KEEP ON... Backing the Attack! WITH WAR BONDS

VOLUME 39

MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, MARCH 23, 1944

NUMBER 39

## Red Cross Workers Near Goal In War Fund Drive

### Goal To Be Reached Chairman Says

Realizing the Service rendered to both civilian and military personnel by the American Red Cross, the people of Knox county have been faithfully working to reach the 1944 War Fund goal. The War Fund Chairman of the Knox county chapter announces that up to Mar. 21 the county had not reached its goal, but that victory was in sight. And that if the people in each community continued to make a strenuous effort, victory would be achieved. Now, for a needed faithful effort, and victory by March 30.

The following is a "Snap-shot" of the fund done to March 21:

Rhineland	\$ 200.00
Truscott	339.00
Hefner	153.00
Gilliland	144.00
Munday	1,740.70
Goree	650.00
Vera	290.00
W. T. Waggoner Est.	200.00
Knox City	1,743.84
Benjamin	365.00
Brook	42.00
Union Grove	80.25
Sunset	363.13

Total.....\$6,314.87  
Re-Statement  
Chapter goal \$6,700.00  
Contributed by communities, to Mar. 21... 6,314.87  
Short of goal Mar. 21 385.13

## Canning Sugar Held To 25 Lbs.

The OPA announced Saturday that sugar for home canning will be available to housewives at the same rate as last year—a maximum of 25 pounds for each family member.

Five pounds of this allotment can be obtained with Sugar Stamp No. 40 in Ration Book 4, which has already been validated. Beginning on Thursday of this week, ration boards will grant certificates for an additional supply, up to 20 pounds per person.

The maximum supply of rations will be allowed only to families who have large amounts of fresh fruits available, the OPA said. Applications may be obtained and returned to local boards by mail—but this year, instead of enclosing the ration book with the application, Spare Stamp No. 37 from Ration Book No. 4 must accompany the form.

The OPA also provided that families that can and preserve food at home for sale may apply for a maximum of 250 pounds of sugar for this purpose.

## State Official Is Visiting Schools

Deputy State Superintendent L. R. Burkett has been in the county during the past two weeks, visiting the county schools and checking them for standardization.

Accompanied by County Supt. Merick McLaughlin, Mr. Burkett visited the schools at Goree, Munday, Sunset, Knox City and Union Grove last Wednesday and Thursday. This week he is visiting Benjamin, Vera, Truscott, and Gilliland.

Burkett is well pleased with the progress being made by Knox county schools.

## Weather Report

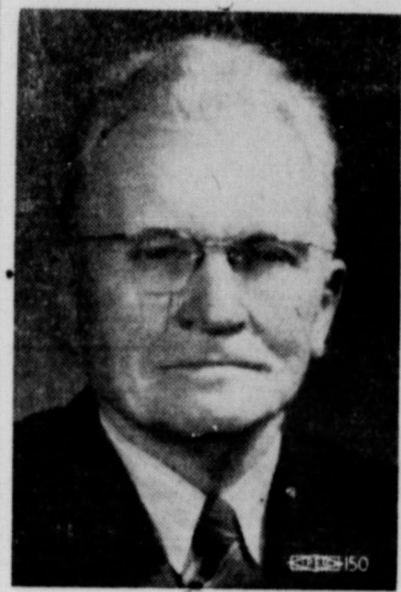

Weather report for the period of March 16 to March 22, inclusive, as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature	LOW	HIGH	
1944 1943	1944 1943			
March 16	37	30	60	75
March 17	42	38	70	74
March 18	45	56	75	86
March 19	29	25	45	79
March 20	29	34	64	50
March 21	49	31	69	56
March 22	35	32	66	61

Rainfall this week .88 inches; rainfall this year 5.64 inches; rainfall since Nov. 1, 1943 9.87 inches; rainfall to this date last year .35 inches.

Mr. and Mrs. Doc Matthews of Lamesa visited Mr. and Mrs. Lonnie Offutt the first of last week.

## Visitor Here

Judge E. O. Funderburk, above, judge of the Eastland Court of Civil Appeals, was here Tuesday for a brief visit with local friends. He is making visits to various parts of his district in the interest of his candidacy for reelection. Lawyers and judges of Texas say that, under Funderburk, the Eastland Court of Civil Appeals is one of the best of our eleven Courts of Civil Appeals.

## Munday In Last Week Of Drive For Red Cross

With Munday entering the last week of the Red Cross membership and War Fund drive, Mrs. H. A. Pendleton, local chairman, and her corps of helpers are urging everyone to contribute to this important cause. Although Munday has surpassed her goal, the county was over \$300 short when a check was made Tuesday. Contributions during the next week will help to bring Knox county up to her quota of \$6,700.

Mrs. Pendleton urges all those who have not contributed to bring their contributions to her, or mail them to her or some member of the committee. Every individual should want a part in this worthy undertaking, knowing how much the Red Cross does for our service men who are fighting on every battle front of the world.

## Former Teacher Is Rescued From Life Raft At Sea

Ensign Cecil Hood, former teacher and band director in the Munday schools, was one of two Texans among the 19 officers and men of a Navy patrol bomber rescued at sea, according to an Associated Press dispatch from Hamilton, Bermuda, on March 14. The men were rescued by a destroyer after they had been adrift 23 hours following a crash landing at sea. The survivors in two life rafts, the dispatch said, were spotted from a searop plane.

Hood's parents are Mr. and Mrs. Cecil Hood Sr. of Fort Worth, who moved there from Sherman two years ago. Ensign Hood was born and reared in Sherman, and was commissioned in the Naval Reserve after graduating from Northwestern University on October 31, 1942.

Ensign Hood's wife, a Convair employee in Fort Worth, is the former Miss Edna Lou Brock and is also a former teacher in the Munday schools.

## Leave For Visit At Santa Ana, Calif.

Mrs. May Bowden and Mrs. C. J. Reese left the first of this week to visit A-C Bobbie Reese, who is stationed at Santa Ana, Calif. Young Reese is the son of Sgt. and Mrs. C. J. Reese of Pecos, Texas, and the grandson of Mrs. Bowden. Reese is in training as a bombardier at the Santa Ana Army Air Base Bombardier and Navigator School. He was previously stationed at St. Petersburg, Fla., and Omaha, Neb., where he attended Creighton University. Reese is a former student of Munday high school.

## Mother of Mrs. W. A. Harris Dies In Arkansas

Mrs. W. A. Harris received word last Wednesday of the death of her mother, Mrs. Harris had just recently returned from a visit with her mother during a prolonged illness but was unable to return for the funeral because of her own illness. Mother Phillips had many friends here as she had visited here some time ago.

The obituary clipped from the Arkansas Gazette was as follows: Mrs. Matilda Phillips, aged 86, died at the home of her daughter, Mrs. Emma Baker of near Jacksonville, Wednesday morning. She is survived by six children: James Wood, J. R. Phillips, and D. B. Phillips of Jacksonville, John Fred Phillips of the navy, Mrs. Rose Harris of Goree, Texas, and Mrs. Emma Baker of Jacksonville; 30 grandchildren, 29 great-grandchildren, and a great-great-grandson. Three generations of her family are serving in the armed forces. She is the oldest war mother in Pulaski county. Her husband, W. J. Phillips, died in 1914. She was a member of the Friendship Baptist church.

Funeral services will be held at Bayou Meto Chapel at 3:30 p. m. Thursday by the Rev. Guy Wilson. Pallbearers will be: Active—Harry Harpole, Ed Boyd, Ted Holt, John Smith, John Davenport, Herschel Toney, and James Crone; honorary—R. D. Boyd, Bruel Wilson, Dr. C. H. Hudson, Richard Crone, Joe Davenport, A. F. Henry, J. Robert Farris, Greene Madden, Governor Homer M. Adkins, Judge C. P. Newton and Bruce Huddleston. Burial will be by Westbrook Burial Association of Beebe.

The children at home were consoled and comforted by the knowledge that a glorious spirit had been released and by their mother's Bible with so many pages turned down.

## City Mayor, Two Aldermen Will Be Elected April 5

An election for the purpose of electing a mayor and two councilmen for the City of Munday will be held on Tuesday, April 4th, it was announced this week by Riley B. Harrell, city secretary.

The terms of Mayor C. R. Elliott and Councilmen Wallace Reid and Leland Hannah, expire, and qualified voters of Munday will vote on candidates to fill these vacancies.

"Candidates for the above named offices must file their names with the city secretary on or before Friday, March 31." Mr. Harrell said, so ample time can be given for printing of the ballots to have them ready for the election.

## Dates Are Given For Planting Of Grain Sorghums

Some interesting figures relative to planting dates of thirteen different varieties of grain sorghums have been released by the Chilled Experiment Station, according to R. O. Dunkle.

The two planting dates used as a comparison in yields are April 15th and May 15th. In this eight year test period it was found that May 15th planting produced an average of all varieties of 26.5 bushels more per acre than did the April 15th planting. It was also found that the date of planting to maturity was 121 days for the April 15th planting and only 101 days for the May 15th planting. Even though the planting date was 30 days difference the maturing date was only a 10 days difference.

## MISS CHARLENE NELSON TRANSFERRED TO DALLAS

Miss Charlene Nelson, who has been employed at the AAA office in Benjamin for some time, has been transferred to the Dallas office and took up her duties there the first of this week. Her parents, Mr. and Mrs. E. H. Nelson, took her to Dallas last Saturday.

## Governor Starts Easter Seal Sale

Governor Coke Stevenson this week formally launched the annual Easter Seal Sale of the Texas Society for Crippled Children by the purchase of the first sheet of seals and announcement of the necessity of the campaign through official proclamation. The Governor bought the first seals sold this year in Texas from pretty little Joanne Frost, seven year old daughter of Mr. and Mrs. R. J. Frost, 4233 Cole Avenue, Dallas. Joanne, who was a victim of poliomyelitis when only nine months of age, attends the special class for crippled children at the Ben Milam School in Dallas, sponsored by the Dallas Society for Crippled Children, a unit of the Texas Society for Crippled Children.

## New Postage Rates Become Effective On Next Sunday, Postmaster Warns

### Point Reduction On Sausage Products

The following point reductions on sausage products have been announced by the Knox County War Price and Rationing Board:

1. All dry sausage and semi-dry sausage items, except dry or semi-dry sausage in tin or glass containers, are reduced two points per pound below current point values assigned to such items.
2. All other sausage products, except those in tin or glass containers, are reduced one point per pound below the current point value assigned to such products. However, no reduction in point value is made in any sausage product currently having point value of one point per pound or less.

This announcement shall become effective at 12:01 a. m., March 12, 1944. Reductions apply on both trade and consumer tables.

Mr. and Mrs. Robert Green and two little daughters of Vernon visited relatives and friends here the first of this week.

## Keep Up With Rationing

### RATION REMINDER

MEATS, FATS—Red stamps A8, B8, C8, D8, E8, and F8 are good through June 18. Waste kitchen fats exchanged for two points and four cents per pound.

PROCESSED FRUITS, VEGETABLES—Green stamps A8, B8, C8, D8, and E8 are good through May 20.

GASOLINE—In 17 East Coast States, A-9 coupons are good through May 8. In other states, A-11 coupons are good through June 21.

TIRE INSPECTION DEADLINES—For A-coupon holders, March 31, and for B and C coupon holders, May 31.

SUGAR—Stamp 30 in Book Four is good indefinitely for five pounds. Stamp 40 in Book Four is good for five pounds of canning sugar through February 28, 1945.

STOVES—Consumer purchases of rationed stoves must be made with a certificate obtained at local war price and rationing boards.

SHOES—Stamp No. 18 in Book One is good through April 30. Airplane stamp No. 1 in Book Three is good indefinitely. Another ration stamp good for one pair of shoes beginning May 1 will be announced soon.

Postage rates and fees for money orders, registered, insured and COD mail will be increased effective March 26. Postmaster Lee Haymes reminded patrons of the local post office this week.

First class mail for rural delivery will be 3 cents per ounce or fraction, instead of 2 cents.

In the United States and Alaska, air mail rate between post offices will be 8 cents per ounce or fraction instead of 6 cents. Rates on mail to other countries will not be affected.

No change will be made in air mail rates sent to or by the armed forces of the United States overseas served by Army and Navy post offices. This rate will remain 6 cents per one-half ounce or fraction.

Parcel post rates will be increased three per cent. A special rate is provided for books, library books and catalogs weighing more than eight ounces.

Money order fees will be increased for amounts up to \$100, 10 cents to 37 cents according to amounts.

For values up to \$1,000, new registry fees will vary from 20 cents to \$1.25. Mail registered for less than its actual value will be subject to additional fees ranging from 2 cents to 10 cents. Registers valued in excess of \$1,000 are subject to additional surcharges.

Increased insured fees for values to \$200 will be 10 cents to 70 cents, and for COD parcels, 24 cents to 90 cents. Return receipts will be 4 cents if requested when mailed, otherwise, it will be 7 cents. For registered delivery of registered mail the fee will be 20 cents.

"We are urging patrons who have 2 cent stamped envelopes or 6 cent air mail envelopes to use these same envelopes by affixing additional postage. Stamped envelopes in this post office will be offered for sale with additional stamps affixed," Mr. Haymes said.

## Goree Will Elect Mayor, 2 Aldermen

A mayor and two aldermen for the City of Goree will be elected in the city election to be held in Goree on Saturday, April 5th, J. B. Justice, city secretary, has announced.

Two whose names have been filed for aldermen are John Coffman and W. O. Barnett, while the name of F. G. Daniell has been filed for re-election as mayor of Goree.

Mrs. Gethan E. Rodgers is visiting her mother-in-law and her sisters, Mrs. Lonnie and J. T. Offutt. She is making her home with her parents of Fort Worth while Sgt. Rodgers is in the Hawaiian Islands.

## Two Children Perish In Fire At Knox City

### Herbert Sams Candidate For District Atty.

Herbert B. Sams, well known Knox county attorney, has authorized The Munday Times to announce his candidacy for the office of District Attorney of the 50th Judicial District of Texas, subject to the action of the Democratic primaries.

Mr. Sams is a member of a pioneer family of Knox county, having lived in this county practically all of his life with the exception of several years which he spent as an official court reporter in other districts of this state. He has served this county in the capacity of county attorney.

Mr. Sams states that if he should be fortunate enough to be elected District Attorney he will perform the duties of the office diligently and impartially, keeping in mind at all times that the best interest of society and state, as well as the individual, is in the enforcement of our laws. He earnestly solicits your vote and influence in the coming primaries.

## Radio Group To Come To Munday

A group of well known radio and recording artists will appear at the Munday school auditorium on Thursday night of this week under the sponsorship of the junior class.

This group is composed of The Miller Brothers—Leon, Jake, Little Pete, Don, Dave and Jerry—and The Homestead Trio—Johnny, Jean and Dortha—also Toby Toliver comedian. They will be heard in songs, music, comedy and vaudeville acts. These artists are heard over radio station KWFT, Wichita Falls.

The curtain will rise at 8:30 and admission of 17 and 33 cents will be charged.

"This entertainment was scheduled weeks in advance," Mrs. G. S. Dowell, class sponsor, explained, "and it could not be cancelled. We would not urge anyone to remain away from church to attend."

## Local Boy Wins 10 Decorations

Another Knox county boy who has won many decorations in operations against the Japs is Staff Sgt. James L. Henderson, Liberator ball turret gunner and engineer, who has won the Purple Heart, Distinguished Flying Cross and Air Medal with seven Oak Leaf Clusters during his 17 months of combat duty in the South Pacific.

James is the son of Mr. and Mrs. M. M. Henderson, who reside on route one. He came home on leave this month, after having been overseas since October, 1942.

Henderson, who quit a job as a railway brakeman to join the Army Air Forces, completed 59 missions, accumulated more than 500 combat hours and was credited with the destruction of one Zero. He was wounded over Rabaul on February 10. He flew in the Solomon campaign almost from its beginning until its end.

## Local School Gets War Loan Citation

Supt. W. C. Cunningham announced Wednesday that the Munday school was among local firms and workers who have received a special citation for the important part played in the Fourth War Loan Drive. The citation reads as follows:

"In appreciation of services rendered in behalf of the War Finance Program this citation is awarded to Munday Independent School District.

"Given under my hand and seal on March 1, 1944.  
"Henry Morgenthau Jr., Secretary of the Treasury, Nathan Adams, State Chairman."

## Father Is In Critical Condition At Knox Hospital

Two children of Mr. and Mrs. Frank Robertson were burned to death Saturday night when their three-room farm home, three miles northwest of Knox City was destroyed by fire, following an explosion of a can of kerosene.

The father, about 30 years old, was critically burned by the flames which covered his body. He was admitted to the Knox county hospital for treatment, and reports Monday night were that he was growing worse.

The mother, Mrs. Ida Bell Robertson, was burned on the hands while trying to extinguish flames on her husband.

Unable to get the two children, Delwin Ray, age 5, and Betty Ann, 3, out of the flaming room, Robertson left the house to put out his clothing by rolling on the ground. He made unsuccessful efforts to re-enter the burning home and rescue the children trapped in the flames.

Mrs. Robertson was holding their baby, Doris Jean, one year old, and carried her from the home.

As his wife could not drive, Robertson drove his car the three miles to the Knox county hospital, despite his serious burns. Little hope is held for his recovery.

Funeral services for the two children were held at three o'clock last Sunday afternoon, with burial at O'Brien.

Returning from Knox City around ten o'clock Saturday night, Mr. Robertson was building a fire with the kerosene when the explosion occurred.

Robertson, son of Mr. and Mrs. J. N. Robertson of O'Brien, had moved with his family about a year ago from O'Brien to this tenant house on the Abe Watson farm.

## Hardy Richards Calf Wins First At Fort Worth

Hardy Richards, 4-H Club member of Vera, won first place with his heavy weight steer at the Southwestern Exposition and Fat Stock Show at Fort Worth, according to R. O. Dunkle, county agent. This steer was bred by the Arledge Stock Farm of Knox City and weighed 1150 pounds, the steer sold to the Dallas Officers Club of Love Field at 31 cents per pound. Hardy Richards also won \$40.00 as premium making a grand total of \$396.50.

The Knox County 4-H Club boys have made a wonderful record this year, which is the results of hard continuous work well done.

## Soldier Tells Of Africa In Talk To Rotarians Friday

Dale Daniels, returned soldier from North Africa who has been undergoing treatment at McCloskey Hospital in Temple, was a guest of the Munday Rotary Club last Friday night and gave local Rotarians a short account of his experiences in the African fighting.

Daniels, whose home is in Oklahoma, is visiting his uncle and aunt, Mr. and Mrs. Earl Brewer. He told of troop landings in Africa with a rough sea that dashed many landing craft to pieces. "We lost lots of men in the landing," he said, "as the wind and high sea dashed our craft upon the rocks." Daniels reviewed some of the fighting, described the demolished towns of Bizerte and Tunis, and told of the customs of peoples in Africa and the principal products raised there.

His talk was very interesting and was enjoyed by all Rotarians. He received an injury to his right ankle in Africa and said he was not permitted to take part in the invasion of Sicily.

Two new members, Sied Waheed and George Hammett, were recognized by the club.  
Mr. and Mrs. J. K. Johnson returned home last week after spending several months with relatives at various points in the Rio Grande valley.

"What a Man Does For Himself Dies With Him—  
What He Does For His Community Lives On and On"

## EVERY TOWN A HARBOR

For centuries, commerce has followed the sea-ways and the waterways of the world. Hitler's grandiose scheme for world conquest had, as one of its objectives, the capture of Suez, water gateway to the fabulous ports of the East. The banks of the Don and the Dneiper have been bloody battlefields because these rivers carry supplies to the army that controls them, even as they once brought food and ores and manufactured articles to a people at peace. Stalingrad and Kiev are important Russian cities because they are ports for river traffic, as St. Louis and New Orleans are important cities in this country. Boston and New York, and Seattle and San Francisco also became important because of their fine harbors. But now the picture is changing as a new means of transportation surges boldly to the fore. In the dawning Age of Flight, business centers will bloom about airports just as surely as they once sprang up around the quay sides.

Nature provided harbors for ships, but inland "harbors" for airplanes can be built by man. Conservative authorities have estimated that the airports of this nation will have to handle three or four times the present amount of air traffic immediately after the war.

Not only will airports become essential to a community's business life, but they will help provide jobs for many men now in the Air Forces who will return after the war with a desire to continue in the calling they know best.

Airport planning is not something that can be done overnight. It requires months, sometimes years of study, not only in determining the best possible location for a flying field, but in acquiring the land, arranging financing, improving roads, expanding public utility services, and myriad other details. Progressive communities are preparing now to receive the miracle of air commerce which will begin to spread over the world when the war ends. It will keep them humming to be ready for that day.

## GOVERNMENT CONTROL A "DISASTER"

Socialized medicine would mean greater security for doctors. Therefore, the medical profession, in opposing socialization, is not grinding the ax of personal gain. This is hard for medical critics who think comfort is the millennium, to understand.

Doctors oppose government domination of medicine for two reasons: First, because it would lower medical standards and bring about inferior medical service to the people. Second, because, as American citizens with a background of freedom and individualism, they have no alternative but to oppose any measure which they feel is a threat to American institutions and Constitutional government. Socialized medicine, like socialization of industry, would hasten the end of freedom in this nation.

The doctors have been accused of selfishness and blind conservatism in their battle against government medicine. If they were selfish they would not be killing themselves trying to maintain the health of the nation during the present crisis. They are far from blind conservatives, because more than anyone else, they come into contact with misfortune and death. They are working constantly to broaden and improve medical care. Some measure of their success is indicated by the fact that the span of life in the last century-and-a-half has been increased from 35 to 62 years—almost doubled.

The attitude of physicians on the issue of socialized medicine has been well described by Rear Admiral Ross T. McIntire, the President's personal physician. "It is my hope," he said, "that we shall never see medicine subsidized by the government. I hope that the time never comes when the practice of medicine or anything that has to do with it comes under government control. It would be a disaster to this country...."

## THE BLESSINGS OF BUREAUCRACY

The recent railroad-strike threat and the consequent taking over of the roads by the government led to a demonstration of bureaucracy's blessings that brought wry amusement into the little town of Strasburg, Pa.

Complete with his bars and spangles, an Army lieutenant showed up to take over the Strasburg Railroad—consisting in whole of a gasoline engine and one freight car. The road, four miles of it, runs between Strasburg (pop. 1,049) and Leaman Place (pop. 188).

The local Chief of Police, who has been doubling as the road's engineer, and his entire crew of one fireman, still operate the road—which operates only occasionally. Meantime the Army lieutenant, obeying Washington orders, sits in the local feed-store, twiddling his thumbs.

## THE MUNDAY TIMES

Published Every Thursday at Munday

J. W. Roberts . . . . . Editor, Owner and Publisher  
Aaron Edgar . . . . . News Editor  
Entered at the Postoffice in Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1879.

### SUBSCRIPTION RATES

In first zone, per year . . . . . \$1.50  
In second zone, per year . . . . . \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.

## BY DESIGN OR BY ACCIDENT?

According to responsible authorities, attempts have been made to hold up production of civilian goods in the belief that a policy of scarcity is an effective morale builder. If this is true, a despicable trick is being played on consumers and the battle against inflation may be made immeasurably more difficult.

Most observers agree that the immense productive capacity of industry now stands as the best guarantee against uncontrolled inflation. Unless industry turns out things people need in sufficient quantity to offset the billions of new dollars which the war has put into hands of the public, the natural laws of supply and demand will wreck price ceilings. Industry should be encouraged to produce the goods and retail distributors should be encouraged to make those goods available to consumers on as large a scale as possible without actually impairing war production.

Complicated regulations have been to blame for removing from retail shelves many critically needed consumer items. When merchants and manufacturers point to the effect of specific regulations on dwindling supplies, they are assured that everything possible is being done to correct the situation—but the regulations continue in force and supplies dwindle. Low priced clothing is a case in point. Certain lines of women's and children's apparel have literally been ruled off the market.

If these regulations that restrict production and distribution of consumer goods are part of a misguided attempt to bolster civilian morale, it is about time the country learned the truth. A nation whose people have sent ten million men to war, will not appreciate public servants playing with the home front like children play with a toy.

## WINNING THEIR SPURS

When Henry Ford came forth with the Model "T" he was ridiculed as an impractical tinkerer. Today he is recognized as the pioneer of mass production.

Close on the heels of mass production came another logical development, mass distribution. Again the pioneers had to endure a period of dogmatic attack. For years the chain stores, as originators of mass distribution, struggled upward through a morass of prejudice. But they too, together with the system they devised, have finally won their spurs. As Doctor Paul Nystrom, professor of marketing, Columbia University, has observed: "The chain store as a form of distribution has apparently grown up. . . . Chain stores have now become a regular and stable part of the system of distribution. . . . They are playing their part and performing their functions and duties in the communities in which they are located in about the same way as other retail institutions. . . . Independent retailers have found that they can hold their own with the chain store systems in competitive merchandising by using modern methods, and are no longer pushing for restrictive legislation."

Mass production can win the war. But the combined efforts of mass production and mass distribution will be needed to win the peace.

## A PEOPLE'S TAX

Senator Byrd, of Virginia, recently declared: "There was a time when the Federal income tax was called a rich man's tax; the masses believed that they would benefit and that the wealthy would pay the bill. Today all that has changed. From now on our Federal expenditures will be traced directly to tax burdens in the lower-income brackets, it being estimated that fifty million people will now file income tax returns. The Secretary of the Treasury must have had a similar idea in mind when he stated: 'For the first time in our history the income tax is becoming a people's tax.'"

## STATEMENT FROM A GERMAN PRISONER OF WAR

WHEN ASKED which side he thought would win the War, a German officer captured at Salerno made the following statement:

"This is one war America will not win, because America is too weak at home. Your people are too far away—their hearts are not in it. They will

tire—they do not have the unshakable determination to conquer that fills every man and woman of the German Reich!"

When you're asked to buy more War Bonds and to keep on buying more War Bonds—remember what that German officer said.

Let's all KEEP BACKING THE ATTACK!

## Gems Of Thought

### ELOQUENCE

Honesty is one part of eloquence. We persuade others by being in earnest ourselves.—Hazlitt.

True eloquence does not consist in speech.—It must consist in the man, in the subject, and in the occasion.—Daniel Webster.

No man ever did, or ever will become most truly eloquent without being a constant reader of the Bible, and an admirer of the purity and sublimity of its language.—Fisher Ames.

Time past and time present, both may pain us, but time improved is eloquent in God's praise.—Mary

Baker Eddy.

He that has the truth at his heart need never fear the want of persuasion on his tongue.—John Ruskin.

The hearts of men are their books; events are their tutors; great actions are their eloquence.—Macaulay.

## PREPARING AND PLANTING THE POTATO PATCH

COLLEGE STATION—The most important step in planting potatoes, both in garden and the field, is thorough preparation of the soil. Plow or spade it eight to ten inches deep and break up the clods. J. F. Rosborough, horticulturist for the A. and M. College Extension Service, assures those who plan to have a few rows near the house for early use, and those who desire to grow a supply for winter that it isn't too late to plant and make a good crop. Normally, he says, Texans try to plant their potatoes early, but too much Texas weather hindered that practice this year.

Getting back to soil preparation, Rosborough doubts whether there is time to apply commercial fertilizer except where the soil is sandy and frequent rains occur during the growing season. In such areas fertilizer may be applied just ahead of planting. In localities likely to have considerable rain in April or early May, work up the soil into beds. Bedding is throwing two plow furrows together or pulling the earth in home gardens into ridges at least six inches high and two and one-half to three feet apart.

After bedding, open a row in the bed four or five inches deep with a plow or hoe and apply 5-10-5 or 4-12-4 commercial fertilizer at the rate of five or six pounds per 100 feet of row. Chop it in, mixing it with the soil until particles are no longer visible. Its a good rule to buy fertilizer on the basis of putting down one pound for each pound of potatoes planted.

The War Food Administration reports that the largest supply of certified and war-approved grade seed potatoes in history will be available for planting this spring. Rosborough says that although certified seed is first choice, use of war-approved seed is recommended where certified potatoes are not obtainable. In case neither is available, it will be well to disinfect the seed used by soaking it for half an hour in a solution of one ounce corrosive sublimate dissolved in eight gallons of water, then spread out to dry. This will protect against serious seed-borne diseases.

Lastly, cut the potatoes into seed pieces about half the size of a hen's

egg and plant 14 to 16 inches apart.

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
M. D., State Health Officer  
of Texas

AUSTIN — Speaking of the susceptibility of children to tuberculosis, Dr. Geo. W. Cox, State Health Officer, said today that few people realize that babies and young children are very likely to become infected with tuberculosis if they are kept in rooms with persons who have the disease, use the same dishes, sleep in the same beds, or are handled and kissed by persons who have tuberculosis.

"Babies and young children pick up the germs of tuberculosis just as readily as they pick up the germs of measles or whooping cough, or of any other of the so-called children's diseases," Dr. Cox said. "But tuberculosis, unlike most diseases, has more than one form. Babies who get tuberculosis may not show the symptoms we associate with the disease in older persons. But the disease in most cases develops rapidly and is likely to end fatally. Tuberculosis in babies and young children is a very serious matter, although recent studies have shown that if young children are removed promptly from contact with the disease and given the necessary care, many lives can be saved."

Dr. Cox said that if the presence of tuberculosis is recognized in its early stages and if medical attention is secured promptly, a great deal can be accomplished whenever the disease develops, whether in young or old.

"Tuberculosis doesn't just simply happen. Nobody is born with the disease. Everybody who develops tuberculosis gets it from some other source, and children and young people who have been in contact with persons having tuberculosis are especially likely to contract it."

Purchase of more than \$100 worth of radium for the University of Texas M. D. Anderson Hospital for Cancer Research at Houston has been authorized by the University Board of Regents.

Spanning the history of the film industry—from "The Birth of a Nation" in 1915, to the modern "March of Time"—the University of Texas College of Fine Arts is presenting a spring series of motion pictures designed to show the development of film-making as a fine art.

### Senior Report

Our invitations have finally arrived and everyone is finding it a difficult job to have to wait a few days before we can see them.

We have sent for our caps and gowns. They are to be black with white collars. The caps are black with black and white tassel. We might add that they are to be the prettiest ever at Sunset.

At last we have begun play practice. Everyone is satisfied with his part and is certainly going to do his best. It's going to be the best play ever put on at Sunset high. It's packed full of surprises, laughs, and thrills. So watch for the senior play, "The Antics of Andrew." It will be fabulous.

The senior class is certainly proud of the volleyball girls. They emerged first place winners in the Vera tournament last week end. They defeated Vera and Gilliland to go to the finals against Weinert. The girls defeated the Weinert girls by a large majority. The girls played hard and really deserve the honor they won. They say they are going to win several more before the season is out and we know they can do it.

In history we are traveling by stage coach and early trains. We find this very interesting and quite humorous. Mr. Mac is the only teacher here who can boast of being one of the passengers on Robert Fulton's first steamboat...

### Coming Presentation of "So Help Me Hannah"

The junior class of Sunset high school is going to present "So Help Me Hannah," a hilarious domestic comedy in three acts on Friday, March 31.

A short sketch of the characters follows:

Mrs. Bascomb, a harassed mother, whose son, Willie, is good at making trouble by always saying yes to everyone. The part is played by Eva Dean Henderson.

Willie Bascomb, who makes a bet causing much confusion by saying no for twenty-four hours. This part is aptly played by Mart Hardin.

Joan Bascomb, about sixteen, who is slightly sappy, helps to confuse Willie. She is played by Wanda Sue Nelson.

Willie the Whisper, a kleptomaniac, causes Willie Bascomb no end of trouble. This part is played by Eldric McAfee.

Annie, the cook, who is played by Idella Acosta, leaves Joan and her brother to get dinner on the night Mrs. Van Astor visits the Bascombs.

Hannah Waters, Willie Bascomb's fiancée, helps poor Willie out of all his escapades. Juanita Draper makes a perfect Hannah.

Freddie Baldwin, a town playboy who falls in love with Deanna Van Astor, is portrayed by Wendell Partridge.

Mildred Yost does a very good job of playing the part of Claudette, a troublesome neighbor.

Mrs. Van Astor and her daughter, Deanna, are in society and Mrs. Bascomb hopes to receive entry by becoming a good friend to Mrs. Van Astor. Mrs. Van Astor is portrayed by Loyce Milford and Deanna by Joyce Milford.

An officer, who is noted for getting things in a good mess is played by Utah Groves.

Sergeant Devine attempts to solve the mystery but usually ends up by being knocked out. Bill Matthews portrays the detective nicely.

George, a bill collector has a difficult time with Minnie the cow. Lendon Walling is very effective in this part.

Mable Bascomb, a country cousin, who is really countrified lopes in for a long visit. Her remarks are very funny and, needless to say, straight from the country. This part is portrayed to perfection by a noted actress, Christine Lindsay.

Recently the sophomore and freshman Home Economics girls planted flowers in front of the school building. We are quite anxious for them to come up and hope they will be very pretty.

### Eighth Grade

The eighth grade boys and girls are working on a play to give next Friday. We certainly hope it is a successful one.

We are studying the government of our nation in Civics and find it to be a very interesting subject.

Margaret Ann Partridge, a classmate who has moved away, visited with us last week. We were very glad to see her again.

### Seventh Grade

The seventh grade had a delightful theater party on last Thursday night. They saw "Lassie Come Home." Everyone reported a good time even though some of them shed tears to excess.

In geography we are studying the Maritime Countries. We find it a very interesting subject to study.

Billy Cammack and Donald Nix are going to represent the seventh grade in declamation this year. We hope they have a successful

## People, Spots In The News

**"HASH" MARKS** — "Hash" marks on the arms of these 14 sergeants from Fort Sheridan, Ill., represent a total of three and one-quarter centuries of army service. Straight stripes, worn on the left sleeve below the elbow, each indicate three years of service, while the "V" shaped stripe represents overseas service. Left to right: Clyde A. Arrendell, 51, 30 years in service; of Mountain City, Tenn.; Alexander E. Guenette, 58, Fitchburg, Mass., 30 years in service; Virgle C. Adams, 47, Richmond, Va., 28 years in service; Louis S. Epker, 44, 25 years in service; William Hall, 50, Tate County, Miss., 24 years in service; Ed J. Schwale, 43, Trenton, N. J., 23 years in service; Eusebio Lazo, 48, Highwood, Ill., 23 years in service; Edward J. Brown, 48, Milwaukee, Wis., 23 years in service; Joseph M. Pale, Lombard, Ill., 43, 22 years in service; Jesse M. DeLong, 43, Battle Creek, Mich., 21 years in service; Joseph B. Buchanan, 39, Boston, Mass., 20 years in service; Rudolph Kadlac, 43, Prairie Du Chien, Wis., 20 years in service; Alton B. Taylor, 39, Pine Bluff, Ark., 19 years in service; and Samuel C. Smith, 41, Fayette, Mo., 18 years in service.

**HAPPIER LANDINGS!** — During tests at Miami, Fla., W. H. Elliott, B. F. Goodrich engineer, and T. J. Tanner, Eastern Airlines, inspect rubber fins on newly-developed "self-starting" airplane tires. Fins serve as "wind-mills" causing wheels to revolve, cutting landing impact and lengthening tire life from 50 to 100 per cent.

**HARD TO DO** — Nine out of 10 girls cannot look graceful and appealing as does Lorraine Miller in this pose. Try it yourself.

about of it and we feel sure they will.

### Sixth Grade

We enjoyed our theater party Thursday evening. We liked the movie, "Lassie Come Home," even though every one cried before it was over.

We played volleyball with Knox City and enjoyed it very much. They beat us three games out of five.

Patricia Johnson is just back from a trip to Corpus Christi, Calallen, and other places in South Texas, and reports a wonderful time. She saw Blue Bonnets blooming galore. She saw a battle ship with five guns on it and brought back cabbage and carrots to can.

The three best maps in geography this week were Royce Reddell's, Betty Matthews', and June Lowrey's.

Kenneth McWhorter has a brown eyed, black haired, baby sister in his home, named Reta Beth.

### Fourth and Fifth Grades

We are bringing pots and plants to school for our windows. Here's hoping we have some blooms by May.

Doris June's relatives from Carlsbad, Mr. and Mrs. Spruill, Frances Charline, Mrs. Russell and baby, Truett, are visiting in the Walling home.

Gloria Michel's mother and daddy went to the fat stock show. Gloria stayed here for she didn't want to miss school.

David Mora spent the week end in San Angelo.

Doris June Walling was at Fort Worth for the fat stock show last Sunday. She reports a grand time.

The best citizens last week were Gladys Simmons and Ann Nelson.

### Second and Third Grades

We are glad to have a new pupil, Betty Sue Rutledge from Bomarton.

Faye's uncle, S. P. Lowrey and family, came in for a visit over the week end.

Mildred's cousins from Wichita Falls visited her.

Goldie Faye's niece drank some coal oil but she is doing fine.

Barbara Jo's aunt and uncle came from Altus, Oklahoma, Friday.

Elaine's uncle and aunt, Mr. and Mrs. Leland Crouch from Dallas, her aunt, Mrs. Ruth Moore from Abilene, and T.Sgt. Foreman Nix spent Sunday in her home.

Shirley went to Wichita Friday to see a dentist.

Nearly every pupil in our room saw the picture, "Lassie, Come Home." They enjoyed it very much. Jessie's cousin went to California Sunday.

Sue's uncle, an old Sunset boy, Victor Thomas, is on a short furlough.

### First Grade

Tommy's Uncle Tommy and Aunt

## Rapid Strides Are Made In Post War Planning

AUSTIN — Small communities as well as the major cities of Texas are making strides toward post-war planning, a University of Texas economic analyst declares.

Dr. F. A. Buechel, University Bureau of Business Research statistician and a business consultant for the U. S. Bureau of Foreign and Domestic Commerce, recently made a 1,000-mile tour of East Central Texas, to see what is being done in post-war plans.

He returned impressed with "the broad solid human base upon which the solution of our economic problems rests," he said.

"Leadership, moreover, is not confined to the larger population centers, but exists in all local areas throughout the state."

He found small town farmers, Chamber of Commerce executives, and business leaders keenly interested in analyzing their present community situation and in turning their assets into broader, sound economic development after the war.

Farmers have money in the bank and bonds in safety deposit boxes, and are improving their farms through soil conservation and diversification methods. They are stabilizing their economic condition so as to be able to take advantage of any post-war situation that may develop.

Small industries are already surveying their present plants and their markets, in order to be able to have expansion plans ready to put into execution when the war is over. They are planning how they may afford employment to larger numbers of workers in the community, and thereby help absorb some of the expected post-war labor surplus.

Small cities and towns are already drafting plans for extensive municipal improvements, such as sewer disposal plants, street paving, park and recreation centers, and school facilities.

"Facts on the community level are being collected on a wide range of subjects," Dr. Buechel explained. "These include natural resources, population groups, projects that can be entered upon immediately, some to be developed over the long-term period, others which can be initiated and carried through by individual concerns, and those requiring community cooperation and planning."

Mac Haymes, who is serving in the U. S. Marines and stationed at San Francisco, Calif., came in last week to spend a 10-day furlough with his parents, Mr. and Mrs. Lee Haymes.

Mrs. W. M. Mayo of Amarillo visited with Mr. and Mrs. Wade Mahan and other relatives and friends here over the week end.

Mrs. Andy Elland spent the week end in Abilene, visiting with her husband, who is in school there.

Mrs. Billy James of Abilene visited in the home of Mr. and Mrs. Barton Carl last week end.

## HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

A good rain fell in this community, which was preceded by some cool days with a little frost last Monday morning. Gardens will be planted rapidly now.

Mr. and Mrs. J. C. Murdock returned from Golden recently, where they took his mother, Mrs. Sid Murdock, who has been visiting them here for some time.

Ed A. Jones was a patient in the Knox county hospital last week.

Mr. and Mrs. Ed Jones recently had a letter from their son, Major Paul A. Jones, who is serving overseas. Paul stated he was getting along fine.

Lieut. J. G. Jones was visiting his brother, Marion Jones, recently. Gaylon Hord and Billie Hendrix attended the fat stock show in Ft. Worth over the week end. While there Gaylon also visited with an aunt and uncle.

Mrs. L. P. Jones of Amarillo and her daughter and son-in-law, Mr. and Mrs. Carl Smith of Louisiana, were visitors in the home of Mr.

and Mrs. Ed Jones recently. Harrold Payne was one of the party who attended the stock show in Fort Worth last week end.

Friends and relatives of Lester J. Barnett of O'Donnell will regret to hear that he is a patient in a Lubbock hospital, having entered the hospital after a visit to his old home town of Decatur, Newton county, Miss., to visit his mother and other relatives. Here's hoping he responds to treatment and will soon be well again.

Mr. and Mrs. C. E. Haskins were business visitors in Munday last Saturday.

Terrall T. Boggs writes his mother that he is fine. He is serving in the army.

### HOME FROM HOSPITAL

E. A. Jones, well known Knox county resident who has been a patient in the Knox county hospital, was brought home last Monday. He is reported greatly improved.

Mrs. Joe Bailey King spent the first of this week in Dallas, attending the markets and purchasing merchandise for the local Baker McCarty store.

## THE OLD JUDGE SAYS...

"That's really a great editorial you just read to us, Judge. Where did you say it appeared?"  
 "In 'The Stars and Stripes'... the newspaper of the U.S. Armed Forces in Europe. Kind of gives us folks back home something to think about, doesn't it, Bill?"  
 "It certainly does, Judge. Particularly the last paragraph. Would you mind reading that again?"  
 "Glad to, Bill. It says, 'We can remember

the days of prohibition, when moonshine whiskey made quick fortunes for bootleggers, crooked politicians and dishonest police officials. As a result, we claim we know what we want in the way of liquor legislation and feel those at home should wait until we return before initiating further legislation on liquor control."  
 "Out of fairness to our boys over there fighting, Judge, how could we disobey such a wish?"

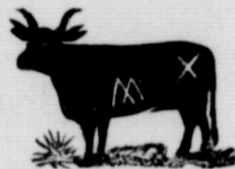

## Sewing Machine SALE

NOTICE IS HEREBY GIVEN, that the Commissioner's Court will sell all sewing machines owned by the County, which are not being used by the RED CROSS sewing rooms, at public auction, on the 10th day of April A. D. 1944, the same being the regular meeting of the Commissioner's Court in April. Said sale to be held at 2 o'clock P. M. at the Court House and all parties interested in buying a sewing machine may bid at said sale.

## Wynelle Barnett And T. P. Porter Jr. Wed In Connecticut

The marriage of Wynelle Barnett, daughter of Mr. and Mrs. W. A. Barnett, and T. P. Porter, Jr., son of Mr. and Mrs. T. P. Porter Sr., Benjamin, took place at high noon in the Chapel at Ft. Trumbull, New London, Conn.

Chaplain George Farham of the United States Maritime Service read the double ring ceremony.

The bride wore a Marine blue suit, with black and white accessories, and a corsage of white gardenias.

She was given in marriage by David, a friend of the groom, and was attended by Mrs. R. L. Dunham as bridesmaid. Mrs. Dunham wore a blue suit with black accessories.

Mr. R. L. Durham served T. P. Jr. as best man.

Mrs. Porter was graduated from Gooee high school, and for the past year has been employed by E. B. Sams, tax assessor and collector of Benjamin. Mr. Porter was a graduate of Benjamin high school and has been serving in the United States Merchant Marines for the past three years.

The couple will make their home at 37 Spring Street, New London, Conn. where Mr. Porter is now stationed.

Mrs. Ray Howard and little son, Zack, of Midland came in last Friday to spend some time here with Mrs. Howard's mother, Mrs. Ben Guinn, and with other relatives.

G. A. Blanton, C. A. Eiland and Peggy and Sarah Eiland of Lamesa; Ted Crosnoe, Lubbock; Rex Holder, Clarksville; Ralph Blanton, Seymour; Roy Maples, Gooee; Togo Moorhouse, Benjamin; and Miss Velma Martin, Wichita Falls, and members of the house party.

## Mrs. Harpham Is Hostess To WSCS Monday Afternoon

Mrs. Jimmy Harpham was hostess to ladies of the Methodist W. S. C. S. last Monday afternoon in her home. At this time Mrs. G. S. Dowell reviewed the fourth chapter of the study book, "For All of Life," which was enjoyed by all.

At the close of the review and business session, the hostess served delicious refreshments to the following:

Mme. P. V. Williams, G. W. Dingus, J. W. Roberts, Chester Borden, J. C. Rice, Lowe, Luther Kirk, C. H. Giddings, G. S. Dowell and the hostess.

## Vegetables That Will Grow Best In Gardens of Texas

Garden-making, which already has started in Knox county, prompts Miss King to suggest some of "the little tricks to get vegetables to grow best."

For the small gardener, green bush beans such as Kentucky Wonder are more desirable than the pole type because the bush variety matures quickly and does not occupy excessive space. The Stringless Green Pod, Refugee or Bountiful varieties are well suited to growing conditions in the southern half of the state.

If there is room, pole butter beans or even pole green beans can be grown on the garden fence. A good pole type of butter bean is Sieva, a medium size white bean of good quality, and Florida Speckled is very hardy and prolific. A row of green pole beans, which will mature after the bushy beans are gone, might be planted on another part of the garden fence, Miss King suggests. The old Kentucky Wonder, or a newer variety known as McCaslan, are both adapted to south and east Texas. She cautions not to plant pinto beans to use for fresh or green beans, or for canning because it is inclined to be stringy and lacks quality. But if planted for dried beans they should be allowed to mature on the vines.

Miss King, Knox county home demonstration agent, recommends treating bean seed with inoculating dust just before planting. The material is obtainable at seed stores.

Fordhook and Acorn varieties of squash are good to eat even after maturity. As they incline to rank growth, each plant should be allowed at least six feet. Harvested in June or July, they may be used throughout the summer and fall. Twenty-five good okra plants produce enough for an average family. White Velvet and Green Praline are varieties of good quality. Allowing at least two feet between plants, bell peppers will grow all summer and fall in most parts of

## Salute to Spring

Despite the pranks of March wind, Frances Rafferty, attractive Metro-Goldwyn-Mayer star, models this "Salute to Spring" outfit made of cotton. The dirndl skirt is chambray, with multi-colored braid trim. The organdy blouse also features the multi-colored braid which outlines the square, ruffled neckline, and adds the finishing touch to the short puffed sleeves and the short jabot.

Texas. But don't plant green and hot peppers in adjacent rows. Crossing will give the greens a strong flavor of the hots.

## OUR SINCERE THANKS

It would be impossible for us to tell our friends how very grateful we are for their kindness at the death of our son and brother. You gave us your sympathy and help in our sorrow. We will never cease thanking you for what you have done, especially for the donations in household equipment, money and everything.

Mr. and Mrs. Joel Bolton and Family.

Be smart this spring... wear a Churchill Tailored SUIT

# At The Churches

## PRESBYTERIAN CHURCH

Dr. William N. Sholl of Haskell preaches here each Sunday morning at 9:30 a. m.

Our church is located on the Main street of Munday and has an attractive auditorium with added Sunday school facilities. The Auxiliary meets on Mondays and is accomplishing a good work. All Presbyterians living in Munday and surrounding country are urged to attend our services. A very hearty invitation is extended to all visitors, especially those who have no regular church home.

## BENJAMIN METHODIST CHURCH

J. P. Patterson, Pastor  
CALENDAR

Preaching Second and Fourth Sundays at 11:30 a. m.  
Church School, 10:30 a. m. each Sunday.

### Services March 26

Our Bible class started with remarkable success, having more than half of the local membership present. Some not members of the Methodist church took part in the studies, and their attendance is appreciated. The next class session will be at eleven-thirty o'clock Sunday and two sessions beginning at 2:30 in the afternoon. All those who desire to read the Psalms from a spiritual and literary point of view will find it to their advantage to be present at these sessions.

Please let the local membership make a canvas of our town with an invitation to all interested parties to avail themselves of this opportunity. It will be a source of information to them and an inspiration to those now taking part in the study. Tell them what you have received, what you expect, and what they will have if they attend.

Pvt. Lewis W. Washburn left last week for his station at Fort Ord, Calif., after spending a furlough here with his parents, Mr. and Mrs. C. E. Washburn.

## FOUR SQUARE CHURCH

Regular services will be held Thursday evening, Saturday evening and Sunday evening at 8 p. m. Rev. and Mrs. Crouch are the pastors, Bobby Crouch, pianist, Meralene Crouch, mandolinist, and Mrs. Crouch guitarist. The church is located at the east end of main street, across the railroad track. Everyone is invited.

## 94 Speeches By Boyce House In Past Two Months

Public speakers in Texas were given a mark to shoot at when Boyce House, "I Give You Texas" columnist and author of the best-selling book by the same title, delivered his ninety-fourth speech in two months, a few days ago. He addressed service clubs, conventions, high schools and colleges—most of the addresses being in his capacity of "good will ambassador" for the Southwestern Exposition and Fat Stock Show in Fort Worth, which has just concluded one of the most successful runs in its history.

In making 94 speeches in 60 days, House twice spoke five times in a single day. Two years ago, House was a strong candidate for lieutenant governor of Texas and his name has been frequently mentioned as a likely candidate for that office again this year.

Rev. J. S. Tierce of Knox City, county Red Cross War Fund chairman, was here Tuesday in the interest of the Red Cross campaign for this county. He reported the county still about \$385 short of her goal of \$6,700 in this drive.

Pfc. and Mrs. Earl L. Clayborn of Marysville, Calif., spent the week end here with Clayborn's mother and other relatives. They returned by way of Fort Worth to visit Mrs. Clayborn's people before returning to camp at the end of Earl's furlough.

### Freshman News

The Freshmen are back at school working as hard as usual. Oh, come now, that isn't so hard to imagine. In Algebra, we are studying elimination by substitution. Boy, can that be a problem.

In English class we are studying ... period. We wrote themes last Friday. Some of us didn't finish but they were very interesting.

In Homemaking, we are really making the seams. We have made so many we think we are turning to seams. But this is just a little practice for we will need to know this when we make our dresses. See you next week.

### Sophomore News

Monday morning is always a bad morning for everyone. I know Bro.

Griffin was feeling bad because he gave us a test in World History to start the week off. I don't know how but bubble gum has become quite a fashion for all of us. It gave me a sore and tired jaw.

Our literature is about Chronicles of experience and we find it very interesting. Mr. Arnold announced that school would close May 19, 1944 and everyone has been giving Mrs. Henson a rush with book reports and all.

Biology is about harmful insects and pests and how to get rid of them. Do any of you think that arsenic would rid us of some pests.

We finished our child's garment in Homemaking II B Wednesday morning.

Our class had a theatre party Tuesday, March 14. I think everyone enjoyed the show. The tears it brought to some of our eyes were not to be noticed by all.

### Junior News

We were greeted with some very pleasing news this morning. According to the report, our class rings were to be shipped very soon.

This spring weather seems to have gotten some of us down. Or was it the Fat Stock Show? How about that Wayne and Billy Frank?

We have begun a new chapter in literature which is poetry. Of course everyone is expecting to enjoy it, especially the memorizing part.

### Senior News

The Senior class is dragging through with the same old grind, but we still are ticking with a steady heart-beat. Or is it so steady... this is the time when young men's fancies lightly turn to love. It also seems rather doubtful after their week-end jaunt to Fort Worth. How was it, partner? We are glad you had a good

## Most Taxpayers, Including Farmers

... Must make a Declaration of Estimate of 1944 Income and their tax liabilities on such Estimated Income. This has to be done by April 15th.

Bring your last year's Income Tax report (the one for 1943) and I will assist you in making out this Declaration. In most cases my charges will be 50c.

## Charles A. Foyt

Seymour, Texas

ALSO CASH BUYER OF CREAM AND EGGS

## Pipe and Fittings

We have plenty of both black and galvanized pipe. Also a nice stock of pipe fittings.

See our new wall paper display. New patterns arriving daily.

We are also carrying a nice line of plumbing supplies.

## MUNDAY LUMBER CO.

E. B. LITTLEFIELD — ED LANE, Mgr. — CARL MAHAN

time even though the rest of us didn't get to go.

Our class enjoyed the theatre party immensely last Tuesday night. All of us were fascinated by the hero, Lassie. At least one seemed disappointed even if several tears were shed. We had planned a picnic but we finally ended up with a marvelous treat in a drug store.

Last Friday, our class wrote informal themes in English class. Mrs. Henson seemed to enjoy reading them as much as we did listening to them. Our class has some very interesting writers and bring out some very unexpected points.

Our chemistry class has been studying about copper, an important electrical conductor and copper compounds.

## County Students On Dean's List At N.T.S.T.C., Denton

DENTON — Miss Inez Seifres of Gilliland and Mrs. Maxine Hipple of Munday are among the 182 upperclassmen qualifying for the spring dean's list at North Texas State.

Students included in the list are not required to observe the class absence rule, which deducts grade points for unexcused absences from class.

In order to have his name on the dean's list, a student must attend the college during the fall semester and must complete 12 semester hours of work with an average grade of B and no grade below a C.

Miss Seifres, daughter of Mr. and Mrs. C. M. Seifres of Gilliland, is a junior at the Denton college majoring in speech.

Mrs. Hipple, daughter of Mr. and Mrs. J. R. Burnison, is a senior student at the college majoring in elementary education. She is a member of the Senior Mary Arden Club.

## LOCALS

Mrs. Bob McGregor of Lamesa spent the week end in the home of her son, Mr. and Mrs. Lonnie Offutt. Cpl. and Mrs. J. R. Morgan Jr. and Sgt. and Mrs. Bill Chance of Muskogee, Okla. (Camp Gruber), also visited Mr. and Mrs. Lonnie Offutt and the J. R. Morgan Sr. family of Red Springs.

Mrs. Ben Guinn returned home last Friday from a Wichita Falls hospital, where she underwent the serious operation. She is reported to be doing nicely.

Mr. and Mrs. H. F. Jungman and Mrs. J. W. Roberts attended the fat stock show in Fort Worth last Friday.

Mr. and Mrs. Winston Blacklock and little daughter of Altus, Okla., visited Winston's parents, Mr. and Mrs. B. L. Blacklock, over the week end.

Mrs. Woodrow Vernon and little son of Carlsbad, New Mex., spent the first of this week here with her parents, Mr. and Mrs. L. E. Hunter.

## KEEP ON Backing the Attack WITH WAR BONDS

HERBERT B. SAMS

#### For State Representative,

114th District:  
CLAUDE CALLAWAY  
(Re-election)

#### For U. S. Congress, 13th Dist.:

GEORGE MOFFETT  
ED GOSSETT  
(Re-Election)

## COTTON QUIZ

WHO IS THE 1944 "Maid of Cotton"?

ANS — LOVELY LINWOOD GISLARD, (PRONOUNCED "JUST-CLARE") OF DONALDSONVILLE, LA., NOW ON TOUR AS THE "GOOD WILL" INDUSTRY'S GOOD WILL AMBASSADOR. SHE'S ASSISTING IN WAR BOND SALES.

I GIVE YOU TEXAS by BOYCE HOUSE

While your columnist never knew Irvin S. Cobb personally, it was my privilege to work as a reporter on the Commercial-Appeal in Memphis, Tenn., with a brother of his who was himself quite an amusing companion. It was soon after World War I and, one evening when someone was mentioned as having served in France, another newspaperman said, "What was Brown in the war?" Cobb exclaimed, "Was he in the war? Why, the French decorated him with Croix de Gooks," which was his quaint way of pronouncing "Croix de Guerre."

The best stories about Irvin Cobb dealt with his days as a reporter on the New York World, before the pride of Paducah became famous as a short story writer and humorist. The World's city editor was a slave-driver and, one day when Cobb reported for duty, the assistant city editor was in charge. "Where's old Simon Legree?" Cobb asked. The assistant replied, "He's sick." Cobb said, "Nothing trivial, I hope."

On one occasion, Cobb was as-

signed to write up a lecture to be given by an English nobleman. The night was inclement and Cobb and the lecturer were the only ones who showed up. Nevertheless, the duke went ahead and delivered his speech in full. Afterward, he suggested to the newspaperman, "You can say that my address was heard by a large and respectable audience." When Cobb objected that this might not be strictly accurate, the nobleman looked at the reporter's portly form and said, "You are large—and I am certainly respectable."

And now it looks as though the Lieutenant Governor may be planning to run for Governor. A few days ago, the Lieutenant Governor made public a statement about permitting soldiers to vote and charged that Governor Coke Stevenson was "violating both the letter and spirit of the Constitution."

Jimmie D. Jefecoat, son of Mrs. Virginia Jefecoat of Vera, is employed as a civil engineer at the J. C. Pomeroy Co., contractors of San Diego, Calif. He was recently transferred from Norfolk, Va., to San Diego.

American youth as world leaders in the coming new era, are facing the greatest responsibility that any generation has ever faced, declared University of Texas President Homer P. Rainey in a recent South-wide radio address. Its responsibility both at home and abroad require that American youth develop and use its intellectual, moral and spiritual qualities and the quality of "a great faith in the values and institutions of Christianity and Democracy," he asserted.

## Are You REALLY DEAF?

\* Few people are actually "deaf."  
\* Most people called "deaf" are only hard of hearing. Whether you are now very hard of hearing or are just losing your hearing, important discoveries of the U. S. Government National Deafness Survey make possible the greatest help ever offered to the hard of hearing.

- FOR SALE—1400 pounds of good planting bonita seed, \$1.00 per hundred pounds. Walter Schumacher, c-o Mrs. Emma Schumacher, Rt. 2, Munday. 38-2tp.

## TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

### Larger Periods For Food Stamps

Under the ration token plan, three red (meats-fats) 10-point stamps become good every two weeks, on Sundays, and five blue (processed fruits-vegetables) 10-point stamps become good on the first day of each month. To reduce last minute rush buying just before stamps run out, the Office of Price Administration increased the period for which stamps may be used. Thus, the 60 red points and 50 blue points which become good each month may be used at any time during a period of from 10 to 12 weeks.

### Changes In Gasoline Rules

Beginning April 1, the five-gallon "R" gasoline coupon for non-highway users will be good for purchasers at "authorized filling stations," as well as for gasoline purchased at bulk plants or delivered to private storage tanks, OPA announces. The "A" ration for motorists is now two gallons weekly in all parts of the country. On the Pacific coast, the "B" ration has been cut from 460 to 400 miles a month.

### Civilian Food Supply Favorable

The civilian food supply for the next few months appears to be more abundant than for the same period last year, the Department of Agriculture reports. Potatoes and cabbage head the list of really abundant foods over most of the country. Other products include, carrots, beets, spinach, peanut butter, shell eggs, grapefruit and small oranges, frozen baked beans, citrus marmalade, lard, canned green and waxed beans, frozen vegetables, and canned peas and tomatoes.

### Deferments To Be More Exact

Occupational deferments must be more exacting, particularly with registrants under the age of 26, in order to meet calls of the armed forces, the Director of Selective Service has notified local boards. The combined strength of our armed forces has been fixed at 11,300,000 by July 1, 1944, and as of February 1, some 9,352,000 had entered military service.

### More Income Tax Information

While the majority of the nation's 50 million taxpayers will find their 1944 federal income tax obligations taken care of through

withholding by their employers, an estimated 15 million will be required to file declarations of their estimated 1944 tax by April 15. Declaration forms are being mailed by the Bureau of Internal Revenue to all persons who filed declarations last fall. The first quarterly payment of estimated tax shown to be due on the declaration should be made at the time the declaration is filed, the other payments to be made on or before June 15, September 15, and December 15. Farmers who receive more than 80 per cent of their income from farming, may postpone filing their declarations until December 15. However, if they wait until December they must pay all of their estimated tax at that time.

### Evacuees On Leave

More than 19,000 of the 112,000 people of Japanese ancestry evacuated to relocation centers from the west coast two years ago have been granted indefinite leave to establish homes outside the centers, the War Relocation Authority announced. Between 2,000 and 3,000 others are on seasonal leave, mainly as farm workers. Fully two-thirds of the evacuees on leave were born in the America, and 72 per cent have never seen Japan. Both citizens and aliens are carefully screened before permission is given to relocate.

### Grow More Greens In '44

Home gardeners should plan to grow more fresh greens over a long season and can less, food specialist of the U. S. Department of Agriculture suggest. The housewife who puts up a big batch of greens in the spring for year-round use when she could have fresh greens from the garden makes herself extra work and serves less appetizing food.

### Farm and Garden Speakers

Town and city groups—victory garden clubs, farm labor committees, schools, and other groups—desiring farm or garden speakers at their meetings should give their requests to the county agricultural agent, the War Food Administrator advises. The best time for such meetings is during "Grow More In '44" week, scheduled in most sections for April 2-8, before farmers get busy with the start of planting season, he suggested.

### Round-Up

Salad oil spread on the surface of farm-cured ham will delay development of surface mold for several weeks, the Department of Agriculture says. . . WFA has requisitioned 6 1-2 million pounds of black pepper from importers and

### A TOUCH OF SPRING IN HAND-CROCHETED HAT TRIMS

The first ruffle of spring is in the air. Capture the mood of this jaunty costume by a simple trimming trick—crisp, white ruffling on a dark hat and dress. You can pep up last year's millinery with hand-crocheted hat trims in decorative pearl cotton.

## Goree News Items

Mr. and Mrs. Cliff Moorman of El Paso were here last week to visit with Mrs. Moorman's parents, Mr. and Mrs. Joe Tidwell, and with other relatives and friends. They also planned to visit Mr. Moorman's mother at Gorman before their return to El Paso, where Mr. Moorman is serving with public communications.

Dewey Struck, who has recently returned from the Pacific theater of war, was visiting relatives here last week. He is with the air forces and has put in many hours of flying in combat. Dewey was wearing a number of decorations, including the Oak Leaf Cluster.

Evans Roberts, Jr., son of Mr. and Mrs. E. E. Roberts of Memphis, recently visited his grandfather, J. J. Roberts of this city. Evans is stationed at Pasadena, Calif., where he is taking special training at the weather observatory.

Wallace Roberts of Fort Sill, Okla., was a recent visitor with relatives here. He was being trans-

ferred to a new field. Mother Cloud, who has been on the sick list for several weeks, is reported improved at this writing. Word was received last week that Seaman Odus Rhodes was taken suddenly ill while he was on his way home on furlough and was carried to a hospital at Oklahoma City where he underwent surgery. The family left Saturday morning to be at his bedside. Mr. and Mrs. I. T. Troy have had word from their son, Mortie, who is stationed on foreign soil, that he is safe and well. This came as a great relief to the family, as they had not heard from their son in four months. Mr. and Mrs. W. O. Barnett have had word from their son, Lieut. Foy Bain Barnett, who is in Italy, saying that he is safe and well. This is the first letter the parents have received in about two months. S.-Sgt. Sanford Howell is here from his air base in Florida to visit his wife and parents, Mr. and Mrs. Jack Howell of Seymour. Mr. and Mrs. Joe Turner of north of Goree left Tuesday to make their home in Wichita Falls. Mr. Turner will be employed by the railroad there. Mrs. Vernon Moore has had word from her husband, Pvt. Moore, that he is safe and well. He is serving in Italy. A number of friends and neighbors of Mr. and Mrs. Ben B. Hunt attended the funeral last Monday of Mr. Hunt's brother who passed

holders of supply U. S. requirements and commitments until about 1946. . . Power production in 30 Bureau of Reclamation Power Plants has increased 275 per cent since Pearl Harbor, according to the Department of the Interior. . . The War Manpower Commission predicts that before the end of the summer, 700,000 men and women will need to be recruited to work in canneries and food processing plants. . . Only when present rear-wheel tractor tires are worn beyond recapping stage may ration certificates be obtained for new replacements, OPA says. . . WPB says that—barbed wire and woven wire may now be made in heavier gauges such as are needed to confine hogs and cattle, and standard weights of zinc coating will be permitted. . . Production of home canning jars and closures has tripled in the past three years and is now keeping pace with increased demand. . . Permission has been granted to manufacturers to make more and better quality bedsprings and box springs. . . U. S. monthly war expenditures hit a new high of \$7,808,000,000 in February.

ferred to a new field. Mother Cloud, who has been on the sick list for several weeks, is reported improved at this writing. Word was received last week that Seaman Odus Rhodes was taken suddenly ill while he was on his way home on furlough and was carried to a hospital at Oklahoma City where he underwent surgery. ### USE OF LEISURE

You can tell pretty much about a person by the way he spends his leisure. Nothing, perhaps, is a clearer and more definite indication of character than the way people spend their spare time; and perhaps it is no exaggeration to say that the difference between ordinary and cultured people is very largely the difference between ordinary and intelligent leisure.

As Franklin so aptly pointed out long ago, "a life of leisure and a life of laziness are two things." Having time to waste and money to spend does not necessarily make one a shining light in the so-called "leisure class." One must have also education, knowledge, training—culture. There is a vast difference between the sham society of wealth and leisure alone, and that real society which demands far more of its members than money and position.

Leisure can be counted as a very great advantage—for there are so many useful and wonderful ways of turning it to account. The cultured man does not waste precious hours of leisure on second-rate

amusements or vulgar trivialities. Why should he—when he can use that time to cultivate graces of mind, and body, and person? Why should he—when he can use that time to make his life richer and fuller, when he can use that time to make himself a more cultured and cultivated person?

### Around Of MHS

The happenings around MHS at the present reveal that spring must be in the air because everyone is taking part in some activity. The boys are spinning tops and playing "socker," and it seems they are having a swell time. Volleyball and sunbaths occupy the time of the girls, especially the Freshmen.

One thing that never fails to come around with springtime to all of us MHS is... ROMANCE... They all go around with dazed expressions on their faces which to the teachers seems very amusing—in a way. Of course, the teachers have quite a time with these cases. (The Dipsie Doodle will get you if you don't watch out, and how!)

With the thoughts of the lovely springtime always comes song of,

everything. Also with this lovely springver comes the cries of hunting and fishing by all. Of course, it rather depends on the amount of shells for hunters—ah, but fishing is free and pleasant and is enjoyed by many.

### 8 B News

The students of the eighth grade will be glad when three more of the six weeks pass because they won't have very much more of school. If everyone makes A's and B's on their report cards they are going to have a hay ride and go skating. The last time they went skating everyone was sore from the hard falls. However, they all had a good time.

The English class is going to write plays and stories and then act some of them out. They also had a test, but as yet they don't know what they made.

Everyone enjoyed the show last Wednesday afternoon. Nearly all the children were crying when they came out.

Brother Crimm spoke to everyone during last week. They especially enjoyed his stories about his dogs and ponies. He spoke to the boys last Tuesday and to the girls Wednesday.

The class had a visitor Tuesday, Bobby Gene Cude.

### Junior News

The Junior girls have started the ball rolling toward their biggest Junior goal—the Junior-Senior banquet. The theme has been chosen and plans are being presented for consideration.

Material for those inevitable six weeks themes is again being sought. The students have a wider range this time so it will be easier for us to get all the required themes.

## TIME TO SPARE

MASTER AND MAESTRO

ERNO RAPEE, FAMOUS CONDUCTOR OF THE RADIO CITY MUSIC HALL SYMPHONY ORCHESTRA, BECAME A LICENSED NAVIGATOR TO PILOT HIS OWN BOAT, JOINED THE COAST GUARD RESERVE, NOW TEACHES NAVIGATION AT NEW YORK UNIVERSITY AND HUNTER COLLEGE—BETWEEN PROGRAMS AT MUSIC HALL.

MOHAMMEDAN MONKS FIRST USED COFFEE TO KEEP AWAKE DURING RELIGIOUS CEREMONIES.

AIR FORCE LIEUTENANT ON DUTY IN THE SOUTH PACIFIC SENT ONE LESSON TO INTERNATIONAL CORRESPONDENCE SCHOOLS ON THREE V-MAIL LETTERS. LESSON REACHED SCRANTON, PA. IN TEN DAYS.

here at school two years ago are the major entertainment around school lately. It's fun to look back and see teachers and students as they used to be—some have changed quite a bit!

### Freshman News

This week we have been studying "First Aid" from our teacher, Miss Atkinson. We really enjoy this for later we will need it during some emergency. The Freshmen are really starting the reading of "funny books" and how. This rather interferes with the bringing up of the long reports required in General Science.

### Senior News

During the past week the Senior play cast has been working furiously on the first act. On Tuesday they began the second act and are certainly doing some promising work on the play.

The Economics class has been covering ground so rapidly that the students really have to work. The highlight of the lessons is oral reports given by different members of the class.

The English IV Class has been trying to cram the work of previous years into one about verbs. The pupils were surprised to see how little they really knew about the verbs. If the other parts of speech prove to be as much trouble, the Seniors will certainly have to work harder.

Dr. and Mrs. G. V. Smith of Floydada and Mr. and Mrs. Guy Ginn of Plainview visited in the home of Mr. and Mrs. C. P. Baker over the week end. They were accompanied to Floydada by Mrs. Baker's mother, Mrs. E. C. Henry, who had been visiting here for several weeks.

Mr. and Mrs. H. D. Warren and daughter of Fort Worth spent the week end here, visiting with relatives and friends.

Mr. and Mrs. G. H. Bradford visited with relatives in Paducah over the week end. They reported quite a lot of rain in that section.

Mr. and Mrs. E. L. Covey of Bowie visited with friends here a while last Friday.

Mrs. W. H. Smith of Truscott was a business visitor here last Friday.

Mrs. James N. Walker and little son and daughter of Dallas came in on Wednesday of last week for several days visit with Mrs. Walker's parents, Mr. and Mrs. G. R. Eiland.

## NOTICE

We will remove your Dead Animals

The U. S. Government urges you to help win the war by turning in your dead and crippled stock to some renderer for gun powder. Call collect, day or night, for free pick-up service.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. Homer Loffin are the proud parents of a son, who was born on Wednesday, March 15. Mother and little son are reported doing nicely.

Mrs. James A. Grammer, the former Maxine Eiland, left last Sunday for Colorado Springs, Colo., to resume her duties as X-ray technician after a visit of several days with her parents, Mr. and Mrs. G. R. Eiland.

G. C. Conwell Jr., left last Sunday for Lubbock for induction as a volunteer into the U. S. Air Forces. All children of Mr. and Mrs. G. C. Conwell Sr. were at home Sunday before their brother's departure. They are F. C. Conwell, Fort Worth; C. E. Conwell, Poolville; Mrs. Vera Mae Cluck of Munday and Mrs. Lynn Cook of Miller Creek.

Mrs. Kari Harbin and son, Teemie, and Mackie Gray of Abilene visited relatives and friends here last Sunday and Monday.

Bob Billingsley of Odessa spent the first of this week here with his parents, Mr. and Mrs. M. F. Billingsley.

## THE AVERAGE AMERICAN FAMILY

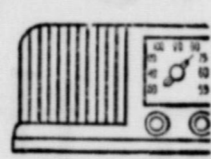

Includes 3 1/2 persons

uses 2/5 of a bathtub

owns 1/2 of a house

listens to 9/10 of a radio

AND gets about twice as much electricity for its money as it did 15 years ago!

The envy of the world today is the average American family. That family has the world's highest standard of living. Statistically speaking, that average American family is composed of three and four-fifths persons. It uses three-fifths of a bathtub and owns one-half of a house, listens to nine-tenths of a radio, and gets about twice as much electricity for its money as it did 15 years ago.

Obviously, three-fifths of a bathtub wouldn't hold water very well! That is just another way of saying that three out of five American homes have bathtubs. The figure about electricity applies only to homes that have electric service (four out of five). But as an average of all these homes, it is a fact.

Most families own more electric appliances now than they did in 1929. Over the years as they used more electricity the cost per unit used was steadily reduced. So—though your total bill today may be as much as it was in 1929—yet you are getting twice as much electricity for your money.

The cost of electricity has not only been steadily reduced but it has stayed down while most other prices are going up. Today, electricity is just about the biggest bargain in your war-time budget! For this you can credit your electric service company, manned and managed by practical business people. Their hard work has made electric service dependable and cheap.

West Texas Utilities Company

### Club Meetings Well Attended During March

Three hundred and ninety one 4-H Club boys and girls attended the 4-H Club meetings held during the month of March. The Truscott and Gilliland clubs did not meet due to inclement weather.

Lucile King, county home demonstration agent gave a very timely and instructive demonstration on Refinishing Furniture. The agent gave three methods for removing old varnish, paint or enamel. She says the most economical way to refinish furniture is by using three parts of boiled linseed oil and one part turpentine. This must be applied while hot and polished with a coarse cloth. Three to nine applications makes a very expensive dull finish. Miss King says, the boiled linseed oil and turpentine makes a very good furniture polish.

A new foot stool and two old pieces of wood that had been refinished were displayed.

As a throw in demonstration Miss King displayed a pair of pillow protectors made from muslin and a lunch cloth appliqued with fruit designs made from feed sacks.

R. O. Dunkle, county agent, gave a very interesting demonstration on treating Hegari seed for smut. Ceresan was used in treating the seed.

He also showed the boys and girls how to clip the wolf teeth from the baby pigs mouth.

Pictures of the Grand Champion Calf and the group of the five best calves were shown the boys and girls.

### Activities of Colored People

Miss Minnie Mae Jones is in Dallas, visiting her aunt.

Mrs. Willie P. Gardener of Wichita Falls visited her mother, Mrs. Fannie Johnson, and carried her small daughter back with her last Thursday.

Mrs. Ida Dean is reported improving.

Pvt. James Edwards of Camp Livingston, La., son of Mrs. Elvora Hendricks, and Miss Willie Mae Richards of Alexandria, La., were married last Friday night.

The school wishes to thank Mrs. Cecil Barton for the many books.

The P. T. A. is doing fine. It is certainly doing a splendid job in the support of our lunch room.

#### GETS PROMOTION

Word was received this week that Gilbert F. Green, who is serving in the U. S. Navy, was recently promoted to Seaman Cook Second class. He is the son of Mr. and Mrs. Carl Green of Munday.

### Maid Displays Wardrobe

Love, Linwood Gisclair, the 1944 Maid of Cotton, models two of the attractive cotton costumes included in her wardrobe. The formal, at left, is of red and white checked gingham, worn with a white pique evening jacket, designed in simple taste for many purposes. At right, she wears classic chambray—a soft pink, with four giant, jeweled buttons. Two diagonally slashed pockets, front fullness and the soft tie neckline are important fashion additions. Both dresses were made from McCall patterns. The Maid of Cotton now is on tour of principal American cities to assist in War Bond drives and to tell of cotton's important role in the war.

### Jones Resigns As President Of Tech College

LUBBOCK — Universal regret by both faculty and students is being expressed on the campus at Texas Technological College upon the resignation of President Clifford B. Jones. Uniformly gracious, courteous and helpful, he has always found time to cooperate and help in the numerous contacts necessary for the institution's chief executive.

Texas Technological College has made steady progress during unusual times since Doctor Jones became president Nov. 23, 1938. A loyal Texan and enthusiastic over the possibilities of the great West Texas area, President Jones has made a special effort to integrate

the work of the college with the development of the various interests and resources of the territory served by the school.

President Jones resigned because his health did not permit his pursuance of the arduous duties incumbent upon the institution's chief executive. However, the board of directors unanimously elected him president emeritus. Thus his connection with the college which began 21 years ago will be continued. No other person has served Texas Tech continuously for so long a period.

Mrs. Louise B. Ingram received word from her son, T-Sgt. Preston Ingram, notifying her that he had been transferred from Orlando, Fla., to Dalhart, Texas, for further training.

### Light Sale At Auction Tuesday

A much lighter sale than usual was reported for last Tuesday by the Munday Livestock Commission Co., due to the inclement weather and muddy roads.

All classes of cattle sold fully steady and for 25 to 50 cents higher than last week.

Canner and cutter cows sold from \$6 to \$8.25; butcher cows, \$8.50 to \$10; beef cows, \$10.25 to \$11.25; butcher bulls, \$8 to \$9.25; fat bulls, \$9.50 to \$11; butcher yearlings, \$10 to \$12.50; fat yearlings, \$12.75 to \$14.50; rannie calves, \$8 to \$9; butcher calves, \$9.50 to \$12.50 and fat calves, \$13 to \$14.50.

### LOCALS

Lt. and Mrs. Leon Partridge and Margaret Ann left Saturday for a camp in Oregon. Mrs. Partridge

and daughter had just joined Lt. Partridge in a Texas camp when orders came to report to Oregon. The family came in Tuesday and visited in the home of Mr. and Mrs. R. M. Almanrode and Mrs. M. A. Horton.

Miss Irene Moore, who is employed in Fort Worth, visited relatives and friends here over the week end.

Pfc. L. D. Jones has returned to Camp Gruber, Okla., where he is stationed, after spending the week with his mother, Mrs. Lula Jones, and with other relatives.

Mr. and Mrs. Hollis Barnicoat of Dallas visited Mrs. Barnicoat's parents, Mr. and Mrs. J. B. Booe, and with other relatives and friends.

T. R. Smith of Fort Worth spent the first of this week in the homes of his daughters, Mrs. J. T. and Lonnie Offutt.
