

Sunset Cagers Win Basketball Tourney

All-Tournament Team Given Awards

The Sunset Eagles, one of the fastest and best teams in this section, carried off high honors in the basketball tournament held at the Munday school gym last week end. Defeating all their opponents in the runner-up games, the Eagles were matched with the Paint Creek Pirates for championship honors and came through with flying colors to rank as high team for this section.

Second place honors went to the Paint Creek Pirates of Haskell county.

The Munday Moguls were matched with the Goree Wildcats for consolation honors, and were beaten out by the Wildcats by the close score of 30 to 29 in the finals. This was one of the most thrilling games of the tourney.

The following boys were chosen on the all tournament team: Center, Walling of Sunset; guards, Cartwright of Munday and Jones of Goree; forwards, Myers of Sunset and Mueckler of Paint Creek. Each was awarded a gold basketball.

Sunset's center, Walling, was voted high point man of the tourney and was awarded a silver basketball. Keith Cartwright of Munday was selected as best sport.

The tournament drew a large crowd that enjoyed every thrilling game. The Munday school extended thanks to all the teams that participated in this event.

Knox County Hospital Notes

Patients in Knox County Hospital February 8, 1944

Mrs. R. E. Bradley, Knox City. J. K. Albin, Ft. Worth. Mrs. E. E. McGregor, Benjamin. Mrs. D. W. Cooper, Throckmorton. Mrs. A. N. Stewart and baby son, Weinert. Mrs. I. B. Lewallen, and baby daughter, Munday. Mrs. D. Dickerson and baby son, Munday. Mrs. Lynn Knouse and baby son, Rochester. Mrs. J. H. Rushing, O'Brien. Mrs. Frank Heath, Knox City. Emory Roper, Seagraves. Mrs. Claude Reed, Knox City. Baby Huffman, Truscott. W. H. Kirkland, Brownwood.

Patients Dismissed Since Tuesday, Feb. 1, 1944

Mrs. Leola Stockton, and baby son, Munday. Winsel Norvell, Munday. Mrs. C. B. Whitis, Elbert. Jim Lewis, Munday. Mrs. M. W. Steele, Rochester. Lee Jenkin, Rochester. Mrs. Alfred Latham and baby daughter, Munday. Mrs. H. L. Lambeth and baby son, Goree. Billie Gene Peck, Knox City. Mrs. E. A. Wright, Lubbock. Miss Leola Grant, Lubbock. Miss Wanda Matthews, Lubbock. Mrs. W. O. Atkinson, and baby son, Goree.

Births

Mr. and Mrs. W. O. Atkinson, Goree, a son. Mr. and Mrs. I. B. Lewallen, Munday, a daughter. Mr. and Mrs. A. N. Stewart, a son, Weinert. Mr. and Mrs. D. Dickerson, Munday, a son. Mr. and Mrs. Lynn Knouse, a son, Rochester.

Deaths

Mrs. Stella McCluskey, Abilene.

BIRTH ANNOUNCEMENT

Lieut. and Mrs. Everett Pruitt are announcing the arrival of a daughter, born on Friday, February 4, at the Haskell hospital. Mrs. Pruitt is the daughter of Rev. and Mrs. S. E. Stevenson. Lieut. Pruitt is on maneuvers somewhere on the Pacific coast. Mother and little daughter are reported doing nicely.

Sebern Jones, who operated the Clover Farm store here for several years, left last Friday for Lubbock where he entrusted for San Diego, Calif., to begin his "boot training" in the U. S. Marines.

Father's Night To Be Observed At PTA Meeting

The Munday P. T. A. will meet on Tuesday night, February 15, at which time "father's night" will be observed. A special prize of \$3.00 will be awarded the room having the most parents present.

H. A. Owens will have charge of the program, "Freedom Through Citizenship," after which a social hour will be held and refreshments will be served. The program is announced as follows:

Freedom by expression and action. W. C. Cunningham; relation of citizenship to every phase of P. T. A. work, Riley B. Harrell; male quartette, Jim Reeves, Nolan Phillips, Aaron Edgar and J. C. Harpham; delinquency, its effect on citizenship, Wade Mahan; benediction, Rev. W. H. Albertson.

81 Registrants Re-Classified By County Board

Eighty-one registrants of Knox county were reclassified at the February 8th meeting of the Selective Service Board. They are as follows:

Class 1-A: James E. Shields, Floyd W. Hewitt, Tom A. Miller, Willie Napper, Henry A. Patterson, Jr., Elmo D. Morrow, Charles F. Bailey, Fred C. Robinson, Thomas B. Cypert, Lonnie Wallace, Roy A. Pace, John D. Roberts, George W. Nelson, Eual D. Hendon, Oral L. Patterson, Lee H. Ford, James V. Dixon, Ernest L. Yarbrough, Claude T. Jackson, Jesse W. Blankenship, Cecil W. Dowd, Walter M. Martin, Carl V. Wallace, Vincent E. Lane, Jeff D. Bowden, Henry L. Fesperman, Nimlu Alton, Farris S. Webb, Raymond A. Iiseng, Harold N. Freeman, Elvis H. Hutchinson and Reynauda Mata.

Class 1-C: Roy C. Rucker, Carl Womack and Ray Matthews.

Class 2-C: James T. Hall.

Class 3-C: Martin W. Brown, Oscar S. Mangis, John A. Hertel, Felton M. Lambeth, George T. Ferguson, Grover S. Coffman, Floyd Knox, Herman M. Friske, Cecil W. Shipman, Haskell G. Tubbs, Pruitt O. Large, Mike Parker, Henry D. Hord, Dorman C. Smith, Tolbie Winchester, Walter F. Waldrip, Clarence W. Hall, Joe A. Brown, James F. Goode, Jewett O. Ours, Harold D. Beaty, Bleazer V. Harlan, Arley R. Cullum and Cecil R. Chamberlain.

Class 4-F: Adron Rutledge and John Lemley.

Class 1-A (H): Deamon A. Yarbrough, Charles C. Dunn and Horace Spell.

Class 3-C (H): Max W. Reeves, Walter E. Mayo and Reginald J. Walling.

Class 4-F (H): William J. Carver.

Class 4-A: Homer A. Gentry, Brownie L. Lowry, Herbert B. Sams, George C. Jackson, George W. Coats, Alvin L. Hord, George J. Petrus, George F. Vance, Wiley D. Cook, Louis H. Richards, John H. Decker and Joseph H. Bellinghausen.

Pvt. George H. Beaty, who is stationed at Camp Abbott, Oregon, spent several days here this week with his parents, Mr. and Mrs. G. H. Beaty, and with other relatives.

Weather Report

Weather report for the period of Feb. 3rd to Feb. 9th inclusive, as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature	LOW	HIGH	
	1944	1943	1944	1943
Feb. 3rd	38	49	67	73
Feb. 4th	38	33	69	64
Feb. 5th	49	43	63	70
Feb. 6th	36	28	65	64
Feb. 7th	51	35	75	79
Feb. 8th	50	41	69	82
Feb. 9th	45	44	56	86
Rainfall this week .20 inches; rainfall this year 2.44 inches; rainfall to this date last year .10 in.				

So You Can't Buy Another Bond

Take a good look at this American soldier as he lies in the mud of Rendova Island in the Southwest Pacific, victim of a Jap air raid. It is not a pleasant scene, is it? When you are asked to buy an extra War Bond to back the attack think of this picture of your fellow American blasted by the concussion of a Jap bomb thousands of miles from home. Then brother, don't you think you will want to dig a little deeper to back up his comrades? From U. S. Treasury

County Is Still Short of War Bond Quota

Munday Short Of Bond Quota

In a check-up on war bond sales for Munday during the Fourth War Loan drive, C. R. Elliott, local chairman, announced Thursday morning that Munday is short of its quota by about \$35,000.

The shortage is principally in Series E bonds. The over-all quota for Munday is \$152,000.00. At a meeting scheduled for Thursday afternoon, the committee plans concerted action during the last days of the drive, which will close next Tuesday. "Munday must not—we will not—fall short of her quota," they said.

To those who have already purchased bonds, the committee urges a sacrifice, if necessary, by making additional purchases. "Whatever sacrifice of money we may make is nothing in comparison with the sacrifices our Texas boys are making in Italy and on other battlefronts," Mr. Elliott said. "Some of these are our own Munday boys—and we must not let them down. "Whatever type of bond you wish to purchase will be acceptable, but the sale of Series E bonds will be pushed during the remaining days of the drive. Let's all dig deep—let's all back the attack, and put Munday over on her quota—with some to spare!"

Keep Up With Rationing

RATION REMINDER

MEATS, FATS—Brown stamps V, W, and X are good through February 26, brown stamp Y becomes good February 13 and remains good through March 20. Waste kitchen fats are redeemed at two ration points plus four cents a pound.

PROCESSED FOODS—Green stamps G, H, and J in book four are good through February 20. Green stamps K, L, and M are good through March 20.

GASOLINE—In 17 east coast states—A-8 coupons are good through February 8. In states outside the east coast area A-10 coupons are good through March 21.

TIRE INSPECTION—Deadline for A coupon holders is March 31. For B and C holders, deadline is February 28.

SUGAR—Stamp No. 30 in book four is good for five pounds through March 31. Stamp No. 40 in book four is good for five pounds of canning sugar through February 28, 1945.

STOVES—Consumer purchases of rationed stoves must be made with a certificate obtained at local war price and rationing boards.

SHOES—Stamp No. 18 in book one is good for one pair. Stamp No. 1 on the Airplane sheet in book three is good for one pair.

Cerveny Named Knox Certified Seed Grower

Frank Cerveny of the Rhineland community has been selected to increase for seed purposes some of the more popular and high yielding varieties of grain sorghum for Knox county farmers, according to R. O. Dunkle, county agent.

The Chillicothe experiment station will furnish to Mr. Cerveny small amounts of pedigreed seed for planting this year. The varieties chosen by Mr. Cerveny for increase are Bonita, Sweet Sudan, Caprock, Plainsman, Martin, and Early Hegari, all of which are of combine types, except, of course, the Sweet Sudan.

The reason of Mr. Cerveny's selection as being eligible to receive this seed is because of his unusual success and ability of increasing Bonita and Caprock Milo in 1943. All seed is a very high quality and germination. Mr. Cerveny also has adequate bin storage to keep each variety separate.

Knox county has great need for a certified seed grower and to increase the more popular kinds that are suitable to soil and climatic conditions of Knox county.

J. B. Wadlington, Former Resident, Dies Last Sunday

J. B. Wadlington, pioneer resident of Knox county, died at his home at the Sunnyside Ranch in Bosque county, last Sunday morning at 9:15 o'clock. He was 76 years of age.

Mr. Wadlington came to Knox county in the early 1890's and resided in and near Goree for over thirty years. He established the grain elevator that is still in operation at Goree. In 1925, Mr. and Mrs. Wadlington moved to Bosque county, where they purchased the ranch.

He is survived by his wife and four children and a brother, D. M. Wadlington of Munday.

Funeral services were held at 2:30 last Monday afternoon at Alexandria, in Bosque county, and burial was at Dublin. Attending the funeral from Munday were Mr. and Mrs. M. H. Reeves and D. M. Wadlington.

Kelland Talks Lincoln Day

Clarence Budington Kelland

Clarence Budington Kelland, noted author, will be the principal speaker at the Lincoln Day celebration of Texas Republicans in Dallas the night of Feb. 12. The dinner meeting will be held in the Roof Garden of the Adolphus Hotel, according to John W. Philp, secretary-treasurer of the Republican State Executive Committee. Kelland, one of the nation's best known contemporary authors, is Republican national committeeman from Arizona. He is author of "Mr. Deeds Goes to Town," "Scattergood Baines," "Zones of Safety," and fifty or more novels. He is owner of the Scattergood Date Gardens in Phoenix and a partner in a 50,000-acre Arizona cattle ranch. He is the third nationally known Republican to visit Texas in recent months, Wendell L. Wilkie and Gov. John W. Bricker of Ohio having preceded him. Kelland will broadcast over station KGKO, Dallas, 9:15-9:45 p. m. after the meeting.

BIRTH ANNOUNCEMENT

Pvt. and Mrs. Roddy Griffith announce the arrival of a son, who was born at the Wichita Falls clinic hospital on Tuesday, February 1. Mother and baby are doing nicely, and perhaps the father is doing all right, too, at his post of duty, the Amarillo Army Air Field.

Team Of Candidates To Judge Calf Show

To the People of this Community YOU CAN AFFORD IT

You can afford to buy Extra War Bonds during this Fourth War Loan Drive.

Everyone in this community knows incomes are higher than ever before—that both workers and farmers have more cash than ever before. Everyone knows that more than one member of hundreds of families are income earners—and everyone knows that increases in wages and salaries have far outstripped rising prices, and increased taxes. You can afford to buy Extra War Bonds.

As a matter of fact, you can't afford NOT to buy Extra War Bonds and if you want a gilt-edged investment for your own future security, you can't afford NOT to buy Extra War Bonds. Don't just do the expected—buy All the Bonds you can. THE EDITOR.

Cotton Ginnings

Knox county ginnings in 1943 were about half of the preceding year, according to a report received Saturday from T. W. Russell of Vera, special agent for the bureau of the census, Department of Commerce of Washington.

The census report shows that 19,372 bales of cotton were ginned in Knox county from the crop of 1943 prior to January 16, as compared with 39,012 bales for the crop of 1942.

Although practically all cotton has been gathered, there is still some gathering going on in the county.

Goree Boy Back From Long Trip On Sea Duty

George W. Hunt, 27, gunner's mate third class, USNR, Goree, Texas, attached to the U. S. Naval Armed Guard Center at New Orleans, La., has just returned from sea duty as a member of a Naval gun crew assigned to an American merchant vessel, it was announced today by Headquarters of the Eighth Naval District at New Orleans. He is the son of Mr. and Mrs. Ben B. Hunt, Goree. His wife, Lorene, also lives in Goree.

Hunt joined the Navy Nov. 26, 1942. During his recent 3 1/2 months at sea he visited ports in the British Isles and the Caribbean. He is a veteran of nine months afloat.

The young petty officer was graduated from Goree high school in 1934 and attended the University of Texas before going into farming and ranching in his home town.

He received his Navy "boot" training at San Diego, Calif.

Hunt is now awaiting further assignment as a Naval Armed Guard gunner.

Auction Sale Has Light Run

The Munday Livestock Commission Co. reports a light run of cattle for last Tuesday's sale, due to inclement weather; however, the owners said they had a good run of hogs.

All classes of cattle sold from 25 to 50 cents higher than at last week's sale.

Canner and cutter cows sold from \$5.25 to \$7.25; butcher cows, \$7.50 to \$8.75; fat cows, \$9 to \$10.25; butcher bulls, \$7.50 to \$8.75; beef bulls, \$9 to \$10.25; butcher yearlings, \$9.50 to \$11; fat yearlings, \$11.50 to \$13.50; rannic calves, \$7.50 to \$9; butcher calves, \$9.50 to \$11.50; fat calves, \$12 to \$13.25.

Some stocker calves weighing from 400 to 500 pounds sold from \$12.50 to \$13.20.

New Events To Add Entertainment To Show Activity

Additional and increased interest is developing each day in regard to the 4-H Club Calf Show that is to be held at Munday, Texas, Saturday, February 19, 1944.

One of the main reasons for additional interest is because of the added feature of a stock judging contest that will include 4-H club and F. F. A. boys from four counties.

The Stock Judging teams of the different service clubs of the county will have competition from a team of candidates who are making the race for County Treasurer. Other teams of the Judging Contest realize that there is stiff competition in store for them when men of mature age and experience are in competition. Common gossip over the county is that the candidates will certainly turn in a high score. Two of the service clubs of the county have reorganized their teams so they may at least make a creditable showing against a Blitz Kreig.

The Fat Hereford Steers are being washed and groomed each day in order that the contestants will not be fooled in their judgment. Jack Idol, of Benjamin; Henry Arledge of Knox City; and W. C. Cunningham of Munday, will be in charge of the contest and will make the official placings in contest.

Mr. J. A. Scofield of College Station will be the official judge.

Army Men Express Appreciation Of Work Of Clubs

The following letter was received by R. O. Dunkle, county agent, and Lacie King, county home demonstration agent, from E. B. Gregory, Major General, the Quartermaster General relative to 4-H Club work in Knox county:

To All 4-H Club Members of The Nation:

It is a pleasure to extend a greeting and best wishes to the 1,700,000 members of the 4-H Clubs of America on the observance of National 4-H Mobilization Week. It affords an opportunity to express to you on behalf of the Army, our appreciation for your aid to our country and its servicemen during 1943. Agricultural products are ammunition to destroy the Axis.

We of the Quartermaster Corps do not evaluate a contribution such as yours on a dollars and cents basis nor in terms of pounds or bushels. Our yardstick is the number of soldiers clothed, fed and equipped by the product of your soil and sweat. Your goal for last year as expressed in your motto, "Feed a Fighter in 1943," was a praiseworthy one and we commend its continuation for 1944 as well.

The coming year is destined to be one of the most important in all our history and will demand the utmost from each of us. I am confident that in 1944 you will again acquit yourselves in a manner that will reflect creditably upon you and uphold the principles of the 4-H Clubs. In so doing, you inevitably influence others, quicken their sense of public duty, and assist in making this a better nation for our servicemen when they return after victory is won.

Local Boy Home From Battle Zones

Pvt. Roy F. Poore returned to the states on December 31, after seeing service in the battle zones of North Africa and Italy. He is spending a 20-day furlough in Munday with his wife.

Pvt. Poore is stationed at Camp Beauregard, La., for the present time. His wife expects to return to Louisiana with him at the end of his furlough.

DORIS DICKERSON PARENTS OF A BOY

A fine baby boy was born to Sgt. and Mrs. Doris Dickerson at the Knox county hospital on Monday, February 7, and mother and little son are reported doing nicely. Sgt. Dickerson is serving with the U. S. Air Forces somewhere in England.

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"

GOVERNMENT MEDICINE

In all the Administration discussions of post-war plans the point is always made that "Social Security" will be expanded. This proposed rapid change to cradle-to-grave paternalism is excellent politics but more careful examination reveals it as an unheard of extension of Federal power over the lives and jobs of the individual citizens. A study of the bureaucratic mind at work is the Wagner-Murray-Dingell Bill (S. 1161) which is under consideration at this time. This bill proposes to guarantee the individual against all the hazards of life and it is financed by taking 6 per cent of the employees wage, 6 per cent from his employer, and 7 per cent from the self-employed. For this everyone will receive free government medical care along with other assurances of protection.

The more sordid features of the bill in addition to its very high cost are that all medical matters are under the absolute control of the Surgeon General of the Public Health Service and that all employment and change of employment is placed under the permanent rule of the U. S. Employment Service. Such National Socialism is against all the principles of the native-born American who still prefers to select his own doctor without government permission and who still wants to feel free to get a job of his own choosing without requiring an O. K. from the Employment Service. Also, the free American likes to think that he can buy his own insurance and pay for it as he sees fit without being compelled to join the 6 per cent government plan.

Under the Wagner Act, every employed person would be compelled to pay the government up to \$200.00 a year for medical care whether he needs it or not. And this, it must be recalled, is over and above all present taxes which are already very high and bound to go much higher before this war is paid off.

Senator Wagner, himself born in Germany, likes to point out the great accomplishments of government medicine in Germany with their expanded social security. He fails to mention, however, that this resulted in a National Socialistic Party which championed it but which also dissolved the trade unions, nationalized agriculture and industry, and finally placed the leader, Hitler, in absolute control of the country. The result of this National Socialistic control has been autocratic government, hopeless debt, war and suffering rather than good health, long life and secure, comfortable old age.

Why then is the President calling on Americans to support the Wagner Bill with all its implications? The only possible answer is that the superficial voter thinks it sounds fine and is likely to vote for a candidate who espouses it. It is a case of anything to win a campaign and let the storm and pestilence follow. Thinking Americans and those with a deep love of country will say with Cyrano de Bergerac, "No, thank you, No thank you, and No, thank you."

MYSTERY FIRES

Usually the diagnosis of fires which start with spontaneous combustion is, cause unknown. "Mystery" fires of combustible origin destroy millions of dollars worth of property and countless lives every year. The following questions are taken from a booklet entitled, "42 Ways to Prevent Fire." Those who can answer them satisfactorily stand a good chance of avoiding fire loss from combustion; those who cannot, stand just as good a chance of watching the sun come up some morning (if they are lucky) with the terrible knowledge that the ashes before them are not the remnant of a nightmare, but the remains of their home. The questions are simple: Have any oil-soaked rags or mops used for dusting or polishing been left in attic, closets, kitchen, pantry or cellar? (A tightly closed metal can is the safest place for them.) If a cleaning compound is employed in sweeping, is it placed in a covered metal can after being used? Has any painting been done recently? If so, have the paint cans been covered? Have paint-stained rags and clothing been burned? Has any damp or uncurd hay or grass been brought into cellar, garage or barn?

In those questions are the solutions to most unexplained fires. A large percentage of urban homes, farms, and places of work are rife with delayed action incendiary bombs. Many of us in the course of a single day may walk past some of those bombs a score of times. After all, a greasy pair of overalls or a few oily rags are not a frightening sight. But they are nonetheless fire bombs, which may sooner or later wipe out in a few minutes the results of years of toil.

Spontaneous combustion works while you sleep, or while you are away. It seldom unleashes its fury before witnesses. That is why its visitation is wreathed in mystery.

THE MUNDAY TIMES

Published Every Thursday at Munday

J. W. Roberts, Editor, Owner and Publisher
Aaron Edgar, News Editor

Entered at the Postoffice in Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1879.

SUBSCRIPTION RATES
In first zone, per year \$1.50
In second zone, per year \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party politics, publishing news fairly, impartially, and honestly.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

POP CORN AND RAILROADS

A committee of railroad men representing a cross section of the railroad industry, has been charged with the duty of making a complete study of transportation in this country. The committee is not confining its investigations to railroads. By viewing transportation trends and problems as a whole, it hopes to render a service to carriers of all types and help each to fill its proper role in the transportation picture.

The committee's special report on public relations training for railroad employes reveals the progressiveness of modern railroad men. It says, in part: "Thousands of people are riding our trains who have never ridden them before, and the memories of their experiences with the railroads will be lasting ones—and will decide what their future attitudes toward the railroads will be. If every railroad employe with whom they come in contact is courteous and considerate, their impressions of the railroads will in all likelihood be permanently favorable. One ill-mannered, discourteous employe cannot only mar a passenger's trip, but perhaps make him, or her, a permanent enemy of the railroads."

"... We recognize the strain under which passenger conductors, ticket sellers, information clerks, dining car crews and others handling passenger traffic are working. . . . But we cannot consistently endorse or recommend any other than a strong and positive policy for the utmost possible courtesy and consideration in dealing with our railroad patrons. And we stress that the time is NOW." The report then makes specific recommendations for instilling in employes a pride in railroading and an honest urge to be courteous.

The railroads, in common with other private enterprises, must fight a competitive battle for existence not a jot less exacting than is faced by the proprietor of the smallest pop corn stand. The only difference is that the latter must sell good pop corn to stay in business, while the life of the railroads depends upon good transportation service.

UNCLE SAM'S STAR SALESMAN

A few years ago no one would have thought it possible for this country to raise tens of billions of dollars voluntarily by public contribution within a space of days. It has not only been proven possible, but has been done more than once—we are now conducting the Fourth War Loan Drive with a minimum goal of \$14,000,000,000.

Of course the demands of war are the driving force behind bond sales, but those demands alone would not suffice. No small share of credit for raising the money must go to the magnificent promotional efforts of the most efficient salesman in the world—the American businessman. His ability is legendary. Before the war he roamed the world. He sold everything under the sun from washing machines to hat pins. His customers ranged from head hunters to Eskimoes.

What is more natural than when faced with the biggest selling job in history, the American businessman should come through with colors flying? The entire nation can be thankful that American salesmanship is offered unqualifiedly in helping the government raise needed war revenue.

A HOME FRONT AWARD

One of the 1,200 employes in an Eastern OPA office has received a Merit Diploma from Washington for "initiative and ingenuity in a direct contribution to the vital work of a war agency."

Guess why the award?... For his suggestion that the Roman numeral "II" be substituted for the Arabic "2" on all regional price regulations!

"Freedom of speech is the precious right of all persons. It is not lost because one becomes an employer of his fellowman, nor should it be lost by an employe when he associates himself with a union."—St. Louis Post-Dispatch.

DANGER! 200 Miles of Malaria Ahead

Signs like these on the roads in Sicily and Italy kept Canadian soldiers Mepacrine-minded. Even the Generals wore long trousers and rolled their shirt sleeves down—so what was a poor private to do?

CANADIAN soldiers in North Africa, Sicily and Italy had consumed more than 2,000,000 little yellow Mepacrine tablets when the malaria season in the Mediterranean theatre officially ended on November 1st.

Results of the administration of Mepacrine in the Mediterranean now being studied by senior Canadian medical officers are entirely satisfactory. Canadians had a lower malaria rate than other troops in the same area, and special mention of this has been made by Generals Eisenhower and Montgomery. Medical officers attribute the success to the Mepacrine-mindedness instilled in the Canadians.

Statistics now released indicate that the malaria rate among Canadians was less than 10%, despite the fact that the greater majority of troops passed through hyperendemic zones of malaria. The death rate was less than 25 per 1,000 men. And in the case of one Canadian Field Ambulance, which dealt with about 1,300 cases of malaria, only one death occurred.

The approach to independent-minded Canadians in securing their co-operation in taking Mepacrine regularly on four days a week was psychological, and confidence was established.

A Canadian Field Hygiene Section was responsible in great measure for popularizing Mepacrine among the troops and raising it above the level of "just another medicine."

Pte. J. S. Goodale, of Calgary, Alta., coined original phrases and prepared posters of even billboard size which were plastered along roads and highways all through Sicily and in Italy.

Catchy phrases like "The General wears slacks and long sleeves at sunset, why don't you?" "Danger! 200 miles of malaria ahead!" "Waveli says the fit-gun" is as essential as the Bren gun" helped to keep Canadians on a steady diet of Mepacrine and free of malaria.

Toxic effects were almost nil. The ones encountered were usually transient and subsided after two

or three tablets or a slight modification of the dose, i.e., one-half a tablet morning and night instead of a whole tablet at one time.

By comparison with quinine, it was found that Mepacrine does not predispose to Blackwater fever; it is relatively tasteless; it is effective in tablet form; does not have the toxic effects of tinnitus and ocular signs consequent on quinine administration; it may be used in cases showing quinine idiosyncrasy; it can be synthesized and is in good supply and, in view of the world-wide shortage of quinine, this is a most important consideration.

THEY SAY!

"We know that America is not going to be run for the benefit of business. We intend to run business for the benefit of America." —F. C. Crawford, chairman of the board, National Association of Manufacturers.

"Labor, although it has voluntarily accepted wartime regulation, is just as anxious as industry to see governmental restrictions lifted after the war." —William Green, president, AFL.

"Without American production, the United Nations could never have won the war." —Premier Joseph Stalin, of Russia.

"Government is taking its earnings away at such a rate that business is not being allowed to save capital to convert its plants back. If that trend continues it will have serious effects on postwar re-employment." —E. G. Booz, president.

Traffic Accident Rate Is Lowered

AUSTIN — Traffic accidents killed fewer people in Texas in 1943 than in any year in recent history, State Police Homer Garrison announced today.

The final count by the Department of Public Safety listed 1173 fatalities for the year, representing an 11 per cent reduction from the 1316 traffic deaths recorded in the previous year.

Garrison expressed concern, however, over the fact that traffic fatalities now are on the increase. "The low point was reached in the summer," Garrison said. "Now the fatality rate is rising again, and it probably will continue to rise until a new peak is reached after the war. This peak probably will equal, if it does not exceed, the pre-war toll."

WHY MORE AND BETTER GARDENS?

COLLEGE STATION — Texans did a good job with Victory gardens last year, but there are plenty of reasons why here should be more and better gardens in the

state in 1944.

Workers of the Texas A. and M. College Extension Service, who just returned from a Victory garden conference in New Orleans, point out that civilians will find on their grocery shelves this year only about four-fifths of the canned fruits and vegetables they found last year. In addition, the army's requirements for vegetables will be greater, and there will be more soldiers to feed in distant places.

The need for food by the United Nations will be increased in 1944, and there will be more liberated peoples to feed. Jennie Camp, Extension specialist in home production planning, suggests that civilians will need more home produced fruits and vegetables in 1944 to make up for decreased civilian supplies of some other foods.

For these reasons, Texas has a goal of one million Victory gardens "kept busy" during 1944. The objective is to produce 25 per cent more vegetables in home gardens during 1944 than last year. This does not include truck growers who have a goal of their own, Extension workers say.

They suggest as ways of meeting the goals: Increasing the number of gardens by 10 per cent, especially backyard, community, school, and company gardens; increasing the size of both town and country gardens; increasing the yield per garden by sound garden practices; and using and saving all the vegetables produced.

in one second." As the instructor gasped, the student added, "If one ship can cross the Atlantic in six days, then six ships can cross it in one day." (From "The Emancipator").

The once-humble peanut has a hoel named in its honor: the Goober Hotel in Gorman, a large and modern hostelry where your columnist recently addressed a dinner attended by more than 100 citizens. Gorman is in the center of the Eastland-Comanche area, a leading peanut-producing district, and is headquarters of a huge peanut marketing association.

Atemus Ward said, "I used to know a man who had a big gold tooth right up in the front of his mouth—but he was the best bass drummer I ever knew."

Political notes: Judge Clyde L. Garrett of Eastland is reported considering running for the seat he formerly occupied in Congress. . . . Rep. John Connelly of Trenton is expected to ask re-election. Connelly and Rep. Klingemann actively sponsored and urged soldier vote legislation during the regular session—a subject in which a lot of politicians, including the Lieutenant Governor, have suddenly gotten interested in the last few weeks. Reports around Austin are that the Lieutenant Governor may run for governor. He and Governor Stevenson have had a wide divergence of opinion on the advisability of a special session on soldier voting and the Lieutenant Governor has carried the difference into the public prints. Of course, he has heretofore proclaimed himself a friend of the Governor—but then friendships in politics have ended before now; it will be recalled that Brutus stabbed Caesar.

Overheard in Austin: "What do you say?" "I don't know a thing." "I know that—but how are you expressing it today?"

Sgt. and Mrs. Carl R. Griffith of Fort Dix, N. J., are here for a visit with Sgt. Griffith's parents, Mr. and Mrs. Dave Griffith, and with other relatives.

"We Are Buying Extra War Bonds—Are You?"

Sgt. Samuel Jones, Jr., Wilkes-Barre, Pa., has been a doughboy for four years. He was wounded during the North African campaign by enemy machine gun fire. Since his return he has aided greatly in the sale of War Bonds and buys plenty himself.

Sgt. Nicholas Miller, Paterson, N. J., won the Silver Star for rescuing two comrades under fire at El Guita. His knee cap was broken and the cartilage torn out and at present cannot move his knee. Halloran Hospital doctors are trying to correct this. He buys Bonds.

Pvt. Louis Biehlmeier, 33, of New York, was wounded by arterial shell during the Sicilian campaign. He has a brother in the Marines. Private Biehlmeier and his wife and brother are buying War Bonds regularly. Are you doing the same?

Pvt. Clarence Clark, 21, Swampers, La., has two brothers in the service, one in the Army and the other in the Navy. He was wounded in the right leg and both feet in the North African campaign and is now at Halloran General Hospital. He buys War Bonds.

Pvt. Pasquale Galella, New York, went through the North African campaign without a scratch but was wounded during the invasion of Sicily and is now in traction at Halloran Hospital. He has a brother in the Navy and has War Bonds and is buying more.

Freshman News

The Freshmen are all studying hard this week. We hope to be good little boys and girls. That seems to be very hard for most of us.
We are glad to have Jo Ima back in school.
Our class had a skating party last Thursday night. We all had a grand time.
We now have a book that we don't have to study. We really enjoy reading our literature books. We wish all our classes were as easy.

Sophomore News

Boy, everyone is going around with hoarse throats this morning. After all the yelling Saturday night we are not surprised. I think we all enjoyed the games. I know the Sophs did and we are all proud of our boys.
In Homemaking, we are studying child care.
Monday morning Bro. Griffin gave us a history test to start off the week. We all enjoyed it.
In Biology, we are studying the causes and preventions of diseases.
Our English is still short stories. We all enjoy them more than we did grammar.
The Seniors are exceptionally happy this week since the Goree Wildcats won consolation in the basketball tournament last week end. We are indeed proud of our boys and especially proud of Slouch because of the good basketball he won.
The English students feel more at ease now since we have those formal themes and Chaucer's "Caunterbury Tales" off our minds. It really is a pleasure to get them out of the way although they will return to haunt us about next six-weeks tests.
Our chemistry class has made some very interesting experiments with different elements in the laboratory this past week. We think they almost got the best of Jonell. Now we are studying the nature of matter and chemical changes and the method of changing the speed of chemical reactions.
Those seniors who are participat-

ing in Economics seem to be learning lots in the line of the ways of making a living. They seem to be troubled immensely by all the definitions they have to learn. We don't think Bro. Griffin will get any new ties by just hinting.

Sports Report

By Bobby Ratliff

The outstanding event in the sport light this week is the basketball tournament given in the Munday high school gym. This was a very exciting tournament and I think most everyone enjoyed it and I know that Goree was well satisfied with the results. Oh of course we would like to have taken the trophy that was given for first place but we are satisfied with the one we got. Goree won the consolation trophy and we think that they played hard enough for it.

Goree first played Sunset on Thursday night and was defeated, but we lived over it and played again Friday night. Here we played Knox City and we won our victory over them. This threw us in for the consolation games and we drew Munday for that game.
The game with Munday was one of the most exciting games that I think I have ever witnessed and I think that most anyone will agree with me. Up until the last quarter, Goree stayed ahead anywhere from five to seven points but then our luck changed and Munday started making goals one right after the other. In the last three minutes of the game Munday got ahead of us one point and up until the last half minute of the game they stayed that way then Jimmy Ray Crouch made a goal making the scores 29-30. We think it was wonderful Jimmy and keep up the good work. Not only did Jimmy Ray play a good game but the entire team and substitutes played a wonderful game and we are sure proud of you boys.

From all the players of the tournament the judges picked an all tournament team and we feel honored that one of our boys was chosen for this team. Harold Jones, better known as Slouch or Shorty, was chosen for guard and he received a gold basketball for this. We are proud of you Harold and we wish you success in all your

Senior Life

Again we come to the life of one of our faithful classmates, C. A. Williams. C. A., the oldest member of the J. J. Williams family, arrived on August 5, 1925 in the Hefner community. He received his first 1-2 years of education at Baker near Floydada, later moving to Brushy where he went 3 years. Entering Goree in the 7th grade he has continued his studies up to the present time.

C. A., being a rather quiet and studious type of person, seems to enjoy school work very much. His interest in it accounts for the good marks he makes. Besides all this C. A. seems to be interested in a certain brunette, however, at the present time, we are unable to find out who she is. Watch out, C. A.!!

His favorites of his are:
Whispering in school.
Pastime: Reading.
Teacher: Mr. Arnold.
Subject: Chemistry.
Hobby: Hunting.
Saying: "I don't know."
Girls: Brunettes.

At the present, C. A. has a deferment until after graduation, but after then we, the Seniors of '44 wish him all the luck and happiness in whichever branch of the armed forces he chooses.

Bar Association Pays Tribute To James S. Kendall

At a meeting of The Knox County Bar Association, held at the courthouse at Benjamin, the County Site, of Knox County, Texas, on the 1st day of February A. D. 1944, the following proceedings were had and ordered recorded, to-wit:
Upon the Motion of M. F. Billingsley, duly seconded by Hon. James A. Stephens, and unanimously adopted by all members of the Knox County Bar, the following resolution was passed and ordered placed of record in the permanent minutes of the association, and to be presented to the District Court of Knox County, Texas:
BE IT RESOLVED BY THE KNOX COUNTY BAR ASSOCIATION:
That whereas, it has pleased God to remove from our midst an Honored member of the Knox County Bar, Honorable James S. Kendall, of Munday, Knox County, Texas.

Manuel Medley of Santa Rosa New Mexico, and Mrs. J. D. Brown of Gainesville are visiting with their sister, Mrs. A. B. Warren, and other relatives in this area this week.
Frank Silman of Rochester and George Salem were visitors in Laredo, Texas, the first of this week.
Mrs. D. D. Cough and daughter, Peggy; Mrs. Paul Pruitt and Mrs. Edward Lake were visitors in Dallas over the week end.
Mrs. Lee Smith of Houston is visiting her mother, Mrs. Alice Allen, this week.
Miss Elizabeth Turner visited in the home of Mr. and Mrs. Tex Robbin of Coleman over the week end.
Wade T. Mahan and Lee Haymes were business visitors in Oklahoma City the first of this week.

IN WITNESS WHEREOF, we hereto affix our individual signatures, as members of the Knox County Bar Association this the 1st day of February A. D. 1944.

Women of America IT'S UP TO YOU!

OUR ENEMIES have boasted that American women are pampered, luxury-loving morons who would be of no help to our fighting men at war. But—they were wrong. American women everywhere are doing a bang-up job—in the service, in industry, in business, on the farm and in the home.
But—bigger incomes are tempting some women to buy luxuries they've wanted, perhaps for years, but which they don't really need now.
Every true American woman prays that the war will end—soon. But you've got to do more to hasten

victory, for 1944 is the year of decision. You've got to do your full duty by our boys at the front by keeping up your regular purchases of War Bonds by buying at least one extra \$100 Bond during this Drive and by saving every cent you can in the world's best investment—War Bonds of the Fourth War Loan.
When the war is over, you'll have a lot more money to buy what you want. Meanwhile, you can exult in the knowledge that you are fighting for your country in the most effective way possible. Women of America—it's up to you!

This sticker in your window means you have bought 4th War Loan securities.

Let's All BACK THE ATTACK!

Beatrice Stevenson, Joe Merle Pearson, Married Wednesday

Miss Beatrice Sue Stevenson, daughter of Rev. and Mrs. S. E. Stevenson of Goree, became the bride of Mr. Joe Merle Pearson, gunner's mate second class, U. S. Navy, at seven o'clock Wednesday evening, February 2.

The single ring ceremony was read in the home of Dr. Hamblen, pastor of the First Methodist church of Abilene. Attendants of the couple were Miss Betty Hartgroves of Maryneal and Bobbie Milstead of Abilene.

The bride wore a beige suit with pink accessories. Miss Hartgroves wore an aqua dress with black accessories.

The bride is a member of the 1942 graduating class of Goree high school, and is now attending Hardin-Simmons University at Abilene.

Mr. Pearson, son of W. H. Pearson of Pulaski, Tenn., is a graduate of an Abilene high school. He volunteered immediately after Pearl Harbor and has had two years action in the Pacific theatre of war, having been in seven engagements in three invasions.

After the expiration of his 30-day leave on February 7, Mr. Pearson returned to his headquarters in San Francisco, Calif. Mrs. Pearson will continue her studies at H. S. U., and will join her husband later at his post of service.

Mr. and Mrs. A. H. Pendleton visited with relatives in Farmersville over the week end.

Rhineland Club Boys And Girls Enjoy 4-H Party

The Rhineland 4-H Club boys and girls enjoyed a lovely 4-H club party held at the Rhineland school on February 3, 1944 at 7:30 p. m.

Games of Adam & Eve, Barnyard, Poor Pussy, Going to the Picture Show, Knocking Numbers, Numbered Handkerchief, Alphabet Over were played during the evening. The games were directed by Jewell Marie Hoffman, La Verne Albus, Miss Georgeann Claus, Lucile King, and Mr. John J. Heffman.

A lovely refreshment plate was served to the 4-H Club members and their guests, Miss Lucile King, county home demonstration agent and Mr. R. O. Dunkle, county agent of Benjamin, Misses Georgeann Claus, Alma Schumacher, and Juanita Himmel.

Bridge Club Meets On Monday Night In Moore Home

The regular meeting of the Monday Night Bridge Club was held last Monday night in the home of Mr. and Mrs. W. R. Moore. In the games of bridge, high score honors went to Mrs. W. E. Braly and H. A. Pendleton.

At the close of play, the hostess served a delectable refreshment plate to the following members and guests:

Mr. and Mrs. H. A. Pendleton, Mr. and Mrs. Fred Broach, Mr. and Mrs. A. H. Mitchell, Mr. and Mrs. C. P. Baker, Mr. and Mrs. W. E. Braly, Mrs. Aaron Edgar, and the host and hostess.

Sunset H. D. Club Meets February 3 With Mrs. Wyatt

The Sunset home demonstration club met at 3:30 p. m. last Thursday in the home of Mrs. Gill Wyatt.

The agent gave a very interesting demonstration on grading eggs, scoring butter and making a container for gathering and cooling eggs, also giving a short demonstration on making waste paper baskets.

A refreshment plate was served to seven members and the agent. The next meeting will be February 17 in the home of Mrs. E. E. Nix. Any ladies who are interested in joining the club are welcome to visit at any of the meetings.

Mr. and Mrs. Al Garner of San Antonio, Misses Audra Nell and Norvelle Phillips of Wichita Falls, Mr. and Mrs. Shelton Phillips and baby of Vernon and Miss Helen Phillips of Abilene all visited in the home of their parents, Mr. and Mrs. Press Phillips over the week end.

Miss Floy Mae Mooney, who is serving in the WAC and stationed at the Two Rock Ranch near Petajuma, Calif., came in last week on furlough to visit her parents, Mr. and Mrs. Walter Mooney of Goree, and with other relatives.

Mrs. George R. Martin of Philadelphia, Pa., came in on Thursday of last week for several weeks' visit with her mother, Mrs. Dave Eiland, her brother, Dr. D. C. Eiland, and with other relatives and friends.

Sgt. G. R. Eiland, who is stationed at Sheppard Field, spent Sunday here with his parents, Mr. and Mrs. G. R. Eiland.

Double Pincers Movement

U. S. Treasury Department

Miss Flo Allen, F. S. Price Wed At Sterling City

Miss Flo Allen, daughter of Mr. and Mrs. Hill Allen, pioneer family of Throckmorton county, became the bride of Foster Sims Price, son of the late Mr. and Mrs. Frank S. Price of Ruston, La., and grandson of Mr. and Mrs. W. L. Foster, pioneer ranching family of Sterling county, at 11 o'clock Saturday morning, January 29, in the Foster home at Sterling City.

The Rev. L. O. Ryan, pastor of the First Methodist church of Sterling City, read the double ring ceremony in the living room before an improvised altar in front of a large mirror. Tall baskets of white gladioli and fern and bouquets of white carnations completed the altar.

The bride, given in marriage by W. N. Reed, wore a gray blue Rothmoor suit with a white blouse fashioned with eyelet ruffles at the neck and cuffs. She carried white gloves and the rest of her accessories were black. Her corsage was a single white orchid.

Mrs. Harvey L. Hennigan of Sterling City attended the bride as matron of honor, and William Foster, also of Sterling City, was his cousin's best man.

Mrs. Tommie Johnson was at the piano for pre-nuptial music and played "O Promise Me." The bridal party entered to the strains of Lohengrin's Wedding March.

Following the ceremony a three course luncheon was served. The dining table was laid with a white linen cloth and centered with a white wedding ring cake on a satin and tulle covered plate. Miss Ethel Foster, aunt of the bridegroom was at the silver coffee service and Mrs. H. L. Hilderbrand, Mrs. Roy Foster, and Mrs. Lester Foster assisted the guests in being served.

The couple left immediately following the luncheon for a brief wedding trip after which they will be at home in Sterling City.

Wedding guests were Pvt. and Mrs. Firis Westbrook of San Angelo, Mr. and Mrs. H. L. Hilderbrand and Elizabeth, Mr. and Mrs. Roy Foster and Carolyn, Mrs. Edwin Aiken and Don, Mr. and Mrs. W. N. Reed, Mr. and Mrs. Lester Foster, Mrs. Sterling Foster, Mr. and Mrs. W. L. Foster, and Miss Ethel Foster.

Mrs. Price is a graduate of Goree high school and Texas State College for Women and is employed by the Sterling City school. Mr. Price is a graduate of Ruston high school and Louisiana Tech and has done graduate work in the University of Texas. He has ranching interests in Sterling and Coke counties.

HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

Raymond Butler, son of Mr. and Mrs. H. L. Butler, left the first of this week for an air base after spending a few days here with home folks.

The parents of Lloyd M. Hendrix Jr., received a recent letter from him, stating that he is stationed at Fort Benning, Ga. He was stationed at Fort Sill, Okla., when he entered the service.

Mr. and Mrs. Bruce Holder and daughter of Plains were here over the week end to visit Bruce's parents, Mr. and Mrs. Ben Holder. Bruce expects to be inducted in the army soon.

Mr. Ina Scarbrough and Mr. and Mrs. Reuben Richard and children returned to Dallas after a visit in the Ben Holder home.

Philip Jones of Grand Prairie spent last Saturday night here, bringing Mrs. Leo E. Jones and baby, Ann, for an extended visit

Kit For Russian Relief Meets With Good Response

Mrs. M. H. Reeves, local chairman of the movement to send kits for Russian relief, reports good response upon the part of local Baptists. A total of 53 kits were subscribed last Sunday, and it is likely the total will far exceed this number. Below is a list of items going into the kits:

One 2-pound box, cube or tablet sugar; two 2 1/2 ounce packages dehydrated soup mix; one 14 1/2 ounce can evaporated milk; two packages bouillon cubes; one 1/2 pound package hard candies (not peanut bars or milk chocolate); one small sewing kit (assorted needles and pins rolled in a small square of cloth, one spool each of black and white cotton thread, and one packet of buttons on a card or thread); one bar white laundry or bath soap (not naphtha or other odoriferous soaps). Wrap the soap in heavy waxed paper so the odor will not permeate the candy; one crochet needles, size 7; one pair knitting needles, size 3, 7 inches long; one 2 1/2 yard roll 1-inch surgical adhesive tape; one 6-yard roll 2-inch gauze bandage.

After packing the kit, in order to make it absolutely tight, pack on top a towel or pair of warm cotton gloves or socks. The committee of the Southern Baptist Convention asks that no money be sent, as this is only an appeal for items above listed.

Mrs. Reeves said that all department heads of the local Baptist church form the committee. If additional information is needed, get in touch with some member of the committee.

with Mrs. Jones' parents, Mr. and Mrs. E. E. Lowe. Mrs. Jones has been at Troy, N. Y., where Leo is training in the naval reserve.

Mr. and Mrs. E. Warren and children of Dallas are now domiciled at Hefner for this year.

Mr. and Mrs. Billie Lytle and two girls of Plainview were recent visitors with relatives here.

Mr. and Mrs. D. B. Jones have moved to be A. J. Stratton farm near Goree, which they purchased several months ago.

HAS OPERATION

Wayne A. Harris, S-1-c, underwent a major operation in the U. S. Navy hospital at Norman, Oklahoma recently and is reported to be doing nicely. He is the son of Mr. and Mrs. W. A. Harris of the Hefner community.

NOTICE

I have bought the Hickson Laundry from H. S. Hickson.

I will continue operation in the same location, the Smitty Auto Supply building. Your patronage will be appreciated

D. C. Morrow

BIRTH ANNOUNCEMENT

Mr. and Mrs. Doyle B. Bowen are the proud parents of a baby daughter who was born at their Goree home last Monday morning. Mother and little daughter are reported doing nicely.

Mrs. H. S. Fatheree and daughter, Virginia, of Abilene, visited in the home of Mrs. W. R. Phillips last week end.

Mrs. Leo F. Jones of Troy, New York, is visiting relatives and friends here and at Goree.

Mrs. Don Estes and little daughter, Joan, of Seymour were visitor here last Sunday.

Mrs. Walter Harris visited with Mrs. Lyn Waldrup and family in Abilene last Thursday and Friday.

Mr. and Mrs. Ern Lowe and Miss Evelyn McGraw spent the latter part of last week at Camp Fannin, Texas, visiting with Mr. and Mrs. Lowe's son, Pvt. Robert E. Lowe, who is stationed there. Pvt. Lowe accompanied them home to spend several days with his parents.

J. W. Wilson of Goree was here Wednesday visiting with friends and looking after business matters.

At The Churches

BENJAMIN METHODIST CHURCH J. P. Patterson, Pastor CALENDAR

Preaching Second and Fourth Sundays at 11:30 a. m. Church School, 10:30 a. m. each Sunday.

Regular Stewards Meeting, each Fourth Sunday, following the preaching service.

Regular Preaching Service Sunday 13, the theme will be: "The Kindness of God." This will be of interest to every Christian and has an important bearing on everyone on whom the goodness of God has been bestowed.

Important announcements will be made concerning the work of the local congregation. Let every member make a special effort to be present and a particular resolve to participate in the work.

FIRST BAPTIST CHURCH

Our service last Sunday morning in the interest of those who are in the service of our country was well attended. Nearly one hundred names were called, first and last. The tide ran high. It is great to know that God hears and answers our prayers, not only for our boys, but He said that He would "supply all our needs." One of the great things that our boys are fighting and dying for is that we may be free to congregate and worship as we did last Sunday. The tragic "March of Death" of the American boys who surrendered at Bataan and Corregidor stir our blood, breaks our hearts, and makes us want to fight; and the man who doesn't fight with his influence and his money is a slacker, and we know that when it comes to the ideals of Americanism he is yellow. What about the institution—the Church, which is the center, the core, the nucleus of the freedoms for which we are fighting? Let's do something along this line. Let's support with our presence and influence, and make grow and glow that liberty and freedom for which so many American boys are giving their lives. We have a God-given

heritage. Let's not sacrifice it on the altar of indifference, carelessness, sin, and unconcern. What a challenge is ours today

W. H. Albertson.

PRESBYTERIAN CHURCH

Dr. William N. Sholl of Haskell preaches here each Sunday morning at 9:30 a. m.

Our church is located on the Main street of Munday and has an attractive auditorium with added Sunday school facilities. The Auxiliary meets on Mondays and is accomplishing a good work. All Presbyterians living in Munday and surrounding country are urgently invited to attend our services. A very hearty invitation is extended to all visitors, especially those who have no regular church home.

Mrs. M. L. Joyce came in last week from California to make her home with her mother, Mrs. J. O. Bowden, while her husband, Lieut. Col. Joyce, is serving overseas.

Cpl. Randall T. Stogner has been transferred from Ft. Reno, Okla., to Camp Lockett, Calif., according to word received by his parents. He is the son of Mr. and Mrs. T. A. Stogner of Knox City.

Can you Drive a Car?

WHEN YOU were a kid, did you always pester to "go along" on every ride? And now, do you get a kick out of handling the wheel like a man? Women with mechanical ability are needed in the WAC at once. And untrained women can learn skills that will be useful all their lives. 239 types of Army jobs need Wacs to fill them.

Get full details at the nearest U. S. Army Recruiting Station (your local post office will give you the address). Or write The Adjutant General, Room 4415, Munitions Building, Washington, D. C.

HOW TO USE GERMOZONE EFFECTIVELY FOR BABY CHICKS

Chicks should be given Germozone in all drinking water for the first three weeks, in proportion of one teaspoonful to each quart of drinking water.

After the first three weeks and so long as the chicks are well, it will be enough to give them Germozone, in that proportion, in only one drink each day—say the first in the morning. This should be continued until the young birds are put on range.

Senior Report

The seniors have been looking over their play and have been trying to decide who will fit each character. We have selected about all the characters and we are sure it is going to be a success, so watch for the date of "The Antics of Andrew."

We have received our English workbooks and maybe they aren't going to be so hard after all. We have been trying our hand at writing paragraphs lately and think that they will be a welcome change. In American History we have just finished the Civil War between the States and have gone through the Reconstruction Period. We have now begun on the Industrial Period and hope to find this interesting but it will probably be just as a lot of other things we have studied. Good Snoozing time.

Last week end the Senior basketball boys entered a tournament at Munday and after a hard struggle won first place. First they played Govee and won by a margin of 9 points, 21 to 12. Next they played O'Brien and defeated them 23 to 19. Then on Saturday night, before a very large crowd of basketball fans they defeated the Paint Creek Pirates 32 to 17. As a reward for winning the tournament they received a very large and beautiful gold cup.

Glenn Myers won a gold basketball for being chosen forward, and Lendon won another for being chosen center on the tournament team. Walling also won another for being high point man and Myers another for being the outstanding player of the tournament. The boys are very proud of these and we are all definitely proud of them.

Senior On Review

Billy Bob Burton was born on August 25, 1927, at his present residence. He enrolled in school here at Sunset in 1933 and has attended ever since.

He has always been brilliant in his lessons and has also had some outstanding love affairs. The one he is noted for during his grammar

school days was the famous one carried on with Sue Partridge. This one will go down in history.

He was one of the members of the baseball team in the seventh grade which won the county meet. He has been active in sports, having played for five years in basketball, lettering two. He was elected as co-captain of the basketball team this year.

Bill has always been an outstanding and popular guy among us. He is well liked by everyone and has been elected as president of the Junior class last year and is our present senior president this year.

Some of his favorites are:
 Song: "It Will Be My Shining Hour."
 Actress: Lana Turner.
 Actor: Pat O'Brien.
 Entertainment: Kay Kyser.
 Sport: Fishing.
 Teacher: All.
 Subject: American History.
 After Bill graduates he intends to enroll in Tech. at Lubbock for a year and then join the Marine Corps. What ever he does, we seniors all wish for him a life filled with success and happiness.

Junior Report

Our sample playbooks came in and we selected our play from them. The title of the play that we selected was the comedy, "So Help Me Hannah." It sounds very good and we are sure it will be a great success. We have selected our characters and a finer group of actors and actresses cannot be found than those in our very class. Watch for the date of our play. It's going to be superb!

We were glad to have Sue Barton from Munday as a recent visitor.

We juniors are all very busy with our new English workbooks. We can see that they are going to take a lot of time and effort.

Sophomore Report

The scarfs and other pieces of embroidery work which we begin at mid-term are all in and we are

THE POCKETBOOK OF KNOWLEDGE

BY TOPPS

THANKS TO A NEW WIRE DEVELOPED BY A LEADING RUBBER COMPANY, U.S. SIGNAL CORPS COMMUNICATIONS MEN CAN NOW SQUIRM AND WIGGLE THEIR WAY TO OBSERVATION POINTS UNASSISTED

SOME 25,000,000 TELEPHONES ARE IN USE IN AMERICA.

MAMMOTH RUBBER STAMPS THAT WEIGH OVER 5 POUNDS ARE USED TO STAMP BOXES IN AN AIR EXPRESS OFFICE.

INDUSTRY USES CORN BY-PRODUCTS FOR SITING AND PRINTING TEXTILES, FOR TANNING LEATHER, AND FOR MAKING EXPLOSIVES, ADHESIVES, LIGHTING POWDER, GLASS AND INKS.

AN ARMY DIVISION REQUIRES ALMOST AS MANY TYPEWRITERS AS A THRIVING BUSINESS CORPORATION.

all holding our breath hoping for a good grade and perhaps we shall come out with one for some very pretty ones were handed in.

The volleyball girls were very disappointed because they went all the way to Mattson and then didn't get to play because they had cancelled their tournament.

We were all very glad that the boys won another tournament. It seems to be a habit with them and one which we hope they keep up.

Freshman Report

Some of us Home Ec. I girls had to work on Sunday in order to finish our projects, even though Miss Hood told us not to and at that some didn't finish.

The whole school has decided to take turn about giving programs for chapel. We have decided to have a battle of wits and a style show combined if we can get everyone to co-operate.

In General Science we have been doing some experiments in the study of color. We have also had to write them up which was the worst part about them.

Eighth Grade

The eighth grade intends to put on a play and the classes are going to put the United States Flag and the Texas Flag on each side of the gym. We are very anxious to get this all done.

The eighth grade pupils are starting a stamp collection and Joe Edd Sweatt already has 188 and Gerald Freeman has 170.

Seventh Grade

The volleyball girls have been playing the eighth grade girls in volleyball. We have won one game. We are learning to serve much better and will soon be ready to match games with some other school.

We are going to have our Valentine party Friday and pass out our Valentines. We are all very anxious for Friday to arrive.

In Arithmetic we are studying

some geometry. The angles confuse some of us, but as a whole we are doing all right.

In Music we are studying key signatures. This too, is difficult, but we are about to "catch on."

Sixth Grade

Sgt. Glendon Matthews, Betty's brother, from Fort Sam Houston, Texas, was in on a week end pass this last week end.

June Lowry is back at school today after being out last week nursing a badly burned leg.

We are drawing the New England states in geography and are learning the capitals of each of these states.

In music we are learning to sing "The Army Air Corps!" Lois Reddell and Bety Matthews were best citizens last week.

Fourth and Fifth Grades

We have two new pupils today; they are Felistias and Andrellita Gonzales.

Kenneth Myers, Gerald's brother, from Camp Forrest, Tennessee, spent his furlough here last week.

Roy Dyke's aunt, Colcen Clark, from Waco is visiting here. Ida Acosta's uncle, Julius Acosta, from Philadelphia is visiting relatives here in this community.

Second and Third Grades

Shirley's sister, Pauline McAfee, is coming home to help Shirley celebrate her eighth birthday.

Sue Ann visited her aunt in Rochester Monday afternoon.

Jimmy Burl visited Larry Don Saturday afternoon. We are very sorry that Larry Don is not able to come to school. We hope he will be well soon.

Charles Parker is very sorry that his grandparents are moving away.

We are glad to have Julia back in school. Elaine's uncle and aunt, Lt. and Mrs. Bauman and children are here for a visit. J. P. Hodges visited in Louise's

home Monday.

Barbara Jo's aunt, uncle, and cousins from Vernon came in for a visit.

Faye's cousin, Vernon Ivey, an old Sunset student, was home on a furlough last week.

Lois Ann went with her parents to Rock Courts Sunday. She had a good time picking up rocks.

First Grade

We are glad to have the seven new Spanish American citizens. Frank comes to us from Govee, Benjamin and Tommy Gonzales are from Benjamin, Texas. As yet we haven't learned where the other four came from.

One of our pot plants has a bloom on it.

We have planted poppy seeds, blue-bonnet seeds, and marigolds.

Carroll Hodges, Earnest Ray's little sister, is again visiting us while her mother helps in the Red Cross work.

Donald Hill is working hard to get into group one and we think he will make it in another day or so.

Annette Brewer brought her big doll to school Tuesday.

Betty Joan Johnson has some ring worms but she is not at all proud of the pesky things.

Charles Cheek and Alfred Acosta

990 Cars of Eggs Shipped From Texas

AUSTIN — Shipments of Texas eggs in December climbed to 990 cars, in shell equivalent, or 50 per cent above those of December, 1942, according to the University of Texas Bureau of Business Research.

This movement included 889 cars shipped to out-of-state points and 101 to Texas markets.

December movement of poultry included 141 cars of turkeys and 16 cars of chickens, a drastic reduction from the 208 cars of turkeys and 23 cars of chickens shipped in December, 1942.

Farmers Union Members

The Farmers Union Cooperative Gin will pay a dividend at the Local Union Hall February 12, 1944 at 2:30 P. M. You are urged to study the Auditors Report below and ask a ny questions that you do not understand about it at the meeting. You are urged to be at the meeting on time. This is a special called meeting of the Local Union.

FRESH AND CURED MEATS

We have recently contracted for and purchased about a three months supply of choice fat calves to be processed and sold through Palace Market.

We solicit and will appreciate a portion of your meat business.

Remember—Bring your Ration Book, no meats sold without points, or higher than ceiling prices.

Palace Market

C. R. Elliott, Owner—Bill Mabry, Mgr.

On The Home Front

O.E.M. Division of Information

Impressive research results that have come out of the laboratories, field plots, and experimental kitchens of the Department of Agriculture include the release in a single year of 35 new varieties of strains of crop plants, stepping up production of penicillin, developing method by which sheep can dose themselves for intestinal worms by taking worm medicine in their salt, curing Cheddar cheese in half the time previously required, revolutionizing ways of fighting insect scourges, and developing recipes so that new soybean products may be used to supplement scarcer foods.

Record Egg Crop Expected

Three out of every four eggs to be produced in 1944 have been allocated to civilians, the War Food Administration announced. The anticipated supply of eggs this year, possibly exceeding 61 billion, is based on the potential production of the greatest number of laying hens on record in the United States.

Autos, Bicycles, Tires, Gasoline

February quota of new passenger automobiles is 10,000, two-thirds of the January quota, and of new bicycles is 7,500, one half the January quota, the Office of Price Administration has announced. Except for a decrease of approximately one-fourth in the number of used and reclaimed (grade III) passenger tires, February quotas for tires and tubes are about the same as for January. Essential truck operators in areas where tire recapping facilities are inadequate or unavailable may obtain a ration certificate permitting them to exchange with dealers a tire which needs recapping for a used tire or a new "war" tire. Automobile drivers hereafter will find that the purpose for which they drive, rather than the distance they drive, will determine their eligibility for tires. Motorists may now use indelible pencil as well as ink to write their license numbers and state of registration on each gasoline coupon. Motorists must now present their tire inspection records when applying for special gasoline rations.

Labor Needs of Agriculture

The largest single increase in total requirements is the seasonal demand in agriculture, according to a recent War Manpower Commission survey of the nation's manpower needs for the first half of 1944. Between January and July about 3.4 million persons will be needed for farm employment. The bulk of this labor will be supplied by women and young persons.

More Raisins and Less Cheese

An additional 54 million pounds of raisins from the 1943 pack is being released for U. S. civilian use, by WFA. This action makes 836 million pounds of raisins re-

ENEMY RADIOS DETECTED BY NEW LOCATOR

Fluorescent Tuning Reveals Illegal Transmitters

CHICAGO—Details of new electronic weapon for detecting the use of radio transmitters by enemy agents, have been revealed by development engineers of the Hallcrafters Radio Company. The instant a spy attempts to transmit radio messages, a sharp cone-shaped line flashes on the surface of a fluorescent glass screen before the eyes of operators at monitoring stations of the Federal Communications Commission.

Panoramic receiver of a type used by the FCC.

leased to civilians from the 1943 pack. Cheese supplies in 1944 will be divided so as to make available for civilians about four pounds per capita, or one pound less than they received during 1943. About five million more pounds of cheese have been allocated to U. S. servicemen than they used last year, an increase necessary mainly to provide milk nutrients for the larger number of soldiers overseas.

Farm Machinery Production

Farm machinery production for the year beginning July 1, will be about the same as for the current year, but the War Production board warns that the recent schedules issued may be altered any time should circumstances demand such action. More than one million tons of carbon steel production is now tentatively earmarked for the American farmer.

Consider Use of War Prisoners

Possibility of using prisoners of war in farming and industry in U. S. areas where free labor is not available have been studied by representatives of WMC and the War Department. Limited use of prisoners on farms was begun last summer. The employer is required to pay the wage prevailing in his community, and the prisoner gets credit of 80 cents a day for personal expenditures, the remainder going to the government for camp maintenance.

Round-Up

WFA says dairy payments at present rates will be continued up to February 17, and beyond that they will depend upon congressional action. . . . Cider vinegar will cost approximately three cents a quart more at retail. . . . A 20 per cent increase—under a new OPA regulation to compensate processors and packers for increased raw material costs. . . . Local rationing boards may now issue an interim coupon sheet enabling a consumer to buy fuel oil while OPA investigates the loss or theft of his ration sheet. . . . Retail prices increases per pound of three cents for sea scallops, five cents for lemon sole round, and 16 cents for lemon sole filet are expected as a result of wholesale

All stations—military, commercial, marine and radio-telegraph—appear on the fluorescent screen in the form of glowing peaks rising from valleys of radio silence. Other radio location finders enable FCC investigators to determine the geographic location of any illegal transmitter and apprehend the agents who are using it.

Panoramic receivers, which embody fluorescent tuning, are an ingenious adaptation of the cathode ray oscillograph.

Goree News Items

Mother Cloud, who is a pioneer resident of this section, is very low at this writing.

Mr. and Mrs. J. M. Pearson of Abilene were Sunday visitors with Mrs. Pearson's parents, Rev. and Mrs. S. E. Stevenson.

Pvt. and Mrs. John M. Edwards of Denver, Colo., have been visiting Mrs. Edwards' parents, Mr. and Mrs. Ernest Moore, and Pte. Edwards' parents, Mr. and Mrs. J. M. Edwards of Seymour. The couple will visit Sgt. and Mrs. Dan Billingsley of Independence, Kans., on their return home.

Randall Butler spent a furlough here with his parents, Mr. and Mrs. Hubert Butler, Randall was on his way to Miami, Fla., where he entered cadet training.

Senior News

The English IB Class has been spending most of its time reciting poetry. The unusual thing is that the boys have their lines said and some of the girls are just starting. Boys are known to practically hate poetry and in English they are through. Mrs. Dowell has had trouble getting the students to give book reports orally. It seems as if most of the reports come in written.

The Bookkeeping Class has started on how to figure and record depreciation and interest. In Short-hand the students have started taking dictation and are convinced that they need much practice before they will be able to keep up with Mr. Owens.

Future Farmer News

Next Thursday night the F. F. A. Chapters of the Vernon District will meet in Munday for a banquet. During the time they are here there will be a chapter conducting contest.

Last Saturday Joe Spana, Keith Cartwright, Kenneth Baker, James Smith, Arledge Suggs, and Mr.

If you need to BUILD UP RED BLOOD!
 Here's One of the Best Home Ways!

You girls who suffer from simple anemia or who lose so much during monthly periods that you are pale, feel tired, weak, "dragged out"—because you lack precious blood-iron—start today—try Lydia Pinkham's TABLETS.

Pinkham's Tablets is one of the greatest blood-iron tonics you can buy to help build up red blood to give more strength and energy—in such cases.

Taken as directed—Pinkham's Tablets is one of the best home ways to get precious iron into the blood. Just try them for 30 days—then see if you, too, don't remarkably benefit. Follow label directions. Pinkham's Tablets are well worth trying!

Lydia Pinkham's TABLETS

Dowell went to Throckmorton to see the District 4-H Club Calf Show.

Senior Life

Louise Mullican, daughter of Mr. and Mrs. E. H. Mullican, was born on July 1, 1925 here at Munday. All her life she spent in Munday and has taken part in school activities. Even since she was able to play on the volleyball team she has been one of the leading players.

Louise is a friendly and active person who is well liked by her classmates and everyone that comes in contact with her. She tells us that her ambition is to be a secretary but the Seniors can not forget someone in Company C at Abilene.

Most of her class will remember Louise as the girl that hardly ever missed a Friday night show and as a good sport.

Her favorites are:
 Star: John Wayne.
 Hobby: Collecting snapshots.
 Song: "They Took the Stars Out of Heaven."
 Pastime: Going to the show.

Sophomore News

The Sophomores are really studying these days. Some still say that World History is all Greek to them no matter how much they study.

We have a new girl in our class. Her name is La Quea Yates. She went to school at Knox City before starting here. We hope she will like our school.

Junior News

Short stories and their authors are the main topics in English. Poe and Hawthorne and Harte bring out their best short compositions for discussion. The stories all have different morals and lessons and because they're so different they are more interesting.

Either the students are not studying or else that Plane Geometry just can't be done. When Mrs. Bowden asks who can put number

Pin-up for Those Not Buying Bonds

This American soldier took refuge under a truck during a Jap bombing raid of our positions on Rendova. A Nipponese bomb, however, had his number on it. Here you see his comrades gently removing his body from under the engine. When you are asked to buy War Bonds think of this picture.
 Army Signal Corps Photo
 From U. S. Treasury

so-and-so on the board nobody answers—just silence. Perhaps it might even hinge around the fact that everyone usually sits in a stupor from loss of sleep.

The basketball games were attended by most of the Juniors and were immensely enjoyed by all. Hoarse whispers next day gave away the story about who the loudest from the grandstand.

Freshman News

In Freshman English we are studying explanations and how to give them efficiency. We are going to check in our English grammar books and get our Literature books soon.

In Science we are studying about the weather.

Eight A News

The Eighth Grade bought \$64.85 worth of bonds and stamps this week. The Munday school finally sold enough bonds and stamps to buy a pursuit plane that will go into actual battle against the Axis nations. We named our plane the "Munday Mogul."

We are planning for a Valentine party Friday night. We are going skating at Goree.

We have another substitute teacher this week, Mrs. Hughes who is taking Miss King's place while Miss King is visiting her family in Arkansas.

Eight B News

We have been talking about our

party in all the news. Now we are finally going to have it Friday night February 11, at the school house. We all expect to have a grand time.

Seventh Grade News

Nearly all of the Seventh Grade students are back in school. We hope that soon all of them will be back.

In history we are studying about Texas in the Civil war. In Geography we are studying about Africa. Several of the students are writing themes about some of the different colonies in Africa.

The girls are improving in volleyball. We hope soon we will get to play some teams from another town.

Valentine's Day is just around Add Midy school news & the corner and most of us are curious to know who will give us Valentines.

First Grade Report

The fifth grade has organized a club called the "War Stampers, Inc." Each member brings a dime a week to buy stamps.

When we read a book in our library, we write a short report about it so that any one who reads the slip might find a book in which he would be interested.

We have had many absences due to the flu, but we are happy to report that most of them are back

Third Grade News
 Shirley Jo Paterson has been to Clarendon this week end with her aunt and uncle, Z. Patterson. We are going to have a Valentine party this coming Friday.
 Mrs. Wiggins sent us some pretty yellow flowers. We appreciate them and are enjoying them very much.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
 M. D., State Health Officer
 of Texas

AUSTIN—The incidence of measles in Texas last week was shown as more than 50 per cent above the seven year median, in a statement issued by Dr. Geo. W. Cox, State Health Officer.

"Any contagious disease can spread to epidemic proportions," Dr. Cox warned, "if proper care is not used to isolate the patient, and protect others from exposure."

Dr. Cox said that measles had not approached even a near-epidemic stage as yet; nevertheless he wanted to emphasize the need for proper nursing and strict compliance with quarantine laws, in order to prevent its widespread appearance.

Measles alone is not necessarily a dangerous disease, Dr. Cox stated but serious complications, such as streptococcus, mastoiditis, and pneumonia which frequently follow, make it a disease to be carefully nursed, with close attention from a doctor.

"Unskilled treatment of a plain case of measles can result in complications which often kill," Dr. Cox warned, "and it is not to be regarded lightly as simply another childhood disease."

Dr. Cox urged parents to watch exposed children carefully, and at the first sign of temperature, flushed face, sniffles, or watering eyes, advised that the child be put to bed immediately and placed under a doctor's care.

Mrs. Erin McGraw spent the week end in Fort Worth, in the home of Mr. and Mrs. Levi Bowden.

Mr. and Mrs. P. V. Williams and Mrs. Ruby Kethley were business visitors in Dallas several days last week.

LOCALS

Sgt. and Mrs. John R. Rayburn of Fort McClellan, Ala., came in the first of this week for a visit with relatives and friends here.

Miss Patsy Ruth Mitchell, who is employed in Spur, visited her parents, Mr. and Mrs. A. H. Mitchell, over the week end.

Mrs. Barton Carl visited with relatives and friends in Baird over the week end.

Lieut. and Mrs. Willard Bauman and two sons of Wink, Texas, came in the first of this week to spend a 10-days leave of absence with Mrs. Bauman's father, M. G. Nix, and with other relatives and friends. Lieut. Bauman is stationed at Pyote Field.

Mr. and Mrs. Arthur Smith, Jr., spent the week end at Knicker-

bocker, Texas, visiting in the home of Mr. and Mrs. Hal Fairman.

Sgt. and Mrs. Philip Homer of the Amarillo Army Air Field came in last week for a visit with Philip's parents, Mr. and Mrs. M. G. Homer, and with Mrs. Homer's parents, Mr. and Mrs. John Michael, and other relatives.

Mr. and Mrs. E. W. Harrell visited with Mr. and Mrs. Gene Harrell and daughter, Natalie, in Oklahoma City and with relatives in Stillwater, Okla., the latter part of last week. They were accompanied by Mrs. Harrell's mother, Mrs. Ida Davis of Anson, who remained for a longer visit in Still water.

Jim Steele visited with relatives in Comanche county the first of this week.

Rev. Luther Kirk was a business visitor in Dallas the first of this week.

News From The A.A.A. Office

WFA Announces Proposed 1944 Support Prices on Farm Products

The following proposal for support prices on farm products was announced today by War Food Administrator Marvin Jones: "It must be clearly understood," said Mr. Jones, "that this proposal is subject to action by the Congress making provisions for carrying out the support price program, and will not be effective unless such provision is made."

In announcing the programs, the War Food Administration stated that the levels of price support represent the best judgment of the WFA on the floor prices needed to implement the 1944 production program. "After careful study," he said, "and with the counsel of farmers and farm officials, we expanded production sought in many commodities, and to express to farmers the relative requirements for the various products which the nation needs."

"With the support price program in effect for these and the other commodities for which programs are to be announced later, farmers can make the crop and livestock production plans early in the year."

Yet to be announced are the price support programs for prunes, raisins, dried cut fruits, vegetables for processing, and certain fruits for canning.

It is planned to carry out the support price programs through loans, purchases of commodities for military, Lend-Lease, and other Government uses, and for some

commodities, direct payments to farmers or processors.

The support price programs will include the loans required for the basic commodities—corn, wheat, cotton, rice, and tobacco—by the Act of October 1, 1942.

The Support Price that will effect the products produced in Knox county are listed below:

Hogs
As previously announced, the War Food Administration will support, during the period ending March 31, 1945, designated price for good to choice butcher hogs (barrows and gilts) of specified weights. For the Chicago, Illinois, market the designated support prices for these grades of hogs, weighing 200 to 270 pounds (temporarily increased to 330 pounds), for the period ending September 30, 1944, is \$13.75 per cwt., and for the period October 1, 1944, through March 31, 1945, for hogs weighing 200 to 240 pounds \$12.50 per cwt. The support prices at other markets will be at such differentials from the Chicago market as are specified in Food Distribution Order No. 75. In addition, it was announced on January 24, that for a limited period of time, good to choice butcher hogs weighing 270 to 330 pounds would also be supported at \$13.75 per cwt. Chicago basis.

The War Food Administration will purchase federally inspected pork products at prices which will enable slaughterers to pay not less than the designated support prices for hogs. Food Distribution Order No. 75 requires all slaughterers to pay not less than the support prices for hogs. As an additional price support measure, the Reconstruction Finance Corporation stands ready to withhold slaughter

payments from any slaughterer who purchases hogs below the support prices during the period for which such payments are provided.

Wheat
Non-recourse loans at 85 percent of the parity price as of July 1, 1944, will be made available to farmers on wheat stored on farms or in warehouses. A specific schedule of loan rates, with differentials for location, grade, and quality, will be announced at a later date. The loans will be available until December 31, 1944 and will mature on April 30, 1945, or earlier upon demand.

The War Food Administration will also buy wheat at the loan rates from farmers who are unable to ship to their normal markets, provided local storage is not available and the Administration owns bins in which the purchased wheat may be stored.

Cotton
Non-recourse loans on American Upland cotton produced in 1944 and stored on farms or in warehouses will be made available to farmers by the percent of the parity price as of August 1, 1944. The basic loan rate will be for Midling 7-8 inch cotton, with appropriate premiums and discounts for other qualities and differentials according to location. Specific loan schedules will be announced at a later date. The loans will be available until May 1, 1945, and will mature July 31, 1945 or earlier on demand.

Peanuts
Peanuts produced in 1944 will be supported at base prices to farmers of \$150 per ton for Spanish, Virginia and Valencia types and \$140 per ton for Runner types. These base prices are for peanuts having a sound, mature kernel content of 65 percent in the case of Virginia, Valencia, and Runner types and 70 percent in the case of Spanish types. Premiums and discounts will be established for other qualities.

The War Food Administration (which will be the only authorized buyer of 1944 crop peanuts) will enter into price supporting contracts with shellers, crushers and producer cooperative associations under which they will agree to purchase peanuts from farmers for the account of the Administration at not less than the support price, and the Administration will agree to make peanuts available for processing and distribution at prices based upon applicable ceilings. The Administration will also make loans on farmers' stock peanuts available through cooperative associations.

Eggs
During the period ending December 31, 1944, the War Food Administration will support prices to producers for eggs at 90 percent of the parity price, but in no event less than specified prices which will be announced from time to time, and which will reflect not less than a United States average farm price of 30 cents per dozen in the spring and early summer, and an annual average United States farm price of 34 cents per dozen.

The first detailed announcement was released January 25.

Chickens (Excluding Broilers and Chickens Weighing Less Than Three Pounds Live Weight) And Turkeys

During the period ending December 31, 1944, the War Food Administration will support prices to producers of chickens (excluding broilers and chickens weighing less than three pounds live weight) and turkeys at 90 percent of the parity price, but in no event less than specified prices which will be announced at a later date. The methods of support will also be announced at that time.

Milk and Butterfat

During the period ending December 31, 1944, the War Food Administration will support returns to producers for milk and butterfat at levels of not less than 30 cents per hundred pounds for whole milk or 4 cents per pound for butterfat above the returns which will

be reflected by the following prices for butter, cheese, and skim milk powder.

Barley
Non-recourse loans on barley stored on farms or in warehouses will be made available to farmers. The loan rate for No. 1 barley will be 90 cents per bushel in California, Washington, Oregon, and Idaho, and 85 cents per bushel in other states. Discounts from these rates will be made for lower grades. A deduction of 7 cent per bushel will be made on warehouse stored barley unless the producer has paid the storage charges through April 30, 1945. The loans will be available until December 31, 1944, and will mature on April 30, 1945, or earlier upon demand.

Grain Sorghums
Non-recourse loans on grain sorghums stored on farms or in warehouses will be made available to farmers. The loan rate for grain sorghums grading No. 2 or better will be \$1 per bushel in Arizona and California and 95 cents per bushel in other states. Discounts from these rates will be made for lower grades. A deduction of 7 cents per bushel will be made on warehouse stored grain sorghums unless the producer has paid the storage charges through April 30, 1945. The loans will be available until February 29, 1944, and will mature on June 30, 1945, or earlier upon demand.

WAR VETERAN VISITS IN BURNISON HOME

Ernest R. Simpson, aviation machinist mate first class in the U. S. Navy, whose home is in Portland, Oregon, visited several days last week in the home of Hugh Burnison. He wears the Purple Heart medal and the Presidential Citation, earned in combat in the Pacific and Asiatic theaters of war. He left Saturday by plane for San Diego, Calif.

PLEDGES ALLEGIANCE TO STARS AND STRIPES

Attention! "I pledge allegiance to the Flag of the United States of America, and to the republic for which it stands; one Nation indivisible, with Liberty and Justice for all!"

"Not bad for an American citizen, who arrived February 2, 1944, who weighs only 9 pounds and 13 ounces, and whose name is Linda Joy Tidwell."

The above announced the arrival of a daughter to Mr. and Mrs. D. Wayne Tidwell of Humboldt, Tenn., formerly of Goree.

Miss Anna Mae King is visiting relatives in Arkansas this week. She went at this time to visit a brother who is in the service and who has been stationed in the Aleutian Islands for some time.

Glendon Matthews, who is stationed at Fort Sam Houston, spent the week end with relatives and friends in this county.

Alyce Anne Martin of Seymour spent several days here last week with her grandparents, Mr. and Mrs. M. H. Reeves.

Dewey H. Davis was a business visitor in Lamesa the first of this week.

The invention of printing during the Renaissance caused learning to become widespread.

County Council of Women's Clubs Meets

The county council of women's demonstration clubs held its regular meeting on February 7 at 2 p. m. in the assembly room of the court house at Benjamin.

The chairman presided, and old and new business was transacted, and reports from committees were accepted. Standing and special committees met and made plans for the year's work.

Valentines made during the 15-minute recreational period were distributed at the end of the program. Six clubs were represented, and several visitors were present.

A mother is a person who, seeing there are only four pieces of pie for five people, promptly announces that she never did care for pie.

BACK THE ATTACK! BUY MORE WAR BONDS!

This Week, We Received More Scarce Items!

More scarce items are being released from time to time. Included in this week's shipment were:

- Oil Heaters
- Oil Cook Stoves
- Wooden Water Kegs

We also received a small shipment of furniture to help replenish our stock. Come here for your furniture needs.

Care For Baby Chicks...

Hatching season will soon be here. Get your chick supplies early. We have plenty of Glass Cloth—that sturdy, low cost, weather tested cloth that lets in those health-giving rays, yet protects chicks from the weather.

REMEMBER TO get those John Deere buster points, sweeps and go-devil blades now. They may not be available later on!

See us for Maytag and cream separator oils. A new shipment of shovels, forks and garden rakes has arrived.
