Odd Bits Salvaged
At Random

(By Aaron Edgar)

Where do frogs come from when it rains?

We've heard that question propounded a number of times, and the good old rain we had last Thursday made us remember the question.

We don't know much about frogology, which has very little, if any, relation to the newspaper business, but our guess is that when it rains the frogs come from where they went when it was dry. So if you can just figure out where they go, then you'll have the situation solved.

Anyway, we had the rain Thursday that really made the frogs holler. The croaked promiscuously, and they say it takes an inch rain, or more, to make them do that. Well we had it.

It was our rain—the one we'd ordered for early August and had back-ordered on us. We didn't order the smattering of hail, however, but people you order from just got the habit during the war of putting in something extra if they thought you'd take it.

When it tried to rain on Tuesday of last week, Emmett Partidge told us he had a comment to make about our dry ice ideas. "This is one day I believe we should have used some of it," he said.

But we got the rain two days later, and it was a lot better than any dry ice method we've heard of or read about.

Walter Bevers thinks J. A. is trying to put a fast one by the newcomers to this county. "Us old timers know ain't no papers come floating down Miller Creek since J. A. has been writing to you," Walter says, "and he's just fibbing a little bit along that line."

Walter believes J. A. slips in the Times office during our absence and reads our exchanges. Why! Even the Brazos river wouldn't have floated a paper in weeks, up till last Thursday.

John Spann—don't know why he keeps getting into this column—observed his 25th anniversary in business in the same building about two weeks ago. John had planned a sort of blow-out celebration, but he got busy—said—and the date kinda slipped up on him.

Which reminds us that we got our hand called the last time we mentioned John in the KrumbS. Charlie Haynie allowed as how he had been in business in the same location longer than John has.

And we have no cause to deny it. You see, Charlie came out of World War I as expert pistolman, expert rifleman, expert machine gunner and expert most anything you can think of.

He started out, not long after, to be an expert barber, and he's been at that business right over there in the middle of that block for over 25 years.

Charlie is still a pretty good expert at quail hunting, according to reports, and he brings home the birds when he goes after them, if he sees them. They tell us that when a covey is flushed, Charlie usually waits until his companions get in a shot, then he downs his bird.

Looks like we're going to get a new fence around the athletic field. Supt. Cox called us last week and issued an order for bids on the old fence. He says they're almost assured of material for the new one.

C. L. Mayes has started a new building. We don't know what's going in it—but you don't either—but it's going to be another nice addition to our town. The town's growing and she's going to grow more, or we miss our guess.

Tom Martin's done gone and went to Crosbyton. He plans to wash a lot of dirty clothes up there, just like he's washed them here.

Funeral For Levoy Elliott Held Tuesday

Levoy Elliott, well known local resident, passed away last Sunday at the Knox county hospital, following an illness of about three weeks. Mr. Elliott has been undergoing treatment for a brain hemorrhage. He was dismissed from the hospital the latter part of last week, but suffered another and fatal attack about 24 hours later.

Born in Greenville, Okla., on April 28, 1911, Elliott was 36 years, 4 months and 16 days of age. He had been residing in Knox county for a number of years, where he was engaged in farming, trucking and as a tractor mechanic. The family was making preparations to move to a farm near Sagerton when he became ill.

Surviving him are his wife, Mrs. Oma Evelyn Elliott, and four children; Gloria June, Donald Wayne, Charles Edwin and Jerrell Lee, all of Munday; his parents, Mr. and Mrs. E. C. Elliott, Sr., of Cleburne; four sisters and three brothers, who are: Mrs. Inez Bruce, and Mrs. Junita Wecker, both of Cleburne; Mrs. Opal Dee Irvin, Dallas; Mrs. Melba Bradley, Knox City; Herman Elliott, Sagerton; E. C. Elliott, Jr., and Billy Wayne Elliott, both of Cleburne.

Funeral services were held from the First Methodist church in Munday at 3:30 Tuesday afternoon, conducted by Rev. Don Albertson, pastor, who was assisted by Rev. Chas. Sargent. Burial was in the Johnson cemetery with the Mahan Funeral Home in charge of arrangements.

pallbearers were Jasper Bevers, Walter Rodgers, Gene Harrell, Arthur Smith, Jr., Frank Trammell and Ivan Bruce.

Teachers For Local Schools Are Announced

With students getting into regular class periods last week and the faculty list completed, Supt. W. C. Cox last Monday announced the faculty members of the Munday Public Schools. They are as follows:

High school: W. C. Cox, superintendent; Jack Qualls, principal; James H. Bardwell, science; Mrs. Elizabeth Bowden, mathematics; B. B. Cloud, history and coach; Miss Billye Elliott, English; Merle Jenkins, Spanish and music; E. R. Ponder, vocational agriculture; D. F. Swindall, commercial subjects; Miss Thelma Wirges, homemaking.

Elementary school: Rex Howell, principal; Mrs. Iren Bardwell, eighth grade; Mrs. Virginia Ferguson, seventh grade; C. E. Fox, sixth grade; Mrs. Charles Baker, fifth grade; Mrs. C. E. Fox, fourth grade; Mrs. Maurysse Blacklock, fourth grade; Mrs. Earnesteen Swindall, third grade; Mrs. Viola Howell, second grade; Mrs. Mary Ann Cloud, second grade; Mrs. Maude Ponder, first grade; Mrs. Bronza Cox, first grade.

Colored school: Odus Williams, principal, and Alzata Williams, primary teacher.

Mr. and Mrs. D. L. Thigpen and children attended the funeral of Mrs. Thigpen's grandmother of Santa Anna last Thursday.

St. Clair Named Co-Ordinator Of Vets School

E. C. St. Clair has been elected co-ordinator of the Knox County Vocational School for Veterans, to fill the vacancy created by the resignation of J. A. Jolly. Mr. Jolly plans to enter college to do work toward his master's degree.

Mr. Jolly helped to organize the Knox county school in August, 1946. He has always maintained high standards in giving the veterans training that will help fit him for civilian duty.

When the school started, there were about 70 veterans being trained. Now there are about 200 veterans attending the 10 different classes.

Mr. St. Clair stated that he will do his best to see that the Knox county school continues to serve the veteran by training him for a vocation where he can be the happy citizen that every veteran deserves to be. St. Clair has been teaching in the local school from the time it was started.

Notaries Of Knox County Qualified Chamberlain Says

Following publication in daily papers of a release from the secretary of State, Austin, that Knox county failed to qualify any Notaries Public for the year, many of the county's notaries began inquiring into the situation.

County Clerk M. T. Chamberlain, who looks after qualifications of notaries, said Sunday that all notaries of the county have been qualified and their bonds have been approved.

Chamberlain has sent qualifications to the Secretary of State, and notaries should receive their commissions soon. The fact that Austin headquarters had not received record of qualifications does not mean that these notaries are not qualified.

Maize Produces Record Yield In This Dry Year

Proof that the Knox Prairie can produce a good crop, even in a dry year, was shown recently by J. F. Hallmark, well known local farmer.

Mr. Hallmark has just completed combining a 20-acre field of maize that fell just 70 pounds short of averaging 2,700 pounds to the acre.

Others in the area are making good yields of maize, and some will turn out good, despite the dry weather during the growing season.

DR. J. B. RENEAU'S ARE PARENTS OF DAUGHTER

Dr. and Mrs. J. B. Reneau, Jr., of Munday are announcing the arrival of a daughter Frances Louise, who was born on Tuesday, September 9, at the Knox county hospital. Mother and little daughter are reported getting along fine.

Mr. and Mrs. C. E. Moorhead, Mr. and Mrs. W. C. Lane and children, Mr. and Mrs. Henry Volkufka, Mr. and Mrs. Leonard Alexander, Mr. and Mrs. Hershel Alexander, Mr. and Mrs. Roy Herricks, and Mr. and Mrs. M. L. Raines were in Haskell Sunday.

Patients Dismissed since Tuesday Sept. 9, 1947

- Bobby Burnett, Knox City.
- Mrs. Edward L. Kirk, Benjamin.
- Baby Kirk, Benjamin.
- Mrs. Truitt Alvis, Rochester.
- Mrs. Chas. Moorhouse, Benjamin.
- Johnny Scoggins, Rochester.
- Mrs. I. L. Paul, Knox City.
- Baby Paul, Knox City.
- Baby Mata, O'Brien.
- Mrs. Minnie Olsen, Gilliland.
- Baby Benny Olls, Aspermont.
- Baby Trammel, Aspermont.
- Mrs. N. L. Wright, Knox City.
- Baby Wright, Knox City.
- Mrs. Leroy Melton, Benjamin.
- J. L. Galloway, Benjamin.
- Sylvia Jungman, Munday.
- Mrs. Hubert Durst, Calif.

- BIRTHS:**
- Mr. and Mrs. N. L. Wright, a Son, Knox City.
 - Mr. and Mrs. Freddie Crenshaw, a Daughter, Benjamin.
 - Mr. and Mrs. I. L. Paul, a Daughter, Knox City.
 - Mr. and Mrs. J. B. Reneau, a Daughter, Munday.

- DEATHS:**
- Leroy Elliott, Munday.
 - Mrs. Chas. Emerson, Rule.

Laugh, Folks, Laugh!

Hav-a-laf, laf-a-lot. The Bug House, pictured above, was conceived and constructed for laughing purposes only. This mirth making mirror maze is one of the many blues busters, gloom chasers, and woe wreckers to be seen on The Victory Exposition Shows midway of merriment at the coming West Central Texas Fair at Haskell starting on Tuesday Sept. 23rd, and running through Sat. Sept. 27th.

Munday Band And Pep Squad Enter Parade

Announcement was made Monday by W. C. Cox, superintendent of the Munday schools, that the Munday high school band and pep squad will enter the parade on Tuesday, September 25, which opens the Central West Texas Fair at Haskell.

These two school bodies have participated in the opening parade at Haskell for several years, and have won several prizes for their performances.

FAIR BOOSTERS COMING
Ward has been received from E. R. Lowe, president of the fair association, that a group of citizens from Haskell will be here on Tuesday September 23, at 9:30 a. m. in the interest of the fair. The group is expected to render some form of entertainment and extend invitations for local citizens to attend the fair.

Knox County Hospital Notes

Patients in the Knox County Hospital Tuesday Sept 16, 1947

- Mrs. W. H. Reynolds, Rochester.
- Mrs. A. L. Cameron, Rule.
- Mrs. S. E. Williamson, Munday.
- Mrs. S. P. Faulkner, Truscott.
- Mrs. O. Greenhaw, Rule.
- Mrs. R. A. Cummings, New York.
- Baby Cummings, New York.
- Mrs. Freddie Crenshaw, Benjamin.
- Baby Crenshaw, Benjamin.
- Mrs. Roy Renner, Munday.
- Miss Victoria Waldrip, Knox City.
- W. G. Wilburn, Munday.
- Lois Reddell, Munday.
- W. H. Benedict, Knox City.
- B. R. Alvin, Rochester.
- Baby Ruffelt, Knox City.
- Kenneth Brown, Benjamin.
- W. L. Salters, Benjamin.
- Mrs. J. J. Mills, Knox City.
- Billy Wayne Duncan, O'Brien.
- Baby Richard Lee Johnson, O'Brien.
- Charles Stennet, Munday.

- NEW YORKERS VISIT TEXAS FIRST TIME**
- Mr. and Mrs. Chester Sarsfield, Sr., and Mr. and Mrs. Chester Sarsfield, Jr., of Ithaca, New York came in the latter part of last week for a visit with Mr. and Mrs. John C. Soann. Mr. and Mrs. Sarsfield, Sr., were on their first visit to Texas, and they said "We like it."
 - Mr. and Mrs. Sarsfield, Jr., are returning to Dallas where Mr. Sarsfield is attending S. M. U. Mrs. Sarsfield is the former Zell Spann.

Clarence Stinich Sent To Hospital With Stab Wound

Clarence Stinich, local colored boy, had another stab wound added to his already knife-scarred body at three o'clock Saturday morning, and J. P. Porter, local shoe shine boy, was arrested following the affray.

The altercation broke up a gambling party in the colored addition, according to officers. In the fight Clarence received a stab wound just above the heart and was sent to the hospital to recuperate.

Porter, the accused, said the wound was made with a knife which he turned over to local officers. Some witnesses say the wound was made with a yellow-handled screw driver. Anyway, Clarence, nearly met his death.

J. P. was jailed, then released so he could go ahead with his shoe shine trade. Clarence is recovering, according to reports from the hospital, and formal charges will likely be made when he is released from the hospital.

Billy B. Cloud Named Coach Of Mogul Team

Announcement was made that Billy B. Cloud of Denton has accepted the position of athletic coach and teacher of social science in Munday High School. Mr. Cloud succeeds Clyde Latham as coach, Mr. Latham resigning last week.

Cloud comes to the local school system highly recommended as an instructor and athletic trainer. He attended S. M. U. in Dallas and N. T. S. T. C. at Denton, playing on these two teams. Following his graduation, he coached at Howe, Texas.

During the war he served in the U. S. Navy for three and one-half years, coaching and teaching under Gene Tuney's physical fitness program. He later did work in the Navy's rehabilitation program, spending a portion of his time in the Naval Hospital in Oklahoma.

He went back to N. T. S. T. C. last year and was assistant coach in track under Bill Cooper. He then entered the corrective physical rehabilitation program with the Veterans Administration which position he held until accepting post here.

Cloud stated Monday that he is well pleased with showing the Munday Moguls have made thus far in the season. "We have a fine bunch of boys," he said, "and we are going to do all we can to shape them into a winning football team this year."

Mrs. Cloud is also teaching in the Munday schools, having charge of subjects in the second grade.

Changes Made In Texas Certificate Of Title Laws

M. A. Bumpas, Jr., tax assessor and collector of Knox county, last week announced that changes in the Texas certificate of title law governing transfers of automobiles will become effective on or about September 15.

Under the new law, mandatory duties of the seller are to see that used or second hand motor vehicles be registered for the current year before being sold. The registration receipt and certificate of title must be delivered at the time of sale. Failure to do so carries a penalty of not exceeding \$200.

The purchaser of a used motor vehicle must make application for a certificate of title and transfer of registration with the county tax collector in the county in which the purchaser resides. Application must be made within 10 days from the date of purchase, and a penalty of \$5.00 is assessed for failure to file application within the required ten days.

Mr. Bumpas urges all car purchasers to make prompt application for change of registration and avoid the penalty.

Massey Receives Certificate From Chevrolet School

Upon the basis of having attended Chevrolet's parts and accessories school recently in Abilene, J. W. Massey has been awarded a certificate from the school of Experience. The certificate received this week reads in part:

"This is to certify that J. W. Massey has successfully completed the parts and accessories school of experience for dealers' parts and accessories sales manager." Massey is parts and service manager of the local M. & M. Chevrolet Co.

Tom Martin Buys Crosbyton Laundry

Announcement was made last week that Tom Martin, who operated the Martin Laundry here for several years, has purchased the City Laundry in Crosbyton.

Mr. Martin went to Crosbyton the first of this week and took over the new business Monday morning.

The Martins are maintaining their home in Munday, Mrs. Martin remaining here for the time being.

Miss Jeanette Partridge returned to Beaumont last week to resume her teaching duties in the Beaumont schools. She spent the summer with her parents, Mr. and Mrs. R. C. Partridge.

BRING MECHANIZATION TO SMALL FARM

Power units similar to this one, especially designed for service on the small farm, are paving the way to mechanization of family-size farms throughout the Cotton Belt, bringing the promise of greater productivity and increased income.

Weather Report

Weather report for the period of September 11th to 18th 1947 as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature		LOW	HIGH
	1947-1946	1947-1946		
Sept. 11	65	71	91	91
Sept. 12	58	69	78	80
Sept. 13	57	63	89	73
Sept. 14	67	62	94	74
Sept. 15	61	62	82	76
Sept. 16	59	60	94	84
Sept. 17	68	67	97	80
Rainfall to date this year, 17.54 inches.				
Rainfall to this date last year, 16.80 inches.				
Rainfall since November 1st, 1946, 23.43 inches.

THE RAIN CAME AGAIN

It nearly always, invariably, rains in Knox county. Lots of times it doesn't come just when we want it, but it hardly ever comes when everybody is wanting it. And some folks think it never rains too late or too early.

The good rain which this area received last week didn't come too early, we'll all agree. People are divided as to how much good it will do; however, there are those who believe we'll produce much more cotton since the rain. With a late frost lots of those small bolls that were popping open prematurely will go ahead and mature.

From all accounts, the rain was rather limited in scope. Munday received nearly three inches; Rhineland about an inch; very little to the east of us, and light showers in the Rochester area.

But the accompanying cool weather helped the feelings of all of us, who had been suffering from the heat wave. That much good was done, at least, and we'll probably realize more benefits than we think at the time.

MESSAGE TO PARENTS

Here's a message to parents from the Texas Safety Association: the change-over from vacation to school is full of hazards for junior, and it's up to you to get him through that period safely. Learn the hazards yourself and the rules of the new Uniform Traffic Code and point them out to your child. Explain to him how and why he should walk on the left side of the roadway if there is no sidewalk.

Point out to him that he should be especially careful at busy intersections. Explain to him how important it is to be sure that traffic is clear both ways before crossing a street and how dangerous it is to run out from behind parked cars or buses that have stopped to discharge passengers. Above all things, impress him with the fact that an automobile is ten times as fast, one hundred times as heavy, and many hundreds of times as hard as his own body. Children look up to you—let's look OUT for them!

GET READY FOR WINTER

Summer and early fall are the times for preparing homes for winter—with especial attention paid to the elimination of fire hazards.

One of the major causes of home fires is defective heating units, ranging all the way from oil stoves to central heating systems. Even the best of appliances become worn. Flues and chimneys become filled with soot. During the war, it was often impossible to adequately maintain heating plants due to shortages of parts and labor. There are still shortages, but not as severe as in the immediate past. The money spent will pay tremendous dividends in safety and security.

HOLIDAY LOGISTICS

America is a big country. Her people are chronic travelers. During the summer holidays, family cars by the millions roll from coast to coast.

Recently a driver on a western highway, in a three-hour period, encountered cars from twenty-two states—and he missed identifying a number of "foreign" licenses. Jeolopies, hot rods, and limousines, many festooned with trailers, jockeyed for position on the straightaways. Gas, oil and tires were consumed with lavish abundance. No one gave a thought to the next tank of fuel. Service stations were almost as numerous as the leaves on the trees. The shining sedan from New York had only to pull to the nearest pump for a few seconds and then be on its way again, after filling up with the same type of fuel it used in its home state.

How many of us who drive America's thirty-odd million autos stop to think of the staggering logistical problem which must be solved by strategists in the oil industry who are responsible for keeping us happily on wheels? Supplying a fast moving army is a feat requiring great skill—but think of millions of vacationists using more gas than an army, moving in response to personal whims rather than prearranged orders!

Miraculously, everyone seems to be able to get where they are going. In some manner the gas pumps have been kept full, thanks to the oil men behind the men at the service stations.

With the pilgrimage back to school of more than a million Texas boys and girls, the Texas Safety Association asks the motoring public to look at last year's shameful record of deaths by automobile to these school children: 470 killed in traffic accidents—most of them were teen-agers, while the next greatest number were youngsters five to nine years old. The Association urges motorists to drive moderately and watch for the unexpected actions of children in traffic. Suppose it were your child?

Virgin wool is wool that has never been processed in any way before being completely manufactured into the finished product.

idends in safety and security.

Faulty electric wiring is still a major destroyer of homes. Important repairs should be made by a qualified electrician. Frayed cords should be replaced. Then, when your electrical equipment is subjected to the heaviest use, it will safely carry the load.

Lastly, during the pleasant weather, homeowners should carry on a rigorous campaign to rid their property of junk. Thousands of fires have originated in attics and cellars and closets filled with old clothes, furniture, magazines, etc. Many fires have resulted from improper storage of paint, gasoline and other inflammables. A clean and orderly house offers fire few opportunities.

An advertiser in an Eastland paper says he will haul away the carcasses of dead livestock and signs himself, "Your used cow dealer."

And an equipment house in San Antonio has a jolly style of advertising. For instance, "blue denims—if you bought 'em down town, they'd be trousers and cost you 50 cents more" and "army cot have trouble sleeping? Then you're sure to enjoy lying awake on this cot" and "fountain pen—if you can't write, this'll keep the cigars in your pocket from getting broken."

The author of CUB REPORTER is amazed and happy at the reception the book is getting. Evelyn Oppenheimer, famous book reviewer, told about it over the radio and Capt. and Mrs. Tim Healy had me over to tell on the air about my new book and Jack Lait, New York Mirror editor, devoted his entire "column" to recollections of C. P. J. Mooney, Memphis Commercial Appeal editor and principal figure in CUB REPORTER. U. S. Senator K. D. McKellar and Clarence Saunders (originator of Piggly Wiggly) were among the first purchasers.

Your hard-headed, "practical" man says, "Seeing is believing." Well, as an automobile speeds away from you, it gets smaller and smaller; do you really believe it changes size? If you look down a railroad track, the rails finally run together. You see it; do you believe it?

And did you ever notice that the men who belittles humor and pooh-poohs the ability to make people laugh is usually a sour-puss himself? Like the rooster who was to have a fight with a horse and the rooster said, "Before we start, let's agree not to step on each other's feet."

NOTICE

To Car Owners

On or about September 15, House Bill No. 75 goes into effect.

This bill requires registration transfers on all motor vehicles sold, and that application for transfer of registration and title must be filed within 10 days of the date of such transfer.

A fee of 50 cents is required for transfer, and a penalty of \$5.00 is imposed for failure to apply for transfer within the required number of days.

Knox county citizens are urged to keep this in mind. Make application for transfer immediately after purchasing a car, and avoid the penalty.

Miss Janis Spann left this week for Lubbock to enter Texas Tech for the school year.

Knox Prairie Philosopher Tries Out Two Methods Of Reducing The High Prices, Says Both Failures

Editor's note: The Knox Prairie philosopher on his Johnson grass farm on Miller Creek is worrying over the economic situation again, but if he thinks we're going to solve his problem he's mistaken, despite his slurring remark in this week's letter.

Dear editor: It looks like nearly every copy of any newspaper I pick up out here on Miller Creek lately is full of articles about the high cost of living, with of course neglecting two or three good juicy murder stories a day, and I have been givin' considerable thought to the matter.

Last Tuesday I noticed Senator Taft come out with a statement that the way to head off high food prices was to eat less.

Then Wednesday Former Governor Stassen of Minnesota come out with a statement that no, buyer resistance was the solution.

Now I got confidence in our national thinkers and don't let no party lies interfere with my attention to statesmanship and been bothered a little with high prices out here, that is, some high prices bother me, some don't, as I don't mind gettin' 18 cents a pound for a Johnson grass-fed steer but hate like you know what to pay 79 cents a pound for the same animal when it turns up as sirloin or prime rib roast at the market, and I don't mind gettin' 31 cents for cotton, it's worth it, but Jehosophat 39 cents for a dime can of sardines is goin' a little far, but like I say, havin' confidence in our thinkers, don't make no difference whether they're Republicans or Democrats, I figured maybe both Senator Taft and Governor Stassen was right, we ought to eat less and resist buyin' at the same time, but I will appreciate you tellin' em to see if they can't think of some other solution to high prices.

I tried it out and the two methods won't work at the same time, as he less I eat, drat it, the less

resistance I got, I can stick to the Taft line a day or so, but I pass the grocery store the Stassen line disintergrates and I go ahead and buy somethin' un-Stassen-like and eat it un-Taft-like and throw another monkey wrench in the nation's economy.

There ought to be some other solution to this problem. What are you bein' paid for?
Yours faithfully,
J. A.

Miss Martha Ferguson, who has been visiting her mother, Mrs. P. L. Ferguson, and her grandmother, Mrs. R. A. Clements left last Tuesday for Denton, where she enrolled in T. S. C. W. for the school year.

Harry Lynn Cowan, son of Mr. and Mrs. H. H. Cowan, has enrolled in McMurry College, Abilene, for the school year.

Mrs. P. V. Williams and Mrs. Jerry Kane and daughter, Jerilyn, were visitors in Abilene last Monday.

Mr. and Mrs. R. L. Ratliff went to Lubbock last Monday to take their daughter Jean, who enrolled in Texas Tech for her school year.

Miss Delores Campbell is spending a few days with her sister, Mrs. Varnie Moore of Abilene.

Statement Of The Ownership, Management, Circulation, Etc. Required By The Act Of Congress of March 3, 1933.
Of The Munday Times, published weekly at Munday, Texas, for October 1, 1947.
State of Texas.
County of Knox, ss.

Before me, a Notary Public in and for the State and county aforesaid, personally approved Aaron Edgar, who having been duly sworn according to law, deposes and says that he is the publisher of the Munday Times, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the act of August 24, 1912, embodied in section 411, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and address of the publisher, editor, managing editor, and business managers are:
2. That the owner is: Aaron Edgar, Munday, Texas, and Grady G. Roberts, 1713 Beverly Drive Wichita Falls, Texas.
3. That the known bondholders, mortgages, and other security holders owning or holding 1 per

cent or more of total amount of bonds, mortgages, or other securities are: The First National Bank, Munday, Texas.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 1650.

Signed: Aaron Edgar.
Sworn to and subscribed before me this 8th day of Sept. 1947
Evelyn Collins
(My commission expires June 1, 1949).

Mrs. A. A. Smith Jr. and little son, Art, left Saturday for a visit with Mr. and Mrs. M. E. Fairman of San Angelo.

RETURNS TO SCHOOL
After spending the summer months with her parents, Miss LaVerne Albus, daughter of Mr. and Mrs. P. W. Albus, left last Sunday for Sioux City, Iowa, where she enrolled in Briar Cliff College for the 1947-48 term.

Mr. and Mrs. T. L. Thompson and daughters, Mauoreen and Billy Horn, went to Abilene last Monday where Billy Fern enrolled in McMurry College for her freshman year.

Mrs. J. W. Lee and grandson, Bob Lee, have returned to their home in Arkadelphia, Ark., after a visit here with Mr. and Mrs. J. W. Gaither and Mr. and Mrs. W. E. McNeill.

One of Our Many Services, We Make Personal Loans

Often a person needs a small amount until next pay day, or a larger sum which can be paid off in monthly installments.

Or perhaps you may be purchasing an appliance, a car, or some major item. Maybe you need money for some repairs or remodeling at your home.

Whatever you need, feel free to come in and talk it over with us.

A. N. Morrows Observe Wedding Anniversary Sunday

Children and grandchildren of Mr. and Mrs. A. N. Morrow gathered at their home last Sunday with baskets filled with food. The occasion was the observance of Mr. and Mrs. Morrow's golden anniversary.

The Morrows are long-time residents of Munday, and the occasion was a happy one for them.

The day was spent in talking over old times and taking pictures of the group. A bountiful dinner was spread in the back yard of the Morrow home at noon.

Children and grandchildren are: Mr. and Mrs. Joel Morrow, Mr. and Mrs. D. C. Morrow, Mr. and Mrs. Fay Killian and son, Bobby Fay; Elmo Morrow and sons, Glenn Ray and Charles; Mrs. Freddie Morrow and children, Ida and Wayne; Mr. and Mrs. R. T. Morrow and children, Betty Carolyn, Dickie and Jackie; Mr. and Mrs. Elmer Bruce and son, Ronald and Gary; Mr. and Mrs. Ivan Bruce and children, Ivalene and Lee, and Mrs. Nancy Nicholson.

Out-of-town visitors were Mr. and Mrs. J. R. Morrow, Sr., Rising Star; Mr. and Mrs. J. R. Morrow, Jr., and children, Rising Star; Mrs. Annie Brashear and Mr. and Mrs. Richard Brashear, Rising Star; Miss Minnie Brookshire, Gatesville, and Miss Joyce Melton, Weinert.

Those calling during the day included Mrs. Ella Weaver, Mrs. Hattie Sessions and Mr. and Mrs. E. L. Morgan.

Jimmie Silman And Miss Nadine Salem Engagement Told

Announcement was made this week of the engagement and forthcoming marriage of Miss Nadine Salem, daughter of Mr. and Mrs. George Salem of Munday and Dallas, to Mr. Jimmie Silman, Jr., son of Mr. and Mrs. Jimmie Silman of Lubbock.

Both of these young people are well known in Munday, having made their home here a number of years. Miss Salem is now residing in Dallas, while Mr. Silman, who entered radio broadcasting after being discharged from the Navy, he is employed at the Weatherford-Mineral Wells station at present.

The date of the wedding has not been set, but it is expected to take place sometime in December.

Baptist W. M. U. Holds Business, Social Meeting

The Baptist Womens Missionary Society met Monday afternoon at 3 o'clock in business and social meeting, hosted by Mrs. M. L. Bernard and Mrs. J. J. Keel, in the Bernard home.

Officers named were: president, Mrs. B. L. Blacklock; vice-president, Mrs. M. H. Reeves; Mrs. C. N. Smith, recording secretary; C. B. Parker, treasurer; Mrs. Leland Hannah, young people leader. The devotional on Stewardship was directed by Mrs. W. H. Albertson.

Others present were Mrs. A. U. Hathaway, Mrs. Ed Thompson, Mrs. J. E. Reeves, and Mrs. J. O. Bowden.

The next meeting will be October 20.

ATTENDING CONVENTION OF H. D. ASSOCIATION

Mrs. R. M. Almanrode left the first of this week for Galveston to attend the annual convention of the Texas Home Demonstration Association.

She went by way of Gainesville to visit a sister, Mrs. L. S. Parridge, and her mother, Mrs. M. A. Horton.

BIRTH ANNOUNCEMENT

Mr. and Mrs. W. H. Stephens of Goree are announcing the arrival of a granddaughter, Martha Kay, who was born September 4th to Mrs. Dorothy Stephens-Smart, and weighing six pounds and seven ounces. Mother and daughter are doing nicely.

WHOOOPS!

No, this isn't a strip-tease, but just holds Cannon, 1947 International Cotton Queen, demonstrating a neat combination of cottons at the Cotton States Jubilee of the Lions International convention in San Francisco, where she won the title.

Knox Ladies To Attend Meeting At Galveston

Knox County will be well represented at the State T. H. D. A. meeting to be held in Galveston on September 24, 25 and 26th.

The three delegates representing the Knox County Council will be Mrs. S. O. Turner, Truscott; Mrs. W. E. Pack, Sunset; and Mrs. O. R. Miller, Gilliland.

Delegates will be quartered in the Hotel Galveston. They will hear, and participate in discussions, vote on proposed changes in the State THDA Constitution, attend educational work shops and District meetings for the purpose of working out plans and problems of Home Demonstration Clubs, and exchanging news and ideas. The representatives will be accompanied by Mrs. R. M. Almanrode, Knox City, who is vice-president for District III, comprised of twenty counties in this area. Mrs. Almanrode will serve on the Resolutions Committee, as a member of the Legislative Committee, and will assist with the Legislative Committee Workshop on September 25 and 26th. Mrs. Almanrode will preside over the District III meeting on September 24th.

District II will be honored at the meeting, when Mrs. T. L. Thompson, editor of the official T. H. D. A. page in the "Texas Agriculture" will present to Mrs. Almanrode 5 dozen red roses—one for each delegate in District III. Mrs. Norton offered this prize to the district women had contributed 100 per cent to the T. H. D. A. fund.

We feel doubly proud—it was not only Knox county's district that accomplished this feat, it was also Knox county's vice-president who had charge of it all. We are indeed fortunate to have Mrs. Almanrode and these very able club members to attend, and are looking forward to hearing their reports at the regular meeting of Council in the assembly room on Friday, October 3, 1947.

BACK TO MEDICAL SCHOOL.
Dick Harrell left last Friday for Galveston, where he re-entered the Texas School of Medicine for his junior year. Dick spent several weeks as an interne at the Marine Hospital in Galveston this summer, then came home for a visit with his parents, Mr. and Mrs. E. W. Harrell.

Mr. and Mrs. Gene W. Harrell and daughter, Natalie, spent the week end in Dallas, where they attended the furniture markets to purchase merchandise for the Harrell's Hardware and Furniture.

Bill Holden of Haskell was here Monday, conferring with school officials in regards to entering the local band and pep squad in the parade on Thursday, September 25, which opens the Central West Texas Fair at Haskell.

Holden was a visitor at the regular meeting of the Rotary Club at noon Monday and extended an invitation to Monday citizens to attend the fair.

Judge Ben H. Rice of San Antonio and J. W. Rice of Austin visited in the home of Mr. and Mrs. J. C. Shockey over the week end.

Mr. and Mrs. D. B. Bowen; daughter, Doris, and grandson, Bobbie Gene of Abilene visited in the home of Mr. and Mrs. R. H. Lain over the week end.

THE LORD'S DAY
 Surely, one of the greatest proofs of the decline of our nation is the utter disregard of a day in seven; a day set apart to seek after that which makes a business man treat his competitor right, that which keeps society from being a cesspool of adultery and fornication, that which makes a husband love a home, and his wife love and care for her children and husband. Let us not forget to meet on Lord's Day.

Frank McAuley of Knox City was a business visitor here last Friday.

Albin Iiseng Is Made Sergeant

WITH THE EIGHTH ARMY IN NAGAI, JAPAN—On occupation duty with the 12th Cavalry Regiment of the famed First Cavalry Division which is guarding the Toyko-Yokohama area of central Honshu Island, Japan, Cpl. Albin F. Iiseng, son of Mr. and Mrs. Abb Iiseng, Munday, Texas, recently was promoted to the rank of Sergeant.
 Sgt. Iiseng has been active with the First Cavalry Division since his arrival in Japan in December, 1946. At present he is assigned to "D" Troop, 1st Squadron of the regiment, as a squad leader.
 A graduate of Munday High School, Sgt. Iiseng was employed as a clerk with the Perry Grocery and Market in Munday in civilian life. He entered the army in September, 1946, and underwent basic training at Fort Knox, Kentucky, prior to sailing to Japan for occupation duty.
 He plans to attend college under the G. I. Bill of Rights after being discharged from the army.
 The First Cavalry Division, commanded by Maj. William C. Chase, is a unit of the Eighth Army which is under the command of Lt. Gen. Robert L. Eichelberger.

CARD OF THANKS
 Our friends and neighbors, we thank you from the bottom of our hearts for your help and kindness, and for the many beautiful flowers, at the time of the deepest sorrow we have ever known.
 Sincerely, we hope, should you ever need help that we may be able in some way to help each of you.
 J. V. Burton and family, 1tp.

Colored People Activities Of The
 Plans have been made for the lunch room to open Monday, September 22, and whatever weekly donation is given to support the lunch room will be highly appreciated.
 The school is thanking Mrs. H. A. Pendleton for the nice magazines.
 The daughter of Bro. Charley Chanley is here, visiting from Oklahoma City. Bro. Chanley is very happy to see her.

From where I sit . . . by Joe Marsh
Yes, I'm Guilty!
Folks sometimes criticize us small-town editors for the way we often play up "little things" ahead of big . . . human, local news in place of world events.
I can't deny it. Read the *Clarion* and you'll learn about the Martins' golden wedding anniversary . . . about the community sing down by the river . . . the husking bee at Sober Hoskins', where neighbors helped husk the corn, and later drank sparkling beer together.
"Little things?" Maybe. But from where I sit, they add up to the bigger things we call America: the friendliness of small towns . . . the helping hand . . . the respect for one another's rights. And above all the love of fellowship and freedom—whether it's freedom to speak one's mind or choose between a glass of beer or buttermilk.
I figure that if everybody looks after the "little things," maybe the bigger things will take care of themselves.
Joe Marsh

Copyright, 1947, United States Brewers Foundation

Your home needn't be NEW to be ALL-ELECTRIC

It is not necessary to build a new home to enjoy all the comforts and conveniences of living electrically. Your present home—whether it's castle or cottage—can be an ALL ELECTRIC home. With adequate wiring, and the new electrical appliances now coming on the market in ever increasing numbers, any home can be made a modern, all electric home with the resulting time and labor saving advantages—the added beauty, comfort and convenience.

Electric service is today's biggest bargain! The average cost of a kilowatt hour of service to residential customers has decreased 32.6 per cent since 1933.

West Texas Utilities Company

Texas Wealth To Be Shown In Fair Exhibits

Dallas—Three regional exhibits will dramatically portray the great agricultural and industrial wealth of Texas at the forthcoming State Fair of Texas, Oct. 4-19. They will be found in the State Fair's magnificent Hall of Agriculture.

Supplanting the county exhibits of former years these exhibits will be attractive, co-ordinated pictures of the resources of East Texas, the Lower Rio Grande Valley, and South Texas.

Utilizing "Balance Agriculture with Industry" as its theme, East

Texas will present a comprehensive picture of its agriculture and industry. The exhibits, sponsored by the East Texas Chamber of Commerce, will show virtually every manufactured product of that rich 72-county region, through the use of photoette miniatures.

The agricultural phase will show cotton, sweet potatoes, corn tomatoes, blackeyed peas, peanuts, fruits, and truck vegetables raised in this region.

An equally spectacular exhibit, in an area covering 2,800 square feet, the lower Rio Grande Valley's year-round production of fruit, truck vegetables, and cotton will be shown. Bearing citrus trees and live palm trees will be set to the State Fair.

Another big exhibit, comprised of 24 huge sections, will portray the agricultural prowess of the South Texas region in the Hall of Agriculture. There will be displays devoted to chemurgic developments, the Luling Foundation, Texas A. & I. College, the Agricultural Experiment Stations at Beeville and Winter Haven.

Others will point to the progress made in dairy and poultry industries, including the development of the broad-breasted turkey, and still others depicting the wool and mohair industry in this region.

West Texas will be represented by the Hansford County exhibit, showing its fine variety of wheat, Hereford cattle, and farm products.

J. E. Reeves, Jr., returned to Lubbock last Sunday to re-enter Texas Tech for the Fall semester. He had been visiting his parents, Mr. and Mrs. J. E. Reeves, for the past few weeks.

People, Spots In The News

G. A. R. NATIONAL RE-UNION—The 81st national encampment of the Grand Army of the Republic, recently held in Cleveland, brought these five gallant veterans together. Representing more than 500 years of living, they are (left to right) William H. Osborn, 104, Joplin, Mo.; John C. Adams, 100, Jonesboro, Ind.; Commander-in-Chief John H. Grate, 102, Atwater, O.; Chaplain Robert M. Rownd, 102, Ripley, N. Y.; and John R. Bennet, 102, of Waynesfield, Ohio.

POSTWAR HIT—Providing roominess and comfort, duplex roomette cars being produced by Pullman-Standard Car Mfg. Co. are meeting with new favor from the traveling public. By staggering single occupancy rooms on upper and lower levels, engineers have made it possible for railroads to offer the accommodation at only slightly more than the cost of a lower berth.

A SURPRISE CATCH is this 27-inch alligator in Indiana waters by F. E. Colip of South Bend. Anglers guessed that someone had discarded the pet after bringing it home from a southern fishing trip.

SAFETY ASSURED for Susan Allers of Chicago as she rides in the back seat of the auto. It can be used as a play-pen, or bed.

HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

The people of the Hefner community were grieved on Sept. 10 when the sad news came of the sudden death of W. Prentiss McNeill of Bellvue, who died at the home of his mother, Mr. McNeill owned and operated the Hefner gin for many years, and made many friends here. He also owned a gin at Goree. He leaves his mother; a brother, Frank of Bellvue. Several from Knox county attended the funeral at Bellvue on the 11th.

The Friendship Baptist church had Bro. Maples, interstate missionary, to fill the pulpit last Sunday at the 11 o'clock hour. A large congregation was out to hear him.

Elder R. Guthrie recently attended a very successful meeting at the church in Snyder.

Several went to Seymour recently to see Mr. and Mrs. A. S. Haskins, who are sick. Mrs. Haskins has just returned from the hospital at Temple, where she underwent treatment.

Mrs. Carrie Courtney and James Haskins of Michigan and Pennsylvania have returned home after a visit with Uncle Charlie Haskins and other relatives at Seymour.

Mrs. Lloyd M. Hendrix of Lubbock has returned home after spending the week end with relatives and friends here and at Goree.

Mrs. Bryan Walton and two children of Wichita Falls have returned home after visiting Mrs. Martha Manly, Mrs. Rosa Bates and other relatives and old friends here.

Mr. and Mrs. R. L. Lambeth and grandson, Bobbie Lambeth have returned home from California where they visited a daughter, Mrs. Clem Wilde and family.

Prof. Joe McElhannon of Waco College returned home after visiting a sister, Mrs. A. L. Haskins, and his mother, Mrs. Lucy D. McElhannon at Goree, a few days.

Mr. and Mrs. Dalton Jones of Goree recently visited Mr. and Mrs. Harold Payne in their new home.

Mr. and Mrs. J. B. Scott spent last Sunday in Seymour visiting with Mr. Scott's mother, who is ill.

Mrs. S. E. McStay spent the week end in Vernon, visiting with Mr. and Mrs. J. Dee McStay and little son, John.

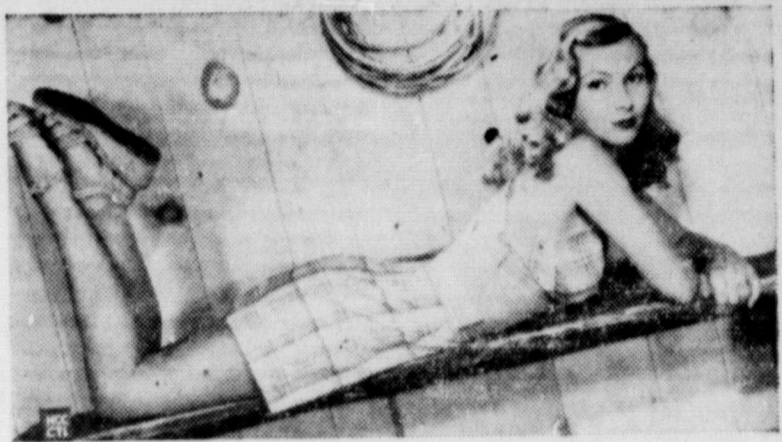

Dr. and Mrs. D. C. Eiland and son, Allen, and Leland Hannah visited with relatives in Lemesa last Monday.

Miss Carolyn Hannah left last Sunday for Abilene, whereshe enrolled in Hardin-Simmons University or her freshman year.

Mr. and Mrs. Loyd E. Walker and family of Lubbock were recent visitors here with their parents, Mr. and Mrs. J. W. Walker.

Miss Patsy Campsey left last Sunday for Abilene to enter Hardin-Simmons University for the school year.

KEEPING COOL—IN COTTONS

Vivacious Veronica Lake, who has her warm moments, knows how to keep cool, too—she slips into a crisp cotton playsuit, thrusts her toes into a pair of air-cooled sandals, and has the answer to that question of what to do about the heat.

Rev. and Mrs. Don Davidson and children, Donnita and Rony, and Miss Ruth Baker attended the circus in Abilene last Saturday.

WE FIX FLATS—On your car, truck, tractor, or trailer. Fast efficient service. Reeves Motor Co. 9-tfc.

Kidneys Must Work Well

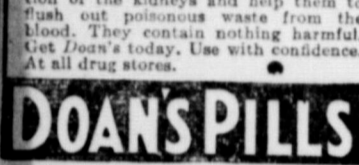

For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.

If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system languishes when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling.

Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

Food Specialist To Conduct Schools On Food Problems

Miss Winifred M. Jones, Food Preservation Specialist of Extension Service, of Texas A. & M. College, will conduct two training schools on Food Preservation Problems for agents of District III, during September, one to be held at Haskell, and one at Matador.

Assisting at these schools will be Miss Louise Mason who has been appointed to succeed Miss Jones when her resignation be-

comes effective October 1st. Miss Jones is known to many women in this area who have been active in Home Demonstration work.

The new methods and time-tables for canning will be stressed, preparation and freezing of food for locker storage, as well as special problems dealing with food spoilage.

Knox County will be represented by Eugenia Butler, County Home Demonstration Agent, at the meeting at Matador on September 18 & 19.

WE FIX FLATS—On your car, truck, tractor, or trailer. Fast efficient service. Reeves Motor Co. 9-tfc.

SENIOR NEWS

The seniors returned to school this year full of hope and faith that this year will bring to a climax the hard-working, fun-loving year that we have just passed through.

Our eyes are on the future; a future that is free and safe for us, so that we may continue our progress in civilization.

JUNIOR NEWS

This class greets all their friends and the readers of this paper. We are very glad to be putting our news in The Munday Times again. We sincerely hope you enjoy our write-ups.

We are very glad to welcome our old teachers and one new one being Mrs. Biedas. Everyone seems to be glad to have everyone else back and we hope everything runs smoothly during 1947 and '48.

We are very proud of our football team. Everyone is invited to such game and maybe with little cheering for the boys we will come out a success.

SOPHOMORE NEWS

We are all glad to be back in school once more. The first two weeks are always quite complicated because of registering and the issuing of books and, also, the beginning of assignments.

All of our class is back again this year but we also add that no new ones have begun.

We welcome the new teachers and hope they will enjoy teaching here.

Every one is looking forward to our football game Thursday night

Come On, Texas!

When action aboard the Battleship Texas reached battle heat, her crew members used to shout, "Come on, Texas!"... which meant: "Let's get in there and fight!" After 35 years of service, through two world wars, she won't fight any more. The Navy has put her on the retired list, and, unless the State of Texas takes action, she goes to the scrap heap. But she won't go to the junk pile, if thousands of Texans can help it. They are already contributing to a \$225,000 goal needed to bring the old battleship to the San Jacinto Battlegrounds, below Houston.

She is seen above, stemming out to open sea, as she was in her glory as a capital ship of the U. S. fleet. To bring her home to Texas, Lloyd Gregory, chairman of the Battleship Texas Commission, urges every Texan to aid the fund-raising campaign which began September 15. All contributions are to be sent to Mr. Allan H. King, Battleship Texas Fund, First National Bank, Houston 1, Texas.

grandparents live near Lawton, Oklahoma. She enjoyed her visit.

Claude spent Sunday afternoon with his cousin, that lives at Munday.

Trivella Butler went over to the Castleberries Sunday afternoon.

Lois and Joyce Voss went to the circus Saturday afternoon.

The Martins of Fort Worth were visitors in the home of Bonnie Smithers over the week end.

The sixth grade are happy to welcome these new pupils;

TUNE IT FOR FALL CROPS...

The secret of fall harvesting is to adjust the cylinder speed instantly for varying moisture conditions that change from hour to hour. The All-Crop Harvester's Quick Speed-Change makes it as easy as tuning your radio.

Tough conditions require higher speeds to thresh the grain or seeds from heads or pods. Dry, brittle conditions require slower speeds to avoid damage to kernels.

The All-Crop Harvester's famous full-width, rubber-faced, spiral-bar cylinder processes the crop gently and thoroughly in a wide, thin stream... at the proper speed to save it all.

Veterans News

World War II veterans who renounce disability payments for any reason do not lose their rights to other benefits provided by law for them or their dependents, the Veterans Administration has ruled.

VA said these veterans may reapply for disability compensation or pension at any time in the future and that approved awards will be payable from the date of the second application, but will not include retroactive payments covering the period the renunciation was effective.

VA's ruling is of particular interest to disabled veterans who desire to enroll as officers or enlisted men in the National Guard or Naval Reserve. They may enlist in these units under the law only by waiving their disability payments. Reserve officers are not subject to this restriction, but while receiving active service pay, they may not also receive compensation or pension.

Almost as many World War II veterans will be alive at the turn of the 21st century as there are living veterans of World War I today, according to the latest Veterans Administration estimate.

VA computes that 3,400,000 War II veterans will be alive in the year 2000. The number of War I living veterans as of June 30, 1947, was 3,727,000.

However, although the average age of War I veterans now is approximately 54 years, the average age of the War II veterans expected to be living in the year 2000 will be slightly over 77 years.

The War II figures come from a projection that VA made to determine what its administrative and operating requirements for these veterans will be in the future.

The projection begins with the potential War II veteran population of 16,057,000 as of July 25, 1947. The average of this group of that date was 28.6 years.

The projection ends with the year 2030 when VA expects less than a thousand War II veterans to be alive, averaging 104 years.

QUESTIONS & ANSWERS
Q. My husband receives compensation because of World War I service. Will I receive a pension at his death?

A. If your husband dies from a disability proved to have been contracted in military or naval service, or, if the death is from another cause and your income does not exceed \$1,000 a year, if childless, or \$2,500 if with minor children, you may be eligible for a pension.

Q. I receive compensation for injuries incurred while in the Army. Do I have to show the amount of compensation I receive in making out my income tax report?

A. No. It is unnecessary to show

pension or compensation payments in an income tax report.

Q. I draw permanent total disability compensation because of injuries due to service in the Navy. Will I continue to draw my compensation if I move to Australia?

A. Yes. Residence has no bearing on compensation entitlement.

Q. Under what circumstances can I claim that my parents are my dependents?

A. Dependency will be held to exist if your parents do not have an income sufficient to provide reasonable maintenance for themselves and members of their family under legal age.

WE PIX FLATS—On your car, truck, tractor, or trailer. Fast efficient service. Reeves Motor Co. 9-11c.

Mrs. W. T. Scott of Abilene visited her son-in-law and daughter, Mr. and Mrs. Leland Thurman over the week end.

Dr. and Mrs. G. V. Smith and Mr. and Mrs. Guy Guinn of Floydada were guests in the home of Mr. and Mrs. C. P. Baker over the week end.

Mr. and Mrs. Travis Lee and Miss Shelley Lee spent last Friday night in Wichita Falls, where they attended the wedding of Dr. James Lee and Miss Carolyn Hammond.

Lee Haymes accompanied his daughter, Helen Haymes, and Billie Fern Thompson to Abilene last Monday where the girls enrolled in McMurry College. Helen is beginning her Junior year while Billie Fern is a Freshman.

Haskell—With date for opening the Central West Texas Fair of Haskell scheduled for September 25, Directors and association officials this week announced that all plans are completed for what is expected to be the biggest and best exposition ever held in the Fair's history.

Several thousand dollars has been spent in construction of new buildings, improvements and repairs in order to provide ample space for an increased number of exhibits. A large part of the exhibits space has already been assigned in the main exhibit building and in the new livestock quarters, indicating that this year's show will have the largest entry list in year's competing for awards which have been substantially increased over last year.

Entertainment program for this year's Fair will include many new and novel features different from any attractions ever before offered the public. The Victory Exposition Show will provide carnival attraction, coming to Haskell direct from the Oklahoma State Fair in Tulsa and visitors at the Fair will see the longest Midway ever arranged on the local fairgrounds.

Opening the Fair Thursday, Sept. 25 will be a lengthy parade of decorated floats, schoolbands, pep squads, cowboys and cowgirls, pioneers, clowns and many other

UNRUFFLED RUFFLES

Gay splomb is the keynote of this play outfit of candy-stripe cotton-hintz that is especially becoming to petite girls. As pretty Gloria Henry of Columbia demonstrates, the elastic binding on both midriff and skirt makes the waist and shoulder line form-fitting.

sections. Handsome premiums will be given winners in each division.

On opening day all school children of this area will be admitted free to the fairgrounds during the afternoon to give the young people an opportunity to view the extensive exhibits of agricultural products, Textile arts, livestock show, Home Demonstration and 4-H Club displays.

A special added attraction to this year's Fair is the cutting horse contest to be held at 2:30 on Thursday and Friday.

Entries are being received daily and a long list of contestants are assured and will compete for added prizes in this event.

Deadline for entry is noon Thursday Sept. 25 and all entries should be sent to Buester Shelton of Haskell, director of the event.

SHORTER GRAZING

CALLS FOR CONCENTRATES

Your grass may look as tall as ever this month—but hot summer weather reduces the protein content of grass, and it's likely to be much "shorter" in feeding value.

More protein in your dairy mixture is needed to make up the protein loss in grazing. Feed enough protein Meal to maintain milk production during summer months—more protein means more production and more profit.

Moguls Lose Season Opener At Coleman

The fighting Munday Moguls dropped their season opener to the Coleman Blue Cats last Friday night at Coleman, but they won the admiration of all local fans who saw them in their first action of the season.

Coleman emerged victor, 13 to 6, over the local Moguls, but it was not until the game was over that either team could see victory.

After fighting neck and neck in the first quarter, the Blue Cats came through on a pass interception in the second stanza to set up the first touchdown. Clifford, left half, snatched a Munday pass and on the next play heaved for 55 yards to place the ball on the Moguls one-yard line. On the next play he plunged the ball over. In the third period Munday

came to life to score on a pass and even the ball game. Local fans said it was not until the last minutes of play that the Moguls were defeated. This was when Coleman came back with a pass, White to Norton, Laird, right tackle for Coleman, converted for the extra point.

The game was played before a crowd estimated at 5,000, among whom were many rooters for the Moguls. The weather was near ideal for the first game of the season.

JOHN BARNETTS ARE PARENTS OF DAUGHTER

Mr. and Mrs. John Burnett are proud parents of a baby girl, who has been named Charlotte Darlene. She was born on Friday, September 12.

Mother and baby are doing nicely and it is reported that the father will live. Mrs. Barnett is the daughter of Mr. and Mrs. Jim Proffitt.

Veterans Visit Experiment Station

Forty eight veterans from the Munday and Knox City classes took a field trip to the Chillicothe Experiment Station. Mr. Roy Quinby, superintendent at the station showed the veterans the work the station is doing with grain sorghums and cotton.

After seeing several thousand varieties of grain sorghums, the veterans tried to pick the best variety, however this proved to be quite a problem, since no particular variety is perfect in all respects. The highest yielding varieties have undesirable qualities; therefore the farmer will likely use Chilitec, Plainman or Caprock until more work can be done toward developing a perfect variety. Mr. Quinby believes for more profit under the present set-up of ginning, farmers should not sacrifice yield in cotton for longer staple. In other words, he thinks there is more profit in varieties from 7/8 to 15/16 in, staple cotton.

ELECTRICIANS' CLASS GETS NEW EQUIPMENT

Cliff Moorman, instructor for the veterans' class in electricity at Knox City, reports that he has secured about \$4,000 worth of surplus electrical equipment from San Antonio. He has also purchased additional equipment that will give the veterans the best training in electrical work, particularly house wiring.

Any veteran wishing to enroll in an electrical course should apply at the Munday office. Even if you were enrolled in some other course, arrangements can be made for you to attend the electrical class if you desire. Mr. Moorman says he can take six or seven more veterans in this class.

An improved method of killing potato vines to make crop harvesting easier has been developed by industry. The process involves the use of a powerful chemical "frost" and another compound that greatly speeds up killing action.

Mr. and Mrs. Claude A. Richardson, Jr., have returned from a trip to Denver, Colo., and other points west. They reported a nice trip. They are now in Denton, where they will make their home until Mr. Richardson receives his degree from N. T. S. T. C. in January.

Mr. and Mrs. Carl Mahan of Abilene were visitors here last Tuesday.

QUEENS DON'T HAND MILK!

SPRINGFIELD, ILL.—Farmer's wife Ruby Shipley scratched "hand milking" off her husband's list of chores since she reigned as "Queen For a Day" on the radio program of that name at the Illinois State fair. As one of the prizes she received a modern Surge milking machine. Jack Bailey, master of ceremonies for the show, here demonstrates the labor saving features of the new milker for the farm "Queen For a Day."

Weekly Health LETTER

Issued by Dr. Geo. W. Cox M. D., State Health Officer of Texas

Austin—Contrary to the popular belief that pyorrhea is incurable, this is only true in the most advanced cases. Dr. Geo. W. Cox, State Health Officer, advises those persons who even suspect the presence of pyorrhea to seek an early diagnosis from their dentist so that proper treatment can be instituted while the disease is still curable.

"Early detection and proper treatment of pyorrhea represent the formula for a successful cure. This means that the dentist must have an opportunity to discover the presence of the disease at the earliest possible moment since the patient is unaware of its existence," Dr. Cox said. "Regular visits to the family dentist are therefore extremely important."

The treatment of pyorrhea is not an involved procedure. In the average early case one of the main therapeutic features is the proper hygienic care of teeth and gums as outlined by any reputable dentist. Carelessness regarding mouth hygiene is usually the basic cause for the condition.

The family dentist can usually remove the cause of the trouble. Dr. Cox said, and when this has been done, intelligent routine home-care of the mouth by the patient will effect a cure in the majority of early cases.

SEED COMMITTEE WORK BRINGS IN MORE INCOME

College Station—Work done by a county seed improvement committee in Taylor county is raising small grain yields by two bushels an acre.

Committee members credit the work of the seed improvement organization for adding an extra \$140,000 to the income of Taylor county wheat growers this last year.

County Agent Elmo V. Cook, working with the committee for the past six years, has helped small grain breeders in obtaining the best foundation wheat and oat
