

Kracker KrumbS

Odd Bits Salvaged
At Random

(By Aaron Edgar)

Give us room, lots of room. Dad burn it! Don't fence us in!

That's the way we felt Monday morning, after getting back from the City of Dallas and the State Fair of Texas.

We were jostled around by the crowds, jammed up by traffic, honked at, stared at in disgust, cussed and what-not until we're plumb ready to enjoy the comparative quiet of the small town.

To begin with, we don't know much about getting anywhere in the city. We have to look where we're going, look for where we want to go, look for traffic lights, stop signs, the right traffic lane, etc., so instead of staying out of the other fellow's way, he'd be right smart to stay out of our way.

So we head down the auto-filled highway, just ginning along and thinking we're getting somewhere fast. First thing we know we're hitting 45 in a 30-mile-an-hour zone, and we ease up on the gas feed.

Cars start whizzing by just lickety split, and before long we discover we're going about 20 in a zone that says 35, and folks want us to get on out of the way.

So we "whip 'em up" again, but then an unknown traffic light or stop sign—they're all unknown to us—bobs up in front of us, and we bring her to a halt with screaming of tires.

We usually try to get someone who knows the town to lead the way, but following another car in that traffic is no cinch, either.

That driver knows the lights, the stops, the lanes, and where he wants to turn of. He scoots around a batch of cars and through a green light, but before we can get that feat accomplished the light turns red.

Then he's sailing on his way, while we are waiting for the green signal. Pretty soon he's lost himself, and when that happens we're lost entirely!

He knows where he's going, but we don't. We don't know how to get there, either. So if he doesn't wait for us at every turn, he's pretty soon got the job of finding a country boy in the city.

City folks buck that kind of thing for 12, 15 and 20 miles to get to work every morning, and think no more of it than we do walking our three blocks from home to the office.

Talk about your nervous disorders. It's a mystery to us why the entire population of a city doesn't come down with a nervous breakdown all at one time.

Why, we drove around for 45 minutes in Fort Worth, trying to find our brother's house, when we knew we were in a few blocks of it. We'd ask someone where the street was, and they'd never heard of it.

Finally, we found the street and the house. Our brother wasn't home. He could be anywhere in the city of Fort Worth, so far as we knew, so we then wound our way back to our highway, and headed home.

It was nice to get out in the open spaces again, where we could take a deep, lung-filling breath of fresh air!

Yes, we went to the State Fair. It was opening day, and newspaper and radio people were guests for the day. We thought it would be fun, and it was.

But the main difficulty was that 217,660 people, other than the wife and the Krumbler, thought it would be fun, too. They were all trying to get there, and trying to be the first ones there!

Just 1,600 of the press and radio people took in the fair and the barbecue dinner that was served by the Odessa chuck wagon. We lined up to be served, standing in the hot sun, while (Continued on Page Three)

Funeral For Mrs. M. Boyles Held Monday

Mrs. Mary Catherine Boyles passed away last Sunday morning, October 5, at 7:30 a. m. She had been in ill health for over a month.

Mary Catherine was born January 20, 1872. On June 9, 1890, she was married to Barton Robert Boyles and to this union were born eight children; Mrs. Ed Vaughn, Goree; Mrs. Cliff Moore, Seymour; Mrs. Lester Bowman, Goree; Ed Marvin Boyles (deceased, June 11, 1928); Clarence Boyles, Bisbie, Ariz.; Clyde Boyles, Bisbie, Ariz.; Mrs. Ben Garret, Olney, Texas; a baby girl (deceased in 1900); a grandson, Odus Dwey Rhodes, Seymour, whom she reared.

Mrs. Boyles was converted and joined the Methodist Church in early life.

She is survived by her children; one brother, J. H. McKenzie of Grand Sabine, Texas; twenty grandchildren; and nine great grandchildren.

Funeral services were held at the Goree Methodist Church last Monday evening at 3:00 o'clock. The Rev. C. R. Copeland, pastor conducted the services, assisted by the Rev. Byrd of Brushy and the Rev. S. E. Stevenson.

Burial was in the Goree cemetery under the direction of the J. W. Lanningham Funeral Home.

Scout Meeting At Seymour To Plan Program

A tri-county district meeting for Knox, Baylor and Throckmorton counties will be held at the Seymour high school tonight (Thursday) to plan a long-range program of scouting for this district.

Attending the meeting will be institutional representatives, organization and extension chairman, district chairmen and commissioners, cub and senior scout leaders and assistants, den mothers, scoutmasters, etc.

The purpose of this meeting is to start a move for opening the door for 2,000 Boy Scouts in the Northwest Texas Conference. Ways and means of getting this done will be discussed by Pierre Stine of Henrietta, who is the council organization and extension chairman.

A breakdown of cub scout and Boy Scout leaders and senior leaders will be held for discussing their phase of the scouting program, planned around the suggested themes for each month.

This meeting is a forerunner of many such meetings of this type, according to J. E. Reeves, district chairman for Knox county. The area council voted to combine the three above-named counties into one district, believing that more work could be accomplished among the scouts.

Joe Bob Stevens is district scout commissioner.

Auction Sale Has Large Run

The Munday Livestock Commission Co. reports a good run of cattle for Tuesday sale with good active market on all classes of cattle.

Canner and cutter cows sold from \$8.75 to \$12.00 per hundred; butcher cows, \$12.50 to \$14.00; fat cows \$14.50 to \$18.50; butcher bulls \$12.00 to \$14.50; fat bulls \$15.00 to \$16.75; butcher yearlings, \$19.00 to \$24.25; fat yearlings, \$19.00 to \$18.50 and steer calves from \$17.00 to \$18.50 and steer calves \$18.00 to \$19.25.

WAR BUDDIES HAVE LONG VISIT HERE

Mr. and Mrs. Bland Moore of Los Angeles, Calif., spent the first of this week here, visiting with Mr. and Mrs. Cecil Barton and son, Bobby Barton.

Mr. Bland and Bobby Barton were in the same Japanese prisoner of war camp during the war, and were also buddies in training. They spent a very enjoyable time together.

Rev. R. B. Freeman of Abilene, a former pastor of the Munday Methodist church, visited with friends here the first of this week.

Moguls Drop Thriller Firday To Th'kmorton

Weakness in adding the extra point after touchdowns cost the Munday Moguls their first conference game of the season last Friday night, as the Throckmorton Greyhounds managed to have a two-point lead when the final whistle sounded. The thriller-diller, which was played on the Throckmorton field, ended with the close score of 26-24. This was Throckmorton's third win of the season.

After closing a two-touchdown deficit in the third quarter to go ahead 24-20, the local Moguls saw Louis Robinett flip a pass to Terry Rice for the payoff counter in the fourth stanza.

The fighting Moguls came back, and the Greyhounds were forced to withstand a last minute drive that found the Moguls on the three yard line when the final whistle sounded.

Billy Bouldin had put the Moguls in a brief lead in the second period on a two-yard plunge, but Greyhound Cecil Ingram, who touchdowns, tied the count soon after with a 35-yard touchdown jaunt.

Ingram raced 58 yards for another score in the third and ran the extra point to give the Greyhounds a 13-7 lead. Clifton Swain then cut the margin to 13-12 when he raced off tackle and 12 yards for a score. The extra point weakness again brought the Moguls short of a tie.

Whitaker flipped a pass to Putman to set up the next Greyhound score. Ingram went over from the one-yard line.

Trailing by a 20-12 score, the Moguls hit pay dirt again when Bouldin shot a pass to Haynie for a touchdown, then the Moguls recovered a Throckmorton fumble behind the goal line to shoot ahead of the Greyhounds, 24-20.

Two passes, the first Whitaker to Putman, then Robinett to Rice, sent the score to 26-24 for Throckmorton, and the whistle ended the game just short of another Mogul score.

Many fans said the see-saw battle was one of the best high school games they'd ever seen, and they are still proud of the Mogul fighting spirit, even in defeat.

F. F. A. Chapter To Start Subscription Campaign Soon

In the near future, the boys of the Munday F. F. A. Chapter will start their campaign for subscriptions to magazines and newspapers. They are authorized to take subscriptions for any magazine published and for a number of newspapers, including the Abilene reporter.

Please be looking forward to their calling on you and have your magazine list ready, if you have a choice. The commission obtained from subscriptions will go to help support the F. F. A. program and to purchase supplies. We thank you for your subscriptions.

Laffalot Minstrel Slated Tuesday At Goree School

The "Laffalot Minstrel," which will furnish a full evening of real entertainment, will be given at the Goree school auditorium on Tuesday evening, October 14, at eight o'clock. The minstrel is being sponsored by the American Legion and Legion Auxiliary of Goree.

Admission charges will be 50 cents for adults and 25 cents for children, and the public is extended a cordial invitation to attend the show.

Proceeds will be used to furnish the Legion room of the Goree American Legion's memorial building.

Mrs. Ralph Bernard and children of Dangerfield came in the latter part of last week for several days' visit with Mrs. Bernard's parents, Mr. and Mrs. W. R. Moore and with other relatives. All of the Moore children and grandchildren were home for a reunion Sunday. Others including Mr. and Mrs. Howard Harrell and children of Mexico City, and Mr. and Mrs. W. R. Moore, Jr., and little daughter.

The Right Road

Today, all over the world, irreligion marches shoulder to shoulder with violence and unrest. Totalitarian Revolution, imbued with godless ideologies, sweeps the globe in arrogant, unholy triumph.

If we are to preserve what we believe is the essence of civilization, to regain and hold the full measure of sacred liberties and maintain the dignity of man, we must encourage, aid and abet a more sober realization of the indispensable influence of The Word of God in our every day life.

For his own sake, his family, community, State and the Nation, National Bible Week merits the recognition of every American who, irrespective of class, creed or color, loves liberty and would do his full part under God. Sponsored by the Laymen's National Committee, Vanderbilt Hotel, New York.

Joe B. Nortons Are Parents Of A Boy

He was late getting to work that morning. "Have a cigar," he says, and we knew he was papa for the first time. "Take two!" he says with a grin, and we knew without asking that it was a boy. We went ahead and asked him, though, to be double sure.

It was a boy, who was named Gary Wayne, and who weighed seven pounds and 14 ounces. His parents are Mr. and Mrs. Joe B. Norton, and the boy arrived at the Knox county hospital on Friday morning, October 3. Joe didn't work that day!

Mrs. Norton and the boy are doing fine, and an ambulance from the Mahan Funeral Home brought them home Sunday afternoon.

The boy kept Joe up a lot Sunday night, but Joe's getting back in the groove. He's doing double duty, now, helping us get out the Munday Times and raising a family!

B-K Electric To Hold Annual Meet On October 11th

The B-K Electric Cooperative, Inc. is having its Annual Meeting of Members at the Seymour High School Gymnasium in Seymour, Texas at 2:00 o'clock, P. M. on Saturday, October 11, 1947.

Seven directors are to be elected at this meeting and the present directors, H. P. Arledge, J. H. Atterbury, J. E. Cure, Jack Idol, E. R. Lowe, O. L. Patterson and Charles T. Porter, have been nominated for re-election. Reports of officers, directors and committees are to be given.

R. W. Chesser of Applications & Loans Division, REA; and G. W. Haggard, Manager of Texas Power Reserve Electric Cooperative, will attend this meeting.

A loan of \$250,000.00 was approved by REA on October 3, 1947 to be used to extend electric service to more rural homes and to provide headquarters facilities. Extensions will be built as soon as material is available.

The gymnasium will be open at 10:00 o'clock, A. M. for a review of electrical merchandise displayed by merchants of this territory. Come at this time and see those new appliances on display. The merchants of Baylor and Knox Counties are contributing quite a bit to the success of this meeting.

HERE FROM CALIFORNIA

Mr. and Mrs. Frank Nance, Jr., of Turlock, Calif., came in Tuesday morning for a visit with their parents, Mr. and Mrs. Frank Nance, Sr., and Mr. and Mrs. Worth Gafford.

Still Here, For Want Of A Bid!

The old Dodge fire truck was still sitting on the north side of the city hall lawn last Monday.

The City of Munday advertised that it would be sold at auction to the highest bidder Saturday. We wondered why it was still there.

We asked City Secretary Harvey Lee if it was sold Saturday. "No," he says, "We didn't get nairy a bid!"

So there it is, and some folks wanted it moved so badly. It's sorta an eyesore to them.

It'd make a rather handy farm truck, we thought. But no bidders, no sale!

Munday-Anson Tilt Highlight Of District

The Munday-Anson grid battle next Friday night will be the high-standing a strong chance to be in with the winner of this game light of District 11-A this week, the district's final game.

The Munday Moguls journey to Anson for this game, and Coach Billy Cloud is putting his charges through the grid this week in preparation for a stiff battle.

While Munday went down for the count of 24-26 at Throckmorton last Friday night, Anson was giving Haskell's Indians a 46-0 wallpopping. Stamford took Albany to a 45-13 drubbing, while the Hamlin Pied Pipers were trounced by the Spur Bulldogs, 34-13, in a non-conference battle.

Many fans are expected to accompany the Moguls to Anson for this conference game and will be backing them to give the Tigers their first conference defeat of the season. The Tigers are making a strong bid for the conference title, thus far, and the victory will be a hard earned one, no matter which team wins.

Munday PTA To Meet Wednesday

The regular meeting of the Munday Parent Teachers Association will be held on Wednesday afternoon, October 15, at three o'clock.

An interesting program is planned, with Mrs. P. B. Baker in charge.

All parents and teachers, and others interested in work of the organization, are urged to attend.

Mr. and Mrs. Jess Barnison were in Austin last week and visiting their son-in-law and daughter, Mr. and Mrs. A. D. Thompson.

Club Boys Win Prizes At Dallas Fair With Club Calves And Pigs

F. F. A. Chapter Selects Calves For Projects

Tuesday afternoon, the agricultural boys, members of the Munday F. F. A. chapter, went to the Munday Livestock Commission Company's pens and selected eight calves for dry lot feeding.

Raymond Ratliff has selected a number of calves around San Angelo for the boys to choose from, and Earl R. Ponder, instructor, and the boys expressed their appreciation for Mr. Ratliff's help.

The boys who bought calves for feeding projects are: Jessie Smith, two calves; Troy Lee Lowrance, J. L. Ford, Herman Franklin, Coy Phillips, Garon Tidwell and L. C. Searey, one calf each.

Soil Cover Crops Are Being Planted

Hairy vetch and Austrian winter peas planting time is here and a great many cooperators with Wichita Brazos Soil Conservation District are either planting or preparing to do so. It is very important that these seeds be inoculated.

These two soil improving winter cover crops are of great value to our soils in this section if used right. They add nitrogen to our soils and a great deal of organic matter of which we are very short.

Some cooperators with the District have already found that they have helped their soils by the use of these crops and have reported increases in production.

Fall grass planting time is here and several farmers and ranchers are ready to plant. The grasses that are planned to be planted this fall are: Weeping love grass, Canadian wild rye, and crested wheat grass. The last two are winter and spring grasses and furnish grazing during these periods. Several hundred acres of these grasses will be planted this fall, mostly Canadian wild rye.

Technicians from the Soil Conservation Service are helping establish these winter cover crops and grasses.

Mrs. Sam Haskin Dies Tuesday At Seymour Home

Mrs. Sam Haskin, 69, of Seymour, resident of the Hefner community for many years, passed away at her Seymour home last Tuesday afternoon. She had been in failing health for some time.

Mrs. Haskin was a consecrated Christian woman, and was loved by all who knew her.

She survived by her husband, three daughters, and other relatives.

Funeral services were held at the family home in Seymour at two o'clock Wednesday afternoon after which services were held at the Friendship Baptist church in the Hefner community at three o'clock, being conducted by Elder R. T. Guthrie, pastor.

Burial was in the Friendship cemetery.

IS STAFF SERGEANT

Arlington—Wendell Partridge of Munday has been appointed Staff Sergeant in the cadet corps of the North Texas Agricultural College here.

Cotton Ginnings

Showers this week have slowed down cotton gathering in this section; however, local gins have been kept busy most of the time, turning far into the night before the showers came.

A check of the Munday gins at nine o'clock Thursday morning revealed that a total of 2,737 bales have been ginned in Munday from the crop of 1947. Scarcity of hands has caused cotton to move in to the gins more slowly than if hands had been plentiful.

This week's rainfall amounted to .38 of an inch, with .31 falling Monday and .05 Wednesday night.

Don Pults, Benjamin 4-H Club calf feeder, took eighth and 25th places in the Hereford steer vention, weighing under 850 pounds and steers weighing 850 to 1,000 pounds, respectively, at the State Fair on October 4.

Don, assisted by his brother, J. G., competed against calf feeders from the entire state. His 825-pound steer, bred by the League Ranch, caught the eye of the judge from the start. This makes two years in succession that Don has won this placing for a prize of \$15.00.

Showing his 980-pound steer against 152 others milk feed steers of the state, Don brought his drylot entry to 25th place for a prize of \$10.00.

Those attending the calf show from Knox county included Mr. and Mrs. Jim Pults and family, Miss Eugenia Butler, county home demonstration agent; Elda Purl Laird, and County Agent and Mrs. J. M. Carpenter. These people state that the fair is very educational, as well as entertaining, this year.

Knox Pigs Win

Jerrell Barnett, Benjamin 4-H member, and Joe Bailey Roberts, Jr., of Munday won third and fifth places, respectively, with their swine entries at the Sears district foundation show held during the Texas-Oklahoma Fair at Iowa Park.

Jerrell, with his 8-months-old Duroc gilt, won third place for a prize of thirty dollars in merchandise. To win this prize, Jerrell showed against all breeds in the district.

Joe Bailey, showing his boar against all breeds, took fifth place for a prize of twenty dollars in hog lot equipment.

In the open classes, Duroc breed each boy placed second for prizes of \$2.50 in cash.

Jimmy Rice of Clay county, manager of the Hammond Ranch, judged the swine at ten o'clock on Saturday, October 4.

The boys having foundation swine are looking forward to the next award, which is given for the heaviest litter at eight weeks of age.

Boy Scouts Plan Finance Drive In Near Future

The Boy Scout's annual finance drive for Knox county will open in the near future, according to local Scout officials, who are laying plans for the drive.

This drive is made for maintenance of the council on an areawide basis, and it is expected that the \$41,000 needed for this purpose will be raised over the area.

M. L. Wiggins of Munday has been selected as special gifts chairman, and he will start his portion of the campaign in a few days, it was stated.

Local Girl TSCW Student Assistant

Denton—Miss Johnnie Lorene Williams, daughter of Mr. and Mrs. Jerry J. Williams, Goree, is one of 170 girls at Texas State College for Women selected to serve this semester as student assistants in various offices and departments of the college.

Assignment of student assistant positions is made on the basis of a student's ability, good citizenship record, and scholastic standing.

Miss Williams was president of Kappa Mu Spellon last year at TSCW. She is a senior mathematics major.

Munday's F. F. A. Sweetheart Race Goes Into High

The race for sweetheart of the Munday chapter, Future Farmers of America, went into high gear this week.

When the beautiful ten-karat necklace was displayed, many girls passed by and expressed pleasure in seeing the award and hoped they could be the winner.

"Vote for your favorite candidate," F. F. A. members advised, "at one penny per vote. How about making the representative of your class winner of the necklace? All it takes to win is hard work."

LET BUSINESS TELL ITS STORY

Franklyn Waltman, of the Sun Oil Company, recently observed that it is the duty of American business to demonstrate to the people its own worth and the evil of the collectivist ideology. He went on: "It must demonstrate that private property and liberty are inseparable; that progress and authoritarian dictatorial rule are incompatible; that competition in a free market is the democratic way of giving people a voice and a vote in economic affairs; that high standards of living can come only from productivity; and that there is a relationship that cannot be ignored between savings and tools that men work with and high standards of living for all American."

Mr. Waltman's own industry is, through aggressive action, demonstrating those principles now. It is proving that the greatest and most economical development of our resources is obtained by free enterprise—and not by collectivist economics. And it is helping to prove that free labor reaps infinitely greater benefits than the slave labor of the totalitarian states.

Free enterprise, in peace and in war, has never failed to do any job given to it. It has outdone the dictatorships in every test of strength and ability. But a great many Americans seem unaware or only partially aware of that. So, as Mr. Waltman said, all American business must do its part to tell the story. It is a story of magnificent achievement, and it cannot be too often repeated.

WINTER INCREASES FIRE HAZARDS

The approach of winter brings an increase in many fire hazards, particularly in homes where heating and electrical equipment will soon be working at capacity. And this winter we will learn whether the American people are capable of meeting the challenge of a destroyer that has been setting ruinous record after ruinous record.

That challenge has been clearly presented to every individual—and to every community, no matter how small. The President's conference on fire safety, which was held last May, developed a splendid, all-inclusive program for combatting fire. But that program will be worthless without aggressive public support.

One of the principal community duties is to enact fire prevention ordinances that are up to date—and then to enforce them. Thousands of our towns have no ordinances at all. Many others have laws which are obsolete. And in others still little or no effort is made at enforcement. The certain result is every-increasing fire loss.

An efficient fire department is equally important. Firemen must be trained and equipment must be kept in proper repair. Adequate water facilities must be provided. A small town cannot have the kind of fire department that protects a metropolis—but it can have one adequate to meet its needs at moderate cost.

Every expert knows that fire can be controlled—and that losses can be reduced to a fraction of their present volume. Positive action will accomplish that.

WHAT ABOUT RETAIL PROFITS?

When the nationwide Congressional investigation of consumer goods prices opened at Providence, Rhode Island, two retailers were among the witnesses heard. Both testified that their net unit profits were less than in the days of low prices. Furthermore, their gross mark-up was less than in 1941. The Senators and Representatives conducting the hearing were obviously impressed by this testimony.

Another witness was an AF of L official. During his testimony, he paid the retailers a voluntary tribute when he said that there was no evidence that action by retail dealers had brought about high prices.

Testimony such as this squares completely with the known record of retailing during the difficult days since the war. Both the chains and the independents were among the first to point to the dangers of inflation. They have cut costs wherever possible, in order to hold down price increases to the limit of their ability. They have voluntarily refrained from putting higher retail prices into effect until higher wholesale prices made it unavoidable. They have worked to uphold quality of goods. All of this has been of immeasurable benefit to consumers.

It is to be hoped that the Congressional inquiry will give the public at large a better understanding of the position of the retailer in the production and distribution machine. He is caught between high prices on the one hand and consumer resentment on the other. He is performing a remarkable and little understood service under extremely difficult conditions.

Referring to the demoralized English coal industry under present nationalization of the mines, Lewis H. Brown, in a summary of the situation, said: "Offering the miner added incentives to go to the 6-day week and to produce extra coal during the week would, of course, be contrary to the Socialistic conception of equality. But if the Socialists continue to insist on an equality of misery they are going to have an increasing amount of misery."

"Mechanization is a forward step which eventually will bless the Cotton Belt."—Alabama Farmer's State.

"If American cotton is to hold its place in the world market, it must do so on the basis of price and quality—not subsidy."—Alanta Constitution.

Children playing with matches cause 26,000 fires every year in the United States.

Remember they told us consumers that if the government would just remove the controls we would have lots of houses for the veterans and plenty of meat and an abundance of new cars and of course the newspapers would have all the paper they needed—also that prices would level off?

Hans Christian Anderson isn't the only one who could make up fairy tales.

At the recent Palo Pinto old settlers' reunion, I met Sam Savage who, when a boy, was carried off by the Indians and lived with them about a year before being freed.

Also at the reunion was Gib Abernathy veteran peace officer. One day, while I was a reporter on the Fort Worth Star-Telegram and Abernathy was a Texas Ranger, he walked into the office and asked for me. Told it would be several hours before I reported for duty, he declined all efforts to get him to talk but just said, "Tell Boyce to get in touch with me." I did—and obtained a "scoop" in fact a double one. A hermit who lived in a tent had been murdered and Gib not only told me about that but he also had the slayer under arrest—a quick cleanup of a mystery.

It's time that some of the old sayings which are foolish were exposed—for example, "What you don't know won't hurt you." It ain't so. If there was a fire and you grabbed up a bucket to throw the contents on the flames, you not knowing that it held gasoline would there be an explosion? If a gun was loaded and you didn't know it and pointed it at yourself and pulled the trigger, would it hurt you? All you have to do is read the papers and you'll see what "unloaded" guns do. The truth is pretty much the opposite.

of the old saying—when you know, you are on your guard against danger. Frequently, it's what you don't know that does hurt you.

I'd rather know a little less than to know so much that ain't so."

Ponder Advises Local People To Save The Trees

Now is the time of year to kill borers which attack peach trees, usually near the ground, by boring holes into the tree, thus allowing resin-like substance to ooze out of the tree. This may occur higher up on the peach tree, even on the main branches which may eventually kill the branch and finally the whole tree, if not properly treated.

Other trees may be attacked and killed by borers if they are not stopped before too late.

The same treatment may be used effectively for all tree borers. The paradise tree (tree of heaven) is very allergic to borers. Several paradise trees have been killed by them in Munday.

The Treatment
 Dig up and smooth the soil 12 inches all around the tree. If tree is under six years old, sprinkle one ounce of paradichlorobenzine (P-

B. D.) all around the tree, two inches from the tree. Then sprinkle a little fine dirt on the P. B. D. Then two or three shovels full of dirt should be placed on top of the fine dirt and packed down with the back of the shovel.

The white crystals of paradichlorobenzine then change to a gas and kills the borers by penetrating the holes in the tree. A second treatment is usually not necessary. Temperature should be between 50 and 70 degrees Fahrenheit.

Value? Only a parent can tell you. Cost? Uncle Sam allows a \$500 income tax exemption to cover a year's board and keep—a parent has ideas on that too!

4 small things of great value

Value? What else gives you so much for so little as electricity? It lights, heats, cools, cleans and entertains; saves you time, work, money. Cost? A few cents a day!

Value? Ask any doctor the value of radium—or a patient whose life it has saved. Cost? A single ounce would cost you around \$700,000—if you could buy that much all at once!

Value? You can measure a diamond's value only in a woman's eyes. Its cost? About \$900 for a good-quality, one-carat stone . . . and it takes more than 140 carats to make one ounce!

West Texas Utilities Company

LOCALS

Mrs. Joe Stevens and little son, Allen Young, of San Antonio are here for a visit with Mrs. Stevens' parents, Mr. and Mrs. E. Y. Johnson, and with other relatives and friends.

Mr. and Mrs. Sidney Lee of Fort Worth spent the week end with Sidney's mother and brother, Mrs. O. W. Lee and Harvey Lee.

O. H. Spann, Jr. and Harry Cowan of McMurry College, Abilene, were week end visitors in the home of their parents, Mr. and Mrs. Oscar Spann, and Mr. and Mrs. H. H. Cowan.

Lee Haymes, Otis Simpson and W. W. Naylor were in Fort Worth last Friday, where they went on an inspection tour of the buildings at the Masonic old people's home. They went on to Dallas and attended the State Fair on Saturday.

Clara Belle Byrd, who is attending Draughans Business College at Wichita Falls spent the week end with her mother, Mrs. Ada Byrd.

James Moore of Vernon visited in the home of Mr. and Mrs. H. E. Moore last Sunday.

Knox Prairie Philosopher Says He And His Neighbor Following New Food Conservation Plan

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek says he's willing to do his part in the food conservation program, that is, we guess that's what he's saying in his letter this week.

Dear editor: It may have been because the door slammed shut on it as I had been using it for a door prop since it wouldn't work noway but Sunday night my radio started workin again right after a puff of wind hit and I listened to President Truman's speech on savin food and I want you to know I'm in favor of it. In fact, I'm right proud of bein even ahead of the President of the United States in my opinion as I been havin meatless Tuesdays and a few Wednesdays and Thursdays and Fridays etc. out here on Miller Creek for several months now, and my hens is even ahead of the President and me both as they ain't been layin more'n once or twice a week and I've had poultry-less Thursdays for months and Saturdays and Mondays to boot.

However, I noticed President Truman also suggested that farmers feed less grain to their livestock and I just want him to know that it may be a good idea in Iowa but the thing can be overdone, you can carry patriotism and international responsibility too far in that direction, and if anybody in Washington don't believe it let them come out here and examine the ribs that show in my meat hog. A hog ain't got no more sense of world-wide responsibility and without enough food will grow thin steadily, don't make no difference whether Communism sweeps Europe or not. I know, as I been raisin hogs without enough grain for years and there ain't enough meat on one of my hog's spare ribs to keep one European from goin wrong politically more

than a week. However, I would like for you and the rest of the world to know we're gonna stick by the program out here. In fact, my neighbor from across the creek adopted the plan himself two weeks ago. He had a crib full of corn and one night his hog broke out of his pen when the balin wire holdin the top plank finally rusted in two and pushed open the barn door and stayed in that corn all night, eatin a two-weeks supply at one time.

The next mornin when my neighbor found it out he was so mad he started to whip his hog but then decided he would use psychology on him and locked him up in his pen, re-wired the top plank, and made him go two weeks without no corn, just as punishment. It taught that hog a lesson, don't make no difference if he did die learnin it.

Yours faithfully,
J. A.

Kracker Krumbs—
(Continued from Page One)

those ahead of us were getting served and into the shade.

We think we were the 1,574th person to be served, and we looked pretty much like a pound of melted butter by that time. It was a good meal, though.

Then we fought the jam to see some of the exhibits, and every noise-making contraption you can think of was going full blast.

We worked our way to the auditorium, where Mary Martin was starring in "Annie Get Your Gun." By that time we were ready to sit for a while, and we really enjoyed the show.

After being seated, we unlaced our shoes. That felt to be blamed good that we went ahead and pulled

led them of. We sat there in that restful position while Annie got her gun, and her man, too!

After the S.M.U.-Missouri football game, we put ourselves into the care of our sister, who fought the traffic to get us back to her house to spend the night. Oh, brother!

We understand better, now, why city people want portal to portal pay. We understand, too, why they're always in a hurry—they have to hurry to get there!

We like a small town, where you can holler at a pal clear across the block. We like to take a deep breath of fresh air, and we don't mind the smell of burning cotton bolls from the gin plants so much, now. We don't mind the smell of cottonseed cooking at the oil mill, although it always makes us hungry for ham and eggs.

We like a small town. Munday is a small town. And as Baby Snooks says, "I like it!"

USED TIRES—We have plenty of used tires. Values from \$1.00 up. Reeves Motor Co. 9-tfc.

Mr. and Mrs. Clyde Warren of Goree celebrated their 33rd wedding anniversary Sunday in the home of Mrs. Dave Jetton of Munday. Guests for the evening were Mr. and Mrs. David Williams of O'Brien; Mrs. Jo Mae Davis, Joey and Marlyn; and Mrs. Truman Cypert and little daughter, Sheron of Munday.

Students of Hardin College, Wichita Falls visiting their parents last week end were: Raymond Mitchel, Dickie Owens, Johnnie

Spann, Aubrey Russell and Jiggs Thompson.

Mr. and Mrs. R. H. Kunkel of Megargel visited Mrs. Kunkel's brother-in-law and sister, Mr. and Mrs. T. J. Mitchel last Sunday.

Miss Loyce Milford and Forrest Yancy were in Abilene Sunday visiting friends and relatives.

From where I sit... by Joe Marsh

How to Tell You're Getting Old

Doc Walters gave me this formula: It's a sure-fire sign you're getting old when you resent other people having a good time.

And the Doc means it hasn't much to do with age. There are old folks in our town who get a big kick out of seeing other people enjoy themselves—seems to keep them young in spirit, with a twinkle in their eyes!

And there are some others who resent the young folks going fishing; who feel that community games and dances are just a waste

of time; or who criticize temperate people for enjoying a mellow glass of beer with friends.

They're often well-intentioned folks, too. But from where I sit, the minute we criticize our neighbors for enjoying wholesome pleasures—like a game of horseshoes, a glass of beer, or an afternoon's fishing—it's a sure sign we're growing old (in spirit anyway) no matter what our age is.

Joe Marsh

JUST A LITTLE... ADDS A LOT TO YOUR "RECIPE"

Good feeders, like good cooks, know that it is the little things that count in mixing rations, or recipes.

Protein, for example—it doesn't take much protein for dairy cows on good pasture.

But, a little protein makes a big difference in the milk production, and the profit from the dairy herd.

Concentrated protein, such as that furnished by Cottonseed Meal, Soybean and Peanut Meal, gives you the added milk production that is essential for profit.

Kelly Johnsons Observe Golden Wedding Date

Around 160 guests, including relatives and friends, called at the home of Mr. and Mrs. Kelly Johnson, pioneer Knox county couple, when they observed their Golden Wedding Anniversary at their home west of Munday on Sunday, October 5.

All of the children except one daughter, Mrs. Ben Bickman of Corpus Christi, were present for the observance, and between 80 and 100 people were served a delicious dinner at the noon hour.

Clay F. Grove, a nephew of this beloved couple, made an interesting talk preceding the noon-day meal, in which he reviewed the past life of Mr. and Mrs. Johnson. Both came to Knox county as single people, and were united in marriage here on October 3, 1897.

Open house was held from 2 to 5 p. m. Sunday afternoon, at which hours many close friends of the couple called. Punch was served with the huge 35-pound wedding cake to all who called to extend their best wishes to this pioneer couple.

Anna Sue Waldron Bobbie Owens Are Married Thursday

Miss Anna Sue Waldron and Bobbie Owens were united in marriage last Thursday evening, October 2, at the Gillespie Baptist Church. Mrs. Sullivan played the traditional wedding march while the Rev. Sullivan read the marriage vows.

The bride wore a gray suit with black accessories and had a corsage of pink carnations.

The bride is a graduate of Sunset high school.

Those attending the wedding were: Mrs. Waldron, mother of the bride; Mrs. E. M. Owens, mother of the groom; Mr. and Mrs. Jim Waldron; Mr. and Mrs. N. A. Robinson; Patsy and Helen Owens; and Sargent Lowe.

Immediately after the wedding, the bride and groom left for a short wedding trip to Fort Worth.

Mrs. Toby Yates Honored At Shower Thursday, Oct. 2

Mrs. Toby Yates was honored with a lovely bridal shower last Thursday evening at the home of Mrs. Truman Cyfert.

Guests were greeted at the door by the bride and Mrs. Truman Cyfert. Mrs. Otis Simpson presided at the brides book where twenty six guests registered during the evening.

From there, they were directed to the dining room where sandwiches, cookies, and punch were served. Mrs. Bobbie Cyfert served cookies and sandwiches while Mrs. Dave Jetton served the punch. The lace covered table was beautifully decorated with an arched bride and groom placed on a mirror lighted with tiny lights. On the bow at the top of the arch was the date of the wedding and on the streamers were the names "ALICE" and "TOBY".

After the guests were served, they were directed to the bed room where many lovely gifts were on display.

Sunset H. D. Club Meets Thursday With Mrs. Wyatt

The Sunset H. D. Club met in the home of Mrs. Gil Wyatt, Thursday afternoon, October 2nd. Mrs. Bob Hicks, the president, called the house to order for a short business session.

With the business meeting over, Miss Eugenia Butler, Agent for Knox county, presented the club with new cook books, and then demonstrated "praline cake making" from one of the recipes in the book.

Mrs. Hicks asked that all members be present on October 16 when the club meets in the home of Mrs. Almanrode. The business for the next meeting will be the election of officers, and planning for "Achievement Day".

Club members were happy to have as their guests Mrs. Tom Martin and granddaughter, Stacia.

Club Council Plans Programs In Year Book

The year book committees and other council members met at the court house Friday, October 3rd, for the purpose of working on the year book, which will carry the next year's programs for the different clubs of the country. In this work they were assisted by the Home Demonstration Agent, Miss Eugenia Butler.

At high noon, all present, enjoyed a covered dish lunch and after lunch resumed work on the year book programs.

At 2:00 P. M., Mrs. R. M. Almanrode, chairman of the council, called the meeting to order, and the meeting opened with the singing of three songs: "The Eyes of Texas," "Boom Boom" and "Hello Miss Butler gave a very interesting report on her trip to College Station and also reports were given on the state meeting by Mrs. W. E. Paek, Mrs. S. O. Turner, and Mrs. O. R. Miller.

Officers elected for the coming year were: chairman, Mrs. Lee Snallum; vice chairman, Mrs. O. R. Miller; secretary, Mrs. Clyde Taylor; treasurer, Mrs. W. E. Paek; reporter, Mrs. J. O. Cure; and parliamentarian, Mrs. R. M. Almanrode.

Mrs. Myrtle B. Bienenach-efoaiW Mrs. Myrtle Bisbee and daughter, Grace, of Benjamin were business visitors in Munday last Saturday.

Mrs. Myrtle B. Bienenach-efoaiW Mrs. Myrtle Bisbee and daughter, Grace, of Benjamin were business visitors in Munday last Saturday.

Mrs. C. M. Forehand and Mr. and Mrs. Gordon Forehand of Graham visited relatives in Munday and Weinert over the week end.

Bridge Club Has Meeting Tuesday With Mrs. Goode

The bridge club met last Tuesday morning, September 30, at the home of Mrs. Bill Goode. The traveling prize for "bidding the game and making it", was given to Mrs. Chas. Haynie Jr. No prizes are given for the ones having the highest score but semi-annually, the ones having the lowest score entertain the high scorers.

Mrs. Bill Goode served refreshments to the following members: Mmes. Paul Pruitt, Nard Boone, Doris Dickerson, Chalmers Hobert, Earl Nichols, Buddy Bampass, Chas. Haynie Jr., and E. B. Littlefield.

Guests for the morning were: Mmes. Don L. Ratliff, Red Thompson, and James A. Rayburn.

Methodist WSCS Meets Monday In S. A. Bowden Home

The W. S. C. S. met Monday afternoon in the home of Mrs. S. A. Bowden. After the devotional was given by Mrs. Gill Wyatt, Mrs. S. E. McStay, president of the club, called the meeting to order and the business meeting got underway. Program leaders for the afternoon was Mrs. D. E. Holder. Interesting reports were given by the chairmen of each division. Miss Shelly Lee gave an article on "World Christian Service."

After the business meeting, a very pleasant social hour was enjoyed by: Mmes. D. E. Holder, G. W. Dingus, David Crockett, Don Davidson, J. C. Berden, H. A. Pendleton, Gil Wyatt, E. E. Lowe, J. C. Rice, S. E. McStay, P. V. Williams, R. D. Atkinson, Miss Shelly Lee, and the hostesses, Mrs. S. A. Bowden and Mrs. Luther Thompson.

The program was concluded by singing "A Change to Keep and Have."

Bobby Haymes And Miss Peggy Morton Engagement Told

Mr. and Mrs. G. D. Morton of Irving, Texas, have announced the engagement and forthcoming marriage of their daughter, Miss Peggy Morton, to Robert H. Haymes, of Dallas, son of Mr. and Mrs. Lee Haymes of Munday.

The marriage will take place at Irving, Texas, on Thursday, November 6, 1947.

Attend Some Church Next Sunday

CHURCH OF CHRIST

10:00 a. m. Church School
A friendly class with a prepared teacher for every age group.
11:00 a. m. Morning Worship
An opportunity to worship in prayer and song and to find your spirit renewed and your heart cleansed for another week of living for Christ.

5:45 p. m. Junior Church
A meeting for teen age youth with adult counsellors present. A program you will appreciate and a friendly helpful spirit.

6:30 p. m. Evening Vespers:
An informal preaching service to prepare us for the week and give us an opportunity for some friendly visiting.

We know that our Souls need food just as our bodies do so on the Lord's Day we spend our time and energy opening the door of our Spiritual Lives to the ministry of His Church that we shall not be weaklings in spirit or in Soul. He becomes our Bread of Life and we are well and happy. Won't you join us for that purpose?

First Baptist Church

All services at the regular hours next Sunday. Sunday afternoon at three o'clock there is to be a Youth meeting at Haskell First Church. We are anxious to have a good delegation from this church. Glen Norman is to be the speaker. You will be rewarded for this trip.
W. H. Albertson.

Miss Naomi Hampton of Hardin College, Wichita Falls, spent the week end with her parents Mr. and Mrs. Sam Hampton of Goree. Miss Hampton also visited with friends in Goree and Munday.

Mr. and Mrs. Carl Green visited their son, Mr. and Mrs. Gilbert Green of Wichita Falls last week end.

METHODIST CHURCH

Sunday, October 12
SERMON SUBJECT:
"And the disciples were called Christians." (Acts 11:26)

Sunday Night
SERMON SUBJECT:
How Are Your Eyes?
JESUS DIDN'T QUIT

Jesus didn't quit meeting with the disciples because Judas Iscariot was a thief, nor because Peter was fickle at times. He did not quit preaching and living right because some of the brethren were unforgiving, unkind, over-ambitious or agnostic. Jesus didn't quit his post of leadership because he once had in his presence an adulterous woman, an unscrupulous business man, a gang of Pharisaical hypocrites or narrow-minded demon worshippers. WHY HAVE YOU QUIT? ARE YOU PLANNING TO QUIT?

Mr. and Mrs. Jack Hensley of Wichita, Kansas were guests in the home of Mrs. Hensley's parents Mr. and Mrs. L. L. Womble, over the week end.

Mr. and Mrs. James Usery and two sons of Haskell visited with relatives here last Sunday.

NOTE OF APPRECIATION

During the serious illness of our son, I am unable to be at the Munday Radiator Shop, but I expect to return to my work just as soon as possible.

I appreciate the patience of those having work in the shop to be turned out, and assure you this work will be completed just as soon as possible. Thanking you, I am

Very sincerely,
HOMER EDRINGTON.

W. A. Spelce and E. F. Horan attended the Legion meeting at Graham last Saturday.

Uncle Sam Says

There's no question about the umpire's decision when you come home with a United States Savings Bond in your pocket on pay day. Each additional savings bond you acquire through your participation in the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank is another score for you and your family. Get safely to some plate as many times as you possibly can now while your hitting power in the automatic savings bond cage is at its greatest strength.
U. S. Treasury Department

Time To Plant Trees; Seedlings Made Available

College Station—The state's first northern brought a reminder from the Texas Forest Service at A. and M. College that tree-planting time is just around the corner, and that seedling orders need to go in as soon as possible.

Forest Service officials at the state nursery near Alto will have almost 18 million seedlings that have been selected for adaptability in Texas. The trees will be sold at cost of production for use in starting timber and fence post plantations and for windbreak purposes. The seedlings are not to be sold for landscaping.

D. A. Anderson, in charge of the state nursery, reports that 15 different kinds of trees will be available from the nursery by late December.

For planting in East Texas, there are slash and loblolly pine, black locust, bois d'arc and calappa. For the Rio Grande Valley; eucalyptus and Australian pine. West Texas; red cedar, arizone cypress, russian mulberry, green ash, thornless honey locust, dummer willow, western yellow pine and pistacia.

Prices on pines are listed at \$2 per 1,000 trees; on black locust, \$2.50; all other species, \$3. The prices are f. o. b. the nursery at Alto.

Information on ordering the seedlings may be obtained from the local county agent or by writing to the Texas Forest Service at College Station.

J. E. Graham was a visitor in Galveston over the week end.

IT PAYS TO ADVERTISE

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

Austin—According to Dr. Geo. W. Cox, State Health Officer, pneumonia caused approximately 2,400 deaths during the past year in Texas, a total which is entirely too high. This disease is most prevalent during the winter and spring seasons.

Pneumonia is caused by a germ called the pneumococcus, which many of us have lurking in our throats ready to start trouble, when our resistance to it is lowered. We can keep up our resistance by avoiding undue fatigue and unnecessary exposure to extreme weather conditions. When we go outside in cold weather sufficient wraps should be worn to protect us. Keeping the temperature of our homes as low as is consistent with comfort will greatly lessen the difficulties encountered in adjusting ourselves to the cold when we leave the house.

Another method of prevention in pneumonia is not to neglect a cold, for the common cold often results in pneumonia when neglected. A person with a severe cold should stay at home, and call his physician for advice if temperature persists or the cold lingers on.

He should follow his physician's advice until the cold has disappeared. A patient may really have beginning pneumonia when he thinks it is only a cold. If the physician's advice is sought, he will have an opportunity to start treatment early if pneumonia is present, or develops in such cases.

Walter Massey returned home from Pacos last Sunday where he had been visiting with his father who is ill.

Mr. and Mrs. W. D. Eeds and family of Stephenville were guests in the home of Mr. and Mrs. H. E. Moore this past week.

MANUFACTURED BY BENDIX CORP.

The complete hydraulic unit was designed at our factory for use on the Jeffcoy "Soil Control Cultivator" and other farm and industrial machinery. It is completely manufactured by the Bendix Corporation. It is precision made, dust and dirt proof, simple in design, easy to install, inexpensive to operate, and a saver of time.

The quick acting, high pressure hydraulic hand pump (see No. 1) provides an immediate source of tremendous power to do almost any type of heavy work. The Power Dome (see No. 2) is a self-contained pumping unit incorporating a reservoir, double acting pump, relief valve, and pressure release valve. It requires the connection on only one pipe from the pump to the cylinder (see No. 3) to be ready for use. The handy lever located in the base (see No. 4) releases pressure as desired, lowering the ram any desired distance with controlled speed.

The reservoir has a 2 1/4 quart capacity and can be filled with any light motor oil SAE No. 10 or equivalent. Normal operating pressure of pump is 3000 PSI. Maximum pressure is 5000 PSI. The clean, simple design and rugged construction of the Power Dome result in extreme long life and freedom from service repairs. No adjustments are required.

Just Crumbs

(By Nadine Butler)

Did any one ever stop to consider just how much hard tedious work goes into publishing a high school annual?

If you have no idea of the work involved just follow the advertising campaign members around a few hours.

Five tired pupils drag their weary feet back to old Sunset

Tuesday afternoon after visiting almost every business place in Knox City and Munday.

But along with their weary feet and aching backs, they brought with them a success story to report to their anxious sponsor, Mrs. Partridge.

Many interesting and comical incidents can happen while the advertising campaign is going on—that is if you aren't tired to

observe them—or too disappointed.

But take a good hint—if you ever want a job working on an annual staff take the easiest job—that of selling advertisements. (an example of irony)

SPORT NEWS

Well the Eagles met defeat the past week at the hands of the Megargel Mustangs to the tune of forty-six to six. As usual there is always a excuse but excuses get no one anywhere and we were just outplayed.

This week the Sunset Eagles meet the Benjamin Mustangs at Benjamin at 2:30 Friday afternoon.

Senior News

The Sunset students are all delighted to begin their year book of 1948. We have been haunting and cajoling the businessmen of Munday and Knox City for advertisements. We greatly appreciate the response we received.

The seniors received their play books and plan to start practicing as soon as possible.

The volley-ball girls of Sunset were all aglow today to get to practice for the first time this year. We shall have two teams this year, an A and B team.

First and second Grades

Ranella Mansfield's aunt and uncle, Mr. and Mrs. Mansfield, from Archer City visited her Sunday.

Shirley Nell's little sister is visiting with her grandmother.

Raymond Pack's grandmother, Mrs. Pack, of Stevenville visited with him over the week end.

Stella Acosta is our new pupil. Carroll Claborn's uncle, T. W. Harber of Dallas visited her over the week end.

Shirley went shopping at Stamford Saturday.

Fourth and Fifth Grades

The fourth grade chose Patsy Butler for their queen. Her escort is Robert Hertel.

Lavada visited with Mrs. Scott Sunday night.

Travella Butler's sister, Virginia Butler will become Mrs. Vernon Wood Teaff Wednesday night at 7:30.

Fifth grade queen is Annette Brewer, her escort is J. R. Booe.

Junior News

Most of the juniors were bright eyed and smiling this week, except for a few who yawned occasionally.

Historical book reports will be given by this intellectual group Friday. American background as it appeared in EPIC of AMERICA by James Adams, should be ex-

dent in these reports.

In American history we are studying the constitution of America. Dennis thinks he might even have a chance to become president someday, if a man like Andrew Jackson could be such a successful one. Our source of information says Andrew was rough, swashbuckling and ready. Dennis has all these qualities.

Even an eagle must light on a pinnacle or mountain crag to gain its equilibrium, at times. These Sunset Eagles lit on one Thursday night, in the form of a football field.

Sophomore News

Patricia and Betty Matthews attended the golden wedding anniversary of their grandparents, Mr. and Mrs. J. K. Johnson, Sunday.

These sophomore girls want to have a superb volley ball team this year.

At our Halloween Carnival snooks are going to be running a first class House of Horror. Everyone who is not weak hearted is invited to be scared out of his wits by us.

Freshman News

Our study of heroes has taken us from the days of the Roman and Greek myths through Bible times, through the days of King Arthur down to heroes right around home. Actually more heroic and unselfish deeds are done around us than we recognize. We are usually so busy with thoughts of ourselves and our own interests, we fail to recognize courage and unselfishness in our fellow men.

Sixth and seventh Grade News

Paul Walker and Roy Voyles are back in school.

Jack Hardin's sister, Edna Faye Damon from Pop, Texas visited him over the week end.

Corrine Urbanczyk is absent today. Her sister from California is visiting her. Johnnie Matthews spent Sunday with her grandmother and grandfather Mr. and Mrs. Kelly Johnson.

In science we made an electromagnet. It was interesting.

Third Grade News

Mercedes Hernandez went to Wichita Falls on Saturday.

Leon Voyles is back in school after spending a week pulling cotton.

Emma Lou Estrada is a new pupil in our class. She came to us from Gore.

Danny Max Field went fishing Saturday on Wild Horse Creek.

Our queen is Nancy Matthews and her escort is Danny Pack.

Veterans' News

The doctor's bill per patient per day in VA hospitals which are most expensive to operate, excluding food and administrative costs, is \$1.47, Dr. Paul R. Hawley, VA's Chief Medical Director has revealed.

That is the average cost for all doctors' services in general medical and surgical hospitals, Dr. Hawley declared in an address before the American War Dads in convention in Fort Worth, Texas.

In tuberculosis hospitals the bill comes down to 88 cents per day, and in mental hospitals the cost per patient per day "is the ridiculously low figure of 36 cents," Dr. Hawley added.

One big factor in low doctor

bills for VA hospitals is the conversion of these institutions into "teaching hospitals" where the latest developments in medicine are taught, he said.

Doctors are anxious to become associated with VA hospitals to gain this knowledge and are willing to provide their services for lower pay than otherwise be true, Dr. Hawley said.

He emphasized that all resident doctors learning specialties in VA hospitals are full-fledged doctors taking further training under the watchful eye of specialists, fully accredited to medical specialty boards.

Veterans who fail to repay subsistence allowance overpayments while in education or training under the GI Bill and who later apply for unemployment or self-employment allowances will have the amounts they owe the government deducted from the latter benefit checks, VA reports.

Explaining that Federal statutes prohibit payment of Government funds to persons indebted to the United States, VA said instructions will be issued to state unemployment compensation agencies for the recovery of such overpayments from readjustment allowance claimants.

These agencies administer the program in their respective states and make the actual payments to unemployed and self-employed veterans, although VA foots the bill.

Veterans who have made arrangements with VA to repay their indebtedness are considered in good standing and are in no way affected by the new system, since it will be used only in cases where "there is no apparent means of recovery from sources other than readjustment allowances," VA said.

Questions and Answers

Q. Do I have to repay subsistence allowance overpayments before I can go back to school under the G-I Bill?

A. No. You merely have to make satisfactory arrangements to repay all overpayments before you will be permitted to reenter school under Public Law 346 (G. I. Bill). It is VA's policy not to force any undue hardship on a veteran in the collection of these funds.

Q. Is VA going to help veterans like myself whose hearing was impaired while in the service?

A. Yes, by a special program of medical rehabilitation to help you overcome hearing handicaps. The program includes a series of hearing and speech tests, the selection and fitting of a hearing aid if indicated, auditory training, lip reading instruction and speech correction if necessary.

Q. My son has renounced disability payments and I would like to know if he or his wife will lose

their rights to other benefits provided by law?

A. No. Neither your son nor his dependents will lose any of their rights to other benefits provided for them by law.

Q. My grades at school have been low and I would like to know if VA will help me find a way to

bring my grades up?

A. You may receive assistance of VA's educational and guidance service in an endeavor to correct those factors which may be contributing to your low grades. However, you will have to meet the requirements of the school if you wish to continue your course.

"The Farmall House"

B. F. Goodrich FIRST IN RUBBER

ADVERTISEMENT FOR BIDS
Sealed proposals will be received by the City of Munday, Texas at the office of the City Secretary for the construction of **STREET PAVEMENT IMPROVEMENTS** and at that time and place the proposals will be publicly opened and read.

The proposals must be accompanied by a bidder's bond or a certified check in the amount of SEVEN THOUSAND DOLLARS (\$7,000.00) payable without recourse to the order of the City of Munday, Texas as a guarantee that the bidder will enter into a contract and execute a Performance Bond in the forms provided within ten (10) days after notice of award of contract to him.

The successful bidder will be required to furnish a Performance Bond for 100% of his total bid, written by a responsible security company satisfactory to the City Council. The City reserves the right to reject any or all bids and to waive formalities.

Bidders are expected to inspect the site of the work and to inform themselves regarding local conditions.

Plans, specification, and other proposed contract documents are on file at the office of Joe E. Ward Consulting Engineer, 545 Nacoll Building, Wichita Falls, Texas,

and at the office of the City Secretary at Munday, Texas. Copies may be secured upon the deposit of fifteen Dollars (\$15.00), which will be returned if the contractor submits a bona fide bid and/or returns the plans and specifications before the bid opening.

The proposed work includes approximately the following:

- 61,800 Square Yards of Grading for Street Paving.
- 61,800 Square Yards of Asphaltic Surface Course Pavement with Soil Cement Base Course or Gravel Base Course.
- 29,900 Feet of Concrete Combined Curb and Gutter.
- 2,400 Feet of Concrete Headers.
- 280 Feet of 30" x 17" Corrugated Metal Arch Pipe.

Mr. and Mrs. Aaron Edgar spent the week end in Fort Worth and Dallas, visiting with relatives and attending the State Fair of Texas.

Mr. and Mrs. Marvin Warren and son, Jerry of Plainview visited Mr. Warren's parents, Mr. and Mrs. S. J. Warren, and other relatives in Munday last week end.

Ginger Rogers — Dairy Maid

ROGUE RIVER, ORE.—(LOOK Photo) Lovely Ginger Rogers, clever business woman as well as talented movie star, is the proud owner of a 1,082 acre farm in the rich Rogue River valley of western Oregon. The farm has the latest and best dairy equipment and sometimes Ginger takes a turn with the "chores" herself—to relax from the routine of Hollywood. Here she applies an automatic milking machine to a prize cow.

Weather Report

Weather report for the period of October 2, thru October 8th, 1947 as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

Oct. 4	62 67	93 81
Oct. 5	61 62	95 83
Oct. 6	65 61	90 76
Oct. 7	64 65	92 74
Oct. 8	65 65	85 72

Rainfall this week, .31 inches. Rainfall to date this year, 17.85 inches. Rainfall to this date last year, 19.57 inches. Rainfall since Nov. 1, 1946, 23.74 inches.

VERY LITTLE TROUBLE

Crosby county wheat this year had a very low percentage of dockage due to poor milling qualities as compared with most West Texas counties.

The reason, says County Agent W. R. Kimbrough, is that wheat farmers in the county planted most of their acreage to registered and certified wheat varieties. Only four per cent of the wheat harvested in Crosby county this year was classed as poor-milling grain.

Plans are being carried out, says Kimbrough, to eliminate all the poor-milling wheat in Crosby county. Over 5,000 bushels of registered and certified Westar wheat were purchased for planting this year, plus 10,000 bushels of

certified Tenmarq seed and 1,000 bushels of certified Comanche. Those varieties are recommended as good millers. The grain was purchased from elevators and feed companies that are cooperating by stocking good planting seed.

Kimbrough says plans are already made to organize an association to produce certified wheat and to build a seed cleaning and treating station.

Mr. and Mrs. Ralph Schultz of Mountainbow, Ark., visited with friends and relatives in Munday the past week.

Fire losses in the United States are zooming to an all-time high, and threaten to exceed \$700 million this year.

About 600,000 building fires occur in this country each year. Half of those burned buildings are dwellings.

QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID
