

Knox County Hospital Notes

Patients in the Knox County Hospital, Tuesday, August 27, 1946.
Mrs. B. W. Patterson, Munday.
Ellen Williams, Goree.
Salem Hutchinson, Knox City.
W. E. Ballard, Spur.
Mrs. H. R. Tackitt, Knox City.
Mrs. Peter Herring, Munday.
Mrs. S. O. Turner, Truscott.
Mrs. Milton Dudensing, Old Glory.

Baby Dudensing, Old Glory.
Silba Laid, Rochester.
Mrs. T. C. Carter, Munday.
Mrs. J. A. Johnston, Rochester.
Mrs. Clyde Nelson, Munday.
W. W. Clark, Truscott.
Jimmy Medley, Weinert.
Mrs. Jack Emerson, O'Brien.
Mrs. C. E. Abston, Rochester.
Mrs. O. A. Barker, Mabelle.
Mrs. Loyd Allen, Rochester.

Patients Dismissed since Tuesday, August 20, 1946.
Zella Ann Matthews, Childress.
Lois Denton, Knox City.
Thomas Dickerson, Munday.
Mrs. Delma Hill, Knox City.
W. A. Davis, Rochester.
Mrs. J. D. Shirley, Rochester.
Baby Shirley, Rochester.
Mrs. L. L. Howeth, Knox City.
Baby Howeth, Knox City.
Mrs. Chas. Rex, Brownfield.
Donnie Rex, Brownfield.
Mrs. Paul Melton, Rochester.
Mrs. John J. Kelly, Fort Worth.
Floyd Alexander, Megargle.
Mrs. E. N. McMillian, Benjamin.
Jean Orsak, Goree.
Mrs. H. L. Hobbs, Knox City.
Baby Hobbs, Knox City.
Mrs. C. E. Paul, Knox City.
Baby Paul, Knox City.
W. M. Ryder, Benjamin.
Y. Ramirez, Munday.
Baby Ramirez, Munday.
Mrs. Selo Hernandez, O'Brien.
Richard Mathis, Rule.
Mrs. O. F. Johnson, O'Brien.
Mrs. Joe Reeder, Jr., Knox City.
Baby Reeder, Knox City.
Mrs. C. E. Neal, Rochester.

Births:
Mr. and Mrs. Milton Dudensing, Old Glory, a Daughter.
Mr. and Mrs. J. D. Shirley, Rochester, a Son.
Mr. and Mrs. L. L. Howeth, Knox City, a Son.
Mr. and Mrs. C. E. Paul, Knox City, a Daughter.
Mr. and Mrs. H. L. Hobbs, Knox City, a Daughter.

Bond Election For City Called For Sept. 17th

The City Council of Munday has ordered a bond election for Tuesday, September 17, to determine whether or not the citizens of Munday desire to vote bonds for street paving and drainage.

The election notice, appearing on page two of this issue of The Times, calls for voting of \$50,000, in bonds maturing serially within 20 years from their date and bearing interest at a rate not exceeding three percent.

Local Gins Reported Ready For '46 Cotton

Announcement was made this week that the gin plants at Munday have been thoroughly overhauled and are ready for the 1946 cotton crop. Rains during the past few days are expected to slow down opening of cotton, and the gins will not experience a rush for several weeks.

H. A. Pendleton, who operates the Pendleton Gin, stated that new driver units have been installed in addition to the general repair work. These drivers will enable the local gin to gin cotton which is damper than the usual run.

Clyde Nelson, manager of the Farmers Union Cooperative Gin, stated that the two plants have been thoroughly overhauled and placed in good condition for the season.

Work on the new cooperative gin plant is progressing nicely, and it is expected to be ready for the rush season this fall.

Mrs. Nell Anderson of Wichita Falls spent several days last week with her sister, Mrs. J. O. Tynes.

First Family of Texas

Pictured above is the charming family of Beauford Jester of Corsicana, newly Democratic nominee for Governor of Texas. Standing are Barbara, University of Texas student; Mr. Jester; and Joan, student in Corsicana high school. Seated, Mr. Jester's mother, Mrs. Geo. T. Jester, widow of Lieut. Gov. Geo. T. Jester, who served four years under Gov. Chas. A. Culberson; Beauford, Jr., and Mrs. Beauford Jester.

County Soaked By Additional Rainfall

Local Meeting To Close Sunday

Revival services which opened last Sunday at the local Methodist Church will be closed with the services next Sunday night. The meeting, "A New Life Mission" is attracting large crowds, and much interest is being shown in the services.

Rev. Lance Webb of Dallas is bringing splendid messages for his hearers, pointing out simple and fundamental ways of happier living through Christ. His morning messages on "Ladders to New Life" are of special interest.

Rev. Alby Coekrel of Aspermont is directing the singing and doing special work with the young people. He also brings a special message in song at each service.

Services are being held at ten o'clock each morning and at eight o'clock each evening. Everyone is cordially invited to attend all the remaining services.

Terminal Leave Pay Blanks Available

Blanks for filing claims for unused terminal leave pay are now available at the Munday post office, it was announced Monday by Lee Haymes, postmaster.

All ex-service men wishing to file claims for unused leave pay may secure the blanks by applying at the local post office.

Farmers Attend Cotton Root Rot Demonstration On Claude Reed Farm

Seventy-five farmers representing eight communities in Knox and Haskell Counties, some traveling 30 miles attended the Cotton Root Rot Control Demonstration held on the Claude Reed farm three miles east of Knox City, August 22, 1946, according to County Agent, R. O. Dunkle.

The program was very informal. Mr. Dunkle gave some of the past history of the damage that cotton root rot has caused Knox County farmers. It is estimated that this one thing alone caused a loss of \$62,000 to the cotton farmers in Knox County in 1945. Mr. Dunkle and Mr. Reed estimated that cotton root rot produced a 25% loss in the demonstration field last year.

In this control demonstration three four-acre plots have been marked off. This year one plot was planted to Hubam Clover, one to cotton and the third to grain sorghum. Next year the entire 12 acres will be planted to cotton to determine the effectiveness of Hubam Clover and grain sorghums in the rotation in controlling the cotton root rot. A count was made on the 4 acres of cotton and by actual count 10.2% of the cotton has died from root rot. This being a dry year, that loss is considerably less than can be expected in a seasonable year.

Additional rains, ranging from showers to downpours over the state, have brought more welcomed moisture to Knox County and renewed hopes for farmers for cotton and grain crops.

Munday was visited with showers Tuesday morning heavier showers Wednesday morning and more rain during the night Wednesday.

General rains have fallen over the state, and Stamford, one of the dry spots of this area, reported 4.63 inches this week.

Coming as a boost to late cotton and feed crops, the moisture will assure a greater yield for this immediate territory. Land is also being placed in fine condition for sowing winter wheat and other grains.

H. P. Hill U. S. weather observer for Munday, reported a total this week of 1.17 inches.

Flora Alice Haymes Receives Degree

Miss Flora Alice Haymes, daughter of Mr. and Mrs. Lee Haymes, received her B. S. degree from McMurry College, Abilene, last Friday and came in for a visit with her parents. She is a graduate of Munday high school.

Miss Haymes will leave next week for Big Spring, where she has accepted a position as teacher in the elementary school.

Preston Ingram, who is attending Texas A & M College, came in last Thursday for a visit with his mother, Mrs. Louise B. Ingram, and other relatives.

Heart Ailment Claims Life Of Tom G. Bengé

Funeral Services Are Held Tuesday At Honey Grove

Death claimed one of Munday's most beloved citizens, one who was known to practically every man, woman, and child in the county, when T. G. Bengé passed to his last reward last Sunday evening at about 7:30 o'clock.

Mr. Bengé had been suffering from a heart ailment for several years. He suffered an attack about ten days prior to his death, and was taken to the Wichita Falls Clinic Hospital for treatment. Friends and loved ones kept close watch over his bedside, as he grew steadily weaker, and as death came quietly to this beloved citizen.

Tom Bengé, who was 73 years of age, had been a resident of Munday for almost 23 years, during which time he served as manager of the Munday mill of West Texas Cotton-oil Co. Last March 1, he was retired, at which time he cleared his desk of personal belongings and planned to take a well earned rest and spend some time at fishing. His health prevented realization of these aims.

Associated with oil mill interests for over 50 years, Mr. Bengé was known over much of the state for his interest in cotton farmers and their problems. He began his work in this industry early in life and was at Wolfe City and Honey Grove, as well as other places, before becoming manager of the Munday mill.

Past president of the Munday Chamber of Commerce, Mr. Bengé was actively engaged in civic and community enterprises during his residence here. His life has touched many lives, and many will remember the work which he has done for the betterment of the town and community.

Mr. Bengé was a member of the Episcopal Church, having his membership at Abilene.

Funeral services were held at Chapel of Hampton, Vaughn & Merkel Funeral Home in Wichita Falls at two o'clock last Monday afternoon. Rev. Paul Stephenson, pastor of the Floral Heights Methodist Church in Wichita Falls, officiated. The body was carried overland to Honey Grove for a second service on Tuesday afternoon at two o'clock, and interment was in the Honey Grove Cemetery.

Many long-time friends of Munday attended the funeral services at Wichita Falls. Surviving include his wife, three sisters, Mrs. Troy Lawson of Cleburne, Mrs. E. G. Kennedy of Wolfe City, and Mrs. George Dasher of Ardmore, Okla.; one brother, Charles Bengé of Dallas.

Butler Home Is Destroyed By Fire Saturday Afternoon

The farm home of Mr. and Mrs. E. L. Butler, who reside on the Fred Lain farm in the Thorp community, was completely destroyed by fire last Saturday afternoon.

The flames spread quickly, and the Butler family reported the house and all household furnishings a complete loss.

No insurance was carried on the household goods, according to reports.

HAS OPERATION

Mrs. Clyde Nelson was taken to the Knox County Hospital last week, where she underwent a major operation on Saturday. Reports coming from the hospital Wednesday are to the effect that she is doing nicely.

Weather Report

Weather report for the period of Aug. 22nd thru Aug. 28th, inclusive as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer.

	TEMPERATURE	
	LOW	HIGH
Aug. 22	68	93
Aug. 23	68	93
Aug. 24	67	98
Aug. 25	74	100
Aug. 26	72	92
Aug. 27	69	89
Aug. 28	70	95

Rainfall this week, 1.17 inches; rainfall this year, 14.14 inches; rainfall to this date last year, 15.33 inches and rainfall since Nov. 1, 1945, 14.81 inches.

HIGHEST AWARD

Benjamin F. Fairless, President of United States Steel Corporation, has been awarded the Medal for Merit in recognition of his voluntary service as advisor to the Army's Chief of Ordnance on wartime problems of management, production and supply.

The award, accompanied by a citation from President Harry S. Truman, was made by Robert P. Patterson, Secretary of War. The citation accompanying the award, highest civilian honor in the power of the President, said:

"Benjamin F. Fairless, for distinguished and exceptionally meritorious conduct in the performance of outstanding services to our country at war since June, 1942 in a position of great importance as a voluntary and unremunerated advisor to the Chief of Ordnance, Army Service Forces, on problems of management, production and supply. Signed: Harry S. Truman."

Last Rites For C. A. Forman Are Held On Sunday

C. A. Forman, well known Munday citizen, passed away shortly after midnight last Saturday at his residence in Munday. Mr. Forman had been in ill health for several months.

Born on September 20, 1879, Columbus Allen Forman was 66 years, 11 months and 4 days of age. He retired from active work before coming to Munday eight years ago.

Surviving him are his wife, Mrs. Forman of Munday; one son and three daughters, who are: William Forman of Cisco, Mrs. Bessie Moon, Cisco; Mrs. Bertie Davis, Abilene, and Mrs. Bernice Weaver, Wellington. He is also survived by 12 grandchildren, 4 great grandchildren, and one great, great grandchild.

Funeral services were held from the First Baptist Church in Munday at 2:30 o'clock last Sunday afternoon, conducted by Rev. D. B. Weaver, Jr., of Fort Worth. Interment was in the Johnson Cemetery, with the Mahan Funeral Home in charge of arrangements.

Active pallbearers were James Carden, Luther Rinehart, Cecil Fitzgerald, Ed Johnson, George Ivy and Melvin Carden. Honorary pallbearers were C. M. Matlock, R. L. Gaines, Ardelle Speck, R. B. Davy, Jack Wallace and W. L. Langford.

New Officers For American Legion At Goree Named

Members of the Ben E. Hunt Post of American Legion at Goree elected officers for the new year recently. The year begins on Sept. 1, 1946. Officers are as follows:

Commander, John Powell; first vice commander, Doyle Bowen; second vice commander, Tom Weber; third vice commander, Oscar Lewis; adjutant, Orman E. Moore; finance officer, George Jones, Jr.; chaplain, A. W. Akins; historian, H. L. Moore; service officer, George Hunt; child welfare officer, S. R. Hudson; sergeant-at-arms, George Crouch, Jr.

Former Resident Dies At Burleson

Mr. and Mrs. C. R. Hendrix and family left last Friday night for Burleson, Texas, upon receipt of a message that Mrs. Hendrix's father, L. M. Burns, had passed away.

Many friends will remember Mr. Burns, as he lived on the Husker farm, north of Munday, for ten years. He had lived at Burleson for 18 years. He was 72 years old.

Besides Mrs. Hendrix, he is survived by his wife and one son, Bill Burns of Burleson. Funeral services were held at the Methodist Church in Burleson at 2:30 p. m. Sunday, conducted by Rev. Willingham and Rev. Osmuth.

2,400 Votes Cast In Run-Off Primary

Homer T. Melton Wins In Race For Knox Sheriff

Homer T. Melton of Benjamin, who made his first venture in politics, won the nomination for sheriff of Knox County in the run-off election last Saturday.

Sheriff L. C. Floyd, who was running for a third term, ran a close race in all boxes of the county. Melton emerged winner by approximately 100 votes. Over 2,400 votes were cast in this race.

The vote by boxes follows:

	Melton	Floyd
Truscott	72	37
Galliland	41	54
Sunset	61	100
Benjamin	182	108
Knox City	373	249
Goree	147	75
Rhineland	43	69
Vera	70	88
Munday	226	345
Hefner	27	27
Brock	12	7
Total	1254	1154

With over a million votes tabulated in the governor's race, The Texas Election Bureau announced Monday night that Beauford Jester had received 688,354 and Homer P. Rainey 356,599. Approximately 12,000 votes were untabulated at that time, the Bureau estimated.

Allan Shivers led Boyce House in the lieutenant governor's race 546,887 to 439,928.

J. E. McDonald, incumbent, held a 501,965 to 471,688 lead over R. E. McDonald in the race for commissioner of agriculture.

The count was from all 254 counties of the state, with 161 complete.

Tom Beauchamp led Jesse Owens 506,155 to 447,671 for the county of criminal appeals race.

County Goes Jester
Jester led Knox County in the voting Saturday, receiving 1,451 votes to the 9915 for Rainey. Other county votes were as follows:
Lieutenant Governor: House, 11-70, Shivers, 1194.
Commissioner of Agriculture: J. E. McDonald, 1128; R. E. McDonald, 994.
Supreme Court: Beauchamp, 660; Owens, 1465.

Knight Elected As Commissioner

O. L. (Pete) Knight won the nomination as commissioner of precinct one in Knox County last Saturday. This was the closest race in the county, with only an 81-vote margin between Knight and Tom Stogner. Two other candidates were eliminated in the July primary.

A total of 787 votes were cast in this race. The vote by boxes:

	Knight	Stogner
Knox City	381	246
Sunset	53	107
Total	434	353

Lonnie Offutt Gins First Bale Grown Locally

Lonnie Offutt, well known farmer, ginned the first bale of cotton grown in this immediate area last Monday, August 26. This was the same date on which Munday's first bale of cotton was ginned last year.

The cotton was grown just north of Munday. Out of 1900 pounds of snapped cotton, Mr. Offutt secured a 430-pound bale. The cotton had not been sold Wednesday, it was reported.

The bale was ginned by the local Farmers Union Cooperative Gin, this making the fourth bale the local gin has ginned from the 1946 crop.

School Faculty Nearly Completed

With registration of students in the Munday Public Schools slated next Wednesday and Thursday, the school faculty is almost completed, Supt. W. C. Cox announced this week.

Resignation of the high school principal, who went to another school, left a vacancy for this position, and Mr. Cox expressed the belief that this vacancy would be filled this week. He hopes to publish the entire faculty list next week.

Friday of next week will be devoted to teacher assignment and class schedules and regular class work will be started the following Monday.

RECEIVES DISCHARGE

T/5 Carl S. Norwood of Goree received his honorable discharge at the separation center at Fort Sam Houston on Tuesday, August 12, after spending 21 months in the armed forces, 15 of which were spent on Hawaii. His wife is the former Miss Zeola Kirkpatrick of Weinert.

Mr. and Mrs. Worth Gafford and J. C. Gafford spent last week end in Coleman, attending the bedside of the Messrs. Gafford's father, who was injured in a car accident near Coleman last Friday.

Jackie Mayes is visiting in the home of Mr. and Mrs. Guy Rutherford of San Angelo this week.

EDITORIAL PAGE

"What a Man Does For Himself Dies With Him— What He Does For His Community Lives On and On."

YOUR MERCHANT FRIEND

"A period of rising prices and rising cost of living is now to get underway," forecasts the United States News. "This is the period when the nation's 38,000,000 families will pay for the wage increases and for the strikes among other things that marked the first half of 1946."

As to just what tendencies the trend will take, is any man's guess. Some think the price rises will be relatively gradual. Others gloomily forecast a catastrophic inflation, ending in a crash. Details notwithstanding practically everyone seems agreed that price boost are necessary and unavoidable, and that all the talk about "holding the price line" in the face of the most extreme wage increases in history is just empty talk designed for naive ears.

The role of the nation's distribution system during this period will be an all-important one. Your merchant, be he large or small, can't prevent price increases caused by influences entirely beyond his control. He can't sell you something that costs him a dollar, for eighty-nine cents. What he can do—and what he will do—is to hold the prices at retail level to the minimum by efficient, economical operation of his store.

American merchandising is superbly geared to do this job. The basis of the system lies in competition—open, honest competition by all kinds of stores. The door is wide-open to the innovator, the man who has a new idea, who wants to do a little better job and get more customers by doing it. He will do all in his power to cushion whatever "price shocks" lie in store for us.

OUR SALVATION

Back of all the talk concerning inflation and price control, is the undeniable fact that heavily increased production is our main salvation.

Everyone knows that black markets are created by an inadequate supply of desired goods in normal, legitimate outlets. The country's price control policies have contributed unnecessarily to that inadequacy. No one will produce an article if he can't sell it for enough to pay his costs. And no manufacturer, farmer, or retailer can "hold the price line" indefinitely in the face of increasing wage and operating expenses beyond his control. He must raise his price or quit producing.

In the case of many agricultural products, the government has attempted to meet the issue through the old device of subsidies. A child can see the economic fallacy in that. A subsidy means that part of the cost of what you buy is paid for out of your tax dollars. In the long run, the bill is greater.

Those who try to bring about businesslike administration of price control aren't the friends of inflation. They are the friends of production—inflation's enemy. The country has the greatest productive potential on earth. It has, in addition a highly competitive distribution system which is a miracle of efficiency. Until these forces can operate freely we shall continue to enrich the black market and prevent legitimate producers and distributors in all fields from performing the vast services of which they are capable thereby assuring goods at the least inflated prices.

Teacher—And what parable do you like best?
Boy—The one about the multitude that loafs and fishes.

HEALTH IS NOT A COMMODITY

The Citizens Medical Reference Bureau in a recent report declared that compulsory health insurance would result in medical control of the individual by the government.

The practice of the healing art is not a commodity which can be bottled up at a fixed price per person," the report states. "What is meat to one person is poison to another. . . .

"Any attempt by the government to establish and maintain a monopoly of the healing art by compelling all wage earners to contribute to the support of such a monopoly must inevitably stifle progress and foster a mediocre type of treatment. . . .

"The labor difficulties experienced during the past year and the food crisis at home and abroad should serve as a reminder that the Federal government has its hands full to handle its own problems without endeavoring to take over the personal problems of the states and the individuals in the respective states."

It is possible to extend Federal assistance to the states in such matters as tuberculosis and venereal disease control and child welfare without establishing a medical dictatorship in the process. The very great progress made in voluntary health insurance in recent years points to the solution of medical care problems in the nation.

NO ALTERNATIVE

Conditions confronting the railroads constitute the strongest showing that the proposed increase in freight rates should be made effective immediately. There is nothing speculative about the fact that traffic is declining rapidly and that wage rates and prices of materials and supplies have increased tremendously while freight rates remain at prewar levels.

Railroads did not want to ask for an advance in freight rates but they had no alternative if they are to remain in a solvent condition.

TWO AND TWO MAKE FOUR IN ALL COUNTRIES

"It is useless to talk of labor's purchasing power encouraging business if business is asked to produce goods at a loss," says the New York Times editorially. "We cannot have full employment if people are discouraged from becoming employers."

When business can no longer employ and produce, government will step in—and the state bureaucrat will be the economic dictator. Then we'll have exactly the essentials of fascism, here at home, that we fought the most destructive war in history to destroy.

Legal Notice

NOTICE OF BOND ELECTION TO THE RESIDENT, QUALIFIED PROPERTY TAXPAYING VOTERS OF THE CITY OF MUNDAY, TEXAS:

TAKE NOTICE that an election will be held on the 17th day of September, 1946, on the proposition and at the place more particularly set out in the election order adopted by the City Council of the City of Munday, Texas, on the 28th day of August, 1946, which is as follows:

RESOLUTION AND ORDER BY THE CITY COUNCIL OF THE CITY OF MUNDAY, TEXAS, CALLING AN ELECTION ON THE QUESTION OF THE ISSUANCE OF STREET IMPROVEMENT BONDS FOR SAID CITY, AND LEVYING AN AD VALOREM TAX IN PAYMENT THEREOF.

WHEREAS there is a necessity for certain improvements to the streets in the City of Munday, Texas; and

WHEREAS, it is considered to be the best interest of said City that bonds of said City be issued for that purpose; THEREFORE

IT IS HEREBY ORDERED BY THE CITY COUNCIL OF THE CITY OF MUNDAY, TEXAS that an election be held on the 17th day of September, 1946, at which election the following Proposition shall be submitted to the resident, qualified property taxpaying voters of said City, who have duly rendered their property for taxation, for the action thereupon:

PROPOSITION
Shall the City Council of the City of Munday, Texas, be authorized to issue bonds of said City, in the amount of \$50,000 maturing serially within twenty years from their date, bearing interest at the rate of

not exceeding three per cent per annum, for the purpose of constructing street improvements in said City of Munday, Texas; and to levy a tax on all taxable property in said City of Munday sufficient to pay the interest on said bonds and create a sinking fund with which to pay the principal thereof at maturity.

The said election shall be held at the City Hall within said City of Munday, Texas, and the following named persons are hereby appointed managers thereof:

C. L. Mayes, Presiding Officer, Mrs. Jack Mayes and Dolores Campbell, Clerks.

That said election shall be held under the provisions of and in accordance with the laws governing the issuance of municipal bonds in cities, as provided in the General laws of the State of Texas, and only resident, qualified taxpaying voters, who own taxable property in said City, and who have duly rendered same for taxation, shall be qualified to vote.

The ballots for said election shall have written or printed thereon the following words:

"FOR THE ISSUANCE OF BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF."

"AGAINST THE ISSUANCE OF BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF."

Each voter shall mark out with black ink or pencil one of each of the above expressions, thus leaving the other as indicating his vote on each proposition.

The Mayor is authorized and directed to issue a notice of said election, to be posted at three public places within said City of Munday, Texas, for at least fourteen full days prior to said election. And he is further authorized and directed to cause said notice to be

published in some newspaper of general circulation published in said City once each week for two consecutive weeks, the date of the first publication to be at least fourteen full days prior to the date of said election.

PASSED AND APPROVED this 28th day of August, 1946.

W. R. Moore,
Mayor, City of Munday, Texas.

ATTEST
HARVEY LEE
City secretary, City of Munday.

Mexico To Have State Fair Exhibit

That the Mexican Government will send a big exhibit to the State Fair of Texas this year, for the first time since 1924, was announced by W. H. Hitzelberger, vice president and general manager of the Fair, this week. Hitzelberger stated that he had received word from the Mexican Tourist Department at San Antonio that the exhibit would arrive at Fair Park about September 15.

More than a thousand articles of Mexican silver, pottery, leather and rare lacquers will be included in the exhibit, as well as a large collection of colorful Mexican regional costumes. The exhibit will occupy some 1500 square feet in the Foods Building.

The exhibit was procured through aid of Fernando de la Garza, San Antonio offices of the Mexican Tourist Department; Gustavo Ortiz Hernan, Mexican Consul General; and Alejandro Buelna, head of the Tourist Department, Mexico City.

RECEIVED DISCHARGE

Miss Wardell Sweett, who has been serving in the WAVE since November 2, 1944, received her discharge on August 29, the separation center at Washington, D. C. She had been stationed at Washington for some time.

Mr. and Mrs. C. T. Russell and son and niece, Robbie Lou Walling, and Mr. and Mrs. J. C. Walling, all of Carlsbad, New Mexico, visited relatives and friends here over the week end.

Mr. and Mrs. Aaron Edgar were business visitors in Haskell last Saturday morning.

NOW, MORE THAN EVER BEFORE

THE ARMY HAS A GOOD JOB FOR YOU!

NON-COMMISSIONED GRADES NOW OFFERED TO FORMER ARMY OCCUPATIONAL SPECIALISTS

Good jobs in non-commissioned grades are being offered now by the Regular Army to qualified former servicemen!

Veterans discharged on or after May 12, 1945, who enlist or reenlist for 3 years may be enlisted in the non-commissioned grade for which qualified, provided this grade is not higher than that held at time of discharge, and provided that at least 6 months of former service was in one of 400 designated military occupational specialties in which enlistment is now desired.

Important, interesting jobs are open in hundreds of skills and trades in the Army, with splendid training and educational advantages! These are in addition to free food, housing, clothing, medical and dental care, low-cost insurance.

There's adventure, travel, education, a secure and profitable future in this vital, realistic profession. Get full details at your nearest Army Recruiting Station.

Highlights of Regular Army Enlistments

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in the Army, who may reenlist at any age, and former service men depending on length of service.
3. A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
4. A furlough for men who reenlist within 30 days. Full details of other furlough privileges can be obtained from Recruiting Officers.
5. Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
6. Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
7. GI Bill of Rights Benefits assured for men who enlist on or before October 5, 1946.
8. Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

NEW PAY SCALE

Starting Rate Pay	20 Years' Service	30 Years' Service
Master Sergeant	\$165.00	\$185.63
or First Sergeant	115.00	129.38

AA FARM NEWS

(This is the twelfth of twenty-two articles that will appear in this newspaper on the need for soil conservation, the amount of soil conservation, being carried out, crop insurance, commodity loans, marketing quotas, and other programs of interest to farmers.)

Production Goals

In the history of this war the chapter foods is checkful of drama. Farmers' wartime production record enabled our pipe lines to all war fronts to be kept full of all the food and other farm products needed for the war. At the same time, we have added our allies with sorely needed supplies and our civilians generally have been better fed than ever-though foods in plentiful supply were sometimes substituted for luxury items.

Primarily, these results were due to the magnificent, untiring efforts of farmers. In spite of war-created shortages of machinery and supplies, in spite of handicaps in the way of manpower, late planting seasons and other weather hazards, farmers never let down in their efforts.

But credit is also due the production aids given by Government—among the most important, the carefully developed goals which helped farmers balance national requirements with the production capacity of their own farms.

In this war, unlike the one before, United States farmers did not increase production by breaking out an additional 30 million acres of native soil. Increased production to meet special war needs was obtained largely from the existing cropland. Shifts—some of them drastic—were made among crops, guided by production goals. Production was intensified.

For some crops, improved farm-

ing methods with larger yields resulted in near-or above-normal production on smaller acreages. For example, wheat acreage in 1944 was 10 per cent below the 1935-39 average, but production was 42 per cent above. Cotton acreage was 29 per cent below the 1935-39 average; cotton production, only 6 per cent less. Potato acreage was 4 per cent below the 5-year average; potato production, 7 per cent above.

State meetings.—As in previous war years, State AAA committees, in cooperation with other Federal and State agricultural agencies, held meetings with farmers and farm-organization officials to consider tentative 1945 goals. Because of the fluid military situation, the meetings were held in November-December 1944, as late in the year as was considered advisable.

Local conditions, together with marketings, price supports, materials and facilities, and other production factors, influenced the determination of final national goals, which represented State totals. AAA farmer committeemen again personally explained the goals to each farmer, as well as what the farmer should do to help fulfill national needs.

1945 pattern.—Continued full farm production was called for by the 1945 goals. Crop goals totaling 363,635,000 acres were nearly 9 million acres larger than the 1944 planted acreage. In line with the changing demand situation, however, some shifts in the pattern of production were involved.

Goals were materially increased over those for 1944 for flaxseed, sugar beets, and cover crop seeds. Moderate increases over 1944 acreages were requested for dry beans, potatoes, and tobacco. Goals for soybeans, and legum hay seeds were maintained at their record 1944 levels.

To meet increased military and civilian demands, goals were raised to provide more milk and eggs, bigger packs of vegetables for processing and larger slaughtering of cattle and farrowings of pigs.

"New-Grower" legislation.—A possible drawback to production of war crops was removed early in 1945 when Congress passed legislation protecting cotton and wheat allotments of farmers who produced "war" crops. Further shifts in these crops were thus permitted in wheat and cotton areas.

Previously AAA legislation had set a limit to the acreage for use by "new growers"—farms on which no wheat or cotton was produced during the preceding 3 years. The new legislation also protects producers of cotton, wheat, and peanuts in cases where a farm's normal history has been upset because the owner or operator served in the armed forces.

1945 Output.—Forecasts indicate that production in 1945 may be

equal to that of the exceptional years 1942 and 1944. Here is the picture for some major crops:

All-time record production of wheat, oats, soybeans, peanuts, rice, tobacco, peaches, pears, truck crops for market, and milk. If present predictions come true, the wheat crop, indicated at a new record will exceed a billion bushels for the third time in our history and the oats crop will total 1.5 billion bushels, shattering a production record that has stood for 25 years by 139 million bushels. Milk production is indicated at 123 billion pounds, two-fifths more than the 1935-39 average.

Near-record production of hay, potatoes, flaxseed, sugarcane, meat, and eggs.

Big crops of corn (the third largest of record) and grain sorghums (exceeded in only 3 other years.) Above average crops of barley and sweetpotatoes.

TEXAS RANGE CONDITION

COLLEGE STATION.—Range feed is dry and curing over most of Texas but is still supplying fair to good grazing in most areas.

Only by drawing upon reserve subsoil moisture has much of the state escaped serious drought according to a report received by the Texas A. and M. College Extension Service from the Bureau of Agricultural Economics at Austin.

A serious range condition exists in the Southern Plains and Northern Plateau counties where moisture has been short all season the report indicated and range feed is critically short. Soaking rains are now urgently needed in the entire western half of the state to revive grass growth.

In upper coastal and some eastern counties July rainfall was sufficient and ranges in those areas are still supplying good grazing.

For an over-all picture of grazing in the state the report showed that all range food is at 76 per cent of normal condition.

Due to favorable market prices and dry ranges marketing of cattle

and calves have been unusually heavy during the past month. In dry areas cattle are losing some flesh. Sheep and goats are holding up well in most areas except in the very dry Northern Plateau counties. Ranchers may market lambs early unless good rains start new grass soon, the report indicated.

Mrs. S. D. Hart returned to her home in Lamesa last Monday after several weeks' visit in the home of Mr. and Mrs. W. H. Hart.

Mr. and Mrs. Wilson Mahan and son, Wilson, Jr., of Long Beach, Calif., and Mr. and Mrs. Allen Harper and daughter, Nan, of Edinburg, Texas, visited in the home of Mr. and Mrs. Wade Mahan over the week end.

Mrs. Troy Warren of Wink, Texas, spent the week end with her parents, Mr. and Mrs. U. S. Rogers.

Mr. and Mrs. Guy Rutherford and daughters of San Angelo visited with Miss Maud and Fannie Isbell and with other relatives here over the week end. They were accompanied home Sunday by their son, John Thomas, who visited relatives here all of last week.

Mr. and Mrs. T. B. Hertel and daughter, Dorothy, Mrs. Ida Hertel and Miss Rosellen Hertel were business visitors in Abilene last Friday.

Miss Thelma Atkinson left last Sunday for several days' visit with relatives in Wichita Falls, after which she will go to Albuquerque, New Mexico, where she is teaching school.

Mrs. Jo Mae Davis Presents Pupils In Piano Recital

Mrs. Jo Mae Davis, instructor in piano lessons, presented a number of her pupils in a private piano recital in her home last Friday evening at four o'clock. Mothers of the pupils were present for the recital.

The manner in which these pupils played their numbers showed that they are progressing nicely with their piano lessons. Presented in the recital were the following:

Linda Joyce Lambeth, Patsy Jo Tidwell, Gerald Tidwell, Edward Melton, Diane Hobert, Betty Blacklock, Peggy Cooksey, Connie Haskin, Mrs. Delmar Haskin and Marilyn Davis.

Two Honored At Birthday Party On Last Friday

A double birthday party was given last Friday afternoon honoring Mary Ione Tidwell and Roger Dale Bell on their birthdays.

Many games were played, and a very enjoyable time was had by all. Refreshments were served to the following:

Penny and Patsy Parks, Judy Reid, Bobby Swindle, Barbara Fields, Allen and David Ellans, Bobby Bell, Glenda Sue Bell, James Edrington, Jimmy Bell, Don Killian and the honorees, Roger Dale Bell and Mary Ione Tidwell.

Bud Moore And Effie M. Shelly Wed August 10th

Mr. C. J. (Bud) Moore and Miss Effie Mildred Shelly were united in marriage at 2:30 p. m. Saturday, August 10, in the home of Rev. W. B. Key at Malone, Texas.

Attending the ceremony were Misses LaVerne and Bessie Moore, Mrs. Marvin King and Mrs. R. E. Shelly.

Mrs. Moore is the daughter of Mr. and Mrs. R. E. Shelly of Frost, Texas.

The couple plan to make their home here.

LEAVE ON VACATION
Mr. and Mrs. J. C. Harpham and daughter, Claire, and Mrs. Harpham's sister, Miss Dorothy Clements, left last Saturday for Eagle Nest Lake in New Mexico, and other points, where they are spending a week's vacation. They were joined in Amarillo by Dr. and Mrs. E. M. Roberts and family.

ANNOUNCEMENT
I am now associated with Mrs. Louise Ingram at the Dress Mart. Will do all types of tailoring, dress making and alterations. Call on me if I can serve you in any way.
Mrs. Addie Layne.

Lewis B. Warren, Miss Frances Welch Wed In Fort Worth

Miss Frances Welch, daughter of Mr. and Mrs. J. F. Welch of Anson, became the bride of Lewis B. Warren, son of Mr. and Mrs. A. B. Warren of Munday, at 7 p. m. Saturday at the First Methodist Church in Fort Worth.

The double ring ceremony was read by Dr. Warren Johnston. Miss Lucille Eskenidge sang "Because," accompanied by an organist who also played the wedding marches.

Miss Dorothy Jean Welch, sister of the bride, was maid of honor, and Louis B. Wingo of Weatherford was best man. The bride's father gave her in marriage.

A dinner was given in honor of the couple immediately following the ceremony.

The bride attended North Texas State College in Denton, and the bridegroom is attending T. W. C. in Fort Worth. He was in the Army Air Corps for four years and served 23 months in Europe.

Guests included Mr. and Mrs. A. B. Warren of Munday, Mrs. J. W. Medley of Haskell, Mr. and Mrs. J. F. Welch, Van and Caffey of Anson, Mr. and Mrs. J. F. Welch, Jr., of Houston, Miss Betty Clainford of Curen, Miss Carmer Teel of Sanger, Vernon Teakell of Curen, Mr. and Mrs. Ed Brand of Fort Worth and Ed Wilson of Fort Worth.

Weldon Smiths Hosts At Party Friday Night

Mr. and Mrs. J. Weldon Smith entertained several couples with a bridge party in their home last Saturday evening.

After several games of bridge were played, delicious refreshments were served to the following:

Mr. and Mrs. Ray Holcomb, Mr. and Mrs. J. C. Shockey, Mr. and Mrs. Paul Pendleton, Mr. and Mrs. Winston Blacklock, Mrs. Fred Broach, Jr., Mrs. Jack Mayes, and the host and hostess.

New Deal Club Meets Thursday In Pendleton Home

Mrs. Paul Pendleton was hostess to members of the New Deal Bridge Club last Thursday night at their regular meeting.

Scores were added at the close of the bridge games, and Mrs. Dorse Rogers held high score. Refreshments were served to the following:

Mmes. Dorse Rogers, J. C. Harpham, I. V. Cook, Jack Mayes, Arthur Smith, Jr., A. V. Kemler, Miss Thelma Atkinson and the hostess.

Warren-Williams Marriage Rites Held August 11th

Miss Clydeen Warren, daughter of Mr. and Mrs. Clyde B. Warren of Goree, became the bride of David K. Williams, son of the late Rev. C. H. Williams of Booker, in the home of the bride's parents, Sunday afternoon, August 11, at four o'clock. Rev. J. O. Haynes, pastor of St. Paul's Methodist Church in Abilene, was the officiating minister.

The beautiful double ring rites were exchanged before an improvised altar arranged to form an archway covered with greenery intermingled with occasional bunches of pale pink crepe myrtle. A tall white floral basket of white gladiolus and fern were placed on either side to form a background to the entire setting.

The pre-nuptial music was provided by Mrs. Jo Mae Davis, aunt of the bride, who presented an interpretation of the "Bridal Wreath March" and Debussy's "Clare de Lune." Mrs. Davis also accompanied the vocalist, Miss Bonnie Wilkins of Abilene, a former roommate of the bride, as she sang Greg's "I Love Thee." An interpretation of the "Bridal Chorus" from Wagner's "Lohengrin" was played as the bridal party entered.

The bride, given in marriage by her father, wore a gown of white silk net over taffeta, fashioned with a low sweetheart neckline, outlined with orange blossoms and a yoke designed with a wide drop-shoulder ruffle made of small rows of ruffled net, grasped at intervals with orange blossoms to form scallops. The long, flowing tiered skirt was fitted onto a long basque waist, and the two-tiered veil of bridal illusion was attached to a sweetheart coronet designed of small rows of ruffles and encircled with orange blossoms. She wore elbow length mitts of white net, trimmed also with small rows of ruffles, matching the rest of the costume. She carried a white prayerbook belonging to the Kappa Phi Social club, topped with a beautiful arrangement of white carnations and white gladiolus, tied with long white satin streamers. The bride completed her costume with a single strand of pearls and a gold bracelet, the latter being borrowed from Miss Annadell Harkey.

Miss Jeanne Davis of Munday, cousin of the bride and maid of honor, wore a costume of petal pink taffeta and net. She wore elbow length mitts of pink net, fashioned like those of the bride. She carried a lovely nosegay of petal pink carnations and fern tied with long pink satin streamers.

Miss Annadell Harkey of Abilene, classmate of the bride and groom, attended as the only bridesmaid. She wore a pink orchid gown of net over taffeta of the matching color. She carried an identical nosegay to that of the maid of honor.

Glenn Hicks of Abilene served as best man, and Donald Jolly, also of Abilene, served as groomsman.

At the reception immediately following the ceremony, the bride and groom cut the beautiful three-tiered wedding cake which was served by Mrs. Edwin Mitchell. Mrs. O. W. Cypert presided at the punch bowl, and Mrs. Truman Cypert, sister of the bride, secured names of guests for the bride's book.

Following the reception, the bride and groom departed for Abilene, where they will make their home at 1825 Highland Ave. For traveling, the bride chose a lovely dress of navy blue and accessories of black patent with white gloves. She wore a corsage from her bridal bouquet.

Mrs. Williams is a popular member among the young people at Goree, where she graduated from high school in 1944. She has attended McMurry College in Abilene for the past two years, where she is affiliated with the Kappa Phi social club, Sigma Lambda Kappa, the Art Club and the Chanters.

The groom, a popular sportsman and resident of Abilene, graduated from high school there in 1937. He entered McMurry College and attended there for three years before the war. Entering the service, he served seven months in the 112th Cavalry and four years and five months in the air forces. He was discharged last November and re-entered McMurry in the spring term. He will receive his B. S. degree in June. He is a member of I. H. R. men's social club, and the men's athletic association.

Both bride and groom will continue their studies at McMurry this fall.

Norwoods Hold Family Reunion On August 18th
The Norwood reunion was a happy event in the home of Mr. and Mrs. Adern Pendleton of Tahoka on Sunday, August 18, when six of the Norwood children were present to be with their father, "Uncle Sam" Norwood of Tahoka.

"Uncle Sam," who is 86 years of age, is a former resident of Knox County and is well known in this area. The Norwood children pre-

DENIM SLACK SUIT

It's time for gardening and re-dressed Arleen Whelan, Paramount star, is all set for the day's chores in a cotton denim slack suit designed especially for her. The smooth, flowing lines of the garment make it ideal for active work about the house and the garden.

John F. Brown, Miss Cammie Beaty Marry August 20

Announcement was made this morning of the marriage of John F. Brown of Weatherford, who were united in marriage on Tuesday evening, August 20, in the home of Rev. C. Jones, Baptist minister of Haskell, who officiated.

The bride, daughter of Mr. and Mrs. G. H. Beaty of Munday, was reared here and attended the local schools. Soon after the formation of the Women's Army Corps she enlisted in this organization and served in the United States and Canada for about four years. Following her discharge, she returned to her position at the Eiland Drug Store in Munday.

Mr. Brown is the son of Mr. and Mrs. John F. Brown, Sr., of Fort Worth. He was reared at Weatherford. He entered the service about the time the 36th Division was mobilized and served his country for four years. Prior to this time, he was in business in Odessa.

The newlyweds, who are now on a combined honeymoon and prospecting trip, have not announced their plans for the future.

Guests at the reception were: Warren Norwood, Cleveland, Okla.; James Norwood and family, Goree; Lee Norwood and family, Lamesa; Sammie Norwood and family, and Mrs. Adern Pendleton and family, all of Tahoka.

Mrs. Fred Netherton and family of Brownwood and one son, Floyd Norwood of Stanton, were unable to be present.

Other friends and relatives calling during the day were: Mr. and Mrs. Jess Hill and son, Mr. and Mrs. Fred Pendleton and son, and Mrs. Lester Banett and grandson, all of Tahoka, and Mrs. Carl Carnes and son, Cleveland, Okla.

A Want Ad in the Times Pays

Clydeen Warren Named Honoree At Bridal Shower

Miss Clydeen Warren, bride-elect of David Williams of Abilene, was named honoree at a miscellaneous shower in the home of Mrs. Ed Jones on August 8. Co-hostesses were Mrs. Farris Mobley and Mrs. Elkin Warren.

The bride-to-be, her mother, Mrs. Clyde Warren, and her sisters, Mrs. Truman Cypert and Mrs. Dave Jetton, assisted Mrs. Jones in receiving the guests.

The refreshment table was covered with a beautiful lace cloth, centered with antique Martha and George Washington dolls in front of an altar, on which was printed "Clydeen and David—Aug. 11th." Mrs. Mobley presided at the table, and was assisted in serving by Miss Jennie Jones, Miss Wanda Jones and Miss Werva Mobley.

Guests were then directed to the rooms where many beautiful gifts were displayed.

Approximately 80 guests registered in the lovely bride's book, supervised by Mrs. Elkin Warren.

Activities of Colored People

Prof. Owen, principal of the high school at Colorado, Texas, and Rev. C. W. Henderson, pastor of Calvary Missionary Baptist Church and grand deputy of the Masonic Lodge, are here for the purpose of doing a good work and upholding of the colored race and to make better citizens of this town.

Mrs. Jessie Foster and Charlie Chandler were united in matrimony at West Beulah Baptist Church last night at eight o'clock by Rev. Q. H. Beavers.

Mrs. Mable Hawkins' sister is here visiting from Laidonia, Texas. Rev. Owens will be preaching at the Methodist Church on Thursday, the 29th. Everyone is invited.

Rev. Taylor has extended a wide invitation to patrons and all to attend the school opening on Monday.

day morning at nine o'clock in the new school building. The face of a coin is called its obverse side. Service will be held Sunday at the Church of God in Christ. Air mail stamps were first placed on sale June 16, 1924. Everyone is invited.

FARMERS PRODUCE

Now is the time to plant Millet—it's good feed; makes a lot of good feed quick.

CERTIFIED BIG GERMAN.

Plan Heating AS PART OF HOUSE

When heating is planned as part of house and equipment installed when it is built or remodeled, it can be included as part of monthly payments. In this way the finest automatic natural gas heat costs so little more each month that even the builder of a modest cottage can afford it. Evidence of this fact is that many of the 2,200 homes being built here in the Southwest in one of the nation's largest single home building projects will be heated with central automatic gas furnaces. Below are two popular types:

Basement-type GAS FURNACE

For large houses with basement or ground floor utility room is the forced-air furnace with filters. It sends cleaned warmed air balanced with right amount of moisture to every part of house. It is automatically controlled to maintain desired temperature.

Closet-type GAS FURNACE

For the cottage where space is limited this closet-type furnace is ideal for installation in small space. It, too, provides clean, warm air throughout the house. It is completely automatic. It is quiet, efficient and costs little to operate.

Vent to A Flue...

Remember, flues are necessary for venting the new gas heating equipment. Only when vented heat is used are wall sweating and stuffy air eliminated.

Lone Star Gas Company

PLUMBING and HEATING for Today's Home Builders

This Crane equipment is new in every respect! Fresh, modern styling! Engineering improvements! Convenience features! Plus the finest quality construction.

If you are qualified under government regulations to build a new home or remodel your present one, prompt action now will help to assure you of the equipment you need—when you need it.

We appreciate your help of every kind, and we pray God's blessings on you all.
Mr. and Mrs. Ed Butler and family.

L. C. (Lewis) Floyd Thanks The Voters

Sheriff Lewis Floyd this week made the following statement to the voters of Knox County, expressing his thanks for the support given him in his campaign for re-election:

To The Voters of Knox County: I am indeed grateful for the vote and support given me in my campaign for re-election as your sheriff.

Although defeated in the run-off, I am mindful of the support given me and the work of loyal friends. I want to thank each one for the support given me, and I assure you it has been a pleasure to serve you as your sheriff. I pledge my cooperation to Mr. Melton when he takes over the duties of office on January 1.

Sincerely yours,
L. C. (Lewis) FLOYD.

O. L. (Pete) Knight Thanks The Voters

Pete Knight, victorious candidate in the run-off Saturday for local County Commissioner, made the following statement Monday, in thanking the voters who favored him at the polls:

"I am very happy to be your County Commissioner elect, and realize that I am greatly indebted to all of you who were so considerate of my candidacy. I want to thank each and every one of you who voted for me, and want to add that I bear only good will to everyone in the precinct.

"I shall endeavor to uphold the confidence you have placed in me and conduct the office in an efficient, impartial manner."
PETE KNIGHT

Glen Dunkle, son of Mr. and Mrs. R. O. Dunkle of Benjamin, came in last week from Stephenville, where he had been attending summer school at John Tarleton college. He plans to enter Texas A. and M. this fall.

Mrs. Emmett Branch returned home last week from Dallas, where she visited her son-in-law and daughter, Mr. and Mrs. Tug Nesbitt, for about three weeks.

ONE MURDER TOO MANY—BUT TOM HORN WAS THE COOLEST MAN AT HIS OWN HANGING... LAST OF THE BAD MEN THE LEGEND OF TOM HORN BY JIM McMONAGHAN

Many Attend Field Day At Chillicothe

Approximately four hundred farmers and Agricultural workers from Texas and Oklahoma attended the annual field day at the Chillicothe Agricultural Experiment Station, Wednesday, August 21, according to R. O. Dunkle, County Agent. Five farmers from Knox County attended.

The program began promptly at 9:00 o'clock with a field trip over the Experiment Stations farms. Since they are working chiefly on grain sorghums at this Station special attention was given to them during the field trip. More than 500 varieties of grain sorghums are bred and maintained at this station to furnish pure seed for experimental breeding work. In the experimental plots they have the varieties most commonly grown as well as new varieties that seem to be adaptable to this section of the country. From these plots data is collected as to yields, maturity date, moisture content of grain, threshing qualities, resistance to disease and many other factors that go into determining the adaptability of certain varieties. The new grain sorghum, known as Midland, which the 4-H boys of Knox County are growing this year, is one of the three high yielding grain sorghums grown at this station and indications are that it will be one of the best adapted ones for this section.

At noon hamburgers, watermelons and coke were served by the Chillicothe Lions Club.

The afternoon session was given over to group discussions. Mr. J. R. Quinby, Superintendent of the Station welcomed the visitors and introduced the speakers: Mr. Quinby and Mr. Stevens, Agronomist at the Station, discussed grain sorghums. Mr. Dines, Secretary of Certified Wheat Growers Association, discussed new varieties of wheat and their adaptability and milling qualities. Mr. E. A. Miller, Extension Agronomist, A. & M. College discussed the work of the Experiment Stations and their relation to agriculture in general and to the farmers problems in particular. Mr. I. W. Parrot of the Tipton, Oklahoma Experiment Station discussed mechanical cotton harvesting. According to his tests cotton picked with an International Harvester Cotton Picker sold for about \$30.00 per bale more than hand picked or sled picked cotton, due to the fact that it graded 1 to 2 grades higher than the cotton harvested by hand or sled.

Knox County farmers attending this Field Day were Mrs. L. C. Sweatt and Ancil Waldrip, Knox City, Mr. C. C. Browning, Tom Westbrook and Tom Westbrook, Jr., of Truscott, County Agent R. O. Dunkle and Assistant County Agent, R. J. Penick also attended.

Mr. and Mrs. Roy Lee Jones and children of McCamey spent last week here, visiting in the home of Mr. and Mrs. James Norwood of Goree and Mr. and Mrs. B. H. Jones of Weinert.

Miss Carolyn Bowden is visiting relatives in Sweetwater and McCamey this week.

Phosphate For Winter Legumes Now Available

The time is here when farmers should decide the kind of winter legume program they intend to have for the coming winter, according to a statement made by Mr. Doyle G. Thomas, Secretary of the local AAA. Mr. Thomas was in this office Tuesday of this week and advised us that 40 tons of 20% superphosphate had just been received in Benjamin and was ready to be distributed to farmers who wished to apply it to their winter legumes. This car of phosphate will be gone Thursday of this week but farmers that did not get any of it will have a chance at another car which will be received next week, he said.

The cost of phosphate is \$25.24 per ton. The AAA will pay \$21.80 of this leaving a net cost to the farmer of \$3.44 per ton. About 200 pounds per acre should be applied. The phosphate can be put into the ground with the use of a grain drill, but it is necessary that the drill be washed clean after the job is complete.

Mr. Thomas also stated that a car of Austrian Winter Peas had just been received by the Porter and White Feed Store at Knox City, Texas.

The supply of both phosphate and peas will not be enough to furnish everyone that wants them, therefore farmers should place their order for them just as soon as possible.

BERT CERVENY REPORTS FOR AMPHIBIOUS DUTY

Bert F. Cerveny, gunner's mate, first class, 30, USN, son of Mr. and Mrs. Joseph Cerveny, Munday, has reported to the Receiving Station, New Orleans, La., for amphibious duty.

Cerveny, who has been stationed in Charleston, N. C., since March of this year, enlisted in the Navy, October 24, 1940, and took his recruit training at Naval Training Center, San Diego, Calif.

LABOR SHORTAGE

Here's another way to beat the labor shortage.

Bill Nordt, Washington County farmer who works with a tractor and two-row equipment, plows two rows and skips two the first time over a cotton field. On the second trip, he hooks up his four-row cotton duster in connection with his cultivator and dusts insects on four rows of cotton while plowing the alternate rows he skipped on the previous plowing.

By this method he saves the time and work involved in one extra trip over an entire field. Joe C. Froese, Washington County agricultural agent, says that this is one of many shortcuts worked out by farmers in that county during the critical labor shortage.

Mr. and Mrs. Wade Mahan and children, Susan and Tanner, visited with Wade's parents, Mr. and Mrs. J. A. Mahan of Wellington, several days last week.

Mr. and Mrs. A. E. Richmond visited with relatives in Seymour last Sunday.

Motorists, good brakes are essential for the sake of safe and efficient service, advises the Texas Safety Association. Statistics show that one car in seven involved in traffic accidents has faulty brakes. You're only a foot from trouble—test your brakes!

Guests in the home of Mrs. D. B. Weaver this week are her daughter, Mrs. Jack Coulter of Amarillo, and her granddaughter, Dorice Weaver of Seminary Hill, Texas.

Mrs. J. C. Stark of Goldsboro and Mrs. Dial Rainey of Caddo came in Monday for a visit with their daughter and sister, Mrs. G. B. Hammett and her family.

Come To Our Place For... Your Laundry

Our machines are in good repair, and we invite you here to do your laundry work.

We cordially invite customers of Morrow's Laundry to patronize us while his laundry plant is being moved to its new location.

We appreciate the patronage of each and every one.

MARTIN'S LAUNDRY
Munday, Texas

Again We Invite You To...

GIN WITH US

We have one of the most up-to-date ginning plants to be found in West Texas. In keeping with constantly improved cotton programs, we regularly install new machinery to insure our customers every protection of their cotton.

READY TO OPERATE

After the close of last year's ginning season, our plant was completely overhauled, with necessary repairs and replacements made wherever necessary.

In our plant you will find the latest improved cotton cleaning and ginning machinery, time-tested to fit the needs of this particular section in all kinds of weather.

We have installed a new complete cleaning and drying unit. One dryer before burr extraction and one after.

Our large warehouse offers you facilities for storing your cotton. This service will be of advantage to you during the rush season, or when cotton is too damp to gin.

Through our many years of ginning experience, we offer you every service possible to render with an up-to-date gin.

We invite you to gin with us this year and get the grade and staple protection our modern gin will give you.

Friendly People Will Give You Friendly Service

Veterans' News

Pay ceilings set by Congress for veterans training or studying under the GI Bill do not apply to disabled veterans, the Veterans Administration has announced.

Maximums of \$200 for married veterans and \$175 for single men were prescribed by Congress for veterans training on-the-job or studying under benefits of Public Law 346.

Disabled veterans, VA said, are enrolled for training or study under Public Law 16, a separate act, and are not affected by the new legislation.

Patients in VA hospitals in Texas, Louisiana and Mississippi will be entertained by one of the best professional billiard players in the world late in November.

Erwin Rudolph, a trick shot specialist, is making a tour of Southwestern VA hospitals through the courtesy of the Billiard Association of America, VA announced.

Blind veterans who have the gift to try and who get proper aid can get fun and benefit from many sports heretofore believed impossible for sightless people, the Veterans Administration believes.

In Houston, Texas, VA, with the cooperation of a local bowling alley, has inaugurated a class in bowling for blind veterans.

The fundamentals of bowling have been successfully taught to the blind in several cities, VA said. The Houston classes are being directed by R. L. Springfield, advisement officer for blind veterans.

Two more guidance centers to help veterans with their vocational and educational problems have been established in Texas, by the Veterans Administration.

The centers will be operated by Lamar College of Beaumont and North Texas State Teachers College in Denton.

VA guidance centers are now operating in all sections of the Southwest. Psychologists and vocational experts are available in all the centers to help veterans.

Questions and Answers
Q. Is it possible for me to complete a four year course in three years if I go to school during the summer as well as during the regular school year?

A. Under the accelerated program, in some schools, it is possible to complete the four-year course in three years or less.

Q. In event a veteran is employed, can he meet all requirements for a degree by attending late afternoon and evening classes?

A. Some colleges and universities have served the needs of employed workers for many years by offering a complete program of instruction in the late afternoon and during the evening. With the exception of medicine, the requirements for a degree in any curriculum may be met while the student is employed full-time during the day. Since it takes proportionately longer to complete the college work on a part-time basis, approximately 60 per cent of the veterans in the past two years have preferred to obtain subsistence benefits from Veterans Administration and attend college full-time.

Q. May I transfer from one college to another under the provisions of the Service-man's Readjustment Act or the Rehabilitation Act?

A. Yes. Under the regulations of the Veterans Administration, the veteran may change his school, but he must have the approval of Veterans Administration in advance.

Q. If I get out of service just before school opens and do not have time to make formal application and wait for official determination of my eligibility and entitlement before the beginning of the term, may I attend classes?

A. Yes. You may make application, formal or informal, directly to the approved school that you desire to attend. You should, however, make a formal application on Form 1950 at the earliest possible time. This formal application may be submitted to Veterans Administration through the approved school.

Mr. and Mrs. Charles Farrington and family left last Saturday on return to their home in St. Petersburg, Fla., after a visit of several weeks with Dr. Farrington's mother, Mrs. W. P. Farrington, and other relatives.

Mrs. Dee Clough and daughter, Peggy Dee, returned home last Monday from Fort Worth, where they had been visiting relatives for two weeks.

BOYCE HOUSE

When one has lived a long, full life and his step becomes feeble and his friends of the olden days are gone, then falling into the last sleep is the natural, the inevitable end of life's chapter—on this side of the veil.

This is somewhat the thought that a friend of mine, Frank Jensen of Dallas, has beautifully expressed in a poem written after his father passed on. His father had known the hardships of pioneer days—drouths depressions, cyclones, hailstorms, and had earned his rest. The poem is entitled "If We Could Call Them Back" and has a message of philosophic resignation:

If we could call them back, Would you—would I? And ask that they go with us down the road,

And take again Life's weary, heavy load,

And all the sorrows—now forever flown,

Or would we choose to travel on alone,

If we could call them back, Would you—would I?

From out the far, sweet realms of peace and rest

To toil once more, with troubled, aching breast,

Along the steep, the stony, thorn-grown way,

Or would we rather they might stay,

If we could call them back? Would you—would I?

For though it be to pleasures as of old,

And to the joys that come when hearts unfold

With Love in all its wondrous power—

And would we ask it for one little hour,

If we could call them back? We can not call them back—

Not you—nor I—

But we will travel on a little while,

And try despite our grief, to smile.

And when we reach our eager hands

To waiting ones in better lands,

May no one call us back.

Mrs. Claude Hill and son visited relatives in Dallas the first of this week.

Mr. and Mrs. Fred Broach and son, Bobby, returned home last Thursday from a vacation trip to points in Colorado.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M. D., State Health Officer of Texas

Austin.—The fact that dental decay is likely to occur in the mouth of the average person, despite proper home care given the teeth, does not lessen the importance of brushing the teeth and massaging the gums daily, nor does it minimize the need for a cleaning and inspection of the teeth twice a year by the family dentist. Dr. Geo. W. Cox, State Health Officer, says that the lack of these measures gives added power to germs that attack the enamel of the teeth and gum tissues.

"If, despite the proper application of such procedures, decay is suspected or teeth are injured in any way, the thoughtful person will seek the dentist's office promptly for the necessary corrective work," Dr. Cox said.

"It is surprising, though, even in these days of comparatively painless dentistry, that so many persons neglect to make good their dental defects, inevitable or otherwise, because they foolishly fear the discomfort they might experience in the dentist's chair," said the State Health Officer.

"There are others who having lost a tooth or several teeth make no effort to obtain replacements. Apparently they believe they can get along without them. Reduce masticating power, the annoyance and sometimes actual discomfort of chewing hard substances on the ex-

posed gums, and crooked teeth are some of the possible consequences of gaps in the teeth."

Dr. Cox advised those who are interested in experiencing the best dental and bodily health possible, to give daily attention to their mouth and visit the dentist twice each year, and promptly seek the dentist's service should decay or other suspicious condition arise between the periodic visits.

"In short," Dr. Cox declared, "successful mouth hygiene means not only intelligent personal daily application of prophylaxis but complete and timely cooperation with the family dentist as well."

LOCALS

Mr. and Mrs. Clayton Wren and son, Erwin, returned home last week from points in South Texas and Old Mexico, where they spent their vacation.

Miss Louise Speigelmier of Abilene spent the week end in the home of Mr. and Mrs. Lee Haymes.

Mrs. Sam Salem and daughter, Junerose, and granddaughter, Charmine Lake, of Dallas visited with Mr. Salem and other relatives here several days last week.

Mr. and Mrs. Walter Skiles and family spent their vacation last week, visiting with relatives at Stamford. While away Mr. Skiles enjoyed a fishing trip on the clear fork of the Brazos River and reported a nice catch.

Mr. and Mrs. Sebern Jones and daughter, Carolyn, of San Antonio spent the week end with relatives and friends here. They came at

this time to move their household furnishings to San Antonio.

Mr. and Mrs. J. D. Mounce of Archer City visited with their sister, Miss Elizabeth Mounce, last Tuesday.

R. T. Morrow and daughter, Betty Carolyn, were business visitors in Wichita Falls last Tuesday.

Mr. and Mrs. J. Weldon Smith were business visitors in Wichita Falls last Saturday.

Take a Taxi Executive's word for it!

New Silvertowns "Meet Taxi Requirements"

"Rain or shine, year in and out, 24 hours of the day, taxis serve the public," says Mr. Thomas A. Ballantine, President of Yellow Cab, Louisville, Ky. "Safety, dependability, and economy are the watchwords of successful taxi operation. B.F. Goodrich Silvertowns meet these requirements."

For Safety, Economy, and Mileage choose the tire that OUTWEARS PREWAR TIRES

One of the taxi fleets that tested the new B.F. Goodrich Silvertown before it was offered for public sale was Yellow Cab, Louisville, Ky. In addition, it was tested on police cars and the B.F. Goodrich test fleet over millions of miles in all kinds of weather under severest conditions, and even at high speeds. All these tests supported Mr. Ballantine's findings that: "... their wider, flatter tread gives our cabs better traction and surer, safer stopping. The stronger cord body means fewer interruptions and service stoppages. And in

actual mileage, tests on our fleet prove they OUTWEAR PREWAR TIRES. Because Silvertown tires cover more ground, our cabs can, too, without interruption."

We know you'll want these tires for your car. So to be on the safe side, see us today.

Traffic Deaths May Be Lessened By "Building Safety Into Our Roads"

State Highway Engineer DeWitt C. Greer Sunday assured accident-scorred Texas that by a comprehensive program of "building safety into our roads" it is possible to eliminate traffic accidents as a major public problem.

In a radio broadcast from Houston the veteran road chief outlined the hope engineering offers in traffic accident prevention by "improving the conditions under which vehicles are driven." He urged public support of a balanced highway improvement program designed to add proven safety features to the present highway system and simultaneously bring rural Texas out of the mud.

His address was sponsored by the Texas Safety Association as a part of the current nationwide crusade to check traffic accidents which threatens to claim 10,000 lives and pile up a property damage loss of \$500,000,000 in Texas during the next ten years, according to the Association's estimates.

"For virtually every type of accident the engineer has a road design which will reduce the likelihood of such accidents virtually to the vanishing point, at the same time permitting the swift, congestion-free movement of all vehicles," Greer said. He cited the gratifying results obtained from a former nationwide program to engineer the hazards out of railroad grade crossings.

"The overpasses and underpasses built under this program made it impossible for a car traveling the highway to collide with a train traveling the railroad," he pointed out, adding that improved automatic warning signals at other crossings brought an impressive reduction in accidents.

"Since 1923 the grade crossing accidents rate has dropped 65%," the engineer said. He assured his radio audience it is physically possible to achieve equally dramatic results if the same engineering principals could be extended more generally to road intersections, where 55% of the highway fatalities now occur. Divided lane pavements were offered to reduce the 39% of the fatalities now caused by head-on collisions, side-swiping and other passing movements.

Upholding the feasibility of clover-leaf grade separations, divided lane roadways, and other features sometimes criticized as "Engineers' Monuments," Greer said, "Those who berate these safety improvements have not yet had their accident. Those who have already had their accident and escaped with their lives are almost unanimous in their acclaim of these improvements which reduce the

penalties for the inevitable human error in driving."

"In the past ten years Texas has paid nearly \$300,000,000 for traffic accidents that adequate highway design could have prevented," he declared. "This is nearly half the total capital investment of the present entire State Highway System." He warned that accidents would claim the cost of a safe and adequate road system during the next ten years if the present rate of slaughter on our highways remains unchecked.

Greer emphasized that "Getting Texas Out of the Mud" has always been the main objective of road administrators in Texas and that the increased costs of safety features must be considered in the light of extending new roads into areas not served by any road at all.

He urged support of a three-point program and maintain present road construction revenue, to secure a controlled access law to realize the maximum safety benefits from roads now built, and a balanced road improvement plan designed to simultaneously bring rural Texans out of the mud, provide increased safety to motorists on heavily traveled roads and to bring some relief to congestion and hazards of motor travel through urban and thickly populated areas.

Increase Shown In Cotton Consumption

Austin.—Consumption of cotton by Texas mills totaled 16,559 bales in June, compared with 18,783 bales in May, the University of Texas Bureau of Business Research reports. However, for the June, 1945-June, 1946 period, there was an increase of 3 per cent in consumption.

Use of cotton lintners in the state totaled 1,890 bales for June, an amount 42 per cent higher than that used in June, 1945.

Compared with figures for the country as a whole, Texas consumption of cotton declined 12 per cent from May to June, while the decline for the United States was 9 per cent. The increase for the 12-month period was approximately 3 per cent for Texas and one per cent for all states.

Accidents kill more children than any disease, says the Texas Safety Association. Last year in Texas 883 children of school-age were killed in traffic accidents. In the typical American family of three children the probability is that one will be killed before he has lived out his normal life span. Slow down—and save that third child.

The Alternative

By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

LAST year when forces in government encouraged a big increase in wage levels they started an inflationary spiral which the era and all other control agencies found themselves powerless to stop. Even inaccurate statistics indicating that living costs had not increased more than 5% to 6% did not fool anybody very long. The price line could not be held.

How far can inflation climb? Let me cite an extreme case. In 1925-36, while I was living in Canton, China, a Chinese dollar usually bought about 18 pounds of rice. Today that much rice commands a price of 2,300 Chinese dollars. By the way, an American dollar (worth 3 to 4 Chinese dollars when I was there) will buy about 2,300 Chinese dollars now. That is inflation!

What of HARD earned savings in China are not worth much today. Even in America the same trend is active. It keeps taking more and more dollars to provide food, clothing and housing here. How far will it go? What might it do to the American people? Can we keep it from getting much worse? Are we sure we can avert disaster? If so, what are the things that need to be done?

These were the questions on my mind when I was admitted to the office of John W. Snyder, Secretary of the U. S. Treasury, on the afternoon of July 11, in Washington. That was while the era was inoperative, Mr. Snyder's appearance and his words are

vigorous, and his expressions are straightforward. In plain frankness, he said that taxes ought to stay high while money is easy, and that interest rates are just what they should be.

Education ABOUT inflation, he is needed was not positive. He said "I don't know. There are so many uncertain factors involved that it is very complicated. If era is not restored, I don't know what will happen." ... Pointing out that era had been failing anyway, that it had been granting higher prices almost daily before its June 30 expiration and seemed hopelessly lost, I asked for another opinion.

My question was: "Assuming the era to be gone for good, what do you think about inflation?" His reply was music to my ears. He said "There's only one alternative—education of the public. We can readily prevent inflation and attain sound prosperity if we will all do the right things." He is right! No republic can live long if the public is not well enough educated to do the right things.

There are two main things that Secretary Snyder wants to teach the American public: (1) Government, labor and industry must work together for maximum production, promptly. This is job insurance. This is a fender against inflation. (2) While driving for production, educate people to buy prudently and spend for essentials only. The world's one remaining powerful republic can be preserved this way.

HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

The election was held Saturday, August 24, at the school building.

The Friendship Baptist Revival meeting of ten days closed Sunday night. Elder George Nichols of Hamlin brought fine messages twice daily. Some additions to the church were made, and everyone revived.

Miss Carrie Courtney of Pittsburgh, Pa., has returned home after a visit with her uncle, C. E. Haskin, and with relatives at Seymour. The families of Delmar Haskin and Harold Jones visited relatives at Lubbock the first of this week.

Mrs. W. O. James and son of Harlingen returned home after a visit with her sister, Mrs. Ross Bates, and her mother, Mrs. M. Manly.

Larkin Manly of Los Angeles, Calif., has returned home after a visit with relatives here.

Mr. and Mrs. Charlie Haskin visited Mrs. C. M. Matlock at Munday, who has been confined to her home with illness for some time. The Matlocks formerly lived at Hefner and have many friends here.

Mrs. J. E. Cure is in an Abilene hospital, where her arm and hand is being treated.

Mr. and Mrs. Marion J. Jones and children attended the marriage of their nephew, Jim Higgins, and Miss Mary Dillard, which took place in Abilene on August 22.

Mr. and Mrs. Cecil Oliver and children of Wichita Falls have been visiting with Mr. Jim Jackson and Mr. and Mrs. J. T. Murdock, and with relatives at Goree.

Mrs. J. H. Lambeth and son have returned from Canadian, where they visited relatives.

Mr. and Mrs. Terrill Boggs attended the Knox County reunion at Lubbock on August 11.

Mr. and Mrs. T. H. Jones, Mr. and Mrs. Dabriel Jones, Mr. and Mrs. Ben Holder, Mr. and Mrs. R. L. Lambeth and Mr. and Mrs. Orlis Lambeth were among those who attended.

Mr. and Mrs. Hugh T. Boggs and

daughter of Lovington, N. M., have returned home after a visit with relatives here.

Mrs. W. A. Harris had a brother, T. Adams of Big Springs, and a sister, Mrs. Baker of Arkansas, to visit her recently.

Your correspondent has returned from a 9-day visit with her children, B. B. Jones of Slaton, Mrs. Gladys Hauk of Littlefield, Mrs. L. L. Hendrix and F. Jones of Lubbock and with old friends and acquaintances. Poor crows were seen, where they were not being irrigated.

Mrs. Truman Cypert is expecting her husband home from overseas this week. He has been serving in the army for several years.

David Williams and Miss Clydene Warren were united in marriage August 11 at 4 p. m. at the C. B. Warren home. Rev. Joe Haynes of Abilene performed the ceremony. They left for Abilene, where both attend McMurry College.

NEW EXTENSION PROJECT

A new "Training and Evaluation" project has been set up by the Texas A. and M. College Extension Service, Director Ide P. Trotter has announced.

The project will take care of the pre-service, induction and in-service training needs of Extension Service personnel, and will also cover evaluation studies on Extension work in the field.

Joe L. Matthews, Extension assistant in agricultural planning, has been assigned full-time to the initiation of the new project.

Homer T. Melton Thanks The Voters

To The Voters of Knox County: I am indeed grateful to you for the splendid vote which I received last Saturday, and which has nominated me as your sheriff for the next term.

I appreciate the fact that this race was a clean one in every respect, and free of mud slinging and personalities.

I shall humbly and gratefully begin my duties as sheriff on January 1, and shall do my best to make you a good peace officer and to merit the confidence you have placed in me.

Very sincerely,
HOMER T. MELTON.

Criminals Prey On Rural People

AUSTIN.—Criminals are preying upon the rural population of Texas at nearly double the rate of two and a half years ago, Director Homer Garrison of the Department of Public Safety declared today.

Garrison said rural crime increased 85.27 per cent from the first six months of 1944 to the first six months of 1946.

Biggest gain was in robbery, up 158 per cent. Another staggering gain was shown in burglary, up 121 per cent. Auto theft jumped 96 per cent; felony theft 61 per cent; murder and homicide 55 per cent; and rape 48 per cent.

During the same period crime increased 42 per cent in the cities. The overall gain for both rural and urban jurisdictions was 54.54 per cent.

Garrison said law enforcement officers are "holding their own against long odds," for arrests have increased in direct proportion to the gain in crime.

Convictions however are lagging behind. The penitentiary system received 930 new prisoners in the first half of 1944; 862 in the first half of 1945; and 1221 in the first half of 1946 Garrison said. This represented an increase of 31 per cent from the 1944 to the 1946 period.

Mrs. J. C. Galloway and daughters and Mrs. Jim Melton, Jr., of Benjamin were business visitors here last Monday.

Mr. and Mrs. Doyle Thomas of Benjamin were business visitors here last Tuesday.

Mrs. J. O. Tynes spent the week end in Wichita Falls, visiting with her sister, Mrs. T. M. Alexander.

Mr. and Mrs. Ed Richardson of Rhine visited in the home of Mrs. W. E. Hammack last Monday night. They were enroute to O'Donnell to attend the funeral of Dr. Sheppard.

Mrs. James Harber of Nashville, Tenn., came in the latter part of last week to spend her vacation with her parents, Mrs. and Mrs. J. S. Shannon, and with other relatives.

Too Late to Classify

FOR RENT—Two room house with water, electricity and butane, located 1 1/2 miles east of Munday, Tex. Mrs. J. B. Bowden. 11d.

FOR RENT—Bedroom. Call 214 or see Mrs. Irene Meers. 17j

FOR SALE—Early Blackbull seed wheat. Have germination tests. J. G. Hawkins, route one, Munday, Texas. 8-31p.

FOR SALE—10 H. P. Johnson motor and 14 foot Dixie, Mahogany. Boat. Both in excellent condition. Price \$250.00 which is about half of present replacement cost.

FOR SALE—Largest and best rock cabin in Seymour Park at Lake Kemp. Has gas, lights, gas stove, refrigerator, chairs, tables, dishes and kitchen utensils, table and benches, kitchen cabinet. This house could not be built at the present time for twice the price being asked.

Have three acre tracts on the highway between Red Springs and Seymour left. Gas, electricity and water, telephone, on pavement, school bus and mail route pass the door, best land in Baylor County, almost adjoins the townsite. Restricted—no shacks. Price \$2000.00 which is very little more than a good lot in town.

160 ACRE FARM—150 in cultivation, highly improved—on pavement—has gas, electricity, water, phone, school bus and mail route pass the door, 6 miles from Seymour. Price per acre \$85.00. Can be handled on G. I. loan for \$3200.00 cash. J. E. Culver, Seymour, Texas. 8-11e.

GETS DISCHARGE
Merle B. Weaver, MoMM 3/c in the Navy, is home with his Naval discharge. Merle spent several months in Cuba.

Barbara Lee Walker of Dallas and Phyllis Eiland of Lamesa are here for a visit with their grandmother, Mrs. G. R. Eiland.

Miss Nadine Salem of Dallas and Miss Alva Salem of Washington, D. C., spent the week end with their parents, Mr. and Mrs. George Salem.

Mrs. Lyle Adams and children of Stamford are visiting in the home of Mrs. Adams' brother, Mr. and Mrs. Walter Skiles, this week.

Mr. and Mrs. Jeff Dean Bowden spent the week end in Shallowater, visiting in the home of Mr. and Mrs. Edgar Beecher.

Mr. and Mrs. Evan Murdock of Corpus Christi visited with Mrs. J. O. Tynes and other relatives here several days last week.
