

Moguls Lose Bi-Dist. Cage Game Tuesday

A fighting Mogul quintet that lacked the "hoop ringing" ability went down before the superior playing of the Olney Cubs here last Tuesday evening in the bi-district basketball classic.

Olney took a quick lead by ringing the hoop with the first ball put into play, and the Moguls were never able to catch up. The first quarter ended 13-4.

Putting lots of pep into the court play, the Moguls tried long shots at the loop, because they were un-

able to maneuver the ball close to the basket. The Cubs continued to widen their lead, and the half ended 21-9.

The Cubs widened their lead further in the third quarter, which ended 29-14, and closed the game with a victory of 35-23.

Clover Being Planted In County On Trial Basis

Several farmers cooperating with the Wichita-Brazos Soil Conservation District are planning to plant clovers this spring. Some of them are Frank Nicholson, T. W. Free, August Rueffer, Clinton Herren, C. C. Browning and League Ranch. The clovers these farmers are going to plant are Hubam, Madrid, and Ladino, and are to be planted on a trial basis, especially the Ladino because it has never been tried in this locality. It is a plant that will live year after year and furnishes a maximum of grazing and hay in areas where it is adapted.

The terracing program is coming along as fast as lines can be run. Farmers that are anxious to build and have notified the office will be reached as soon as their conservation group comes up.

New conservation groups are being formed and are anxious to get started on their conservation work. Thirty-three farmers composing four groups have made application to the District Supervisors during the last month. The Soil Conservation Service technicians will help work out conservation plans with these farmers as soon as possible.

District Supervisor Henry Smith, assisted by Soil Conservation Service personnel, held a group meeting in the Mattson group last week with 22 farmers attending. An intense interest was shown and a number of applications was received by Mr. Smith.

Munday Boy Makes 14-Day Training Trip

Along with 600 other officers and men of the Naval Reserve, Grady S. Tomlinson, ship's cook, second class, of Munday Texas, arrived in New Orleans, La., Feb. 8, after a 14-day training cruise to the Canal Zone and Guantanamo Bay, Cuba, aboard the cruiser USS Macon.

This was the first postwar training cruise for the Eight Naval District. The trip included sham battles, gunnery practice and a three-day liberty in Cristobal, Canal Zone. Planes towing targets were catapulted from the cruiser for anti-aircraft practice. Also making the cruise was the destroyer-minelayer USS Shannon.

Reservists left the ships after the cruise, in civilian clothes and with checks for full pay and allowances for their two-week annual tour of active duty. The Navy provided transportation to homes in the eight-state district, which includes Alabama, Arkansas, Louisiana, Mississippi, Oklahoma, Tennessee, Texas and extreme North-west Florida.

Treasury Sees Savings Bonds As Public Debt Key

During 1946 the people of Texas bought \$240,673,364 in savings bonds, of which \$171,040,922 were in E bonds, according to Nathan Adams of Dallas, chairman of the Advisory Committee for Texas.

The treasury regards the continued widespread holdings of savings bonds as the key to future management of the public debt, Adams said. This problem involves matters which many think concern us little, if at all. Actually, the way our \$260 billion debt is managed will affect every American's income and what it will buy in the future, his job opportunities, his chance for a full life; for upon wise debt management depends our economic stability, Adams said.

Girl Scout Organization Is Being Formed; Meeting Set For February 24

Under the direction and leadership of Miss Ida Mae McClure, area executive, three Girl Scouts Troops have been organized in Munday with an approximate membership of forty girls. The officer personnel of these troops follows:

T. P. Frizzell Dies On Friday At Knox City

Thomas P. Frizzell, Sr., pioneer druggist and civic leader of Knox county, passed away last Friday morning at about ten o'clock at the Knox county hospital, where he had been under treatment for a heart ailment for several weeks.

Mr. Frizzell was born June 1, 1872, and was 74 years, 8 months and 13 days of age. He has been a registered pharmacist for over 50 years and owned and operated the Frizzell Drug Store in Knox City for many years. He was a member of the First Christian church, a Mason and Shriner, a charter member of the Knox City Lions Club, and an active civic leader of Knox City.

He is survived by his wife; a son, Dr. T. P. Frizzell, Jr., who is associated with the Knox City Clinic, and a daughter, Mrs. Roy A. Baker, also of Knox City.

Funeral services were held from the First Christian church in Knox City on Saturday, February 15, at 3 p. m., conducted by Rev. Vernon Henderson, Methodist pastor, and Rev. Nathan McGuire, Baptist pastor.

Burial was in the Knox City cemetery.

Claude Hill Attends N. F. L. A. Meet At Houston

Claude W. Hill of Munday, member of the board of directors of the Baylor-Knox National Farm Loan Association attended the Federal Land Bank of Houston's annual stockholders' meeting in Houston on February 11-12 as the association representative. He was accompanied by L. B. Donahoo of Seymour.

Mr. Hill, said that the Land Bank, which is owned entirely by the 144 national farm loan associations in Texas, is celebrating its 30th anniversary this spring. Local farmer and rancher-owned national farm loan associations "are the foundation of the Land Bank System and the meeting in Houston was featured by discussion of the operations of these organizations which are set up for providing safe, long-term credit at low cost, to suit the needs of landowners."

Reports at the Houston meeting showed that 164,717 Land Bank and Land Bank Commissioner loans have been made in Texas during the past 30 years, many thousands of these loans having already resulted in debt-free ownership of farm homes.

The Baylor-Knox Associations which serves Baylor and Knox counties now has \$64,590.00 in farmer and rancher-owned capital and surplus of \$109,102.19. In the past year a total of 10 per cent dividends on stock has been paid to members in passing back part of the Land Bank System's savings to the users of the loan service, another \$6,673.50 having gone into surplus to further strengthen the association for the future.

TO ZONE MEETING

Rev. Rev. and Mrs. Don Davidson, Mrs. Gill Wyatt, Mrs. Oscar Spann, Mrs. J. C. Borden and Mrs. S. E. McStay attended the zone meeting held at Vera Methodist church last Tuesday.

Dr. Pepper Boys of Dallas Take Easy 65-45 Victory Over All-Stars

With grandstand performances wisecracks and a superb exhibition of ball handling, the Dr. Pepper basketball team of Dallas "loafed" their way to a 65-45 victory over the Munday all-stars last Monday night.

A nice crowd was present to see the Dr. Pepper boys shoot goals from almost any direction and position and loaf on the job to grandstand the way all through the game.

The basketball seemed to just "stick" to them as they made it run up one arm, across their shoulders and into the other hand. They shot goals from the center or side of the court, with shots from behind their backs, and sometimes attempted shots from behind the backboard. On several occasions the ball was bounced from the floor into the net.

They made it spin on their fin-

Pruning Trees And Shrubs Advised For This Vicinity

Pruning shade trees, fruit trees, late blooming shrubs and evergreens is a recommended practice for this area of the state, Louise Newman, Haskell County Home Demonstration Agent advised. The only plants which should not be cut back at this time are those which bloom early such as spirea, flowering quince, redbush, and pyracantha. These should be pruned immediately after they bloom.

Moderate pruning will give the gardener more and larger flowers and improve the shape of the plant by getting rid of awkward limbs. Pruning cross branches that rub each other form places for diseases to enter or the removal of dead limbs is good insurance against plant diseases. Keeping plants trimmed enough to fit into the landscape picture is another important reason for pruning.

Flowering trees and shrubs need to have crossing branches and wood that will not flower removed. Shrubs that produce several shoots from the ground, such as nandina, generally require the removal of the oldest shoots from time to time. Most berry-bearing shrubs require little pruning.

Local Market Is Under Management Of Piggly Wiggly

Sied Waheed, manager of the Piggly Wiggly Store, announced this week that he has taken over the management of the market which has been operated by Mr. and Mrs. Leo Guffey for the past year. The change in management became effective last Tuesday.

Mr. Guffey will continue to operate the market under the management of the Piggly Wiggly Store, and will give a prompt and efficient service to all customers.

The market will continue to handle some killed beef and all quality market products obtainable. Both Mr. Waheed and Mr. Guffey invite your continued patronage.

Local Cub Scouts To Have Banquet

The local pack of Cub Scouts will hold their annual "Blue and Gold" banquet Thursday evening, February 27, it was announced Tuesday by Mrs. D. C. Eiland, den mother.

A demonstration will be given on the Cub's handicraft work. They have made the eating utensils for themselves and their parents, and these will be used at the banquet. An invitation is extended to all interested in Cub Scout work to attend.

ATTEND FUNERAL

Mr. and Mrs. D. W. Mitchell and daughter, Florine, left last Monday for Texas City upon receipt of a message that Mrs. Mitchell's brother-in-law, Sam Van Ness, had been killed in a car accident. They attended the funeral services, which were held in Texas City on Tuesday.

Mrs. E. C. Henry and Mrs. G. V. Smith of Floydada visited in the home of Mr. and Mrs. C. P. Baker over the week end.

Carroll Fred Glover, Benjamin 4-H club boy who has been active in club work for several years, showed the grand champion calf at the Knox county 4-H Baby Beef show held in Knox City last Saturday.

Fred Lewis Crenshaw, another active Benjamin club boy, showed the reserve champion.

The Knox City Lions club and citizens sponsored the show offered \$175 in prize money. J. A. Scofield, extension agent, was the judge and complimented the boys upon the type of calves shown this year.

The Lions Club sponsored a free feed for the club boys, their parents and many visitors at the noon hour. This was served at the school lunch room.

Winners in the livestock judging contest, held Saturday morning, were: First, Knox City 4-H; second, Munday F. F. A., and third, Weinert F. F. A. Individual high scorer was Bryson Laird of Knox City, with 160 points.

Results of judging in each class were as follows:

Senior division, calves weighing between 960-1035 pounds: First, Carroll Fred Glover, Benjamin; second, Fred Lewis Crenshaw, third, Glover; fourth, Bryson Laird; fifth, J. G. Pults, Benjamin; sixth, Donald Nix, Sunset; seventh, Buddy Crenshaw, Benjamin; eighth, Billy Cammack, Sunset.

Junior division, calves weighing between 715-915: First, J. B. Pults, Benjamin; second, Donald Joe Jackson, Vera; third, Billy Cammack; fourth, Donald Walling, Sunset; fifth, Donald Pults; sixth, Buddy Crenshaw; seventh, Dennis Walling; eighth, Bryson Laird; ninth, Dale Jackson.

Ten top calves in Knox county were selected to shown at the Wichita Falls district show. They were exhibited by the following boys: Glover, two calves, Crenshaw, Laird, Nix, Pults, Jackson, Cammack and Walling.

Seventeen calves were entered in the show, and six of these were sold at public auction at the close of the show. The feeders, weight of calves, buyer and price per pound are as follows:

Buddy Crenshaw, 865, Reed's Locker, Knox City, 33 cents; Dale Jackson, 945, Keck Food Store, Knox City, 30 cents; Billy Cammack, 960, Broach Equipment and J. L. Stodghill, Munday, 30 cents; Dennis Walling, 900, West Texas Cottonoil Co., Munday, 31 cents and calf was resold to Munday Chamber of Commerce for 27 cents; Bryson Laird, 920, J. B. Stevens, J. L. Stodghill and Fred Broach, Jr., Munday; 26 1-2 cents; Freddie Crenshaw, 1000, Production Credit Association, Munday, 7 cents.

News From The Munday F. F. A.

Saturday morning, February 16, the Munday F. F. A. judging team went to the calf show at Knox City. The team consisted of Charles Hardin, Kenneth Baker and Aldred Suggs.

Three judging teams competed, and the judging contest turned out to be a close one. Out of a possible 500 points, the Knox county 4-H team scored 450 for first place, Munday F. F. A. second with 400 points and Weinert F. F. A. third with 370 points.

First prize was \$8.00; second prize, \$5.25, and third prize, \$4.00. The Munday F. F. A. team is now looking forward to the trip to the fat stock show at Wichita Falls next Wednesday.

Goree Quintet In District Playoff

The playoff for the District 12-B basketball championship will be held at Throckmorton on Friday night at 8 o'clock, with Goree and Woodson competing for district honors.

The championship is decided in a three-game series, and each contending team has won one game. Friday night's tilt will be the third and final game, deciding the championship.

Basketball fans of this area are invited to see this interesting game.

Walter W. Rice of Mineral Wells a former county agent of Knox county, was in the county last Saturday, attending the annual 4-H Club calf show and visiting with old friends.

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On."

WHERE IS THE MONEY COMING FROM?

Just how much "social security" can the people afford? That question inevitably rises in connection with proposals for nationwide compulsory medical care.

One study estimates that compulsory medical care could be financed by a 4.5 per cent payroll tax—which in itself is no small item to people whose take home pay is now seriously depleted by various deductions. And this study is based on last year's national income, which hit the stratospheric figure of \$161,000,000,000. A child can imagine what would happen in a period of depression, and its sharp decline in payrolls.

Furthermore, in every country where compulsory medical care has been tried, costs have inevitably outrun estimates—and by a wide margin. For one thing, the system is usually extended to pay cash benefits for wage losses resulting from temporary disability. More and more services are demanded and given. People demand medical attention whether they need it or not, on the grounds that they are paying for it and might as well get something back for their money. Some authorities are convinced that compulsory medical care in this country would cost \$6,000,000,000 a year—and perhaps substantially more.

Compulsory medical care would impose a tremendous burden on the workers and employers of the country—and in all probability would impose an additional burden on the public treasury which would be called upon to make up deficits. It is the wrong approach to a problem which is being rapidly solved by voluntary-medical prepayment insurance plans.

A HOME IS BURNING NOW

Somewhere, as you read this, a home is burning. Irreplaceable possessions are being swiftly turned to ash. There is a strong likelihood that someone is dying the most horrible of deaths—cremation alive.

It may be trite to say that your home can be next on the grim list of these disasters. But that is true. And if that happens, the chances are the fire will begin from one of four causes. Check your own habits and premises and answer these questions:

First, are you careless with matches and smoking materials? This accounts for 30 per cent of all fires.

Second, is your heating equipment—stoves, furnaces, chimneys, etc.—faulty? Twentyfour per cent of all fires begin here.

Third, are you careless in using kerosene, gasoline and inflammable cleaning materials? They give 12 per cent of all fires their start in life.

Fourth, is there anything wrong with your electrical wiring and appliances? Failure to make repairs in time to this equipment causes 10 per cent of all fires.

If you can answer no to all of the questions asked above, your home is relatively safe from fire. But think, look and inspect before you make that answer. In the case of heating and lighting equipment, have an expert make a periodic check. Don't guess—remember that the owner of that home which is burning to the ground this minute probably thought it was safe too—and he was horribly wrong.

STORES RAISE LIVING STANDARDS

It takes a great war, with its unprecedented drain on our labor and resources, to reduce this country to an economic of scarcity. In normal times, the average American consumer enjoys the fruits of an economy of abundance.

Retail stores present an accurate gauge of our unprecedented living standards. Every kind and character and quality of goods is found on their shelves. The needs of all tastes, all pocketbooks, have been anticipated and met. That is not true of any other country. Abroad, good stores are usually found only in the larger cities, and they are patronized mostly by people of relatively large income. The person who lives in the village has small choice when he goes to market.

Chain systems and progressive single unit stores must be given credit for the present scope and efficiency of American retailing. They reach into the smaller centers of population, and offer consumers selections of goods comparable to those found in big cities. No matter where you live, regardless of the distance from the manufacturing areas, standard goods of known quality and value are immediately available.

The retailer is the consumers' link with the vast American production machine. Without that link, the abundance made possible by mass production would be denied to millions. The store, like the factory, directly affects the well-being of us all.

THE VITAL FORCE

To an American, steeped in ideals of liberty, the most appalling trend in the world today is the growth of collectivism, the individual is nothing, except insofar as he can be used to serve the purposes of the government. The state is all.

This leaves the United States almost alone as the citadel of a tradition of freedom which goes back to the Magna Carta. And this imposes on the government and the people of the United States an enormous obligation—to prove that the dignity of the individual still lives, that the rights of man are a fact and not a myth, that freedom is a vital force that will not be denied.

This obligation can be discharged in only one way—by resisting every encroachment by the state upon the privileges, the rights and the prerogatives of individuals. If we permit government to dominate us in our economic life, we will eventually have government domination of all other facets of existence. Freedom is an absolute—once we temporize with it, we pave the way for its destruction.

For quality groceries and meats we invite you to trade here. Our prices are in line, and in some instances lower than elsewhere. Your patronage is appreciated.

Hollar Grocery AND MARKET

What we need is shirts—and not brooches, in three colors, on the world of tomorrow.

Life is however getting simpler. The laundry used to lose the buttons of my shirts; now, they lose the shirts.

Everybody has heard of "Indian summer," that idyllic period when the heat of summer is past and the air is soft and mild and the trees are red and yellow. But have you heard of "blackberry winter?" So many people in Texas hadn't that your columnist checked up with Aunt Agnes while back in Tennessee and she said there was such a season; it's a soot snap that comes about the time that blackberries ripen.

An old favorite by an unknown bard:
"If you want to live in the kind of a town
Like the kind of a town you like,
You needn't slip your clothes in a grip
And start on a long, long hike.
You'll only find what you left behind,
For there's nothing that's really new;
It's a knock at yourself when you knock your town;
It isn't the town—it's YOU!"

Real towns are not made by one afraid
Lest somebody else gets ahead;
When everyone works and nobody shirks,
You can raise a town from the dead,
And if, while you make your personal stake,
Your neighbor can make one too,

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated, and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. Rules Announced For Dress Revue To Be Held In June

Announcement of the rules for the 1947 Dress Revue for Haskell County 4-H Club Girls in June was made this week by Louise Newman, county home demonstration agent.

The Revue will consist of three classes: 1. Wash dress or suit for school or sport, and accessories. 2. Best Dress or ensemble, made of rayon, silk, cotton or other suitable fabric, and accessories. 3. Wool or part wool dress, suit or ensemble for school, sport, or street wear, and accessories.

Girls under 14 will enter the junior contest and those 14 or before January 1, 1947 will be in the senior contest. Prizes will be given the junior and senior winners in each group who have been club members for three or more years will be eligible to compete in the senior contest. The winner in the senior division will be entered in the State Dress Revue at College Station in August, however the senior blue ribbon winners in each of the three classes in the county contest will receive individual silver medals.

All contestants will be scored on the individuality and style of the costume, the suitability of design and color of fabric to purpose, construction, posture and poise, grooming, choice of accessories, judgement shown in distribution, of cost, and a written story of costume and clothing.

Washington News Letter

By Congressman Ed Gossett

Washington—The name of former Governor Harold Stassen of Minnesota appears frequently in the news around Washington. For several years Stassen has been building fences and bending his efforts toward securing the Republican nomination for President in 1948. Most of the politically wise folks around Washington, however, think Stassen will not make the grade. While Governor of Minnesota in 1940 Harold Stassen appointed Joe Ball to the United States Senate. Now Senator Ball and Mr. Stassen are at loggerheads over labor legislation. Stassen is obviously pussyfooting on the question in hopes he may secure organized labor's support for his candidacy.

This week a distinguished old gentleman who has served for thirty years in the American foreign service came in to talk with me about our immigration problems. He was recently moved out of one of our European consulates because he would not disregard immigration laws and issue visas to those obviously not entitled to

them.

He confirmed reports given me by others returning from our zone of occupation in Germany. We are the only occupying power which continues to coddle the so-called displaced persons or refugees. Some 800,000 of these displaced persons still make their homes in around 299 displaced persons camps in the American zone. We furnish them blankets, clothes, and better food than others in Europe get. Thousands of them leave one camp or another, sell their prized possessions on the black market, and report under a different name to some other camp. Now a lot of foreign controlled organizations of the North and East are trying to get our country to open up its gates and let these folks, many of whom are professional trouble makers, come into our country.

Another mistake we are making in Europe is permitting families of our officers to go over there. When an American officer's wife joins him in Berlin or elsewhere they will frequently commandeer quarters and eject from 50 to a hundred Germans to provide quarters. The wife takes a big house, then she has another house for servants, and still another house for troops to guard fuel supplies which are of course unavailable to the natives. While the Germans caused the war and while they should suffer for it, it's stupid policy to make the next generation of Germans hate us even and to completely alienate from more than did the last generation, their minds any respect for democracy.

My fight to tighten up immigration laws is not based on any sort of prejudice. All of us are descended from immigrants. However, the vast majority of those seeking to enter now are not the type of folks who came to conquer a wilderness or to build our roads and factories. When there were frontiers to conquer and jobs to fill, immigrant blood meant strength. The blood now offered

Where Cissy Spent Her Honeymoon

Most of the young newlyweds in our town spend their honeymoon at Roundstone Lake or Jackson Falls; why the Martins even went as far as New York City.

But when Cissy Copper married the young Carter boy, they allowed as how they were going to spend their honeymoon right here.

"There's no place better than our town," Cissy says. "And I'd like to start married life at home, with things Bud and I are used to."

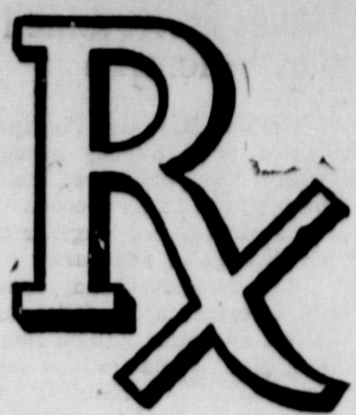

Makes sense, come to think of it. Folks naturally left them alone;

and except for occasional visits to the Garden Tavern for a glass of beer, they stayed at home, getting used to married bliss.

My misus prefers traveling—and that's her right. But from where I sit, there's no place better for a honeymoon—or second honeymoon—than right at home—with your own possessions, good home cooking, and a friendly glass of beer or two—with the best companion in the world.

means weakness and pollution. Unemployment, housing, crime and un-Americanism and all of our social, economic, and political problems are further complicated by immigration. According to the 1940 census 11,500,000 of our people are still of foreign birth, 23 million are either foreign born or have at least one foreign born parent, while 35 million are of recent immigration origin.

I have a letter from the Director of the Census estimating our population in 1960 to be 153 millions, in 1970 to be 160 millions, in 1980 to be 164 millions. His letter concludes by saying, "These figures were taken from forecasts of population for the United States by age and sex, 1945 to 2000. In view of very recent increases in the birth rate, the forecasts are probably somewhat too low."

I must go over to Congressman Mansfield's birthday party. The Judge is 86 years old today. He represents the Galveston district in the Congress. At the end of this term, he will have served in public office continuously for more than 60 years.

Mr. and Mrs. Jack Williams and children of Long Island, New York, came in last week for several days' visit with Jack's parents, Mr. and Mrs. P. V. Williams, and other relatives.

Mr. and Mrs. Walter Skiles and family visited with relatives in Stamford last Sunday afternoon.

Sam Salem left Tuesday for Dallas, where he is attending the markets to purchase merchandise for The Fair Store. He is also visiting with Mrs. Salem and children while there.

Mr. and Mrs. Sied Waheed and children and Sam Salem visited with relatives in Lubbock and O'Donnell over the week end.

Mr. and Mrs. Jim Bowman and children visited with relatives in Olney last Sunday.

Mr. and Mrs. H. A. Pendleton, Jr., of Wichita Falls spent a while here Saturday night with Mr. and Mrs. H. A. Pendleton, Sr. and other relatives.

BETTER BALANCE with Cotton in '47

Scarcity of cottonseed meal and other protein concentrates has seriously handicapped livestock and dairy production during recent years. Meat and milk production and efficient use of grains and roughages have suffered because of lack of protein, essential "balancer" in rations.

More cotton production in 1947 means a better balanced farming program, and better balanced livestock feeding program—as well as more cash income for cotton farms and more food and fiber for all Americans.

Baptist W. M. S. Has Business And Social Meeting

The Women's Missionary Society met last Monday afternoon at three o'clock in the home of Mrs. D. C. Swindle. Mrs. Powell was assistant hostess, and 14 members were present.

Mrs. M. H. Reeves gave the devotional on stewardship and discussed the duties of officers and standing committee chairmen. After the discussion, plans for the Day of Prayer were made, this event to be on March 5, and members are urged to make a special effort to attend and enjoy the program.

At the close of the business meeting and social hour, the hostesses served delightful refreshments.

The next meeting will be March 17 at 3 p. m., with Mrs. B. L. Blacklock and Mrs. Nell Hardin.

Bridal Shower Given To Honor Miss Rose Fetsch

Miss Rose Fetsch of Rhineland, bride elect of Fred Albus of Pep, was honored at a miscellaneous bridal shower given Sunday afternoon, February 9, in the Rhineland community hall. Hostesses were Mrs. Fred Fetsch, Mrs. Leo Fetsch, Mrs. Albert Fetsch and Mrs. Annie Fetsch, with the help of Mrs. Victor Redder and Mrs. Joe Decker.

On entering the hall, Mrs. Leo Fetsch, sister-in-law of the honoree presented the bride-to-be with a beautiful corsage of pink carnations.

Miss Annie Fetsch, sister of the honoree, presided at the bride's book where 78 guests registered. Gifts were received from 21 others.

A refreshing plate of coffee, cake and ice cream was served. Out-of-town guests were Mrs. J. F. Albus, Mrs. Leonard Albus and Mrs. Felix Fetsch, all of Pep, and Miss Florine Decker of Fort Worth.

Women's Bible Class Meets Last Monday

The Women's Bible class met last Monday afternoon in the Methodist church, at which time Mrs. M. F. Billingsley led the discussion. The lesson, still on stewardship, was very interesting and helpful.

There is just one more lesson, and members hope that all the class will be present next Monday afternoon at three o'clock. Fourteen members were present at this meeting.

BIRTH ANNOUNCEMENT

Mrs. Addie Layne received a telegram Wednesday announcing the arrival of her first grandson, who was born to Mr. and Mrs. Howard A. Layne of El Paso on February 19 and weighed 8 pounds and 9 ounces. Mother and son are doing nicely, and the father is doing fairly well, according to the telegram.

Miss Rose Fetsch And Fred Albus Wed At Rhineland

Miss Rose Fetsch, daughter of Mr. and Mrs. Fred Fetsch of Rhineland, and Mr. Fred Albus, son of Mr. and Mrs. J. F. Albus of Pep, were united in marriage on Tuesday, February 11 at 8 o'clock in St. Joseph's church at Rhineland, in front of an altar decorated with pink gladiolas and fern.

The beautiful double-ring ceremony was read by the Rev. Thomas Buegler. Rev. Fabian Diersing, O. S. B. was present in the sacristy. The traditional wedding march was played by Mrs. Leo Fetsch, and the nuptial mass was played by Mrs. Francis Albus. Altar boys were Eugene Kuehler, Adreïn Albus and Albert Schumacher.

The bride wore a gown of white satin, made by Mrs. Leo Fetsch. Her finger-ring veil was attached to a crown of orange blossoms. She carried a bouquet of white carnations centered with two white lilies.

The bridesmaid was Miss Annie Fetsch, sister of the bride. She wore a blue taffeta gown, also made by Mrs. Leo Fetsch, and a corsage of pink carnations.

Paul Albus, brother of the groom was best man.

A wedding dinner was served at noon to relatives and close friends of both families in the home of the bride's parents. The square, three-tiered wedding cake was cut by the couple and served with ice cream in the evening.

The bride is a graduate of the Rhineland high school with the class of 1942. The bridegroom attended school at Pep. He entered the U. S. Navy in 1941 and served in the Pacific theatre, in the battles of Iwo Jima and Okinawa.

A dance was given in the evening of Valentine's Day, February 14, at the Pep school auditorium. After playing "Rainbow at Midnight" as an opening number, the Pep orchestra continued.

The happy couple will make their home on a farm two miles east of the Pep community.

ELMO ANDERSONS ARE PARENTS OF DAUGHTER

Dr. and Mrs. Elmo Anderson of Borger are the proud parents of a daughter, who was born on February 8 at the Casa Serena hospital in Borger. The child has been named Phyllis Kay. Mother and daughter are reported doing nicely.

HERE FROM GRAHAM

Mr. and Mrs. R. O. Dunkle and Miss Lucile King of Graham spent last Saturday here, visiting with friends and attending the Knox county 4-H Club calf show. Mr. Dunkle and Miss King are former agents of Knox county and are now serving as county agent and home demonstration agent of Young county.

Mrs. J. O. Heath of Eastland came in Sunday for several days visit with friends.

Pioneer Club Meets Sunday With Mrs. Carden

The Pioneer Circle Club of Munday, which had discontinued meetings for a long while, met at the home of Mrs. Emily Carden in the first meeting of several years. The club is composed of women over 50 years of age.

The banquet table decorations were pink and blue. The menu consisted of fried chicken, boiled ham, potato salad, cold slaw, pickles, olives, tomatoes, lettuce, ice cream, cake and pies were served for dessert.

Hostesses were Mrs. James W. Carden, Mrs. W. M. Johnston, Mrs. Leo Guffey and Mrs. Robert Guffey. Attending were the following members:

Mmes. Lula Hunter, Dara Wardlaw, Allie Campbell, Belle Clayborn, Anne Russell, Jessie Beecher, Mary Zeissel, Rosie Edwards, S. E. Robertson, J. C. Newson, H. T. Sessions, C. A. Forman, Nancy Michels, John Moore, Emily Carden and Etta McGraw.

The next meeting will be at the home of Mrs. S. E. Robertson on March 13. All eligible members are invited to attend.

The "Wives" Club Meets Recently With Mrs. St. Clair

The "Wives" Club, which is composed of wives of veterans who are taking vocational agriculture in the Munday area, held their first club meeting recently in the home of Mrs. E. C. St. Clair. Assistant hostesses were Mrs. Howard Myers and Mrs. Cecil Gulley.

After discussing several items of business, games were played. A refreshment course was served to the wives.

The next meeting will be on Monday night, February 24, in the St. Clair home, sponsored by a committee of wives, Mrs. Phil Homer, Mrs. Boyd Meers and Mrs. Clyde Hendrix, Jr.

All members are urged to be present, and the club welcomes new members.

James Adcock Dies Feb. 9th At Truscott

James F. Adcock, rancher in the Truscott community for many years, passed away at his home in Truscott on Sunday, February 9. Funeral services were held February 10 from the Truscott Baptist church, with Rev. C. R. Harris and Rev. J. V. Patterson conducting the services.
 Mr. Adcock was born in Buckgrove, Tenn., on August 29, 1877, and united with the Baptist church at an early age. He was married to Miss Margaret Irving at Bradville, Tenn., in 1900, and they moved to Truscott in 1925, where they made their home since except for three years spent in Bowie.
 Survivors include the widow; one son, J. G. Adcock; two daughters, Mrs. D. H. Binion and Mrs. Wayne Young; sixteen grandchildren and four great grandchildren. Other survivors include five sisters and one brother, who live in Tennessee.
 Pallbearers were John Black, Carlton Browder, Hardy Glasscock, Mart Chowning, Clyde Myers and Ozzie Turner. In charge of flowers were Mmes. Ozzie Turner, J. Y. Lindsay, Clyde Myers, Mart Chowning, Tom Westbrook, John Bullion, Homer Black, G. W. Solomon, W. T. Blevins, V. W. Browning, Herbert Gillespie, John Black, Charlie Ray and G. W. Brown.
 The body was laid to rest in the Truscott cemetery.
 Out-of-town relatives and friends who attended the services are: Mr. and Mrs. D. H. Binion and Bobby, Chillicothe; Mr. and Mrs. Wayne Young and children, Jack, Billie Faye and Howard, Mr. and Mrs. Billy Ben Benson, Mrs. R. E. Benson and Mr. and Mrs. V. O. of bodily care and an over forcing of nervous energy are the pitfalls to avoid in this connection.
 Nature demands that her fundamental laws be at least reasonably observed. A constant outraging of the physiological economy takes its toll not only in bodies but in minds also. Insanities and lesser nervous disorders could be spectacularly reduced if this fact was more generally respected. Training for mental health must be started in childhood as that is the time when corrections can be made to the best advantage.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
 M. D., State Health Officer
 of Texas
 Austin—Mental disorders today represent a real problem and it is estimated that more than fifty per cent of all hospital beds are filled by persons suffering from mental or nervous diseases, declares Dr. Geo. W. Cox, State Health Officer.
 It thus appears that modern civilization is exacting a terrific toll. High speed living with its cruel exactions upon nature, is responsible for a large part of the trouble. But improper personal conduct must also shoulder much of the blame. The fact is that nearly fifty per cent of the patients entering hospitals for mental disorders are there because of organic or toxic causes.
 For example, general paralysis in the direct cause of one-fifth of the mental troubles in males entering hospitals and one-tenth of the disorder for all groups. This condition is an organic disease of the brain due to the germ responsible for syphilis. It is preventable disease. Early and effective treatment of acquired syphilis will block the end results of general paralysis in the insane.
 The excessive use of alcohol is responsible for a number of mental disorders, at least in males. Alcohol and syphilis combined are responsible for approximately one-fifth of the hospitalized insanities. Nevertheless, improper living habits continue to impair many brains. 195 Students Are Enrolled In Vets School

The Knox County Vocational School has been operating seven months and it now has 185 students and nine instructors.

Vocational schools are made possible by the G. I. Bill of Rights. This bill was sponsored by the American Legion, and at the time of the passage the American Legion was 98 per cent World War I Veterans. These Veterans to which the world war II Veterans owe much for what they have done for them. They had well organized service organizations going when the boys came home, World War II Veterans were not turned out in the cold as World War I boys were, and that is the reason the G. I. Bill of Rights was passed, the American Legion, the people of America and our National Congress felt as though no group of men should be treated as world war I Veterans were.

The Knox County School board saw a need for a Vocational School in this county, so they appointed a board to organize and operate a school, that board consists of H. D. Arnold, Goree; Lee Haymes, Munday; L. W. Graham, Knox City; Jack Idol, Benjamin; M. W. McConnell, Vera; Jake Cure, Gilliland; and August Schumacher, Rhineland. These men are among the leading citizens of the county and they are operating the vocational School on a sound educational basis.

Like any other institution if the Veterans does not make the grade he is dropped. Up to present there has been some 50 veterans dropped because they were not interested in anything but the subsistence. Forty more dropped when the ceilings was put on earnings. At present there are 25 veterans on the waiting list to go to school. The Knox County Vocational School is not interested in numbers but in the quality of training.

It has been called to our attention by the Agriculture department that the average farm Veteran drawing subsistence for three years while going to a Vocational School will not draw enough money to make up for the difference in price of the land and equipment now. As compared to the same land and equipment when he entered service.

Subsistence checks are being used to buy homes, furniture, equipment, and in many instances to live on.

The Veterans are getting adjusted, they are taking part in our country and city affairs as citizens should, if it was not for government subsistence many of our boys would have to leave the county and many more would be on the street corners. We have one obligation to the Veterans and only one and that is to give them a chance to make a living and to make better citizens and the proven way through out history is by training.

for 1947. The continuing program of training Dodge dealers and salesmen to better qualify them to serve truck users in the selection of the right trucks to meet specific hauling needs was outlined at the meeting.

Suggestions were made on the purchase of new equipment, and dealers were urged to expand present service and parts facilities in those few instances where they are not adequate to accommodate increasing demands.

Dealers were told that the Dodge "Job-Rate" truck line was expanded during 1946 to include 175 basic gross vehicle weight models covering 97 per cent of all hauling and delivery requirements.

A motion picture was shown which depicted how Dodge trucks are job-rated at the factory with all basic units such as engine, clutch, transmission, axle, frame, springs and brakes to fit individual operator's loads over his roads. The movie is to be made available later for showing here to truck owners.

The meeting was one of 101 being conducted throughout the nation to carry the expanded program to more than 4,000 Dodge dealers.

Gardening Skill To Repay Youths In U. S. Contest

Texas boys and girls can wield their hoes and use their gardening skill in 1947 to win trip awards or scholarships in contests offered by the National Junior Vegetable Growers association.

Announcement of the seventh annual NJVGA production and marketing contest has been made by Prof. Grant B. Snyder of Massachusetts State College, junior growers' adult advisor. The contest offers \$6,000 in A&P Food Stores' awards. Youths 14 to 21 throughout the United States can enroll now through their club leaders, 4-H club agents, and instructors in vocational agriculture, or directly through Professor Snyder at Amherst, Mass.

New sponsorship for the junior growers' annual demonstration contest has been supplied by David Burpee of the W. Atlee Burpee seed company of Philadelphia. The Burpee awards will consist of trips to the NJVGA annual convention in December for those who score highest in state demonstration contests.

Texas had a major winner in 1946 in the production and marketing contest. Lillian Roeder of Shiner was awarded a \$100 scholarship.

Mr. and Mrs. Troy Warren and Mrs. Alice Wray of Wink, Mr. and Mrs. Levey Burton of Fort Worth and Mr. and Mrs. Dorse Rogers and son, Bill, of Goree visited their parents, Mr. and Mrs. U. S. Rogers during the week end.

Mr. and Mrs. W. R. Moore were business visitors in Wichita Falls last Saturday.

Mr. and Mrs. J. B. Stevens were business visitors in Abilene one day last week.

Use Sizing Chart

Know what is the correct size automatic gas water heater for your needs when talking with your appliance dealer or plumber. Use above "Sizing Chart."

"NOTHING TO IT IF YOU HAVE LOTS OF HOT WATER"

That acre of dishes which the average family dirties-up each year is a big clean-up job for someone. But with plenty of hot water "there's nothing to it." Whether you have one of those do-everything automatic washers or do the job by hand, the gas automatic water heater is the only answer to the modern household's need for hot water.

Remember, dish washing is just one of the many modern hot water needs. Add to it the dozens of house-cleaning tasks, baths, showers, shaves, laundry and cooking needs. Considering all these needs, it's easy to see why the reliable, economical gas automatic water heater is the only answer. In modernizing your hot water service, make sure your new heater is sized to your family needs and has a rust-proof tank made of copper, monel or glass.

Girl Scouts—

(Continued from Page One)

time she met with leaders, assistant leaders, and committee chairmen for the purpose of making plans for the completion of the organization. At that time she asked Mrs. Mauryse Blacklock to serve as temporary Secretary-Registrar of all Girl Scout work in Munday, and appointed Mrs. J. H. Bardwell chairman of a steering committee that would with the advice and help of other interested groups nominate a slate of officers who would comprise the membership of a Girl Scout Board.

Miss McClure will return on Monday, February 24 and spend the day instructing the troop leaders, assistant leaders, and committee members. On the evening of Monday, February 24, at 7:30 in the grade school study hall, Miss McClure will meet with all persons in Munday (this includes all Girl Scout troop officers; all parents who are interested; the representatives and members of all civic clubs such as the Study Club, Jaycees, Chamber of Commerce, Rotary, etc.; and the Pastors of each Church in the community) who are interested in seeing the Girl Scout organized in Munday succeed in carrying out its plans and reaching its objectives.

You are probably asking, "What is it going to cost us?" Or, "Is it going to cost us anything?" So here is the answer: Yes, it is going to cost us something. Nothing worthwhile is ever accomplished without its costing someone something. But the meeting on February 24 is not a money-raising meeting—there will be no hat passed, nor collecting taken, nor pledged.

ges called for. Being there does not obligate anyone to do anything. One civic organization, however, has already contributed in a substantial way toward the success of Girl scouting. The Munday Study Club is acting as Sponsor of the Girl Scouts and has set aside \$30 to be used in getting the movement started. Munday has a Boy Scout organization that seems to be an up and coming movement, gaining in enthusiasm and interest from one meeting to the next. Do our girls deserve any less than our boys? Should we not include them in our plans for the right and profitable use of leisure time? There is only one answer to this. That being the case, won't you cooperate with us in any way possible and convenient for you and help those who are leading to continue the good work they have started?

The following officers must be elected if we are to complete the Girl Scout organization:

President (a man); 1st Vice-President (a woman who will act as Organization Chairman); 2nd Vice-President (a woman who will be Training Chairman); Secretary-Registrar (a woman); Treasurer (a man or woman); Finance Chairman (a man); Public Relations Chairman (man or woman).

Will you please study this carefully, and be ready to offer suggestions with regard to such officer personnel. Above all—Do come, or send a representative to the meeting on Monday evening, February 24, at 7:30 in the grade school study hall.

Dairy cows should have plenty of roughage from now until grass comes on again.

About three-fourths of the feed fed to a hen goes for body upkeep; and the remaining one fourth for egg production.

Few changes should be made in feeding hens, and those that are made should be gradual.

Postal Employees Meet On Monday At Knox City

Two members of the Brazos Valley Postal Employees Association and guests met last Monday night at the post office in Knox City for the regular monthly meeting of the association.

The program for the evening was brought by employees of Abilene. Postmaster O. A. Hale made an interesting talk, and questions on postal regulations were answered in a general discussion by Paul H. Scott, assistant postmaster, and Eugene C. Pearce, superintendent of mails. The Abilene group was accompanied by F. J. Pruitt of the Abilene Reporter-News.

Following the program, Knox City's group served cherry pie and coffee to members and guests. Rule was selected for the next meeting, on March 17.

Attending the meeting, other than the Abilene group, were the following:

Haskell: J. M. Diggs Hayden H. McDonald and Felix C. Frier-son.
Rule: Claude F. Norman and Miles E. Trice.
Weinert: Mrs. Pearl Monke, Lorene Marsh and Mr. and Mrs. Terry M. Diggs.

Free Cotton Market Service

More than one-third of the cotton ginned in Texas this season has been classified free under the Smith-Doxey Act for 99,700 farmers in 1,948 one-variety cotton improvement groups.

These figures were released to F. E. Lichte, cotton gin specialist of the Texas A. and M. College Extension Service by John L. McCollum, manager of the Southwest area cotton branch of USDA's Production and Marketing Administration.

Special market news services go regularly to the one-variety groups to guide members in selling their cotton and cottonseed, McCollum reported. Included are a weekly cottonseed review.

The cotton market review, furnished regularly throughout the year, gives information on spot and future prices, supply, demand and activity in domestic mills. Grade and staple report, issued seasonally, shows production and quality trends by localities and counties. Anyone reviewing the report can easily determine where the best cotton is being produced and ginned in Texas and where the poorer qualities are predominant, McCollum points out. The cotton seed review, also issued seasonally, itemizes average price and grade by counties and districts and the average for the state.

Farmers who need the reports can write to McCollum's office, 1104 South Ervay, Dallas. Persons in the irrigated section around El Paso should request the market service from Production and Marketing Association's Western Area cotton branch office, 212 Progressive Building, Bakersfield, California.

BIG BLOW A GOOD TEST

College Station — "The big blow" that swept across West Texas January 29 had its points—it was a good test of the Texas farmer's soil conservation work.

Bailey county agricultural agent J. K. Adams reports that the dust-carrying puff of wind that hit Bailey county in many moons, would have caused ten times as much soil damage if it had come along before the days when farmers knew how to protect their land from wind erosion.

Most Bailey county farmers were ready for it, Adams says. They left stubble in the fields after the grain sorghum harvest, and let late weeds stay on the ground to help anchor down the top soil. The farmers are realizing the value of vegetative cover as a protection against wind erosion, says Adams, and to prevent speeding up moisture loss, they are not in too big a hurry to get their land opened up.

The county Extension agent is working with the Soil Conservation Service in promoting Bailey County's soil conservation program.

Good dairy management cannot be a hit and miss affair. Milking time and milking methods must be regular, and the cows handled so that they will be kept as comfortable as possible.
