NUMBER 37

NINE CALVES ENTERED IN DISTRICT SHOW

Revival Campaign To Open Sunday

Funeral For Mrs. J. R. Mayo Is Held Sunday

Mrs. Georgia Mayo, mother of Mrs. James Frost of Munday, died suddenly at the Frost home last Saturday afternoon. Members of the family came to Munday to do their shopping, leaving Mrs. Mayo at home and apparently in good health. When they returned home, they found her dead, seated in her chair.

Born in Mississippi on December 27, 1873, Mrs. Mayo was 70 years, 2 months and 7 days of age. She came to Texas with her parents when only four years old. She had been making her home with her daughter for the past several years.

Mrs. Mayo had been a member of the Baptist church since she was 11 years of age and was a faithful member.

Besides the daughter, Mrs. Frost, she is survived by eight grandchildren and six great grandchildren.

Funeral services were held from the First Baptist Church in Munday at three o'clock Sunday afternoon, conducted by Rev. W. H. Albertson, pastor, assisted by Rev. Chas. Sargent. Burial was in the Johnson cemetery by the Mahan Funeral Home.

Pallbearers were A. J. Gilbert, I. R. Cyfert, C. J. Brazell, Everett Langley, Frank Hendrix and Moody Johnson.

REV. B. B. CRIMM, Cowboy Evangelist

Rev. B. B. Crimm To Hold Meeting

Revival To Continue For Three Weeks

A three-weeks revival campaign, conducted by Rev. B. B. Crimm of Marshall, Texas, noted "cowboy evangelist" who has spent many years conducting revivals throughout Texas and adjoining states, will begin next Sunday night at the First Baptist church in Munday.

This is a non-denominational revival, as "Cowboy" Crimm holds revivals under his own arrangements and not by the sponsorship of any denomination. It will be a community-wide meeting, and people of all faiths and creeds are cordially invited to come out and hear Crimm during this meeting.

Rev. Crimm is no stranger in this section, having held meetings at Munday and Goree two years ago, and in the past has been at Haskell, Throckmorton and other nearby towns. Large crowds attend all his meetings, and much good has resulted from his efforts.

A hunter and a lover of hounds, Rev. Crimm is unique in his methods of preaching, often citing some interesting hunting or dog story to bring out important points in his messages. Those who have followed his evangelistic campaigns say he accomplishes much wherever he goes.

Included in Rev. Crimm's party is Bob Watkins of Hedley, Texas, who is known evangelistic singer and young people's worker. Mr. Watkins will be in charge of song services during the revival. He has followed this profession for over 15 years and has gained the reputation of being a successful singer and worker among young people.

Sunday night's service will begin at eight o'clock, and the evangelist will announce arrangements of other services during the three weeks' revival.

Pastors of Munday churches are urging their congregations to attend this meeting and help in carrying on the work of the Lord's kingdom.

HOME ON FURLOUGH

Seaman 2-c Alvin A. Hollar, who is stationed at Camp Shoemaker, Calif., came in last Sunday and is spending the week here with his parents, Mr. and Mrs. E. A. Hollar.

BOB WATKINS, Singer

Henderson Gets U. S. Air Medal

Staff Sergeant Jamel L. Henderson, son of Mr. and Mrs. M. M. Henderson of Route 1, Munday, Texas, was recently awarded the Air Medal for "extraordinary meritorious achievement while participating in aerial flights on combat operational missions." He has also been awarded six Bronze Oak Leaf Clusters.

Sergeant Henderson is an Aerial Engineer and Gunner in a Liberator bomber operating out of advanced bases in the 13th Air Force. During his 15 month tour of duty overseas, he has successfully completed 46 missions against heavily-defended Japanese installations. He has in excess of 500 combat hours in the South Pacific.

Prior to his entry into the Armed Forces, he attended John Tarleton Agricultural College of Stephenville, Texas. He graduated from Littlefield high school of Littlefield, Texas in the class of 1938. He received his Army Technical Training at the Chanute Field Air Mechanics school and the Las Vegas Gunnery School.

Malcolm Ford Is Wounded In Italy

Mr. and Mrs. J. L. Ford of Munday received word from the War Department at Washington that their son, Malcolm Ford, had been wounded in action in Italy.

The War Department's message dated March 2, merely stated that young Ford had been wounded, and the anxious parents do not know the nature nor the seriousness of his wounds.

Ford is with the 36th Division, consisting mostly of Texas and Oklahoma men, who have been seeing lots of action in the Italian campaign.

VISITS HIS PARENTS

Capt. J. T. Peek, with the army air corps and stationed at San Diego, Calif., spent the past week with his parents, Mr. and Mrs. Jeff Peek of the Hefner community. He returned Sunday to his base and expects to sail soon for foreign service, having already received his sailing orders. Mrs. William Lane and Dimple Peek accompanied him to San Diego for a short visit.

Mr. and Mrs. Lloyd Stephens of Knox City were business visitors here Tuesday.

14 Registrants Are Reclassified

The Knox County Local Board held its regular meeting at Benjamin on Tuesday, March 7, at which time only 14 county registrants were re-classified. They are as follows:

- Class 1-A: Billy G. Spikes.
- Class 1-C: Hamilton V. Henson, Henry D. Matthews, Jr., and Thomas J. Hoffman.
- Class 4-F: Glenver Draper, Damian L. Armendariz, Alvin C. Wiggins, Arthur L. Blackburn, Cecil McMin, Elmo D. Morrow, Fred C. Robinson, Mike M. Chavez, Cleo C. Myers and Joe R. Hurd.

Weather Report

Weather report for the period of March 2nd to March 8th, inclusive, as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature	
	LOW	HIGH
1944 1943		
March 2	29 18	61 52
March 3	53 6	74 46
March 4	33 30	67 71
March 5	40 30	80 63
March 6	41 13	78 41
March 7	31 15	59 41
March 8	30 24	68 63

Rainfall to date this year 4.72 inches; rainfall to this date last year .10 inch.

Mr. and Mrs. Clayton Wren visited with relatives in Seymour last Sunday.

"COTTON" GEORGE MOFFETT

George Moffett Enters Race For Congressman

Friends of Senator George Moffett, farmer-legislator of Chillicothe, often called "Cotton" George because of his long struggle to develop broader uses of cotton, have authorized the placing of his name in our announcement columns as a candidate for Congress from the 13th District. He is an active member of the State Senate, and his colleagues consider him an independent thinker. He is well known over the district and perhaps no better estimate of him as a man and public official could be made than to point out that in the contest in which he was elected to the State Senate, he received over ninety per cent of the votes cast in his home county. His statement follows:

Banner Ice Plant Has Been Overhauled

The Banner ice plant in Munday, which has been closed down for several weeks, has been completely overhauled and is now ready for operation during the 1944 season.

The machinery has been completely gone over and much new equipment has been added to replace the old and to give the local plant greater capacity. The building and equipment has been repainted, and a new cooling tower is being erected on top of the building.

G. B. Hammett, local manager, stated that he expects a smooth running plant during the coming season—one that will not be breaking down during the rush season—and one that will supply this territory with plenty of ice, even on the hottest days. The local manager solicits the patronage of all former customers and all citizens who will need ice during the summer months.

News From The A.A.A. Office

Dairy Feed Payments

Word has just been received from the State AAA office to continue dairy feed payments through February. The payment rate is the same as in previous months.

Payments will only be made for the January and February production. Payments cannot be made for October, November and December production.

1944 Farm Plan Sheets

The signing of the 1944 Farm Plan Sheets was started March 7, 1944. The community committees for each community will hold a meeting at the places listed below:

- Vera—school house, 8:00 a. m. to 5:00 p. m., March 10, 1944.
- Munday—school house, 8:00 a. m. to 5:00 p. m., March 11, 1944.
- Goree—school house, 8:00 a. m. to 5:00 p. m., March 13, 1944.
- Hefner—school house, 8:00 a. m. to 5:00 p. m., March 14, 1944.
- Rhineland—Claus store, 8:00 a. m. to 5:00 p. m., March 15, 1944.
- Sunset—school house, 8:00 a. m. to 5:00 p. m., March 16, 1944.
- Knox City—Lezion hall, 8:00 a. m. to 5:00 p. m., March 17, 1944.

The plan sheets give the farmers a chance to plan their farming operations for the coming year and will, at the same time, tell the world what is going to be done on the farm front in 1944. The administrators of the War Food Program need to know this information so that they may plan future programs. The boys on the front lines want to know what the farmers are going to do to back them up in 1944. This is the only way that they can get this information. The farmers who do not sign up the plan sheets for their farms are depriving people all over the world of information that they want to know.

BIRTH ANNOUNCEMENT

Cpl. and Mrs. W. H. Jones are announcing the arrival of a son who was born at the Haskell hospital on Wednesday, March 8. Cpl. Jones is stationed at Camp White, Ore. Mrs. Jones is the daughter of Mr. and Mrs. Otis Simpson. Mother and son are reported doing fine.

"For many years I have gained valuable experience in public affairs, as a member of the Texas Legislature. I am now Chairman of three important Senate committees, and a member of ten others. I have often taken the lead for farmers, small businessmen, the schools, and war veterans.

"I was born near Chillicothe, Hardeman County, forty-eight years ago, I am married, and have two small children. My father came from Ellis County to Hardeman County, over fifty years ago, and still owns the homestead which he bought then. He always insisted that work is a necessary part of living, and I am no stranger to it. At age fifteen, I left home, and finished high school at Chico in Wise County. I later worked for several years at Graham in Young County. I believe that my past experience in both branches of the Texas Legislature, and my lifelong acquaintance in the district, qualify me to represent the 13th District in Congress.

"Space permits a discussion of only a few issues. During the campaign, I will discuss others, and also enlarge upon the following:

"First, nothing should be allowed to hinder the early and successful conclusion of this war, with the least possible loss of life and waste of money.

"Second, we must do full justice to the men and women now serving their country. Those disabled must have the best care and treatment possible to give them. Under no circumstances should this be neglected. Also, the Federal Government must provide for the completion of the education of those who wish it, when they return, and for suitable employment for those not wishing to go to school. Many other matters will arise regarding those so deserving at our hands, and when this occurs, any doubt should (Continued on Page Five)

Auction Sale Reports Big Day

The Munday Livestock Commission Co. reports another big run of cattle and hogs for the weekly auction sale last Tuesday. Good quality fat cattle sold steady, while common cattle sold some lower than a week ago. Prices paid are as follows:

Canner and cutter cows, \$5.25 to \$7.50; butcher cows, \$8 to \$9.50; beef cows, \$10 to \$11.10; butcher bulls, \$8 to \$9.25; fat bulls, \$9.50 to \$11; butcher yearlings, \$8.50 to \$11; fat yearlings, \$12 to \$14; rannie calves, \$8 to \$9; butcher calves, \$9.50 to \$11.50; fat calves, \$12 to \$14.25.

Some stocker steer calves sold from \$12.50 to \$14.40.

RED CROSS LADIES TO FILL KIT BAGS

Those in charge of local Red Cross activities are urging all ladies to meet Friday afternoon at one o'clock at the Red Cross sewing rooms for the purpose of filling kit bags and doing some sewing. Everyone who possibly can is urged to be present and assist in this work.

Mrs. Lois Burns returned Friday from the Knox County Hospital where she underwent major surgery.

Nine 4-H Club members of Knox county are exhibiting their fat calves at the Wichita Falls District Show this week.

The nine boys who are showing their calves are Hardy Richards, Vera; Stanley Glover, Benjamin; Fred Lewis Crenshaw, Benjamin; Pat Hill, Munday; John Charles McFerrin, Benjamin; Leroy Davis, Vera; and Jerrel Trainham, Vera; Billy Richards, Vera; and Carol Fred Glover, Benjamin.

Many ranchmen of Knox county who visited the county show at Munday on Feb. 19th, think that the Grand Champion calf shown by Stanley Glover, will come close to winning the Grand Championship at Wichita Falls. This calf is a beautiful specimen of breed type and quality and has an abundance of finish. The steer fed by Carol Fred Glover is also expected to be a strong contestant.

Stanley Glover, Hardy Richards, Pat Hill, and Billy Richards will also represent Knox county in the District Livestock Judging Contest. Twelve counties of the district will participate in the contest. Four classes of four steers each will be used in the judging contest.

Relation Of Club Work And Life In Army

What relation is there between 4-H Club work and army life? A former Texas 4-H Club boy has answered that question in a letter to L. L. Johnson, state boys' club agent of the Texas A. and M. College Extension Service.

Four years ago Joe Davidson of Moore county was an outstanding club boy. So outstanding that he was chosen as one of Texas' representatives to the National 4-H Club Congress in Chicago. Since then, Joe finished high school and did his pre-veterinary work at West Texas State Teachers College. Then he went into the army.

In the army, Joe has gone through infantry basic, then did a short hitch with army intelligence and taking care of some Nazi soldiers. Now he's in the army's student training program studying veterinary medicine at Michigan State College.

And here is how he feels about 4-H and the army. "My 4-H work has been invaluable here as well as other places I have been. The quality of leadership made possible through 4-H is certainly an asset to a fellow in the service. I am reminded each day more about the benefits I have experienced as a direct result of being a member of the 4-H Club. And I feel more indebted to those whose patience has been a genuine inspiration to hit a little harder when things go wrong." Those are Joe's words.

Extension workers believe sentiments like these should encourage rural boys, not yet old enough to shoulder arms, to get in the fight under the 4-H banner. It would be an especially good idea during National 4-H Mobilization Week, March 4-12.

Charter Night Plans Complete

Plans for the charter presentation night of the Munday Rotary Club are virtually complete, and it is expected that around 250 people will attend the program in the high school gymnasium tonight (Thursday).

Hubert Johnson of Waco, superintendent of the Methodist Orphan's Home and well known Rotarian and speaker, will bring the principal address. District Governor Pic Larmour of Graham will present the charter to the local club president, Jim Brasher.

Barton Carl, secretary, has received word from many clubs of the 127th district that they will bring representatives to the meeting, and around 150 visitors are expected.

A full account of "Charter (Night)" activities will be carried in next week's issue of The Times.

Mrs. C. A. Eiland returned to her home in Lamesa last Saturday after a week's visit with relatives here.

W. H. Atkinson, Mrs. T. L. Stall and children and Miss Thelma Atkinson visited in the home of Mr. and Mrs. W. M. Hoskinson in Wichita Falls over the week end.

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"

THE DOCTOR'S INCOME

In all the arguments and counter-arguments about state medicine, the Wagner Bill, and the medical activities of Federal Bureaus, the impression is often given that doctors represent a rich, vested interest which is unympathetic to the general population. A statistical study of the financial affairs of doctors shows this to be a fallacious viewpoint.

In an elaborate study of doctors' incomes made in 1939, the last pre-war year, it was found that the average net income of all doctors in the United States came to \$5570 per year. More than that it was revealed that doctors reached their peak income after 15 years in practice and that there was a drop of 10 per cent in income for each five year period thereafter. In other words, doctors began with nothing after four years of medical school, spent 15 years reaching a peak income and immediately began a progressive decline in earnings.

It is a popular view that city doctors are rich while country doctors are poor. The study revealed however that the greatest medical incomes are made in cities of 50,000 to 100,000 population, while the poorest incomes were made in the smallest (less than 1000) population and the largest (over 1,000,000 population) communities.

In comparison with other business and professional groups we find that the doctors enjoy average or slightly less than average incomes, so that they are by no means the affluent group that some reformers think them to be.

The effects of the war on the average income of doctors is very serious, since more than one third of all the doctors in the country are in the armed forces drawing low ranking officer's pay, while the doctors remaining in practice are busier than ever their income rests on personal service and this is limited by the number of hours a man can work each day.

Doctors have a long tradition of years of schooling, the "starvation years," a few peak years of income, and the rapid decline. Still the ambition to serve steadily draws new recruits into their ranks. If this profession should come under the control of a government bureau and the practice of medicine should become a "government job" the ideal of study, service and science would be lost, as it has been in Germany, France, and other state-dominated countries.

THE HOUSE OF CARDS

Mr. Murray, head of the CIO, argues that because the cost of living has risen higher, according to his estimates, than according to government statistics, wages must continue to rise. This means increased cost of production and still higher prices.

The game being played by prominent labor leaders is like the childhood pastime of building a house of cards—inevitably one last card brings the structure toppling down.

There is no reason for our country suffering a devastating collapse if our people will use their God-given intelligence, instead of following the easy money, no work boys, as sheep follow a blind leader over a precipice.

"HEALTH" TIPS

Life and Health recently discussed one of the most difficult "health" problems in the country—how to keep from being burned alive in your own home. It asked readers: "Will your home catch fire tomorrow? Certainly not" you will say.

"But tomorrow a thousand totally unexpected fires will break out in American homes, destroying property valued at about a quarter of a million dollars and killing more than ten people, mostly women and children. This happens day after day, year after year, with the regularity of clockwork. Why should not your home be one of the next thousand to burn?"

"Very likely, there is no good reason. The average American home is all set for a fire, and only a favorable combination of circumstances is required to start one.

"But, by taking intelligent care, you can make your home an exceptionally safe one, because, though some home fires are due to causes beyond the control of the occupants, the great majority are the direct result of careless or ignorant home management.

"Here are some of the principal steps that should be taken in order to safeguard the lives of your family and your property from fire. Put hot ashes in metal, not wooden containers, be sure electrical equipment is in good condition, keep available suitable fire extinguishing equipment, get proper instruction on using fire extinguishers, keep matches out of reach of small children, never let combustible rubbish accumulate in the home."

WAR OF MOVEMENT

"This war, beyond all the other wars that men have fought, is a war of movement," said Robert S. Henry, of the Association of American Railroads. "The movement begins here at home. It begins in the fields and the forests, in the mines and quarries, all over this United States. It begins in Bolivia and Brazil and Guiana and in all the Americas. It carries on through all the processes of fabrication and assembly of the weapons of war, to putting those weapons in the hands of fighting men, and transporting the men and the weapons, and the ammunition and supplies they must have, to battlefields in every part of the globe—movement all the time and all the way, until the shell which started in the ore pits of Minnesota and the coal mines and quarries of Pennsylvania, the cotton fields of the South, the copper diggings of Arizona and the zinc mines of Missouri, bursts in New Guinea, or Italy, or upon the soil of Germany or the home islands of the Japanese."

Yes, this is first of all a war of movement, a war of transportation. To wage such a war, America needs and uses transportation of every sort, abroad and at home. Here at home, the backbone of that transportation is the American railroad system—a continental system; highly coordinated in its operations, geared to the production of the mass transportation without which mass production could not be carried on, and modern war could not be waged.

If American railroads had faltered during this war emergency, it would have meant an outstanding Axis victory. It is to be devoutly hoped that the transportation lessons learned in this war will be so impressed on the conscience of America, that from them we shall derive a sound policy which will permit each method of carriage—railroad, boat, airplane, or truck—to do the work for which it is naturally and inherently best fitted. Under such a policy, this country could enjoy transportation service of a capacity and variety, fitness and economy such as not even America has yet seen.

WHY NOT BE CONSISTENT

Farmers have long been reputed to be the backbone of the private enterprise system and the leading defenders of private ownership of property.

In Oregon recently, a small sparsely settled rural district with a few hundred power users, voted on a \$175,000,000 bond issue which would have authorized it to buy the principal power companies in Oregon and Washington. The people in the district voted the measure down. The Oregon State Grange, however, representing the Oregon farmers, through its executive committee, passed a resolution unanimously supporting the bond issue and pledging its assistance in securing its approval. The Grange put itself on record in favor of public ownership in one great field of private endeavor.

If public ownership is good in the power industry to save the average family a few pennies a month, the Grange, to be consistent, should be perfectly willing to support a measure for a \$175,000,000 bond issue to provide government owned farms to furnish the people of Oregon and Washington food "at cost." Certainly this is more important than furnishing them electricity "at cost."

If we are going to have socialism, let's start at the bread basket, not at the cookstove. Why have a government-owned power project to irrigate land, which land may be owned and operated by members of the Grange for private profit? If the policy of selling electric power "at cost" is sound, why should not the crops which are a product of the power, be sold "at cost?"

"Government officials have admitted that farmers need more money and have provided subsidy payments as a sop, which farmers oppose in principle. They want fair prices for their products, not doles from the public treasury."—Fred H. Sexauer, president, Dairyman's League Cooperative Association, Inc.

Baby Navy of Canada Grows Into Husky Manhood

Clad in slickers for protection against the spray of heavy seas, these sailors on a Canadian minesweeper are bringing aboard the paravane, a device used in sweeping the shipping channels clear of enemy mines. Left, a corvette meets with dirty weather on a North Atlantic patrol, while, below, a Royal Canadian Air Force flying boat cooperates with a destroyer, a combination that has accounted for many U-boats attempting to throttle the life-line of supplies to our fighting forces overseas.

In this world war, as in the last, the Allies are fighting at the end of supply lines stretching across the world's widest water spaces. During the first years their chief efforts were devoted to building up their armed strength, producing the machines of war, and keeping their garrisons across the oceans supplied with food and weapons. The North Atlantic convoy routes to the United Kingdom have been called "the lifeline of Europe." As recently as last summer Prime Minister Churchill said that "the U-boat danger is still the greatest we face." There were times during the first years of the war when it appeared that the lifeline of Europe might snap.

The Royal Canadian Navy, a force which seemed of little importance

in 1939, has been responsible for half the work of keeping that lifeline intact. During the days of the U-boat "wolf packs," when the German undersea onslaught was at its peak, corvettes of the R.C.N. fought the submarines to a standstill. At the outbreak of war the R.C.N. consisted of 15 ships and 1,700 men. On this foundation a navy now numbering more than 74,000 men and 600 ships was built. This new navy was designed primarily to do one particular job, that of guarding convoys. For this purpose Canada built up a fleet of small, sturdy fighting ships capable of standing the pounding of North Atlantic seas, fast and maneuverable enough to elude enemy torpedoes and run down enemy submarines.

Gems Of Thought

SPIRITUAL THINGS

Human things must be known to be loved; but divine things must be loved to be known.—Pascal.

Once loved deeply, all truths are so beautiful that they ravish us beyond ourselves, and the first rapture of life is to point them out to others. Nor does the rapture die, but grows in the using.—Stopford A. Brooke.

Do not think that nothing is happening because you do not see yourself grow or hear the whirr of the machinery. All great things grow noiselessly.—Drummond.

When we are willing to help and to be helped, divine aid is near.—Mary Baker Eddy.

The highest attainment, as well as enjoyment of the spiritual life, is to be able at all times and in all things to say, "Thy will be done."—Tryon Edwards.

Trust in God for great things. With your five loaves and two fishes He will show you a way to feed thousands.—Horace Bushnell.

Mobilization Week Big Challenge For 4-H Club Members

The period from March 4 to March 12 will be 4-H Mobilization Week in Texas and throughout the nation. One of the purposes is to encourage every active 4-H member, boy and girl, to take the responsibility for enrolling at least one new member and helping the new member to get started in the local 4-H Club.

Another objective is to let the people know what the club boys and girls have been doing. We can tell you a little about that. . . . In 1943, Texas 4-H Club members produced and conserved more food, feed and fiber than in any previous year. . . . And they did this while sharing a larger part of the regular farm work than at any other time.

A record number of Texas boys and girls were enrolled in club work last year. Nearly 41-thousand white boys and about 60-thousand white girls wore the 4-H insignia. This was an increase in club memberships over 1942 of about 6,000 boys and 18,000 girls. In addition, about 9,000 Negro boys and 10,000 Negro girls carried on similar work in counties having the services of Negro county Extension agents.

During Mobilization Week every active member of a Texas 4-H Club will have the opportunity to reaffirm intention of carrying his or her goals to completion, especially those affecting food production, conservation and health. But an

Dr. Rainey To Be Speaker For Baptist Hour

President Homer P. Rainey, of the University of Texas, is the Baptist Hour speaker for Sunday morning, March 12th, according to Chairman S. F. Lowe of the Radio Committee of the Southern Baptist Convention, Atlanta, Georgia.

Mr. Lowe announces that Dr. Rainey is peculiarly qualified to speak on his subject, "Youth Facing the New Day," having served as director of the American Youth Commission 1935-39, and having rendered constant and wise service as youth counselor and speaker throughout his distinguished career as President of Franklin College, 1927-31, and of Bushnell University 1931-35, and since as President of the University of Texas.

The music by The Baptist Hour Choir has proven a very attractive feature of The Baptist Hour pro-

even larger membership is sought for 1944. L. L. Johnson and Onah Jacks, Extension state club agents, are shooting for an enrollment of 50-thousand boys and 90-thousand girls. Miss Jacks says that 90-thousand would represent only one-third of the Texas girls eligible for 4-H Club work.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel fern laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.
CREOMULSION for Coughs, Chest Colds, Bronchitis

grams, as is reflected in comments in the fan mail received from throughout the South and West every week.

The other two speakers to follow Dr. Rainey in March are: Dr. J. Howard Williams of Oklahoma City, Oklahoma, on the subject, "The Basis of World Fellowship." Dr. W. F. Powell of Nashville, Tennessee, on the subject, "Love is the Answer."

The Baptist Hour can be heard in Texas over stations WFAA of Dallas and KPRC of Houston.

EMPLOYERS PLAN FAMILY VACATION FOR WORKERS

Employers in Ephrata, Pa., decided working husbands and wives and their grown children were entitled to vacations together. They worked out plans through the Chamber of Commerce. Result: All employees of the town's major industries—some 2,500 workers—will enjoy their holiday from next June 30 to July 10.

Gifts and grants totaling almost \$11,000 have come to the University of Texas during the past two months. They have included several scholarship funds, \$5,000 from the General Education Board for continuation of a public school study, and \$2,300 from the Office of Scientific Research and Development for continuation of vitamin studies.

Freshman News

The Freshmen have finished their six-weeks tests. Here's hoping we passed them all. That Algebra had most of us stumped.

We are writing plays in English. Some of them are quite exciting and there are some thrilling murder mysteries in the lot. Of course we are all amateurs but we hope to improve.

Sophomore News

The Sophomores are all getting over a big week end. Everyone had a very nice time at the class party in the gym. The end of the six-weeks was the reason for our celebration. We were very glad to have our guests.

All of our classes are slacking up this week after tests. I think everyone thought Biology was an easier test than we expected. However, it couldn't be too easy.

Junior News

We juniors seem to have recuperated from those six-weeks tests we had to endure last week; but we'll probably feel worse than ever when report cards come up.

We welcomed Preacher back today by going to History class without studying our lessons. We thought it would be more like home to him if we did the same thing we always have.

After all the rush and scramble to get English notebooks up, everyone has decided to get them up on time and perhaps it will be easier. Plane Geometry was easier than most expected but still it seemed

we hadn't studied as much as we should have.

Senior News

Well, six weeks exams are over again for the present, and we can rest our brains for another spell. But from the looks of our Book-keeping exam grades, all of us need to get our little heads busy and try to learn something about Book-keeping.

The Seniors finally received their invitations last Friday, and what a thrill! Naturally, everyone of us thinks the leather invitations are the most attractive.

Our English class has been studying several selections from "The English Bible" in our Literature. Believe me, the Seniors are going to try to keep our English notebooks up to date from now on.

Most of us seemed sort of deaf and didn't hear Mrs. Henson when she told us to outline each selection for our notebooks. Well, I'll bet we try to keep our ears open from now on, especially in English class, because we don't like to be rushed and crammed for time!!!

This week our Chemistry class is working in the laboratory and preparing interesting experiments. There seems to be certain members in our class who just love to take shower-baths! Won't you agree, Mary, and even in the Chemistry lab?

LOCALS

Mr. and Mrs. George Spann of Dallas spent the week end here with George's brothers, John C. and Oscar Spann, and with other relatives and friends.

Mr. and Mrs. J. L. Brasher spent the week end in Bowie, attending the bedside of Mrs. Brasher's father who is dangerously ill.

Mrs. L. A. Allison of Dallas is visiting her parents, Mr. and Mrs. Bud Nelson, and other relatives here this week.

Mr. and Mrs. A. H. Mitchell visited relatives and friends in Baird over the week end.

Mr. and Mrs. Roy Baker and son, William Roy, of Knox City visited relatives and friends here last Sunday.

Mrs. Ed Swaner and two children of Fort Worth are visiting with relatives and friends here this week.

LETTERS FROM THE PEOPLE

The following letter is being printed for the interest it may have for the many friends of Mr. and Mrs. L. A. Jungman:

To The Munday Times:
 This may or may not be of interest to the readers of The Munday Times, but it was a real exciting experience to us.

On May 21, 1943, we packed our grips, loaded them and a few household goods plus bedding and chucked into our old trusty V-8 Ford pickup, equipped with four tires and tubes that had been in constant use for over three years and a slightly used spare, and in spite of all of the discouraging words and regrets, we headed west, for we were going to California. Well we had a little tire and car trouble, but who doesn't have more or less of that to contend with, even when out for a pleasure drive?

Anyway, we reached our destination after journeying day in and day out, through endless stretches of mountains and desert with an occasional Mexican or Indian village nestling in a remote mountain cove alongside a dry gulch, or even on a mountain top. But the thing that impressed us most were the cave dwellers, who live in huge caves cut into solid rock in the mountainside, where they live and dress in gaudy silk robes just as they did in their primitive days. And then, there is the beauty spot, the painted desert, in all its beauty and glory, stretched out over a vast terrain along the highway, with an occasional trading post or a novelty store, a worthwhile place to stop and shop and see the souvenirs and trinkets fashioned by the Indians from nature's own minerals of all colors, found only in this valley of mystery. Now back to the west coast and

COTTON QUIZ
 IS THE COTTON BELT A ONE-CROP AREA?

 ANSWER: NO! CONTRARY TO THE POPULAR OPINION, ONLY 22% OF THE CROP LAND IN THE 10 LEADING COTTON PRODUCING STATES, IS DEVOTED TO COTTON!

Los Angeles, the city of cities, which all in all, with its cities within the city and 368 days of sunshine, as the Chamber of Commerce puts it, has been shrouded with low-hanging clouds almost continuously for the past two months. As it "never rains in California, we've had so many heavy dews that the streets and highways have been flooded and washed out. On my way to work at Douglas Aircraft Co., located just three miles north of where we live, I have had to detour quite a lot on account of flooded streets.

Our morning paper, the Los Angeles Examiner, just came in, and at first glance I noticed this:

"Rains Wash Out Gilmore Roud-Up"

"Recent rains have caused another postponement of the Sunset Ranch rodeo scheduled at Gilmore Stadium for Sunday, to March 12."

So it does rain here once in a while, and up to now we have had a little over 14 inches in the last

Drivers Asked To Help To Fight Black Market

An appeal was made this week by J. W. Melton, chairman of the Knox County War Price and Rationing Board, to the people of Knox county to help stamp out black market gasoline by writing their license numbers and the word, "Texas" or name of state where car was registered, on the face of each of their gas ration coupons. "Black market gasoline is an increasingly serious threat to our efficient conduct of the war," Mr. Melton said. "From information just received from the district office in Fort Worth, it appears that black market sales of gasoline are greater than many of us realize." The chairman appealed to all of the drivers in Knox county to help the board and the honest gasoline dealers to put a stop to black market operations which are estimated to be diverting approximately two and one-half million gallons of gasoline daily from war purposes.

"The Gasoline Panel of our War Price and Rationing Board is making an honest effort to distribute gasoline in such a way that it will be of the maximum service to the war effort," Mr. Melton said. The amount of gasoline available to the gasoline panel for allocation, how-

ever, is reduced by the number of gallons which go through black market channels, according to the chairman.

He pointed out that from the total national supply the armed forces get first choice. What is left is supposed to be distributed by War Price and Rationing Boards for civilian use, with those whose cars are most vital to the war getting the biggest share. Black market usage of gasoline can only result in lowering the value of our ration coupons or in reducing the amount of gasoline that each of us receives as a basic ration. "Every gasoline ration book holder should write the word, "Texas" and the license number of his car across the face of each gasoline ration coupon in order to help fight this black market menace," Mr. Melton said.

Back the attack against those who attack in the back.

two months. Call it dew if you want to, C. of C., but I would call it pure-dew rain with thunder and lightning, wind, hail and what have you.

But after all is said and done, we like it here, although it is not all roses and sunshine. There is one thing sure—we do not have to get out in the cold and shake and shudder, for we haven't even had frost here. In fact, the change of season is so gradual that you hardly realize that there is any change at all, except that it is dry all spring, summer and fall, but it rains in winter.

So good luck to all you good people of Munday, from Mr. and Mrs. L. A. Jungman.

THE OLD JUDGE SAYS...

"Judge, would you mind tellin' Charlie here what you told me the other night walkin' home from lodge. I can't word it just the way you did."

"Sure thing, Tim. Here's what I told him, Charlie. There's no such thing as votin' a nation, a state, a county, or even a community dry. We had proof enough of that

during our 13 years of prohibition. What you really vote for is whether liquor is going to be sold legally or illegally...whether the community is going to get needed taxes for schools, hospitals, and the like, or whether this money is going to go to gangsters and bootleggers. That's the answer, boys... simple as A-B-C."

Wylie Johnson Family Enjoys Reunion Sunday

Mr. and Mrs. Wylie Johnson were very happy when all four of their sons who are in our country's service were home for a reunion last Sunday.

Doyle Dean Johnson arrived home Friday night from the San Diego, Calif. naval training station. Saturday morning Delbert and Sibil Beauchamp, son and daughter of Mrs. Johnson, arrived home. Delbert came from Fort Bragg, N. C., where he is stationed, and Sibil from Fort Worth, where she is employed.

Burl Johnson and wife came Saturday night from Sheppard Field, and Ellis Johnson arrived Sunday from the San Angelo Army Air Field.

Mr. and Mrs. Johnson, their above children, and Betty John Beauchamp and Don Johnson were all present. The following relatives and friends called during the day: Mr. and Mrs. J. D. Speck, Mrs. J. F. Speck, Mrs. J. E. Edwards, Mrs. W. L. Beauchamp, Mr. and Mrs. H. R. Beauchamp and children, Mr. and Mrs. W. J. Speck and children, all of Rochester; Mr. and Mrs. A. J. V. Johnson, Mr. and Mrs. Joe Patterson and children, Mrs. W. D. Snody and children, Mrs. Virgil Yost and children, Misses Latreace Johnson, Betty Morris and Evelyn Moore, all of Munday; Mr. and Mrs. S. A. Turner and daughter and Miss Neoma Norwood, Goree, and Miss Gladys Wright of O'Brien.

HOME ON VISIT

Gena Beth Watson, who is serving in the WAC and stationed in Maine, came in the latter part of last week for a visit with her parents, Mr. and Mrs. Dave Griffith.

Nevin, Annette Patterson; Victory Polka, popular tune, and Turkish March, Beethoven, Bobby Frank Hudson; Dream Waltz, Carl Wecker, and Cuddle Up a Little Closer, Karl Hoeschna, La Rue Tolson, accompanied by Mrs. Casey; Home, Sweet Home, Harry Bishop, Jane Rutledge.

Former Munday Man Married To Wave In Deleware

Announcement was received here this week of the marriage of Master Sgt. Boyd Carley, well known former Munday man, and Miss Marjorie Lawson, WAVE, whose home is in Flemington, N. J.

The marriage was solemnized in Delaware on February 18, shortly after Sgt. Carley finished maneuvers in Louisiana.

The bridegroom was employed as news editor of the Munday Times in 1937, later taking over an insurance agency. He was a charter member of the Munday Lions Club and was active in civic and social affairs during the time he resided in Munday.

After the war, the couple plan to make their home in Oklahoma City.

Sunset H. D. Club Has Meeting On Last Thursday

The Sunset home demonstration club met on Thursday afternoon, March 2, in the home of Mrs. R. M. Almanrode, with the president in charge.

After a short business session, the agent gave a demonstration on making attractive collars and button-on bows. Then 21 pieces of pottery were painted in several lovely colors.

Refreshments were served to nine old members, three new members and the agent. The next meeting will be March 16 in the home of Mrs. E. E. Nix.

Guests in the home of Mr. and Mrs. Frank Bowley last Sunday were Mr. and Mrs. G. E. Barnes, Mr. and Mrs. Otis Barnes and daughter, Doris, of Bangs, Texas; Mr. and Mrs. W. B. Seymore and Coletta Nell Thompson of Brownwood, Mr. and Mrs. A. F. Minton and Larry Don Shumate of Red Springs, Mr. and Mrs. A. E. Bowley and son, Joe Frank, and Mrs. J. O. Tynes of Munday.

Elnor Beth Hendrix Lt. Joe A. Bolsvert Wed In Abilene

Marriage of Elnor Beth Hendrix, daughter of Mr. and Mrs. J. F. Hendrix of Munday and a junior student at McMurry college, and Lt. Joe Alfred Bolsvert took place at chapel No. 9, Camp Barkley, at 8 p. m. Saturday. Chaplain L. Fortin read the double ring vows by candlelight.

Prenuptial soloist was Bonnie Wilkins of McMurry, who sang, I Love You Truly. Her accompanist was Cpl. Floyd A. Ramsey, organist, who also played the wedding marches.

The couple's only attendants were Rita May Bigony of Big Spring, McMurry student, and Lt. H. L. Peters.

The bride was wearing a powder blue woolen suit with white and black accessories. Her flowers, gardenias, were arranged in a shoulder corsage, and she carried a white Bible. Miss Bigony wore a dusty rose woolen suit, and her corsage was cornflowers.

Lieutenant and Mrs. Bolsvert will leave Abilene this morning for Buffalo, N. Y., where they will be guests of the bridegroom's parents, Mr. and Mrs. A. Bolsvert, for several days. Lieutenant Bolsvert will report on March 9 to Camp Ritchie, Md., where he will be in military intelligence. The couple will live in Baltimore, Md.

Mrs. Bolsvert is a member of Kappa Phi, girls' social club, at McMurry, reported for the Boyce hall club and a member of the Mission band. Lieutenant Bolsvert has been with the 12th Armored division at Camp Barkeley for the past four months.—Abilene Reporter-News.

Miss Lois Miller Becomes Bride of San Angelo Man

Miss Lois Miller of Goree became the bride of Delbert Kiser of San Angelo on February 13th, in a wedding ceremony performed at the home of her parents, Mr. and Mrs. E. N. Miller.

Rev. J. Waid Griffin, pastor of the Goree Methodist church, read the beautiful marriage rites in a single ring ceremony. The bride wore a gown of blue crepe with black accessories.

Mrs. Kiser is well known in Goree, having graduated with the class of 1941, later attending business school in San Angelo, where she has been employed for the past two years.

Mr. Kiser is well known in San Angelo, having lived there a number of years. He is employed as mechanic for one of the business firms of that city.

Mr. and Mrs. Kiser are at home in San Angelo.

HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

The home demonstration club met at the home of Mrs. F. M. Lambeth on March 7 at 3 p. m. The county agent was present and routine business and demonstrations were held.

Mrs. Lessie Jackson has returned from a trip to Houston to see her daughter and family, the J. T. Smiths, who came to Hefner and Thorp to see Mr. Smith's mother, who was injured in an auto accident. She is improving.

Mrs. Akins, mother of A. W.

Goree Sophomores Enjoy "Leap Year" Party Friday Night

The sophomore class of Goree high school enjoyed a "Leap Year" party in the high school gym on Friday night, March 3. A number of games were played, and punch, tuna-fish sandwiches and doughnuts were served to the following:

Margie Blankinship, Naomi Jean Miller, Gloria Murdock, Trudy Jane Coffman, Nelda Loving, Joline Hendrix, Wanda Sanders, Bernice Shahan, Naomi Hampton, Verna Lee Rowllins, Arlene Blaschke, Jim Earl Hammons, Gene Shackelford, Ed Jones, George White, D. G. Chamberlain, and Kenneth Blaschke. Miss Louise Rice was class sponsor.

Gilliland Club Has Regular Meet Wednesday, March 1

The Gilliland home demonstration club met with Mrs. Syble Simmons on Wednesday, March 1.

During the demonstration, given by Miss King on collars and bags with a tailored finish, everyone received a number of helpful ideas, with patterns and instructions.

The business session was conducted as usual, with one new member enrolled. Following refreshments, plans were made for painting pottery at the next regular meeting, which will be at the school building on Wednesday, March 15.

Akins, is visiting his family here. A. W. is in the service and is in the Hawaiian Islands.

Mr. and Mrs. Jerry Hudson have received word that their son, Walter, has been transferred from North Africa to Italy.

Several from Hefner attended A. J. McNeill's funeral at Seymour recently.

T. H. Lambeth and family and Dalton Jones spent the week end with Mr. and Mrs. Philip Jones at Grand Prairie and at Dallas.

Mrs. Lee Boggs enjoyed a visit from her son, Hugh Boggs, and family of Lovington, New Mex.; also Bryton Lawson of Rule and their children, Mr. and Mrs. Homa Howard of Goree.

Mrs. K. W. Hawk of San Diego, Calif., has returned to her home after a 15-day visit with relatives here and at Littlefield.

The friends of Mr. and Mrs. B. R. Holder of Wichita Falls will rejoice with them upon the arrival of a new daughter.

Mrs. A. W. Akins and son, Jerry, of the Hefner teaching and Mrs. T. H. Jones attended church in Goree last Sunday.

If You Suffer 'PERIODIC' FEMALE PAIN

With Its Weak, Cranky, Nervous Feelings
If at such times you, like so many women and girls suffer from cramps, headaches, backache, nervous tired feelings, are a bit blue—due to functional monthly disturbances—Start at once—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous not only to help relieve monthly pain but also accompanying tired, weak, nervous feelings of this nature. This is because of its soothing effect on one of woman's most important organs. Taken regularly—Pinkham's Compound helps build up resistance against such symptoms. Follow label directions.
LYDIA E. PINKHAM'S VEGETABLE COMPOUND

We're Ready To Serve Your Ice Needs

Work of overhauling the Banner Ice Plant is nearing completion. New equipment has replaced much of the old, and we now have one of the best equipped ice manufacturing plants in this section.

We do not expect machinery trouble, such as that which hindered us in the peak of the season last year. We believe our plant will operate smoothly, and that we can furnish you with plenty of pure, fresh ice at any time of day during the hot months.

Arrange now to have us place you on one of our regular delivery routes. It won't be long until you'll be needing ice!

Your Ice Business Always Appreciated

Banner Ice Co.
G. B. HAMMETT, Local Mgr.

Fight Food Waste Housewives Warned By Home Expert

The reported terrific waste of food in the United States is a challenge to the American housewife, Miss Albertine Berry, home economics director of Lone Star Gas Company, stated today in launching a food saving campaign. She declared that government reports show between 15 and 30 per cent of all food produced is wasted.

"This waste," she said, "occurs in harvesting, shipping, in stores, and above all, in the kitchen. Here's where the housewife can take hold of food conservation and actually make her kitchen fight for victory. Food is conserved through careful buying, proper preparation and cooking, serving smaller portions and use of left-overs."

Miss Berry pointed to the necessity for victory gardens, warning that "there is a greater danger of people actually suffering from

food shortage this year than ever before."

With the spring canning season just around the corner, Miss Berry and her staff of experts plan canning demonstrations and distribution of canning information of all kinds including booklets and bulletins.

Miss Berry said that frequently as much as 50 per cent of fresh vegetables purchased by housewives is wasted in the kitchen. She said beet tops, celery tops, radish tops, and the like, should be used in salads or in vegetable mixtures for soups, or as mixed greens, rather than throwing them to the garbage pail. In discarding the outside leaves of cabbage and lettuce, for instance, she said that housewives were wasting the most nutritious parts, because "The greener the leaf, the more food value."

"In cooking food, small amounts of water should be used to prevent discarding food value," she said. "Liquids from foods cooked in water should not be wasted down

the drain, but saved for making soups and gravies. Meats should be cooked at low temperatures to reduce shrinkage."

LOCAL WAC IS AWARDED GOOD CONDUCT MEDAL

S.-Sgt. Johnnie M. Patterson, daughter of Mr. and Mrs. L. B. Patterson, now stationed at Stark General Hospital at Charleston, S. C., has recently been awarded the good conduct medal.

This medal is given to enlisted personnel for exemplary behavior, efficiency and fidelity.

Mrs. R. O. Dunkle of Benjamin was a visitor here last Saturday. She was on her way to San Antonio to attend the bedside of her mother who is seriously ill.

Miss Elizabeth Mounce visited her father, J. D. Mounce, her sister and family, Mr. and Mrs. R. H. Kunkle, and other relatives in Me-gargel last Sunday.

How to take care of your Gas Range

1. Do not put wet dishes directly on the enamel. (This enamel is glass.) Protect top with asbestos mats.
2. Wipe off spilled foods at once, with dry cloth. Later when range is cool, clean with damp cloth.
3. To clean top burners of aluminum or enamel, use mild soapsuds; rinse and dry. (Do not boil in soda solution.)
4. To clean broiler grill, let cool before washing with soapsuds; use fine steel wool. (Remove grill and pan from the range as soon as food is taken off.) Whenever possible, use only a moderate heat for broiling, and you will find the broiler easier to clean. (Many foods broil well with a moderate heat.)
5. The oven-lining will last longer if you roast meats at low temperatures (250° to 325°). It makes better-tasting meat besides, and also cuts down grease-spatter on oven-walls.
6. To clean up spill-overs on oven-floor, let cool, and then use a fine steel wool.
7. Don't load the oven-door with heavy roasts as you put them in or take them out. It might warp the door.

THE GAS RANGE OF TOMORROW is being planned today for you by the Gas Industry. When the war is over and the peace is won these miracle ranges will be available. In the meantime, keep on buying more war bonds to hasten victory.

LONE STAR GAS COMPANY

Kryocide... the proven insecticide

Kryocide has been used for years by commercial growers of fruit and truck crops and has proven its effectiveness in controlling many of the most destructive insect pests.

Kryocide is available as the straight product, to be used in a water spray, a mixed dust or as bait. Straight Kryocide is sold in one pound cans.

Munday, Texas

At The Churches

PRESBYTERIAN CHURCH

Dr. William N. Sholl of Haskell preaches here each Sunday morning at 9:30 a. m.

Our church is located on the Main street of Munday and has an attractive auditorium with added Sunday school facilities. The Auxiliary meets on Mondays and is accomplishing a good work. All Presbyterians living in Munday and surrounding country are urged to attend our services. A very hearty invitation is extended to all visitors, especially those who have no regular church home.

FOURSQUARE CHURCH TO OPEN ON FRIDAY

Opening of the Foursquare Church will be on Friday evening, March 10, at 7:30. Prayer services will be held that evening and regular services on Saturday and Sunday evening.

Bobby Crouch, pianist; Meralene Crouch, mandolinist, Mrs. Crouch, guitarist, and Rev. Crouch, messenger of the evening.

Come, come, one and all. We are located at the east end of the pavement, right off main street.

GOREE FOUR SQUARE CHURCH

Sunday services in the afternoon. Sunday school at two o'clock, and preaching services at three o'clock.

Bro. Hall of Weinert is preaching for the Goree church. Everyone is cordially invited to attend.

BENJAMIN METHODIST CHURCH

J. P. Patterson, Pastor
CALENDAR

Preaching Second and Fourth Sundays at 11:30 a. m.
Church School, 10:30 a. m. each Sunday.

LAKE CREEK CHURCH

Sunday school each Lord's day at 10:30 a. m. Ivy Cypert, aupt.; Mrs. Ben Tugg, assistant.

Preaching every first and third Sundays at 11:30 a. m. and 8:30 p. m. We deviate sometimes in our evening services, giving our congregation the privilege of expressing the melody in their hearts by singing the songs of our spiritual forebearers.

A good crowd listened very attentively to the subject of "Fruit Bearing" by the pastor on last Sunday night and then sang in a style and manner that must have pleased the angels in heaven.

Our community is not yet fully represented in our services, but we have absolutely no way or means of forcing anyone to attend. Moreover, we would not if we could. Personally, we visit those places for which we have an appreciation, and we presume you do the same.

Chas. Sargent.

FIRST BAPTIST CHURCH

We certainly appreciated the good attendance and the excellent interest last Sunday, both morning and night. How that bunch did

sing! They can't be excelled. We are looking for a big crowd next Sunday night B. B. Crimm will be here to begin his revival campaign, as has been previously announced. You will want to be in the first service.

W. H. Albertson.

George Moffett—

(Continued From Page One)

be resolved in their favor. "I have often been the author of bills in the Texas Legislature to help veterans of both World Wars. And I expect to continue my efforts for them.

"Third, I served in World War I, and think the grief of a World War every twenty-five years must be stopped. I do not believe that peace can be maintained by paper treaties alone, but if they are backed by military preparedness, we will not be the victim of another Pearl Harbor nor another Bataan. We probably would not have been this time, if Congress had fortified our Pacific outposts in keeping with the plain advice of our military leaders, given two years before the blow fell. The cost would have been only a few million dollars then. Now it is costing many lives and billions of dollars to retake them.

"Fourth, at the close of the war, landowners, who have been dispossessed of their homes and farms, for war purposes, should have the prior right to repurchase them without price increase. Idle government-owned war plants should be sold at public auction to the highest bidder, rather than at private sale to those with political influence. Definite opportunity should be provided for the little man to buy surplus war materials, the same as a corporation that maintains a lobbyist in Washington.

"In fact, the little man must always be given full consideration, for his prosperity is the salvation of a democratic form of government. The war has squeezed the little businessman, salaried people, and the small farmer very hard, and proper consideration absolutely must be given them, from now on. A democratic form of government will not long survive unless it maintains equality of opportunity among the people.

"Fifth, we need less unnecessary

modding and red-tape. This country has been built from the bottom up, and not from the top down, as regulation of the people from Washington tries to do.

"Income tax reports should be made simpler, so that the average man and woman can understand them. Women have certainly done much to help win this war and no further effort should be made to abolish their right to make separate income tax reports. Taxes must come down after the war is over.

"Turning the clocks back brings about general dislocations, during the winter months, which cripple instead of helping the war effort. Daylight saving time was not used during the winter season in the other World War, and should not be now.

"Sixth, scientific research has produced many things besides synthetic rubber, and in the future, synthetic substitutes will attempt to replace cotton, leather, and other farm and ranch products, unless science is freely used to help broaden the market for them, just as it has broadened the market for factory products. The manufacturers can establish their own research laboratories; a farmer cannot. Therefore, a very desirable public purpose is served when the government encourages scientific research to discover new ways to use farm products. I am glad to have been the author of a bill which has already resulted in the wider use of cotton. Prosperity lies in producing for wider markets, and providing more post-war jobs.

"Seventh, our country needs more oil and gasoline in both war and peace. While everything else has gone up, oil is still at the pre-war price level. This has especially crippled the small independent operators who discover most of the new oil pools, and should be immediately corrected by a price adjustment that will encourage more drilling for oil. The depletion allowance should be retained.

"Eighth, though war is upon us, we must not forget the obligations of assistance for the aged. The people have indicated by their vote and otherwise, that they want old age assistance paid. I have voted at the polls and in the Legislature to do this, and expect to continue it in Congress.

"Ninth, I have done more about equalizing freight rates than any other member of the Texas Legislature, and my efforts contributed

to a united protest by four Southwestern states before the Interstate Commerce Commission. The latter ordered a thorough investigation and their examiners have made a preliminary report favorable to Texas and the Southwest. However, long and hard the struggle may be, I expect to continue it, until this long-standing injustice to our part of the nation is corrected.

"I sincerely solicit your vote in the July Democratic primary, and assure you that, if elected, I will stand for common sense in government and the best interests of our country."

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN — With the approach of spring and summer, an increase in the incidence of typhoid fever may be expected, but under wartime conditions it can very easily become a major health menace, as was pointed out in a statement released by Dr. Geo. W. Cox Health Officer.

"Nearly all cases of typhoid in Texas can be traced to a supply of contaminated water or food," Dr. Cox said. "Some cases, of course, occur by direct contact with patients or their excreta, usually when sanitary conditions surrounding the patient are bad."

Dr. Cox said that individual water supplies which are poorly located and wells improperly enclosed may receive surface drainage and pollution; therefore, springs and wells should be protected adequately. Sanitary pit privies or septic tanks also help protect wells and springs from pollution. There is real danger in the seepage from poorly constructed or dilapidated privies. Fly screens and covered toilet seats help in warm weather to keep flies from breeding in toilets and carrying infection to food.

Carriers or walking cases never should be food handlers. A carrier, the doctor said, is a person who harbors typhoid germs in his body, though having no symptoms of the disease. Typhoid fever is one of the many infections that can be carried by raw milk. Pasteurized milk therefore should be used, since pasteurization kills disease organisms if they are present in the raw milk.

"Everyone contemplating trips where the safety of the milk and water supplies cannot be established," Dr. Cox declared, "should be immunized by the family doctor. Three doses of the vaccine are given in weekly intervals. The treatment is not dangerous, and it gives protection for two years or more."

Miss Dixie Atkinson, who is attending Texas University at Austin, spent the week end here with her parents, Mr. and Mrs. R. D. Atkinson.

Mr. and Mrs. G. R. Eiland, J. C. Campbell and Miss Delores Campbell visited in the home of Mr. and Mrs. C. A. Eiland of Lamesa last Sunday.

Dr. and Mrs. D. C. Eiland left last Saturday for New Orleans, La., where they are attending an important medical convention this week.

When a man looks down at the heel, there's usually a trim ankle above it.

Political Announcements

The Munday Times is authorized to announce the following candidates for office in Knox County, subject to the action of the Democratic Primaries:

For County Treasurer:
N. S. KILGORE
W. F. (Walter) SNODY
R. V. (Bob) BURTON
(Re-election)
CHARLEY WARREN.

For Tax Assessor-Collector:
E. B. (Earl) SAMS
(Re-election)

For Sheriff:
L. C. (Louis) FLOYD
(Re-election)

For Commissioner, Prec. No. 4:
GEORGE NIX.
(Re-election)

For District Attorney:
C. E. (Charlie) BLOUNT.
(Re-election)

For State Representative,
114th District:
CLAUDE CALLAWAY
(Re-election)

For U. S. Congress, 13th Dist.:
GEORGE MOFFETT

Miss Jesalyn Brasher spent the week end in Abilene, visiting Ruth Tull, daughter of Dr. Raymond H. Tull.

Mrs. D. E. Holder is visiting in Abilene this week with her sister, Mrs. Hattie Williams, her niece, Mrs. Edith Tartt, and with other relatives.

Mrs. Doyle Bowen and son, Doyle Leroy, and Eunice Carolyn, are visiting Mrs. Bowen's parents, Mr. and Mrs. Doc Pointer, in Rele this week.

Perhaps the modern girl doesn't blush like the maiden of old, because she isn't told the same stories.

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

Will Review Deferments

Local selective service boards have been directed to review cases of all registrants 18 through 27 years old and deferred in classes 2A, 2B, 2C, and 3C. Particular attention will be given registrants under 26 years of age in view of the President's statement that agriculture and industry should release the younger men for military service.

If You Made A Mistake

If you find you made a mistake in your income tax return and already have filed it, what do you do? If your error was simply one of arithmetic, your mistake probably will be corrected without your action. If you made a mistake in your income or deduction entries, contact the office of the collector where you filed your return. You may need to file an amended return.

Single Ration Book For Food

After food shoppers have used their Brown Y and Z stamps, they do all their food shopping with ration book four. The ration token plan now in effect eliminates use of stamps of four denominations (8, 5, 2, and 1 points) and uses stamps of one denomination (10 points) with one-point ration tokens for change.

Care For 200,000 Babies

Nearly 200,000 babies and their mothers were cared for up to February 1 under the Emergency Maternity and Infant Care program.

Hospital and medical care are provided without cost to wives of service men in the four lowest pay grades, during pregnancy, childbirth, and for six weeks after the baby is born, and for the infant during its first year.

Serial Numbers On Gas Coupons

A strip of serially numbered coupons in a cardboard folder will now be issued to renewal applicants of "B" and "C" supplemental gasoline rations, and new "E" and "R" rations for gasoline-powered equipment. Serial numbering of coupons is one of OPA's strongest weapons against the gasoline Black Market. Motorists must still endorse their coupons.

Women Farm Workers O. K.

The work of non-farm women, including teachers, college students, stenographers, and professionals, on farms in the United States during 1943 satisfied farmers, who have indicated willingness to employ them more extensively this year. Recruiting is handled by the Extension Service of the Department of Agriculture and the U. S. Employment Service.

Round-Up

As a result of recent OPA actions—glass jars of apples, apple sauce, apple juice, and sweet cider will sell at retail for approximately two cents more than the same sized tin cans... 10,000 new passenger automobiles and 7,500 new bicycles will be available under rationing to civilians in March... Ra-

LOOK AHEAD TO SPRING WITH A TAILORED JUMPER

This beautifully tailored jumper is one of the basic dresses which should be included in every wardrobe. It can be worn with hand-knit sweaters, baby-neck blouses or tailored shirts. Endless color combinations can be achieved by making blouses in various shades. The jumper was made from a dress worn out under the arms.

tion point values for country butter will be lowered in areas where necessary to move it faster and prevent spoilage... Effective June 1, the country shipper may add \$1 a hundredweight to his ceiling price for sales to the ultimate consumer when he makes such sales in amounts up to 800 pounds... Reductions are expected in some lines of lamps and lamp shades which have been selling at excessive prices... Lard is temporarily removed from rationing... Temporarily maximum prices for the 1944 crop of sweet potatoes will remain at levels at which they were frozen last December, except for sales to dehydrators... WFA has announced that—the price of feed wheat has been increased one-cent per bushel and field wheat will be sold through grain distributors to carlot buyers at established county prices without merchandising charges... Canners have been notified to increase their set-aside of canned grapefruit juice for war purposes from 32 to 38 per cent... Over 3,500,000 lbs. of dried apples and nearly 1,000,000 pounds of (Zante) currants will be released for civilians... 50,000,000 pounds of lard have been released for soap-making in March... WPB says that—repairmen may use up to \$25 worth of authorized material for installing cooking, plumb-

ing, heating, or used air-conditioning or refrigeration equipment units and he may use up to \$250 worth of material for an authorized new air-conditioning or refrigeration system... Vitamin A, the "anti-infection" vitamin, has been placed under allocation for the first time to insure equitable distribution in face of mounting demand. Agricultural discs for plows, harrows, and other farming implements are expected to be produced in sufficient quantity to balance the first half year's program for 1944... Old used collapsible tubes should be turned in at once to drug, retail, and chain stores so that needed tin can be salvaged... To save travel, Churchill Downs plans to confine attendance at the 1944 Kentucky Derby to residents of Louisville, Ky., and vicinity, ODT says... OPA says rear tractor tires are scarce because materials and equipment are being used in manufacture of airplane tires and urges farmers to repair or recap... February airplane production averaged 350 per day, a new high, according to the Aircraft Production Board.

Mrs. Chas. Haynie Jr. and little son of Rule visited in the home of Mr. and Mrs. Chas. Haynie last week end.

WASHBURN NEWS

Mrs. C. N. SMITH, Correspondent

Mrs. Gulley Dies at Willow Point

Mrs. Mary Parmelia Gulley died Jan. 25, 1944. She was born July 8, 1854, near Cookeville, Tenn., and married to P. S. Gulley Oct. 10, 1877. They moved to Texas 63 years ago and lived at Poolville several years, then moved to Willow Point, that being her home 43 years. Three sons and six daughters were born to them, one child having died in infancy. Survivors are Whitley Munday, Ada Munday, Tennessee; H. P. Effic, Ida, Zeb, all of Willow Point; Mrs. A. L. Thompson, Booneville, all being with her when death came. There are eleven grandchildren and six great-grandchildren.

Mrs. Gulley was converted and joined the Methodist Church at the age of fourteen.

Funeral services were held at the Baptist Church at 3:30 January 26. Pallbearers were grandsons: Cecil and Thurman Gulley, Raford and Leon Thompson, Auda Allen and Cleon Key. She was buried by the side of her husband in the Willow Point cemetery.—Willow Point Newspaper.

Mr. and Mrs. T. B. Gulley and son, Gayle, were recent visitors in Seymour.

C. N. Smith was a business visitor in Benjamin last Wednesday.

Mrs. Loyd Jacob and little daughter, Patricia, visited relatives in Norman, Okla., recently.

Mrs. Thaxton Searcey and Mrs. Thurman Gulley visited Mrs. A. L. Smith of Munday last week.

Mrs. Syble Straw of Brownwood is visiting relatives here this week.

Claud Hill visited with friends in Munday last Friday night.

Otis Simpson was a business visitor in Hamlin one day last week.

A. M. Searcey and son, T. W. Searcey, were business visitors in Weinert last Saturday.

Miss Ada Gulley of Munday visited friends in the community last Sunday.

Mrs. C. N. Smith visited with friends in Munday last Monday afternoon.

Lieut. James Dyke, who was sent to Salt Lake City to be assigned a crew for his B-24 bomber, has been transferred to El Paso, Texas for further training with his crew. Mrs. Dyke expects to join him there within a few days.

Mrs. Dave Eiland and grandsons, David Chase and Clarence Allen; Mrs. Andy Eiland and Stephens Harrison went to Abilene last Sunday to take Andy Eiland, who has enrolled in school there.

Miss Juarcy Jones, a student in Hardin-Simmons University in Abilene, spent the week end with her mother, Mrs. Rose Jones.

Mrs. Lucille Stodghill was a business visitor in Wichita Falls last Friday.

Grady G. Roberts of Wichita Falls spent last Friday night and Saturday here visiting with friends and attending to business matters.

Jimmie Silman and Misses Lorene and Polly Silman of Lubbock visited relatives and friends here over the week end.

Mr. and Mrs. Tom Martin of Fort Worth visited friends here a while Saturday. They were enroute to Paducah to visit with Mrs. Martin's mother who is ill.

Mrs. Lucille Stodghill was a business visitor in Wichita Falls last Friday.

Opportunities In High Schools

There are thousands today who are fighting with broken swords, and yet winning great moral victories. It is impossible to win in life's conflicts even with broken swords, but the high school graduate has a better equipment. He is furnished not only with the sword, but with the strength and courage to wield it. His training gives not only some scholastic attainment, but also what is perhaps more important, it contributes to his skill, judgment, initiative, efficiency, and ability to think. Above all, it contributes to the qualities that are the very substance of manhood and character.

Every high school with such ideals offers a great opportunity to its pupils. The doors to most of the best vocations in life are now closed to the individual without high school training. But opportunity is worthless unless it is seen and seized, and sometimes dangerous unless it is used with tact and moral purpose. High school training should give one the ability not only to see his opportunity, but the courage also to seize it, and the diplomacy to use it.

But while the high school offers opportunity to the individual, the value of that opportunity depends largely upon the pupil. The world wants efficient, moral men, and the school offers an opportunity for their development, but the aspirations, the desires, the pluck, energy, personality and moral purpose of the pupil will determine the work of that opportunity.

High School Ideals.

Senior News

The Seniors will really have to buckle down this six-weeks in typing for they are expected to have thirty lessons in by the regular deadline. Also, if there are more

than four errors in a speed test, the work has to be copied over perfectly. However, as well as the average student does, the lessons can be gotten without much worry.

The English IV Class received their grammar books last week. After studying literature so diligently, everyone is looking forward to work on composition and the parts of speech. At present they are working on a unit about magazines comparing the contents of the different kinds. Already, there is a wide variety on display and they range from "Esquire" to the more classical magazines.

The majority of the Seniors attended the football banquet last week and enjoyed it immensely. It ended on a note of sadness for most of them because they realized it was the last football banquet for them while in dear "ole" M. H. S.

There is one more member in the Senior group now, Toby Lane from Goree. The rest of the class welcome him and wish that he may enjoy going to school at Munday as much as they do.

Senior Life

During the day of July 2, 1927, Mr. and Mrs. J. E. Reeves were surprised by a beautiful baby daughter and they named her Jean. To the class she is known as "Jeanie" and has been with the same group except for four years spent in Haskell. Jean takes part in school activities enthusiastically and is outstanding in choral work.

She is a friendly likeable girl whom everyone enjoys to have around them. Her grades are above the average and she still finds time for the other things.

Jean says she has not decided on anything definite pertaining to the future and does not even know which field of work she wishes to pursue. Where ever she does go, she has the best wishes of the class and luck from her friends.

Jean's favorites are:
 Song: "Besame Mucho."
 Sport: Football.
 Hobby: Collecting shoes.
 Star: Bette Davis.
 Color: Red.

Junior News

The Juniors are having a social Friday night at Mrs. Dowell's home. It is the first party since Christmas and the students are looking forward to it. We intend to make it a big success because our Junior year is fast coming to a close.

The geometry class was completely disrupted last Friday morning. The boys were tugging dishes and tables and the girls were drawing, cutting, and printing. You'd think we had reverted to our paper doll days.

The football banquet was a big success as far as the Juniors were concerned. We had nearly seventy-five percent attendance from our class. We'd like to congratulate Mrs. Bowden and her Pep-Squad

AMERICAN HEROES

BY LEFF

Marine Private First Class Milo Kosanovich, Aliquippa, Pa., with other members of his battery succeeded in keeping an anti-tank gun in action until the Japanese attack was completely repulsed, during overwhelming Jap assaults at Matanikau River, Guadalcanal. A Presidential citation accompanied his Silver Star Medal award. Help your country—Help yourself—Buy More War Bonds.

U. S. Treasury Department

Girls on such a pretty banquet.

Sophomore News

The Soph Class is all here and rarin' to go. We all passed exams and are pleased as punch.

The football banquet was a howling success even though some butter was spilled. Mr. Fitzgerald really did make a good speech that was enjoyed by all.

The Home Ec. girls are planning a party for the Agriculture boys. It was hard to decide whether to have a hay ride or an informal party. We decided to have the party.

A new club has been formed, The Tennis Club. It is sponsored by Miss Atkinson and Mr. Owens. We hope to have the court cleared and tennis running smoothly by the end of the month.

Freshman News

Our grades this six-weeks were pretty good as a whole. Of course, there were a few bad ones. Part of the freshman class can see by now whether they will fail any certain subjects or not.

In English we are still studying literature. Everyone seems to find literature very interesting.

In Algebra we are studying about fractions, which are pretty hard, but we'll get the hang of it by and by—we hope.

In Science we are studying health.

S B News

Here is another whole week gone by. We have been bringing flowers and they make our room look very pretty.

We have been missing Jones since she has been sick. Everybody can hardly wait until Friday night because we are going on a skating party.

The girls have a new hair do. Has everybody noticed? In arithmetic we are working areas of figures.

Seventh Grade News

The seventh grade students enjoyed the Hobo Hike they had Friday. They hiked about one mile. We played games and then we were served with sandwiches, potato chips, cookies, and soda-pop.

We have finished our geography book and we are nearly through with our history books. In place of geography, we have reading. It is very interesting and we all enjoy it very much.

Sixth Grade News

Robbie Lee Proffitt is moving to the Weimert school the last of this week. We hope she will enjoy Weimert school as much as we have enjoyed having her.

In English we are writing biographies of our classmates.

Third Grade News

Charlotte Hannah spent Thursday and Friday visiting in Dallas. Mrs. Wiggins sent us some peach and plum blossoms for our school room.

We had a "Fun Test" in English and Spanish Friday.

Society News

Mrs. Bowden and the Pep Squad Girls are to be congratulated for the Football Banquet held last Friday night. It was a great success and was thoroughly enjoyed by everyone present.

The table decorations were very colorful and appropriate for the occasion. Placed at the head table was a miniature football field. Place cards were small football pants and plate favors were football players made of pipe cleaners holding a pecan representing a football. Also the tables were decorated with purple and gold crepe paper with a football on each table.

The program was opened by Wade Mahan giving the invocation. Bobby Haymes served as toastmaster and main speaker of the evening was Coach Fitzgerald from Stamford. He spoke on "The

Scotland Flyer Is Home On Leave

First Lieut. S. F. Schlabs is spending a short leave with his parents and friends at Scotland, Texas. He recently attended the Army Air Forces instructor's school of instrument flying at Bryan, Texas. Upon the termination of his leave, Lt. Schlabs will return to the 74th Tactical Reconnaissance Group in Kentucky, where he is a squadron flight commander.

Lt. Schlabs is a graduate of the Air Corps Technical School of Radio at Scott Field, Ill. He began his pilot training in December 1941, graduated from Randolph Field in June, 1942, and received his wings at Brooks Field, August 5, 1942. He has since been flying Douglas A20c and Curtis P-40s.

Lt. Schlabs has two brothers in the service overseas. Sgt. Joe Schlabs is stationed somewhere in England, and Pfc. Louis Schlabs is in the Southwest Pacific. A sis-

ter, Mrs. Lawrence Friske, Jr., resides near Munday.

RETURNS TO BASE

Wayne A. Harris, S 1-c, has returned to the Purcell Naval Base after a ten-day leave spent with his parents, Mr. and Mrs. W. A. Harris of Goree. Wayne has recently recovered from an operation. His leave was received at a most opportune time, as his sisters, Mrs. Margaret Donoho and Mrs. Marcie

Donoho of San Diego, Calif., are also visiting relatives here.

Homer Lain has resigned his position at the Munday Company and has accepted a position as manager of Reid's Hardware. He assumed his new duties on Monday of this week.

S. A. Mitchell of Seymour, district manager of the Community Lone Star Gas Co., was a business visitor here last Monday.

What You Buy With WAR BONDS

Sick Bay

In this war our wounded fighting men have a greater chance for recovery than in any previous conflict because of the medical aids and services that have been developed by the War and Navy Departments.

One of these aids is the Hospital Transport Plane service that has been bringing our wounded back from Africa.

Your increased and continued purchase of War Bonds is required to help the Treasury Department finance this hospital transport service. "Back the attack with War Bonds." U. S. Treasury Department

Goree News Items

Mrs. Will Ratliff has returned from Mineral Wells, where she spent three weeks undergoing medical treatment.

Mr. and Mrs. Raymond Melton and daughter, Rama Lee of Garner were here last week to visit Mrs. Melton's parents, Mr. and Mrs. John Polson, and other relatives.

Mr. and Mrs. Cordie Coffman were recent visitors here with Cordie's parents, Mr. and Mrs. Bud Coffman. They were on their way to Wichita Falls to meet their son, Virgil, who was stationed at Clarksville but was being transferred to a new field.

Mayor and Mrs. F. G. Daniell have had word from their son, Pvt. Forrest Daniell, that he is in New Guinea and is well.

Mr. and Mrs. J. L. Brown have returned from a trip to East Texas. They visited relatives at several

points, and were water bound for several days.

Seaman George Hunt left Tuesday morning for his post of duty after a furlough here with his wife and daughters and with his parents, Mr. and Mrs. Ben B. Hunt.

Mr. and Mrs. Hugh Boggs and daughter of Lovington, N. M., visited relatives here over the week end.

Hay and Randy Hurst of Portland, Oregon, have returned to their home after a visit here with their uncle and aunt, Mr. and Mrs. F. G. Daniell, and with other relatives in this section.

Seaman and Mrs. L. S. Hollis were week end visitors here with Seaman Hollis' grandmother, Mrs. Maggie Madole and with other relatives. They left Sunday afternoon, Hollis going back to his post of duty at Norman, Okla., and Mrs.

Weatherford College to Have Homecoming

According to announcement by President C. A. Sutton of Weatherford College and Borden Seajerry, President of the Ex-student Association, March 11th will be a "red letter" day in the life of this historic old Parker County institution. Ex-students will return to the campus to meet their friends and to lay plans for a greatly enlarged Weatherford College.

The ex-students program begins at 1:00 p. m., Saturday, March 11, followed at 6:30 p. m. by a free barbecue, and culminating with a mass meeting at which there will be a short talk by President J. N. R. Score, of Southwestern University, some excellent music, and other special features of entertainment.

Ex-students everywhere are urged to attend all the phases of the program.

Hollis back to San Antonio, where she is teaching. Mrs. Madole accompanied her grandson as far as Wichita Falls, on her way to Belton and Beaumont to visit her sons and families.

Oliver Rister is here for a furlough. He is visiting his father and a number of sisters here and at other points. Oliver expects to be shipped to foreign service before long.

Joe Webber has had word from his son, Joe Lee, who is with the air forces on foreign soil, that he is well.

Mr. and Mrs. E. N. Miller and daughter, Norma Jean, and Mrs. Opal Johnson and son, Royce, were Sunday visitors with Mr. and Mrs. Billie Hutchins of Knox City.

Thomas Cloud has returned to his post of duty after a visit with relatives here.

Mr. and Mrs. Will Heard have heard from their son, Lieut. Col. Pat Heard, who is stationed with the medical corps in New Guinea. He reports that he is well.

Felix Harlan, Jr., grandson of Mrs. Olive Dulaney, has written that he is safe and well in England.

The Opal Johnson gift shop of Goree invites all who have husbands, sons and brothers who are serving in the armed forces to bring their pictures to the shop to be displayed in a service window. This is one way we can honor our boys who are serving in far-away places.

Activities of Colored People

The pastor of the Church of God in Christ held services from last Friday night until Tuesday night of this week.

Mrs. Estella Moore, daughter, and Mrs. Alice Napper, mother, were called to the bedside of Mr. Jack Napper in New Mexico, where he is reported very ill.

Mr. Joe Jones made a business trip to Wichita Falls last Monday, as he will soon leave for army service.

Rev. L. L. Taylor was accompanied on his trip here last week by his wife and daughter, Mrs. Halfa.

Mrs. Bearnes Brook and Mr. Roy Adkins and family left Tuesday night for Fort Worth, where they will be stationed for work.

Mr. and Mrs. Bill Braymer of Stamford were here Monday, visiting with friends and attending to business matters.

First Lady Of California

The "First Lady" of California—Mrs. Earl Warren—poses here with her daughter Virginia for a portrait to be published in the mid-January issue of Vogue. Twelfth in a series of portrait studies being presented by the cotton industry, the picture shows Mrs. Warren and her daughter wearing outstanding cotton gowns designed especially for them by Renee of RKO-Radio Pictures. Mrs. Warren's dress is of cotton lace in a soft pastel blue, while Virginia's is of printed seersucker. The portrait was made in the Governor's Mansion at Sacramento for the National Cotton Council and Cotton Textile Institute.

reasons, they should be given most respectful hearings and help them through their task, which at times is most unpleasant," comments Editor Robert L. Baldrige in the Clifton Record. "Some have to handle the political business of life and some enjoy it, and others would not participate in such for any amount of money."

Speaking of Mark Twain, as we were recently:

The great writer had little formal schooling—which was the season perhaps that his naturally robust and vigorous style of writing had the luxuriance of a forest in its native state and not the trimmed exactitude of a garden hedge. Punctuation bothered him, so he prefaced one article with four lines of periods, six lines of commas and three or four miscellaneous lines of semi-colons, colons, hyphens, exclamation points and question marks, then followed with the declaration that authorities differed so much on punctuation that he was giving the reader a liberal supply of the different marks and he could put them in to suit himself.

Of course, Twain's most famous saying was the one about the weather—"Everybody talks about it but nobody does anything about it."

Another was when it was reported that he had died and he notified the newspapers, "The report of my death is greatly exaggerated."

He also made the observation that more people died in bed than anywhere else so he had made up

his mind that he was never going to sleep in bed again.

Miss Ida Mae Spann of Abilene and Mrs. W. D. Ford of Lawton, Okla., visited their brothers, John C. and Oscar Spann, and other relatives here over the week end.

Misses Flora Alice Haymes and Louise Spiegelmire, both of McMurry College, Abilene, spent the week end with Flora Alice's parents, Mr. and Mrs. Lee Haymes.

Kem-Tone

The Modern Miracle Wall Finish

- Dries in one hour . . . It's Washable . . . One Coat Covers!

Think of painting over practically any kind of interior wall surface—wallpaper, painted or unpainted plaster, building tile, brick, wallboard or cement—with a single coat of finish which brushes on with amazing speed and ease and which dries in one hour. You can with Kem-Tone!

Imagine starting to paint a room in the morning, finishing it, and having everything back in place that afternoon. You can with Kem-Tone! This miracle of modern paint chemistry saves you time and trouble, too, after you've applied it! It washes spotlessly clean with soap and water!

We also have "Kem-Tone Trims," those lovely borders to match "Kem-Toned" rooms, as low as 15 cents per roll.

Recent shipments to our store include some cotton looped rugs in several different colors.

We have also received a few items in unfinished furniture which you can finish to match your present furniture.

MUNDAY HDW. & FURNITURE CO.

Goodyear Tires and Tubes

We have the largest stock of Goodyears we have had in many months, made by Goodyear, the company that has had years of experience with synthetic rubber.

Since 1927, Goodyear Tire & Rubber Co. has been making Synthetic Rubber, and manufacturing Synthetic Tires since 1938. This six years experience making and testing Synthetic Tires—in fact pioneering synthetic rubber in the United States and the United Kingdom—gives their engineers more time to improve the quality of synthetic rubber for making tires and tubes the "Know How Way."

Leaders in the synthetic rubber field, Goodyear the only manufacturer of synthetic rubber at "Pearl Harbor" in the United States, had already made great strides in setting the United States on the road to replenishing the fast diminishing crude rubber stock pile caused by the war.

This, and the 350,000,000 reasons for Goodyear's greater "know how" in making tires, gives you the assurance of the best that their experience can produce. Bring us your certificates for car, truck or tractor tires.

Red Cross News Of Knox County

DID YOU KNOW ABOUT YOUR RED CROSS HOME SERVICE?

Did you know that since January last year, your Knox County Chapter of the American Red Cross has served 492 families in Knox county, and that there were 178 furlough investigations made for service men?

Did you know that a Knox county boy, because of inadequate postal facilities and lack of stationery in Sicily, utilized Red Cross services and forwarded to his parents in Knox county a message of safety and good health?

Did you know that a civilian in Germany forwarded, through Red Cross channels, a 25-word letter to his sister in this county and that the sister, through your Knox county chapter, has in turn sent a 25-word letter to her civilian brother inside Germany?

Did you know that relatives in Knox county, having not heard from their servicemen within the required four months, have enlisted Red Cross assistance, and, as a result, they are now hearing from their boys regularly?

Did you know that a husband abandoned his pregnant wife and volunteered into the service, and that your Knox county chapter cared for the wife, as well as located the erring husband, and assisted the wife in filing for allotment due her under Public Law 625, also making it possible for her to participate in the Maternity Program for wives of enlisted men?

Did you know that your Knox County Chapter has loaned \$490.00 to servicemen and their families? Did you know that Red Cross does not do for servicemen and their families what they can do for themselves?

These are all activities of the Home Service branch of your Red Cross. There are hundreds of other services which the Red Cross renders to our servicemen and to suffering humanity in occupied lands. Your contribution to the Red Cross War Fund helps carry on this important work.

CARD OF THANKS

In deep gratitude to everyone, we want to say "thank you" for every kindness shown us in the illness and death of our loved one, Mrs. J. C. Campbell. We sincerely appreciate every deed of love, word of sympathy and the many beautiful floral offerings. May God's richest blessings be with you all. J. C. Campbell and Dorothy and Delores.

CARD OF THANKS

We wish to express our sincere thanks and appreciation for the many acts of kindness and expressions of sympathy extended us during the illness and death of our mother and grandmother, Mrs. J. R. Mayo. May the grace and blessings of God dwell upon each of you.

Mr. and Mrs. J. E. Frost, and the Grandchildren.

Bert Lilly visited with friends in Throckmorton last Monday.

Sam Salem, accompanied by Frank Silman of Rochester, visited in Laredo the first of this week.
