

Wheat Harvest Is Almost Over

The wheat and oat harvest in Knox county has been delayed on account of recent rains. However enough combines from the plains are here to complete the harvest within a week if weather conditions are favorable.

From all indications at this time, the wheat harvest in the plains area will begin about June 20 to July 1st, moving into Brisco, Gray and Hemphill counties about July 1st and then the movement will be north into the Panhandle.

Reports made by county agents indicate that the Panhandle area will need 800 more large combines, 1,377 tractor drivers, 1,958 truck drivers, 816 combine operators and 800 other farm hands, such as scopers, etc.

Machines that do not have runs established, should contact the county agent's office at Benjamin and important information as to counties of greatest need can be furnished.

Knox County Hospital Notes

Patients in Knox County Hospital June 20, 1944:

Elton Robertson, Knox City.
Mrs. T. C. Posey, Knox City.
J. D. Stratton, Knox City.
W. H. Littlepage, Knox City.
Boley Sanders, Knox City.
T. O. McMin, Benjamin.
Ike Mitchell (Col.), Goree.
Mrs. Roy Carver, O'Brien.
W. M. Trimmer, Rochester.
Dee Cochran, Swenson.
Ralph Ford, Munday.
Mrs. Mann McCarty and baby daughter, Munday.
Mrs. J. B. Welch, Benjamin.
Mrs. Geo. Tillinghast, Big Spring.

Patients Dismissed Since Tuesday, June 13, 1944:

Mrs. W. G. Gafford, Munday.
Mrs. Joe Jenkins, Rochester.
Mrs. T. E. Marquis, Swenson.
J. D. Howsley, Throckmorton.
Mrs. Neal Logan, Knox City.
Mrs. J. A. Eiland and baby son, Munday.
Mrs. B. Sanders, Vera.
Mrs. W. D. Lovelady, Rochester.
Mrs. Jerry Tamaneck and baby daughter, Truscott.
Mrs. A. J. Balleerted, Seymour.
Mrs. Earl Hansen, Rochester.
Herbert Mayberry, Paducah.
Mrs. Alvie Reynolds and baby daughter, Wichita Falls.
Austin R. Floyd, Munday.

Births

Mr. and Mrs. Jerry Tamaneck, Truscott, a daughter.
Mr. and Mrs. J. A. Eiland, Munday, a son.
Mr. and Mrs. Alvie Reynolds, Wichita Falls, a daughter.

Deaths

Mr. and Mrs. Alvie Reynolds, Wichita Falls, a daughter.

County Agents Soon To Attend State Meeting

R. O. Dunkle, county agent, and Lucile King, county home demonstration agent, will attend state meeting with other county and home agents throughout Texas at A. and M. College June 26-28.

According to Acting Director James D. Prewitt, the conference is designed as a refresher for the field force through individual and group discussions of wartime problems growing out of the extraordinary production of agricultural crops, food conservation, labor and farm machinery shortages and kindred matters. Demonstrations in various phases of Extension work will be conducted by specialists at four of the six half day sessions. Normally, the field and headquarters personnel meet in conference yearly, but it was omitted in 1943 on account of the war emergency.

KNOX CHAPTER 260 TO MEET NEXT TUESDAY

A called meeting of Knox Chapter No. 260, R. A. M., will be held next Tuesday night at 8:30 for the purpose of work in the Most Excellent Master's and Royal Arch degrees.

All Royal Arch Masons are urged to attend this meeting, and a welcome is extended to all visitors.

DANCE AT RHINELAND

A public dance will be given at the Rhineland community hall on Monday night, June 26. Good music is scheduled for this occasion, and the public is cordially invited to come and dance.

Harvey Lee To Take Post of City Secretary

Announcement was made Tuesday by city officials that Harvey Lee, employee of the First National Bank in Munday for almost two years, has accepted the position of city secretary for the City of Munday. He will begin his duties on July 1, succeeding Riley B. Harrell, who resigned after eleven years at this post to accept a position in Texas City.

Mr. Lee was reared in Munday and is well acquainted with city properties and valuations. He will carry on the duties of this office in a capable and efficient manner.

Before taking the position with the bank, Mr. Lee was employed by the Munday Times for a number of years. He has been a member of the Munday Volunteer Fire Department for many years, serving as president of that organization.

He will devote what spare time he has during the next week toward getting acquainted with the city secretary's duties, working with Mr. Harrell during his last days here. Mr. and Mrs. Harrell and daughter, Joan, will leave next week for Texas City.

Homer W. Weaver Is Army Marksman

Private Homer W. Weaver, trainee of "A" Company, 174th Infantry Replacement Training Battalion, Camp Hood, Texas, qualified as marksman with the Army's M-1 Rifle, according to Lieutenant Colonel Earl W. Huntington, Battalion Commander. The course consisted of firing at 200, 300, and 500 yards in both slow and sustained fire.

Private Weaver, who is now in his tenth week of basic training has also fired familiarization courses with the 50 caliber machine gun, 30 caliber carbine, landscape firing, towed target firing, aerial target firing, and transition range firing. Later in his training he will undergo a course in field target firing.

Weaver's family resides at Munday.

Knox City Plans For Big Rodeo

George Hardberger, in charge of the rodeo committee, has announced that all is ready for the Knox City rodeo which will be held Saturday.

A parade at 1:30 Saturday afternoon will open the rodeo program, with the arena performance beginning at 2:30. A jackpot roping event will be first, followed by special appearance of "Panche," bronk-busting monkey, riding a pitching mule.

A special event roping between Eddie Bateman and Cap Etheridge vs. Fred Albright and Glenn McWhorter will offer sensational roping. A ribbon roping event will close the rodeo performances.

Mr. and Mrs. Leon Reagan and children returned to their home last Saturday. They have been spending a two-weeks vacation with Mr. and Mrs. C. A. Reagan and other relatives.

To Greet Cowgirl Sponsors

Mrs. Harry W. Yates, above, will be hostess to the cowgirl sponsors from various West Texas towns and cities during the Texas Cowboy Reunion to be held in Stamford July 3 and 4. Mrs. Yates, daughter of Mr. and Mrs. R. W. Cole, pioneer residents of Rule, is prominent in society circles and civic affairs of Stamford, and has resided in Stamford for the past 17 years.

War Makes Changes In Food Situation

The day the invasion started a slightly agitated woman telephoned the county agent to inquire whether it was too late to start a garden. The dramatic fact of the invasion had made her realize that food would have to go there to the boys and to the liberated areas. The change in the war news had given her a changed slant on the food situation and she regretted that she had dropped her garden plans when many vegetables were dropped temporarily from the ration point lists.

It is well to remember that the fortunes of war are likely to cause many more changes in the food situation.

July 4th To Be Holiday For Auction Sale

Ratliff Bros., owners of the Munday Livestock Commission Co., announce this week that July 4 will be observed as a holiday, and no auction sale will be held in Munday on that date.

Last Tuesday, the owners reported a fairly good run of cattle and hogs for the weekly sale, with all classes of cattle selling steady except fat calves, which sold higher than a week ago.

The regular sale will be held on Tuesday, June 27, but it was deemed best to dispense with the sale on the following week because Tuesday is to be observed by many citizens as a holiday.

Attend Methodist Intermediate Camp

Representing the Munday Methodist church at the annual Methodist Intermediate Camp at Lueders this week are the following:

R. L. Kirk, Kenneth Baker, Joe Layne Womble, Charles Arthur Womble, Martha Nell Bullington, Betty Griffin, Jean Ratliff, Jean Russell, Charlotte Williams, Yvonne Morris, Glynna Dean Nix, Rev. and Mrs. Luther Kirk and Mrs. Layne Womble.

Rev. and Mrs. Kirk are serving as camp sponsors, and both are teaching courses at the encampment. Mrs. Womble is one of the cabin sponsors.

J. A. Caughran took a group of the youngsters to camp Monday. The encampment will continue through noon Friday.

H. D. Arnold, superintendent of the Goree schools, is in Lubbock where he is attending summer school at Texas Tech.

J. G. Parris Is Buried Here On Last Tuesday

J. G. Parris, a former resident of Knox county, was buried at Gillespie cemetery, west of Munday, last Tuesday afternoon at four o'clock. Mr. Parris died at his home in Grandfield, Okla., last Monday, following a long period of illness.

His wife preceded him in death by only 8 days, she being buried at Gillespie cemetery last week.

Funeral services were held at the graveside, conducted by J. C. Strickland, minister of the Grandfield Church of Christ.

Mr. Parris was born in Tennessee, and was almost 88 years of age. Mr. and Mrs. Parris lived at Birdstown, Tenn., for 22 years before moving to Knox county in 1902. In 1927 they moved to Oklahoma, where they had made their home since.

Surviving are five sons and two daughters, who are: Benton Parris of Frederick, Okla.; Bill, George, Bryan and Posey Parris, Grandfield, Okla.; Mrs. Sallie Pierre, Munday, and Mrs. Mary Lou Foshee, Knox City.

Other survivors include 28 grandchildren and 25 great-grandchildren.

Rev. Joe Burton Will Preach At Baptist Church

Rev. Joe Burton will fill the pulpit at the Munday Baptist church next Sunday night, it was announced Wednesday by Rev. W. H. Albertson, pastor.

Rev. Burton, a native Munday boy, is the son of W. T. Burton of Munday, and a graduate of Munday high school. For the past several years he has been connected with the mission board of the Southern Baptist Convention at Atlanta, Ga.

Rev. and Mrs. Burton will spend next week at Lueders, where both are on the program for the Lueders Baptist Encampment, which opens there Monday.

The public is cordially invited to attend the services Sunday night and hear Rev. Burton's message.

Miss Helen Phillips of Abilene and Mr. and Mrs. Shelton Phillips and son of Vernon visited in the home of their parents, Mr. and Mrs. Press Phillips, over the week end.

Copper Sulphate Kills Green Moss

Many farmers and ranchmen of Knox county are interested in eliminating moss from water tubs, according to R. O. Dunkle, county agent.

The most practical way of keeping green moss out of water tanks is to kill the green scum by the use of copper sulphate at the rate of (3-4) three-fourths ounce to 5,000 gallons of water. The copper sulphate should be dissolved into the tank and stirred. This kills the live scum and keeps it out for a short time.

George Moffett To Speak In Munday

Announcement was made here Tuesday that Senator George (Cotton) Moffett, candidate for U. S. Congress, will speak in Munday at 4:45 next Saturday afternoon.

Senator Moffett will discuss current issues pertaining to his candidacy for congress, and his many friends in this area will want to hear him. He speaks over radio station KWFT, Wichita Falls, each Tuesday and Thursday at 5:30 p. m., discussing issues vital to this section.

Keep Up With Rationing

Wins Air Medal

Award of the Air Medal for "exceptionally meritorious achievement while participating in six separate bomber combat missions over enemy occupied Continental Europe" to Flight Officer Alfred F. Hendrix, 21, of Munday, was announced recently from somewhere in England.

Hendrix is the son of Mr. and Mrs. J. F. Hendrix of Munday, and was engaged in farming before entering the service. He is a graduate of Munday high school, and is now serving as a bombardier on a B-17 Flying Fortress.

Bond Booths Prove Popular With Citizens

The two patriotically decorated booths which have been erected in Munday for the purpose of forwarding Knox county's bond sales proved popular with the citizenship last Saturday, the first day they were in operation. Those in charge reported that over \$8,000 in bonds and stamps were sold at the booths Saturday.

These are being maintained on Saturday at convenient places along the city's main street. Although citizens are urged to buy bonds at any time that is most convenient, the booths remain open, even after banking hours, to make it convenient to purchase bonds and stamps.

The committee in charge of the booth is composed of Mrs. A. H. Mitchell, Mrs. Pitzer Baker and Mrs. P. V. Williams. They are being assisted by other ladies of the town.

The local bond committee plans to make a concerted drive to raise Munday's quota of \$165,000 for the Fifth War Loan Drive within the near future. Last week it was thought best to delay the drive until after wheat harvest.

Brisk Buying Needed To Top Bond Quota

Time is growing short, and Knox county is lagging far behind on her Fifth War Loan bond quota. The first report made to state headquarters showed the county had sold only 8 per cent of her over-all quota. Only 12 percent of the Series E bonds had been sold.

A check of the county last Saturday shows that a total of \$35,568.75 had been purchased, as compared with the quota of \$565,000.00.

Munday had purchased around \$20,000.00, and still had \$145,000 to raise to reach her quota.

If our fighting boys had shown the same degree of enthusiasm, the Normandy beachhead would never have been made!

If our forces in Italy had fought in the same half-hearted manner in which we on the home front are meeting our obligations, they would have been pushed back into the sea long ago!

A review of these figures show there's much to be done, and every individual in the county can help. Let's raise our quota—we can't afford to do less!

Sgt. Beaty Gets Conduct Ribbon

Fort Oglethorpe, Ga.—Sgt. Cammie O. Beaty of Munday, Tex., having completed a year of exemplary service in the Women's Army Corps, has been awarded the army's Good Conduct ribbon at the Third WAC Training center, Fort Oglethorpe, Ga. The red and white striped ribbon bar will be worn above the left pocket of the shirt or jacket.

Sgt. Beaty is the daughter of Mr. and Mrs. G. H. Beaty. Prior to enlisting in the Corps she was employed in saleswork in Munday.

Club Boys Make Recent Trip To Sheppard Field

Four of the ten Knox county 4-H Club boys who were eligible under the "Feed a Fighter" campaign made the free trip to Sheppard Field Tuesday. The four boys were: Kenneth Griffith, of Union Grove; Lennis and Randall Walling, of Sunset; and Jerrel Trainham, of Vera. The Knox county boys who have worked earnestly this year to produce enough food to supply at least one fighter for a year were rewarded for their efforts with a visit to Sheppard Field, where they saw what happens to their food after it reaches army hands.

Gunner Sgt. Edwin Breslin paid tribute to the 4-H Club boys when he took time out for answering a barrage of questions about some of his combat flights over Germany. Many boys confessed that this was the first time they had ever talked to a hero.

Chow time was a revelation to the beef, pork and poultry products they produce, when it reaches the army camps. Following the meal they toured the kitchen and saw the modern equipment of peeling potatoes and cooking the enormous quantities of food, one steam boiler had the capacity of cooking 60 gallons of beans at one time.

An additional feature of the tour was the opportunity of climbing into a B-25 bomber and glider and examining all parts of the plane.

Accompanying the boys and their county agents on the tour were L. L. Johnson, Boys State Club Leader, J. A. Scofield, District Agent, of the Extension Service of A. and M. college.

Dist. Masons Elect Officers

Around 55 members attended the regular quarterly meeting of the 91st District Masonic Association which met with the Rule Masonic Lodge last Tuesday night. Rule and Haskell were host lodges for the meeting.

A chicken supper was served at 7:30 p. m., after which the regular association meeting was held, being followed by the conferring of a Master's degree.

Officers for the ensuing year were elected. H. D. Arnold of Goree succeeds R. J. Paxton of Haskell as president; Mr. Davis of Rule was elected vice president, and E. T. Goss of Seymour re-elected secretary.

The next regular meeting will be at Woodson on the third Tuesday in September, with Woodson and Throckmorton as hosts.

Attending from Munday lodge were the following: G. B. Hammett, Ray Holcomb, Lee Haymes, Joe B. Roberts, Wade Mahan, Chester Lates, Sied Waheed, J. C. Harpham, Ernie Reynolds, M. T. Chamberlain, Sam Salem and O. V. Milstead.

Food Demonstrations Slated For County

Miss Amelia Spencer, Emergency War Food Assistant of Guthrie, Texas will be in Knox county on June 22 and 23 and June 26 and 27 to assist Lucile King, county home demonstration agent in the War Food situation.

Miss Spencer will give a demonstration at the following places: Goree—Thursday, June 22 at 3:00 P. M. at Mrs. Lucile Robinsons—Food Preservation and Spoiling Clinic.

Union Grove—Friday, June 23 at 3:00 at the school house. Preparation of Food for Frozen Food Lockers.

Rhineland—Monday, June 26 at 3:00 P. M. in the school house. Food Spoilage Clinic.

Knox City—Tuesday, June 27 at 3:00 P. M. in the school house (Home Economics Dept.)

Anyone interested in these demonstrations are invited to attend.

Women Helping In Grain Harvest

A visit to the grain elevators in Knox county will prove that scores of farm women and girls are running the farms these days in the absence of husbands, sons and brothers now in uniform and are doing a good job at truck driving in the marketing of the grain crop.

What He Does For His Community Lives On and On"

BOMBS ON JAPAN

Bombing of Japanese war centers by new giant planes, operating from distant bases in China, brought the war dramatically to Japan's front doorstep and again demanded Americans forcibly of our offensive in the Pacific. The attack was in a form appealing particularly to our home front, which may logically be expected to buy more war bonds to increase production and otherwise elevate their war spirit to the pitch of a decisive year.

The military significance of the raid is the lengthening of the bombing range, which still may be conditioned somewhat by the requirements of fighter escort. Since the attacking force lost only two planes and those by accident, the operation was highly successful, both showing our air power and indicating weakness of defense by Japan. When bases closer to Japan are acquired, the process of softening the Japs will be comparable to the same strategy against the Nazis.

The bombing no doubt was a blow to Jap morale and "face," and grimly reminded Nipponese war lords of the shape of things to come in the Pacific. It confirms the value of Allied bases in China, where the war will be won, according to Admiral Nimitz. Shuttle bombing by planes operating between bases in China and the Pacific is a distinct probability for the near future.

The attack upon Japan proper, the Marianas, Korea and the Bonin Islands signified the great striking power we now have in the Pacific, and clearly dispelled the notion that the Japs will obtain a breathing spell during the drive to knock out Germany. As measures of our magnificent war production, the mass operations in Europe and the Pacific are the fruits of home front loyalty and performance.

There will be more frequent bombings of Japan and its war centers in the weeks to come, and the drain upon Japanese production and the steady destruction of enemy air power and shipping will be important factors weighing the scales in our favor when the final showdown comes.—Fort Worth Star-Telegram.

PROGRESS WITHOUT COMPULSION

It will be welcome news to hundreds of thousands of fathers and mothers whose sons are in service in tropical countries to read the statement of Rear Admiral Luther Sheldon, Jr., assistant chief of the Navy Bureau of Medicine and Surgery, to the effect that "the danger of tropical diseases for our armed forces has been overcome to a large extent." The Navy medical officers feel that they "have the problem licked."

Admiral Sheldon said that he was not now at liberty to give details on the conquest of the tropical diseases, but to medical men who have heard his statement on the subject, it meant the equivalent of a major victory on the battlefield.

The progress that has been made in medicine, even during the present war, is far beyond the understanding of the average citizen who will reap the benefits. It is the result of the tireless efforts of individual doctors and institutions, free from the hampering influences of a politically-dominated medical profession such as is being proposed now on a national scale. Socialized medicine would subject an estimated 80 per cent of our citizens to ironclad rules and taxes for a compulsory health insurance program.

Compulsion in medicine does not bring progress. Nothing is more personal than the relationship between an individual and his doctor, and nothing should be farther from political domination.

BLACK MAGIC

American industry has never been stagnant. It is so busy supplying the needs of the people that it often fails to tell its achievements that make this nation a constantly better place in which to live.

How many people know that research in bituminous coal combustion has resulted in at least two innovations which may be widely utilized after the war? One of these is a smokeless type stove designed for bituminous coal. Another is a new style mechanical stoker which comes under the classification of fully automatic.

Here is an industry which is steadily improving the efficiency of the product it sells. In order to increase its output, it strives to reduce unit consumption and thereby broaden its potential markets.

The consumer benefits from this spirit of initiative in a progressive industry that seeks to keep abreast of the times and meet competitive conditions.

Starch acetate, a new plastic chemical used for lacquer and water-resistant adhesive, is being made from potatoes.

HOME SWEET HOME

We hear a lot about the sort of letters families and sweethearts should write to give our fighting men and women confidence and a feeling of closeness to home wherever they may be. We don't hear enough about the news they should get from American industry to assure them that some of the things they are fighting for, freedom of opportunity and jobs, will be reality after the war. This is one of the prime responsibilities of American business today.

An example of what can be done by a company to let its men and women in the service know that they not only have something to fight for, but something to come back to, can be found in the Curtiss Candy Company of Chicago. Simply assuring the 750 employes of this firm that they will have jobs to come back to has not been enough to satisfy its founder and president, Otto Schnering. He has also made provision that certain employe benefits they have enjoyed, such as pensions, profit-sharing and insurance plans, will still be available for their protection when they return. He also writes personal letters to them every month, and sends them boxes of the candy such as they used to help make, as well as samples of new food products developed by the company. They also get the news of the company's activities and the activities of their fellow workers who are now in the service, through a monthly news letter, and the firm's 4,500 employes at home have formed "7 for 7" clubs which divide employes into groups of seven and provide that each member of these groups write regularly to seven fellow employes now on the fighting front.

Here is a pattern that can be followed to a greater or lesser degree by every firm that has one or more men or women in the armed services. Such interest shown from homes and business makes good soldiers better fighters, because they fight that much harder to preserve and come back to the thing they left and that they know are awaiting their return.

FOOD DISTRIBUTION

The American Stores Company of Philadelphia has issued a very important statement on "Food Distribution." It asks, "How essential is it to the war effort? Is there danger in crippling its efficiency? What results may attend a distribution breakdown? How far should leaders of the food industry permit things to drift toward a progressive collapse of the distributive function, before bringing the gravity of the situation to the attention of constituted authority?"

It points out that "the distributor group is the connecting link, the transmission belt, between products on the farm, and those same products on the dining tables of 135,000,000 Americans."

"The more acute the shortage of farm labor, the greater the necessity, to the farmer, of dependable, effectively functioning outlets for his products, as the only available alternative to dumping his goods into black market channels."

"Continued operation of price control, rationing and similar anti-inflationary regulations, depends directly and fundamentally upon an orderly, responsible, and responsive distribution of foodstuffs."

"To permit any agency of government to believe that present-day mass food distribution can function even fairly effectively without the active supervision of certain groups of trained leaders... is to do a serious, if unintentional, disservice to the war effort."

It then points out that in buying 2,500 food items, operating warehouses, handling refrigerated products, inspecting, refrigerating and cutting meats, managing stores and interpreting and carrying out the vast number of government regulations and restrictions, requires more than 17-year-old boys and inexperienced girls.

Insurance Company

To the People of this Community

There are many urgent reasons for buying War Bonds. First, the invasion needs money. Bonds pay for planes and guns and munitions with which to beat the Axis. Our fighting men must have the best possible equipment and it is up to us to let our money provide this.

A second reason is this: There is a shortage of goods now. Later on there will be plenty for civilian desires. Money put into War Bonds now will be available then. Business opportunities will be open then, too, and the "nest egg" saved now may hatch out commercially then.

Money put into War Bonds now will be deprived of its current potentiality as a part of the causes of inflation. You will be doing your part toward stabilizing the money situation by buying Bonds instead of dwindling stocks. That is a third reason.

But the best reason from a selfish viewpoint is this: Right now there is no better investment than War Bonds. There is no safer repository for your money. By buying Bonds you become a stockholder in the strongest "going" concern in the world today, the United States of America. THE EDITOR.

Boyce House Has Colorful Career; Book Is A "Hit"

By Harold V. Ratliff of the Associated Press
He's from Arkansas but he's lived among us long enough to have a touch of Texas in his walk, a touch of Texas in his talk and Texas to the saturation point in what he writes.
That's Boyce House who will make a speech at the slightest provocation if you'll let him tell you of the glories of the Lone Star State.
Boyce started collecting Texaniana in Cotulla where the fellows who had stories of Texas gathered

SEE US FOR...

WARREN'S
Hardware & Welding Shop

around a table in a hotel where the meals were served family style. The hotel is gone and most of the fellows who told the stories have gone with it but what they told lives on in a book "I Give You Texas" that surprised even Boyce House in the way it sold.

In six months, he says, 40,000 copies of this book have gone into the homes of the State and it's now printing on its ninth edition.

But that's just one product of lanky Boyce House. He started as a reporter, became an author and today makes more speeches than a congressman. House has delivered 500 talks—he doesn't call them speeches—in four years. The idea is two-fold: he gets to tell about Texas and he collects more stories to go into his books.

Six years ago he started a weekly column "I Give You Texas." It is used in 200 newspapers, most of them country weeklies.

In 1943 was when he hit the banana with "I Give You Texas." Most of the stories have been told down through a century and the people have heard them time and again.

"But that's why they like to read them," he said. "They feel they are going back through the years, are living their Texas all over again."

House went to Hollywood to serve as technical advisor on an oil picture. He spent four months there, not doing too much work but getting paid plenty for it. As soon as he got loose he hurried back to sweep the State with his talk "How I Took Hollywood by Storm."

Boyce started as a newspaperman in Memphis, Tenn., but came back to Texas in search of health. He settled down in the Oil Belt and it was at Eastland that he broke one of the famous stories of Texas—Old Rip, the horned toad that stayed in the cornerstone of a courthouse for 31 years (at least that's the story and no one ever was able to refute it.)

It was House who also wrote the story of the Santa Claus Bandits of Cisco—the men who robbed a bank dressed in Santa Claus regalia. "I made more money out of it than the bandits," grinned Boyce. "The robbers were captured and lost the money; I sold a story to a magazine for \$300."

House's father died when Boyce was 12. He managed to get a high school education. His writing accomplishments came the hard way.

Forty-six graduate nurses for army, navy and essential civilian war service will be turned out by the University of Texas John Sealy College of Nursing in June. On the heels of graduation exercises, a new class of approximately 40 student nurses will begin their training at the college.

GRANDMOTHERS' SALARIES BUY BONDS FOR GRANDCHILDREN

Mrs. Elizabeth Taggart (left) and Mrs. Edna Neff

NEW YORK, N. Y.: The slogan of the Grandmothers War Bond League, "Grandmother's Bond with the Future—War Bonds," is a common bond between two hard working grandmothers at the Aero Spark Plug Corporation in New York. Mrs. Elizabeth Taggart (left) and Mrs. Edna Neff invest part of their salaries in War Bonds every day. Three-year-old grandson, John Wurmser, is co-owner of the Bonds Mrs. Taggart buys to back her fighting Seabee stepson, James Taggart. Mrs. Neff's 10-month-old granddaughter, Barbara Ann, receives War Bond gifts as part of her grandmother's "back the attack" program in honor of Barbara's Marine daddy, a master technical sergeant, the

initial growth. The objective of the research, said Superintendent Quinby, "was to determine whether a hegari could be produced which would be less erratic in production than the common variety." "It was!"

Mrs. Williams of Kemp, Texas, mother of Dr. Williams of Haskell, and Mrs. Chas. Moorhouse of Benjamin visited with Mrs. Dave Eiland a while Monday.

HOME FROM HOSPITAL

Mrs. Worth Gafford, who recently underwent a major operation at the Knox county hospital, was brought home last Sunday. An ambulance from the Mahan Funeral Home went after her. She is reported to be doing nicely.

Sgt. and Mrs. Jack Newman of Hobbs, New Mex., visited with Mrs. Newman's parents, Mr. and Mrs. W. W. McCarty, over the week end.

Attention, Farmers!

We have just received a car of Soybean meal. Price \$3.15 per sack. We also have cottonseed meal at \$2.85 per sack.

Later you will likely need Sulphur to kill the fleas in your cotton and we have a car of Sulphur and a car of 80 per cent Sulphur and 20 per cent Calcium Arsenate mixed.

MUNDAY, TEXAS

Success Of 4-H Bonita Planting Call For More Plantings This Year

The following article appeared in May issue of the Extensioner, which is a monthly publication of the Extension Service of the Agricultural and Mechanical College of Texas:

Knox County 4-H Club boys this year are going to plant a lot more Bonita, a new type of combine grain sorghum, than they did last year. There's a very good reason, too.

In the fall of 1942, County Agricultural Agent R. O. Dunkle obtained enough seed of the new strain from the Chillicothe sub-station of the Texas Agricultural Experiment Station where it was developed, to give each of 72 4-H Club boys two pounds for his major 1943 demonstration.

Perseverance under difficulty and some modest publicizing transformed the demonstration into a success story.

Six pounds planted two acres, but from the beginning the boys encountered difficulty. No rain fell between planting in early June and harvesting in the late fall. Yet Bonita showed it could take plenty of punishment from drought and flourish like the bay tree. From 348 pounds planted by the 68 demonstrators who reported completions about 18,000 pounds of seed were harvested.

"Get it through the ground," said Dunkle, "and you're over the hill."

After threshing, Country Gentleman of Philadelphia, a magazine with a nation-wide circulation, printed a story with pictures on the demonstration, referring especially to the success of Joe Edd Sweetat, Joe Edd, 15, member of the Sunset Club, saked about 4,000 pounds from his two acres. Through April he had filled 87 orders for seed from 19 states and Canada from his own crop and those of other club members.

The biggest thrill which Joe Edd received from the seed transactions was a telephone call from an Oklahoma farmer ordering 1000 pounds. The call came to his school.

County Agent Dunkle reports indications are that more than 10,000 acres will be planted to Bonita in Knox county this year.

J. Roy Quimby, superintendent of the Chillicothe sub-station, who did much of the development work, Bonita originated as a selection from a cross of hegari and Chiltex. Chiltex being 50 per cent kaffir and 50 per cent feterita, the offspring of the cross is, therefore, one

quarter feterita, one quarter kaffir and one half hegari. The breeding behavior of Bonita, Quimby explained, shows it to be almost completely hegari, except that it has early maturity and is double dwarf in height. In other words, Bonita really is double dwarf, early maturing hegari.

Physically, the tillers of shoots, spring directly from the seed, as many as seven from one hill being common. This assures uniformity of height and maturity of heads in contrast to some varieties of sorghums which produce suckers from joints of original tillers. The secondary heads mature later than

HE'S OFF ON HIS FIFTY-FIFTH MISSION

There he goes again — out to pour more destruction on the Axis — once more to face the death of enemy fighters and flak!

He won't hesitate to go out on his fifty-sixth or his hundred and fifty-sixth mission. He knows he might not come back, but he keeps on going — giving more and more until the Hitler

and Tojo crews are ready to "call it quits." This is only your fifth mission—and a mission which is mighty easy in comparison with the ones he makes every week.

Stay in the fight by welcoming the Victory Volunteers—at least double your Bond purchases and then keep on. Your buying means "bombs away" for the Axis!

Rhineland Girl And Cpl. Koetter Marry In Chicago

The historic old Saint Mary's Church in Chicago was the scene of a beautiful wedding, celebrated on the morning of June 2, 1944, when Miss Clara Elizabeth Schumacher of Rhineland became the bride of Cpl. Joseph J. Koetter of Windthorst.

The beautiful marriage ceremony was performed by Rev. Joseph F. Carvil, C. S. P., pastor. After the wedding mass, the newlyweds were honored with a wedding breakfast at the Y. M. C. A. hotel. The only guest able to attend the wedding was the groom's mother, Mrs. Ben W. Koetter of Windthorst.

Mrs. Koetter is the daughter of Mrs. Emma Schumacher of Rhineland. She received her education at Rhineland and was employed as housekeeper for Rev. H. Redder of Scotland, Texas, for a number of years.

Cpl. Koetter is the son of Mr. and Mrs. Ben W. Koetter of Windthorst. He received his education there and was a zealous member of the Holy Name Society and K. of C. He joined the U. S. Army on September 21, 1942. He has had six months' duty in North Africa, and is now stationed at Camp Skokie, Glenview, Ill. He participated in the Memorial Day parade on May 29 in Chicago, representing the camp by carrying the flag.

Cpl. and Mrs. Koetter will be at home at 1218 Wilmette Ave., Wilmette, Ill.

Gilliland Club Meets Recently With Mrs. Mayberry

The Gilliland Home Demonstration Club met on June 7th in the home of Mrs. Pete Mayberry.

Miss King gave a demonstration on the spoiled food clinic. Faulty seals, under processing and the mistake of not using standard jars were three causes given for spoilage of home canned foods.

Following the short business session, refreshments were served to the agent and eleven club members.

Coley Family Has Reunion Here On Last Week End

Mrs. Annie Coley and family enjoyed a reunion last week end, honoring her son, Pfc. J. N. Coley of the Marine Air Corps, San Diego, Calif., who is spending his furlough with his mother.

A delicious lunch was served at the home of his mother. All the children and grandchildren were present, as follows:

Pfc. J. N. Coley, San Diego, Calif.; Mr. and Mrs. M. L. Wallace and children, Barbara Ann and Leo, Morton; Mr. and Mrs. Arthur Hargrove and sons, Leon Dwane and Wayne, Goree; Mr. and Mrs. Lawrence Kegley and son, Don, Munday; Misses Joy Faye and Doris Jean Coley, Munday. During the afternoon a host of friends called.

Pfc. Coley left Sunday night for his station at San Diego.

Reunion Held On Father's Day At Home In Goree

A reunion was held in the home of Grandpa Kirkpatrick of Goree on Sunday, June 18, honoring this beloved citizen on Father's Day. Those present included children and grandchildren and friends of Mr. Kirkpatrick. The following were present:

Rev. Poiner and wife, Grandpa Kirkpatrick, Mr. and Mrs. A. H. Hargrove and daughter, Christene; Verdene Poiner, Mr. and Mrs. C. B. Byce and son, Bobby; Mr. and Mrs. Sammie Norwood and children, June, Tommie and Julia Ann; Mr. and Mrs. Raymond Hargrove and children, Ralph and Virginia Raye; Mrs. Calvin Richardson and children, Loyd Ray and Wanda Faye; Mr. and Mrs. Ralph Weeks, Mr. and Mrs. Johnnie Watson and son, Alvin; Mr. and Mrs. Elmer Norwood and children, Elenor Lee and Wanda Jean, and Mr. and Mrs. Earl Kirkpatrick and children, Christene, Laverne, Bula, Pauline, J. H., Earlene and Mary Elizabeth.

RECENT VISITOR HERE

During the past week, Mr. and Mrs. Nolan Phillips had as their guests Mr. and Mrs. J. F. Spann of Clinton, Okla., and Sgt. Quentin Spann of Luke Field, Ariz. They are the parents and brother of Mrs. Phillips.

Luncheon Club Meets Thursday With Mrs. Jones

Mrs. John Ed Jones was hostess last Thursday to members and guests of the Thursday Luncheon Club. The entertaining suite was made attractive by containers of fresh garden flowers.

At the appointed hour, a lovely three course luncheon was served buffet style. Each table was centered with a miniature vase of flowers.

The diversion of the afternoon was forty-two. Present for the occasion were the following:

Mmes. W. R. Moore, H. A. Pendleton, S. E. McStay, R. Elliott, T. G. Benge, Effie Alexander, Fred Broach, W. E. Braly, C. P. Baker, A. A. Smith and Miss Shelly Lee, members, and Mmes. R. L. Ratliff and W. C. Cunningham, guests.

WAC Sergeant Weds On June 12th At Station Chapel

Presque Isle, Mo.—At the Station Chapel altar after their marriage on June 12, the bride's birthday, WAC Sergeant Gena Beth Howley posed hand-in-hand with her husband, Technical Sergeant James J. Howley, both of the Motor Transport Section at the Air Transport Command base here. Chaplain John E. Early of Brownwood, Texas, performed the Protestant ceremony the day before his transfer to the ATC base at La Guardia Field, New York City.

The bride, who is the former Sergeant Genr Beth Griffith, is the daughter of Mr. and Mrs. D. G. Griffith of Munday, Texas. Two of her brothers are in the Army Air Force, another in the infantry and the fourth is a Marine.

Five years in the Army, T-Sgt. Howley comes from New Jersey, where his parents, Mr. and Mrs. Leo McCarty, live at 1-11 Hartley Pl., Warren Point, near Paterson. The two Sergeants' wedding was the 246th involving military personnel of this ATC base activated 33 months ago, according to the City Clerk's office.

Peggy Eiland And Ensign Bob Crawley Wed In Lamesa

Of interest to many Knox county people was the marriage of Miss Peggy Eiland, daughter of Mr. and Mrs. C. A. Eiland of Lamesa, to Ensign Bob Crawley, son of Mr. and Mrs. W. K. Crawley. The wedding was solemnized on Monday evening, June 12, at 9 o'clock in the First Methodist church of Lamesa. Rev. David Murray, pastor of the First Presbyterian church, officiated in the single ring ceremony.

The bride was given in marriage by her father. She wore a lovely gown of ivory slipper satin, designed with high round neckline and long fitted sleeves. The deep sheer yoke was delicately embroidered in silk braid and beads. Her veil of bridal illusion fell from a calotte of illusion and white satin. She carried a white Bible topped with orchids tied with white satin ribbon flanked by three white orchids.

The groom's attendant was his father, W. K. Crawley, as best man. Mrs. John W. Palmore Jr., of Bonham was matron of honor and Miss Sarah Eiland was maid of honor. Both are sisters of the bride.

Relatives attending the wedding from Munday are Mr. and Mrs. G. R. Eiland and Mr. and Mrs. A. U. Hathaway.

The couple will make their home at Jacksonville, Fla., for the present.

Spann-Phillips Wedding Rites Are Announced

Mr. and Mrs. Press Phillips announce the marriage of their daughter, Miss Novelle, to T-Sgt. Quentin Spann, son of Mr. and Mrs. J. C. Spann of Clinton, Okla. The quiet ceremony was performed in the home of Minister Floyd J. Spivey, who directed the vows.

For this occasion, the bride chose white, with which she wore black accessories and a corsage of yellow roses.

The bride is a graduate of Munday high school, and for the past several months she has been employed at Sheppard Field, Texas.

Sgt. Spann is a graduate of Stafford high school, Stafford, Okla., and was a student in Oklahoma A. and M. College before his induction into the service.

After a brief trip to Clinton, Okla., and Albuquerque, N. M., the couple will make their home at Phoenix, Ariz., where Sgt. Spann is now stationed.

IT PAYS TO ADVERTISE

To Travel Smartly,

CHOOSE a two-piece print to wear hither and yon... or on a furlough honeymoon. You'll like the becoming ruffles on the wide collar and matching cuffs. In serviceable rayon crepe polka dot, it's pretty and practical at one and the same time! The fabric has passed scientific tests for dry cleaning, strength and other good wear qualities—and bears a label to tell you so!

Mr. and Mrs. Horace Mullins and son, Donnie, of Wichita Falls visited in the home of Mr. and Mrs. J. E. Bell last Saturday.

BENJAMIN METHODIST CHURCH

J. P. Patterson, Pastor

CALENDAR

Preaching Second and Fourth Sundays at 11:00 a. m.
Church school 10:00 a. m. each Sunday.

Sunday, June 25, Services

The pastor will fill the pulpit on the Fourth Sunday in June at the eleven o'clock hour. A very special welcome to all that attend from other churches by the membership for the Benjamin Methodist church members, and the pastor joins in this invitation. All of the churches of Benjamin and all visitors to our interesting town will be appreciated. The First Methodist church of Benjamin located just north of the high school and across the highway north from it. "Neglect not the assembling of yourselves together as the manner of some is."

J. P. Patterson, pastor.

PRESBYTERIAN CHURCH

Dr. William N. Sholl of Haskell preaches here each Sunday morning at 9:30 a. m.

Our church is located on the Main street of Munday and has an attractive auditorium with added Sunday school facilities. The Auxiliary meets on Mondays and is accomplishing a good work yesterday.

"And history is not just the doings of generals and politicians. Wherever men have planned and played and plowed, wherever they have smiled and sung and splendidly swaggered, wherever men and women have weeded and wed and worked and wrought and worshipped, wherever they have dreamed and died—there is history.

"Texas history is not something that is past and dead but is a mighty, living force projecting itself into the present and profoundly affecting the future.

"I am not one of the Coronado addicts. He was picturesque, all right, in his armor, hunting for non-existent cities of gold—but I see no need to spend a lifetime trying to decide whether he camped for a single night three miles west or six and a quarter miles east of the present city of Abilene.

"To me, there is more romance in the weather-beaten countenance of a Texas rancher and there is more nobility in the heroic features of a ranch wife and mother—a couple who, with raw courage and bare hands, despite northerns, sand, wind and sun—or perhaps because of these challenging conditions—wrought in the wilderness a civilization that is richer in dollars and infinitely richer in human values than the seven golden cities that Coronado sought—even if they had existed."

IS TRANSFERRED

Doyle Bowen, who is in the navy and has been stationed at San Diego, Calif., has notified his parents, Mr. and Mrs. D. B. Bowen, that he has been transferred to Corpus Christi for three months of special schooling.

Mr. and Mrs. Kermit Olson of Lubbock spent the week end here with Mrs. Olson's mother, Mrs. D. B. Weaver.

The World's Safest Investment

By FRANK P. HOLLAND
President and General Manager of the Texas Farm and Ranch Publishing Company

THERE is an element of speculation in most investments, but none whatever when you invest in the securities of the United States. U. S. War Bonds have a money-back guarantee, plus accumulated interest, and are the only securities which protect the investors against loss. That guarantee in itself is sufficient to induce every citizen to build a backlog of bonds as a protection against future needs.

The Fifth War Bond Drive will be on from June 12 to July 8. A special appeal is made to farmers and ranchmen to go the limit in the purchase of bonds. There are two good reasons for oversubscribing the issue. First, and all important, is the fact that at this stage of this desperate war for freedom, expenditures for ammunition, guns and other war supplies are reaching the peak, and since it is our war just as much as it is the war of the boys on the fighting front, it is the plain duty of every citizen to give his full support to the Government in

this emergency. Second, most farmers and ranchmen in Texas will need new equipment after the war, and, during the adjustment period all will need cash, or its equivalent. There is no better investment on earth than United States bonds.

We add a third important reason why farmers and ranchmen should do their full share in financing the Government at this time: Your sons and neighbors' sons are fighting on all the world's battle fronts; in the jungles, the tropical heat, in the air, and facing bombs, machine gun fire and shells in all parts of the world. A unanimous support of this Fifth War Bond drive will show our boys that their country is solidly back of them. The Government is not asking you to make a sacrifice, it is offering you a gift—edge investment, and at the same time an opportunity to help shorten the war. Do your part in bringing these boys back home. Agriculture must and will do its part!

U. S. Treasury Department

Activities of Colored People

Monday and Tuesday night services were held at the Church of God in Christ by Rev. S. L. Sanders of Munday and Rev. Little of Wichita Falls. Services are also being held at West Beulah Baptist church Tuesday night through Sunday night. Pastor D. B. Meadows of Haskell and former pastor Rev. J. D. Foster of Rotan, Texas, are in charge.

Mr. and Mrs. Roy Scott celebrated Juneteenth with a family reunion at their home.

Mrs. Mary Downey and family, Mrs. Millie Jitters and children, Wichita Falls; Mrs. Savannah and son, Mr. and Mrs. Charlie Chanley, Miss Addie Mae Ivory, Wichita Falls, and Ruby, Mrs. Minnie Zee Williams and Pearl Gardner and daughter visited their parents for Juneteenth, Mr. and Mrs. Marcellus Johnson.

Mrs. Effie Lewis was very ill last Saturday, and a host of relatives were called to her bedside.

Bro. Honey Grove and brother and niece of Lubbock, also her mother, Honey Grove and daughter Mrs. Elizabeth Hunter and John Jr. Word left Tuesday night for Los Angeles, Calif.

Several carloads from Munday celebrated Juneteenth in Anson, Texas.

Preston Shearod is visiting his mother near Fort Worth this week.

Mrs. Allene Ross is visiting relatives in Amarillo this week.

LOCALS

Judge O. C. Funderburk of Eastland, associate justice of the Court of Civil Appeals, 11th Supreme Judicial District, was here last Friday, meeting with old friends and working in the interest of his candidacy for re-election to this office.

Sheriff L. C. Floyd of Benjamin was here Monday, visiting with friends and attending to business matters.

T. G. Bengue was a business visitor in Wichita Falls last Saturday.

Guests in the home of Mrs. S. A. Bowden this week are Sgt. and Mrs. C. J. Reece and son, Charles, of Pecos, Cpl. Bobbie Reece of Lincoln, Neb., and Mr. and Mrs. Levi Bowden and family of Fort Worth. A family reunion was held at Mrs. Bowden's home last Sunday.

I GIVE YOU TEXAS by BOYCE HOUSE

A true incident (when this writer was police reporter in Memphis, Tennessee): A negro about to board a train for the penitentiary comforted his wife with, "Don't cry, honey; I'll serve six 14 years in a jiffy an' be back wid you."

Speaking not long ago before the Panhandle-Plains Historical Association annual dinner, this chronicler remarked:

"History is not the exclusive property of the Ph. D.'s—much less of the writer of that most unread and unreadable production of the human brain: the master's thesis.

"Nor is history solely an account of things of long ago. History is anything important and significant which has happened. It might have been in 1942 or it might have been

Recommend 1945 National Wheat And Rye Goals

A national goal of 67 to 70 million acres of wheat for harvest in 1945 has been announced by War Food Administrator Marvin Jones. This compares with an estimate of about 67 million acres planted for this year's wheat crop, and with 55 million acres in 1943.

The goal is based on the estimated requirements for use in the 1945-46 year and on preliminary information from all wheat producing states as to their war-time capacity for wheat production in desirable balance with other crops, and without plowing up marginal land which should stay in grass.

The goal acreage will provide adequate wheat for food, and as much margin for livestock feed and industrial uses as can be produced in wheat more efficiently than in other grain or feed crops.

The national wheat goal is being submitted to the states, through the USDA War Boards, along with suggestions for the establishment of individual state goals within the local determination of necessary crop balance to get the greatest overall production of grains.

Acreage of rye for harvest as grain in 1945 at a level comparable with the 1944 acreage—about 2,500,000 acres—is being recommended. This will provide for maintenance of rye production in areas where rye will produce more food

E. B. Littlefield — Carl Mahan

or feed than alternative crops. It is expected that the final state goals will be announced in about a month.

Millard Hipple President Of G. I. Exes Fraternity

DENTON—Millard Hipple of Munday is president of the newly formed North Texas State organization, G. I. Exes, fraternity for returning servicemen.

The Gamma Iota Chi organization, unique campus service fraternity, was created in the spring term as a link between returning servicemen and their college, seeking to bring all programs for ex-servicemen to the attention of its members.

An official constitution has been formulated and adopted by the members of the Alpha chapter of G. I. Exes and work has been started to organize similar chapters on the campuses of other colleges and universities throughout the nation.

WANT ADS

C. L. MAYES is in the Real Estate business. His office is over First National Bank. tfe.

GOODRICH—Was making synthetic tires and had thousands of them in use 2 1-2 years before Pearl Harbor. The Goodrich synthetic tire will give you better service. It is built by leaders in the production of synthetic tires whose experience begun before Pearl Harbor. R. B. Bowden's Gulf Service Station. tfe.

KEMTONE—the miracle wall paper paint. Large assortment of colors. Reid's Hardware.

BARGAIN IN FARM—I have farm of 482 acres, 140 acres in cultivation, balance in pasture, with wind mill and plenty water; three-room dwelling with screened in porch, barn 24x32 with stalls on each side, 39 miles west of Ft. Worth within one mile of Jacksboro highway. You can have a good home for only \$20.00 per acre. C. L. Mayes. 51-tfe.

NOTICE—If you have real estate to sell or trade, or if you want to buy real estate, see me. R. M. Almanrode. 44-tfe.

Texas Cowboys To Organize At Reunion July 4

Stamford—Hundreds of pioneer settlers and ranch hands will gather in Stamford July 3 and 4 when the annual meeting of their organization, the Texas Cowboy Reunion Association, is held in conjunction with the Texas Cowboy Reunion.

This group of old-timers is the theme around which the entire celebration is built. The Texas Cowboy Reunion was started in 1930 with the basic idea of gathering together and honoring these pioneer settlers of the Southwest, and the first rodeo was planned for their entertainment.

Membership in the Association is open only to those who served in some active capacity on the range not less than 35 years ago, and some of the most colorful names in the cattle industry of the South are included on the membership rolls.

First meeting this year will be held Monday morning, July 3, in the Will Rogers Bunkhouse. Most of the day will be spent in greeting old friends and renewing acquaintances. New officers will be elected at a business meeting during the day. Kid Jeffers, Brady, has served as president since the last meeting in 1942.

Other members of the official family of the Association, include John Davis, Throckmorton, first vice-president; E. E. Pickering, Victoria, second vice-president; Dave Harris, Hamlin, range boss; Luther Edwards, horse wrangler; Chas. E. Coombes, re-elected secretary-treasurer; M. S. Doss, Semmes, wagon boss; and Hunter Lanier, Crowell, wagon boss.

After paying an annual membership dues of \$1, each member is issued a badge which entitles him to admission to rodeo performances and free meals at the Pioneer Chuck Wagon.

Tuesday morning, July 4, the Bunkhouse will be the scene of the Old Fiddlers' contest, according to Jim Stell, chairman of this committee. This contest is open to any person who is 50 years old and cash prizes are awarded the winners. E. O. Wedgeworth, manager of the Stamford Board of City Development, will officially welcome this group at the Bunkhouse. This contest is free to the public and is very popular with lovers of old-time tunes.

Square dances will be held nightly in the Coombes Round-Up hall. String music will furnish the tempo for almost every type of folk dance known in the West, and most of the dancers will be experts in executing the intricate steps which mystify most modern-day rug-cutters.

Mr. Arthur A. Reagan left last Tuesday to return to his camp at Mitchell Field, N. Y., after spending a furlough with his parents, Mr. and Mrs. C. A. Reagan, and with other relatives.

4-H Club Goes All Out in War Bond Effort

The Four-H Clubs of America, 1,700,000 strong, are making a vital contribution to the war program helping in the gigantic problem of keeping the food supply line strong and in buying War Bonds. Here are some scenes of 4-H boys and girls at their war work. No. 1 shows Glenn Whittenberg, of Hidalgo County, Texas, with his fine litter which will help the food supply. Glenn is putting his profits in War Bonds. No. 2 shows an ambulance purchased by the 37,000 members of the 4-H Club members of Virginia. Representing the Virginia Clubs in the picture is Carolyn Steele, Fairview, and Richard Fleming, of Branesville. Major Barnard Sobol, USA, is accepting the ambulance, with Director M. L. Wilson of the Extension Service Department of Agriculture, looking on. No. 3 shows Billy Fleming of Fairfax County, Virginia, helping Dad with the chores. Billy is putting his earnings into War Bonds. 4-H Club members own 90,000 head of dairy cattle. No. 4—4-H Clubs make a mighty contribution to the poultry and egg supply, raising 9 million chickens in 1943. Here is Helen Wheeling, Brown County, South Dakota, with a couple of her birds. She also buys War Bonds with her profits. No. 4—4-H Clubbers are also Victory Gardeners. Here is Jane Budder of Frederick County, Maryland, in her garden. These farm youngsters raised 5 million bushels of garden produce last year. Back the Attack—Buy More Than Before.

Goree News Items

On June 19, Uncle John Jackson and I. J. Troy celebrated their birthdays. Uncle John is 92, and Mr. Troy is 72.

Ben Williams was a week end visitor in Decatur with his daughter and family. A son, Lee, who lives at Kyle, was also present.

Mr. and Mrs. E. J. Jones are visiting their son and family, Mr. and Mrs. Philip Jones at Grand Prairie, and with relatives in Dallas.

Joe Webber, who underwent surgery at a Wichita Falls hospital, is improving at this writing.

Mrs. Inez Dulton of Los Angeles, Calif., is here for a visit with her parents.

Mr. and Mrs. Henry Coffman and daughter, Betty Jean, of Fort Worth were visitors here over the week end.

Midshipman Charles Arnold, who is in a naval hospital at Long Island, N. Y., and who has been ill for a number of weeks, called his mother Sunday to wish her a happy birthday. This came as a happy

surprise and made the day complete, as Charles is improving. He expressed his appreciation for the letters and cards he has received.

Mr. and Mrs. J. W. Langley and daughter, Joan, of Houston were week end visitors in the home of their aunt, Mrs. Sallie Farris, and cousin, Mrs. H. D. Arnold.

Mr. and Mrs. S. T. Easley of Munday were visitors with their daughter and husband, Mr. and Mrs. W. O. Barnett, recently.

Mr. and Mrs. C. R. Robinson and daughter, Charlene, of Dallas were week end visitors with Mrs. Robinson's parents, Mr. and Mrs. W. O. Barnett. Charlene remained here for a longer visit.

Rev. and Mrs. J. Waid Griffin and children are at Georgetown, where Rev. Griffin is taking special training for pastors. Mrs. Griffin is also visiting relatives at San Antonio.

Pvt. Wallace Roberts of Camp Berkeley was a week end visitor with relatives here.

Jim Al Coffman, who is serving with the navy at Farrogut, Idaho, was a visitor here last week.

S.-Sgt. and Mrs. Charles Heard are here for a brief visit with Sgt. Heard's parents, Dr. and Mrs. E. F. Heard.

Mr. and Mrs. Charles Lane and children of Lubbock are here for a visit with their parents, Mr. and Mrs. Ed Lane of Munday and Mr. and Mrs. Clyde Patton of Goree.

Mrs. Jimmy Pendleton and son of Albany, Ga., are here for a visit with Mrs. Pendleton's grandmother, Mrs. R. D. Stalcup, and with other relatives.

The First Baptist church has invited State Evangelist W. Y. Pond of Waco to assist in a ten-day revival, beginning on July 31.

LOCALS

Gilbert Myers, who is in the navy and stationed at Hollywood, Fla., is here for a visit with his parents, Mr. and Mrs. Robert Myers, and with other relatives. He was accompanied here by his wife and little daughter, who will remain here for a longer visit.

W. H. James of San Benito, Texas, is visiting relatives and friends here this week.

Miss Maxie Dings of Fort Worth visited her parents, Mr. and Mrs. G. W. Dings, over the week end.

Dick Owens, who is attending summer school at A. C. C., Abilene, visited his grandfather, R. B. Davy, and friends here over the week end.

Mr. and Mrs. H. F. Jungman and Mr. and Mrs. J. W. Roberts were business visitors in Wichita Falls last Saturday.

Miss Dorothy Campbell of Abilene visited relatives and friends here last week end.

Miss Patsy Ruth Mitchell, who is attending summer school at A. C. C., Abilene, visited her parents, Mr. and Mrs. W. R. Mitchell, over the week end.

Port Handles Heavy Tonnage

AFHQ, Mediterranean Theater—“Without such a superb performance, the success of our combat forces in Tunisia, Sicily and Italy would have been impossible.” This is what Brigadier General George C. Stewart, transportation officer of the North African Theater of Operations, said of the work of the port personnel that controls the largest Army overseas port in the world. Through it has passed in the last eighteen months the manpower and material elements of victory. “One of the truly great logistical achievements of history,” summed up General Stewart.

This Army Transportation Corps unit was activated at New Orleans in June, 1942, and came overseas to Scotland shortly after as the first American unit of its type to serve on foreign soil. The training for the precedent-shattering job they were to do during and after the invasion of North Africa was obtained at ports in Scotland, England and Wales.

Participating in the invasion of North Africa, the Port Headquarters and the units under it commenced functioning at once. Although designed to operate one port, the outfit found itself handling the huge volume of men and equipment pouring in at four other ports. In the first month over 250,000 tons of equipment had been moved.

Since that time over 12,000,000 measured tons of equipment has passed through the port. Over 1,250,000 troops and Prisoners of War have come and gone. In one evening 30,000 troops were moved from the port to a staging area.

The port has operated railway car and motor vehicle assembly plants which turned out hundreds of vehicles and railway cars per week, ready for use. In its peak month, one million measured tons and 135,000 troops cleared through. The wounded from the front have come back by hospital ship to be moved to hospitals for care.

Colonel Austin D. Higgins, of New Rochelle, New York, the commanding officer of the port, has nothing but praise for the men who have contributed to the record of the unit. He entered the service in 1917 and has served in the Army, the Naval Flying Corps, and

the Marines, where he had accumulated 15 months overseas service before World War II.

The officers and men of the port staff are experts and specialists in their line of directing the flow of men and material. They supervise the work of the Port Battalions and are in contact with the Navy and Merchant Marine.

Soldiers were shipped from this port for the Sicilian and Italian invasions. The personnel who operate this port have a big job to do to keep the flow steady. One of these men is Cpl. Arthur H. Sams, son of Mrs. Roma Sams of Benjamin.

Lieut. Alma Spear, who is in the U. S. Nurse's Corps and stationed at Fort Worth, visited with friends here and at Knox City over the week end. She is a former superin-

tendent of the Knox County hospital.

Mrs. Howard Collins returned home the first of this week from La Junta, Colo., where she spent the past ten days visiting with her husband, Sgt. Howard Collins.

A SELF-PROPELLED

Victory!

MASSEY-HARRIS SELF-PROPELLED HARVEST BRIGADE SETS AN ALL-TIME RECORD

Farmers all over the West have just witnessed America's miracle harvest. Perhaps you yourself saw some of the 500 Harvest Brigade Self-Propelled Combines. They started in the early spring harvest—will keep cutting until late fall, harvesting more grain

than 500 men and 500 combines have ever cut in history. Their goal is the harvest of 1,000,000 acres and the saving of 500,000 bushels of grain which normally would be lost with the conventional tractor and combine.

THE COMBINE OF TOMORROW

The Self-Propelled Combine used in the Harvest Brigade is no "war baby." Massey-Harris pioneered and developed its first Self-Propelled Combine back in 1939. Its ability to harvest MORE ACRES PER HOUR, PER MAN, PER DOLLAR has been proved, and its performance in the Harvest Brigade truly stamps the Self-Propelled as "The Combine of Tomorrow"—tried, proven, here today.

Bringing the Harvest Brigade to this community is the type of helpful service that we, as Massey-Harris dealers, owe to farmers of this territory. Self-Propelled is but one example of Massey-Harris advanced engineering. Let us talk with you also about power-plus tractors, Forage Harvesters, High-Speed Plows and other new, revolutionary developments in farm equipment.

A 7-FOOT-CUT SELF-PROPELLED CLIPPER COMBINE

While the "Brigade" Combines were 12 and 14-foot-cut machines built for larger acreage operations, the Self-Propelled principle has also been applied to the famous Massey-Harris Clipper Combine, the original "Straight-Thru" Scoop-Type Combine in 7-foot-cut model for smaller acreage growers. The "Clipper" has proved itself in a hundred different crops, from beans to grasses.

L. J. KUHLER

Munday, Texas

WHEN YOU THINK OF "SELF-PROPELLED" THINK OF MASSEY-HARRIS . . . THE PIONEER BUILDERS

By use of convenient dials, the Flexform is adjusted to shape dresses according to your exact measurements—waist length, bust measure, waist measure, hip measure and skirt length. It is especially useful in reshaping and stretching shrunken garments. Just give us your measurements, and our Flexform will do the rest.

Flexform is the modern dress shaping machine. In Munday you get this service only at—

King Tailor Shop

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

"Going to Town" in Bond Drive

That rural sections of the United States are "Going to Town" in the Fifth War Loan Drive is suggested by scattered early reports received by the Agriculture Section, War Finance Division, Treasury Department. In Carroll county, Georgia, agriculture's \$100,000 share of the county quota was over-sold by \$80,000 on June 6, six days before the drive opened. In Alabama, where county farm quotas are broken into "beats," roughly equivalent to townships in other states, several beats had surpassed their quotas. Gregory county, South Dakota, reached its goal two days before the drive officially opened. More than 20,000 farm machinery dealers in the U. S. have been enlisted as workers in the Fifth War Loan Drive.

Advices Buying Extra Eggs Now

If every housewife will buy an extra dozen eggs now and store them in her refrigerator she can solve a big storage problem now facing the War Food Administration. At present, WFA says, there are 1,400 carloads of eggs for which no cold storage space can be found. By using their refrigerators housewives can make it possible to save 25 million dozen eggs. Egg production has begun to decline seasonally, and it will be possible to handle all supplies in the usual manner.

Clerical Jobs in Washington

More than 12,000 clerks, stenographers and clerk typists are needed immediately to fill vacancies in Washington, D. C., principally for the War and Navy Departments, the Civil Service Commission reports. Also, within the year between 8,000 and 10,000 additional vacancies must be filled. Positions will pay from \$1,752 to \$1,971 a year for the Federal work week of 48 hours. Local Post Offices and offices of the United States Employment Services can give interested persons information about these openings.

Used Cars Under Price Control

Beginning July 10, all used passenger cars come under price control, the Office of Price Administration has directed. All sellers—individual owners as well as dealers—come under the program. Ceilings will vary by model, body type and make and will cover about 6,000 models manufactured from 1937 through 1942. There will be an "as is" and a "warranty" price for each model and body type. Ceilings will drop at the rate of four per cent of the "as is" price every six months. Permissible additions to ceiling prices are provided for extra equipment. Separate prices are given for each of three geographical regions. When a sale has been completed, the buyer and seller must fill out a transfer certificate and turn this in to the buy-

er's local War Price and Rationing Board. Nearly four million motor vehicles went out of use in the United States in 1942 and 1943 and have not been replaced, the Federal Works Agency reports.

Prices On Certain Fruits

Highest average retail prices for the country as a whole that will result from ceiling prices established for certain fresh fruits have been announced by the OPA. These prices per pound are: Italian prunes, about 14 cents; plums, about 19 cents; sweet cherries, about 40 cents, except in California, Washington and Oregon, where the price will be about 36 cents; apricots, about 21 cents, except in California, Washington and Oregon where the price will be about 16 to 12 cents.

Mineral Oil Protects Sweet Corn

To protect growing sweet corn from the corn earworm use an inexpensive white mineral oil (medicinal oil), the Department of Agriculture advises. Wait at least three days after the silk first emerges before oiling, and not later than 7 days. An ordinary glass medicine dropper when half full of mineral oil is enough for a small ear of corn, and about three-fourths full for a large ear. Insert the medicine dropper about a quarter of an inch into the silk mass, just inside the tip of the husk. Since not all silks mature the same day, treated ears may be marked with a crayon or strip of cloth. The oil kills the worms in the silk and prevents the entry of others.

Round-Up

The War Production Board says—arsenical insecticides for the coming summer months should be bought early, because uncertain transportation and manpower and container shortages might delay last-minute orders and result in heavy crop damage. A water-resistant match, useful to service men in jungle areas, has been developed by match manufacturers. An estimated 30,000 dozen household furnace scoops and 85,000 dozen snow shovels will be produced in 1944, and the first of them should be available to consumers by late fall or early winter. National Headquarters of Selective Service announces that inductees no longer will be ear-marked for either the Army or the Navy after their preinduction physical examination, beginning July 1, but will be placed in the common pool to be drawn upon as the needs of the respective branches develop. Shoe dealers may sell limited quantities of "odd lot" shoes ration-free to consumers at specified price reductions July 10 through July 29, OPA says. WFA expects that shipping will be available to import six million bushels of corn from South America during July to aid the war food and livestock feed situation in the United States. U. S. Public Health Service reports that approximately 20,000 patients have been treated for syphilis and gonorrhea and new intensive methods in more than 50 rapid treatment centers and that penicillin is being used on a large scale in the treatment of early syphilis. Home canners who have the use of a pressure canner this summer will do well to put up chicken when farmers are selling large numbers of hens that are not laying enough to be worth their keep, the Department of Agriculture advises.

Texan Meets Home State Girl at Service Center in Nation's Capital

WASHINGTON, D. C.—"Someone from home" looks mighty good to Corp. James Hallmark, USA of Wichita Falls and Jaunita Yarborough, Y 3/c, Waves of Harold as these two from the "Lone Star State" meet up at the Pepsi-Cola Center for Service Men and Women in Washington, D. C.

The Pepsi-Cola Center in Washington, D. C. is one of three, donated and maintained by the soft drink Company, to give free facilities to enlisted members of the Armed Forces on furlough; others are located in New York City and San Francisco, Cal.

Benjamin News

Mr. and Mrs. Glenn Burnett and family, Amarillo, have been visiting friends and relatives in Benjamin.

Billy Bob Glenn, Amarillo, is visiting his grandparents, Mr. and Mrs. W. C. Glenn.

Mr. and Mrs. E. Duval, Evan Duval and Lt. Bruce Duval, Abilene, visited Mrs. Myrtle Bisbee, Friday.

Misses Louzella and Delores Crenshaw, Beaumont, Texas are visiting their grandparents, Mr. and Mrs. Dave Crenshaw.

Judge James A. Stephens has been visiting in Dallas for several days.

Mrs. Prep Mulkey and daughters, Oklahoma City, have been visiting with Dr. and Mrs. G. H. Beavers.

See your local committee for your bond quota.

Mrs. H. T. Melton and Mary and Mrs. E. B. Sams were Lubbock visitors Saturday.

Pvt. Emery Darwin, Camp Barkley, Abilene, visited with his wife and son, Sunday.

Doyle G. Thomas, administrative officer, attended a Triple A meeting in Seymour Thursday and Friday.

Mr. and Mrs. Bob Burton visited with Mr. and Mrs. Cecil Burton at Monday, Sunday.

Gay Steen was an Ansen visitor Sunday.

Mr. and Mrs. Herbert Sams were

THOS. F. GLOVER

For State Representative,
11th District:
CLAUDE CALLAWAY
(Re-election)

For U. S. Congress, 13th Dist.:
GEORGE MOFFETT
ED GOSSETT
(Re-election)

For Commissioner, Precinct Two:
W. P. HURD

For Commissioner Precinct No. 1:
E. L. PARK

THE FARM LABOR PICTURE

College Station—The farm labor picture in Texas through June 9 was spotty with the demand for choppers in the major cotton growing counties the most urgent. The Coastal Prairie area showed the greatest shortage of labor in the sections near war industries, according to reports to C. Hohn, state farm labor supervisor for the A. and M. College Extension Service.

Cessation of excessive rainfall in Brown county brought a sharp upturn in the demand for harvest hands, hoers, and general laborers. Reports show, however, that a total of 1,173 workers, including 1,051 town and city youths, had been placed on Brown county farms through June 9. Over the state 11,714 workers had been placed.

Latest reports from county agricultural agents indicate that movement of town and city youths to farms over the state is growing. Currently, a total of 4,742 have been placed on farms. Counties recording 100 or more such placements include Coleman, Mitchell, Atascosa, Coryell, Denton, Dallas, Navarro, Caldwell, Colorado and Robertson.

In the Panhandle wheat areas the demand for harvest labor is expected to become acute before the end of June, Hohn says. Meanwhile, grain sorghums and cotton are being planted in the same areas. Small grain harvest is proceeding well in the low rolling plains region, with several counties at or past the peak. Fisher county farmers are cross cultivating cotton to simplify the work of chipping. Shifting of combines, trucks and men is solving the major difficulties in the grain harvest. Meanwhile, row crops in several

counties need attention.

Reports from parts of east Texas indicate better weather and progress with crops. Exchange of labor is widely used in this part of the state. Tomato harvesting is under way in southern counties and will begin the latter part of June in areas where the crop matures later.

Generally, the demand for cotton choppers from the blacklands areas is heavy notwithstanding that sev-

eral counties report the situation well in hand. In parts of the area fields are reported wet and the cotton heavily infested with grasshoppers, Hohn says.

A. V. Kemletz visited his wife and her mother, Mrs. Louise B. Ingram, here over the week end. He is on 15-day furlough, having completed his basic training at Sheppard Field and is being transferred to Avon Park, Fla.

I Am Now Operating A Watch Repair Shop

In Haskell. My prices are reasonable and all repair will be returned in 15 days if at all possible. All work guaranteed. Leave your watches at Eiland's Drug Store.

Rhineland Girl At Summer Term

Denton—Miss Rosemary Claus of Rhineland is currently attending summer school at the Demonstration High School of North Texas State.

With a total enrollment of 516 students, the Demonstration school is an integral part of campus life at the Denton college. Although the majority of students are from Denton, 58 Texas towns are represented in the 1944 summer school. Housed in a three-story, ivy covered building facing across the campus toward the college administration building, the Demonstration School is an affiliated 12-grade school.

Available to Demonstration students are the most modern facilities for study including such modern teaching methods as audio-visual education through class-room movies and radio.

The extensive summer recreational programs available to NTS-STC students are also available to the Demonstration students, who may swim in the college pool and participate in more than a score of Recreation Park activities.

Miss Claus is the daughter of Mr. and Mrs. H. N. Claus and is a senior student of the Denton school.

Mrs. Emma Baker of Little Rock, Ark., returned home this week after visiting her sister, Mrs. W. A. Harris. Her great niece Emogene Bredgen accompanied her home and will accept a position in an audience plant through the summer.

Mr. and Mrs. Hoyt Davis and son of Dallas were visitors here over the week end.

The University of Texas is providing mental stimulus to wounded war veterans at McCloskey Hospital by sending a series of lectures to the hospital during June. This service was requested by more than 50 out of 110 servicemen interviewed there.

Fixing Up the Farm

by BURTON WILLIAMS

Find the Easy Way

WAR or peace, the essentials of good farm management change very little. There are many hard ways, and one easy way, to do every farm job. You may find that a little time spent analyzing the equipment and ways of doing things on your farm will pay big dividends in time and toil saved.

A good method to use in making a survey of this sort is to ask yourself a few questions. Does this job have to be done? Can it be done an easier way? Can one man do it instead of two? Will changing the order of work make it easier? Is there a better tool or piece of equipment?

Often you will find that just a little change or some simple idea will make a big difference in saving time and trouble. One such idea is illustrated below.

In order to prevent sagging and hard opening of a long gate, put a wheel at the end of it. This will lengthen the life of the gate, besides making it a lot easier to use. You probably can find several old wheels around the place that will do the trick, and it's an easy job to fasten it to the gate.

EXTENSION SERVICE STAFF ASSIGNMENTS ARE ANNOUNCED

College Station — Appointment of one new member of the home demonstration staff of the Texas A. and M. Extension Service and reassignment of five others have been announced by J. D. Prewitt, acting director, and Maurine Hearn, vice director and state home demonstration agent.

Miss Thelma Casey, for 12 years Travis county home demonstration agent, becomes district agent for home demonstration work in 21 central west Texas counties known as Extension District 7.

The former Extension food preparation specialist, Miss Hazel Phipps, becomes assistant state home demonstration agent, and the following district assignments have been made: Miss Lida Cooper, District 4; Miss Bess Edwards, District 8; Miss Zetha D. McInnis, District 9; Miss Beulah Blackwell, District 5. All have been members of the home demonstration staff for periods varying from three to 23 years.

Miss Casey, the new district agent, was reared in Mills county and received her bachelor's degree in home economics from the South West State Teachers' College in San Marcos. She was Caldwell county home demonstration agent with headquarters in Lockhart before she went to Travis county.

The appointments became effective June 16.

Legionnaires To Inspect Hospital

McCloskey General Hospital, Temple, Texas—Members of the American Legion and the Legion Auxiliary who will attend the meeting of the 4th Division of the American Legion of the State of Texas have been extended an invitation by Brig. Gen. James A. Bethea, commanding general, to visit McCloskey General Hospital, Temple, Texas, one of the Army's largest hospitals, on Sunday, June 25.

The guests will assemble at the Municipal Building at 9 o'clock that morning and go to the hospital together. They will be taken on a tour of the hospital by several wounded overseas patient guides.

Earl T. Pate, commander of Temple Post No. 133, and Mrs. Jess Coleman, president of the Temple American Legion Auxiliary, cordially invite all members and their ladies to attend.

LT. GLENN DOBBS GOES TO PETERSON FIELD

Lt. Glenn Dobbs, 1942 all-American football back at Tulsa University and 1943 Associated Press All-Service back at Randolph Field, is now assistant physical fitness officer at Peterson Field, Colorado Springs, Colo.

Dobbs was graduated three weeks ago from officers' candidate school at the top of his class. His wife is living at Manitou Springs, near Colorado Springs. He is a former Munday boy.

REUNION IS HELD IN JIM BELL HOME

A reunion was held in the home of Mr. and Mrs. Jim Bell last week. Those present were Sgt. Hugh C. Bell and Pvt. Fred Keith, Mr. and Mrs. Riley D. Bell and children, Mr. and Mrs. Johnny Tidwell and daughter, Mary Iona. Sgt. Bell and Pvt. Keith have gone to join their company somewhere in Georgia.

Except for a few discoveries of single diamonds, the only source of these stones in the United States is in Pike County, Arkansas, where since 1906 more than 2,000 crystals have been found.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

Austin—One of the most important factors contributing to the well-being of summer vacationists is a safe and healthful water supply. Contaminated water is the annual cause of much sickness and many fatalities. Water from sources not known to be safe should never be used to supply vacation needs.

Dr. Geo. W. Cox, state health officer, stated this week that most municipal water supplies in Texas are periodically inspected and samples submitted to the State Health Laboratory for examination. He advised that it is always best, when in doubt, to endeavor to secure water from a municipal supply.

"Families away from home on picnics, excursions, or vacation trips," Dr. Cox said, "should either ascertain that their water supply is safe or they should make it safe for human consumption. Water can be rendered safe by boiling for 15 minutes or by the addition of chlorine. A few drops of ordinary chlorine laundry bleaches can be added to a gallon of clear water and if the water is allowed to stand for 15 minutes it may be used for drinking."

If drinking water is obtained from a private well, Dr. Cox advised vacationists to look for these protective features: a well-site protected from flooding with good drainage, and a concrete platform surrounding the pump. The pump itself should be securely mounted on the platform, should have a rod that enters the top through packing, and should have a turned-down spout. Contaminated water is usually found in wells with open wood platforms, pits underneath the pump, openings where the pump rod enters the pump, and in pumps that require priming to operate.

Get Set for Winter Heat Now!

If you really need Gas Heating Equipment, apply now during the Summer months for OPA Purchase Certificate

You are more likely to secure OPA purchase certificates and to find a good selection of gas heaters by attending to next winter's heating needs now. Certificates are issued to those who really need heating equipment on a monthly quota basis. There are fewer applications for these certificates during summer months. So now is the time to get set for winter heat.

Floor furnaces for homes and over-head unit heaters for commercial establishments are free of rationing restrictions.
