KEEP ON... Backing the Attack! WITH WAR BONDS

VOLUME 39

MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, NOVEMBER 18, 1943

NUMBER 21

39 Registrants Are Reclassified

Thirty-nine Knox county registrants were re-classified by the local board at their meeting on November 9. They are as follows:

Class 1-A: Edwin A. Egenbacher, Alpha M. Moore, George L. Gaines, Marvin D. Bruce, Robert H. Lain, George H. Hudson, Carl A. Clark, Willie Wells, Homer J. Beard, Carl C. Kilcrease, Albert L. Johnson, Lenzy E. Smith, Robert P. Jones, Jessie E. Sorrells, Delton Gore, J. B. Barnes, James C. Sanders, Basil D. Reynolds, Loyd M. Hendrix, Loran E. Patterson, Bobby L. Hill, Virgil W. Dotson, and Waylen H. Bratcher.

Class 1-C: Olin W. Webber and Earnest L. Morgan.

Class 2-A: Cloyd W. Hewitt, James J. Stephens and Vincent E. Lane.

Class 2-B: Samuel E. Brown, August B. Lohman, James L. Jackson, J. O. McMahon, Robert W. Myers and Jack B. Abbott.

Class 3-C: Larkin D. Abbott, Clove N. Gordon and Carlton N. Struck.

Class 4-F: Roy L. Jones and Earnest E. Williams.

Nineteen registrants were reclassified at last Tuesday's meeting of the board. They are as follows:

Class 1-A: Sam A. Hart, James M. Morrison, Ezell Reynolds, Manuel E. Davilla, Jr., Delbert C. Adams, Rosalio Hernandez, Joe C. Butler, Pat R. Coursey and Somon L. Brooks.

Class 1-C: Samuel M. Rucker.

Class 2-B: Jack Fowler, Ester W. Cook, Frank W. Riley, Guy Trimble, Oscar B. Wolfe, James W. Spies, Sidney E. Seay and Robert B. Davy.

Class 3-C: Carl A. Clark.

\$6,003 Raised For War Chest

Raising more than \$1,100 above the county quota, people of Knox county responded to calls of the United War Chest funds in a splendid way. The drive was closed here Tuesday.

Harvey Lee, who acted as treasurer for the drive, sent a total of \$6,003.00 to headquarters Wednesday. The county's quota was \$4,886.00.

The county was divided into voting precincts, and W. R. Moore, county chairman, announced that each precinct in the county either raised or exceeded its quota.

"Everyone worked and responded so splendidly to this drive that it is impossible to give personal mention to anyone," Mr. Moore said. "You all seemed eager and anxious to do all you could in this worthy cause, and I deeply appreciate the cooperation of every citizen who worked and contributed to the drive."

Plans Complete For Celebration At Rhineland

Plans have been completed for the annual Thanksgiving celebration at Rhineland, according to statements of those in charge of arrangements.

The celebration will begin at 9 a. m. with a High Mass in the church. All who wish to attend this service are cordially invited and welcome.

A community and neighborhood picnic dinner will be served in the usual style at 12:30 Thursday, and supper in the evening at 5:30. These will consist of good country sausage, turkey if available, chicken and dressing and trimmings to round out a good meal.

The event will be closed with a dance in the evening at the Rhineland community hall. At the intermission of the dance, about ten o'clock, the customary bale of cotton will be awarded to someone.

The public is cordially invited to attend this annual celebration. There will be relaxation and fun for young and old alike, it was stated.

KNOX CHAPTER TO CONFER DEGREES

The Knox Chapter of Royal Arch Masons will hold a called meeting next Monday night for degree work. Officers stated that work will be done in the Mark Master's and Past Master's degrees.

All members are urged to be present at 7:30 for this work, and visitors have a cordial invitation to attend this meeting.

Stage Set For Fashion Show On Friday Night

The stage is all set for the fashion show and pie supper which will be given on Friday night, November 19, at 7:30 o'clock at the school gymnasium. This event is sponsored by the agriculture boys and home economics girls.

Before the pie supper, music will be furnished by the school band and choral club.

In the fashion show, latest styles in women's wear will be modeled by local men, among whom will be Jimmy Harpham, Sied Waheed, W. C. Cunningham, Don L. Ratliff, Dick Atkinson, H. A. Owens, Lee Haymes, Buell Bowden, E. A. Squires, Travis Lee, Cecil Fitzgerald, Carl Jungman, Harvey Lee, Coach Bledsoe, Riley B. Harrell, Ed Johnson, Clint Hawes, and Rev. Luther Kirk.

Admission will be 15 and 25 cents for all except the girls and women bringing pies.

Warning...

YOU MAY MISS YOUR MUNDAY TIMES!

Our mailing list will be revised in the near future, and our readers are urged to renew as early as possible after the time has expired, or better still, renew before your time is out.

Due to shortage of labor at The Times office, it will be impossible for us to mail out notices of expiration at this time. Due to shortage of paper, it is imperative that we cut down on consumption of newspaper whenever possible.

Therefore, readers whose subscriptions expire will be taken from the list soon after the time is out. Watch the date after your name—11-18-43 means that your subscription expires with this issue.

Auction Sale Has Lively Day

The Munday Livestock Commission Co. reports another big run of cattle and hogs for last Tuesday's sale.

Canner and cutter cows sold from \$3.50 to \$7; butcher cows, \$7.25 to \$8.25; fat cows, \$8.50 to \$9.50; butcher bulls, \$6.50 to \$7.75; beef bulls, \$8.50 to \$9.40; butcher yearlings, \$7 to \$8.75; fat yearlings, \$9 to \$12; rannic calves, \$5.50 to \$6.50; butcher calves, \$7 to \$9, and fat calves, \$9.25 to \$10.75.

Some stocker steer calves sold from \$10 to \$10.75.

COUNTY LAGGING IN NOVEMBER BOND QUOTA

Slow sales of War Bonds for November are causing the county to lag far behind in its November quota, W. E. Braly, county chairman, announced Thursday. Mr. Braly said the county's quota is set at \$43,000.00 for this month.

Keep Up With Rationing

RATION REMINDER
GASOLINE—In 17 east coast states A-8 coupons are good through February 8. In states outside the east coast area A-8 coupons are good through November 21, and A-9 becomes good on November 22.

SUGAR—Stamp No. 29 in Book Four is good for 5 pounds through January 15, 1944.

STOVES—Consumer purchases of rationed stoves must be made with a certificate obtained at local war price and rationing boards.

FUEL OIL—Period 1 coupons are good through January 3. Period 2 coupons become good November 30.

MEATS, FATS—Brown stamps G, H, J, and K good through December 4. Brown stamp L becomes good November 21 and remains good through January 1, 1944.

PROCESSED FOODS—Blue stamps X, Y and Z good through November 20. Green stamps A, B and C in book four good through December 20.

YOU TAKE THE HIGH ROAD

Knox County Club Women Hold Their Achievement Day Event At Benjamin

WILLKIE WILL SPEND FIVE DAYS IN TEXAS

Wendell Willkie, 1940 Republican presidential candidate, will eat Thanksgiving turkey in Texas midway in a 5-day Lone Star State visit.

Pursuing his quest for 1944 political trends, Mr. Willkie will visit Houston, San Antonio, Fort Worth,

climaxing his tour with a statewide rally in Dallas Nov. 26.

Houston greets the GOP standard-bearer with a full day Nov. 23 to include breakfast, luncheon and dinner, with afternoon and night receptions.

Mr. Willkie will move to San Antonio on Wednesday for a breakfast, conference with party leaders, whom he will meet also at luncheon and dinner. His only public appearance there will be an afternoon reception.

Dallas will be host on Thanksgiving with a breakfast, small luncheon and party conferences. Friday holds a party breakfast and public luncheon, following a meeting with Dallas County Republican Women's Club, host for an afternoon reception. Mr. Willkie's major public appearance will come that evening with an address in Fair Park Auditorium.

Saturday Mr. Willkie will visit Fort Worth for a luncheon, dinner followed by a public forum reception, and the TCU-SMU football game.

Simplify Gas Rationing

All "B" and "C" gasoline coupons issued after December 1 will be worth five gallons each, compared with the present value of two gallons for coupons of those types in the east and midwest and three gallons in the far west. This means "B" and "C" books will contain fewer coupons than in the past, but each coupon will be good for more gallons than before. No increase in the amount of gasoline allowed is involved.

Almanrode Attends Father's Funeral

Muncie Almanrode returned home last Friday from Livingston, Tenn., where he had been called to the bedside of his father, W. W. Almanrode.

Mr. Almanrode's father, who was 87 years old, passed away on Monday, Nov. 8. He had been a resident of Tennessee for many years, having reared his family there. Muncie reached his father's bedside several days before his death.

MISS LUCIE KING, COUNTY HOME DEMONSTRATION AGENT, ASSISTED BY THE BENJAMIN CLUB, WAS HOSTESS TO THE HOME DEMONSTRATION CLUBS OF THE COUNTY IN AN ACHIEVEMENT DAY PROGRAM, FRIDAY, NOVEMBER 5 IN THE ASSEMBLY ROOM AT THE COURT HOUSE.

It was the culmination of the club year's goal of "Eat it up, wear it out, make it do, or do without." Talent, ingenuity and skill were the highlights of the innumerable objects of arts and crafts on display.

The eight clubs of the county each had a booth in competition for ribbons awarded on Booth, Clothing and Handwork, Food, and Home Improvement.

Program for the day: Clubs met at 10 a. m. Each club drew for place and arranged their booth. Articles were limited to work done by club members during the present club year. A covered dish luncheon, provided by the several clubs, was served at noon, at which Mrs. J. W. Melton of Benjamin, gave the invocation. At 3 o'clock until ten the door were thrown open to the public and the need of praise was ample reward for work well-done, and a high tribute to the expert leadership of Miss King.

Mr. Dunkle, county agent, gave a most instructive demonstration on Home Made Chick Brooders, using his own finished product, which merits a blue ribbon for achievement.

Both Mr. Dunkle and Miss King took pictures throughout the day.

The judging and awards was by Miss Cathryn Sands, home demonstration agent, of Haskell; Miss Margaret Wilkerson, home demonstration agent, of Seymour; and Miss Annie Mae King, teacher of vocational Home Making, Munday.

Awards were as follows: Booth—Sunset, 1st; Brock 2nd; Truscott 3rd; Foods—Union Grove 1st, Truscott 2nd, Sunset 3rd; Home Improvement, Sunset 1st, Brock 2nd, Truscott 3rd; Clothing and Handwork—Vera 1st, Gilliland 2nd, Sunset 3rd.

Bomarton Couple Killed In Crash Thursday Night

C. B. Simek, 47, and his wife, 42, well known residents of the Bomarton community since 1909, were killed in an automobile-truck collision on the outskirts of Bomarton on Thursday night of last week.

Minor scratches and bruises were suffered by three of the couple's four children, who were passengers in the automobile.

Funeral services were conducted from the Bomarton Catholic church at ten o'clock last Sunday morning, with burial in the Bomarton cemetery.

Survivors are a son, Alvin; three daughters, Estelle, Charlene and Evelyn, all of Bomarton; Simek's parents, Mr. and Mrs. J. G. Simek, and Mrs. Simek's parents, Mr. and Mrs. Simon Bartos, all of Bomarton. In addition, Simek is survived by three brothers and three sisters and Mrs. Simek by four brothers and six sisters.

Musser Lumber Co. Is Purchased By Local Men

Local Yard Will Be Reopened Soon

A business which has been continuously operated in Munday for the past 38 years changed hands last week when J. M. Musser of Abilene, owner of the Musser Lumber Co., sold his Munday interests to E. B. Littlefield and Carl Mahan.

The Musser Lumber Co. is one of the oldest business establishments in Munday. The yard was established in 1905 by J. M. Musser for the W. C. Bowman Lumber Co. of Kansas City. In 1923, Mr. Musser purchased the Bowman interests in this section and incorporated the Musser Lumber Co. He established the local yard on the site where it now stands and it has been in continuous operation since that time. The yard is located on a part of the original townsite of Munday which was set by B. M. Musser and Uncle George Reeves, and is on the original lot set aside by these two men.

After establishing the firm, Mr. Musser resided here for a number of years. His original experience in the lumber business was with the local yard. A lumberman of many years' experience, Mr. Musser announced that he is retiring from the lumber business and is disposing of all his interests in this business.

Mr. Littlefield, who has been manager of the local yard for the past five years, will continue to be in charge of the business as co-owner and manager. He started his career in the lumber business over seven years ago, starting with the Musser Lumber Co. and coming to the Munday yard from Anson in April, 1939. Both Mr. Littlefield and Mr. Mahan state that the local yard will be re-opened in the near future. The yard will be stocked as completely as possible under present war-time conditions, and the new owners promise the most efficient and courteous service possible when the yard is again opened.

Announcement of the formal opening of the yard will be made at a later date. At the present time, Mr. Littlefield is still connected with the Musser Lumber Co., and is assisting Mr. Musser in closing out his business before again taking up his duties at the local yard. The firm will be re-opened under the name of Munday Lumber Co., it was stated.

Junior Red Cross Drive Is Closed

The Junior Red Cross membership campaign in the Knox county schools was closed on November 15, Merick McGaughy, county superintendent, said this week. Those in charge of the campaign were as follows:

Benjamin, Mrs. A. N. Boyd; Vera, Mrs. Maurine Parrin; Munday, Miss Toby Baird; Goree, Mrs. W. M. Taylor; Knox City, Miss Ruth Rice; Union Grove, Mrs. E. F. Branton; Brock, Mrs. M. D. Hardwick; Hefner, Mrs. Francis Atkins; Rhineland, Miss Georgette Claus; Truscott, Miss Leah Jones; Sunset, Mrs. J. S. Shannon; Gilliland, C. H. Kennamer.

Schools Of County Receive Payments

Knox county schools have received an additional \$2.00 payment on per capita grants, making a total of \$8.00 per capita this year, County Supt. Merick McGaughy said. Six dollars were received in September.

The schools last week received \$3,045 as half payment on the salary aid fund, based on probable allowances for the 1943-44 term. They have already received the first half of the 1943-44 salary aid payment, amounting to \$5,303 as based on last year's earnings.

RECEIVED AWARD

Mrs. W. N. Smith of Benjamin spent last week end in Lubbock, where she attended the Texas Tech homecoming-parents day football game and a special awards convocation at the college. Her daughter, Mary Lucile, a senior at Tech and assistant society editor of the Avalanche Journal, was awarded the Wilbur C. Hawk scholarship for best reporting done on the college newspaper at this convocation.

Farm Committeemen To Be Named Friday

Lieut. C. A. Layne Is Commended For Excellent Work

The following letter of commendation written by Col. H. F. Meyers, 405th infantry, was received by local relatives of Lt. C. A. Layne:

"I wish to commend 1st Lt. Layne, C. A. 327 Eng. and his command for the superior performance which they have rendered while associated with R. C. T. 405 for the past several months.

"With unlimited enthusiasm, energy, imagination, and resourcefulness, Lt. Layne and his platoon have performed promptly and thoroughly road reconnaissance, bridge repair work, road repair work, guide missions and combat duty.

"The numerous times this organization has been at the right place at the right time and accomplished their work in such a thorough manner has been a source of gratification to me.

"I consider Lt. Layne one of the most capable officers associated with me."

Early Mailing For Christmas Again Urged

With very little Christmas mailing being done, post office authorities are again urging local people to mail their Christmas packages in November this year to insure delivery by Christmas. "Mail in November does not mean mail November 30," they said.

Officials advise that all who can possibly do so should mail their gifts at once and mark them "Do Not Open Until Christmas."

"If gifts are mailed during November," they said, "it is quite possible that some will be delivered rather early. This can do no harm. But if gifts are mailed late, it is certain that many of them will arrive after December 25, and this will result in disappointment for both civilians and for members of the armed forces who are still in this country.

"Should heavy mailings continue into December, it will be impossible to give any assurance of delivery by Christmas. Transportation lines are heavily burdened with war materials and personnel, and these must have preference over Christmas gifts when facilities are limited. Gifts cannot be permitted to interfere with the transportation of arms and supplies to our fighting forces.

"The solution is: MAIL NOW!"

Dewey Struck Is Awarded Air Medal

Lt. Gen. George C. Kenney, commander of the Allied Air Forces in the Southwest Pacific area, has awarded the Air Medal to S-Sgt. Dewey W. Struck of Goree, according to an announcement from the Southwest Pacific Allied Headquarters on November 15.

The award was for meritorious achievement while participating in operational flights in the Southwest Pacific totaling 100 hours.

Earnest Ferrell Now In England

Word has been received that Pvt. Earnest C. Ferrell is now stationed in England.

He received his first training in Abilene, and later was transferred to Fort Devens, Mass., before embarking for foreign service. His wife and a sister reside in Wichita Falls, while his father, two brothers and two sisters live in Waco.

Mrs. Ferrell is the former Miss Clara Franklin of Munday.

COMPLETES BASIC ARMORED TRAINING

Pvt. Robert Cypert, son of Mr. and Mrs. I. R. Cypert of Munday, recently completed his basic training at Fort Knox, Ky., preparatory for combat duty with an armored unit.

Mrs. A. L. Smith and Mrs. Howard Collins were business visitors in Wichita Falls on Wednesday.

Triple-A community committeemen of Knox county will be elected on November 19, to serve from December 1, 1943 through December 1, 1944, according to August Schumacher, county AAA chairman.

Formerly, committeemen were elected in December and began serving on January 1, but since the work in connection with the 1944 food production program should begin in December, the election dates have been changed to allow the new committeemen to begin work a month earlier.

In addition to the community committeemen, delegates to a county convention will be elected. The county committee will be selected at this convention.

"How well the Food Program in this county is run next year depends to a large extent on the farmers who are elected to hold these committeemen jobs," Mr. Schumacher said. He continued: "The Triple-A committee in this county will handle the rationing and allocation of farm machinery, equipment, building supplies, and other agricultural materials, and facilities. It will issue farm livestock slaughter permits, handle the farm transportation program, including recommendations for the issuance of certificates for tires, off-highway gasoline and tractor fuel. These are only a few of the many important wartime jobs which the committee will handle in this county.

"Many of the farmers who become Triple-A committeemen must do so at a personal sacrifice. But the soldiers in Italy and in the South Pacific, and on all other battlefronts of the world, are making greater personal sacrifices. Their personal affairs have been pushed into the background by world affairs."

Anyone is eligible to vote in the committeemen elections who is participating in (a) the agricultural conservation programs under the allotment, soil conserving, conservation materials and services, potato or truck crop provisions; (b) Federal Crop Insurance Program; (c) Sugar Program.

County Agent Tells Of Farm Slaughter Rules

Farm families who have been operating as a "meat circle" or "club," can continue to slaughter their own meat without obtaining a farm slaughter permit and without exchanging points among themselves.

It's necessary to keep records of the division of meat, however, warns Mrs. Winifred J. Leverenz of the A. and M. College Extension Service. And, too, it is mandatory that one in the group has raised the animal which is killed. These families... or others who slaughter animals they raised themselves... can store this meat in freezer lockers without giving up ration points to the locker operators. The same is true if their own animals are custom slaughtered or if their own meat is cured, ground, or made into sausage, for use at home... no points need be given up.

Families also may consume meat without giving up ration points if they owned the livestock for a period of 60 days prior to slaughtering it or if the weight of the animal increased at least 35 per cent between the time it was acquired and the time it was slaughtered. Another requirement the producer must meet is to have resided on the farm which he operates for more than six months of the past year.

These rulings from the Office of Price Administration should encourage farm families to can, cure, or freeze considerable amounts of meat for their own use, Mrs. Leverenz believes. As specialist in food preservation she predicts a big increase in home conservation of meat this winter.

Regulations are entirely different for families who sell any meat. In this instance, the slaughterer must obtain a permit from his county USDA War Board and he must grade it, tag or stamp each cut with the grade and permit number, sell at no higher than legal prices, and collect the correct number of points for all meat sold or given away.

"What a Man Does For Himself Dies With Him— What He Does For His Community Lives On and On"

DEATH IN THE NIGHT

As winter approaches, fire losses soar upward, indicating that faulty heating installations are a prime factor in causing many dangerous fires. The National Board of Fire Underwriters has outlined a set fire prevention suggestions with the statement that safety from fire goes hand-in-hand with efficient heating.

In order to avoid trouble with heating equipment, the Board recommends precautions for everyone who operates a stove or furnace. First, the unit should be cleaned thoroughly every year and kept in good repair. In checking equipment, look for worn, broken or rusted parts and replace them. This check-up should include an inspection of smokepipes which may have become rusty or sagging. Any holes or open joints are dangerous, as sparks may fly out and ignite burnable material. If smokepipes are in poor condition, new ones should be installed and the Board recommends that they be placed at a safe distance from combustibles, or that such materials be protected with sheet asbestos or metal with an air space between it and the material to be protected.

Chimneys also should be checked once a year. Clean out the soot and look for cracks and holes through which sparks might escape. Additional precautions are: Place hot ashes in metal containers instead of wood or cardboard cartons; be sure papers and rubbish are at a safe distance from the heating plant; do not permit accumulations.

Everyone should recognize the need of special efforts in this wartime winter to conserve fuel and avoid preventable fires. Heating plant fires sweep with incredible speed through the heart of a house, often trapping and bringing swift death in the middle of the night to sleeping occupants. Now is the time to avoid this tragic fate in your home—before it is too late.

NATIONAL DISGRACE

The outstanding facts in the disgraceful coal situation are (1) that government agencies and government officials who had the sole power of deciding wage and hour problems in the coal mines, utterly failed to control four strikes; (2) that the coal miners callously disregarded union pledges of no strikes during the war emergency; (3) that the principal sufferers from government regulatory inefficiency and union membership disregard of no-strike agreements, are our armed forces and the people at home.

What a spectacle our nation presents to our enemies as well as our allies, when the government has to threaten to use the Army to perpetuate coal production. No excuse can be offered for the stoppage of work in the coal mines, which will renew the respect of the public for the men responsible for this type of sabotage in wartime.

In the words of Paul Mallon, "The condition must be accepted as an eye-opening example of the deficiencies of managed economy, the inefficiency of bureaucracy, and the difficulties presented by a revolutionary union movement against a sympathetic government during a desperate war to protect the bargaining freedom of labor and the individual."

THE FIFTH FREEDOM

One of the most eloquent of the rapidly increasing pleas for a fifth freedom is that of Dr. Nicholas Murray Butler, president of Columbia University, who says: "Freedom of individual enterprise must be added to the 'four freedoms to make the definition of freedom complete."

"This fifth freedom is in reality the cornerstone of the foundation upon which the other four freedoms must rest. It recognizes that the individual human body, the individual human intellect, and the individual human soul are fundamental—the moving and guiding forces in any true civilization."

"No individual should be looked upon as a member of a permanent class or group; every individual should be free to move about as he prefers, economically, socially, and politically; and he must be free to make the most of the opportunities offered him."

"It is to the people of these United States that this modern world may well look for convincing illustration of this fifth freedom. The Army private of today is the major general of tomorrow. He who begins life as a manual worker or as a clerk may, as we all know, come to wield large influence and authority as an administrator and organizer of men and industry. This is the secret of true progress."

"Given the fifth freedom, then the other four freedoms take their place as part of the life of every free man."

A SOLDIER ON POSTWAR PLANS

In view of the supposedly "far-reaching" postwar plans now coming out of Washington, it is enlightening to read a letter from a soldier stationed in North Africa and received by an Eastern newspaper.

This young man is, as he states, "in a position to observe at first hand the reactions of service men to the so-called 'cushioning' plan for demobilization recently submitted to the President by the National Resources Planning Board Conference on Readjustment of Civilian and Military Personnel." And, on the basis of this observation, he states emphatically that although such benefits as government-paid education, pension, unemployment insurance, etc., are commendable, the one question in every fighting American's mind is: "How quickly will I be returned to civilian life after the cessation of hostilities?"

As an overseas topic this question overshadows all else—every bit of news in fact is interpreted on the basis of the degree to which it will hasten "D" (for discharge day).

The men we sent off to the war are the same Americans who in peace days had jobs and were determined to keep off of doles. What they want is to come back to jobs of their own, and they are more concerned with this than with government-inspired relief. Naturally there will have to be certain benefits to our returning fighters. But it must be remembered that these men themselves have definite ideas on the subject of the longed-for civilian life.

The jobs they will want as civilians will be jobs of their own choosing in private industry. Industry has accepted the responsibility—in individual concerns and in industrial associations postwar plans are now being made to supply the needful jobs.

Government's place in these plans is to provide the economic atmosphere in which industry can go ahead with its production—to make all the things that will be needed. They, in turn, will mean jobs.

SIMPLIFY REGULATION—ENCOURAGE DISTRIBUTION

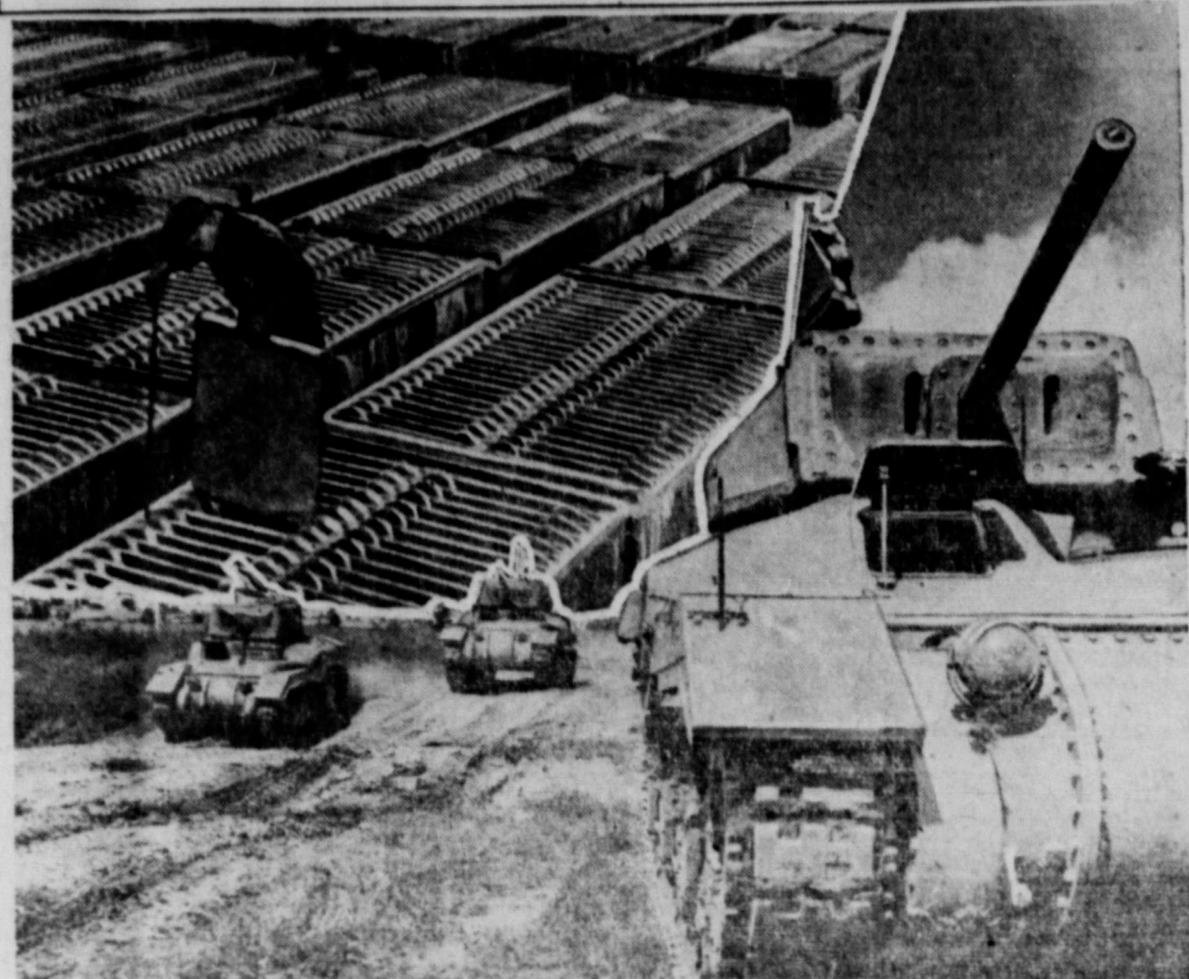

The president of the Independent Retail Meat Dealers Association of Portland, Oregon, says: "The public does not have the points for much meat after it has purchased butter and cooking fats. Meat markets are finding it quite difficult to move roasts and other higher point values. The butcher can't move his meat, and as a result the meat is backing up in the coolers. The markets are not buying from the packers, and before long this situation will back up to the farm and the farmer will not be able to sell his livestock."

There is bound to be controversy about the rationing and regulation of food. But certainly in a country like the United States, there is no necessity of anyone going meatless. We should constantly aim to make regulation less burdensome for the producer, the distributor and consumer. Only by that process will we encourage increased output.

WORTH CONSIDERING

"A thousand years ago, while kings and princes were quarreling over boundaries and thrones, millions of people were hungry. Today the statesmen and rulers are doing the same thing, and again millions of people are starving. Instead of now creating super-governments, and instead of planning more responsibility and more authority for government we may do better to strip government down to the essentials. Then keep it out of the way of the farmers, workers, engineers, scientists and business men who can, if not interfered with, produce food and prosperity and happiness for the people of the world."—Farm Journal and Farmer's Wife.

Metals Do Big Job in Undermining Axis Resistance

OUR neighbor to the north, Canada, in addition to supplying her youth to the armed forces of the Allies, is also proud of her efforts on the home front. Today she is considered the greatest producer of base metals in the world. Canada supplies 40% of the aluminum requirements of the United Nations, 90% of their nickel, 20% of their zinc, 12% of their copper, 15% of their lead, 75% of their asbestos, and 20% of their mercury.

Pictured above, top, is an operation in the production of lead at the great Trail, B.C., plant of Consolidated Mining and Smelting Co., where zinc, sulphur, gold, silver, tin, antimony and bismuth are also turned out. Here rows of thousands of lead anode castings are shown undergoing the process of electrolysis. This company is the largest non-ferrous smelter in the British Empire, employing 4,000 at the Trail plant alone.

Below, in illustration, are shown 30-ton Canadian ram tanks, mounted with six-pound guns which have proven their effectiveness as heavy armor defensive weapons. These tanks are made at the Montreal Locomotive Works, the second largest tank manufacturers in the United Nations.

Watch...

THE EXPIRATION DATE ON YOUR PAPER!

Due to restrictions on production of newsprint, we are forced to cut down on the numbers of papers being printed whenever possible.

It is not our desire to stop the Munday Times now going to our regular subscribers, so you are urged to renew your paper ahead of the expiration date in order to keep it coming to you. Should your name be removed from our mailing list, it might not be possible to place it back on in the future.

If the date 11-15-43 appears opposite your name, your paper will expire on November 15, 1943. Your cooperation in renewing before that date will be appreciated.

Feed Grain And Protein Situation Are Explained

R. O. Dunkle, county agent, has just received following communication from War Food Administrator, Marvin Jones, on the Protein Concentrate and feed grain situation.

Considerable confusion has arisen as to the protein concentrate situation as well as some of the other livestock feeds. This confusion is the result of a great deal of misinformation and rumors. The War Food Administration is endeavoring to handle these concentrates through the regular commercial channels. However, it has authorized Commodity Credit Corporation to direct the shipment of 20 per cent of all kinds of concentrates in an effort to take care of emergencies. The physical distribution of this 20 per cent is left in the hands of the trade unless an emergency should arise that would justify the War Food Administration stepping in to handle it. In that case, the 20 per cent would still be handled by the trade under the direction of Commodity Credit Corporation.

Certain safeguards have been instituted to prevent the holding of protein concentrates by speculators, such as the accumulation of large stocks. This should prevent the accumulation of more than 15 days' supply by anyone with the exception of livestock feeders who can stock 30 days' supply, and ranchmen who are permitted to stock their season's supply because of the necessity of getting this feed to their ranches or feed lots before they are prevented from doing so by the snow.

There is no regulation to keep a dealer from selling concentrates to anyone so long as he stays within these limits. Anyone wishing to purchase concentrates will do it in the same way he has always done it, and no certificate or permission is required. The total amount of concentrates this year will be greater than was used last year, although there will be less per animal unit than there was last year on account of the increased numbers of livestock. However, there will be about the same amount per animal unit as there was prior to 1940.

As to other feeds, our estimates

show about 3 billion bushels of corn, about 835 million bushels of wheat, 330 million bushels of barley, 1,150 million bushels of oats, 33 million bushels of rye, and 100 million bushels of grain sorghums. In addition to the feed produced in the United States we are importing wheat for resale for food; and in addition, private importers are bringing in oats and barley from Canada. Also, feed is being brought in from South America to the extent that the shipping situation will permit.

The feed situation will be tight but not desperate. Everyone should be discouraged from buying more feed than for his current needs. The crushing mills have only recently started up and some of them are still not in operation. They will be crushing soybeans, peanuts, and cottonseed throughout the winter, and protein will be available as it is crushed.

If everyone will take a reasonable attitude toward the feed situation, we will be able to take care of our livestock of all kinds in a manner that was normal up to 1940.

United States food production is up at least 50 per cent above that of 1917-18, AAA administrator B. F. Vance, revealed at a meeting at the University of Texas recently. Wheat acreage has risen from 1,554,000 acres in 1923 to 3,424,000 acres in 1942; rice acreage from 145,000 acres to 392,000 acres; peanuts, from 122,000 acres to 896,000 acres.

Peace and friendship with all mankind is our wisest policy, and I wish we may be permitted to pursue it.—Thomas Jefferson.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN — "It has been well said that procrastination not only is the thief of time, but frequently the thief of health and life," Dr. Geo. W. Cox, State Health Officer, said today. "Indeed, medical records in doctors' offices and hospitals prove that many persons die not because they are victims of disease, but because they do not receive early diagnosis and prompt treatment for their condition. An outstanding example of this fact is the great number of deaths from tuberculosis that could have been prevented."

"Tuberculosis is a powerful enemy, no matter what its stage, but the fact remains that early discovery and adequate treatment offer the best opportunity for cure. If the patient upon being told that he has tuberculosis cooperates fully with the strict regimen and discipline outlined for him, the disease can usually be overcome." Dr. Cox said that in line with some of the other major killers,

Dr. Cox said that in line with some of the other major killers, "Tuberculosis is a powerful enemy, no matter what its stage, but the fact remains that early discovery and adequate treatment offer the best opportunity for cure. If the patient upon being told that he has tuberculosis cooperates fully with the strict regimen and discipline outlined for him, the disease can usually be overcome." Dr. Cox said that in line with some of the other major killers,

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
for Coughs, Chest Colds, Bronchitis

tuberculosis is insidious in its approach. Acute pain and discomfort are absent usually, and the symptoms are so comparatively mild that the patient is thrown off guard and considers them of little importance. Herein lies the real slaying ability of tuberculosis.

"The symptoms which, singly or in combination, demand an immediate checkup by the doctor are easy tiring, a persistent cough and continued loss of weight."

"While it is true that any of these symptoms can be present without the patient having tuberculosis, this is no reason to imagine that such is the case. Therefore, if one is suffering from any of these manifestations, the only sensible and safe thing to do is seek the advice of the family physician at once," Dr. Cox warned. "If such a course is pursued, and the condition turns out to be not serious, nothing has been lost. On the other hand, if tuberculosis is discovered, the patient by doing the wisest possible thing has probably saved his life."

Gems Of Thought

Contentment is true riches.—Dillwyn.

Contentment is a pearl of great price, and whoever procures it at the expense of ten thousand desires makes a wise and a happy purchase.—Balguy.

You traverse the world in search of happiness, which is within the reach of every man; a contented mind confers it all.—Horace.

All power and happiness are spiritual, and proceed from goodness.—Mary Baker Eddy.

The occurrences that come to a man are the fruit of his own character.—Emerson.

The noblest mind the best contentment has.—Spenser.

Junior Report

The speech class is going to present a program each Friday in class. Officers were elected last Friday and are as follows:
 President—Toby Lane.
 Vice-president—Leo Koenig.
 Secretary—Radene Hutchens.
 Program Chairman—Johnnie Williams.

We are glad to have Brother Griffin back with us in American History. He reports a favorable trip to conference.

We think everyone enjoyed the chapel last Tuesday very much. Two girls from Holliday entertained the audience with dancing and piano playing. Also two plays were presented and a few songs were sung.

Sophomore Report

The Sophs are all here again this week. One of our class members is leaving for the big city of Fort Worth. She is Joy Wilson. We wish you lots of good luck and we hope you meet lots of new friends in your new home, Joy.

In biology this week, we are studying Morphology?? We are all planning on learning more about plant and animal life and structure.

Our English class is going to debate this week and everyone is trying to get information for the battle of wits. We are learning to write social letters.

In our world history class we have just gotten rid of Alexander when up popped Julius Caesar. We have learned several pointers on these great men. Some of the boys in our class have about decided to join these famous men in the hall of fame.

Sports Report

The boys and girls are patiently awaiting the time when their Tennis shoes will bounce in and yell, "Let's play ball!" We are planning on having a good volley ball and basket ball team.

Our coach, Brother Griffin, has been gone a week and we are glad to have him back in the fold again.

Senior Life

Born on January 23, 1928, Bobby Rhoades Allen grew up to be a nice looking boy admired by all the girls, especially a certain platinum blonde in the Freshman class.

Rhoades was born on the Hill Allen ranch ten miles southeast of Goree and at the present time still resides there. He received his first five years of schooling in Brushy then went to Throckmorton for two years, later joining the Senior class in the Freshman year, where-in he has been a faithful member ever since. He was president of our class during its Junior year.

Rhoades is known to all his friends as a swell pal, being always willing to help anyone. He is a very outstanding basketball player, having played ever since entering school here.

When we all became acquainted with Rhoades he was rather timid and bashful at times but now he is really overcoming this habit. Could

a certain telephone operator have any influence?

Outstanding favorites are:
 Sport—Basketball.
 Teacher—All.
 Girls—Blondes.
 Hobby—Collecting and drawing airplane pictures.

After finishing high school, Rhoades plans to attend John Tarleton College with his classmate, Gaylon, then he wants to join the Army Air Corps when he will become a commissioned officer. Good luck from the Senior class to the future Lieutenant Rhoades Allen.

Senior Report

The Senior class has been buzzing around with excitement ever since last Friday, when we had the honor and privilege of selecting our graduation invitations. Frances has also been buzzing around trying to collect the two dollars deposit for the invitations from us Seniors.

It seems all of us enjoyed the Armistice Day program which was presented last Thursday. Several characters in one of the one-act plays were members of our class, and we are very happy to announce that some of them might even be heading toward winning the academy award in acting. We could doll Cleta up in pig-tails and a short skirt and send her to Hollywood, posing as a little girl, couldn't we?

We are indeed glad to have Bro. Griffin back with us after his absence last week. Naturally this means more work on us poor seniors, especially when it comes to these speed tests in typing and hard government lessons.

We had a short quiz in English last Monday, but it seems that every one made excellent grades. Well, it was real easy!

We have been working in the laboratory and preparing some very interesting experiments this week during chemistry class.

T. W. Templeton and R. V. Burton of Benjamin were business visitors here Tuesday.

Don L. Ratliff was a business visitor in Bowie the first of this week.

Miss Patsy Ruth Mitchell of Spur visited her parents, Mr. and Mrs. A. H. Mitchell, over the week end.

Mrs. Leon Partridge of San Diego, Calif., is visiting in the home of Mr. and Mrs. E. M. Al-manrode. She is recuperating from a major operation which she underwent at the Knox county hospital, and will remain here for several weeks.

Mrs. Byron House and Mrs. Burns Ray of Benjamin were business visitors here last Monday.

Tax Collector-Assessor E. B. Sams and uncle A. H. Sams of Benjamin were business visitors in the city Monday.

BOMBS BOOST BUSINESS

DURING THE MONTH WHEN THE GERMAN ARMY CAME CLOSEST TO CAIRO, MORE STUDENTS ENROLLED WITH INTERNATIONAL CORRESPONDENCE SCHOOLS IN EGYPT THAN EVER BEFORE.

PROBABLE EXPLANATION—DEMAND FOR TECHNICAL TRAINING INCREASED BY MOUNTING IMPORTS OF AMERICAN MECHANIZED EQUIPMENT.

OLD BOOTS WERE AMERICA'S FIRST MAIL BAGS. THE SOLES WERE FASTENED TO THE WALL AND MAIL WAS DEPOSITED IN THE ROOMY BOOT LEGS.

ENTERS COLLEGE

Thomas J. Cloud, 19, son of J. L. Cloud, route two, Goree, has arrived at Iowa State Teacher's College at Cedar Falls for a course of Army Air Force instruction lasting approximately five months prior to his appointment as an aviation cadet in the air forces.

During this period he will take numerous academic courses, as well as elementary flying training. Upon completion of the course he will be classified as a pilot, navigator or bombardier and go on to schools of the flying training command for training in these specialties.

A Town With Ideas Is Albert Lea, Preparing Its Postwar Plans Now

ALBERT LEA, Minn. (IPS).—A typical example of the sort of action that industry and a community working together can achieve is the way this town of 13,000 has tackled the job of post-war planning.

The townspeople and businessmen of Albert Lea put their heads together and found out just what to expect when the shooting is over. The town's eleven principal manufacturers and processing firms were asked for estimates of the amount of business they expected to do after the war, and the number of people they expected to employ.

All shopkeepers were questioned on the volume of business they anticipated. Door-to-door surveys established the purchasing power the community could expect, with housewives being asked particularly to list those things which they really intended to buy.

The survey results were tabulated at the University of Minnesota's School of Business Administration. And the town now knows that when victory comes it will do \$49,650,000 worth of business in the first post-war year, as against \$22,795,000 in 1940. It knows just how many people are going to buy new cars, refrigerators, and furniture, and how many are going to build new homes. Most important, it has discovered that 593 new jobs will be needed when the boys come home from the war.

The problem of these jobs seems to be solved before it exists, since most employers, leaning to the conservative side in their man-

power estimates, found that the population plans greater purchases than were expected.

W. J. Swain of Goree was a visitor here Monday.

J. C. Campbell was in Dallas the first of this week, purchasing merchandise for his store.

Mrs. Earl Pruitt spent last Monday in Abilene visiting her mother, Mrs. D. C. Fritz.

Mr. and Mrs. Wallace Moorhouse of Benjamin were business visitors here last Friday.

Mrs. Dave Elland and Mrs. D. C. Elland and little son were business visitors in Seymour last Friday.

Mrs. Jimmy Harpham is visiting with relatives in Brownwood this week.

Mr. and Mrs. Levey Burton and daughter, Nancy, of Haskell visited relatives and friends here last Sunday.

J. C. Harpham, Eugene Michels and Johnnie Michels left last Sunday for Mason county to be there at the opening of the deer season.

DESTROYER-ESCORT BUILT IN 25 DAYS

NEW WORLD'S RECORD IN SHIP CONSTRUCTION

Beats World War I Destroyer Time of 45½ Days — Bethlehem Set Both Marks

Has Large Gun-Power for Both Offensive and Defensive Service; Equipped for Surface, Depth Bomb and Anti-Aircraft Combat

DE photo by U. S. Navy—cleared by Press Relations Office, U. S. Navy, Washington, D. C.

Destroyer-escort designed by U. S. Navy has wide range of fire-power and fast speed. DE Reynolds was built by Bethlehem-Hingham Shipyard in record time of 25 days.

Beating all prior records, the destroyer-escort Reynolds was completed and delivered November 3 to the U. S. Navy, by the Bethlehem-Hingham Shipyard just 25 days after keel laying.

The Reynolds is a hard-hitting, fighting unit with great fire-power and speed, a bigger, more powerful ship than the destroyer Reid, which held the previous production record of being built in 45½ days, during World War I. Bethlehem built both ships.

The Reynolds has terrific battle armament for surface, depth bomb, or anti-aircraft combat. Her main battery has guns mounted in three turrets which can revolve in a complete circle to follow a target, and can be fired by a trained crew with amazing accuracy and rapidity. Aft is a 40-mm. Bofors gun, each barrel capable of firing 120 rounds of 2-pound projectiles per minute. She has numerous 20-mm. Oerlikon machine guns with a potential fire-power of nearly 400 shells every 60 seconds. Also, along port and starboard rails aft of amidships are a flock of K-guns which can toss out the famous 300-pound "ash cans" which make it unhealthy for any submarine within hundreds of yards.

The Reynolds is, in fact, one of those powerful, swift, sea-panthers designed by the Navy to drive the Nazi subs from the Atlantic and

protect American convoys. She can deliver a terrific curtain of fire effective at 2500 yards against air or surface targets. Like some of her sister ships, she is one of Uncle Sam's contributions to the British fleet.

The first group of ships in the destroyer-escort class were built in 302 days.

The next group in this class were built in 206 days.

Now the Reynolds has set the mark of 25 days.

And she is but one of hundreds of warships steaming out of the shipyards of America to speed the day of Victory.

Granddaughter of Local Resident To Marry In Brady

Mr. and Mrs. James L. Lawlis of Brady have announced the approaching marriage of their daughter, Mignon, to Joe Barekman of Niagara Falls, N. Y., son of Mr. and Mrs. J. A. Barekman of Stephenville. The wedding will take place November 21, at the First Christian church in Brady.

The bride-elect is a graduate of the Clovis, N. M., high school, and attended John Tarelton College at Stephenville two years.

Mr. Barekman is a graduate of Stephenville high school and John Tarelton College, and later attended the University of Texas. A former flight commander at Brady Aviation School, he is now a test pilot for Bell Aircraft Corporation at Niagara Falls.

Miss Lawlis is the granddaughter of Mrs. R. A. Clements of Munday, who left today for Brady to attend the marriage ceremony.

County H. D. Clubs Hold Their Council Meeting Recently

The Knox County Home Demonstration Council met in the District Courtroom November 5. The roll call was answered by eight clubs. The minutes of last meeting were read and approved.

The Secretary-Treasurer gave the treasurer's report. Then the chairman of the various committees gave recommendations for the ensuing year. The exhibit chairman recommended that we have a county wide exhibit in 1944. The Expansion committee recommended that each club strive to have an increase in enrollment in 1944.

The recreation committee recommended that each club sponsor a community center for the encouragement of 4-H Club workers and to make a special effort to provide wholesome recreation for boys and girls of Knox county.

Marketing committee recommended that they make an extra effort to market more next year, and that they contact earlier to obtain more food.

The yearbook committee presented the plan for 1944 yearbook. A committee was appointed to help plan 4-H Club work to make it more interesting. The committee appointed was as follows: Mrs. C. C. Allen, Vera, chairman; Mrs. Omar Cure, Gilliland; and Mrs. J. B. Ferguson, Brook.

The chairman appointed the standing rules committee. They are as follows: Mrs. Marion Ryder, Gilliland; Mrs. J. C. McGee, Union Grove; and Mrs. Zoe Beck, Vera.

Four 4-H Club girls gave very interesting reports, trying out for Gold-Star Girl for Knox county. Those giving reports were as follows: Becky Bowden, Vera; Margaret Bell, Benjamin; Billy Saunders, Sunset; and Edith Ryder, Gilliland.

Jacqueline Marchbanks of Truscott and Ruth Jane Dento of Union Grove did not report. Other 4-H Clubs were not represented due to fact some schools were dismissed for cotton picking, some clubs did not meet due to schools being closed for rationing and still other clubs did not have girls eligible for Gold-Star girl. The candidates from each club were elected by the 4-H clubs. Each club having one candidate for Gold-Star.

The candidates for Gold Star Girls gave their reports before council and council elected the Gold-Star girl for Knox county. Edith Ryder of Gilliland was elected.

Paula Jean Allen, a bedroom demonstrator gave a very interesting report of her work.

ALPHA PHI PLEDGE

Miss Dixie Atkinson, daughter of Mr. and Mrs. R. D. Atkinson, is now wearing a pledge ribbon at Texas University, signifying her affiliation with this sorority. Pledges were announced by the office of the Dean of Women at the close of an informal rush period the first week of the winter semester.

Sgt. Riley and Betty Jo Brown Marry On Monday

Mr. and Mrs. S. O. Riley, formerly of Pampa who are now making their home in Munday, announce the marriage of their son, Sgt. N. E. Riley of Tyndall Field, Florida, to Miss Betty Jo Brown, daughter of Mr. and Mrs. Jess A. Brown of Borger.

The couple were married Monday evening in a simple but impressive ceremony read by Rev. W. H. Albertson, pastor of the First Baptist church, in the home of the bride's parents. The bride wore a gold colored suit of wool gaberdine with a blue blouse and alligator skin accessories.

Mrs. Riley has been attending business college in Oklahoma City for the past seven months. She is now employed by Fred M. Hammer, attorney-at-law, in Oklahoma City.

Mrs. J. R. Nelson returned home Wednesday from Amarillo, where she had been visiting with relatives for several days.

Mrs. Toots Earle spent several days last week in Fort Worth, visiting her parents, Mr. and Mrs. Tom Martin.

Mr. and Mrs. Joe Duke and little daughter, Jo Ann, of Bowie visited with Mrs. Duke's parents, Mr. and Mrs. A. B. Warren on Armistice Day.

The finest CHRISTMAS present you can give is one of Uncle Sam's WAR BONDS. Keep on BACKING THE ATTACK.

Shun Infection

Many of the more common ailments such as grippé, flu, colds which play so large a part in absenteeism are "caught" in crowds!

Coughing, sneezing and spitting in public places are not only objectionable to others, but they constitute a breach of public duty. If one must cough, sneeze or expectorate in public, it should always be done in a handkerchief or tissue.

Coughing, sneezing and expectorating in public, create a health hazard which would largely disappear if everyone would be more considerate of the rights and health of others.

FOR RENT—Brick building, formerly occupied by Smitty's Auto Supply. See J. C. Elliott. -19-3tp

BINDER TWENE—Available at Reid's Hardware.

FOR RENT—Modern 5-room house, good barns and 50 acres of land. Also 500 White Leghorn hens and pullets for sale. G. S. Dowell. 21-tfe.

NOTICE—We have several resident houses for sale. If you're looking for a house, see Jones and Eiland, Munday, Tex. 21-tfe

FOR SALE—New Perfection cook stove, and linoleum rug, both good as new. Also 4-wheel trailer for sale. M. A. Mitchell, at H. F. Barnes' old home place. 20-2tp.

FOR SALE—350 young white Leghorn hens. Prefer to sell all at one time, would sell half to one person. \$1.00 each. C. P. Baker. 1tc.

FOR SALE—Good laundry with 8 machines, water softener, boiler and other equipment complete. W. B. Hudson, Knox City, Texas. 20-4tp.

FOR SALE—Two lots in good location. See Irene Meers, Munday. 21-2tp.

LAKE CREEK TO HAVE THANKSGIVING PROGRAM

A program is to be given at the Lake Creek school house Thanksgiving night, November 25, beginning at 8 o'clock. Everyone is invited to attend.

A few short readings will be given by the children, after the scripture lesson and song. A short address on the subject of Thanksgiving will be given at the conclusion of this part of the evening's program. But, and if, this part of our entertainment has no special interest, our string band is always present to quell the evil spirits that might have come upon the King Seas of the earth.

Last of all, lunch is to be served at 9:30. Come and bring a well filled basket and let's have an hour's fellowship.

C. W. Sargent.

Mr. and Mrs. Edgar Beecher of Las Vegas, Nev., are here for a visit with their parents, Mr. and Mrs. J. O. Bowden and Mr. and Mrs. E. Beecher, and with other relatives.

Mr. and Mrs. Jeff Dean Bowden of Midland visited with Mr. Bowden's parents, Mr. and Mrs. J. O. Bowden, over the week end.

Mr. and Mrs. Chester Bowden and daughter, Marilyn Jean, spent the week end in Waco, visiting with Mrs. Bowden's sister, Mrs. O. B. Paulsel, and with other relatives.

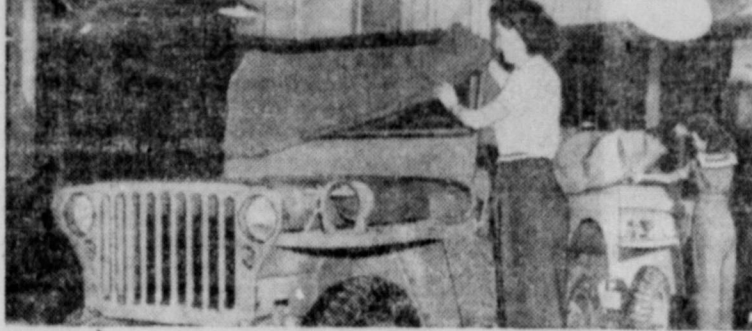

People, Spots In The News

ART OF TWO ERAS—The death-dealing barrel of Bofors anti-aircraft gun, flanked by figures of Italian art, is pointing over the terrace of King Victor Emanuel's palace at Caserta, Italy.

A CROP THEY KNOW WELL—A recent picture of Italian war prisoners harvesting grapes on a farm near Fredonia, N. Y. They receive an allotment of 50 cents per day, compared with the 25 cents-a-day pay they got in the Fascist army. Prisoners receive a fifteen-cent allowance of \$3.00 per month and the rest is accumulated to their credit until the end of the war.

BLITZ-BLINKERS—Moonlight glare on a scout car's windshield can reveal troop movements to the enemy, so engineers at Willys-Overland Motors, who build the "Jeep," have outwitted it with windshield as it rests in folding position on the Jeep's hood, thus eliminating glare. Here, women workers fit canvas covers on the scout cars.

Senior Report
Things aren't going so well with the seniors this week. In American history we have had nothing but tests all week. Mr. Mac sure has some nice grades for the old "Dooms Day Book."

Our Bookkeeping books are supposed to be up by Wednesday but I wonder how many will have their book ready. To get all the work done that we need to do, we'd have to be members of the "swing shift."

Several of the senior boys marched in the parade last Thursday on Armistice Day and you should have heard all that groaning which took place on Friday.

Junior Report
We were very proud of the junior boys who participated in the parade that the Home Guard had on Armistice Day. They all performed very nicely.

We are also proud of our good grades that we made on an American history test. Why some of us honestly made as much as nothing!!! We never seem to study the right thing; or should I have said that we never seem to study....

Some really marvelous book reports were produced by the members of this class last Monday. A few of them actually were concerning things that were included in the book that they read.

Sophomore News

We have just decided we had better get down and start studying for our six weeks examinations. You should just see some of our high grades.

We are thinking about having a Sophomore party.

Freshman News

As usual we haven't been studying when we should have been. We freshmen have found a new sixty-four dollar question... Who can give us an answer... Why do teachers insist on giving us such long and difficult assignments? I'm afraid that if there isn't some changes made, that there will be a message that "This is the straw that broke the camel's back." No kiddin', some of us look very tired and sleepy. However this may be caused from other reasons....

Something is likely to happen to these poor little freshmen if we do not begin studying our general science.

Seventh Grade News

In music we are learning a new "old" song. It is "Santa Claus

had several tests on these. We had a club meeting Friday and selected our following committee chairmen:
Neatness: Audrey Faye.
Good Manners: Margie Lee.
Good English: Dennis.
Safety First: Mildred Michels.
Best Citizens of the week were: Patsy Matthews and Donald Nix.

Sixth Grade News

We are glad that Kenneth McWhorter has moved back to Sunset and is again one of our class. He moved from here when in the fourth grade but says he is glad to be back.

Tommy F. Yost's uncle, Edgar Beecher, and family from California are visiting here.

Patricia Johnson visited in Oklahoma again Saturday.

Wanda Lois and Shirley Hester from Rotan visited in June Lowery's home this week.

Lois Reddell and Leo Hill were elected best citizens of last week.

Mrs. Shannon's son, Howard Payne, who is in the Air Corps in Amarillo is visiting her.

Fourth and Fifth Grade News

We have our Junior Red Cross quota and our sticker up. We want to have a 100 per cent membership by tomorrow.

Gerald Ray's uncle, Jimmie Harber, from Dallas is visiting him.

Betty Baker's brother from Sheppard Field visited here this week.

Gerald Ray Myers went to Wichita Falls Monday.

Shirley Ann Yost brought some autumn leaves and berries for our room today.

Helen and Ellen Colvin are riding in a new car now.

Second and Third Grade News

We were very proud of our queens at the carnival. Lois Ann Michels who was crowned queen of the grade school with a total of \$32.50 and Barbara Jo Johnson queen of third grade with a total of \$4.50.

Barbara Jo Johnson's aunt and two cousins, one a marine, visited her over the week end.

Mrs. Reginald Walling and children visited in Joy's home Sunday.

Roddy Griffin, who is stationed at Sheppard Field, visited in David's home.

Sue Ann visited in Wichita Falls Saturday.

Howard's uncle, "Chubby" Williams, visited in his home last week.

We are glad to have a new pupil, Tony McWhorter in the second grade.

Willie's niece, Linda Gayle McKinney, visited her Sunday.

First Grade News

We turned in 95 cents to the

AMERICAN HEROES

BY LEFF

The machine gun chattered defiance of the Japs. Their batteries tried desperately to silence it. In the end they did. When Private Peter Economopolos crept into the emplacement, the crew was dead. He manned the gun, resumed fire. Mortar shells lobbed toward him. The Japs had the range all right. Yet he kept firing until a shell wrecked the gun and wounded him. His country has recognized this Bataan exploit, awarding him the D. S. C. Will you recognize it with an extra Third War Loan Bond?

U. S. Treasury Department

Junior Red Cross.

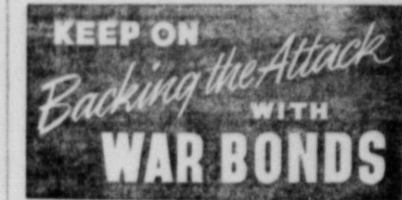

Ruth Barton tells us her house looks very pretty with its coat of new paint.

Loretta Floyd has a loose tooth. Her daddy was going to pull it but the string broke. Loretta is still wearing the loose tooth.

Jerry Grove's aunt of Dallas is visiting in his home this week.

Ted Bradley's cousin, who is in the Navy, is coming in on furlough

this week. We are working on a little Thanksgiving play.

REID'S HARDWARE

CHECK Your Property

It is much cheaper to keep your property in fine condition than it is to restore it after it has run down. At nominal cost, and on easy payments, Cameron's will put your property in first class condition.

DOES IT NEED...

- ✓ A new roof
- ✓ New siding
- ✓ New porches
- ✓ New floors
- ✓ Painting
- ✓ Wallpaper
- ✓ Wainscoting
- ✓ Windows and doors

Any of the above work, when needed to keep your property in good repair and maintenance, can be done without government limit. See us for particulars, materials and easy payments.

HAVE REPAIRS MADE NOW!

Don't put off needed repair and maintenance work on your property. You will save money by having it done now... at Cameron's.

EASY PAYMENTS!

What 75 Years Experience Taught Us ABOUT ROOFING

Having applied thousands upon thousands of roofs, and having sold the material for thousands more, we have learned that there can be no compromise on quality. Under normal conditions a good roof will last 10 to 20 years or more. The small saving in cost between the best roof and a poor one may mean the loss of 1/4 to 1/3 of the life of the roof in addition to the damage and inconvenience it causes in the meantime.

Application is just as important as the quality roofing. For assured roof satisfaction don't let anyone but an experienced roofer apply the roof to your property.

Our 75 years experience taught us to sell nothing but the highest quality roofing on the market.

WINTER IS HERE

Let us Protect Your Motor

With WINTER Mobiloil

Cold weather makes summer oil sluggish. On starting it doesn't reach moving parts in time to give full protection. Winter Mobiloil, flowing freely even at sub-zero, quickly reaches and protects moving parts. That's why you should let us fill your crankcase with Winter Mobiloil now.

Let us check your car over and put it in shape for winter driving. Our Magnolia service will please you.

BATTERY LOW?

Weak batteries give endless trouble in winter starting. Let us charge your battery now.

GET AN EXIDE!

If it's an Exide—you start!

We have a good line of accessories for your car. See us for your car needs.

Bring us your tires for repairing or recapping "the O. K. Way." This service will eliminate lots of tire worries this winter.

EDITORIAL

TIMES OF PEACE!

Once upon a time butter could be secured without the use of little red coupons, and meat was plentiful—Sunday meant long peaceful rides in the country and "News" meant social events instead of gory tales of Bataan—Corregidor!

It is of times such as these that we are all dreaming about—and praying for once more! Times when Johnny—and Harry—and Kenny—and all the rest—will be home again and can live a normal life once more, without the fear of guns, bombs, and hand-grenades—times before anyone had even heard of Adolph or Hirohito—time of peace!

It is for this that our boys are fighting—some losing their lives and some being disabled or disfigured for the rest of their days. What are you asked to do? You are asked to LEND YOUR MONEY! That is ALL! Some are doing so much more—and some are doing nothing at all!

For "Freedom's" sake buy an extra bond or two this month and every month! Bring back our "times of peace!"

The Value of the School Band

The students, school, and community need the band now in wartime as they have never needed it before. Its value cannot be measured by any one person or any one organization as it is a necessary and vital part of our entire war effort. The band has a job and a duty just like the armed forces, because the band is composed of soldiers, soldiers with a definite place in the war. These band soldiers serve the community, school, and students in the following ways:

First: Value to the Community
 1. As a Morale Booster.
 Our morale is as vital to this war as the sacrifices of the people as it represents the people and how they are willing to sacrifice to win the war.

The band can help to keep this morale high by the heart-warming and boosting effect caused by the sight of the band marching up and down the street to the rhythmic cadence of the big bass drum, playing the martial music that puts the people in the mood for 100 per cent co-operation. Moreover the concert puts the tired spirit to rest and soothes the over-worked mind in our time of worry.

2. To remind people of their duty.
 The band through bond rallies,

parades, and concerts keeps the people mindful of their duty as citizens of the United States of America and makes them remember to buy WAR BONDS AND STAMPS.

3. To show recognition for services rendered.

When our returning heroes are met formally by the good citizens of our community, the band can put real meaning into the greeting by paying them a musical tribute worthy of the best soldiers in the world.

Second: Value to the School

1. To provide Entertainment and create a spirit of school pride.
 In wartime the band has a full schedule of school appearances at school rallies, chapel concerts, and speeches to keep the students in the right frame of mind for the winning of the war and the winning of the peace. Furthermore the appearance of the band is an appearance of the school and the whole school shares the pride of the band.

2. To make the students willing to make sacrifices.

The members of all the bands have given up attending all out of town meetings including football games, clinics, and the state contests. If the band is willing to give up these things the students catch the sacrifice spirit and are willing to give up that piece of candy or coke to buy War Bonds and Stamps.

Third: Value to the Student

To the student who has participated in the activities of the band, the marching, discipline, co-operation, and the actual musical ability developed will be of great value to him or her in any branch of the service he or she may choose.

All points considered, the person who was in the band will make a fine, loyal, American soldier completely capable of adapting himself to any situation in which he finds himself.

The obligations of the war-time band are many; the rewards are few, but the school must carry on and they will through every possible channel until complete victory is won and our boys come home.

Because "The government of the people, by the people, and for the people shall not perish from the earth!"
 GOD BLESS AMERICA!

Senior News
 Last week the Seniors were grateful for a day off from school to rest their brains. However, the

Young Army Doctor, in One Man Show Puts Alger's Malaria Germs on Run

Major W. A. Oille, a former Toronto doctor, now in the Canadian Army, is shown above as he inspects an Algerian well for the dreaded malaria germ. His skill and persistence in fighting this scourge has materially reduced the toll of deaths from malaria in this section. At right he is shown prescribing treatment for an Arab child suffering from malaria.

DREADED by the native population which is powerless to combat it, and also by American and Canadian troops stationed there, malaria in Algeria is being whittled by the medical skill and determined effort of a Canadian Army doctor. 34-year-old Major W. A. Oille, of Toronto.

Research-minded Major Oille has branched out in his work as malaria control officer at a Canadian general hospital to serve the health interests of the Arabs, among whom the infant mortality rate due to malaria is as high as 80 per cent yearly. Medical practitioner in Toronto before the war, Major Oille came to Britain in August, 1940, and served continuously on the staff of a Canadian hospital. In May, 1943, he proceeded on command to a London school of tropical medicine and gained in knowledge which today he is putting to practical use in Algeria.

Achievement tests taken in English show that they have not been working hard enough. It seems that the Seniors have an unusually low rating in simple grammar.

In English IV the students studied the Reader's Digest and worked the exercises in the school section. Its always a pleasure to have the Digest for it contains so many things of interest for the class.

Quite a few of the Seniors are making plans for the pie supper Friday night. If Mr. Owens, senior sponsor, is to be the belle of the county, the supper is an event few would miss. And then, we are sure Mr. Cunningham models evening gowns just beautifully.

The Seniors congratulate Bernice Douglas on being elected football queen. The boys could not have made a better choice.

Junior News
 Another honor was given to the Junior class when Bernice was elected football queen. We're proud of her and are sure she's happy over it, even though she couldn't make a speech.

The class play has been ordered and will be here any time. We're all waiting eagerly for it to come so we can get started on it.

Senior Life

This week we take up the life of the editor of our school paper, Jerry Chamberlain. Jerry was born on September 1, 1926 here at Munday and has been with the class since the first grade. She has been in the band for almost four years and was in the Junior play. For three years she was the duchess of our class.

When questioned about favorites she replied, "I am very fickle, which is often said of blondes. Therefore being fickle I have no favorites. I like all colors, any music, and have many ambitions but no certain one." Jerry is a very friendly person and therefore is well liked by everyone. She happens to possess beautiful blonde hair that is the envy of the other girls.

After graduation Jerry plans to attend the Texas University at Austin.

Society News

The Vocational Agriculture boys and Homemaking girls are planning a pie supper for Friday night November 19, in the auditorium. All girls are asked to bring pies, which will be auctioned off to the highest bidder. Part of the program will be a style show featuring the latest thing in women's clothing presented by the businessmen of town.

Last Thursday night the school students as well as the adults and out of town visitors, enjoyed a bon-fire on the high school campus.

SA News
 We all enjoyed Armistice, Thursday, and also the parade and

SB had. It was very amusing. We've had many tests this week, in which we've all made well.

SB News

We had our assembly program last Friday. We thought we did very well and we hope everyone enjoyed it also. Miss Dowell will be out of town until Thursday. We surely will miss her.

Mrs. Chester Bowden is teaching in her place and we think we will enjoy her teaching very much.

Last week we told you about how much money we had made for the P. T. A. This week we will tell you the members are secured. They are: Mrs. Chester Bowden, Rev. and Mrs. W. H. Albertson, Mrs. Otis Simpson, Dr. R. L. Newsom, Miss Leona Keel, Mrs. Erin McGraw, Mrs. S. A. Bowden and Mrs. Yarbrough. We hope to get more members.

Seventh Grade News

The Seventh grade students have been very busy with the play that they are to give Friday. The name of it is "Wildcat Willie Buys a Bond." We invite all of you to come, and we hope to please you so that you will want to come again.

The Seventh grade had \$130.30 in stamps and bonds last week.

We were sorry that Mr. Bledsoe and Miss Dowell were not here Monday, but Mrs. Chester Bowden and Mrs. Douglas were excellent substitutes.

Sixth Grade News

We have a new pupil. Her name is Marjorie Lou Campsey.

Sara Beth Matthews and Patsy Whinton moved and quit school last Friday.

Our bond and stamp report is \$4.60 for this week.

HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

Mrs. J. E. Cure returned recently from Abilene, where she visited her son, Elmo Cure and family several days.

Mr. and Mrs. Ed Jones were business visitors in Seymour last Monday.

Mrs. J. R. Manly underwent a major operation at the Wichita Falls clinic hospital on November 8. Her children have been attending her bedside since then, among whom is Larking Manly of California.

Mr. and Mrs. Elkin Warren are announcing the arrival of a new daughter, who was born in a Dal-

las hospital on the 14th.

Mr. and Mrs. Farris Mobley had as their guests last Sunday, Mr. and Mrs. I. N. Mobley of Dundee, Chester Mobleys of Bomarton and Mr. and Mrs. Ozro Parks of Seymour.

Pfc. Geo. D. Jones of Amarillo spent the week end with his parents, Mr. and Mrs. Dibriel Jones, and with other relatives.

Mrs. Roy Jones, Elder Ed Brown and Mrs. Brown spent the week end in Dallas with relatives.

Mr. and Mrs. E. E. Trimble and children have moved to the plains, near Southland, to make their home. They will be engaged in farming there.

Bill and Larkin Taylor of

Brownfield visited in the Ross Bates home the first of this week.

Miss Lucille Petrus visited relatives and friends in Wichita Falls last Thursday.

CARD OF THANKS

We wish to take this opportunity of expressing our thanks and appreciation to our many friends for their many deeds of kindness, also for the beautiful floral offerings during the recent illness and passing of our loved one. May you, too, be surrounded by such loyal friends when your hour of sadness comes.

Mrs. A. J. Stratton and children and other relatives.

Attention PLEASE!

Uncle Sam thinks so much of truck and tractor mechanics, both in the armed forces and in the defense plants, that there are too few left to keep our farm tractors going.

To those of you who will need parts and labor in getting your machinery ready for the 1944 crop, it would be wise to get ahead of the January rush.

It will be impossible for our mechanics to handle a large amount of overhaul work in a short time. Please see us now for overhaul estimates.

For sale—one 3-disc Ford plow and one 2-bottom Avery moldboard plow.

Broach Machinery Company

Munday, Texas

For Freedom's Right!

FOURSCORE and seven years ago our fathers brought forth upon this continent a new nation, conceived in Liberty, and dedicated to the proposition that all men are created equal."

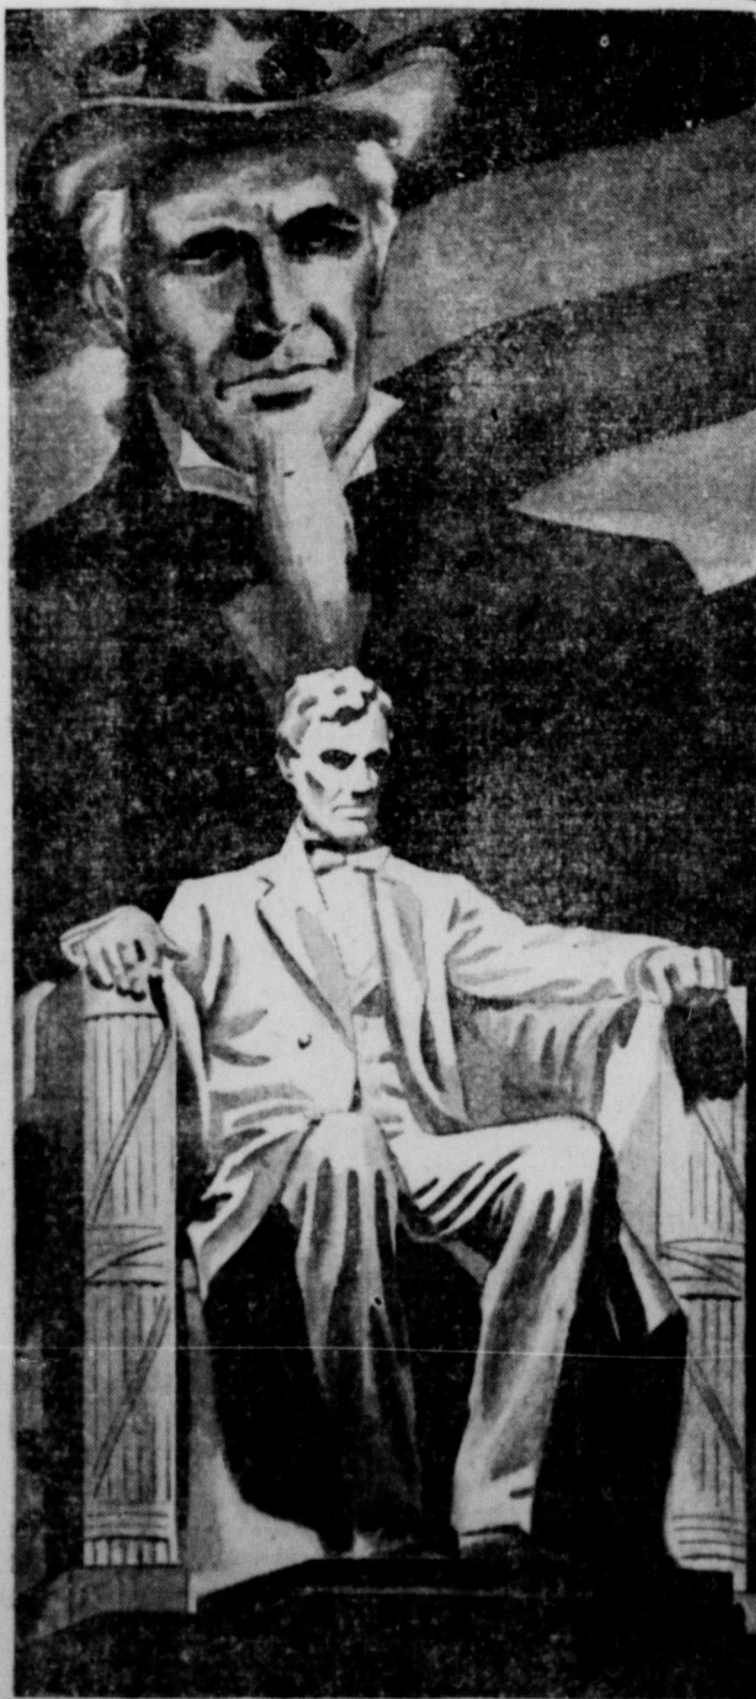

FOURSCORE years ago this November, Abraham Lincoln began his immortal Gettysburg Address with those words, in dedicating the National Cemetery at Gettysburg, Pa. Through the years that address has come to be known as one of the greatest documents of the ages, calling every loyal heart to "be here dedicated to the great task remaining before us . . . that these dead shall not have died in vain . . . that this Nation, under God, shall have a new birth of freedom."

FREEDOM . . . that little word that means so MUCH! In this country we see its symbols everywhere. Our churches, our newspapers, our lecture halls, our assemblies, our businesses . . . all represent that one, all-important word. Under the influence of Freedom and what it represents, our country has grown in 150 years from a wilderness to the strongest power on earth. Today it is free people who are saving the world. People who will never allow themselves to be conquered!

FREE ENTERPRISE . . . Another word that creates tangible results. Free Enterprise . . . the force that enables private business-operating companies, like ours, to serve the public in their own zealous individual service-giving manner. From them each of us has earned personal benefits—our community has prospered and our country has become the richest in the world. When those who are fighting the battle of freedom return home to America, they'll expect this ideal to be preserved. It's up to us to do it!

Let us commemorate this, the 80th Anniversary of Lincoln's Gettysburg Address, as "dedication day," an occasion for re-dedicating ourselves "to protect the rights and liberties of American Citizenship and maintain National Honor, Union and Independence."

West Texas Utilities Company

Buy a War Bond FOR FREEDOM

NOTICE!

This is to announce that E. B. Littlefield and Carl Mahan have purchased the Musser Lumber Co. from J. M. Musser of Abilene, and plans are now under way for re-opening this yard.

The stock is being invoiced, new materials added to the stock, and other preparations made for the opening. The yard will be stocked as completely as possible under present war-time conditions.

Mr. Littlefield will continue as manager of the firm. Watch this paper for announcement for the formal opening of this business, under the firm name of . . .

MUNDAY LUMBER CO.

E. B. Littlefield, Mgr.

On The Home Front

O.E.M. Division of Information

Shop and Mail Early

The public is urged to complete its Christmas shopping this month and to send all packages destined to other cities, whether by parcel post or express, before December 10. Early Christmas shopping and shipping are necessary this year to enable satisfactory handling of the extra Christmas load, Joseph B. Eastman, director of the Office of Defense Transportation, said. "Remember," Mr. Eastman added, "that the best gifts for this war-time Christmas are War Bonds or stamps."

Farmers To Get Batteries

Approximately 20 per cent of the fourth quarter production of flashlight batteries will be distributed to farmers, according to WPB. This makes enough batteries for about normal rural consumption available through farm outlets.

More Hosiery For Children

Production of infant's and children's hosiery will be stepped up shortly as a result of priority assistance given to manufacturers for procurement of necessary yarn. The WPB action resulted from a falling supply of infant's and children's stockings.

Step Up Truck Production

A four-fold increase in its 1944 civilian truck production program has been announced by the War Production Board. So important is this program that it has been given priority ratings equal to aircraft and high octane gas. Provisions are also made for production of replacement parts for civilian use. In spite of the war production increase, the new goal of 123,492 trucks is still far short of the pre-war production of approximately 700,000.

To Store Meat For Spring

A wider variety of rationed meats will be available to the housewife during the low ebb of meat production next spring under a rationing plan recently announced by OPA. Meat wholesal-

ers will be loaned points to fill their storage freezers with veal, lamb, mutton, and the lower grades of beef between now and mid-January, the peak period of meat output.

Urges Farmers to Cut Trees

Harvest of war-needed lumber and other wood products from the 139,000,000 acres of productive woodland on farms can be sharply increased without danger to the future supply, according to the Department of Agriculture. If farmers would consider farm woodlands and farm forests as crop land, and every year carefully cut selected trees that are ripe for harvest, they would be surprised at their returns and "they would certainly aid the war effort," H. H. Bennett, Chief of the Soil Conservation Service, said.

Canned Luncheon Meat

Consumers will be able to buy more canned luncheon meat during the coming year, according to the War Food Administration. Canning of this product is encouraged because it prevents waste of good bits and trimmings of meat at packing plants.

Temporary Food Rations

Service men on leave can get temporary food rations without the forms usually furnished by the armed services, according to OPA. In an emergency, application may be made on forms available at local ration boards.

Reduce Christmas Lighting

The American people have been asked by the Office of War Utilities to confine Christmas lighting decorations to Christmas trees inside private homes. Saving of electricity will mean direct savings of fuel, manpower, transportation, and materials.

Scrap Drive to Continue

The "Victory Scrap Bank" drive scheduled to end November 15, has been continued indefinitely. H. M. Fault, director of the Salvage Division of WPB, said "As long as the war lasts, there will be a continuing need for iron and steel scrap to keep the mills well supplied. The collection of iron and steel scrap from all sources must be a continuing operation."

Manpower Head Praises Farmers

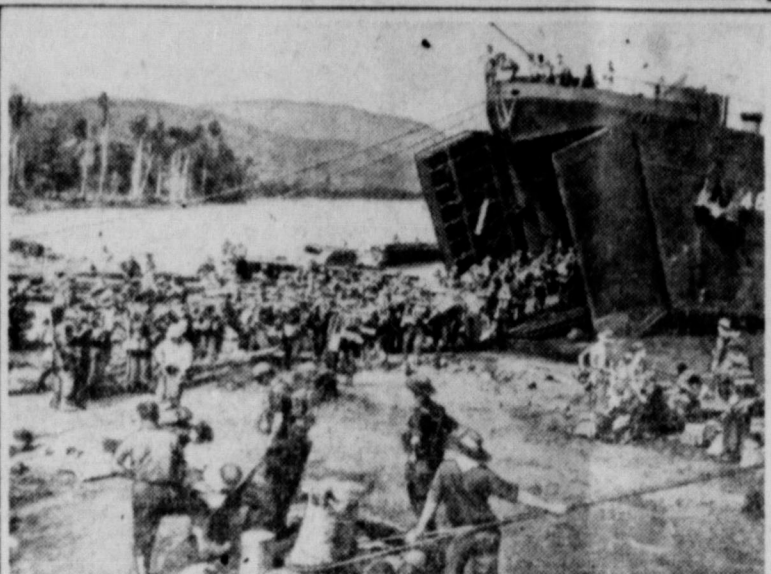

Assurance that farm men and women are occupying key positions in the war effort has been given by Paul V. McNutt, chairman, War Manpower Commission. "When the history of this war is written," he said, "I am certain that much of the credit for victory will go to the men and women of our rural districts. Certainly in no war has the production of food played so vital a part and certainly no group has rallied behind the war effort with more eagerness and devotion. We of the War Manpower Commission have done everything in our power to maintain the nation's agricultural labor force at top capacity. Every acre of land that can be planted brings victory so much nearer."

New Use For Farm Waste

Peanut shells, ground corncobs, and similar waste agricultural materials have been found useful for cleaning engines, bearings, valves, pumps, and many other machinery and metal parts. The Department of Agriculture has announced. The new use has been found by scientists at the Northern Regional Research Laboratory at Peoria, Ill. Several hundred tons of ground corncobs now are being used each month for burnishing metals and cleaning war machinery.

An exact scale model of the "Austin," flagship of the Texas Navy, has been placed on exhibit in the Texas Memorial Museum, located on the University of Texas campus. The flagship, one of four ships turned over to the United States when Texas joined the Union, was 130 feet long, 32 feet wide, and had a depth of 12 1-2 feet.

People, Spots In The News

NAVY'S WONDER BOAT—This huge LST "landing-ship-tanks" opens up like a Trojan horse, discharges soldiers and their weapons of death. In closeup landings or boardings, only a ramp is needed. If should keep them further out, they can lay a pontoon road to shore. This operation shows Allied soldiers bound for Lae.

CALL BOARD—Seaman Bill McGinnis of U. S. Navy is getting some shut-eye between trains and Ann Hagerly, Travelers' Aid Society volunteer, is about to awaken him. Service men do not miss train connections at Grand Central and Pennsylvania railroad stations with this system worked out at U.S.O. lounges.

CANNED BLANKETS

Well, here they are, packed in a sturdy, water-tight blanket can built by the American Can Company on special order for the U. S. Maritime Commission. George Eckman (left), designing engineer, holds one of the blanket cans while Chief Officer Allan C. Smithies, of an American merchant ship, removes one of the three blankets during a shipboard examination.

O. P. A. Explains Tire Situation

To help keep in operation the 340,000 commercial vehicles which deliver medical supplies, drugs, laundry, dry cleaning (apparel only) and essential foods to millions of American homes, these vehicles are eligible to receive used passenger tires and used truck tires of sizes smaller than 7.50-20 to replace tires no longer serviceable the Office of Price Administration announced today.

This action was taken at the request of the Office of Defense Transportation, which has the responsibility for keeping essential transportation rolling. The three types of operations eligible are:

- (1) Bakery goods, groceries, meats, fish, poultry, fresh fruits,

and vegetables and dairy products. (2) Laundry and dry cleaning (apparel only).

- (3) Drugs, medicines, and medical supplies.

Incidental delivery of other commodities will not effect eligibility if this does not require the vehicle to depart from its normal route or schedule.

Commercial vehicles used exclusively by medical or dental laboratories will also be eligible to receive used tires.

At present, commercial vehicles delivering goods to the ultimate consumer are ineligible for tires, unless they are used entirely to deliver ice, fuel, or milk, or are common carriers.

An unavoidable result of today's action will be to impose an additional demand on the already scarce supply of used tires. This may make it impossible for operators of passenger cars to obtain

used tires. Yes, the extent to which the issuance of used tires to passenger car owners may have to be curtailed depends on future production of synthetic tires.

OPA estimated that a minimum of approximately 550,000 used tires, mainly passenger type tires, will be required during the next 12 months to keep these commercial vehicles operating on a restricted basis.

In recommending the action to OPA, the Office of Defense Transportation said that "every effort must be made, as a matter of public interest, to continue these vehicles in operation." OPA pointed out that the ODT had originally recommended that all truck operations be placed on the eligibility list, but that the limited number of tires available made this impossible.

The vehicles thus made eligible for used tires have been ineligible for new tires since late in 1941 and for used tires since October 1, 1942. Only through curtailment of service and through recapping and conservation of their tires have they been able to remain in operation during this period. Replacements are now necessary, as the tires on many of these vehicles have reached a point where further recapping is impossible.

Stressing the importance of maintaining operation of these vehicles, OPA declared:

"Present day conditions, including strict rationing of gasoline and tires, an increase in the indus-

trial employment of housewives, and long working hours, have gradually forced the general public to rely more heavily upon the retail delivery services of these vehicles."

The truck tire situation is so acute, however, that retail delivery vehicles using truck tires of sizes 7.50 or larger must remain ineligible even for used tires, since these tires must be reserved for the highly essential commercial vehicles now included in the List "A" eligibility classification.

The List "A" eligibility classification includes trucks engaged in operations most essential to the war effort, such as those in long haul operations, construction projects, war plants and common carriers.

LOCALS

Mr. and Mrs. C. P. Baker and Barton Carl were business visitors in Wichita Falls last Tuesday. They met a representative of shoe manufacturers there and purchased shoes for the Baker-McCarthy Store.

Mr. and Mrs. E. A. Hollar and Mrs. Lee Isbell visited with Mr. Hollar's mother and other relatives in Dumont last Thursday.

Mr. and Mrs. O. A. Kirk and little son, Mr. and Mrs. George Kirk and Mrs. W. P. Willis, all of Littlefield, visited in the home of Rev. and Mrs. Luther Kirk last

Tuesday. Misses Dolores and Dorothy Campbell returned home last Sunday from Roswell, New Mexico, where they visited in the home of Mr. and Mrs. Tom Rigby for several days.

Mrs. J. E. Richardson of Lorenzo, Mrs. Hattie Williams and Mrs. A. K. Tartt and baby of Abilene are visiting in the home of Mr. and Mrs. D. E. Holder this week.

Mr. and Mrs. Andy Eiland of Dallas visited with Andy's mother, Mrs. Dave Eiland, and with other relatives here on Wednesday of last week.

Mr. and Mrs. Red Leathers and daughter, Brenda Kay, of Paducah visited with friends here last Friday. Mr. Leathers, a petty officer in the navy, is stationed at Williamsburg, Va., and is home on a furlough.

Mr. and Mrs. J. O. McMahon and son, Joy Lynn, of Arlington visited with relatives and friends here on Wednesday of last week.

Mr. and Mrs. Woodrow Myers visited with relatives and friends here the first of last week. They left Thursday for Camp Polk, La., where Woodrow is in training.

Mr. and Mrs. L. B. Patterson and Mrs. Lewis Floyd were visitors in San Antonio over the week end.

FOOD FIGHTS For Freedom

FRESH FRUITS AND FRESH VEGETABLES for the Home Front!

FOOD Fights for Freedom on every front! On the home front, fresh fruits and fresh vegetables play a most important part. In addition to their superior nutrition and health qualities, fresh fruits and vegetables require little or no critical materials for their distribution. They are economical and are ration free.

Let's make "Food Fights for Freedom" more than a slogan, let's make it an actual reality in every day living. You can do this by conserving food—by eating the right foods, a balanced daily diet which includes each of the Basic 7 Foods—by eating enough, but not too much—by substituting plentiful foods for those that are scarce. You get full food value when you eat fruits and vegetables FRESH.

Build war-time menus around fresh fruits and fresh vegetables—some raw and others quick-cooked. Never overcook fresh fruits and vegetables as it destroys vitamins and minerals. For health and greatest eating enjoyment, demand quality fresh fruits and fresh vegetables...

We have been unable to accept new subscriptions during the

ANNUAL BARGAIN DAYS of the STAR-TELEGRAM

This year on account of the news print shortage we can not print as many copies as needed to supply the demand. We feel that our old subscribers must be served first.

Present readers have all been sent a Renewal Certificate with instructions on how to use it.

We pledge a newspaper which will supply ALL the NEWS. As the size shrinks, advertising will be cut. Thanks for past patronage.

FORT WORTH STAR-TELEGRAM

Largest Circulation in Texas
Bring your Renewal Certificate to this office and we will send your renewal. If Certificate is lost apply direct to THE STAR-TELEGRAM for a duplicate.

Real Service

ON CURING YOUR MEAT!

Our meat curing vault is bringing a real service to those in this territory. It remains at the same temperature at all times—just the right temperature to give your meat a correct cure.

We have ample bins to store your meat during the curing process, and the price for this service is so small that you cannot afford to take chances with your meat.

I GIVE YOU TEXAS

by BOYCE HOUSE

General Sheridan once said, "If I owned Texas and h—, I'd rent out Texas and live in h—."

And Senator Ben (Pitchfork) Tillman is credited with having declared, "Texas has more trees and less timber, more rivers and less water, more cows and less milk—and you can see farther and see less than any darn country in the world."

These are two of the best known sayings about Texas—and they, with 498 others, are included in a new book, "I Give You Texas: 500 Jokes of the Lone Star State."

The oldest joke on the weather in Texas is the story about the farmer who started to town in a wagon drawn by a yoke of oxen. On the way, one of the oxen died of sunstroke and, as the farmer was skinning the animal, the other one froze to death.

Another is the one about the traveler who asked the filling station attendant in West Texas, "Does the wind blow like this all the time?" and the native answered "No, sometimes it tuns around and blows the other way."

Maybe not so often-told is the one about the tourist who was going through a Southwest Texas town. He saw a teacher out on the school campus with a group of little children. She had a garden hose and, as the water sparkled through the air, she said, "Children, that's what rain looks like."

Of course, everybody has heard

Weather Report

Weather report for the period of Nov. 4th to Nov. 17th, inclusive, as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature		Rainfall	
	LOW	HIGH	1943	1942
Nov. 4th	42	53	84	70
Nov. 5th	49	47	85	67
Nov. 6th	53	42	75	53
Nov. 7th	39	47	54	64
Nov. 8th	28	55	63	75
Nov. 9th	26	59	67	85
Nov. 10th	27	36	71	65
Nov. 11th	34	31	72	63
Nov. 12th	35	34	74	71
Nov. 13th	36	39	74	70
Nov. 14th	49	37	75	73
Nov. 15th	48	51	71	77
Nov. 16th	31	60	66	85
Nov. 17th	38	47	77	83

Rainfall to date this year 10.15 inches; rainfall to this date last year 26.02 inches.

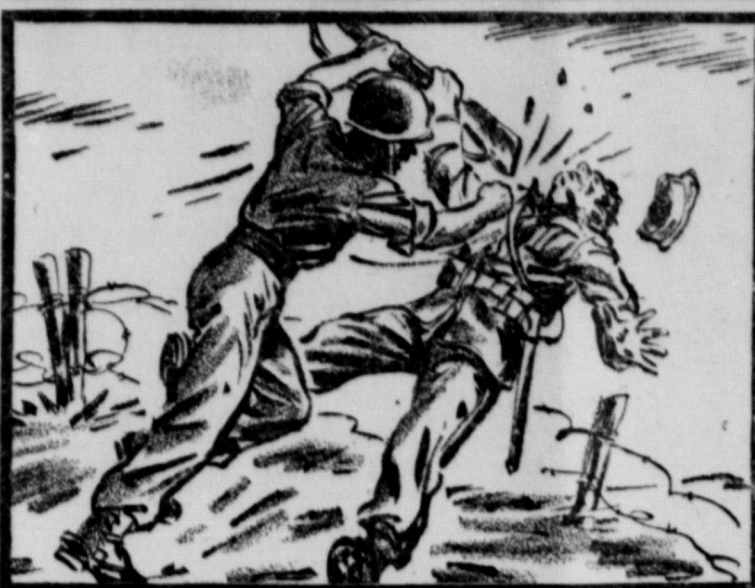

about there being nothing between Amarillo and the North Pole except a barbed wire fence. When Admiral Peary reached the North Pole, he is supposed to have remarked, "Gee, I'll bet it's cold in Amarillo this morning." (This is a gross reflection on the exhilarating climate of the Panhandle.)

And we all know the suddenness with which a northern strikes: like the time the man threw a dipper of water at the cat. Just then a norther hit, freezing the water in mid-air and the chunk of ice fractured the cat's skull.

Anyhow, there are hundreds of Texas jokes in the book—about razorbacks, mavericks, cowboys, Judge Roy Bean, politicians, to name just a few of the subjects. The Naylor Company of San Antonio is the publisher of "I Give You Texas" (and if the editor will let this get in print) the price is \$2—and I think it's worth every cent of it, but, then, I'm the fellow who wrote the book!

AMERICAN HEROES

BY LEFF

Scouting on foot in Tunisia, Pfc. Charles H. Evans was captured by 30 Italian infantrymen and marched to the rear. A bayonet at his back, Evans whirled, disarmed his guard, and escaped. Although wounded by rifle fire, he hid in a cactus patch till nightfall, slipped back to our forces with valuable information picked up as a prisoner. For this he wears the Purple Heart and the Silver Star. Celebrate Evans' escape with another War Bond.

Activities of Colored People

COLORED WOMAN DIES ON FRIDAY NIGHT

Ollie Henry, colored woman, was stricken with a heart ailment last Friday night on the streets of Munday and died by the time she had been taken to a local physician's office. The 38-year-old woman and her husband were gathering cotton on the B. B. Bowden farm, coming here from Huntsville.

She is survived by her husband, Lillian Henry, five daughters and three sons. The body was prepared for burial by the Mahan Funeral Home and was shipped to Teague, Texas, last Friday by train for burial. Interment was at Fairfield.

Mrs. M. E. Wellington is back from Wichita Falls, where she joined Johnnie Wellington last Wednesday, who was there from Bainbridge, Maryland, where he is training.

The colored school is thanking Mrs. P. V. Williams, Mrs. E. E. Akers and Mrs. H. A. Pendleton for the nice books.

James Edwards was a visitor here last week from a camp in Louisiana.

All day services were grand at West Beulah Baptist church last Sunday. The pastor, Mr. Meadow, was in charge, and the offering was \$56.75. The church also made a donation of \$10.00 to the lunch room and \$6.75 to Mrs. Helen Sheran.

Preston Sheron returned from Dallas this week, where he has been for two weeks with his little daughter, Bessie, who is in the hospital there.

ACCEPTS POSITION IN COLORADO SPRINGS

Miss Maxine Eiland, daughter of Mr. and Mrs. G. R. Eiland, left last Tuesday for Colorado Springs, Colo., where she has accepted a position as X-ray technician in the Memorial Hospital. Miss Eiland has been employed in a Dallas hospital for several months.

IT PAYS TO ADVERTISE

Soldier Writes Letter of Thanks

Following is a letter from a soldier in the South Pacific to Miss Jane Hill, member of the Junior Red Cross: Miss Jane Hill, Munday, Texas.

Dear Friend: I will try and write you a line today as I wish to thank you for the gift from your chapter of the Red Cross. I am now stationed somewhere in the South Pacific, but it is pretty nice around here and we are in a cocoonut grove, so you see there are plenty of them to eat. Also have some bananas around here, too, and have seen some of the natives.

How is everything in your locality. I suppose that you are very busy with your work in the Red Cross. Would like to hear from you, as it gets tiresome when there is no mail. This may not be much of a letter at this time, but I want to thank you for the gift and let you know who had got the one which you had made up.

Well as it is nearly time for me to go on shift in the kitchen, will close for now, and do better the next time.

Very truly yours, Sgt. C. R. Davis.

LOCALS

Mrs. B. U. Pope of Phoenix, Ariz., visited in the home of Mr. and Mrs. R. R. Jarvis and with other relatives and friends here last week.

Pvt. Virgil A. Williams of Camp Pickett, Va., returned to his camp last Sunday after spending a 10-day furlough in the home of Mr. and Mrs. R. R. Jarvis. Pvt. Williams is a volunteer from this county and a brother of Mrs. Jarvis.

Sgt. Burl L. Johnson returned to Goodfellow Field, San Angelo, last Sunday after spending a furlough here with his parents, Mr. and Mrs. W. B. Johnson, and with other relatives and friends. Recently Burl volunteered for cadet services and passed all examinations. He will soon be sent to cadet school. His wife has moved to Amarillo to be with her parents until such time as Burl is located where she can be with him.

MORRIS TRACTOR AND AUTO SERVICE

H. J. Morris, Owner

Attention!

Contract Holders of Cake, Meal and Hulls!

Your contract specifies that you must take delivery of your cake, meal and hulls as soon as sufficient stocks are available. We recently wrote each of you that we were ready to make delivery and also advertised in this paper that contracts must be taken in November.

We again ask that you get your products at once and save disappointment, as all contracts must be disposed of in November. Those of you who have more products booked than you need, we hope you will release it, as we have a great many families who have small children that need milk, that have no meal and hulls for their cows.
