

Kracker Krumb's

Odd Bits Salvaged
At Random

(By Aaron Edgar)

The more we thought about it,
the madder we got!

The idea of that guy who signs
his letters J. A., and claims to be
the Knox prairie philosopher, being
surprised to learn that the Munday
Times is still being printed! We
call that the ignorantest of ignor-
ance.

At first we kinda thought it
funny, and gave him front page
space on his letter. But we read
it again when we get home Thurs-
day. It was bordering on an in-
sult.

We got another letter from him
this week, but we've denied him
front page space until he can get
more civilized. We've relegated
him to a spot on page three, and
we'll push him further back in the
paper if we want to.

Anyway, we managed to get his
picture to run along with his
letter. If you recognize him, just
tell him how mad he made us.

Well, we don't know how many
readers we have for this atrocity,
nor who our oldest reader is, nor
how old he is, but we think we've
found our youngest reader. She's
none other than the charming
little Sylvia Broach.

Sylvia came in with her mother
several days ago, and she wasn't
ashamed to tell us she read this
column. "I read about Jan is
Kracker Kwumb's," she said. And
we felt highly complimented, too.

Which reminds us of one time
when Tanner Mahan came strutt-
ing in the City Drug wearing a
pair of levis.

"Boy, where did you get those
breeches?", we asks him. "Ain't
breeches," he says, "they're Lev-
ies!" And we guess he was right
at that. No one but us would have
thought of putting levis in the
breeches class.

The American Legion's junior
ball club has a team that won't
quit, according to Kirby Fitzgerald,
who is sorta ram-rodning the team.
"We have some boys on that team
who are really going places," he
says.

And the Legion team invites the
Jaycee team to come out and get a
few lessons from them on how the
game is played.

"There just isn't any early cot-
ton," we heard Oscar Lewis of
Goree say the latter part of last
week. And his mail route runs
through some of Knox county's
cotton territory.

Trouble was that along about
time to plant for early cotton, we
had more than our usual amount
of rainfall, making it too wet to
plant. Prior to that time the soil
was too cold for cotton to come up.

We just sorta leap-frogged from
winter into summer this year, you
know.

Noticed where the farmers up in
Lynn county are ganging up for a
summer fight against Johnson
grass. Guess they didn't read that
philosopher feller's letter which we
printed last week.

And if there's a war no place
else in the world, there is always
one going on up in Washington.
They're really been having it up
on "capitol hill" over that labor
legislation.

Guess it takes all such foolish-
ness as that to run a government.
The donkey and the elephant just
never have gotten along very well
—and it's sometimes hard to tell
which one is the jackass.

"If the city doesn't have any
money to buy a street sweeper; if
it doesn't have any money to fight
the flies and mosquitoes, and all
that, then where does the money
go that we pay in as taxes?"

The question has been asked us
a number of times lately—and,
mister, that's the sixty-four dollar
(Continued on Page Five)

Annual 4-H Club Encampment Set For Friday 25-26

Final plans for Knox County's
Annual 4-H Encampment were an-
nounced this week.

Many of the 235 boys enrolled in
the 4-H work over the county will
attend the camp to be held, again
this year. With the 4-H boys of
Baylor County. The site for the
camp will be the Seymour Park.
Facilities there offers shade, swim-
ming pool, base ball diamonds and
horse shoe courts.

Planned events for the two days
include for Friday afternoon, set-
ting up camp, a baseball game, a
one hour swimming period, supper
and an out-door picture show.

Saturdays program includes one
hour of swimming, preparation of
and eating breakfast, a demonstra-
tion by each county, track events
and horse shoes.

The boys will sleep out side in
regular camp fashion.

After the contests Saturday, the
4-H'ers will return to their respec-
tive homes to arrive sometime
around 5:00 p. m.

4-H boys planning to make the
trip should start making prepara-
tions now, and be ready to arrive
at their destinations at an early date,
so that final preparations for food,
etc., can be made.

Farmers Urged To Protect Wheat Stubble From Fire

Farmers in the wheat section of
the district are urged by the super-
visors of the Wichita Brazos Soil
Conservation District to protect
their wheat stubble from fire. Due
to the rank growth in some areas
it is essential that extra precau-
tions be used in controlling the
fire hazard. It may be necessary
to plow a fireguard next to high-
ways, and to closely watch trash
fires around the house.

A good coat of straw on the
ground helps protect the soil from
erosion and increases the amount
of water it absorbs. On top of
this, it greatly reduces the amount
of evaporation that takes place in
summer, which in this locality, is
enormous.

Besides the damage to the soil
from burning, which it itself is
large, there is great danger in des-
troying fences, farm machinery &
farm buildings. Motorists are urged
to be extra careful during the
next few weeks and to cooperate in
precautionary measures.

Ura Wilsons Open New Drive-In Cafe

Mr. and Mrs. Ura Wilson this
week announce the opening of the
Wilson Drive-In, new drive in
cafe which has been under con-
struction for some time.

The new firm specializes in deli-
cious steaks and fried chicken, al-
though the owners stated that they
also serve plate lunches, sand-
wiches and short orders.

The cafe is located about three
blocks north of the post office, on
the Seymour highway.

"For a comfortable and enjoy-
able place to eat out," we invite
you to our drive-in," the owners
stated. "We especially invite our
friends to come to see our new
place, and we assure you that we'll
try to please you by serving you
the best."

The Pedestrian may be wrong,
but he doesn't deserve death sen-
tence.

Here lie the remains of a driver who thought he could drink and
still drive a car. Racing down the highway at a dangerous speed, his
car swerved off the edge of the pavement, dragged on the sandy
shoulder, and was wrenching into a spin. Drunken drivers are potential
murderers of every other motorist who comes near them on the road.
They were involved in more than 5,000 fatal accidents last year.
National Conservation Bureau safety specialists say even one or two
drinks slow up reactions, make judgment unsure, increase chances of
accident three to four times.

Receives Key To Treasure Chest

Paul M. Fulk of Wolfe City, newly-elected president of the Texas Press Association, is shown at left receiving from Walter Humphrey of Fort Worth, retiring president, the golden diamond-studded key to the Texas Treasure Chest at the State Fair upon his election by the press group last week in Amarillo. The golden key, which is being passed down from presi-

dent to president, will be used 39 years hence to open the treasure chest on the 100th anniversary of the State Fair. Embedded in 1908 in a monument to the founders of the State Fair, the chest contains historical documents and copies of more than 100 Texas newspapers. Mr. Fulk is publisher of the Wolfe City Sun and Mr. Humphrey is editor of the Fort Worth Press.

Local Golf Tourney Attracts Many Players; Finals Set Sunday

Clay Hutchinson
Is Now Employed At
Reeves Motor Co.

J. E. Reeves, owner of Reeves Motor Co., announced this week that Clay Hutchinson has accepted a position with the local firm, beginning his duties last week.

Clay will be general utility man, salesman and will specialize in tire sales and service. Reeves Motor Co. is well stocked with tires for cars, trucks and tractors, and offers the 100% anti-freeze solution for tractor tires. Hutchin-son will be in charge of tire sales and service and will supervise any service necessitated by flats or other causes.

C. N. Howards Buy Martin's Laundry

Announcement was made this week that Mr. and Mrs. C. N. Howard, formerly of Bomarton, have purchased the Martin's Laundry, which has been operated here by Mr. and Mrs. Tom Martin. The new owners took over the business last Monday.

Mr. and Mrs. Howard assure patrons of the laundry that every care will be taken to give a courteous and efficient service, and they welcome all old patrons of the laundry, as well as new ones, to continue their laundry work with them.

Mr. and Mrs. W. C. Cunningham and children of Muleshoe visited with friends here over the week end.

Ten Scouts From Munday Troop In Summer Camp

Ten Boy Scouts from the Munday troop are enjoying the annual summer camp at Camp Perkins, near Wichita Falls this week. The Scouts will receive various forms of training during the week's encampment, and several will likely pass achievement tests while there.

Walter Massey sponsored the local Scouts and made the trip with them. They left last Monday morning and will return home Saturday.

Attending the camporee are: Perry Reeves, M. J. Fields, Jimmy Bell, Lester Rutledge, George Spann, Jr., Gerald Morrow, Boyd Baker, Kenneth Stubblefield, Joe Stevens and Gordon Stevens.

Mr. & Mrs. Elwood Hackney, Knox City, a Son.

Gilliland Road Contract Is Let

The state highway commission Tuesday opened low bids totalling \$2,842,960 for improvement and construction of 24 primary and farm-to-market highway projects.

Included in the list of projects are 149 miles of farm-to-market road construction costing an estimated \$1,250,000. Among these was the Gilliland road project in Knox county as follows:

Farm highway 267, 10.2 miles, grading, drainage structures, flexible base and single asphalt surface treatment, U. S. highway 82 to Gilliland.
The contract was awarded to C. Hunter Strain of San Angelo on a bid of \$106,459.

Cowboys Placed On Committee For Cowboy Reunion

The fine people who have the responsibility of seeing that all cowboys and cowgirls receive fair and impartial treatment at the Texas Cowboy Reunion Rodeo on July 2, 3 and fourth have been announced by rodeo officials. They are: Foy Proctor, Midland, Texas; George Humphreys, Garbrie, Texas; W. R. Willingham, Rotan, Texas; Bill Dameron Haskell, Texas & Ed Heller of Dundee, Texas.

These men have had many years of experience in actual work with cowboys and have their interest at heart. Full confidence in their ability to do the job has been placed in them by both officials and cowboys. Their decisions are final.

Auction Sale Has Big Run of Cattle, Hogs

The Munday Livestock Commission Co. reports another good run of cattle and hogs for last Tuesday's sale.

Canner and cutter cows sold from \$8.75 to \$11.50 per hundred; butcher cows, \$12 to \$13.75; fat cows, \$14 to \$17; butcher bulls, \$12.50 to \$14; fat bulls, \$14.50 to \$15.90; butcher calves, \$11.50 to \$17; fat calves, \$18 to \$23.50; butcher yearlings, \$12 to \$17.50; fat yearlings, \$18 to \$23.25.

Several cows and calves sold by the pair at prices ranging from \$100.00 to \$145.00.

Auction Sale Set Saturday At Hamilton Ranch

An auction sale of household goods, farm machinery and livestock will be held at the Hamilton Ranch, six miles southwest of Benjamin, next Saturday, it was announced here Wednesday.

Charlie Hamilton, owner, is selling at auction a large variety of household goods, much farm machinery and a number of saddle horses, work mules, and cattle.

Auctioneers will be Col. Houston Glasson and Jess Merrick of Lamesa. A partial list of items to be sold are listed in an ad which Mr. Hamilton is running elsewhere in this paper.

Knox county people are extended a cordial invitation to attend the sale, which starts promptly at 1:30 p. m.

Cub Scouts Will Meet Thursday

The local pack of Cub Scouts will hold their regular meeting on Thursday, July 3, it was announced on Wednesday of this week. The Cubs are showing much interest in their work, and a good attendance is expected at this meeting.

The meeting will be held on the football field, beginning at 7:30 p. m. Parents are cordially invited to attend the meeting with their boys.

BLACKLOCK ATTENDS COUSIN'S FUNERAL

B. L. Blacklock spent the week end in Hamilton county where he attended the funeral Sunday of his cousin, Carl Blacklock. Mr. Blacklock died Friday morning of a heart attack. He was 72 years of age, and had resided in Hamilton county for 55 years.

Contract Made For Vets Schools For 1947-48

Due to the fact that 90 per cent of all Veterans will never be able to attend college, the Veterans Administration decided to take the schools to the Veterans. As a result 190 Vocational schools was established in Texas alone.

These schools have given the Veterans a chance to learn new trades and also a chance to learn more about the trade or business they are now in.

The Knox County Vocational School is encouraging Veterans to work hard and re-establish themselves in what ever business or trade they desire. It has also been called to our attention that there are very few veterans that are not busy now. This time last year there were many veterans drawing unemployment compensation. It has been proven by the veterans of this county that they do not want a hand out of any kind. All they want is an opportunity to make a better living.

There are 205 Veterans enrolled in the Knox County Vocational School. They are taking carpentry, electricity, auto mechanics, distributive education, and Vocational Agriculture.

Books Added To Local Library

The Munday Public Library, which is sponsored and maintained by the Munday Study Club, has received a number of new books which are of interest to children for their summer reading.

Mrs. R. D. Atkinson, a member of the library committee, announced Wednesday that 45 new books have been added to the library shelves. These include mystery stories, biographies, etc. A complete list of the books will be published in next week's paper, it was stated.

Beginning on Wednesday, July 2, the library will be open on Wednesday and Saturday of each week from 1 to 4 p. m. Those desiring to secure books should visit the library during these days and hours.

L. L. Hendrix Buys Goree Elevator Co.

Announcement was made this week that L. L. Hendrix has purchased the Goree Elevator Co. from W. S. Heard, who operated the business for about 25 years. The change in ownership became effective on May 1, 1947.

Mr. Hendrix is well known in Knox County, having been reared here. He will continue to wholesale grain, feed, seeds and coal, and stated that he will appreciate the business of all new and old customers.

American Legion Junior Team Will Play O'Brien Here

The American Legion's softball team will play the O'Brien team tonight (Thursday) on the local field. The public is invited to come out and see the juniors in action.

The local boys will play Knox City here on Tuesday night of next week.

Admission to the games will be ten cents to all.

Weather Report

Weather report for the period of June 19th thru June 25th 1947 as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature	
	LOW	HIGH
June 19	67	88
June 20	67	83
June 21	70	87
June 22	77	96
June 23	70	87
June 24	68	73
June 25	65	73

Rainfall to date this year, 13.2 inches.
Rainfall to this date last year, 9.96 inches.
Rainfall since Nov. 1, 1944, 19.13 inches.

Entered at the Postoffice in Munday, Texas, as second class mail matter, under the Act of Congress, March 3, 1879.

SETTING THE RESPONSIBILITY

An impressive and forceful precedent has been established by Motor Vehicle Commissioner Arthur W. Magree of New Jersey which may well set a pattern for other states in cutting down their annual toll of traffic deaths. The Garden State Commissioner has revoked the driving privileges of two truck operators whose illegal parking of their vehicle contributed to accidents which resulted in the deaths of two persons—one a child, the other an aged woman.

Although neither of the defendants was directly involved in the accidents, Commissioner Magree contended that if their trucks had been properly parked, both the accident drivers and their pedestrian victims would have had a clear and unobstructed view of the street and the accidents might not have happened.

The first defendant double parked an ice truck on a street in Trenton, N. J., resulting in the driver of the accident vehicle having to swing to the left side of the street in order to pass. She struck and fatally injured a 7-year-old boy.

The second defendant likewise was charged with double parking in Passaic, but his offense was doubly hazardous because it was at point within a few feet of a crosswalk. Rounding his truck on the left side of the street, the accident vehicle struck and killed a 74-year-old woman. It was testified at the hearing that the driver of the parked truck was in a lunch room when the accident occurred.

Safety and traffic experts throughout the nation applaud the New Jersey Commissioner for his analytical view in setting responsibility and for his efforts in accident prevention.

THE PEOPLE WILL DECIDE

Within the near future, the United States will learn whether or not it is making progress in the war against fire.

The President's Conference in Fire Prevention, which took place in early May, laid the groundwork for the most intensive and scientific campaign to reduce our staggering losses ever undertaken. Some 3,000 delegates, representing every part of the country, attended. An ambitious and all-inclusive program was developed. Every phase of fire prevention activity, from modernization and enforcement of building codes to keeping the public informed of the menace, is involved. It is an emergency program, designed to deal with a real and growing emergency condition.

These delegates are now working at home. Some of their work will be of a technical nature, such as advising on community fire equipment and the training of fire department personnel. But, in the long run, the success achieved will depend primarily on the amount of public support given it. The great majority of fires are the result of individual ignorance and carelessness. A great part of the disgraceful total is made up of home fires, most

A CORK IN THE SHOTGUN

Some time ago the President made dramatic appeals for price reductions. A short time later Newburyport, Massachusetts, blossomed forth with a spectacular program for cutting retail prices ten per cent. The merchants of that community voluntarily assumed the burden of an arbitrary, across-the-board reduction, in the hope that the movement would snowball its way back to producers and manufacturers and gradually become nationwide. It was a brave attempt. The publicity was terrific. Everybody in the country soon heard of the Newburyport plan. But the grim reality of natural laws could not be sidestepped with a circus. The cost of the things that the merchants of Newburyport had on their counters continued to creep upward. People were still asking for more increases. Many politicians were still thinking up bigger and better public spending schemes. Local groups across the country were still applauding appropriations from the public treasury for the home town. The two hundred and sixty billion dollar Federal debt with all of its indirect inflationary effects, sat like a block of granite across the path of the happy planners. The Newburyport plan died.

The retail distribution industry has been doing everything within its power to control prices. But in the light of present narrow margins, there is not much it can do to bring prices down. The source of the trouble goes back to spiraling government debt, spiraling wages, and finally the philosophy of grab that prevails in everything. Spectacular appeals to business and the Newburyport scheme are good publicity stunts—and that is all. For practical purposes they are about as effective as trying to stop the muzzle blast of a shotgun with a cork, after the trigger has been pulled.

of which could be prevented. Making America's homes safe from fire is strictly a job for every home-owner—no one else can do it for him.

Fire loss—measured in both lives and dollars—is at an all-time peak. We have the means and the knowledge to reduce it to a small fraction of its present total. The American people must decide whether that is worth doing.

"Cotton is a necessity of modern life. Since the last half of the eighteenth century its importance in the commerce of the world has been steadily enhanced. It contributes something of value and utility to every man, woman and child."—Southern Agriculturist.

"Today, the South and the cotton industry stand on the threshold of the greatest opportunity in 80 years. Whether the South is able to take advantage of the opportunity depends upon the cooperation of all financial, industrial, agricultural and business groups."—Price M. McLemore, Alabama cotton grower.

Disabled veterans eligible for free automobiles must submit their applications to the Veterans Administration sufficiently prior to June 30 to permit processing them before the deadline, VA warned this week.

While the veteran has up to two years after that date in which to effect delivery of the vehicle, VA is not permitted to enter any obligation against the appropriation after midnight, June 30, under present legislation.

Nearly 23,000 disabled veterans of World War II have filed applications for vehicles through May 31 under the law which provides a \$1,600 conveyance for those who in service lost, or lost the use of, one or both legs at or above the ankle. Of this number, 16,052 applica-

heirs and legal representatives, whose names and places of residence are unknown and all other person or persons having or claiming any interest or lien in the hereinafter described property Defendants, Greeting.

Clerk, District Court, Knox County, Texas. 47-4tc.

tions were approved and nearly 13,000 sales agreements were certified for payment as of the same date.

More than two and a quarter billion dollars have been spent to provide education and on-the-job training for veterans of World War II.

This was revealed today when VA reported cumulative expenditures of \$2,283,000,000 by May 1 for education and training under the Servicemen's Readjustment Act and the Vocational Rehabilitation Act.

The number of veterans claiming readjustment allowances for unemployment dropped over 35 per cent in the past three months, effecting a savings of nearly \$8,000,000 a week over the rate of expenditure for February of this year, VA announced today.

The 728,000 claims filed during the last full week in May represent the smallest number received in any week since January, 1946, when, in the wake of widespread demobilization of the armed forces, the number began to climb toward the all-time of nearly 1,800,000 reached in April of that year.

More than 300,000 veterans have exhausted all of their readjustment allowance rights, having drawn the entire 52 weekly payments of \$20 each specified by law.

QUESTIONS & ANSWERS

Q. I am a World War II veteran and plan to go to school under the G. I. Bill for the first time next fall. When should I arrange for my entrance into school?

A. You should arrange for your entrance into college or other institution of learning at the earliest possible moment.

Q. What benefits, other than subsistence allowance, is a veteran entitled to while pursuing a course of instruction under the G. I. Bill or under the Vocational Rehabilitation Act.

A. Veterans Administration will pay for his tuition, books, supplies, fees, and other authorized expenses within certain limitations. A disabled veteran may receive a pension or compensation and subsistence allowances concurrently.

Q. In getting a guaranteed loan under the G. I. Bill, must my loan be secured by a lien?

A. Not invariably. Under most circumstances a lien will be required as security for a loan, but there are a few conditions under which a loan may be unsecured.

Q. Do the veteran's rights to a loan guaranty extend indefinitely? A. No. A guaranty may be had if applied for within 10 years from the termination of World War II which has not been declared yet.

Crazy Hat Wins Refrigerator!

One of those "Breakfast in the morning" radio shows came to Capitol City last week, and Sarrah Carey won first prize for wearing the craziest hat in the audience. It was a full-sized refrigerator! (The prize, not the hat.)

"Glad them hats of hers paid off at last," says Ed, treating the whole thing like a joke. But you could see he was proud of Sarrah.

From where I sit, there's another thing Ed can be proud of: the way he's put up with those hats of Sarrah's, with never a criticism; just

as she's put up with Ed's pipe and the other little freedoms he enjoys.

They've got that refrigerator home now, stocked with beer; and we're going over tonight to drink a toast—not just to Sarrah's hats taking first prize . . . but to a happily married couple, who've learned to live with one another's differences in tastes—whether it's a taste for hats or beer!

Washington News Letter

By Congressman Ed Gossett

By Congressman Ed Gossett

Washington, D. C., June 21—As this is being the big storm in Washington is over the President's veto of the labor bill. I personally was greatly disappointed in the President's action and in his attack upon the so-called Hartly-Taft Labor Bill which we have explained in previous NEWSLETTERS. The President's veto was overridden in the House of Representatives by a vote of 331 to 83. I joined with those voting to override. In my opinion it is absolutely necessary to bridle the power of the labor czars who now have it within their power to completely strangle the nation's economy. For almost ten years now, Congress has struggled to pass legislation amending the Wagner act. In this they have always been opposed by the President. Even the Smith-Connally Act passed in war-time was vetoed by President Roose-

velt and then passed over his veto by the Congress. It was the Smith-Connally Act that enabled the President to win his recent fight with John L. Lewis. This Act expires on June 30. The bill the President has just vetoed seeks to impose upon employers and employees equal rights, duties and responsibilities, and at the same time protect the public interest.

Last Tuesday afternoon in company with Congressman Vaughan Gary of Richmond, Virginia, I drove down to this Capital of the State of Virginia and addressed a national convention of the Junior Order of United American Mechanics. Richmond is approximately 100 miles from Washington on U. S. Highway No. 1. It is an historical center. While there I saw the church in which Patrick Henry delivered his famous "Give me liberty or give me death" speech. I also drove down Monument Boulevard, along which appears at intervals of several blocks beautiful statues of Confederate heroes. First in the famous cavalry officer, J. E. B. Stuart; next comes a statue of Robert E. Lee astride his famous horse; then a statue of Jefferson Davis; next comes Stonewall Jackson; and finally that genius of the sea, Fontaine Maury.

My address to the Richmond Convention was one opposing the Stratton Bill to bring into this country 400,000 refugees from Europe. On Thursday night of this week I engaged Congressman Emanuel Celler of New York in a radio debate on the same subject. Tomorrow noon I will engage Congressman Stratton of Illinois, author of the bill, in another radio debate on the subject. My active opposition to this proposal has been bringing in volumes of mail—some praising, some abusing my position.

We all know that America is an immigrant nation. Most of us are proud of the German, the Irish, the Norwegian, and the people of Northern and Eastern Europe who came here in the last century. They brought strong blood. They brought willing hands to do the work that needed to be done. They brought strength. Today conditions have greatly changed and so have the immigrants. Generally speaking, those who would under the Stratton Bill would be the worst, not the best. They would aggravate tremendously our many serious problems. We do want workers or non-workers. Under existing laws we will continue to get several hundred thousand immigrants per year, the Stratton Bill, in effect, proposes to use this country as a dumping ground. The cry that 600,000 displaced persons in some 300 camps maintained by us have no place to go is false. The cry that these people will be liquidated if returned to their homelands is false. Major General Lowell W. Rooks, Director General of UNRRA, has just stated that out of more than 7,000,000 repatriated—sent home—since the end of the war, not one substantiated instance of reprisal after repatriation has come to his attention.

Our only hope of survival in a mad world is to keep this country virile and strong. Such cannot be done if we become simply a dumping ground for the undesirables of other lands.

Among visitors in my office this week were the 4-H Club boys and girls from Texas, Elford Miller, Rt. 1, Valley View, Deane Boenig, Rt. 1, Converse, Eloise Woodruff, Rt. 1, Shallwater, and Bobby Joe Griffin of Ovalo, accompanied by their Supervisor, Miss Lorene Stevens, of Texas A. & M. College. We enjoyed having these fine young folks for lunch in the Capitol.

Other visitors included Mr. Joe Nesbitt, Postmaster at Harrold,

Knox Prairie Philosopher Wants To Borrow Money If He Can Get Same Terms England Is Getting

Editor's Note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has caused a little comment, and we asked him for his picture, which we sent it along, we're publishing it with his letter, which this week incidentally reveals a considerable ignorance of international finance. Dear editor:

I read in a copy of the Reporter News which I got in town Saturday because it was wrapped around the hot tamale I bought where England has negotiated a loan from the United States and the terms was so interesting to me I have been wondering why we can't have some bank like that down in

J. A.

Mrs. Chas. E. (Chuck) Collins and daughter Betty, of Wichita Falls, Mr. J. M. Isbell and Mr. and Mrs. Otis Nelson of Wichita Falls, Mr. A. G. McDonald, son of Postmaster McDonald of Alvord, and his wife.

Knox County. As I understand it, the United States is loanin Great Britain four billion dollars and won't no interest start until 1951 and when it does start it will be 2 per cent, with the provision that England can ignore the interest if her exports fall below sixty per cent of what they was immediately before the war started.

Now there's a system of bankin which I admire and I would like to know why Banker W. E. Braly and Banker Bruce Campbell don't get their bankin principles up on the international level and really do some business.

If the bank will loan me money without interest until 1951 and none then if my farm don't produce sixty per cent of what it did before the war, and I figure I can arrange to keep my production down to that figure without no effort at all to speak of, there ain't no tellin how far I could go or how much business the bank could do with me.

I understand the United States is makin this loan because it is worried about England goin under and the same thing would apply in my

case. I could meet them terms satisfactorily. But it is my opinion England ain't in no serious danger as long as there is Englishmen enough to negotiate them kinds of loans.

If you know of any bank in this area dealin in international loans I will appreciate you lettin me know as soon as possible and I hope I get there before the money's all gone.

Yours Faithfully,
J. A.

Mrs. Ola Marie Pentycuff and Mrs. Hazel Orrell left last Monday on return to their home in Texas City after spending three weeks here with Mr. and Mrs. A. M. Moore and with other relatives.

Mrs. T. W. Welborn left last Saturday for McAllister, Okla., in response to a message that her mother had passed away. She remained there for the funeral services.

Roberta Urbanczyk, Capt. Lawrence Are Wed In California

Fort Scott, Calif.—In the historic splendor of the Chapel of our Lady, Presidio of San Francisco, Miss Roberta Urbanczyk of Munday, Texas, was wedded Saturday to Captain Ray G. Lawrence. Captain Lawrence is at present a student at the Seacoast Branch of the Artillery School at Fort Scott.

Roberta wore a white satin gown with fingertip veil. She carried a bouquet of gardenias intermingled with baby's breath.

The bridesmaid was Mrs. Charles S. Dronberger, while the Captain was attended by Captain Charles S. Dronberger and Major Leslie O. Doane both of Fort Scott.

A reception was held afterwards at the Officer's Club Annex at Fort Scott after which the couple left on a honeymoon for a spot undisclosed. They will make their home at Fort Scott, California, which is the Captain's permanent duty station.

Bride is the daughter of Mrs. A. B. Urbanczyk of Munday.

BLOWTORCH TEST DIDN'T PUT ANY HEAT ON COTTON

Chicago, Ill.—Laboratory experiments by the National Association of Bedding Manufacturers have produced further conclusive evidence that cotton can be rendered flame-proof.

The flame-proofing formula released by the National Cotton Council was tested on both felt and ticking in the association's laboratory.

Processes included application of a blowtorch at 1,800 degrees Fahrenheit, saturation with gasoline and combination of a flame-proofed mattress with an inflammable sheet.

Lighted cigarettes and matches consumed themselves, but did not start combustion.

Pharmacy IS OUR BUSINESS

OUR first consideration is proper professional service for our customers. Service which only college graduation, state licensure and years of experience can give. That is what we offer you when you bring your prescriptions to us.

Noraline Moylette, Billy M. Willoughby Wed On June 19th

Miss Noraline Moylette of Wichita Falls, daughter of Dr. Fidelia Moylette of Munday, and Billy Willoughby, also of Wichita Falls were united in marriage on Thursday morning, June 19, at night o'clock at the Sacred Heart rectory in Wichita Falls. Rev. Father Donald Hartnett read the double ring ceremony.

The bridegroom is the son of Mr. and Mrs. F. A. Willoughby of Walters, Okla.

For the ceremony the bride wore a white dress of satin-back fashioning with straight bustled skirt, dolman sleeves, and completed with white accessories and bridal bouquet.

Miss Laura Beas Moylette of Munday attended her sister as maid-of-honor, wearing an ashen of roses crepe frock with white accessories and shoulder corsage.

D. E. Daughtery of Walters Okla attended the groom as best man.

The bride received her early education in the Munday Public Schools and later attended the Academy of Mary Immaculate in Wichita Falls. The groom was educated in Walters and spent over three years in the U. S. Army. He is now attending Hardin College in Wichita Falls, Texas.

Following the wedding, a breakfast was held in the Marine Room of the Kemp Hotel for members of the wedding party. Guests for the wedding included relatives and friends from Walters and Munday.

The couple have established residence at 1409 Tenth Street in Wichita Falls.

Baptist W. M. S. Enjoys Social Meet On Monday

The Women's Missionary Society of the Munday Baptist church met on Monday afternoon in the home of Mrs. J. O. Bowden.

Mrs. J. E. Reeves, leader, gave the devotional, the meeting being opened with a hymn led by Jean Reeves, with Mrs. C. A. Powell at the piano. Mrs. Marvin Reeves gave an interesting and very instructive talk on W. M. U. work.

The living room of the Bowden home was beautifully decorated with California daisies. The hostess served a delicious desert course to all members and guests. Fifteen members and three visitors were present.

The next meeting will be on July 21 at 4 p. m. in the home of Mrs. R. B. Bowden, with Mrs. C. M. Thompson and Mrs. J. J. Keel as co-hostesses.

Mr. and Mrs. Lewis Warren of Fort Worth and Mrs. Joe Jackson and little daughter of Santa Rosa, New Mexico, were guests in the home of Mr. and Mrs. A. B. Warren over the week end.

Bernice Stubblefield, who is attending summer school in Abilene, spent the week end with her parents, Mr. and Mrs. H. B. Stubblefield.

Mrs. I. E. Loving of Seymour spent last Saturday here, visiting with her son-in-law and daughter, Mr. and Mrs. Billy Mitchell.

Wardell Sweatt Honored At Shower Tuesday, June 10th

A lovely shower honoring Miss Wardell Sweatt, bride-elect of Pete Samac, was given on Tuesday evening, June 10, at the Sunset home economics cottage.

The table was laid with a beautiful lace tablecloth, centered with a bowl of day lilies in ferns.

In the receiving line were the honoree, her mother, Mrs. L. C. Sweatt, and Mrs. C. A. Hull. Mrs. W. G. Welborn greeted the guests.

Pink hollyhocks and fern were arranged on the registry table, where Mrs. Hayes Sweatt presided. Miss Jenelle Partridge served punch from a crystal bowl. Others assisting in serving refreshments were Mrs. R. C. Partridge, Mrs. Roe Myers, Mrs. Henry Russell and Mrs. Faye Killian.

A bouquet of red and pink roses and fern decorated the mantle over the fireplace. Miss Jenelle Partridge played a selection of records throughout the afternoon.

Hostesses for this lovely occasion were Meses. C. A. Hall, Earl Claburn, Faye Killian, Clayton Wren, Henry Russell, R. C. Partridge, Roe Myers, Tom Morton, W. G. Welborn and Miss Jenelle Partridge.

Haskell Girls Will Hold Rally, Dress Revue

Prizes amounting to fifty dollars will be awarded by Haskell Merchants to Haskell County 4-H Girls at the Girl's Rally and Dress Revue in Haskell Saturday, July 19, Miss Louise Newman, county home demonstration agent announced Wednesday. The meeting will be held at the First Christian Church in Haskell.

Winner of the senior division for girls over 14 will win \$15.00 as first prize and a trip to the 4-H Round-Up at College Station September 4-6 to compete in the state dress contest. Second place winner of the older girls division will receive \$10.00 and third place will receive \$5.00.

Girls under 14 will compete in the junior contest for three places with first place receiving \$10.00 second place \$6.00 and third place \$4.00.

A tailored dress or suit, a "dressy" dress, or a play suit may be entered the older or younger group.

THAT PARTY TOUCH

It's a wonderful dress-up cotton for a summer Sunday lunch or cocktail party that comes in Lonsdale's villabon stripe—stark white with clear bright stripes in red, green, aqua or black.

Mr. and Mrs. Eugene Grace and daughter left last Thursday on return to their home in Kansas City, Mo., after a visit of two weeks with relatives here. They were accompanied home by Mrs. Grace's sisters, Betty and Ruthie Stodghill, who are visiting in Kansas City for two weeks.

LEAVE FOR WASHINGTON

Mrs. Sied Waheed and children, accompanied by Mr. and Mrs. C. S. Ameen of Lubbock, left the first of this week for Washington on a 5-week vacation trip.

Mr. and Mrs. Jack Newman and daughter of Baird, Mr. and Mrs. Bud McCarty and Mr. and Mrs. G. W. Russell of Denver City spent the week end here with their mother, Mrs. W. W. McCarty, and with other relatives.

Dress Designs Are Ideal For Summer Wear

College Station—The ideal work dress would be so comfortable that the wearer would not know whether she had a dress on at all.

Clarice Scott, USDA clothing specialist, has designed four summer dresses which come pretty close to this ideal.

The Texas A. & M. College Extension Service clothing specialist, Mrs. Dora R. Barnes, says Miss Scott's designs offer complete freedom of movement with no pulling or binding anywhere. "They are made for an easy fit, which is quite different from oversize," she points out.

The designs are based on studies on safety and comfort in dresses were scientifically planned for convenience and durability; they flatter the wearer, too.

Since the dresses are for summer use, they have no collar and no sleeves. Wings used in place of sleeves are double-layered to hold shape and crispness. Pockets are at hand level, with the openings slanted for convenient use. Ties, bolts and sashes are made to fit closely and to fasten out of the way at the back.

Skirts are about calf length and just wide enough for the normal stride—long or full skirts drop about the feet when the bearer stoops and may be caught on shoe heels or stepped on.

Each dress is easy to put on and take off, and easy to wash and iron.

Paper patterns for the four new dresses are now being put out by commercial firms, according to Mrs. Barnes. They may be identified at pattern counters by the credit line: "Designed by the Bureau of Home Economics, U. S. Department of Agriculture."

CARD OF THANKS

For fear we missed someone, we take this method of expressing to each who helped in any way, after the burning of our home, our thanks and deepest appreciation.

We shall ever remember your kindness and your help in our dark hour. God's blessings upon each.

Mr. and Mrs. R. M. Almanrode
Mrs. M. A. Horton.

For quick results use a Munday Times want ad.

FOR DANCING DAYS

Long, strapless and full-skirted—Helen Barbieri designed this young summer dancing dress for juniors in Hope Skillman's finely striped cotton madras. The panier hips and graceful skirt below a tightly fitted basque are reminiscent of colonial America.

HERE FROM PHILADELPHIA

Mr. and Mrs. Fred L. Hipple of Philadelphia, Pa., and Mr. and Mrs. Millard Hipple of Austin spent the first of this week here as guests in the home of Mr. and Mrs. J. K. Burnison. They left Thursday enroute to Philadelphia, where the Millard Hipples will visit for several days.

Mr. and Mrs. Boyd Meers and son, Boyd Lynn and Larry, and Mrs. Irene Meers spent the week end in Carlsbad, New Mexico, where they went through the Carlsbad caverns.

Dyora Crowder Appointed Agent For District 10

Miss Dyora Crowder, Moore Co. Home demonstration agent, has been appointed district agent on the headquarters staff of the Texas A. & M. College Extension Service.

In announcing Miss Crowder's appointment, Maurice Hearn, Extension vice director for women and state home demonstration agent, says that the new district agent will join the headquarters staff June 26. She will serve Extension District 10, which includes 18 Central Texas counties.

A native of North Carolina, Miss Crowder is a 1930 graduate of North Texas State Teachers College at Denton, where she received a BS degree. After her graduation she taught in the public schools of Falfurrias, and first entered Extension work in 1933 as home demonstration agent of Ochiltree Co. She has also served as home agent of Tom Green County, leaving there in 1941 to take over her Moore County position.

Miss Crowder will be headquartered at College Station.

CORRECTION

In the story of the approaching marriage of Miss Beatrice Politt to Mr. Glendon K. Matthews, The Times stated that the bride-to-be's home was in Crosbyton. This was an error, her home being in Charleston, West Virginia. We are glad to make this correction.

Mrs. Jim Lewis spent a portion of this week in Haskell attending to business matters.

Merle Norman Cosmetic Studio

Levelland Rodeo On July 3-4-5 Will Provide Thrills

All the color and thrills of cow-hand versus fierce, untamed animals will be witnessed by the thousands expected to throng this city when Levelland's Annual Rodeo is presented in four performances July 3-4-5. Special acts and ladies' sponsor contests will round out the program in the West's wildest show.

An outstanding feature this year will be the acts of Cecil Cornish, of Waukomis, Okla., and his Golden Eagle Roman jumping team, his educated ear-jumping Brahma bull, and high school horse and trick riding exhibition. Those who have seen the performance aver that it is one of the very best.

Texas' largest arena will be the scene of three night and one afternoon performances. The afternoon event will be staged Friday, July Fourth, preceded by a mammoth parade containing bands and the Rodeo Queen.

The wild stock of Famous Bentler Brothers of Elk City, Okla., will test the skill, stamina and daring of cowboys in their competition of prize money. Points earned in the Levelland show will count in the RCA national standings.

Chuck wagon feeds, open to all comers, will be served at noon and at dinner on the Fourth.

Events on the program include wild cow milking, saddle bronc riding, calf roping, bulldogging, and ladies' junior and senior sponsor contests.

For quick results use a Munday Times want ad.

Sothis HOUSEKEEPING
BY DAVIDLY STUART

You could have bowled me over with an orange blossom; I was that surprised! Here I had always thought that down through the years, good old dependable bread, the staff of life, was still almost the same as it was when Noah was stocking the Ark.

But take it from the scientists, that just isn't true. On the contrary, it seems that today's bread is as tailor-made for the 20th century as television.

It all started when I noticed the words "enriched flour" on the wrapper of a fresh-smelling loaf of bread and stamped on a bag of my favorite flour. What really aroused my curiosity was that the enriched flour was said to contain a parade of technical terms: "thiamine, riboflavin, niacin and iron." All that may be well and good, I thought, but if my brand new husband is going to chew those things, I'm going to know what they are!

The next time I saw our family doctor I tried out my new vocabulary. He started at the beginning and explained that in these days of strain, nervous tension, and the fast pace of modern living, we needed a diet full of the B complex "nerve" vitamins to help keep us in step. At the same time, he pointed out that in the process of milling flour, the diet staple, to make it white and fine as most Americans prefer, certain vitamins present in the whole cereal were lost. For that reason enriched flour was developed. Enriched flour simply restores lost material and supplies added amounts of the B complex vitamins—thiamine, riboflavin and niacin plus iron. Those, explained our doctor, are the ingredients necessary for good digestion, strong nerves, healthy skin and just plain pep!

He added that nearly half the 48 States now have laws requiring that commercially-sold bread, flour, and rolls be enriched.

And a good thing, too, I say. All you have to do is to look for the label "enriched flour" and the vitamins will take care of themselves!

People, Spots In The News

INDUSTRIAL MISSIONARIES—William L. Batt (left), president of SKF Industries, Inc., outlines to Secretary of Commerce W. Averell Harriman aims of "200 industrial missionaries" who will represent U. S. industry, labor, agriculture and government at 8th International Management Congress in Stockholm, Sweden, next month.

EIFFEL EYE—Elyane Evard of Paris, won first mannequin contest ever held in French capital. She designed the garment she wears and even took a dip in the mischief at a zoo in Surrey, England.

FREAK WRECK (above) in Woodbury, Utah, claimed five lives. One auto speared through other.

Mr. and Mrs. James Dyke of Abilene spent the week end here with Mrs. Dyke's parents, Mr. and Mrs. W. V. Tiner.

Gloria Jo Smith, who is attending summer school at A. C. C., Abilene, spent the week end with her parents, Mr. and Mrs. S. G. Smith.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M. D., State Health Officer of Texas

Austin—Dr. Geo. W. Cox, State Health Officer, endorsing the observance of June as National Dairy Month, today released a statement congratulating Texas Dairymen on the remarkable progress they have made in the past few years.

"It is gratifying to note that where 20 years ago there were no evaporated milk, powdered milk, or cheese plants in Texas, now this state produces all 6 of the major dairy products; buttermilk, ice cream, butter, evaporated milk, cheese, and powdered milk."

Dr. Cox pointed out that last year Texas made 25,396,000 lbs. of butter, 13,639,000 lbs. of cheddar cheese, and over 30,000,000 gallons of ice cream.

"Milk is our most perfect food," Dr. Cox said. "It is rich in proteins, Vitamins A & G, and too

minerals, calcium and phosphates. "The State Health Department is indeed glad to join with the Texas dairymen in celebrating June as Dairy Month," Dr. Cox said, "and to urge that from a health protection angle, at least a pint of milk be included in the daily diet of all adults and an even larger amount provided for children."

Miss Flora Alice Haymes and John Nobles of Big Spring spent the week end here with Miss Haymes' parents, Mr. and Mrs. Leo Haymes.

Sam Salem visited with his wife and daughters in Dallas over the week end.

Miss Martha Ann Reynolds, who is attending Hardin college in Wichita Falls, spent the week end with her parents, Mr. and Mrs. W. E. Reynolds.

"Where Your Business Is Appreciated"

Nothing which has been touched upon in this column in months has attracted as much comment as the recent criticism of the incident in Pawtucket, Rhode Island, where a man was arrested and fined for laughing. Nearly all the reaction from our readers has been favorable but several letters were received from Rhode Island, or former Rhode Island, citizens and they took your columnist over the coals.

Their letters criticized Texas. In other words, the writers denied that I had the right to criticize their state but they had the right to criticize mine.

If Texans have faults—and of course we do have—that would be no excuse for the Pawtucket outrage—for that is what it is, an outrage. Our forefathers wrote into the Bill of Rights the assurance of freedom of speech, freedom of press and freedom of worship; they did not provide for freedom of laughter for the reason they never dreamed that anyone would question that right.

I have before me a letter from while last Thursday.

the mayor of Pawtucket who admits the man was arrested and fined for laughing but the fine was paid back, so that ought to make everything just ducky. The reason it was paid back was because editorial writers and columnists by the scores all over the nation protested. Was the chief of police fired or even reprimanded for making the arrest? Was the judge who levied the fine kicked out of office?

When the letters protesting against the criticism made in this column came from men, I replied by mailing them a timetable showing the trains that leave Texas, northbound.

Those who don't like Texas ought to go back to the place they do like, then both they and we will be happy.

The first edition of "cub Reporter", your columnist's new book, is 1,001 copies, numbered and signed by the author. Hightower Press, 610 E. 10th, Dallas, is the publisher.

Mr. and Mrs. A. V. Kemletz of Abilene spent the week end here with Mrs. Kemletz' mother, Mrs. Louise Ingram, and with other relatives. Mr. Kemletz remained for a longer visit.

Capt. and Mrs. John King and children of Fort Bragg, N. C., and Mrs. James A. Rayburn of Seymour visited with friends here a while last Thursday.

Texas City Sends Letter of Thanks To Local Donors

The following letter of appreciation for help received following the disaster at Texas City was received this week by Hoyt Gray and Emmett Branch, who made contributions to the relief fund:

Dear Messrs. Gray & Branch, Texas City and the rest of the world have been bound together by an unforeseen tragedy. Our heads were bowed as the results, but we of Texas City now rise again to forward the hopes of those who have gone before us.

Our humble hearts have been given firm courage by the swiftness with which you sprang to our aid. The gigantic tasks which have faced us could have never been accomplished but for assistance given by you.

To you who have comforted us in our suffering and sorrow we offer our deepest gratitude.

Sincerely yours,
Carl Nessler, chairman
Texas City Relief Committee.

Be Safe-Get Larger.... Butane Tanks

To be safe during winter months, you are urged to get larger butane tanks and store your winter gas before cold weather. Get tanks large enough to store your entire winter supply.

The heavy demand on refineries producing butane gas makes it impossible for them to produce enough during winter months. Heavy consumption in winter makes a heavy burden on them, and on your distributor.

Come in—let's talk over the advantages of adequate storage tanks.

Goree, Methodist Church
 10 a. m. Church School
 11:00 a. m. Worship Service
 8:00 p. m. Evening Worship

We urge all parents to come and bring your children to Sunday School and the Worship Service next Sunday morning. May we be loyal to the church to which we belong and to the God that we serve. Our heart was thrilled last Sunday morning, because of the good attendance that we had. May we increase our attendance next Sunday morning, over that of last Sunday. And don't forget the evening Worship Service, be there, God is counting on you to carry on his work, don't let Him down.

 An informal meeting to help you in your Christian life.
 Our church has a warm heart and if you will stay close enough for us to prove it you will be a blessing to us. American Christians are blessed with world's greatest opportunities and too often are most likely to abuse those privileges. If all Christians do next Sunday just what you did last Sunday, what will happen to the church?

FIRST BAPTIST CHURCH
 Four weeks from next Sunday our summer Revival begins. Let's be praying for the blessings of the Lord upon these meetings. You remember the announcements as they have been made, that Rev. Joe Burton is to do the preaching; and that Mr. Arthur Nelson, famous harpist and soloist, is to direct the music. The time is just around the corner.

All services at the regular hours next Sunday. This is fine time to give the Lord the gratitude of our hearts for the abundant wheat harvest, and the fine harvest weather we have had.
 The singspiration next Sunday night will be in the home of Mr.

"Advance-Design" Chevrolet Trucks Make Bow

The trucks that will bring true postwar design to the highways of America, Chevrolet's new "advance-design" line of commercial vehicles, will be introduced to the trucking industry June 28 by Chevrolet dealers across the country. Incorporating a variety of new features that assure greater operating efficiency, load-carrying ability and highway safety, the new trucks are said to be more rugged and durable than ever before. First units were built in Chevrolet's Janesville (Wis.) assembly plant, and were appropriately hailed. Here the "Queen of America's Dairyland," Miss Betty Gene Gardner, Ridgeway, Wis., christens the new vehicle as Gov. Oscar Rennebohm, Wisconsin's chief executive (right), and R. W. Podlesak, Janesville plant manager, look on.

Mr. and Mrs. Grady Weaver and children of Big Spring spent the week end here with Mr. Weaver's mother, Mrs. D. B. Weaver, and with other relatives.

Raising food for the two billion people of the world is a big job, and already millions of those people are going hungry because the soil was not cared for properly.

Farmers of Lynn County Wage Fight On Johnson Grass

Farmers and other local folks in Lynn County are ganging up this summer to fight Johnson grass, which is threatening to do a lot of damage to crops this year.

Civic clubs, the commissioners court and everybody in the county who is interested in bettering local agriculture are joining the farmers in a drive to kill out the grass pest. A Johnson grass committee has been formed in the county to spark the movement.

Lynn County Agricultural Agent William B. Griffin reports that when the groups are ready to go into action, they plan to set aside several days to concentrate on killing grass, and spurring local interest in getting rid of the pest. The county agent says that the local commissioners have purchased a power sprayer for each precinct and 200 drums of poison to use in the Johnson grass eradication drive.

DDT And Sulphur Recommended For Cotton Insects

College Station—Latest recommendations for the use of DDT to kill cotton insects have been released by the entomologists of the Texas A. & M. College Station Extension Service.

To control flea hoppers, the entomologists recommend a mixture of five per cent DDT and sulphur, with at least 75 per cent of the mixture of 5 per cent DDT and sulphur. Applied at the rate of 12 to 15 pounds per acre, one application is usually enough to get the hoppers.

The bollworm takes a 10 per cent DDT and sulphur mixture, consisting also of 75 per cent sulphur. Ten to 15 pounds of this mixture per acre of five day intervals is the recommended rate of treatment. Stink bugs and plant bugs can be controlled, the entomologists say, with the same poison mixture recommended for boll-

Sees No Furniture Prices Reduction

Dallas—Retail furniture prices are expected to remain stable throughout the Southwest, according to a survey recently completed by H. E. Dill, secretary of the Retail Furniture Association of Texas and editor of the Southwest Furniture News.

The survey emphasized the fact that retailers are "price-reflectors", rather than "price-creators"; that retail furniture dealers are now operating on a lower profit margin than they did under government price control, and that the only price reductions expected were reduction to balance inventories.

The volume of business done by the furniture manufacturers during the first five months in 1947 exceeds 1946 business by 53 per cent, according to J. T. Ryan, vice president of the Southern Furniture Manufacturers Association. Ryan in a communication to Mr. Dill said that total factory output for the remainder of 1947 was expected to be in excess of 1946 production.

Mrs. Arthur Smith, Jr., Mrs. A. V. Kemletz, Mrs. Louise Ingram and Mrs. W. V. Tiner were business visitors in Wichita Falls Tuesday.

Where Do Managers Come From?

A DOZEN MEN operate turret lathes. A dozen clerks stand behind hardware counters. A dozen stevedores hoist dockyard freight.

Sooner or later, one operator, clerk, stevedore is going to reach out and do the work more competently than those alongside him.

This is a real beginning. But it is not enough for a man who hopes to manage.

A manager must have demonstrated that he can take orders, before he gives orders. He must know how to impart information. He must have character, courage, and the ability to administer.

If he has all these, he is ready to go on up. Some managers stay on the first, eighth,

tenth steps, and do an important job. They are the foremen, superintendents, department heads, buyers. Some still keep going. The most farsighted and imaginative climb to the top.

This constant movement of men upward is one reason why American business has an ever-fresh point of view. Someone is always bringing a new idea on up with him.

Neither the men and women in industry nor the money in industry can be effective without good business-management. Nothing else is so important to the workers' welfare, the investors' welfare or the public welfare.

State Of Texas
 To: T. C. Dobbins, T. H. Hamerick, J. H. Brewer, Waller S. Baker and Mrs. W. L. Baker, joined by her husband, whose name is unknown and to their heirs and legal representatives, whose names and residences are unknown and the unknown heirs and legal representatives of the above named parties and unknown owner and owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown and all other persons claiming any interest or lien in the property hereinafter described, Defendants Greeting.

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this citation, the same being Monday the 14th day of July, 1947, at or before 10 o'clock A. M., before the Honorable District Court of Knox County, Texas, at the Court House in Benjamin, Texas.

SAID PLAINTIFF'S petition was filed on the 27th day of May, 1947. The file number of said suit being No. 4555.

The names of the parties in said suit are: CITY OF BENJAMIN, PLAINTIFF and State of Texas, County of Knox and Common School District No. 1 are impleaded defendants and

T. C. Dobbins, T. H. Hamerick, J. H. Brewer, Waller S. Baker and Mrs. W. L. Baker, and the husband of Mrs. W. L. Baker, whose name is unknown; all unknown heirs and legal representatives of the above named parties; all unknown owner or owners, their legal representatives and unknown heirs and all persons having or claiming any lien are Defendants.

The nature of said suit being substantially as follows, to-wit: Suit to Collect, taxes, interest, penalties and costs on the following described land:

Lots 4, 5 and 6 Block 228; Lot 9 Block 228; All Block 216. All in Original Benjamin, Knox County, Texas. The amount of taxes, alleged to be delinquent, due, owing and unpaid for the respective years and in the respective amounts for said Plaintiff on the above described property is as follows: City of Benjamin, taxes due; Lot 4, Block 228 \$2.70; Lot 5, Block 228 \$3.96; Lot 6 Block 228 \$4.14; Lot 9 Block 228 \$2.70; All Block 216 \$13.50.

All of the herein described land is unimproved from 1929 through 1946, inclusive. To Whom Assessed: Lot 4, Block 228 T. C. Dobbins; Lot 5, Block 228 T. H. Hamerick; Lot 6 Block 228 T. H. Hamerick; Lot 9 Block 228 J. H. Brewer; All Block 216, Mrs. W. L. Baker, together with interest, penalties, cost, charges and expenses of suit, which have accrued and which may legally accrue thereon. Each party to this suit shall take notice of and plead and answer to all claims and pleadings now on file or thereafter filed in said cause by all parties therein. Plaintiff, intervenors and Defendants, that are taxing units also seek the establishment and foreclosure of their lien securing payment of such taxes as provided by law, as is more fully shown by plaintiff's petition on file in this suit.

The officer executing this process shall promptly execute the same according to law and make due return as the law directs.

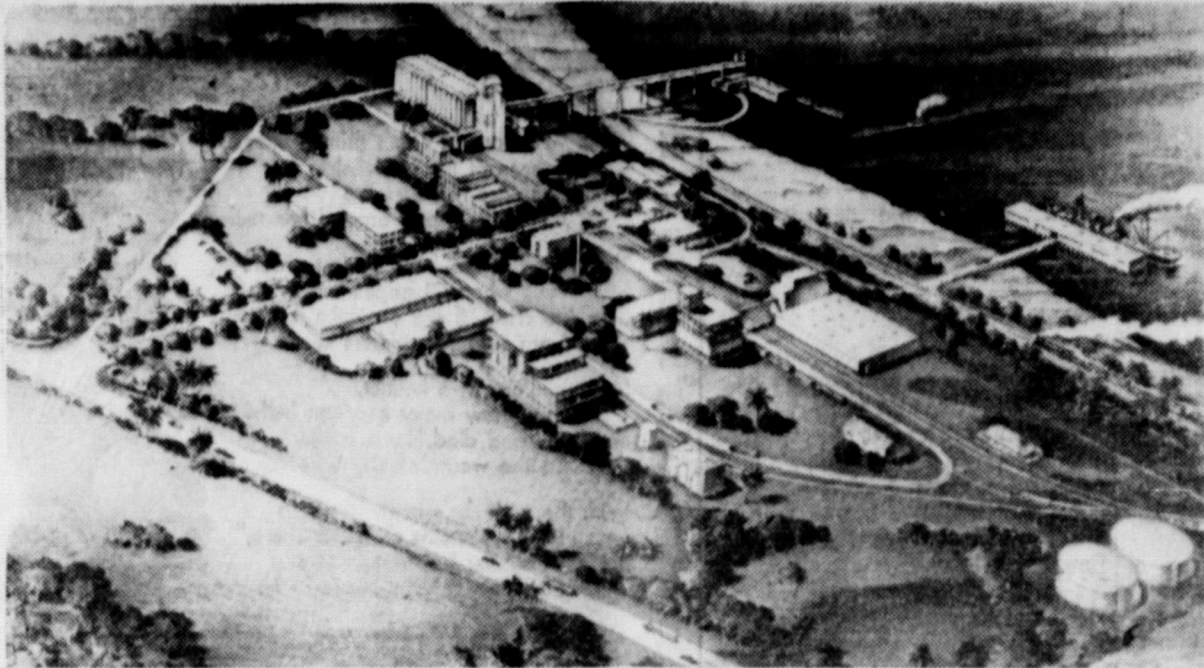

Issued this the 27th day of May, A. D. 1947.

Given under my Hand and seal of said Court, at office in Benjamin, Texas, this the 27th day of May, A. D. 1947.

Opal Harrison
 Clerk, District Court, Knox County, Texas. 47-41c.

Taxpayers bought \$98 million dollars worth of U. S. Savings Bonds in the first five months of 1947.

Corn Products Refining Company Builds in Southwest

In order to utilize the Southwest's large crops of milo maize—the recently developed dwarf-type grain sorghum valuable because of its resistance to drought and disease and because it can be harvested mechanically—the Corn Products Refining Company is building a new processing plant at Corpus Christi, Texas.

The H. K. Ferguson Company, industrial engineers and builders of Cleveland, New York and Houston, is in charge of designing, building and equipping the project.

The new Corn Products Refining Company plant will produce dextrose, starches, and high protein livestock feeds. It will have a grand capacity of 20,000 bushels of milo maize per day and is expected to be completed in time to process the 1948 harvest.

Salvation Army Begins Appeal For \$260,000

The Salvation Army State Headquarters in Dallas has launched a state-wide appeal for \$260,000. This announcement was made by Colonel Charles H. Dudd, division commander, from the Dallas headquarters this week. Mr. Nathan Adams, chairman of the board of The First National Bank at Dallas, is serving as treasurer of the fund and other state-wide committee members are to be announced at a later date.

Included in the overall campaign is \$50,000 toward a new state-wide hospital for unwed mothers in San Antonio; also \$15,000 for better facilities at the State Youth Camp at Irving. A portion of the fund will be used to go to the retirement allowances for Salvation Army officers who reach the age of 65. Some of the money will be used for disaster work in Texas. The Salvation Army prison and parole work will benefit as well as the training program for Salvation Army officers.

Letters are now being sent to some of the wealthy residents of the state, asking for their co-operation.

It is hoped that before the campaign is finalized, which will not be until some time in 1948, that every resident of the state will have an opportunity to give something. Checks may be payable to The Salvation Army and mailed to Nathan Adams, treasurer, at the First National Bank, Dallas, Texas.

The campaign at present is not being projected in cities of the state where the Salvation Army is a participating agency of the Community Chest. In these cities the appeal will be handled in harmony with existing relationships in Community Chests. The organization at this time participates in chests in some 25 Texas cities.

30 Young Men Wanted As Driver License Examiners

Austin—The Texas Department of Public Safety is undertaking a "mass manhunt." Director Homer Garrison said today.

Objects of the search are 30 young Texas men who, come September, will be recruited as Driver License Examiners. Ten will fill existing vacancies and 20 will be additional personnel authorized by the recent Legislature.

"These are career service jobs," Garrison said, emphasizing that both recruiting and promotion in the Department of Public Safety are based strictly on merit.

Salaries range from \$109 a month with room and board during the 4-week training period in Austin to \$208.72 after training and probation have been completed. Examiners work a six day week, receive two weeks annual vacation with pay, and are entitled to benefits under the new state retirement act.

Applicants must have at least a high school education or its equivalent, be not less than 21 nor more than 35 years old, be not less than five feet eight inches in height, weight not less than two nor more than three pounds for each inch of height, be in excellent physical condition, and have a reputation for character and uprightness of conduct that will stand the intensive investigation that is made of those who are tentatively accepted on the basis of written tests.

Competitive examinations to fill these positions will be held at various points in Texas "sometime in July" Garrison said. He urged those interested and qualified to write him, at Post Office Box 1164 in Austin, requesting application forms.

LUMBER PRODUCTION IN SOUTHERN PINE MILLS

Austin—Lumber production in Southern pine mills recovered April losses in May to show a 2 per cent monthly increase, according to Southern Pine Association figures reported to The University of Texas Bureau of Business Research.

Average weekly production per unit rose to 226,206 board feet to stand 23 per cent above production in May 1946.

Mrs. Joe R. Collier of Grandview and Mrs. Doyle Williamson of Haskell are spending this week with their sister, Mrs. B. L. Blacklock.

Mr. and Mrs. H. A. Pendleton, Jr., of Wichita Falls spent the week end with Mr. and Mrs. H. A. Pendleton, Sr., and Mr. and Mrs. Paul Pendleton.

Mrs. W. B. Hayley and children of Seymour spent several days here last week with Mrs. Hayley's parents, Mr. and Mrs. Jim Henslee.

Mrs. Don Davidson and son, Rody, visited relatives in Azle a few days last week.

Mr. and Mrs. Ralph Bernard and children of Dallas spent the week end here with Mrs. Bernard's parents, Mr. and Mrs. W. R. Moore, and other relatives.

Marilyn Jean Bowden, who is attending summer school at A. C. C., Abilene, spent the week end with her parents, Mr. and Mrs. Chester Bowden.

Mr. and Mrs. Aaron Edgar visited in the home of Mr. and Mrs. Grady Roberts of Wichita Falls over the week end.

Mrs. Clayton Wren spent last Friday in Merkel, where she attended a friend's funeral.

The "AVEN" Crop Duster Will Help You

Mr. Cotton Farmer

Fight the flea Hopper and other cotton insects. The "Aven" Crop Duster will help you grow more cotton per acre.

Modern farmers do not need to be convinced of the need for insect control. The cost of an "Aven" crop duster is quickly repaid by increased yield. The "Aven" New Style Crop Duster is a practical, easy to operate machine that will give long, trouble free performance. Has new type improved steel nozzle rail instead of the wooden rail as pictured. This duster meets a need long felt and is an outstanding engineering success—it has been proven over a period of years by farmers throughout the United States. Let us give you more detailed information about the "Aven" Duster. Can be furnished in 6 or 8 row and with Broadcast attachment.

State 4-H Club Roundup Slated September 4-5

College Station—The State 4-H Club Round-Up, the biggest event of the year for Texas' 4-H Clubbers, has been set for September 4-5 on the campus of Texas A. & M. College.

J. W. Potts and Lorene Stevens, state 4-H Club leaders of the Texas Extension Service, have announced that each county may send to the Round-Up two 4-H boys, two 4-H girls, one woman club leader and one man leader.

The 1946 Round-Up, first of that type program held in Texas, was planned by and for 4-H'ers, who ran the whole show for three days of entertainment and instruction at Texas A. & M. College. Plans in the making now call for a similar program, with maximum participation scheduled for the youngsters.

Potts and Miss Stevens explain that in addition to the county attendance quota, 4-H members who are taking part in the state dress revue, rifle matches, or who are in any part of the scheduled program will attend the get-together. All boys and girls, however, must be at least 14 years of age to make the Round-Up trip.

DECKER SISTERS ARE TOGETHER ON VACATION

A nation-wide study of potential Girl Scout membership shows that nearly 20,000 alert young women like this one are needed in order to provide leadership for the girls who want to become scouts but must wait until new troops are formed.

Cotton Leather Finds Wide Use For Seat Cover

New York, New York.—Cotton leather is finding a ready welcome as a great covering in trucks, airplanes, railroad trains and cars, because of flexibility matched only by its wear resistance.

The material has a base of cotton sateen. The appearance of leather is brought about by a special compound which waterproofs the fabric at the same time.

It is not affected by perspiration, salt water, alcohol, oils, grease, most acids and alkalis, and can be cleaned easily with soap and water.

The fabric is very flexible in spite of the covering, and tailors well, being easily formed around curves, edges and corners. It will not harden or crack, and will resist edge-wear abrasion, scuffing, flexing and wrinkling. It can be flame-proofed.

Carl George was a business visitor in Abilene the first of this week.

County Supt. Merick McLaughley of Benjamin was a business visitor here last Tuesday.

Arthur Lawson of Seymour was here Wednesday, attending to business matters in connection with the Lone Star Gas Company's interests here.

BEDWEAR BRINGS ROSES TO CHEEKS

New York, N. Y.—Hospital gowns and washable cotton bed-jackets are making interesting news for convalescents mindful of the pickup that comes from donning cool, appearance-boosting cottons.

Fine batiste and dotted swiss jackets being shown here feature a touch of color that will help to rush roses back into any invalid's cheeks.

The batiste models come in pink or pastel blue with embroidery around the yoke and at the sleeves. The dotted swiss jacket comes in red or navy dots on white, and is trimmed with embroidered banding.

Both jackets are tied at the neckline.

DANGER FROM FIRE LOWERED BY FINISH

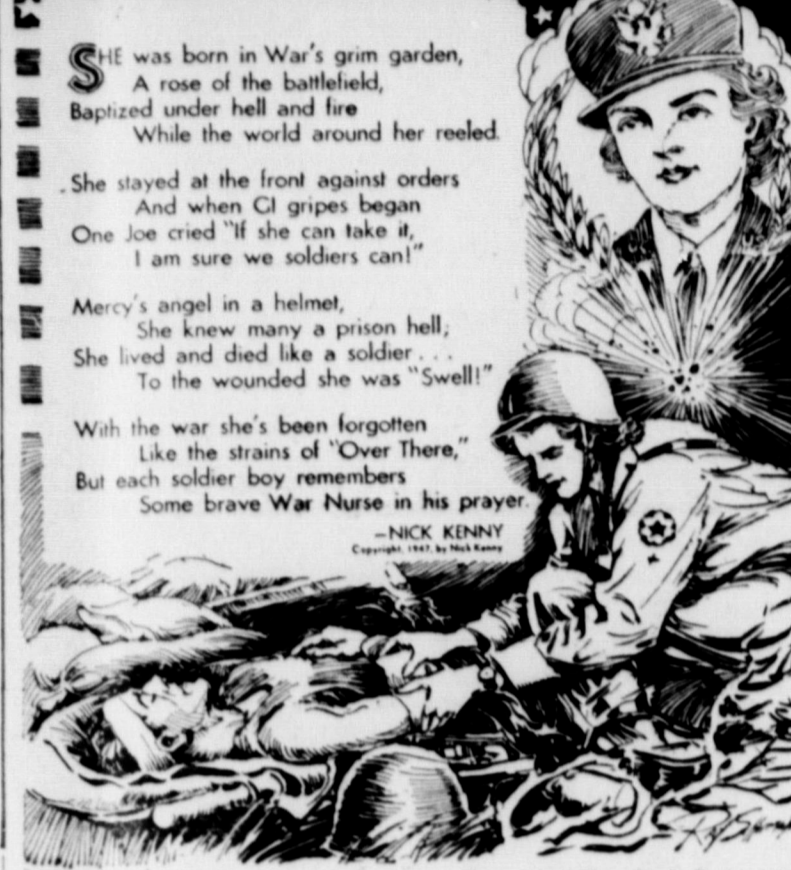

New York, N. Y.—Cotton crash with a durable, fire-retardant finish is lessening the danger of disastrous flash fires in homes and public places where heavy use is made of draperies and slip covers. Advantage of the treated cotton crash is that it can be washed or dry-cleaned as desired without hanging its appearance or harming the finish.

Mr. and Mrs. Varnie Moore of Abilene spent the first of this week here with Mrs. Moore's father and sister, J. C. Campbell and Miss Dolores Campbell.

Visitors attending the Texas Cowboy Reunion at Stamford on July 2, 3 and 4th need have no fear of finding plenty to eat. The

WAR NURSE

The poem WAR NURSE was written especially by Nick Kenny of the New York Daily Mirror as a contribution to the \$2,000,000 fund raising drive for the construction and endowment of the Nurses National Memorial Home in Washington, D. C.

She was born in War's grim garden,
A rose of the battlefield,
Baptized under hell and fire
While the world around her reeled.

She stayed at the front against orders
And when GI gripes began
One Joe cried "If she can take it,
I am sure we soldiers can!"

Mercy's angel in a helmet,
She knew many a prison hell,
She lived and died like a soldier...
To the wounded she was "Swell!"

With the war she's been forgotten
Like the strains of "Over There,"
But each soldier boy remembers
Some brave War Nurse in his prayer.

—NICK KENNY

ZESTFUL FASHIONS KEEP INTEREST UP

Oklahoma City, Okla.—The trend toward cottons is increasing here as the summer season advances, with zestful fashions for every age and hour keeping local interest high.

Cotton classics are popular in the sportswear departments, where a combination of plain colors and stripes, largely featured in pastel chambray, have proved hard to resist.

The accent is on such new touches as scalloped necklines and unusual button treatment form neck to hem.

Chickens and turkeys selected for processing must be high quality birds if a good carcass is to be turned out.

For best results in feeding lambs, each animal needs about one linear foot of trough space.

And is usually in best shape for terracing after the crops have been gathered and before breaking is started.

About 1,680,000 pounds of beef are lost each year by Texas stockmen due to infestations of cattle grubs.

A good ration for cows nursing feeder calves is equal parts of yellow corn chops, wheat bran and ground oats and cottonseed meal.
