

## Kracker Krumb

Odd Bits Salvaged  
At Random

Worry, they say, makes your hair turn grey, and come out. We are both grey and bald!

However, we hadn't thought we did a great heap of worrying—more than our usual quota. We do have a few things to worry about, though. Such as:

Trying to make our business income exceed the outgo. If we accomplish that, we're sure of not going in the hole.

Trying to meet the note every month, and wondering if our subscribers are going to help us, by renewing their subscriptions in such a wonderful manner as to make that worry a trifling matter.

Worrying about how we're going to keep the town clean, our streets clean, etc. However, the street proposition is being taken care of—broom and shovel method—in a sort of 50 per cent fashion.

Worrying about when we're going to get a street sweeper. We've about decided that worry is sort of uncalled for. We'll get the street sweeper next year!

Worrying about whether our advertisers are going to get their "messages to the people" in to us in time. And if they do, how many are we going to have to print to get these messages published.

Worrying about whether enough's going to happen to fill up the paper with news.

And if the job department is going to be a paying proposition this week end. Then if too much begins to come in, we worry about how we're going to get it out in time.

Worrying about our quarterly installment on estimated income tax. And the Social Security and withholding reports that have to go in with checks attached.

Outside of these, we don't have many worries, except those of a personal nature!

We hadn't realized that folks noticed we worried too much, or just exactly the cause of our greying locks and bald spot.

But Chan Hughes did! He came in the other day with the suggestion that we did too much worrying, perhaps about war, inflation, depression, politics, etc.

So Chan gives us the following article that shows the uselessness of worry:

"I wonder why folks worry."

"There are only two reasons for worry. Either you are successful, or you are not successful."

"If you are successful there is nothing to worry about. If you are not successful, there are only two things to worry about . . ."

"Your health is either good, or you are sick. If your health is good, there is nothing to worry about. If you are sick, there are only two things to worry about . . ."

"You are either going to get well, or you are going to die. If you are going to get well, there is nothing to worry about. If you are going to die, there are only two things to worry about . . ."

"You are either going to heaven, or you are not going to heaven. If you are going to heaven, there is nothing to worry about . . ."

"And if you are going to the other place, you will be so busy shaking hands with old friends you will not have any time to worry! So why worry?"

And that, dear friends, just about solves the situation, except that the note is still going to come due, regardless of our success, health, or wherever we're going!

So if those figures out to be (Continued on last Page)

## Mrs. Thompson Is Laid To Rest Here Monday

Mrs. T. L. Thompson, beloved Christian mother of Munday, passed away at 12:15 p. m. Sunday at the Knox county hospital, where she had been taken for treatment. Mrs. Thompson had been very ill for several weeks and underwent many blood transfusions.

She was born Mollie Agnes Shipman in Montague county on September 10, 1890, and was 58 years, one month and 21 days of age at the time of her death. She and Mr. Thompson and their children moved to Munday in 1922 and have made their home here since that time. Mrs. Thompson was a devoted member of the Methodist church and a great lover of her home, her church, her family, and of music.

Surviving her are her husband, T. L. Thompson of Munday, and seven children, who are: Aristel D. Thompson, Austin; Hershel E. Thompson, Seymour; Mrs. J. C. Mills, Abernathy; Mrs. Roy Williams, Ceyenne, Wyo.; W. B. Thompson, Abernathy; Mrs. Alvis Hutchenson, Knox City and Miss Billy Fern Thompson of Munday. Other survivors include six grandchildren; two brothers, Newt Shipman, Martha, Okla., and Erv. Ship, Abernathy; two sisters, Mrs. Claudie Chambers and Mrs. Semathie Shuffler, both of Alvord.

Funeral services were held from the First Methodist church in Munday at three o'clock last Monday afternoon, being conducted by the pastor, Rev. Wm. G. Barr, who was assisted by Rev. Huron A. Polnac and Minister D. L. Ashley. The body was laid to rest in Johnson cemetery, with the Mahan Funeral Home in charge of arrangements.

The many lovely floral offerings bore mute testimony of the love and esteem which the community held for the deceased.

Pallbearers were Chester Bowden, Don L. Ratliff, J. K. Jackson, Cecil Fitzgerald, John Phillips, Wayne Patterson, Doris Dickerson and Chan Hughes.

Honorary pallbearers were Joe Dean Clough, John R. Rayburn, Sargent Lowe, Reuben Bates, Walter Coody, Donie Lee Coody, Jim Strickland, J. L. Stodghill, G. C. Conwell, Jr., Toby Lane, Louis Cartwright, Derald Gray and Joe Bailey King.

## Negro Cotton Picker Dies Of Gunshot Wounds

M. C. Thomas, 16-year-old negro cotton picker, died at about 5:30 Tuesday afternoon at the Knox county hospital from accidental gunshot wounds received in an accident Tuesday morning.

Thomas was doing some shooting with two companions, O. C. Johnson and Harry S. Johnson. According to the others version, Thomas started to hand a .22 rifle to O. C. Johnson when it was accidentally discharged. The bullet entered his right side.

The negroes were employed in gathering cotton on the Brooks Campsey place, it was stated, and were also gathering cotton for J. D. Hollis.

Thomas' home was in Idabel, Oklahoma. The Mahan Funeral Home took the body to Seymour Wednesday morning to meet a plane of an Idabel undertaker who took the body to Idabel for burial. Thomas' mother, Gracie Thomas, was here with him.

## Names Omitted From Honor Roll Of Sunset School

Through an error the names of the first and second grade students making the first semester honor roll of Sunset school were not published last week. They are as follows:

First Grade: Making an A average, Dorris Ann Bales and Gene Montandon.

Second Grade: A average, Shirley Ann Cammack, Shirley Nell Phillips, Renella Mansfield and Laval Verhalen.

## Farmall House To Stage Party For The Family

Invitations are being mailed this week for everyone to attend the free "Family Party," which is being staged here on Wednesday night of next week. The party, sponsored jointly by the Munday Truck and Tractor Co. and International Harvester Co., will be held at the high school auditorium in Munday, beginning at 7:30 p. m.

Entertainment will include a group of well known entertainers on the state, such as: Eunice Lake, sensational acrobatic dancer; Wally Sands, singing master of ceremonies; Billy Beckett, musical nonsense at its best; Millie Bullin, queen of the accordion; Louise Terry, with thrilling feats of magic, and Ross Harvey, the fellow who is really "tops in taps".

In addition, a picture will be shown on the screen. "There will be no sales talk," the sponsors said, "just entertainment. "It is likely," they continued, "that some will be missed in mailing invitations. We want you to know the party is for everyone in this area, and we want you to be present, regardless of whether you receive an invitation in the mail. Come and enjoy our Family Party."

## Former Student Of Sunset School Has High Grades

Miss Goldie Faye Reeves, daughter of Mr. and Mrs. Leslie Dean Reeves of Shallowater, is maintaining a high average in the Shallowater high school. Lacking only one point making an A average, Miss Reeves averaged one B, two A's and one A plus. She is a former student of Sunset high school.

Miss Reeves is secretary of the Freshman class and was also Freshman candidate for queen. The end of the concession was October 29, being climaxed by the annual Hallowe'en carnival.

Mrs. Conrad Link of Lubbock visited her parents, Mr. and Mrs. Oscar Spann, the first of this week.

## International Party-Giver

Mrs. Edith Little Stewart of Dallas, a member of Governor Beauford Jester's Good-Neighbor Commission, is putting her own good-neighbor policy in effect by sponsoring a get-acquainted party in Texas for thirty young ladies of prominent families of Mexico. On a flying tour, November 3-12, the guests from Mexico will visit Austin, Dallas and Houston.

## Spooks, Goblins, Pranksters On The Prowl As Kids Have Double Hallowe'en

Spooks, goblins and pranksters celebrated a double holiday over the week end, as Hallowe'en in Munday seems to take in three nights, Friday, Saturday and Sunday.

Saturday morning found many merchants of the town out with razor blades, scraping the soap off their windows. But that was not all! The job had to be done again Monday morning, as the procedure was repeated during Saturday and Sunday nights.

There were a few "trick or treat" episodes in the residence sections of town, as the youngsters took advantage of the spooky season to secure such goodies as cookies, candy, apples,

## Sweetheart of Texas Aggies

Miss Patricia Ann Parker, 21-year-old blonde, will be presented November 6 at the A&M-SMU football game in Dallas as the sweetheart of the Texas Aggie Corps. A senior at Texas State College for Women, Miss Parker is from Corpus Christi.

## Truman, Demos Win In Election

### Knox County Remains Democratic

In what is believed the greatest upset in the nation's political history, President Harry S. Truman was swept into the White House for his first elective term last Tuesday by voters of the nation.

The voters also gave him a Democratic Congress to work with, having ousted a number of the old congressmen, many of whom had favored the Taft-Hartley law.

As returns began coming in, it was soon evident that the Democrats had scored another victory. At 10:14 a. m. Wednesday (Texas time), New York's Republican Gov. Thomas E. Dewey threw up his hands and conceded defeat. He sent the following wire to Truman.

"My heartiest congratulations to you on your election and every good wish for a successful administration, and I urge all Americans to unite behind you in support of every effort to keep our nation strong and free and establish peace in the world."

Even a mess in the runoff campaign for U. S. Senator could not keep Texans from remaining in the Democratic column, as they went strongly in favor of Truman.

Lyndon Johnson, Democratic candidate for senator, won easily over Jack Porter of Houston, who was running on the republican ticket.

Knox county remained strong in the Democratic column, with a heavy vote. The vote was heavier than in a general election in many years, although around 1,000 short of the county's voting strength.

Incomplete returns gave Knox county the following: Truman, 1290; Dewey, 101; Thurmon, 33; Wallace, 5; Johnson, 1275; Porter, 149.

Despite the heavy vote, the two Munday boxes had completed the count by 8:30 o'clock Saturday night.

### ENTERS HOSPITAL

Dick Wardlaw was taken to the Veterans' hospital in Dallas last Saturday morning for medical treatment. Sometime this week, he is expected to undergo a major operation.

## Weather Report

Weather report for the period Oct. 28th thru Nov. 3rd 1948 as compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer.

	LOW	HIGH
1948-1947	58	70
1947-1946	58	70
Oct. 28	58	70
Oct. 29	56	78
Oct. 30	59	60
Oct. 31	52	82
Nov. 1	52	66
Nov. 2	50	73
Nov. 3	62	82

Rainfall to date this year, 19.88 inches. Rainfall to this date last year, 18.80 inches.

## Last Rites For Jno. B. Scott Are Held Sunday

Funeral services for John Belford Scott, a resident of this county for 41 years, were held last Sunday afternoon at two o'clock from the Church of Christ in Munday, being conducted by Minister D. L. Ashley.

Mr. Scott passed away at the Knox county hospital at 7:38 a. m. Saturday. He had been in failing health for several years.

Born in Marion County, Alabama, on April 24, 1858, Mr. Scott was 90 years, 6 months and 6 days of age. He had resided in Knox county since 1907, and was engaged in farming here a number of years.

Surviving him are three sons, John E. Scott, Genwood, Ark.; W. G. Scott, Ranger; Melvin Scott, Tucson, Ark.; two daughters, Mrs. Allie Ware, Munday, and Mrs. Willie Snelson, Clovis, N. M.; three sisters, Mrs. Addie Spayberry of Spur, Mrs. Sarah Tucker, address unknown, and Mrs. Earlie Spayberry of Anson. Other survivors include 31 grandchildren and 24 great grandchildren.

The body was taken to Anson for burial in the Mount Hope cemetery. The Mahan Funeral Home was in charge of arrangements.

## Moguls Will Play Albany On Friday Night

With the football season fast coming to a close for the Munday Moguls, the local team will go to Albany next Friday night for their annual battle with the Albany Lions.

This will be a Conference 6-A tilt; however, it won't mean much in the matter of conference standings for the two teams. The Moguls occupy the cellar position in the conference, having failed to win a conference game thus far, while the Lions, boasting a stronger team than in recent years, have also been defeated.

The Mogul-Lion annual battle has always been an interesting one, however, and fans will see some fast football when the two teams collide in Albany Friday night.

## Wichita Valley Changes Schedule

A change in the schedule of the Wichita Valley railroad was announced Thursday morning by E. V. Shackelford, depot agent at Goree.

Effective Sunday, November 14, the train leaving Wichita Falls at 4 a. m. will arrive in Goree around 6:23 a. m., arriving in Abilene at 9:40 a. m.

On the return trip it will leave Abilene at 10:20 a. m., reaching Goree around 1:10 p. m. and arriving back in Wichita Falls at 3:40 p. m.

## Uncle Sam Says

There's nothing like a back-log of U. S. Savings Bonds to enable one to stand up and look the world in the eye. And you'll be clutching a handful of them before you know it if you enroll now for the regular purchase of U. S. Savings Bonds. With these bonds you'll lose the uncomfortable feeling that you're not getting ahead. What's good for you is good for your country, so start accumulating those Savings Bonds now. In ten years you get back \$4 for every \$3 you invest today. Sign up for the Payroll Savings Plan where you work, or if self-employed, for the Bond-a-Month Plan at your bank. U. S. Treasury Department

## James C. Wood Is Field Worker For This Area

Mr. James Clark Wood assumed duties as field worker of the State Department of Public Welfare on November 1, 1948, in Knox County with headquarters in Munday.

Mr. Wood replaces Mr. Richard C. Yarbrough, who is now located in Hardeman County, and comes to Knox County from El Paso where he has served in capacity of floating worker. He has been with the State Department of Public Welfare for 3 years. He will continue holding the same dates for filing application for public assistance.

Persons desiring to file application in Munday can see Mr. Wood on the second and last Wednesdays of each month from 8:30 a. m. to 12:00 noon, in the City Hall; in Knox City in the basement of the First Baptist Church on the last Monday of each month from 8:30 a. m. to 12:00 noon; in Benjamin in the Courthouse on the last Friday of each month from 8:30 a. m. to 12:00 noon.

## J. Kirkpatrick Passes Away At Goree Home

One of Goree's beloved citizens, John Kirkpatrick, known to many as Dad or Grandad, passed away at his home in Goree last Sunday evening at 7 o'clock, after an illness of two weeks.

He was born February 9, 1868 in Cedar County, Missouri. In 1887 he moved with his family to Texas and settled in Wise County, where he was married to Miss Annis Cooley on December 16, 1888. She passed away at Goree on December 16, 1934.

In November, 1889, he moved to Throckmorton county, where he lived until 1934, when he moved to Haskell county, near Weinert. He moved from there to Goree in 1941 and lived here until his death.

He was baptised into the Primitive Baptist church at Graham in February of 1904, and was a faithful member until the last.

There were twelve children, five of whom are living and were with him during his illness and were by his bedside when he died. They are: Mrs. Nellie Hargrove, Goree; Earl of Midland, Ira of Big Lake, Roy of San Angelo, and Bill of Kermit. Also surviving are 87 grandchildren and great grandchildren.

He was a loving father, grandfather and friend and was loved by everyone who knew him. He was an inspiration to all, and his loving deeds and kindnesses will never be forgotten. May we all be more like him.—Written by a friend.

## 8 Amendments Win Approval Of Texas Voters

Upon the basis of late returns to the Texas Election Bureau, the eight proposed constitutional amendments were approved by Texas voters in the election last Tuesday.

Seven were adopted overwhelmingly. The eighth, a proposed retirement plan for state judges, also had a safe lead of more than 20,000 votes on the basis of incomplete returns. Latest returns gave:

- County employees compensation, 224,583 to 71,091.
- Legislative districting, 221,094 to 65,115.
- Community property partition, 219,621 to 66,297.
- Gubernatorial succession, 212,807 to 52,994.
- Homestead exemption, 239,309 to 43,745.
- County officer salaries, 214,649 to 58,824.
- Ad valorem tax, 183,807 to 82,305.
- Judges retirement, 141,682 to 127,734.

Mrs. Robert Cray returned to her home in Mineral Wells last Saturday after spending a week here with Mrs. R. A. Clemmens.

19-2

## THE MUNDAY TIMES

Published Every Thursday at Munday  
 Aaron Edgar and Grady Roberts . . . Owners  
 Aaron Edgar . . . Editor and Publisher  
 Entered as second class matter January 4, 1919,  
 at the postoffice in Munday, Texas, under Act of  
 Congress, March 2, 1879.

### MUNDAY'S NEEDS FOR 1948

1. A modern and up-to-date high school building, to care for the present and future educational needs of our children.
2. A waterworks system that meets all requirements of health, sanitation and supply.
3. A street sweeper that will keep our pavement clean enough to be recognized as pavement.
5. Completion of our drainage and paving program, which will probably be accomplished this year.

### WHERE THE TROUBLE LIES

O. Glenn Saxon, Professor of Business Administration and Applied Economics at Yale, recently participated in a radio debate on the subject of price inflation. He advocated Federal budget reductions, shrinkage in the amount of money in circulation, lower farm support prices, and more incentives for capital investments in plant expansion.

This comes as a refreshing change from the idea that the cure-all for our economic problems lies in unbridled Federal spending, rationing and price controls, government domination of every phase of our national life, and other such dubious measures—all of which, incidentally, would contribute to the creation of a police state in this country. For the fact is that the government has not only spurred inflation, but is still making more inflation almost inevitable.

It is easy enough to blame manufacturers and retailers for the high prices we must pay. Apparently a good many consumers do, judging by the periodic picketing of stores by people with placards demanding that the price of everything be reduced by some arbitrary percentage. However, as the figures show, if these reductions were made the stores would shortly go out of business and the sheriff would take over the remaining assets. They earn so small a profit that if it were abolished entirely it would do very little to alleviate the cost of living.

Professor Saxon hit the nail on the head—even though his proposals may step hard on some toes.

Some people learn how to relax. Others never learn how to do anything else.

"Money is the root of all evil"—that's why we have to dig for it.

A girl may wear a golf outfit when she can't play golf, and a bathing suit when she can't swim, but when she puts on a wedding gown she knows what she's doing.

 In second zone, per year . . . . . \$2.50  
 The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party politics, publishing news fairly, impartially, and honestly.

### THE JAPANESE ARE LEARNING

According to a New York Times dispatch from Japan, "agitation against continuing unneeded economic controls, especially those over prices, has assumed the proportions of a national movement" in that country. An editorial which recently appeared in the newspaper Yomiuri Shimbun said: "If controls over the basic producer goods are going to be continued indefinitely we shall indefinitely have to suffer the irrationalities and contradictions of a controlled economy." Another paper, the Jiji Shimpo, observed that "the outcry favoring the removal of economic restrictions is now steadily mounting. The opposition comes from bureaucracy, whose source of lucre would vanish with the lifting of controls. Bureaucracy has yielded life and death power over industry and business."

That certainly has a familiar ring. Apparently bureaucracies in the Orient are cut from exactly the same piece of cloth as those in this or any other Western nation. The battle here at home against lifting price and other controls when the war ended was largely of a political character—and so is the campaign to put them back into effect, and so pave the way for a regimented economy in this country.

Apparently the Japanese are learning that only a free economy can properly meet the needs of a people—and do it at the lowest price and with the greatest efficiency. That kind of an economy made the United States an industrial colossus. It is responsible for a standard of living which exists nowhere else in the world. Manufacturers compete with each other for orders. All kinds of retail stores, large and small, chain and independent, compete with each other to earn public favor and patronage. The result is an economy of abundance—as against the economics of scarcity which exist in all the police states.

Disgusted Clerk: "Well here's one belt of green silk you haven't seen. Do you think she could be in that?"

Shopper (after looking at everything in the department): "Thank you, but I am just looking for a friend."

It's a sign of prosperity when men's pants bag at the pockets instead of the knees.

### It Pays To Advertise

### Texas Model Champs

MODEL AUTOMOBILES designed and built by Jerry Patton, left, of Arlington, and Harold L. Simon, right, of San Antonio, have won first state awards in Texas in the senior and junior divisions, respectively, of the 1948 Fisher Body Craftsman's Guild competition. Each youth receives \$150, and in addition their models were declared regional winners for the Texas-Arizona-New Mexico area, winning for them free trips to Detroit for the Guild's national convention to compete for university scholarships.

The old Pecos River bridge, subject of poems, songs and Roy Bean yarns, is doomed. The work of demolition is underway or may even be completed.

A new bridge has been built and the old one has been unused for several years. J. C. Carter, executive assistant for public relations for the Southern Pacific Railway, has made a study of the old structure, which was built in 1892 and was in service till 1944.

A large salvage firm bought the old bridge. Cowboys, to avoid the long ride down into and up out of the canyon, used to ride their horses across the high bridge. A young and pretty woman, "Pecos Kate" rode across and when a suitor was too faint-hearted to follow, she rejected him—or so the song says.

Trains used to stop so that passengers could take in the view. For below was a tiny trickle of silver—the Pecos river. On its bank were even smaller objects, hardly discernible—they were cows.

While the bridge was under construction, a scaffolding broke and seven men plunged to the boulders below. Judge Roy Bean rode over from Langtry to hold the inquest. The bodies were lying in a row. He instructed the jury to return a verdict that "these here seven men met their death by falling from the bridge." One juror spoke up, "But, Judge, one of them ain't dead."

"Well," said Old Roy, "he will die and I ain't gonna ride 14 miles on a soreback mule to hold another inquest. Officially and legally, he is dead."

The jury so found—and two days later, the seventh victim did

### From where I sit... by Joe Marsh

### "Husbands, Wives, and Marriage"

Maybe you read that survey published recently in a national magazine, entitled "Husbands, Wives, and Marriage."

It showed that among happily married couples, those who criticized themselves outnumbered those who criticized the other person. Among unhappily married couples, it was just the opposite—eachone tended to criticize the other.

That's the way it is in our town, as I guess it is in yours. Criticism, whether it's of a wife's taste for hats, or a husband's taste for pipe

tobacco and an evening glass of beer or ale, is a sure start towards unhappiness.

As for what made happy marriages, companionship within the home was listed most important of all. And from where I sit, a husband and wife who can spend an evening by the fire—with nothing more exciting than a mellow glass of beer, and a friendly conversation—are a truly well-matched couple!

Joe Marsh

pass away.  
 The old bridge is part of the story of the Southwest. Many oldtimes will hate to hear that it is gone.

### Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
 M. D., State Health Officer  
 of Texas

Austin—The "dog-days" of the mid-summer months originally derived their name from the prevalence of rabies spread from rabid dogs at that season of the year, but actually rabies occurs at all times of the year. During the past year the State Health Laboratory found 847 animals brains positive for rabies. Four deaths occurred in humans.

Dr. Geo. W. Cox, states, "Few persons need to be warned that rabies is a fatal disease yet proper precautions against its spread are often neglected. Stray dogs should be humanely destroyed or impounded, and all household pets should be vaccinated. Annual vaccination efficiently practiced will stamp out rabies in Texas."

The State Health Officer stressed this fact as important: A dog suspected of being rabid should not be killed at once, but should be kept confined for ten days, since this is the infective period before death of the animal. If the dog does not develop rabies within ten days, the individual bitten is safe as far as that particular bite is concerned. Further

observation of the animal should be at the discretion of the veterinarian since many other conditions resemble rabies.

The head of the suspected animal should be packed in ice and sent to the State Health Department for examination. Freezing the brain, or killing the dog prematurely or in such manner as to injure the brain may take correct laboratory findings impossible.

More handling of a rabid animal is not sufficient reason for treatment, as scratches by the animal's paws ordinarily do not constitute exposure. It should be understood that rabies is transmitted only through exposure to saliva which gains entrance into the body wound, ordinarily through a bite.

## Munday's Laws, If Enforced To The Letter, Would Get Us All In A Mess

The "Road Runner" of the Abilene Reporter-News was in town recently, and he delved into Munday's laws of early days and found some things that sure would get us in a mess now, if the laws were enforced to the letter. The account of his finding follows:

A Munday ordinance passed in 1911 still restricts—legally at least—the speed of automobiles within the city limits to 8 miles an hour. The fine prescribed is not less than \$10 nor more than \$50.

The ordinance, so far as can be ascertained, has never been repealed. But enforcement is as dead as the ancient dodo, citizens declare.

Another quaint ordinance requires autoists to stop for any person riding or driving a horse. It is Article 89 and reads:

"Any person or persons running an automobile on the street within this city shall, when any person or persons riding or driving any horse or horses, signal them by wave of hand or otherwise, bring the auto to a standstill, until the said horse or horses have passed, or until a signal is given by the person or persons riding or driving any horse or horses, for any auto to proceed on its journey. Any person violating this ordinance shall be deemed guilty of a misdemeanor, and on conviction, thereof shall be fined in any sum not exceeding \$50."

But nobody now signals in Munday—just another dead dodo!

In 1911, city record show, Munday imposed a city poll tax of 50 cents per capita. It has long since been repealed. The late Oliver W. Lee, father of City Secretary,

Harvey Lee, was then mayor. Other early ordinances imposed stringent. Sunday blue laws—against horse-racing, keeping stores open under penalty of \$20 to \$50 fines; hunting within a half mile of a church; and operation of picture shows.

In old records, The Road Runner dug up results of an April 11, 1910, municipal election. At the time John J. Switzer was mayor, and aldermen were R. W. Murphy, T. G. Easley, J. N. Campbell.

The results were: For mayor, Switzer, 119 votes; W. R. Lytle, J. R. Reeves, each one vote. For aldermen: O. W. Lee, 118; R. W. Murphy, 100; M. L. Newsom, 104; P. B. Broach, 103; J. N. Campbell, 88. Switzer, Murphy, Broach, Newsom and Campbell were sworn in.

Back in the early days of incorporation boys got thrills "swinging" freight trains, riding atop, and otherwise putting their lives in jeopardy. It seems so frequent and alarming the city passed a stringent ordinance against hopping trains in the city limits.

Another ordinance prohibited tying livestock, oxen and other animals to porch fronts down town. Also the sidewalk—wooden mostly—was not to be used as a hitching place. Too many side walks were torn away, the ordinance indicated.

Itinerant medicine shows, ventriloquists, traveling dentists—a top gaudy vehicles were taboo on Munday streets. They had become a public menace, the ordinance indicated.

## Firestone Contributes to F. F. A.

Mr. Harry S. Firestone, Jr., (left) Chairman, The Firestone Tire & Rubber Company, presents a \$10,000 check to Mr. Ervin Martin, Salem, Indiana, President of the Future Farmers of America. This amount, according to Winston Blacklock, local Firestone dealer, represents The Firestone Tire & Rubber Company's annual contribution to the F. F. A. Foundation, which contributes funds to help boys studying vocational agriculture. Among other things members are taught is how to solve their own problems; finance themselves, and to assume civic responsibility. Firestone also contributes to the 4-H Club, sponsoring a national soil conservation contest which this year has 60,000 farm boys and girls competing for eight college scholarships, 16 all-expense trips to the National 4-H Club Congress in Chicago and savings bonds awards on county and state levels.

ance indicated.

Custom has decreed many ordinances still on the statute books should be disregarded, though the city might, if it desired, make the letter of the law stick even to this day.

It reminds us of the old state law against having a pair of pliers on one's person. This law, we're informed, is still on the statute book. It was designed for the day when travelers and cattle rustlers took the tool and snipped ranch fence wires. Many persons were fined. But, today, what would a motorist in trouble on the highway do without a pair of pliers?

J. L. Hill, Jr., of Stamford was a business visitor here last Monday.

A. H. Mitchell left last Monday for Galveston for a week's visit with his daughter, Miss Patsy Mitchell, who is nursing at the John Sealy Hospital.

N. A. Chastain returned home last week from Detroit, Michigan, and other points, where he spent two or three weeks, attending to business matters.

### Uncle Sam Says

Every well-managed home maintains a financial reserve as security against future needs and emergencies. You may feel secure behind your own little bulwark—your job, your earnings, your savings. But you also want a safe and sure way to protect all these and that is through the purchase of U. S. Savings Bonds. The practice of putting away financial reserves into safe and profitable savings bonds should be a permanent and definite part of your savings program. Enroll now for the Payroll Savings Plan for buying Bonds where you work, or, if self-employed, for the Bonds-a-Month Plan at your bank.

### When Your Back Hurts -

And Your Strength and Energy is Below Par  
It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.  
You may suffer sagging backache, rheumatic pain, headache, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smearing and burning is another sign that something is wrong with the kidneys or bladder.  
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has your countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

**DOAN'S PILLS**

## Texas Cattle Are Going Into Hard Winter

Texas cattle, both beef and dairy, face a hard winter. In average years cattle enter the winter months in good shape after feeding on green grass. This year, however, many cattle are already suffering from a lack of the green feed. There just isn't any to be had.

Many cows that are now carrying calves may not be quite up to the task of giving birth and taking care of their young, says Dr. W. C. Banks, extension veterinarian of Texas A&M College.

Banks suggests that stockmen plan a good feeding program for the cattle. In addition to protein feeding, plenty of good quality hay should be kept on hand. And, if possible, hay with a good, green color is recommended. If you can't get green hay, Banks suggests getting some other source of vitamin A to add to the ration. Your local veterinarian can give you the names of several commercial sources of vitamin A or you can give the cattle a dose of some kind of cod liver oil.

Only in a well planned feeding

### SLEEP ALL NIGHT

Getting up every few hours destroys your rest. Save this energy. Correct the ph. in your body fluids with CIT-ROS, avoid this discomfort. CIT-ROS for sore, aching back, burning bladder, swelling feet. Get CIT-ROS \$1.00 at your druggist today. For sale by CITY DRUG STORE

program, can we expect to keep down the death losses of both cows and their calves, says Banks.

Arthur Lawson of Seymour was a business visitor here the first of this week.

Miss Jerry Harlan, Miss Clara Belle Byrd, Mrs. Freddie Morrow and Mrs. Jean Parks were business visitors in Wichita Falls last Tuesday.

Mrs. A. H. Mitchell spent last Sunday in Merkel, where she attended the 72nd birthday celebration for her father, C. L. Diekey, held at the home of her sister, Mrs. R. L. Elliott, Jr. About 20 relatives were present.

H. A. Pendleton was a business visitor in Abilene the first of last week.

## Knox Prairie Philosopher Doubts That Even Television Will Keep Him From Falling For The Politicians

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek fails to get very enthusiastic over television, his letter this week reveals.

Dear editor:

I was readin in a magazine the other day which I picked up in town at a cafe counter and will return if I find out the cafe owner saw me take it where television is spreadin fast and it won't be long before I can sit out here on Miller Creek

J. A.

and watch Congress in action in Washington or see what's goin on in England, provided some method is worked out for finance in the purchase of the sets, although there is some who argue Congress ain't gonna be very interested in furnishin any aid in

this direction as what goes on in Congress ain't always of any benefit to Congressmen if the picture got flashed on television screens all over the country.

But what amused me about the article was a statement by an expert that television is gonna revolutionize the habits of the people, is gonna change our way of life. If you ask me, I don't believe it.

They said the same thing about the oil lamp, then about the electric light bulb, about the steam engine, the automobile, the train, the airplane, the telephone, the radio, etc.

Understand, it's a great thing to have these conveniences, but they don't never change life much. Ain't no gadgets revolutionized nothin. You take a man from out here who ain't never seen a television set and one from New York who has been seen television for two or three years and put em side by side in front

## Win \$25,000 First Prize in National Treasure Top Contest

Harry W. Yoder, (right), Purple Heart Navy Veteran of Two World Wars, wife and son, Harry Jr., of Mt. Morris, Ill., winners of \$25,000 cash first prize in national Pepsi-Cola Treasure Top Contest, largest ever held in U. S., with 4,696,191 contestants, Walter S. Mack, Jr., President of Pepsi-Cola Company announces. Typical American family will use bonanza to pay off mortgage on home, pay up G. I. insurance, help two sons through college and try to regain health. Total of \$203,725 prize money was awarded to 15,890 persons. Contestants submitted bottle tops with designs under cork and brief statement about product.

of a broiled steak and what happens? I'll bet next year's cotton crop against next week's issue of your paper, about an even bet, you couldn't tell which one had been revolutionized by television and which one hadn't.

I can remember when wives would swoon at the thought of a hand pump to draw water instead of a rope and bucket, and the idea of ridin when you plowed was a impossible dream, but all these things has taken place, including electricity and atomic energy, but as far as I can tell ain't none of us changed much. We all still sleep, eat, work when we have to and get taken in by politicians year after year.

Television is gonna be a fine thing, but I doubt if it has any more basic effect on man than the claw hammer.

Yours faithfully,  
J. A.

Harry Cowan of McMurry College, Abilene, visited home folks last week end.

Mr. and Mrs. Carl Haynie and children of Amarillo spent last week end here with Mr. and Mrs. Chas. Haynie, Sr., and with other relatives.

IT PAYS TO ADVERTISE

## Farm Prices May Drop, Others Remain High

On the average, prices paid for Texas farm products will go down a little in 1949; prices farmers pay for things they buy will probably be a little higher than they were this year.

It all adds up to an expected 1949 net income on Texas farms and ranches of some 5 to 10 percent below that of 1948, but still greatly above any prewar year.

That's a two-sentence summary of the 1949 farm prospects as seen by Tyrus R. Timm, extension economist and professor at Texas A&M College, who returned last week from the National Agricultural Outlook Conference in Washington, D. C.

As to farm commodities, livestock and livestock products seem to hold the most favorable price position. The most speculative situation is indicated for fruits and vegetables. No sharp decline generally is expected, but certain individual commodities in this grouping may experience serious "short-run" seasonal declines. In between, these two groups of commodities is the outlook for cotton and grain, with cotton holding a more favorable spot.

Meanwhile he expects prices of automobiles, farm equipment and building materials to be as high or perhaps even higher than in 1948. Some economists, he says,

## Beware Coughs From Common Colds That HANG ON

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**CREOMULSION** for Coughs, Chest Colds, Bronchitis

think a general increase of 5-8 percent may be expected.

You may pay a little less for radios, some items of household equipment and textiles.

The outlook interpretations are based on present supply and demand situations and requirements of existing government programs, Timm points out. Drastic changes from normal weather conditions, or a major overhauling of the government's programs, could change the picture completely.

Mr. and Mrs. Troy Warren of Wink visited Mr. Warren's parents, Mr. and Mrs. S. J. Warren, and Mrs. Warren's mother, Mrs. U. S. Rogers, over the week end.

Mr. and Mrs. T. J. Mitchell and Mr. and Mrs. E. T. Willing of Seymour visited relatives in Palo Pinto last Sunday.

**Louise Gresham  
And C. A. Williams  
Wed On Sunday**

Miss Emma Louise Gresham, daughter of Mr. and Mrs. Ivan Gresham of Manday, became the bride of Mr. C. A. Williams, son of Mr. and Mrs. Jerry Williams of Gales, in a simple ceremony last Sunday evening at 7 o'clock in the First Methodist Church in Manday. The Rev. Wm. G. Barr, pastor, officiated at the simple ceremony.

The couple stood before decorations of large baskets of pink gladioli on both sides of the altar.

The bride was attractive in a Royal blue dress with black accessories. She wore a white carnation corsage. She also wore the traditional "something old, something new, something borrowed, and something blue" and a pearl in her shoe as the good luck charm.

The best attendant was Miss Betty Hendricks of Manday. She wore a grey suit with black accessories and a corsage of pink carnations.

Best man was George Crouch, Jr., of Soudan.

Only relatives and close friends of the couple attended the wedding.

For her going-away from the bride chose a grey suit with black accessories.

After a short wedding trip to points of interest in New Mexico the newly weds will make their home near Gales.

Leland Frimish was a business visitor in Manday on Tuesday and Wednesday of this week.

**CARD OF THANKS**

It is with hearts full of gratitude that we attempt to express our thanks to everyone for the kind wishes shown us during the illness and in the death of our loved one.

They are the many of you to whom we are indebted for the many kind letters, cards, flowers, and the many who were so generous in their contributions. We are sure that every word of sympathy, love, and cheer, and every kind offering, were deeply appreciated. May God bless and comfort you all.

C. A. Williams  
Mrs. C. A. Williams

**Bride In Recent Ceremony**

Miss Emma Louise Gresham is at the First Methodist church in Manday. She is the bride of Mr. C. A. Williams, son of Mr. and Mrs. Jerry Williams of Gales. The wedding was held last Sunday afternoon at 7 o'clock.

**Miss Dorothy Hertel And George Marak United In Rhineland Ceremony**

**CARD OF THANKS**

We wish to thank our many friends for their kindness and sympathy during the illness and death of our beloved father and grandfather.

The children and grandchildren of J. H. Scott.

A check on all debts and unpaid bills in the home was kept the wife at her own expense. In this matter their help was most appreciated. Your words during the illness of our father and grandfather were most comforting and helpful. We are sure that every word of sympathy, love, and cheer, and every kind offering, were deeply appreciated. May God bless and comfort you all.

C. A. Williams  
Mrs. C. A. Williams

rowed and something blue. To complete her bridal ensemble she carried a lovely bouquet of white roses.

Mrs. Urban Bellinghausen, sister of the bride, was matron of honor. She wore a beautiful floor-length dress of sheer pink nylon over satin, made with full elbow length sleeves, fitted waist and a huge bustle-back skirt. She wore a pink colonial bonnet and carried a bouquet of pink carnations with blue satin streamers.

Misses Margaret and Margie Marak, twin sisters of the groom, were bridesmaids. They were gowned alike in pale blue nylon over satin, made similar to the dress worn by the matron of honor. They wore blue colonial bonnets and carried bouquets of pink carnations with pink streamers.

Miss Marcella Marak, sister of the groom, was junior bridesmaid wearing a lovely gown of maine nylon over satin, made identical to those worn by the bridesmaids. She also wore a maine colonial bonnet and carried a bouquet of white carnations with blue streamers. All the attendants carried shining silver rose-tinted gifts of the bride.

Little Misses Henrietta Hertel and Melanie Rose Verhalen, cousins of the bride, were flower girls.

They wore lovely frocks of white nylon over satin and colonial bonnets, made identical to those of the bridesmaids. They carried white baskets filled with rose petals to strew in the bride's path.

The groom is a graduate of Bonarton high school, and spent two years in the U. S. Army.

Urban Bellinghausen was best man for the groom. Other attendants were George Holub of Bonarton, Alvin Bellinghausen of Manday and George Macha of Wichita Falls.

An elaborate reception was held at the home of the bride's parents for a larger number of relatives and friends. The huge four-tiered wedding cake, topped with miniature bride and groom formed a centerpiece on the lace-covered table.

In the evening, the young couple honored their many friends with a reception in the Community Hall at Rhineland.

As a going-away suit, the bride chose a lovely blue-grey suit with black accessories. She wore a corsage of white roses.

After a short honeymoon trip to Carlsbad, N. M., and other points of interest the young

couple plan to make their home near Rhineland.

**Mrs. Rawlins Of Gores Celebrates 82nd Birthday**

On Sunday, October 31, Grandmother Rawlins of Gores celebrated her 82 birthday in the home of her daughter, Mrs. J. F. Lowrance, Sr.

Mrs. Lowrance served the birthday dinner, being assisted by Mrs. J. F. Lowrance, Jr., and Mrs. W. F. Prater. Those present for the occasion are as follows: Mr. and Mrs. J. C. Rawlins of Gores, Mr. and Mrs. H. M. Rawlins of Hamlin, Mr. and Mrs. J. C. Lowrance, Jr., of Gores, Mr. and Mrs. W. F. Prater of Haskell, Verma Lee and Jessie Mae Rawlins, Billie, Troy and Homer Lowrance.

Great grandchildren present included Leo, Bobby, Alfred, Jerry and Charles Prater, Johnnie, Doyle, Glenda, Freida and Sue Ann Lowrance, Jeanene, Nancy, Wayne, and Marigale Gray.

All joined in wishing Grandmother Rawlins many happy anniversaries.

**Munday H. D. Club Meets Oct. 17 With Mrs. Betterton**

The Munday Home Demonstration Club met in the home of Mrs. E. R. Betterton, October 27. Plans for an achievement party were made and will be in the home of Mrs. C. C. Jones on November 10, with the Vera club as guest. Visitors are welcome.

Officers for the coming year are: chairman, Mrs. Joe Patterson; vice-chairman, Mrs. R. E. Foshee; secretary, Mrs. A. L. Roden; council delegate, Mrs. Leland Floyd; alternate, Mrs. Fred Lane; parliamentarian, Mrs. Nora Broach; and reporter, Mrs. Verbon Voss.

Refreshments were served to the following members: Mrs. F. G. Offutt, Mrs. Leland Floyd, Mrs. Louis Cartwright, Mrs. A. M. Searcey, Mrs. A. L. Roden, Mrs. Buel Claburn, Mrs. C. C. Jones, Mrs. Nora Broach, Mrs. Fred Lane, Mrs. Verbon Voss, Mrs. R. E. Foshee, Mrs. J. C. Golehon, Mrs. Joe Patterson, and one visitor, Miss Stella Cowser, and the hostess.

The next meeting will be in the home of Mrs. Verbon Voss on November 10th.

H. E. Weatherby, pastor.

### FIRST BAPTIST CHURCH

Huron A. Polnac, Pastor  
Sunday School, 10:00 A. M.  
Morning Worship, 11:00 A. M.  
Training Union, 6:30 P. M.  
Evening Worship, 7:30 P. M.  
The Lena Lair Circle of the W.M.U. met with Mrs. John Estes with eight present and the Edith Chaney Circle met with Mrs. Huron Polnac with eleven present. Both Circles organized and made plans for future work.

### Lady Golden Glow Cake

Here's a marble cake that has the pleasant contrast of a tart orange marmalade filling and a smooth seven-minute icing.

"Golden Glow" is an odd name for a chocolate and white cake. It's so called because its layers are separated by a filling of orange marmalade. Your taste will tell you that the glowing filling is a good flavor foil for the cake and its smooth frosting.  
There's no trick to obtaining the marbled effect of the cake. The smooth batter is divided in half just before baking, with melted chocolate folded into one half. Fill the layer cake pans by dropping in alternate spoonfuls of light and dark batter.  
A cake like this is an instant success, especially when the pieces are generously cut and seconds are available.

#### LADY GOLDEN GLOW CAKE

**Ingredients:**  
1/2 cup butter or margarine  
2 cups sugar  
4 eggs, separated  
Grated rind of one orange  
3 cups sifted enriched flour  
3 teaspoons baking powder  
1 teaspoon salt  
1/2 cup milk  
2 squares chocolate

**Directions:**  
Cream butter or margarine with sugar until light. Add well beaten egg yolks and the orange rind. Sift flour, baking powder and salt together. Add with milk alternately to creamed mixture. Fold in beaten whites. Mix into smooth batter. Divide the batter equally. To one half, add the melted chocolate and mix well. Drop light and dark batters alternately from spoons into greased layer cake pans. Bake 40 minutes in moderate oven (350 degrees F.). Put layers together with orange marmalade and frost with seven minute icing.  
Yield: Two nine-inch layers.

## Goree News Items

Jewel Madole of Beaumont is visiting his mother, Mrs. Maggie Madole and Dr. and Mrs. W. M. Taylor this week. Mrs. Madole returned home with her son Wednesday.

Mrs. Ralph McMeen of Breckenridge visited her parents, Mr. and Mrs. Walter Price Tuesday.

### Wilson Hunter Gives An Interesting Description Of Washington Activities

In a recent letter to his parents, Wilson Hunter gave an interesting description of Washington and the work he is doing there. Parts of the letter, which are of personal nature, have been omitted, but the story of Washington follows:

You should see this nice office I work in. It has two parts—the Cable Section and the Top Secret Control Section, all in the Directorate of Intelligence. We are in the east portion of the building, and luckily have an outside room overlooking the Potomac River,

the Virginia highway, and Washington National Airport, what a view from the two large bay windows in our office. (However we are so busy we are very seldom caught looking out the window, believe me.)

Dealing with classified cables and documents is about the same as dealing with money—everyone of them has to be accounted for and signed for, etc. Actually they are much more important than money, and a clerk here cannot afford to make a mistake as a lot of national security is involved in

### THE AMERICAN WAY

such documents. Practically everyone here in the Pentagon have to be cleared before starting to work. Most of the 25,000 people employed and on duty here are clerical employees.

There are several cafeterias on each floor of this huge building, and also beverage bars at each intersection. Here during the middle of the day or in mid-morning and mid-afternoon all clerks rush to the beverage bars to have a few minutes "break" from their offices.

Here at these bars such refreshments as sodas, ice creams, coffee, hot chocolate, candy, cakes, pies, sandwiches, gum, milk, most anything short of a full meal may be served. Down on the main concourse there is a huge department serving nothing but doughnuts!

There are libraries, drug stores, barber shops, banks, post offices, and you might say a city within one building. Thousands and thousands of cars and vehicles cram up the streets here in Washington around 4 to 5 p. m., or about quitting time. This is due, of course, to all the hundreds of thousands of government workers getting off work around this time in many government buildings over town.

The Pentagon is the largest in Washington, in fact the largest office building in the world, and since it houses the War Department as formerly called (now is called National Defense Building), it is the most important building in Washington. I have worked here in the Pentagon for about a month and am liking it better all the time. This holds true for the city of Washington, too.

Last night, I went up on Connecticut Avenue and went ice skating. Boy, what fun and such a huge, nice, hard ice rink! It is easier to skate on ice than with roller skates, I think.

There are 57 bowling alleys in the same building here at Chevy

Chase in northwest part of the city. Dances every night of the week in many places. Halloween dances coming up will create much excitement here. I am invited out to an American Legion Halloween dance on 8th street Saturday night by a friend of mine whom I've met since arriving here. Think now I will make it.

### BENJAMIN NEWS

(Elda Purl Laird, Reporter)

Charlie Hamilton of Wichita Falls, former resident of Benjamin, spent several days last week here visiting with friends.

Mrs. Wynelle Porter was in Munday Saturday of last week shopping and on business.

Mr. and Mrs. Bobby Meinzer of Carlsbad, New Mexico, spent the past week visiting with their parents here, Mr. and Mrs. Orb Russell and Mrs. Myrtle Meinzer.

Mrs. John H. Atterbury of Knox City, visited in the home of Mrs. P. W. Laird on Wednesday of last week.

Mr. and Mrs. W. T. Ward and boys, Billy and Timmy of Colorado, spent the past week end visiting with relatives and friends here.

Mr. and Mrs. Doyle Pyatt spent the past week end visiting their son, Bolby Jim, at Texas Tech, Lubbock, and attending the annual Tech homecoming.

Mr. and Mrs. Frank Hill spent the past week end in Abilene visiting in the homes of their daughters, Mr. and Mrs. Jack Coy and family, and Mr. and Mrs. Cecil McGraw.

Mr. and Mrs. Van Earl Sams and children of Childress, visited in the home of Mr. Sams parents, Mr. and Mrs. E. B. Sams, during the past week end.

Mr. and Mrs. O. D. Propps, Sr., and Mrs. Ed Moorhouse spent several days during the past week visiting with Mr. and Mrs. O. D. Propps, Jr. and family of

Albuquerque, New Mexico and also in the home of Mr. and Mrs. Colman Moorhouse of Sana Rosa, New Mexico.

Mr. and Mrs. Homer Howard and daughter, Jennie Lou of Goree, were visitors in the home of Mrs. W. A. Barnett and family Saturday of last week.

Mrs. W. A. Barnett, Miss Omilene Barnett and Mrs. Wynelle Porter and daughters, Connie and Annette visited in the home of Mr. and Mrs. John Dutton of Knox City, Sunday.

Vernon (Butch) McCanlies and Kenneth O. Lewis, were among those attending the annual Texas Tech Homecoming the past week end, at Lubbock.

A. C. Smith was a business visitor in Dallas the first of this week.

Mr. and Mrs. Don Phillips and children of Plainview visited with friends here during the week end.

Mr. and Mrs. Herndon and grandson, Rodding Ellingburgh of McKinney and L. C. Sweatt visited Mrs. Bertha Sweatt and Flora Sweatt last week.

Mr. and Mrs. Jenkins of Guthrie visited Mrs. Bertha Sweatt last Sunday.

Mr. D. W. Mitchell and Mrs. H. D. Warren were business visitors in Stamford last Monday.

Charlie Roden, who is employed in Breckenridge, spent last week end here with his parents, Mr. and Mrs. A. L. Roden, and with friends.

# FARM NEWS

PROGRAM  
from the County Agricultural Conservation Committee

## THE 1949 AGRICULTURAL CONSERVATION PROGRAM

The 1949 Agricultural Conservation Program is open to every farmer in Knox County. Farmers who have a conservation problem on their farm are urged to participate in the Program. Full information is available at the County Agricultural Conservation Office at Benjamin.

Emmett Partridge, Chairman of the County Agricultural Conservation Committee, advises that within the limits of funds available, assistance is available to all farmers who participate in the Program. Conservation practices carried out must meet the requirements for such practices.

It should be understood, says the chairman, that the funds which this county receives for conservation work represents the National interest in conserving soil and water in this county. The county committee is charged with the responsibility of seeing that

the funds are used to get maximum conservation for each dollar spent.

The conservation practices which have been approved for national use in conserving soil and water have been drawn up by the county committees, State PMA Committees, State Technical Committees and the Agricultural Conservation Programs Branch in Washington, D. C. County practices have been selected and adapted by community and county committees.

Assistance under the Program is intended to encourage additional conservation and not to help farmers with customary operations, Mr. Partridge states.

### CRAWLEY DISCUSSES GOVERNMENT AND AGRICULTURE

Government responsibility in soil and water conservation, research and supporting the price of farm commodities was discussed by William B. Crawley, Assistant Administrator of Production of PMA, at a recent meeting at Monroe, Louisiana.

On conservation Mr. Crawley said that one of the most important jobs of Government in promoting the general welfare is the conservation of our soil and water resources. Since soil is the main source of our food and much of our shelter and clothing, the conservation of the soil is fundamental for continued existence.

Mr. Crawley pointed out that the program of sharing costs of conservation with the farmer under the Agricultural Conservation Program is the most efficient and effective way of getting the job done that has yet been found. He said that it is the responsibility of everyone to help protect the soil just as it is the responsibility of everyone to share in the cost of other forms of National Protection.

Research which furnishes the farmer with improved methods, plants and outlets for what he produces, he indicated, is a means of assuring increasingly effective use of the land and its products.

On price supports he said that we cannot expect abundant production if that abundance depresses prices to the point where the farmer is penalized for successful production.

In reply to the criticism that Government price supports for farm products are keeping prices up, he pointed out that many farm commodities are not supported and that most other commodities from the farm are above support price. For those products which are supported the support is 90 percent of parity which is 10 percent below a balance between what a farmer has to sell and what he buys. Cotton is the only exception, current-

## Complete Chart on Cancer Is Prepared for First Time

For the first time a complete chart on cancer has been prepared for publication with the approval of the American Medical Association and the American Cancer Society.

Prepared by Maxine Davis, noted medical reporter, the complete chart appears in the October issue of Good Housekeeping magazine.

Categories into which the chart is divided include 1—the site or location of the cancer; 2—the frequency with which such cancers occur in each sex; 3—the common age at which they occur; 4—details of the doctor's examination; 5—technical laboratory studies; 6—treatment; 7—chances for cure; 8—preventive measures.

"No such comprehensive and succinct investigation of cancer ever has been made available to the public," the magazine declares. "In an illness in which early diagnosis continues to be the most important factor, and fear of examination a contributor to delay, this unhysterical presentation of facts renders a unique public service."

"For the first time in the history of medical science, there is reason to hope for some solutions to the tragic riddle of cancer," Miss Davis writes in an article which accompanies the chart; "In the past, although no one denied cancer's gravity, few scientists studied it. . . . So profound is the subject that

investigate it, and the funds available to them were miniscule. Today money for research on a grand scale is being provided, and many investigators are at work.

"Your chances of suffering from cancer are not increasing, but the incidence of cancer is rising. This is because cancer is more likely in middle and later life, and as science lengthens our life span, more of us live to be cancer victims.

"Cancer is not necessarily fatal. Cures do exist. Thousands are cured each year. Nevertheless, one in every six who live into middle age is doomed to die of cancer.

"For the first time the federal government has appropriated adequate money. Last year it gave \$14,000,000 to the National Cancer Institute of the U. S. Public Health Service, staffed by as competent administrators and scientists as can be found. This year the National Cancer Institute has been given another \$14,000,000 plus authorization to make contracts amounting to \$8,000,000 for construction of essential laboratories.

"Some of this money goes for education of the public and of the medical profession; but the greater part is being spent for research. Research and education are long-time undertakings, and we may regard these appropriations merely as down payments on a bill that easily will exceed \$100,000,000 within ten years."

# Veterans' News

Qualified persons in Texas, Louisiana and Mississippi can now obtain jobs as clerk-stenographers with the Veterans Administration in Washington, D. C., VA has announced.

VA is extending its recruiting into most parts of the nation because of the current shortage of qualified stenographers in the nation's capital.

Entrance salary for these positions is \$2,498 per year with a very good chance for quick promotion to higher grades, VA said.

## QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID

Free Book Tells of Home Treatment that Must Help or It Will Cost You Nothing

Over three million bottles of the WILLIAMS' PEPPERMINT have been sold for relief of symptoms of distress arising from Stomach and Duodenal Ulcers due to Excess Acid—Poor Digestion, Sour or Upset Stomach, Gasiness, Heartburn, Sleeplessness, etc. due to Excess Acid. Sold on 15 days' trial. Ask for "Willard's Message" which fully explains this treatment—free—at

THE REXALL STORE  
CITY DRUG STORE

Travel to Washington will be at government expense.

An adequate number of rooms for single persons are available in Washington at rates from \$5.00 a week and up. Government quarters at Arlington Farms in dormitories are also available for girls.

Employment may be obtained through any regional office, hospital or center of the Veterans Administration.

A saving in insurance premiums is available to World War II veterans who still are paying their GI insurance premiums on a monthly basis, VA said.

Pointing out that approximately 90 per cent of the veterans are paying premiums on a monthly basis, VA explained that they may receive a three per cent annual discount by paying their premiums on a quarterly, semi-annual or annual basis.

In addition, the fewer premiums due lessens the chance of a policy lapsing.

Veterans can take advantage of the savings by visiting any VA office or writing to the VA Dallas Branch Office insurance service, requesting the type of premium payment desired.

Questions And Answers  
Q. My husband is a World War II veteran suffering from a service-connected disability and is in need of a prosthetic appliance.

Will Veterans Administration pay for the appliance?

A. VA will furnish a prosthetic appliance if the veteran has a service-connected or service-aggravated disability requiring an appliance.

Q. I enlisted in the war during July, 1947. Am I entitled to loan benefits under the GI Bill?

A. If you served at any time between September 16, 1940 and July 25, 1947 and you were discharged under conditions other than dishonorable after at least 90 days of active service, or for a service-incurred disability in less than 90 days, you may qualify for a GI loan.

Q. What is the last date on which a veteran of World War II may apply for a GI loan.

A. Such veterans have until July 25, 1957 in which to apply for GI loans. Armed Forces Recruiting Act enlistees will have 10 years after their period of enlistment is ended where the discharge date is later than July 25, 1947.

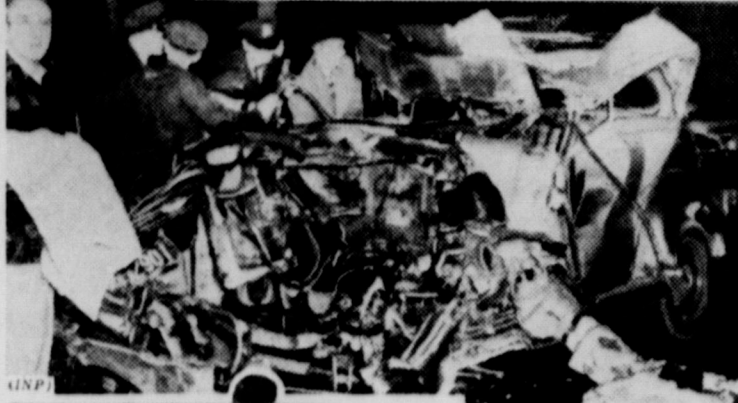

Q. My son was disabled during World War II. Will Veterans Administration pay him an additional sum for dependents?

A. If your son is rated 60 per cent or more disabled, he is entitled to an additional sum for his dependents.

Mr. and Mrs. Joe B. Norton and son, Gary Wayne, were visitors in Wichita Falls over the week end.

REMEMBER?

REMEMBER when a bare bulb like this was the last word in lighting? That's when you started calling your electric bill a "light" bill.

Then electricity began to take on more chores. It learned to cook and sew and clean, to wash, and iron, preserve food, entertain the family—in general, to make life healthier and happier and easier all around. Lighting became only a fraction of that job.

Naturally, you came to depend on electric service for more and more jobs—until now you couldn't imagine living without electric service! Today your electric service bill is just about the biggest bargain in the family budget—yet what else does so much, for so little?

Yes, it's a service bill today—it does your chores, cleans your home, cooks your meals, and gives you more time for "living."

West Texas Utilities Company

### King And Queen Coronation Tops Goree Carnival

Goree's grade school king and queen, Bill Rogers and Jeanette Smith, were crowned last Wednesday evening. The attendants were: Jack Hampton and Anette Roberts, train-bearer; Kay Maples and Tommie Peek, representatives of the second grade; Jean Orsak and Gayland Chamberlain, third grade; Sammie Sue Bates and Frank Ross Bates, fourth grade; Jeanie Beasley and Buddy Mayo, fifth grade; Mary Catherine Coffman and Wayne Bingham, 7th grade; Juanita Foster and Billy Weir of the eighth grade. Announcer was Wesley Wright and pianist was Delores Mobley.

As a beginning for the festivities, the choral club sang three numbers.

Following the grade school activities, Glenda Coffman and Bobby Graham were crowned King

and Queen of Goree high school. The immediate attendants were: crownbearer, Nanette Roberts; train-bearer, Judy Hunt and Becky Jamerson; flower girls were Jody Treat and Patsy Stewart.

### Cotton Ginnings

The rain on Sunday night brought a halt to cotton gathering over the county for a few days, but local gins had resumed their 24-hour schedule by Wednesday night.

A survey of the gins Thursday morning revealed that a total of 5,709 bales of cotton have been ginned at Monday to date.

Dairy farmers are losing 50 million dollars worth of milk a year due to brucellosis. That doesn't count nearly two hundred thousand calves that would have made about five million dollars worth of veal.

### Kraker Krums—

(Continued from Page One)

right of your name on this week's paper say: 11-1-48, it means that you need to come in and help us out with the note payment.

So, why worry? Just come on in and plank down the two bucks. We'll give you another year of "Munday Crimes", as some of you call it—and keep boosting for a street sweeper!

### Knox City Woman Dies Tuesday Of Rheumatic Fever

Lora Jean Propps, 30, daughter of Mr. and Mrs. A. E. Propps of Knox City, passed away at the Knox county hospital at 11:30 Tuesday night, a victim of rheumatic fever.

Funeral services were slated for 2:30 Thursday afternoon from the Methodist church in Knox City, with Rev. R. G. Harthcock, Baptist pastor, officiating.

Born June 7, 1918, at Crowell, Miss Propps moved with her parents to Benjamin and in 1925 to Knox City. After her graduation from high school in 1936, she attended business college in Abilene, and worked for a time at Camp Barkeley. She went to San Antonio in 1934, where she was employed at Fourth Army Headquarters at Fort Sam Houston until her illness. She was a member of the Methodist church.

Surviving are her parents and a sister, Mrs. Elwood Berkeley, Jr., of Chevy Chase, Maryland.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. B. J. Robertson of Vera are announcing the arrival of a daughter born October 30th at the Knox county hospital. Both mother and daughter are doing nicely.

### BIRTH ANNOUNCEMENT

A daughter was born to Mr. and Mrs. Bill McQuinn of Gilliland last Monday, November 1st, at the Knox county hospital. Mother and little daughter are reported doing fine.

Ethylene dichloride emulsion is the best chemical for peach tree borer control. And this is the best time of the year to spread it around the tree and cover it over with a mound of dirt.

### 100 Years of Watchmaking

Waltham, Mass.—In three places in America you could take a picture like this: A family of watchmakers—three generations of them—pose for news cameras in their home here, while celebrating the 77th birthday of the grandfather, Edwin C. Whitney, seated at left. Total years of Whitney family at the Waltham Watch Co. come to almost 100, and young Robert Whitney, standing at right, has added a fourth generation which the family hopes will make watches, too. You could find such a family in two other places in America where jeweled watches are made—Elgin, Ill., (Elgin National Watch Co.) and Lancaster, Penn., (Hamilton Watch Co.)

### Post Office Examinations Set For November 20

Examinations are announced throughout the State of Texas for positions of substitute clerk in third class post offices where employees do not have civil service status or where vacancies exist. Mr. McGuire, secretary of the board of civil service examiners, Seymour, states that he will hold examinations for post office employees at Megargel, Goree and Benjamin.

The exams will be held at the high school in Seymour on November 20, beginning at 8:30 a. m. Applicants to be examined for each of these offices must actually reside within the delivery of the post office at which they de-

sire employment or be bona fide patrons of that office. Persons employed in a third class office are considered patrons of that office.

Employees in third class post office who do not have civil service status should apply for these examinations if they wish to qualify for permanent employment. Applications and further information can be secured from the postmaster at each of the offices for which examination is being called.

After ten years of the average of farm product prices becoming successively higher, it is hard to realize that this same index the next ten years could be successively lower. This possibility is worth thinking about.
