

## Callaway Asks For Reelection As Representative

Representative Claude Callaway, now serving his first term as State Representative of this district, was a caller at this office this week and made his announcement for a second term as State Representative of the 114th Legislative District, composed of Hardeman, Foard, Knox and King counties.

Judge Callaway complimented the people of his district and said that it was a pleasure to serve them. He further stated that during his first and only campaign—"When the people of the 114th legislative district elected me as their Representative, you will recall that I made very few promises. I was free to tell you that I saw no good reason why the business affairs of our state could not be run on a good sound business basis just as you would run your own businesses, and if elected I would give my untiring efforts to fulfill these promises.

"Through the cooperation of my colleagues we have been able to bring about an increase in the state funds for the aged people in the amount of One Million Eight Hundred Thousand Dollars (\$1,800,000) per year; and increase of One

## F. F. A. Banquet Held Thursday

### 132 Guests Attend, and Good Program Is Enjoyed

The district Future Farmer of America banquet was held in Munday last Thursday evening with 132 guests present, eighty of whom were from out of town.

A delicious banquet of fruit juice cocktail, roast pig with dressing and gravy, candied sweet potatoes, green beans, blackeyed peas, cranberry sauce, pickles, hot rolls, butter, pie a-la-mode and coffee and cocoa was served.

Bobby Broach, district president, was master of ceremonies, and district officers had charge of the opening ceremony. The Paducah team had charge of green hand initiation, and G. S. Dowell, district advisor, introduced the guests. The F. F. A. creed was given by a Seymour member, and Sidney Gilbert of Paducah gave the history of the F. F. A. "Do We Want to be Farmers?" was discussed by Billie Joe Taylor of Crowell, and Charles Hale, Quannah "Lone Star Farmer" talked on the F. F. A. and the war effort.

Special guests were Mr. Hale, Senator George Moffett of Chillicothe and Representative Claude Callaway of Crowell, each of whom made a few remarks.

Music for the occasion was furnished by the Knox City school orchestra, with piano solos by Paula Green and an accordion solo by Billie Bouldin.

Five F. F. A. chapters participated in the senior chapter conducting contests, and two in the junior contests. Paducah won the senior division, and Munday won in the junior division.

The Future Homemakers maintained open house during the afternoon for all visiting guests.

From 7:00 to 7:30, a sing-song was participated in by all who attended the banquet, and the program started soon after 7:30.

### HOME ON FURLOUGH

S. Sgt. Howard Collins came in his week to spend a 10-day furlough with his wife and with his mother, Mrs. Ora Collins. Howard has been stationed at Santa Ana, Calif., following his return from South Africa, but is being transferred to La Juente, Colo. He will report at his new post about March 1.

## Charter Night For Rotary Club To Be Observed

### March 9th Is Set, and Many Rotarians To Be Present

Word has been received from the Chicago headquarters of Rotary International that the newly organized Rotary Club of Munday has been granted a charter by the Board of Directors of Rotary International.

The Munday club is now a member of the vast Rotary organization which has over 5,200 clubs in more than 50 countries of the world.

J. L. Brasher is president of the newly formed club, while Barton Carl is serving as secretary.

These officers announced Monday that Thursday night, March 9, has been set as charter night, and a big banquet and program will be given at the Munday school auditorium. Many notable Rotarians from this section are expected to be present for charter night, including Pick Lamour of Graham, district governor, who will present the charter.

Invitations to attend the charter night program are being mailed this week to all clubs in the area.

## Last Rites For J. C. Forrest Held Here On Sunday

Funeral services for Jake C. Forrest, victim of a street-stabbing on Wednesday of last week, were held last Sunday afternoon at 2:30 o'clock from the First Methodist church in Munday. Rev. Luther Kirk, pastor, assisted by Rev. W. H. Albertson, Baptist pastor, conducted the services.

A large crowd which filled the church to overflowing gathered to pay their last respects to this well-known Munday resident and to extend condolences to the bereaved family.

Burial was in the Johnson cemetery under the direction of the Mahan Funeral Home.

Forrest is survived by his wife, Mrs. Fannie Bell Forrest; his parents, Mr. and Mrs. A. B. Forrest of Munday; three sisters, Mrs. W. D. Greeson of Palestine, Mrs. Cora Lee Hicks of Porterville, Calif., and Mrs. V. B. Bowman of Seymour; two brothers, Bedford Forrest of Oakland, Calif., and Earl M. Forrest, who is serving in the U. S. Coast Guard overseas.

W. J. (Bill) Swain, who is facing a murder charge in connection with the killing, was released from the Knox county jail at Benjamin last week on bond of \$5,000 which was set by S. E. McStay, justice of the peace at Munday.

### LOCAL JUDGING TEAM IS ENTERING CONTESTS

The Munday F. F. A. livestock judging team, which tied for first place in the contest here last Saturday, will judge in a contest at Seymour next Saturday. It was also announced that this team will judge at Wichita Falls on March 8, at the district 4-H calf show.

### Funeral For Mrs. R. L. Myers Is Held Saturday

Mrs. R. L. Myers, a resident of Knox county for 40 years, passed away at the family home, four miles west of Munday, at one-thirty o'clock Friday morning, February 18. She had been in poor health for many months and spent some time during the past year in the Knox county hospital.

Born Sallie Elizabeth Ford in Dallas county on August 3, 1870, Mrs. Myers was 73 years, 6 months and 5 days of age. Mr. and Mrs. Myers moved to Knox county in 1906 and reared their family here. They owned their farm where they have resided all these years.

Surviving her are her husband and eight children, who are: R. M. Myers, Mrs. Willie Partridge, Roe Myers, Lee Myers, Mrs. Fay Miller, Mrs. Elizabeth Bowden, Mrs. Ruby McNeill and Woodrow Myers, most of whom reside in this county. She is also survived by 17 grandchildren and 8 great grandchildren.

Funeral services were conducted from the Gillespie Baptist church, west of Munday, at 2:30 Saturday afternoon by Rev. S. E. Stevenson, Baptist pastor at Goree, who was assisted by Rev. W. H. Albertson of Munday. Burial was in the Gillespie cemetery by the Mahan Funeral Home.

Pallbearers were Ellis Nix, Clyde Nelson, and the following grandchildren: Gilbert, Marvin and Glenn Myers and Harold Partridge.

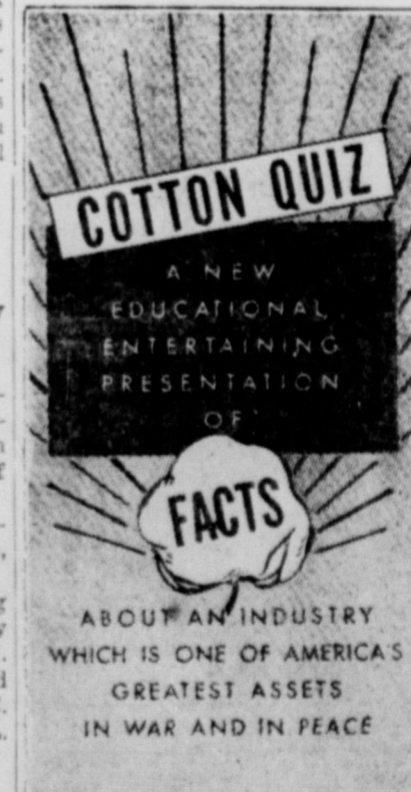

### Guinn Infant Is Buried Here On Last Thursday

Marjorie Collene Guinn, infant daughter of Mr. and Mrs. Wilkie Guinn of Vernon, died at the Baylor county hospital in Seymour at seven o'clock Thursday morning, February 17, living only about 30 minutes after birth.

Besides the parents, who are former residents of Munday, the child is survived by her two-year-old twin sisters, Linda Nell and Wanda Gail; her grandparents, Mr. and Mrs. L. C. Guinn Sr. of Munday and Mr. and Mrs. M. C. Warren of Fort Worth.

Funeral services were held at the graveside last Thursday afternoon, conducted by Clay Grove, friend of the family for many years. Burial was in the Johnson cemetery by the Mahan Funeral Home.

### QUIZ BOOKLET

"Cotton Quiz" popular educational cartoon featured by many newspapers since its creation, is now available in a handy, pocket size, 48-page booklet. This little publication features 44 cartoons selected from those published during the past two years, giving a cross section of cotton's important role in war and in peace, along with interesting historical facts. A copy of this booklet may be had free by writing this newspaper, or the National Cotton Council, Box 18, Memphis, Tenn.

Stanley Glover, 14-year-old Benjamin 4-H Club boy, again exhibited the grand champion calf of the annual Knox county livestock show last Saturday, and his 12-year-old brother, Carroll Fred, showed the reserve champion. Both were well finished calves which were classed as among the best ever shown here, the grand champion weighing 990 pounds.

Both calves were bred by the League-Davis Ranch at Benjamin, and the boys live on the ranch. J. A. Scofield of the extension service served as official judge.

The 15 calves shown here were fed under the direction of County Agent R. O. Dunkle, who said this week that ten of them, representing 9,610 pounds of prime beef, will be shown at the district show in Wichita Falls on March 9, 10 and 11. One of the 15 will be entered in the Fort Worth show.

Around 500 people attended the show, which was termed the most successful ever held here, although a fewer number of calves were shown. The Munday Chamber of Commerce and business men sponsored a delicious chuck wagon dinner which was served at the noon hour to around 300 guests.

The prize for grand champion was a \$25 war bond, presented by the Chamber of Commerce and the "Hoof and Horn" committee. In addition to the \$7.50 second prize, Carroll Fred Glover was awarded \$5 by the Munday Cottonoil Co. for showing the reserve champion. Total prize money won by the boys amounted to \$83.00, while Benjamin citizens contributed additional prize money so that each boy showing a calf received an additional \$2.00.

In the livestock judging contest, the Munday FFA chapter and the Baylor county 4-H boys tied for first place with 510 points out of a possible 600. Knox county 4-H and Haskell FFA tied for second with 450 points; while Paint Creek FFA, Rochester FFA and Foard county 4-H tied for third with 435 points. Weiner FFA was fourth.

Kenneth Baker of Munday was high point man of the contest with a perfect score.

In the contest for civic organizations, the Hoof and Horn club of the Munday Chamber of Commerce was first with 555 points and the Knox City Lions club was second with 480 points.

Results of the calf show: Senior division: First, Stanley Glover; second, Carroll Fred Glover; third, Hardy Richards, Vera; fourth, Pat Hill, Munday; fifth, Billy D. Richards, Vera; sixth, Tommy Montandon, Knox City; seventh, H. Richards.

Junior division: First, Freddie Crenshaw, Benjamin; second, John Charles McFerrin, Benjamin; third, B. Richards; fourth, Gerald Trainham, Vera; fifth, Leroy Davis, Vera; sixth, Trainham; seventh, Sam Burton, Benjamin; eighth, Jerry Westbrook, Truscott.

## Local School Completes Drive To "Buy-a-Plane"

The Munday Independent School went over the top in its "buy-a-plane" campaign.

The goal was \$15,000 worth of Series "E" war bonds to buy a Fairchild training plane to carry the school's name.

Total campaign sales amounted to \$19,400. Superintendent W. C. Cunningham notified State Chairman Nathan Adams of the War Finance Committee at Dallas.

In reply, Mr. Adams informed Mr. Cunningham that Munday was one of the first schools in Texas to complete the plane-buying campaign successfully.

Certification of completion of the campaign was approved by Merick McGaughey, Knox county educational chairman.

A copy of the decalcomania to be placed in the plane will be sent to the Munday school, Mr. Adams advised.

"We deeply appreciate the excellent war bond sales record made by Munday school," the state chairman said. "These students are doing a fine service for their country."

Rev. J. S. Tierce, Baptist pastor of Knox City, was a business visitor here last Tuesday.

## SOCIALIZED MEDICINE

"The dominant factor in deciding health legislation is political rather than scientific...bureaus by tradition and organization are not receptive to science or enthusiastic in the application of scientific teaching. Administrative reaction is influenced by political expediency and this is the principal governing consideration—Compromise and science are unhappy bedfellows—The guiding principle is that nothing must be done or said or written that is likely to embarrass a minister—A doctor working in Civil Service is effectively gagged; he can say or write only what has official approval—A doctor in government service tends to become isolated from his professional work and consequently a diminishing asset to the state—To be ahead of time often spells political suicide—Medicine must never allow itself to be put in a position which would involve the suppression of some scientific findings because they happen to be inconvenient or inconsistent with a Government policy—in any state social system there must be effective guarantees that, whatever its administrative structures, the doctors must be secure in their right of freedom of thought, freedom of expression, and freedom to practice medicine along scientific lines."—The Lancet, October 2, 1943.

## CHOOSE YOUR GOVERNMENT NOW

Fifteen states have endorsed the proposal to limit by Constitution amendment the peacetime taxing power of the Federal government to twenty-five per cent on incomes, gifts, and inheritances. The issue is not merely one of taxes. The people of this country must decide what kind of government they will have after the war.

Robert B. Dresser stated the issue clearly when he said: "Necessarily involved in this controversy as to taxes is the question of whether our system of free enterprise is to be replaced by national socialism. Under free enterprise the capital required to provide jobs is furnished by the individual, and ownership of the business is in him. Under socialism the capital is furnished by the government, and it becomes the owner."

There is only so much capital in the nation. If the taxing policies of government result in government absorption of private capital, the nation automatically becomes socialistic. This country is headed that way. American Federation of Labor spokesmen observed in 1940: "As labor and industry survey what has happened to labor and industry in those lands where all powers have been concentrated in the central authority, they fear and oppose the steps which thus far have been taken here, to enlarge the dominion of the Federal government over the lives and fortunes of the American people."

Since 1940, momentum toward the socialized state in America has increased—wholly apart from the war emergency.

## SILENCE CALAMITY HOWLERS

Coal producers have urgently requested the Solid Fuels Administration to stop its nation-wide "there-is-no-coal" calamity propaganda. It is breeding senseless hoarding.

Since conclusion of the last coal strike in November, production has been more than 1,000,000 tons a week in excess of the output in the comparable period of 1942-'43.

These latter two years broke all records for coal production for any country in any year, in spite of strikes. The output in 1942 was 580,000,000 tons, and in 1943 was 589,000,000 tons. The 1944 goal is 620,000,000 tons. It has been estimated that the capacity of active mines for a year of 308 days is 733,000,000 tons.

The gain in coal production has been achieved in the face of declining labor forces. What the coal industry needs most right now is cooperation from Washington, instead of scare headlines about coal shortages. And it needs machinery. Harry W. Vawter, director of the Bituminous Coal Institute, recently declared that: "Someone in authority will soon have to realize that 90 per cent of the nation's bituminous coal is cut by machines and 40 per cent is loaded by machines underground." These machines are wearing out and coal mine operators have not been able to get replacement because production of such equipment has been curtailed, while some has been sent overseas.

There is plenty of coal in this country. The coal industry knows how to get it out of the ground. There is no excuse for a coal shortage. If there is one it will be due to political bungling and interference with the industry.

In all the planning, far too little has been said and done to stimulate and encourage initiative, self reliance and the sense of individual responsibility.

## HUMANITY MOVES FORWARD

A few weeks ago the Navy flying boat Mars landed in Hawaiian waters after a routine flight from California. The fact that the trip was scarcely noted in the press was the most spectacular aspect of the undertaking. World-wide air transport has become common-places. Humanity has taken another step forward without realizing it.

Global air transport statistics since Pearl Harbor are hard to comprehend. The import of strategic war materials by air has been about 20 times as safe as such imports by surface vessels. While the average unit value of war commodities has been only 3 1-2 cents a pound when moved by surface vessel, it has been \$2.55 when moved by air. Only high value materials are sent by plane.

The average American ocean vessel of the year 1798 was only 87 per cent as big, in gross tonnage, as the Navy flying boat Mars.

Eighteen U. S. airlines are now participating in domestic and over-ocean transport services operated by the Army and the Navy, and several great United States aircraft manufacturers produce transport type airplanes at top speed.

In one-six-month period in 1943, almost 30,000,000 pounds of air cargo was flown by domestic airlines alone, as compared with less than 8,000,000 pounds for a comparable period in 1941.

Modern air transport is not a "war baby." Trans-oceanic clippers were flying long before the war. Military authorities point out that air transport on the present scale would never have been possible except for the years of pioneering carried on by the commercial airlines. Those airlines were conceived in the minds of barnstorming pilots whose dreams were backed by business men with vision and unlimited faith in America and aviation. These men, from grease monkeys to airline presidents, were "rugged individualists." The country can be thankful that it had them before the war. It needs them now and will need them more than ever in the future, if our national stride is to remain unbroken.

## FOR THE RECORD

Some information has just been released by the American Petroleum Institute which is almost beyond conception. Our average fighting man overseas requires his weight in oil every three days to get him there, keep him going and protect him overhead.

It takes an average of three tons of 100-octane gasoline to deliver and drop one ton of bombs. Think this over when you read of 2,000 tons of bombs being dropped on one German objective. Then think of the thousands of tons of bombs that are being dropped day after day on German and Japanese objectives.

The fulfillment of our hopes that there will be an ever-increasing tempo of such blows until the enemy is crushed, is dependent on a never ending stream of gasoline.

The unheard of production of gasoline by the United States is entirely the result of private initiative and enterprise. This is in striking contrast to the production from government-owned or government-dominated oil resources in foreign countries. It is just one more argument against government ownership or domination of the American oil industry.

"Only a man in jail can enjoy the four freedoms. He can pray all he wants, talk all day, and get three meals a day, and his worst enemy can't get at him. Surely this is the final freedom—freedom from freedom."—Frederick C. Crawford.

"Many patriotic men...in the nation's capital...get lost in the vast maze of their responsibilities under a system that overlooks the potentialities of initiative in the home communities as the grass roots of America."—Joe R. Hanley, Lieutenant Governor-elect of N. Y.

## "Bundles for Berlin" for Early Delivery

FROM a position of little importance, the Royal Canadian Air Force, in four years, has risen to become the fourth greatest striking force in the United Nations. Now, with thirty-six fighter and bomber squadrons overseas and with many of her men serving in the R.A.F., the baby of the services has won this tribute from a writer: "Certainly a healthier, tougher infant never raised hell all over Europe."

Behind her air force in the task of destroying Germany's industrial might, the people at home are working at maximum production turning out "bundles for Berlin". Shown in the illustrations is a lux, at top right, being welded to a five hundred pound bomb; below, are others being filled with TNT. Just to give some idea of the size of one of these completed calling cards, an attractive worker, at top left, stands beside the finished product.

## Gems Of Thought

### GREATNESS

Greatness, after all, in spite of its name, appears to be not so much a certain size as a certain quality in human lives. It may be present in lives whose range is very small.—Phillips Brooks.

A solemn and religious regard to spiritual and eternal things is an indispensable element of all true greatness.—Daniel Webster.

If any man seeks for greatness, let him forget greatness and ask for truth, and he will find both.—Horace Mann.

Every luminary in the constellation of human greatness, like the stars, comes out in the darkness to shine with the reflected light of God.—Mary Baker Eddy.

The study of God's word, for the purpose of discovering God's will, is the secret discipline which has formed the greatest characters.—J. W. Alexander.

Nothing can make a man truly great but being truly good, and partaking of God's holiness.—Matthew Henry.

Then there is the fellow who had to leave his job because of illness. The boss got sick of him.

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
M. D., State Health Officer  
of Texas

AUSTIN — Looking out on the world with clear vision is the birth-right of each and every person, according to Dr. Geo. W. Cox, State Health Officer. Texas has many hundred persons who are blind or have impaired vision. These figures would be more tragic if given for the period before the law was passed making it mandatory to use prophylactic drops in the eyes of all new-born babies. Since then blindness caused by birth infections has been greatly reduced.

In the examination of school children, diseases of the eye are encountered quite frequently. Chief among these is trachoma. This disease is contagious and causes a destructive inflammation characterized by the formation of trachoma granulations. These gradually form scar tissue. Trachoma, if left untreated, will impair the vision and eventually cause blindness. This happens when the proper treatment is not given or is not begun until the latter stages of the disease.

Trachoma is most prevalent where insanitary conditions are worst. The prevention of this disease consists not only in avoiding the infection but maintaining good personal hygiene. Parents should watch closely for any indication of trachoma or anything wrong with the vision of their children. Many diseases of the eye readily respond to treatment in their early stages, but, if allowed to develop, may seriously affect the vision and in many cases cause blindness.

## PLANE FACTORY TOLLS BELLS—GUESS FOR WHOM

"Another blow to the Axis.... another B-29 just delivered to the army... keep the bell ringing... Bong! That's the Monday morning ritual at a Wichita airplane plant; a toll of the bell for each bomber delivered to the army.

Though industry, in its all-out war effort, has given birth to many ingenious morale builders, company officials describe the weekly toll ringing as the "hottest morale booster we ever had."

Representative Claude Callaway of Crowley was a guest of Future Farmers of this District at the banquet here last Thursday night. He came some time ahead of banquet time and enjoyed visiting with his friends in Munday for a few hours.

## American National Red Cross Calls For War Fund Support In Its Work

In response to the appeal of the National Red Cross, the People of Knox County are rising to meet the needs. These needs are set before us at least in part by the following Proclamation by the President of the United States.

WHEREAS the war has entered a decisive stage requiring the fullest measure of individual sacrifice;

WHEREAS the American National Red Cross is an auxiliary to the United States armed forces and, as such, is providing indispensable service to our troops throughout the world as well as to their families at home;

WHEREAS these war time activities, including the collection of life-saving blood for the wounded, recreation work in military hospitals, provision of aid to families of service men, shipment of food parcels to prisoners of war, production of surgical dressings, operation of overseas clubs and recreation centers, and recruitment of army and navy nurses, all combine to save countless lives, restore hope, and provide comfort for our fighting men;

WHEREAS, through its vast network of local chapters, this agency of our people simultaneously conducts an extensive program of training and community service, while continuing with traditional efficiency to lessen the distress of those overwhelmed by disaster; and

WHEREAS this agency is wholly dependent upon individual support and personal participation and is issuing its 1944 appeal to the entire citizenship for a minimum War Fund of \$200,000,000;

NOW, THEREFORE, I FRANKLIN D. ROOSEVELT, President of the United States of America and President of the American National Red Cross, do hereby designate the month beginning March 1, 1944 as "Red Cross Month" and earnestly beseech my fellow Americans to observe it by opening their hearts to this humanitarian appeal in order that we may keep the Red Cross at the side of our fighting men and their dependents in their hour of greatest need.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

Done at the city of Washington this 19th day of February, in the year of our Lord nineteen hundred and forty-four, and of the Independence of the United States of America the one hundred and

## Checkmate Jumper

Styled to wear with different blouses for variety's sake, this cotton costume fits well into any young girl's wardrobe scheme. Dressed skirt, slit pockets outlined with self material used on the bias, and suspender straps are features of the jumper of cotton twill modeled by this attractive miss. It's neater than a skirt and a winner for the active young school girl because the blouse won't pull out.

Million Six Hundred Thousand Dollars for the schools, which gave the teachers an increase in salaries; and at the same time reduced the general fund deficit more than Twelve Million Dollars by economy in our state government.

"My appointment on several important committees gave me a wonderful opportunity to be extremely instrumental in helping to carry out what has been called by many the most practical business session the Legislature has had in many years. I served on the Appropriation Committee, Educational Committee, Liquor Regulation Committee and Public Printing Committee. I was also one of the five members of the committee in the House that wrote the Departmental Appropriation Bill. This committee made the appropriation for the 48 state departments, which bill provided for Nine Million Dollars less than the bill two years ago and eliminated 1300 state employees in the 48 state departments. I find that each of these 48 state departments are still operating efficiently.

"I was chairman of the committee that wrote the Rural Aid School Bill. This bill gave an increase in teachers' salaries, also an increase in transportation for the rural children who lived more than three miles from school.

"I am a member of the Joint Legislative Committee that sits between sessions and supervises the spending of rural aid money to our schools in Texas. The rural aid in Texas amounts to over Nine Million Dollars per year and most all of the schools in my district are participating in this fund, either in salary aid, high school tuition, or transportation aid.

"During the entire 120 day session of the Legislature, I answered every roll call, being at my desk to cast my vote on every measure that came before the House. Therefore, I feel that I have had a very active part in this legislation that has made history by increasing appropriation to the aged people, the crippled children, and to the schools, all of which amounts to Three and one-half Million Dollars per year increase; and reduced the

## War Needs Money—YOURS!

This war calls for every ounce of energy, every dime and dollar we can muster for ships—and planes—and guns.

total appropriation, Twelve Million Dollars, for the biennial. This was all done by economy for there was no new tax of any nature levied.

"I might explain that this economy move began within the Legislature, for the total cost of the Forty-eighth Legislature was Three Hundred Thousand Dollars less than the Forty-seventh. We can readily see that good sound economy makes a big difference for our general fund deficit was Twenty-nine Million Dollars on January 1, 1943. Just thirteen months later, on February 1, 1944, this tremendous deficit had been reduced to Sixteen Million, Eight Hundred Thousand Dollars, or a net reduction of Twelve Million, Two Hundred Thousand Dollars in thirteen months.

"I will admit that I have neglected visiting the people in my district, yet this has been a much greater loss to me than it has to you. However, I have felt that so long as we are in total war, you had much rather I would be working for you than to be visiting with you; still I want each and every community of my district to feel free to call on me when I can be of any service to you, and I shall be happy to answer the call.

"In conclusion, I ask that after

you have considered my record of service, if you consider I have rendered you a sincere service, then I ask that you please consider me for re-election for a second term as your State Representative and I assure you a greater service if re-elected. I feel that the experience I have gained will certainly be a great help to me in serving you.

"I shall be prevented from giving much time to my campaign for the next three months, as I shall be very busy serving on a special committee appointed by the Lieutenant Governor and the Speaker of the House for the purpose of re-writing and re-codifying the school law of our state. This committee has been very busy for the past three weeks holding hearings in our State Capitol, and I see no reason why this work should not prove to be a great help both to the state and to our wonderful school system.

"Again thanking you for your splendid cooperation and assuring you that I will do my best to visit as many of you as possible between now and the election on the limited amount of gasoline I am allowed, and hoping to prove worthy of the trust that you have placed in me,

Sincerely,  
Claude Callaway."

## VISIT IN GALVESTON

Mrs. Dave Eiland and daughter, Mrs. George Martin of Philadelphia, left Thursday for Galveston, where they are visiting their daughter and sister, Mrs. B. F. Hood, and her family. They plan to be gone several days.

Mrs. L. S. Hardegree of Grand Prairie spent the latter part of

last week here, visiting with friends and attending to business matters.

Mr. and Mrs. Riley B. Harrell and little daughter, Joan, visited with relatives in Fort Worth over the week end.

Miss Patsy Ruth Mitchell, who is employed at Spur, spent the week end with her parents, Mr. and Mrs. Arthur Mitchell.

## Mrs. S. E. McStay Entertains Friends With Lovely Dinner

Mrs. S. E. McStay entertained a group of friends with a lovely dinner given at her home last Tuesday evening. The Washington's motif was carried out in the decorations and table appointments, with tiny American flags having prominent places about the rooms.

Following the lovely dinner, games of forty-two were enjoyed. Attending were Mes. W. R. Moore, A. H. Mitchell, R. L. Ratliff, P. V. Williams, W. V. Tiner, C. P. Baker, Erin McGraw, M. L. Barnard, Aaron Edgar, John Ed Jones, H. A. Pendleton, Miss Elizabeth Mounce and the hostess.

## County Council To Meet On March 3rd

The Knox County Council will meet March 3, 1944 in Assembly Room of Benjamin Courthouse at 2:30.

Each club is to have a representative from their club at council for council to select three delegates to go to the District Meeting at Haskell, April 19.

Every club please make an effort to be present for the meeting.

### CARD OF THANKS

We take this means of expressing our sincere thanks to the many friends who have shown such kindness during the long illness and in the passing of our loved one. We shall always be grateful for the sympathetic words, the bountiful floral offerings and the many other deeds of kindness. May God's richest blessings be upon each of you.

R. L. Myers and family.

## Goree 42 Club Meets February 14 In McMahan Home

Mr. and Mrs. Homan McMahan entertained members of the Goree 42 Club in their home on February 14, with ten couples present for this occasion.

Following several games of forty-two, the hostess served delicious refreshments to the following:

Mr. and Mrs. Jack Moore, Mr. and Mrs. Jim Goode, Mr. and Mrs. Mack Tynes, Mr. and Mrs. George Webber, Mr. and Mrs. Homer Moore, and the host and hostess, Mr. and Mrs. McMahan.

## Etta Mae Owens, Colored Woman Dies At Knox Hospital

Etta Mae Owens, wife of Cap Owens, local colored man, died at about noon last Tuesday at the Knox county hospital, where she had been taken for treatment. She was about 30 years old.

Cap and Etta Mae were well known colored people, Cap having been employed by C. R. Elliott for many years.

Surviving her are her husband and five children, Dorothy, Eddie, Bertha, S. L. and A. B.

Funeral services were held at Stamford at 3:30 Thursday afternoon with burial in the Stamford cemetery under the direction of the Mahan Funeral Home.

## LOCALS

Mr. and Mrs. Sam A. Roberts of Haskell visited briefly here Friday. They were enroute to Wichita Falls and Byers to spend the week end with relatives.

Mrs. Troy Warren, who has been with her husband who is stationed at Orlando, Fla., came in last Sunday for a visit with her parents, Mr. and Mrs. U. S. Rogers.

George Salem left Wednesday afternoon for Dallas and Fort Worth to spend a few days purchasing merchandise for the Fair Store.

Leland Hannah and J. C. Campbell spent the first of this week in Dallas, attending the gift show and purchasing merchandise for their local stores.

Mrs. T. L. Stall and two daughters of Midland are here this week for a visit with Mrs. Stall's father, W. H. Atkinson, and other relatives.

## Hoffman Begins Air Corps Training

Thomas J. Hoffman, son of Supt. and Mrs. John J. Hoffman, was inducted into the army on Tuesday, February 15, at Lubbock and then transferred to the army air corps. Thomas, familiarly known as T. J., enlisted for pre-aviation cadet training on Christmas eve of 1943 at Sheppard Field, where he qualified for this training by taking his physical, mental and moral tests.

He was sent to Fort Sill, Okla., the reception center of this district, for the army's routine processing. At this time no word has been received as to where he will receive his training.

T. J. is a graduate of the Rhineland high school, and was employed by the Fort Worth and Denver Railroad at Wichita Falls at the time of his induction.

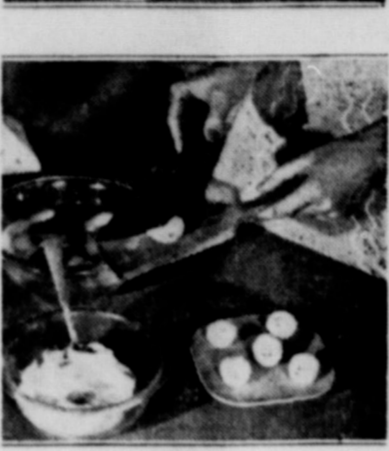

## How To Mix Margarine

So you're using margarine to save precious ration points and money, too? You'll find it just as good as it looks. Made of vegetable oil—chiefly cottonseed oil—combined with pasteurized skimmed milk, and fortified with protective Vitamins A and D, margarine is a valuable energy food. And mixing it to get that rich, golden color is no task at all if you will follow the suggestions in the accompanying photos, which also give some clever serving hints.

Soften to room temperature. Do not heat, because that will destroy its texture. Use a big bowl, put in the coloring, work in easily with blending fork, wooden spoon, or potato masher as the lady is doing in the illustration at the upper left. Two minutes, and you are ready to mold the margarine into sticks and squares as illustrated at the upper right. For a good turn-out, rinse molds in cold water first. This glazes the surface, too. Or line the glass stick with a long strip of waxed paper. For all-around family use, a husky dish is the answer.

Again, you can design your own servings, suggested by the picture at right center. The two-pound roll is easily fashioned with a wooden paddle. Spank in the pattern. Or get out your grandmother's old fashioned wooden molds, dip in boiling water, then ice water. Leave wet, pack in margarine, chill look fetching for a top-off, or briefly, and push the handsome original idea is to roll the margarine into balls, big marble size

—as shown at the lower right. Before you start, dip the paddles in boiling water, then ice water. An icy dip now and then as you roll along will help. Sprigs of parsley look fetching for a top-off, or perch the ball of margarine on a mold out with plunger. Another were made in the testing kitchen of Better Homes and Gardens.

## Rhineland Goes Over The Top In War Bond Drive

Rhineland oversubscribed its Fourth War Loan quota of \$20,000 (actual money value) by seven per cent, John J. Hoffman, community chairman reported Tuesday.

One reason for this successful drive was the genuine patriotic efforts made by the students of the school. The local committee encouraged these activities by putting the drive on a competitive basis. Over \$28,000 (maturity value) worth of bonds were either bought, sold, or reported by the students.

Although all children worked hard to put the bond drive over the top, only those who bought, sold, or reported five hundred dollars worth of bonds or better are listed here:

Eddie Redder	.....\$525
Wynell Albus	..... 600
Vernal Zeissel	..... 600
Charles J. Albus	..... 650
Marvin Zeissel	.....1,000
LaVerne Albus	.....1,625
Eugene Kuehler	.....1,875
Jewel Marie Hoffman	.....5,975
Maxine Williamson	.....10,700

There were several purchases of \$500 each in the community, but since these were not reported by a student, no credit for them was given to any one student.

"I have enjoyed my job as community chairman during this drive much more than during the three previous drives," said John J. Hoffman, "and I wish to take this means of expressing my sincere appreciation to all committeemen and other co-workers for their loyal cooperation. To those who were so gen-

erous with their dollars, I wish to say in the name of the boys in uniform, 'Well done, fellow-fighters.'

We're not sure, but sometimes we wonder if our birthstone isn't Benjamin were here Tuesday, visiting with friends and attending to business matters.

"Thus saith the Lord, stand ye in the ways, and see, and ask for the old paths, where is the good way, and walk therein, and ye shall find rest for your souls. But they said, We will not walk therein," (Jer. 6:16). Read the entire sixth chapter of Jeremiah, and get the full setting of this text. God has standards according to which we should live, and ways wherein we should walk. They are paths as old as eternity, and as new as the morning. They are well marked with the tracks of those who have gone on before; and yet when we walk in them we find new sights and joys that are far beyond and above the paths marked out by worldly wisdom. The generation to which Jeremiah wrote turned thumbs down the prophet's admonition and warning. Brass collars of slavery followed quickly. David said, (Ps. 143:8), "Cause me to hear thy loving kindness in the morning; for in thee do I trust; cause me to know the way wherein

I should walk; for I lift up my soul unto thee." W. H. Albertson.

# Goree News Items

Goree and surrounding territory was saddened when word was received that Sgt. Ben B. Hunt was missing in action. Hope is held that he will be reported safe, as many of the planes which have been reported missing have landed their crews safely.

Corp. Floyd E. Denham is spending a furlough at home after a year and a half in service in the South Pacific. Corp. Denham visited his wife and little daughter at Merkel, and then came to Goree to visit his grandparents, Mr. and Mrs. J. M. Hammons and other relatives. He will go from here to Silverton to visit his parents, Mr. and Mrs. G. O. Denham. He is with the air forces and expects to return to combat duty in the near future.

After a long wait, Mr. and Mrs. R. H. Hutchins have had word from their son, Arch, who is serving with the navy somewhere in the South Pacific, that he is safe and well. This was a great relief after a period that no letters were received.

Miss Mozelle Vandiver was a guest in the home of Mr. and Mrs. Melvin Strickland of Munday last Sunday.

Mrs. George Hunt has returned from New Orleans, La. She accompanied her husband there, where he entered the hospital for treatment.

Mrs. Everett Pruitt and little daughter, Virginia Everett, were brought home from the Haskell hospital last Monday. Both mother and baby are doing fine.

Mr. and Mrs. G. D. Jones have had word from their son, Boyd, who is on foreign soil, that he is safe and well. Mrs. Boyd Jones and little son of Seattle, Wash., are

here for a visit with Boyd's parents.

Mrs. W. F. McCauley has been on the sick list, but is better at this time.

J. W. Fowler left last Saturday for Odessa to visit his son and family, Mr. and Mrs. Leon Fowler. Mrs. Leon Fowler and children will accompany him home for a visit here.

Mr. and Mrs. Claud Reid of Weinert spent last Sunday with Mrs. Reid's parents, Mr. and Mrs. I. J. Troy.

Mr. and Mrs. W. S. Heard had a message from their son, Major Pat Heard, that he is safe and well. He is with a hospital unit in the Southwest Pacific.

Granville Parris of Camp Peary, Va., visited his uncle and aunt, Mr. and Mrs. Homan McMahon, recently. He is serving in the naval forces.

Pvt. John Wayne Couch, who is with the tank destroyers, visited his parents, Mr. and Mrs. W. R. Couch recently. He was being transferred to a new camp in California.

Light rains have fallen during the past week, with rather cold weather prevailing. Everyone is anxious to see the sun shine again. The grain crop is looking fine throughout this section.

Mr. and Mrs. Jack Moore were business visitors in Wichita Falls.

Evan Roberts of Memphis visited his brother, J. J. Roberts, and other relatives here last week. Mr. Roberts was on his way to Gainesville to do special work in the office of the lumber company for which he is employed.

## C. W. A. C. Uniform Wins Laurels

To the Canadian Women's Army Corps go the laurels for having the smartest and best-looking uniform of all the Women's Services in this war. This decision was reached at a party given in Britain by the U. S. Women's Army Corps for personnel of the C.W.A.C., the W.R.N.S., the R.C.A.F. (W.D.), the W.A.A.F. and the A.T.S. Report was made in the "Stars and Stripes," official organ of the U. S. Armed Forces in the European Theatre of war. Popular opinion conceded to the C.W.A.C. uniform the qualities of trimness and smartness. The W.A.C. uniform was tagged as the best tailored and the W.R.N.S. carried the color honors. Cpl. Wilma Williamson of Dundas, Ont., is pictured here modeling various ensembles of the C.W.A.C. uniform. Above left, the winter greatcoat; at right, the khaki barathea; below, the rose-beige summer worsted.

The Canadian Women's Army Corps, established in 1941, has an enlistment of over 15,500.

## Bond Sales Now Total \$485,685

W. E. Braly, county chairman, was advised Tuesday by Nathan Adams, state chairman of the War Finance Committee of Texas, that Knox county's over-all sales of bonds during the Fourth War Loan Drive has amounted to \$485,685.75. The sales of Series E bonds amounted to \$287,606.25.

According to these figures, the county has topped its quota of \$432,000 by over \$50,000.

"Due to your fine work, Texas has made a remarkable showing, particularly in sales to individuals," Mr. Adams said. "In order that

your county may receive credit for all last minute sales, I suggest that all issuing agents for Knox county, including post offices, send final reports to reach the Federal Reserve Bank by Tuesday, February 29."

### Ration Tokens In Use Sunday

During the three-week period, February 27 through March 20, in changing from the old rationing program to the simplified token plan, two sets of stamps, green and blue, will be used for processed foods, and two, Brown and red, for meats and fats. The old stamps, brown and green, will be used exactly as in the past at their regular value through March 20. The token plan will be fully in effect on March 21. Beginning then, processed foods can be purchased only with blue stamps and blue tokens, and meats, fats, and oils only with red stamps and red tokens. The blue and red stamps, effective February 27 are valued at 10 points each. All tokens are valued at one point each and will be given for change only when a purchase is made. No more than nine tokens need be given as "change" in one transaction.

### To Review Farmer Deferments

Local Selective Service Boards have been ordered to review promptly deferments of agricultural workers because of the sharp curtailment of available manpower for the armed forces. Selective Service has announced. "It is not expected that local boards will defer or continue to defer a registrant as necessary to and regularly engaged in agriculture unless by his own personal and direct efforts he produces 16 or more war units each year." Selective Service asserted. About 1,700,000 men in agriculture were deferred in class II-C as of January 1, 1944. Of this total, 400,000 are single men below 22 years of age and more than one million are non-fathers. In all other war production and war supporting activities less than 125,000 non-fathers below the age of 22 were deferred as of January 1.

### Rubber Footwear Prices Up

An average increase of 6-12 per cent in retail ceiling prices of waterproof rubber footwear—rubbers, aetics, gaiters, and rubber boots—has been allowed by the Office of Price Administration to compensate for increased costs. For these higher prices the public will get rubber footwear more nearly approaching the quality of pre-Pearl Harbor footwear than that of the victory line product, OPA said.

### It Lifts Huge Planes

Typical of the wartime tasks assigned to cotton is this newly developed "pneumatic lift," used to hoist planes landed in rough terrain. Made of rubber-coated cotton fabric, the bag expands to the size of an average small room or office when inflated. Used in pairs, the bags can lift the largest Fortress bombers off the ground.

1942 base period output. . . Farmers will have more potash salts for fertilizer use this year than during the preceding years, WPB announces. . . A general retail price reduction to the consumer of Chinook salmon is expected to result from establishment by OPA of a 20-cents-per-pound ceiling price for certain producers.

### Club Meetings Are Attended By 460 Members

Four hundred and sixty two boys and girls attended the 4-H Club meetings held during the third week of February. The boys had charge of these meetings.

Mr. R. O. Dunkle, county agent, gave a demonstration on brooding baby chicks. He stated that coccidiosis and pullorum were the most common disease among baby chicks. He said that sanitation was the best preventive for these diseases. He displayed a self feeder for broiler type chicken.

Mr. Dunkle also told the boys and girls about the "Calf Show" and displayed the ribbons to be given to the boy who has the Grand Champion Calf, and the Reserve Champion Calf. He also told them about the judging teams from Baylor, Haskell, Foard, and Knox County that are to judge cattle at the calf show. Ribbons for these teams were also displayed at these meetings.

Miss King, county home demonstration agent, gave a demonstration on Victory Gardens. She displayed a miniature frame garden and explained how to make a frame garden and how and what to plant in a frame garden. Bulletins on frame gardens and leaflets on the type of seeds best suited to this climate were given the 4-H Club members.

As a throw in demonstration, Miss King displayed two waste baskets, one made from a hat box and the other from a paste board box.

Much interest and enthusiasm has been created among the club members. Thirty seven new members were added to the roll during February.

The following girls from the Truscott 4-H Club turned in six inch squares for Red Cross Afghan: Martha Ohr, Patsy Owens, Ann Haynie and Faye Black.

Senator George Maffett of Chillicothe visited with friends here on Thursday of last week. He was a special guest at the district F. F. A. banquet held at the Munday school.

## What's the patriotic way to peel a potato?

### CARE for your gas range

Do not put wet dishes directly on the enamel. (This enamel is glass.) Protect top with asbestos mats.

Wipe off spilled foods at once, with dry cloth. Later when range is cool, clean with damp cloth.

To clean top burners of aluminum or enamel, use mild soapsuds, rinse and dry. (Do not boil in soda solution.)

To clean broiler grill, let cool before washing with soapsuds; use fine steel wool. (Remove grill and pan from the range, as soon as food is taken off.) Whenever possible, use only a moderate heat for broiling, and you will find the broiler easier to clean. (Many foods broil well with a moderate heat.)

The oven-lining will last longer, if you roast meats at low temperatures (250° to 325°). It makes better tasting meat, besides, and also cuts down grease-spatter on oven-walls.

To clean up spill-overs on oven-floor, let cool, and then use a fine steel wool.

If you are a regular listener each Tuesday and Friday to our Home Economics Director, Albertine Berry, on WFAA and KRFD, you know the patriotic way is NOT AT ALL. For these Lone Star radio programs are packed with such food and nutrition information.

If potatoes are peeled before cooking, much of their food value is lost in the cooking process. In cooking potatoes, boil in covered utensil in just enough water to cover them or bake in hot oven (450 degrees).

In cooking potatoes, or any other food on your gas range, remember the range should have the best of care. Today it can only be replaced under very rigid wartime regulations. Our home economics department offers the suggestions in left column to help you.

**THE GAS RANGE OF TOMORROW** is being planned today for you by the Gas Industry. When the war is over and the peace is won these miracle ranges will be available. In the meantime, keep on buying more war bonds to hasten victory.

Nobility of Character

Nobility of character is not a matter of intelligence. Moral qualities spring from the heart, not from the head. They are rooted in conscience and moral purpose and not in the intellect. Even the most illiterate person may be truthful, honest, just, sincere in action, noble in character. Scholarship and integrity, intelligence and virtue are not synonymous terms. The qualities they name may be united in an individual, and it is desirable that they should be so; but they may also be found separated.

Every student should get all the scholarship he can; get all the culture he can; get all the wisdom he can; but above all things, he should strive to build nobility of character. Manhood is better than knowledge; integrity is better than wisdom; rectitude is better than culture; goodness is better than greatness; and "the soul outranks the intellect as the sun outranks the stars." Nobility of character overtops all titles, caps all careers, crowns all virtues; for it is the quality that gives weight and worth and moral dignity to the soul.

Senior News

The Seniors have finished their half-year of Civics and a little more because the Economics books had not arrived. But Monday the new books were issued to them and everyone's long face is diminishing a little with the pleasant thought of something more interesting.

An issue from the State Department has compelled everyone in school to study the Constitution of the United States for a week—no exception for even Seniors! They studied the Constitution under Mrs. Dowell instead of having the regular English class.

A few weeks ago our class was measured for caps and gowns.

Everyone was certainly thrilled because that means they are nearing the finish in Munday high school.

There are only twelve weeks of school left after this week. The Seniors take their 4th six week exams next week. The thoughts put them on their toes again.

The Seniors never did get to have their weiner roast as planned but they are still looking forward to the event.

Senior Life

One sand-stormy day in March, something blew into the Spelce home. That something was Billie Lou. This certain day happened to be March 18, 1926, and no one has ever regretted this day because Billie Lou is one of our best students. Billie Lou, better known as just plain "Bill," is very sweet and is liked by all her classmates. She is the average student like all of us and is very industrious in her school work.

Billie has lived in Munday all her life and has gotten her entire education here.

Some of Billie's favorites are: (Munday, of course.)  
 Hobby—Collecting knives.  
 Subject—Shorthand.  
 Song—My Shining Hour.  
 Color—Blue.

Billie plans to join the Cadet Nurses Corps as soon as school is out and whatever she does her classmates wish her the best and luck and we know she can do well what she starts.

Sophomore News

Six weeks exams are here again. The Sophs are beginning to believe that nothing comes more often than exams. They are hoping that they have done enough studying this last six weeks and will pass all the tests (Just hoping for a miracle to happen.)

We wish to express our deepest sympathy to Mrs. Bowden, our sponsor. Her mother, Mrs. Myers, passed away last Friday morning after a long illness.

Junior News

We're just hitting the high spots on all our subjects. Now that the close of school is just around the corner we're hurrying to bring it still closer. This past six weeks has just flown by without our realizing it. Exams are to hit here around Thursday and Friday but no one seems to be prepared for them. Themes are to be written on most of the subjects so everyone has been busy with them.

Future Farmer News

Saturday the judging teams of Munday and Seymour tied for first place. Kenneth Baker took the honor of being the best judge. On the Munday team were: Keith Cartwright, Charles Roden and Kenneth Baker.

Last Thursday the Future Farmers of the Vernon district met here for a Chapter conducting contest and a banquet. Paducah won first

For each table was a roasted pig. The speakers of the evening were Representative Callaway and Senator Moffett. There were 132 persons at the banquet, 78 of whom were from out of town.

Eight A News

We all enjoyed the chapel program Friday. It was truly a "Duke's Mixture." The grade school and high school band, the high school and grade school chorus, and other special numbers like when Billy Bouldin played his accordion several times.

R. L. Kirk went visiting in Lubbock with his father the latter part of last week.

Billy Bouldin, Donald Waheed, and R. L. Kirk each bound a book Friday night for a Scout Merit Badge. Mrs. Dowell also was there to help them.

The eighth grade had a very good time a few weeks ago. They had a Valentine party and went skating at Goree. First they had

their Valentine box and everyone received many Valentines. After that everyone got in cars and went to Goree. When they got there, they piled out, paid the admission, got the skates on and then the skating began. Most of the class could skate, but a few couldn't. Everybody skated, even Miss Atkinson who was the best skater on the floor. After everybody had fallen down once or twice, it was time to quit. After taking skates off, everyone had refreshments, and how good the peanuts and soda pop tasted. Then the class went home with memories of a grand time.

Eight B News

We are getting ready for more exams. They are six weeks exams and we are dreading them.

We have been buying a lot of bonds and stamps. The school is buying a fighter which will go into active battle.

We have a new pupil. Her name is Janelle Strickland. We are glad

to have her.

Third Grade News

The third grade had as their guest last Monday, Patsy Cutbirth of Bonham, Texas.

Julie Massey spent the week end in Pecos visiting with Mr. and Mrs. W. W. Massey.

Jo Ann Harrell returned home Monday after a very pleasant week end in Fort Worth as a guest in the home of her grandparents, Mr. and Mrs. Snow.

Shirley Jo Patterson visited in Roby with relatives over the week end.

Marjorie Tom Morris spent Sunday in Rochester visiting with her aunt and uncle, Mr. and Mrs. Lewis Hester.

Gloria June Elliott spent Sunday in Sagerton with her grandparents, Mr. and Mrs. Ed Elliott.

sides of it?"

The world is a comedy to those that think; a tragedy to those that feel.—Walpole.

Texas is a land of vast and vaulted skies; of free winds, tremendous plains, tumbled hills and sparkling streams; of rich fields, laughing children, honest toilers and noble wives and mothers.

Ours is the only state that won her own independence, took her place among the nations of earth, maintaining her own navy, sending and receiving ambassadors and, after holding that proud position for ten years, entered the Union and added the brightest star of all to Old Glory—the one that grandly glitters for Texas.

Ours is the only State with an Alamo and a San Jacinto. And her glorious traditions are being upheld and added to every day, wherever there is a son of Texas on duty—on land or sea or in the sky.

Then there was the young man who couldn't eat, he couldn't sleep, he couldn't drink...since he met "her." Trouble was he was broke.

IN BUSINESS COLLEGE

Friends will be glad to learn that Mrs. Lura Caughran has entered business college in Lubbock for a course in bookkeeping, typewriting and shorthand. Mrs. Caughran is the daughter of Mr. and Mrs. J. J. Hughes of Munday. Her husband, M. B. Caughran, is serving with the armed forces in North Africa.

Fuller Shannon, son of Mr. and Mrs. J. S. Shannon of the Sunset community, has started cadet training at Miami Beach, Fla., according to word received by his parents. Fuller had been stationed at Charlotte, N. C.

Pvt. Payne Shannon, son of Mr. and Mrs. J. S. Shannon, was recently transferred from the Amarillo Army Air Field to Lowry Field, Denver, Colo., his parents have been informed.

Mrs. Barton Carl visited relatives and friends in Wichita Falls over the week end.

Mr. and Mrs. E. W. Harrell and Miss Toby Baird spent Sunday afternoon with relatives at Anson.

When your columnist attended school, many of us went to the weekly meetings of the Philomathean Debating Society. A favorite subject was:

"If a squirrel is on one side of a tree and a hunter is on the other side and the hunter walks clear around the tree but the squirrel keeps going around, too, so that he keeps the tree between him and the hunter, has the hunter gone around the squirrel?"

Those who took the affirmative side contended, "Since the hunter went around the tree, he went around everything that was on the tree; the squirrel was on the tree; therefore, the hunter went around the squirrel."

The negative side asserted "Since the squirrel always kept the tree between him and the hunter, then the squirrel must have always had his face toward the hunter and, therefore, the hunter never got behind the squirrel; and how can you go around anything unless you have been behind it and on both

being located in the rear of the building.

J. L. Hill, Jr., and Roy Arledge, both of Stamford, were here last Saturday, visiting with friends and attending the 4-H calf show.

The draftee who was assigned to K. P. duty soon learned that what K. P. really stands for is "Keep Peelin."

It takes but a wink of an eye to get a man into a lifetime of trouble.

Whenever the value of the package exceeds the value of the contents, that's glamour.

Silas said he was late to work because he squeezed out too much toothpaste and it took him a long time to get it back into the tube.

## New Arrivals In Every-day Merchandise

This week we received a shipment of enamelware to replenish our stock. Also a good supply of Hoffman house glasses are in stock. If you've been looking for goblets, we now have them.

### Get Your Chick Needs

You'll be getting some Baby Chicks soon. Come to our store for Chicken Founts, Chicken Feeders, and Cello-glass for your brooders. See us for other supplies.

We've added to our stock of the following items:

- Aladdin Lamps
- Electric Lamps
- Milk Strainers

Some pretty new coffee tables have arrived, making our stock larger than at any time before Christmas.
