Family Reunion Is Held Sunday In Hampton Home

Leo, the son of Mr. and Mrs. E. J. Jones is visiting at home for the first time since entering the service in June, 1942. Before joining the U. S. N. R., Mr. Jones was in business in Sweetwater. He took his basic training in Norfolk, Va., was then sent to Camp Endicott, Davisville, R. L., as a physical instructor. In August, 1943, he was placed in Rensselaer College, Troy, N. Y., to train V-5 and V-12 students.

Mrs. Jones and little daughter, Myrtle Ann, will visit relatives here later. Leo had to come between terms at college.

All of the E. J. Jones children, grandchildren and great grandchildren, with the exception of a daughter, Mrs. Kenneth Hawk of San Diego, Calif., were present for Sunday dinner in the home of Mrs. Sam Hampton of Goree.

Those present were Leo E. Jones, Troy, N. Y.; Braxton B. Jones and family, Slaton; Philip Jones and family, Grand Prairie; Amos Sedgwick and family, Littlefield; Earl Peterson and family and Nellie Jo and Tommy Ruth Jones, Lubbock; Mrs. Felton Jones and Sandra Ruth, San Angelo; Marion Jones and family, L. L. Hendrix and family, Sam Hampton and family and Mr. and Mrs. E. J. Jones, all of Goree.

Those who called during the afternoon were Mr. and Mrs. E. E. Lowe and Elma, Munday; Mrs. Young and son of Seymour, Dr. and Mrs. W. M. Taylor, Mr. and Mrs. Hamp Jones and Mrs. Roy Jones.

Mr. and Mrs. Bob Burnett of Benjamin were visitors here last Friday night.

ROXY

Munday, Texas

Friday, Oct. 29:
"Colt Comrades"
 Featuring William Boyd as Hopalong Cassidy with Andy Clyde
 Also Chapter No. 2 of
"The Adventures of Smiling Jack"

Saturday, Oct. 30:

"Captive Wildwoman"
 With Evelyn Ankers and John Carradine

Sunday and Monday,
 Oct. 31, Nov. 1
"Heaven Can Wait"
 With Gene Tierney and Don Ameche in Technicolor
 Also News and Comedy

Tuesday, Wednesday, Thursday
 November 2-3-4:
"Hit The Ice"
 With Bud Abbott, Lou Costello and Ginny Sims

Knox City Study Club Sponsors Book Review

The Knox City Study Club presented Mrs. C. E. Ball of Hamlin in a book review on Saturday, October 23, in the Knox City Methodist church. Around 125 women from Benjamin, Munday, Goree, Weinert, Haskell, Rochester, Rule and Knox City were guests of the club.

Mrs. T. S. Edwards, president, opened the meeting and welcomed the guests. Mrs. E. F. Branton presented corsages to the honor guest and the club president.

Rev. C. H. Williams, accompanied by Mrs. E. Q. Warren, and assisted by the audience, sang three songs: "I Love to Tell the Story," "Were You There?" and "Stand Up for Jesus," to accompany the review.

Mrs. Ball reviewed "The Robe," by Lloyd C. Douglas. She presented the review so clearly and so beautifully that the attention was perfect throughout the more than two hours in which she quoted the lines of the book. The club was honored to have Mrs. Ball and was pleased to have so many guests to hear her.

Auxiliary Has Group Conference Here Thursday

A group conference of the Women's Auxiliary, district two of the Fort Worth Presbytery, was held at the Presbyterian church in Munday last Thursday. Registration was at 9:45 a. m., after which Mrs. W. H. Sholl of Haskell, chairman, called the meeting to order.

Greetings were brought by the Munday auxiliary, and Mrs. Erin Betterton of Munday led the devotional. Roll call was answered and visitors were introduced.

Miss Nell King of Throckmorton spoke on Home Mission Emergency, and Mrs. Kitchell of Anson discussed the topic, "The Home." Evangelism, the Assembly Training School and Intergroup relations were discussed by Mrs. McMahan of Spur, Mrs. Sam Chapman of Haskell and Mrs. Calvin Henson of Haskell. These were followed by a vocal solo by Mrs. Ira Hester of Rochester.

An offering was taken to send the district chairman to the Kerrville, meeting. Mrs. John Ramsay of Spur discussed the Defense Service Council, which was followed by a conference period.

In the afternoon session, an inspirational message was given by Mrs. C. A. Glenn of Cleburne, president of the Fort Worth Presbytery. Mrs. Glenn and Mrs. Sholl then gave echoes from Montreat and Kerrville.

All six towns of district two were well represented at this meeting.

Mr. and Mrs. J. C. Harpham were in Abilene on October 16, where they attended the wedding of their niece, Miss Madalyn Jones, to S-Sgt. Harry O. Stathas.

Mrs. Emily Carden was taken to the Knox county hospital last Sunday for medical treatment. She is reported to be very ill, although somewhat improved.

CARD OF THANKS
 We wish to thank our many friends in Munday for their messages of sympathy, the floral offerings and every other kindness shown us during the recent illness and passing of our son, Sam. Mr. and Mrs. W. H. Hart.

Serviceable Gifts for Service Men

NO matter what branch of the service "he" is in, or even if he is still available on the home front, chill wintry blasts require woollens for warmth—and knitted scarfs, gloves and socks will surely make welcome gifts. If you have knitted them yourself, they will be doubly appreciated because a gift which has been "specially made" by you will have a special appeal for him. Use sturdy knitting worsted because it is serviceable, smart, comfortable and warm. The smooth fitting scarf is strategically ribbed to eliminate any bulkiness at the neck.

Baptist Missionary Society Meets In Hathaway Home

The Baptist Missionary Society held a business and social meeting in the home of Mrs. A. U. Hathaway last Monday afternoon, with Mrs. J. E. Reeves as co-hostess. Mrs. M. H. Reeves gave a very enjoyable and beneficial talk on "Stewardship."

After the business hour, delicious refreshments were served to the following members: Mmes. C. R. Parker, W. H. Albertson, Riley B. Harrell, M. H. Reeves, Don Phillips, Wallace Reid, Edgar Jones and the hostesses, Uncle Happy Hathaway was a guest.

The next meeting will be at the regular Monday afternoon hour, and all members are urged to come and bring a new member with you.

Regional Red Cross Meeting Held Recently

Ninety-four delegates representing 16 north Texas Red Cross chapters attended the regional Red Cross meeting at the Wichita Falls country club on Monday, October 17. Five representatives of the National Red Cross staff led in discussions of home service and Junior Red Cross work.

National staff members attending the one-day meeting included Mrs. Frieda Kennedy, general field representative; Miss Janet Neel, home service representative; Mrs. Alice Moore and Miss Lou Eskridge, junior Red Cross workers, and H. H. Gilliam, safety field representative.

A most interesting program was given, assisted by Sheppard Field members and musicians. Field directors of the American Red Cross from Sheppard Field were present.

The responsibility of home service is to assist service men and ex-service men and their dependents in meeting those needs which arrive from the man's service in the armed forces. Home service gives consultation and guidance in

At The Churches

PRESBYTERIAN CHURCH

Dr. William N. Sholl of Haskell preaches here each Sunday morning at 9:30 a. m.

Our church is located on the Main street of Munday and has an attractive auditorium with added Sunday school facilities. The Auxiliary meets on Mondays and is accomplishing a good work. All Presbyterians living in Munday and surrounding country are urged to attend our services. A very hearty invitation is extended to all visitors, especially those who have no regular church home.

FIRST BAPTIST CHURCH

Sunday School at 10 and preaching at eleven; Training Service at 7:30, preaching at 8:15 p. m.; W. M. S. meets at 3:45 Monday afternoon; mid-week service Wednesday evening at 8:00; G. A.'s meet Friday afternoon at 5:30.

Paul said that we should provoke one another to love and good works. He says that the way for us to accomplish this is by not forsaking the assembling of ourselves together. We urge you to attend the services next Sunday. There is always a welcome and a blessing for you. Every day we need to renew our courage and hope and optimism. The church is a good place to go. There we will find these things to help us. Come Sunday.

W. H. Albertson.

AT THE METHODIST CHURCH

Luther Kirk

Someone has said, "Too many people support the church without getting any dividends from their investment." I do not quite agree with this statement. I think it should read, "Too many people support the church who fail to accept all dividends available to them." I believe that every contribution to the church pays dividends in one way or another to the contributor. If nothing more it helps the individual feel that he has made some contribution to righteousness, and that is at least a small dividend.

It is true however that a lot of people could cash in on dividends that they refuse to accept. Few people attend the religious services but what they receive something worth while. Dividends of this na-

ture are always available to those who desire them.

It is certain that one's dividends will be no greater than his contributing in serving the Lord.

If you do not worship elsewhere come and worship with us Sunday.

Church School 10:00 a. m.
Morning Worship 11:00 a. m.
Youth Fellowship 6:30 p. m.
Evening Worship 7:15 p. m.

Rev. S. H. Young, District Superintendent of the Stamford District will preach at the evening hour. Immediately following the evening service, Rev. Young will hold our 4th Quarterly Conference.

LAKE CREEK CHURCH

Sunday school each Sabbath at 10 a. m. Ivy Cypert, spt.; Mrs. Ben Taggle, assistant.

With the election of new officers and teachers, let us render such cooperation as will facilitate the greater spiritual possibilities. Surely, the Sunday school is what we make of it. If it is poorly attended it is because you and I have "married a wife,

bought a piece of land," or some other excuse (these are recorded in God's word) and have quit frequenting the house of God and turned it over to the bats and owls.

Please do not offer me your excuse! Talk to God about it. I'm not to judge you in the last great day. And, thank God, you are not to judge me. This great "I am," with whom we have to do knoweth our frame. He also knows that the laws of gravitation hold good in all spiritual realms. The boot-legger's car attracts liquor lovers like water attracts the duck. Then, too, there are certain houses and streets and byways that attract craps shooters and poker players and adulterers. In other words, we naturally gravitate to the objects of our affections. That's why the saints of God talk about heaven; the City of God; the New Jerusalem. That's why they love home, the church and Sunday school. Let's attend somebody's Sabbath school next Sunday.

Preaching at 11 o'clock and song service at the evening hour.

Chas. Sargent.

Miss Maggie Searcey visited with relatives and friends in Dallas several days last week.

"FORTS"
for
TOKYO and BERLIN
That's What We're Doing to
BLAST the AXIS!

Reddy: That's the way we're spending our wages.

You: What are your wages, Reddy?

Reddy: Your electric bill, the small sum you pay me for the jobs I do for you daily.

You: But just how do you convert them into forts to send over Berlin and Tokyo?

Reddy: Like this: Fifteen cents out of every dollar you turn over to me my company turns over to the federal government as taxes—which in terms of the entire industry means over 400 million dollars. And that's ENOUGH TO BUY MORE THAN 1,500 GIANT BOMBERS—at a quarter-million each!

You: That's really blastin' 'em!

Reddy: Altogether from every dollar you pay us, we pass along 8¢ more for local and state taxes—which totals about 24¢ out of every dollar.

You: But how do you manage?

Reddy: By business management under free enterprise—that's how!

THAT SYSTEM is supplying the brains, the know-how and manning the production lines that turn out the 1500 Forts!

LEARN HOME FIRST-AID

Knowledge of first aid, while essential at all times, becomes of supreme importance during war. If one really requires a physician, a physician should by all means be called, but he should not be bothered or harassed by trifles.

Everyone who can, is urged to enroll in the American Red Cross First-Aid Courses. These courses are practical, well organized, expertly developed, and well suited to meeting emergency first-aid needs.

To Provide More Soap

An increase of about 9 percent in the nation's soap supply, without using additional fats and oil, is expected under adjusted soap formulas recently prescribed by the War Food Administration. The formulas call for a larger use of domestic non-fat materials, principally rosin, as a substitute for fats.

Can Still Send Some Gifts

Christmas packages for soldiers overseas which have been returned to the sender because of an improper address still may be mailed according to the War Department. The original wrapper, bearing the indorsement, "Return To Sender, Insufficient Address," must be submitted with the correctly addressed package to prove that it originally was mailed before the October 15 deadline. Christmas packages also may be mailed to soldiers going overseas between now and Christmas. When the sender presents his package to the post office for mailing he must bring the Change of Address Form containing the APO address to which the package is being sent.

Get Points To Send Food Overseas

Persons who wish to send a package of rationed food overseas may get the necessary points by applying to OPA. Those who wish to have the dealer from whom the food is bought arrange for ship-

ment, may make the purchase without giving up ration stamps, since OPA will replace the point value of the foods the dealer exports. When extra ration points are issued, a copy of the Export Declaration or a Certificate of mailing must be turned over to the OPA office which granted the points.

Return Ration Books In Mail

Finders of lost ration books may drop them in the mail without pre-paying postage or enclosing them in envelopes, according to OPA. On payment of a five-cent postage due charge, the Post Office Department will return the lost book to the person whose name and address appear on the cover. When the addressee cannot be found, the post office will forward the book to the nearest rationing board.

To Collect Old Clothing, Rags

A nation-wide collection campaign for discarded clothing, used fabrics, and rags as being planned to meet heavy industrial and military requirements for wiping cloths, according to WPB. Officials emphasized that they do not want clothes that the owner will wear again or can use. The discarded clothing also will be used for local relief and relief and rehabilitation purposes abroad. Materials collected will be separated and classified for best possible use. It is expected that the collection program will be handled by individual states and communities.

Urges Farmers To Collect Scrap

In support of the all-out "Victory Scrap Bank" drive to collect iron and steel scrap, Marvin Jones, War Food Administrator, has urged farmers to comb their farms for all possible scrap. Pointing out that next to industry, the

greatest source of heavy scrap is the American farm. Mr. Jones said, "American farmers are doing the greatest food production job in history. However, if we are to insure ample steel for wartime production, millions of tons of scrap iron and steel must come from our farms in the next six weeks."

Tire Help For Truck Owners

Truck Owners who have tire rationing certificates but are unable to get tires because local quotas are used up and those operators unable to get ration certificates because of depletion of quotas soon may get help through the Office of Defense Transportation. Instructions on procedure for reporting such cases soon will be issued to the 142 ODT district managers. After cases are reported ODT will clear shortages with the Office of the Rubber Director in an effort to get the necessary tires.

Corn Prices Set

Maximum prices for white ear corn are 2 1-2 cents per bushel less than shelled yellow or white corn of like quality and grade, under a recent OPA ruling. White snapped corn is 3 1-2 cents per bushel less. The Commodity Credit Corporation will continue to pay the corn producer for any advances in the minimum price of corn, through December 31, 1943.

Report On Third War Loan

Final figures for the Third War Loan showed \$18,943,000,000 worth of bonds sold. Under Secretary of the Treasury, Daniel W. Bell reported recently. Sales to individuals, the first objective of the drive, exceeded the five billion dollar quota by 377 million dollars.

Extra Ration Points For Some

Persons who reside in remote areas and are unable to obtain their minimum nutritional requirements of fresh milk will be eligible to receive extra ration points to purchase additional amounts of rationed meats, fats, and dairy products, according to OPA.

Use Synthetic Rubber For Elastic Thread

Synthetic rubber may eventually be used in garters, suspenders, foundation garments, and underwear. All restrictions on the manufacture of elastic thread made with synthetic rubber have been suspended by WPB until April 1, 1944.

Irrigate More Farm Land

War food production will be increased materially by 1945 through the extension of irrigation service to nearly 800,000 acres

Bright Corduroy

Corduroy in bright colors is smart for coat which can be used for different occasions, such as sports, street, or evening wear. The lapels and pockets of the coat shown here are cut crosswise to emphasize the wale or corduroy. Plain cotton is used to line the coat.

in wherever we are, and do our part.

Wishing again that the people at home could see and enjoy some of the nice sights that we boys have seen, I will take this means of wishing all my friends in and near Munday a Merry Christmas and a most prosperous new year. Cheerie-o.

Sgt. Alston M. Morrow. P. S.—The write up of August 12th, "What Is The State Guard?" by Capt. J. C. Harpham was well

written. Tell him to keep the good work going, and we will keep them flying. All the best 'til I see you all.

Mrs. H. S. Fatheree and daughter, Virginia, visited in the home of Mrs. Will Phillips over the week end.

Mr. and Mrs. C. A. Menges of Fort Worth spent several days last week with Mrs. Menges' father, J. W. Polson, and with other

relatives. Mr. and Mrs. Tom Martin of Fort Worth visited relatives and friends here over the week end.

Miss Patsy Ruth Kirk, a student in McMurry College, Abilene spent the week end here with her parents, Rev. and Mrs. Luther Kirk.

M. L. Barnard and Chan Hughes were business visitors in Wichita Falls last Friday.

Give NATIONAL WAR FUND

To carry on a great work of human kindness around the world, the National War Fund must have your support. Your contribution will go to the USO, War Prisoners' Aid, United Seamen's Service and many other international and local agencies approved by the President's War Relief Control Board. . . Give so that more will live.

Plan Now Your WINTER COMFORT

Lone Star Gas Service costs so little. But this is no reason why in these wartime days some thought shouldn't be given to its wise use. By planning ahead there are many little things you can do to eliminate waste and thereby get full benefit from the economy of whole house heating. The eight suggestions below are insignificant in themselves, but all together they add up to quite a saving over a period of months. But more important they mean the wise use of a fuel which is so important to Southwestern war industries.

HOW TO USE GAS WISELY FOR HOUSE HEATING

1. Avoid overheating. Keep the house temperature around 72 degrees.
2. Keep all heating equipment in good operating condition; keep it clean and free from all dust particles.
3. Flame on radiant-type room heaters should not be allowed to lick out top of radiants.
4. If you have a gas heater in your fireplace, seal the flue to the extent that the room heat will not go up the chimney, yet leave sufficient space for venting heater.
5. See that windows and doors lock tightly; if possible they should be weather-stripped.
6. Where unvented equipment is used, a small opening at the top of the window is recommended to help reduce "wall sweating." Window openings should be no wider than necessary for an ample flow of fresh air, otherwise they become heat wasters.
7. At night when windows are open in bedrooms, shut off rest of house to prevent temperatures from dropping so low that more fuel will be needed to build up warmth during the morning hours.
8. When properly used, insulation can reduce consumption of heating gas 20 to 25 per cent in one-story houses and 15 to 20 per cent in two-story houses of standard type construction. Insulation materials are plentiful.

FLOOR FURNACES ARE AVAILABLE

for you who can qualify under WPB ruling

Resting flush with the floor, the gas floor furnace takes up no room space. It is vented to carry off products of combustion, thus eliminating "wall sweating." It provides healthful, circulated heat. Space heaters are rationed by OPA. Let us help you.

LETTERS FROM THE PEOPLE

ALSTON MORROW WRITES FROM ENGLAND Somewhere in England, Sept. 19, 1943.

The Munday Times, Munday, Texas.

Dear Old Home Town Paper: Just to let you know that I received three of the Times this month. They are very nice to read when you are in some far-away country.

I can keep in touch with what is going on at home by reading your wonderful little newspaper, so by all means keep it coming.

I wish some of you poor people at home could see England. Boy! It is tough on all of you, as gas is rationed and you can't get to go where you want to, as in peace time. You are really missing something.

I would like to ask anyone who reads this that has a son or daughter in the service away from home to send the home town paper to them if possible. The newspaper from home, although it may be late reaching us, is next to a letter from home.

So many have written back describing England, so I won't undertake to. I will say it won't compare with dear old Texas in some ways. Of course, everybody thinks that about their home, wherever it is.

The people over here are as nice as you would want to know. I have never met a finer bunch—and the way they have stayed in there and pitched in this war is an inspiration to anyone. So let's all pitch,

Senior Report

The queens race is going on at a fast pace and every loyal Senior is doing his best. The amount of money for votes that has been brought in by the class members is growing by leaps and bounds. Other classes in high school are learning what stiff competition the Seniors can be.

In English IV the pupils have been wading through one of Shakespeare's works, "Macbeth." To many it is hard to understand and Mrs. Dowell is continually having to help someone. Students often get together in groups and discuss the days lesson before class.

Last Friday night was a busy night for the Seniors but they thoroughly enjoyed it. They attended the football game and afterwards had their class party. After all that a tired but happy bunch of people started home. However, it is rumored that a few had a hard time getting home directly. The Seniors hope that the room mothers and sponsors enjoyed the evening as much as they did.

All during last Monday the teachers were rushed by inquisitive students who wished to have their report cards. Nearly everyone had a surprise but it was rather pleasant for the grades were unusually high.

Senior Life
 During the bright beautiful day of June 17, 1927 the stork decided to leave his bundle at the home of Mr. and Mrs. Barton. The bundle grew up to be Sue, sometime known as Susie Q. She lives at the place she was born and has been in the band, chorus, pep squad and Jr. play.

Sue is a small quiet person in class but certain people say she can be a very lively and charming at times. In the Senior Class Sue is noted for her ability to scream and is in every program that is connected with murders or ghost towns.

For her future she has picked business. After graduation from M. H. S. Sue will attend some business college. Of course, it is rumored someone may change her

mind before college days come.

Sophomore News

The Sophomores elected their representative for the queen's race. She is Joan Chamberlain, so if you have some extra change, just drop it in a Soph. box. It will be appreciated very much.

The class went to Goree on a skating party last Thursday night. All reported to have had a swell time (not mentioning the falls some of us got.) We want to thank our room mothers and sponsor for making this party possible.

The Home Ec. II girls have just about finished with their dresses, which, by the way, are very nicely made.

The volley ball girls wish to thank Mr. Cunningham for ordering new suits for the team. We are going to win as many games as possible this year. We are proud of our football boys. We have a grand reason for being proud of them don't you think?

Junior News

You still have until Thursday noon to get in that vote for the Junior Candidate, Helen Haymes. There are boxes in town and, Junior, you can give your donations or votes. Vote for Helen.

The party in the Gym last Thursday night was thoroughly enjoyed by all who attended. The Juniors had as their guests Jesselyn Brasher, Jean Reeves, Lillian Cerveny, Clyde Warren of Goree, Bobbie Haymes, Buddy Gafford, Ben Bowden, Bonner Barton, Stephen Harrison, Aubrey Roden, Lyndol Smith, and W. C. Nance. The Room Mothers, Mrs. Mann Broach, Mrs. Fred Broach, Mrs. E. E. Lowe, Mrs. Lee Haymes, Mrs. H. B. Douglas, and the sponsor, Mrs. Dowell, were there. Many different games were played, and were immensely enjoyed. The refreshments served by the mothers were excellent, suiting the football theme which was carried out in the decorations.

The class would like, as a body, to again thank the sponsor and mothers and say, "We had a per-

FOOD FACTS...

PRACTICALLY ALL THE FOOD WE SEND TO RUSSIA GOES TO RUSSIAN SOLDIERS WHO HAVE KILLED MORE NAZI SOLDIERS THAN ALL THE UNITED NATIONS PUT TOGETHER.

Russia is UNABLE TO GROW ALL HER OWN FOOD BECAUSE GERMANY STILL HAS MOST OF RUSSIA'S RICHEST FARM LAND

OF EACH 100 LBS. OF FOOD SHIPPED TO RUSSIA...
 30 LBS. IS MEAT
 5 LBS. ANIMAL FATS
 25 LBS. IS WHEAT AND FLOUR
 17 LBS. IS SUGAR
 5 LBS. IS DAIRY PRODUCTS
 23 LBS. IS OTHER FOOD

Meet Your Farm Goals

Biological Class

The Biology class is studying the body and its functioning parts, specifically, the heart. Charts and drawings are gradually becoming more discernible. Mrs. Kirk doesn't have to look the second time to determine exactly what it is (if she can read the title).

Seeing a woman carrying a suitcase into the office set the Juniors on edge Monday morning. Rings—and more rings—are all the Juniors are thinking about. If a salesman doesn't hurry up and bring a few samples for them to choose from the lessons are going to be sadly neglected.

The Campus Buzzard

What is the matter O. H., sleepy? Couldn't be Mary Jo could it???

Ask Herbert if he knows why his car broke down last Thursday night?

Hulen and Dick have really been together a lot lately. What's up Doc???

People have been wondering where the "fire" was last Thursday night. Perhaps Bobby and Jesalyn can tell you. Maybe it wasn't a fire at all.

In spite of the fact that the Senior girls and the Freshman boys are in competition now, they still seem to get along just fine together. What happened after the pep rally Thursday night? I bet they know.

Jozelle and Bobby Boggs surely do get around! Haskell and Knox City. Know anything about it girls? Oh yes! Lets not forget Junerose. She also had something to do in that deal too. What's the matter Bobby? You're not letting Spann down, are you?

Dick was a happy man last week. We wonder why!!! So that's why he wanted to play Spur this year.

Everyone in high school is "sho" wishing they were in the eighth grade. Can't imagine why.

Jo Ann seems a little unhappy this week. Could it be possible that she's having trouble with Hardin-Simmons.

We wonder if Lola likes "merry mix-ups"? She was really in a big one Friday night.

Billie Lou was walking with Bobby Broach at the senior party, and Jesalyn was with Stephen when I flew over. What is the matter with Bobby and Jesalyn???

We wonder if something has gone wrong between those two.

Munday and Knox City Band Make Joint Appearance

Last Friday night the Munday High School Band and Knox City High School Band were combined and performed at the half for the Munday, Archer City football game.

Although the two bands were a little confused on some of the maneuvers they performed nicely considering that they had never practiced together. It is the plans of Mr. Owens to combine the two bands in a number of programs for the coming year.

The following Knox City band members took part in the band maneuvers: Sam Clonts, Otis Green, Jack Teaff, cornets; Ken Clonts, Donald Causey, clarinets; Rudolph Hackfield, saxophone; Henry L. White, Quincy Lee Mills, drums; Jimmy Craft, baritone; Paul Green, trombone; Ken Frizzeul, French horn, and La Rue Malouf, flute.

Junior Band Showing Progress

The Junior band is showing some progress now. It has gained some new members and has a membership of over 30. Mr. Owens states that he has some nice prospects for some good musicians. He hopes to present these juniors in a program before too long.

Eighth Grade News

Last Friday was a very happy day for most of the boys and girls in the 8th grade. We made good grades on our report cards. Only a few students made U.

We have a new teacher who has taken Mrs. Kane's place. Her name is Miss Dowell and although we miss Mrs. Kane we like Miss Dowell very much.

Last week we reviewed in most of our work, but this week we are going to start on new units in nearly every subject.

8A Grade News

Well, another week has rolled around and we are still studying hard. We got our report cards yesterday and nearly everyone made good grades—maybe not every one of us, but we hope to bring up our low grades next six weeks.

The 8th grade is presenting a chapel program Friday and we would like for any and every one to come. We hope it will be the best one since school began.

We expect to see every one at the Halloween Carnival, Thursday

night at the Grammar School auditorium. The 8th grade has something special in store for you.

Home Ec Club News

The girls of Homemaking I and Homemaking II met Friday to elect officers for the homemaking club. They are as follows: President—Betty John Beauchamp; Vice-President—Bobbie Boggs; Sec.-Treas.—Jean Ratliff; Parliamentarian—Oleta Norman; Reporter—Carolyn Hannah.

They have had a rummage sale with the Pep Squad and plan to buy equipment for the Home Ec. building with their share of the money.

Society News

Well, it seems that at last the parties have started. The Sophomores thoroughly enjoyed a skating party at Goree. There were quite a few bumps and bruises but I don't think anyone regretted it.

The Juniors had a very nice party in the gym Thursday night and were very glad to have some of the Seniors there and also several freshmen.

The Senior party was in the home of Jerry Chamberlain, after the football game Friday night. We had a chicken supper and guests from all the classes and Coach and Mrs. Bledsoe and Miss Baird. Everyone enjoyed it very much and send our appreciation to Jerry and her mother.

Sports News

At last the Munday Moguls won a game and what a game it was. The first half of the ball game the score was nothing to nothing, but in the last half of the game the Moguls really went to town on the Archer City Wildcats. The touchdowns were made by Buddy Gafford, who ran 45 yards for a touchdown. The next was made by Lloyd Haynie who intercepted a pass on the 30 yard line and ran for a touchdown. The extra point was kicked by Johnnie Spann, making the score 13 to 0.

Next week the Moguls play the Stamford Bulldogs who are undefeated, and are packed to win the conference. The Moguls hope to stop their victories, and you can bet they will try.

Boys who played in the Archer

City and Munday game were Buddy Gafford, Dick Owens, Joe Spann, John Spann, O. H. Spann, Zack Grey, Glen Lowrance, Herbert Stodghill, Lloyd Haynie, Kelson Tidwell, Aubrey Roden, Chas. Roden, Charles Massey, James Cadwell, Wallace Pippen, Hulén Montgomery.

6th Grade News

At the Halloween Carnival the

6th grade will have a food booth. Please buy your food from us. We were out Friday, consequently, we have no bond and stamp report. We will give you our sale of bonds and stamps for both weeks in our next report.

We are starting our art class Monday. Our home room teacher, Mrs. Carl will teach us.

We have a few new books for our library.

There's A Shortage of Doctors & Nurses!

EVERY COLD HELPS THE AXIS

Today every cold helps Hitler . . . not only by causing layoffs but by taking the time of doctors and nurses!

If you should catch a cold, treat it at once! Come to Eiland's for reliable cold and cough remedies. We always have reliable medicines.

When your doctor writes you a prescription, bring it to Eiland's to be scientifically filled. We have two registered pharmacists on duty at all regular hours.

Your doctor's prescription is our order, and we follow that order to the letter, giving every prescription our most careful attention. Years of scientific study go into prescriptions filled at . . .

YOU'RE SURE LUCKY BILL. YOUR MOTOR RUNS LIKE A TOP.

YOU JUST THINK IT'S LUCK. BETWEEN YOU AND ME IT'S MOBIL UPPERLUBE

Give Your Car This EXTRA Care!

Your car has to last. So give it every care that will cut down wear and protect the engine. Automotive engineers agree that most wear is caused by "dry starts" and internal corrosion from water vapor. So help protect the upper cyl-

inders of your engine. Put Mobil Upperlube in the gasoline. This reaches the cylinders as a vapor and its special ingredient produces an absorbed film on the metal surfaces. This film guards against scuffing wear during periods when the regular oil supply may be inadequate. It guards against corrosion from combustion moisture.

Peace Jobs Industry's First Concern In Postwar Planning, Sloan Declares

**Management Can't Plan Definitely
Until Government Defines
Broad Policies**

DETROIT, Mich. (IPS) — The major domestic postwar problem, that of providing jobs, must be met now by American economic, industrial, and political leadership, for this country cannot again afford to risk the stability of its institutions by permitting a 50 per cent use of economic resources with millions of people unemployed, Alfred P. Sloan, Jr., chairman of the board of the General Motors Corporation, declared.

Speaking here before the Economic Club of Detroit, Mr. Sloan said that there are two approaches to the problem — "stratosphere planning which attacks the problem from the top and is the planning of the spenders," and "sea level planning which attacks the problem from the bottom and is the realistic approach." He remarked that there is far too much of the former and too little of the latter — "too much Utopia, too little realism."

Need Definite Policies

Concerning the vital question of whether we can continue to maintain a rising national income with expanding job opportunities after the deferred accumulated demands for goods have been satisfied, Mr. Sloan said that five major points are involved: (1) The policies of government toward enterprise; (2) the intelligence with which enterprise conducts its affairs; (3) relations of business with labor; (4) the success with which inflation is controlled; and (5) foreign relations as affecting international commerce.

Although the only permanent solutions lie within the structure of sound economic policy and not in political action Mr. Sloan said, however, that government has the duty of laying down national economic policies which would permit the job to be done. This would mean such things as a definite stand now on the disposal of \$15,000,000,000 worth of government-owned war plants so that industry could, where possible, integrate such plants into its postwar planning, "thus placing them in productive use in the shortest space of time and expanding the number of job opportunities."

Encourage Flow of Capital

Another necessity, according to Mr. Sloan, is a revenue policy. As judged by its prewar structure, this was "a hodge-podge of inconsistencies resulting from emergency demands, compromises, and political expediency." In order to create jobs we must have a freer flow of capital into enterprise. "High taxes, such as existed in the prewar period tend to destroy incentive. It is no longer worthwhile to risk capital in new ventures or expand existing ones if

the tax collector takes too large a part of the profits while the investor assumes the entire risk of loss," he observed.

Mr. Sloan termed as "manifestly unfair" the existing national policy regarding the relationship of labor and business. "Both sides should be treated as equals in relation to their responsibilities and privileges," he said.

Reward Integrity

"Every right-thinking business man should support the principle of collective bargaining. But, recognizing the great gains in privileges labor is now enjoying, there must come a corresponding degree of responsibility for its acts. No man should be required by law or as a matter of national policy to pay for the privilege of having a job."

The "American way—opportunity to progress according to one's ability," and "contrary to the concept of some labor leadership" should be applicable not only to capital but to all workers, he declared. "Men are not created equal in their willingness to work or their ability to produce effectively. Those willing and able to produce more should be given the opportunity to earn more."

PETE DOWELL ENTERS MERCHANT MARINES

Pete Dowell, local farmer and mechanic, has enlisted in the U. S. Merchant Marines. He passed his physical examination last Monday and is waiting orders to report for training for a deck officer.

Mrs. Aline Koenig and son, David, of Wichita Falls returned to their home Monday after several days visit here with Mrs. Koenig's parents, Mr. and Mrs. W. C. Beavers.

Jim Reeves was a business visitor in Fort Worth and Dallas last Tuesday and Wednesday.

Mrs. Nell Hardin and Mrs. B. L. Blacklock were visitors in Abilene last Friday.

Rev. W. H. Albertson and A. U. Hathaway attended the monthly meeting of the Haskell Missionary Baptist Association at the Brushy Baptist church last Tuesday. They reported a very interesting and inspirational meeting.

Mrs. Grady Shytles, Jr., is visiting with relatives and friends in Brownwood this week.

Activities of Colored People

Mrs. M. E. Wellington of Wichita Falls was here last week and assisted in registering the colored people for their No. 4 ration books. She spent several nights in the home of Aline Johnson and Mrs. Eula Chanley, also visited with other friends. Mrs. Wellington will return to Munday next Sunday afternoon to be ready for the opening of the colored school on November 1.

Mrs. Nellie Wade and daughter of San Antonio were guests in the home of Mrs. T. V. Scott last week end.

A high day was held Sunday at the West Beulah Baptist church, with the pastor, Elder Meadows, in charge.

Twelve thousand labor disputes have been settled in the past year by the U. S. Labor Conciliation Service, members of the Texas Personnel Conference were told during their recent meeting at the University of Texas. Conciliation has been effective in handling labor-management problems for 30 years, they learned.

Directors.

"WHITE COLLAR" CLASS SUFFERS UNDER PLAN

ROANOKE, Va. (IPS) — The Treasury's proposed tax plan falls heaviest on the fixed income "white collar" workers and will add tremendous obstacles to a full employment after the war, J. Cheever Cowdin charged.

Speaking here before the annual meeting of the Virginia Manufacturers Association, Mr. Cowdin, who is chairman of the Government Finance Committee of the National Association of Manufacturers, said that "by relieving 9,000,000 voters from paying Victory Taxes and promising refunds exceeding additional taxes to 14,000,000 more voters, the Treasury proposals would effectively transfer this share of the burden to those earning between \$3,000 and \$5,000 a year."

LOCALS

P. V. Williams is visiting at points in the Rio Grande valley this week.

Fred Glover of Benjamin visited with friends here last Sunday.

O. L. Jameson of Knox City was here Monday, visiting with friends and attending to business matters.

Mr. and Mrs. Karl Harbin and children and Miss Byrd Gray, all of Abilene, were guests in the home of Dr. and Mrs. D. C. Eiland last Sunday.

Farmers Mutual Insurance Approved By Federal Officials

Benjamin Franklin organized the first mutual insurance company. B. N. Valgren, principal economist for the Farm Credit Administration, made a survey of farmers mutual insurance companies and found that they cover, in insurance, to three-fourths of its value considerably more than half of the farm property in the U. S. He pointed out that one was more than 100 years old and half of those now active began business more than 50 years ago. He states that they were signally successful and that there is a real need for more such organizations in many parts of the country and particularly in the South where the cost of commercial insurance on farm property is exceptionally high.

Also—Legal Reserve, renewable annually, family group insurance is available.
