SIXTH WAR LOAN DRIVE STARTED MONDAY

Archie P. Parks Dies Of Wounds

Parents Notified Of Son's Death Last Sunday

Mr. and Mrs. A. T. Parks of Gooch received the following telegram Sunday, informing them of the death of their son, Archie Philip Parks:

"The Navy Department deeply regrets to inform you that your son, Archie Philip Parks, radioman first class, U. S. Navy, died of wounds following action while in the service of his country. The department appreciates your great anxiety, but details are not now available, and delay in receipt thereof must necessarily be expected.

"No information available at present regarding disposition of remains, but by reason of existing conditions burial at sea or in locality where death occurred highly probable.

"If further information is received, you will be promptly notified. The department extends to you its sincerest sympathy in your great loss.

Vice Admiral Randall Jacobs, Chief of Naval Personnel."

Young Parks was reared at Gooch and attended the Gooch schools. He had been serving in the navy about 47 months.

Mr. and Mrs. Parks have five other sons in the service.

60 Registrants Re-Classified By County Board

A total of 207 Knox county registrants were reclassified by the Knox County Local Board at their regular meeting on Friday, Nov. 17, and of this number 147 who have passed their 38th birthday were placed in Class 4-A. Other classifications were as follows:

Class 1-A: Lawrence D. Wilkins, John E. Nelson, Charles F. Schumacher, Francis D. Tidwell, Billy W. Ivey, Lendon W. Marks, John K. Bullion and Kenneth L. Whittemore.

Class 1-C Ind.: Hearne F. Hawley, L. E. Palmer, Howard M. Hendrix, and Robert L. Moorman.

Class 1-C Disc.: Homer C. Anderson, Andrew J. Gilbert, Roy Norvell, William J. Albertson, Lee F. Glenn, Leland E. Thurman, Robert B. Wilkerson, Skipper Brown, William E. Hammack, Layman H. Hartman, Willie S. Yost, Ernest New, David Fultz, Lon E. Moore, LeRoy T. Stubbs, Floyd W. Feemster, Joe E. Morrow, Elmer E. Wilde, Leslie L. Hayman, Manuel Holgin, Francisco Masias, Marvin D. Perkins, Ellis Flores, William J. Walker, Choice O. Harper, Warren G. Langley, Ernest L. Morgan, Simon Casillas, Walter W. Malone, Marvin C. McAfee, J. A. Word Jr., Francisco E. Benavides, Simon L. Rocha, Juan E. Benavides and Paris S. Webb.

Class 2-A: Claburn T. Gray, Bill Billingsley, Lee V. Elliott, and Oliver L. Perry.

Class 2-A (F): Howard R. Woodward.

Class 2-B: Clarence E. Gresham and Clarence Davis.

Class 2-B (F): T. W. Struck.

Class 2-C: Riley W. Trammell.

Class 2-C (F): Morris E. Robertson and Glenn L. Beach.

Deceased: James C. Forrest.

Class 4-A: George C. Jobe.

Floyd Farm Home Destroyed By Fire

The farm home of Mr. and Mrs. A. R. Floyd, located about five miles northwest of Munday, was destroyed by fire early last Monday morning. Origin of the fire is unknown, since the Floyd family was away from home, visiting relatives in the community.

The dwelling and all contents were destroyed by the flames. It was reported that no insurance was carried on the house or its contents.

TOWN TO CLOSE ON NOVEMBER 30

A recent survey made of business firms of Munday regarding the observance of Thanksgiving revealed that a majority of Munday merchants gave preference to the last Thursday in the month.

Announcement was made this week that most Munday business houses will be closed next Thursday, November 30, in observance of Thanksgiving. Citizens of this trade area are asked to keep this date in mind and do their necessary buying ahead of time, so employers and employees may be able to observe the holiday.

The Munday schools will also observe November 30.

Rex Howell Opens Munday Flower Shop

A need that has long been felt in Munday is being met by Rex Howell, who this week opened a flower shop in Munday. The shop is located in the building just west of Atkinson's grocery, and Mr. Howell already has a number of types of flowers already in stock. A refrigeration unit is installed for keeping flowers fresh.

Howell is well qualified in this line, and the "Howell's Fine Flowers" are expected to become known over all this territory, serving a purpose for which Munday has felt a need for many years. Mr. Howell will specialize in flowers for all occasions.

A student of horticulture when in college, Rex followed this line of work for some time afterwards. He spent two years with greenhouses in Abilene, almost two years in the same work at Lubbock and eight months in Colorado, where he was employed by a wholesale-retail flower concern. His experience has given him a knowledge of all types of design work that will enable him to make almost any type of floral design. In addition, the firm will handle pot plants and a large stock of cut flowers.

The public is cordially invited to visit this new firm and see the beautiful floral displays.

Knox County Hospital Notes

Patients in Knox County Hospital November 21, 1944:

Zane Gray, Knox City.
Euphrosyne Strickland, Rochester.

Mrs. Glenn Liggitt, Rochester.
N. B. Webb, Rochester.
Mrs. Mark Trimmer, Rochester.
Emmajean Walker, Knox City.
C. C. Jones, Munday.
Paul Melton, Rochester.
Mrs. R. L. Pettit and baby daughter, Knox City.

Dismissed Since Tuesday, November 21, 1944:

Mrs. J. W. Hickson, Benjamin.
Mrs. G. H. Kinchloe, Crowell.
Mrs. Homer T. Melton, Benjamin.
Wanda Yvonne New, Truscott.
S. S. Lyles, Rochester.
Mrs. Ralph Rias, and baby son, Knox City.

Joyce Routon, Munday.
Domingo Pena, San Antonio.

Deaths

L. T. Adkins, Haskell.
Baby Rios, Knox City.
Baby Martin Burdette, Goree.

LEAVE ON DEER HUNT

J. C. Harpham and Buell Bowden left Wednesday morning for the hill country, in Mason county, for their annual deer hunt. They joined C. O. Scott and R. B. Guess of Mattson, who went down a few days earlier to prepare camp and get everything set. They will return home the first of next week.

AAA Election Dec. 11 To Name Committeemen

Farmer committeemen who will have important roles in war and post-war farm problems will be named at annual AAA elections in Knox county between December 11, 1944 and December 16, 1944. Locations and dates of the election meetings will be announced as soon as they are arranged.

Farmers will choose committeemen for each community, and delegates from these meetings will later name three county committeemen and alternates. Conservation practices for 1945, production goals, and general agricultural outlook will be among the subjects discussed at the meetings.

Committeemen represent both their neighbor farmers and the executive branch of the Federal government in the work and responsibilities of the Agricultural Adjustment Agency. Their recommendations, based on personal knowledge and experience, help shape agricultural programs to fit the needs of their own localities and to meet the problems of farmers and consumers throughout the nation.

"The election meetings will give local farmers a chance to consider the problems and the demands of the coming year," says Emmett Partridge, county AAA chairman. "A program is being arranged for a full discussion of what's ahead. Every farmer should attend the meeting in his community to take part in that discussion and to vote in this election."

School Funds Are Received By County

Knox county received \$5,226.00 from the State this week to be applied on the county schools transportation funds. This is approximately half of the amount due Knox county for this purpose, Merick McLaughlin, county superintendent, said.

The county schools also received a little over \$3,000 on teachers' salary aid payment, which has been apportioned to the various schools.

Chas. Washburn Is Home On Furlough

Charles Washburn, who is serving in the Naval Seabees, came in last Friday night to spend a 30-day furlough with his parents, Mr. and Mrs. C. E. Washburn, and other relatives.

Charles, who has been in the service nearly two years, has spent 20 months in the Pacific battle area. He was on Guadalcanal for 18 months and served in the Fiji Islands and other islands with his Seabee battalion.

Miss Martha Hannig, who is employed in Abilene, spent the week end with her parents, Mr. and Mrs. Frank Knapp.

WAR BONDS In Action

Bonds for mercy! Bandaging a wounded comrade in Italy is a commonplace scene on every fighting front. Much of the money you lend your government by buying Bonds goes into medical aid for your fighting relatives and friends. Keep up your Bond buying. Buy an extra Bond today. U. S. Treasury Department

AMERICAN HEROES

Forced to leave the tank he was driving when water in the fuel line caused it to stall, Pvt. Abe Fortner of Livermore, Ky., later returned, cleaned the fuel sediment bowl and got the machine in operation, while still under heavy fire. The tank, repeatedly hit, stalled and Fortner repeated his cleaning until it finally went up in a blaze. The private has a bronze medal for his feat but War Bonds must be sold to replace the tank.

American Legion Post Plans Drive For New Members, Funds For Memorial

Watch The Date On Your Paper!

Because of the shortage of newspaper, which is rationed, all papers are being urged to discontinue all delinquent subscribers. In order to keep within the limits of newspaper consumption, The Munday Times will be forced to stop this.

Opposite your name on this week's Munday Times appears a date—11-23-44 means that your subscription expires with this issue, and 11-1-44 means that you are already delinquent.

By renewing promptly you are assured of receiving your home town paper another year. Our list will be corrected soon, at which time all delinquent subscribers will be removed from the list. Let us have your renewal ahead of the expiration date, if possible.

No new subscriptions, outside the first mailing zone, can be accepted at this time.

Miss Doris Howell, who is attending N. T. S. T. C. at Denton, and her roommate, Miss Lorene McClellan, spent the week end here with Miss Howell's parents, Mr. and Mrs. R. H. Howell.

Keep Up With Rationing

RATION REMINDERS

MEATS, FATS — Red stamps AS through Z8 and A5 through P5, good indefinitely. The four red stamps validated October 29 totaling 40 red points will have to last for at least a 5-week period. No new red stamps until December 3.

PROCESSED FOODS — Blue stamps AS through Z8 and A5 through W5, good indefinitely. No new stamps until December 1.

SHOES — Airplane stamps 1 and 2 and 3 good indefinitely.

GASOLINE — In 17 East Coast States, A-11 coupons, good through November 8. In states outside the East Coast area, A-13 coupons in new "A" book, good through December 21.

SUGAR — Sugar stamps 30, 31, 32 and 33, each good for five pounds indefinitely. Sugar stamp 34 became good November 16 and remains good indefinitely. Sugar stamp 40, good for five pounds of sugar through February 28, 1945.

FUEL OIL — Period 4 and 5 coupons and new period 1 coupons, good throughout coming heating year.

Munday Mother Awarded Medals Won By Her Son

Mrs. Mike Rogers Saturday afternoon received for her son, posthumously, the Air Medal and four Oak Leaf Clusters in special ceremonies at the Rogers' home in Munday.

Col. Harry Weddington, commandant of the Abilene Army Air Field Combat Crew Training Station (Fighter), made the presentation to Mrs. Rogers for her son, the late Technical Sergeant Mike B. Rogers, a radio man on a twin engine bomber.

Sergeant Rogers, 24, was killed in action over Sicily on July 10, 1943.

The citation, read by Lt. Frank R. Cerra, public relations officer, was "for meritorious achievement while participating in 25 sorties against the enemy."

At the same time, Colonel Weddington pinned on Mrs. Rogers the Purple Heart, forwarded to her this week by the War Department.

Sergeant Rogers enlisted in December, 1941, and served tours of duty at air fields in Texas, Oklahoma, Florida, and South Carolina before going overseas in February, 1943.

He was born and reared in Munday, attending school and later working at the Pendleton gin in Munday.

Another son of Mr. and Mrs. Rogers, S Sgt J. R. Rogers, is on duty in the South Pacific with the Navy.

Hammack Buys Giddings Dairy

Announcement was made Wednesday that George Hammack, well known Munday man, has purchased the Giddings Dairy, and is moving to the Hammack place, just southwest of Munday, this week.

Mr. Hammack stated that his plan is to render a prompt and efficient service at all times, however, shortage of tires and delivery equipment will not permit delivery to the residential sections.

More dairy cows will be purchased as soon as possible, and Hammack plans to have plenty of milk available for everyone. Milk may be secured at your grocer or at the dairy plant.

Mr. Hammack invites the public to visit the dairy at any time and inspect the modern equipment. "We plan to serve you to the very best of our ability," he said.

LITTLE GIRL FINDS WELCOME IN HOME

"Jane," a tiny, but cute, baby girl arrived at a hospital in Wichita Falls on Tuesday night, November 21, at nine o'clock, and was promptly claimed by Sgt. and Mrs. Paul Pendleton, who had already arranged a welcome for her. Mother and baby—and the sergeant—are all doing nicely.

The child's grandparents are Mr. and Mrs. H. A. Pendleton of Munday.

Billy Frank Armstrong, who is serving in the navy, is here to spend a 15-day furlough with his parents, Mr. and Mrs. W. C. Armstrong, and with other relatives.

Weather Report

Weather report for the period of Nov. 16th to Nov. 22nd, inclusive, as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

Temperature	LOW		HIGH	
	1944	1943	1944	1943
Nov. 16	40	31	52	66
Nov. 17	38	38	43	77
Nov. 18	39	41	43	81
Nov. 19	40	43	56	71
Nov. 20	34	37	62	77
Nov. 21	35	43	59	77
Nov. 22	35	37	68	64

Rainfall this week 1.50 inches; rainfall this year 19.07 inches; rainfall this date last year 10.18 inches.

Chairman Asks United Efforts Of Our People

Quotas Assigned To Each Community

Coming at a time when "every-one is busy," the Sixth War Loan drive opened in Knox county and over the nation last Monday, and will continue through a greater part of December.

In preparation for the drive, committee members met in Benjamin on Tuesday of last week and assigned quotas to each community in the county. Knox county's over-all quota is \$415,000.00, and of this amount we have been asked to purchase \$170,000.00 in Series E bonds. The community quotas are as follows:

Benjamin	\$ 25,000
Truscott	25,000
Gilliland	19,000
Vera	25,000
Goree-Hefner	48,000
Munday	148,000
Rheland	19,000
Knox City	111,000

"The Sixth War Loan will be the toughest one we have faced," officials of the Treasury Department have stated. "We will have to fight a spirit of over-optimism on the part of many who will point to our achievement in Europe and forget the all-out battle we must fight with Japan. The frightful cost of our war in the Pacific must be paid for in War Bond dollars."

W. E. Braly, county chairman, asks the full cooperation of every citizen in this drive. Coming during the busy fall season, the chairman and every committeeman of the county is extremely busy, and a personal solicitation throughout the county will mean an unnecessary sacrifice upon the part of all workers.

Everyone is urged to organize, and to determine how much of the quota will be your personal part. No one should have to be "run down" or "cornered" in order to make bond purchases. Sit down in the quiet of your own home and determine how much you can loan your government now. Then a voluntary contact with your committeeman for the purpose of buying your limit in bonds will mean that you have determined your patriotic duty and saved someone the trouble of making a trip to see you.

Knox county will meet her quota—this much must be done—and a voluntary purchase upon the part of every citizen will save someone taking time off from their multiple duties to solicit your purchase.

Will you do it? Will you volunteer your dollars to help liberate the thousands of Americans still in Jap prison camps? Your committee is counting on you!

Burkett Infant Dies On Thursday Burial Friday

Martin Edward Burkett, infant son of Mr. and Mrs. Orville Burkett of Goree, passed away at the Knox county hospital at one o'clock last Thursday, following a short illness. The child was five months and 22 days of age.

Survivors, besides the parents, are his grandfathers, J. F. Burkett of Munday and W. H. White of Stockton, Calif., a brother, Ronald, and several other relatives.

Funeral services were held from the Mahan Funeral Home in Munday at 2:30 last Friday afternoon, conducted by Rev. Earl Brewer. Burial was in the Johnson cemetery.

FRANCIS M. TURPEN DIES IN NEW MEXICO

Word was received last week that Francis M. Turpen passed away at Fort Sumner, New Mexico, on Sunday, November 12. Mr. Turpen, father of R. D. Turpen of Haskell, was known to many Munday people. Mr. Turpen would have been 100 years of age on January 2, 1945.

What a Man Does For Himself Dies With Him—
 What He Does For His Community Lives On and On

TAKE YOUR CHOICE

"During the period of reconstruction, the world's food economy will require a maximum of adaptability. The more one tries to protect the producers by national and international policies against the always painful process of adjustments, and tries to control competition, the more we will face an over-expanded production. At the same time... protection against the hardships of competition and individual adjustment inevitably involves political regimentation. If the farmers and the food trade want less of the latter they have to begin to think more in terms of adjustment by private initiative, and elimination of marginal producers by competition, and to expect less from the government." Those are the blunt words of Karl Brandt, economist, food research institute, Stanford University.

The retail food distribution industry is thoroughly familiar with the hazards of attempting to ease the hardships of business existence by legislative manipulation. A few years ago when the people imagined that chain stores were a threat to independent merchants because of their competitive efficiency, a move was started to put a brake on them in the form of special tax laws. Before the fallacy of such action became apparent, a number of states had actually passed measures aimed at curbing or destroying chain stores. Then the question arose as to what constituted a chain? Before long, efforts were being made to include a wide variety of merchandising establishments. In the end, farsighted members of the distribution industry realized that competition between each other was less to be feared than destructive governmental regulation. The farmers are now getting a large dose of government regulation. They don't like it either, and in the long run, will choose the path of free competition in unregulated markets, rather than live under the thumb of government decrees and subsidies.

WHEN WILL THEY LEARN?

In liberating France from the socialism of Hitler, it now appears that the Allies have cleared the way for more of the same medicine, only administered by different political doctors. In other words, government dictation over the industries and people of France may be continued. This is the opinion of a responsible spokesman of the American oil industry now visiting the European warfronts.

After pointing out that the threat of socialism may delay rehabilitation of French industry because foreign investors, principally American and British, will hesitate to risk savings in a country where the whims and exigencies of politics may wipe them out, the same spokesman warns: "The average oil man and the average American has considered that he and his domestic business were so remote from foreign affairs that he need not pay attention to them."

"But here in France a decision is going to be made that can soon, perhaps, be cited against the American oil man's own business. If the various dominant French groups pursue their present trend and place stricter and more complete control over the oil industry in France with the knowledge and even the acquiescence of the U. S. government, then how soon will the American oil man be told by various people in his own government, of the alleged 'beauties' of French ownership or operation of the oil industry?"

How much longer, with the tragedy and devastation of autocratic government spread mutely at their feet, will the people of the world continue to look to such government for leadership?

THE CHRISTMAS SEALS ARE NEEDED

Christmas seal time is here again. This heart-warming practice of buying cheery little seals to help combat tuberculosis, began just forty years ago and has since become a worldwide tradition. The Christmas Seals are sold in 46 countries. This year, as usual, they make their appearance. In a war-torn world they are reassuring reminders that we live in a civilized world after all and humanity has a streak of goodness in it that will not be put down.

This year, as never before, the Christmas Seals are needed. Tuberculosis is on the increase. The steady progress of medical science in the treatment of the disease has not been sufficient to stem the debilitating inroads of war. Our crowded war production centers, overwork and nervous exhaustion have been an open invitation to tuberculosis. The great tragedy is that too many persons don't realize it when the unwelcome guest has found its way into their homes.

Yes, the Christmas Seal has new significance this year. It is one means by which all of us can take part in the fight against the renewed threat of man's ancient enemy—the white plague.

BETTER CITIZENS

Many men in the armed services will have experienced the horror of uncontrolled fire by the time they return from the war. They also will have seen scientific fire prevention at work.

When the Americans invaded Africa, the Germans sought to burn them out. Incendiary-laden bombers struck at our supply lines. General Eisenhower called urgently for trained fire fighters. In response, the Army Engineers established a school in this country to train men in the use of the latest fire fighting equipment. Since then, more than six thousand men have undergone this specialized training and have been sent to every theatre of operations. The school features methods of combating gasoline, oil, and ammunition fires, with particular emphasis on plane crash blazes. In fighting the latter, squads operating like a football team punch a wedge-shaped path through the wall of flame with high-pressure curtains of spray. Rescue men clad in asbestos suits dash between the protective sheets of spray and get the crews out in from 10 to 30 seconds.

All of this may not seem to have much connection with fire prevention in civilian life. But the very fact that thousands of men will come home with pictures of the tragedy that fire can wreak impressed upon their minds, while other thousands will have a basic knowledge of how to combat fire, should reflect favorably on the cause of fire prevention. These men will be a little more cautious with fire in their homes. They will unconsciously use greater care in the handling and storing of inflammable or combustible materials. From them, their families will learn caution.

These men who have had experience with fire in war, although they may not realize it, will make better citizens because of their experience.

A HEALTHY TREND

President Roosevelt, in a message to the Boston Conference on Distribution, asserted that: "The high levels of production and employment, which we are working to establish when peace comes, can only be maintained by placing the output of our factories and farms speedily in the hands of the consumer."

"It is therefore essential that every industry study the problems of distribution now, in order that there may be no interruption in the free flow of goods."

The insatiable needs of war have ruled over production for so long, there is danger of forgetting that in peacetime the distribution system keeps the wheels of production turning. Success of plans for reconversion, sustained production and maximum employment will finally depend upon the efforts of hundreds of thousands of retail merchants. These merchants must stimulate consumer interest in the products of industry, and be able to sell those products when and where consumers want them at prices consumers will pay.

It is said that there is a tremendous demand for a limitless variety of articles, from new homes to pineapples. Even if such a demand does exist, distributors know that it will disappear like a morning mist unless mass production and mass distribution can keep it alive. To do that, every distributor and every manufacturer must work overtime to make himself more efficient. Prices must be kept at an absolute minimum. All bets will be placed on volume. And it will be up to the distributors to help maintain volume. That is why they are not being blinded by rosy predictions of customers waiting in line with pockets full of money.

No, Dorothy, the fact that they call him an early settler doesn't mean he pays his bills on time.

Whoever named women the fair sex was a poor judge of justice.

In The WEEK'S NEWS

PILOTS SHOOT—Glider pilots are versatile men; they have to know how to shoot quickly and accurately when they land. Here they are given night training in firing light machine guns, using tracer bullets.

PRETTY—Lana Turner, movie star, looks prettier than ever in this languid pose which is GI Joe's favorite pin-up.

K. P. HEAVEN—Sgt. Dorothea Ayers of Wilkes-Barre, Pa., is a living example that KP is not always something to avoid. Here she puts finishing touches on three-tiered potato salad which the WACS Fifth Avenue Personnel served their best beans at a supper party in the Consumer Kitchens of The Best Foods, Inc.

DOUBLE DUTY—U. S. Navy landing craft that brought supplies ashore for our push on Leyte help return casualties to hospitals in rear.

SLEEP TONIC—Can't sleep? Just count these sheep, crossing Grand Coulee Dam to go to winter range in Washington. This waterfall is twice as high

VOICE WITH A SMILE—That's how fans refer to Jack Smith, tenor of the Sunday "Family Hour" radio program, who finds it no trick at all to keep 'em smiling at the service men's canteens and hospitals he visits between radio broadcasts, and instructing at a New York aircraft instrument school.

Gems Of Thought

HOPE

Hope brightens life, at the altar or bowler,
 And loosens the fetters of pride
 and of power;
 It comes through our tears, as the
 soft summer rain,
 To beautify, bless, and make joy-
 ful again.—Mary Baker Eddy.

Hope is like the sky at night:
 there is no corner so dark but that
 a persevering eye will discover a
 star.—Octave Feuillet.

As wisdom without courage is
 futile, even so faith without hope
 is nothing worth; for hope endures
 and overcomes misfortune and evil.
 —Martin Luther.

The natural flights of the human
 mind are not from pleasure to
 pleasure, but from hope to hope.—
 Samuel Johnson.

It is hope which makes the ship-
 wrecked sailor strike out with his
 arms in the midst of the sea,
 though no land is in sight.—Ovid.

The good man's hope is laid far
 —far beyond the sway of tempests,
 and the furious sweep of mortal
 desolation.—H. K. White.

REMEMBER WHEN

—the "family gathering" was on Thanksgiving Day? There was not enough table room so the children had to wait until the sliders had eaten. Their hunger was prolonged almost to the breaking point, but when the second table was set the long wait was forgotten in the scramble for the drum sticks. Remember?

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

Vacation Travel Can Cost Gas Coupons

Motorists who use gasoline illegally to travel to winter resorts face the loss of their mileage rations, the Office of Price Administration warns. Chester Bokles, OPA administrator said: "The millions of patriotic drivers throughout the country who are abiding by the mileage regulations and getting along on tight rations so that all may share fairly the scarce civilian supplies have a right to expect OPA to shut down hard on those who obtain gasoline unfairly for non-essential trips. We intend to do just that." The agency has ruled that persons who are planning a seasonal trip for a definite period of time are not making a bona fide change of residence and that special rations may not be granted for such trips.

Tenant Farmers Get Fertilizer Price Aid

Landlords selling fertilizers to tenant farmers cannot charge more than the applicable retail ceiling price of these products, Office of Price Administration has ruled. An additional mark-up by landlords never was authorized, the agency stated.

Cigarettes To Go Unrationed

The shortage of cigarettes experienced throughout the country reflects the bad distribution due to war time conditions and the fact that the armed forces are now smoking a fourth of the country's total production, but no rationing of them is contemplated, the Office of Price Administration states. The War Food Administration reports that the number of cigarettes being manufactured for civilian and soldier consumption is the greatest in the history of the tobacco industry. Only a negligible amount of tax-free cigarettes is sent abroad for consumption other than by our armed forces. Black market operations and hoarding are also believed to be the factors contributing to the spotty distribution and civilian shortages.

Find Jobs For Veterans

Jobs were found for 60,064 veterans of this war and for 10,892 from the last war during the month of September by the United States Employment Service, the War Manpower Commission reports. Of the total of placements, 12,492 involved disabled veterans whose skills, aptitudes and experiences enabled them to perform many types of productive work.

Land Boom Periled Rural America

History is threatening to repeat itself in the farm land market. Another farm land "boom," closely paralleling the one that ended so disastrously after the last war, is building up in this country. Both the price of farm land and the number of farm sales in many areas have been rising at about the same rate as in the last war. If this trend continues, rural America had better watch out. One encouraging sign is that actual land prices haven't yet reached the high level of 1919-20. But still we can't say now how much higher these prices are likely to go because, in the world war I period, the high point in the land market was not reached until more than a year after the fighting

Charm-Kurl PERMANENT WAVE KIT
★ Complete with Permanent wave solution, curlers, 59¢ shampoo and wave set—nothing else to buy. Requires no heat, electricity or machines. Safe for every type of hair. Over 6 million sold. Money back guarantee. Get a Charm-Kurl Kit today.

TINER DRUG CO.

stopped. It would be sad indeed if the nation should witness another seizure of farm land foreclosures, bankruptcies, and forced sales such as hundreds of thousands of rural families experienced after the bottom fell out of the land boom that accompanied the world war I period. For 13 hazardous years after 1920, land prices were on the downhill trail. And that statistical fact doesn't begin to tell the full story of human tragedy and misery. Because when a wave of bankruptcies hits a community, everybody suffers—lender and borrower, business and professional people alike.

It will be particularly unfair for returning veterans, who want to buy land, if they have to compete in an inflated land market. For them, or farmers either for that matter, to go heavily in debt on land prices bid up far beyond long-time earning capacity is an invitation to disaster.

So my advice is—Don't buy land at inflated prices. Put your war-time income into sound investments such as war bonds, so that you can benefit from that money in the years ahead.

Public Asked To Help Doctors
The necessity of everyone of us to cooperate with the medical profession in order to keep to a minimum and demands on our physicians is urged by Paul V. McNutt, chairman of the War Manpower Commission. Pointing out that about 1,500 physicians had died on the home front during the first six months of this year, Mr. McNutt said, "All over the nation our doctors are sacrificing themselves to help us do a magnificent job." He cited the day and night work, the extra travel and physical hardships facing doctors responding to the calls of increased numbers of people.

Boy Scouts Exceed Paper Goal
The Boy Scouts of America have exceeded their goal of 100,000 tons of waste paper during the two months drive of August and September. As a result, says J. A. Krug, chairman of the War Production Board, about 85,000 Scouts and Cubs throughout the country will qualify for the individual WPB award. He called the number eligible for the individual award "an astounding fact when we consider that it required a certified 1,000 pounds of waste paper collected and moved to the waste paper dealers in order to earn this individual award."

Ralph H. Layne Is Now Overseas
15th AAF In Italy.—First Lieut. Ralph H. Layne, 28, 301 South Hackberry St., Pecos, Texas, has arrived overseas and has been assigned to duty as a navigator in a B-24 Liberator group commanded by Lt. Col. Philip R. Hawes, Pearl River, N. Y.

With over 100 combat missions to its credit, the B-24 group to which he has been assigned has hit key Nazi targets extending from France through to the southern Balkans.

Lt. Layne entered the AAF January 13, 1941 and received his second lieutenant's commission at Ft. Belvoir, Va. in the engineer's corps. Transferring to the Air Corps, he received training in navigation school at San Marcos, Texas, and Pueblo, Colo., where he received his navigator's wings. Prior to his entry in the army, he was employed as a cafe manager by the Joe Weingarten Co., Houston. He is a grad-

Goree News Items

Goree and surrounding communities were saddened Sunday morning when word was received by Mr. and Mrs. A. T. Parks that their son, Archie, had been killed in action.

Mr. and Mrs. W. R. Couch and Mrs. Taylor Couch have had word that Seaman Taylor Couch has been wounded in line of duty and is in a hospital. No further word has been received regarding his injuries.

S/Sgt. and Mrs. Burl Meers and children of Orlando, Fla., were Sunday visitors in the home of Mrs. Meers' grandmother, Mrs. R. D. Stalcup. Mrs. Meers' mother, Mrs. Edward Stalcup of Woodson, Mr. and Mrs. Ira Stalcup, Mr. and Mrs. R. D. Stalcup Jr., of Clovis, N. M., were present Sunday for this family gathering.

Rev. and Mrs. Grady Adeock and baby are here as the new pastor of the Methodist church. Rev. and Mrs. Adeock are from Abilene.

Society

Methodist WSCS Meets Monday At Church Building

Members of the Women's Society of Christian Service met on Monday night, November 20, at the Methodist church. Mrs. S. E. McStay, president, called the meeting to order, and members sang, "Take Time To Be Holy," followed by a prayer.

Mrs. J. W. Roberts reviewed another chapter of the mission study, "West of the Date Line," which was followed by questions and a round table discussion.

It was decided to meet next Tuesday afternoon at three o'clock in the home of Mrs. J. W. Roberts, at which time the mission study will be completed.

Present at the meeting were Meses. Joe B. Roberts, S. E. McStay, J. C. Borden, M. F. Billingsley, H. A. Pendleton, J. W. Roberts, Don R. Davidson, P. V. Williams, G. W. Dingus, J. C. Harpham and Ebb Lowe.

Shahan-Sanders Nuptials Read At Goree Home

United in holy matrimony at five o'clock Saturday afternoon, November 18, were Miss Wanda B. Sanders, daughter of Mr. and Mrs. J. A. Sanders of Goree, and Mr. Roy H. Shahan, son of J. W. Shahan of Munday. Rev. S. E. Stevenson, pastor of the Baptist church, performed the ceremony, in the bride's home.

The vows were exchanged as the couple stood before a flowered fireplace. The bride was given in marriage by her father.

The bride was attired in blue transparent velvet. Her accessories were white, and chrysanthemums formed her corsage. For something borrowed she wore a necklace belonging to Mrs. Hazel Sherman, the groom's sister.

Only attendants were the bride's mother and the groom's father. The wedding dinner was held Sunday, when a three-decked wedding cake was served. Present for the dinner were Mr. and Mrs. J. W. Sanders, J. W. Shahan, Mrs. Hazel Sherman, Wesley Ray Sherman, Joe Sanders, Thomas Heard Owens, and Misses Geraldine Sherman, Malden Sherman, Bernice Shahan and Shirley Fay Sherman.

The couple will make their home in Roswell, N. M., where the bridegroom is employed at an air base.

Baptist W. M. U. Has Its Regular Meeting Monday

The Baptist Women's Missionary Union held its regular meeting last Monday afternoon at three o'clock in the home of Mrs. Chester Bowden, with Mrs. J. O. Bowden as co-hostess. This was the monthly and business meeting.

During the business session, Mr. Swindall was elected R. A. leader, and Miss Gail Reynolds as G. A. leader. It was also voted to spend \$10.00 for the colored school lunch room.

The "Season of Prayer" day will be held by the W. M. U. on December 6th. Following the business, refreshments were served to the attending members.

BILLY C. ORRELL IS QUALIFIED PARACHUTIST

Word has been received here that Billy C. Orrell, former resident of this community, has completed the prescribed course in parachute packing, ground training and jumping from a plane in flight. He is now rated as a qualified parachutist.

Orrell is the grandson of Mr. and Mrs. A. M. Moore. He attended the Sunset school until January, 1940, when he moved to Galveston. He entered the service in May, 1943, and is now stationed at Camp Mackall, North Carolina.

Mr. and Mrs. O. C. Murry and son, Ralph, of Brownfield spent the week end in the home of Mrs. Murry's parents, Mr. and Mrs. J. F. Draper of Goree, and with relatives in Munday.

Hefner H. D. Club Meets Tuesday In E. J. Jones Home

The Hefner home demonstration club held its regular meeting on Tuesday, November 21 from 2 to 5 p. m., in the home of Mrs. E. J. Jones.

The president, Mrs. R. L. Lambeth, opened the meeting, and roll call was made by Mrs. Geo. W. Webber, secretary.

After the business session, the meeting was turned over to Miss Lucile King, home demonstration agent, who took a record of all the work of club members, as well as that of products sold on the farm. She also showed many new items that can be made by hand at home, including home made toys for children. The demonstration was enjoyed by all.

Sixteen members, three visitors and the agent attended this meeting.

Activities of Colored People

Corporal Clarence Smith, who has been in Italy, is here to spend a 30-day furlough with his wife and children and mother, Mrs. Bell Johnson and other relatives. Cpl. Smith has been overseas 19 months.

The Bible Band met Tuesday night at the Church of God in Christ, with the president, Mrs. Ida Dean in charge. Rev. S. L. Sanders exhorted on how to live a good and acceptable life.

Mrs. Aline Whitney spent several days in Wolfe City, on business.

The lunch room wishes to thank Mrs. Rosetta Sanders for the basket of nice tomatoes.

Jess Gardley and Borden Thomas made a business trip to Abilene on Tuesday.

Mrs. Ida Dean spent Sunday in Seymour, visiting her sister.

4-H Clubs Of County Elect New Officers

There were 248 boys and girls that attended the 4-H Club meetings held last week. Due to the weather only nine of the eleven clubs met.

Since this was the time of year to reorganize and sign membership cards no demonstrations were given by the agents.

The girls had charge of the meeting during the election of their officers. They turned the meeting over to the boys and they had charge of the meeting during the election of the officers for the boys. The officers elected were as follows:

Benjamin—girls: President, Veba Carter; Vice-President, Margaret Bell; Secretary, Joan Cade; Song Leader, Jane Rutledge; Sponsors, Mrs. J. B. Moorhouse and Mrs. Leroy Melton.

Benjamin—Boys: Pres., Philip Escobar; Vice-President, Margaret Bell; Secretary, Bryson Laird; Sponsors, Jack Idol and Fred Glover.

Hefner—Girls: President Anna Joyce Brogden; Vice President Eva McSwain; Secretary, Emma Lois Norwood; Sponsor, Mrs. A. W. Akins.

Hefner—Boys: President, Billy J. Norwood; Vice President, Cordas Ray Lambeth; Secretary, Douglas Lambeth.

Goree—Girls: President, Mary Jo Arnold; Vice President, Mildred Coffman; Secretary, Martha Ann West; Song Leader, Trudie Coffman; Sponsor, Mrs. S. G. Hampton.

Goree—Boys: President Leo Koenig; Vice President, Wayne Payne; Secretary, Joe Sanders; Song Leader, Billy Joe Roberts; Sponsor, H. D. Arnold.

Knox City—Girls: President Carol Finley; Vice President, Mabel Edwards; Secretary, Mary Bea Woodward; Sponsor, Trudie Haney.

Knox City—Boys: President, Marshall Wooley; Vice President, William Roy Baker; Secretary, Tom Bush Craft; Sponsor, D. E. Holcomb.

Munday—Girls: President, Peggy Clough; Vice President, Wynelle Fitzgerald; Secretary, Betty Hendrix; Song Leader, Durrell Sessions; Sponsor, Mrs. Amy Moore.

Munday—Boys: President, Joe Womble; Vice President, Howard Gray; Secretary, Dick Swope; Song Leader, Omar Yarbrough; Sponsor, G. S. Dowell.

Sunset—Girls: President, Patsy Matthews; Vice President, Marjorie Freeman; Secretary, Mildred Yost; Sponsor, Mrs. F. L. Wilson.

Sunset—Boys: President, Pat Hill; Vice President, Joe Edd Sweatt; Secretary, John Voss; Sponsor, F. L. Wilson.

Truscott—Girls: President, Winnie Sue Turner; Vice President, Betty Jean Smith; Secretary, Gaye Nelle Chilcoat; Song Leader, Louis Ella Westbrook; Sponsor, Miss Lela Jones.

Truscott—Boys: President, Nile

Bryant; Vice President, Joe Jones; Secretary, Clyde Bullion; Sponsor, Guinn Hickman.

Union Grove—Girls and Boys: President, Kenneth Griffith; Vice President, Bobby Turner; Secretary, Jean Tallant; Song Leader, June Corlye; Sponsor, Mrs. E. F. Branton.

Vera—Girls: President, Jonnie Jackson; Vice President, Neva Joyce Hardin; Secretary, Paulette Trainham; Song Leader, Sammie Lou Shipman; Sponsor, Mrs. Harry

Beck. Vera—Boys: President, Jimmie McGaughy; Vice President, Lurry Sam; Secretary, Jack Peddy; Sponsor, Harry Beck.

The demonstrators for the ensuing year are as follows:

Clothing—Margaret Bell, Benjamin; Joyce Tubbs, Hefner; Arlene Blaschke, Goree; Arminta Joyce Smith, Knox City; Hattie Ann Phillips, Munday; Betty Sue Saunders, Sunset; Patsy Owens, Truscott.

Poultry—Annette Patterson, Ben-

jamin; Martha Walton, Hefner; Naomi Hampton, Goree; Mary Bea Woodward, Knox City; Frances Nance, Munday; Marjorie Freeman, Sunset; Faye Black, Truscott.

After the election of the officers the meeting was turned over to Lucile King, county home demonstration agent and R. O. Dunkle, county agent, and they passed out membership cards and helped the club members fill them out. Then the 1944-45 handbooks were distributed.

For quick results, use a Munday Times classified ad.

Geo. White, Owner

At The Churches

THE METHODIST CHURCH

Don R. Davidson, Pastor

Sunday—10 a. m. Church School. A class for you where you are welcome and can grow in the Kingdom and its graces.

11 a. m.—Morning Worship. A message from the pastor and a spirit of worship in the service that will bless your life. Come and have a part in it.

7 p. m.—Methodist Youth Fellowship meeting. Young people learn to serve by doing; you will enjoy this service.

7:45 p. m.—Evening Preaching Service. An informal old-fashioned preaching service with evangelistic spirit.

Wednesday—Mid-week Bible Study beginning at 7:45 promptly.

The new pastor and his family are happy over the response already evident in our services thus far. We need the ministry of the church as never before in our lives. While our men are giving so much on the battle lines away from home let us not fail to keep the front lines safe for the things they are dying for.

BENJAMIN METHODIST CHURCH

J. P. Patterson, Pastor

CALENDAR

Preaching Second and Fourth Sundays at 11:00 a. m.

Church school 10:00 a. m. each Sunday.

November 26 Service

The Fourth Sunday services at the Methodist church will be conducted by the former pastor and the

new pastor of the Benjamin church at the eleven o'clock hour. Our former work was highly satisfactory, and let us pray our Father that the work of this new year will be equally or more so.

J. P. Patterson, Pastor.

PRESBYTERIAN CHURCH

Dr. William N. Skoll of Haskell preaches here each Sunday morning at 9:30 a. m.

Our church is located on the Main street of Munday and has a new auditorium with modern Sunday school facilities. Community meets on Mondays and is accomplishing a good work.

FUNDAMENTAL BAPTIST CHURCH, GOREE

There will be an all-day service at the church next Sunday.

Rev. Harold E. Gemeny and several other visiting preachers will be present to bring messages.

Rev. Joe L. Sheets, Pastor.

FIRST BAPTIST CHURCH

Another Nationwide Bible Reading has been planned by the American Bible Society, together with soldiers and sailors, and Layman and Preachers from various denominations all over America. The readings are to continue from Thanksgiving—Nov. 23—to Christmas Day. Following are the Scriptures:

Thanksgiving, Nov. 23, Psalm 103; Friday, Nov. 24; Saturday, Psalm 23; Sunday, November 26,

Psalm 1; Monday, Mat. 5; Tuesday, Rom. 8; Wednesday, 1 Cor. 13; Thursday, Psalm 91; Friday, Mat. 6; Saturday, John 3; Sunday, December 3, Isaiah 40; Monday, Psalm 46; Tuesday, Rom. 12; Wednesday, Heb. 11; Thursday, Matt. 7; Friday, John 15; Saturday, Psalm 27; Sunday, Dec. 10th, Isaiah 55; Monday, Psalm 121; Tuesday, Philippians 4; Wednesday, Rev. 21; Thursday, Luke 15; Friday, Ephesians 6; Saturday, John 17; Sunday, December 17th, Isaiah 53; Monday, 1 Cor. 15; Tuesday, John 10; Wednesday, Psalm 51; Thursday, Psalm 97; Friday, John 1; Saturday, Rev. 22; Sunday, December 24th, Psalm 90; Christmas, Dec. 25, Luk. 2.

A nation reading the Bible daily will mean daily praying. Daily praying will mean a nation moving toward God. May we read the Scriptures.

We urge you to come to the services next Sunday, both morning and evening.

W. H. Albertson.

Use Of Kerosene In Killing Of Mesquite Trees Proves Successful

Plaid Cotton

Frances Rafferty, MGM actress, models a sports dress of green, red and white plaid cotton. The ruffled trim around the low neckline, sleeves and pockets is a new note in sportswear seen repeatedly in the current showings.

Texas fighting men of the famed 36th division grow fiercer when they hear predictions that "the war is just about over." They know better, and tell an authentic story that graphically proves their point.

When the "Texas Division" went in at Salerno, the men were told that little opposition was expected and that they would be able to conquer all Italy in less than three months.

But at Salerno beach they were met by a withering fire of rifles, machine guns, mortars and artillery, and many Texas boys made the supreme sacrifice. The predictions of a quick victory just made the whole thing more pitiful.

Incidentally, that prediction that Italy could be conquered in three months was made exactly 14 months ago, and Americans still are dying there. So the men of the 36th get fighting mad when they hear predictions that "the war is just about over."

When Capt. Faraon J. Moss, public relations officer of McCloskey General Hospital, spoke before the Austin Lions Club recently as guest speaker of State War Chest Manager Wayland D. Towner, he took with him two Texas heroes of the 36th, Corp. Richard Leno and M/Sgt. Bill Wasko.

Leno and Wasko were more than frank in letting the Lions know what wounded service men think of those who encourage "let down" rumors on the home front. They don't like civilians who sell their war bonds, either!

"Home was never like this!" That is probably what Willie Munzy of Galveston is thinking these days, as he lives in a sandbagged fox-hole in France. The army recently released a photograph showing Willie's battlefield home, with the Texas in the "doorway."

Kenneth Bennett of Pampa, Texas, who has seen much fighting in France, took time out to write a new military march, "Here Comes the Nineteenth." Wick Fowler, Dallas News war correspondent, liked it, sent it back, and soon it will be published and played on radio programs.

When Lt. Dan Gilmore's Flying Fortress exploded during a mission over Europe, the Luling bombardier experienced one of the war's most unusual escapes from death. He had just picked up his parachute when the blast came, and was hurled from the plane with the chute in his hands. He fell 10,000 feet before he was able to slip into the harness and pull the rip-cord, but he finally landed safely only three miles from the German lines.

Another Texan who marked up a new sort of record was Pvt. Dan Castro of New Braunfels. Dan was

When kerosene is used to kill mesquite trees it should penetrate to all of the buds beneath the ground at the base of the tree, says M. R. Bentley, agricultural engineer for the A. and B. College Extension Service. Some buds may be several inches below the surface, and a complete kill is necessary for successful eradication.

Before making a general application, Bentley suggests testing the depth a certain amount of kerosene will penetrate the soil. Penetration likely will depend upon the kind of soil, the moisture content and, possibly, the temperature, especially if diesel or fuel oil is used. The deepest penetration might be expected in sandy soil which is not wet and when the weather is warm.

A suggested test is to select six or eight trees about the same stump diameter and use a different amount of kerosene around each. For example, if the average stump diameters are about four inches, pour a quarter pint around one, a half pint around another and so on until the heaviest application is well above what is thought to be sufficient. A record of quantity of each application must be kept and notation made whether the ground is wet, moist, or dry, and of the temperature for future use.

Bentley says that it cannot be determined for a year or two whether the applications have killed all of the under-ground buds. However, a week or more after kerosene has been applied it would be worth while to dig the soil away from the base of the trees to find out how deeply it had moved down each tree base. Similar tests should be made with trees of larger diameter if such are on the acreage to be denuded, and with several of small diameter.

The purpose of these tests would be to determine within a few days about how much kerosene is needed to cover a tree base of a certain size down to a depth of some six or eight inches below ground surface under conditions which exist.

"It is a waste of time and material to apply an insufficient amount of kerosene to a tree," Bentley says.

advancing near Chateaux Salins, France, when his rifle jammed at a crucial moment, with Nazis dead ahead. He grabbed a grenade and hurled it. Just as the grenade left his hand, a German 88 shell exploded, the blast hurling Castro into the air and wounding three of his comrades.

When Castro came down, he landed on a German "S" mine, which bounced him up into the air again. Despite all this, and despite many wounds, he refused aid of litter-bearers and insisted upon helping other wounded men.

All of which proves that Texans really are tough.

(Berlin papers please copy.)

TO BE TRANSFERRED

Majors Field—2nd Lieut. William E. Robinson, Jr., who has been on duty at this north Texas basic pilot school, is scheduled to be transferred this week to the AAF Training Command post at Eagle Pass, Texas. The transfer is being effected because of the transition of this training station November 30 to a pursuit unit of the Second Air Force with headquarters at Colorado Springs, Col.

Mr. and Mrs. L. D. Offutt and children, George Quentin and Sara Evelyn, spent several days last week visiting with relatives in Brownfield and Lamesa.

Electrical Servants WORK SO CHEAPLY!

Electricity hasn't gone high hat! In these days of expensive help, you still have one servant in your own home who is on the job day and night, and who is working the same long hours at the same low pre-war wages. Today, the average American family receives about twice as much electricity for its money as it did fifteen years ago. For the price of a three cent stamp, your electric servant will wash your clothes, make your coffee and start your ironing — electricity spreads the penny out.

Senior News

The Seniors were very glad to hear of the results of the games at Benjamin last Friday night. In Civics we Seniors are having quite a time. We never realized that studying our government and its constitution would be so difficult.

I hear the rumor going around that the Seniors are going to have a party, if so, it will be the first one of the year. A party would do us good, don't you think so Seniors?

Sports News

Last Friday night was an exciting one for the Sunset Eagles. They took on the Benjamin Mustangs in three exciting games, winning two of them. The volley ball girls lost their game after putting up a good battle. The Juniors basketball boys won by a very small margin, the scores being 7-5. The Senior boys won their first victory of the season by piling up a score of 23-5 against the Mustangs. The Eagles will meet the Goree Wildcats Tuesday night.

Junior News

This week finds our class in the middle of another six weeks. For most of us it has already proved to be a very hard one. We have had our school carnival and athletic activities both mixed in our class work. This has proved to be a very mixed up affair. We are back down to earth again for the carnival is passed and forgotten and we opened the basketball season with a bang. The boys in Home Economics have spent the past week making pies. I think the specialty of most of the boys was a delicious Karo Pecan Pie. Evidently they must have been pretty good for they disappeared pretty fast and we didn't have any complaints about anyone getting sick. The boys are supposed to make cinnamon rolls Tuesday. Here's hoping they turn out good.

The Juniors are getting in a little extra cramming for an English test which is inclined to be a little hard for the majority of the class, but as in most all schools we have a few who have forgotten about their notes and come to class with a very quizzical look on their faces. Our Junior class boys put a good standing last Friday night at Benjamin.

Sophomore News

Everyone seems to be enjoying the nice cold days we are having (or are they). The Sophomores are pretty busy these days writing themes, learning how to work new algebra problems and reading poetry in literature. It seems that in our algebra II class two girls just can't get the hang of how to work a certain kind of problem.

Several girls in our class are coming out for volley ball this season. We hope they make the main team.

Freshmen News

Well we're starting another hard week's work. All our teachers seem to think of giving us our three weeks test on the fourth week in

school. We are looking forward to Thanksgiving Day and that big turkey.

We often hit a hard spot in our algebra but somehow we pull through.

All the Freshmen agree that this has been their easiest year in school. It is either easy or we are taking it easy. For none of us made the honor roll. Bobby Fitzgerald visited relatives in Weatherford over the week end.

Carlyne made a trip to the dentist at Wichita Falls last Monday. Joe Edd's brother, Pvt. Houston Sweett, of Camp Wolters, visited home folks Saturday and Sunday.

The girls volley ball team will play Goree Tuesday night.

Eighth Grade News

In History we are studying about the beginning of the Political Parties. We find this very interesting. In English we are having parts of speech. We had a test over this on Friday. All of us made pretty good grades.

In Mathematics we are studying about profit, margin and expenses. In Geography class is studying about mining. We find this very interesting.

We are sorry that some of our class mates were absent on Thursday and Friday because of the rain.

Seventh Grade News

Patricia reports a nice time in Faxon, Oklahoma visiting her grandmother and grandfather. She also saw one German prisoner at Tipton, Oklahoma helping gather cotton.

Betty Sue and Betty June have just missed one word in spelling and they both missed the same word.

Tommie's uncle Edgar Beecher and wife are leaving for Nashville, Tennessee.

We are playing volley ball now, and the girls gets a period off to play.

Fifth and Sixth Grade News

Since our news wasn't published last week, we are going to say again how glad we were to have Gerald Ray place the crown on the sixth grade candidate, Gloria Jean Michels, for queen of grammar school.

Ronald Clyde, Shirley Yost's little brother, celebrated his first birthday yesterday by taking three steps alone.

We are enjoying our new English workbooks. Shirley Yost and Roy Dykes were best citizens last week.

Third and Fourth Grade News

Barbara Jo had a birthday Saturday. She is now ten years old.

Elaine's aunt, First Class Private Mammie Crouch of the U. S. Marines has been visiting her. Also her grandmother, Mrs. J. M. Crouch of Lamesa is here on a visit.

Charles Everett's uncle and aunt, Mr. and Mrs. Edgar Beecher have been here on a visit. They left this morning for Nashville, Tennessee.

Mildred's cousin, N. T. Green, had a car wreck on the way to Munday Friday. His aunt was badly hurt.

Sunday, Goldie's sister, Mrs. Pessie Ruth Davis and a friend from Fort Worth visited here.

Donald is happy over his new pets, twin calves. We are glad that the sun is shining, the buses are running and all of our pupils are in school.

Jack and Paul's cousin, Mrs. Annie Floyd, lost her home by fire Sunday morning.

First and Second Grade News

We are glad to have Bobbie Jean with us again. She has been gathering cotton.

Jackie is absent today. We hope he is not ill. Joyce Lee is absent because she has a cold. Jerry is absent also.

Robert tells us that his kitty has ten babies.

Nell spent the week end visiting her grandparents in Oklahoma. She went by a German prison camp and saw some of the prisoners of war.

Donald wanted to attend Sunday School Sunday, so he just walked even though it was muddy.

The first grade has turned in fifty five cents for the Junior Red Cross. The second grade has turned in one dollar and ninety cents. These children are very happy to have a small share in contributing to such a worthy cause.

Mrs. Wade Mahan and Mrs. J. C. Harpham visited with Mrs. Agnes Mayes and Dr. and Mrs. E. M. Roberts in Amarillo several days last week, returning home on Sunday.

CARD OF THANKS

We take this means of expressing our deep appreciation to our many friends and acquaintances who assisted us during the time and after our home was destroyed by fire. Your kind deeds will always be remembered.

Mr. and Mrs. J. C. Decker and Children.

James E. Ferguson was a stump speaker unsurpassed. His oratory ranged from resounding phraseology: "Fearless as any man who ever flashed a falchion in the face of a foe," to "I spit on the chip and double-dog dare him to knock it off."

Of a pompous opponent, Ferguson declared, "He has only two methods: blubber or bluster."

Crowds shrieked with joy as he described a scene wherein (according to Ferguson (an adversary made a frantic plea for a loan to avert disaster and "they tell me he actually got down and wallered on the floor like a cow with the cramp colic."

Frenzied supporters yelled, "Pour it on!" and Farmer Jim obliged by relating that the episode took place in a skyscraper and a conferee, noting the absence of a certain rich man, hurried to the phone and urged, "Get over here quick. So-and-so is on the seventh floor of this building, threatening to jump out the window if he doesn't get the money." Back over the phone (Ferguson narrated) came the reply, "Open the window and let the darn fool jump."

Master of ridicule and denunciation, he uttered the biography of a political foe in a sentence. The man had made a fortune through the discovery of oil and then had seen it swept away. Ferguson said of him, "Rich by accident, poor by

ignorance." But Jim Ferguson could reach dramatic heights—as when, in Houston during one campaign, a large part of the crowd tried to howl him down. He walked to the edge of the platform and, in measured tones, declared:

"Let the historian write it down that on this night came James E. Ferguson to the city of Houston, named for the liberator of Texas, and almost within sight of the Lattifield where freedom was won—and was denied the right of free speech." Quiet descended.

This tribute, the day after his death, was paid to the former Governor by Judge J. W. Strode of Conroe. "I do not for one moment think it was necessary but if I am mistaken in this and if it was a part of the divine plan that he should ask for mercy at 2:45 p. m. yesterday when he knocked at the gates of the far beyond, I know he did so clear-eyed and with confidence, because he had extended mercy abundantly.

"Governor Ferguson was very, very human. Possibly, and without personal gain, he went too far for his friends. Possibly, at times, he was too uncompromising toward his enemies—but whatever you may think of any mistake made in his long, sad and serviceable career, I feel and know that in the court where his conscience shall sit as judge, he will stand acquitted, pure as light, as stainless as a star."

LOCALS

B. L. Blacklock and Winston Blacklock were business visitors in Dallas last Tuesday.

Mrs. Don L. Phillips and Mrs. Joel Massey were business visitors in Wichita Falls last Saturday.

Mr. and Mrs. Clayton Wren and family visited relatives and friends in Seymour last Sunday.

Sports News

Last Friday night the Moguls played their last game of the season with the Albany Lions. Although only winning one game, the Moguls say that they really enjoyed playing, and all are looking forward for next year's season to open.

The Moguls regret that they lose three of their most valuable players this year. They are Herbert Stodghill, a tackle; Toby Lane, an end; and Zack Gray, another tackle. We hope we can get three more boys in there that are just as good.

We have sixteen lettermen this year; that is, sixteen boys played at least twelve quarters the whole season. These lettermen are: Lloyd Haynie, Johnny Spann, Toby Lane, Joe Spann, James Cadwell, Harold Green, Kelton Tidwell, Lloyd Zack Gray, Billy Bouldin, Charles Roden, Clifton Swain, Don Waheed, Kenneth Harrison, Wayne Rogers, Herbert Stodghill, and John Brown.

We are still looking forward to a swell football banquet Friday, December 8.

Junior News

The school was surprised the seventh period Monday when the picture man arrived—some of the kids were glad to see him, but others were—well, sorta disappointed. But despite the sweet poses and frowns, everyone finally came to the conclusion that the pictures really looked like them; at least resembled them. We do hope the man's camera wasn't broken.

Well, the football season is over; ending with the game with Albany Friday night. The victory was theirs, the score being 20-0. There were many times the victory wasn't ours, but the boys kept up their spirits and held their standards high. We can truthfully say, along with the rest of the Munday fans that this was the cleanest football team that we have ever had. Good luck to you, Moguls, and may you win all the victories next year and

the years to come.

Sophomore News

We believe that we can safely say that the sophomore class was the first class in high school to become 100 per cent in the Red Cross drive. Everyone contributed something. We know that what little money we gave will help some soldier or sailor in what, to us, will look small, but, to him will mean a lot. Although we know nothing of what these men endure while they are in the armed forces and away from home, we know that they are treated better than any other armed forces in the world.

We sophs would like to challenge all the other classes of Munday HI to compare their second six weeks grades with those of the Sophomore class. If it is all right with the rest of the classes we can compare the grades each six weeks and maybe we will all be encouraged to make better grades in the future. So come on, kids, let's get down to work and see which class really has the brains of old Munday HI.

Last week we said that the man with the camera and the proofs had arrived. He has, but it happened to be this week. He was scheduled to be here last week, but as long as he has arrived it seems all right. Please pardon the mistake.

Football season is over. We owe those boys more than money we owe them our thanks, our congratulations, and our sincere compliments. Even though we won only one game, we played football until our last game. We have other years to play football, other years that offer us the best of chances to win all football games that we play. Each year that we play, we look forward to the next year or two. So don't feel sorry for our boys because our boys are not sorry for themselves. And let us not forget our coach who did a swell job in coaching the boys. Let us thank the coach, and the boys of Munday HI for the splendid manner in which they have represented our school this year.

Freshmen News

Football season is over. There were three boys in our class to letter. They were: Billie Bouldin, Clifton Swain, and Don Waheed. In order to letter a player must play at least twelve quarters. Our class is very proud of our players for some of their brilliant football. They did a good job, but we know that they will do even a better one next year. We also wish to thank Joe Morrow, our coach, for spending so much time and patience with us.

Basketball season will begin sometime this week. Most of our boys are planning on playing. We sincerely hope they have better success in basketball than they had in football. We know they will, and wish them all the luck in the world.

Our bruises are still severe from the skating party we had last Friday week. We had a good time, and are planning to go again soon. Our large class is now one

smaller. R. L. Kirk, a very good friend and student, left last week to go to Slaton. We hope he likes his new home, but that he won't forget Munday and all his friends here.

Eighth Grade News

Everyone is glad that we got out November 30th for Thanksgiving. We hope everyone has a happy and joyous one.

Well, the play finally rolled over with a bang! Everyone is glad about it. We were complimented greatly many times.

The whole school seems to be dreading next week because it is exam week and confidentially we think it's a shame.

We got our pictures and honestly we didn't take very good ones, and the boys took nicer ones than the girls. We have threatened Mrs. Moore with everything but murder so she would give us a picture of her.

Fourth Grade News

We are happy to say that we have a new student, Glendon Wallace.

We have had quite a few absences this week. Eleatha and Johnny Green have been absent all of this week nearly. David Eiland was absent yesterday.

LOCALS

Mrs. Emmett Branan returned home last Friday from Dallas, where she visited her son-in-law and daughter, Mr. and Mrs. Tug Nesbitt, for about ten days. Mrs. Nesbitt and little son, Lynn Royce, accompanied her home and are visiting relatives and friends here this week.

Mr. and Mrs. Sidney Lee of Fort Worth visited with Sidney's parents, Mr. and Mrs. O. W. Lee, over the week end.

Mrs. W. W. Pusey and little daughter, Mary Faith, of Lexington, Va., came in last Friday night for a visit with Mrs. Pusey's mother, Mrs. J. R. Smith, and with other relatives.

Lloyd Routon, who is stationed at Camp Wolters, came in last week to spend a furlough here, coming at this time because of the illness of his daughter.

Mrs. Arthur Smith Jr., was a visitor in Wichita Falls last Sunday.

Mr. and Mrs. Bob Hicks spent the first of this week in Fort Worth, visiting with relatives.

Cpl. Dorse Collins, who is stationed at the Amarillo Army Air Field, spent the week end here with his mother, Mrs. Ora Collins, and with other relatives.

AT CAMP WOLTERS

Camp Wolters—Pvt. Loyd Watson Routon, of Munday, has arrived at this infantry replacement training center to begin his basic training as an infantryman. He has been assigned to a battalion stressing heavy weapons training.

"Freedom Kitchen" Named In Contest Of Gas Industry

"The New Freedom Gas Kitchen," is the same name selected for the postwar co-ordinated kitchen to be promoted by the gas industry to make the American housewife's cooking responsibilities easier and more economical. The name was the winning entry among 5,134 turned in by gas industry employees throughout the United States and Canada in a contest conducted by the American Gas Association. The winner was Everett A. Taylor of the Providence (Rhode Island) Gas Company, who was awarded \$500 in War Bonds. "The New Freedom Gas Kitchen" will be used extensively in the advertising of the gas industry.

R. M. Scofield of Dallas, chief meter and regulator inspector for Lone Star Gas Company, received a \$100 War Bond as one of the nine regional winners. His entry was "The Matchless Service Gas Kitchen." Gas company executives generally have indicated their intent to show and advertise the most modern gas kitchen available and

new freedom will be the keynote.

The gas industry is developing a packaged kitchen which will contain a gas range, gas refrigerator, sink, and cabinets and will be so ventilated that it will be cool in summer and warm in winter, and also will remove cooking odors. The contest was held to get a name for this modern kitchen, which will be ready after the war.

Already providing the cooking fuel for 19,500,000 families in the United States, the gas industry believes that cooperation with manufacturers will make it possible to simplify production of modern gas kitchens for millions of homemakers.

Mr. and Mrs. Oates Golden were visitors in Dallas the first of this week.

Pvt. A. E. (Sappy) Bowley left the first of this week for his training camp in Alabama after spending a 15-day furlough here with his wife and with other relatives.

Mr. and Mrs. R. C. Henry of Floydada visited in the home of Mr. and Mrs. C. P. Baker the first of this week.

Miss Mayme Crouch, who is in the U. S. Marine Corps and stationed in North Carolina, and Miss Dorothy Crawford of Ballinger visited with Miss Ruth Baker and other friends here over the week end. Both are former teachers in the Munday schools.

Sgt. and Mrs. Dan Billingsley and little son, Jerry, came in last week end in Haskell, visiting with week from Independence, Kans., relatives.

Bob Billingsley of Odessa spent the week end here with his parents, Mr. and Mrs. M. F. Billingsley.

Mrs. J. W. Roberts spent the week end in Haskell, visiting with relatives.

Local Red Cross Prepares Packages For Service Men

Local Red Cross—The Knox County Chapter of American Red Cross, through its various community chairmen, is preparing Christmas packages for men in service—men on the high seas, and those in hospitals.

Several packages have been prepared for men on the high seas. These had to be in this week, Thursday, November 23, being the deadline for them to reach Sheppard Field. They contained such articles as memo pad, pencil, camphor soap, handkerchiefs, paper-backed novels and cigarettes. Alternate articles were water-proof pouches and snapshot cases.

Boxes for the hospitals (value \$1.00 per box) may contain such articles as: Shaving and toilet articles, playing cards, billfolds, clothes brush, handkerchiefs, writing portfolios, nail file and clippers, books, and home made candies. Sugar may be obtained from the rationing board by the organizations for this purpose.

These packages must be ready by December 20.

The Knox county chairman of camp and hospital service is Mrs. Bedford W. Smith of Knox City, and Mrs. E. F. Heard of Goree is alternate. Others on the committee include Mrs. H. A. Pendleton, Munday; Mrs. Earl Sams, Benjamin; Mrs. T. B. Masterson, Truscott, and Mrs. E. Q. Warren, Knox City.

If you are interested in making a happier Christmas for our service men and do not have a share in it, contact the committee member in your community.

Auction Sale Reports Big Run

The Munday Livestock Commission Co. reports a big run of cattle and hogs for last Tuesday's sale. All classes of cattle sold 25 cents to 50 cents higher than a week ago.

Canner and cutter cows sold from \$4.50 to \$6.75; butcher cows, \$7 to \$8.75; fat cows, \$9 to \$11.50; beef bulls, \$8.25 to \$9; butcher bulls, \$6.75 to \$8; butcher yearlings, \$8.50 to \$10.75; fat yearlings, \$11 to \$13.50; rannier calves, \$6 to \$7.50; butcher calves, \$8 to \$10.75; and fat calves, \$11 to \$13.50.

Several bunches of stocker calves sold by the head from \$27.00 to \$40.00, while some stocker cows and heifers sold by the head from \$57.00 to \$65.00.

At one time there were over 5,000 Shaking Quakers, or "Shakers" as they were called, in America. Now there are less than 50.

Candlelight Glamor

MIX-MATES step out for evening! This handsome blouse of a beautifully textured rayon print, teamed with a long rayon crepe skirt, is ready for bright-light doings. With a short skirt, it looks right for dress-up afternoons—in formal evenings. Remember that party clothes deserve fine finishing details and carefully tested fabrics as much as workaday garments. A wise buyer chooses styles suited to the occasions on which she expects to wear them—made of rayon fabrics whose labels assure her that they have been laboratory tested.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M. D., State Health Officer of Texas

Austin—The first Thanksgiving in this country was proclaimed for the purpose of expressing thanks not only for the bountiful harvest which the colonists had reaped but for the sturdy health and endurance that had permitted them to survive the hardships and exposures, that first rigorous year in America. On the occasion of this Thanksgiving Day the State Health Officer, Dr. Geo. W. Cox, is appealing to every citizen of Texas to give serious thought to the preservation of his own health and that of his community as a contribution to the world war effort.

"We have much to be thankful for in that our national health level has remained high despite the nervous tension, the sacrifices, and deprivations of war," Dr. Cox stated. "Our people have maintained a remarkably high health level and even under existing war conditions, Texas has shown a continued decline in material and infant deaths."

"The people of Texas have season to be thankful for the steadily increasing interest and cooperation being shown in matters pertaining to general sanitation and the control of communicable diseases," Dr. Cox asserted. "Responsibility for the success and advancement of the public health program lies not with the State Health Department primarily but with the people who support and encourage the local community efforts exerted and who apply in their own individual lives the health rules with which they have become acquainted through public health education."

Dr. Cox pointed out that one direct result of public health efforts in this nation has been the lengthening of the normal life span by more than 15 years.

"Certainly this is something to be thankful for and it should lend incentive for further efforts to promote and maintain community as well as statewide public health programs."

Cotton Picking Machines Proving To Be Practical

LUBBOCK—Mechanical cotton picking is practical and will eventually be the chief means of harvesting the South's greatest crop, in the opinion of cotton men who witnessed a demonstration of a mechanical picker on Texas Tech farms the past week.

The machine used in this experiment was the McCormick-Deering Cotton Picker, known as the spindle type, though there are several other machines being manufactured. This machine is manufactured by the International Harvester Company of Chicago after experimental work covering the past 20 years.

There are two types, the single row and double row, and both are made in two sizes, one for cotton of medium height and one for the taller cotton. The small picker with tractor sells for \$1850 and the large one with large tractor sells for \$3850.

This single row picker will cover an acre in one and one-half hours. The double row picker covers two acres in the same time. Ten of the single row pickers were manufactured this year and two have been purchased and are in use on the South Plains.

With cotton yielding three-fourths of a bale per acre, it is estimated that the cost of picking is \$5 per bale. According to careful checks 95 per cent of the open cotton was picked. Green, unopened bolls are left on the stalks. The sample of cotton gathered by the picker is much better than when the cotton is "pulled." Cotton left on the stalks may be gathered later by "stripping."

Defoliation, a chemical process which removes the leaves from the cotton stalks, is necessary if the mechanical picker obtains maximum results in the opinion of cotton authorities.

MAKING HISTORY! THE MAN-MADE MIRACLE TIRE

GOODYEAR MILEAGE
Here's what you've been waiting to hear! The treadwear of today's Goodyear synthetic rubber tires is equal to average pre-war tires... under all sorts of driving conditions.

GOODYEAR STAMINA
The Goodyear skills, developed through 29 years of Goodyear research, build extra safety and wear resistance into these new tires.

GOODYEAR VALUE
Now, as always, you get the most miles for your money when you buy a GOODYEAR... the name that is famous for PLUS PERFORMANCE.

NEW LOW PRICE \$1605 plus tax
Size 6.00-16

GET THE NEW GRADE-1 GOODYEAR

NOW! GET NEW TUBES WITHOUT A CERTIFICATE
\$3 63 plus tax
Size 6.00-16

Come in, and let us check up on your old tubes... if they're wearing thin, replace them with new Goodyears. Sound tubes assure proper inflation, which results in long tire wear and freedom from trouble.

MUNDAY, TEXAS

Did You Know?

By Doyle G. Thomas, Secretary Knox County A. C. A.

That the A. A. A. Committee elections will be held between December 11 and 16.

That the A. A. A. Committees will decide whether you can draw money for a practice carried out on your farm.

That farmers and ranchers of Knox county have built 162 earthen dams and tanks for a total yardage of 321,763 in 1944. A payment of \$47,272.20 has been paid for this yardage by the A. A. A.

That farmers and ranchers have built 238,087 feet of terraces. The A. A. A. has paid \$3,666.12 for these terraces.

That farmers and dairymen have received \$7,979.26 subsidy for the milk and cream they have sold since the program began last fall.

That farmers and dairymen are receiving a payment of 10c per pound for butterfat and 70c per hundred pounds for whole milk for the September and October sales and that the closing dates for these payments is December 31, 1944.

That Britain's wartime farm production deserves study, both because of its amazing record and because of its post war implications.

That Britain output per farm per man, or per acre, was already high-

Big Business

A LOT of the writing and talking that's going on these days about "big" business seems to miss one pretty important point. In judging bigness solely by such things as number of employees, size of payrolls, or volume of sales, it overlooks the size of the job the particular business is required to do.

After all, any business exists because there's a demand for the things it produces or the services it renders. And it must either grow to the size necessary to satisfy these demands, or else make way for a competitor that can provide what is wanted.

The war has shown that America's factories and farms can meet demands that would have been fantastic in pre-war years. This is a big country; there will be as big jobs to be done in peacetime as any the war produced. It will take the right kind of "big" business to do them. And whether it operates a 100-acre farm, a garage, a bank, or an industry with 100,000 employees—this kind of big business, which serves the public satisfactorily and with integrity, will continue to be the foundation of America's strength and security, in peace as in war.
