

## Basket Ball Play-Off Games Of Interscholastic League Begin Friday

Interscholastic League play-off contests in basketball will begin on Friday of this week, it was announced Wednesday.

The games next Friday and Saturday will be played at Benjamin between the following teams:

Friday, Jan. 24: Gilliland vs. Knox City; Sunset vs. Megargel; Goree vs. Bomarton; Vera vs. Knox City; Gilliland vs. Benjamin; Vera vs. Benjamin; Goree vs. Megargel; Sunset vs. Bomarton.

Saturday, Jan. 25: Benjamin vs. Knox City; Goree vs. Vera; Sunset vs. Gilliland; Megargel vs. Benjamin; Knox City vs. Bomarton; Goree vs. Sunset.

Games at Sunset are as follows: Friday, Jan. 31: Gilliland vs. Vera; Bomarton vs. Benjamin; Gilliland vs. Megargel; Knox City vs. Goree; Sunset vs. Benjamin.

Saturday Feb. 1: Vera vs. Megargel; Bomarton vs. Gilliland; Goree vs. Benjamin; Vera vs. Sunset; Knox City vs. Megargel; Vera vs. Bomarton; Gilliland vs. Goree; Knox City vs. Sunset.

## City To Begin Enforcement Of Traffic Rules

City officials announced Wednesday that an effort upon the part of the City of Munday will be made for more rigid enforcement of traffic regulations within the city. Members of the local police have been instructed to begin this enforcement.

This applies particularly to center parking and double parking within the business district of the town, and motorists are warned that the regulations prohibiting these acts will be enforced.

One spot in particular where double parking and center parking are extremely hazardous is at the post office, where traffic along the highway is heavy at times during the day. The cooperation of all motorists in observing the city's traffic regulations is earnestly requested.

D. E. Whitworth, local chief of police, emphasized that it is not the desire of the city to become harsh with anyone. Motorists will be warned upon first offense, and repeated violations will be prosecuted.

## Reid's Hardware Moves This Week To New Location

Wallace Reid and his employees are this week completing the big job of moving the hardware store to its new location, the building formerly occupied by Harrell's Hardware.

The move was begun the latter part of last week and was being completed the first of this week.

This new location will afford the firm more room, and they will be able to display more merchandise than in the old location. The into attractive displays that will be convenient to the firm's customers.

Only the hardware and other items have been moved to the new location, and Mr. Reid stated that he is retaining the old location for his tractor sales and service.

A cordial invitation is extended to the public to visit Reid's Hardware in its new location.

## Postal Employees Meet Monday Night At Weinert School

Members of the Brazos Valley Postal Employees Association held their regular meeting last Monday night in the Weinert school building. B. C. Anderson, newly elected president of the association and postmaster at Knox City, was in charge of the business meeting.

Plans were made to improve the programs for this year, making them more interesting and informative. Jeff Graham of Knox City brought an interesting discussion on the employees' retirement system and the Federal retirement law.

Cake and coffee were served by the Weinert employees to members from Goree, Munday, Knox City and Haskell.

The next regular meeting will be at Knox City on February 17, it was stated.

Alonso Cartwright, who is attending Texas A. and M. College, came in last Tuesday for a few days' visit with his parents, Mr. and Mrs. Louis Cartwright.

## Knox County Hospital Notes

Births

Mr. and Mrs. A. M. Barton, Rochester, a son. Mr. and Mrs. Billie Smith, Knox City, a son. Mr. and Mrs. Geo. Davis, Knox City, a daughter. Mr. and Mrs. D. S. Grimes, Dallas, a daughter. Mr. and Mrs. A. K. Dunham, Swenson, a daughter. Mr. and Mrs. William May, Rule, a son.

Deaths

Stephen McNeley, Rochester.

## Funeral For L. O. Brooks Held New Years Day

Luther Orman Brooks, a former resident of Knox County, passed away at the home of a son in Lubbock on December 31, 1946.

Mr. Brooks was born in Barto county, Georgia, on August 29, 1869, and was 77 years, 4 months and 7 days of age. His wife passed away two years ago, and since then his health failed rapidly. He was stricken with pneumonia on Christmas day.

Survivors are his four sons, Grady of Lubbock, Eustace of Houston, Kenneth of Wichita Falls and Horace of Petersburg; four daughters, Mrs. Bertha Rice of Petersburg, Mrs. Eleanor Lambeth of Lubbock, a number of grandchildren and great grandchildren, and three brothers and three sisters.

Funeral services were held at the Methodist church in Lubbock on New Years day. Pallbearers were his grandsons.

## MUNDAY P. T. A. HAS MEETING WEDNESDAY

The Munday P. T. A. met on Wednesday afternoon at the elementary school, at which time Mrs. Chalmers Hobert was director of the program.

Mrs. O. H. Spann gave a talk on "Counseling of Adolescents," and the seventh and eighth grade Girl Scouts gave their troop candlelight ceremony.

A short business meeting followed the program.

## Speaker At Farm Meeting

O. Dooley Dawson, vice president and manager agricultural department, Second National Bank, Houston, who, sponsored by the Burlington Lines and local committee, is showing the moving picture "This Is Our Land," and is principal speaker at a series of five public soil conservation meetings being held this week, at Haskell January 21; Iowa Park, January 22; Dalhart, January 23; Memphis, January 24, and Plainview, January 25.

## Local Cub Scouts Get Award In Area Meet; Scout Setup Completed

The Munday pack of Cub Scouts was given special recognition last Tuesday evening at Wichita Falls at the annual meeting of executives of the Northwest Texas Area Council.

The award was a banner in recognition of the work done by the local Cubs during the annual roundup, September 1 to December 1. The pack was required to enlist six new members during this time, and a total of ten were enrolled.

The executive meeting was held at four o'clock Wednesday afternoon and was closed with a banquet at 7 p. m., honoring area scout executives and officials.

Attending from Munday were J. B. Stevens, Mrs. D. C. Eiland, Harvey Lee, Robert Green and Jim Reeves.

Jim Reeves, chairman of the district organization in Knox County, announced that the district setup has been completed, and all committee chairmen were installed at the banquet Wednesday night. Officials of the district are as follows:

Jim Reeves, district chairman; Leroy Melton, Benjamin, vice chairman; J. B. Stevens, Munday, district commissioner; Rev. Vernon Henderson, Knox City, leader; O. W. Causey, Knox City, organization and extension; J. M. Carpenter, Knox City, camping and activities; George Nix, Goree, advancement; Dr. D. C. Eiland, Munday, health and safety; C. S. Woodward, Benjamin, district finance.

At a recent meeting of the Munday Chamber of Commerce, E. W. Harrell was elected institutional representative in Scouting.

## Freeze Damages Texas Fruit Crop

Lubbock—Severe damage to the West Texas peach and apricot crop likely resulted from recent extremely cold weather, according to Dr. W. W. Yocum, horticulture professor at Texas Technological College.

If buds were killed, they will begin shattering within the next few days, he said. Fruit growers should inspect their trees carefully, and if almost all of the apricot and peach buds shatter, producers may go ahead and prune trees now as much as necessary with out waiting until late spring.

## ATTEND MARKET

Charles Baker and Mrs. Joe Bailey King spent the first of this week in Dallas, where they attended the markets to purchase spring and summer merchandise for the Baker-McCart store.

Mr. and Mrs. Don L. Ratliff were business visitors in Dallas the first of this week.

## Plans for Annual 4-H Calf Show Nearing Completion

### Fire Damages O'Brien School Last Tuesday

Quick work on the part of volunteer fire departments from Benjamin, Knox City, Rule, Rochester and Haskell saved the O'Brien high school and gymnasium from possible destruction by fire last Tuesday afternoon.

A call was made to the Munday fire department for help, but firemen decided the local truck was not in condition to answer the call.

The fire broke out in the gym and was discovered at 1:15 p. m., shortly after classes had resumed.

The Knox City fire department was the first to reach the scene and was soon joined by Rochester and the others. Using water from their "booster" tanks only, it was necessary for the trucks to make the three-mile trip to Knox City to refill each time. With all departments working together, the fire was brought under control.

Water and smoke caused great damage to the gym, and the high school was not damaged, it was stated. The gymnasium will have to be re-roofed and refinished on the outside. Damage was estimated at several thousand dollars.

While firemen were combating the blaze, school children quickly removed all books, records, desks and other furnishings from the building, fearing the entire building might be destroyed.

### City Making Room For New Fire Truck

Remodeling work was begun this week at the city hall, in Munday for the purpose of preparing storage for the new \$7,000 truck for the Munday Volunteer Fire Department, if and when it arrives.

The north entrance to the city hall is being closed except for fire fighting equipment, and a portion of the hallway in the building is being converted into storage room for the new fire truck. A double driveway on the north of the city hall lawn will be provided for the fire fighting equipment.

When the new truck arrives, Munday will be well provided with fire fighting equipment.

The new truck is several months overdue, but delivery has been delayed because of strikes and other causes, it was stated.

### Collins Grill To Open Tuesday

The Collins Grill, formerly known as the Palace Cafe, will open for business next Tuesday morning in a completely remodeled and refinished building, it was announced Thursday morning by Howard Collins, owner.

The entire building has been gone over completely, being thoroughly cleaned and repainted. New equipment in both the kitchen and front has been installed, including a new and modern cafe range and other kitchen equipment, new tables and booths in the front. The entire building and fixtures presents a new and attractive appearance.

Mr. Collins stated that he has secured experienced and efficient personnel to assist him in operating the business, and he plans to render a modern and complete cafe service. He invites the people of this area to patronize Collins Grill.

### Volleyball Girls Split Two Games With Eagles

The Munday volleyball girls played Chillicothe last Friday night in the Munday gym, splitting the double-header.

The girls have been working out and have developed a good team under the coaching of Clyde Latham.

The first game was won by Chillicothe, 15-5. The "A" string played all of the games. Mozell Ford, Lillie Reid, Carolyn Hannah, Hattie Phillips, Eloise Gray and Bobby Withworth started the games, with LaRue and Wanna A. Johnson as substitutes.

The second game was won by Munday, 15-13, and Chillicothe won the third, 15-11. The last game was really a good one, with both teams playing their best; however, "Lady Luck" seemed to favor the Chillicothe team.

The girls have new uniforms, and they invite the public to attend their games.

### Demand For Cotton To Become Greater

Austin—Increased activity on the cotton market, and a strong demand for cotton is predicted by Dr. A. B. Cox, University of Texas professor of cotton marketing.

"The market is now on a considerably higher level than at this time last year," Dr. Cox said, "and there is the same type of inverted market as last year but in a much more pronounced degree."

He cited the fact that the cotton balance sheet for the United States shows only 11,857,000 bales on hand in December, which is the smallest amount in any December since 1929.

A gift of \$250 from an anonymous donor has been received by the University of Texas and in accordance with the wish of the donor it will be used to purchase books for the Department of Journalism library. The library was established in 1946. Paul J. Thomson is chairman of the department.

### Show Is Scheduled For Knox City On February 16

At the regular meeting of the Lion's Club, Thursday, January 16, Lee Smith, chairman of the arrangement committee announced that the Annual 4-H Calf Show will be held in Knox City, February 15, 1947.

With seventeen calves being fed in this county; this year promises a very good calf show, stated Mr. Smith. Included on the arrangement committee with Mr. Smith are, B. B. Campbell, Barney Arnold, Jack Idol and R. B. Howell. These men plan to make final arrangements for the place of showing, bedding and other necessary equipment for the show.

Rip Collins announced plans for a big F. F. A. and 4-H judging contest again this year. Neighboring counties to Knox county are invited to attend. Mr. Collins stated that resettes will be given to the first three teams in addition to the cash prizes.

Claude Reed was announced as chairman of the finance committee with Ancil Waldrip as a member.

Roy Baker, chairman, T. E. Holcomb and W. M. Rowan were announced as the Banquet Committee to supervise the feeding of the boys.

In an anticipation of this event the 4-H calf feeders are now washing and grooming their calves, to have them looking their best by show time.

### Special John Deere Show Is Set January 30

E. W. Harrell, owner of Harrell's Hardware and Furniture, local John Deere dealer, has announced a special show which will be of special interest to farmers of this area.

The show will be held at the Romy Theatre on Thursday afternoon, January 30, beginning at 1:30 o'clock.

Mr. Harrell stated that an interesting program is being planned for this annual John Deere show, and new John Deere tractors and equipment that are now built and being shipped will be shown. The entire program, including an interesting picture, is free to everyone, and the local dealer extends a cordial invitation to the public to attend.

### Billy Lee Lambeth Gets Broken Limb

Billy Lee Lambeth, son of Mr. and Mrs. Homer Lambeth, received a broken right limb last Friday while playing "soccer" at the local school.

Billy Lee received treatment at a local physician's office, and was then sent to a specialist in Abilene to have the broken member set. He was brought home the first of this week, and is reported to be doing nicely.

The jinx has been after Billy Lee lately. He already had a broken arm and was carrying it in a cast at the time he had this painful accident.

### Auction Sale Has Busy Day

The Munday Livestock Commission Co. reports a good run of cattle and hogs for last Tuesday's sale.

Canner and cutter cows sold from \$8 to \$10.25; butcher cows, \$10.50 to \$12; fat cows, \$12.50 to \$13.80; butcher bulls, \$9.50 to \$12; fat bulls, \$12.50 to \$15.75; rannie calves, \$9 to \$10.50; fat calves, \$15 to \$19.50; butcher yearlings, \$11 to \$15.50; fat yearlings, \$16 to \$19.80. Butcher hogs sold from \$23.40 to \$25.50, and sows from \$19 to \$19.80. Light butcher hogs brought from \$19 to \$22.75, and stocker shoats \$18 and down.

Coy Phillips, M. Boggs and Lonnie Offutt left the first of this week for the Texas coast, where they are spending several days fishing.

"What a Man Does For Himself Dies With Him—  
What He Does For His Community Lives On and On."

## IN CASE OF FIRE

It is evident that the terrible death toll in the recent hotel fires makes revision of many municipal building codes mandatory. Structural changes must be effected to prevent the spread of fire from floor to floor and through area-ways. In the meantime, the National Board of Fire Underwriters repeats a set of fire safety rules for hotel guests which would have saved scores of lives in Chicago, Atlanta and elsewhere had been followed. Here they are:

1. Upon reaching your room, locate all means of emergency exit.
  2. Do not smoke in bed—this is one of the most prolific causes of fire.
  3. If you detect smoke or any evidence of fire, immediately inform the desk.
  4. Close your transom, and plan what you will do if fire strikes.
  5. In the event of fire, do not open your door if it feels hot to the touch. If it is not hot, open it slightly, bracing it with your foot. Then, if the hallway is safe, use the planned exit.
  6. If the hallway is not safe, keep the door closed, and stop up openings and cracks with wet towels, sheets, blankets, mattresses, etc.
  7. Open the window slightly and remain near it. Don't get hysterical. The fire department will rescue you—wait for it.
- The essence of this procedure is to avoid the creation of drafts that fan fire. People who follow similar techniques in the hotel fires lived—while people in adjoining rooms who let panic rule them died. Remember these rules. There is a very real possibility that someday they will save your life.

## COMPETITIVE ECONOMY

The retail price of any commodity must largely determined by the operating costs of store making the sale. Anything which adds to those costs unnecessarily imposes a direct and avoidable financial burden on the consumer.

An example of this is the chain-store tax. We haven't heard a great deal about these class levies in recent years, but they exist in a number of states and in some cases are assessed by municipalities. Some of them are based on the stores' gross volume of business, while others are based on the number of outlets operated by a retail system. In either event, they represent an artificial cost stimulant which, in the long run, must be passed along to the consumer. A store, like any other enterprise, has only one way of meeting its expenses and earning a profit—and that way is by pricing its goods in accordance with its costs.

Competition in retailing, as in anything else, is a major protection for the consumer. Over the generations, that kind of competition has developed an amazing efficient and flexible merchandising system. The once-expressed fear that large, multiple-unit chain companies would either absorb or destroy the small independent merchant was proven groundless long ago. The independent has held and improved his position—which is a well-earned tribute to his resourcefulness and his price and service policies.

We must look to retail competition now to help in holding prices to as low a level as the conditions of the present and future will permit. We must look to it also to act as the consumers' ally in improving the quality and dependability of goods. The

## QUALITY AT MINIMUM PRICE

A recent release from the National Retail Dry Goods Association, which represents a large number of merchandising systems, illustrates the work being done by representative retailers to protect the interests of the consumer.

The letter quotes Lew Hahn, general manager of the Association, who said: "Before the war, retailers carried goods of familiar quality at well established price lines. Consumers knew from experience what to expect from various types of goods. Retailers knew from experience at what prices such goods would most readily sell. During the war, all this passed out. . . .

"Now the war is over. The time has come to reestablish those conditions which make for orderly trade and consumer satisfaction. Because of inevitable increases in cost, it may not be possible to provide the qualities which were familiar at the prices which prevailed before the war, but there is a price at which those familiar qualities should be available. That . . . must be a reasonable price and one which the great masses of the public can afford to pay.

"It is time that retailers began to show manufacturers the things their public wants to buy and the prices at which it will buy them."

Retailers in all lines of business, including the progressive independents as well as the chains, are pursuing policies directed toward a similar end. Even as they attempt to hold price increases to the minimum, they are working to improve quality—which in itself is a form of price control. The end results is a wider variety of goods, of known qualities sold at prices which are as low as the economic factors of the present permit.

A room-seeking young resident of St. Catharines, Ont., speedily solved his problem with the following advertisement: "Having trouble buying soap flakes, lard or bacon? Young man working in large grocery establishment, requires room, breakfast and dinner six days a week, private home."  
—Christian Science Monitor.

An irate gentleman called a newspaper editor on the telephone, stating his name. "Did you put that notice of my death in the paper?" he shouted. "Yes I did," the editor admitted, "er. . . by the way . . . where are you calling from?"

role of the merchant, always important, grows in significance. Good merchants, large and small, welcome the revitalization of a competitive economy.

## The Texas Public Schools

### Article II

Editor's Note: This is one of a series of articles pertaining to the Texas Public Schools which have been prepared by the Texas State Teachers Association:

Money to operate the public schools is derived from three sources: state, local, and federal. During the school year 1945-46, the local school districts contributed 49.6 per cent, the state 47.8 per cent and the Federal government through vocational, Lanham Act, and Hot Lunch Fund appropriations 2.6 per cent or 5,512,606.

The state provides money through two sources for the public schools. The Available School Fund is distributed on a per capita apportionment basis and the Equalization Aid appropriation from the General Revenue Fund of the State.

Equalization Aid is made to school districts with a scholastic population of 1250 or less that can show need for special state assistance. The annual appropriation is \$14,000,000 per year for the present biennium ending August 31, 1947. Schools receiving equalization assistance comprise roughly 475,000 scholastics and 16,000 teachers. 200,000 children are transported daily from their homes to accredited schools.

The Available School Fund provided a per capita apportionment this year of \$35.00 per child of school age.

What are local communities doing to help educate their own children is a question often asked. Local support has kept ahead of state support consistently although the constitution provides that the legislature shall provide funds for the operation of the schools districts last year collected for maintenance and bond purposes \$88,768,161 as compared to the state's contributions of \$71,049,911.

The legislature in 1945 provides that local school districts could levy an ad valorem tax rate not to exceed \$1.50 on the \$100 of property valuation instead of the maximum of \$1.00. On September 1, 1946, sixty-nine of 1,000 independent school districts were levying the maximum tax of \$1.50; 27 were levying between \$1.25 and \$1.50; 29 were levying \$1.25 and 34 were levying a rate between \$1.00 and \$1.25. This number does not include a very large number of common school districts that also levy a rate above \$1.00 nor the dozens of independent and common school districts that have increased their property valuations for the purpose of paying better teacher's salaries.

Texas ranks sixth in population figures; yet thirty-third in per capita expenditures for the education of her children. What effect does such inverse ratio have on qualifications and pay of teachers

and the opportunities for the best schools possible for Texas boys and girls?

### WIND EROSION REMEDY

College Station — Demonstrations in Terry County indicate that breaking land deeply is a worthwhile practice in preventing wind erosion and getting larger crop yields in West Texas.

Terry county Agricultural Agent R. N. McClain reports that the demonstrations carried out show that land broken deep enough to bring clay to the top of the ground suffers "scarcely any" from wind erosion, and "in practically every instance" deeply broken plots showed crop yield increases over unbroken land.

On the J. J. Jones farm in the Johnson Community, a plot was broken 12 inches deep and planted in milo, county Agent McClain says. This plot yielded 400 pounds more grain than a plot of equal size that was not broken deeply. And on the Beavers farm near Wellman, 160 acres were broken to a depth of 28 inches and yielded double the amount of grain raised on shallow-broken land.

The clay brought to the top by the deep breaking offered definite resistance to erosion by wind, McClain says.

Mr. and Mrs. Red Leathers and daughter, Brenda Kay, of Paduach visited with friends here on Wednesday of last week.

Mr. and Mrs. Phillip Zeissel and daughter of Eastland spent several days here last week, visiting with Mr. Zeissel's parents, Mr. and Mrs. . . . and other relatives.

First National Bank Building

### Washington News Letter

By Congressman Ed Gossett

Washington—The House this week completed its committee organization. There were 48 standing committees in the 79th Congress. In this Congress, under the reorganization bill—the streamlining bill—there will be 19 standing committees. Getting all members on Committees of their choice, or where they could best work, was a great problem. Only one Democratic vacancy existed on the House Judiciary Committee, the Committee of which the Honorable Hatton W. Summers of Dallas was formerly Chairman. I was happy to be selected for this one spot on the Judiciary Committee.

The first big problem to be tackled by the House Judiciary Committee will be a number of bills dealing with the current scourge of portal-to-portal pay suits. American industries are now being sued for more than four billion dollars for alleged portal-to-portal pay. 99 per cent of this is for pay which neither employees nor employers ever anticipated, until the Supreme Court decision in the Mount Clemens Pottery case of last June. This case seemed to hold that employees were entitled to compensation from the time they set foot on company property until they depart. If judgments were rendered for plaintiffs in all these cases, it would immediately bankrupt a substantial part of American industry.

Statistics on Texas farms and farming just received from the Bureau of the Census are revealing. Farm sales in Texas during 1944 exceeded one billion dollars. The size of Texas farms are approximately as follows: 28 per cent are under 50 acres, 20 per cent between 50 and 99 acres, 12 per cent 100 to 139 acres, 10-1/2 per cent 140 to 179 acres, 9-1/2 per cent 180 to 259 acres, 8 per cent 260 to 379 acres, 7 per cent 380 to 699 acres, 6 per cent over 700 acres.

Of Texas farms 39 per cent had running water, 42 per cent had electricity, 68 per cent had radios, 19 per cent had telephones, 21 per cent had trucks, 38 per cent tractors, 63 per cent automobiles. These figures revealed by the 1945 census of agriculture, and would indicate there is much room for

improvement in our farms and farming.

British Socialism seems to be getting close to Communism in some respects. The British are going further and further to the left. The British government now owns and operates all coal mines in Britain. Since the government took over the mines, coal production has continued to fall off and coal prices to increase, a fact which most any one could have predicted. Now the Labor government of Britain is about to pass the so-called "country and city planning act of 1947." Under this act all lands will be appraised and their use designated and dictated by the government. If he changes the land use and makes more money, the government takes such additional profit, but if it loses it's his own hard luck.

If the land isn't used as directed the government confiscates it. If the land is sold for more than the appraised value, the government takes the excess. If sold for a loss it comes out of the owner's pocket. The same general policies apply to city properties. All of this confirms my pessimistic statement that apparently we are just a small democratic oasis in a world gone mad. The chaos, poverty, fear, and confusion which we observe throughout the world is a part of the bitter aftermath of war. It must be of grave concern to us. Our prosperity, happiness, and security is certainly affected by the kind of a world in which we live.

Many interesting leaflets are being circulated by Englishmen opposed to governmental trends. One such leaflet states: "We voted left and we got left." Another reads: "When we're sitting around fireless grates let us remember that we own the mines." and another: "State doctor—Now just sit up in bed and sign here— and here— and here. And fill out this form. And get three neighbors to vouch for it. And remember the pains and penalties of perjury! Then I will look at your tongue."

By the way, the Solicitor General of the United States, the man who usually represents the government in its cases before the Supreme Court, is Mr. George Washington. He is the nearest living relative of our first President.

Mr. and Mrs. J. W. Roberts were visitors in Haskell last Saturday afternoon.

Raymond Mitchell, who is attending Hardin Junior College in Wichita Falls, spent the week end with his parents, Mr. and Mrs. D. W. Mitchell.

### Annual Boy Scout Week To Be Observed

The observance of Boy Scout Week, Feb. 7th to 13th on a nation-wide scale, says Dr. James E. West, Chief Scout of the Boy Scouts of America, has great value to boys. Boy Scout Week, he says, emphasizes the romance and drama of Scouting.

In a statement for Boy Scout Week, marking the 37th anniversary of the original incorporation at Washington, D. C., Dr. West who was Chief Scout Executive from 1911 to 1943, says:

"Throughout the country Boy Scouts and their parents and friends are observing Boy Scout Week. Sometimes I am asked because of my long association with the Boy Scouts of America, starting in 1911, why Scout leaders place so much emphasis on this occasion.

"I always tell them that we do it because of its great value to boys. Very deliberately we developed the observation of this anniversary to create dramatic opportunities for boys to take part in a nation-wide celebration.

"From the start of Scouting we have conducted as a part of the program, spectacular features which create a desire on the part of boys to be Scouts.

"In our annual observance of Boy Scout Week we emphasize the romance and drama of Scouting in a way to impress boys and attract them to the program. We feel it desirable to do this annually because a new crop of boys of Scout age comes up each year. A new crop of boys does not absorb the experience of those who went before. We have to do it over and over again.

"I believe that the greatest responsibility that we as leaders in Scouting have today, as it has always been, is to think in terms of creating and maintaining an intense desire on the part of boys to be Scouts. The techniques of that are the techniques that we use in our Boy Scout Week observances.

"This is important not of course for the sake of mere numbers, but because of what Scout training means to the future citizens of America, because of the way in which Scouting does help boys to develop into men of character, trained for citizenship."

Mrs. Walter Harris is visiting with relatives in Sweetwater this week.

Harry Cowan, who is attending North Texas Agricultural College at Arlington, came in Wednesday to spend a week between terms with his parents, Mr. and Mrs. H. H. Cowan.

Mr. and Mrs. Oscar Tooley and family of Haskell visited in the home of Rev. and Mrs. Don Davidson last Sunday.

Mrs. Joe Bailey King, Mrs. Aaron Edgar and Miss Ruth Baker were business visitors in Abilene on Thursday of last week.

Ardelle Spelce spent several days last week with his family in Wichita Falls and attending the bedside of his son, Kenneth, who is recuperating from an appendectomy.

### From where I sit... by Joe Marsh

### Willie Goes to School at 23

Everybody's joshing Willie Wells about going back to school. They remember when Willie would hide out in the woodshed—scared to bring his report card home to Pa.

But under the G.I. Bill of Rights, Willie (who has a wife and baby) is getting a free education at the Agricultural College. And Uncle Sam is giving him a fine report: "Department, excellent; Progress, above average."

That goes for all those undergraduate veterans. Like Willie, they appreciate an education more than

ever now. They're industrious and well-behaved—their favorite beverage is milk, or a temperate glass of beer. For them the "three R's" seem to mean: Responsibility, Resourcefulness, Restraint.

From where I sit, cynical folks who thought veterans wouldn't want to return to school—wouldn't stick to steady habits of work and moderation—have their answer in "undergraduates" like Willie.

Joe Marsh

### "Ultra-Life"

### Will Help Your Flock, Too!

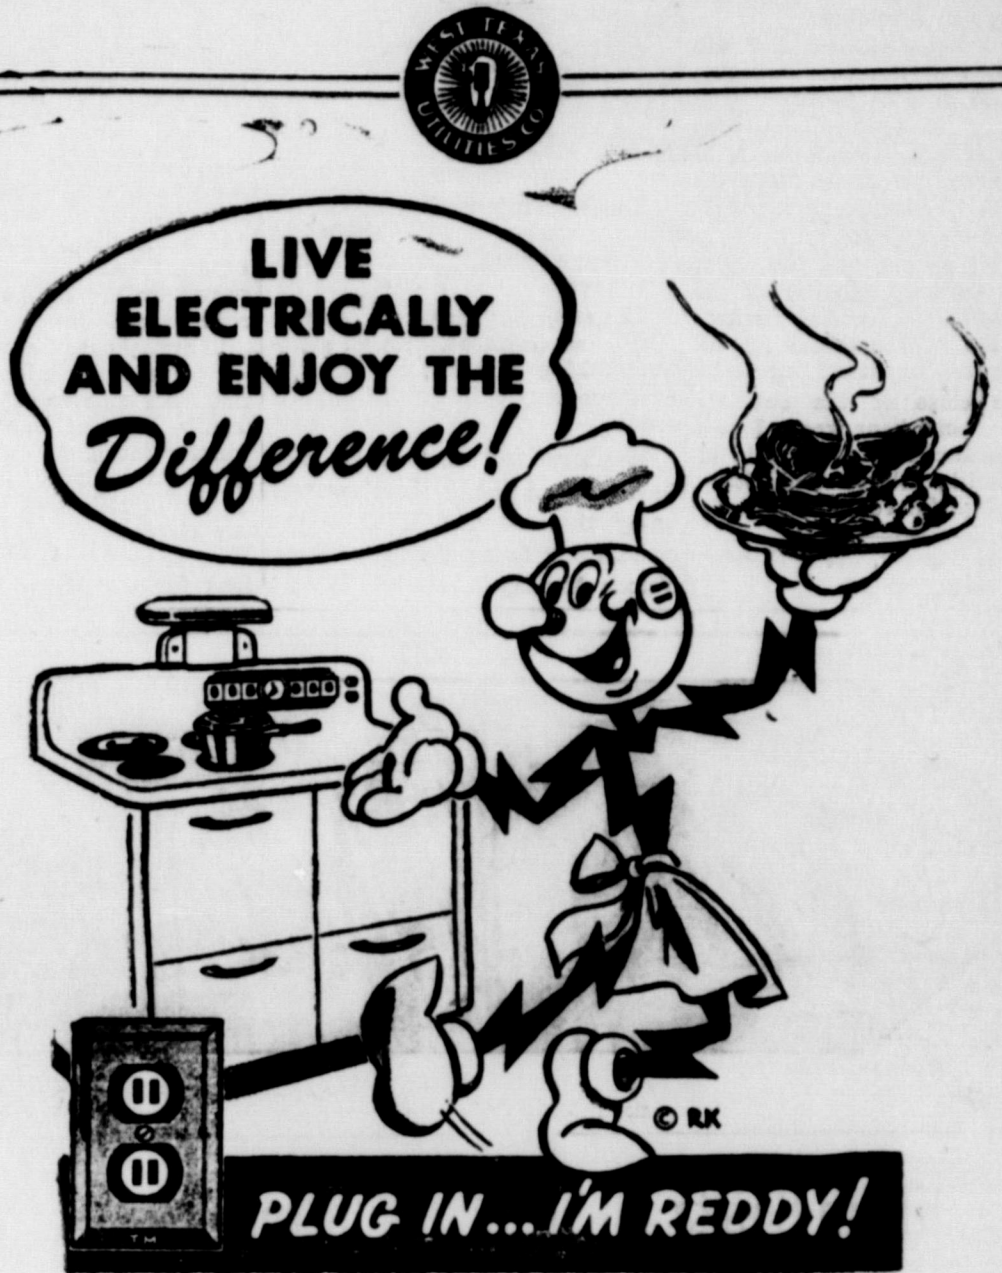

Many are glad they've learned the extra value of "ultra life" in Mar-Ket feeds. They are keeping their flocks healthier and producing more with this quality feed.

You, too, can see the difference when you switch to Mar-Ket Feed. You'll soon notice that your hens are laying better and more uniform eggs.

Get your Poul-Centrate here, too. It contains double ultra-life.

### Banner Produce

Mr. and Mrs. R. T. Morrow

Enjoy in your kitchen, as you do in your other rooms, the speed, the cleanliness, the economy and the convenience of that marvelous servant, Reddy Kilowatt.

An electric range—"clean as an electric light"—assures perfect cooking temperatures without fumes, doesn't soot up pots and pans, gives you exactly the heat you want and all the speed you'll ever need.

Other electric kitchen appliances like the electric water heater, dishwasher and garbage disposal sink will simplify, speed up and make housekeeping easier and more pleasant.

The first step is to visit electric appliance stores, select exactly what you want and place your orders now. You may have to wait awhile for delivery but you'll always be glad you did place your order.

### West Texas Utilities Company

### Carroll Belcher, Velma Ray Hines Wed January 12th

Announcement was made this week of the marriage of Carroll Belcher of Goree and Miss Velma Ray Hines of Rising Star. The couple were married at three o'clock Sunday afternoon, January 12, at the Baptist parsonage in Munday, Rev. W. H. Albertson, pastor, performing the ceremony. The bride is the daughter of Mr. and Mrs. A. W. Hines of Rising Star.

Mr. Belcher is the son of Mr. and Mrs. Lester Belcher of Goree. For the past few months he has been employed at the local Farmers Union Gin.

The young couple are making their home in Munday.

### Woodmen Circle Meets January 17 At Benjamin

New Dawn Grove No. 2259, Woodmen Circle, met in regular session in the assembly room of the courthouse in Benjamin on January 17 with Mrs. Pearl T. Somers, district manager, presiding.

Officers were elected and will be installed at the next meeting, January 28 at 7:15 p. m.

Plans are being made for attending the state convention to be held in March. Delegates from this Grove will be elected at the first meeting in February.

In behalf of the members, Miss Sylvia Hodanek, president of the group, extends a cordial invitation to visit members and for all local members to attend regularly.

At the close of the business meeting a social hour was enjoyed, and a committee composed of Mrs. Smith, Glover and Stark served delightful refreshments.

For quick results, use a Munday Times classified ad.

### Nix Family Is Given Farewell Party January 20

The Sunset Home Demonstration Club entertained with a farewell party on Monday, January 20, in the home of Mr. and Mrs. Gill Wyatt, honoring Mr. and Mrs. E. E. Nix, who will leave shortly for their new home at Ropesville.

Games under the direction of Rev. Don Davidson were played during the early evening. A lovely gift was presented the honorees by the club. Mrs. R. M. Almanrode, past president of the club, made the presentation.

Sandwiches, cookies, hot punch and coffee were served, and the party ended with a general get-together. Present were the following:

Mr. and Mrs. Layne Womble, Mr. and Mrs. Roe Myers, Mr. and Mrs. Jerry Nix, Mr. and Mrs. Joe B. Roberts, Mr. and Mrs. R. C. Partridge, Mr. and Mrs. Dee Perry, Mr. and Mrs. R. H. Almanrode, Mr. and Mrs. H. R. Hicks, Rev. and Mrs. Don Davidson, Mr. and Mrs. E. E. Nix, Mr. and Mrs. Gill Wyatt, Mrs. W. E. Pack and Ronnie Davidson.

### Methodist WSCS Has Bible Study Last Monday

The Women's Society of Christian Service met in Bible study last Monday afternoon, with 18 members present.

The subject, "Personal Stewardship" was discussed, with all members taking part and making the program very spiritual and educational.

Members feel that those who have not yet joined the class will enjoy these lessons if they will come. Don't forget the time—three o'clock Monday afternoon.

### Sunset H. D. Club Meets Thursday With Mrs. Nix

The Sunset Home Demonstration Club met on Thursday afternoon, January 16, in the home of Mrs. Jerry Nix. The house was called to order by the outgoing president, Mrs. R. M. Almanrode, who turned the meeting over to the new president, Mrs. H. Hicks.

After a business meeting, during which it was voted to make a contribution to the March of Dimes, a demonstration on textile painting was given.

Refreshments were served to 10 members. Club members welcomed Mrs. Floyd, who rejoined after several months' absence.

The next meeting will be January 30 in the home of Mrs. Floyd.

### Theatre Owners To Aid In "March Of Dimes" Drive

Theatre owners throughout the nation have been called upon by moving picture operators to participate in the 1947 March of Dimes by taking up collections during shows, from January 24-30, Lee Haymes, campaign chairman here of the National Foundation for Infantile Paralysis fund-raising drive disclosed today.

A copy of a telegram sent to theatrical circuit executives by Richard F. Walsh, president of the International Alliance of Moving Picture State Employees and Moving Picture Theatre Operators, received by the campaign chairman read as follows:

"Throughout the war, we motion picture projectionists gave our time, our sincere efforts, and our money without stint for every worthy cause. Now that the war is over, our first thought in peace is the health and happiness of our children. The Motion Picture Theatre owners originated collections for the March of Dimes to

fight infantile paralysis. It was the first collection ever made in the industry, therefore we feel it is our fight.

Last year was the worst infantile paralysis year in the history of the National Foundation for Infantile Paralysis. For this reason every one of us wants to make the 1947 March of Dimes drive our drive. We want to participate for the welfare of our children and all children of the nation, and we call upon every theatre owner to cooperate with the Motion Picture Division of the National Foundation for Infantile Paralysis by audience collections at every performance from January 24 to January 30. For our own consciences we

cannot let the children down; we cannot fail in our duty. We are counting on you to do your share."

Commenting on Mr. Walsh's message, Mr. Haymes said: "This fine spirit evidenced by the moving picture operators is in keeping with the unselfish and untiring support given the March of Dimes by all its members in previous campaigns."

### NAMED PRESIDENT OF EX-SERVICEMEN'S ASSN.

Austin—Kerry G. Merritt of Lockhart, is the new president of the University of Texas Ex-Servicemen's Association for the spring semester, beginning February 3.

Other new officers elected were: Donald H. MacGuffie, Baytown, vice president; Miss Anne Busey, Okanogan, Wash., secretary; Allen, C. Williams, New Willard, treasurer; Daniel H. McCalib, Austin, reporter; and O. C. Sigala, Del Rio, sergeant-at-arms.

Executive committeemen elected were Arthur H. Lintelman, Jr., Goose Creek; H. T. Mathews, Alpine; and Paul T. McCalib, Austin.

N. A. Chastain was business visitor in Dallas the first of this week.

Irving Waldron of Dallas spent the week end here with his parents, Mr. and Mrs. J. F. Waldron, and with other relatives.

A. C. Boggs was business visitor in Dallas several days last week, where he purchased merchandise for the Home Furniture Co.

# NOTICE

Due to critical shortages, I am unable to buy good quality merchandise to stock my dress shop for Spring; therefore, I am going to close my shop for an indefinite period of time on Friday, January 31.

I am closing out the balance of my stock at very low prices. You will find some real bargains in dresses.

I want to take this opportunity to thank my friends and customers for their loyal support and patronage. It has been a pleasure to serve you.

## The Dress Mart

Mrs. Louise Ingram

## CALF SCOURS . . . .

Calves are often subject to a number of minor digestive upsets which causes scours. Lee's Germozone, because of its antiseptic and astringent effect is of great value for treatment of many forms of scours in calves. Do not take a chance on calf scours, upon first symptoms of scours give Germozone, a very valuable treatment for such conditions.

Let us supply you with your livestock and poultry remedies.

## Tiner Drug

"JUST A GOOD DRUG STORE"

# Final Markedowns!

We positively do not carry over goods from one season to another. Some of the items advertised last week have sold, but we still have many items that are real values. This is our final sale on Fall merchandise.

**FARM NEWS**

**U. S. and Farmers Plan Wise Spending**

Getting the most conservation for every dollar spent by farmers and Uncle Sam for soil-building practices is one of the aims of the 1947 Agricultural Conservation Program, according to Mr. Emmett Partridge, chairman of the Knox County Agricultural Conservation (AAA) committee.

"In the development of a program of this kind the first step was to request from farmers suggestions for new practices or changes in existing practices, ac-

ording to the need on individual farms," he said. "These suggestions were carefully reviewed and adopted into the program where practicable. It now remains for county and community committees and the farmers themselves to put the practice into action."

Under the Agricultural Conservation Program the U. S. Department of Agriculture and individual farmers will share the cost of the measures used to build and protect Knox county land and to conserve its water and plant food. Mr. Partridge said that changes

in the way the ACP program will operate in 1947 should help to get an even better job done than in the past.

Mr. A. A. Smith of the Munday community was in the office last week and discussed with us the possibility of getting the rest of his farm terraced. Mr. Smith constructed 85,264 feet of terraces on approximately 344 acres of cropland during 1946. He plans to terrace the remaining 300 acres this year.

Mr. Smith also seeded 300 lbs. of Austrian Winter peas last fall and applied three tons of phosphate to them.

The deep breaking practice is proving to be more popular than ever before. One of the big reasons for this is because the minimum depth has been lowered from 12 inches to 10 inches.

A limitation has been placed on the practice. The amount of limitation depends on the size of the farm. Farms with 30 acres of cropland or less can draw payment for 80 per cent of the cropland; farms with more than 30 acres but less than 60 acres can break 60 per cent; and farms with more than 60 acres can break 40 per cent.

An approval must be issued from this office before this practice is

started.

I am going to improve my pasture by the use of fertilizer and re-seeding of pasture grasses to an extent that I will be able to run twice as many livestock. Those were the words expressed by Mr. C. C. Browning, County Committeeman and farmer, from Truscott. Mr. Browning has definite ideas on how he is going to do this. At the present time he is trying to get some new pasture seeds from a dealer in Knassas.

\*\*\*

**Hugh H. Bennett Sounds Warning**

Speaking before the annual meeting of American Political Science Association in Cleveland, H. H. Bennett, chief of Soil Conservation Service of the U. S. Department of Agriculture said, "We must look to the land for feeding our growing population and meeting the increasing demands for production of needed raw materials of industry. Steadily increasing populations in the United States and in the world as a whole that must be fed from the land already are exerting themselves on the world's supply of productive land and will continue to do so with such force as to challenge our utmost technological capacity. The United States is approaching the point where it will have little more than

the 2 1-2 acres of reasonably good land which nutritionists consider necessary for an adequate diet per person. Yet we are still letting 500,000 acres go to ruin every year.

"Government and every individual have an inescapable responsibility in providing adequate safeguards for a resource that is fundamental to national welfare. The time element in providing such protection is of major importance."

\*\*\*

We wish to congratulate Mr. Lee Smith from the Knox City community on the good soil conservation work he is doing. He has terraced his pastureland, constructed three tanks, and planted 1,000 pounds of hairy vetch, in the short time he has owned his ranch. Included in his plans for 1947 is the elimination of the mesquite on his rangeland.

**NEXT TUESDAY**

Collins Grill, formerly known as Palace Cafe, will be opened for business next Tuesday morning. We invite you to patronize the newest and most modern cafe in this section.

Our building has been completely remodeled, and repainted and presents a very pleasing and attractive appearance. New fixtures have been installed throughout, from kitchen to front, and everything is clean and new.

We will have a staff of experienced and efficient people to prepare your meals and wait on you. We want to give you efficient service, and we invite your patronage.

## Veterans News

Nearly 200,000 veterans of World War II are going to school or training under federal veterans benefits in the Dallas Branch Area of the Veterans Administration, a year-end report has revealed.

As of January 1, 1947, veterans in training by states in the Branch Area numbered 131,306 in Texas, 31,310 in Louisiana, and 33,444 in Mississippi.

VA reports the status of other major veterans benefits in the tri-state area as follows:

1. Disability compensations being paid to veterans of all wars—Texas, 112,988; Louisiana 28,072; Mississippi, 31,433.
2. Number and value of GI guaranteed loans—Texas, 28,271 for \$147,537,637; Louisiana, 5,224 for \$29,731,875; Mississippi, 2,234 for \$10,896,787.
3. Veterans in VA hospitals in the three states—6,432.
4. Out-patient treatments—monthly average of 41,000 examinations and 25,000 treatments. (No state figures available).
5. Insurance—more than one million GI policies representing accounts of 986,000 veterans in the three states. (No state figures).
6. Death compensation and pension awards—33,000 awards in the three states. (No state figures).

The cost of all veterans benefits (including administrative expenses) in the three states for 1946 was: Texas, \$180,775,264; Louisiana, \$37,411,561; Mississippi, \$45,084,790.

Veterans with service-connected dental conditions may apply to the VA regional office in their area for out-patient treatment by private dentists participating in VA's "home town" medical program.

For one year after a veteran's discharge, VA will accept prima facie evidence of a service-connected or aggravated dental ailment and authorize out-patient treatment.

After the veteran has been out of a service a year, his application must be adjudicated by a rating board as service-connected before out-patient treatment can be authorized.

Treatment authorized must be in a VA clinic if it is feasibly available. If not, treatment on a fee basis by a participating dentist of the veteran's own choice will be authorized.

**Questions and Answers**  
Q. Does Veterans Administration pay any part of any guaranteed loan?

A. Yes. Veterans Administration will pay to the lender as a credit on the loan an amount equal to 4 percent of the amount guaranteed. This is a gift and is not to be repaid by the veteran.

Q. Can I use my terminal leave bonds as security for a G. I. loan?  
A. No. Terminal leave bonds are non-negotiable and non-transferable. However, they may be used to pay premiums on National Service Life Insurance.

Q. What are the compensation rates payable to World War II veterans for service-connected dis-

abilities?

A. The rates range from \$13.80 a month for a 10 percent disability to \$138 a month for total disability. For certain specific disabilities, the rates may be as high as \$360 a month.

Q. Where can I get information about readjustment allowance?

A. For specific information about readjustment allowances and your eligibility for them, you may inquire at a public employment office or at an office of the unemployment compensation agency in the state or territory in which you reside.

Q. I have been working part-time and my readjustment allow-

ance has never been over \$15 because of my income from other sources. Am I entitled to additional weeks of readjustment?

A. The number of weekly allowances to which you may be entitled is strictly limited. Each time you receive payment of a weekly allowance, regardless of the dollar amount, you may be entitled.

Joseph Borden, who is attending Texas A. and M. College, came in last week to spend the mid-term holidays with his parents, Mr. and Mrs. J. C. Borden.

#### Junior News

We Juniors are now breathing easily as we have finally finished those horrid semester tests. Mrs. Partridge was very disappointed over our English grades, but who wouldn't be? It isn't that we are dumb, we just forgot to study. Even with low grades as evidence I do believe that the junior-senior English class accomplished most of the things that were required of us. We found the study of English writers very interesting, especially the romantic ones like Keats, Lord Byron and Shakespeare. English is of course taking a different turn this semester as we reluctantly pick up our grammar books. We have started this

study off with a drill in how to write outlines. This is to prepare us for our term theme, which is coming as soon as our material gets here.

We were sorry to lose Mr. McCord, who resigned at the end of this semester. Mr. McCord has been very successful as a teacher and basketball coach here at Sunset, and we are going to miss his intelligent guidance that we have respected and enjoyed.

#### Sophomore News

Well mid-term examinations are over and most every one is satisfied with his grades. All except history. We did not always agree with the book.

We exchanged our literature books this morning for grammar books. We also took up cooking in Home-Economics.

We are sorry to see Mr. McCord leave us. His students enjoyed his teaching very much. We also hate to lose one of our sophomore students, Donald Nix. We wish him success in his new location on the plains.

#### Freshmen News

Well at last those mid-term examinations are over. Everyone is still holding his breath to see if he passed.

We are very proud of our boys. They have won two first place trophies this year.

The girls have taken their dresses home to finish them. We hope to have a model show.

We got our pictures last week.

Some nearly fainted when they saw what the pictures revealed.

We are glad to have Mr. McLeary back after his trip to Austin.

We are sorry to have Mr. McCord leave. We hope he enjoys the school where he is going.

#### Volley Ball News By Mary Booe

The volley ball girls had a meeting yesterday. We discussed new plays and plans for our next game. We are hoping that it will be with Munday. They came out one day last week. The new plans worked out well.

There was a rumor yesterday that Mrs. Partridge said we are going to give a tournament in the near future.

**First and Second Grade News**  
 Mary Smith's grandmother from Munday visited her.

Phillip's brother, Marvin, moved to Fort Worth where he plans to work.

Mickey visited with Glenna Saturday night. He says he played dolls with her.

Carol spent Sunday with her uncle and aunt at Seymour.

Mickey's Uncle Fred visited him Sunday.

Jerry Johnson's uncle Howard visited him Sunday.

Stella has a brand new cold wave this morning that she is very proud of.

Carlton is back with us today. We are very glad to have him.

Helen and Benny made a hundred today. They are proud of it because it is their first time this year. They are in group two.

Laverne moved into the house of her grandfather who has been ill lately.

Larry's daddy was very let down last week when several men went fishing and left him at home.

Patricia spent Saturday night at Larry's.

Betty Jean's uncle visited her Sunday. He is from Knox City.

**Third Grade News**  
 Mrs. Hunter is now visiting Mrs. Anders in her home.

Elias Loyce is back in school after a long period of illness.

Martha Smith will not be with us any longer than three more days. We are sorry to lose her because she has been a wonderful student.

Sue Voss has a new little cousin, her name is, Janice La Rue.

We are all glad the mid-term exams are over. We had a sick child in here because she was afraid of failing her test.

**Seventh and Fourth Grade News**

We are beginning a new semester today and making new New Year's resolutions to have better cards the last half of the year.

Bobby McCord has moved to south Texas. We will miss Bobby very much.

We have a new pupil, Paul Shepherd. Welcome to our class Paul.

Pansy Wilcox's brother and wife Mr. and Mrs. Lynwood Wilcox have moved to Knox City.

Benny V. Bales went with her parents to Graham last week end.

**Poem by Loretta Floyd**  
 I found a puppy on the street,  
 His nose was white, so were

his feet.  
 His fur was soft and very brown,  
 I could not leave him there in town.

I brought him home to live with me,  
 He seems as happy as can be.

**Fifth and Sixth Grade**  
 Roy Lee Voyle's grandparents from Lubbock visited him last week end.

Johnnie Matthews has been absent two days on account of illness.

Louise Bales visited in Graham last week.

Elain Nix's aunt from Abilene visited her last Saturday.

Dan Lefevre's grandmother from Abilene is visiting in his home.

#### Vets Who Marry Get Subsistence Increase Of VA

Mr. Veteran, are you planning on getting married any time soon? This may seem a bit personal, but if you are drawing subsistence for on-the-job-training or for going to school, it would definitely be to your advantage to send to Veterans administration regional office at Lubbock an invitation to your wedding.

The VA will not send you a lot of wedding presents, but if your subsistence allowance is to be increased from \$65. to \$90. per month, beginning with the day you are married, it is necessary that you intend to take into yourself a wife. If you wait until after you are married to notify the VA, and to request an increase in your subsistence to that of a married veteran, the VA is governed by law to commence your \$90. Subsistence from receipt of notification and cannot make the increase retroactive to date of your marriage.

So, if you are receiving VA benefits and plan to get married, let the VA know in advance by card or letter over your signature and indirectly following marriage send in a certified copy of the public

record of your marriage, thus your increased subsistence allowance will commence the date of your marriage.

Remember, when writing the VA on any subject, be sure to give full name, address, service serial and claim number.

## LOCALS

Preston Ingram, who is attending Texas A.M. College, is home to spend the mid-term holidays with his mother, Mrs. Louise B. Ingram, and other relatives.

Mr. and Mrs. O. H. Spann and family spent the week end in Denton, visiting with their daughter, Janie, who is attending T. S. C. W. and with other relatives and friends.

Mr. and Mrs. H. A. Pendleton, Jr., of Wichita Falls spent the week end here with Mr. Pendleton's parents, Mr. and Mrs. H. A. Pendleton Jr., and with other relatives.

Mrs. Geo. Salem returned home last week after several days' visit with relatives in Dallas.

Mr. and Mrs. Walter Skiles visited with relatives in Stamford a while Friday afternoon, and Mrs. Skiles also had a checkup at the Stamford hospital. Doctors report her recovering nicely from her recent operation.

Mr. and Mrs. Jack Bilderback and family of Chillicothe visited with relatives and friends here last Sunday.

Mr. and Mrs. E. R. Merton of Seymour spent last Sunday with their son and daughter-in-law, Mr. and Mrs. Tom Merton.

## Clean Harvest

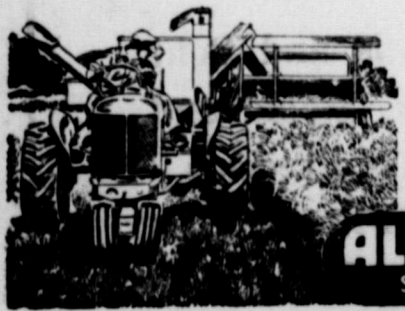

The ground within this wood square measures 1/10,000th of an acre — a patch of close-clipped stubble that tells the real story of the All-Crop Harvester.

Kernels on the ground are being counted, one by one. Even the soil is being carefully sifted

and examined for buried grains.

In fourteen field tests, conducted under widely varied conditions by agricultural college engineering departments and experiment stations, the All-Crop Harvester saved an average of 99.57% of the grain. Further tests revealed that even in badly lodged grain, the loss was negligible.

Here is a close-up view of the All-Crop Harvester's crop-saving ability, proved in over 100 grains, beans, sorghums and seed crops.

## New Equipment Is Installed At Roxy Theatre

We don't lo brag, but we do want you to know that you can sit down in the Roxy Theatre and see the best pictures that are produced by all the major producing companies in Hollywood. These pictures will be projected on a Welker Plastic Screen, by Simplex E-7 projectors, which are the same machines that are in the finest de-luxe theatres throughout the country.

Our sound system is the latest model that sound technicians have produced; our speaker system is the New Lansing Speaker, "The Voice of the Theatre." This is the same speaker that is used in Hollywood motion picture studios. Modestly, we say we are proud,

why? Because in February, 1913, we started out in the show business with one Powers No. 5 machine that we had to crank by hand; our seats were benches; our screen was a bed sheet!

Munday did not have electric lights at that time, and we had the only electric lights in town. Sometimes we would have to stop the show to wrok on our light plant which was powered by a gasoline engine which was so hard to crank!

Our picture program consisted of three reels which would last from 25 to 30 minutes. Our longest features would not last over 20 minutes, but they were good. With such characters as William S. Hart, Dustin Farnum, Pearl White, Grace Curard, William Farnum, Francis Ford—and I don't think anybody makes as funny comedies now as Ford Sterling, Fatty Arbuckle, Charlie Chaplin, Chester Conkland and Ben Turpin made in those days.

Our admission was ten cents to all, and we changed pictures every

day. If a business house like Eiland's Drug Store and Baker-Bryant Co. would give us 50 cents we would run a slide on our bed sheet for a whole month!

Not bragging, but we had the best show in town then, and we are still striving to give the people of Munday the best. As a matter of record, the first 13 years in business our receipts were considerably less than the opening week of the Roxy Theatre in New York.

We appreciate your patronage, and we hope to be able to give you the best in entertainment for the next 33 years.

Posie.

### FIRST BAPTIST CHURCH

All services at the regular hours next Sunday.

Singspiration Sunday night in the home of Mr. and Mrs. Hallmark.

Last Sunday morning we began our offering to Buckner Orphans Home. This will be continued through next Sunday. The Home needs our help.

Tuesday night February the 4th at 7:15 our Associational Brotherhood meets with the First Baptist Church, Goree. F. M. Collier, Supt. Hendrix Memorial Hospital, Abilene, will be the main speaker. Ranch style supper will be served. W. H. Albertson.

### THIS POLIO VICTIM RECEIVED HELP, TOO

Driving along a highway we came to a tree across the road with a detour sign pointing to a side road. We had been bumping along the detour for about five minutes when we came to a farmhouse. A small boy wrapped in a blanket waved to us from the porch we waved back. We stopped at a town hall to report the obstruction. "Yep, been down about two weeks, I'd judge," said the clerk.

"Why doesn't someone take it away?" we asked.

"Well, its like this. Did ya notice a little boy wave to you up that side road? He's cripple—infa-ntile paralysis. He was awful peaked at first, but when the tree fell and cars had to use the side road he began to perk up. Guess what he needed was a mite of interest. He's comin' along fine, doc says. Soon be strong enough to get around. Then 'twon't do no harm to drag the tree away. But a few minutes lost don't hurt you riders none, and it helps the little feller a lot."

Readers Digest.

**The Rexall Drug Store**

Sam Salem left the first of this week for Dallas to visit his family and spend some time attending the markets to purchase merchandise. He will remain in Dallas for the wedding of his daughter, Mrs. Margaret Lake, and Dan F. Summers on January 25.

Lyndal Yandell, student at Hardin-Simmons University, Abilene, spent last weekend with his parents, Mr. and Mrs. H. C. Yandell.

### Activities Of The Colored People

West Beulah Baptist church, Rev. D. B. Meadows, pastor, and Scott's Chapel Methodist church, Rev. J. T. Taylor, pastor, are sponsoring an interesting service Sunday at 3 p. m. for the benefit of the school. Musical numbers will be rendered by Mrs. Allene Johnson and Mrs. Allene Ross. Everyone is invited to this service.

The members of the community chest, with Burton Thomas as president, have as their project the purchase of shrubbery for the beautification of our school campus.

We are always proud of magazines donated our school. We thank Miss Shelley Lee for the magazines, Christmas and Valentine cards; also thank Mrs. Ratliff for the books.

The mission band met Wednesday night in the home of the president, Mrs. Elnora Hendric. Rev. S. L. Sanders brought a lesson which was enjoyed by all.

Little Ernest ne Williams is very sick and entered the Knox county hospital Wednesday.
