

The Munday Times

KEEP ON... Backing the Attack! WITH WAR BONDS

VOLUME 40 MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, NOVEMBER 2, 1944 NUMBER 19

Male Workers Are Needed For War Production

"Need for manpower in the nation's war plants makes it necessary that this community divide its manpower resources among its own essential civilian activities with our war plants that are turning out the ammunition, guns, ships, aircraft, trucks, and high octane aviation gasoline that are so urgently needed by our fighting forces," so stated James R. Ellis, Area Director for the War Manpower Commission in this area today.

In a fast moving recruitment program designed to secure male workers for our own Panhandle war plants and in near Berger, hiring representatives of the L. O. Stocker Company, who are engaged in the construction of high octane aviation refineries, the Phillips High Octane Aviation Gasoline Refinery, and the Phillips Butadiene plant will be at the city hall in this city, on Thursday, Nov. 9 from 9 a. m. to 4 p. m.

A representative of the United States Employment Service will also be with these hiring representatives to insure employers in this community that no worker engaged in essential activity is hired away from them.

"It is not our intent," Ellis stated, "to recruit men who are already employed in essential war activities, or workers who are sorely needed in essential civilian activities, but we do feel that there are several men in this vicinity who are not contributing as much to the war production program as they should be. We are also aware of the fact that lack of knowledge of male workers of the seriousness of this need is the primary reason they are now in essential activities."

Pied Pipers To Play Moguls On Local Gridiron

Game Promises To Be Interesting One

A football game which promises much interest will be between the Munday Moguls and the Hamlin Pied Pipers, which will be staged on the local field next Friday night, beginning promptly at eight o'clock. The interest is now in the fact of the teams' winning ability, but in the fact that both hold cellar positions in the district and both will be trying to take a step upward on their record.

The Moguls have been working daily for this game, and they have the assistance of another "home boy" in the coaching position. Earl Nichols has taken over the job of line coach and has been making the daily workouts, assisting Coach Joe Morrow.

The Moguls made a good showing at Stamford last Friday, despite the 27-0 defeat shown on the records. Only one more home game remains on the schedule, local officials said.

Hefner Landmark Burns On Tuesday

The Hefner farm home occupied by Mr. and Mrs. Jim Decker and children was destroyed by fire Tuesday afternoon, October 31. The fire is said to have started from the wiring.

Neighbors gathered to the scene of the fire, but were unable to save many household goods. Mr. Decker was not at home when the fire started.

The house was an old landmark at Hefner. It was the home place of the late Mr. and Mrs. Wm. Gulic, now owned by their eldest daughter, Mrs. T. H. Jones.

BANNER ICE CO. STARTS MEAT CURING VAULT

G. B. Hammett, manager of the Banner Ice Plant, announced this week that the plant has again opened its meat curing vault.

The vault was opened on November 1, and will continue in operation until further notice. This move was made to accommodate patrons of the ice plant during the peak of the season when hogs and beefs are killed for winter use.

Mrs. Lois Owens visited relatives in Rochester last Sunday.

Goree Man Hits The Beach In Philippines

Coast Guardsman Robert D. Thompson, Goree, Texas, was one of the first Americans to return to the shores of the Philippines. Thompson was a member of the crew of a Coast Guard manned LST which, with a number of other Coast Guard amphibious craft, beached in the first assault waves to discharge troops and supplies. His ship has carried the men of General Douglas MacArthur in many previous amphibious attacks in the Southwest Pacific, all leading westward to the Philippine Islands to which MacArthur had pledged liberation by his armies, his airforce and the naval and amphibious forces placed at his disposal. Thompson followed in an old coast guard tradition, for the cutter "McCullough" was a part of Admiral Dewey's squadron in Manila Bay when U. S. forces first entered the Philippines in May, 1898.

Thompson has participated in the invasions of Hollandia, New Guinea, Biak Island, Noemfoor, Cape Sansapor and Morotai Island. He wears the European Theatre and the Pacific-Asiatic Theatre ribbons.

He graduated from the Munday high school and has been occupied in farming prior to his enlistment in the Coast Guard. Thopson has two brothers in the Army. One brother, Gene, is stationed in China, and Richard, in England.

Soil Conservation District To Elect New Supervisor

An election for a supervisor of the Wichita-Brazos Soil Conservation district will be held at 3 p. m. Saturday, November 4 at the Mattson school.

Supervisor to be elected will serve for five years. Present supervisor is Henry Smith of Weinert who has served a two-year term. The election had been scheduled for October 3 but was postponed due to rain.

Landowners in precinct two of Haskell county and those living on the watershed in the county and extending into the Munday area are eligible to vote in the election, Smith said.

Cotton Ginnings

The October 30 cotton ginning report from the Department of Commerce, bureau of the census, shows that 6,744 bales of cotton were ginned in Knox county from the crop of 1944, prior to October 18. This is 1,543 bales short of last year's ginnings over the same period. The report shows Knox county had ginned 11,278 bales during the same period last year.

The Knox county report was made by Hoyle A. Sullins of Vera, special agent for the department.

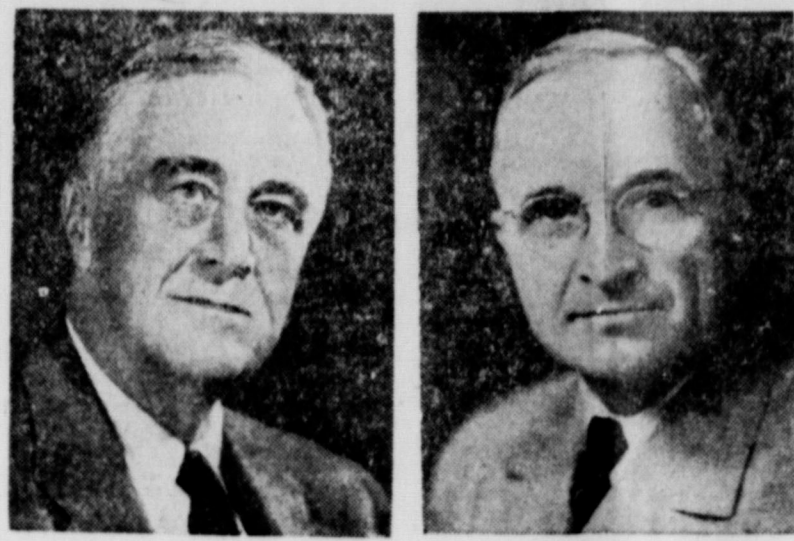

BERT ANDREWS
Bert Andrews is one of the leading correspondents in Washington. His jousts with President Roosevelt during press conferences frequently are reported in the weekly news magazines.

Andrews is one of 25 newsmen who is to be in Texas November 13 to 19 to see the growth of the state as an industrial area. Starting his newspaper career while a student at Stamford, Andrews worked in his home town of San Diego, in San Francisco, Sacramento and Detroit before going to the New York Herald Tribune, whose chief Washington correspondent he is.

The tour will begin at Waco November 13, when The General Tire & Rubber company will open a new tire factory, the first in Texas. It will include visits to Temple, Austin, San Antonio, Corpus Christi, Freeport, Galveston, Baytown, Houston, Dallas, Amarillo, Lubbock, Abilene, Tyler, Longview and Lufkin.

Standard Bearers For Democrats

Pictured above are President Franklin D. Roosevelt and his running mate, Senator Harry S. Truman, who are bidding for the Democratic votes in next Tuesday's national election.

One of the largest votes in many years is expected Tuesday. Texas has a split in her Democrats, and consequently, two columns on the

ballot in which votes may be counted. One column contains the Democratic electors' names, while another has those of the Texas Regulars.

Republican candidates for president and vice president are Gov. Thomas E. Dewey and Gov. John Bricker.

Keep Up With Rationing

RATION REMINDERS

MEATS, FATS—Red stamps A8 through Z8 and A5 through P5, good indefinitely. The four red stamps validated October 29 totaling 40 red points will have to last for at least a 5-week period. No new red stamps until December 3.

PROCESSED FOODS—Blue stamps A8 through Z8 and A5 through W5, good indefinitely. No new stamps until December 1.

SHOES—Airplane stamps 1 and 2 and 3 good indefinitely.

GASOLINE—In 17 East Coast States, A-11 coupons, good through November 8. In states outside the East Coast area, A-13 coupons in new "A" book, good through December 21.

SUGAR—Sugar stamps 30, 31, 32, and 33 each good for five pounds indefinitely. Sugar stamp 40 good for five pounds of canning sugar through February, next year.

FUEL OIL—Period 4 and 5 coupons and new period 1 coupons, good throughout coming heating year.

Moffett Urges Study of State Amendments

Chillicothe, Texas.—"The Presidential election has overshadowed the two amendments, to the State constitution, which will be on the ballot Nov. 7," said Senator George Moffett, today, "these amendments deserve careful consideration."

"One would permit Commissioners Courts to re-allocate but not increase county property tax rates—after the people at a county wide election approve such re-allocation. For instance, if the court desired to increase the county general fund tax rate, at the same time, a decrease must be made in the jury fund tax rate, or the county public fund tax rate, or some other rate. Under the terms of the proposed amendment, this re-allocation would continue for only six years, unless further approved by another vote of the people."

"The second constitutional amendment would authorize that so desire, to set up retirement systems for their employees, if the people approve same at a city wide election."

Senator Moffett, who has been chairman of the committee on constitutional amendments in both branches of the legislature, helped write one of the above amendments and endorses both of them.

ATTEND SCOTTISH RITE CONCLAVE IN DALLAS

Moody Johnson, Wade T. Mahan, Sam Salem and Sied Waheed spent the first of this week in Dallas, where they attended the annual conclave of the Scottish Rite Bodies which started Sunday and continued through Tuesday. Johnson and Mahan were candidates for the Scottish Rite degrees.

Knox County Hospital Notes

Patients in the Knox County Hospital Tuesday, October 31, 1944
T. C. Posey, Knox City.
Mrs. R. C. Feemster, Vera.
Mrs. H. L. Posey and baby son, Rochester.

Baby Kay Hertel, Vera.
Mrs. Robert Grady, Rochester.
Mrs. Harold Gleason, Jacksboro.
S. J. Liles, Rochester.
Mike Howell, Knox City.
M. T. Brown, Truscott.
Pvt. David Sanders, Ft. Bliss.
Mrs. C. L. Anderson and baby son, Rochester.

Mrs. W. I. Shadle, Aspermont.
Mrs. Chas. Emerson, Rule.
Mrs. J. S. Bell, Rochester.
Mrs. J. R. Weiner and baby daughter, Rochester.
Mrs. C. E. Dawson and baby son, Haskell.

Sara Maldonado, Breckenridge.

Patients Dismissed Since Tuesday, October 24, 1944:

Monette McGuire, Vera.
Mary Schumaker, Munday.
Mrs. L. W. Foster, Benjamin.
Mrs. Virgil Edwards, Goree.
Mrs. T. J. Hubbard and baby daughter, Rochester.

Ann Lowrey, Rochester.
Mrs. N. R. Patterson and baby daughter, O'Brien.
Cleve Gordon, Truscott.
Dorothy Ellen Gilispie, Aspermont.

Mrs. W. F. Rutledge Francisco Luebano and baby son, O'Brien.
Bobbie Tankersley, Knox City.
Mrs. J. W. Zeissel, Munday.
Mrs. I. T. McElfee, Rochester.
Mrs. C. T. Cypert, Knox City.
Mrs. C. J. Albus and baby son, Munday.

Births:

Francisco Luebano, a son.
Mr. and Mrs. N. R. Patterson, O'Brien, a daughter.

Mr. and Mrs. T. J. Hubbard, Rochester, a daughter.
Lt. and Mrs. J. R. Weiner, Rochester, a daughter.

Mr. and Mrs. C. L. Anderson, Rochester, a son.
Mr. and Mrs. H. L. Posey, Rochester, a son.

Mr. and Mrs. C. E. Dawson, Haskell, a son.

Charles P. Baker Is Made Corporal

Camp Blanding, Fla.—Pvt. Chas. P. Baker, Jr., who is a member of the Infantry Replacement Training Center, has been promoted to the rank of Corporal (Technician Fifth Grade). He is the son of Mr. and Mrs. C. P. Baker, Sr., who live at Munday, Texas.

Corporal Baker entered service in February 1944. He is a graduate of Munday high school and just before entering service was attending Texas A. and M. in College Station, Texas.

HERE FROM CALIFORNIA

Mr. and Mrs. Lee Jungman and Mr. and Mrs. Vic Jungman of Venice, Calif., visited relatives and friends here from Friday until Monday. They came from San Antonio where they attended funeral services for Mr. and Mrs. Leonard Ernest, who were drowned while on a fishing trip near Alexandria, La., on Saturday, Oct. 21.

Publicity Chairman For the Democrats

Mrs. Ross Woodall, editor and publisher of the Hustaville Item, has served as chairman of the publicity committee for the National Democratic Party in Texas during the current campaign. Mrs. Woodall edits the oldest weekly newspaper in Texas. Her appeal to the press of Texas, especially the weekly newspapers, has been so effective as to win her the congratulations of Myron G. Blalock, National Democratic Committeeman and Harry L. Seay, chairman of the State Democratic Committee.

School Carnival Is Big Success

Charlotte Williams Is Crowned Queen

One of the largest crowds ever to attend a school event in Munday was present last Tuesday night at the annual Halloween carnival held at the local school.

A highlight of the event was the coronation of the queen of Munday high school. Miss Charlotte Ann Williams, a freshman in high school was crowned queen, having received the most votes in the contest.

Much interest was shown by the high school classes in this contest, with many students picking cotton in an effort to put their candidate over. The queen's race netted a total of \$993.62.

Various booths were operated at the carnival for entertainment of "carnival goers" and for raising money for this event. C. R. Elliott auctioned off various articles, there was a cake walk, a "truth or consequences" booth, an ice cream booth, and many others.

Total proceeds of the carnival amounted to \$1,352.72. A major portion of this money will be used to purchase books for the school library.

Officials and members of the Munday P. T. A. express their sincere appreciation to everyone who cooperated with the school in this activity.

Women Prepare For Achievement Day Exhibits

The Knox county women are busy making preparations for their annual Achievement Day exhibit to be held at Benjamin in the Assembly Room on Friday, November 3rd. It will be open to the public from 10:00 a. m. until 6:00 p. m.

Nine clubs will participate in this exhibit. They are: Benjamin, Brock, Gilliland, Hefner, Munday, Sunset, Truscott, Union Grove and Vera.

The club women will have an exhibit the phases of work foods, clothing and home improvement carried out this year in club work. Only the things made during this year are to be displayed.

The booths will be scored as follows: I. General appearance, 25; II. Clothing and grooming, 25; III. Home improvement, 25; IV. Foods, 25.

Ribbons will be awarded to clubs for first, second and third place for the best booth in general, the best foods, the best clothing and best home improvement.

The Gold Star Girl will be selected on this day by the women's council.

The public is cordially invited to attend the Achievement Day program. The members of the clubs have worked hard this year under the leadership of Miss Lucile King and have made good advancement in their work. The exhibits are being put on for the public benefit and the club members are anxious to have each and every one visit the booths during the day.

Cpl. Bobbie Reese In Combat Flying

Cpl. Bobbie B. Reese, engineer, of Munday, Texas, will soon complete and intensive course in combat flying at the Alexandria Army Air Field, Alexandria, La., and in the near future he will go overseas to a combat area.

He is the member of a Flying Fortress crew trained by the Second Army Air Force, which has the task of readying four-engine bomber crews for overseas.

Listed among the instructors at the Alexandria Army Air Field are many officers and enlisted men who have seen action in every theatre of war. These veterans direct crews through training conditions that simulate actual combat, stressing teamwork, formation flying and high altitude missions.

The 20-year-old engineer-gunner attended Munday high school. He is the son of Mr. and Mrs. C. J. Reese, of Munday.

TO NURSING SCHOOL

Miss Patsy Mitchell, daughter of Mr. and Mrs. A. H. Mitchell, left Wednesday for Galveston, where she entered John Sealy Hospital for training in the U. S. Cadet Nurse's Corps.

County Quota Set For 6th War Loan Drive

Drive To Begin On November 20th

Nathan Adams of Dallas, chairman of the Texas War Finance committee, announce Knox county's quota in the Sixth War Loan Drive in a recent letter to W. E. Braly, county chairman. The letter follows:

"Dear Mr. Braly: "The Sixth War Loan Drive, as you know, starts on November 20th and closes on December 16th, with subscriptions for all savings bonds and savings notes processed by the Federal Reserve Bank between November 1st and December 31st counting in the official sales figures."

"Texas has again received a challenge in this drive which we must meet and exceed. The quota for the state is \$414 million, of which \$105 million has been assigned to us for sales of Series E bonds."

"Knox county's quota for the Sixth War Loan is as follows: \$170,000 Series E; \$415,000 over-all."

"The primary objective of the Sixth War Loan, like the past several drives, is to reach as many small individual investors as possible, and the success of the drive in your county will depend on the manner in which you organize for personal solicitation in each of your communities."

"The war news is not nearly so optimistic as it was thirty days ago. Germany could last all winter—Japan several more years. Our job is to finance these military operations with sound, legitimate sales to investors that will stay sold."

Sincerely yours,
Nathan Adams."

Flying Cross Award Made To Lieut. Hendrix

An Eighth Air Force Bomber Station, England.—A bombardier on a B-17 Flying Fortress, First Lieut. Alfred F. Hendrix, 22, of route two, Munday, has been awarded the Distinguished Flying Cross for "extraordinary achievement" in combat. He received the decoration from Lt. Col. William E. Buek, Jr., of San Antonio, deputy commander at this base.

Overseas for the past five months Lt. Hendrix has taken part in 32 bombing operations carried out against targets in Germany and the occupied areas, and has dropped his explosives on a variety of objectives ranging from enemy airfields and aircraft plants to oil refineries and German front line positions. He has sent bombs cascading down on Berlin on three occasions, while some of the other well known objectives that his Fortress has attacked are Brussels, Schweinfurt, Kassel, Merseburg, Stettin, Munich, Stuttgart, Ludwigshafen, Posen, Poland and Brus, in Czechoslovakia.

The day Allied airborne forces invaded Poland, Lt. Hendrix planted explosives among the German gun positions in the Eindhoven area.

The son of Mr. and Mrs. Frank Hendrix of Munday, Lt. Hendrix is a graduate of the local high school and was engaged in farming prior to entering the service.

F-O Jack Pippin Wins Air Medal

An Eighth Air Force Bomber Station, England.—Flight Officer George M. J. Pippin, 21, navigator on an Eighth Air Force B-17 Flying Fortress, has recently been awarded the Air Medal. The presentation was made by his commanding officer, Colonel Robert Taylor, 3rd., of Ruxton, Md. The decoration was conferred for "meritorious achievement while participating in heavy bombardment missions in the air offensive against the enemy over Nazi Germany."

He is the son of Mr. and Mrs. C. C. Pippin, Miles, Texas. F/O Pippin's home is in Munday, Texas. Prior to his entry into the AAF, March 1943, he attended the University of Texas.

What a Man Does For Himself Dies With Him—
 at He Does For His Community Lives On and On

A REMARKABLE RECORD

An interesting report on incendiary and arson has been released by the National Board of Fire Underwriters. It shows that notwithstanding the increase in the aggregate fire loss and the increased number of arrests and convictions, there has not been any increase in fires set for profit during the past year. Universal employment and high wages, and high prices for commodities have eliminated the usual motives for arson.

During the greatest war in history no enemy directed sabotage, nor, in fact, any serious sabotage of any kind involving property loss from fire has occurred. There have been a few incendiary fires attributable to war conditions. For instance, fires have occurred in a meat packing plant ordered closed for violation of OPA regulations, in small grocery stores, filling stations and roadhouses whose proprietors have had to respond to the calls of Selective Service, or whose businesses have been lessened seriously by the restrictions on gasoline and tires.

One serious fire of incendiary origin doubtless was due to a change in the rulings of the War Production Board with reference to the use of restricted materials which made obsolete the type of manufacture employed by the concern in question. But the remarkable part is that destruction by fire due to enemy action has been non-existent.

Fire prevention activities have been effective in holding down losses which otherwise could have been staggering in the enormous war plants hastily constructed and with much combustible material stored in all parts of the nation.

While there is nothing dramatic about preventing fire, the benefit resulting therefrom to our nation and the Armed Forces is infinitely greater than from putting out a spectacular blaze. Preventing and extinguishing fires are inseparable and must work hand in hand, although the fire prevention expert never makes the newspaper headlines.

COOPERATION IS POSSIBLE

Bitter controversy between government and business has been the rule for so many years that to find them working together unreservedly in supplying the petroleum requirements of the armed forces, is an encouraging surprise. The experience demonstrates that where industry is not thrown into a defensive struggle for existence against officials and bureaus seeking to emasculate its freedom, it quickly extends the hand of cooperation.

From the beginning of the war, the oil industry has willingly put the job of fueling our ships, planes and other machines of war ahead of the individual welfare of any oil company. Competitive advantages were scrapped along with ordinary business practices. This has been possible because oil men have faith in the capabilities of the Petroleum Administration for War, and in their own effective organization, the Petroleum Industry War Council.

In releasing a chart showing the make-up of the PAW, Deputy Petroleum Administrator Ralph K. Davies says: "The organization created to assure adequate supplies of petroleum products for the war is unique in the history of government-industry relations. I believe that it is generally agreed that it has proved highly effective."

"Teamwork is the keystone of the organization and is largely responsible for the success we have had in meeting the petroleum requirements of the United Nations' military forces and essential requirements of the consumers at home."

There is no reason on earth why the relations between government and business cannot be amicable in all lines of endeavor, in peace or war.

PROGRESS, AMERICAN STYLE

Hospital facilities are as much a part of the medical system as the doctors themselves. Thus, while the doctors are developing various devices to broaden and improve medical service, the way is being prepared for more and better hospitals.

The men who run America's 6,000 hospitals have ambitious ideas about the things they want to put into new buildings or fit into existing ones when peace returns. These include modern, artistic furniture; bright colored wallpaper; "radiant heating"; complete air conditioning, and communication systems that permit a patient to talk to the floor nurse from his bed, in much the same way as inter-office communications work.

Along with air conditioning, hospitals will adopt equipment for controlling dust, and ultra-violet lamps that help kill air-borne bacteria and germs.

The hospitals have already planned expenditures totaling over a billion dollars.

A TIMELY INVESTIGATION

A timely and thorough investigation into the problems and needs of the aviation industry has been conducted by a subcommittee of the Committee on Interstate and Foreign Commerce. In gathering information, the members of the subcommittee traveled nearly 12,000 airline miles through the United States and Alaska. Its findings and recommendations constitute a foundation upon which to formulate sound regulatory measures, and such legislation as the maximum development of American civil aviation may require.

The committee's report says: "The ability to travel at great speeds, through the atmosphere, often in the stratosphere or even in the sphere, far above the impediments of the earth's surface, will bring far-reaching changes in our conception of geography, in our economics, in our development of commerce, and in our relationships, both domestic and international."

"So far as your committee has been able to discover, the United States is the only great nation where progress in aeronautics has resulted not so much from the stimulus of war planning, but rather from the advantages of peacetime civil competition. Our country's policy of competitive development in military and civil aeronautics was correct. The accomplishments of America's aeronautical industry merit the nation's admiration and its continued support."

MORE FREEDOM, LESS FEAR

Members of the retail distribution industry bear the brunt of making wartime price and ration controls work. Their expressed conviction that such controls should be abandoned as rapidly as possible after the war, is founded on the knowledge of the havoc those controls work on our competitive system of free enterprise. Many others have given voice to a similar conviction, among them Dr. Willard H. Dow, president of the Dow Chemical Co., who declared: "We have taken regulations as a necessary part of the war, in much the same fashion as a young man, when inducted, puts away his civilian clothing and gets into uniform."

"There may be a shock in suddenly dropping the war controls, but not until every control is removed can we have the free, open and competitive market in which the customer rules. The longer we delay stepping forward into freedom, the greater will be the eventual shock. There is no easy way to get out of what we are now in. Let us meet this question squarely and as Americans and not try to pussyfoot around it."

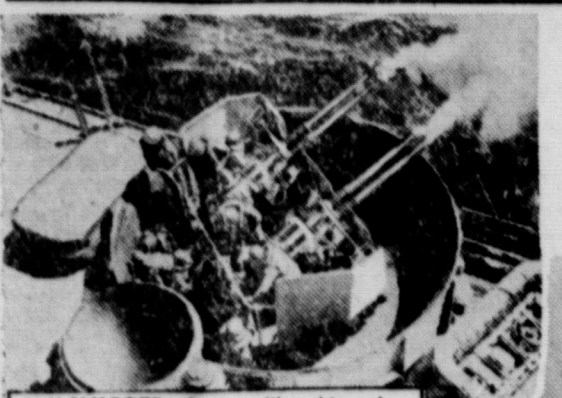

One school of regulations fear deflation; another fears inflation. What we need is less emphasis on fear and more emphasis on freedom.

A BREATH OF SPRING

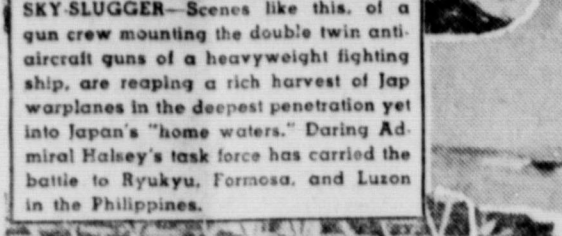

Spokesmen in country after country have indicated that their nations will turn toward total government control of productive resources after the war. There is only one thing left to break the trend, if it is to be broken—the opinion of the people themselves. In many countries this is a forlorn hope. But not so in the United States. Here, our will to be free is rooted strongly in the farmers of the country. They are articulately opposed to any form of government dictation, even when swaddled in subsidies.

It is as refreshing as a breath of spring to talk to an American farmer. He is not particularly interested in intricate theories. He is not afraid of anything, and he is proud of his right, as a free born American, to openly cuss the President up one side and down the other, if he so desires. No all-embracing government "plan" of existence will work without support of the farmer. Therefore, there probably will never be such a plan in the United States. We owe a lot to the farmers.

In The WEEK'S NEWS

1865-1898-1918-1944—Charles Manning, 104-year-old veteran of the Civil War, blows out candles on his cake while veterans of World War I, World War II and Spanish-American War look on in Los Angeles veterans' hospital.

SKY SLUGGER—Scenes like this, of a sky crew mounting the double twin anti-aircraft guns of a heavyweight fighting ship, are reaping a rich harvest of Japanese warplanes in the deepest penetration yet into Japan's "home waters." Daring Admiral Halsey's task force has carried the battle to Ryukyu, Formosa, and Luzon in the Philippines.

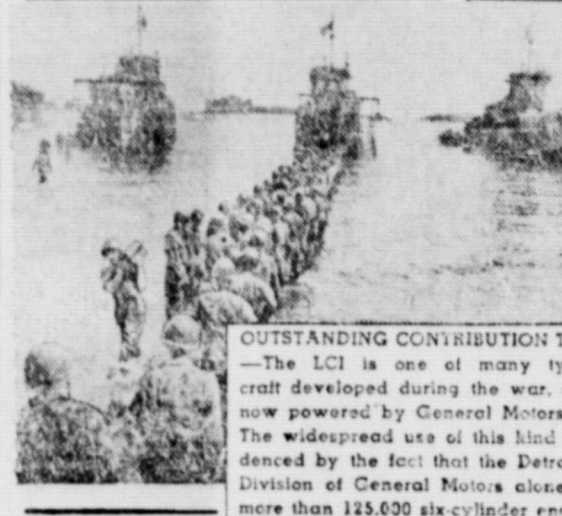

CHINESE QUADS—Born in Canton under bombardment, these Chinese quadruplets are named for the United Nations. Left to right: Great Britain Chu, China Chu, United States Chu and Russia Chu.

OVER THE HORIZON—Pretty Ava Gardner, movie starlet, is rising above screen horizon just as effectively as she stands out here above the sea.

SAVE A BUNDLE A WEEK—Save your money and buy your clothes at the Blue Network.

OUTSTANDING CONTRIBUTION TO WAR EFFORT—The LCI is one of many types of landing craft developed during the war, all of which are now powered by General Motors Diesel engines. The widespread use of this kind of power is evidenced by the fact that the Detroit Diesel Engine Division of General Motors alone has turned out more than 125,000 six-cylinder engines.

OPEN FOR BUSINESS—Comedian Cliff Arquette, proprietor of "Glamour Manor," mythical Hollywood hotel, looks like he could use a paying guest—or maybe even two of them. Radio's "Glamour Manor" variety show is heard Monday through Friday over the Blue Network.

Gems Of Thought

INDIVIDUAL ACTION
 Your sole contribution to the sum of things is yourself.—Frank Crane.

God has endowed man with inalienable rights, among which are self-government, reason, and conscience.—Mary Baker Eddy.

Man's primary allegiance is to his vision of truth, and he is under obligation to affirm it.—Jane Adams.

Moral courage is obeying one's conscience and doing what one believes to be right in the face of a hostile majority.—Dr. John Watson.

If a man has acted right, he has done well, though alone; if wrong, the sanction of all mankind will not justify him.—Fielding.

If I do not keep step with others, it is because I hear a different drummer. Let a man step to the music which he hears, however measured and however far away.—Henry Thoreau.

THRIFT IS A DUTY OF EVERY AMERICAN...

In this time of stress, each of us owes it to his country to be thrifty. We must conserve materials on the one hand so they will be available for defense purposes. We must conserve money, on the other hand, to help our country and to help ourselves in the post-war period.

By being thrifty, and by accumulating money in your bank account, you are contributing to your country's welfare, while at the same time helping yourself.

Wade Coursey, B. M. 1/c in the navy, came home for a visit with his mother, Mrs. Lucy Coursey, last Friday. Seaman Coursey was wounded in line of duty in May and has remained in the hospital until the present time. He came by plane to Wichita Falls. He and his mother left Tuesday for Baton Rouge, La., where they will visit Thomas Coursey, seaman 1/c, who will be there for a short visit with other relatives at this time. Wade will return shortly to San Francisco, Calif., for further treatment in the hospital.

Mrs. E. N. Miller returned last Friday from San Angelo, where she visited her daughter and little granddaughter in a hospital there.

Mrs. G. A. White and daughter have returned from Stephenville, where they visited relatives.

Mrs. George Webber, Mrs. Kate Glasgow, Mrs. Lucy Coursey, Joe Webber and Wade Coursey were visitors with relatives at Mineral Wells last Saturday and Sunday.

Miss Eunice Thornton of Wichita Falls was a recent visitor with her parents, Mr. and Mrs. W. L. Thornton.

Mr. and Mrs. Clyde Patton are home after a week's stay at Lubbock with Mr. Patton's mother, who has been seriously ill in a hospital there.

Mrs. Ethelma McConnell has returned from Greenville, where she visited her brother and wife, Lieut. and Mrs. Bill Robinson. Lieut. Robinson is stationed at the air field there.

Mrs. Jerry Peek has returned from Shreveport, La., where she

bought merchandise for her ready-to-wear shop.

Gene Shackelford, who has been railroad agent at Sagerton, is here for some time to relieve the local agent, H. W. Johnson, who will be transferred to Jayton.

Beautiful fall weather continues, and the farmers are taking advantage of the favorable weather and getting out a good portion of the cotton throughout this section.

Mrs. Bud Vaughn Jr. and little daughter, Donna, are here for a visit with relatives.

Mr. and Mrs. J. M. Watson received word Thursday morning that a nephew, Ben Bowen of De Leon, has been killed by his gun while hunting, when the gun was accidentally discharged. Mr. and Mrs. Watson left for DeLeon to attend the funeral services.

Mr. and Mrs. G. A. West have returned from Gorman, where they visited relatives.

Mr. and Mrs. W. O. Barnett were visitors at Vernon last Sunday. They visited Mr. Barnett's brother and family, Mr. and Mrs. J. H. Barnett. His brother has been ill, but is improved.

Seaman Cooper Haskins of San Diego, Calif., was here to spend a furlough with his parents, Mr. and Mrs. Arnold Haskins. Cooper will be with the amphibious forces upon his return to duty.

Mr. and Mrs. Henry Griffin attended the golden wedding anniversary of Mr. and Mrs. J. W. Melton at Benjamin. Mrs. Melton is Mr. Griffin's sister.

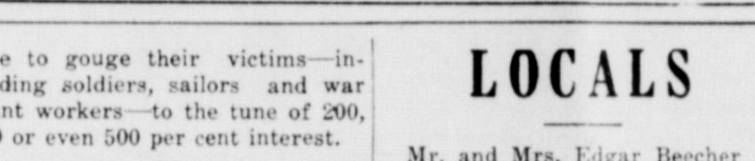

People, Spots In The News

LOOKING AHEAD—Women's interest in manufacturers' postwar plans was typified in Springfield, Mass., when Mrs. Ernest Dubour (left), 40-year-old mother of 14 children, was 1,000,000th visitor to Libbey-Owens-Ford Glass Company's "Kitchen of Tomorrow," now on national road tour "to show new uses of glass and point way to better postwar world."

NAZIS TAKEN IN GERMANY—Through the battered streets of Palenburg, Germany, march the defeated supermen. American infantrymen keep careful guard over the procession.

Activities of Colored People

Our school wishes to express appreciation to Mrs. Lee Haynes and Mrs. Kirk for the magazines and books donated to the school. They are very interesting, and we are enjoying them.

The P. T. A. will hold its first meeting Wednesday night. Mrs. T. V. Scott is president.

We are looking forward to the opening of our lunch room soon. At present we are planning to re-paper it and make other improvements.

The white school donated our school \$15 from their Halloween entertainment. We appreciate it so much. The money will be used to aid us in support of our lunch room.

On Monday night, November 13, Pastor W. A. Alexander of the Church of God in Christ, is having a drive for the colored lunch room. There will be a program by the colored P. T. A. and a talk by Mrs. Wellington. A number of spiritual songs will be sung. We are asking a donation from the white church and business places, in order that we may help some underprivileged child.

THE MUNDAY TIMES OFFICE

I GIVE YOU TEXAS
by BOYCE HOUSE

I was in a hotel the other day in Houston—an old-fashioned hotel. Why, that hotel was so old-fashioned you could actually read a newspaper by the lights in the lobby.

A sign in Sherman: "Shoes shined, 15 cents; muddy, 5 cents extra." Fair enough.

No greater service could be rendered by the bar of Texas than to do something to speed up justice in this state.

With no intention of criticizing any individual but with every intention of criticizing the slow and cumbersome court system in Texas, consider the loan shark case, which was filed on August 10, 1943 in district court.

On August 25, 1944, the district judge overruled a motion for a new trial. In other words, it took one year and 15 days just to get the case through district court.

The Court of Civil Appeals is yet ahead; so, no doubt, is the State Supreme Court. It is even possible that an effort will be made to carry the case to the Supreme Court of the United States.

One year has already dragged by and, at that rate, two or three more years may pass before the case is decided. Meanwhile, loan sharks are

free to gouge their victims—including soldiers, sailors and war plant workers—to the tune of 200, 300 or even 500 per cent interest.

LOCALS

Graham is a town that still has much of the atmosphere of the old West. The Texas and Southwestern Cattle Raisers Association was organized there in 1877 under a tree that was just back of a saloon—a coincidence, no doubt.

The saloon of course has long since gone but the tree is still standing, in the yard of the Dolman House.

The story of salt in the early days, the famous hot water well, oil, cattle, old-time shooting—maybe somebody ought to write a novel about Graham.

Mrs. Athalene Morton and daughter of Wichita Falls visited Mrs. Morton's parents, Mr. and Mrs. M. T. Chamberlain, over the week end. They plan to move to Seattle, Wash., in the near future.

Mr. and Mrs. Edgar Beecher of Henderson, Nev., came in last week for several days' visit with their parents, Mr. and Mrs. E. Beecher, and Mr. and Mrs. J. O. Bowden.

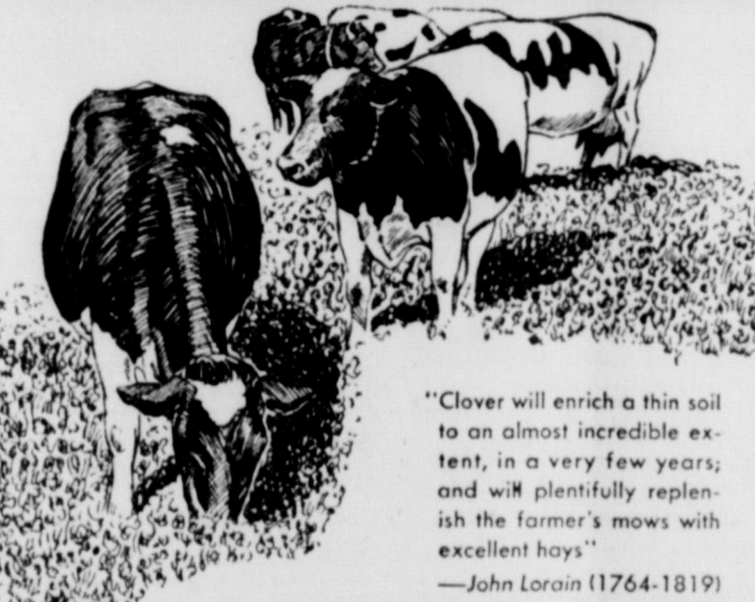

Dick Wardlaw, who recently returned from duty on the battle fields of France, came in Monday to spend a furlough with his wife and with other relatives.

J. H. Barton and daughter, Sue, of Amarillo visited relatives and friends here over the week end.

Wayne Blacklock returned to his naval training at Maryville, Mo., last Sunday after spending a furlough at home. His parents, Mr. and Mrs. B. L. Blacklock, took him as far as Fort Worth.

Mr. and Mrs. J. C. Harpham vis-

History points the way for Conservation today

"Clover will enrich a thin soil to an almost incredible extent, in a very few years; and will plentifully replenish the farmer's mows with excellent hays"
—John Lorain (1764-1819)

Clovers—red, white, hubam and other varieties, are needed today to provide "excellent hays" and "enrich thin soil," even more than they were a century-and-a-half ago. Ample production of legume pastures and hays will go far toward solving today's feed problems and today's and tomorrow's problems of maintaining soil fertility.

Clover and Cotton in crop rotations provide more feed and more cash in the balanced farming program of the Cotton Belt. Increased Cotton yields per acre, on land enriched by soil-building crops, mean more income for the grower and more Cottonseed Meal, Cake and Hulls for livestock.

West Texas Cottonoil Co.
Munday, Texas

ited with relatives in Brownwood the first of this week.

Grady Thornton of Amarillo spent the week end with relatives and friends here.

Mr. and Mrs. Andy Eiland, who are attending school in Austin, spent several days here during the week end, visiting with their young son, James David, and with other relatives.

Miss Joan Rummell, a student at T. S. C. W., Denton, visited her parents, Mr. and Mrs. A. G. Rummell, over the week end.

Miss Neva Gray, who is attending nurse's school in Austin, visited her parents, Mr. and Mrs. R. D. Gray, over the week end.

Mr. and Mrs. Wallace Moorhouse of Benjamin were business visitors here Saturday.

Mrs. Margaret Bird and daughter, Janice, of Lampasas visited friends and relatives here and at Weirton over the week end.

Mrs. James Bohannon and Mrs. Fred Jackson of Benjamin were business visitors here Monday.

Miss Jean Reeves, who is attending T. S. C. W. at Denton, spent the week end with home folks. Her parents, Mr. and Mrs. J. E. Reeves, took her back to Denton Sunday. They were accompanied to Fort Worth by their son, Willard, who returned to his naval training school at Atlanta, Ga., after spending about 10 days here.

Miss Lola Jones, who is attending school in Denton, visited her mother, Mrs. Rose Jones, over the week end.

HOME FROM AUSTIN
Dick Harrell, medical student in Texas University at Austin, came in last Thursday night for a visit with his parents, Mr. and Mrs. E. W. Harrell, who met him in Abilene. He returned to Austin last Tuesday.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

Austin — "The common cold is responsible for more lost working hours, with resulting loss in income and production, than any other illness prevalent in the United States," asserts Dr. George W. Cox, state health officer, in a statement just released. He stated that the number of victims remains, from year to year, practically the same, and expressed the opinion that the only way this situation can be remedied is by more universal care and thoughtfulness on the part of the general public.

"One of the more common predisposing causes of a cold is the overheating living room, or office, in which much time is spent, especially when insufficient outdoor exercise is taken and when insufficient ventilation is provided," Dr. Cox said. "Such a living environment, when coupled with careless eating habits and too late hours, tends to lower resistance and invites the appearance of debilitating colds."

Dr. Cox stated that it is wise to avoid direct contact with infected persons; and said that the cold victim himself has a definite duty to perform in keeping away from gatherings and in the unfeeling use of a handkerchief, or paper tissue, when coughing or sneezing.

"Colds themselves are troublesome enough, but frequently they lead to pneumonia, and even in these days of improved treatment, pneumonia still remains a devastat-

There's a Shortage of Copies of The Dallas Morning News—But NOT of Our Desire to Serve!

The crucial shortage of newsprint paper has forced a curtailment of the supply of copies of The Dallas Morning News to our dealers in this county. Only a small part of regular shipments is possible until we are permitted by Government Authority to increase our consumption of newsprint.

Distribution for the present will be made from drug stores and newsstands, unless your agent can arrange otherwise.

We realize, with deep regret, that some of our old-time readers are not able to get copies of The News. We trust they will understand and bear with us while we're making every effort to restore service.

In the meantime, although many patrons will not have The News delivered to them temporarily, their names are still on The Dallas News' Big Book and we look forward to serving them again.

Thank you.
The Dallas Morning News

H. L. Earnest and Wife Are Buried At San Antonio

Both Are Drowned in Louisiana Lake

Munday, Rhineland and surrounding communities were saddened when news of the death, by drowning, of Lieut. Harry L. Earnest and his wife, Mrs. Eleanor Earnest, came to them on Monday, October 23.

The victims, together with Mrs. A. V. Rachal and W. A. Belgard of Alexandria, La., and Perry L. Wiley, Larto Lake guide, were drowned in Lake Larto, near Alexandria, on Saturday, October 21.

These friends had gone on a pleasant excursion on Lake Larto, when overtaken by a sudden storm. Their boat capsized, and all were drowned except Mrs. Rachal, who being unable to swim, grabbed a soldier's bed roll and was washed ashore about 45 minutes after going overboard.

Lieut. Earnest, 30, was orphaned at an early age and was reared with his sister, Mrs. E. L. Willard of Port Arthur, by two aunts, Mrs. O. N. Johnson and Miss Amy Brown, West Elmore, San Antonio. He was a graduate of Jefferson high school, a student of Trinity University, and was trained at San Antonio Aviation Cadet Center. Following this, he was sent to Camp Beauregard, near Alexandria, about two months ago.

His wife, Eleanor (Jungman) Earnest, was reared in Munday, and was one of the best loved Munday high school graduates. She was a graduate of Texas Tech at Lubbock, later having a position in the registrar's office of the college.

Tricks With Bags

Prize-winning ideas for sewing with cotton bags testify to the ingenuity of American housewives. Modeled by the pretty miss are overall slacks, a dainty sunbonnet, and long-sleeved garden gloves, all made from cotton bags. The youngster climbs into bed in a smart pair of boy's pajamas, fashioned from cotton sugar sacks. The slacks were made by Mrs. Cam McElroy of Littlemore, N. C., the sunbonnet by Mildred Curry of Russellville, Ark., the gloves by Eva E. Boaz of Brookston, Texas, and the pajamas by Mrs. R. A. Page of Tyler, Texas. All are prize winners in the current contest being conducted by the National Cotton Council to develop new ideas for conserving cotton bags.

"The Mustang"

Editor-in-Chief: Claudia Meinzer
Assistant Editor: Gene Galloway

Freshman Reporter: Wanda June West
Sports Editor: Charles Ray Snailum
Sponsor: Mrs. Curtis Casey

Senior News

At last the carnival is over and as money-makers we are a flop. We only got \$65.10 but we got a close second place anyway. The Seniors had charge of the doll rack, goal pitching and country store. In order to raise more money we have decided to ask the Miller Brothers to come back and play for us and also have a box supper or cake walk the same night. We are really planning strong on a good senior day.

Senior Life

Bryson Laird was born in Benjamin, Texas on August 22, 1928. He began school at the Benjamin school and has been going there ever since. He is known to be one of the B. H. S.'s high ranking students, in the eyes of his fellow pupils and teachers, and also which makes everyone think him swell. Some of his favorites are:
Color: Red.
Teacher: None of 'em.
Subject: Typing.
Song: Ain't We Crazy.
Past-time: Sleepin'.

Sopomore News

Thank goodness! the queen's race is over, and my what a time we had. We were kinda disappointed because we didn't win but we still have two more years.
We are ready to settle down and

start to work again, since it is just three more weeks until exams. Literature is more interesting because we are studying "The Tale of Two Cities."

Freshmen News

We had the Halloween Carnival Tuesday night. Our project was "Going through Hades," and we did everything in our power to make it exciting.

Although we didn't win the race we are proud to say that the Juniors did. Congratulations Juniors!

Sports News

The Mustangs finally matched a basketball game. It seems as if George will be our opponent. Our coach got a card today from them wanting to play a game with both the Junior and Senior basketball teams. This is to be our first game of the season. Everyone is anxious to see how it is going to come out. The Mustangs were hard to defeat last year but this year they should be twice as hard. We have the same team we had last year with the exception of one player. Last year it was Charles Hertel, but this year it is Glenn Dunkle. We are expecting a large crowd for the opening of the season for B. H. S. The game will be played in the Benjamin gymnasium.

New Officers For Demonstration Club Elected Recently

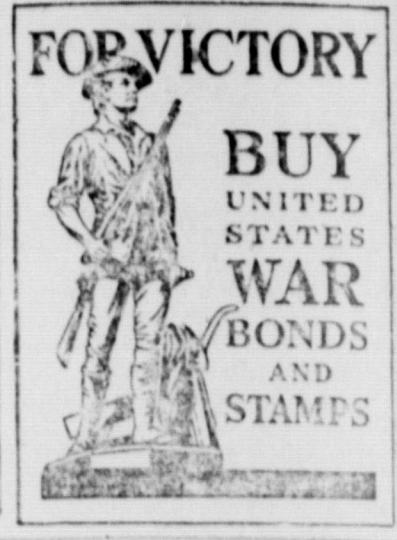

The Munday Home Demonstration Club met on Wednesday, Nov. 1, in the home of Mrs. Frank Boley for a called meeting.

The articles for the achievement day exhibit at Benjamin on Friday, November 3, were brought. The election of officers was held, and the following were elected:
Mrs. Frank Bowley, president; Mrs. J. B. Broach, vice president; Mrs. G. L. Conwell, secretary; Mrs. J. B. King, reporter; Mrs. R. E. Foshee, parliamentarian; Mrs. J. C. Gollehon, council delegate, and Mrs. J. R. King, alternate.

PECAN CULTURE AND HARVESTING

College Station — Texas pecan trees, now literally drooping under one of the best nut crops in many years, should be safeguarded against damage during harvesting, says J. F. Rosborough, horticulturist for the A. and M. College Extension Service. Limbs and twigs threshed excessively with heavy

poles will suffer damage. But if the nuts simply are knocked off with an ordinary cane pole no ill effects will result, he says. Pecans may be eaten as soon as harvested if the weather is dry, but Rosborough believes they will shell out and taste better 30 to 60 days afterward. If there is a large crop to store the nuts will dry quickly if housed in a well-ventilated place. But they will become too warm and mold if the storage space is damp and poorly ventilated.

At The Churches

AT THE METHODIST CHURCH

Sunday is the last Sunday of the Conference year. The Northwest Texas Conference will convene at Sweetwater, Wednesday, November 8th. The Fourth Quarterly Conference of the year will be held in the local church Sunday evening following the evening worship service. Rev. S. H. Young will be present to preach and preside at the conference. Officers for the incoming year will be elected and also a delegate to Annual Conference will be elected.

Won't you help make Sunday a big day by leading your prayers and praying for the services? Church School 10:00 a. m. Morning Worship 11:00 a. m. Youth Fellowship 7:00 p. m. Evening Service 7:45 p. m.

FOUR SQUARE CHURCH IN GOREE

Beginning at two o'clock Sunday afternoon, we will have a song service. Singers from Knox City and Weinert will be here. Come and spend one hour in song before the church services.

FIRST BAPTIST CHURCH

Average attendance in Sunday School for last month was 166 4/5. Surely we can beat that for November. Don't play off on us. Let's all be in our places next Sunday. You are always welcome to any or all of the services.

W. H. Albertson.

The two most famous capes on our Atlantic coast are Cape Charles and Cape Henry, located at the entrance of Chesapeake Bay, Va.

PRESBYTERIAN CHURCH

Dr. William N. Sholl of Haskell preaches here each Sunday morning at 9:30 a. m.

Our church is located on the Main street of Munday and has an attractive auditorium with added Sunday school facilities. The Auxiliary meets on Mondays and is accomplishing a good work.

BENJAMIN METHODIST CHURCH

Preaching Sunday and Fourth Sundays at 11:00 a. m. Church school 10:30 a. m. each Sunday.

FUNDAMENTAL BAPTIST CHURCH, GOREE

Bro. Sheets of Haskell will preach Sunday at eleven o'clock and again on Sunday night at eight o'clock.

We especially urge each member to come, as we are to consider calling a pastor. All who do not go to church elsewhere are always welcome here.

Our church should be full in these awful days of war and bloodshed.

A regiment of fishermen from Marblehead, Mass., handled the onrs and piloted the boats that carried George Washington and his army across the ice-filled Delaware River in 1776.

The first steamboat on the Great Lakes was named Walk-on-the-Water.

Goree Man In Group To Receive High Unit Award

15th AAF in Italy—T/Sgt. Howard E. Plimpton, 28, transportation chief, is a member of a heavy bomber group that has been awarded the Distinguished Unit Badge, the highest unit award, 15th AAF headquarters announced. Sergeant Plimpton lives at Goree, Texas.

He is now entitled to wear the Distinguished Unit ribbon. The award was given for the precision bombing of the Bad Voslau, ME-109 fighter plane factory. This new factory, the pride of Hermann Goering, had just swung into production, when it was attacked by the 15th AAF. Despite intense flak and numerous enemy fighters, this particular group led its entire wing directly over the target, and literally wiped the factory off the face of the earth. Not one building was left untouched. Called by the press "the finest example of precision bombing by Liberators," the destruction was so complete the Nazis never made an attempt to rebuild the plant, or even remove the debris. The group was commanded at the time of the attack by Col. Madden M. Munn of Albany, Calif., who was awarded the Distinguished Flying Cross for his leadership and flying skill.

Now commanded by Col. Henry K. Mooney of 4620 St. Charles Ave., New Orleans, La., this group has flown over 100 missions to bomb strategic enemy military installations from the southern coast of France to the Black Sea, as well as giving air support to Allied forces in France and Italy, and to Soviet and Partisan troops in the Balkans.

Sgt. Plimpton entered the service in October, 1940. He attended school at the R. O. T. C. Academy at Phoenix, Ariz.

A. E. Richmond Wins Air Medal

An Eighth Air Force Bomber Station, England.—Second Lieut. Albert Edward Richmond, 25-year-old bombardier, of Seymour, Texas, and Munday, Texas, has won the Air Medal in recognition of "exceptionally meritorious achievement" while flying in a B-17 Flying Fortress in the air war in Europe.

Lt. Richmond, a watchmaker before entering the Army Air Forces,

attended Seymour high school, and is the son of Mrs. Florence Richmond, Seymour. His wife is Mrs. Jeggie Jo Richmond, Munday.

Lt. Richmond has flown in his heavy bomber to targets located at distant points in Germany, where he has dumped explosives on German industry—including such targets as synthetic oil plants, tank factories, airplane manufacturing centers, and railroad marshalling yards—so that Nazi resistance to the onrushing Allied armies might be weakened. He also has flown in his Eighth Air force bomber to bomb the frontline installations of the German army in close support

with Allied tanks and guns on the Western front.

ARRIVES IN ENGLAND

Mrs. Trow Warren received a letter from her husband, Sgt. Troy C. Warren, Wednesday, stating that he had arrived safely in England. This was the first letter relatives had received since he left Camp Bowie the latter part of September.

Sgt. Warren is the son of Mr. and Mrs. S. J. Warren of Munday.

R. L. Ratliff and C. P. Baker were business visitors in Abilene last Friday.

ATTENTION FARMERS!

When your disc get dull and won't take the ground, bring them in and have them sharpened the correct way, on the very latest disc rolling machine made.

No Cutting - No Grinding!

Just simply cold rolling! I have also installed a new portable welding and cutting machine.

Your business appreciated.

Tuesday noon was the latest and last day and hour for the Queen's race to end. It ended with a "bang" and every last minute slugging was done. Everyone was kinda surprised (sorta) to see the Freshmen walk off with the race. But you gotta hand it to them they really worked and hard. Next in the race came the Seniors, the almighty Seniors, who did their work the last two days of the race. The third place in the race was reserved to the Sophomores. Last but not least, came the Juniors, with over 40 dollars more than the winner of the race last year.

The figures on the race were as follows:
 Freshmen—\$340.80.
 Seniors—\$239.50.
 Sophomores—\$222.78.
 Juniors—\$190.54.
 Grand total—\$993.62.
 This was the largest amount ever to be taken in by Munday high students. It was the best race we have ever witnessed. Our hats are off to the Freshmen Class and its sponsors.

Senior Life

Helen Haymes was born November 4, 1927 at Munday, Texas. She hasn't grown so very tall in stature in these seventeen years but she makes up that height by being extremely loud of mouth and active. Helen gets around fast and is always busy at something.

The amount of noise Helen is capable of making helped her to get the position of main cheerleader of the pep-squad. At any of the games Helen and her megaphone is a sight to watch.

In her Sophomore year Helen was vice-president of her class. She held the same office in her Junior year, and was a pep-leader, and candidate for queen. She gave the Seniors queen a hard race and came in behind her just sixteen dollars. This year as a Senior Helen is class secretary.

Some of Helen's favorites are:

Sport: Football.
 Hobby: Yelling!
 Teacher: All.
 Song: "Always."
 Color: Blue.
 Past-time: Keeping everyone happy.
 Remark: "Gee whiz!"
 After graduation Helen plans to enter McMurry College at Abilene. The class wholeheartedly extends best wishes to Helen and hopes she will always receive the best of everything.

Senior News

The race for queen of high school has worn on everyone's temper and nerves. They'll have to turn school out for a day so the students and teachers can sleep and sweeten the tempers.

Lessons were somewhat neglected this past week but the bookkeeping class actually made some progress. Two new problems were met and solved and one test was taken. It didn't get very far, though because the class wasn't up far enough to do any good on it.

Civics is becoming more interesting every day. That might be attributed to the fact that the students are settling down to raise those so very low grades that came out on the cards.

Sophomore News

Ouch!!! Where's the Sloan's liniment? Everybody from the freshmen on up seems to have a crick in his back. One thing is certain—these city slickers aren't accustomed to bending over very much. But cheer up, girls, including the lady sponsors, we've heard in good authority that such exercise is wonderful for the figure. Ever hear the old song, "Bend Down Sister?"

We've all been so excited and busy earning and soliciting money that we haven't had time to cast up our averages. But when we get around to comparing grades we Sophomores hope to be able to show more honor rollers than any other class in school. How about it?

GAS tronomy Good Pie Is Appetite Tempter, So Try It With Any Fruit

Family hungry for pie? America's favorite dessert can again take a place on dinner tables since fats are unrationed and eggs plentiful and economical.

Keep the pies light and fluffy if you are serving a heavy dinner. A good pie to make is the one-crust type, which takes only 10-15 minutes to bake the shell, and a creamy pineapple filling that cooks quickly on the top of the range. This fruit represents a big "point investment," so be careful in your baking.

Those living in the suburbs, rural communities and farms will use their quick-cooking liquefied petroleum gas ranges for baking. Fueled with "bottled" or "tank" gas, the oven bakes the crust quickly to golden brown goodness while the simmer flame under the double boiler cooks the filling to smooth deliciousness. Fresh or canned pineapple may be used in this recipe. Other fruits may be substituted.

Pineapple Cream Pie
 1 tbsp. unflavored gelatin
 1 tbsp. cold water
 1/2 cup pineapple juice or water
 1/2 cup sugar
 1/2 cup milk
 1/2 tsp. salt
 1/2 cup milk
 2 egg yolks
 1 tsp. vanilla
 2 egg whites
 1 1/2 cup sugar
 1 nine-inch baked pie shell
 4-5 slices pineapple

Sprinkle gelatin in cold water. Add hot water or juice and stir until dissolved. Blend flour, sugar and salt. Add hot milk. Cook in double boiler until thick and smooth. Cover and cook 10 minutes longer. Gradually add beaten egg yolks. Cook 2 minutes longer. Add gelatin and vanilla. When cool, fold in egg whites beaten stiff with sugar. Pour into baked pie shell. Chill until firm. Top with slices of pineapple and garnish with berries.

Next week, we will go back to this column's original job of giving you personal news of Texas fighting men abroad. But, with the war fund drive still on, it seems inappropriate this week to just TALK about our fighting men, when we can be helping them!

The principal job of the National War Fund is to support our own men in uniform. True, the war fund also gives aid to our allies and to suffering humanity throughout the world... but its first and foremost task is in behalf of our own.

Today, tens of thousands of American fighting men... and among them are many thousands of Texans... are in enemy prisoner of war camps. There, they receive barely enough food to keep them alive, and practically nothing else. For all the many small things that bring comfort and hope, they look to War Prisoners Aid, the great National War Fund agency through which we at home can send help even into enemy prison camps.

War Prisoners Aid sends books, sports and athletic equipment, study courses, musical instruments and scores of other items designed to defeat the dread "barbed wire sickness." It is this "barbed wire sickness," born of boredom and loss of hope, that threatens the morale of all fighting men who have been captured by the enemy.

The war fund serves all fighting men, those in the hands of the enemy, those in training camps, and those in the thick of the fight. USO

sops? If we haven't put out all we're capable of doing, let's get busy now. D's and F's don't look so hot on anybody's record.

Have you heard the one about the would-be housebreakers? It seems that a certain sophomore, equipped with the latest in skeleton keys and a carload of rummage were found trying to gain access to a white house a block farther down the street from the right one. Wouldn't Mrs. Morrow have been surprised to find such an excellent collection of coats, dresses, and what have you if she hadn't happened to be at home to catch the said sophomores red handed? Oh yes, their faces were plenty red, but when explanations were made the situation cleared up satisfactorily and the girls won't have to start practicing the "Jail House Blues" for a while maybe...

Freshmen News

By the time you read this the Queen's race will be over, and you will know who was crowned Queen of Munday high school. The Freshmen are still working and will continue until the last moment. If we lose we have done our best. The forty seven have worked together one hundred per cent. The race has been a clean one and we have enjoyed every minute of it. Our hats are off to the ones that turn in the most votes.

give will be converted into aid to our men, to our allies, and to suffering war victims. Every gift will help bring quicker victory, and speed the day when our boys can be returned.

The Texas war fund quota is almost \$5,000,000. That's a lot of money. But it is not too much to be given by the nation's largest state... the state that always gives its men.

Long, hard days of fighting lie ahead before the war can be won both in Europe and in the Pacific. Those days can be made easier, if every Texan "Gives a Texan's Share" to the National War Fund. Your county war fund is an integral part of the nation's war program. It deserves and must have your support.

LOCALS

Mrs. James A. Rayburn of Wichita Falls visited with friends here last Sunday.

Mr. and Mrs. B. F. Andrews and Miss Dorothy Campbell of Abilene and Mr. and Mrs. W. S. Campbell of Spur visited with J. C. Campbell and daughter, Delores, last Sunday.

Mr. and Mrs. E. J. Cude of San Antonio, former residents of Munday, visited with relatives and friends here the first of this week. While here, Mr. Cude called at the Times office, handed us a \$2.00 bill and asked that the Times be sent to his address another year.

Mrs. Agnes Mayes of Amarillo visited her mother, Mrs. W. M. Mayo, and other relatives here over the week end. She was accompanied by her son, Jackie.

Stamford Licks Moguls Friday

The Moguls of Munday failed to shake "Mr. Jinx" again last Friday night, as the Stamford Bulldogs handed them a 27-0 defeat on Stamford's field.

Billy Lowe, Stamford's back, went over from the 7-yard line for the first score. Fullback Cotton Harvey accounted for two touchdowns, first going over from the 1-yard line after two first downs clicked off, then coming back with a 50-yard dash for the second.

Don Finley kicked extra points on the first two and added a third single point after Halfback Ed Rosenwasser added the fourth tally from the 2-yard line.

The Moguls fought doggedly throughout the game, but never got close enough to pay dirt to threaten.

Citation by Publication
THE STATE OF TEXAS

To: Wm. G. Morrison, J. P. Coleman, J. E. Whitsett, May Rice, Amy C. Enrick, Lois Lewis, Ida May Dockery, and Mina Laudman, and the unknown heirs of the above named persons, GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 11th day of December, A. D., 1944, at or before 10 o'clock A. M., before the Honorable District Court of Knox County, at the Court House in Benjamin, Texas. Said plaintiff's petition was filed on the 25th day of October, 1944. The file number of said suit being No. 4359.

The names of the parties in said suit are: City of Munday, and Munday Independent School District, both municipal corporations, as Plaintiffs, and Wm. G. Morrison, J. P. Coleman, J. E. Whitsett, May Rice, Amy C. Enrick, Lois Lewis, Ida May Dockery, and Mina Laudman, and their unknown heirs, and the State of Texas and Knox County, a taxing subdivision, as Defendants.

The nature of said suit being substantially as follows, to-wit:

Being a suit to foreclose tax lien upon the following described property, to-wit: all of Lots 5 and 6, in

Army Doctor's Skill Saves Soldier in New Georgia

There's no white-tiled surgery in this New Georgia setting, and the operating table is the canvas stretcher on which the wounded soldier was carried from the battlefield. The business of beating death is being carried on by U. S. Army medical officers. The officer pictured above is preparing a blood transfusion in surgery, perhaps only minutes after the soldier was hit.

CHAMBERLAIN TELLS OF WOUNDS IN 13TH LETTER

Pvt. Luther O. Chamberlain, son of Mr. and Mrs. H. L. Chamberlain of Stephenville, was reported slightly wounded October 6, while in action in Germany, according to a letter written by him October 10 and received by his parents October 21. An interesting fact about this letter is that it was the thirteenth letter received by his family since his arrival overseas. He has been overseas since August 23, and in action with an infantry unit most of the time. A message confirming Private Chamberlain's wound was received by his parents from the War Department October 23. He entered the service from Morton, Texas, February 2, 1942.

The Chamberlains are former residents of Knox county.

Block 140, Reeves and Musser Addition to the town of Munday, Texas, some times called Bolander Block, for the years of 1927 to and through 1943, in amount of \$301.57. Issued this 25th day of October, 1944. Given under my hand and seal of said Court, at office in Benjamin, Texas, this 25th day of October A. D., 1944.

LEE COFFMAN, Clerk, District Court, Knox County, Texas

A Want Ad In The Times Pays

Weather Report

Weather report for the period of Oct. 23th to Nov. 1st, inclusive, as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature	
	LOW	HIGH
1944 1943	1944	1943
Oct. 26	51 35	84 61
Oct. 27	49 28	84 65
Oct. 28	45 41	84 83
Oct. 29	49 52	82 92
Oct. 30	48 63	48 79
Oct. 31	57 46	90 82
Nov. 1	55 45	86 71

Rainfall to date this year 16.72 inches; rainfall to this date last year 10.18 inches.

Mr. and Mrs. Ellis Biley of Springfield, Colo., were business visitors here last Tuesday. Mr. Biley attended the livestock auction sale to buy cattle.

Mrs. O. C. Prather of McCauley, a former resident of Munday, is here this week, visiting her daughter and family, Mr. and Mrs. Leslie Phillips.

H. A. Pendleton was a business visitor in Dallas over the week end. Mrs. Pendleton met him in Wichita Falls last Tuesday on his return home.

The manufacture of paper from wood pulp, which has revolutionized the publishing industry, was begun in Herkimer, N. Y., in 1866.

Rationing Comes To Weekly Papers

Newsprint rationing, heretofore effecting the daily papers, has come to the weekly newspaper field. It is not clearly understood just how badly rationing will effect The Munday Times, but our mailing list will likely be frozen at its present level.

Beginning November 1, 1944, no new subscriptions to The Munday Times will be accepted outside the first mailing zone—Knox and adjoining counties—until further notice.

If you live in Knox and adjoining counties, we can continue to accept subscriptions, both new and renewal, for the time being.

If you live beyond 50 miles of Munday, we cannot place you on the list as a new subscriber, at least for the present.

If your subscription expires, and your name is removed from the list, we cannot place you back on until someone else is dropped from the list. You must be placed on the "waiting" list.

If your subscription has expired, or is about to expire, see about it at once. We want to continue sending the paper to as many subscribers as possible, yet remain within our quota of newsprint consumption.

Eat Fresh Fruits for a Good Breakfast and DO A BETTER JOB

1. CITRUS FRUIT
A big glass of Orange Juice or half of a marvelous Texas Grapefruit will bring your breakfast standard up to a new high in nutritional rating. More important, this natural Vitamin C will brighten your smile of health and make you more resistant to infection and colds. Include plenty of citrus fruits in your breakfast menu.

2. BREAKFAST DELIGHTS
A baked Apple, baked Pear, Bananas and Cream, or just bring out the fruit bowl—filled to overflowing with Grapes, Apples, Pears, Bananas, Oranges and other seasonable fruits... and you add HEALTHFUL GOODNESS to your breakfast menu... the spark that builds and keeps a strong body and adds to the stamina of generations to follow.

3. MORNING TASTIES
America grew great on the heritage of the bountiful breakfast! Flavorful fresh fruit or fruit juice will whet the appetite for a hearty breakfast which should contain one-third of a day's nutritional requirements. Follow the pattern for a nutritious breakfast to sustain you during your most productive hours.
