

## TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

### Veterans Quickly Find Jobs

Of the 11,516 veterans who applied for jobs, 6,361 found work immediately during a demonstration program open in January by the U. S. Employment Service, the War Manpower Commission announced. This service for veterans will be continued and expanded to USES local offices throughout the country where veterans will be permitted to "shop around" before deciding on a job. Job opportunities for physically handicapped veterans from this war will be better than they were for the handicapped veterans of the last war, in the opinion of WMC. Based on recent studies, placements of handicapped workers in 1943 were approximately seven times the number placed in 1940. A large proportion of the physically handicapped require only careful job placement. Veterans will be hired in OPA offices and boards throughout the country as rapidly as vacancies occur. About 2,500 vacancies occur each month.

### New Shoe Stamp Announced

Beginning May 1, airplane stamp 2 in War Ration Book Three may be used for buying one pair of rationed shoes, OPA announced. The new stamp and airplane stamp 1 will be good indefinitely. Stamp 18 in Book One will expire April 30. From May 1 through May 20, children's low-priced shoes (maximum \$1.60 per pair) in sizes 8 1-2 through 12, and Misses' and little boys' shoes in sizes 12 1-2 through 3 will be ration-free. In 1943 sales of civilian rationed shoes exceeded production by more than 53 million pairs, which made it necessary late last year to decrease the number of shoes available to civilians.

### More Articles For Farmers

Of approximately 3,000 farmers interviewed in a recent survey, nearly half reported they had no trouble in buying any item on a list of 43 essential articles—ranging from flashlight batteries to cream separators, WPB announced. As a result of production programs previously approved by WPB's Office of Civilian Requirements, supplies of the following items have been increased—flashlight, fence control and ignition batteries; "crescent" and monkey wrenches; grease guns; hand drills; floor brooders; and cream separators. In addition, farmers are now permitted to borrow engine and tractor fuel storage tanks from their petroleum suppliers.

**Take Your Shopping Bag to Town**  
American housewives may help avert the critical shortage of store bags and wrapping paper expected during the next few months by carrying shopping bags or baskets when marketing and by reusing paper bags whenever possible WPB

## U. S. ORDNANCE REVEALS WORLD'S LARGEST TRACTOR

**P.RIDE OF THE ARTILLERY**—Known as the 38 ton High Speed Military Tractor, the M-6, just disclosed by U. S. Ordnance, is more than double the size of recently announced M-4. Built by the Tractor Division of Allis-Chalmers, this huge tractor teams up with the new 240 mm. howitzer and the 8" (200 m.m.) gun, making them the most formidable artillery weapons in action. Allied leaders count on this team to play a major role in the destruction of the Axis.

Small and boxed articles should be accepted unwrapped and several purchases from the same store should be put all in one bag. The current allocation of bags and wrapping paper is less than one-third of pre-war supplies.

### Price Changes on Various Items

Prices, which remained relatively stable during the past two years on coal, lumber, newsprint, and other basic industrial products, showed a gradual increase in recent months, the Secretary of Labor reports. Food prices, which previously had advanced the most, have been advanced 6 per cent. Prices for clothing, house-furnishings, fuel, and services have moved up—the largest increase being in clothing. The cost of living as a whole, however, declined 0.6 per cent in the first two months of 1944.

### Simplify Fuel Oil Rationing

The present fuel year will end August 31 instead of September 30 as originally scheduled, OPA announces, and beginning September 1 all period fuel oil coupons after they become valid will remain good through August 31, 1945.

### Child Health Day Is May 1

Groups of American boys and girls in high school, Sunday school, Boy and Girl Scout Troops, Victory Corps and other organizations are planning to hold forums on May 1, Child Health Day, to talk about improving the health of young people, the Department of Labor Children's Bureau announced.

### Round-Up

The Department of Agriculture says—eggs, beets, and carrots head the list of plentiful foods over most of the country, followed by potatoes, citrus fruits, citrus marmalade, lard, frozen vegetables and baked beans, canned green and waxed beans and peanut butter. A crop of about 2,800,000 sacks of onions is expected this year, compared with 1,708,000 sacks in 1943. Spare stamp 37 in War Ration Book Four, and not sugar stamp 37 should be attached to application for 1944 canning sugar. Frequent rains, snows, or cold weather during March have delayed farm work in nearly all states. Since lettuce crops are damaged

## Plans For Thirteenth District P. T. A. Conference At Haskell Being Formed

Program plans have been formulated and committees and hostesses named for the Thirteenth District Conference of Parents and Teachers, in Haskell April 25 and 26, according to Mrs. T. R. Odell, District Conference chairman and Mrs. W. E. Woodson, local chairman. Mrs. W. R. Righeson of Mankins, Thirteenth District president, will preside at all meetings.

Conference headquarters will be at the First Methodist church, where all business and regular meetings will be held on April 26. Theme of the meeting will be "The Four Freedoms."

The Pre-Conference Board of Managers meeting will be held at 4:00 o'clock at the high school library, April 25.

**Board Dinner**  
The opening meeting will be preceded by an informal reception with the local Board of Education

if allowed to go dry, soil in the lettuce row should be kept just damp enough so it can be formed into a ball without crumbling. As our military successes increase and the Allies liberates more territory, we must expect heavy demands for our food, which will continue for an indefinite period. Per capita consumption of cigarettes in the U. S. last year was the highest level on record. Consumption of snuff increased over the preceding year and consumption of smoking tobacco, cigars, and chewing tobacco decreased.

OPA says—new "factory seconds" passenger tubes may be purchased without a rationing certificate, and motorists eligible for used passenger tires (grade III) may now obtain new "factory seconds" passenger tires. A larger amount of dairy feed probably will be available to farmers in feed deficiency areas as a result of a new maximum price regulation. Loggers, primarily those who eat at logging camps and other on-the-job eating places, will receive extra food rations for periods starting May 1.

While waste paper collections have been increasing steadily, OWI said, they still are behind estimates. A gradual increase in production of Bunas, the Rubber Director says, makes it possible beginning May 1 to permit unrestricted use of grades A and C synthetic rubber camelback in re-treading.

as hostess. Mrs. R. L. Burton is local chairman for the dinner. Mr. J. Cleo Scott, principal of Haskell high schools, will preside at the dinner program honoring State and District Board of Managers. Mr. C. B. Breedlove, superintendent of Haskell public schools, will address the group.

**Registration and Homes**  
Registration fee will be 25c for each delegate and will begin at 4:30 at the high school, April 25. Homes will be furnished to all delegates and board members. Mrs. T. W. Williams is chairman.

**Bus Schedule**  
A bus will leave on regular schedule from Bus Station in Wichita Falls, at 1:30 P. M. Tuesday, April 25, round trip \$3.80, and will pick up all delegates along route, arriving back at Haskell at 4:00 P. M. and will bring all delegates back at close of meeting April 26.

**Open Meeting**  
The meeting will open for first session at 8:30 P. M. April 25, at the Haskell high school, with an address of welcome by Mrs. W. E. Woodson, with the district president making the response. An address, "The Four Freedoms," will be given by Don Morris, President of Abilene Christian College. A get-together hour of play and fun will follow the evening meeting with Mrs. Olin Holloway, District Recreation chairman, and Rev. Kenneth Copeland, pastor of the First Methodist church, directing. Rev. Copeland has been named song leader for the conference.

**Courtesy Breakfast**  
A courtesy breakfast, honoring delegates and board members will be given by the Haskell Chamber of Commerce at the Tonkawa Hotel at 7:30 A. M. Wednesday, April 26. Mr. John A. Couch, president, will bring greetings. Mrs. L. B. Abston and Mrs. Geo. J. Ward will preside at the breakfast. Registration will again be open at 8:30 Wednesday morning at the First Methodist church. Exhibits of conference chairmen will be shown in the basement of the church. Mrs. E. C. Chamberlain is chairman.

**State Representative**  
Mrs. F. E. Holman, second vice president of the State Congress, will address the conference body Wednesday and will emphasize the work of the Texas Congress. Reports to be given by the delegates will be whittled to thumb-nail sketches of two minutes each. Re-

ports will be given in alphabetical order from A through G at the first general session.

**Luncheon Program**  
A luncheon program will be given at the high school lunch room honoring graduates of Parent Education, Procedure Course, Unit Presidents, Past District Presidents and Superintendents of schools. Mrs. T. R. Odell, Mrs. J. H. Fine and Mrs. E. B. Jones, district chairmen will preside at this program. Music for the program will be furnished by grade and high school students.

**Afternoon Program**  
A Youth Panel, "How May Youth Face the New World," will be featured in the afternoon program. H. S. Fatherree, principal of Abilene high school, will direct the panel discussion. Students from Abilene Christian College, Hardin-Simmons University and McMurry will be the participants in the panel.

Workshops, emphasizing the work of the Parent-Teacher Association will be directed by the district chairmen. Unit reports H through Z will conclude the reports and will be followed by the Question Box. Mrs. F. E. Holman will preside at the box. Delegates are asked to place their questions in the box early.

## "Bake" a Cake on Top of the Stove

The flexible, easily controlled heat of gas ranges makes interesting new recipes practical and no longer limits top-of-the-stove cooking to frying and boiling. These advantages are not limited to city housewives, since convenient "bottled" or "tank" gas is the ready source of fuel for thousands of suburban and farm homes outside the scope of public gas utilities.

You can save fuel by "baking" your upside-down cake on top of the stove. Here's one recipe for this convenient dessert:

- 1/2 tsp. butter
  - 1/2 cup brown sugar
  - 2 apples
- Melt butter in skillet, add the brown sugar and stir well. Slice apples and arrange in mixture in bottom of skillet. Prepare batter and pour into skillet, being careful not to disarrange fruit. Place lid on skillet and cook over low flame for 45 minutes or until done. Make batter as follows:
- 6 tbsp. butter
  - 1/2 cup sugar
  - 2 eggs
  - 1/2 cup milk
  - 3 teasp. baking powder
  - 1 teasp. vanilla
  - 1 1/4 cups sifted cake flour
- Cream butter and sugar until fluffy. Add eggs and beat well. Sift flour and baking powder together and add alternately with milk and vanilla.

### THE OLD JUDGE SAYS . . .

"The war stories I like best, Judge, are the ones by the special writers overseas who live right with our troops. They give us a better idea of how our men react to things going on over there and back here at home."

"I agree with you, Sam. I never miss one of those stories in the papers or magazines. And there's one thing those writers seem to agree on no matter where they are stationed with our men. . . and that is that the men who have left their homes and families to go away and fight this war don't want to come back and find that prohibition has been put over on them while they were away. . . either nationally or locally. They have heard about the attempts being made and they resent it bitterly."

"I agree with them, Judge, even though I don't happen to drink myself. Furthermore, I don't think it's fair for us at home to be making any major changes while 10,000,000 of our fighting men are away and have no chance to express their opinions."

## Grain Bins To Be Sold Farmers

R. O. Dunkle and Doyle Thomas secretary of the AAA have been advised that the War Food Administration is offering for sale many wooden grain bins owned by the Commodity Credit Corporation. Information regarding the number, size, type and location may be obtained from local Agricultural Adjustment Agency committees. Sale is on a bid basis.

The bins, at county places in Texas, first will be offered to farmers, thus affording them opportunity to increase storage facilities for 1944 crops. The containers were built mainly for grain storage, but may be remodeled readily for other farm and commercial uses. They vary in size beginning at 650 bushels capacity. After the offer to farmers is terminated, any unsold bins at county places will be available for purchase by the general public.

At the same time the WFA announced that the Commodity Credit Corporation also has in storage at fabricators' plants in Texas, Louisiana and some other states a considerable number of wooden bins which have not been erected. They are being offered for sale in lots to the general public for housing and utility purposes, as well as for grain storage. Most of the bins in these lots measure fourteen by sixteen feet, and are ten feet four and one-half inches high. Some of the remainder are slightly smaller and others somewhat larger than the major supply.

Forms for making bids and other information may be obtained from the County AAA office in Benjamin.

He is a graduate of Comyn high school, Comyn, Texas.

## Gems Of Thought

MAN OF INTEGRITY  
The integrity of men is to be measured by their conduct, not by their professions.—Junius.

The man who does his work, any work, conscientiously, must always be in one sense a great man.—Mallock.

True honesty takes into account the claims of God as well as those of man; it renders to God the things that are God's, as well as to man the things that are man's.—C. Simmons.

The man of integrity is one who makes it his constant rule to follow the road of duty, according as Truth and the voice of his conscience point it out to him.—Mary Baker Eddy.

It is wonderful what strength and boldness of purpose and energy will come from the feeling that we are in the way of duty.—John Foster.

A mind conscious of integrity seems to say more than it means to perform.—Robert Burns.

Miss Mary Jo Burroughs of Abilene visited in the home of Mr. and Mrs. J. O. Bowden, over the week end.
