HELP KEEP
MUNDAY CLEAN!

NUMBER 5

Kracker Krumb's Odd Bits Salvaged At Random

(By Aaron Edgar)

Do your part! Help keep Munday clean!

This has been published in advertising of local firms recently, and is fast becoming the slogan of every one interested in keeping the town clean and healthy.

It's occupying one of the "ears" of our newspaper this week, up there in the far corner of this page. It will stay there until we're ready to change it.

It can well become the slogan of each and every individual in our town. It could be a working slogan, our daily good deed that will make us all conscious of how clean, or how dirty, our town is.

Our sanitation committee is vitally interested in keeping the town clean—in our cooperation with the one who hauls away our trash and garbage.

This trash, cans, etc., must be placed so it is convenient for the truck to reach the spot. If your back yard does not have a gate, place your garbage cans so the truck can drive to them.

Burning trash in containers has caused fire to break out in the garbage truck after the container has been emptied into the truck. If there's evidence of fire in your barrel or container, it won't be emptied and hauled off.

It takes education to make everyone cleanliness conscious, they say. And it'll take some self education.

So begin your "school work" each morning. Help see how clean we can keep the town.

Most everyone is cooperating, but there are some instances where the garbage truck can't reach places where garbage, trash, cans, etc., are placed.

Read the recommendations of the committee on sanitation this week. It's headed "How To Keep The Town Clean."

In this is a recommendation about hogs, and it appears the city is fixing to commence to enforce and ordinance about hogs on the hoof within the city limits.

It's everybody's business to help keep the town clean in the residence section. It's the business man's business to keep it clean around his business house.

And that's what they aim to do. Soon you'll see barrels on the city hall lawn—and they aren't being placed there to look pretty. They won't.

If you have a piece of paper, an ice cream container, or something of the sort, you're not supposed to pitch it down on the street or on the lawn.

That's where the barrel will come in. The barrels are for the purpose of holding such things until they're hauled off. They will be "decorating" our city hall, and maybe other places, until more suitable trash containers are made available.

Then there's the matter of dirt and trash and stuff collecting in the gutters of our pavement down in town. A street sweeper would come in handy—but we don't have that.

Our committee on sanitation is interested in keeping this slogan too. Captains have been appointed Wheat Farmers of Knox County for each block of the business district. These captains are to ask each business house to sweep up around the curb each morning, or as often as necessary.

Some say ten minutes every morning will get the job done for each store front. Then we won't need the city maintainer to blade it up occasionally.

Sweep it up, put it in boxes, they say, and put it where your other trash and rubbish is placed for the collector.

Keep curbs clean, keep alleys clean, keep the town clean. That's what our leaders want, so Mr. Pollio germ will find Munday unhealthy for him.

As we started across the street Tuesday morning, just tickety-split in search of an ad, Dick Atkinson hollered at us. We applied the skids and waited for him.

"Just wanted to inform you that you're the captain for your block," he says.

We looks over at the curb in front of the office—and it was a sight: So were some others along "our block," and we nearly thinks (Continued on Last Page)

First Bale Of Cotton Ginned Here Friday

Munday's first bale of cotton for the 1948 season was ginned here last Friday afternoon.

It was grown by Mrs. A. B. Urbanczyk, who farms north of town in the Rhineleland community.

Munday's first bale was ginned by the Farmers Co-op Gin of Munday. Following the usual custom, this bale was ginned free of charge.

Out of 1,680 pounds of snapped cotton, Mrs. Urbanczyk received a 490-pound bale. This came in about ten days earlier than the first bale last year, which was ginned on August 30.

Cotton generally is later this year, due to heavy rains at the beginning of the planting season, but gathering is expected to get well under way in the next few weeks.

Prospects are bright for a bumper cotton crop, and a few cotton harvest hands are already coming into the county to be ready when gathering starts.

According to reports Monday, Mrs. Urbanczyk had not sold the first bale.

Rev. Whatley Of Haskell Buried Last Tuesday

Funeral services for Rev. H. R. Whatley, 60, Baptist minister of Haskell, who died in Hendrick Memorial Hospital, Abilene, Sunday night, were held at 3 p. m. Tuesday at the First Baptist church of Haskell.

Rev. Whatley had been in the hospital since July 12. He became ill while conducting a revival at Holiday.

Born May 21, 1888, in Blevins, Falls County, he was a graduate of Howard Payne College, Brownwood, and of Southwestern Baptist Seminary, Fort Worth. He was pastor at Haskell from March 1927 to November, 1947, and has previously served as pastor of the Baptist church at Pampa.

Rev. Whatley was well known in Munday, having conducted revival meetings here.

Survivors are the widow; three sons, Herman and Calvin of Pampa, and Howard Whatley of Houston; a daughter, Mrs. Wilma Adkins of Haskell; two sisters, Mrs. Bertie White of Brownwood and Mrs. Lois Richardson of Lometa; a brother, Arthur Whatley of Goldwaite, and eight grandchildren.

The picture was produced at a cost of about three million dollars, Tuck said.

He will appear in "wardrobe" and sporting a mustache in the picture. Extras always appear in "background scenes", and that's where Tuck will be found, if you can find him. Tuck says he will appear in a few close-up shots.

"I really enjoyed working with the cast in the production of this picture," Tuck said, "following the filming all the way through. Of course, I'll see the showing at the Roxy Theatre, and it will bring back pleasant memories to me."

The picture was produced at a cost of about three million dollars,

Tuck said.

**Goree Faculty
Is Announced**

As was announced last week, the Goree Public Schools will open for the 1948-49 term Monday morning, September 6. The following faculty will be in charge:

H. D. Arnold, superintendent and mathematics; James C. Carter, high school principal and coach; Mrs. G. S. McClellan, English; Mrs. Nell Jackson Manly, homemaking; Milton Kirby, science and junior coach; Mrs. H. L. Moore, elementary principal. Other faculty members are Mrs. Vera Carver, Mrs. W. M. Taylor, Mrs. Cecil Burton, Mrs. H. D. Arnold, Mrs. Jerry Rogers, and Mrs. Ava Thiebaud.

Pupils are requested to bring books and report cards on opening day. Pupils will be enrolled in the morning and buses will take them home before noon. The lunch room will be in operation Tuesday.

There will be no formal opening program, but parents are invited to be present for the opening.

Funeral Held For Mexican Infant

Joe Silbaz, 4-month-old son of Charles and Cesaria Silbaz, Mexican couple, passed away on Monday, August 23.

Funeral services were held from the St. Joseph's church in Rhineleland at ten o'clock Tuesday morning, being conducted by Rev. Fabian Diersing, pastor. Burial was in St. Joseph's cemetery, with the Mahan Funeral Home in charge of arrangements.

The child is survived by his parents, two brothers and four sisters.

He is survived by his wife and two sons, J. C. and Weldon Allen, all of Fort Worth.

He was a brother-in-law of Claude Hill, J. A. Hill and Mrs. E. J. Cude, all of Munday.

BIRTH ANNOUNCEMENT

A son, Donald Wayne, was born to Mr. and Mrs. Clyde Hendrix, Jr. on Sunday, August 22, at the Knox County hospital. The little boy weighed seven pounds and nine ounces.

Kindergarten To Begin On Sept. 13

Mrs. Paul Pendleton has announced that she will teach classes in kindergarten this year, with classes beginning on Monday morning, September 13.

Morning classes will be held in the Sunday school rooms of the First Presbyterian church.

Those interested in enrolling children in these classes should contact Mrs. Pendleton before the above date.

Delighting in an afternoon picnic snack on the lawn of the Texas Scottish Rite Hospital for Crippled Children in Dallas, these young patients enjoy recreation and companionship while undergoing corrective treatment.

Picture left to right are: Clara Bryan, Midland; Wanda Williams, Euless; Marguerite Clark, Fort Worth; Melva Sue Bonner, Tyler; and Anna Beth Goodwin, Dallas.

Three of these girls are recovering from the devastating effects of polio at the Scottish Rite Hospital, the remedial center of Texas for that dread disease. The facilities of the hospital, which are provided by gifts and bequests, are made available at no cost to those for whom treatment would otherwise be unobtainable.

Police Chief To Appear In Local Picture

When the motion picture, "Red River" shows at the Roxy Theatre on next Sunday, Monday and Tuesday, friends of D. E. (Tuck) Whitworth, local chief of police, will be looking for him. The contest will be too see who will recognize Tuck.

Whitworth was deputy sheriff of Santa Cruz County, Arizona, at the time the picture was filmed in 1946. Tuck worked with the producers both as deputy sheriff and as an "extra" in the picture.

He will appear in "wardrobe" and sporting a mustache in the picture. Extras always appear in "background scenes", and that's where Tuck will be found, if you can find him. Tuck says he will appear in a few close-up shots.

"I really enjoyed working with the cast in the production of this picture," Tuck said, "following the filming all the way through. Of course, I'll see the showing at the Roxy Theatre, and it will bring back pleasant memories to me."

The picture was produced at a cost of about three million dollars, Tuck said.

Youths To Begin Registration In Peacetime Draft On Monday, Aug. 30

Austin—Initial registration for the Selective Service Act of 1948 will be done in 17 working days as compared to one day in the 1940 operation, Maj. Gen. K. L. Berry, state Selective Service director, observed this week.

Registration this time will be between the dates of August 30 and September 18, both dates inclusive.

The store is closed all this week for repair and remodeling work. All store fixtures are being gone over, dressed up with a new coat of paint, and the interior of the store is being repainted.

For United States Senator; Coke R. Stevenson of Kimble County and Lyndon B. Johnson of Johnson County.

For Associate Justice Of Court Of Civil Appeals, 11th Judicial District; Cecil C. Collings of Howard County and Allen D. Dabney of Eastland County.

For County Commissioner of Precinct Two; L. A. (Louis) Parker and J. O. Warren.

For Constable of Precinct 6, Munday: E. J. Cude and R. F. (Shorty) Horan.

Light Ballot For Voters In Runoff Vote

The ballot in Knox county's runoff election next Saturday is very short, there being only four offices to which candidates will be elected. Munday voters will vote on only three of these.

Because of the small ballot and small number of candidates appearing on the ticket, election officials expect to have the final tabulations made in a short time after the polls close at 7 p. m. Saturday.

The four contested offices on the ballot and, of course, the names of only eight candidates are as follows:

For United States Senator; Coke R. Stevenson of Kimble County and Lyndon B. Johnson of Johnson County.

For Associate Justice Of Court Of Civil Appeals, 11th Judicial District; Cecil C. Collings of Howard County and Allen D. Dabney of Eastland County.

For County Commissioner of Precinct Two; L. A. (Louis) Parker and J. O. Warren.

For Constable of Precinct 6, Munday: E. J. Cude and R. F. (Shorty) Horan.

W. L. Salter Of Benjamin Buried On August 15th

W. L. Salter, resident of Knox county for 30 years, passed away on Saturday morning, August 14, 1948.

William Lewis Salter was born July 13, 1886, in Drew County, Ark. He was married to Sarah Helen Smith at Princeton, Texas, September 24, 1911. He joined the Baptist church at Vernon, Texas, in 1917.

He is survived by five children: Ruth Salter, Benjamin; Mrs. Irene Wiggins, Benjamin; Mrs. Alice Allen, Plainview; Mrs. Jimmie Lee Akins, J. V. Salter, Dallas; Clarence Salter, McKinney, and Leon Salter, Dallas; his mother, Mrs. Belle Salter, McKinney; his wife, Mrs. Lewis Salter, Benjamin; two sisters, Mrs. Annie Grubbs, McKinney and Mrs. Iva Kehler, McKinney.

Funeral services were held from the Benjamin Baptist church on Sunday, August 15, with Rev. R. O. Sullivan, pastor of the Vera Baptist church, officiating. Burial was in the Benjamin cemetery.

Pallbearers were Vernon McCandless, Billy Joe Snailor, Bob Pyatt, Leon Bivins, Marvin Brown and Lovell Brown.

Auto Tire And Supply Store To Open Saturday

A. A. Smith, Jr. and John C. Hart announced Wednesday that the store, formerly operated as Western Auto Associate Store will open next Saturday under the firm name of Auto Tire and Supply Store.

The store is closed all this week for repair and remodeling work. All store fixtures are being gone over, dressed up with a new coat of paint, and the interior of the store is being repainted.

Mr. Hart is in partnership with Smith in the new firm, and both extend you a cordial invitation to visit the new store on its opening day, Saturday. They expressed appreciation for past patronage of people of this area, and they invite your continued patronage.

"We believe we will be in position to serve you better and with a larger quantity and variety of merchandise," they said. "Come in and see our line of tires, auto parts and accessories, and home appliances."

MUNDAY'S NEEDS FOR 1948

1. A modern and up-to-date high school building, to care for the present and future educational needs of our children.
2. A waterworks system that meets all requirements of health, sanitation and supply.
3. A street sweeper that will keep our pavement clean enough to be recognized as pavement.
5. Completion of our drainage and paving program, which will probably be accomplished this year.

JUST A MATCH

Take a look at a match. It's a cheap, necessary, and innocent looking little article. Yet matches have caused the destruction of hundreds of millions of dollars worth of property and tens of thousands of lives.

The same thing is true of cigarettes. Great forests, homes, factories—all have gone up in smoke and flame because people didn't go to the small trouble of putting smoking materials completely out when discarding them.

How about the cords that carry the juice to your lamps? Their cost is small and they can be installed in a matter of minutes. Yet, easy as it is to replace them when frayed, short-circuits also have a gigantic toll of destruction to life and property to their credit.

These three examples show the main causes of fire—and the ease with which such fires can be prevented. The vast majority of fires are the result of one thing only—the human factor. Someone is lazy. Someone is careless. Someone puts off till tomorrow what should be done today. Then fire strikes. The loss may be great or it may be small. In either case, it is totally unnecessary. Keep that in mind when smoking, when checking household equipment, or when doing anything that has a bearing on fire hazards.

GET THE FACTS STRAIGHT

There is a good deal of misunderstanding concerning the meat situation.

As everyone knows, meat prices have risen. But so has the price of practically everything else. The price of some other foods—including such staples as cheese, rice, butter, and salmon—have advanced more than meat from the prewar (1939-41) level.

Nobody "fixes" the price of meat. The price is largely determined by what the consumers of the country are willing to pay for the supply which is available at any given time. About 2,000,000 more people are working now than had jobs last winter. Third-round wage increases have given consumer purchasing power another boost. This, the demand for meat is stronger than ever.

On top of that, less meat has been available lately than came on the market last winter. That is the result of a normal seasonal factor, plus the fact that the corn crop was relatively poor last year and great quantities of feed grains were sent abroad in 1946.

As for the future, no one knows. It is predicted that we will have a bumper corn crop this year, which will be a spur to meat production if it occurs.

FARM PROGRAM NEWS

from the County Agricultural Conservation Committee

GRAIN LOANS AND STORAGE

Taken as a whole, 1948 crop production promises to surpass any year of record by a considerable margin.

Here are the current estimates of 1948 production for major grain crops, together with the amount of the change from July figures: Corn, a record 3,506 million bushels, 177 million more; wheat, 1,284 million more; 42 million more; oats, 1,470 million, 44 million more; barley, 313 million, 6 million more; rye, 26,664,000, about 7,000 bushels less; grain sorghums, 131 million first estimate.

The grain sorghum loan for Knox County is \$2.28 per 100 lbs. In storing grain on the farm it is to the interest of the producer to have good storage to avoid deterioration of the grain whether he is getting a loan or purchase agreement.

Should the producer's storage fail to meet the loan specifications he can still sign a Purchase Agreement which does not obligate him in any way. By the Purchase Agreement he has an "offer" or "bid" on his grain sorghum as to the Class and Grade delivered during May 1949.

Agricultural Conservation Program

Knox County still has \$21,000.00 left to be used on water and soil Conservation Practices. Several tanks are being built and many farms terraced. Mr. Sam White says he would get plenty Vetch and Australian Winter Peas seed and also some Phosphate. Each producer is eligible for \$100.00.

Clyde Burnett, W. O. Brummett, Earl Watson are using this assistance by having terraces now under construction.

C. C. Hutchinson, J. D. Smith and G. H. Beavers are having tanks now under construction by the use

Gin With Us

Mr. Farmer

In keeping with constantly improved cotton programs, our gin has been placed in tip-top condition for the 1948 cotton crop. Our modern and up-to-date plant has been completely gone over and made ready for your cotton.

Ready To Operate

During the growing season, our gin has been completely overhauled, with necessary repairs and replacements being made, and new equipment added.

Our 26-foot big reel dryer, our gins with hot roll boxes, extra cleaning equipment, etc., makes our plant one of the most modern in this section.

Cotton Drying Service

Our complete cleaning and drying unit will dry your cotton before it is ginned. If cotton is damp, it is run through one dryer before burr extraction, and one afterwards.

Our large cotton storage warehouse also gives you an added service. Here you can store your cotton and have it ginned later.

Through our many years of ginning experience, we offer you every service possible to render with an up-to-date gin.

We invite you to gin with us this year and get the grade and staple protection our modern plant offers you.

OF THREE JUSTICES ON THE COURT NOW, ONE IS FROM EASTLAND COUNTY, ONE FROM BROWN COUNTY, ONE FROM TAYLOR COUNTY. NONE OF THESE IS A "WESTERN" COUNTY. ELECTION OF JUDGE COLLINGS' OPPONENT WOULD MEAN TWO JUSTICES FROM EASTLAND COUNTY ALONE. LOOK AT THE FORMER JUSTICES: JUDGE PANNILL FROM STEPHENVILLE, JUDGE RIDGELL FROM BRECKENRIDGE, JUDGE HICKMAN FROM BRECKENRIDGE AND DUBLIN, JUDGE LITTER FROM BIG SPRING, JUDGE LESLIE FROM COLORADO CITY, JUDGE FUNDERBURK FROM EASTLAND. OUT OF NINE PRESENT AND FORMER JUSTICES, ONLY TWO HAVE BEEN FROM A "WESTERN" COUNTY.

Lyndon Johnson FOR U.S. Senator

Knox City, Texas
August 26, 1948

To My Friends In West Texas:

Before you vote in the United States Senate Race, I would like to tell you of my friend for over thirty years, LYNDON B. JOHNSON.

I know that I have always wanted a personal recommendation, from someone who knew the candidate, before I cast my vote for any man. You can listen to the candidate's radio speeches, study his platform, but you also want to know what somebody **you** know thinks about him.

It's in that spirit that I am taking the liberty to tell you about Lyndon Johnson, candidate for United States junior Senator. Most of you know me personally. I know Lyndon Johnson.

His great grandfather, Dr. Baines, was one of the founders of Baylor University. All of his life Lyndon Johnson has been a straight-talking, clean living, hard working Christian gentleman.

I first became acquainted with Lyndon Johnson over thirty years ago. At that time he worked as a boot black and shined my shoes. I watched him grow up in the hill country of central Texas. I followed him as he worked his way through college, starting as a janitor. After having taught school, he became secretary to a congressman, and was then elected to Congress from the 10th District. The day after Pearl Harbor, he volunteered for combat duty with the Navy and earned the Silver Star for gallantry in action against the Japanese. He has become the most influential member of Congress.

Lyndon Johnson has a full life of public service ahead of him. He believes the only way to Peace is by Preparedness. He believes in black top roads, rural electrification, soil conservation and flood control.

In Travis County, which Lyndon Johnson represents in Congress and where his opponent has lived for thirty years, Lyndon Johnson received 17,481 votes to 7,316 votes for his opponent in the first primary. I know that Lyndon Johnson will prove trustworthy in any kind of a crisis. He has my personal recommendation and I sincere hope that you will cast a vote for Lyndon Johnson on August 28th.

World's Hungry Children Get Food Relief Under Stars and Stripes and U.N. Banners

Children's Crusade Builds Friends for America Midst Chaotic Conditions Abroad

NEW YORK, May 6—You could call it star-spangled milk powder.

It's served under the Stars and Stripes.

It comes from the U.S.A.

And wherever it goes, to hungry children all over the world, it brings a star-spangled brightness to their eyes.

Many of the children in Poland, Czechoslovakia, Italy, France, Finland, China, never saw milk of any kind before their generous friends in America, through the voluntary foreign relief agencies, sent them the stuff that builds bones and bodies — and friendship.

Today, millions of kids have a chance to recover from malnutrition, from tuberculosis, from the gnawing pangs of hunger with which they have lived all their lives, because Americans are sending them red-white-and-blue calories and kindness.

In the name of the Crusade for Children of American Overseas Aid—United Nations Appeal for Children, Americans are subscribing \$60,000,000 this spring to finance the foreign relief activities of 25 voluntary American agencies and to replenish the United Nations International Children's Emergency Fund.

Jules Perstein, recently returned from a two-year United Nations mission in Poland, reports a need for more food and medicine on the part of millions of children in Europe. He urged generous contributions to the campaign to feed the hungry children of the world.

Recipients Informed

The children, he emphasized, know where the food comes from, and the governments help to keep them informed.

He reported that it is a definite policy of the Polish government to give widespread publicity to the United Nations International Children's Emergency Fund. Posters at feeding points explain the nature of UNICEF, to which the United States is a large contributor. In addition to press and radio cooperation, teachers, doctors and parents tell the children that food is coming to them through the United Nations, for which the

STAR-SPANGLED MILK—Under the American flag, milk served to hungry children abroad brings star-spangled brightness to eyes that have known starvation. Photo above was taken in Czechoslovakia in March, showing that despite governmental changes, American-given relief, building healthy bodies and firm friendships, is recognized as coming from the land of the free.

United States provides the greatest financial strength.

Mr. Perstein also gave assurance that all food provided through UNICEF is accounted for from the moment it arrives.

"Our Mission knew where every ounce of food went from the moment it entered Poland until a child ate it," Mr. Perstein declared.

The bulk of UNICEF food shipments are of dry skim milk, which is valuable to hungry children abroad because of its protective food elements. It is estimated that 230,000,000 children in Europe and Asia do not get enough food for normal health or growth. UNICEF is feeding 4,000,000 children in Europe, and is starting a feeding program in Asia. The people of some 50 nations are cooperating

in the United Nations Appeal for Children to raise voluntary contributions so that the work of UNICEF may be continued and extended.

Knox Prairie Philosopher Not Very Enthusiastic Over The New Personal Broadcasting Sets

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek probably is unduly alarmed over the possibilities of the new personal broadcasting sets.

Dear editor:

While I have always been in favor of progress, for example be-

got the time and the inclination to ride it up one row and down another, or that running water is a good thing if a man's too lazy to walk down to the creek, and all have never liked to be in the position of opposing a step forward. I was reading in a copy of the Star-Telegram which some farmer had been using to shade his tractor seat with while he went to the house for a drink of water and the wind blew it off and it drifted over to where I was meditating in the shade, that a new pocket-size radio broadcasting system has been invented and will soon be on the market.

As I understand it, everybody can own one of the sets, and a woman for example can sit in her kitchen and issue orders to her husband while he's out in the field. This is called progress, but I got another name for it.

Progress ain't necessarily a collection of gadgets. You can surround a ordinary man with fourteen telephones and six stenographers and three dictaphone machines in the tallest building in the biggest city, and he's still a ordinary man, just like you can put a man in the U. S. Senate but it don't necessarily make a Senator out of him, and if you don't believe me just ask O'Daniel.

Not the least blameworthy of which is the historical bunk their bewhiskered posts have fostered.

Paul Revere was the most overrated man the world has ever seen.

And Whittier, the Quaker poet, just plain lied about the Barbara Freitchie incident. When pinned down, he said in effect, "Suppose it didn't happen."

Yet in my school days we read Longfellow's "Midnight Ride of Paul Revere" and "Who harms a hair of yo gray head dies like a dog," march on, he said—and quite likely the present generation of Texa schoolboys and schoolgirls continues to read this stuff while Southern poets like Lanier fade into forgetfulness and O. Henry, the Texas genius of the short story, is almost ignored.

Farmers Urged To Fight Weevils In Storage Bins

"With the shortage of grain storage space, there probably will be a lot of corn and grain sorghum stored on farms in Texas this year," Dr. H. G. Johnston, extension entomologist of Texas A. & M. College, points out. "The wise man will start early to protect his grains against weevils."

The first thing is to be sure that storage bins are weather and fumigant tight, Dr. Johnston says. If the grain is not in storage yet, clean the bins and spray thoroughly with a five percent DDT spray. Dr. Johnston recommends two mixtures for the fumigation process. The first is three part of ethylene dichloride and one part carbon tetrachloride. One thousand bushels of grain will use six gallons of the fumigant. Sprinkle with ordinary sprinkling cans over the top of the grain.

The second mixture recommended is one part carbon disulfide (highlife) and four part carbon tetrachloride. Again, six gallons of the mixture will fumigate 1,000 bushels of grain. Pour it in shallow pans and place around the bin—it will evaporate and the fumes soak through the grain.

"Weevil control is important," Dr. Johnston concludes, "not only from a grain-saving standpoint, but to protect your stored wheat if it is under government loan. August is a good month to get started on this important job."

**Miss Fitzgerald And
Alton Lee Ward Wed
In Home Ceremony**

The home of her parents, Mr. and Mrs. Cecil W. Fitzgerald, was the setting chosen by Miss Marquette Fitzgerald for her marriage to Mr. Alton Lee Ward, son of Mr. Silas H. Ward of Knox City and Mrs. Henri Wagoner of Fort Worth, on Friday evening, August 20, at 7 o'clock.

Minister D. L. Ashley, pastor of the Church of Christ of Munday, officiated at the single ring ceremony. The couple stood before a large mirror, an arch decorated with white carnations and greenery with large baskets of yellow gladiolas and tapered candelabra.

Miss Sharlene Fitzgerald, sister of the bride, lighted the candles.

Recorded music of "I Love You Truly" was presided over by Mrs. Evelyn Elliott.

The bride, given in marriage by her father, was attractively dressed in a street length dress of haze grey crepe with navy accessories and a black crepe corsage.

series and carried a bouquet of pink carnations. For something old, she wore a broach belonging to her maternal great great grandmother.

The bride's only attendant was Miss Evelyn Wypelle Fitzgerald, sister of the bride, who served as maid of honor. She was attired in a brown crepe suit with brown accessories and wore a corsage of white gladiolus.

Attending the groom as best man was his cousin, Galon Hord of Goree.

Immediately after the ceremony a reception was given honoring the newly weds. Guests were served refreshments of cake and punch from a lace covered table centered with a crystal punch bowl and red verbenas. Mrs. Dorsey Dickerson served the two tiered wedding cake decorated with a miniature bride and groom. Serving the punch was Mrs. W. D. West of Seymour.

White napkins with the inscription of "Lee and Marquette" in gold letters, served as favors.

Mrs. Cecil Fitzgerald, mother of the bride, wore a black crepe dress with a white carnation corsage. She also greeted the guests at the

door. Miss Joy Guffey secured signatures for the bride's book.

Following the reception, the bride and groom departed for a short wedding trip to Fort Worth.

For going away, the bride chose a dark brown file suit with brown shoes and natural hat and gloves.

The bride was reared in Munday and attended the Munday high school. She was a graduate with the class of 1948. Before her marriage, she had been employed by the Tiner Drug Store in Munday.

The groom attended the Knox City high school and was a 1945 graduate of that school. He spent two years in the United States Navy and after his release from service, he entered Texas Technological College in Lubbock.

The couple plan to establish residence in Lubbock where Mr. Ward will continue his studies at Tech.

Others to attend the wedding were: Mr. and Mrs. Silas H. Ward and son, Bobby Wayne of Knox City; Mrs. A. L. Hord and Galon, aunt and cousin of the groom; Mr. and Mrs. J. F. Draper, grandparents of the bride, all of Goree;

Mr. and Mrs. Charlie Reese, Knox City; Mr. and Mrs. W. W. West and Joyce of Seymour; Mr. and Mrs. Doris Dickerson and Tommy, Miss Jerry Polster, Miss Bernice Stubblefield, Mrs. D. L. Ashley, Miss Joy Guffey, Mrs. Evelyn Elliott and Mr. and Mrs. Cecil Fitzgerald, Wynelle, Sharlene and Billy Frank, all of Munday.

Mr. and Mrs. Hilliard Fatherree and daughter, Virginia, of Fort Worth spent the latter part of last week here visiting in the home of Mrs. Fatherree's mother, Mrs. W. R. Phillips. They were on their way home from vacationing in the western states.

Misses Joy Guffey and Bernice Stubblefield were visitors in Wichita Falls last Tuesday.

Miss Edith Poe of O'Brien and Miss Mary Poe spent last week in Enid, Oklahoma visiting with relatives.

Mr. and Mrs. Ray L. Hardin and children of McFarland, Calif., spent the past two weeks here visiting with friends and relatives.

formed the centerpiece for the refreshment table, which was covered with a white linen cloth. Streamers of dusty rose, ending in white gladioli corsages, led from the cake to the corners of the table.

After the bride and groom cut the traditional first piece of cake, Mrs. Perry Shirley, cousin of the bride, cut the cake and served it. Mrs. Ed Maloof, aunt of the bride presided at the punch bowl and Miss Alice Fort had charge of the table.

Following a two-week's trip on the coast, Mr. and Mrs. Koenig will make their home in Wenatchee, Washington. The bride had lived in Manson, Washington all of her life and is a graduate of Manson high school; she also received her B.S. from Washington State College, and R.N. from the Deaconess hospital in Spokane. She is at present employed at the Wenatchee Valley Clinic.

Corinne Fort as maid of honor and Barbara Fort and Mary Hall, bridesmaids, wore pastel suits with white accessories and white corsages. The two former were sisters of the bride. Nelson Hall, Jr., was best man for Mr. Koenig, and Leo England and Ronald Davis were ushers.

The bride's mother chose an afternoon dress with which she wore white accessories. Miss Clara Struble of Wichita Falls, Texas, aunt of the bridegroom, also wore a black afternoon dress. Both had pink roses and white carnation corsages.

Mrs. Luther Baker, cousin of the bride, at the organ played the processional and accompanied Mrs. Charles McConnell as she sang "Panis Angelicus" and "On This Day, O Beautiful Mother." Mrs. Baker also played the recessional.

At twelve o'clock, a delicious cold lunch was served from the luncheon table with the center piece being a large Mexican basket filled with cut zinnias and marigolds. Plate favors were miniature Mexican

**Sunset H. D. Club
Meets August 19
With Mrs. Yost**

The Sunset Home Demonstration Club met in the home of Mrs. Virgil Yost, Thursday, August 19. Roll call was answered by five members, each one bringing some hand work. Many beautiful pieces of crochet, tatting, embroidery and two aluminum trays and several hammered aluminum costers were displayed.

The club voted to send a delegate to Tulsa, Oklahoma to the National Home Demonstration Council meeting. Mrs. R. M. Almanrode was elected delegate.

Refreshments of ice cream and cake were served to Mines, Joe Voss, Gill Wyatt, W. E. Peek, R. M. Almanrode, Virgil Yost and three visitors.

The next meeting will be in the home of Mrs. Gill Wyatt on September 2. The agent, Miss Eugenia Butler, will attend the meeting and the subject will be on clothing.

**MARSHALL PURCHASES
PHELPS ICE HOUSE**

Eddie Marshall formerly of Stamford has purchased the Phelps ice house here. He came to Munday and began his work on Saturday, August 21.

Mr. Marshall plans to establish residence here and invites the continued patronage of all the old customers and extends an invitation to all new customers.

Mr. and Mrs. J. V. Cook and granddaughter, Miss Patsy Cook, were visitors in Fort Worth the first of this week.

M. F. Billingsley returned home this week from a vacation trip to the Pacific Northwest. He visited with relatives in California, Washington and Oregon while away.

Miss Ina Ruth Hardin Is Married Double Wedding Held At Pep, Texas

The St. Phillips Catholic church at Pep was the scene of the double wedding ceremony Tuesday morning, August 17th, at 7:30 of Miss Margaret Demel to Mr. Leo J. Ruzicka and Miss Ina Ruth Hardin to Mr. Max M. Demel.

The ceremony was performed by Father Rev. F. M. Kaminsky at a nuptial mass. Mrs. Jim Homer was the organist and played the Lohengrin and Mendelssohn wedding marches.

Both brides wore basque style wedding gowns of slipper satin with court trains. Their wedding head veils of illusion extended to the long trains.

Miss Demel's gown was made with a yoke of marquisette edged with a lace ruffle beaded with tiny pearls in flower design. The basque waist came to a point in front with full gathered hoop skirt, ended in the back with a double bustle of satin folds. Tiny satin covered buttons extended from the high neck down the back, and long sleeves ended with a lace ruffle, beaded with seed pearls.

Her veil of bridal illusion was with court trains. Their wedding head veils of illusion extended to the circle of the net fastened with

pearl flowerlets at one side. One fold of her double veil fell below her shoulders, the other extended the length of her bridal train.

Miss Hardin's gown had a scalloped waistline with the same motif of the scallops repeated at the hip line. Her veil of bridal illusion was edged with lace around its entire length. The basque waist was fastened with tiny covered buttons of the same material as the wedding dress, and the skirt was a full, one held with a hoop.

She wore a coronet beaded with crystal fastened to the veil, which fell straight to the shoulder line.

The brides carried identical bouquets of rubrum lilies in fan shape, with a background of deep rose maline, were tied with large white satin bows.

Each bride wore a string of pearls, gifts of the grooms. Miss Madge Hardin, sister of one of the brides, Miss Frances Ruzicka, sister of one of the grooms, and Miss Theresa Jungman were the attendants. Miss Ruzicka wore a fitted aqua satin dress with illusion yoke, and skirt of illusion. Miss Jungman wore a yellow marquisette gown, and Miss Hardin's floor length gown was of blue satin. They carried colonial bouquets of pink and white carnations and wore white carnations in their hair.

Mr. Demel's best man was Ralph Demel, Mr. Ruzicka's was Ray Lewis. The other groomsmen was James Greener.

Margaret and Max Demel are the children of Matt J. Demel of Pep. Both graduated from the Pep high school. Mr. Demel served with the armed forces.

Mr. Ruzicka is the son of Mr. and Mrs. L. M. Ruzicka of Morton. He attended Hillsboro Junior College and the University of Texas. He served as First Lieutenant as Army Air Force Reserve Pilot. He is the manager and co-owner of the County Line Gin.

Miss Hardin is the daughter of Mr. and Mrs. Edward L. Hardin of Munday. She graduated from the Sunset high school with the class of 1948, as salutatorian of her class.

Following the wedding a breakfast for the bridal party was held at the home of Matt J. Demel in Pep, and a wedding dinner was served at 12:30. A dance at the Pep school was held that evening.

The couple left for a wedding trip to Santa Fe, N. M., and after August 22, the Demel will be at home at Pep, and the Ruzickas will make their home in Morton.

For her going-away costume, Miss Hardin chose a white crepe dress with black accessories. Miss Demel wore a white eyelet two-piece dress also with black accessories.

UNION CHAPEL METHODIST CHURCH

Worship services will be held at the Union Chapel Methodist church on Sunday, August 29th, beginning at 9:30 a.m.

Everyone is cordially invited to come and have a part in this service.

Bernard F. Seay, pastor.

REVIVAL MEETING

The Gillispie Baptist Church, located west of Munday, is holding its annual revival meeting. The

Time Limited For Insurance On Wheat Crop

Participation in the Federal Crop Insurance Program by Knox County wheat producers should equal the number of eligible producers who are good business men as well as good farmers, Emmett Partidge believes.

"This may not be the case, however," he added, "since farmers are noted for taking time to reach decisions on anything new and we have only a limited time in which to accept their applications for protection of their wheat production investments against losses from the many causes that they cannot control."

The new Federal Crop Insurance policy which offers the wheat farmers protection of his investment in producing wheat in low-cost. It is basic protection for wheat farming since it protects the investment in a growing crop against the unavoidable causes of crop catastrophe. While the wheat produced by farmers is insured every step of its way from the harvest field to the consumer by those who handle and process it, protection of the expense involved in producing wheat was not available on an all-risk basis until Congress provided the means of furnishing this protection through Federal Crop Insurance. It is obvious, of course, that the period when the risk of loss is greatest during the conversion of seed into bread is when the crop is growing in the field and exposed to the elements.

"This protection of the farmer's wheat investment against loss from unavoidable causes in a sound business proposition," Partidge says. The average businessman would not be without similar protection of the investment from which he expects to make a profit.

"With Federal Crop Insurance the farmer, by adding just a little to his operating costs, protects what he has invested. The soundness of adding such protections to operating plans for this year and every year is obvious. It's a good proposition for every what farmer who is eligible for this protection whether he is prosperous or struggling to get started."

"Insurance has become a basic part of business operations because of the occurrence of losses that would be disastrous without protection through insurance. The need of farmers for protection against loss of their investment in crops compares with the need of business men for protection against loss of their investment in a business enterprise. Neither the farmer nor the businessman wants to collect on his insurance policy—but likewise neither wants to be without protection when a loss occurs. And no individual knows in advance when he will sustain a loss. That's why every wheat producer in Knox County should get Federal Crop Insurance on his 1949 crop and keep his policy in force to be protected in further years."

meeting is now in progress and will close Sunday, August 29. The Rev. Huron Polnac, pastor of the First Baptist Church in Munday, is delivering the messages at each service. Everyone is cordially invited to attend.

GOREE METHODIST CHURCH

The pastor is engaged in a revival at Bonham and will be out of the pulpit next Sunday. Rev. J. R. Bateman will preach at the morning hour again next Sunday.

There will be no service at the evening hour. Everyone is invited to attend the revival services at the Bonham Methodist Church at that time.

RESOLUTION OF RESPECT

WHEREAS, Life in its earthly form has terminated for our beloved president and director, Joe Stevens; and

WHEREAS, Mr. Stevens devoted much of his time, thought and efforts toward the progress and advancement of our association and toward making Munday a healthier, cleaner, happier and more prosperous place in which to live, looking always toward the advancement and development of our community;

NOW, THEREFORE, Be It Resolved: That the directors of the Community Development Association of Munday, Texas, go on record as mourning the loss of our beloved friend, director and president and untiring worker, and that we extend our heartfelt sympathy to members of his family.

BE IT FURTHER RESOLVED: That a copy of this resolution be sent to his wife and family, a copy entered upon the minutes of this association, and that a copy be furnished The Munday Times for publication.

Approved and passed at the regular meeting of the Board of Directors, Community Development Association, on Monday evening, August 23, 1948.

Signed: PAUL B. PENDLETON, Vice-President.

Dabney Answers Opponent's Charges

QUALIFICATIONS NEEDED:

1. Knowledge Of The Law
2. Experience In Appellate
3. Wisdom And Mature Judgment.

Compare

Allen D. Dabney

DABNEY	OPPONENT
25 Years	NONE
35 Years	7 Years

Judge Dabney carried his home county of Eastland by a substantial majority, although Judge Gray, the third man in the race, also was living in Eastland and holding court, where he received a nice vote.

My opponent, living in Big Spring, is District Judge of the 70th District Court, which is composed of 5 counties, but only one of these counties is in the 11th Appellate district where he is now seeking office. In other words, 4/5ths of his judicial service is spent in the El Paso Appellate District. Why elect him to the Eastland Court when he renders only 1/5th of his service in our District?

My opponent is charging there will be two members from Eastland County if I am elected. The fact is that two members now LIVE at Eastland and the third stays there much of the time. In fact, since creation of this court, ONLY ONE member lived in Eastland County WHEN ELECTED OR APPOINTED, but almost everyone MOVED THERE after he became a member. When they joined the court one present member was of Brown County, one of Taylor County, and one of Haskell County. The Brown County member is retiring, the Haskell County member lives in Eastland and votes there, but his address is listed as Haskell as late as 1945. (Southwestern Reporter 187-88 2d). The Taylor County member lives in Eastland, but votes in Abilene.

My opponent ERRONEOUSLY bases his qualifications to the Civil Appeals court on the fact that he is a district judge. Chief Justice Hickman of the Texas Supreme Court was not a district judge before being elected to the Eastland court, but was an active practicing lawyer, (as is Judge Dabney) and as were many others.

Fertilizer may be bought today for just 50 percent more than before World War I. At the same time, farmers get nearly 200 percent more for their farm products than in the parity period of 1910 to 1914.

WHY "GET UP" AT NIGHTS?

It's not necessary. Raise the ph. of the fluid in your bladder with CIT-ROS. Reduces the urge of irregular elimination. Get rid of backache, burning, bearing-down pains. CIT-ROS will do the job safely, relieves back pains quickly, soreness in the back vanishes. \$1.00 at your druggist. For sale by CITY DRUG STORE

We wish to thank our friends and neighbors for the kind and sympathetic deeds shown us on occasion of our recent bereavement in the loss of our dear father and husband. We are especially thankful to the donors of the beautiful floral offerings.

Commemorating one of the most stirring episodes of World War II, a postage stamp is being issued by the Post Office Department on May 28, 1948, to honor the four chaplains—Protestant, Catholic and Jewish—who gave up their lives on the USS Dorchester in 1943.

When a German torpedo hit the troopship, these clergymen of the three great faiths—John P. Washington, Catholic priest; Alexander D. Goode, Jewish rabbi; George L. Fox and Clarke V. Poling, Protestant ministers—gave their life belts to stranded soldiers and, linking arms, prayed in unison as the vessel sank in the North Atlantic.

Judge Collings is now a highly successful District Judge and deserves a promotion. If elected, he will make a splendid Appellate Judge. He was born in the east part of the district and has served in the west part . . . knows the entire district. He is young enough to do the hard work of the office, yet old enough to be mature and sound in his judgement.

Be Sure to VOTE on August 28th

Looking Ahead

Service. Ray L. Chappelle, Lubbock, head of the department of agricultural education at Texas Technological Institute, will discuss problems facing Vocational Agriculture Departments.

The educational side of mechanization has long been recognized by researchers and economists as one of the big issues in achieving less costly cotton production, the Cotton Council says.

"It is not enough to tell the farmer what machines are available to him," a Council representative declared. "The farmer must also know how to use these machines to the best advantage, the require-

ments for properly maintaining them, and a great deal of other necessary information. This offers a real challenge to the educational worker."

Final plans for the three-day meeting are currently being made by Council representatives and members of the staff of the Lubbock Agricultural Experiment Station, where important parts of the program will be held.

Make these 4 comparisons before you buy any car

COMPARE THE VALUE

Yes, compare the features—compare the prices—compare what you get for what you pay—and you, too, will come to the conclusion that Chevrolet continues to be *first in value*, just as it continues to be first in Big-Car Quality at Lowest Cost, and just as it continues first in demand, year after year.

COMPARE THE FEATURES

Only Chevrolet combines the Unified Knee-Action Ride for gliding smoothness; the world's champion Valve-in-Head engine for performance and economy; Body by Fisher for tasteful beauty; and Fisher costs less to buy, to run and to maintain!

COMPARE THE POPULARITY

You can identify the biggest *value* in any list of products by picking out the one product which enjoys greatest popularity, year after year; and, of course, in the field of motor cars, that one product is Chevrolet—outstanding leader in popularity for the total 17-year period, 1931 to date!

COMPARE THE PRICES

You'll agree with millions of other car buyers that prices—like quality—are a major consideration in these times; and just as Chevrolet's Big-Car quality is unique in its price range, so Chevrolet prices are the *lowest* in its field. Chevrolet costs less to buy, to run and to maintain!

Only Chevrolet gives BIG-CAR
QUALITY AT LOWEST PRICES . . . that's why

Regulation On Credit Buying To Become Effective On September 20

The Board of Governors of the Federal Reserve System have issued Regulation "on Consumer Installment Credit" under Public Law 905 which the President signed on August 16, 1948. The regulation, which becomes effective September 20, 1948, is being published in the Federal Register, and copies will be distributed by the Federal Reserve Banks as promptly as possible.

The regulation is in much the same form as that which terminated on November 1, 1947. It covers installment sales of and loans for 12 kinds of consumers' durable goods, providing the cost is more than \$50. It also covers installment loans for most other consumer purposes. Installment credits up to \$5,000 are subject to the regulation.

The goods for which down payments are prescribed are as follows:

Automobiles, 33 1/3%; cooking stoves, dishwashers, ironers, refrigerators, washing machines, combination units incorporating any item in 2-6, air conditioners, radio and television sets, phonographs, sewing machines, suction cleaners, furniture and soft surface floor coverings, all 20%.

Maturities on all installment credits subject to the regulation, whether to finance the purchase of these articles or not, must come within the following requirements:

Credit not exceeding \$1,000, maximum maturity, 15 months; above \$1,000 except that monthly payment on amounts over \$1,000 must not be less than \$70.00, 18 months.

Since November 1, 1947, when the old regulation ended, terms offered by merchants and lenders extending credit have been relaxed considerably. The requirements of the new regulation are somewhat less restrictive than those of last November but considerably lighter than terms now generally in effect.

The down payment requirements on appliances are lowered from 1/3 to 1/5. Also, to take care of late-model automobiles and certain other items where the expenditure must necessarily be large, the maximum maturity for credits above \$1,000 is set at more than 15 months, running up to 18 months.

Installment credit for home improvements was eliminated from Regulation W after the close of the war, and it is at present not

covered in the regulation. Because of the current inflationary situation, however, the board is considering the advisability of an amendment to bring such credit under the regulation.

Regulation W will be administered in the field by 12 Federal Reserve Banks and their 24 branches located conveniently throughout the country. Inquiries should be addressed to the nearest Federal Reserve Bank or branch.

Wax applied to the dust pan helps dust slide off easily; applied to the tops and bottoms of drawers, helps prevent sticking; to the painted surface of washing machines, helps prevent rust.

Be careful! Observe our state and local traffic laws.
