

## Last Rites For Fred N. Decker Held Tuesday

Fred Nicholas Decker, well known resident of this county, passed away at 9:30 p. m. Sunday, October 3, at the home of a son, in the Sunset community. Mr. Decker had been ill for several weeks.

A native Texan, Mr. Decker was born in Gillespie county on April 5, 1857. He was 89 years, 6 months and 28 days of age. He had been a resident of Knox county since 1908, and was engaged in farming here for many years.

Surviving him are eleven children, who are: Mrs. Louis Raatz, Austin; Alfred Decker, Rhineland; Fred Decker, Munday; Mrs. Frank Herring, Rhineland; Henry Decker, Rhineland; Leo Decker, San Francisco, Calif.; John Decker, Rhineland; Mrs. W. T. Ferrer, Kansas City, Mo.; Emma Decker, San Antonio; Jerome Decker, Pep, Texas; and Emil Decker, Sundown. He is also survived by 45 grandchildren and 19 great-grandchildren.

Funeral services were held from the St. Joseph's Catholic church at Rhineland at nine o'clock last Tuesday morning, being conducted by Rev. Thomas Buegler, O. S. B., pastor. Burial was in St. Joseph's cemetery with the Mahan Funeral Home in charge of arrangements. Grandsons acted as pallbearers. They are: Alvin Herring, Clarence Herring, Donald Decker, George Decker, Raymond Decker, and Louis Raatz, Jr.

## County Council Meets On Friday At Benjamin

The Knox County Home Demonstration Council met in the Assembly Room at the Court House, November 1, at 2:30 p. m. and roll call was answered by 13 members, and there were six clubs represented. We had as a guest, Mrs. J. M. Carpenter, the wife of the county agent, and we hope that she decides to become a member.

This was "Guest Day" for the Sunset club.

The president and secretary gave reports of their year's work, the club treasurer gave the financial report, and Mrs. Walter Mooney, of the Educational Committee reported that we now have 711 books in the Memorial Library, which is 16 books short of our goal we have set, as we had donated and have purchased 184 book this year, and our goal was 200 for the calendar year. The Year Book Committee is working on the Year Book and hope to have it ready for the press soon.

Plans were made for the Christmas party for all the club members and their husbands at the court house on the evening of December 13th.

## Rhineland Girl Named Reporter On College Newspaper

Miss LaVerne Albus, daughter of Mr. and Mrs. P. W. Albus of Rhineland, who is attending Briar Cliff College in Sioux City, Iowa, has been selected as reporter on the staff of the Briar Cliff Courier, the college newspaper. The Courier is published monthly by members of the freshman class.

Miss Albus is taking a commercial course and is a member of the Briar Cliff Women's Athletic Association.

## Moguls To Take Journey To Spur On Friday Night

Coach Clyde Latham and his Munday Moguls, who have the District 11-A title practically sewed up, will journey to Spur on Friday night for a non-conference game.

This will be a hard battle or the Moguls, since Spur has hit a winning streak for the past several weeks, and is around top on that district. A number of fans are expected to make the trip to Spur with the Moguls.

All other teams in 11-A are busy this week. Stamford plays at Anson; Albany goes to Hamlin, and Haskell plays at Throckmorton.

Coach Clyde Latham and Joe Spann attended a football game in Abilene last Saturday night.

KATE SMITH

## Mrs. C. M. Matlock Dies Tuesday At Home In Munday

Mrs. C. M. Matlock, a resident of Munday for many years, passed away at her home here last Tuesday night at nine-thirty o'clock.

Mrs. Matlock was a native Texan, having been born Neemie Jane Bedford in Parker county on July 3, 1883. She was 62, 4 months and 2 days of age. She came to Knox county in 1907, and had resided in Knox and Baylor counties since that time.

Surviving her are her husband, C. M. Matlock of Munday; and four children, who are: Barney Matlock, Tulsa, Okla.; Mrs. Dirty Phillips, Munday; Arnold Matlock, Phoenix, Ariz.; and Orville Matlock, Munday. Six grandchildren also survive.

Funeral services were held from the First Baptist church in Munday at three-thirty Thursday afternoon, being conducted by Rev. Press Patterson, who was assisted by Rev. W. H. Albertson.

Burial was in the Johnson cemetery, with Mahan Funeral Home in charge of arrangements.

Pallbearers were D. E. Holder, Kirby Fitzgerald, Clyde Nelson, Grady Phillips, W. V. Tiner and Alton Bowley.

## Morrow Brothers Again Operating Gulf Station

Announcement was made this week that Alton and Joel Morrow are back at their old job at the Gulf Service Station, just west of Hotel Yarbrough, which they operated for a time last fall.

Alton and Jodie said they will try to give a complete service at their station, doing washing and greasing, fixing flats, handling a line of accessories, and a good stock of good Gulf products.

They invite the patronage of Knox county motorists, assuring you that your business will be greatly appreciated.

## Former Resident Is Buried Thursday At Brownwood

Mrs. W. F. Murphy, 76, of Brownfield, passed away at one o'clock Wednesday afternoon, October 30, at the home of a son, Sam Murphy of Brownfield. She had been in ill health for about a year.

Mrs. Murphy is a former resident of Knox county, having lived in the Hood community for about twenty years before moving to Brownfield. She was well known by many local people.

Among survivors are a brother and sister, W. A. Hobbs, and Miss Ella Hobbs, both of Munday, who attended the funeral services at the Christian church in Brownfield last Thursday afternoon.

## Weather Report

Weather report for the period of Oct. 31 thru Nov. 6th, inclusive, as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature	
	LOW	HIGH
1946 1945	1946 1945	1946 1945
Oct. 31	65 57	83 93
Nov. 1	58 58	78 89
Nov. 2	59 49	82 81
Nov. 3	54 37	68 64
Nov. 4	41 52	48 85
Nov. 5	39 59	64 88

Rainfall this week 1.99 inches; rainfall to date this year, 22.86 inches; rainfall to this date last year 20.33 inches.

## Kate Smith Heads Polio Campaign

Kate Smith, famous radio star, is national chairman of the 1946 Sister Elizabeth Kenny campaign for Infantile Paralysis, which campaign will be conducted throughout the nation, November 18 through December 7.

The Texas quota has been set at \$150,000. George C. Francisco, Jr., of Houston, chairman of the Texas Executive Committee, announced and funds will be used to send graduate nurses to the Kenny Institute in Minneapolis for two year training as technicians, so that there will be available trained Kenny Technicians wherever polio breaks out in epidemic stage, and to eventually build clinics in the state.

Counties are being organized throughout the state. Campaign chairman have now been appointed in more than 100 counties and committees are being organized. However, volunteers are needed throughout the state. Interested persons can contact the Kenny State Headquarters at the Driskill Hotel in Austin.

## Auction Sale Has Large Run Despite Rain

The Munday Livestock Commission Co. reports a good run of cattle and hogs for last Tuesday's sale, despite the rainy weather which made unpaved roads difficult to travel.

Fat cattle sold fully steady, while stocker cattle sold some lower than last week.

Canner and cutter caws sold from \$7 to \$9 per hundred; butcher cows, \$9.50 to \$12; fat cows, \$12.50 to \$14.50; butcher bulls, \$9 to \$11; fat bulls, \$12 to \$13.80; rannie calves, \$8.50 to \$9.50; butcher calves, \$10.50 to \$13.50; fat calves, \$14.00 to \$17; butcher yearlings, \$11 to \$14; fat yearlings, \$14.50 to \$17.80.

Top hogs sold from \$25.50 to \$27.10 per hundred. Several bunches of stocker calves sold by the head from \$30 to \$50.

## Farm Committees To Be Elected By Knox Farmers

Farmers in Knox County will receive notices within the next few days about annual elections of community and county farmer-committees. Mr. Emmett Partridge, chairman of the County Agricultural Committee said today.

Each of the county's seven communities will elect three committeemen and two alternates, as well as a delegates to the county convention where a three man county committee will be elected.

Mr. Partridge said that approximately 750 farmers are eligible to vote in the elections this year. Eligible farmers are those who are participating in the 1946 Agricultural Conservation Program, or who have a contract with the Federal Crop Insurance Corporation. This includes owners, operators, tenants, and sharecroppers on farms where the conservation program is being carried out. Because of the community property laws in Texas, the wife may vote if the husband is eligible whether he be landlord, tenant or sharecropper.

In announcing the elections, Mr. Partridge urged that all farmers who are entitled go to the polling places in the community and vote. Since the committeemen are responsible for developing, adapting, and administering national farm programs to meet local problems and needs, it is important that the men elected really represent the choice of the majority of the farmers in the community.

## Underwood Named Secretary-Manager Coleman C. of C.

N. T. Underwood of Snyder, secretary-manager of the Scurry county chamber of commerce of the past two years, was recently named manager of the chamber of commerce at Coleman, succeeding J. E. McDaniel, who resigned October 15.

Underwood will assume his duties November 10, according to an announcement from the board of directors. He is a former Knox county resident, having taught school at Sunset for a few terms before entering chamber of commerce work.

## 9,000 Aggies Call Her Sweetheart

Blond Peggy Hendricks, Kilgore, chosen sweetheart of Texas A and M College, will be present on the grid field when A and M meets S. M. U. in the Cotton Bowl on November 9. Miss Hendricks, senior at Texas State College for Women, will represent the Aggies at other college and university activities during the year.

## Homemaking Girls And Instructor Attend Area Meeting At Anson

## Knox County Hospital Notes

Patients in the Knox County Hospital, November 5, 1946:

- Mrs. M. Hallmark, Munday.
- W. M. Taylor, O'Brien.
- Tuny Hollingsworth, Rochester.
- A. B. Forrest, Munday.
- Mrs. Emily Carden, Munday.
- Mrs. Joe B. Roberson, Gilliland.
- Alton J. Hester, O'Brien.
- Donald E. Johnston, O'Brien.
- Mrs. Arthur Smith, Munday.
- Baby Smith, Munday.
- Bector Lopez, Munday.
- J. C. Crowell, Munday.
- Mrs. Orian Sherry, Knox City.
- Mrs. Martin Teague, Rochester.
- Mrs. Ollie Yarbrough, Rochester.
- Mrs. T. G. Carney, O'Brien.
- Mrs. W. H. Simmons, Truscott.
- J. A. McCandless, Benjamin.
- Mrs. Anna Bell Martin, Matador.
- Mrs. J. M. White, Munday.
- Mrs. L. L. Houston, Knox City.
- Miss Mozelle Richards, Vera.
- Linda Mae Allsobrook, Rochester.
- Mrs. A. B. Long, Grow.
- Mrs. Leo Rodriguez, Rochester.
- Baby Rodriguez, Rochester.

Patients dismissed since Tuesday, October 29, 1946:

- Bobby Lynn Bradberry, Knox City.
- Mrs. S. H. Richards, Rule.
- Bay Verhalen, Knox City.
- G. W. Woodward, Knox City.
- Mrs. Lee Bazar, Rochester.
- Baby Bazar, Rochester.
- Mrs. C. E. Scoggins, O'Brien.
- Essafora Martinez, Sinton.
- Baby Martinez, Sinton.
- Mrs. Kenneth Myers, Knox City.
- Sheran Jane French, Rule.
- Therian Zane French, Rule.
- Mrs. J. L. Ails, Aspermont.
- Mrs. A. H. King, Throckmorton.
- J. W. Henderson, Knox City.
- Mrs. Delbert Adams, Munday.
- Baby Adams, Crowell.
- Mrs. Glenn Egan, Knox City.
- Mrs. M. L. Verhalen, Knox City.
- Baby Verhalen, Knox City.
- H. L. Acree, Rochester.
- Mrs. Thomas Spuerill, Munday.
- Baby Spuerill, Munday.
- T. C. Watson, Knox City.

BIRTHS:

- Mr and Mrs. Arthur Smith, Munday, a son.
- Mr and Mrs. Delbert Adams, Munday, a son.
- Mr and Mrs. W. W. Roberts, Goree, a daughter.
- Mr and Mrs. Geo. Martin, Knox City, a son.
- Mr and Mrs. El. Martinez, Sinton, a daughter.
- Mr and Mrs. W. H. Simmons, Truscott, a daughter.
- Mr and Mrs. Lee Bazar, a daughter.
- Mr and Mrs. Leo Rodriguez, Rochester, a daughter.

## Moguls Step Nearer Championship By Downing Hamlin On Friday Night

## James Carden Gets Army Vehicle In Surplus Sale

Wichita Falls—James W. Carden, Munday, was among the 338 successful purchasers of surplus motor vehicles at the first "high-bid" sale held by War Assets Administration this week at Sheppard Field.

Carden bought a 1942 Dodge weapons carrier truck for \$656, located at Camp Hood, Texas.

A total of 382 items were offered for sale to the highest bidder, of which 338 were sold in the two-day sale. Veterans paid a total of \$154,000 in cash for vehicles that originally cost the Government \$461,000.

All vehicles were offered on a "where is, as is" basis and were located at 10 army camps and air fields in West Texas. WAA officials considered this sale one of the most successful disposals of surplus vehicles to veterans.

## Winnie Turner Crowned Queen At Benjamin

The Benjamin high school presented its annual Halloween carnival on Thursday, October 31, in the school gym. There were many concessions of interest to the public. Some of these were bingo, seven wonders, country store, grab box, and ringing the ducks. A special stand served sandwiches, doughnuts, candy and drinks.

At ten o'clock occurred the most important event of the carnival—the crowning of the queen. As in Cinderella, a youth brought out a silver slipper to fit the young lady who was elected queen.

Winnie Tue Turner, freshman candidate, was crowned by Boudle Escobar. Her court consisted of Evelyn Teague and Bobby Hedson, senior representatives; Wanda West and Job Bob Parker, junior representatives; Annette Patterson and Carol Glover, sophomore representatives; Jane Nunley and Carol Crenshaw, grade school representatives.

Following this event, the grade school presented a musical program to the queen and her court.

## District Governor At Rotary Club

Mr. W. Aubrey Stephenson of Abilene, governor of the 127th district of Rotary International, was guest speaker for the Munday Rotary Club at its regular meeting last Monday. A good number of Rotarians were present to hear this interesting speaker.

Mr. Stephenson outlined some of the objects and accomplishments of Rotary and commended the local club for the work it is doing under such handicaps. He also conferred with officers of the local club to advise men on matters of club service activities and administration.

Other guests at the meetings were J. L. Hill, Jr., and Mc. McElreath, both of Stamford.

## Local Pastor To Church Conference

Rev. and Mrs. Don Davidson and children, accompanied by Rev. J. R. Bateman, left this week for Pampa, Texas, where they are attending the annual Northwest Texas Conference of Methodist churches.

The conference opened Wednesday and will continue through Sunday afternoon. Pastor appointments for the coming year will be announced Sunday. It is expected that Rev. Davidson will return to the Munday charge.

Regular Sunday School services will be held at the local church next Sunday morning, but no preaching services are scheduled. Rev. Davidson will preach at the White Deer church Sunday morning, then return to Pampa for the closing hours of the conference.

It is likely that local church laymen will attend the conference during the week end.

## TO BOARD MEET

Mrs. R. M. Almanrode left last Monday for Dallas to attend a board meetin of the home demonstration association. She was elected president of District 3 last August.

## One More Hurdle Remains For Locals In District

The Munday Moguls took another most important step toward the District 11-A championship last Friday night when they bested the Pied Pipers of Hamlin, 13-6, on the local field.

It seemed to be an inspired bunch of Moguls that took to the field in the last half. Grieved over the injury to Johnny Spann, who received a broken leg in the first quarter, the Moguls seemed determined to win for their injured teammate. They fought heroically, but failed to score until the third quarter—then it was Munday practically all the way.

After a scoreless first quarter, the Pied Pipers hit pay dirt in the second. The "set up" was somewhat a surprise for the locals, as Hamlin completed a fourth-down pass when Munday was prepared for a punt. The pass, Rowland to Dean, was in the flat, and Dean scampered on to make a 35-yard gain and place the ball inside the 10-yard line. Three plays later, Rowland went through the line to score. Rowland's pass for conversion was incomplete.

Munday was pounding at the Hamlin goal line when the half ended. A fourth-down pass, Boulding to Joe Spann, was incomplete as the whistle circled.

The aerial circus continued throughout the game. Hamlin was very potent with a short pass over the line during the first half, but the Moguls were in there breaking them up during the second. Hamlin tried 24 passes, completed 8 and had four intercepted. Munday tried 14 passes, completed five and had one intercepted.

The pass route was the means of Munday's first score. Boulding threw a long one to Johnny Brown to set up the score. Then flipped another one over the goal line to Joe Spann for the score. Another pass, Boulding to Spann, was good for the extra point.

Minutes later, Boulding faked another pass, but ran instead. He skirted right end, behind splendid interference to pass the line of scrimmage; then he was on his own, sidestepping and wiggling his way through to get into the open and complete a 40-yard dash to cross the goal line. His pass for extra point was incomplete.

The last half was an exceptionally exciting period, with completed passes, incomplete passes, and interceptions setting the fans wild with excitement. Long end runs and line backs were added to make this the most interesting game played on Mogul field. Some 2750 fans were present, jamming the bleachers, sidelines and end zones, but no one appeared anxious to leave until the last whistle.

The entire Munday team played the brand of football their backers had been wanting. Linemen and backfield men shared alike in honors, for it was a Mogul machine that was performing in the last half for their injured Johnny Spann and for a near-cinch at their first district title.

The only "hurdle remaining in wake of the Mogul's march to district championship in Albany, which team Haskell trounced soundly, 33-6 in the only other 11-A game last Friday night. The Moguls will go to Albany November 16 for their last district game.

Starting lineups were as follows: Munday: Joe Spann, left end; Jackie Moore, left tackle; James Cadwell, left guard; Harold Green, center; Kelton Tidwell, right guard; Joe Yarbrough, right tackle; Lyode Haynie, right end; Billy Bouldin, quarter; Johnny Spann, Delbert Montgomery and Clifton Swain, backs.

Hamlin: Crowley, left end; McCurley, left tackle; Sedberry, left guard; Myers, center; Blanton, right guard; Riley, right tackle; Weir, right end; Rowland, quarter; Dean, Butler and Owens, backs.

## Cotton Ginnings

Last Friday, the following cotton ginning report was received from Hoyle A. Sullins of Vera, special agent for the Department of Commerce, bureau of the census:

Census reports shows that 3,254 bales of cotton were ginned in Knox county, Texas, from the crop of 1946 prior to October 18, as compared with 6,576 bales for the crop of 1945.

What He Does For His Community Lives On and On."

## THE PHILOSOPHY OF AMERICA

Doctor Harold C. Urey, who participated in the development of the atomic bomb, warns that either the United States must secure adequate international control of the bomb or begin preparations for the third world war. Without fuss or furor, military authorities are doing just that—preparing for the next war. It will be the war of the atom bomb.

With such horror threatening them, the American people should take stock of themselves. Just what is it that compels them to choose death if need be rather than face a future under the possible dominance of another nation? The popular slogan of "saving the world for democracy" is not enough. In fact, no catch phrases, including tear-jerking sermons on the four freedoms, are of sufficient spiritual magnitude to cause an individual to step forth willingly to die. Yet something so powerful pervades this land that the people will unhesitatingly choose destruction rather than "appease" those who would have us live other than according to our political ideals.

The challenge of the atom bomb may do more than anything else to restore the American sense of values. False standards cannot live in a nation where the people think seriously. A new understanding of the philosophy that the individual is more important than the state, is long overdue. This is the essence of Christianity. It is this, and nothing else, for which the people of this country are willing to stake their lives.

It is this Christian philosophy of the individual first that we see and feel in the clean morning air in every nook and cranny of the United States as millions of us wind our way to work and play. It pervades every business enterprise big and little. It is the foundation of our government. On Sunday the bells of thousands of churches peal a ringing affirmation. No mere clumsy words can describe this philosophy of America, but it is there for all to enjoy—and it is worth more than life itself.

"All those who insist on using organized force to advance their selfish interests should be recognized as public enemies in an interdependent society which cannot prosper or even survive except through the ever closer and more willing cooperation of all its members."—Donald R. Richberg, Co-author, Railway Labor Acts and National Industrial Recovery Act.

In second zone, per year \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party politics, publishing news fairly, impartially and honestly.

### THE NUMBER 1 RULE

In an editorial on Fire Prevention Week, which was observed early in October, the Portland Oregonian said: "One wonders that people haven't yet got very smart about preventing fires, though there has been great progress in fireproofing and firefighting. Since 1900, about 22,000,000 fires in the United States have destroyed \$15,000,000,000 worth of property and burned to death 450,000 persons—almost twice the number of Americans killed in the last war . . ."

"There are about 650,000 fires in buildings every year, and 285,000 of them are in dwellings. What are you doing to safeguard yourself and your family?"

"It is the number 1 rule of fire prevention that a clean house, store or factory seldom burns . . ."

That rule should be kept constantly in mind. A "clean house" in this case has little to do with dust on varnished tables. It means a house free of those useless litters which seem to be an American institution—old clothes stuffed in closets, attics loaded with furniture and boxes and odds-and-ends which will never be used, and basements jammed with abandoned newspapers and magazines. And it also means a house where reasonable care is taken of such potential fire-breeds as heating plants, electrical appliances and inflammable liquids and paints. How about "cleaning" your place now?

A slightly off-center private in an army chapel was seen to bow his head every time the name of Satan was mentioned. Finally the Chaplain's curiosity got the best of him and he asked the doggie to explain. "Well," was the reply, "politeness cost nothing and, after all we never know."

Lee Haymes and son, Mac Haymes, were business visitors in Stamford last Monday.

Charlie Mahan of Abilene visited with relatives and friends here over the week end.

Mrs. Joe Lane and little son, "Little Joe" were brought home from the Haskell hospital last Sunday. Both are reported to be doing nicely.

Mr. and Mrs. G. C. Hastings of Jacksonville, Fla., spent several days here last week, visiting in the home of Mr. and Mrs. M. F. Billingsley, and with other relatives.

Mr. and Mrs. S. G. Smith spent last Sunday in Abilene, visiting with their daughter, Francis, who is a student in McMurry College.

Mr. and Mrs. J. N. Hogue of Throckmorton were business visitors here last Monday.

### Senior News and Comment

We six seniors came plodding back to school Monday, our spirits about as bleak as this November weather.

We grant that this is the mighty twentieth century, most fabulous period of scientific progress, age of luxurious conveniences, fairy land of mechanical devices. Lest you lose sight of what our forefathers endured, come with us to a Sunset class room. Gasp, grab your muffler, overcoat, and mittens. The thermometer on the wall says 48 degrees. The shivering apparatus standing in front of the class, her blue knuckles holding a shaking book, looking like a missing beef from the locker plant, is the instructor. The fellow to your right has a frosted cherry for a nose. All you can think about are your frozen feet.

You look in appealing desperation to that black mountain of iron and tin called a Vented Hart's Combination Coal Stove, lurching, puffing and popping and sputtering in the corner. Combination, in its name, must stand for clammy soot and choking smoke. Suddenly a rumble comes from its fat, black iron stomach. Smoke belches forth. A stranger might look around wildly for the nearest exit. We regulars just settle down anticipating a thaw.

In five minutes coats are peeled off; muffs discarded; teacher moves her desk to the far side of the room. Cheeks become flushed with heat. The stove monitor closes up every gap and vent of stove. Yet stove is unphased. Merrily it rages on, its big round stomach turning pink then an angry red. Flames leap up the pipes. For twenty minutes you sit and endure it then you twist in your seat to brown on the other side and wish you would taste with corn-bread stuffing.

From the front of the room someone is asking you the significance of the quotation, "Is this a dagger which I see before me, the handle toward my hand?" While you are answering, something happens to stove. The roar dies away. Red sides turn pink, then slate gray. The thermometer begins dropping. Cold air about your feet warns you it is time to slip that sweater over your shoulders. We seniors of '46 may not have carved our existence from a wilderness, or battled the elements in the open to survive, but we do know something about pioneering after those sessions with the Coal Stove.

**Junior News**  
The juniors returned to school this week full of pep and happy as those field larks that are coming through the country now. After two hard weeks of labor in the cotton fields we find our school work a pleasure.

Thomas Carlyle had the right idea when he said "Knowledge comes from work, and that labor alone can set a man to thinking."

### Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

## Patricia Putnam Entertained On Eighth Birthday

Patricia Faye Putnam was entertained last Friday evening at a party celebrating her eighth birthday.

Games were played, and refreshments of angel food cake, and pink lemonade, were served to the following guests:

Linda Sue Nickleson, Jo Wanda Wester, Eva Mae Halcome, Margaret Ann Yandell, Bobbie Ann Holt, Martin and Don Bowman and the honoree.

Later the girls attended the theatre and returned to Patricia's home for a slumber party.

## Weiner Roast Enjoyed At Home Of Margaret Womble

To start off the Halloween season, a group of friends gathered at the home of Margaret Womble on Wednesday night of last week for a weiner roast.

After every one had "stuffed and stuffed," they went to the house to complete a delightful evening with card games. Those who shared in the fun were as follows:

Mr. and Mrs. Orman Moore, Mrs. Rupert Williams, Mr. and Mrs. George Jones, Billy Womble, Jimmie Henslee, Coy Riley, Margaret Womble and W. L. Womble.

### ART CLUB TREASURER

Jeanne Davis, daughter of Mrs. Jo Mae Davis of Munday has been elected secretary-treasurer of Pi Epsilon Beta, art club of Abilene Christian College. The club, made up of students studying art, meets monthly to discuss various topics relating to the field of art, and promotes social activities and lectures on art.

### WELCOME IS GIVEN ARTHUR A. SMITH, III

Mr. and Mrs. Arthur A. Smith, Jr., polished up the welcome mat for Arthur A. Smith, III, who was born at 2:30 Tuesday morning, November 5, at the Knox county hospital. The youngster tipped the scales at seven pounds and four ounces, and shows promise of fast developing into a sturdy boy.

Mother and little son are reported doing nicely, and Arthur, Jr., and Dr. Arthur, Sr., are both doing fine. All the relatives have given the boy a hearty welcome.

### BIRTH ANNOUNCEMENT

Col. and Mrs. M. L. Joyce of Camp Hood, Texas, are the proud parents of a son, Joe Thomas, who was born on Sunday, November 2. Mother and little son are reported doing nicely. The maternal grandmother is Mrs. J. B. Bowden of Munday.

Mr. and Mrs. T. A. Walker of the Sunset community and Mrs. G. P. Burns visited relatives in Fort Worth and Aledo over the week end.

## Goree Study Club Opens Year With Dinner October 29

The Goree Study Club opened the new club year with a dinner at the Seymour hotel on October 29 at 6:30 o'clock. Hostesses for this delightful occasion were Mrs. S. G. Hampton, W. M. Taylor and Orb Coffman.

Mrs. Hampton greeted the club giving a resume of the year's work and presented the club books to the members. Roll call was answered by giving an account of the summer months. This afforded a great deal of entertainment. Mrs. Orb Coffman sang "Through the Years," accompanied by Mildred Coffman.

Dinner was served to the following members: Mrs. H. D. Arnold, Barton Carl, Orb Coffman, Elizabeth Cowser, F. G. Daniell, John Goode, S. G. Hampton, E. F. Heard, Roy Jones, Georgia Maples, Dorsey Rogers, S. E. Stevenson, W. R. Stewart, W. M. Taylor, Misses Lillian Ernest, Seymour; Berniece Goode and Mildred Coffman.

## Methodist WSCS Names Officers For New Year

The monthly social of the Women's Society of Christian Service was held last Monday afternoon in the home of Mrs. J. A. Caughran, with Mrs. G. W. Dingus as co-hostess.

After an enjoyable program, a business meeting was held and the nominating committee reported nomination of the following officers for the new year:

Mrs. S. E. McStay, president; Mrs. J. C. Borden, vice president; Mrs. John Rice, recording secretary; Mrs. R. D. Atkison, corresponding secretary; Mrs. H. A. Poindleton, conference and local treasurer; Mrs. C. D. Crockett, secretary; Mrs. C. S. R. and L. C. A.; Mrs. M. F. Billingsley, secretary missionary education and service; Mrs. Joe B. Roberts, students and youth; Mrs. W. G. Gafford, children's work; Mrs. G. S. Wyatt, spiritual life; Mrs. Oates Golden, spiritual life; Mrs. Ebb Lowe, supply work; Mrs. D. E. Holder, literature and publication.

Twenty members attended the meeting.

Mr. and Mrs. Carl Mahan and children, Mary Charles and Linda, of Abilene visited Mrs. Mahan's mother, Mrs. E. M. Wilson, and friends here over the week end.

Miss Audrey Phillips was a business visitor in Wichita Falls last Thursday.

Bobby Broach, who is attending Texas Tech at Lubbock, spent the week end with his parents, Mr. and Mrs. Fred Broach.

Mrs. J. R. Counts visited with her brother in Big Spring several days last week.

Mr. and Mrs. G. H. Beaty visited with relatives in Odessa last Sunday.

## SANTA PAYS EARLY VISIT

Miss Betty Golden, who is attending T. S. C. W. in Denton, spent the week end with her parents, Mr. and Mrs. Jim Henslee and family last Sunday.

Mrs. Ralph Gaddy of Lubbock spent the week end with her parents, Mr. and Mrs. Stanley Wardlaw.

E. N. Felty, Mrs. Mollie Jones and Mr. and Mrs. Bob Newton, all of Celesta, visited with R. B. Davy and Mr. and Mrs. J. K. Jackson several days last week.

Mr. and Mrs. George Petrus and family of Vernon visited with relatives and friends here over the week end.

## Activities Of The Colored People

The lunch room opened last Monday at the Dunbar school. Hot lunches are being served every day. Curtain material for the lunch room was donated by the P. T. A.

A stork shower was given at 7:30 p. m. in the home of Mr. and Mrs. Roy Scott in honor of Mrs. Doris Webber and Mrs. Addie Mae Thomas. Many useful gifts were presented. Sandwiches and cocoa were served.

The school wishes to thank Mrs. Crockett for the lovely pictures and books donated to them on last school term.

Mrs. Tinny Haley was called to Dallas to attend her husband's funeral on the 27th. Mr. Haley had been ill for some time.

Hubert Dean of Odessa spent several days with his father, Arthur Dean.

### "Rebecca"

Starring Laurence Olivier, Joan Fontaine, George Sanders and Judith Anderson.

While American industry on fronts still is struggling with problems in the path of complete re-conversion, the No. 1 hero of childish minds—Santa Claus—has completed his task and the first showing of his handiwork, a full line of pre-war toys, will open on November 6, at Blacklock Home and Auto Supply.

For the first time since Pearl Harbor, the shelves and display areas in the local store will be completely stocked with such oldtime favorites as electric trains, cook stoves, model building sets, airplane gas motors, bicycles, tricycles, wagons, skates and other wheel toys that for the past several years have been war casualties.

It is no accident that Santa Claus made Firestone Stores and Dealer Stores his headquarters for this first real peacetime Christmas. Firestone started planning for

this Christmas immediately after V-J day. End of the war came too late to permit a real pre-war Christmas in 1945, and even this year, while stocks are complete, there may not be enough to go around. That is why the Firestone Toyland, from coast to coast and from the Lakes to the Gulf on November 6—to permit early selections and sufficient time for arrangements to be made for delivery of long-wanted toys well in advance of Christmas.

Boys and girls all over America are urged to make early dates with their moms and dads to place their order with Santa Claus through the local Firestone Store on November 8 for Christmas delivery of toys they have been denied by the war years.

Grady Roberts of Wichita Falls visited with relatives and friends here a while last Friday.

**Teachers Launch Statewide Fight For Higher Pay**

Dallas—Public school teachers of Texas are rallying to the call of the Texas Teachers Welfare Association, Inc., determined to wage a valiant fight for the right of teachers to earn a decent salary, and for proper recognition of the service they render in directing the education of Texas youth.

Plans are being made now for the annual meeting of this militant organization in December, at which new officers will be elected to direct the activities of the Association. These include a membership campaign to enlist support of every teacher in Texas, a statewide educational campaign to inform the public of the grave crisis now faced by the school system, and sponsorship of legislation before the Legislature for increase in the pay of teachers.

Founders of the Republic of Texas made liberal provisions for a great public school system, but succeeding generations have not met their responsibility fully in maintaining this great public educational system, Dr. Joe P. Harris, Dallas County School Superintendent, Secretary-Treasurer of the association, said.

The American Council on Education ranks Texas 33rd among the States in per capita expenditure based on average daily attendance; 31st in expenditure per classroom unit.

Dr. Harris said the Rural School Aid Law, which provides State funds to help poorer rural districts, should be amended. This law fixes ceilings on pay of teachers in Rural Aid Schools, starting at \$1,215, with increase each year of \$14.50. Maximum salary for teachers with degrees is \$1,431.

These salaries may have been adequate when the law was passed,

but they are far too low now, Dr. Harris said. The Texas Teachers Welfare Association will sponsor legislation to raise the pay of teachers.

Are you a Dr. Jekyll and Mr. Hyde? The travelling motorist of Texas—he may be a law abiding citizen in one section of Texas and by the same drivinb be a traffic violator in another section, because there are so many conflicting sets of traffic rules and regulations in the state. The Texas Safety Association endorses the President's Highway Safety Conference recommendation that each state establish and adopt a uniform traffic code.

Texas State College for Women at Denton has a larger enrollment than any other state supported women's college in America.

**Balance Urged In Farming For Cotton Belt**

(Editor's Note: "Better Balance in '47" is the subject of a series of articles, prepared by the Educational Service of the National Cottonseed Products Association, to give farmers facts that will assist them in planning their 1947 crop and livestock program. This is the first article in the series; others will follow soon.

"Balanced farming" is a term familiar to every farmer. For many years, County Agents, Vocational Teachers and other agricultural leaders have emphasized the importance of proper balance

between crops and livestock, and other sound farming practices which make up the broad phrase, "balanced farming".

In 1947, maintaining or improving the balance between various crops and livestock enterprises will be even more important than in the past. This is because high prices offer a big temptation to "put all our eggs n one basket". This is poor business at any time. It can be disastrous in 1947.

"Balance" on any farm is a matter for the individual farmer to decide. No two farms are exactly alike. Different soils, equipment, experience, labor supplies and other factors determine the combination of crops and livestock best suited for each farm. With his knowledge of these conditions on his own farm, each individual can decide the best combination if he

has available information as to prices, supply and demand and other general conditions that influence the market outlook for the things he can produce.

To provide such information, and thereby help Cotton Belt farmers plan their 1947 programs, is the purpose of this series of articles which your newspaper is publishing as a service to farmers and the community. Watch for future articles in this series.

**What does it take to run a baby?**

Plenty — and plenty of electricity, too. A hungry young citizen needs food — lots of it — often. That food needs preparation — refrigeration — reheating.

Baby needs hot water — lots of it — often. So does his wardrobe. And because Mother worries about germs, she boils practically everything but Baby himself.

Clocks must be dependable when there's a baby in the house. Lights must go on — quick — when he cries out in his sleep. Rooms must be kept warm — the list is endless.

Today's mothers are luckier than those of 20 years ago. With electricity ready at all times — in any quantity — to help with the household chores, mothers have more time to enjoy their youngsters. Never before has electricity done so many tasks for so little cost. Actually, the average family today gets twice as much electricity for its money as it did 20 years ago. Your friends and neighbors in this company — and your own increased usage — helped make that possible.

**Weekly Health LETTER**  
Issued by Dr. Geo. W. Cox  
M. D., State Health Officer of Texas

Austin—Reports coming in from various sections of the State indicate that the number of influenza cases appears to be increasing with the advance of the fall season, and during the past week 930 cases were reported in Texas.

Commenting on this situation today, Dr. Geo. W. Cox, State Health Officer, said that most of these cases are mild and lend themselves to treatment readily. He pointed out that two cooperative factors are essential to victims of this disease; first, to call the family physician promptly when suspicious symptoms appear; and second, to take it easy for a reasonable length of time after the acute stage has subsided.

"It is essential to realize that influenza, no matter how mild the influenza, call for a period of convalescence, because serious complications can occur if this important fact is ignored," Dr. Cox said. "Influenza is not mass-controllable. However, those persons who maintain the highest possible health level at all times, increasing their resistance to communicable disease germs, will have a protective advantage over those more careless persons who continually abuse their health."

The State Health Officer declared that living by the laws of nature getting plenty of sleep, daily exercise in the open, nourishing foods and good personal hygiene offers the best known bulwark against all respiratory diseases and added

**College Bands Will Parade In Abilene Nov. 8**

ABILENE.—The largest and most colorful marching demonstration to be witnessed in West Texas since the war, will be presented to spectators of the Hardin-Simmons-West Texas State football game, to be played in Abilene's Fair Park stadium Friday night, November 8.

More than 160 members of the Hardin-Simmons university Cowboy and Cowgirl bands and the West Texas State college Buffalo band will participate in the gala performance. According to Marion B. McClure, director of the H-SU bands, the show will be an outstanding display of colorful high-stepping maneuvers, carried out to the rhythm of spirit martial music.

In addition to the musical groups 51 cobby boosters, the Cowgirls, will participate in the performance, giving a display of fancy and trick roping, plus Will Watson, sheriff of the Cowboy band and five coeds leading the parade on the university's celebrated six white horses.

The combined H-SU bands have 86 members. The Cowboy band is in the lead with 45, of which ten are pre-war veteran members. The girls follow in membership with 41. Approximately 75 members of the West Texas State band will attend the game, according to M. J. Newman, director of the Buffalo band.

This will be the Cowboy band's first post-war between halves performance in Abilene, and the first marching appearance of the Cowgirl band in the history of the organization. Prior to the war the girls did concert work only.

The Buffalo band will arrive in Abilene at 5 p. m. Friday, and will be escorted through the campus by special representatives of the H-SU bands. Shortly after their arrival the West Texas will be served dinner in the H-SU cafeteria.

Mrs. P. L. Ferguson of Kansas City, Mo., came in last Saturday and has accepted a position as teacher in the local schools, beginning her duties on Monday. Mrs. Ferguson is a daughter of Mrs. R. A. Clements of Munday.

Harmon Sessions, who is attending Hardin Junior College in Wichita Falls, visited his mother, Mrs. Prudence Sessions, and other relatives here over the week end.

Miss Martha Jean Ferguson, who is attending T. S. C. W. at Denton, spent the week end here with her mother and grandmother, Mrs. P. L. Ferguson and Mrs. R. A. Clements.

Mr. and Mrs. Kenneth Johnston of Henrietta were business visitors here last Saturday.

Mrs. Cora Plumlee of Cisco came in last week for a few days' visit with her father, E. R. Roberts, and with other relatives.

Mrs. Charity Bunts, Rhea Chamberlain and Miss Joan Chamberlain, all of Fort Worth, and Miss Jerry Chamberlain, who is in nurse's training at Galveston, visited with relatives and friends here over the week end.

Mrs. Lucille Davis and daughter of Sweetwater spent several days here last week, visiting with Mrs. Davis' parents, Mr. and Mrs. Walter Harris.

that avoiding habits of any and all kinds detrimental to maximum well being is a wise course to take in the pursuit of good health.

**Who Gets Off Easiest—Men or Women?**

Maybe you saw that poll on who has the easiest life—men or women? Of course, the men voted that the women did, and the women vice versa.

It would be the same in our town—take any family. Thad Hibbs envies his Missus spending the day at home, with no hot office to attend to. And Sue envies Thad his luncheons with the boys; and his evening glass of beer with friends (while she cleans up the dishes in the kitchen).

Of course, none of it goes very deep. Thad knows way deep down that the Missus has plenty of work running a house; and Sue knows Thad's friendly glass of beer is well-deserved relaxation after a long hard day's work.

From where I sit, most husbands and wives may grumble now and then—but they know in their hearts it's a case of live and let live, give and take, that comes out pretty even in the end.

Joe Marsh

**WHAT IS "BALANCED FARMING"**

Everyone has heard of "balanced farming".

But have you ever stopped to think just what these words mean?

Isn't "just right" a good definition? Not too much, nor too little, of any one crop or livestock to make efficient use of your land, labor and time?

TOO MUCH IS BAD—TOO LITTLE IS EVEN WORSE.

Considering 2 cotton, for example. In the past, some of us planted too much of our land in cotton. We needed more grains, pastures and livestock.

Today, many farms have too little cotton to supply their own needs for cottonseed feed products, or to take full advantage of the productive ability of their land.

More cotton, on suitable land, will mean more money, more feed, and a better balanced farming program in '47.

Will YOUR FARM Be More Profitable And Better Balanced With More Cotton In 1947?

# AA FARM NEWS

(This is the twentieth of twenty-two articles that will appear in this newspaper on the need for soil conservation, the amount of soil conservation being carried out, crop insurance, commodity loans, marketing quotas, and other programs of interest to farmers.)

**The Coming Year**  
Soil and water conservation, production, and prices will be major parts of the 1946 farm program. Although agricultural production

expanded more than a third during the war, the position of farmers is different from what it was at the close of World War I. In the period between the two wars, they have progressed through a wide range of experience. They have coped with crop surpluses, low prices for farm products, ruined land, drought, and war-created food demands.

To meet these various problems, a farm program has developed which can help farmers meet fu-

ture difficulties. An experienced farmer organization is ready to use that program in mobilizing farmers meet future difficulties. An experienced farmer organization is ready to use that program in mobilizing farmers for peace, as they did for war.

**Goals—adjustments.**—During the war, more farmers than ever produced according to goals based on national requirements. Because of this, we were able to supply the needed products in amounts balanced with total requirements. The coming year will be the first in peace when goals have been set for all major crops and livestock. Goals will continue to guide farm production efforts.

Our total 1946 goal acreage is not likely to be very different from 1945 because the demand for food in this country and for relief abroad are very great. Full production, however, does not mean the same production for each crop.

Our production must be guided by consumer demand and foreign markets. Wages and the number of people employed have been higher than are likely in peace years. War brought better diets to the general population, however, and we can maintain and improve these gains, potential "surplus production" problems may be solved before they develop.

Important in considering the size of production next year is the need for increased conservation of our land resources. This calls for shifting large acreages back to grass and legumes and out of the intensive production made necessary by wartime demand.

As yet, goals already established for 1946 crops have reflected little changes from wartime levels. Goals established later may be expected to show sharper adjustments to peacetime needs.

Following are 1946 goals already announced:

	Acrees
Wheat	68,875
Rye	2,572

Recommended to States:

Mr. and Mrs. J. K. Johnson left last week for Corpus Christi and other points, where they are visiting with relatives. Mrs. Johnson is also undergoing medical treatment at Corpus Christi.

Mr. and Mrs. Ruby Hammonds and family spent last week end in San Antonio, visiting with their son, Jim, who has enlisted in the army and is stationed there.

Mrs. Bob Couch and son are visiting in Pampa this week.

Winter vegetables	239
Clover Crop seed:	
Austrian Winter peas	50
Crimson clover	88
Hairy vetch	85
Common and Williamette vetch	75
Common ryegrass	90
Dry edible peas	400
Flaxseed (for early States):	
California	117
Arizona	16
Texas	65

In addition, a spring pig crop of 52 million pigs has been recommended to States, approximately the same as the 1945 spring crop.

**Conservation.**—October finds the 1946 agricultural conservation program well on its way. It will go farther than any past program in meeting the Nation's most serious needs for soil-building and water-conserving measures.

A formula for dividing authorized funds gives all States their fair shares. We have prepared a suggested national docket of approved practices, based on recommendations farmers submitted to county AAA committees. These practices were studied by State AAA committees, working with representatives of such agencies as the Extension Service, Soil Conservation Service, and State Experiment Stations, before being presented to the Department of Agriculture in Washington.

From the formally approved national docket, each State will select those conservation practices which most satisfactorily meet local conditions.

A few new practices will be added under the 1946 program to meet changing needs and to emphasize more important and "permanent" conservation measures. But the major practices—including lime and fertilizer application to grasses and legumes, terracing, cover crops, dams, contouring, and strip-cropping—will be the same as under the 1945 program.

As time goes on, especially since many States are adopting the plan for allocating funds to counties, most farmers find that program practices satisfactorily meet their individual farm needs.

From year to year, too, we have gained experience in administering a conservation program which operates in every agricultural county throughout the Nation. And, with that experience, we have delegated more and more of the actual administration to the grass roots. Here the program is a living fact, and personal contact between administration and producer insures a better understanding, and so a larger degree of success.

Mr. and Moody Johnson and children visited with relatives in Corpus Christi, Rockport, and San Antonio several days last week.

Mrs. H. A. Pendleton visited with relatives in Dallas the first of this week.

Lyndal Smith, who is attending Baylor University in Waco, spent the week end with his parents, Mr. and Mrs. Aubrey L. Smith.

J. C. Campbell and daughter, Miss Dolores Campbell, visited with Mr. and Mrs. Varnie Moore in Abilene over the week end. Dolores remained for a longer visit.

Hal Pendleton of Dallas came in last Friday to spend the week end with his parents, Mr. and Mrs. H. A. Pendleton, and other relatives. He was accompanied home Sunday by his wife and daughter, "Sandy", who visited in the Pendleton home all of last week.

Miss Martha Ann Reynolds, who is attending Hardin Junior College in Wichita Falls, spent a while Friday with her parents, Mr. and Mrs. W. E. Reynolds. She came at this time to attend the Munday Hamlin football game.

Jimmie Silman and son, Jimmie, Jr., of Lubbock visited with relatives and friends here over the week end. Jimmie, Jr., was here for the football game on Friday night.

Dr. and Mrs. Elmo Anderson of Borger spent the week end here with Mrs. Anderson's parents, Mr. and Mrs. J. R. Burnison, and with other relatives.

FIRST IN RUBBER

### Johnny Spann Gets Broken Left Leg In Football Game

Johnny Spann, valuable backfield man, passer, kicker, was lost to the Munday Moguls for the season last Friday night when his left leg was broken in the game with Hamlin.

Spann's injury came early in the first quarter, and he was carried off the field by Coach Latham and members of the team. Both bones in his left leg were broken about

midway between the ankle and knee.

Johnny said there was no "rough stuff" which caused his injury, but just a football casualty. He was blocked by a Hamlin player just as he had his entire weight on his left foot.

He is doing nicely at his home here, and is "setting up a howl" to attend the game at Spur on Friday night.

Johnny was presented the football used in Friday night's game. He plans to have it autographed by his teammates and keep it as a

### DDT Is Being Used In Dips By County Ranchers

Taking advantage of one of the many uses of DDT, ranchers around Benjamin are now using it as a dip to control lice and horn flies off cattle. The McFadden ranch, west of Benjamin, thinks so much of this method that they have now constructed four dipping vats on their ranges, according to Mr. Fred Glover, assistant manager of the McFadden ranch.

DDT has been used by many farmers and ranchers of Knox County, including the League ranch which, under the management of Jack Idol, has received gratifying results in a demonstration using one part 50 percent DDT to nine parts dusting sulphur, to control summer flies.

Although this year it is almost too late to treat for flies since winter freezes will soon kill them, now is the time to treat for the cattle louse. The same strength used for flies, 2 of 1 percent in a dip, controls cattle lice. To kill all the lice, however, the dip must be repeated in 14 days.

It is estimated that many pounds of flesh will be saved by this method, since lousy animals are unthrifty and have rough hair which in severe cases falls out, leaving bare spots along the neck.

Proper strengths for dusts, sprays and dips may be obtained from J. M. Carpenter, County agent.

### Local Roundup For Boy Scouts Now Under Way

"Is there a Boy Scout or Cub Scout in your home?" That is what local Scout Officials are asking and they declare that if not, you're almost in the minority. Scouting is growing fast in the local Council, especially in response to the current "National Scout Round-Up" and the number of boys and young men served is increasing by leaps and bounds according to records in the Local Council Headquarters.

Parents should know that a cordial invitation awaits all boys from 9 years upward, and that places are being made for them in local Scout Troops and Cub Packs. Boys desiring to enroll are urged to seek membership in the unit sponsored by their own Church or school, and if these units are already filled, local Scout leaders will help to find a place for youngsters either in new units being formed now or in some other established unit.

"Scouting is now embarking on a large-scale program of post-war activities designed to thrill the boys of this territory," said Mr. J. E. Reeves, who is District Chairman of the local Scout organization. "The District Committee is planning camps, special events, training courses for leaders, bigger and better Courts of Honor for awarding badges earned, and a full year program of fun, adventure, and fellowship. We hope to invite a large number of new boys to share in this interesting program, and urge boys or their parents to get in touch with us so that we can suggest the locations of units most able to serve them."

Between now and December, a record number of new boys are expected to enroll, and a stepped-up program is being planned to attract and satisfy them, say local officials. Cub Scouting is for boys of 9 through 11. Boy Scouting begins at 12, and Senior Scouting is available to young men of 15 and up.

### BOYCE HOUSE GIVES YOU TEXAS

There are some people whose first question, when any proposal is advanced, is:

What is there in it for me?

These people do not believe that a man will do anything unless he expects to reap a financial benefit for himself.

And yet you know of parents who sacrifice their children—preachers content to make a bare living in order to preach Jesus Christ and Him crucified—teachers who go on teaching when they could make more money in something else—because they love to teach.

Some of the finest "breaks" I've ever received came because some friend perceived an opportunity and thought of me as the man for the opening. That was a disinterested act, a service rendered to a friend.

When you do something generous and unselfish, you do get something out of it: you get the satisfaction of doing something for others.

Back when I was a newspaper reporter I attended two funerals on successive afternoons. One was the funeral of a financier and theatrical producer. He had made millions but he had forgotten to make friends. There was not a moist eye at the service, no make friends. There was not a school janitor. They held the service in the school auditorium; it felt that the scene of his labors should be the place where the last rites for him should be held—besides there was not a church in the community big enough to hold all who wanted to attend.

He had been hard-working hon-

est, quiet, unpretentious. The teachers respected him. The students and all the thousands who had been students during the many years he had served, loved him. Three ministers took part in the service; all three had tears in their eyes as they spoke.

Making money is all right, but there are other things to life—for example, doing something for others.

Man has now conquered almost everything dangerous in nature... except human nature.

Mac Haymes of Knox City spent the week end with his parents, Mr. and Mrs. Lee Haymes.

Joe and Toby Lane were business visitors in Abilene last Monday.

FOR SALE—Will Ratliff home in Goree, seven rooms and bath. This is a frame house. \$6,000.00. See J. C. Harpham, Munday. 18-tfc.

**THE NEW TWIN CYLINDER Sargent MIGHTY HYDRAULIC LOADER**

*A boon to the farmer and the stockman*  
**DOES THE WORK OF 10 HIRED HANDS**  
Helps you do 101 extra jobs without extra help.

**SWEEP-RAKE ATTACHMENT**  
Gets the hay and peanuts faster and with less help. Twin cylinder hydraulic lifts keep load balanced in all positions.

**30-MIN. TO INSTALL**

**SPECIAL DESIGN BUCKET**  
Moves wagon boxes, feed bins and small buildings. Can be used as jack to change truck and wagon tires. Pulls fence posts.

**BULLDOZER ATTACHMENT**  
Grades roads - fills ditches - levels ground - repairs terraces - etc. Your all-around "hired hand." Saves hours of time and labor.

### New Control Of Borers In Peach Trees Is Found

The County Agent's office this week received information from College Station indicating that a newly discovered chemical known as Ethylene dichloride emulsion is superior to other known control methods of Peach tree borers. This new chemical is more effective at low soil temperatures and can be used later in the fall and earlier in the spring, when it is too cool for PDB. The Ethylene dichloride treatment requires less soil preparation, is safer on trees, and costs a little less than Paradichlorobenzene. This new emulsion can be applied either by spray or pouring around the base of the tree any time during the winter. Best results, however, are obtained about this time of year. Small quantities are used around each tree ranging from one-fourth pint for two year old trees up to one-half pint for six year old trees.

For information as to where to obtain this solution, consult your County Agent.

J. Dee McStay of Vernon visited with his mother, Mrs. S. E. McStay, here last Thursday.

For quick results, use a Munday Times classified ad.

A. B. Forrest, well known local resident was taken to the Knox county hospital for medical treatment last Tuesday. An ambulance from the Mahan Funeral home made the trip with him. His condition is reported to be very serious.

R. T. Morrow, who underwent treatment in the Wichita Falls clinic hospital for about a week, was brought home last Tuesday. He is reported to be greatly improved, and is expected to be about his duties again soon.

Mr. and Mrs. W. C. Cunningham and children and Mr. and Mrs. Hubert Owens, all of Muleshoe, spent the week end with friends here. They came on Friday afternoon to be here for the Munday-Hamlin football game.

**It Takes Good Breeding To Produce Good Chicks**

We have always tried to build fine quality into our chicks. It takes good breeding to produce good chicks, and we insist that our customers get good chicks. Therefore, we want to fill our orders from flocks that we cull, blood-test and mate ourselves. We want to know the kind of breeding back of our chicks, and we want our customers to know that they are getting good quality chicks.

By using Red Chain feeds and proper sanitation, you can get the desired results with our chicks.

You may now place your order with us for chicks to be delivered January 1, 1947.
