## COUNTY 4-H CALF SHOW PLANS COMPLETED

Celebrate Golden Wedding Anniversary

Mr. and Mrs. J. F. Simpson, above, recently celebrated their golden wedding anniversary here. Mr. and Mrs. Simpson were married near Belton, in Bell county, Texas, January 15, 1888. They have resided in this city for the past year.

### Speaker Announced Chamber Commerce Banquet February 18

**Dr. Thomas H. Taylor Named Main Speaker**

The annual Chamber of Commerce banquet program and main speaker were announced this week at a special meeting of the board of directors of the organization.

Dr. Thomas H. Taylor, president of Brownwood, Texas, will be the main speaker of the evening and the main part of the program will feature J. B. Moreno, magician of Wichita Falls.

Tickets for the affair went on sale last Monday W. E. Braly, chairman of that committee announced and he stated that the limit of 150 would be easily filled, and urged business men to buy theirs before they were sold out.

G. R. Eiland, head of the nominating committee stated that progress had been made by his committee and that a nomination list will be presented at the banquet to be voted upon at the election of officers.

The banquet will be held Friday night, February 18 in the elementary school auditorium, beginning at 7:30 o'clock, T. G. Bengel, retiring president, announced.

### Bridge on Salt Fork of Brazos Given Approval

Plans are being prepared for a bridge and approaches over the Salt Fork of the Brazos River on Highway 16 between Knox City and Benjamin, according to announcement last week from the State highway department.

Building of this structure will be a much-needed improvement for that section. Business men of Knox City and Benjamin have been working to secure approval of the project for several months.

State Highway Engineer Julian Montgomery stated that as soon as engineer's plans for the bridge were completed, contractors' bids would be sought. An appropriation of \$150,000 has been allotted for the project.

Actual work is expected to start within 90 days. More than fifty men will be employed and it will require six months to finish the project, it is estimated.

## Basket Tourney Opens Friday

### TEAM SCHEDULE NOT TO BE MADE UNTIL THURSDAY

Sunset is Doped To Repeat As Knox Champions

### SENIOR GIRLS WILL BE CLOSE

Finals Will Be Played Saturday Night

The Knox County Interscholastic League will stage their annual county basketball championship here Friday and Saturday of this week, L. M. Palmer, director, announced.

Teams entering the meet will not be bracketed until Thursday afternoon (today), Palmer stated, thus no schedule of the tourney can be given out.

Junior boys, Senior boys and girls will be played and the finals of all divisions will be played Saturday night in the local gym.

Sunset, winners of the senior boys last year, is doped to again cop the crown, having defeated every contending team in the county regularly during the season. Truscott, last year's other finalist, has not indicated whether they will have a team here this year, however, it is believed that they will be represented.

### Building Permits Increased During Month of December

Austin, Texas, Feb. 10.—Reports furnished by the University of Texas Bureau of Business Research by chambers of commerce throughout the State indicate total building permits of \$5,406,756 in 34 cities during December, up 39 per cent over November but down 16.6 per cent from December, 1936. Aggregate permits for the entire year in the cities were \$62,218,411, a decline of 0.03 per cent from 1936.

### Anniversary of Fire Department Observed Monday

The Munday Fire Department celebrated their 16th anniversary last Monday night with a stag feed and an impromptu program.

The present department members had as their guests seven charter members of the organization and three members of the city council, the mayor, and city secretary.

Harvey Lee, president, presided over the meeting which followed the feed. Short talks by charter members, a short dedicatory prayer service for three deceased members, interesting conversation and games consumed the evenings entertainment. Music was furnished by Pete Barnes string orchestra.

One interesting feature brought out during the meeting was the status of the city key rate for fire insurance. It was stated that at one time Munday had the highest rate of any small city in the state, at 95, which had been lowered through the efforts of the organization over the period of 16 years to 33. Riley B. Harrell, city secretary, stated that Munday now has one of the lowest key rates of any small city in the state.

Charter members attending were: L. D. Barnes of Stamford, Dr. Joe Davis, Cotton Burton of Sunset, T. E. Rigby, R. B. Bowden, Ardell Spelece, and Jack Mayes. Rigby, Bowden and Spelece are still active members.

Councilmen attending were: P. V. Williams, Ben Blacklock, and John Terry, Mayor D. C. Osborne, and City Secretary, Riley B. Harrell.

**Enters School**  
Chancy Hobert, son of Mr. and Mrs. L. W. Hobert of this city, left this week for College Station where he will enroll in Texas A. & M. college for the second semester school work. He will be listed as a sophomore, having completed one and one-half years work at A. C. C. in Abilene.

### McDonald Announces For Re-Election

J. E. McDonald, today announced for re-election to the office of State Commissioner of Agriculture. Advocates protection for cotton farmers of south by Domestic Allotment Plan.

### R. V. BURTON SEEKS OFFICE OF COUNTY TREAS.

The Munday Times is authorized this week to formally announce R. V. (Bob) Burton of the Sunset Community as a candidate for the office of County Treasurer, Knox County, subject to the action of the Democratic primary, July 23.

Mr. Burton has been a resident of Knox County for the past 31 years. He has been engaged in farming and has never asked for a public office before. He consented to make the race after many friends from all parts of the county solicited him to get into the race.

Mr. Burton states that, if elected, he will try to give the people of the county the best service possible and will always be found working for the best interest of the county.

Mr. Burton will try to see each and every voter of the county between now and July 23rd, but he asks that you take this as a special request for your support.

### Attorney-General Candidate

Former Secretary of State, Gerald C. Mann, of Dallas, today became an active contender for the office of Attorney General of Texas when he formally announced his candidacy for that office.

### 29 CALVES WILL BE SHOWN AGENT RICE ANNOUNCES

Show Will Be Housed In the Stodghill Building

JUDGING SET 1:30 SATURDAY

Barbecue For Boys And Parents At Noon

Final arrangements were completed for the Knox County 4-H calf show by the Munday Chamber of Commerce in a meeting of the calf show committee and board of directors Wednesday afternoon. The show opens at 9 o'clock Saturday morning.

For the first time since inauguration of the calf show the affair will be housed, chairman of the committee in charge, W. R. Moore, stated this week.

The Stodghill building, one-half block south of the Moore Chevrolet structure has been secured and is in readiness for the stock exhibits. The building has been white-washed throughout and will have ample room for the show. A wash rack that can be used to wash down the calves will also be available to club boys inside the building, it was announced.

The show will be the largest in the history of the county, W. W. Rice, county agent stated, with 29 calves to be on display, fed out under his supervision. Rice also reported that all ribbons for the winners, another new phase of the calf show winners, the large grand champion rosette, and the \$80 cash awards are all in readiness to be given following the judging. Each boy entering a calf will receive at least \$2.00.

At noon the local chamber of commerce will stage a barbecue feed for every club boy of the county, all of whom are invited. After the club boys have been fed, the parents of the boys will come (Continued on Page 8)

## Cotton Provisions Of Farm Bill Announced

### \$625 PLEDGED FOR GRIDIRON LIGHT SYSTEM

Final Arrangements To Be Completed Friday Night

At the regular meeting of the Munday Lions Club Wednesday at noon, in the Eiland Hotel, it was disclosed that \$625 had been pledged for purchasing bonds to light the high school athletic plant.

Final arrangements between the Lions club committee, the board of trustees and baseball men will be made Friday night at a called meeting of the club board of directors before the plans are put through for final completion.

It is believed that the plan will be worked out satisfactory to light the field for both football and baseball, however, should no agreement be reached with baseball enthusiasts the football project will be carried out.

It is believed that within the next two weeks that enough money will be pledged to build the lighting system.

Approximate figures indicate that the field can probably be constructed for \$1,600 for both sports and for football alone the cost is estimated at something like \$1,000 to \$1,100.

The program for the meeting was in charge of Lion Dr. J. H. Bass and was entitled "Liberty." Short talks were given by Lion President R. R. Davenport, and Lion Secretary Wade Mahan on the "Meaning of Liberty" and "Dangers to Liberty."

### Munday Grocery Stores to Close All Day Sunday

Following a meeting of all grocery men of Munday this week, it was announced that all grocery and meat markets will be closed all day Sunday in the future.

The grocery men urge that the citizens cooperate with them in the move in order that they may observe Sunday, and each of the firms stated that they will positively not open during the day.

Firms cooperating in the Sunday closing are Atkinson's Food Store, Clover Farm Store, Piggly Wiggly, Holders Grocery and Market, Blacklock Grocery and Haney Grocery.

If you drink, don't drive. If you drive, don't drink.

### Measure Passes House 2 to 1; Before Senate Now

Following is a digest of the provisions of the conference report of the farm bill insofar as cotton is concerned. The report came before the House of Representatives Tuesday and the Senate Wednesday.

**Benefits**  
No benefit payments for cotton are appropriated other than those hitherto payable under the Soil Conservation Act. This means the benefit payments for the 1938 cotton crop will be about \$100,000,000, or somewhat less than half the amount for the 1937 crop, which included \$130,000,000 appropriated at the last regular session of Congress for price adjustment payments.

To qualify for the benefits the grower must conform to the Soil Conservation program, planting to cotton only such acreage as will be allotted to him by his local county committee.

Landlords, tenants, share croppers are to receive soil conservation payments in proportion to their respective contributions to the carrying out of soil conserving practice. No change in the relationship between landlord and tenants or share croppers is permitted to increase the landlord's payments. There are provisions to increase small payments by specified percentages, and to limit the payment to any one person to \$10,000, the latter limitation not applicable, however, to 1938.

**Acreage Allotments**  
On or before Nov. 15 for subsequent crop years, and within 10 days after enactment of the bill for the 1938, crop, the Secretary of Agriculture must proclaim the national cotton allotment. The allotment will be the number of bales which, with the estimated carryover, will make available a supply equal to a normal year's consumption and exports plus 40 per cent.

For 1938 the minimum cotton allotment is fixed at 10,000,000 bales, plus an amount to give every county not less than sixty per cent of its 1937 acreage which might bring the total to about 10,700,000 bales. Due to large carryover which will be on hand this summer, this provision practically sets the goal for the 1938 crop at 10,700,000 bales.

The national allotment is apportioned among the States on the basis of their production for the five preceding years, with allowance for acreage diverted under previous programs, and the bale allotment for each State is translated into acres by dividing it into the State average yield for the five preceding years.

Two per cent of the acreage allotment for each State is available for farms not producing cotton the past three years. The remaining 98 per cent is apportioned to the (Continued on Page 8)

### J. B. KING IS HI-JACKED AND BEATEN THURS.

Stolen Car is Found Wednesday In Pasture

The 1934 Chevrolet sedan, stolen from Joe Bailey King last Thursday night after he was hi-jacked and beaten by two unknown assailants, was recovered Wednesday by nightwatchman Franklin and Sheriff Louis Cartwright.

The machine had been abandoned in a pasture about 12 miles southwest of Munday on the Herring farm and was discovered by Herring who notified Haskell county authorities. The thieves had not stripped the car.

Officers reported no trace had been found of the men who hi-jacked King after he had left his garage. He was accosted by two men, one brandishing a shotgun, which King brushed aside and started to run.

He was knocked down and severely beaten by the two men, receiving lacerations and bruises and slight concussion. He was reported to be recovering nicely.

The two men took \$35 in money from King and an Elgin watch and drove away in his automobile.

Immediately following the incident officers from Baylor, Haskell and Knox counties spread a wide search over the three counties to no avail. Fairly accurate description of the pair was broadcast over police stations in a wide area.

### Funeral Services Held for Duckett Child on Tuesday

Funeral services for Jimmy Louis Duckett, seven weeks old son of Mr. and Mrs. S. L. Duckett of Graham, fatally injured in an auto crash, were held Tuesday morning in Graham.

The child was killed when the Duckett car and another machine occupied by two Munday men crashed head-on near Seymour Sunday afternoon.

The Ducketts formerly lived in this city. Interment was made in the Graham cemetery. A staff of 55 persons, exclusive of artists, will be needed to man the radio set-up of the 1939 Golden Gate International Exposition, according to Arthur Linkletter, director of the radio division.

### Annual Meeting Of Association Held Last Monday

More than 200 members of the Stamford Production Credit Association and their friends heard Secretary-Treasurer J. L. Hill, Jr., and the Board of Directors of the association report on the association's progress during the past year at a meeting held at Stamford on February 7, 1938. Reports showed that this cooperative lending institution has made loans to its members amounting to more than \$822,000.00 during 1937. Other reports showed that there are now more than 344 local holders of stock in the association and that the total amount of locally owned stock and net earnings at the end of 1937 was \$34,901.00.

Other speakers at the meeting included M. C. Welch, Federal Intermediate Credit Bank, Houston, Texas.

J. B. Pumphrey of Old Glory, and Clark Forbis of Afton were elected to serve as directors. Other members of the Board of Directors are W. C. Church of Merkel, J. F. McCulloch of Stamford; and Wm. Griffith of Knox City.

In addition to the business transacted, an entertainment program was presented which included a chuck wagon dinner at the Cowboy Reunion bunkhouse, and music by the Stamford Blue Melody Boys.

### Read the Want Ads For Bargains

Read the Want Ad section in this weeks Times and find bargains that you want, sell that item or buy what you need. Then too, two persons are listed as guests of the Times at the Roxy Theatre Sunday or Monday.

The guests this week will see "Thoroughbreds Don't Cry," a loveable picture featuring young movie stars.

## NOTE THE EXPENSE RISE

The cost of traveling expense of government employees for 1937 compared with the traveling expenses in 1936 gives the taxpayers a new thrill in the cost of government. For the last year ending August 31, 1936, the state paid for traveling expenses, \$1,057,867 (January 1936 Tax Journal), and for the year ending August 31, 1937, the traveling expenses amounted to the enormous sum of \$1,344,312 or \$286,445 greater in 1937 than in 1936, which is an increase of 21% in 1937 over 1936.

## YOU ARE A LAWBREAKER!

Yes, you are a lawbreaker. Almost everyone who drives a car is a lawbreaker. Doesn't it make your skin crawl to think that one of your law-breaking moments might result . . . today or tomorrow or next week . . . in the death or serious injury of one or more fellow travelers? This law breaking idea is not mere editorial palaver. Figures tell the tale more horribly, more crushingly than words.

When the State Highway Department checked traffic on the southeastern side of Snyder late in January, they gathered some figures that brand most of us as potential traffic hazards. That check, unknown to most folks, was made for the purpose of finding how many times rules of the road are violated by highway users—and in how many ways.

The result: About 400 traffic law violations in one little spot on one average highway in only 10 days!

Road accidents take much heavier tolls than wars and pestilence. In Scurry County alone, in 1937 road accident victims were more numerous than epidemic victims. More persons were killed in 12 months within 50 miles of Snyder than you can count on all your fingers and toes!

Yes, most of us are traffic law violators. Most of us are potential murderers, driving carelessly and childishly and trusting often disastrously in paint-gilded chariots that have no brains.—Scurry County Times.

Because London dogs walk unexpectedly in the streets and cause traffic accidents, the London police instituted a free school to train the animals in a better behavior while promenading. Dog owners were so delighted that there is a long waiting list.

## NOBODY'S BUSINESS

By JULIAN CAPERS JR.

Austin.—Ending the parade of witnesses who for two weeks have told interesting, but conflicting, stories of the operation of the State Land Office, under the administration of Bill McDonald, the Senate investigation this week was indefinitely recessed, subject to the call of Chairman Tom Holbrook. It is expected the probe will be resumed later.

The investigation apparently has developed nothing to justify a special session of the Legislature, since the evidence of maladministration by McDonald obviously was not sufficiently strong to sustain an impeachment move. It did reveal, however, a need for legislative revision of the statutes governing the leasing of State school lands, the filing of vacancy claims, the administration of the office. This legislation, which probably will be delayed until the next regular session, will doubtless seek to limit the discretion and authority of the Land Commissioner, it probably will define more closely the manner of leasing, and will undoubtedly vest in a board—probably including experienced oil men—many of the powers now administered by the Commissioner.

Effect upon McDonald's political fortunes, however, probably will be felt in the July primary. The effect of the testimony undoubtedly will be to encourage a strong opponent for the present commissioner, and, in the hands of a capable campaigner, the record compiled at the two weeks' hearings, will prove a potent campaign document.

**Solons Failed to Act**  
 In passing, it is recalled that the Legislature, at its last regular session, had an opportunity to correct the Land Office situation, but killed the corrective bill, authored by Ex-Speaker Coke Stevenson, in committee. Judge Ralph Yarbrough, who this week took a leave of absence from his Austin district court bench to campaign for Attorney General, made a two-hour speech against the bill before a committee. Commissioner McDonald, then only a few weeks in office, likewise appeared to oppose it. Stevenson would have transferred wide discretionary powers vested in the Commissioner, to a Board of Mineral Development, similar to that which administers the University of Texas' oil lands, and has done an eminently satisfactory job, building up the University's endowment fund by millions of dollars from its oil lands.

--BUILD MUNDAY--

## THE REAL AMERICA!

While figures resulting from the recent unemployment census are not yet completely available, it is interesting to note that preliminary estimates reveal that more than 80 per cent of the approximately 8,000,000 registered as unemployed are residents of cities in excess of 5,000 population.

Small-town America, where about one-third of the nation's population lives in hamlets, villages and small towns, of from 500 to 2,500 in population, is and always has been the last section of the nation to feel the lack of jobs. Even the rural areas, because of idle farm labor, shows a higher percentage of unemployment than the small towns.

Approximately 18 per cent of employable men and women in the United States were without jobs as of last December 1; but the percentage of idle in small-town America does not run nearly so high, in fact it probably does not exceed eight per cent.

The small towns, the villages, the hamlets of this country are fortunate in more ways than one. Life may not have its high spots in those places, but neither does it have so many low ones. Men and women follow the even tenor of their ways, and a far greater degree of peace and contentment is the result.—Chickasha Star

Washington has taken a slap at big business but for some reason Munday firms are not disturbed in the least.

According to Dr. Cox, State Health Officer, a drive is to be waged for more sanitary rest rooms. Congrats. Doctor.

The shortest thing in the world is not a gnat's eyelash nor a mosquito's whisker—it is the public's memory. That is why major companies advertise constantly.

We have a feeling that a recent court decision, which ruled that slopping pigs is a part of a farm wife's duties, is going to have its effect on the back to the farm movement.

Farmers of the community are still wondering what course the Government will follow in the 1938 farm program. It begins to look as if cotton and wheat will be affected most, although this should not be construed as definite information. It should occasion no surprise, however, if this is done. Some thing is going to be done to stop growing so much cotton.

Governor Jimmie Allred has the wise boys still wondering whether or not he will seek re-election for a third term. Chances are he is getting a good laugh out of the whole thing. For a time we were about convinced he would make the race, but have done a little deducing and are more prone to the conviction that he is to get a Federal job.

Peter Godel and Mary Antola of South Bend, Ind., learned that the marriage license issued to them 14 years ago did not make them man and wife, so they had the necessary ceremony performed.

## PEEP SHOW

FOR LADIES ONLY  
 —BY—  
 MIGNON

I've always been a Gypsy  
 I have a wanderer's heart  
 But that's because I'm gypped so much

I always play the part  
 Of fall guys for each passing fad  
 Chain letters, signs galore  
 Then I forget and bite again  
 And that's what makes me sore.

Was there ever a time in the world I wonder when there were so many traveling fakers, chain letters, fur coat salesmen, runner stoppers, real lace makers and above all those college boys making their way by selling magazines. I'll tell you I've helped enough boys through school to make a young army, and so have you, and then forgot where you put the little pin slip to send in for the magazine and never got a single copy. But gals don't let it get you down. Every now and then I run across a little book like A Speech for Every Occasion with a correspondence course all receipted, tucked away in some desk drawer where papa has gotten bit too, and never owns it because he has a sneaking remembrance of how he threw his voice at you for being such an easy mark. Or maybe it's a coupon he has bought from some cutie who will be around some time to enlarge the family's photographs. Papa is always so thoughtful of the family, that is, if you happen to run across the coupon when sending his coat to the cleaners.

Not only Texas, but the entire southwest, feel a great pride for that "little brown wren" who for so long worked for better homes and better conditions is being honored by a great college soon. Phoebe K. Warner, whose great life was one of loving service, lived quietly at Claude but her influence and inspirations have been felt all over the southwest. What a fitting monument is the beautiful "Home Management" house on the campus of the West Texas State Teachers College at Canyon. It is to house the senior girls majoring in Home Management. The dedication of the new building with fitting ceremonies will be on March 4th at 3 p.m. It is a monument which Mrs. Warner would approve for it is useful. It is to be of real and lasting service and it keeps her work marching forward.

I found this lately: "Do all the good you can as you roll along, life is a one-way street and you're not coming back." Which is the same thing in slang as the poet immortalized in "I'm sure I shall not pass this way again."

**Big News of the Week!**  
 A letter from the long lost Curlylocks who musta been waiting for the groundhog to come out, which says he's sold to STORY. Golee, that's tops. And now Curly Locks who is really Louis L. Amour, is traveling along in company with George Bernard Shaw, Thomas Mann and Maxwell Anderson. Get you a copy of the March Story as quick as you can and read "The Admiral." Louis has been everywhere and seen every thing and can

ever turns down high cash payments in favor of high royalties except where it is known positively that oil is present and there is an agreement for immediate development. In nearly all the leases made by the Land Commissioner neither of these elements have existed. That is, we have not known whether or not there was oil; and, with one exception, there has been no immediate drilling and development. As pointed out before, only one well has been commenced on State land although some of these leases are over a year old. Thousands of acres have been leased in a number of counties.

It is only necessary to look at a map to see what has been done with these leases. For example, one tract which was leased for \$310 (and on which a well has never been drilled) is offset on one side by actual oil wells and circled on other sides by leases which the Land Commissioner sold for a total of \$458,000 in cash and \$371,000 in oil. The Land Commissioner turned down over a thousand dollars an acre cash for this tract in favor of a bid for \$310 and three-sixteenths royalty.

Thus has the picture emerged from the testimony, with further enlargement due as the committee continues its investigation.

## FEEDERS and FOUNTS

FOR HATCHERY CHICKS MEAN Greater Profits

We show you how to make greater poultry profits by starting now with our big husky baby chicks.

 Feeds and Garden Seeds

make you feel that you had been along with him with his vivid descriptions, his choice of words and his subtleties. Then he's been selling to Thrilling Adventures, Ace Sports. Can you imagine a young buckaroo writing like that when all the time his heartbeats can really be felt in a small volume of verse "Smoke From This Altar?" Well, Louis is like that. His verse is as tender and lovely as his travel tales are thrilling. He writes regularly for the "Lands of Romance" and I always feel like saying that vagabond Halliburton better watch his laurels. This is a secret. If I were editor of a magazine called "Lands of Romance," I'd always have the name of Louis L'Amour in it too, just to kinda match up with the title. I'm looking forward to the volume "Smoke From This Altar." I'll be telling you all about it soon so be expectant!

Gals, while you're reading this I'll be off feeding on similes and metaphors with the State poets and State writers. I'll be on a pink cloud from having as my guest Elsie Smith Parker, vice-president of the American Poetry Association who lives in Dallas. I'll be hearing Dira Dean Reed, that songbird of the southwest, sing my "Harp of Life," while my best beloved Bess Bettis Lawrence of Anadarko plays the accompaniment. I'll be unconscious I imagine, with joy at meeting all the gals from up the creek who write and who take this one time in the year to hobnob together. No there's not a gridiron nor Bishop's Alley but we have a swell time just the same and we won't be needing to take home any presents.

With several nice purrs and a big meow. I'll be seein' you.

Give one-eyed cars plenty of room.

Acquaint yourself with the rear view mirror.

## NEWS FROM

# WEINERT

Mr. and Mrs. W. L. Lee have moved here from Fort Worth and will live in the house formerly occupied by Mr. and Mrs. Hoyt Gilbreath and will be connected with Mr. Irvin Bailey in the Eiland drug store. Mrs. Lee is a sister of Mrs. Bailey.

Mr. Hoyt Gilbreath former employee of Eiland drug store will leave in a few days for Denver, Colorado to enter a school of pharmacy. Mrs. Gilbreath and son Ronnie, will remain here for a time.

Miss Alpha Mary Monke is spending the week-end in Seymour.

In a basketball game between the Weinert senior boys and the Seymour seniors this week Weinert won by a score of 25-18, and in the game between the Seymour and Weinert juniors, Seymour won by a score of 18-11.

Mr. J. D. McClaran and family left this week for their new home near Munday. We regret to give up these good people and wish them prosperity in their new home.

Mr. Ted Jones of Union Chapel community was in town Thursday. J. W. Derr of the Pleasant Valley community was shopping in Weinert Friday.

Mr. and Mrs. Claud Reid have bought 1000 baby chicks and a new brooder and will raise chickens as a side line. Mr. Reid is a prominent farmer of the Knox prairie.

Mr. and Mrs. Ike Troy who have lived near Goree several years have moved back to the Knox prairie and will farm the Thompson place another year.

Mr. Earnest Griffith was in Abilene Thursday. Those attending the Methodist missionary meeting at Munday, Feb. 3, were Rev. Vernon N. Henderson, Mesdames Earnest Griffith H. Weinert and Mr. Milton Walker.

**Girls Club Organized**  
 Misses Mattie Louise Chatwell, Elizabeth Medley, Earnestine Howard, Clara Sue Mitchell and Letha Liles met in the home of their president Miss Alpha Mary Monke Thursday night, February 3 at 7 o'clock and after a short business meeting refreshments were served and all left for Haskell to see the show at the Texas Theatre.

Mesdames I. J. Duff, W. D. Hinson, Jr., and Miss Jew Williams were in Haskell Tuesday night.

Mr. Tony Goble and Ann have returned from a visit to Mrs. Goble's parents, Mr. and Mrs. H. P.

## "The REST Of the Record"

BY JAMES V. ALLRED  
 Governor of Texas

An enlarged picture of the Land Commissioner's policies emerged last week from the maze of testimony developed before the Senate Investigating Committee.

Evidence was brought out to show that one group, which has been very successful with their bids before the land department, had secured leases for small sums of money, usually one dollar per acre, with an agreement from an oil operator to pay them three dollars an acre for part interest where they paid the state only one dollar for the whole. This group of bidders was headed by two men from Burburnett, another from Oklahoma City, and several others from various parts of Texas.

These successful bidders got one of their own employees a job in the Land Office. This man worked in the and Office during the time the bids were being received and granted; in fact, he was the receiving clerk. After it was all over, he quit and went back to work for the bidders. They have cut him in on a one hundred thousand dollar oil deal.

One of this group of bidders admitted that they were carrying somebody on their books for a 25% interest. He testified the party was a man by the name of Dawson, but the Senate committee never has been unable to locate Dawson. No written record has been introduced however, to show that this interest was carried for Dawson.

Some of the newspapers have editorialized that perhaps after all in the award of these leases it was just a question of judgment; that is whether high cash bids should be accepted, or bids calling for high royalty. These editorials have missed the point entirely.

In private oil business, no one

## MEDITATION

Think it over:  
People are civilized when they are ready to grant to others the rights they claim for themselves. Many people attach undue importance to unimportant things. Some people think they are neutral when they are merely indifferent. Kindness can translate discord into harmony.

**DID YOU KNOW...**  
Blindness is more prevalent among Indians than any other race.

It is bad form not to accept anything offered at a meal in China. "Dunking" is not considered ill manners in Spain. Some food is prepared and served to be absorbed by this method.

One of the most polite forms of greeting among women in Tibet is to stick out the tongue. Bulbs of the tiger lily are eaten by the Chinese and Japanese. The tide frequently rises by jerks and not evenly.

Reading is to the mind what exercise is to the body. As by the one health is preserved, strengthened and invigorated; by the other virtue (which is the health of the mind) is kept alive, cherished and confined. To judge human nature rightly, a man may sometimes have a very small experience, provided he has a very large heart.

Man is the merriest species of the creation; all above or below him

## Freshman Report!

The Home Economics I girls visited the water plant on Monday of this week in connection with our foods course. We looked over the water tower and learned how the water is purified. In Math I we are making graphs and savings accounts. Interest is also a main item in it. It is agreed among our classmates that Dr. Bass is a very fine teacher.

## Sophomore Report!

The Sophomores attended a class party Tuesday evening, in the auditorium. Games consisted of scavenger hunts, clap-in-clap-out, Old Faithful, and Winkum were enjoyed by everyone present. Refreshments of candy bars were served to all. A class meeting was called Tuesday afternoon in which the sophomores elected Louis Warren president. Louis is the third president we have had this year. We all believe he will make a good president.

## Junior Report!

When the Seniors ask how we Juniors plan to get money for the Junior-Senior banquet, the answer is, "ways and means, my fine friend." At present some of the members of the Junior class are making themselves useful by furnishing "eats" for the basketball fans as well as the players. If all of you people who come to the games would bring your nickels and dimes, you would help push the Juniors to better financial times. We have been selling magazines and we want you to buy our magazines from us. We are happy to report that the Dancing Club which was organized some time ago is really taking effect. We had our first meeting Wednesday night, February 9.

## Senior News

Life for we Seniors at the present is very dull. We have nothing to do since the Senior play is over, except study, and we don't indulge. But to make our part of the Tom-Tom sound interesting, we will tell you more about our fellow classmates.

**James Carden**  
James was born in Colgate, Oklahoma, February 2, 1920. He lived there for three years and then moved to Stonewall county, Texas. At the age of five he moved to Munday.

In 1927 he entered Munday Grammar School. He has been up to his neck in mischief ever since. He took part in the seventh grade play, and played baseball and ran in track during his grammar school days. James is the comic poetry writer of the Senior class. He has played on the Mogul football team for 2 years and baseball one year. His favorite teacher—Mr. Hardegree.

His favorite color—Blue.  
His favorite subject—Typing.  
His favorite sport—Football.  
His favorite hobby—Making things.

**Lavena Counts**  
Lavena was born in Bokchita, Oklahoma, on August 19, 1920. From there she moved to Idabelle, Oklahoma. She moved to Munday in 1924 and lived here for two years. Lavena spent the year 1926 in Goree but returned to Munday in 1927 and has lived here ever since. She sang a solo in the seventh grade exercises and her voice is considered as one of the best in high school. Lavena has been a member of the Choral Club for several years. She and Geraldine Simpson won first place in a recent amateur contest.

Her favorite color—Blue.  
Her favorite teacher—Mrs. Dillon.  
Her favorite subject—Home Economics.  
Her favorite song—Your Eyes Have Told Me So.  
Her favorite hobby—Scrap book.

### DISCOVERY OF COAL

An enterprising miner, who in 1812 discovered that a hard black substance found underground on his Pennsylvania property would burn, took 9 wagon-loads of the substance—coal—to Philadelphia, and after selling only 2 loads had to give the other seven away because dubious persons denounced it as a fraud.

## The VALTER VINCHELL COLUMN

By . . . ?

This poem is dedicated to all those whose names have been in or out of this column.  
Backward, turn backward, oh time in thy flight,  
And give me, please give me, just one more night  
In which I can love, laugh, dance and play,  
And care not what Valter will say.  
Nothing is sacred, secret or true,  
The public must know whatever I do.  
Night walkers and Mogul sleuths  
Confine all your doings, and goings and truths.

You read this stuff first, dirt and tripe  
And if you're not mentioned you always gripe  
But if you are mentioned you gripe at the staff  
And wonder why they have the ill grace to laugh.  
Nothing's malicious, it's all in good fun,  
The joke must always be on someone,  
We all make mistakes, and err now and then.  
So we get the point—the point of the pen.

I think that I shall never be  
As stupid as Miss Couch thinks me  
A nunny that will freely share  
The thoughts that nestle neath her hair.  
With all the lads and lassies  
Who happen to be in her classes.  
An A student sits by me side  
And always his paper hides.  
How can I ever get a grade  
When all me time away I've played?

Geneva thinks this little poem nicely fits the affair between her and Miss Couch.

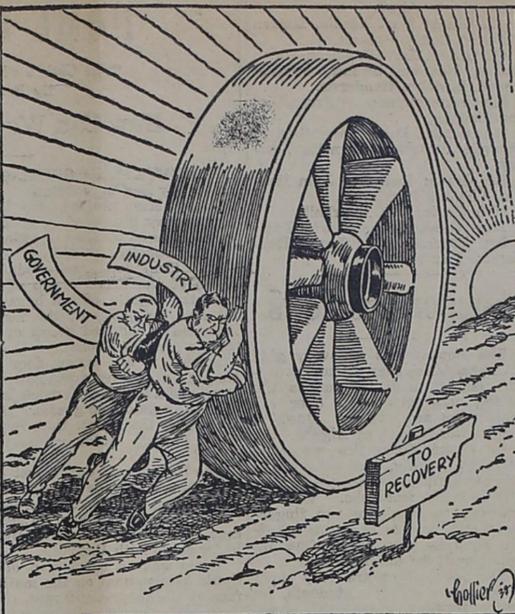

Observations in the study hall—I wonder if Lewis Warren could read without putting his feet on Wilma June's desk?  
Could Winston study without watching Jean out of the corner of his eye?  
Could Fern ever study for one whole period? Maybe she's too much interested in the boys.

Could you believe that J.B. has actually stopped sleeping in the study hall. His girl must have quit him, and he must be sleeping at night for a change.  
Why does Mac want permission to speak to Alva? Mann speaks to her quite often too.  
Why was Joe Isbell absent Tuesday, February 1? He should have been in school.

Why does Hollis like to sit in the back of the study hall? Is he interested in freshman?  
What makes Dan so sleepy in the afternoon?  
Charles is rather silent without his side-kick, DeTroy. It is a shame he has to stay in the study hall while De Troy goes to class.

If we had more students like Laverne Darter, Lenore, Jimmie and Juanita what a better school we would have.

## ALL TOGETHER, NOW!

## Mental Disorders Present Problem

Dr. Geo. Cox Says

Austin, Texas.—Mental disorders today represent a real problem and it is estimated that more than fifty per cent of all hospital beds are filled by persons suffering from mental or nervous diseases, declares Dr. Geo. W. Cox, State Health Officer.

It thus appears that modern civilization is exacting a terrific toll. High speed living, with its cruel exactions upon nature, is responsible for a large part of the trouble. But improper personal conduct must also shoulder much of the blame. The fact is that nearly fifty per cent of the patients entering hospitals for mental disorders are there because of organic or toxic causes.

For example general paralysis is the direct cause of one-fifth of the

mental troubles in males entering hospitals and one-tenth of the disorders for all groups. This condition is an organic disease of the brain due to the germ responsible for syphilis. It is a preventable disease. Early and effective treatment of acquired syphilis will block the end results of general paralysis in the insane.

The excessive use of alcohol is responsible for a number of mental disorders, at least in males. Alcohol and syphilis combined are responsible for approximately one-fifth of the hospitalized insanities. Nevertheless, improper living habits continue to impair many brains. Insufficient sleep, neglect of bodily care and a consistent over-force of nervous energy are the pitfalls to avoid in this connection.

Nature demands that her fundamental laws be at least reasonably observed. A constant outraging of the physiological economy takes its toll not only in bodies but in minds also. Insanities and lesser nervous disorders could be spectacularly reduced if this fact was more generally respected. Training for mental health must be started in childhood as that is the time when corrections can be made to the best advantage.

Don't pass cars on hill, what's your hurry?  
Scale models of western fruit drying yards, which process 90 per cent of the nation's evaporated fruit, will be displayed at the 1939 Golden Gate International Exposition.

## LUBBOCK LEADS AREA IN COTTON OUTPUT FOR '37

Knox County is Fifth In Production of Cotton

Department of Commerce, thru the Bureau of Census, announces the preliminary report on cotton ginned prior to January 16, by counties, in Texas, for the crops of 1937 and 1936. The total for the State was made public Monday, January 24.

Counties in this section of the State are listed.  
The total for the State was 4,825,213 as compared to 2,808,365 in 1936. Lubbock county is ahead in production with 149,937, closely trailed by Lynn county with 140,564.

	1937	1936
Archer	3,056	907
Baylor	8,265	5,423
Childress	32,544	8,053
Clay	12,859	6,838
Collingsworth	26,714	10,385
Cottle	28,245	6,918
Foard	12,442	3,078
Hall	47,779	18,155

Hardeman	26,141	4,287
Haskell	45,838	20,125
Knox	40,057	15,698
Lubbock	149,937	58,132
Lynn	140,564	49,188
Montague	5,804	3,361
Throckmorton	2,323	2,759
Wheeler	17,188	8,112
Wichita	28,891	13,438
Wilbarger	28,891	13,438
Young	7,682	5,485
TOTAL	649,450	250,483

## KEEPING TAB ON The Eagles

By BUDDY BUMPAS

Eagles are Taking Much Needed Rest—  
 The Sunset Eagles took a game from Haskell last Tuesday night without the aid of four regulars in the starting lineup. Partridge, F. Shannon, Strickland, and Stogner, watched the game.  
 The Eagles started off making long and inaccurate passes but they finally settled down and started playing ball. Panie Shannon was outstanding for the Eagles. The final score was 34 to 31.  
 The Eagles will enter the county tournament at Munday this week end and will be seeking their second consecutive championship.

**Sunset Girls Lose Game With Knox City**  
 The Sunset girls did not make a very good showing in the Knox City tournament. Dorothy Gammill fouled off in the first game and the only Sunset substitute entered the game. In the third period Nell Nix fouled off leaving only five players on the court, but Bomarton, who had built up a big lead allowed Miss Nix to finish the tilt. The game ended with the score of 52 to 9 in favor of Bomarton. The team felt the absence of LaVerne Bumpas, who was out due to illness.

The Sunset girls practiced volleyball some last week, but are training for basketball again this week. They will enter the County Meet at Munday this week end. Following the tournament volleyball will be taken up again.

## Senior Home Economics News

The Sunset Senior Home Economics Girls have completed their semester's work in first year foods and are now beginning their second semester's work which will be first year clothing.  
 All of the girls are interested in this course and can hardly wait until they can get some of the new

## SUNSET SENIORS ON PARADE!

By FRANCES GRAY

**MARGUERITE JARVIS**  
 Marguerite Jarvis was born July 26, 1919, at Munday, Texas. Her parents are Mr. and Mrs. F. T. Jarvis. Marguerite has lived in the Gillispie and Sunset communities all her life. She went to Gillispie until she was in the third grade and has spent the rest of her school days at Sunset.

Marguerite is one of the most popular young ladies in the Sunset high school. She is well liked by all the students.  
 Favorite sport: Basketball.  
 Hobby: Dnacing.  
 Color: Red.  
 Boy Friend: "Red Head".  
 Song: "I'm Getting Sentimental Over You."  
 Subject: Home Economics.  
 Marguerite plans to take a beauty course at Amarillo, Texas. She plans to begin work on this course probably in September, after she is graduated from high school.

## Announce Mid-Semester Honor Roll of Sunset

The Mid-Semester honor roll of the Sunset school system as announced today by Superintendent Harber is listed as follows:  
 2nd Grade: Leroy Russell, Dor-

clothes made.  
 They have found, however, that there is a lot of work to be done before they can really start sewing.

In class, they have been making charts to keep an account of money spent, and at the end of this semester they can tell their parents exactly what it has cost them to stay in school for the half year.  
 They are also making a schedule of their time. Every minute of the time has to be scheduled. This may cut down some of the weekly dates.

man Followill, Jo Ann Whittemore, Anna Sue Waldron.  
 4th Grade: Mart Hardin, Lendon Walling, Christine Lindsey.  
 5th Grade: Keith Burmison, Glenn Dobbs, Houston Sweatt, Winona Cheek, Madolyn Henderson.  
 6th Grade: Glyndenlin Frost, Victor Thomas.  
 7th Grade: Doris Jane Burton, Jeanelle Partridge, Wynelle Lowrey.  
 9th Grade: Margaret Jean Hardin, Virginia Parkhill.  
 10th Grade: E. G. Parkhill.  
 11th Grade: Faye Marie Partridge, Frances Gray, Leroy Henderson, Inez Vernon.

## Sophomore News

The Sophomores are very glad that exams are over. Almost everyone passed, and part of us are taking new subjects. (For example, we are taking Business Arithmetic instead of Algebra II.)  
 In Home Economics we have taken up sewing, and we are cutting out pictures and making a minimum girl's wardrobe. We are learning to manicure our fingernails, and have made a time schedule showing how much time we spend on these different things.  
 The sophomores are very sorry to have one of their students, LaVerne Bumpas, absent this week. Here's hoping a quick recovery for her.

## Junior Class News

The Junior Class are really proud of themselves in that they had the finest number in any class in high school to fail the first term's work.

Louise Gray has finally got tired of staying in bed, and we are really glad to have her back in school again.

It seems that the Junior class cannot keep their old class-mate, Leland Crouch, with them any longer. Leland is bidding "dear old Sunset High School" good bye this week and is moving to O'Donnell, Texas, where he will make his home and finish his school days there in school. The remainder of the class takes this opportunity of telling Leland that they enjoyed his being in a class with them and that they regret his moving away.

## Senior Report

It is surprising just how much a senior thinks he is learning or already knows. A person does not really have to know very much to think he is smart, but a student of the senior class read the other day that the greatest thing a high school student can learn is that he doesn't know so much as the teacher. Well, after all, the seniors are getting along very nicely. The civics class has spent the last few days in an extended study of social physiology. The pupils have not been able to determine whether they were idiots, morons, or imbeciles. Anyhow, it is lots of fun just to study about the real social conditions of our country. The last half of English four will be spent in the study of grammar and modern literature. This should be very interesting to most of them because they spend the major part of their time reading modern literature. This course in modern literature will enable them to read and enjoy the prose type of writing. It has been the general opinion that high school students dislike prose, not

## HOME EDUCATION

"The Child's First School is the Family"  
 By Dr. James E. Pope

### How Can We Educate for Peace?

#### COURTESY IN SPEECH

By Bertha Younkin

Young Mrs. Smith was pouring tea very graciously that afternoon of the committee meeting in her artistically furnished living room. The low well-modulated voices of the small group of women, the dignity of the home itself, and the poise of the hostess indicated a cultured group of women in a refined home.

Suddenly an outer door was banged, clattering footsteps were heard and a loud boyish voice jarred upon the ears of the guests. "Mother!" came the shout, then impatiently, "I say, Mother—where are you?"

The living-room door burst open and there stood the young Smith lad looking bright-eyed and eager. "Oh, there you are. Say, go get my coat, quick! I'm in an awfully big hurry to go with Dad!"

There was an expression of pathetic helplessness on the mother's face as she colored and rose. Mentally she pictured the impression the child had made upon the guests a rude, loud, discourteous boy, entirely inconsiderate of his mother and her friends—a child who made tyrannical demands on the whole household.

Mrs. Smith, like many other mothers, had made constant attempts to train the boy to be mannerly. She regularly took time to sit down with him and explain gently and firmly all the generally accepted manners and the courtesies he should show toward others. They often practiced these things together and, being a generous and thoroughly normal boy, he always meant to be mannerly but somehow generally forgot.

In order to understand this situation and the hundreds of similar ones, let us consider a few general facts that may throw some light on the trouble. Let us recall how a child first learns words and sentences. Here we discover that a child is impressed chiefly with the language addressed to HIM.

Now, in keeping this in mind, one realizes at once that no matter how politely the elders address one another, it is of little avail as far as the manners of the child is

concerned, unless he, too, is addressed with courtesy. The child will reflect the tone of voice and the type of command or conversation in which he is the object of concern.

Let us think carefully—in just what manner do we usually address our children? Here most parents will be forced to admit that never once would they dream of addressing a friend or acquaintance in the manner which they often use with their little sons and daughters. Such a manner of speech would be insulting to any adult.

Since the child is likely to use the form of language at home, does it not seem that parents who wish their children to speak with well-chosen sentences and in tones of respect should talk to them in a like manner? Instead of "Donald, how many times must I tell you to hang up your coat?" (imagine saying that to a visitor), why not speak as to an equal. "Donald, did you forget your coat?" and "Mother is in a dreadful hurry, Donald, do you suppose you could get your own wraps?" It is remarkable how even a three-year-old will respond to responsibility when talked to as an equal.

So it seems that mothers who do not like to be rudely commanded by their children should take time to choose carefully a type of speech in which to address those boys and girls, such as when turned upon themselves, will not be objectionable, but instead, will bring a glow of pleasure.

Mr. and Mrs. J. J. Keel and Mrs. L. W. Hobert attended funeral rites held Wednesday for Jimmy Louis Duckett, infant son of Mr. and Mrs. S. L. Duckett, former residents of this city.

IT PAYS TO ADVERTISE

## Marine Corps Accepting New Recruits Now

The U. S. Marine Corps Recruiting Station, 822 Allen Building, Dallas, Texas, is open daily, except Sunday, from 8:00 a.m. to 4:00 p.m., to receive applicants for enlistment, it was announced here by the Officer in Charge.

Qualifications to be met by the applicant are: "Must be between the ages of 18 and 25, not less than 64 nor more than 74 inches tall, white, native born or fully naturalized citizen. Must pass a rigid physical examination, be unmarried, with no one depending upon them for support. High school graduates preferred, but not absolutely necessary. Ex-members of the Army or Navy must have an excellent discharge."

All enlistments are for a period of four years, and the pay is \$21.00 to \$157.00 per month, depending on rank and length of service. There are now vacancies for enlistment; now is the time to make application.

The Marine Corps offers Travel, Health, Trade Learning, Education and Retirement after twenty years of active service. For further information see your local Postmaster or write the U.S. Marine Corps Recruiting Station, 822 Allen Building, Dallas, Texas.

Mr. and Mrs. M. L. Barnard visited relatives in Wichita Falls over the week-end.

### A QUEST

Misery went out with a heavy load Searching for friend and abode. And when he found his counterpart He moved in—an empty heart. Ellah Malloy Langford, Oklahoma City, Okla.

### MOTHER'S LULLABY

They dressed her in a snow white gown With flowers on her breast, The neighbors spoke in whispers low— "She looks so well at rest."

And while the preacher prayed That Time our hearts would heal; I saw my Mother's gentle hands Prepare the evening meal.

When at last our heads were bowed The earth was piled up high; I heard my Mother's lovely voice Singing a lullaby. —Pearle Moore Stevens, Ft. Worth

### I KNELT TO PRAY

I knelt to pray last night Before an altar bare. In dim and fading light I knelt to pray last night, But visions crossed my sight, And I could only stare. I knelt to pray last night Before an altar bare. —Muriel Harrison, Lubbock, Texas

J. A. C. Sweatt is reported seriously ill at his home near Knox City.

## BEAUTIFICATION OF THE HOME

By MRS. ELIZABETH DILLON Home Economics Instructor Munday High School

Homes are the foundations of the community and nation, and anything which tends to make these homes better tends to improve citizenship. A home must be much more than a place to eat and sleep; it should be an inspiration to better living and an incentive for the highest ideals.

The surroundings of the home are influences in the attitude formed by both the family and visitors. When one stops to consider that the outside appearance of a home forms the opinion of the inside, the importance of a well planned and cared for yard is realized. Neglect of the grounds around a home is probably due to one of the following reasons: 1. Requires too much time and effort for upkeep; 2. Not starting improvement in time, or 3. A lack of understanding of a few basic landscape principles.

Before planting shrubs and flowers in the yard it is well to see the house in its setting as a unified picture. Each plant should be closely related to the others and play a definite part in the desired final result. A pattern yard includes; trees for shade and background, at side and back of house, a smooth, unbroken grass lawn, foundation plantings of permanent shrubs, screen and border plantings to hide just things as the garage, chicken pen or service yard, roses and flowers in separate beds in the side or back yard, and walks and drives where they are needed.

These principles well applied will work for permanent beauty of the home, which will not have to be repeated each year, but kept in excellent shape by care.

## Texas University Enrollment Jumps

Austin, Texas, Feb. 10—Enrollment at The University of Texas has almost doubled during the last five years, according to figures compiled by the Registrar's office. In 1936-37 a total of 9,206 students were registered, a gain of 43.4 per cent over the 6,421 enrolled in 1931-32. Total enrollment fifty years ago, in 1886-87 was 245.

Miss Wanda June Williams, daughter of Mr. and Mrs. P. V. Williams of this city, was at the home of her parents over the last week-end. Miss Williams is attending college at Depton, Texas.

## RESOLUTION!

We, the Methodist Young People of the Seymour Union, which is composed of the following places: Knox City, Munday, Benjamin, Vera, Goree, Bomarton, Westover, and Seymour, consider with alarm the liquor situation in our territory.

We cannot overlook the fact that the situation as it is, is demoralizing to the present generation of young people and that it will have tremendous influence upon the generations to come. As young people, we are in no sense responsible for that which surrounds us. Most of us had no voice in the matter. As sober, thinking young people, upon whom responsibilities shall soon rest, we believe we are entitled to the consideration of the removal from our presence convenient ways of securing intoxicating drinks which deprives both the young and the old.

Therefore, be it resolved: 1. That we place our disapproval upon the person, place, or concern that engages in, promotes or makes it convenient to secure intoxicating drinks in our territory.

2. That as young people, we consider it unfair and unjust, for any person, place, or concern, to engage in, promote, or make convenient the purchase of whiskey when to do so means only financial gains to those in the business, but danger, both moral and physical, to the youth of the community.

3. That we place our hearty approval upon the person, place or concern which will NOT engage in, promote, or make convenient such as has been herein named. 4. That we invite the young people of other denominations and of young people of no church preference to join with us in giving to our territory this public expression.

5. That we ask the newspapers in the bounds of our Union to spread this resolution upon its pages and that a copy of this be sent to the Southwestern Advocate. The Seymour Methodist Union

Cars may be built for speed, but roads are not.

It is not how close but how far you can get from a passing car.

Encourage the highway patrol in the performance of their duties.

Yellow road signs mean danger—white signs are for information.

Before your accident the road sign told you the curve was there.

Road hogs don't live to get to the packing house.

## SCOUTING THE

SCOUTS MUNDAY, TEXAS, TROOP Cecil Cooper, Scoutmaster Ted Longino, Assistant Meeting Place—Legion Hut

The Scouts of the Munday Scout Troop met Monday night in their regular weekly session at the Legion Hall. Of the five Scout Committeemen, Mr. Haynes, Mr. Blacklock, Mr. Reeves, Mr. R. B. Harrell and Mr. W. E. Harrell, two were present, Mr. Haynes and Mr. Reeves.

Three guests, Mr. McKinney, Mr. Golden, and Mr. B. R. Roberts, were present. Mr. Roberts, who also met with us week before last, continued to drill us on marching formations. He also told us some very interesting stories.

It was announced at the meeting that there will be a special sermon for Scouts at the Baptist Church

If you want a good rest, if your weary bones ache, If you want to stay young, never bother to bake. If you want your family to be well fed, You need your baker's daily bread.

If you serve a good lunch or an afternoon tea, If you serve a big feast or dinner for three, If you want to please George and Ted, You need your baker's daily bread.

If your diet reads thus, if your diet says so, If tomatoes it's 'yes,' and other things 'no,' If you want to keep your pep and get ahead, You need your baker's daily bread.

Heigh-ho . . . Heigh-ho, Bread has been the staff of life since long ago—

It Pays To Use Mothers Bread

STAR BAKERY CLEM THOLE Texas

Munday

next Sunday morning. Everyone is invited, of course, but the members of the Scout troop are especially urged to be present. Scouts attending the meeting were: Winston Blacklock, Dan Billingsley, Mac Haynes, D. P. Morgan, Lamoine Blacklock, Glynn D. Rayburn, J. E. Reeves, Jr., Dorse Collins, J. C. King, Dick Harrell, Hugh Longino, Frankie Boone, G. C. Conwell, David Eiland, Kenneth Spelce, Harold Longino, Charles Baker, Bobby Reese, Grady Beck, Jr., Sargent Lowe, Joe Dean Clough, C. J. Howeth, Henry C. Dingus, Jack Pippin and Andy Eiland.

All Scouts are urged to be present at the next meeting on Monday night at 7 o'clock at the Legion Hall.

To Dallas Mrs. Pitzer Baker, Mrs. John Ed Jones and Miss Merle Dingus spent the first of the week in Dallas where they viewed the spring style show and Mrs. Baker purchased merchandise for the Baker-McCarty store of this city.

NOTICE OF SHERIFF'S SALE

THE STATE OF TEXAS COUNTY OF KNOX

By virtue of an Order of Sale issued pursuant to a judgment decree of the 50th District Court of Knox County, Texas, by the Clerk of said Court on the 4th day of January, A.D. 1938, in a certain suit No. 2674, wherein the City of Munday is Plaintiff, and Dorthy Barnicoat, and Dorthy Barnicoat, J. B. Barnicoat are defendants, in favor of said Plaintiff for the sum of One Hundred Forty-Four 79/100 (\$144.79) Dollars, for taxes, interest, penalty and costs, with interest on said sum at the rate of six per cent per annum from date fixed by said judgment, together with all costs of suit, that being the amount of said judgment rendered in favor of said Plaintiff by the said 50th District Court of Knox County, on the 26th day of October, A.D. 1936, and to me directed and delivered as Sheriff of said Knox County, I have seized, levied upon, and will, on the first Tuesday in March A.D. 1938, the same being the 1st day of said month, at the Court House door of said Knox County, in the City of Benjamin between the hours of 2 o'clock P.M. and 4 o'clock P.M., on said day, proceed to sell for cash to the highest bidder all the right, title and interest of said defendant in and to the following described real estate levied upon as the property of said defendant, the same lying and being situated in the County of Knox and State of Texas, to-wit: Being the North one half (1/2) of Block Number Twenty One (21) of the R. P. Munday Addition to the town of Munday, in Knox County, Texas, as is fully shown by the maps or plat of said Addition to which reference is herein made, or, upon the written request of said defendants or their attorney, a sufficient portion thereof to satisfy said judgment, interest, penalties and costs; subject, however, to the right of the plaintiff for any other or further taxes on or against said property that may not be included herein, and the right of redemption, the defendant or any person having an interest therein, to redeem the said property, or their interest therein, at any time within two years from the date of sale in the manner provided by law, and subject to any other and further rights the defendants or anyone interested therein, may be entitled to, under the provisions of law. Said sale to be made by me to satisfy the above described judgment, together with interest, penalties and costs of suit, and the proceeds of said sale to be applied to the satisfaction thereof, and the remainder, if any, to be applied as the law directs.

Dated at Benjamin, Texas, this 18th day of January, 1938. LOUIS CARTWRIGHT Sheriff Knox County, Texas By Orvel Capehart, Deputy 32-3tc

NOTICE OF SHERIFF'S SALE

The State of Texas County of Knox

Notice is hereby given that by virtue of a certain execution issued out of the Honorable District Court of Knox County, on the 28th day of January, 1938, by District Clerk of said District Court for the sum of Seven Hundred and Seven 75-100 Dollars and costs of suit, under a judgment in favor of A. J. Fuller in a certain cause in said Court, No. 2738 and styled A. J. Fuller vs. H. A. Patterson, placed in my hands for service, I, Louis Cartwright as Sheriff of Knox County, Texas, did, on the 29th day of January, 1938, levy on certain Real Estate, situated as follows, to-wit: North 120 acres of the N.W. quarter Survey No. 63 in Block B, Certificate No. 31-36, abstract No. 50 of the G. H. & H. R.R. Co., Survey, in Knox County, and levied upon as the property of H. A. Patterson and that on the first Tuesday in March, 1938, the same being the 1st day of said month, at the Court House door of Knox County, in the City of Benjamin, Texas, between the hours of 10 A.M. and 4 P.M., by virtue of said levy and said execution, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said H. A. Patterson. And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Munday Times, a newspaper published in Knox County, Witness my hand, this 29th day of January, 1938. LOUIS CARTWRIGHT Sheriff Knox County, Texas By Orvel Capehart, Deputy

ARE YOU PROGRESSIVE? If so, you will purchase one of the Munday Lions Club bonds to help build the lighting system for the local athletic plant. Munday is five years behind in this particular civic enterprise. Let's go places. If front wheel leaves the road surface, do not jerk the car back instantly. This caused many deaths in 1937.

Marine Corps Accepting New Recruits Now

The U. S. Marine Corps Recruiting Station, 822 Allen Building, Dallas, Texas, is open daily, except Sunday, from 8:00 a.m., to 4:00 p.m., to receive applicants for enlistment, it was announced here by the Officer in Charge. Qualifications to be met by the applicant are: "Must be between the ages of 18 and 25, not less than 64 nor more than 74 inches tall, white, native born or fully naturalized citizen. Must pass a rigid physical examination, be unmarried, with no one depending upon them for support. High school graduates preferred, but not absolutely necessary. Ex-members of the Army or Navy must have an excellent discharge." All enlistments are for a period of four years, and the pay is \$21.00 to \$157.00 per month, depending on rank and length of service. There are now vacancies for enlistment; now is the time to make application. The Marine Corps offers Travel, Health, Trade Learning, Education and Retirement after twenty years of active service. For further information see your local Postmaster or write the U.S. Marine Corps Recruiting Station, 822 Allen Building, Dallas, Texas.

100-YEAR-OLD WORKER HONORED BY COMPANY

Milwaukee, Wis. (IPS)—John M. Horan, oldest active railroad worker in the United States, passed his 100th birthday last Sunday, January 23, and next April 17 will have completed 83 years as an employee of the Chicago, Milwaukee St. Paul & Pacific Railroad Company—his first and only employer. To commemorate the occasion of his reaching the century milestone, a dining car was rolled into the Milwaukee shops where Mr. Horan is an inspector, and company officials joined him in a birthday luncheon party. The president and vice president of the company came here from Chicago to honor their oldest employee, who has repeatedly declined a pension.

Three of the scores of buildings to be constructed on Treasure Island will not be razed when the 1939 Golden Gate International Exposition is ended. They are the two giant hangars and the airport terminal building, for the site of the Exposition will revert to an air field at the conclusion of the Pageant of the Pacific.

DONT KNOCK—BOOST

If you can't purchase one of the bonds to light the athletic plant—you can help sell one by giving the project a boost. Talk "Light the Munday Baseball and Grid Park" and you will build it.

### HEFNER NEWS

#### HEFNER COUPLE MARRIED AT SEYMOUR

Miss Irene Norwood and Eugene Sanderson were united in marriage at Seymour in simple ceremony by the Rev. J. Bedford.

Mrs. Sanderson is the daughter of Mr. and Mrs. James Norwood of Hefner and Eugene is the son of Mrs. J. W. Sanderson of Hefner.

Their many friends wish them happiness and health for a long life together.

#### HEFNER H.D. CLUB MEETS TUESDAY

The Hefner Home Demonstration club met in the home of Mrs. John E. Cure, Tuesday afternoon, February 1, at 2:30.

After regular business and unfinished business was disposed of, each member was appointed on a membership drive.

Mrs. Geo. W. Weber, our council representative, gave a report on the last meeting.

Miss Nina Astin gave a talk on the uses of the modern kitchens, and their uses for work other than cooking. She demonstrated the talk with pictures of convenient new kitchens.

Adjourned to meet on February 15 at 2:30 p.m. at Mrs. S. G. Hampton's. Topic for the meeting will be "Every-day Manners."

Those present were Miss Astin, county agent, Mesdames W. H. Barnett, John E. Cure, L. P. Donoho, Sam G. Hampton, Lessie Jackson, J. T. Smith, E. J. Jones, Marion J. Jones, Roy Jones, W. M. Taylor, Robt. Lambeth, John Lambeth, Felton M. Lambeth, Clyde B. Warren, Geo. W. Weber.

#### HEFNER BRIDE HONORED WITH SHOWER

Mrs. Eugene Sanderson was given a bridal shower of many lovely and useful gifts at the home of Mrs. Jerry Hudson, February 4th, with Mrs. Lee Norwood co-hostess.

A number of games and contests were enjoyed, including some

"brain-buster" questions.

Those present were: Misses Edith Atkinson, Doris Lambeth, Pauline Harris, Imogene Lambeth, Vivian Steward, Leona Norwood, Burnice Hudson, Crysteen Hargrove, Pearl Hargrove, Angie Hargrove, and Mesdames Paul Brogden, Lee Boggs, L. P. Donoho, W. A. Harris, Jno. Harris, Clarence Jetton, E. J. Jones, E. A. Jones, John G. Martin, L. L. Owen, J. G. Hudson, James Norwood, Lee Norwood, Sammy Norwood, Ellen Richardson, Bryan Walton, Bruce Walton, R. L. Lambeth, John Lambeth, Merle Lambeth, Homer Lambeth, Felton Lambeth, J. W. Sanderson, Wesley Sanderson, Eugene Sanderson, Henry Steward, and the hostess, Mrs. Jerry Hudson, who served a delicious plate to all.

#### Hefner News Items

Farm work is being rushed by plowing land and planting oats.

Next Lord's Day is preaching at Baptist church, Rev. J. L. Gray attended the 5th Sunday meeting at the Shinnery Lake church last fifth Saturday and Sunday.

Mr. and Mrs. C. E. Haskin dined at Charlie Matlock's home near Munday last Sunday.

Mr. and Mrs. Clarence Jones and Mrs. Charlie Railsback spent Sunday at Woodson with their sister, Mrs. Roy Jones and family.

George Weber is spending a few days in Albuquerque, New Mexico, for his health.

Mr. and Mrs. Bruce Steward and children have moved to Bermeigh, New Mexico.

Mr. and Mrs. W. C. Tucker of Jones county attended the funeral of their son, Ham, of Wichita Falls, at Friendship Baptist church, January 21. Rev. S. E. Stevenson officiated. He left a wife and children.

Willie Johnson of Southland died last week. He left a wife and children. He is the son of W. H. Johnson, who formerly lived here. He is also survived by three brothers, Clifton, Charles, and Howard.

#### METHODIST CHURCH

The District meeting held here last Thursday was well attended and the inspirational addresses were unusually interesting. There is a revival spirit arising with the church leaders that indicates a new day in Methodism. When the entire church gets enthused over our possibilities in this Aldersgate Commemoration, and get our hearts "strangely warmed" as was John Wesley's, a wave of revivals will sweep our land as it did in England following Wesley's new-found joy in God. It is one thing to give our assent, but quite a different thing to give ourselves, in an effort to bring it about.

There are a number of special meetings planned for the spring months and all are forward steps toward our revival services this early spring. Our subdistrict Workers' School is to be held at Knox City this next week. Beginning this Sunday at 2:30 p.m. with two courses to be offered, "St. Mark's Life of Jesus" and "Christian Education in our Church." Some of the discussions in the latter will be "Difficulties Facing our Church," "The Purpose of the Church," "The Church in its Wider Relations," etc. Plan to sit in on the first class session Sunday, at Knox City, 2:30 p.m. "Out of Aldersgate," a study we will take up locally during March will be of much interest. Other phases of the Church work is taking on new life and indicate better days ahead.

Services Sunday; subject, 11 am, "Who Is the One Lost?" Sunday evening service, Rev. E. B. Bowen brings the message and holds the first Quarterly Conference of the year. May we not make this a red-letter day toward our year's work? Jesus said that the Sabbath was made for man. So the Church is here to serve the needs of the people. Let's avail ourselves of its service to man. Attend all the services and grow in Grace as well as in efficient service.

H. A. LONGINO

#### FIRST BAPTIST CHURCH

The Boy Scouts are to be our guests next Sunday morning. We are happy to have this fine bunch of youngsters in the service. Cecil Cooper as Scoutmaster, together with the Scout Committee is doing some fine work with the boys. Sermon subject, "Youth's Gracious Hour, and God's Timely Call."

The Sunday evening services are at 6:45 and 7:30. There is a great deal more interest being shown in the evening services, for which we are grateful. Sermon subject, "The Two Ways." There is always a right and a wrong way. Always there is a high way and a low way. Which WAY are you traveling? You are always welcome to any all of our services.

W. H. ALBERTSON

San Francisco's 1939 Exposition will have red-colored sidewalks to relieve eye-strain and give visitors the emotional lift that will make the women appear younger and prettier and the men generous.

Horticultural experts of the Golden Gate International Exposition at San Francisco have been watching their plants and from these predict 1938-39 styles for women will be in long flowing lines with longer skirts.

Forty sound pylons are to be installed at various points on Treasure Island, site of the 1939 Golden Gate International Exposition, as part of the Exposition's public address system.

Gold in paying quantities can be "panned" on San Francisco's 1939 Exposition site, miners explaining this by saying river currents have washed the gold bearing sand into a pocket at the site.

## 214 Persons Unemployed in Knox County Federal Census Reveals

Knox County has 214 persons totally unemployed and who want to work, 75 employed in Federal emergency projects and 452 who are partly employed and desire more work, according to the census on total and partial unemployment recently made public in Washington. In the entire state there are 451,769 men and women who are entirely or partially unemployed or are working on WPA, NYA, CCC or other emergency work. Figures for the Nation show 5,821,035 totally unemployed and desiring work, 2,001,877 emergency workers and 3,209,211 part time workers who need additional employment, making a grand total of more than 11 million men and women in the army of unemployed and partly employed.

Legislative proposals to control hours and wages by the Federal Government are now pending in Washington, and are advocated by their sponsors as a remedy for unemployment. However, many labor leaders fear that the application of Federal administrative law to wage rates, hours of work, and working conditions would have the opposite effect and prevent normal peaceful negotiations between labor and employer. This threatened deprivation of freedom led the American Federation of Labor to oppose basic provisions in the proposed Fair Labor Standards Bill in the last session of Congress and brought forth the following declaration from a high

Federation official in an address delivered in Philadelphia last December: "Labor is unalterably opposed to any Department of Government attempting to control of direct the relations of labor and industry from a Washington office." Such opposition is well founded for the power to fix a minimum wage either carries with it or will lead to authority to fix maximum wages and the graduation of wages between the minimum and maximum.

Employers of labor in a recent meeting in New Orleans declared that the passage of any legislation would result in serious economic disturbances, create more unemployment and would in effect place both labor and industry under bureaucratic control. This conference also pointed out that every similar effort to control wages and hours by law in foreign countries signally failed except under complete dictatorships and then with a total loss of freedom of action by labor and lower living standards.

Farm groups oppose Federal Control of wages and hours on the ground that the inevitable increase in production costs would result in a lower price the farmer receives for his raw materials and an increased price for the finished products he purchases. Southern Congressmen led the fight which blocked passage of this measure.—Rev. J. Earnest Stack, Editor, Christian American, Houston, Texas.

## Wes-Tex Rodeo Set for March 1 to 3, Abilene

Abilene, Texas, Feb. 16—Plans for the West Texas World's Championship Rodeo in Abilene, March 1, 2 and 3, are beginning to take shape. This event will officially open the Texas rodeo season.

ACE performers of the rough and ready sport will be on hand, trying for a portion of the \$3,000 prize money in five events. The West Texas Fair Association, sponsor of the event, has announced prizes of \$2,000 in cash, which will be supplemented by the entry fees.

Events that have proved popular in the leading shows of the United States are listed for the one here. They are calf roping, bronc riding, wild mare riding contest, steer riding and bulldogging. Purses in these contests total \$100 each, for day performances and will be divided four ways. Winners in the three-day averages will split a \$100 added purse, three ways.

Hugh Bennett, hard-riding Fort Thomas, Ariz., cowboy and former Abilene Christian College student, who has been named arena director, will come to Abilene direct from Tucson Arizona, February 25.

Many other leading cowboys are expected to come here from Arizona, then go to San Angelo, and on to Fort Worth for the Southwestern exposition. Heading that group are Vic Schwartz and Hoyt Hefner of Wichita Falls, Jake McClure of Loving, N. M., Ralph Bennett of Abilene and many others.

Wild Brahma steers, bucking horses and steers for the bulldogging event, have been contracted. They belong to Red Lyons of Byers, Texas, and are considered one of the best of this country. Brahma calves and wild mares are to be bought by the fair association for use during the six performances.

Improvements are being made to the lighting system at the fair arena which was constructed last fall. Officials say night shows will be as snappy as the ones held during each of the three afternoons, with added facilities.

The rodeo is to be held in connection with the West Texas Boys Livestock Show, an annual event, J. I. More is superintendent of the show and says it will be largest ever held here. Approximately \$1,000 in prize money will be awarded to the boys with winning animals.

Arrangements are being made by D. H. Jefferies, president of the fair association, and W. R. (Ruck) Sibley, chairman of the rodeo committee, for added feature attractions at the rodeo. This will include trick and fancy roping and riding and exhibition cowgirl bronc riding.

Tidwell's carnival will move from winter quarters at Sweetwater to the grounds here for the spring attractions, it was announced.

Purchase one of the Munday Lions Club bonds to light the Munday high school athletic plant for baseball and football. It will bring more people to our city—IT WILL HELP BUILD MUNDAY! You will be proud of your city!

MUNDAY Stamford Haskell

MAMA SAYS  
2 OR 3 STICKS A DAY  
WILL RUN OUR  
ELECTROLUX!

As Little as **3¢ per day!**

YOUR family needs the protection of Servel Electrolux, the Gas or Kerosene refrigerator, NOW. Taking chances with the foods you eat is dangerous business. 70 Per cent of all sickness is caused by what you eat or drink. Food and milk spoil rapidly at kitchen temperatures. They must be kept cold! Servel Electrolux protects your family from sickness—by protecting your food from spoilage. Can you afford to take chances, when Servel Electrolux operates on as little as 2 or 3 cents a day? Protection for the price of a few sticks of gum!

This is because Servel Electrolux is a different kind of refrigerator—different from all others. Its freezing unit has no moving parts. It cannot wear. But moving parts do wear. Lose efficiency. Cost more and more to operate. Get noisy. Eventually wear out. Servel Electrolux has no moving parts. Just a tiny, silent gas flame takes the place of all that machinery. Gives you twice the ice the average family needs. Protection for meat, milk and left overs. Ice cream every day, if you like. And for 2 or 3 cents per day!

You don't "buy" a Servel Electrolux—it's an investment. A good investment, which not only pays back what you put in it, but pays a profit besides. It takes only a small part of that investment to put Servel Electrolux in your home. Why not NOW?

HERE'S WHAT MRS. (DR.) R. P. GLENN, 896 HIGHLAND AVE., ABILENE, TEXAS, thinks of her Servel Electrolux: "We have had an Electrolux in our home for nearly two years; we get from it the most perfect refrigeration we have ever known. Our ice bills averaged \$6.00 per month, annually; another type of mechanical refrigeration cost us, for a two-year period, about \$8.00 per month. Our gas bill has increased only 14c per month average, in these two years. This period included the extremely hot August of 1936.

Whether it is dairy supplies, or garden stuff, or meats; whether the food is cooked or raw, its quality and taste are unimpaired after waiting in Electrolux. This is an especial advantage over week-ends and holiday seasons. Like all good servants, Electrolux does its work silently; there is neither buzz nor drone to annoy the most susceptible nerves.

Electrolux is the most easily cleaned, and the most easily kept clean of any kind of food-storage refrigerator I have known; and the defrosting is simple and adequate. Nor is there a consequent lowering of temperature to the detriment of foods. Nor the faintest of food odors. Who would wonder that we were glad that Electrolux found its place in our kitchen?"

Saluting "All-American" Cake—Largest in World

J. Frank Grimes, president of the Independent Grocers Alliance of America puts the finishing touches on famous "All-American" cake while little Jackie Banning and her fair assistants smile at Baking Products Marketing Conference held in Hotel Knickerbocker, Chicago. The cake, weighing more than a ton, was baked state by state from a recipe chosen by 1,500,000 housewives in IGA stores throughout the country as America's favorite.

Auto Crash is Fatal to Graham Baby Sunday

Murder Charges Filed Against Two Local Men Tuesday

Murder charges were placed against D. Mullican and P. B. Broach, Jr., both of this city before Judge I. O. Newton of the 50th District Court in Seymour Tuesday afternoon following an auto crash which resulted in the death of seven weeks old Jimmy Louis Duckett. Previous charges of driving while intoxicated had been filed before the murder charges were made.

Mullican was still in the Baylor county hospital in a serious condition held under a \$5,000 bond. Broach was released Tuesday afternoon on a \$5,000 bond.

The accident occurred Sunday afternoon about 5:30 three miles east of Seymour. The machine driven by the local men and the S. L. Duckett car crashed head-on, injuring the four occupants and fatally injuring the Duckett baby. The Ducketts were former residents of Munday, now residing in Graham.

Mullican received a multiple fracture of his right leg and serious head injuries and Broach escaped with minor lacerations, bruises and a shoulder injury. The parents of the child, Mr. and Mrs. Duckett, received a number of minor cuts, but none were considered serious.

Following the head-on crash of the two machines a third car, driven by Burriel Mills of Megargel crashed into the initially involved cars. Mills nor his wife who was riding with him were seriously injured.

Pat Taliaferro, investigator for the state department of public safety, investigated the crash. The charges were made following his investigation and the two men were arrested by Deputy Sheriff Roy Stevens at the Baylor county hospital Sunday night where they had been carried after the crash.

The preliminary examining trial will be held February 28, if Mullican is able to leave the hospital and appear in court, officers reported.

29 Calves ...

in for the feed and all winners of five of Baylor county, was a member of the international judging team of Texas A. & M. College, and built a reputable reputation as a livestock judge. He has worked in that capacity the past four years for the county show.

Prize money for the county cotton contest and ribbons will also be awarded during the day, agent Rice announced. The \$100.00 awards have been posted by the winners of the county and winners were announced last week.

It is believed that at least 500 persons will be here for the show.

Cotton Provisions of Farm Bill Announced

(Continued From Page 1)

the county, stockmen and several out-of-town cattlemen will be guests of the organization.

Judging of the calves will begin at 1:30. Rice stated, with Ralph Howe, county agent of Crosbyton, Texas, named as judge. Howe, nationwide on the basis of acreage during the five preceding years. The county allotments are distributed among individual farms on the basis of tilled acreage, less acreage diverted to wheat, corn, tobacco or rice grown for market or for feeding livestock for market. Provision is made for favored consideration of farms having smaller allotments than that.

The basing of the allotments to farms on tilled acreage, less acreage, less acreage diverted to wheat, corn, tobacco, or rice for market or for feeding livestock for market has been criticized on the ground that it gives a smaller allotment to the farmer who has diversified than to the farmer who has pursued a one-crop cotton production.

Persons knowingly planting cotton in excess of their allotted acreage are ineligible for any benefit payments. To secure the payments, the applicant must swear that he has not planted excess acreage, and, if the affidavit is false, he becomes guilty of perjury.

Boileau Amendment If milk cows in a county and on individual farms outnumber the normal number, the soil conserving crops planted on diverted acreage may be used only for production of agricultural products to be consumed on the farm. The farmer is allowed to feed products of diverted acreage only to poultry and livestock other than dairy stock, unless the dairy products are consumed on the farm. The secretary may forbid feeding of other livestock if conditions of competition develop, which, in his discretion, so warrant. Marketing Quotas and Penalties. If the total supply of cotton, composed of carryover on Aug. 1

(To Be Continued)

No Chance For Argument!!

If Adam and Eve fell for an apple in the Garden of Eden, their descendants have been falling for applesauce ever since. We are not trying to spread applesauce when we tell you that the best protection you can possibly get when you buy a used car is the reputation of the dealer who sells it to you, so buy it from a dealer who has a reputation to sustain and who values that reputation.

Our shop is enjoying a very nice business and we think you will be pleased with the service you will find here. We use only first class parts and first class workmanship. But should you want a low priced cheap job we can also give it to you... but we advise and believe in only the best. We think it is cheaper in the long run.

Moore Chevrolet Your CHEVROLET Dealer

of any year and the estimated crop for that year, exceeds normal supply, i.e., domestic consumption and exports plus 40 per cent, by more than 7 per cent, the Secretary of Agriculture must proclaim marketing quotas. This proclamation must be issued within 10 days of enactment with respect to the 1938 crop. For subsequent crops, it must be issued not later than the 15th of the preceding November.

Due to the large stocks now existing, this provision definitely will call for proclamation of marketing quotas for the 1938 crop.

The marketing quota for each farm would be the normal production or the actual production, whichever is greater, of the acreage allotted to such farm. In other words, any cotton produced on allotted acreage would be within the marketing quota.

Under proclamation of a marketing quota, a referendum of cotton growers would be held, not later than 30 days after enactment in the case of the 1938 crop, and not later than the fifteenth of the preceding December in the case of subsequent crops. The quotas would become effective if more than two-thirds of those voting were favorable.

Any grower dissatisfied with his quota, may have it reviewed by a local committee of three farmers appointed by the Secretary of Agriculture, provided he applies for review within 15 days after the mailing of the notice of his quota. The action of the committee will be final as to the findings of fact, and the grower may appeal to the courts only on the questions of law.

The marketing penalties are to be collected and remitted by the buyer if the cotton is sold in the United States or by the seller if it is sold abroad. Buyers, warehousemen, processors, ginners and common carriers are required to report such information and keep such records as the Secretary may require, and their books and records are to be available for his examination, all subject to fine for refusal or false report. The growers are required to furnish proof of their acreage, yield, storage and marketing in such forms as the secretary may be prescribed. The secretary is directed to provide means for identification to aid in ascer-

taining whether cotton is within the quota. The Federal District Attorneys are required to institute proceedings to collect the penalties for extra-quota cotton.

1937 Price Adjustment Payments

A joint resolution at the last regular session of Congress provided for price adjustment payments to cotton growers on 65 per cent of their base production under the 1937 program, in an amount equal to 3 cents per pound or to the difference between 12 cents and the middling 7-8 inch crop on the day they sold their cotton. The right to this payment was made subject to compliance with the 1938 program. The Conferees Bill provides that they shall be entitled to this payment if their acreage planted in 1938 does not exceed the soil conservation allotment or the marketing quota allotment, whichever is the lesser. Cotton remaining in the government loan shall be treated, for the purpose of these adjustment payments, as if it were sold on June 30, 1938.

1937 Loan

Producers who have placed cotton in the 1937 government loan may sell it to the Commodity Credit Corporation at the loan price, and be relieved of liability for the accrued interest and charges; moreover the Secretary of Agriculture, upon proof of the grower's compliance with the 1938 program, shall pay him 2 cents per pound on the cotton thus transferred, this amount however to be deducted from the total payment due him as price adjustment on his 1937 crop.

The loans on cotton not transferred under this provision are extended to July 31, 1939.

The Commodity Credit Corporation is forbidden to sell any of the 1937 crop so acquired and any other cotton held on behalf of the United States unless the proceeds of sale are sufficient to cover all amounts, including price adjustment payments, disbursed by the United States with respect to such cotton. The corporation is also forbidden to sell more than 300,000 bales in any one month or more than 1,500,000 bales in any one year.

All insurance on loan cotton must be taken out in the States where the cotton is located. No loan cotton may be moved from its pres-

ent place of storage without the written consent of the producer.

Future Loans

In any crop year where (a) the price on Aug. 1 has been below 52 per cent of the "parity price" or (b) the August crop estimate exceeds the normal annual consumption and exports, the Commodity Credit Corporation must offer the cotton growers a loan at not less than 52 per cent nor more than 75 per cent of the August "parity price," however, no loans shall be made unless the farmers, by referendum, accept marketing quotas.

Research and Promotion

Four million dollars is appropriated for the creation of four regional research laboratories to develop new uses for cotton and \$1,000,000 for a fund for promotion of sales.

Louis Cartwright, county sheriff, was here on official business Wednesday afternoon.

Attend Lubrication Clinic

R. B. Bowden, proprietor of the local Gulf Service Station, and Bobbie Barton, employee at the station, attended a lubrication clinic for company employees at Stamford last week. Universal joints, wheels, bearing of all kinds were disassembled and their lubrication needs and problems discussed by lubrication engineers.
