Don't make your Car a glutton for punishment

JUST because most motors are built to withstand terrific abuse is no good reason for carelessness with regard to lubrication. Lack of oil or the use of the wrong oil sends many a good engine to an early grave.

Reason enough why you should use Conoco Motor Oil—regularly. This tried and tested oil is of the same high quality whenever and wherever you buy it. Stands up under extreme engine heat. Saves gasoline. Reduces friction to a minimum. Does a thorough lubricating job and hence assures extra life for your car.

There's a grade for your motor. Ask your dealer for the chart.

PUBLISHED WEEKLY EVERY THURSDAY

TO THE VOTERS:

It is only a few days now until the voters select their standard bearers for the respective offices of the district and county. As previously announced, I am a candidate for the office of District Attorney for this (50th Judicial) district. I have had the pleasure of meeting a member of you personally, and regret that it was not possible to see all of you.

The District Attorney's office is an important one, and should not be held continuously by any one person. Two terms is enough, and being a Democrat, am opposed to third terms. I want the office, because I feel I can be of service to all, fair and fair alike, and if elected, my time is yours—either day or night.

Am a native Texan, 37 years old. Have been practicing law for thirteen years, with the exception of twenty-one months, when I was serving my country in the World War over seas. Therefore, am not a novice, or a beginner. Have served Baylor county as its county attorney for almost two terms. Have had previous experience in the prosecution of criminals from all walks of life. I shall wage relentless warfare on all violations of the law, whether he be in broadcloth or blue overalls.

On July 28th, I solicit your vote for District Attorney. In return for that, if elected, I will give the citizens of this district my undivided time and attention, without any strings whatever, and will use every effort to make this a better district in which to rear your sons and daughters.

Respectfully,
DICK DRESSER,
 Candidate for Dist. Attorney.

made elsewhere when he found any believers in Christ.

With the zeal of an ardent personal faith and ability as a trained speaker Saul, or Paul as he was later called, began his arguments and proved by irrefutable evidence that this same Jesus was the long expected Messiah. Saul was a great scholar, trained by famous teachers and was unusually able in debate. While his audiences might be forced to concede his conclusions they were not always sympathetic with what they could not deny.

Even for himself there was much to be thought through. For the purpose of having time for meditation and prayer Saul soon left Damascus for some place in Arabia. Clear record of this is found in Galatians 1: 15-18. By comparison note that Moses spent forty years in special preparation in Arabia for his leadership of Israel out of Egypt, and Jesus was forty days in the Wilderness, contemplating his great mission after the descent of the Holy Spirit at the Jordan. From the desert school of many months Saul returned to Damascus and again took up his teachings in that city.

Plots were now laid against this one who had severely persecuted others. Watchers were set to seize him if he fled from the city. These plans were discovered by those who were eager to save the life of this one

who proclaimed such a religion of joy and hope. It was possible to avoid seizure by lowering Saul in a basket from a window that overhung one of the walls and so he escaped and hastened to the disciples at Jerusalem. There Saul had his surprise, for these leaders in the church would not accept him as a convert in view of the way he had made havoc by awful persecution, and particularly by having part in the stoning of Stephen, the first Christian martyr.

Barnabas was the one who championed Saul and helped them to see that the conversion before the walls of Damascus was genuine. They were further convinced as Saul "preached boldly in the name of the Lord Jesus" even when many were seeking to kill him because of the position he had taken. In order to save his life the brethren decided that it was better for him to preach elsewhere for a time, and Saul used the opportunity of returning to Tarsus his home town in Cilicia. He remained there until they wanted a preacher at Antioch where already there were many converts, and many more were daily inquiring about the Jesus Way of living. It was at Antioch that the "disciples were first called Christians."

Sunday School Lesson

International Sunday School Lesson for July 22—Acts 9: 19-30; 11: 25-26.

By Samuel D. Price, D. D., Associate General Secretary of the World's Sunday School Association.

Saul never had any use for his letters of authority in Damascus, which he brought from the Sanhedrin at Jerusalem. He came to arrest those who in that city were believing in Jesus of Nazareth as the Sent

God. When he had that life-changing revelation outside the city his entire purpose was changed instantly. As soon as he was recovered from his blindness he was eager to tell others about the difference in his own attitude. Being a devout Jew he made his point of contact with the audience of his fellows in the synagogue. The hearers could not believe their own ears, for they had known of about the havoc that Saul had

TO THE VOTERS OF THE 50TH JUDICIAL DISTRICT:

As you know, I have announced my candidacy for District Attorney of the 50th Judicial District, subject to the Democratic Primary to be held on July 28th. To those of you who know me there is nothing that I might now say or do that would add to or detract from the opinion that you have of my honor, integrity and ability. To those of you who do not know me, I refer you to those who do. I am willing to stand or fall on their statements concerning my past actions.

I was born and reared in Baylor county, Texas; attended the public schools of Baylor county and graduated therefrom; I attended the University of Texas where I finished my academic and pre-law education and then went to Cumberland Law School in Lebanon, Tennessee, from which school I graduated in June, 1923. Also in that month I was admitted to the bar and received my license to practice law in all the courts of Texas. Since which time I have been engaged in the practice of the law in Seymour, Texas.

I have no platform and I see no need for one. If a man is honorable and upright he will at all times do what is right and just by his fellow-man. I can only promise that I will at all times do what is right and just by his fellow-man. I can only promise that I will at all times do what is right and just by his fellow-man. I can only promise that I will at all times do what is right and just by his fellow-man.

As this district covers much territory it has been impossible for me to see each individual personally. I have been in every voting precinct in the district and have made many friends in each.

The campaign has been pleasant. It has been my pleasure to meet you and share the hospitality of many of your homes. I trust that I will, regardless of the outcome of the election, see you many times in the future.

Sincerely,
J. DONNELL DICKSON.

KNOX VETERANS SHOULD VOTE FOR JAMES A STEPHENS

Every voter in Knox county should vote for James A. Stephens for the reason that he is a good lawyer and well qualified to fill the place. He has lived in Knox county nearly forty years and he has studied the law in a good lawyer. This part of the district should be represented on the court which consists of three judges and it would not be fair to elect them all from Eastland and the east

WOMEN'S HOME D. CLUB ENCAMPMENT JULY 10-11, 1928, AT BROACH LAKE

Baylor-Knox-Haskell women's encampment, composed of the Home Demonstration Club women of the aforesaid counties, met for their yearly outing at the Broach Lake south of Munday on Thursday, July 10 for a two days session. Miss Myrtle Murray, district agent was present, in addition to the agents of the three respective counties.

Before repairing to camp grounds women were entertained in Munday by The West Texas Utilities Company in a demonstration and lecture on Electric Refrigeration.

After reaching camp meeting was called to order and organization perfected by electing Mrs. J. O. Cure of Gilliland camp president and Mrs. W. J. Farris, address as secretary. Lunch was spread at twelve o'clock—being an offering of many good edibles prepared by the club women. After lunch Miss Murray gave a lecture on "Leisure Well Used." Then all clubs were assembled into four main groups—each represented by a color blue, green, red and yellow and a general get-acquainted program was launched and contest entertainment inaugurated.

In cool of the evening many took advantage of the bathing opportunity. Then another wonderful spread of food for supper, after which groups tried with each other in putting on stunts for evenings entertainment, and at a late hour coats, pallets, etc., were arranged en masse and all sought slumber—but were up early next morning and eagerly awaiting arrival of breakfast which was so generously supplied by the Munday Chamber of Commerce and conveyed to camp by Messrs. McGlothlin, Kennedy and Elliott.

A lecture on Home Decoration was given by Miss Gunn, Haskell County Home Agent. Then more fun—and after the last stunt Miss Bradley of Baylor county, by an appropriate speech, presented the winners with the Trophy Cups—blues

end of the district. In fact west Texans should support West Texas people and this instance if Stephens is elected it would mean that the west end of the district will be represented.

Thanks, farewell etc. were then indulged in and camp was broken, all declaring it a most enjoyable camp with a hearty full of gratification for those who had so graciously contributed to the success of the meeting. We left vowing never to miss an encampment and to try to increase our number next July, when meeting will be with Haskell county women.
