

City Officials Issue Warning . . . Water Supply Low ... Ask Reduction In Consumption

Bid Received For Rochester, Weinert Road

AUSTIN.—A low bid of \$93,064.75 for constructions of Farm-to-Market Road No. 617 from Rochester to Weinert was announced Tuesday by the State Highway Commission. Hugh McMillan of El Paso submitted the low bid for grading, soil asphalt base and seal coat on the 11 mile section of road serving a rich agricultural area in the northern part of Haskell County.

Construction is expected to begin within 30 to 60 days, provided formal contracts are approved by the State Highway Commission and concurrence obtained from the Public Roads Administration. Specifications will require that the projects be completed within 100 working days after construction begins.

Highway Commission Chairman John S. Redditt announced that thirteen Farm-to-Market projects involving 99 miles of road had been completed in Texas since the current program got underway earlier this year.

The Haskell County project is among twenty-two Farm-to-Market projects in the State on which the Commission received bids Tuesday and Wednesday. If contracts are awarded on all these there will be a total of 1,234 miles of Farm-to-Market roads on 131 projects that have been placed under contract since last January.

All are a part of the State Highway Department's three year program which will bring a paved road to within one mile of 62% of all Texas rural dwellings and within two miles of 74% by the end of 1948.

Applications For School Lunch Room Are Being Made

County Supt. Morick McGaughey announced Wednesday that forms which the county board will use to make out applications for lunch rooms of the common and consolidated schools have been received. The program will be under the supervision of the State Department of Education next year, he said.

Independent school districts should write to Mr. Guy C. West, director of auditing, State Department of Texas, Austin, Texas, for forms. These applications should be forwarded to the state department as soon as possible, as no aid will be paid to any school prior to the date of approval by the state department.

RETURNS TO DALLAS

Rev. Don Davidson, who has been confined to his bed and in a cast since his spinal operation in Dallas eight weeks ago, was returned to the hospital Wednesday. He will have his cast removed and undergo treatment for a few days. He is expected to return home the latter part of this week.

Accompanying him to Dallas were Mrs. Davidson and Mrs. P. B. Baker.

Cpl. Urban J. Bellinghausen, who has been serving in the U. S. Marine Corps for the past two years, came in Wednesday morning with his discharge. He received his discharge Tuesday morning at the Marine Base in San Diego, California and came to Abilene by way of plane.

He is the son of Mr. and Mrs. Hubert Bellinghausen of Rhineland.

For the first time in many years, officials of the City of Munday have issued a warning that Munday's water supply is running low, and they have asked for voluntary reductions in water consumption by citizens of the town.

Notices were mailed out this week requesting that all consumers cut their water consumption by one-third.

"Steadily lowering water level in our well and unusually heavy consumption force us to ask your voluntary assistance," city officials said, "in order that we may have ample reserve for domestic use for fire protection. This will be considered an emergency measure and will remain in force until you are officially notified of its termination.

"In the mean time, steps are being taken by the city to remedy the situation, and the emergency will be terminated as quickly as possible."

Ag Council In Meeting July 18 At Seymour

The Knox-Baylor County Agricultural Council held its regular monthly meeting in Seymour, July 18th in the basement of the post office.

Mr. Emmet Partridge, of Knox County, served as chairman of the meeting, in the absence of Mr. Ralph Howe. Mr. C. R. Elliott, of Munday, and Mr. L. B. Donahoe, of Seymour were on the program. Mr. Donahoe, secretary of Federal Land Bank, discussed the very rapid decline in farm mortgage indebtedness within this area on the account of better farm commodity prices and better methods that are being used in crop production, such as the planting of improved seeds, maintaining fertility of land through terracing program, and a better diversification on the farms that are including livestock production under their better farm management programs.

Mr. Donahoe also cited many instances within Knox and Baylor Counties where the payment of Land notes to the Federal Land Bank were in a higher percentage where a well rounded livestock farm program was being used.

"Mr. C. R. Elliott, secretary of the P. C. A. office in Munday, made a very interesting talk by making a comparison of six farmers in Knox County who followed the Livestock Farm Program, and who practiced soil conservation methods. Mr. Elliott cited six cases of borrowers, where average loans of \$1,200.00 were made in 1941, who did not follow a Livestock Program, and who have now only increased their net worth of only six or seven hundred dollars, while on the other hand the man who did follow the Soil Conservation and Livestock Program has increased his net worth of over \$10,000.00, since 1941. This information given by Mr. Elliott, is very conclusive as to the value of manufacturing soil fertility through a terracing and crop rotation program, and the value of livestock that increases the average farm income by six or seven hundred dollars per year, which in many cases more than pays for his living expenses, and he has a source of cash receipts throughout a twelve months period.

It was decided by the group present that the next meeting would be held in Benjamin, August 15th, in the Assembly room of the Court House, and all the members of the Baylor-Knox County Agricultural Council would be notified of the meeting. The next meeting will be arranged by Mr. O. K. Hoyle, County Agent, of Baylor County; and Miss Whittenberg, County Home Demonstration Agent of Baylor County.

As there was no further business the meeting was adjourned.

Mr. and Mrs. Paul Gibson returned last Monday to Temple, Texas, where Mrs. Gibson underwent a major operation at the Scott and White hospital some two weeks ago. She is reported to be resting comfortably at her home in Munday.

Meat Specialist Visits At Local Locker Plant

Roy W. Snyder, Meat Specialist from Texas A. and M. College, visited County Agent, R. O. Dunkle and Assistant County Agent, R. J. Penick, of Knox County, on Monday, July 22. While in the County Mr. Snyder visited the Munday Locker Plant. He visited and talked over current problems of the locker plant industry with Mr. Shockey, plant manager and a former County Agent. Mr. Snyder reported that lots of cured bacon has gone rancid over the state. He attributes this rancidity to the salt in the curing process and says at present the only solution is not to leave it in the locker box more than 45 days.

A plan was devised whereby the pork curing room could be rearranged to afford a maximum amount of storage space and at the same time hang the meat so that the pieces would not come in contact with each other. This arrangement will be ideal for the use of ultra-violet lamps to reduce bacterial and mold action on the meat. According to research done by Mr. Snyder at College Station, ultra-violet lamps have definitely reduced mold action on meat. This facilitates holding the meat on a longer period of time. Mr. Shockey is planning to install ultra-violet lamps when they are available.

Mr. Snyder demonstrated his method of pumping hams for curing. He uses a solution of 2 pounds of commercial curing agent to 1 gallon of water. This is pumped into the ham at approximately the ratio of 1 pound of solution to 10 pounds of meat. Then the meat is rubbed with dry curing agent and allowed to cure about 2 days per pound of meat.

Mr. Shockey is working on a plan to improve his smoke room and offer a better smoked product to his customers. By raising the temperature of his smoke room he plans to turn out a product that has a rich nut brown color, is more tasty, and which he believes all his customers will like and appreciate.

Capt. and Mrs. C. E. Jeffords and family of San Antonio were recent visitors in the home of Mr. and Mrs. C. E. Hobert. Capt. Jeffords is Mrs. Hobert's brother.

Two weeks revival services will open next Sunday at the First Baptist Church in Munday, and a cordial invitation is extended to everyone to attend each and every service of the meeting.

Well known church leaders will be here for the revival. Rev. Roy Shahan of San Angelo will do the preaching, while Bill Faircloth of Houston will lead the singing and do special work during the two weeks.

"These men are well known in our denomination," Rev. W. H. Albertson, pastor, said, "as spiritual leaders and devoted Christians. We are expecting a great revival under their leadership."

"Mr. Faircloth was with us in our meeting last year, and you all know how well the song service added to the interest of our revival. We welcome him back with us during these two weeks."

"Rev. Shahan is a well known pastor-evangelist, a man of God whose interest is adding souls to the Kingdom. You will enjoy his spiritual messages, and we invite people of every denomination to join with us in this great spiritual movement."

Services will be held twice daily, at 10:00 a. m. and at 8:00 p. m. Arrangements have been completed for holding the evening services on the church lawn. The meeting will continue through Sunday, August 11.

Weather Report

Weather report for the period of July 11th thru July 24th, inclusive, as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature		LOW		HIGH	
	1946	1945	1946	1945	1946	1945
July 11	75	67	103	82		
July 12	71	65	98	89		
July 13	72	69	102	94		
July 14	74	67	107	88		
July 15	75	69	105	92		
July 16	73	69	101	93		
July 17	75	71	101	94

July 24	60	72	97	100		

Rainfall to date this year, 11.47 inches; rainfall to this date last year, 15.09 inches and rainfall since November 1st, 12.14 inches.

RAY D. FORD GETS NAVAL DISCHARGE

Ray D. Ford, seaman first class in the Navy, received his honorable discharge on July 12 at the Navy Separation Center at Norman, Okla. Ford spent ten months overseas, participating in the Pacific Operations. His last duty post was in the Philippines.

DRIVING MADE EASY FOR AMPUTEE, BY CHRYSLER'S GYROL FLUID DRIVE

That Chrysler cars, with Gyrol Fluid Drive, will go a long way towards solving the problems of war veterans and others who have had a leg amputated is again strikingly illustrated in the case of Capt. James E. Muldoon, of Omaha, Nebraska. Captain Muldoon recently took delivery of a Chrysler Windsor at the factory and drove it unaided to Battle Creek, Michigan, a distance of approximately 140 miles, in spite of the fact that his left leg has been amputated well above the knee. He did not experience the slightest difficulty in operating the vehicle with only one leg, for the reason that with Fluid Drive it is unnecessary to touch the clutch pedal except when first starting the car or going into reverse. As the right foot controls both the accelerator and brake, Captain Muldoon was under no handicap at all. The car that Captain Muldoon drove away from the factory was standard in all respects as far as its controls were concerned.

Heavy County Vote In Primary Is Anticipated

Goree Revival To Open Friday

Rev. S. E. Stevenson, pastor of the First Baptist Church at Goree, has announced that a revival meeting will begin at the Goree Church on Friday evening, July 26, continuing through August 4.

Dr. E. T. Miller of Waco, Texas, will direct the meeting. Dr. Miller, a former Wichita Falls pastor, is a consecrated man and able preacher of the word of God. He held a meeting at Munday several years ago, and many local people are expected to hear him during his revival at Goree.

Rev. Stevenson extends a personal invitation to everyone to attend as many of the services as possible during this revival.

Many Cattle Sold At Auction Here Tuesday

The Munday Livestock Commission Co. reports another big run of cattle for last Tuesday's sale.

Canner and cutter cows sold from \$5.75 to \$7.75; butcher cows, \$8 to \$10.50; fat cows, \$11 to \$13.25; butcher bulls, \$7.50 to \$9.50; fat bulls, \$10 to \$12.50; butcher yearlings, \$9.50 to \$12.50; fat yearlings, \$13 to \$16.75; rannie calves, \$7.50 to \$9; butcher calves, \$9.50 to \$12.50; and fat calves, \$13 to \$16.50.

Nephew Of G. B. Hammett Is Killed In Crash

Word was received here last week that William Kenneth Campbell, Jr., a nephew of G. B. Hammett of Munday, was killed in a plane crash on Wednesday, July 17. Campbell, 25, who was instructor at San Antonio, had served in the air forces during the war without receiving a scratch. Details of the crash were not learned here. He was the son of Mr. and Mrs. W. K. Campbell of Pecos.

Burial was at Pecos on Sunday. Campbell's wife and infant daughter resided in California.

ATTEND MARKET

C. P. Baker, Charles Baker and Mrs. Joe Bailey King spent the first of this week in Dallas, attending the markets and purchasing merchandise for the Baker-McCarthy Store.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Lewis Fincannon are entertaining a baby boy, who was born on Saturday, July 13, at the Knox County Hospital. Mother and son are getting along nicely.

County Veterans' School Reality, As Instructors Hired And Veterans Apply

The Knox County Vocational School for Veterans is now a reality. An office has been opened in the courthouse in Benjamin with a full time secretary, a coordinator, and three full time instructors have been employed and are now at work in the county. More than two hundred veterans have made applications for schooling under the G. I. Bill of rights, and the Knox County School has been approved by the State Board for Vocational Education and the Veterans Administration.

All plans have been completed to start classes in the various communities after August 1. Organization meetings will be held at the following places next week and every veteran who had made application or desires to attend the school should attend one of these meetings. This does not mean that classes will be held in these places only but an organization will be perfected and the time and place of meetings will be determined.

All veterans from Goree, Rhineland, and Munday will meet at the grammar school building in Munday on Monday night, July 29 at eight o'clock. On Tuesday, July 30 at 8 p. m., all veterans of Vera Benjamin will meet at the school house in Benjamin. The same night Gilliland and Truscott veterans will meet the Gilliland school. On Wednesday, July 31, at 8 p. m. the veterans of Knox City and community will meet at the school-house.

To Hold Revival

Dr. E. T. Miller of Waco, above, will do the preaching for the revival meeting which opens Friday evening, July 26, at the Goree Baptist Church. Rev. Miller is well known here, having held a meeting at the local Baptist Church several years ago, when he was pastor at Wichita Falls.

Rev. S. E. Stevenson, pastor, extends a cordial invitation for everyone to attend the services.

Summer School Opens August 12 At Rhineland

The Rhineland Public School will open its summer term on August 12 this year, according to a statement by Supt. W. J. Hagerty. The summer term lasts six weeks and will turn out on Sept. 20.

Supt. W. J. Hagerty also stated that the faculty for this year has been completed with the hiring of two teachers from Baylor University. Miss Joyce Curry of Austin will teach English and Miss Betty Bryson of Corsicana will be the 8th grade teacher. Both young ladies visited in the Rhineland community last week and were very well pleased with their prospective work here. And they gave the impression of being well-qualified and capable teachers.

Cub Scouts To Receive Charter

Announcement was made Wednesday that the local park of Cub Scouts will meet next Tuesday night at eight o'clock at the football stadium.

The new charter will be presented the cubs at this meeting.

Refreshments will be served and various games will be played, according to Mrs. D. C. Elland, den mother.

With all candidates for state, district, county and precinct offices reaching the "home stretch" indications are that Knox County will record the heaviest vote in several years in next Saturday's primary. Interest in state races, as well as those local, indicate the vote will be heavier than at any time since the outbreak of the war.

North Side Voters to Vote Saturday At Broach Equipment

C. L. Mayes, judge of the north side voting box for the City of Munday, has announced that the vote Saturday will not be held at the city hall, as has been the case in prior years.

The voting box will be located at Broach Equipment, Mayes said, and he urges the voters to come to the Broach Equipment building to cast their ballots.

Lack of room at the city hall was given as the reason for this move.

Only a few of the county and precinct races are without opposition.

Chief interest seems to center on the Governor's race, in which there are 14 candidates. Few of the other state races are being talked.

Polls will be open at the usual hour at all voting boxes in the county, and voters will trek to these boxes during the day to cast their ballots.

An election board will be erected at the City Hall on Saturday night and a large crowd is expected here to get the returns.

Local Jaycees To Have Election Party Saturday

Munday's election party next Saturday will be under the sponsorship of the Munday Junior Chamber of Commerce, it was stated here Tuesday.

A large election board will be erected in front of the City Hall, and returns from all parts of the county will be posted there.

Returns are expected to be coming in soon after the polls close Saturday evening. These will be received by the Jaycees at the City Hall and posted on the election board as soon as they come in. The election party will continue until returns from all of the county's voting boxes have been received.

Those interested in the outcome of the election in Knox County are cordially invited to join the Jaycees at their Saturday night election party.

Munday Students Are On Dean's List

DENTON.—Two Munday students attending North Texas State College have been listed among the 248 juniors and seniors at North Texas State College who are on the dean's honor list for the first six weeks of the summer session.

Surpassing last summer's figures by 299, the 1946 summer dean's honor list of students with an average of B and no grade below a C include the names of 738 upperclassmen, with 248 juniors and seniors and 490 graduates.

Local students are Lola Jones, daughter and Mrs. Rose Jones and Miss Georgeann Claus, daughter of Mr. and Mrs. Henry Claus.

RECEIVES DISCHARGE

Fred D. Searcey, M. M. S/c in the Navy, received his discharge on July 16 at Camp Wallace and arrived home Wednesday night to visit his parents, Mr. and Mrs. A. M. Searcey. He entered the service in November, 1944.

BIRTH ANNOUNCEMENT

A daughter, Rebecca Jean, was born to Mr. and Mrs. J. W. Newman of Baird, Texas July 19, at the Callahan County Hospital. Mrs. Newman was formerly Colleen McCarty.

EDITORIAL PAGE

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On."

THE PEOPLE PAY ALL THE COSTS

Despite many theories to the contrary, the Seattle Times observes, "The government of a nation is wholly dependent upon the people for financial support. . . Government produces nothing. People pay the costs of their government—all the cost."

The Times describes the enormous inroads made by government into the pocketbooks of the people. In the early days, the government found sufficient support in indirect taxation—the "duties, imports and excises" specified by the Constitution. Then came direct taxation in the form of the income tax, with its steadily ascending rates. After that came the withholding tax idea—under a certain proportion of each worker's weekly or monthly pay check is paid into the Federal Treasury to support some service or other. The Social Security law which, as the Times says, is based on the premise that "all the people were too unthrifty to provide for their own welfare and old age," is the prize example of this.

Now the country is threatened with one more bite in the form of the proposed, compulsory National Health Bill, generally known as the Wagner-Murray-Dingell Bill. To quote the Times again, "The President, some members of Congress and some government agencies have decided that the people, as a whole, are unable to take care of their health, and government must do it for them. . .

"After the health bill, the logical succession of laws must be more pay roll withholding to provide the balanced diet, the proper apparel, and the right kind of homes for all the people—all to be prescribed by government.

"What the government may try to do from there on is anybody's guess; but the safest guess is that by the time there will be nothing more of earned income to withhold."

If the American people are at last ready to admit that they are completely incapable of caring for themselves, and for making their own decisions as free agents, government will of course step in and order our lives. And, if the American people accept that promise, everything the county stood for, everything that made the country great—private opportunity and personal liberty—is irretrievably gone.

FIRE CONSCIOUS

It generally takes disaster to bring action against negligence. This is particularly true in the case of fire prevention. Even in big cities where it is doubly important to observe fire regulations, fire safety provisions are violated constantly. When a disastrous fire hits one of the big cities in the nation, there is a feverish attempt to reduce potential fire hazards.

New York City is carrying on two separate inspections in an effort to avoid a repetition of disasters such as occurred in Illinois, Iowa, and Texas hotels. One, to examine each hotel and file appropriate remedial orders where it is found necessary to have additional exits, or enclose stair wells and elevator shafts. The other is to enforce compliance with fire prevention measures and laws. It will report violations such as illegal cooking, illegal alterations, blocking of exit stairs and fire towers, defective fire escapes, occupations of refuse, and other hazards. After this double-bareled inspection is completed, recommendations will be made for improved laws and regulations to eliminate sub-standard design and construction.

The country is taking fire prevention seriously for a while. Every city and hamlet can cooperate and prevent disaster that brings ruin and death without warning.

RETAILERS AND VETERANS GET TOGETHER

The National Retail Dry Goods Association recently held its first Retailer-Veterans-Conference in Altoona, Pa. During the three-day meeting, an impressive array of speakers discussed various phases of the merchandising craft. It is the intention of the association to hold similar meetings in important cities throughout the country. The whole idea is to aid the veteran who wishes to enter the distributive field or to start his own store. To that end, discussions are arranged so that veterans interested in practically any phase of retailing will be able to receive instruction and advice from experts.

Other retail groups are planning similar activities on behalf of veterans. Retail leaders know the pitfalls that exist in the business. They know the hazards which must be met and overcome if success is to be achieved. Many of the veterans who desire to open stores are deficient in experience and background. Retailer-Veteran work is designed to help remedy that lack.

This is an example of how a major business is working with and for the returning soldier. Many an independent or chain store operator of the future will get his start at conferences of this kind.

LOBBY FOR AMERICA

What this country needs is more individuals who feel that adherence to principle is more important than personal political prestige. Cynical realism and political expediency have brought the United States to the brink of collapse. As one American housewife asks in desperate earnestness, "Where are the lobbyists for America, for justice and for truth?" Millions ask the same question. They are frightened by the atmosphere of horse-trading and the jockeying for power so evident in high government and labor circles at a time when the world is crying for statesmanship as well as food.

It is like a breath of clean mountain air when a responsible person in public or private life speaks out unequivocally for what he believes to be right, and in accordance with basic principles of the American idea of government, even though it may not be the popular thing to say at the moment. Such people are rare today. That is why the country is slowly drifting toward socialism and bankruptcy.

There is no one lobbying effectively for solvent government; for the right of the individual to join or not join a labor union, for an end to the strangling clutch of government bureaus on the activities of every private citizen. It is not popular to lobby for these things because too many people have the idea that in bureaucracy and organized compulsion lie sanctuary from inflation.

Fear of the hazards of the postwar world has led to confused restrictions and suppression of natural forces which can only result in an explosion of some kind. When it comes, those millions who believe in this country and its form of government will have to "lobby for America" as they never lobbied before.

Buildings On McMurry Campus To Begin Soon

Abilene.—Construction of five temporary dormitories for single students and 30 four-room modern cottages for married veterans is now in progress on the campus of McMurry College, bringing the total facilities for veteran students who will enroll next September to more than 275. Dr. Harold G. Cooke, president, announced this week.

The new dormitories will be 150 feet long, with the exception of one two-story building 80 feet long, housing 40 men. The other house 32, with two students in a room. Each dormitory will have adequate showers and toilet facilities, and

T. A. (Tom) STOGNER
O. L. (Pete) KNIGHT
- For State Senate, 23rd District: **GEORGE MOFFETT** (Re-election)
- For U. S. Congress, 13th Dist.: **MACK TAYLOR**
ED GOSSETT (Re-election)
HOUSTON McMURRY
- For Associate Justice, Court of Civil Appeals, 11th Dist.: **E. J. MILLER**

a large living room for lounging and study.

The structures are being brought to the campus as a part of the buildings allotted to McMurry from Camp Berkeley by the FPHA. They are being redecorated and completely renovated to provide comfortable and adequate quarters, Dr. Cooke said.

"We are making every effort to provide housing for all students this fall. So far we have been able to keep slightly ahead of the demand for rooms, and we hope to continue to be able to do so, Dr. Cooke declared. "The new four-room cottages will be ready in September, and in addition, 20 trailer homes are now being made ready for married veterans and their families."

AAA FARM NEWS

(This is the seventh of twenty-two articles that will appear in this newspaper on the need for soil conservation, the amount of soil conservation being carried out, crop insurance, commodity loans, marketing quotas, and other programs of interest to farmers.)
The 12 States of the Western Region comprise more than two-

fifths of the area of the United States. Soil, climate and farming enterprises vary greatly. The length list of AAA conservation practices carried out in the Western Region reflects the variety of its agriculture and conservation needs.
Approval of maximum farm allowances that may be earned is

Money To Loan

INSURANCE — REAL ESTATE & LOANS

based on conservation needs and the practices on which the farmer requests assistance under the program. Thus available funds are concentrated directly upon the most important conservation problems. Practical suggestions and justified demands of farmers regarding practices enable the program to expand to meet needs and to shift its emphasis as practices become generally used by farmers.

Program flexible.—The development and use of practices providing conservation assistance for irrigated farming illustrates the flexible nature of the program. As recently as 1943 only 1.5 percent of the regional funds were used on irrigation practices. By adding new practices and adapting others to the need, 8 per cent of the region's 1944 program funds went to assist farmers in carrying out irrigation practices.

AAA Progress.—The expansion of the lime program in Kansas illustrates the program's influence in getting farmers to adopt better farming methods. In 1940, Kansas farmers spread only 31,000 tons of lime under the program, although the need on much of the State's soil had been recognized for years. In 1944, Kansas farmers spread 528,000 tons of lime, with the assistance of the agricultural conservation program.

Much of the money available to assist Western Region farmers in maintaining and building their soil is used to prevent heavy losses in soil fertility through erosion. For example, 21 per cent of the regional funds in 1944 were for protecting summer fallow and for strip-

cropping. Such practices helped to turn the Dust Bowl of the thirties into one of the leading areas in increasing food production to meet war time demands in the forties.

Infestation of noxious weeds is rapidly becoming the worst menace to agriculture in the region, especially in the irrigated districts. The control of weeds requires wide cooperation to be effective. State and county AAA committeemen are working to establish coordinated weed control. In Idaho, for example AAA has worked cooperatively with State, Federal, and local authorities in establishing a program of coordinated weed control, with all interested parties assisting and contributing to the expense.

The extensive area in the region, the agricultural value of which is limited to livestock grazing, has benefited from the development of practices which result in better utilization and protection of range resources. Emphasis is on better range management through proper stocking, natural reseeding, and the development of water resources. These practices make possible maximum utilization of the range and eliminate the overgrazing which is with limited stock-water available.

As a result of wartime demands on the soil, Western Region farmers and ranchers have an increased appreciation of the importance of maintaining and building our soil and water resources.

They carried out a record volume of AAA practices in 1944 in spite of difficult production obstacles. Payments in the region totaled \$55,272,000, compared with \$37,715,000 in 1943.

Jim Strickland, operator

Mr. and Mrs. George W. Higgins of Seymour visited in the home of Mr. and Mrs. Don L. Ratliff over the week end.

Capt. George Martin left last Friday for his post of duty at Coral Gables, Fla., after several days' visit here with his wife and children and with Mrs. Martin's mother, Mrs. Dave Eiland.

Mrs. Togo Moorhouse and Mrs. Bouldin Moorhouse of Benjamin were visitors here last Monday.

Mr. and Mrs. A. U. Hathaway and Mrs. G. R. Eiland were business visitors in Vernon last Friday.

Mrs. Isham Brown and daughter of Guyton, Okla., spent the week end here with Mrs. Brown's mother, Mrs. Ora Collins, and other relatives.

FIFTEEN MEN JOBLESS

The gears of a Model T and the brains of J. B. Hons and some neighboring Karnes County farmers put 15 men out of work. According to County Agricultural Agent A. P. Morris the farmers fashioned a fork lift on their tractor with the Fork parts to bull rake their hay and put it into eight-foot ricks. The homemade lift also will be handy in loading the hay on wagons if it is found necessary to haul it to the barn or stack in feed lots he says.

The man power the machine would replace is Mr. Morris' own estimate.

Mr. and Mrs. T. B. Hertel and family and Wilfred Bellinghouse were business visitors in Wichita Falls last Saturday.

TO THE DEMOCRATS OF KNOX COUNTY:

Democratic voters of this county signed a petition to place the name of T. W. Templeton on the primary ballot as a candidate for County Attorney. Through an oversight the signers failed to acknowledge it before a notary public and so his name was not put on the ballot.

Now we think in all fairness we should have a chance to vote for him and we are asking all Democrats who want him as our County Attorney to join us in a write-in campaign in the primary.

As soon as you get your ballot run a line through the name printed on the ballot and write or print the name of T. W. Templeton underneath—Like this

Take a State Policeman's word for it!

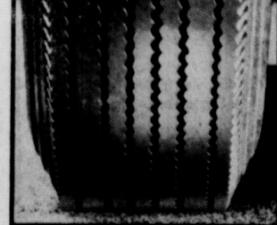

Get B. F. Goodrich—Safest Buy In Tires!

When you're traveling at breakneck speed on life-or-death calls, you've got to have a tire that's safe. That's why B.F. Goodrich had police of three states test the new B.F. Goodrich Silvertown. What's the verdict of millions of miles of recorded road tests? That the new B.F. Goodrich tire outwears prewar tires, that it is better than prewar tires in many ways.

Don't wait---See us NOW for the tire that
OUTWEARS PREWAR TIRES!

The sooner you order—the sooner you get your tires

You need "police car protection" for your family too. Why take chances with your tires when you can have complete peace of mind with the new B.F. Goodrich Silvertown?

This is the tire with the famous B.F. Goodrich-engineered "road level" tread that gives you more rubber where you need it—on the road! That means plenty of traction for driving, plenty of grip for stopping, more tread to share the wear. Yes, even at high speeds, the new B.F. Goodrich Silvertown actually outwears prewar tires!

Come in today and see if we have your size in stock. **15⁷⁰** Plus Tax 4.00-16

Engagement Of Bobbie Ratliff Is Announced

Mr. and Mrs. Will Ratliff of Goree are announcing the engagement and approaching marriage of their daughter, Miss Bobbie Ratliff, to James Wayne Cagle of Ball Ground, Georgia.

The couple will be married in the Ratliff home on Sunday, August 11.

Miss Ratliff, a graduate of Goree high school, is very popular among the younger set. She has been attending Texas Tech at Lubbock for the past years.

Proved oil reserves in the United States are estimated at 20 billion, 826 million barrels, an all-time high.

New Deal Club Meets Thursday With Mrs. Harpham

Mrs. J. C. Harpham was hostess to members and guests of the New Deal Bridge Club at their regular meeting last Thursday evening.

Several games of bridge were played, after which scores were added, and Mrs. Carl Jungman was declared high. A delicious refreshment course was served to the following:

Mmes. Carl Jungman, Wade Mahan, H. F. Jungman, I. V. Cook, Jack Mayes, Paul Pendleton, Ralph Bernard, Miss Thelma Atkinson and the hostesses.

For quick results, use a Munday Times classified ad.

Baptist W. M. S. Has Monthly Meet Monday Afternoon

The Baptist Woman's Missionary Society held its monthly and social meeting last Monday afternoon at four o'clock in the home of Mrs. R. B. Bowden.

Mrs. Leland Hannah gave the devotional, speaking on the topic of prayer. Following her talk was a prayer by Mrs. W. H. Albertson.

Mrs. D. C. Swindle, president, conducted a short business session, during which time reports were submitted by all officers. Announcement was made that the place for the next meeting, on August 19, will be in the home of Mrs. B. L. Blacklock.

All members are requested to make a special effort to attend the next meeting.

Delicious refreshments were served to all members and visitors.

SCENE STEALER

YOU'LL lose your heart to this enchanting dress for Sweet Sixteen, with its high-waisted effect, puffed sleeves, set-in belt and dirndl skirt. Brenda Hudson Honored Recently On First Birthday

A birthday dinner was given recently in the home of Mr. and Mrs. S. R. Hudson of Goree in honor of their baby daughter, Brenda, who became one year old July 18, and in honor of Mrs. Hudson's grandfather, W. J. Wallace of Munday, whose birthday was also July 18, he being 74 years older than Brenda.

The day was enjoyed by all, and a delicious birthday dinner was served to the following:

Mr. and Mrs. W. J. Wallace, Mrs. Don Wallace, Mrs. Ray Elliott and Linda Kay, Fred Barton of Rule, Kenneth Wallace of Rule, Mr. and Mrs. Dewey Struck and Ronnie Mr. and Mrs. Billie Hudson, Mr. and Mrs. Jerry Hudson and Susan and Walter, Herbert Struck, Mr. and Mrs. Jack Steward and Patsy Mr. and Mrs. Lawson Wallace and Don, Mr. and Mrs. Tritt Steward and Rhea, Shirley Hester of Rotan, Carolyn Wallace, and Mr. and Mrs. S. R. Hudson and Brenda.

Bridal Shower Given To Honor Mrs. Jasper Coley

A bridal shower was given in the home of Mrs. E. J. Coley on Saturday night, July 20, honoring Mrs. Jasper Coley of Lampasas. Hostesses were Mrs. Cude, Mrs. Raymond Hargrove and Mrs. Charles Cude.

A lovely display of beautiful and useful gifts which the bride received were shown. Refreshments were served to about 50 people. A number of friends and relatives were present from out of town, including the following:

Mrs. Frank King and sons, Jack, and Bob, San Antonio; Mrs. D. A. Morris, Jr., and children, Francine and Doris, and Mrs. Richard Heston and son, Jim, San Antonio; Mrs. Beatrice King, Fort Worth; Mrs. Martha Campbell, Houston; Mrs. Ted Wallace and children, Barbara Ann and Leo Frank Morton; Mr. and Mrs. J. W. Fuller and daughter, Vicky, Vera; Mrs. M. L. Wood and daughter, Mildred Jean, Lampasas; Mr. and Mrs. Arthur Hargrove and sons, Leon, Wayne and Dwayne, Goree.

Mrs. Coley is the daughter-in-law of Mrs. Annie Coley of this city.

Recent Visitor Honored Friday At Open House

Mrs. C. E. Hobert of Munday honored her cousin, Mrs. J. C. Stassons of Portland, Oregon, with an informal open house last Friday afternoon between the hours of four and six o'clock.

About twenty-five guests were served tea and cookies during the open house. Several enjoyable musical selections were rendered by Mrs. Earl Nichols.

Eighty-Four Club Meets On Friday In Braly Home

Members of the Eighty-Four Club were entertained in the home of Mr. and Mrs. W. E. Braly last Friday night, when Mrs. Braly and Mrs. B. L. Blacklock were hostesses for the group.

The home was decorated with seasonal flowers. After several games of eighty-four, the hostesses served delicious refreshments to the following:

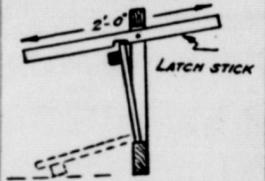

Mr. and Mrs. R. D. Atkinson, Mr. and Mrs. J. E. Reeves, Mr. and Mrs. D. E. Holder, Mr. and Mrs. H. F. Jungman, Mr. and Mrs. M. H. Reeves, Mr. and Mrs. C. R. Elliott, Mr. and Mrs. C. P. Baker, Mr. and Mrs. W. R. Moore, Mr. and Mrs. Bud Nelson, Mrs. S. E. McStay, Mrs. Leland Hannah, J. C. Campbell, B. L. Blacklock and W. E. Braly.

Shade for Poultry

GROWING pullets and broilers on the range need plenty of shade during the summer months to maintain a steady growth and development for market or for production in the laying house.

A skid-bottom range shelter provides economical, movable shelter for chickens from the time they are removed from the brooder house until they are ready for the laying house. Economical, long-lasting shelters can be constructed easily of framing lumber, asbestos cement board and poultry wire.

Plans for building range shelters can be obtained from your lumber dealer or state agricultural college. Here, however, is an idea which can be incorporated into any plan. It is an automatic chick door, to be placed next to the regular door. The chick door, 10 by 12 inches, is hinged at the bottom, inclined outward at the top and weighted at the top with a piece of 2x2 lumber. Closed at night, it keeps out predatory animals. In the morning when a pullet jumps on the latch stick, the door is released and opens.

HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

Word was received here of the recent death of J. F. Oder, who died in Abilene. He was a member of the Baptist Church and a former teacher in the Hefner schools. His many friends regret that he is gone, and extend sympathy to his wife.

The Baptist meeting days have been postponed until August 18, or Friday night before the third Sunday in August.

Everyone is quite busy saving their feed crops, since the hot wave came.

J. T. Murdock is having his residence painted a second coating. The work is being done by F. T. Johnson of Goree.

Eugene G. Payne is having some work done on his residence.

Mr. and Mrs. C. E. Haskin visited friends in Jones County the first of this week.

Mrs. Clyde Warren had her sister of Wichita Falls and her mother, Mrs. J. C. Newsom of Munday, as her guests last Sunday.

Mr. and Mrs. Dave Jetton and children of Munday were visitors in the home of Mr. and Mrs. F. E. Jetton and Mr. and Mrs. Clyde Warren over the week end.

Otho Jones and daughter of Lawrence, Miss, are visiting his mother and sisters here this week.

Dalton Jones visited in Dallas County for a few days this week.

Leonard Bates has recovered from an injury received recently while riding a motorcycle. He has the Hefner mercantile store now.

Charles Cooper Haskin is spending a few days visiting with relatives on the coast.

Mr. and Mrs. A. L. Horde's son, Gaylor, has returned home for a few days' visit. He has been in the service for several months. Gaylor met Billie Hendrix, his old friend, in Houston on his way home, and the two had a happy meeting. Billie went to his home in Lubbock. He spent some months in the Navy, in the Pacific, Japan and China.

Average consumption of lubricants in passenger cars has decreased more than 30 per cent since 1930 as a result of improvements in manufacture.

CONSTITUTIONAL AMENDMENTS

H. J. R. NO. 10.
HOUSE JOINT RESOLUTION
 Proposing an Amendment to Article 16 of the Constitution of the State of Texas, by adding thereto Section 62 providing a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; limiting the amount contributed by the State to such Fund; providing for investment of Fund with certain exceptions; prohibiting recipients of benefits hereunder from receiving other direct aid from the State; authorizing counties to provide and administer such an appointive county officers and employees after favorable vote in a county election for such purpose; limiting the amount contributed by the county to such Fund; providing for investment of Fund with certain exceptions; prohibiting recipients of benefits from said Fund from receiving other direct aid from the State; and providing for an election, necessary form of ballot, and publication on the question of adoption of this Amendment.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 16 of the Constitution of the State of Texas be amended by adding thereto Section 62, which shall read as follows:
 "Section 62 (A). The Legislature shall have the right to levy taxes to provide a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; provided that the amount contributed by the State to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the State, and shall in no one year exceed the sum of One Hundred and Eighty Dollars (\$180) for any such person.

"All funds provided from the compensation of such person, or by the State of Texas, for such Retirement, Disability and Death Compensation Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this State, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and provided that the recipients of benefits from said Fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless the Fund, the creation of which is provided for herein, contributed by the State, is released to

the State of Texas as a condition to receiving such other pension aid.

"(b). Each county shall have the right to provide for and administer a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the county; provided same is authorized by a majority vote of the qualified voters of such county and after such election has been advertised by being published in at least one newspaper of general circulation in said county once each week for four consecutive weeks; provided that the amount contributed by the county to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the county, and shall in no one year exceed the sum of One Hundred and Eighty Dollars (\$180) for any such person.

"All funds provided from the compensation of each such person, or by the county, for such Retirement, Disability and Death Compensation Fund, as are received by the county, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this State, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and provided that the recipients of benefits from said Fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless the Fund, the creation of which is provided for herein, contributed by the county, is released to the State of Texas as a condition to receiving such other pension aid."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at an election to be held throughout the State in November, 1946, (being the 5th day thereof*) at which all ballots shall have printed thereon:

"FOR the Constitutional Amendment authorizing the Legislature to provide a Retirement, Disability and Death Compensation System for the officers and employees of the State of Texas and authorizing counties to provide such system for the appointive officers and employees of the counties of the State of Texas," and

"AGAINST the Constitutional Amendment authorizing the Legislature to provide a Retirement, Disability and Death Compensation System for the officers and em-

Club Boys Test New Variety of Blackeyed Peas

COLLEGE STATION.—A new variety of black-eyed peas, Early Ramshorn is being introduced to Knox county by 45 4-H Club boys who have demonstrations in nine communities. One hundred pounds of the new variety were planted.

The new variety, which has been tested experimentally at College Station for the past two years, produced 4,692 pounds of green pods per acre as compared with 1,966 pounds per acre of the common variety, according to R. O. Dunkle, county agricultural agent.

When the peas began coming into production recently, club members and their families reported the new variety had a much more desirable flavor. Donald Nix, 4-H Club member of the Sunset community, described the flavor as "less tangy" than the common variety, and he found them to be less stringy.

All 45 members plan to save the seed of Early Ramshorn black-eyed peas to sell to their neighbors for 1947 planting. Market price for the edible peas has been 30 cents a pound, and if this price is maintained, the boys will receive a substantial profit from their demonstration, Dunkle says.

Each voter shall scratch one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the constitution for Amendments thereto.
 *According to an opinion by the Attorney General of Texas. 3-4tc.

S. J. R. No. 5.
A JOINT RESOLUTION
 Proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-five Thousand (\$75,000.00) Dollars, or so much thereof as may be necessary to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization of the Governor of Texas on August 31, 1937.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new section, as follows:

"The Legislature is authorized to appropriate so much money as may be necessary, not to exceed Seventy-five Thousand (\$75,000.00) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31, 1937."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the next general election to be held on the first Tuesday after the first Monday in November, A. D., 1946, at which all ballots shall have printed thereon:

"FOR the CONSTITUTIONAL AMENDMENT AUTHORIZING THE LEGISLATURE TO PAY FOR BUILDING CONSTRUCTED FOR JOHN TARLETON AGRICULTURAL COLLEGE"; and
 "AGAINST THE CONSTITUTIONAL AMENDMENT AUTHORIZING THE LEGISLATURE TO PAY FOR BUILDING CONSTRUCTED FOR JOHN TARLETON COLLEGE."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this state.

Section 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expenses of such publication and election. 3-4tc.

Mildred's parents, Mr. and Mrs. C. N. Smith recently.

Miss Elizabeth Smith spent several days last week visiting with friends and relatives in Wichita Falls, Texas.

T. W. Russell of Vera was a visitor here last Sunday.

Mr. and Mrs. J. D. McStay and son, Johnny of Vernon were recent visitors in the home of Mrs. S. E. McStay.

C. R. Elliott was a business visitor in Stamford last Friday, where he transacted business in connection with the local office of Production Credit Association.

Wade T. Mahan was a business visitor in Abilene one day last week.

Average depth of oil wells drilled in the United States has increased in the past 20 years from 2,900 feet to 3,500 feet.

Some 4,300 exploratory oil wells were drilled in the United States last year, of which 11.6 per cent produced oil.

Of the 650,000 miles of surfaced roads and streets in the United States, and 500,000 miles are covered with asphalt.

Horn Fly Control Proves Success On League Cattle

The use of DDT in horn fly control on the League Ranch has proven to be of greater value than was expected when the demonstration started, April 23, 1946, according to R. O. Dunkle, County Agent.

There is practically no eye trouble in the way of pink eye, or other eye irritation, which are rather common at this time of year with Hereford cattle. The other benefit is that there is considerable evidence that cattle under treatment have gained many more pounds in weight than cattle that have not been treated. However, no check weights have been made on account of no scales being available.

Mr. J. A. Scofield, of the Extension Service, A. and M. College, visited the League Ranch, Thursday, July 11th, and many observations were made concerning the activity of cattle that were treated as compared with cattle not treated. Mr. Scofield found that during the heat of the day that all cattle under the treatment were aying down in the shade chewing their cud, while cattle that were not receiving horn fly treatment were standing up and were moving about under mesquite limbs in order to dislodge the flies from their backs. A rough estimate in comparison of weights would indicate that the animals that had been freed of the horn fly would easily weigh from 100 to 125 pounds more than cattle not under treatment.

This horn fly control demonstration has been conducted for a period of 105 days on the League Ranch, and will continue through the fly season of September and October. The cattle are treated with a DDT-Sulphur dust at twenty one day intervals.

It was found that cattle could be treated with this sulphur dust very easily by putting them in a crowding pen, from 15 to 20 head at one time, and then sift the DDT-Sulphur powder on the backs by walking around and through the cattle, and dusting powder on their backs from a perforated fruit jar lid that is attached to a quart fruit jar. This method works much faster than trying to put the cattle through the chute.

MECHANICAL PICKER HERE TO STAY.—The mechanical cotton picker is here. The present machine can be compared to a 1910 automobile or very early tractor. Nevertheless, it does a good job.—George G. Chance, Cotton Farmer, Bryan, Texas.

DeTroy Trammell, of Lubbock visited his parents, Mr. and Mrs. Frank Trammell, and other relatives and friends here over the week end.

EXPORTS IN TEXAS DECLINE FOR APRIL

Austin.—Exports from Texas cities in April totaled 807,688,688 pounds, a decline of about 33 per cent from March, according to the Bureau of Business Research, the University of Texas, in their post-war release on exports.

Of this total, Galveston shipped 490,188,476 pounds, Texas City 120,683,055, and Houston 196,817,157. Texas City gained 30 percent from March to April, while Galveston decreased 36 per cent and Houston 43 per cent for the same period.

Shipments of wheat were 165,468,540 pounds in April, compared with 553,385,920 for March for the three ports. Rice shipped from Galveston and Houston amounted to 29,518,341 pounds in April, which was little more than half the total exported in March.

Lubricating oils, carbon black, sulphur and scrap iron are among the most important commodities shipped from Texas ports. Export of lubricating oil increased from 5,764,168 in March to 18,692,762 in April, all shipments being made from Galveston and Houston.

Mr. and Mrs. F. N. Bentley and daughter of Dallas came in Tuesday for a few days' visit in the home of Mr. and Mrs. Robert Green and children.

Mr. and Mrs. M. L. Barnard returned home last Thursday from their vacation trip. They spent some time with relatives at Fort Smith, Ark., then came back to Lake Worth for several days' outing and fishing.

N. A. Chaustain visited with his family in Spur over the week end.

Mr. and Mrs. Ed Lane visited their son-in-law and daughter, Mr. and Mrs. Clarence Peek, in Seymour last Sunday.

IT PAYS TO ADVERTISE

Many Texans To Meet Death As Pedestrians

Austin.—This year approximately 360 Texans will "walk themselves to death," predicts the Texas Safety Association. For the most part, they will walk with the traffic and will come from behind parked cars to be struck down. Others will meet death while crossing at intersections against the signal and while crossing the street. These predictions are based on totals for the first six months of the current year in consideration of newly developing tendencies in the pedestrian accident field.

Pedestrian fatalities increase around the hour of sunset in all seasons of the year. The greatest number during the summer months

Knox City Has New \$50,000 Enterprise; Benedict Motors Holds Formal Opening

H. G. Benedict, son of the oldest pioneer family of Knox County, Mr. and Mrs. W. H. Benedict of Knox City, Texas has returned to his home town and established a new business that is a credit to any city that of Ford Dealer of Knox County.

His endeavor to build a new business building suitable for the Ford dealership has been accomplished after six long months of searching the entire state for building materials. He now has one of the most modern and up-to-date buildings in West Texas.

H. G. was born in Knox County, grew up in Knox City, was a graduate of the Knox City high school. After receiving his college education, he was employed as a factory representative in the sales department of Colgate-Palmolive Peet Company.

After traveling the territory for eight years, Uncle Sam stepped in and gave him another traveling job, but quite a bit different from his past routine work. He was drafted in to the U. S. Army Air Forces soon after our declaration of war. His training in the states was short. In four months he was attached to a Bomb group as Command Pilot and left the States for foreign service. His first invasion of Africa, Sicily and Italy.

Captain Benedict was returned to the States after completing fifty-three missions, with a squadron citation for blowing up the Bizerte bridge in Tunisia, the Air Medal with nine oak leaf clusters, and the Distinguished Flying Cross.

Back home now, and in business among his life long friends and acquaintances, it is his utmost desire to serve the patrons of Knox County and vicinity in sales and service on Ford products.

The Service department of Benedict Motors, authorized Ford Dealer, is very modern in every detail, with the latest methods in shop equipment and with special tools, staffed with the best skilled, most efficient mechanics backed by the Ford Motor Company Service School. The Parts and accessory department is in keeping with the service branch, specializing in genuine Ford parts with facilities to furnish over the counter trade both retail and wholesale. The lubrication and car wash department is also up to date, a one stop service from the top to the bottom of any model car or truck, with steam cleaner for motors, vacuum cleaner for the inside of the car, and siminizing machine for the outside of your car.

Benedict Motors will have the formal opening of the new building Friday July 26th with open house through out the day and evening.

Mr. Benedict cordially invites every one to come visit him.

Mrs. George Martin, Mrs. Lucille Stodghill and David and Allen Eiland were visitors in Wichita Falls last Friday.

Mr. and Mrs. W. J. Hagerty and children returned the first of this week from a vacation of several weeks. They visited with Mrs. Hagerty's parents in East Texas and at points in Minnesota.

Easy to Iron

DRESS-WEIGHT spun rayons, like this one, should be ironed when dry, using a hot iron, according to advice given by the American Viscose Corporation, producers of rayon. In linen-textured spun rayon, this bolero dress makes a grand capsule wardrobe for vacationers or commuters. Wear it with contrasting hat and gloves for town. Remove the bolero and you have a comfortable sunback. A smart short dinner dress.

Early days in Texas are described by Mike Campbell of Stamford, well-known newspaperman:

"My maternal grandparents settled at Dresden, Navarro County, in 1844, on land granted them by the Republic of Texas. Our family still has the old document with Anson Jones' signature. The settlers made annual trips to Houston, in wagons drawn by oxen, for supplies, usually taking two months to make the round trip. There was not a fence between Dresden and Houston, except rail and brush fences around small fields and corrals.

"In those days, wild horses, cattle and wolves roved over the prairies, prairie chickens were plentiful.

"My grandfather owned a slave who made all the shoes and boots. Cowhides were of the utmost use

in early days. They furnished shoes, harness, bull whips chair bottoms and hinges for doors; and sometimes vessels for carrying water were made of leather.

"The Meltons were also early settlers in that section. Ethan Melton married my grandmother's sister. My great uncle, John Welch, told me of the Battle of San Jacinto, and the capture of Santa Anna. He related:

"Deaf Smith and I had been looking after some pack mules, and as we walked up to where General Houston lay, some of the boys led up a Mexican, dressed in the uniform of a private, facing the general. The Mexican made a sign with his hand and General Houston answered with his hand. About that time, some other Mexican prisoners exclaimed, "El Presidente! El Presidente!" Then we knew we had Santa Anna."

"Nestling in a little valley north of old Dresden lies the Melton Cemetery, fringed with wild plum and persimmon thickets. There sleeps pioneers, including my maternal grandparents. The song of the mockingbird may be heard in the stately elms but no more do the mournful howl of the timber wolf and the haunting notes of the horned owl boom out in the dark hours of the night. Yes, in North American, frontiers have vanished forever."

Mrs. Irene Meers came in last Sunday from a three-weeks' vacation in California.

New Higher Pay for the Army!

NEW PAY SCALE

IN ADDITION TO CLOTHING, FOOD, LODGING, MEDICAL AND DENTAL CARE, AND LIBERAL RETIREMENT PRIVILEGES

Starting Base Pay Per Month	Monthly Retirement Income After	
	20 Years' Service	30 Years' Service
Master Sergeant or First Sergeant	\$165.00	\$185.63
Technical Sergeant	135.00	151.88
Staff Sergeant	115.00	129.38
Sergeant	100.00	112.50
Corporal	90.00	101.25
Private First Class	80.00	90.00
Private	75.00	84.38

IN ADDITION TO COLUMN ONE OF THE ABOVE:

- 20% increase for Service Overseas.
- 50% increase if Member of Flying or Glider Crew.
- 5% increase in Pay for Each 3 Years of Service.

Highlights of Regular Army Enlistment

- Enlistments for 1½, 2 or 3 years. (One-year enlistments permitted for men now in the Army with 6 or more months of service.)
- Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may reenlist at any age, and former service men depending on length of service.
- A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 90 days after last honorable discharge.
- Up to 90 days' reenlistment furlough with pay, depending on length of service, with prescribed travel allowance paid to home and return, for men now in the Army who reenlist.
- Consult your Army Recruiting Officer for other furlough privileges.
- Mustering-out pay (based upon length of service) to all men who are discharged to enlist or reenlist.
- Option to retire at half pay for the rest of your life after 20

years' service—increasing to three-quarters pay after 30 years' service. (Retirement income in grade of Master or First Sergeant up to \$185.63 per month for life.) All previous active federal military service counts toward retirement.

8. Benefits under the GI Bill of Rights assured for men who enlist on or before October 5, 1946.

A large number of Munday Citizens, interested in the welfare of their County, asks that you vote for—

J. C. Patterson For County Judge

The County Judge's office is one of the most important in the County. All wills are probated, estates administered, orphans and minors guardians appointed, in such court, requiring and necessitating a man as Judge who knows the whole panorama of real estate, and probate law, which no man who is not a licensed lawyer can know. When you die, your will must be probated, or your estate administered through the County Court. Would you employ a layman to handle your estate and title work? Is it not important to employ a skilled man to handle the affairs of your County Court?

The mere presiding over the Commissioners' Court is one of the smallest duties developing upon the County, and one of probably the least importance. The County Commissioners will usually handle the affairs of County Administration as they may elect, and the County Judge seldom has a vote.

The County Judge must know the laws with reference to admissions into the various eleemosinary institutions, such as the tubercular hospital, must try insane persons and appoint their guardians, must know how to charge juries in criminal trials, and know the whole law of the State in Administration of trials involving the rights between parties. No layman can know this or make a good judge. Use common sense and vote for a man who knows, J. C. PATTERSON.

This ad written and contributed by Munday Citizens.

Bond Purchases High, Redemptions Low; Americans "Back Their Future"

WASHINGTON, D. C.—Americans bought \$139,057,000 more of U. S. Savings Bonds during the first half of June, National Savings Bonds Director Vernon L. Clark reported today. Sales surged up 45.7 per cent above the mid-June figure to reach \$443,514,000, the best half-month's volume since January, he said.

This marked increase resulted from the Treasury's "Back Your Future" June-July Savings Bonds Promotion which stressed investment in bonds as security for the future and their purchase as a shock against inflation, Mr. Clark said.

While sales were increasing, redemptions were holding steady at the new 1946 low achieved in June, according to Mr. Clark's report.

It does not take an economist to figure out from these facts that Americans are convinced savings bonds are both profitable and safe

and not to be sacrificed except in a real emergency," said Mr. Clark.

The director took the occasion on behalf of the Treasury Department to thank newspaper, radio and other publicity and advertising media and their advertisers for tremendous support in space and time devoted to urging Americans to buy and hold savings bonds.

Mr. Clark expressed his appreciation to Texans for their support through Mr. Nathan Adams, Chairman of the Treasury's Advisory Committee for Texas.

The half-month report for the nation showed E Bond sales up 28.5 per cent, from \$175,334,000 in the first half of June to \$225,237,000 in the comparable July period. At the same time E Bond redemptions dropped from \$261,771,000 in July, a decrease of 1.3 per cent. In all series sales, were at the highest rate since January, 1946 and E Bond redemptions at the lowest since July, 1945.

Cude Makes Statement To Knox Voters

The following statement to the voters of Knox County was issued this week by E. J. Cude, candidate for sheriff of Knox County:

To The Voters Of Knox County: I have tried to make a thorough canvass of Knox County in support of my candidacy for sheriff, but I realize that there are some voters whom I have not seen personally. I want you to realize that it was not my intention to miss anyone and I ask that you give my candidacy your consideration when you go to vote next Saturday.

I am not an ex-service man, but I feel that I have contributed in a measure toward the victory in the conflict we have gone through. I had four sons go into the service, one of whom was killed in action in

the Navy, and did not return home to us.

If elected your sheriff, I will do everything in my power to enforce the laws of the state and county fairly and impartially, and without fear or favor. It shall always be my aim to serve the good voters who placed me in office, and to see the duties of sheriff performed to the best of my ability at all times.

Please consider this as a personal solicitation of your vote, and, if elected, I shall express my thanks by giving you a tenure of faithful service.

Sincerely Yours,
E. J. CUDE

POSSUM FLATS . . . "CLOSE HARMONY"

By GRAHAM HUNTER

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

Austn.—Dr. Geo. W. Cox, State Health Officer, is appealing to young women high school graduates to seriously consider the public health nursing profession as a career, when re-entering school this fall.

"Public health nursing offers young women opportunities for lifetime careers which are highly useful and satisfactory. Demands for professional nurses now exceed the supply in public health and other fields of work," Dr. Cox said.

"Possibilities of travel, varied experience, income, and other features of the profession compare very favorably with those open to women in other careers."

Education for nursing is available in 37 schools in Texas and enrollment is now under way for fall classes, which open about September 1. All schools still have vacancies. Applicants should be

graduates of high school or have some college credit, with a record of good scholastic standing, be in good physical condition, and of high moral character. An interest in people and their problems, also ability to work well with one's hands is necessary.

Prerequisite training in public health nursing includes a 36 month course including vacations. Medical, surgical, obstetric, pediatric, psychiatric and communicable disease nursing are studied. Completion of courses entitles the individual to the diploma of the school and to take State Board Examinations leading to the R. N. Certificate.

Details regarding nursing education can be secured from hospitals, physicians, nurses' organizations and local health departments, as well as the Texas State Department of Health.

Mrs. J. H. Smith and Wayne Smith of Springtown visited in the home of Mr. and Mrs. J. Weldon Smith over the week end. They were accompanied home by Linda Kay Smith, who spent several weeks in Springtown with her grandmother.

A Want Ad in The Times Pays

J. Arthur Smith and daughter of Lorenzo were here the first of this week, visiting with friends and attending to business matters.

Miss Mary Jean Stevenson, who has been attending the Baylor University School of Nursing in

Dallas, arrived Sunday and will spend the summer months with her parents, Rev. and Mrs. S. E. Stevenson of Gore.

Mr. and Mrs. Aaron Edgar visited in the home of Mr. and Mrs. Roy Rogers near Quanah over the week

end. They were accompanied home Sunday by Mrs. Edgar's father, W. J. Bridge, who will visit here for some time.

Some of the large varieties of butterflies migrate south for the winter.

Highlights in MACK TAYLOR'S Platform For Election to Congress

Mack Taylor Would Abolish Poll Tax—

Mack Taylor is all for abolishing the poll tax. He feels that the poll tax was not constitutional in the first place, and that it effectively prevents many citizens from voting on important issues, due either to their actual inability to pay the tax, or their righteous rage at being taxed for the privileges of exercising their right to vote. Mack Taylor does point out, however, that it is necessary to pay the poll tax in order to be able to vote against it when the issue comes to vote.

Mack Taylor is a Friend of Labor—

Always a friend of the wage earner, Mack Taylor has made an extensive investigation of the financial situation of the average working man. He will support to "the fullest extent" all legislative action to establish a wage and hour law in support of a minimum wage of 75 cents an hour for a forty hour week, with time and one-half for overtime in excess of forty hours.

This is but a subsistence wage in relation to present living costs. Consider the case of a laborer, the head of a family of five, who earns his minimum basic pay. At the end of a standard 40-hour week he would gross \$30.00. Present withholding taxes average about 20 per cent of wages. Thus your laborer would earn a take home pay of approximately \$24.00 a week. Mack Taylor says "I, for one, wouldn't like to see the result of a man with a family trying to live on less than this amount."

Mack Taylor believes that only by establishing the Wage and Hour Law, and passing a full-employment bill, can we be assured that there will be no recurrence of the Hoover Broadlines, which wrecked the Republican Party.

A Fifth Term for Ed Gossett?

The Honorable Ed Gossett has been in Congress for four terms, and is now seeking a fifth term. His past record plainly shows that he is intending to make a lifetime career of Congress, but that he will carry the ball for his constituents only when he can do so and still maintain the friendship of the republicans and the big monopolistic factions. Enough is enough. Ed Gossett has had four terms to show his colors. Now let's put Mack Taylor up there and start the ball rolling the peoples way.

Mack Taylor, a true two-fisted Texan, has accumulated invaluable business experience in the operation of a wholesale drug business for the past quarter of a century. He feels that this experience will enable him to work more efficiently for the people than the smattering of law experience extolled by certain tin-horn lawyers and soap-box orators who are also seeking this office.

A Break for the Returned Veteran—

Mack Taylor holds that the returning vet-

eran is due every consideration. He will make it his business to see that the red tape is cut away from many of the dealings the Veterans Administration has with the returned veteran. Many thousand of boys and girls, just out of the service, are returning to their education depending on the subsistence pay promised them under the GI Bill of Rights, to live on while they are in school or in the on-the-job training programs, and are being forced to wait from from three to six months for their much needed subsistence pay. One of the first acts of Mack Taylor when he goes to Washington will be to put some ACTION in the Veterans' Administration, and insist on immediate payments and subsistence and rehabilitation pay.

Old Age Pension Checks Straight From Washington—

Mack Taylor says that since Uncle Sam is willing to pay the old folks twenty dollars a month, to be matched by the States, and since the State of Texas is only putting up ten dollars a month, or making a total of twenty dollars a month, the Old Folks can get through the pension, he advocates mailing the full twenty dollars direct from Washington, and letting the State send whatever they will from Austin.

Do Away With the Draft—

Mack Taylor says that we can do away with the draft if we will raise the armed forces pay high enough to compete with private industry. By so doing, we would insure ourselves of a standing army of the cream of our young, broad-shouldered, athletic men and they would be serving on a voluntary basis, rather than being dragged from the schools and colleges. By doing away with the massive, complicated, and slow moving, Selective Service machinery, we would save the taxpayers more than enough to hike the pay of the men and women who voluntarily enter the military profession.

Income Taxes too High and Too Complicated—

Mack Taylor feels that the bulk of the taxes should be paid by those making the most money. . . big business and the monopolies, and that the working man should not have to contend with the complicated Estimated Tax Forms, and, unless making over five thousand dollars annually, should not be required to pay income taxes, nor a file a return.

Mack Taylor, a True Roosevelt Democrat—

Mack Taylor is an avid supporter of the policies laid down by President Roosevelt, the greatest President this country has ever known. Let's all go to the polls and cast our votes for Mack Taylor, the Peoples' Friend, on July 27th.

TEXAS COMES FIRST!

That is the political philosophy of

Beauford Jester

of Corsicana

Candidate for GOVERNOR OF TEXAS

In his opening campaign address Beauford Jester declared:

"The Political Action Committee of the CIO is not going to dominate the people of Texas."

"I am opposed to labor monopolists as much as I am opposed to capitalistic monopolists."

"There must be no threat to the life, livelihood or property of any citizen."

"In Texas we want equal responsibility from both labor and management—responsibility to the public itself."

"I am urging the people of Texas to return to first principles in government."

"The home, the Church, and the School are the foundations of our society and well-being. As Governor of Texas I shall ever strive to strengthen these foundations of Texas."

"I am a liberal Democrat, but I am not a loose Democrat."

Beauford Jester long has been an active worker for the better things in life—church, welfare, civic development, education, agriculture and athletics. He has served with distinction on the Texas Railroad Commission. His record as a citizen and as a public official justifies his promotion to the governorship of Texas.

Veterans News

Army engineers were authorized this week to develop plans and specifications for four new Veterans Administration hospitals in

the Dallas Branch area. The new hospitals will be erected at Big Springs and Bonham, Texas; Shreveport, Louisiana; and Tupelo, Mississippi. Sites have already been acquired.

These hospitals and others now being planned will provide adequate beds for the medical care of veterans in Texas, Louisiana, and Mississippi, Dr. Lee D. Cady, VA's Medical Director in the Southwest, said.

The back-log of world war II veterans' disability claims in the

Dallas Branch Area has been reduced nearly 80 per cent since February, VA's June report shows.

As of July 1, a total of 9,738 cases was pending in Texas, Louisiana and Mississippi compared with 47,799 at the end of February, Sam P. Kohen, Director of Claims, revealed.

He attributed the reduction to development of trained VA Personnel, new operating procedures and a decline in the volume of new applications.

More than 250,000 veterans of World War II living in Texas, Louisiana and Mississippi have filed pension claims of which 118,762 were awarded pensions and 121,638 had their claims disallowed.

The first in an annual series of tournaments for Texas amateur golfers at the Veterans Administration hospital in McKinney, Texas, started Friday (July 19).

The tournament is one of the attractions planned by Roy E. Eury, VA's Special Services Director, to entertain patients and provide them with outside interests to speed recovery.

Most of the potential vacancies for veterans in institutions of higher learning this fall are still to be found in junior colleges and small liberal arts colleges, VA's latest educational survey shows.

Question and Answers
Q. Last year I attended school under the G. I. Bill and received subsistence payments of \$75 a month for me and my family. The amended Servicemen's Readjustment Act, passed in 1945, increased the amount to \$90 a month. Am I entitled to retroactive payments for the increase?

A. No. Payments of increased subsistence allowances for veterans with dependents went into effect Jan. 1, 1946. It provides specifically that the increased amount is payable as of the first day of the first calendar month immediately following enactment of the amended legislation. Date of the enactment was December 28, 1945.

Q. I am 23 years old and would like to know what my premium will be on a 20-payment NSLI policy?

A. The monthly premium on such policies at your age is \$2.05 a month per \$1,000.

Q. How long do I have to convert my term insurance to a permanent form?

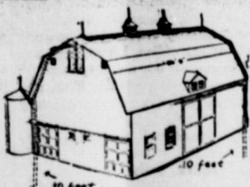

A. You can keep your term insurance for eight years from the time it was taken out, if it was taken out before January 1, 1946, or five years if it was taken out

Fixing Up the Farm by BURTON WILLIAMS

Check Lightning Rods

SUMMER days bring with them thunder showers and the danger of lightning striking farm buildings and causing serious fire losses. Improperly grounded lightning rods are worthless as a source of protection.

Lightning rods transmit negative charges of electricity from the ground and disperse them to the clouds to eliminate the accumulation that draws lightning from the clouds.

Typical Barn Installation

To function properly, the rods must extend down into the moist earth. All supporting insulators should be anchored tightly to the building.

While checking the lightning rod system, look for other fire hazards. If you find the roof needs renovation, use fireproof shingles, such as those made of asbestos, for the asbestos shingles are weatherproof and wear-proof as well as fire-proof and they provide maintenance-free protection. Their composition makes them immune to rot or decay.

on or after that date.

Q. I have let my NSLI term policy lapse since my discharge. I

have been out of the army more than six months. Can my policy be reinstated?

A. To reinstate your NSLI term policy, irrespective of the date of lapse, you are required to pay only two monthly premiums and submit a signed statement that you are in as good health as at the time of the lapse. You have until Jan. 1, 1947, to do this under the regulations.

Q. Is it permissible for a veteran to reduce the amount of his insurance policy?

A. Yes. The amount continued must be in multiples of \$500, but not less than \$1,000.

Are there any restrictions for NSLI policy holders?

A. The insurance is free from restrictions as to residence, travel, occupation or military or naval service.

QUOTES ON COTTON

COTTON'S OPPORTUNITIES.

"Dark economic clouds that have been hovering over cotton are brightening. Soon we shall talk less of cotton's problems and boast more of cotton's opportunities." H. H. Williamson, Asst. Director of Extension, Washington.

BELIEVES IN COTTON.

"We believe in the future of the South—which is another way of saying we believe in the future of cotton."—Edward J. Condon, Sears, Roebuck & Co. Chicago.

COTTON IN A BETTER WORLD.

"We can get the better kind of world if we want it hard enough. Whether American cotton-growing will participate in its material blessings depends upon what the American grower, with

his expanding knowledge and new machines, can accomplish in efficiency and economy of production. I believe he will share fully in its blessings."—Lamar Fleming, Jr., Anderson County, Clayton & Co., Houston.

SEEKING NEW USES.

"Industry is still hard at work searching for new uses for the products of cottonseed, even though demand temporarily exceeds supply."—Porter M. Jarvis, Swift & Co., Chicago.

DIVERSIFIER.

"Cotton is truly a diversifier in the Southwest now, and will become even more prominent in this respect in the future. Combination with other crops and livestock will insure cotton and cottonseed a permanent profitable place in agriculture."—Dr. Louis E. Hawkins, Oklahoma Experiment Station, Stillwater.

STYLE FABRIC.

"Today cotton as a highly styled as any fabric in America. The fashion cotton converters have done a job unequalled in any other textile field." Emily Wilkens, Fashion Designer, New York.

Miss Geraldine Harlan returned

to her duties at the First National Bank on Wednesday, after spending a two-weeks' vacation with her parents, Mr. and Mrs. Jay Harlan of Littlefield.

Mrs. Wade Mahan and Mrs. Travis Lee were business visitors in Haskell one day last week.

R. T. Kinman of Rule was a business visitor here last Monday.

BROWN COUNTY

25 years active private practice in State and Federal Courts, 12 years as District Judge with a record above the average, asks promotion to

THE COURT OF CIVIL APPEALS

to succeed Judge Gray, who has withdrawn. Two members of the court are from the north and west part of the district, which might suggest that distributive fairness would be served by having one member of the court from the south and east part of the district.

CONTOURS AND TERRACES

Boost Crop Yields

MORE than 30 per cent average increase in crop yields—that was the reward of 9,000 farmers recently checked on results of their soil conservation program. Terraces and contours were responsible for much of this extra yield. By holding rainfall, they provided "natural irrigation" for slopes.

Almost all crops will respond to better moisture control. If you have sloping fields, farming on the contour, terracing or strip cropping almost certainly will pay you a profit.

Terracing is no longer a job for engineers and heavy machinery.

You can build terraces successfully with your regular farm equipment. Allis-Chalmers has developed practical methods of terracing, strip cropping, and building grassed waterways with your farm tractor and tractor plow.

The Allis-Chalmers handbook "You Have What It Takes To Contour and Terrace" will show you where you need terraces and how to build them. Ask us for a copy... it's free.

State 4-H Club Meeting To Open On August 28th

The first state wide meeting of 4-H Club members since 1941, will be held on the campus of the Texas A. and M. Colleges on August 28-29-30, according to R. O. Dunkle, County Agent.

This meeting will be known as the Texas 4-H Round-Up, and it will be some what different from those known in the past as Short Courses.

Each county in the state where there are County Agents and Home Demonstration Agents, will invite two of the outstanding 4-H Club boys and two of the outstanding 4-H Club girls with their sponsors to attend the 4-H Club Round-Up. Arrangements for transportation of the 4-H Club members is being arranged for the two boys, two girls and their sponsors to the Round-Up.

4-H Club boys, girls and their leaders will be assigned dormitory rooms at 75 cents per night, or a total of \$2.25 for the three nights. This group will be required to bring their own sheets, pillow

slips, toilet articles, etc. Meals will be furnished American style in the new Duncan Dining hall at 50 cents per meal. The total cost in figuring the meals and lodging will be \$6.25, beginning with breakfast August 28th, and ending with dinner August 30th.

Boys and girls attending the Round-Up must be 14 years of age to be eligible to attend. They must also be recognized leaders in their local clubs in the county. They should be able to talk and take part in the discussions and to participate in the different educational features and contests.

Announcements will be made later as to the selection of 4-H club members to attend the meeting from Knox County, that will be made by the sponsors and the county agents. The Home Demonstration Council of Knox County, will assist in selection of the girls who will attend.

Crowell Child Is Burned To Death

CROWELL—John Terrell Graves, 3-year-old son of Mr. and Mrs. Charles Grady Graves of Crowell, was burned to death Monday afternoon while playing in the garage storeroom at his home.

The youngster had been playing in the backyard with his three brothers, and had wandered into the storeroom, shutting the door behind him, it was reported. An older brother, Robert Bradley Graves, said he had not missed John Terrell until he saw smoke pouring out of the room. He was unable to force the door open, and summoned his mother, who was severely burned in vain attempts to open the door. The body was recovered by members of the fire department.

Funeral services were held at three o'clock Tuesday afternoon from the First Baptist Church in Crowell, with Rev. Otis Strickland, pastor, officiating.

His father, former football coach at Crowell and present superintendent of schools, was not at home at the time of the tragedy.

Survivors include the parents, and two brothers, Gordon Thomas and Bill Graves, and grandparents, Mr. and Mrs. W. T. Graves of Stephenville.

The most southerly production of oil in the world is on an island off the southern tip of South America, belonging to Chile.

Rufus Walker Now On McMurry Teacher Staff

Abilene.—Rufus Walker, supervisor of the elementary schools of Sweetwater, has been added to the staff of McMurry College, as assistant to the president in the financial program of the school, Dr. Harold G. Cooke, president, announced this week.

Walker will work with Dr. Cooke and others now conducting the McMurry College endowment and Building Fund Campaign, scheduled to close July 31, through the Clarendon, Perryton, and Vernon districts of the Northwest Texas conference.

Following the close of the campaign, Walker will direct his energies toward the building of a living endowment and maintenance program of the school.

Widely known as a West Texas school man, Walker had been in educational work 14 years. He holds a master's degree from Hardin Simmons University, and has studied at the University of Texas. Active in War Bond, Red Cross and Community Chest drives in Sweetwater, his other interest includes Boy Scout work, teaching a Sunday school class and an officer of the First Methodist Church there. Mr. and Mrs. Walker and son, about 10 years old, will move to Abilene as soon as their home can be disposed of and a suitable home can be purchased here.

RUFUS WALKER

L. C. Floyd Makes Statement to Voters

To The Voters Of Knox County: Due to the required amount of time necessary for the service and duties of my office, I have been unable to see all of my supporters.

So vote for me on July 27th, and I shall never stop giving my every effort in making a better officer as my years of experience increase.

Yours truly,
L. C. FLOYD. 1tp.

A nationwide 50-city price tabulation shows the service station price of gasoline to average 20.21 cents a gallon, including an average tax of 6.05 cents.

Activities of Colored People

On last Sunday, Rev. W. A. Alexander was in the city, accompanied by his wife and Mrs. Cattie, a sister of Mrs. Alexander. Rev. Alexander preached his departing message from 28th chapter of Matthew, 19th verse. A large number of friends attended the service, many of whom hated to see Rev. Alexander leave. They had just left the convocation in Waco, where Rev. Alexander was appointed to pastor a church at Brownwood, Texas.

Rev. Robinson of Stamford, a great preacher and piano player, has been assigned to pastor this Church of God in Christ and will begin his work Sunday. He will conduct a meeting next Sunday. He will conduct a meeting next week, and everyone is invited to come.

Rev. Q. H. Beavers and Rev. Taylor of this city and Rev. Johnson of Fairfield were present last Sunday night in the service, Rev. Johnson at the piano.

Mrs. Doris Napper Webber of

Knox City spent the week end with her parent, Mrs. Mary Hayden.

Mrs. Opal Harrison Issues Statement to Voters of County

Mrs. Opal Harrison, candidate for the office of District Clerk, Wednesday issued the following statement to the voters of Knox County:

To The Voters Of Knox County: Due to the fact that I have been regularly employed, I have been unable to see all the voters of Knox

County. I have seen as many of you as possible, but my duties have been such that I was unable to visit the rural communities.

I want you to carefully consider my candidacy for the office of District Clerk when you go to vote next Saturday. I believe I am well qualified for this office, and I assure you that your vote next Saturday will be greatly appreciated.

If elected, I promise you a term of competent and faithful service.

Sincerely yours,
MRS. OPAL HARRISON 1tp.
