

The Munday Times

KEEP ON... Backing the Attack! WITH WAR BONDS

VOLUME 39

MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, MARCH 2, 1944

NUMBER 36

Funeral For Mrs. J. C. Campbell Is Held Sunday

Mrs. J. C. Campbell, beloved resident of Munday for 40 years, passed away at the family home in Munday at 2:30 Saturday afternoon, following an illness of several weeks.

A native Texan, Mrs. Campbell was born Jennie Maude Lowry on May 22, 1892, at what is now Avoca, Texas. She came to Knox county when a small girl and was married to J. C. Campbell in 1912. To this union three children were born, the oldest, J. C. Jr., having died in infancy.

Surviving relatives include her husband, J. C. Campbell, well known Munday businessman; two daughters, Delores Campbell of Munday and Dorothy Campbell, who is employed in Abilene; her mother, Mrs. T. C. Lowry of Munday; a brother, Phil Lowry of Fort Worth, and two sisters, Mrs. T. E. Rigby of Roswell, New Mex., and Mrs. Roy Cutbirth of Bonham.

Funeral services were held from the First Methodist church at three o'clock Sunday afternoon, conducted by Rev. Luther Kirk, pastor, who was assisted by Rev. R. B. Freeman of Abilene, and Rev. W. H. Albertson. Rev. Freeman, a friend of the family for many years, paid a glowing tribute to the deceased and the life of usefulness and helpfulness which she lived in the community.

Burial was in the Johnson cemetery at Munday, under the direction of the Mahan Funeral Home.

Pallbearers were J. A. Caughran, Lee Haymes, Worth Gafford, John C. Spann, W. R. Moore, A. H. Lawson, C. A. Eiland of Lamesa, and M. F. Billingsley.

Date Changed For Visit Of Welfare Representative

Mary T. Langford of Seymour, field worker for the Texas Welfare Department, who has been at the city hall in Munday on the fourth Thursday of each month, will in the future be here on the second Thursday of each month for the purpose of receiving applications for old age assistance, aid to needy blind and to dependent children.

Miss Langford serves all of Baylor county and a part of Knox including Munday, Vera and Goree and all rural routes out of these places.

Mrs. George Martin of Philadelphia, Pa., and her mother, Mrs. Dave Eiland, returned home last week after visiting several days with Mr. and Mrs. B. F. Hood and children of Galveston.

Knox Countians Find Bonita Adaptable As Combine Grain

Bonita, the new type combine grain, a cross between kafir, hegeri and feterita, is very popular in Knox county and has proved to be one of the best adapted combine types for this section.

Original seed were secured from the Chillicothe Experiment station, where the crop originated. Last year Knox county 4-H club boys went into the seed breeding business and produced around 20,000 pounds of the seed that when pooled, sold readily.

In order to get more information on the crop, R. O. Dunkle, county agent, and a number of the growers went to Chillicothe recently for more information. They were warned by R. H. Quinby, superintendent of the station, that Bonita is most susceptible to smut and for that reason should be treated with ceresan.

Another thing they found out was that the tendency has been to plant too much seed. Quinby said three pounds per acre was worlds and that he believed two pounds would be sufficient under good planting conditions.

Dunkle said that if growers would buy state certified seed, treat them with ceresan at the rate of 1-2 ounces for each 50 pounds, and plant less seed to the acre, they would be better off than if they planted more seed of inferior quality.

A number of combine grain varieties were planted on the League ranch last year and Bonita was among the more popular ones, not only because it yielded high, but provided fine grazing. The stalk has more sugar than the milos. Some Caprock milo on the Lea-

PAPER TO BE PICKED UP SATURDAY

The Boy Scouts will pick up paper Saturday within the city limits. If possible place the paper or magazines in a cardboard box on your front porch not later than 10:00 o'clock in the morning.

The boys got over a ton of paper last week. This helps the war effort as well as securing a little funds for the Scouts.

Funeral For W. R. McGregor Is Held February 18

William Robert McGregor, who was familiarly known as Uncle Bill, passed away at the home of a daughter, Mrs. P. O. Blankinship, three miles north of Goree at seven o'clock Thursday morning, February 17. Mr. McGregor had been in poor health for some time, but was confined to his bed only about two weeks.

Born in Lafayette county, Miss., on January 27, 1860, Mr. McGregor was 84 years of age. He resided at DeLeon, Texas, for a number of years, moving to Knox county in 1928, where he had resided since.

Surviving him are two daughters, Mrs. Blankinship of Goree and Mrs. C. C. Jones of Munday. He is also survived by two brothers and eight grandchildren, two of whom are serving in the armed forces. Staff Sgt. J. W. Rowell is at Fort Knox, Ky., and Pvt. Jack D. Jones at Stephenville.

Funeral services were conducted from the Baptist church of Goree at five o'clock Friday afternoon, February 18, by Rev. W. H. Albertson of Munday and Rev. S. E. Stevenson of Goree. Pallbearers were J. C. Elliott, L. B. Patterson, Albert Thomas, Homer Patton, Johnny Moore and Joe Patterson. Burial was in the Johnson cemetery at Munday.

RETURNS TO CALIFORNIA

Lieut. Louise Atkinson left Wednesday on return to Camp Callan, Calif., after spending about ten days here with her father, W. H. Atkinson, and other relatives. Lieut. Atkinson, who is serving in the WAC, is public relations officer at Camp Callan.

Pvt. and Mrs. Forest Yancey, who have been at Camp Roberts, Calif., came in last Sunday for a visit with Mrs. Yancey's parents, Mr. and Mrs. Clyde Hendrix, and with other relatives. Forest will report to a port of embarkation upon his return.

Rotary Club Makes Plans For Charter Night

Around 250 Expected Here For Program On March 9th

The newly organized Munday Rotary Club will hold its "Charter Night" program on Thursday evening, March 9th, at the Munday school auditorium, and plans are under way for making this an outstanding event in Rotary in this district.

When the local club was organized about a month ago under the sponsorship of the Stamford Rotary Club, it became the 59th club in the 117th district, and the first Rotary Club to be organized under the reign of M. W. (Pic) Larmour of Graham, who is serving as district governor.

Governor Pic will bring a delegation to Munday for the charter night program, and he will have charge of the charter presentation program, together with Bill Braymer, president of the Stamford Rotary Club.

Officers of the Munday club are J. L. (Jim) Brasher, president; Leland Hannah, vice president; Barton R. Carl, secretary-treasurer, and Joel Massey, sergeant-at-arms. Directors are Lee Haymes, Jim Reeves, Arthur Mitchell, Riley B. Harrell and P. V. Williams.

Invitations have gone out to all the 59 clubs in the 117th district, and indications are that every club will be represented at the charter presentation program. Plans are under way for entertaining around 250 Rotarians and guests. A full two-hour program of eats, interesting talks and music will be given, and an outstanding speaker will give the principal address.

In addition to sponsoring the Munday Rotary Club, Stamford Rotarians, who have been active as a club since 1921, has also sponsored Rotary clubs at Rule, Hamlin, Sweetwater and Abilene and has the distinction of being "grandpa" of the Rochester club.

Bill Braymer, president of the Stamford club, has attended every meeting of the Munday club since its organization, and he plans to bring a large delegation from Stamford for the charter presentation.

Knox Lodge To Confer Degrees

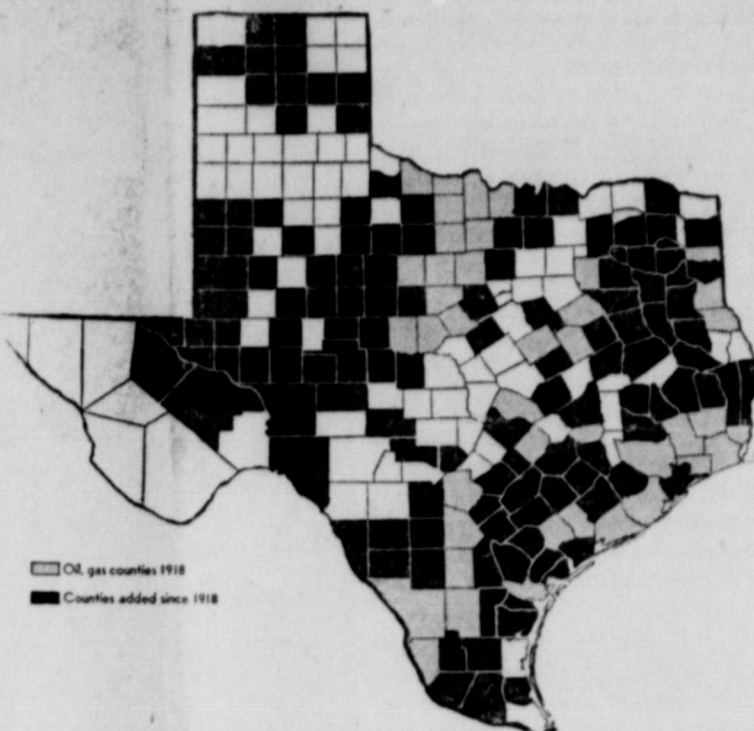

Work in the Entered Apprentice degree will be done at the regular stated meeting of Knox Lodge No. 851 at Munday next Monday night. Officers of the lodge request all members to be present.

Refreshments will be served at this meeting, and visiting Masons have a cordial invitation to be present for this work.

Monday night has also been designated as "Past Masters' Night" at the local lodge, and special ceremonies are being planned honoring all past masters of any lodge who are now members of the Knox lodge.

Mrs. H. B. Leathers and little daughter, Brenda Kay, of Paducah attended the funeral of Mrs. J. C. Campbell and visited with friends here last Sunday.

Texas Oil Goes To War

At the end of the First World War Texas had forty counties listed as oil and gas producers. Since that time the number has risen to 173. The importance of Texas oil in the present war is shown by the fact that the Petroleum Administration for War estimates current military requirements at 1,210,000 barrels daily and civilian needs at 3,215,000 barrels or a total of 4,425,000 barrels. Texas' current production of petroleum liquids exceeds 2,000,000 barrels daily. This is enough to supply the war effort and leave about 800,000 barrels daily for essential use on the home front.

Red Cross Drive Is Opened March 1st

Check on Coupon Endorsement

Beginning the week of March 6, OPA will attempt to check all gasoline ration books to see that the coupons are properly endorsed with license number and state, as part of the nation-wide campaign against Black Markets in gasoline. Motorists found with unendorsed coupons will be notified to report to their local board within 10 days with endorsed books. Anyone who fails to do this faces revocation of rations.

JAMES DYKE GETTING CREW FOR B-24 BOMBER

Mrs. James Dyke came in last week from Fort Worth for a visit with her parents, Mr. and Mrs. W. V. Tiner. Her husband, Lieut. James Dyke, has been transferred from the Fort Worth Army Air Field to a replacement center, where he is being assigned a crew for training on the B-24 bomber of which he is pilot.

Keep Up With Rationing

RATION REMINDER

MEATS, FATS—Spare stamp No. 3 in book four is good for five points worth of pork (except lard) and all types of sausages through February 26. Brown stamps Y and Z are good through March 20. Red 10-point stamps A5, B5, and C5 in book four are good February 27 through May 20. Waste kitchen fats are redeemed at two ration points plus four cents a pound.

PROCESSOR FOODS—Green stamps K, L, and M are good through March 20. Blue 10-point stamps A8, B8, C8, D, and E8 in book four are good through May 20.

GASOLINE—In 17 east coast states A-9 coupons are good through May 8. In states outside the east coast area, A-10 coupons are good through March 21.

TIRE INSPECTION DEADLINES—For A-coupon holders, March 31, and for B and C coupon holders, May 31.

SUGAR—Stamp No. 30 in book four is good for five pounds through March 31. Stamp No. 40 in book four is good for five pounds of canning sugar through February 28, 1945.

STOVES—Consumer purchases of rationed stoves must be made with a certificate obtained at local war price and rationing boards.

SHOES—Stamp No. 18 in book one is good for one pair. Stamp No. 1 in the Airplane sheet in book three is good for one pair.

With the need greater than ever before in history, the American Red Cross started its nation-wide membership and war fund drive on Wednesday, March 1, and the drive will be continued through this month.

Quotas for the various communities of this county were announced last week, but since that time Rev. J. S. Tierce of Knox City, county chairman, stated the county's quota has been raised to meet the acute needs of service to our armed forces.

The quota was raised by \$1,000, it was stated, making the county's over-all quota at \$6,700.00. Mrs. H. A. Pendleton, local chairman, stated the quota for Munday has been set at \$1,398.00.

With her corps of workers ready to start, Mrs. Pendleton expressed confidence that Munday people would meet this quota, since they realize the importance of this Red Cross work among men of our armed forces.

"Our quota is large," Mrs. Pendleton said, "but it is small as compared with the War Fund needs of the Red Cross at this time. By contributing to this cause, you are helping to supply blood plasma, and hundreds of other necessities that help our wounded soldiers on the battlefronts, and you help to carry on relief to thousands of sufferers on every part of the globe. Our hope is that Munday's quota will be reached as early as possible."

Pig Feeding Operations Are Very Successful

The pig feeding demonstration conducted by the Benjamin 4-H boys continues to bring about some very interesting results and figures.

The boys found in the feeding demonstration that the pig fed protein supplement produced a pound of pork with 4.6 pounds of grain, while the pig that did not receive the protein consumed 12.4 pounds of grain, or a difference of 7.8 pounds of grain for each pound of pork produced.

Three hundred and eighty four farmers adopted the practice of feeding protein in self feeders and fed out in 1943 4,608 hogs, each making a gain of 150 pounds average. In case the difference in the amount of grain fed is the same as in the feeding test the saving of grain in Knox county has amounted to well over half a million pounds.

Additional figures are that there has been a saving in the cost of pork production of over \$41,000.00.

Mr. and Mrs. Robert Myers visited their son, Gilbert Myers and family, in Fort Worth over the week end.

92 Registrants Are Examined for Service

Mrs Owsley, 97 Dies Wednesday At Home Here

Mrs. Hardenia Jane Owsley, lovingly known as Grandma Owsley and one of the oldest residents of Munday, passed away Wednesday night at 9:30 p. m. at the home of her daughter, Miss Dora Owsley, following an illness of some duration.

Mrs. Owsley was born at Windsor, Missouri, on October 1, 1846, and died at the age of 97 years and 5 months. She came to Texas and settled in Haskell county in 1886, and for over 50 years had been closely connected with the development of this section. Grandma Owsley was beloved by hundreds of citizens throughout this section.

Surviving her are two daughters, Miss Dora Owsley and Mrs. P. B. Broach, both of Munday, and the following grandchildren: Fred Broach, Mrs. Louise Ingram, J. B. Broach, P. B. Broach Jr., Mrs. Roy Shook, C. B. Wilfong, Mrs. Esther White, Mrs. Grace Conner, Mrs. Herbert Arbuckle, Marion Owsley and Frances Owsley. She is also survived by 18 great grandchildren and two great great grandchildren.

Funeral services were held from the residence of Mrs. P. B. Broach at two o'clock Thursday afternoon, conducted by Rev. W. H. Albertson of Munday, Rev. C. A. Powell of Rule and Dr. William N. Sholl of Haskell. Interment was in Willow cemetery at Haskell, with the Mahan Funeral Home in charge of arrangements.

Pallbearers were Lee Haymes, Jim Reeves, J. C. Borden, E. E. Akers, C. L. Mayes, Carl Jungman, C. P. Baker and B. L. Blacklock.

HOME ON VISIT

Ensign Donald K. Hobert, who is stationed in Maryland, is spending this week with his parents, Mr. and Mrs. L. W. Hobert. Mr. and Mrs. Hobert and Chalmers Hobert met him in Dallas. Donald will leave Sunday on his return to his Maryland base.

Mrs. Sarah Thurmond returned home last week after visiting for several weeks with relatives in Fort Worth and Dallas. Mrs. Thurmond is Mrs. Dave Griffith's mother.

Weather Report

Weather report for the period of Feb. 24th to March 1st, inclusive, as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature	
	LOW	HIGH
1944	1943	1943
Feb. 24th	44 34	73 64
Feb. 25th	53 33	71 55
Feb. 26th	43 31	73 55
Feb. 27th	49 33	66 64
Feb. 28th	41 41	54 58
Feb. 29th	39	59
March 1st	37 28	59 62

Rainfall this week 1.88 inches; rainfall to date this year 4.72 in.; rainfall to this date last year .10 inch.

Ninety-two registrants, part of whom reported from other county boards, went to Lubbock on February 26 for their pre-induction examinations on February 27th for military service. About sixty of these left Benjamin by bus Sunday. They are as follows:

Clement J. Albus, Lee Alford Parks, Floyd W. Hewitt, Pedro Morales, Banty Frank Crawford, Voyle V. Vaughn, Olen Warren Lewis, Glenver Draper, Lowell M. Camp, Lenzy E. Smith, Dolton Gore, Billy Allen Cheek, Lynn B. Jones, Joe Allen Allison, Howard G. Bruce, Jim Moore Blackburn, Tom A. Miller, Jennings P. Davis, Plummer Edwards, Leroy Drake, Librado Canalez, Santos Morales, Dewey E. Prince, Richard J. Blackhard, Ralph E. Feemster, Nelson Handley, Grady Lee Hayes, John S. Kirkpatrick, Charlie W. Edwards, Clyde N. Wood, Eugene V. D. Brazzell, Harold J. Partridge, Damian M. Armendariz, Eurvin C. Bohannon, Owen New.

Roy L. White, James Travis Lee, J. T. Murdock, Joe Richards, Julie Aguerro, Elsie Barnett Stewart, Burnice E. Akins, Wallace O. Reid, Alvin C. Wiggins, Arthur L. Blackburn, Claude Denham, Arthur A. Smith, Cecil McMin, Wraylen C. Apple, William L. Bolin, Oscar W. Cypert, Bob Compton, Edward F. Trainham, Verner E. Murdock, Henry A. Patterson, Elmo D. Morrow, Fred C. Robinson, Thomas B. Cypert, Lonnie Wallace, Roy Albert Pace, Aloys H. Jungman, Douglas Neil Busby.

Alton E. Bowley, William C. Goodrich, Jessie W. Blankship, Willis Lee Pack, Cecil Dowd, Carl V. Wallace, Cecil E. Conner, Denzil M. Fitzgerald, Orlis S. Lambeth, Jeff Dean Bowden, Mike M. Chavez, Cleo C. Myers, Joe Roy Hurd, Alton S. Ward, Mathew J. Kreitz, Henry L. Fesperman, Francisco Masiaz, Nimlou Altom, Thomas G. Westbrook, Clifford H. Cornett, Loran E. Patterson, Clarence M. Thompson Jr., Harvey S. Foster, Jeff T. Graham, Raymond M. Tidwell, Ambus W. Golden, Robert W. Feemster, William C. Bell, Rufus D. White and Jesus M. Banda.

Johnnie Patterson In Medical Corps

S.-Sgt. Johnnie Patterson, member of the Women's Army Corps, who is the daughter of Mr. L. B. Patterson of Munday, Texas, proudly wears the insignia of the Medical Corps, the Cadusens. She has recently been assigned to the Headquarters Detachment at Stark General Hospital, Charleston, S. C., thereby releasing a man for more active duty.

SCHOOL CENSUS IS STARTED IN COUNTY

County Supt. Merick McGaughey was in town Tuesday and stated that everything was in readiness for taking the scholastic census of Knox county. This work was started on Wednesday. McGaughey stated that supplies have been delivered to all census enumerators, and this work will be completed during April. All patrons are asked to cooperate with the census taker in listing their children of school age.

Qualifying Tests For Army And Navy Training Program Announced

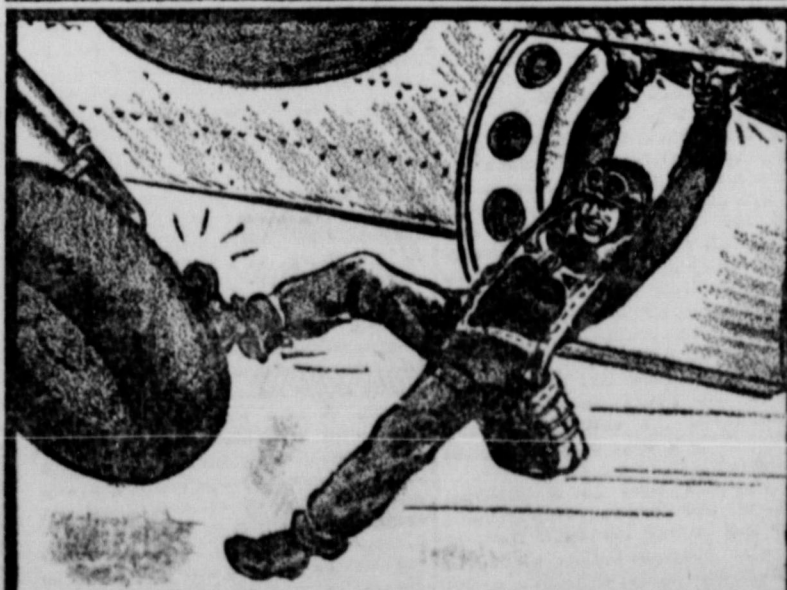

The third nationwide test for candidates who wish to be considered for the Army Specialized Training Program and the Navy College Program V-12 will be held on March 15, 1944, at 9:00 a. m. Any student who is interested and eligible may take the test. Students who took the test on April 2 or November 9, 1943, and who are still eligible to apply for the college programs, must take the March 15 test if they wish to be considered again. Taking the test does not constitute enlistment in either branch of the armed services; that is, having taken the test, a student is not obligated to enter the program if he is accepted.

Eligibility Requirements You must be a high school or preparatory graduate, or a high school or preparatory school senior who will be graduated by July 1,

1944. You must be between the ages of 17 and 22 by July 1, 1944. This test will be administered at the Munday high school, Mr. H. A. Owens, principal, announced today. A leaflet of general information which contains an admission-identification form may be obtained at Munday high school. Intent to take the test should be made known immediately to Mr. H. A. Owens.

The same examination will be taken by both Army and Navy candidates. The examination is designed to test the aptitude and general knowledge required for the program of college training and all qualified students are urged to take the test. At the time of the test each candidate will be given a choice of service preference, but taking the test does not obligate the candidate to enlist in the service.

AMERICAN HEROES BY LEFF

Hanging in mid-air from a flak hit bomber in Italy, Lt. Joseph R. Cook, Ertlon, New York, struggled to kick the nose wheel loose after its mechanism had jammed. Unable to beat the wind pressure on the wheel, he was drawn back into the plane to help the wounded pilot make a desperate belly landing safely. Don't turn your back on the Front—Buy More War Bonds.

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"

VICARIOUS GENEROSITY

In a speech of 4,500 words on the Wagner-Murray-Dingell "cradle-to-the-grave" bill, Senator Murray of Montana, a co-author, and a leading sagebrush statesman, covers a lot of ground, but he never mentions who is going to pay for it all. Failure to mention that Senate Bill 1161 calls for increased payroll taxes "withheld at the source," and taking possibly one eighth of the worker's pay, may have been intentional or not. But it makes of Senator Murray's speech another "Hamlet" with the Prince of Denmark absent from the dramatic personage.

The grave diggers are left in, of course. It is not a "cradle-to-the-grave" bill? Some anthropologists like Sir Arthur Keith might be inclined to say more grave than cradle, as the tendency of kept peoples obsessed with "security" to die out seems to be akin to the failure of many animals to breed in captivity.

The content of Senator Murray's recent speech, made from a platform on which Vice-President Wallace also spoke, is a perfect map of the mind of the politician seeking votes on the "do-gooder" trail.

The speech tells about how 15,000,000 more Americans are to enjoy "social security," and everybody else is to get more "security"—also free medicine, doctoring and hospitalization. By omitting the source of the funds, the speech gives the impression that all of this is to fall as manna from the skies upon the Children of Israel wandering in the wilderness.

There are also certain undertones and overtones to convey by innuendo the notion that the "rich" are to pay for it all. It is no longer plausible politics to say that out loud since Mr. Roosevelt limited the nasty rich to a measly \$25,000 a year—less, in fact, when Mr. Morgenthau has finished the sheering. But it is still possible to play on ancient grouches and grievances by hint and implication.

The rest of the speech? Well, that's hardly worth telling, as such speeches are all alike in that a large percentage of their components consists of adjectives and invectives. There is the usual array of "reactionaries," "obstructionists," "people who stoop," "ultra-conservatives," "vested interests"—the pinko patter that is the omnipresent hallmark of the intellectual poverty and economic illiteracy of the politician posing as public benefactor.

This old malarkey of pretending to give people things that the people have to pay for with their own money, is the characteristic "pious fraud," of the 20th century. It is a mushy, sleazy variety of sanctimoniousness, too. We much prefer the old-fashioned ceremonial Pharisee or the bluest nosed Puritan. They at least were never more generous with other people's money than they were with their own.—Reprinted from The Chicago Daily News of January 22, 1944.

HABITS OF A HOG

Did you ever see a hog root under a fence—first his snout, then his head, and then the rest of him? The process reminds one of the persistent attacks of the power bureaucracy in Washington to socialize the United States electric industry.

A hog has but one head, while the power bureaucracy has several—municipal, REA, P.U.D., and Federal projects—with which it tries to uproot private enterprise.

For example, the REA is supposed to be an agency created to help distribute electric energy to farmers. Thus it got its nose under the wire. Private electric companies have endeavored to cooperate with it so long as it stuck to the purpose for which it was legally established. But like a hog, once such a was-washington bureaucracy gets its nose in, it is never satisfied until its tail follows.

Down in Oklahoma, REA officials now want to expand from rural areas to towns served by the private electric companies. Not only that, but they demand that the private companies furnish them power at rates with which the REA lines could drive the private companies out of business.

Thus does the many-headed power bureaucracy seek to root out of existence the private electric industry. The tactics it employs bear a striking resemblance to those used by the common, garden variety of hog.

DOWN OR UP?

The prices of foodstuffs have gone up because the cost of production has increased and because there were far too little to satisfy the existing demand. Neither of these conditions is going to be remedied by rolling back the prices to consumers. This is only going to make the money in the pockets of the consumers go further at the expense of the taxpayers by which they may increase their demands for food.—Connecticut Economic Council.

WILLING TO DIE—FOR WHAT?

A news release from Pearl Harbor telling of the attack on the Marshall Islands, said: "..... The troops must make landings through machine gun and artillery fire, must secure the beachheads and push forward, often yard by yard. . . . It will be . . . willing to die which will capture the Marshalls. . . ."

A news release from Detroit of approximately the same date reported that: "A sitdown of more than 1,000 workers in support of demands for a 10-cent an hour wage increase. . . threatened production in the Ford Willow Run bomber plant."

A news release from Edgewater Beach, New Jersey, also of the same approximate date, gave an account of how two union men had been expelled from the union for conduct "unbecoming to union men." Their offense was testing 22 to 24 trucks a day instead of the union decreed average of 10 or 12.

How long can we expect our men in the armed forces to be willing to die for the nation, if these criminal abuses of freedom are continued?

OBJECTIVE NUMBER ONE

Military requirements will take nearly fifty per cent of the gasoline produced in this country during 1944. Unquestionably civilian gasoline consumption will be cut drastically under normal needs. It is to the credit of the oil industry that everything possible is being done to ease the civilian petroleum problem while continuing to meet every need of the armed forces. William R. Boyd, Jr., chairman of the Petroleum Industry War Council, recently reviewed some of the accomplishments of the petroleum industry in 1943. They included: (1) The drilling of approximately 18,650 new wells for oil and gas, of which about 15,500 were development wells and about 3,150 were exploration wells which if the discovery rate of the first 10 months continued to the end of the year, probably uncovered something over 500 new sources of oil. (2) The construction and completion of two "Big Inch" pipe lines from Texas to New York and 14 lesser but none the less important pipe-line projects to aid oil transportation. (3) The completion or near completion of 72 new plants for the production of 100 octane and other military gasolines, lubricants, and explosives, and for the production of butadiene for synthetic rubber. In a few months 122 of these vast new plants will be supplying more than 10 times the amount of 100 octane gasoline that was available at the time of Pearl Harbor. (4) The adjustment of industry operations so as to do more and make more with less manpower and fewer materials.

The petroleum industry did these things despite the fact that the price of crude oil was inadequate to achieve maximum exploration for new reserves and maximum recovery from known reserves. The demands of war for maximum oil production require that costs and prices be brought more nearly in line in 1944. This should be the immediate objective of the price regulators.

VICTORY OVER DEATH

The following are a few of the medical advances that occurred in 1943: Penicillin became widely known and used; new types of anesthesia were introduced; mosquito control measures were perfected to combat malaria; new uses were found for the sulfonamide drugs; intensive treatment centers were established for syphilis; new facts about vitamin B were discovered; treatment of infected wounds and shock was advanced.

Each of these developments was a victory over death. The medical profession is entitled to banner headlines from one end of the country to the other heralding these life-saving accomplishments.

POST HOSPITALS PROVIDE EXCELLENT OBSTETRIC SERVICES

ARMY MEDICAL CORPS BEST PREPARED TO HANDLE MATERNITY CASES ADMINISTRATION FOR WIVES OF MILITARY PERSONNEL

BY S. DEANE WASSON
Texas Capital News Service
(Copyright 1944)

An increased birth rate is an adjunct of war. Mother Nature wisely plans it that way. But how shall America go about solving the problems of the "GI" mother and infant? Any program of obstetric and pediatric care for families of military personnel can best be administered by Army and

Navy Medical Corps officers rather than through the political machinery of the federal Labor Department's Children's Bureau.

That is the consensus judgment of those most directly affected by the "Emergency Maternity and Infant Care" set up. The conclusion is based on facts revealed in a month's investigation of the "GI" baby situation in the San Antonio area, one of the largest centers of military establishments in these United States. The inquiry was made by Texas Capital News Service as a part of the nation-wide survey of the New York News.

As Ruth Reynolds summarized it in her article in The News for Feb. 13th: "The only completely satisfied clients are the infants who arrive willy-nilly." At least they were the only ones contacted in this area who did not register a protest against the present set-up.

No one complains against the idea of maternity care for his wife and infant being included as a justifiable part of a soldier's compensation. The lamentation is against the manner of its application and administration as a regimented charity where self respect must be laid on the line in exchange for governmental succor.

For obvious reasons the War Department will not permit officers or enlisted men to be quoted in criticism of a government function—they court martialled the late Gen. Billy Mitchell for such an act. But by gleaming and summarizing statements made by the many interviewed we can obtain a pretty fair picture of the collective attitude of the military personnel toward this subject.

Odious Charity
The intended beneficiaries, enlisted men of the four lowest pay grades and their wives, find the set-up repugnant on two counts. Its limitations to their ranks obviously intimates an inferiority. Your American soldier, fresh from civilian life, accepts the fact of superiority of commissioned and non-commissioned officers in military matters—but in personal affairs he resents any such implication. They want no odious charity thrust upon them.

Their outer objection is the requirement that they sign over to a non-military unit, not primarily concerned in the welfare of soldiers, complete jurisdiction, since the Children's Bureau, "assumes

GI MOTHER and babe in OB Section of Brooke General Hospital —U.S. Signal Corps Photo.

Since the post hospitals get only "the daily subsistence allowance," the set-up brings on another problem. As they cannot use the services of Army nurses on maternity cases, civilian nurses must be employed for this work. Other expenses involved include baby food, laundry, clinical help and special medicines.

The Army hospitals have been making a nominal day rate charge to help cover such items. Under the federal maternity fund set-up they cannot accept any remuneration from the patient's family. Even when the charges heretofore applied they called upon the post exchanges, officers' clubs, and other sources to meet the deficit. Under the new set-up they must ask for more contributions.

They Don't Like It
Naturally the interviews with commanding officers and Army doctors at the several station hospitals showed that they don't like it. They cannot refuse the arrangement, but none of them are encouraging it, except at Brooke where it was suggested to those who could not get on their register.

While civilian physicians and surgeons as individuals are forced to "go along" or be criticized, they recognize the federal maternity fund set-up as just another effort looking toward substitution of "regulated medicine" for "Americanized medicine."

The State Medical Association of Texas, in line with action of the American Medical Association, refused to have its members dictate to their members, leaving every member "free as an individual exercising the right of private enterprise, to render his professional service as and when he may so desire." Edges of the medical profession in this country hold fast to the premise that all relations between physician and patient are strictly a personal matter, regardless from what source funds are obtained to take care of the remuneration.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN — Declaring that malaria bids fair to be one of the country's major health problems under war conditions, Dr. Geo. W. Cox, State Health Officer, has issued an urgent request for all Texans to cooperate in the destruction of possible mosquito breeding places.

"It is inevitable that malaria will continue to come into this country with the return of our veterans from the tropics," Dr. Cox said. "Since malaria is spread from person to person by the Anopheles mosquito, it is a matter of grave importance that these mosquitoes be exterminated. The quickest way to do that is to provide them no place to breed and multiply."

Dr. Cox pointed out that while the State Health Department is carrying on an extensive malaria control program which is designed to fill in or drain swamps, ponds, and ditches, nevertheless every citizen is responsible for seeing that his own premises are free from stagnant water.

"Every bottle, can, or possible water container in every backyard should be either destroyed or punctured so that they will not hold water," Dr. Cox said. "Otherwise, spring rains will fill them up, and the deadly Anopheles mosquito will find an excellent breeding ground."

Dr. Cox said that the suppression of the disease is of unusual importance since quinine, the specific treatment for malaria, is extremely scarce for civilian use.

Among relatives here for the funeral of Mrs. J. C. Campbell last Sunday were Spencer Campbell of Spur, Mr. and Mrs. Lowry Rigby of Roswell, New Mexico, Phil Lowry of Fort Worth, Mr. and Mrs. Wesley Russell of Texas City, Mr. and Mrs. Gordon Stone of Stanton and Mr. and Mrs. Roy Cutbirth and daughter of Bonham.

Mr. and Mrs. Brice Dobbs and family of Dallas spent the week end with relatives and friends in and near Munday.

Bobbie Haymes and Buddie Gafford went to Lubbock last Sunday, where they took their physical examinations preparatory to entering the U. S. Naval Reserves.

Mrs. J. C. Harpham is visiting with friends in Amarillo this week.

Jimmie Silman of Lubbock visited with friends and relatives here over the week end.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Junior News

Talk has already begun about the Junior-Senior banquet and we are all anxious to start making plans for it. We plan to meet sometime this week and discuss preparations for it. The Juniors are hoping to receive their class rings around the end of March. The ring man gave a hint that they might come at the end of the 1st quarter of the year.

The time for six weeks tests has again rolled around the corner, so everyone is busy studying or trying to at least. Plane Geometry is the most dreaded exam so it is no surprise that the Juniors all have their Geometry books out.

Freshman News

The Freshman class had a class party last week. Everyone reported a nice time.

We are all very busy getting prepared for six weeks test. Here's hoping we all pass.

Senior News

For some reason or another our paper failed to be printed last week. I think our editor was rather forgetful, right, Emogene?

Just the same, here we Seniors are once again, but with these six weeks rolling by like this, we won't be here much longer. Just twelve more weeks and we kids will be on our own, or at least, it will appear that way.

This week, being the time for exams, most of us are hustling around as usual, cramming for our exams.

Our English class has just finished Shakespeare's drama of "Macbeth," and gee what a mystery! When we first began reading it, it was very weird and dry, but from the second act until the end, we certainly maintained a lot of excitement from all those bloody murders. Mrs. Henson has made out a special test on "Macbeth" for us, and I'm sure she will be expecting some very intelligent answers too.

During the past week, our Chemistry class has been studying about magnesium and zinc and their compounds. We have also studied about hydrolysis and water softening. All of this has proved to be very in-

teresting to most of us.

One of the greatest thrills of being a Senior is at last happening to us. There's a large C. O. D. package waiting down at the post office and we can hardly wait until we get it out. Surprisingly it contains most of our Senior supplies—our invitations, cards, and other supplies for our graduation. The package has arrived earlier than we expected it, but we are indeed happy. We are bringing our money, so soon we will get a peek at all of the things.

100 MILLION MAN-POWER OF MOTORS PRODUCED

SCHENECTADY — Electric motors and generators of total horsepower equivalent to the muscle power of more than 100 million men were produced by General Electric during 1943, it was announced today by W. H. Henry, manager of the company's motor division. The total for the year, 7,200,000 horsepower, is more than four times the output of 1939.

Included in this production, Henry pointed out, were hundreds of thousands of small light-weight motors and generators for bombers, fighters, and cargo planes. While the average horsepower rating is not high, these motors require large factory areas and many experts in design and manufacture. An outstanding example of special units required is the amplidyne, of which more than 100,000 were furnished.

More than 2,000,000 horsepower of last year's production was in the form of large motors, many of them propulsion types for Navy escort vessels, tankers, tenders, and submarines. Relatively small in number by comparison with the aircraft units, they bulk large in size, a typical tanker motor being rated 10,000 horsepower. Included in last year's production of large units was the world's strongest motor built for a steel mill and having a maximum torque of more than 4,000,000 foot-pounds.

"The manufacturing output of General Electric's 13 motor factories has kept pace reasonably well with incoming motor orders," according to Mr. Henry. However, the demand of certain sizes and types required for the year, has in some instances, exceeded production facilities. Just as rapidly as possible, facilities have been increased to meet these demands.

Mr. and Mrs. H. S. Fatheree and daughter, Virginia, of Abilene visited in the home of Mrs. W. R. Phillips over the week end.

Cotton's New Ambassador

Pictured in New York wearing one of the lovely cotton formals created especially for her as a part of her all-cotton wardrobe is Miss Linwood Giehard of Donaldsonville, La., winner of the 1944 Maid of Cotton title over approximately 75 candidates. She is now on a 20,000 mile tour, assisting in war bond sales, and telling the story of cotton's role in war and in peace.

Motion Picture Industry Active In Bond Sales

The motion picture theatres of Texas were responsible for \$47,665,059.00 in War Bond sales representing 10-1-2 per cent of the state's total of \$462,791,000.00 according to an announcement received today by P. V. Williams, manager of Roxy theatre from R. J. O'Donnell, state chairman of the motion picture industry's 4th War Loan campaign, who informed him that the industry's total sales figure represented more than 550,000 individual bond units and that there was little question about the motion picture theatres of Texas selling a "Bond For Every Seat," the goal of their campaign.

O'Donnell advised P. V. Williams that Nathan Adams, State War Finance Committee Chairman, had stated "the motion picture industry of Texas has again come through in a magnificent manner and along with their fellow team mates, the retailers, radio and press of the state, can take justifiable pride in their bond selling record for the Fourth War Loan."

The total of \$47,665,059.00 in bond sales accredited to the motion picture industry resulted from the following activities: 200 War Bond Premieres, wherein a War Bond was charged as admission to see a new picture furnished gratis by the film companies, totaled more than \$20,012,350.00. "Free Movie Days" in more than 200 theatres brought an additional \$1,012,809.00.

Red Skelton, famous star of screen and radio, was responsible for sales of \$6,500,500.00 at War Bond rallies held in Dallas and Houston industrial plants, and \$14,351,000.00 more at his radio bond broadcast show at the U. S. Naval Air Station at Grand Prairie, Texas.

"Truth or Consequences," another radio show which was aired from the Fair Park Auditorium in Dallas, resulted in additional bond

INDUSTRY WAR PLAN REAPS VITAL CROPS FROM EVERGLADES

Through American industrial ingenuity and research, good is coming out of the Florida Everglades, and these vast wastelands now are producing sugar, feed for cattle, steak for dinner, and lemongrass oil for flavoring, perfumes and soap.

A unified program of the sugar industry, tying together products of the 'Glades, is meeting vital war needs—and should also contribute greatly to peacetime economy.

Raw sugar from 30,000 acres is going to refineries. From the same crop will come 4,000,000 gallons of blackstrap molasses, said to be excellent as cattle feed.

From the lemongrass crop, only commercial source in the United States should be extracted 1000,000 pounds of oil 75 to 80 per cent pure citral, according to a corporation official. With oil removed the grass pulp can be mixed with molasses and protein concentrates for cattle. At least 1,500,000 pounds of dressed quality beef are expected to be produced by a cattle-feeding project covering 3,280 acres.

purchases of \$1,828,000.00.

The Hollywood Bond Battalion, headed by screen players, Raymond Walburn and Lynn Merrick, together with 7 war heroes, were responsible for \$3,141,400.00 in bond sales as a result of their bond selling appearances in Amarillo, Port Arthur, Beaumont, Galveston and San Antonio.

The various film companies with their exchanges in Dallas purchased more than \$300,000.00 in bonds from theatre issuing agencies. Another \$412,000.00 in bond sales resulted from miscellaneous theatre activities such as bond buying stunts and direct sales at bond booths in theatre lobbies.

LOCALS

Mr. and Mrs. R. W. Armstrong and son, Roy, of Hobbs, New Mexico spent several days here last week, visiting their parents, Mrs. W. R. Phillips and Mr. and Mrs. C. W. Armstrong.

Wayne Blacklock, son of Mr. and Mrs. B. L. Blacklock, left last Sunday for Maryville, Missouri, where he began his training in the U. S. Navy's V-5 program. Wayne enlisted for this training several weeks ago.

Leroy Johnson, superintendent of the Stamford schools, was a visitor here last Sunday and spoke

COTTON QUIZ

HOW DOES COTTON IMPROVE THE FLAVOR OF CIGARS?

Signs of Spring

THE days are still short; half the nation shivers under a blanket of snow—but there are signs of spring everywhere if you know where to look for them.

They are little things—such as new seed catalogs, ads clipped from magazines, reminders, scribbled on backs of envelopes, of things to be done.

Thousands of men, all over the country, are making such notes, looking ahead—farmers, manufacturers, storekeepers, bankers. They represent what is called "management," and they know that to make the most of any season requires pretty careful figuring.

There's a skill in this management. It's a skill that men who run things have in common—that men who run things successfully have got to have. Management's problems are a good deal alike, no matter what the business—getting help, meeting payrolls and tax payments, making ends meet and having a little left over for new projects, planning for the future without letting the planning interfere with the job in hand.

And when you talk with these men—you find they have the same objectives, too. Right now they want to get the war won at the lowest possible cost in lives and suffering. After that's done, they'll be back on their never-ending job of turning out the material things needed to make a better peacetime world. General Electric Co., Schenectady, N. Y.

Hear the General Electric radio programs: "The GE All-girl Orchestra" Sunday 10 p.m. EWT, NBC—"The World Today" news, every weekday 6-6:45 p.m. EWT, CBS.

Goree News Items

Mr. and Mrs. Jerry Hudson have had word from their sons who are on foreign soil that they are safe and well.

Louis McCauley of Dallas was a visitor here with his parents, Mr. and Mrs. W. F. McCauley, last week. Louis came at this time for a last visit before being inducted into the service.

John Wayne Couch left Saturday evening for his station in California after a visit with his parents, Mr. and Mrs. W. R. Couch. Wayne is with the tank division and has been stationed near Waco.

Seaman George Hunt is home in response to a message from his parents that his brother, Ben B. Jr., is missing in action. The many friends of Ben B. are hoping that he and his crew landed safely and will be heard from soon.

Mr. and Mrs. Ed Jones have recently had word from their son, Capt. Paul Jones, that he is safe and well. These messages from our boys overseas are a great joy after weeks of waiting.

Mrs. W. M. Cunningham, who has been very ill for some time, continues very sick at this writing. The little grandson of Mr. and Mrs. J. W. Fowler, Leon Patrick, who has been seriously ill for the past week, is reported much better at this time.

Jim Al Coffman of Fort Worth visited relatives and friends here several days last week.

A number of Goree's married men left last Monday for their physical examinations preparatory to induction into military service.

Hubert Charlie and Virgil Edwards have returned from a trip to South Texas, where they visited with their parents. They went at this time to visit before Charles was inducted into the service.

Mr. and Mrs. J. L. Brown left last week for East Texas, where they are visiting relatives at different points.

Mr. and Mrs. W. R. Caldwell have recently heard from their grandsons who are serving with the naval forces.

Sgt. Thomas J. Cloud of Cedar Falls, Iowa, was here last week on a furlough to attend the bedside

of his grandmother, Mrs. L. M. Cloud, who was very low for three weeks.

Gayla Mobley was a visitor here with her aunt, Mrs. Roy Jones, last Tuesday evening.

Mr. and Mrs. Waymon Robbin and children of Coleman were here last week to visit Waymon's parents, Mr. and Mrs. Hubert Edwards.

Mrs. Nell Stratton and daughter, Mrs. Jack Carter, left last week for San Bernardino, Calif., to visit Mrs. Stratton's sons and families, Mr. and Mrs. Don Stratton and Mr. and Mrs. Lloyd Stratton, who reside there.

Mrs. Roy Jones and Mrs. Tom Williams of Wichita Falls were visiting friends and relatives here last week.

THE OLD JUDGE SAYS...

"Somethin' special catch your eye in the paper, Judge?"

"Sure did, Chet...an article here telling about prohibition in India being written off by the Madras government as a dismal failure after a three-year trial. They found out that enforcement was ineffective and that there was a steady increase in bootlegging and other violations of the law which increased penalties failed to check.

"It all goes to prove what I've said time and time again, Chet...prohibition does not prohibit. It's been tried in this country 47 times in the last 33 years and discarded everywhere except in three states. Was found to be a failure and abandoned in Canada, Norway, Sweden, Finland and Russia, too.

"Same thing happens every time...as soon as legal liquor is voted out, bootleg liquor with its crime and corruption moves right in."

E. J. Jones Family Enjoys Reunion On February 27th

The E. J. Jones family of the Hefner community enjoyed a reunion on Sunday, February 27, when all of their children were present at the noon hour.

The father and mother were seated at each end of the table, and on one side were the four brothers and on the other the four sisters, seated according to their ages. Two snapshots were made of the family group seated in this manner.

Relatives present included the following:

Braxton Jones of Slaton, Marion Jones of Hefner, Lt. (j. g.) Leo E. Jones of Troy, N. Y., Philip M. Jones, Grand Prairie; Mrs. Sam Hampton, Goree; Mrs. K. W. Houk, San Diego, Calif.; Mrs. L. L. Hendrix, Goree; Mrs. F. T. Jones, San Angelo.

All the grandchildren who lived near here were present, except two who are in the service, James Paul Jones of San Diego and Lloyd M. Hendrix, Fort Benning, Ga.

4-H Club Boys And Girls of Knox City Meet February 25th

The Knox City boys and girls 4-H Club met in the Home Economics room of the school Friday evening, February 25, at 8:00 p. m.

Games were played and refreshments were served to the members, their sponsors, Miss Ann Rice and Mr. Graves and County Agent R. O. Dunkle and Home Dem. Agent Lucile King.

After refreshments were served the party went to the show and enjoyed a good picture.

Helen Smith And A. L. McClure Are Wed In New York

In the presence of a few relatives and close friends, Helen Elizabeth Smith, daughter of the late Dr. J. R. Smith and Mrs. Smith of Munday, and Mr. Arthur Leslie McClure, son of Mr. and Mrs. Arthur McClure of Seagoville, Texas, were united in marriage in New York City on Sunday, February 13, at high noon.

The beautiful rites were read by Dr. Norris L. Tibbets, associate pastor of Riverside church, New York, before an altar flanked by candelabra with yellow candles and baskets of Easter lilies.

Gowned in gold la-mee with accessories to match and carrying a bouquet of brown orchids and yellow mimosa, the bride was given in marriage by her brother-in-law, Lieut. William W. Pusey, III, of Washington, D. C. Her only attendant was her sister, Mrs. Pusey, who wore pale blue wool with pink jeweled belt and carried pink roses.

Mrs. McClure is a graduate of Hardin-Simmons University, Abilene, later attending New York University.

For the past two years, she has been living in New York City, where she is associated with Lord and Taylor.

Mr. McClure attended Montizuma College preparatory school, Arizona State Teachers' College, New Mexico State Teachers' College and Hardin-Simmons University, where he graduated in business administration.

Mr. McClure has lately returned from Saudi Arabia, where he was associated with the American Smelting and Refining Co. He is at present in the New York office, being connected with defense work.

Immediately after the ceremony, the couple left for Mohawk, New York, for a short wedding trip.

Gilliland Club Has Regular Meet On February 21st

The Gilliland home demonstration club met on Monday, February 21, at the home of Mrs. Roy Fox for the sewing machine clinic demonstration.

For best results, machine should be cleaned every two or three months, was the information given by Lucile King, home demonstration agent.

Mrs. O. R. Miller, president of the club, was in charge of the business session. There was no roll call, due to the absence of the secretary. The new books were passed out, and one new member was enrolled.

Announcement was made that the next meeting would be with Mrs. Syble Simmons on March 1st.

MUNDAY STUDY CLUB TO MEET ON FRIDAY

Mrs. J. A. Wiggins announces a meeting of the Munday Study Club for next Friday afternoon at three o'clock at the club house.

A good program is being prepared for this meeting, and all members are urged to be present.

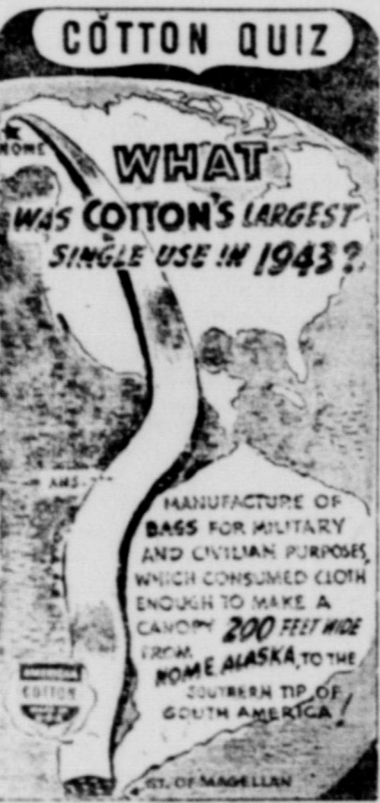

Lieut. Hal Pendleton left last Sunday for Pueblo, Colo. He visited his parents, Mr. and Mrs. H. A. Pendleton, and his wife and baby here from Friday until Sunday while being transferred from Pocatello, Idaho, to Pueblo. Mrs. Pendleton and little daughter left Tuesday on return to their home in Dallas.

A Want Ad In The Times Pays

A DATE DRESS THAT THE JUNIOR MISS WILL MAKE AND WEAR

Rayon faille in winter-pink makes this dreamy date dress for dancing and dining. In this home-sewn style every detail is designed to insure the utmost in figure flattery. The smoothly fitted skirt, shoulder fullness and crisp ruffles become the youthful figure. Brown velvet ribbon and flower-like gold buttons trim the dress.

Activities of Colored People

Funeral of Floyd Ray Henry, Colored, Is Held On Friday

Floyd Ray Henry, 7-year-old son of East and Lissie Henry, colored, died at the family home east of Munday at 7:30 last Thursday night. The family was employed on the farm of B. B. Bowden.

Besides his parents, the child is survived by three sisters, Avealean, Lora Gene and Levonia.

Funeral services were held at the graveside at three o'clock last Friday afternoon. Burial was in the Munday colored cemetery by the Mahan Funeral Home.

Pvt. James Downey from a camp at Fort Worth visited his wife, Mrs. Mary Downey, also his mother from Oakwood, Texas, spent a week here.

Mrs. Charity Cherry and little niece spent the week end in Abilene.

Rev. and Mrs. S. L. Sanders attended the district meeting in San Angelo, Texas.

Eddie Owens is on the sick list and reported not doing very good. We hope each church will remember Mr. Cap Owens and his fine children and assist them in their home.

Willie and Ethel Moore have been here to visit Willie's mother, Octavia Williams, and other relatives. Willie is in the army and stationed at Garden City, Kans.

LOCALS

Mr. and Mrs. W. C. Hodgins visited relatives and friends here over the week end. Mr. Hodgins is in the service and stationed near Muskogee, Okla.

Mr. and Mrs. Clyde Burnett of Benjamin were here Friday, visiting with friends and attending to business matters.

S. Sgt. Howard Collins left last Tuesday to report for duty at La Junte, Colo. He spent some ten days here during his transfer from Santa Ana, Calif., and visited his wife and other relatives.

Mrs. Joe Bailey King returned home last Monday after spending a week in Dallas with her sister, Mrs. R. W. Hightower, and with other relatives.

J. A. Hill, Jr., P. H. M. 3-c, has returned to Santa Ana, Calif., after spending ten days with his parents and sister. J. A. is stationed with the U. S. M. C. A. S., El Toro, at present but expects orders to ship out soon.

Miss Maxie Dingus, who is employed in Fort Worth, spent the week end here with her parents, Mr. and Mrs. G. W. Dingus, and with other relatives and friends.

Mr. and Mrs. C. A. Eiland of Lamesa visited relatives and friends here over the week end, and attended the funeral of Mrs. J. C. Campbell on Sunday afternoon.

Rev. Luther Kirk spent last Tuesday in Fort Worth, where he attended a director's meeting of Golden Cross work in the Methodist churches of this area.

At The Churches

PRESBYTERIAN CHURCH

Dr. William N. Sholl of Haskell preaches here each Sunday morning at 9:30 a. m.

Our church is located on the Main street of Munday and has an attractive auditorium with added Sunday school facilities. The Auxiliary meets on Mondays and is accomplishing a good work. All Presbyterians living in Munday and surrounding country are urged to attend our services. A very hearty invitation is extended to all visitors, especially those who have no regular church home.

FIRST BAPTIST CHURCH

Sunday is Home Mission Day. The races have become so intermingled that there is not much distinction between one phase of Home Missions and Foreign Missions, except the locality of the work. There is much work in the cities, in the mountain sections, with the Indians, and even on into Cuba and the Panama Canal Zone. You don't have to think long until you realize that we will Christianize those who are coming among us, or they will Paganize us. We are asking you to bring your offerings Sunday morning for Home Missions.

We packed and shipped our fifty-four kits for Russian Relief. Remember that Sunday night, March 12th the Crimm meeting begins. W. H. Albertson.

Mrs. Olive Keene spent the week end in Plainview with her sister, Mrs. Nancy Ross.

BENJAMIN METHODIST CHURCH

J. P. Patterson, Pastor
CALENDAR

Preaching Second and Fourth Sundays at 11:30 a. m.
Church School, 10:30 a. m. each Sunday.

AT THE METHODIST CHURCH Luther Kirk

"When it rains it pours," so it has been said. It did just that last Sunday but about half of those who come regularly were present. And there were four families in from the country. Some coming from as far as seven miles. Of course it would be pretty hard for you to make it if you lived in town and were looking for a good excuse. It probably won't rain every Sunday. I hope not at least, because if it does, there may be a lot of us that will get behind on our church going. Not fusing, but this is one way to tell you that if you were not out last Sunday we missed you. Hope that you can be with us Sunday. We want to make it a great day as it climaxes our Week of Dedication. And of course you will want to be present Sunday evening for the Candle Light Communion Service. Sunday School 10 a. m. Morning Worship 11 a. m. Youth Fellowship 6:30 p. m. and the evening service 7:15 p. m.

Sunday afternoon there is to be a District wide Sunday School rally at St. John's Methodist church, Stamford. The time is 2:30 p. m. Bishop Boaz will bring the principal address. Hope you will make your arrangements to attend.

Curlee Suits Are Still 100 Percent Wool!

Curlee woolens are selected from the choicest offerings of America's leading mills, in a fine range of patterns and fabrics. The CURLEE label is your assurance of 100 per cent wool.

We are receiving new suits every few days. Come in and try one on.

Senior Report

Just two more six weeks and school will be out! The Seniors are really looking forward with eager anticipation to this great day of freedom which is just around the corner.

Our diplomas came in last Friday and this fact will make us work a little harder, although it looks now as if a large number of us won't need one. We hope they will at least refund our money!

We haven't begun working on our play but we expect to do so in the near future. Be on the lookout for "The Antics of Andrew."

Last Tuesday night the Senior basketball boys sponsored a box supper and auction sale. We made a profit of \$94.75. Everyone seemed to have had an enjoyable time and we wish to thank all those who helped in any way to make it successful. The money raised was used to pay the expenses of the boys to Abilene, where they played in the regional.

Hard luck seemed to be with them, however, for they were defeated 32 to 26 by Centinell out of Santa Anna. Everyone reported a good time though, and the boys say that they are going back again next year.

The boys are planning on having a basketball banquet with the money which was left from their trip. Mr. Williams was kind enough to give them a free pass to the show so they intend to have a grand supper and then go on to the show afterwards.

Senior On Parade

Houston Hayes Sweatt was born on April 22, 1926, at Silverton, Texas. He moved to where he now lives in 1928.

Houston does well in sports; especially basketball; having played seven years at Sunset. His greatest ambition is to become a medical doctor and next to this great ambition is that one of becoming a coach, since he has achieved so much with the junior basketball boys.

Some of his favorites are:
 Likes: Riding around.
 Dislikes: Walking.
 Teacher: None.
 Subject: Trigonometry.
 Color: Blue.
 Recreation: Basketball and bowling.

Actor: Humphrey Bogart.
 Actress: Betty Grable.
 Girl: G. J. L.

Houston's desire is to enter Texas Tech if "Uncle Sam" doesn't snatch him first. But we're sure

First Lady of Kansas

—Photo by Wynn Richards

Mrs. Andrew F. Schoepel, wife of the Governor of Kansas, will be featured next in the cotton industry's "First Lady" portrait series, this striking picture appearing in the March issue of Harper's Bazaar. Mrs. Schoepel is wearing a suit of navy cotton gabardine designed especially for her by Vera Maxwell of New York, famous custom designer. The coat, of natural sponge, also was created by Miss Maxwell. Ten-year-old Barbara Bradstreet, who appears with Mrs. Schoepel, is wearing a cotton corduroy jumper and blouse of white cotton nainsook. Her tasseled hat is of corded vari-colored cotton. Mrs. Schoepel's hat is a new version of the large hat by Stetson.

Houston can play any part Fate chooses for him to play, for hasn't he already proved himself; having successfully portrayed character roles in school plays amounting to everything from a grandma to a "heart throb."

Whatever Mr. Sweatt chooses to do, we the seniors, wish him a long, happy, and successful life.

Junior Report

Once more the great crisis is past. Most of the juniors got over by a small margin.

We are sorry the basketball boys lost their game at the regional at Abilene but all the reports are that they had a good time whether they won their game or not.

The junior play is progressing rapidly. One person has already learned the first act and talk about acting! You'll see the best when you see "So Help Me Hannah."

There is just a few more weeks of school and it will be so crowded by the play and banquet that the members of this class will not have much time left for studying! Do we care? Well, no...

It appears that Snerd should be a little more careful when he comes into the English room. That is; he should keep his eyes wider open than they were on one day this last week.

Second and Third Grades

Rudolph and Joe are very glad to have their mother and sister, Mary, home after a long visit in El Paso.

Charles Parker went to Haskell Saturday with his grandfather. Faye's grandmother, Mrs. Howell, is visiting in their home.

Jimmy Burl's Uncle Claude Freeman and family visited here. Claude will go into the army soon.

Mr. and Mrs. Wilson Harber visited in Elaine's home over the week end.

Kay Leon visited his grandparents in Rochester, Sunday.

Howard visited his aunt, Mrs. Pope, in Knox City. She gave him two white rabbits.

We are very sorry that Barbara Jo and Emogene were sick Tuesday.

Sue Ann went with her parents

girls are getting along fine with their sewing. We are making aprons. Most of us have ours cut out and are ready to start basting. We believe that we will enjoy this part of our course.

Since there has been a change in the schedule we have only two study periods instead of four. This

Seventh Grade

We are all glad that the closing of school isn't too far away. Then, of course, the next year we will be in high school.

We are all sorry that Joan is out because of illness. We hope she recovers soon and can return to school.

We played the eighth grade volleyball girls and won two games out of three. They were very exciting games.

Fourth and Fifth Grade

Gladys Simmons spent the week end with relatives in Wichita Falls.

Jeanette Hawkins has been absent from school because of illness. Ann Nelson's brother, Paul, left Sunday for a naval base where he will enter school.

The best citizens of last week were Doris Walling and Gladys Simmons.

Gerald Myers' cousin from Wichita Falls, Royce Harber, visited in this community over the week end.

Political Announcements

to Haskell Sunday.
 Donald had a letter from Paul Milton who has moved to Anton, Texas.
 Shirley went to Abilene Friday to see the ball games.

First Grade

Tommy Walling thinks he has a "lot" of news this week and we do believe he has more than most of us. He went out to the rabbit hutch a few days ago and found fifteen wee baby rabbits. When he went out to the barn yard the next morning he found there was a baby calf. About the next day his daddy came in with a new four row tractor. His mother and daddy went along with the older boys to Abilene for the regional basketball games while Tommy stayed in school and spent the night with his grandparents, the Wallings.

Don't fancy we have lost our equilibrium when we state week after next that we have another new pupil. We had two more Monday. Alfredo and Andre Hernandez. This makes twenty Spanish Americans. We have forty-three children in our room now. We are now beginning to conceive the real meaning of the old adage, "There is always room for one more."

We are glad to have Doris Ann Hutchins of the Weinert school visit with us. Her bus did not run because of the muddy roads.

Loretta Floyd was out of school Monday because of illness.

Neil says the rain caused their cistern to cave in.

Betty Joan got so much pencil black on her hands and face while cleaning the pencil sharpener that we thought for a while she might be turning black. She managed to get it all washed off.

Group one has a new book. They were very happy Monday because of this. The title of the book was "Fun in Story." This makes eleven books for these children. We usually read through our books two times—the first time for skill, comprehension, etc., and then right back again for sheer pleasure. The children enjoy both ways.

We came near forgetting to mention another new pupil, Fannie Jean Barrett from Idalou. We are glad to have her even though she is behind the majority of the children who have attended here all the year.

Dolores' cousin visited the zoo at Dallas and saw the monkeys eating peanuts that children gave them.

Claude Larry's aunt Stella of Dallas came out for a visit Friday.

India, in her role as the sixth most industrialized nation in the world, can contribute greatly to the Allies war production, declares Dr. Krisnalal Shridharani, prominent native son of India, speaking recently at the University of Texas. Hers is the largest sugar industry in the world and her steel industry is the second largest in the British Empire.

AMERICAN HEROES

BY LEFF

Facing an oncoming tank at 30 yards with a tommygun, 24-year-old Lieut. David C. Waybur, Piedmont, Calif., knocked that tank out of commission and was responsible for the capture of three others in the Sicilian campaign. Now recovered from wounds received, he is the first to win the Congressional Medal of Honor on European soil. Let's all Back the Attack with that extra War Bond.

U. S. Treasury Department

Knox County Hospital Notes

Patients in Knox County Hospital Feb. 29, 1944:

Mrs. C. T. Cochran, Knox City.
 Mrs. W. A. Smith, Munday.
 Philip Eubanks, Benjamin.
 Mrs. Farris Caddell, and baby daughter, Truscott.
 Baby Joyce Johnson, Munday.
 Mrs. R. E. Bradley, Knox City.
 Mrs. Ross Shipman, Seymour.
 Mrs. T. E. Burns, Munday.
 Mrs. B. W. Barnett and baby daughter, Altus, Okla.
 Mrs. C. V. Hackney, Knox City.
 Mrs. J. C. Saunders, Knox City.
 Baby Huffman, Truscott.

Patients Dismissed Since Tuesday, Feb. 22, 1944:

Mrs. Ray Holcomb and baby son, Munday.
 Miss Faye Trammell, Munday.
 Mrs. Tom Stewart, Throckmorton.
 Seth Yost, Munday.
 Mrs. W. L. Aldridge, Knox City.
 Mrs. N. A. Glover and baby daughter, Haskell.
 Mrs. Rosie Edwards, Munday.
 J. R. Bradberry, Knox City.
 Mrs. Alton Irvin, Rule.
 Bill Stout, Throckmorton.
 Mrs. C. A. Clark, Munday.
 J. J. Oates, Rochester.
 Pearl Nietro Estrado and baby

son, Knox City.
 Lucille Rebecca Moreno, and baby son, Knox City.

Mrs. D. J. Smith, Knox City.
 Floyd Ray Henry, (Col.) Munday.

Births:
 Mr. and Mrs. B. W. Barnett, a daughter, Altus, Okla.

Pearl and Joe Estrado, Knox City, a son.
 Rebecca and Jessie Mareno, Knox City, a son.

Deaths:
 Ella Mae Owens, Munday.

Sgt. Doyle Hughes, who is stationed near Austin, spent several days here last week with his wife and little daughter and with other relatives and friends.

Mrs. John Moore had as her guests over the week end her daughter, Irene, of Fort Worth and her mother-in-law, Mrs. Jim Moore of Houston.

The girl in the next block says she keeps going with a bad egg because she's afraid to drop him.

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

New Ceilings On Various Items

The Office of Price Administration recently established price ceilings on several items. For consumers, a reduction on Virginia type dried pork products—5 to 6 cents a pound on whole or half hams; 6 to 7 cents a pound on sliced ham; 4 to 5 cents on bacon; 3 to 4 cents on sides; 2 cents on jowls, and 5 cents on shoulders. New ceilings on goat meat represent moderate reductions set by geographic zones. Highest-priced goat meat under the new order is "Cabrito" which sells for 30 cents a pound at retail. Soybeans of the 1943 crop to be processed for oil are \$1.86 a bushel

for base grade and \$1.92 a bushel for highest quality. Prices for the 1943 fruit and vegetable pack will apply to this year's pack until a 1944 price is set. Yellow cypress lumber was increased \$3 to \$4 per 1,000 board feet for producers—to be passed on to consumers. A 20-cents-per-pound producers' ceiling was set on all round Chinook salmon and 24 cents on drawn Chinook, on catches in California, Oregon, and Washington (except Sacramento River catch) effective through March. (New prices on alfalfa hay products mean an increase of about 15 to 20 cents per ton of feed consumption—for all

A Satisfactory Way To . . .

Cure Meat

Satisfaction is expressed by those who use our meat curing vault for curing their meat. The constant temperature insures a good cure and prevents spoilage.

If you have never tried our vault, we assure you that you will be pleased with the results, then forget about it until it is completely cured.

It's a safe, economical method of curing. Why take chances?

Your Ice Business Always Appreciated

THE POCKETBOOK OF KNOWLEDGE BY TOPPS

states except California, Washington, Oregon, Nevada, Utah and parts of Idaho.

Farm Gasoline Rations

Six-month gasoline rations for non-highway use on farms may be issued in installments rather than all at one time, as in the past, the OPA has announced. If the local board has issued the farmer only part of his ration, when the farmer needs more gasoline he makes no formal application but simply asks the board for it. The board then either will issue the remainder of the total six-month ration as originally determined or issue such portion of the remainder as the board

decides the farmer needs for the rest of the six-month period.

Armed Services Need Nurses

An additional 2,000 nurses are needed for the U. S. Army Nurse Corps by April 1 to replace hundreds of army nurses being sent overseas in connection with plans for a European invasion. The American Red Cross, recruiting agency for nurses, reports that the Navy Nurse Corps, which has completely exhausted its reserve, also needs 500 additional nurses each month during 1944.

Less Sugar for Civilians

U. S. civilian supplies of sugar will be 6 per cent less than 1943 consumption, according to WFA, due to use of sugarcane molasses for industrial alcohol, to increased needs of the armed forces and our allies, and to wartime shipping conditions.

Round-Up

Nearly 40 per cent of all vegetables grown for fresh consumption in the United States last year came from Victory gardens, the War Food Administration reported. . . WFA says that 52,000 Mexican nationals will be needed to help relieve the farm labor shortage in the United States this year. Approximately 14,000 already are in this country. . . Living costs for city families decreased two-tenths of one per cent between mid-December and mid-January, the Secretary of Labor reports. . . Although services continued to increase in cost, both food and clothing costs declined. . . OPA has granted Regional Administrators authority to recommend that slaughterers who wilfully violate any OPA meat regulation be deprived in whole or in part of their subsidy payments. . . OPA suggests that retailers keep a reserve of one-point Green and Brown stamps on hand during the first week or two ration tokens are used, in case they have underestimated their token needs. OPA has ordered a reserve of 200 million tokens to be ready not later than April 7. . . A food producer who wishes to get electric power extension for water to irrigate as much as five acres of land may apply to his County Agricultural Conservation Committee, WPB has announced. . . WPB has authorized the manufacture of approximately half a million enameled cold pack canners with a jar capacity of seven one-quarts, nine one-pints, or four half-gallons, to be available for this canning season. . . Rye is not a desirable alcohol-producing grain, and use of large quantities of rye for this purpose is not likely at present, WPB says. . . Because more batteries are needed for walkie-talkies, bazookas, signal lights, and other war equipment, WPB says there is little chance for an increased supply of civilians this year. . . WPB will permit limited production of electric flat irons for civilian use, but few of the new irons are expected in retail stores before mid-year. . . More than 3,000 trucks for civilian use—almost exactly the number planned for—were produced in January according to WPB. . . WPB has set the 1944 quotas for new glass containers for wines and distilled spirits at 100 per cent of the number used in 1943 and for non-alcoholic beverages at 80 per cent of the number accepted by the packers for this use in 1941. . . Orange shelled having an OPA ceiling price of 45.1 cents per pound or higher is now available for home use in finishing floors and furniture and for manufacturing and repairing furniture.

IT PAYS TO ADVERTISE

Farm Help For War Veterans

SCHENECTADY, N. Y.—Soldier farmers returning from the war should be helped in buying farms, J. H. Wood of Upper Darby, Pa., regional director of the Farm Security Administration, declared in a General Electric Farm Forum address here.

Speaking of the veterans' needs, Mr. Wood said: "This is what they tell me they want: first of all, credit—credit for the purchase of equipment, seed, feed, fertilizer."

"Secondly, these boys need technical guidance. They need experienced supervisors to advise them how to keep records, what to grow for the market and what to grow for home canning and consumption. . . They want to know how to run their farms and homes efficiently and economically."

"These veterans also want medical care plans such as the Farm Security Administration sponsors in co-operation with county and state medical societies. They want their doctor and hospital bills prorated so that no accident or illness will drive them so deep into debt that they never again can hope to farm prosperously."

"They want purchasing and marketing advantages that come from membership in co-operatives. They want to belong to groups that buy farm materials in wholesale lots and sell produce as an organization rather than as an individual, in order to cut costs."

These things were overlooked after World War one, said Mr. Wood.

Mr. and Mrs. D. R. Sullivan and baby of Vera were business visitors here last Saturday.

Mrs. Will Ratliff of Goree has returned home after some three weeks visit in Mineral Wells.

HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

Quite a bit of rain, with some wind damage, visited the community Saturday night. The roof was blown off a barn here.

Services were held Saturday night at the Baptist church, but were postponed Sunday because of the rain.

Mrs. J. C. Parks of Rotan is a guest of Mrs. T. H. Jones and Mrs. D. B. Jones this week.

Mr. and Mrs. Felton Jones and

daughter, Ruth, of San Angelo were guests in the Hamp Jones and E. J. Jones homes recently.

Those who attended the wedding shower at Benjamin on February 25 for Mrs. Wynell Barnett were Mrs. Marion Jones and daughter, Betty Joy; Mrs. J. H. Lambeth and daughter, Evelyn, and Miss N. Chandler.

Braxton Jones and family of Slaton and Philip Jones and family of Grand Prairie were visitors here Sunday.

Mrs. K. W. Houk of San Diego, Calif., was a visitor in the M. J. Jones and L. L. Hendrix homes a few days last week. She was Miss Gladys Jones before her marriage. Mrs. Houk's husband is in the army service at San Diego.

J. T. Peek, officer in aviation, and his wife, of San Diego, were week end guests of his parents, Mr. and Mrs. Jeff Peek and other relatives and old friends here, J. T. will go into foreign service soon.

Barus Steward, J. T. Murdock,

Orlis Lambeth and others left on the 27th to be inducted into the service.

A family reunion was held on Sunday, February 27, in the home of Mr. and Mrs. Dibriel Jones with all children present except George D., who is in the army and stationed in Nevada, and Boyd, who is in foreign service. Those present included Everett and wife of Fort Worth, Miss Leola of Sterling City, Miss Chrystine of Austin, who will sail for overseas soon, Mrs. Boyd Jones and son, David, of Portland, Oregon, who is spending a month in the D. G. Jones home, Harold Jones of Goree, and other relatives.

. . . In Knox And Adjoining Counties!

\$2. Year Elsewhere

. . . Is still a Bargain! It carries advertisers' messages into hundreds of Knox County homes, and the savings by using these messages as Shopping Guides will amount to many times the subscription price!

Courtesy ISN'T RATIONED

COURTESY, like many other things, often becomes needlessly a victim of war. There is no excuse for a lack of courtesy! The raw materials are simple and plentiful. . . the manpower required is negligible. . . courtesy is just a by-product of service.

Yes, we know that "there's a war going on" . . . we know what it is to be short handed . . . we miss the 224 experienced employees who are now in the armed services; but it's a tradition with the employees of your

electric service company to give friendly, courteous service.

Lack of material often forces the use of substitutes. Frequently it is necessary to rework old material and supplies. Sometimes, due to shortages or government regulations, service must be delayed. But the employee team, backed by a business policy that encourages individual thinking and recognizes individual effort, is proud of the fact that *courtesy*, like electricity, is not rationed.

West Texas Utilities Company

Miss King Tells How To Prepare Cabbage, The Current Victory Food

Southern cabbage production has set an all time record, according to war food administration bulletins, Miss Lucile King, home demonstration agent for Knox county, said and as a result, cabbage has been selected as the Victory food for the period of February 24 through March 4.

Cabbage is a versatile food and lends itself to many pleasing uses, Miss King said, and has a high vitamin content. Raw cabbage is particularly rich in vitamin C, which makes it a good substitute for oranges, grapefruit and tomatoes.

Raw cabbage can be used for salads either alone or with other vegetables. It should be shredded medium fine and allowed to crisp in cold water about 30 minutes before using. In cooking cabbage, Miss King cautions against overcooking. Use boiling salted water and cook until just tender when pierced with a fork. Drain well and serve with melted butter.

Kraut Has Vitamin C

Kraut is an excellent source of vitamin C, as well as having a high lactic acid content, which aids digestion. Miss King gives directions for preparing kraut, since the temperature at this time of the year is favorable to good krauting.

Select mature, sound, hard heads. Green cabbage has more vitamin A, but does not make as light colored kraut as does the white cabbage. About 1 1/2 pounds of cabbage will yield one pint of kraut. Remove the outer leaves and wash; quarter the heads and shred directly into a large crock to keep out of the air and retain vitamins. To five pounds of cabbage, add six table spoons of dairy or canning salt. Too much salt will prevent fermentation and not enough salt causes the kraut to be soft. Mix the salt very thoroughly, as uneven distribution of salt will cause streaks of red through the kraut. If more than five pounds of cabbage is used, continue mixing in those proportions, and mix carefully to keep from bruising leaves.

When the shredded cabbage is well mixed with the salt, cover with the outer leaves which have been trimmed and washed—this holds shredded cabbage under the brine. Wrap cheese cloth about a plate or board which fits in the crock, and place on top of cabbage leaves, weighted down by some ob-

ject which will not taint the flavor of the kraut—a jar of water makes an ideal weight, Miss King said.

If sufficient brine does not form within a couple of days, add brine made of one tablespoon of salt to one cup of water using soft water. See that the cabbage is well covered with brine at all times, and remove the scum which forms each day, since it will destroy acidity and cause the kraut to be soft. Wash and seal the weighted board or plate each time the scum is removed. While krauting a temperature of 70 to 85 degrees should be maintained for the period of ten days to three weeks necessary for the kraut to make.

Well-cured kraut should be light straw colored, have an acid flavor, be translucent, crisp firm and not tough. When cured, it should be packed into glass jars or plain tin cans, placed in a rack or deep kettle, and steamed for 10 minutes. When the containers are removed from the steam, the kraut should be pressed down firmly to remove air bubbles. The containers should be immediately sealed and returned to the kettle and the water held at the boiling point for 15 minutes. When cool, the containers should be stored in a cool, dark place.

Kraut can be stored in a crock by pouring a layer of hot paraffin over the surface of the brine, but when the paraffin seal is broken, the kraut must be used in a short time or canned, or it is possible to re-pour the paraffin seal, Miss King said.

LOCALS

Mr. and Mrs. Deaton Greene of Seymour visited friends here last Saturday, coming at this time to attend the funeral of Mrs. J. C. Campbell.

Mrs. Sam Salem and Mrs. Edward Lake and baby daughter left Saturday for several days visit with relatives at Lubbock, O'Donnell, Levelland and other points.

Mrs. Wade T. Mahan and children, Susan and Tanner, and Miss Elizabeth Tunner visited with Mr. Mahan's parents, Mr. and Mrs. J. A. Mahan of Wellington, over the week end.

Sied Waheed, George Salem, Kamal Waheed, Jimmie Silman of Lubbock, and Sam Salem spent last Sunday with relatives in Stamford.

Mrs. R. T. Parramore and daughter, Miss Traphene, of Dallas visited with relatives here over the week end.

Mr. and Mrs. E. W. Hrarell visited in Austin over the week end with their son, Dick Harrell, who is a pre-medical student in Texas University.

Dr. E. M. Roberts of Amarillo spent the week end with relatives and friends here. He was accompanied home Sunday by Mrs. Roberts and children, who spent last week with Mrs. Roberts' father, W. H. Atkinson, and other relatives.

Mr. and Mrs. Homer Lee of Wichita Falls visited relatives and friends here Sunday and also attended the funeral of Mrs. J. C. Campbell.

People, Spots In The News

RIDDLED AIRFIELD—This swiss-cheese effect of the Nazi airfields at Capua, Italy, was caused by Allied bombing. Now the field is used for parking motor equipment.

CUTE CURVES—Greeta Christensen, Chicago model, now in the movies.

INSULATING WINDOW—Multiple glazing, with sealed, dehydrated air spaces between panes, enables Douglas Aircraft technicians to observe clearly and comfortably, tests conducted at sub-zero temperatures. Domestic version of this "thermopane" window, developed by Libbey-Owens-Ford Glass company, is designed to save fuel in post-war homes.

armed forces, are required to make. "This is not an arbitrary ruling or regimentation by some bureaucrat," Mr. Snody stated. "It is a necessary wartime measure and we appeal to the citizens of Knox county to help their War Price and Rationing Board and their honest gasoline dealers to eliminate black market dealings in our county."

At least, the war has done away with "finger bowls" after a meal. Of all the doo-dads, that little bowl of water with a slice of lemon on the side was about the most needless.

Often, a friend remarks, "I like a joke but I can't remember one." To which your columnist replies, "Brother, you are the answer to an after-dinner speaker's prayer."

Political jottings: Former Rep. C. L. Harris of Lubbock, State president of the Young Democrats, is a candidate for Congress. . . Senator George Moffett of Chillicothe is understood to be considering running for Congress. . . Latest rumor from Austin is that the Lieutenant Governor may run for Attorney General.

Imagine a group of concerns coming into court and admitting that they want to violate the State Constitution and asking a court to knock out a law so that they can trample the Constitution under foot and get away with it! Well, you don't have to imagine this for it is exactly what a flock of loan sharks are asking.

On the night of Feb. 7, guests at the Turner Hotel in Gainesville were sitting on the front porch. Page California!

Met a lot of fine fellows in Brownsville recently but probably won't know a one the next time we meet as they were growing whisk-

ers for the Charro Days' celebration.

Can you remember when cigarets were known as "coffin nails?" And when the butcher gave liver away—for you to feed to the cat?

Jefferson Davis, in reviewing the Texas Brigade in Richmond, Va., in the Civil War said, "The soldiers of other states have a reputation to establish. The sons of Texas have a reputation to maintain."

Gems Of Thought

TRANQUILLITY
What sweet delight a quiet life affords.—Drummond.

I have often said that all the misfortunes of men spring from their not knowing how to live quietly at

home, in their own rooms.—Pascal.

The heart that is to be filled to the brim with holy joy must be held still.—Bowes.

To preserve a long course of years still and uniform, amid the uniform darkness of storm and cloud and tempest requires strength from above,—deep draughts from the fount of divine Love.—Mary Baker Eddy.

And the work of righteousness shall be peace; and the effect of righteousness quietness and assurance for ever.—Old Testament: Isaiah 32:17.

Serene will be our days and bright, And happy will our nature be, When love is an unerring light, And joy its own security.—William Wadsworth.

Mrs. Sutton Beasley and daughter, Wanda Jane, visited relatives in Seymour several days last week.

Mr. and Mrs. Bohannon of Bonham were business visitors here last Monday.

WILL THE FUTURE BRING WHAT YOU WANT IT TO?

It will if you plan for it. Things like independence and security don't "just happen."

Plan for your future by laying aside a reserve for all the things you want to buy . . . to have an emergency fund for the old "rainy day."

This bank will be glad to serve you . . . give you sound financial advice, and it offers you every service consistent with good banking.

Regular purchases of War Bonds is a guarantee of financial security!

Drive Made To Eliminate Black Market On Gas

The amount of gasoline being diverted from war uses by chislers and unthinking citizens has reached such proportions that an intensive drive against the black market is planned by gasoline dealers and the office of Price Administration, according to notices received today by J. W. Melton, chairman of the Knox county War Price and Rationing Board.

In January, OPA appealed to the honest gasoline distributors and dealers of Texas to help fight this black market menace which is draining off gasoline at the rate of two and one-half million gallons daily throughout the nation. The dealers readily accepted their share of the responsibility, and most of the filling stations in Knox county since the first of February have refused to accept any gas coupon which was not endorsed across the face with the word "Texas" (or name of state in which the car was registered) and the license number of the vehicle. However, some customers have appeared annoyed by the request, according to local OPA officials, and others have indicated a misunderstanding as to why they were being asked to make the endorsements.

"This endorsement is an important part of the fight against black markets," said Mr. Melton, "since coupons which have been properly endorsed in ink or indelible pencil cannot be used legitimately by anybody except the owner and therefore cannot become an implement of the black market." On the other hand, he pointed out, stolen coupons which have not been endorsed can be sold by black market operators to persons who are willing to pay bonuses to get more

Cotton Comfort

Carefree comfort and tops in styling go hand in hand in this cotton seersucker dirndl dress worn by Frances Rafferty, Metro-Goldwyn-Mayer star. The patch pockets make it an excellent dress for around-the-house wear, while the embroidered scalloped edging adds a smart touch for street wear.

than their fair share of this vital wartime commodity.

Mr. Melton announced that during the week beginning March 6, OPA inspectors and investigators will make a check of filling stations in Knox county to determine the extent of consumer compliance with the coupon endorsement regulation. "According to the regulation, coupons are not valid until they have been endorsed," the chairman said, "and consumers who are found with unendorsed coupons in their possession may be requested to surrender them."

Mr. Snody, chairman of the gasoline panel of the War Price and Rationing Board remarked that the amount of inconvenience involved in endorsing coupons in order to safeguard our gasoline supply, is trivial in comparison with the sacrifice that the boys and girls of Knox county, who have joined the

Class 2-C: James W. Thomas.
Class 2-B: George E. Ryder, Homer D. Hediger, Edwin L. Jetton, Clarence J. Moore and Lacy Headrick.

Class 2-C: John M. Morris, Chalmer E. Hobert, Thomas C. Posey, Allen M. Ester, Elmer V. Landreth, Jinks D. Large, Thomas E. Yost, Alois J. Kuehler, Matt L. Verhalen, Walter C. Richardson, Louis C. Striagl, Olen W. Coffman, Curtis C. Seale, Johnnie F. Hertel, Elzo Moorman, Homan E. McMahon, Aubrey L. Roden, Cleveland C. Hutchinson, Jim A. Hicks, Jimmie W. Pendleton, James C. Gaither, Reuben N. Gehrels, and Howard B. Stasey.

Class 3-C: Daniel Rountree.
Class 4-F: Manuell E. Davilla Jr., Claude Denham, Santos Canale and Simon L. Rocha.

Class 1-A (H): Thomas W. Harber and Eddie Y. Johnson.
Class 4-A: Herbert W. Nunnely, Leroy G. Bullington, Odra O. Beeler and Ira A. Hughes.

Mr. and Mrs. J. O. McMahon of Arlington visited with relatives and friends here last week end.

Jacqueline and Frank Ross Bates of Goree visited their grandparents, Mr. and Mrs. J. C. Rice, the first of this week.

Pretty, Practical

As pretty as a picture, and as quaint as her pigtailed bows, is the cotton flannel gown modeled by this young miss. Guaranteed to keep you warm on chilly winter nights, the gown typifies the trim styling being achieved in modern, practical cottons.

CARD OF THANKS

We take this means of expressing our sincere thanks to everyone who were so kind and thoughtful to us in the death of our father and grandfather, W. R. McGregor. Your every deed of kindness and word of sympathy is deeply appreciated, and we pray God's blessings on you all.

Mr. and Mrs. P. O. Blankinship, Mr. and Mrs. C. C. Jones, The Grandchildren.

Mrs. Andy Eiland spent the week end with her parents, Mr. and Mrs. A. T. Bromley of Gilliland.

Knox County 4-H Club Calves Winning Favor

Stanley and Carroll Fred Glover who exhibited the grand champion and reserve champion calves at the Knox County Livestock show in Munday were pre-show favorites and will be strong contenders for championship honors in the district show at Wichita Falls.

The boys' father works on the League ranch and the calves were selected from the League herd. One was out of a registered cow and the other out of a grade.

The calves were fed a ration comprised of 40 percent rolled oats, 20 percent sweet feed, some threshed milo, cottonseed meal and linseed meal.

The feed was in a chicken-proof self-feeder, as recommended by the Extension service, providing them with free choice feed. Johnson grass and cane hay was available all the time and the calves are on nurse cows.

Auction Sale Has Busy Day

The Munday Livestock Commission Co. reports a good run of cattle and hogs for last Tuesday's sale, with all classes of cattle selling steady with last week. Fat cattle sold some higher than a week earlier.

Canner and cutter cows sold from \$6 to \$8; butcher cows, \$8.50 to \$9.50; fat cows, \$10 to \$11; butcher bulls, \$7.75 to \$9; beef bulls, \$9.50 to \$11; butcher yearlings, \$10 to \$12.25; fat yearlings, \$12.50 to \$14.80; rannie calves, \$8.50 to \$10; butcher calves, \$10.50 to \$12, and fat calves, \$12.50 to \$14.50.

Billie Benson In Naval Training

Billie B. Benson, whose parents reside at Benjamin, is now enrolled in the U. S. Maritime Service training station at St. Petersburg, Fla. Prior to enrolling, Benson was engaged in ranch work in this county.

Seaman Benson is now in his preliminary period of training; during this time, he will be given general courses in first aid, fire fighting, lifesaving, general seamanship, physical development, mental fitness, etc. Upon completion of his basic training, Benson hopes to enter the Deck Department for specialized training where he will take up such subjects as use of cargo gear, practicing steering aboard small vessels, and many other courses that are valuable to all sailors before being assigned to one of the new ships of our Victory Fleet.

Red Cross News Of Knox County

There are many people over the county who know that there is a Red Cross production program being carried out, but they have never familiarized themselves with the amount of work being done.

There are two divisions in the production program — surgical dressing and sewing.

Since October, 1942, there has

A CHARMING KNITTED SWEATER FOR EVENING

Smooth, sleek and sophisticated—the formal sweater is one of the newest of the new in evening fashions. Warmth combined with beauty makes it a practical fashion, too. This style, knitted of soft, fine wool, is one that can be quickly made at home. The trim of hand-colored yarn in a strongly contrasting color adds a dramatic touch.

Local School Commended For Bond Efforts

With receipt of a duplicate of the decalcomania to be placed in the training plane purchased by bonds sold in the Munday Public Schools, W. C. Cunningham, superintendent, received the following letter of commendation:

Dear Mr. Cunningham: Please accept our sincere congratulations for the fine record which you, the faculty and students of your school have set in exceeding your goal set for a Training

been 184,200 surgical dressings made by the ladies of Knox county. The amount of sewing done for the past two years is as follows:

Foreign war relief, 1,121 garments. Under this group we have dresses, shirts, pajamas and many other garments.

Hospital supplies, 865 garments. This includes bed jackets, bed pan covers and convalescent robes.

Kit bags, 832. Each kit bag was filled with pencil, soap, candy, detective story, shoe laces and shoe shine cloth and many other items.

Knitted garments, 869. The knitted garments consist of helmets, sweaters, gloves and scarfs. In addition there have been made 11 knitted afghans, 2 wool quilts, 11 cotton quilts.

This is a report that every patriotic citizen of Knox county should feel proud of. The next time you are asked to work in the Red Cross sewing room or surgical dressing room, be proud that you can help. Remember you are helping to make things easier for your own son or husband. Join the Red Cross today!

Plane. No doubt it will be of interest to you to know that your school is the second to certify such results to this office.

A duplicate of the decalcomania which will be put in this training plane is enclosed, and we know that you and your students have the same feeling of pride in receiving it that we have in sending it.

Your entire record is most commendable, and we of the War Finance Committee of Texas send our sincere greetings. We trust that you will express to your faculty and students our feeling of appreciation for their support, and we look forward to your continued cooperation.

Yours very truly,
Harry Owens,
Field Director
War Saving Bonds.

In announcing receipt of the above letter, Mr. Cunningham expressed his thanks to W. E. Braly,

C. R. Elliott and all school patrons for their cooperation in putting the local campaign over.

Latest exploit of the versatile little soybean is in fibres. A new elastic, resilient, and moisture absorbent fibre made from soybeans, will soon be on the market.

Ordinary clothes closets are changed to cedar closets with a

ready-pasted wallpaper that retains the cedar odor.

Engineering and natural science departments at the University of Texas will operate this summer on a straight 16-week semester, without a break in mid-summer. Last year, the 16-week summer program in all departments was split into two eight-weeks' terms, each complete in itself.

See Us For Your Needs In . . . Furniture

Wartime conditions make it hard to have all furniture needs in stock, but we continue to receive shipments that make our stocks fairly complete.

Recent additions to our stock give us a fair showing of the following:

- Studio Divans
- Rockers
- Straight Chairs
- Platform Rockers
- Coffee Tables

Get Your Chick Needs

You'll be getting some Baby Chicks soon. Come to our store for Chicken Founts, Chicken Feeders, and Cello-glass for your brooders. See us for other supplies.

Visit our store for your needs in Furniture, Hardware, Garden Supplies, Etc.

MUNDAY HDW. & FURNITURE CO.

LOOK!

As many, many people come in our place saying, "Well I didn't know you had this and you had that," I'm now giving you a list to check over to see if your needs are here or maybe I'll have it then not mention it here, so just come by and look over our stock, it may consist of just what you want.

Hot water heaters for Chevrolets, Olds, Buick and Pontiac cars. . . Sleeves, Pistons, Rings, Water Pumps, Points Ford Tractor, Floor Mats, 33-34 Fords, 37-39 Plymouth, 39 Olds, 38-39 Pontiacs, and 40 Chevrolets.

OTHER ITEMS

- Rameo Piston Rings for all popular cars and tractors
- Ignition Parts for all popular cars and tractors
- Water pumps for all popular cars and tractors
