified By County Board

One hundred Knox county registrants were reclassified by the county board at its regular meeting on Tuesday, October 5. The list, which reached us too late for publication last week, is as follows:

Class P: James A. Bright, Morris E. Robertson, Gaylon C. Scott, Edmond A. Tomanek, Calvin C. Christian, Junior O. Vawter, Olen U. Tapp, Victor F. Thomas, Harold L. Watson, Alvin W. Norwood, Myers A. Ryder, Joseph W. Jungman, Richard F. Albus, Thomas G. Westbrook, Frank W. McAuley, J. C. Seaton, Jr., Clifford H. Cornett, Frank L. Davidson, Tom P. Stubbs, James H. Gillispie, James W. Cash, Curmet C. Byrd, Lloyd M. Hendrix, Antonio R. Gonzales, Francis L. Jennings, Mark A. Koenig, William C. Followill, Charles W. Browning, Walter M. Hertel and Willie B. Horan.

Class 1-A: Frank R. Heath, Holden Bland, Edward Swamer, Guadalupe Curiel, Jack W. Spikes, Clarence E. Graham, Clarence A. Brewer, Lester J. Roden, J. D. Redwine, Jack W. Fowler, Walter L. Caddell, Clyde W. Stone, Lee V. Johnson, John E. Nelson, Carl C. Coulston, Thomas Durham, Daniel Rountree, Walter Napper, Jimmie Canady, Preston Sherrod, Douglas N. Busby, Nathaniel Reed, Edward Johnson, Melvin K. Heath, Albert F. Kuhler, John H. Griffith, John W. Moore, Meredith A. Bumpas, Earnest L. Morgan, Sargent J. Lowe, William A. Bilderback, Charles P. Baker, Jr., Lowell B. Cure, Luther W. Woolley, John E. Leek, Paul W. Leek, Charles L. Goode, Jr., and Francis M. Mills.

Class 1-C: Raphael M. Scott, Rufus P. Bason, J. C. Suggs, Irvin L. Eubank, Dennis M. Ford, Doss E. Holder, Jr., Carl R. Griffith, Clyde E. Williams, J. A. Ward, Jr., Lewis W. Washburn, Francisco E. Benevides, Lawrence R. Paul, Elwin G. Darter and Henry P. Bradley.

Class 2-A: James E. Shields, Ben Hill, John W. Alford and Delores Bonilla.

Class 2-B: Oran N. Chandler, Phillip M. Jones, Lee R. Perdue, Hubert J. Homer and James A. Craker.

Class 2-C: J. A. Fuller.

Class 3-C: Eddington A. Mayfield.

Class 4-F: Alvin Y. Isham and Frank A. Steinbach.

Class 3-A (H): Cecil W. Mason and Walter C. Cunningham.

Class 4-A: Junior B. Cornett, William M. Meyers and Lee G. Hanks.

completing their 1943 program by constructing terraces, and seeding winter crops.

Winter legumes have proved beneficial to Texas farmers in increased yield per acre of the crop seeded the following year and will assist the farmers in meeting the heavy demands for food and feed. Rennels stated that if farmers are to produce the food and fiber soldiers and sailors, civilians and war workers need they must join the erosion which, if left uncontrolled, gression which, if left uncontrolled, may make it impossible to reach war crop goals. Winter legume seed can be obtained through the AAA office and the cost deducted from the farmer's AAA check.

Misses Flora Alice Haymes and Louise Speigelmier, students in McMurry College, Abilene, visited with Flora Alice's parents, Mr. and Mrs. Lee Haymes over the week end.

Mr. and Mrs. J. L. Stodghill were business visitors in Dallas the first of this week.

Lee Haney of Fort Worth visited his parents, Mr. and Mrs. G. W. Haney, here over the week end.

S-Sgt. Lewis Warren left last Monday on return to his training field at Waco after a visit here with his parents, Mr. and Mrs. Lewis Warren.

Mr. and Mrs. Grady Thornton of Amarillo visited with relatives and friends here over the week end.

Wayne Blacklock, who is attending H. S. U. at Abilene, spent the week end with his parents, Mr. and Mrs. B. L. Blacklock.

Mr. and Mrs. W. O. Barnett and Mrs. W. R. Triplett spent last Sunday in Anson, visiting with relatives.

## —BLIZZARD WARNING—

We know that it can get cold. So cold that it will freeze toes, noses, water pipes and radiators.

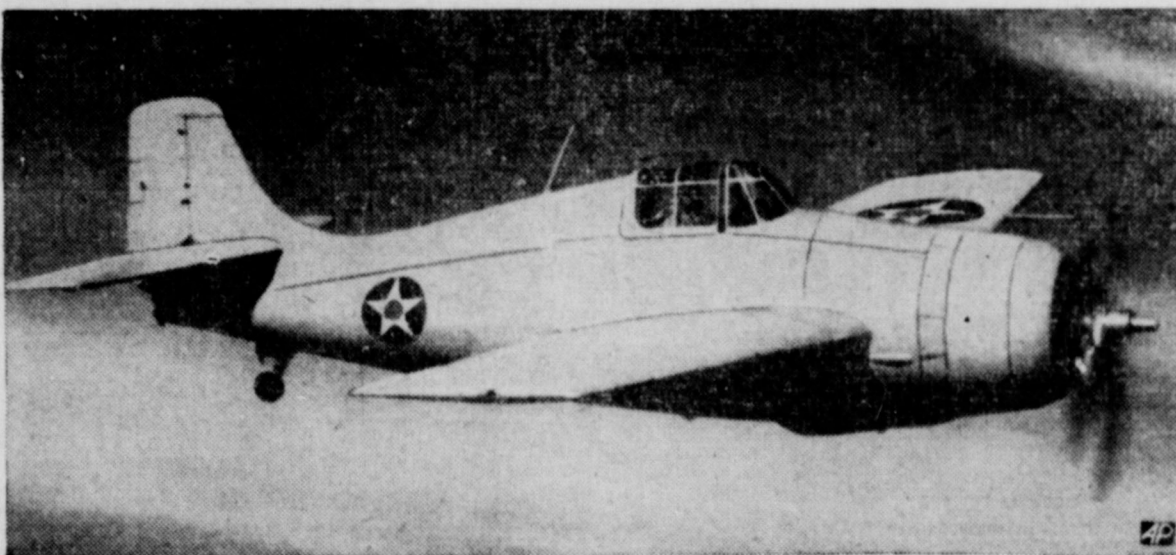

In the good old days before the war, radiator tubes were made of copper. We hope those days are not gone forever but we know they are gone for the duration of the war. Present day TRACTOR RADIATORS are made with steel tubes and will not work on older model, that are not equipped with water pumps.

Since this is true and radiators that are allowed to freeze or become damaged, through neglect, may put that tractor out of commission for the duration of the war. It behooves us to exercise more care than usual.

We have one slightly used Wetmore Glutton Hammer Mill with skids and 50 ft. belt.

**Allene Jungman, Cpl. Francis Barnett Wed October 7th**

Mr. and Mrs. L. A. Jungman of Venice, Calif., announce the marriage of their daughter, Allene, to Corporal Francis Barnett, who is stationed at Sheppard Field, near Wichita Falls.

The couple were married in Wichita Falls at four o'clock Thursday, October 7, and have established residence at 1606 14th street.

Mrs. Barnett was reared in Munday and is a graduate of Munday high school. During her high school days, she was active in campus and other school activities, being one of the most popular members of the student body.

Her parents, Mr. and Mrs. L. A. Jungman, moved to California to make their home several months ago, where Mr. Jungman is employed in defense work. Mrs. Barnett was also employed in California prior to her marriage.

**Zone Meeting of Methodist W.S.C.S. Held In Knox City**

An enjoyable zone meeting for members of the Women's Society of Christian Service was held at the Methodist church in Knox City last Monday. Mrs. L. N. Bridges, zone leader, presided, and the address of welcome was given by Mrs. J. A. Wilson of Knox City, having as her theme, "God's Work and God's Pay."

Mrs. R. L. Kirk of Munday gave a talk on "Preparing The Way for Children," in which she urged that quarterly reports of children's work be sent in. She gave a prayer asking for help in carrying on this great work.

Roll call of presidents was answered by Mrs. C. M. Randal, Seymour; Mrs. G. R. Eiland, Munday; Mrs. Christian, Vera; Mrs. W. E. Robinson, Goree; Mrs. Guy Holmes, Westover and Mrs. J. A. Wilson, Knox City. The Weinert

society was welcomed as a guest, since this society is in another zone.

The morning program was concluded by a sermon on preparing the way for the youth of today by Rev. Duane Bruce of Westover.

Following lunch at the church, another enjoyable program was given during the afternoon. Taking part on this program were Mrs. G. R. Eiland, Munday; Mrs. Orb Coffman, Goree; Mrs. Crosby, Seymour; Mrs. C. C. Hoge, Knox City; Mrs. J. W. Roberts, Munday; Mrs. C. M. Randal, Seymour and Mrs. M. D. Fuller, Jayton.

During the business meeting, Mrs. L. N. Bridges was re-elected zone leader, and the next meeting will be in Seymour in April, with Westover and Seymour as joint hostesses.

**Women's Study Club of Goree Has First Meeting**

The Women's Study Club of Goree held its first meeting of the year on Tuesday, October 5, with a six o'clock dinner in the home of the president, Mrs. F. G. Daniell. Sixteen members and a guest, Mrs. Tom Williams of Wichita Falls, enjoyed this lovely affair.

Dinner was served buffet style, after which a business meeting was held and the year's work was outlined.

Mrs. Orb Coffman rendered two vocal numbers, being accompanied at the piano by her daughter, Mildred.

Mrs. S. F. Farmer, the only charter member, met with the club for the last time before leaving for California to make her home.

**Knox City Study Club Has Initial Meeting Saturday**

The Knox City Study Club held its first regular meeting of the year on Saturday afternoon, October 9, at 3:30 o'clock in the basement of the Methodist church. The club will meet on Saturdays again this year so the teachers may attend the meeting. It was decided to hold the other meetings at three o'clock instead of three-thirty.

Thirteen of the club's 24 active members were present for the reassembly meeting. Mrs. G. T. Hardberger was hostess for the afternoon, and Mrs. T. S. Edwards, club president, brought the president's greetings.

The program chairman, Mrs. E. F. Branton, gave an introduction of the year's study. Edna Earle Travis, accompanied by Mrs. E. Q. Warren at the piano, gave a very enjoyable number, "Uncle Sam Gets Around."

After the program, the club held its regular business meeting, at which time yearbooks and material for other programs during the year were distributed to members.

The next meeting of the club

## YOUR ARMY NEEDS DRY-PICKED COTTON

TO HELP US FIGHT WE NEED HIGH GRADE COTTON...FOR UNIFORMS...SHELTERS...EQUIPMENT. THAT MEANS DRY-PICKED COTTON!

RIGHT! WE'LL SEE IT ISN'T PICKED TOO GREEN OR TOO SOON AFTER RAIN OR DOW!

will be October 23 at 3:00 p. m. At this meeting, Mrs. C. E. Ball of Hamlin will review the book, "The Robe." This will be guest day, and federated club women from Benjamin, Goree, Munday, Rochester, Weinert and Haskell have been invited. The club will also entertain a number of Knox City women as visitors.

**Wesleyan Service Guild Meets At Church Monday**

Members of the Wesleyan Service Guild enjoyed a very interesting program under the leadership of Mrs. Joe Bailey King when they met at the Methodist church last Monday night.

The program opened with members singing "Wonderful Words of Life," followed by prayer by Merle Dings and Mrs. Luther Kirk. Mrs. J. W. Roberts gave the main part of the program, it being a review of "As A Man Thinketh" by Allen. She also read a poem entitled "Service," which was enjoyed.

Guests at the meeting were Mrs. Roberts, Mrs. Howard Collins and Miss Toby Baird. Members present included Mmes. M. F. Billingsley, Aaron Edgar, C. P. Baker, Joe Bailey King, O. H. Spann, L. L. Womble and Misses Merle Dings and Ruth Baker.

Mrs. M. F. Billingsley will be leader of the Bible study at the guild's meeting next Monday night.

**CARD OF THANKS**

We deeply appreciate the many kindnesses shown to us by our friends during the illness and in the death of our mother, Mrs. Alice Vasa McNeill. Your deeds of kindness, words of comfort and the floral offerings will ever be bright spots in our memory, and we pray God's richest blessings on you all.

J. W. Gaither and family, W. E. McNeill and family, T. H. McNeill and family.

## Activities of Colored People

West Beulah Baptist church is progressing very much with their new pastor, Elder Meadows of Haskell, Texas. Services were held all day Sunday, and the offering was \$104.00.

On Monday night the mission band met, with the president in charge. The pastor was also present.

We are expecting great things, and our members are well pleased with the pastor.

**CARD OF THANKS**

We take this means of expressing our heartfelt thanks to our many friends who were so kind and thoughtful to us in the illness of our little daughter, Sammie Sue, who spent some time in a Dallas hospital under treatment for polio. Your cards and gifts to her cheered the hearts of us all.

Mr. and Mrs. Reuben Bates and family.

Mrs. Roger Williams of Weatherford is spending this week with her cousin, Mrs. Louise Ingram, and with other relatives here.

Mr. and Mrs. J. C. Harpham returned home the first of this week after several days visit with relatives in Brownwood.

## Beware Coughs That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**CREOMULSION** for Coughs, Chest Colds, Bronchitis

## THE POCKETBOOK of KNOWLEDGE TOPPS

## Goree News Items

Mrs. W. M. Taylor had as her guests over the week end, Mrs. L. S. Hollis, Jr., and her mother, Mrs. Bright of San Antonio. They were enroute to Norman, Okla., where Mr. Hollis is stationed.

Mrs. O. G. Henson and son, Gene, are here for the school term. Mrs. Henson is teaching English in high school.

Miss Eunice Thornton, who is attending Draughon's Business College at Wichita Falls, was a week end visitor with her parents, Mr. and Mrs. W. L. Thornton.

P. J. Camp visited his grandson, John, and John's parents, Mr. and Mrs. Ranson Camp of Wichita Falls last Sunday.

Mr. and Mrs. Grady Thornton of Amarillo were visitors in the home of Grady's parents, Mr. and Mrs. W. L. Thornton, over the week end.

S-Sgt. and Mrs. William C. Oliver of Camp Haan, Calif., are here for a visit with Sgt. Oliver's parents and with other relatives and friends. Mrs. Dale Adams and daughter, of Rose Mead, Calif., accompanied them and are spending some time in the Oliver home. Mrs. Adams is Mrs. Oliver's foster mother.

Mrs. J. L. Lawson has returned from Littlefield, where she visited her children for several days.

Mrs. John Coffman was a recent visitor with her son and family, Lieut. and Mrs. A. W. Coffman of Camp Berkeley, Abilene.

S. W. Holland of Haskell was a business visitor in Goree last Saturday.

Edwin Moore, son of Mr. and Mrs. Cliff Moore, is here for a while. Edwin has been in combat duty on foreign shores, and was given a furlough so he could rest for several days.

Mrs. Cliff Moorman of El Paso came in Monday afternoon for a visit with her parents and with friends. Mr. and Mrs. Moorman were in business here for a number of years before Mr. Moorman went into the service.

Mrs. Ben B. Hunt was a recent visitor in Wichita Falls and in other points.

Mr. and Mrs. Ira Stalcup surprised Mr. Stalcup's mother, Mrs. R. D. Stalcup last Sunday with a birthday dinner, honoring her on her 76th birthday. All of Mrs. Stalcup's children were here during the past year, but only two of them were here for this occa-

sion. Mr. and Mrs. Thomas Falls and daughter of Throckmorton were here, also Miss Louise Rice was a dinner guest.

**DISCOVERING THE PINCHES**

COLLEGE STATION—Families whose washing machines are idle because they lack parts were offered a ray of hope last week by a representative of the War Production Board's office of Civilian Requirements who is traveling in Texas to learn where war-time shortages pinch civilians the hardest.

With persistence, families or dealers can get parts for washers made by standard manufacturers, the WPB representative said. She was Mrs. Janet Dublin of Washington, D. C., who spoke recently before the home demonstration staff of the A. and M. College Extension Service at College Station.

Mrs. Dublin also visited in Orange, Gregg, and Midland counties where she talks with rural

and urban families of all income levels about the household merchandise they need most when civilian production can be increased or resumed.

There is little hope at the present for families whose electric irons lack parts or repairs, but families whose electric refrigerators lack parts stand a pretty good chance of relief. No new family-size electric refrigerators are in sight, Mrs. Dublin said. She believes more wash tubs will be available for families now doing their own laundry for the first time. The new war-time glass wash board is proving quite satisfactory, the WPB has been informed.

Home demonstration staff members told Mrs. Dublin how rural homemakers have had difficulty in obtaining boys overalls, baby clothes, scissors, safety-pins, and many other items. Asked about the prospects of getting elastic for repairing underwear, Mrs. Dublin said none could be expected before the latter part of 1944, and that would be synthetic. Homemakers might have to choose between elastic and tires, she commented jokingly.

**We Built the BARREL BIG**

**EARLY** in the war the electric industry received this challenge from the War Production Board, Production division.

"You'll have to produce fantastic quantities of electric power to keep the nation's war production going up and up. It'll be tough—because the copper and turbines and machinery you need won't be easy to get. YOU'LL BE ASKED TO SCRAPE THE BOTTOM OF THE BARREL TO HAUL OUT MORE KILOWATTS!"

Fortunately, we had built the barrel big... Big enough to keep production lines roaring! Big enough to meet all the power needs of factories and training camps—and still supply your home without rationing—at bargain prices!

Today, America is producing five times more electric power than it did in the last war—outproducing all of the Axis countries combined!

Was it luck that we built the barrel BIG? No, the electric companies under business management—which supply over 80 per cent of the nation's power—have developed the habit of planning ahead. That private enterprise habit has helped us to give you friendly dependable service—and it has enabled us to meet the challenge of America-at-war!

Back the Attack!

## P.T.A. Lists Ten Good Reasons for Membership

You have a son, or a daughter, or both, or several of each. Or you're a teacher with more children than the old woman in the shoe to be responsible for. Or you're just a citizen, someone who knows that this world is going to need new leaders pretty soon and that these leaders will have to be recruited from among the youngsters down the block, and others like them.

Whoever you are, there's a place for you in the P. T. A. and a reason why you should be occupying that place right now. Somewhere in this list you'll find your own particular reason. See if you don't:

1. There's a war on. In time of war so many oldtime basic values are in danger of being forgotten that it takes all every one of us to do to prevent it. The P.T.A. stands guard over just such values.

2. Children's needs won't wait. It doesn't take long to grow up—and growing up under undesirable conditions means tragedy to the child and loss to the nation. The P.T.A. helps prevent both.

3. Many heads are better than one. In the Parent-Teacher Association all members pool their thinking in a common cause.

4. We've got to do something about the increase in juvenile delinquency. The day care of children of war workers, such as those parents who are fighting on the home front, and there's dozens of pressing problems. The P. T. A. meeting is a good place to find out what.

5. We want our boys and girls to grow into responsible adults. It's a good idea to let them see responsible adults from their own homes working together in P. T.

6. This world needs to learn exactly what democracy is all about. Where, better than in the P. T. A., one of the most democratic organizations in America?

7. We know more about training children than we used to. It makes a difference. The P. T. A. makes the latest and best information easily available.

8. We need a balance wheel for our war activities. The P. T. A. is grand at helping its members put first things first.

9. We want to do something practical to help win this war so we can go back to living normally. P. T. A. work for children is as practical as any work can be.

10. Most of us have a more or less suppressed desire to do something to make the world a little bit better. In the P. T. A. there's a chance to begin to feel that this is not asking too much. Making the world better by rearing a better generation of children—that's not impossible at all. Join the P. T. A.!

Lieut. and Mrs. Bill Billingsley and little son of Sebring, Fla., same in the latter part of last week for a visit with Lieut. Billingsley's parents, Mr. and Mrs. M. F. Billingsley. Billingsley is a recent graduate of the flying school there as a pilot of a Flying Fortress.

Mrs. Manuel Medley and little daughter, Vicky Ann, of Santa Rosa, (New Mexico), visited in the home of Mr. and Mrs. A. B. Warren over the week end.

S.-Sgt. and Mrs. Dan Billingsley and little son of Independence, Kans., came in the latter part of last week for a visit with Dan's parents, Mr. and Mrs. M. F. Billingsley, and with other relatives and friends.

W. V. Tiner, Mrs. James Dyke and Miss Annie Mae King visited with Mrs. Glenna Dyke in Walters, Okla., last Sunday.

Balfour C. Gibson, hero of a South Pacific adventure in which he and his crew were listed as missing in action for 66 days during which time they stayed on an island inhabited by friendly natives; however, the island was uncomfortably close to Japanese territory. Lieut. George B. Wallace, veteran of thrilling action in the Port Moresby fighting, and Capt. Walter P. Decker who flew into Guadalcanal with the first B-17s. All of these instructors have been decorated for valor.

The graduating class at Victorville Army Air Field today included: Flight Officer Alfred F. Hendrix, son of Mr. and Mrs. John F. Hendrix of Route 2, Munday, Texas. He is a graduate of Munday high school.

## WASHBURN NEWS

Mrs. C. N. SMITH, Correspondent

J. A. Hill happened to a misfortune by getting his leg broke while working at the Farmers Union Gin last Friday morning. He was rushed to medical aid at once. Mr. Hill is resting nicely in his home.

Perry Reeves of Munday visited James Simpson last Friday night. Mrs. Loyd Nixon and little son, Jimmie, of Bellevue, Texas visited Mrs. Dixon's parents, Mr. and Mrs. J. W. Gulley last week end.

Ensign J. E. Reeves, Jr. of Munday visited John Broach last Saturday afternoon. Jane Hill spent last Friday night with friends in Munday.

Miss Ada Gulley of Munday visited relatives here last Sunday. C. N. Smith was in the Helmer community on business recently.

Eva Dean Henderson of Sunset visited Mildred Smith last Saturday night.

Mr. and Mrs. Virge Proffitt of Munday visited relatives in the community last Sunday.

Mr. and Mrs. Jack Wallace of Munday visited relatives in the community last Sunday.

Mr. and Mrs. J. R. King of Goree visited relatives in the community last Sunday.

Elizabeth Fitzgerald of Munday last Friday afternoon. Mr. and Mrs. Kelley of Haskell were in the community on business last Tuesday.

Mr. and Mrs. Joe Patterson visited relatives at Rotan last week end.

Mrs. George Martin of Henrietta visited her parents, Mr. and Mrs. Otis Simpson, last week end.

Mrs. J. R. King visited relatives near Weinert last Tuesday. Mr. and Mrs. Otis Simpson were in Abilene on business last Tuesday.

## Engineers Solve Problem For Army By Starting Car At 40 Below

(IPS)—If you've ever had the misfortune to be caught in weather 40 degrees below zero you'd know that that's when a car's battery goes dead, motor oil is hardened to a plastic-like material between pistons and cylinder walls, and that starting, even by hand cranking, is just about impossible. Even if a start is made, the oil will not pump, bearings will burn out, and cylinder walls and pistons will score.

This was the situation the Army faced when its vehicles were first stationed in freezing climates. One possible solution used by the inhabitants of cold climes, that of storing battery, radiator fluid, and crankcase oil indoors at night, was impractical for the Army. So it was that a year ago the Army Ordnance Department asked a large Midwest gasoline company to develop a method of starting engines instantly at minus 40 degree Fahrenheit.

**Firm Solves Problem**  
Company engineers were assigned to the task immediately. They placed automobile engines in cold rooms and studied them, and succeeded in getting a small gasoline stove to give continuous heat and allow the cooling agent to circulate by thermosiphon action to the other parts of the engine.

The stove burns only about a gallon of fuel in twenty-four hours. The entire system is as

much part of the vehicle as an ordinary passenger-car heater. And cold-room tests along with field trials in northern Canada show that starting an Army vehicle in sub-Arctic temperatures this winter will be as easy as getting the family bus going on a warm Spring morning.

Mr. and Mrs. A. U. Hathaway returned last Monday night from a two weeks visit with relatives and friends at Lamesa, Brownfield and Pecos, Texas.

Miss Elizabeth Mounce spent the first of this week in Dallas, attending the bedside of her father, J. D. Mounce, who underwent a major operation there last week.

Miss Elnor Beth Hendrix, who is attending McMurry College, visited her parents, Mr. and Mrs. Frank Hendrix, over the week end.

Roy A. Baker, who has been in civil service work in Ohio, visited his parents, Mr. and Mrs. W. A. Baker, the first of this week. Roy and his family are returning to Knox City to make their home.

Mrs. C. J. Albus and children spent the week end in Etter, Texas visiting their husband and father, who is employed in defense work there.

## LETTERS FROM THE PEOPLE

### Alfred Hendrix Receives Wings At Victorville, Calif.

**POP HANEY FORGIVES US FOR OUR POP CORN STORY**

My Dear Mr. Editor:  
When I think of news editors I think of that pop corn episode. Now, when I first read that in your paper the first thing I thought was to get me a crooked lawyer and get after the whole bunch, but I soon found out there were no crooked lawyers. They were just like news editors—above reproach and clear of suspicion!

Then I decided I would prosecute my own case. By that time, you had been chasing my grandson for five months with your paper and had just found him sitting on a little island near Australia. All my hopes vanished. I knew an editor that had that much sense, to keep after a boy for five months and finally get one paper to him, I could not afford to match my wits with his.

So I hereby withdraw all malice aforesaid, except what a little negro said to me: "Is you de Pop Haney dat fruze to def in de pop co'n patch?" That sure does burn me yet!

You will find enclosed cash on the barrel head to renew Jimmie Lee's subscription.

I am yours very, very truly,  
G. W. HANEY.

VICTORVILLE ARMY AIR FIELD, Victorville, Calif., Oct. 2—Another class of cadets and student officers was graduated today from Victorville Army Air Field Bombardier School as bombardiers, according to Col. Earl C. Robbins, post commandant. Col. A. J. McVea, director of training at the field presented the graduates with their official letters of appointment and Lieut. W. P. Walker awarded them their silver wings. Principal speaker on the program was Lieut. Eugene Wallace, outstanding hero in the Pacific theatre of war, currently stationed at Santa Ana, Calif.

Among their classmates was Air Cadet Clarence Ross of Onawa, Iowa, who was stationed at Hickam Field the day the Japanese bombed Pearl Harbor. His part in that show consisted of taking pots at the invaders with a machine gun. Later he saw service as a gunner on a B-24 and participated in the search for Capt. Eddie Rickenbacker when the latter was missing at sea.

Another classmate who witnessed the Pearl Harbor attack and saw flight service in the South Pacific was Air Cadet Harold Reeves of Santa Clara, Calif.

Officers who instructed the class included the famed Lieut.

**FOR VICTORY**  
BUY UNITED STATES WAR BONDS AND STAMPS

Mrs. Travis Martin and two little daughters of Seymour visited Mrs. Martin's parents, Mr. and Mrs. M. H. Reeves, over the week end.

C. M. 2-C Rhea Chamberlain, who has been seeing service in the Bermuda Islands, came in the latter part of last week for a visit with his mother, Mrs. Charity Bunts, and with other relatives.

## "Bessie" The Flying Schoolhouse Is Really A Fortress In Disguise

(IPS)—Another example of the cooperation between industry and education for modern instruction methods appears in the four-engined bomber known as "Bessie" which was set up as a flying schoolhouse.

Organized by the aircraft firm which builds Flying Fortresses, Bessie is identical with the Fortresses, but has had her armament removed and her fixtures renovated to provide room for classes. A regular crew of instructors is in charge of the training program which consists of having the Schoolhouse flown to various centers where advanced heavy bomber

students are given systematic instruction.

These students learn at first hand how to get the highest possible operating efficiency and maximum flight range by coordinating such varied factors as fuel mixture, air speed, turbo-supercharger, pressure, engine speed, and altitude—all right in an identical version of the plane which some day they will fly.

Another thing Bessie is used for is to teach students how to act in such difficult circumstances as the crippling of one or more of the engines in the course of a bombing mission.

chete.

There was another negro sergeant who said, "When I says 'Eyes, right,' Ah wants to hear dem eyeballs click."

The other day as I was in line to pay my lunch check, I noticed on the counter a small stack of chocolate bars—the first ones I had seen in several months. The man ahead of me picked up five but the cashier explained that the limit was one to a customer, so he had to put back four. As a result, four other persons—who had just as much right to enjoy a chocolate bar as that human hog did—were able to buy one.

And yet there are home people, including one or two in public office, who insist that rationing is unnecessary.

Tom Foster, widely known Texas-newspaperman, now in the Seabees is happy over the fact that the 99th U. S. Naval Construction Battalion of which he is a member has been christened by Governor Stevenson as the "Lone Star Battalion." One-fifth of its members are from Texas. Commander Richard E. Cook said that, while he is a loyal West Virginian and the battalion has men from every state, "we are proud to be signally honored by such a great commonwealth."

### I GIVE YOU TEXAS

by BOYCE HOUSE

A negro sergeant said to a bunch of colored rookies: "From now on when Ah blows dis yere whistle, Ah wants to see a huge cloud o' dust come boilin' outa dem tents an' when dat dust clears away, Ah wants to find two rows of statues."

Texas is threatened with the loss of 200,000,000 cubic feet of gas a day through the construction of a pipeline that will build up the factories of the East and deprive our State of an opportunity for industrial development. Austin is talking against it. Let's have action.

If you visit the Lower Rio Grande Valley, the miracle of its development is right before your eyes—the "before" and "after." You see not only the great groves of grapefruit and orange trees, which produce thousands and thousands of earloads of fruit a year—but, in many instances, you see just across the road, the "brush country" in its untamed condition: Spanish bayonet, prickly pear, ebony trees, mesquites, vines and thorny bushes so thick as to seem almost impenetrable except to a man swinging a ma-

### Freshman Report

In Goree High, the ninth grade has come to order and elected the class officers for this year. They are as follows:  
President—Bobby Moore.  
Vice-Pres.—Jimmy Ray Crouch.  
Reporter—Billy Jo Roberts.

We are looking forward to a successful year.

### Sophomore News

Well, school is in full swing and six-week tests are nearly here and that History and Biology is up to no good.

"You certainly picked good paint, lady. I don't know of a better brand."

"Thanks, Grandpa recommended it. He first used Minnesota Brand paint over 70 years ago and hasn't bought any other kind since. He says it's mighty economical."

Pre-War Price and Quality  
Minnesota paint is today the same high quality it has always been. The same economical pre-war prices apply.

## Why You Save With "MINNESOTA"

1. Its pure linseed oil base gives it elasticity and durability which insure longer service.
2. Its penetration qualities help preserve the painted surface and add years to the life of the property.
3. The excellence of its preparation makes it flow evenly and give maximum surface coverage.
4. It costs no more to apply than inferior paint and 75 years paint making experience is behind every can.

**1 + 1 = 3**

Three-coat painting is a thing of the past. With Minnesota Weld-Tite Primer and Minnesota Quality House Paint you get an ordinary three-coat paint job at two-coat cost. Investigate the remarkable new

**Wm. CAMERON & CO.**  
"Home of the Complete Building Service"

We elected our class officers and they are:

President—Naomi Jean Miller.  
Secretary—Gloria Murdock.  
Reporter—Martha Ann West.  
Our sponsor is Miss Rice. She is one of our new teachers and we are very glad to have her with us.  
We have three of our pupils absent, Wanda Sanders, Bernice Shahan and Ed Jones. We will be glad when they rejoin us.

### Junior News

At least the Juniors are still able to come to school occasionally. It seems as if this year's work is harder than usual, or has it always been that way and we are just now realizing it?

Our speech class is presenting the chapel program next week. The name of the one act play is "Broken Wings." We really intend to have everyone sniffing when they appear back in the study hall. In today's chapel, a new talent was discovered. How do you like to lead rounds, Toby? All of our class have been present most everyday, although when Plane Geometry comes around we are about ready to pass out. We have the first three propositions and if the others are as difficult what will become of us?

### Senior Report

The Senior Class is all one happy little family, and all of its little children are numbered all the way up from one to fifteen. The head of our family, being the president, is Gaylon Hord. Other officials presiding in our cozy little quarters are the following: Harold Jones, vice-president; Frances Yates, secretary and treasurer; and Clydeen Warren, class reporter. Sponsoring these dignified but bashful Seniors is H. D. Arnold, superintendent.

### Class Activities

Bookkeeping is interesting and very easy to understand, however most will disagree. I wonder why. We are stretching our budget trying to buy erasers and extra pages

for our abused workbooks if they were available.

In English we are learning how to apply for jobs or positions. Some may need that experience later in life because I'm sure we don't all intend to be housewives.

Chemistry is a very interesting subject, and most every one enjoys studying his lesson every day?? We have especially enjoyed working in the laboratory preparing oxygen and hydrogen and making other experiments.

Typing seems to be the best friend of our waste paper basket. Since we have our class in the study hall, it causes very much disturbance among our shy classmates who try to study during

this period.

Government is definitely Government and we don't mean perhaps! If you don't believe us, ask Mary Jean, since she gives such intelligent answers in class.

Don't get the idea that we Seniors are just a bunch of happy mecons! After all we do have some model students and we can be serious at times when it is necessary.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. Clyde Voss announce the birth of a baby son, who arrived at the Knox county hospital on Saturday, October 9. Mother and son are reported doing nicely.

## USE A CHECKING ACCOUNT . . .

### for CONVENIENCE

It's so handy to pay bills by check . . . and you don't have to keep a lot of cash around the house. Checking is easy!

### for SAFETY

No chance of losing money from your purse when you use a checking account. Checks are handy for shopping use.

### NATIONAL WAR FUND

THREE FRONTS—ONE CAUSE

### Your County War Fund is another "Victory weapon."

The United War Chest of Texas through war fund organizations in every county of the state is charged with the responsibility of raising \$4,885,781.00 for the 17 approved war appeals of the National War Fund. The national goal is \$125,000,000.

Each of the 17 participating agencies was carefully budgeted to stretch every dollar contributed before it received the approval of the President's War Relief Control Board.

Texans now are being asked to take a Texan's share in their County War Funds to aid three fronts with one gift—the Military Front, the United Nations Front, and the Home Front. Remember, President Roosevelt has said that a share in the National War Fund is a share in winning the war. Use this "Victory weapon." Give to your County War Fund.

### Junior Band Still Growing

The Munday Public Schools Junior Band is still growing. The band is now composed of 30 members and still has several prospective members. It is hoped that the membership will be 35 or more by Oct. 18th, the closing date for registration of new members.

The following students have enrolled this past week: Arledge Suggs, clarinet; Bobby Winchester, clarinet; Martha Nell Bollington, cornet; Rosemary Claus, clarinet.

Plans are being made for the band to play several concerts during the coming months.

### Sports News

In the game Friday night with Hamlin the Munday Moguls were defeated by a score of 44-13. The boys fought a fine fight but were outclassed. Also some of the Moguls were patched up with tape.

The big event of the evening was the touchdown made by Buddy Gaffard, who is one of the captains and is also full-back on the team. Buddy ran the ball back from the 13 yard line on a kickoff for a touchdown. It was the most spectacular play of the entire game. The other touchdown being made by Hulien Montgomery.

The Moguls line-up consisted of Buddy Gaffard, Dick Owens, Joe Spann, Charles Roden, Aubrey Roden, Glen Lowrance, Zack Gray, Wallace Pippin, O. H. Spann, Jr., Stephen Harrison, James Cadwell, Hulien Montgomery, and Charles Massey.

The Moguls will play the Anson Lions next Friday night at Anson.

# THE POCKETBOOK of KNOWLEDGE

BY TOPPS

NEW U.S. M-5 TANKS ARE EQUIPPED WITH AUTOMATIC GEAR SHIFTS

BECAUSE QUININE IS NO LONGER AVAILABLE AMERICANS SERVING IN THE TROPICS ARE GARRAGED BY THE QUININE ANTIMALARIAL TABLET—2,500,000,000 OF WHICH WILL BE PRODUCED IN THE U.S. THIS YEAR

BOUILLON CUBES WERE POPULAR IN EARLY COLONIAL TIMES. MEN CARRIED SUCH CUBES IN THEIR POCKETS TO MAKE BROTH ON TRIPS. (THE CUBES WERE CALLED "POCKET SOUP")

SOME ARMY PLANES NOW CARRY THEIR OWN DEMOUNTABLE WINGGARS TO BE SET UP IN FRONT-LINE FIGHTING AREAS

LATEST USE FOR THE VERSATILE SOY BEAN IS A FINE-TEXTURED SOY BEAN LIQUID FOR SHAMPOO

worrying over book reports. Writing them is fairly easy but oral book reports are something new to the students. However there are a few expert book report givers and anyone needing help in preparing one may consult Hulien Montgomery?????

The Seniors have reason to be walking on air this week. Buddy Gaffard, the football hero, is a fellow Senior. Also the last stamp and bond report showed the Seniors led with \$510.

**Senior Life**  
 On January 30, 1927 the Chilli-cothe paper announced that a beautiful bouncing baby arrived at the home of Mr. and Mrs. Rummel, and it grew up to be Jo Ann. She lived at Chilli-cothe till her Sophomore year and then moved to Saur. At both places she was drum majorette. During her Junior year Jo Ann moved to Munday. At the present she is secretary-treasurer of the Senior Class and drum major of the band.

Jo Ann wants to attend college at T. S. C. W. but it is rumored that a certain someone has nearly persuaded her to go to Hardin-Simmons.

Some of Miss Rummel's favorites:  
 Color: Red.  
 Star: Joan Leslie.  
 Song: "I Heard You Cried Last Night," as sung by Frank Sinatra.  
 Past time: Eating.

**Junior Report**  
 Candy sales are excellent when we can get the candy to sell. Joyce Spelee is the candy kid and seems to have a way with her victims.

The entertainment committee has been selected. Joyce Spelee, Elma Lowe, Mildred Smith, and Rosemary Claus are the selected students. These girls all have different personalities and enjoy playing different games. From these sources should come many enjoyable games.

Speaking of poetry, some very interesting "rhyme lines have been circulating lately. Several of the girls seem to be chairmen of the lyrics and if you would like to read some of them see these girls.

Geometry exam comes up Wednesday morning. Between now and then there should be a lot of extra cramming done. When Mrs. Bowden asks a question many still wear a blank expression on their faces.

Oral book reports have proved quite interesting—and easy. There is just a possibility that Mrs. Dowell won't call on you to give yours that day—and if you don't have yours ready, you may escape until next week.

The grades given on Biology notebooks were quite unsatisfactory. Students were not expecting the marks that were given and were floored completely. There was some misunderstanding somewhere and somebody may change his tune before it's cleared up.

The game didn't turn out exactly as we might have liked it, but we're still behind our Moguls!

**Sophomore News**  
 Last week the Sophomores had charge of the chapel program which was a big success. The talents of this class are really remarkable and what's more, they really enjoy performing.

Be sure to make your plans to attend the Halloween Carnival the school is giving two weeks from Friday. We guarantee you a swell time.

The Sophomores contributed \$1.12 to the drive for the colored lunchroom. They were very glad to give to such a worthy cause. In Home Economics the girls' dresses are coming along nicely. Since this is their second year the patterns, etc., do not seem quite so complicated.

**Society News**  
 It has been rumored that there are certain classes that are planning parties. An entire six weeks period passed without a party for any of the classes and it seems that everyone thinks its time for some.

There were several out of town visitors this week end. Miss Peters visited her parents in Wichita Falls. Miss King visited in Oklahoma. Joseph Borden was also a visitor in Wichita Falls. Jerry and Joan Chamberlain

were very happy last week when their brother, Rhea, who is in the Navy, came home. He has been in the Bermuda Islands.

Josephine Cerveny visited in the home of Lillian Cerveny last Sunday. She also had visitors from Weinert and Seymour.

Janie and Lloyd Haynie were also happy when their brother, Charlie, came home from Scott Field, Ill.

Mr. Owens' parents, Mr. and Mrs. W. C. Owens, and sister, Miss Eloise Owens, from Moran, Texas visited him this week end.

### Third Grade News

We have 25 enrolled in our third grade since Joyce Marie Michels has joined our group. We hope she will enjoy being with us.

We have some lovely new books this year. The stories are as colorful as the book itself. We have a new English book too.

### Fourth Grade News

The fourth grade has been very busy this first six weeks getting rid of vacation fever.

We have enjoyed studying the "World of Plants" and the "Air About Us" in science.

Since school started we have bought \$264.55 of defense bonds and stamps.

In geography we are constructing a farm on the sand table. We hope to complete it this week.

### First Grade I-A

We have thirty-four pupils in our room. It has been fun getting acquainted with each other. Now everyone is learning to work.

Bill Rogers and Janice Johnson brought us two beautiful bouquets of flowers this morning.

Glen Bruce brought us two gold fish.

Most of the boys and girls are buying defense stamps or bonds.

### Second Grade News

We have sixteen girls and twenty-one boys in our room, and we are really working hard this year. We have received our second book in reading.

David Eiland, Charles Ratliff and Larry Don Lane brought a large bouquet of sunflowers last week so in Art Class we made sunflowers out of construction and

mounted them to decorate our room.

Betty Lynn Waldrip brings us flowers almost ever day and Bera Faye Spann has brought some beautiful autumn leaves.

Our room bought \$56.65 in defense stamps and bonds last week.

## LOCALS

Bill Shipman of Vera was a business visitor in town last Saturday.

Mr. and Mrs. Howell Burton and daughter of Berger visited with W. T. Burton and with other relatives here over the week end.

Flight Officer Alfred Hendrix left last Monday to report to duty at Salt Lake City, Utah, after a visit of several days with his parents, Mr. and Mrs. Frank Hendrix.

Miss Maxine Eiland of Dallas is visiting her parents, Mr. and Mrs. G. R. Eiland, this week.

Mr. and Mrs. C. R. Hendrix returned home last Sunday from South Dakota, where they visited

their son, Clyde Hendrix, who is in training there.

Mr. and Mrs. Levoey Burton of Haskell visited relatives and friends here last Sunday.

Mrs. Nell Hardin and Charles, and Mrs. T. I. Phillips visited relatives in Chickasha, Okla., over the week end.

Riley B. Harrell was a business visitor in Dallas the first of this week.

Ralph Tidwell, who is stationed at Camp Wolters, visited relatives and friends here over the week end.

Miss Mary Lois Beaty of Abilene visited her parents, Mr. and Mrs. G. H. Beaty, and other relatives here over the week end.

### FDR says:

Every worker should increase the amount of bonds he or she is buying.

## Legal Prices Obtained From Price Posters

"Knox county housewives and grocers can now learn the exact amount of the top legal price on most of the leading brands of dry groceries and canned goods by merely looking at the new revised government price posters which every grocer in the county is required to have on display in his store at all times," Mr. M. F. Billingsley, chairman of the Price Panel of the Knox County War Price and Rationing Board, said today.

"These new revised 'community price' posters, which were issued recently through the local War Price and Rationing Board to all retail grocers, have proved in other areas to be a great convenience to the grocers themselves as well as to the food shopper," Mr. Billingsley said.

For the shopper, these posters, together with the soap and meat price posters already in use, provide a check list of top legal prices on most of the important food items. "The shopper who fails to check her purchase at least occasionally against the flat cents-per-can or per pound ceilings shown in these posters is neglecting her duty to her family budget," Mr. Billingsley said.

"For the grocer himself," Mr. Billingsley continued, "these plain cents ceilings are a great convenience, because they save him the necessity of separately calculating the legal price on each item and because they help protect him from the suspicion on the part of his customers that he may be charging more than legal price."

"Like the 'mark-up' regulation on which they are based," Mr. Billingsley said, "these new flat cents ceilings provide a very fair margin of profit for the retailer, and there can be no excuse for any merchant to exceed them. Any retailer who finds his fair profit seriously 'squeezed' at these retail ceilings can be quite certain that his supplier is charging him more than the legal wholesale ceiling, and he should report the details of such wholesale violation to the Fort Worth District OPA office."

"Most violations at wholesale, as well as at retail, will prove to be unintentional ones due to carelessness. Nevertheless no one should continue to pay more than ceiling price because of someone's carelessness."

Retail shoppers, who find a grocer unwilling to correct his selling price (which must be shown on the merchandise itself or on the shelf or table) so that it comes within the ceiling shown in the wall-poster, were invited by Mr. Billingsley to report such intentional retail violation to the local War Price and Rationing Board.

Mr. Billingsley said, "Any grocer may charge less than these maximum ceiling prices on some items, but no grocer may charge more."

The present community price posters apply to all food stores in the Fort Worth district, including this county.

## National War Fund Reasons Are Outlined

Why is the nation called on to contribute to the National War Fund in the \$125,000,000 campaign which opened in Texas last Sunday night?

W. R. Moore is county chairman of the Knox county drive, and his corps of helpers are ready to solicit contributions to this fund. State and national workers have gathered the following data to answer the above question:

More than 5,000,000 men and women of our fighting forces look to the USO each month for off-duty recreation, comforts and spiritual welfare.

Nearly 1,000 professional entertainers give nightly performances under auspices of the USO Camp Shows, Inc., for service men at home and abroad.

**Merchant Seamen**  
Thousands of merchant seamen who bring the convoys through find needed rest and relaxation in homes and centers operated by the United Seamen's Service in cooperation with the War Shipping Administration in ports in two hemispheres of the world.

More than 6,000,000 men are in the "barbed wire legion," prisoners of war, who need more than the established prison regime if their spirit is to be maintained for peacetime usefulness.

Scattered over the world are 30,000,000 refugees from Axis terrors, needing friendly help in their efforts to re-establish themselves. Between 5,000,000 and 7,000,000 Chinese people are facing starvation.

Of the Greek children born since 1940, less than one in 20 is alive today due to starvation conditions.

Approximately 40,000,000 Russians have been forced to evacuate their homes.

**Child Victims**  
More than 2,000 child victims of the war have been evacuated to this country for care and protection, and hundreds of others await the miracle of rescue.

One of every five homes in Britain has been ruined or damaged by air raids.

In China 2,000,000 children have been orphaned and left homeless.

Thousands of women war victims, internes, evacuees and refugees need assistance.

These and other needs on the military front, the United Nations front and the home front are served by the agencies participating in the National War Fund and local united war chests.

A diorama of the four-star Texas Republic Navy—only entire fleet ever voluntarily turned over to another nation—is being constructed at the Texas Memorial Museum on the University of Texas campus.

**COTTON QUIZ**

WHERE IS THE WORLD'S MOST HIGHLY SPECIALIZED AGRICULTURAL REGION?

ANSWER: THE COTTON BELT OF THE U.S.A.—THERE, ON LESS THAN 3% OF THE WORLD'S LAND SURFACE MORE THAN 60% OF THE WORLD'S COTTON IS PRODUCED!

## People, Spots In The News

**GUESS WHO?** This oldest of 15 years is Shirley Temple, former child star of the films. She recently launched a liberty ship and is active in every war campaign.

**GENERALS SONS**—Douglass Greene (left) and Townsend Crittenger are buck privates in Uncle Sam's army and are doing "K. P." at Fort Knox. Greene's dad is Brig. Gen. Douglass Greene of Camp Chaffee, Ark.; and Maj. Gen. Willis D. Crittenger of Camp Polk, La., is father of the lad with the long-handle scrub brush.

**THE HEAT IS ON**—4,600 new hopper cars are rolling from plants of Pullman-Standard Car Manufacturing Company at rate of better than 45 a day to complete order within two months. Needed for winter coal hauling, these cars are being built by company in addition to a long list of ordnance material.

## Union Grove School Has 1,056 Cans Of Food From Garden, Canning Project

Thirty children of the Union Grove school and their teachers Mrs. E. F. Branton and Mrs. Otis Cash, sponsor school garden and canning of food for school lunch room.

Mr. W. H. Hodges, an elderly man in the community, gave 1-10 of an acre of sub-irrigated land to the school for a tomato patch. The children and teachers went during school hours and set out the tomatoes, then after school closed they meet and hoe them out.

A canning center was set up at the school house with Mrs. Ulric Lea as supervisor. When the patrons had a surplus of fresh vegetables they would donate them to the school and the children would meet with some of the patrons and can this food for the school. A certain day would be set aside to can for the school so it would not interfere with the people of the community canning at the canning center.

Sixty different people participated in the school lunch room project either by donating vegetables or by loaning their pressure cookers or helping with the canning.

meat or meat substitute, a salad a dessert and a drink. The lunches are served at a cost of 10c where other places pay 15c where they have hot lunches and not nearly as much food or a variety.
