Odd Bits Salvaged
At Random

"Thought, planning, work and co-operation builds the community."

This is a slogan that has, in some way, been adopted and placed on the letterheads of the Community Development Association. The word "finance" could have been added, too.

For even your thoughts, your plans, your work and the co-operation of others can not accomplish what they should without finances.

But if all members of the CDA would give the thought, the planning, the work and the co-operation—then the financing would be a small matter.

Your CDA is yet an infant—it's just barely one year old—yet, it shows promise of being one of the best organizations the town, or any town of its size, has ever had.

It serves as your Chamber of Commerce. It is a combination of that body, the junior chamber and the Rotary Club, the three organizations of the town at the time the CDA was organized.

It is run chiefly by a board of nine directors who are elected from the membership. One of the nine serves as president.

These directors meet twice each month, on the first and fourth Monday nights; and there, after a hard day's work upon the part of each, they try to iron out the problems of the community, plan and work for its advancement.

They held three meetings this month, meeting every Monday night for the past three weeks. They're planning for an annual banquet, at which the members will have food and entertainment and be shown some of the things the organization has accomplished during its first year.

The banquet was set for March 31, which ended the fiscal year, but a speaker could not be secured. It was set for April 7, but the school auditorium was not available. It was set for April 1, but that date interfered with a revival meeting; then April 14 was the date for the Father and Son banquet.

So everything has been worked out for April 21, with a good speaker in the person of Boyce House, of "I Give You Texas" fame, to feed you the "baloney" after you've had a good feed.

Boyce averages 100 speeches a year; which, at a speech a day, would take up about a third of his time.

He'll have something good for you, and you'll understand the workings of the CDA better if you'll attend the banquet.

Tickets are now on sale at \$1.75 per each, which is two-bits cheaper than those in some of our neighboring towns.

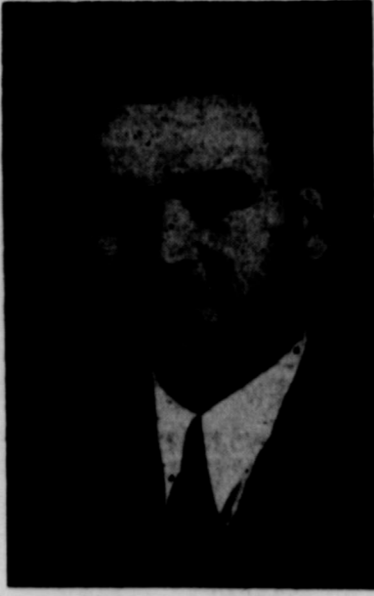

Nine men and a woman are usually in attendance at the directors' meetings. The woman is Mrs. Nedra McCauley, part time secretary. The nine men are your directors who pay into the organization just like you do, and who serve without remuneration, except for that satisfaction that comes from trying to serve their community.

Last Monday night, we heard a committee from the Munday Study Club give some ideas for youth activities in our town. We were happy to learn that this group of ladies will endeavor to sponsor some form of youth activities next year.

The CDA promised support when a feasible plan and program was worked out. We feel that a youth program will be plumb easily financed when the right type of meeting place and the right type of games and entertainment are assured.

We worked on and discussed further plans for the annual banquet—the food, the entertainment, the service, etc. 500 (Continued On Last Page)

Revival Singer

Bob Watkins, above, of Childress, is leading the singing and conducting work among the young people in the Spiritual Life Crusade now in progress at the First Methodist church. Services are being held at 10 a. m. and at 7:30 p. m. daily. The meeting will continue thru next Sunday night.

Free Frozen Food Demonstration Set Here April 8th

You'll really miss something if you don't attend our big free frozen food demonstration, which will be held on Friday, April 8, in our showrooms, N. A. Chastain, president of the Munday Truck and Tractor Co., said Tuesday in announcing the demonstration.

Miss Myra Tankersley, well-known authority, will be in charge of the demonstration, showing you how simple it is to freeze foods at home, how to make meal planning quick and preparation a pleasure. It will be a demonstration of interest to all ladies of this trade area.

The demonstration will be held at 2:30 o'clock Friday afternoon, and a cordial invitation is extended to the entire public to attend.

Mrs. W. C. Glenn Buried March 20 At Benjamin

Funeral services for Mrs. W. C. Glenn, pioneer of Knox county, were held at the First Christian church in Benjamin at 2:30 p. m. Sunday, March 20. Rev. J. P. Patterson, pastor of the Benjamin Methodist church, officiated, being assisted by Rev. Howard Crawford, district superintendent of Stamford. Burial was in the Benjamin cemetery.

Mrs. Glenn passed away at her home in Benjamin on Friday, March 18, after six years of ill health. She had resided in Knox county since she was 12 years of age.

Born Florence Benedict at Conway, Ark., on March 4, 1875, Mrs. Glenn was 74 years of age. She was the daughter of Mr. and Mrs. Harvey Benedict. She was married to W. C. Glenn at Goree on April 10, 1902. She was converted and joined the Methodist church when 12 years of age, and was a devoted member worker until her health failed.

Surviving her are her husband; a daughter, Mrs. G. K. Denman of Dumas; two sons, Dial E. Glenn of Amarillo and Wallace Glenn of Benjamin; two sisters, Mrs. Leo Burgess and Mrs. Monia Barker of England, Ark.; three grandchildren, Diana and Denny Jack Denman of Dumas and Billy Bob Glenn of Benjamin.

Palbearers were Jim Melton, Jr., Bruce Burnett, Horace Benedict, James R. Bisbee, LeRoy Bisbee, A. H. Sams, Jr., Bryon House and Collins Moorhouse.

Cancer Film To Be Shown At Sunset

Announcement was made the latter part of last week that on Saturday night, April 9th, at 7:30 o'clock, a film on cancer will be shown at the Sunset Rural High School.

Everyone is asked to make plans to attend the showing of this film as it will be worth your time.

Memorial Service Slated Tonight At Methodist Meeting

Thursday night, March 31, has been designated as "Memorial Night" at the meeting now in progress at the First Methodist church.

Dr. Frank L. Turner, who is bringing the messages, is a veteran of World War I, having served with the 90th Division in the American Expeditionary Forces. He will bring a message out of his own experience in that war.

The service will be dedicated to those who lost their lives in both World War I and II. A 1 Gold Star Mothers and Fathers, and all veterans of all wars, are invited to be the special guests of the church this night.

Friday night has been designated as "Men's Night" and is to be sponsored by the men of the church. A cordial invitation is extended to all the men of this community to attend this service.

Saturday night is "All Church Night" and will be the responsibility of all departments of the church.

The meeting will close with Sunday night's services. Services are being held twice daily: at 10 a. m. and 7:30 p. m.

Ralph Schulze Takes Position At Ford Tractor Firm

Ralph Schulze, formerly of Mountain Home, Ark., has taken up his duties at the local Ford Tractor Agency.

The duties of Mr. Schulze will be to assist farmers of this area with their problems, work with the county agent and 4-H Clubs, vocational agriculture instructor and Future Farmers of America. He will serve as salesman and public relations man for the firm.

At Mountain Home, he supervised the building of cabins for the resort area and served as secretary-manager of the Chamber of Commerce. Before that time he served as superintendent of recreation in Dallas, Waco and Houston, and during the war he went with the government in recreational work of the Community War Service and helped to organize work in Texas for the united clothing and food collecting drives under UNRRA.

Mr. Schulze married the former Jeanette Stodghill, who is well known to many Munday people.

Just One Week From Saturday

Some three weeks ago, cards were mailed to readers of the Munday Times who had allowed their subscriptions to get in arrears. Saturday, April 9, was set as the date for bringing our mailing list up to date.

Many have renewed their subscriptions in response to the notices sent out by post card. Others haven't but we wish they would!

The deadline is but about a week off. The plan is to remove from the list all names whose subscriptions expired during 1948. Are you among them? Look at the date opposite your name on this week's paper.

We would like to keep all our readers—and add more, too—but it is imperative that we comply with postal regulations in this matter.

Saturday, April 9, 1949.

Weather Report

Weather report for the period March 23rd thru 29th inclusive as compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer.

	Temperature	
	LOW	HIGH
1949-1948		
March 23	50	86
March 24	54	77
March 25	45	69
March 26	47	73
March 27	37	41
March 28	43	82
March 29	53	79

Rainfall to date this year, 6.10 inches. Rainfall to this date last year, 2.95 inches.

Building Moved By Storm

Lee Snallum, extreme right, watched workmen jack up his filling station at Benjamin to get it back on the foundation. The station was moved from its concrete foundation by the wind storm that struck the Knox "county capitol" Friday morning. The canopy over the front of the station was found two blocks away. Shown helping with the building are, left to right: C. H. Luce, Billy Joe Snallum and Walter Matt Hertel.

Wind Storm Damages Benjamin During Early Morning On Friday

A car traveling along the highway west of Benjamin was picked up and landed upside down in the barrow pit. Its occupants received only minor injuries.

A picture elsewhere in this issue shows what was done to the Ben Theatre sign, advertising a coming event.

These, and others, were the workings of a heavy wind which some described as a twister that struck Benjamin early Friday morning.

A heavy rain soaked the theatre, which was unroofed by the wind, and other damage was done to the town that's the center of Knox county's activities.

The wind left the Knox County Lumber Company in strewn heaps. The State Highway Department building was minus part of the sheet iron roof on the main building, and the Benjamin Hardware Company was damaged.

A barn in the back yard of Jack Barker's home was strewn for 200 yards, parts of it landing on the school ground in the next block.

Lee Snallum's filling station was moved two feet off its foundation, and a canopy over the front of the building landed in a back yard two blocks away. Damage to the town's property was estimated to run into several thousand dollars.

Mrs. Jack Idol told of a miraculous escape of her baby son. The child was sleeping in a bed near a west window when the storm struck at about 7:30

C. D. A. Speaker

Boyce House, above, of Fort Worth, will be the principal speaker at the annual banquet of the Munday Community Development Association which will be held at the school auditorium on Friday, April 21.

Rockwall Man Gets Contract For Construction of Drainage System

F. F. A. And 4-H Project Show Is Postponed

The F. F. A. and 4-H project show has been postponed until April 6, due to conflicts which would have made it difficult for some of the boys to be at two places at the same time.

The district committee set the district track meet at Merkel for April 9. Since we cannot control the actions of district committee, Earl Ponder, instructor, said, it was necessary to postpone the show or deny the boys the privilege of showing their animals or the right to participate in the track meet. This postponement will be better for some of the calves, since a little more feeding will not do them any harm. But it may make some of the hogs a little heavier than we like.

The local show is being sponsored by the Community Development Association of Munday.

"We appreciate the favorable response that some of the Munday markets have given us by agreeing to purchase one or more of the club calves," Mr. Ponder said. "Several of the F. F. A. boys will have fryers for sale the day of the show. They will appreciate your buying some of them."

Rhineland Gin's Patrons To Meet On Next Monday

A. J. Kuehler, manager of the Rhineland Co-operative Gin, announced Wednesday that a meeting of the gin's patrons will be held on Monday, April 4, at 1 p. m. at the parish hall in Rhineland.

The meeting is being called for the purpose of reviewing the year's business and paying dividends to the gin patrons, he said.

The Rhineland gin has ginned a total of 3,091 bales from the 1948 crop, and a substantial dividend is expected to be paid each patron.

Cotton Ginnings

The following cotton ginning report was received Wednesday from Hoyle A. Sullins of Vera, special agent for the Department of Commerce, bureau of the census, Washington:

Census report shows there are 30,804 bales of cotton ginned and to be ginned in Knox county from the crop of 1948 prior to March 1, as compared with 28,655 bales for the crop of 1947.

Registered Angus Cattle Purchased For Area Farms

Dr. J. B. Reneau of Munday and J. L. Hill, Jr., of Stamford returned home recently from Muscatine, Iowa, where they purchased a carload of registered Aberdeen-Angus cattle.

Dr. Reneau purchased a fine bull, son of a \$30,000 bull belonging to Penny and James of Hamilton, Mo., and three heifers.

Mr. Hill kept a portion of the cattle, and a portion went to J. Spurgeon Reeves of Anson.

Barney D. Clowdis Home From Germany

It was reported Wednesday of this week that Barney D. Clowdis, who was recently injured in an accident in Germany, is much improved and is able to have company now. After the accident in Germany, Sgt. Clowdis was sent by plane to the General Hospital in Battle Creek, Michigan.

His many friends wish him a speedy recovery and in the meantime, Sgt. Clowdis enjoys receiving letters from friends and relatives.

Mrs. Ella Clowdis and Sue Ella Barnes of Abilene are spending this week in the home of Mr. and Mrs. Jack Clowdis and Mr. and Mrs. Floyd Searcy.

R. Lee Halford of Rockwall, Texas, was the successful bidder for the construction of the drainage system for the town of Munday, it was revealed following opening of bids by the drainage commissioners last Thursday.

Mr. Halford has completed bond, it is understood, and is ready to begin construction as soon as rights-of-way have been secured. Construction is expected to begin within the next few weeks.

His bid of \$26,588.20 was the lowest bid among the 23 submitted, it was reported.

Drainage commissioners are R. D. Atkinson, chairman; C. P. Baker and J. L. Stodghill.

Other bidders and their bids on the proposed drainage system are as follows:

City Construction Co., Dallas, \$28,560; Pecos Valley Construction Co., Carlsbad, N. M., \$28,785; Kerr and Middleton, Lubbock, \$29,709; K. W. Mann, Grafton, \$30,014.30; W. O. Pelphrey, Fort Worth, \$31,835; Wray Wible, Sherman, \$32,053; J. R. Fanning, Lubbock, \$32,410; McDonald Construction Co., Dallas, \$32,875; Griffin and Dickson, Houston, \$34,320; Atchley and Pitz, Olney, \$35,274.50; Holland Page, Austin, \$35,997.50; Joe Donaldson, Terrell, \$37,647.50; Fred Hall and Son, Valley Mills, \$39,007.50; R. S. Guthrie, Brownwood, \$39,104.70; Spencer Construction Co., Carrollton, \$40,623.85; J. C. Watson, Dallas, \$41,628.50; Standard Construction Co., Lubbock, \$41,672.50; S. G. Stockton Construction Co., Amarillo, \$42,390; Lehman, Hoge and Scott, Harlingen, \$42,560; Parker and Parker, Odessa, \$46,280; Coy W. Beauchamp and R. E. Shumaker, Fort Worth, \$48,284.20; Peterson-Harmon, Dallas, \$61,689.50.

Singing School To Be Held At Goree

It was announced Wednesday that L. D. Huffstutler of Dallas has been secured to teach a singing school at Goree during next month.

The school will be free for everyone in the Goree, Munday, Knox City and O'Brien areas who care to attend. It will begin on April 25 and will continue for a period of two weeks. Classes will be held at night during this time.

Glass Polishing Machine Installed At Firestone Store

Installation of new glass polishing and grinding service was announced last week by Winston Blacklock, owner of the Blacklock Home and Auto Supply. The machine which has been installed will grind and polish safety glass, as well as plate glass for various home uses.

Blacklock stated that his firm has patterns for cutting glass for practically all automobiles, and can give prompt service on installations.

Since there is a large demand for glass for table tops, radios and other items around the home, he feels that this machine will furnish a needed service to people of this trade area. You can get prompt service and guaranteed work, he said.

Contracts Expected On Road Projects

Contracts are expected to be announced soon on two highway projects for the Munday vicinity—totaling more than \$80,000. Word was received this week that the letting could be expected soon.

The main project is for \$60,000 to provide a gravel base and asphalt covering for seven miles of the Munday-Rhineland road to connect with the paving north of the two and one-half mile loop from the Munday-Knox City road to the Sunset school.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Kenneth Myers of Knox City are announcing the arrival of a son born last Tuesday morning, March 29th, at the Knox County hospital. Reports are that the mother and little son are doing nicely.

The Munday Times

Published Every Thursday at Munday
Aaron Edgar and Grady Roberts . . . Owners
Aaron Edgar . . . Editor and Publisher
Entered as second class matter January 4, 1919, at the postoffice in Munday, Texas, under Act of Congress, March 2, 1879.

LOCAL NEEDS FOR 1949

We're pulling for these needs in 1949. What will the year bring?

1. A modern street sweeper. Our paving cost us money, let's protect it!
2. Paving of road through Rhineland, and definite progress on Throckmorton road.
3. Completion of our drainage system. It's gonna rain one of these days.
4. An adequate waterworks system. This is a must for the continued growth of Munday.
5. Building of more housing projects. There continues to be a housing shortage.
6. Recreational facilities for our youth of today—our citizens of tomorrow.

CONFLAGRATIONS

During 1948, there were 36 fires which were classed as conflagrations—that is, blazes which did damage of \$1,000,000 or more each.

These fires struck many kinds of installations—a gas plant, a huge grocery warehouse, a naval installation, a department store, and so on. Some of them were in big cities. Others were in small towns. Fire is no respecter of size or locality.

The cause of the fires were varied. According to the National Board of Fire Underwriters, "Some of the year's costliest fires could have been brought under control quickly with proper fire protection. Owners of one building which suffered a disastrous fire reportedly had been considering the installation of a sprinkler system since 1911. Another heavy loss resulted when a sprinkler system was discontinued during winter "as an economy move."

Here is more proof of the fact that the human element prevails, in one way or another, most fires. Carelessness, lack of foresight, an inadequate understanding of the causes and prevention of fire—these and related factors account for much of our \$700,000,000 annual waste. And that is usually true whether the fire does a few dollars worth of damage or many thousands.

To the individual, even a relatively small fire may be a "personal conflagration." It may deprive him of his home and his savings. It may put him out of business, or cost him a job. That's why everyone has a direct interest in fire prevention.

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially, and objectively.

HIGH PRICES—SMALL PROFITS

Do high prices necessarily mean big profits for business? The answer to the question, curiously enough, is no.

A recent AP survey of the financial experience of some leading meat packers last year substantiates that. During 1948 meat prices reached a point which resulted in consumer protests being heard in rising volume from one end of the country to the other. Yet one of the major packers had its first operating loss since 1938, which was a depression year. Another lost money on its sales of meat, but managed to make up the deficit in other lines of activity. A third made profit which worked out to one-quarter of a cent per pound on the meat it handled.

The packer which took a loss, incidentally, did a gross business of nearly \$2,000,000,000, which is certainly an astronomical sum. But when the books were balanced at the end of the year, the company was about \$2,000,000 in the red.

Here is a perfect example of how the free enterprise system, with its roots in supply and demand, works. In the case of meat, there was a slackening of demand as 1948 neared its end, and prices sagged. Packers had supplies on hand which had to be moved, whether or not the price the public would pay was profitable. In a competitive economy, risk is an inescapable part of any business enterprise, and a man who makes a million one year may lose it the next. Even under the most favorable experience there are many industries, of whom meat is one, whose profits are so small as to have no appreciable effect on the price paid by consumers for their products.

The packers' experience provides proof of still another vital fact. Where free enterprise prevails, no business, no matter how large, can "control" prices. It can't make people buy its wares if they don't want to.

"The most serious factor in the operation of the RFC and other lending agencies is the fact that they by-pass the constitutional power of Congress over appropriations. It is a basic and traditional principle that Congress should appropriate all money used or spent by government . . ."

—Raymond Moley.

Washington News Letter

By Congressman Ed Gossett

WASHINGTON, D. C., March 25, 1949—This has been another hectic week in Congress. The House yesterday by a vote of 208 to 207 recommitted the Rankin pension bill. Twenty Texans voted on this motion. All voted to recommit except Beckworth, Lyle, and Patman. This motion to recommit was made by Congressman Olin (Tiger) Teague, of Bryan. Congressman Teague has a brilliant military record—he served three years as an enlisted man in the National Guard, volunteered for army service, was commissioned a second lieutenant in Officers Reserve Corps on finishing Texas A&M. He spent six months in the Army, from October 1940 to September 1946. Was in combat 6 months, wounded a number of times, decorated 11 times, and received the following awards—Silver Star with 2 clusters, Bronze Star, Purple Heart with 2 clusters, Combat Infantryman's Badge, Army Commendation Ribbon, French Croix de Guerre with Palm. No one can doubt the patriotism or the devotion to his country of Congressman Teague. He moved to recommit this bill because he thought it unworkable and impractical and that it should have further study. Under existing law, any veteran on attaining the age of 65 who has as much as 10 percent disability can secure a pension of not less than \$60.00 per month. There are many conditions under which pensions can be secured at a much earlier age, with allowances for dependents. Congress will doubtless pass a pension act with improvements over existing law. In fact, Mr. Rankin has now declared his intention of bringing out a different and obviously better bill than the one which Congress has rejected.

The House Committee on Education and Labor, headed by Chairman John Lesinski of Michigan, has been busy reporting controversial bills. They have reported out the Administration's bill to increase the minimum wage to 75 cents and to extend its coverage to practically every worker in the land. They have also reported out the Administration's bill to repeal the Taft-Hartley act. Then, Chairman Lesinski has introduced H. R. 3530 written by the American Federation of Labor to provide a billion dollars a year in federal aid for public schools to be used for educational purposes only.

The rent control bill is now being re-written by the House and Senate Conferees. We predict that rent control will be extended but that a local option amendment will appear in the law. Local communities will be given the authority to decontrol themselves if they so desire.

A great deal is now being said concerning the North Atlantic Pact. This Pact will soon be discussed and debated throughout the land. The Pact is a defensive alliance by the Western democracies for the avowed purpose of resisting aggression. It has been compared with the Monroe Doctrine. Such alliances are legal within the framework of the U. N. Charter. Of course, such a pact in effect goes back to the old balance of power idea. Apparently the world is fast being divided into two camps; the communist camp and the democratic camp. It cannot be denied that balances of power can be, and in some instances in the past, have been effective in preserving peace. If the world were divided into two camps both of near equal strength neither camp would likely attack the other. Just as no potential enemy would attack us if he knew in advance that he would be defeated, it is reasonable to assume that no potential enemy will attack a member of the North Atlantic Alliance if he knows the same will provoke war and that he will in the end be defeated. We cannot afford another war even if we won it. We must do everything possible to make war improbable. Our best hope of survival is to build and maintain a nation spiritually and materially strong. This means patriotic peace-time devotion to civic righteousness. This means resistance to domestic termites that forever gnaw on our foundations.

Mr. Winston Churchill came to Washington this week. Next week Mr. Ernest Bevin will be here. Mr. Churchill is the leader of the Labor Party in England. It is curious they would both

COTTON PLANTING SEED NOW AVAILABLE

The NEW Paymaster "54" is now available for the 1949 planting season—ready for farmers who want more profit from Cotton. This quick-maturing, high-yielding, better-staple-producing planting seed answers the demand for a variety that is tested and proved for West Texas growers. It is the result of scientific selection and painstaking experiments to develop a seed that will produce more money per acre planted.

Here's why the NEW Paymaster "54" is a money-making Cotton . . .

- **EARLY MATURITY**
Of 25 varieties tested recently . . . "54" was first in percentage of crop harvested in a four-month period.
- **HIGH YIELD**
In this same test, "54" was third among all varieties in yield per acre.
- **BETTER STAPLE**
"54" ran 15/16" to 1 inch throughout West Texas, assuring a better price.
- **TESTED FOR DRY LAND**
"54" has been proved successful for dry land farming as well as for irrigated Plains areas.

Be among those profit-minded farmers who demand a money-making Cotton planting seed—the NEW "54"; order your supply of the improved, state-registered "54" NOW.

IT PAYS TO PLANT PAYMASTER "54"
Sold through your ginster, your seed dealer, all branches of the Western Cottonseed Co., and at Lockview Farm, Plainview, Texas.

BENJAMIN NEWS
(Elda Purl Laird, Reporter)

Mr. Glenn Burnett of Amarillo, has been visiting in the home of his brother, Mr. and Mrs. Clyde Burnett, and other relatives and friends during the past week.

Mr. and Mrs. Cecil McGraw of Dallas, visited in the home of Mrs. McGraw's parents, Mr. and Mrs. Frank Hill, during the past week.

Mr. and Mrs. J. B. Moorhouse spent the past few days visiting with their daughter, Sue Moorhouse, in Wichita, Kansas. Miss Moorhouse is attending Stephens College in Columbia, Mo.

Mrs. Doyle Pyatt, Mrs. Ernest Allen, Mrs. P. W. Laird, Miss Elda Purl Laird and Mrs. Frank Hill, were shoppers in Knox City and Munday, Saturday of last week.

Mrs. W. A. Barnett and Miss Omitee Barnett spent the past

week end visiting with Mrs. Barnett's mother, Mrs. E. L. Howard, who is in the hospital at Lubbock.

Bobby Jim Pyatt, son of Mr. and Mrs. Doyle Pyatt, was home for the week end. Jerry Shipp, of Lubbock, also visited in the Pyatt home during the week end.

Miss Jean Galloway, daughter of Mr. and Mrs. J. L. Galloway, was home for the week end.

Mr. T. P. Tolson and small son of Pueblo, Colorado, have been visiting with relatives and friends here this week.

Miss Eugenia Butler spent the first part of this week visiting her parents, Mr. and Mrs. Robert A. Butler, and other relatives and friends in Dallas.

Mr. and Mrs. O. B. Poole of Lorenzo, spent Tuesday of this week visiting in the home of Mr. and Mrs. P. W. Laird and family. Mr. Poole is a former depot agent of Benjamin.

WEINERT METHODIST CHURCH

Tune in each Saturday at 12:30 p. m. for the Stamford District Methodist hour on radio station KDWT, 1400 on your dial. Hear your own Church speak through the Methodist ministers of the Stamford District.

Mr. and Mrs. B. H. Peet of Lawton, Oklahoma, visited in the home of Mr. and Mrs. A. U. Hathaway several days this week.

CARD OF THANKS

With grateful hearts we want to thank each one of you for the food, the floral offering, the cards, the expressions of sympathy, and the many other kindnesses shown us during the illness and death of our loved one, Mrs. W. C. Glenn. Your thoughtfulness will never be forgotten. May God bless each of you.

ONE MAN and a KRAUSE one-way

Plow MORE with LESS POWER

A Krause One-Way, by actual field test, has less draft than most other one-way plows. That means more plowing with less power.

And in addition a Krause gives you a uniformly level seedbed ... cuts through heavy stubble and weeds to give you a chopped-up mulch that is near perfect for topsoil protection ... gives you a perfect summer-fallowing tool.

You gain many other advantages, too, with a Krause. Check all the features. Compare. Talk to your neighbors who use Krause plows. If you do, it'll be Krause for you.

KRAUSE one-way

Employment Office Helpful To Farmers

Local farmers are depending more and more on the office of the Texas Employment Commission to obtain farm help, W. C. Albright, local office manager said today.

Albright said the local office last year placed farm workers in 6500 jobs in this area, and added that this year, due to increases in acreages planted, his office will be called on to locate an even greater number of farm workers in 1949.

"Other states," Albright said, "will also look to Texas for a greater number of workers to harvest crops. With this thought in mind, it would be well for farmers in the Vernon area to review their labor needs for one of Texas' greatest agricultural years. Farmers should make their needs for workers known to the TEC far enough in advance so that sufficient labor will be available when the harvest season rolls around," Albright said.

Service Officers School Slated For Stamford April 9

AUSTIN—The Veterans Affairs Commission of Texas announced today that it will hold a Service Officers School at Stamford, Texas on Saturday and Sunday, April 9-10, 1949 in the American Legion Hall.

This school will be for all County Service Officers and Veterans Organization Post and Chapter Service Officers within a radius of approximately seventy-five to one hundred miles of Stamford. All persons interested in veterans affairs are cordially invited.

This is the second of a series of schools being held by the Veterans Affairs Commission throughout Texas, the first of the series having been held last winter and spring. The purpose is to

The sign, "Gone With The Wind" in front of the Ben Theatre in Benjamin was nearly "gone with the wind" in the storm that struck the Knox county site last Friday. The picture was due to show at the theatre Friday night.

The wind jumbled up part of the top line on the sign, but the theatre manager ordered it "left as is" so the general public would believe what the freakish wind did. The storm ripped the roof off the building and did other damage to business and residence property at Benjamin.

out creating a surplus in one place with its resultant shortage in others, the TEC's office manager said. He repeated that now is the time for local farmers to take stock off their farm labor needs for this spring and summer work and inform his farm office located at 1613 Pease St., Vernon, Texas.

stress instruction on insurance, education, deceased and living veteran benefits, hospitalization, out-patient treatment, state laws and new laws passed by the 80th Congress relating to veterans

and their dependents. Mr. Harry E. Rather, Educational Director of the Commission, will conduct the school and will be assisted by representatives from the various veter-

ans Organizations of Texas, Federal and State Agencies and the Veterans Administration.

Letters From The People

PIONEER RESIDENT PAYS TRIBUTE TO MRS. W. C. GLENN

There was a time within the memory of men still living when the Knox Prairie was without human habitation, and could be fittingly described by the biblical description as being "without form, and void".

In April 1887, a wagon train moved in from Arkansas and stopped on a section of land some two miles northwest of the present site of the Hefner school

house.

Among those in the emigrant wagon was Florence Benedict, a titian-haired, slender girl of twelve, with all the charm and grace of the Old South.

There were no houses; there were no fences, no land in cultivation, and even young eyes could find no sign on even the farthest horizon that the entire world had other occupants than the little party of which she was a member.

The next 20 years was the pioneer period for Knox County. During the first year Seymour was the nearest post office, Wichita Falls the nearest railroad. Living was, by present standards, very primitive. Florence Benedict was truly a pioneer in Knox County.

She was an orphan girl and for several years made her home with Mr. and Mrs. M. W. McLendon, was postmaster at Old Goree and operated the only business establishment south of the river. Because of the fact that she lived at the center of the community, Florence Benedict knew many people and had many friends among the early inhabitants of the Knox Prairie.

April 10, 1902, Tom Anderson performed the ceremony that united Florence Benedict and W. S. (Bill) Glenn in the bonds of marriage. Their life together was long and happy, was ended only by her death at Benjamin March 18, 1949.

Mrs. Florence Benedict-Glenn was born at Conway, Arkansas, on March 4, 1875.

W. C. Glenn and his wife, Florence, were parents of four children, three of whom are living and were present at the interment: Wallace Glenn, the eldest, is a citizen of Benjamin; Dial E. Glenn lives at Amarillo; Willie May Denham at Dumas, where Mr. Denham is postmaster; Jack Glenn, deceased.

Among those from out of the

county who were present at the interment were: Mr. and Mrs. J. P. Burgess, England, Arkansas. Mrs. Burgess and Mrs. Glenn were sisters.

Mrs. Monia Barker, England, Ark.; Mrs. Ida McLendon-Myers, Mineral Wells; Mrs. Lottie Burch-McCoy, Mineral Wells. Mrs. McCoy is the daughter of Ed Burch, third sheriff of Knox County.

Mrs. Sallie Earnest-Hartman, Fort Worth. Mrs. Hartman is the daughter of Sam Earnest and the granddaughter of Uncle Lem Earnest, former county treasurer of Knox county.

Mrs. Myrtle Bisbee and sons, Leroy and Jim B., and Grace and Helen Bisbee, all of Dallas. Diane and Denny Jack Denham, grandchildren, were among those present.

The real pioneers of Knox County are not very numerous any more, but wherever they are they will be saddened by the news that Florence Glenn has passed away.

ROSS BATES

Relatives Attend Funeral Services For Mrs. Glenn

Among out-of-town relatives and friends to attend the funeral for Mrs. W. C. Glenn at Benjamin on Sunday, March 20, were the following:

Mrs. G. K. Denman, Dumas; Mr. and Mrs. Leo Burgess and Mrs. Monia Barker, England, Ark.; Mr. and Mrs. R. L. McCoy, Mrs. Ida McClelland Myers and Mrs. E. J. Burch, Mineral Wells; Mrs. Sally Earnest Hartman and Mrs. Mary Purvis, Fort Worth; Ross Bates, Mr. and Mrs. T. H. Jones, Mr. and Mrs. John Coffman, and Dr. and Mrs. E. F. Heard, Goree.

Mrs. Medlin Farris, Elk City, Okla.; Mr. and Mrs. R. L. Grady, Rochester; J. H. Lanier, Sr., Crowell; Mr. and Mrs. Buck Propps, Mr. and Mrs. Buddy Angle, Mrs. W. H. Benedict, Horace Benedict, Mrs. Mafile Pyeatt, Mr. and Mrs. Earl Benedict, Mr. and Mrs. Wm. Griffith, all of Knox City; Mrs. Myrtle Bisbee and James and Leroy, Dallas; Miss Helen Bisbee, Phillips; Miss Grace Bisbee, Quanah; Mr. and Mrs. Dee McStay, Vernon; Mrs. W. M. Mayo, Munday; Mrs. Myrtle Glenn, Amarillo; Mr. and Mrs. A. E. Ball, Rule.

Delbert Montgomery, who is stationed at Camp Hood, visited home folks here last week end.

Uncle Sam Says

You American citizens who have been looking for an opportunity to take some aggressive action which will express faith in your country are now being given that chance. It is participation in the U. S. Savings Bonds Division's "Spring Opportunity Drive" which opens May 16. Through this drive you can help in the preservation of a prosperous economy in your land and show the world that Americans, men and women, still have that spark which has led the country to "accomplish the impossible". Volunteer workers are needed to help in this great drive and this is your opportunity to prove that you have the courage to protect the freedoms that are ours. Your community, your county, your state, and your country needs your help. Volunteer today. U.S. Treasury Department

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN—Throughout the nation April is observed as National Cancer Control Month, and on April 10, 17, and 24, the Texas State Department of Health is presenting special broadcasts over WOAI in San Antonio, at 7 A. M., outlining twenty different sites of cancer, the common age at which they appear, the accepted methods of treatment, the percentages of cures, and any known preventive measures.

Dr. Geo. W. Cox, State Health Officer says that cancer patients today have a brighter prospect for recovery than at any time before in history, and agrees whole-

heartedly with the national movement to stamp out cancer through educating the public that "early discovery can mean recovery".

"Surgery, radium and X-ray therapy are working wonders in many different types of cancer", Dr. Cox said. "In all types of cancer except leukemia there is a possibility of cure if the patient is diagnosed in the very early stages. Any suspicious symptoms should be investigated by a competent physician at their first appearance, and if cancer is found to be present a treatment instituted at once, there is every reason to hope for complete recovery. The important thing to remember is that cancer can be cured; but it depends entirely on early discovery and proper treatment."

All persons interested in cancer control are urged to hear these special broadcasts on April 10, 17, and 24, on WOAI, San Antonio, at 7 A. M.

Knox Prairie Philosopher Getting Tired Of Being Asked How Farming Outlook Is, So Hauls Off And Says

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is about the last one we'd ask if we want to know what the farming situation is, but he claims people have been asking him and here's his answer.

Dear editor:

Every time I go into town about this time of the year, which is every chance I get, the same as any other time of the year, so long as any work is threatening, somebody asks me well how's the farming situation this year? Merchants rub their hands, expectin a good crop which means a good business year, and so forth. Seems like they want me to tell em now how much money farmers will have to spend with em next fall.

In fact, I been answerin this question so much lately I decided to give my answer in your paper, on the off chance a few people at least would see it and stop asking.

The farming situation is this: Ain't no man alive can tell you what it is. Just as soon try to tell you what Russia will do or what two women will say about a third one when she ain't there.

Anybody can put corn or cotton or wheat in the ground with a heart full of hope and confidence, but instead of forty bushels or a bale a acre he may be startin a program of goin up one row and down another all

spring and summer for a wash tub full of nubbins or smutty wheat or a towsack full of trashy cotton, about enough to pay for the gas to get to town one Saturday afternoon.

The farm situation right now at this time of the year, as best I can tell after years of experience, is exactly like it is every year I been farmin; so uncertain, so unstable, so likely to end up in a bust, no normal man would allow himself to be taken in by such a way of life. The way it looks this spring, which is the way it's looked every spring since some enemy of mankind invented the plow, is that there ain't but one chance to come out ahead this fall, but there is hundreds of chances to come out in the hole. Everything has to be just right to make a crop, but any one of a hundred things can go wrong to bring you up at the end of the year as busted as Europe. With such odds as that, I can't figure out why anybody would try it. But you can hear tractors running all over the place out here.

On the other hand, also, there is some jobs in town I wouldn't care for. In fact, there's jobs every where you look I wouldn't care for.

The next time anybody asks you what the farm situation is this spring, tell him it's normal, it looks hopeless, but it's goin right on.

Yours faithfully,
J. A.

A book store owner in a Texas

So this is HOUSEKEEPING

Until our next-door neighbor came home from the hospital with seven pounds' worth of son and heir, all I knew about babies was that some wear pink and others wear blue. But by now I'm a master hand at safety-pinning! In fact, I was getting to feel quite the veter-

an in baby care until I was handed a small box and asked to "cut off six bottles" for the day's feeding. My ears hadn't deceived me! After a few pointed questions I learned that my friend was using a shellie nurse—a revolutionary nursing technique hailed by pediatricians as the first improvement in infant feeding in eighty years.

There's no fussing with breakable bottles, no sterilizing. You simply scissor off containers from a roll of pre-sterilized plastic tube and fill with the baby's formula.

Now no one can say I'm old fashioned, so I asked my neighbor's pediatrician about the new nurse. I was told that after much experimentation and testing a registered nurse had developed not only a new product, but actually an entirely new method of infant feeding—the closest approach to nature's own way.

Shellie bottles are sterile, disposable, and collapsible. And, according to doctors, those three words tell the whole story! Since the bottles are sterile, there's no time, energy, or temper wasted in endless cleaning or handling clumsy sterilizer equipment. You use a disposable bottle once . . . and throw it away.

"Collapsible" means that the major cause of air colic in babies is eliminated because the flexible bottle collapses as the formula is withdrawn—no vacuum can form. Baby doesn't have to fight for his dinner against a partial vacuum pressure as with glass bottles. With disposable bottles the formula drips steadily until the container is emptied and "flaps" . . . easily, naturally, and with the nurse in any position.

It's a fascinating subject and I'm filing all my new-found information under the heading of "When and If". Someday . . .

city was relating an experience he had had with a publishing house representative. The letter had insisted that the dealer wasn't ordering enough copies of a book, whereupon the dealer exclaimed:

"That's the way with you fellows from up North—always

trying to tell us Texans how to run our business."

I asked the dealer, "Where did you come from originally?" "Wisconsin."

"How long have you been down here?" "Two years—but I'm a Texan now!"

Phrases without which nobody could run for office: "Economy and efficiency." "Clean as a hound's tooth." "Point with pride." "View with arm."

"Born on a farm." "Poor but honest parents." "Wage a clean campaign, free of personalities." "A business administration." "Bravest men and most beau-

tiful women." "Less government in business." "Public office is a public trust."

It was Twain who declared, "Hunger is the handmaid of genius."

Mr. and Mrs. Orman Moore and daughter of Wichita Falls were week end visitors in the home of Mrs. Moore's mother, Mrs. Erin McGraw, and other relatives and friends.

O. H. Spann, Jr. of McMurry College, Abilene, spent the week end here with his parents, Mr. and Mrs. Oscar Spann, and with other relatives and friends.

Remember How We Talked?

It went like this at the Hooper's the other night. Hap's eighteen-year-old daughter is talking about "a real gone guy—solid—out of this world, but def."

"Now what kind of language is that?" Hap barks. "Can't she speak English?"

"I'll translate it for you," Ma Hooper says, "in the language of the twenties, when you were about twenty years old. She simply means this fellow is the 'cat's whiskers.' Remember how we used to talk sometimes?" Hap went back to reading his newspaper.

Hawaiian Banquet Given Friday To Honor Senior Class

The Women's Missionary Union of the First Baptist Church honored the senior class of Munday high school with a Hawaiian Banquet last Friday night in the school cafeteria.

The Hawaiian theme was carried throughout the party rooms, including the decorations and programs.

Spring flowers, pot plants and palm trees were used in the decorations. The table was laid with a white cloth and had a centerpiece of red crepe paper atop by crepe paper of green, orange and blue, and a map of the Hawaiian Islands.

As the group assembled into the party room, Eileen and Harry Kong, native Hawaiians from the Hawaiian Islands, and who are attending Hardin-Simmons University in Abilene, sang several numbers of Hawaiian songs. Music was furnished by Harry Kong on his ukulele.

Guests at the banquet found their places by matching maps of the several Hawaiian Islands. The menu and program books were in the shape of a pineapple. Plate favors were nut cups with the decoration of a psalm tree standing on one side.

Girls to wait on the tables were girls from the Baptist Church, and were attired in colorful costumes.

The invocation was given by Mr. J. H. Bardwell, senior class sponsor. Mrs. Clyde Nelson, president of the WMU, gave the welcome; Rev. Huron A. Poinaq, pastor of the First Baptist Church, responded as toastmaster. The program was given by two native Hawaiian students at Hardin-Simmons University in Abilene, Eileen and Harry Kong. Eileen and Harry furnished native music and as an accompaniment, Harry played his ukulele. Dr. A. E. Travis, Bible teacher of Hardin-Simmons University, was the principle speaker. The response was given by the president of the senior class, Durwood Scott, and Mr. W. C. Cox, superintendent of the Munday schools, gave the benediction. At the close of the banquet, the group sang the Hawaiian song, "Aloia Oe" or "Fairwell to Thee".

Room mothers and their husbands were guests to the banquet; also the school faculty and their wives or husbands.

Munday H. D. Club Meets Thursday With Mrs. Broach

The Munday Home Demonstration Club met Thursday, March 24th, in the home of Mrs. J. B. Broach.

Mrs. R. E. Foshee led the group with an opening song, "Smiles".

The Council Education Committee recommendations were read by the president, Mrs. Joe Patterson, and the chairmen of each committee. Each was voted on an accepted. An interesting demonstration was given on "Mitering A Square Corner", by Mrs. J. C. Gollehon.

The club enjoyed having Mrs. E. H. Sharp and Mrs. Clements as visitors and Mrs. T. J. Morris as a new member.

Refreshments were served to the following: Mrs. Joe Patterson, Mrs. J. C. Gollehon, Mrs. Buel Claburn, Mrs. Louis Cartwright, Mrs. Aubrey Roden, Mrs. Verbon Voss, Mrs. J. B. Graham, Mrs. J. R. King, Mrs. Mrs. Otis Simpson, Mrs. R. E. Foshee, Mrs. Leland Floyd, Mrs. James Gaither, Mrs. J. T. Offutt, Mrs. Clint Hawes, Mrs. G. L. Pruitt, Mrs. E. R. Betterton, Mrs. T. J. Morris, Mrs. Clements, Mrs. E. H. Sharp and the hostess, Mrs. J. B. Broach.

The next meeting will be Wednesday, April 13th, in the home of Mrs. Joe Patterson.

Training Camp For 4-H Club Girls Slated At Lueders

Miss Jimmie Lou Wainscott, County Home Demonstration Agent, Childress and Mrs. Aubrey Russell, Cottle, publicity committee, announce that the Leadership Training Camp for 4-H club girls in Extension Service of A&M College, District III will be June 6-7-8 at Lueders, Texas at the Baptist Encampment grounds. About forty or fifty 4-H girls and adult leaders will attend this camp, who will be the leaders at their own county camps later in the year.

Girls, leaders and agents will have fun in learning songs, crafts and games. Rifle shooting is a favorite feature. Every person learns to handle a gun correctly on the firing range and safety is stressed.

Program plans are now under way and will be announced at a later date.

New Double Duty Table Water Heater

CHICAGO—Ice cream and hot water do not mix—yet Mrs. Patricia Andrews is happily serving that favorite dessert from the double-duty electric water heater installed as a work surface to make efficient use of space. Hotpoint engineers have designed the new heater so that its cabinet and working surface, built into her streamlined all-electric kitchen, remains at room temperature. Builders acclaim this type of modern space saving equipment as step toward housing economy.

Local People Are Winners At Meet Of Federated Clubs

The First District of Texas Federation of Women's Clubs held a convention in Wichita Falls last Monday through Wednesday, March 21-23, at which time a number of local ladies attended this convention.

Miss Ann Nelson won third place for her essay writing on "Children Well and Happy". Mrs. Fred Broach, Jr. entered a scrap book, winning for herself, second place. Prizes were awarded according to the members who turned in the best scrap book. Mrs. Broach was also elected 1st vice-president of first district of the TFWC at the convention.

Mrs. J. C. Shockey visited with relatives in Mineral Wells several days last week. Mr. Shockey spent the week end there, and Mrs. Shockey accompanied him home Sunday.

Mr. and Mrs. E. B. Littlefield and children visited with relatives in Anson the past week end.

Dr. and Mrs. Joseph M. Croley and son, John, were Abilene visitors last Sunday.

MISS AMERICA LIKES PICNICS

HOPKINS, MINN. — Beautiful 18-year-old BeBe Shopp has that healthy look that comes from spending lots of time in the fresh air and sunshine. When the weather is nice, Miss America likes to go on picnics and her favorite sandwich is peanut butter and jelly or mayonnaise, on enriched white bread. She makes the sandwich "extra special" by sprinkling finely chopped celery on the peanut butter to get more crispness. "If you like lettuce, too, wrap it separately and add to the sandwich at the picnic," BeBe explains.

Mr. and Mrs. Sidney Lee of Fort Worth spent the week end here with Sidney's mother and brother, Mrs. O. W. Lee and Harvey Lee.

Mr. and Mrs. Jeff D. Bowden of Wichita Falls visited in the home of Jeff's parents, Mr. and Mrs. J. O. Bowden, and with Mrs. Bowden's parents, in Knox City over the week end.

Children Treated At Scottish Rite Hospital, Dallas

Six hundred and five crippled children of Texas received surgery and medical attention at the Texas Scottish Rite Hospital for Crippled Children in Dallas, according to the recent annual report released by Asher Mintz, secretary.

In addition to the 605 in-patients for the year, 5311 clinic treatments were given other crippled children, who came to the hospital from all corners of Texas. A large number of cases were orthopedic or bone patients, under the care of Dr. Brandon Carrell, chief surgeon. Approximately 100 of the permanent bed patients were oral cases under the treatment of Dr. A. L. Frew. There were 165 polio patients treated during the 1948 epidemic.

The annual Christmas fundraising campaign showed receipts sufficient to cover only about one-third of the annual financial needs of the hospital, and that operating costs have doubled over the pre-war period. Mr. Mintz's report indicated.

Baptist Circles Meet In All-Day Social Monday

The two circles of the Baptist Church, the Edith Chaney and the Lena Lair Circles, met in an all day social and business session last Monday at the First Baptist church.

Hostesses were Mrs. J. O. Bowden and Mrs. C. C. Jones.

The Lena Lair Circle was in charge of the program, with Mrs. B. L. Blacklock as chairman. Mrs. Blacklock gave a talk on, "The Answer to Racial Prejudice". Others having parts on the program were: Mrs. Wallace Reid, Mrs. Ed Thompson and Miss Lucy Stogner.

A box of clothing for the Southern Baptist Relief in New Orleans, La., was packed and sent to this place by these circles. Following the program, a business meeting was held with Mrs. Clyde Nelson in charge.

Twenty-four members were present at this meeting.

On Monday, April 4th, both circles will meet in a Bible study. The Edith Chaney Circle will meet with Mrs. Brooks Campsey and the Lena Lair Circle will be in the home of Mrs. Andy Hutchinson.

Bob Broach of Texas Tech, Lubbock, visited his mother, Mrs. Fred Broach, and other relatives and friends last week end.

Miss Bobbye Whitworth of Hardin-Simmons University visited her parents, Mr. and Mrs. D. E. Whitworth, last week end.

Ivy McNeese of Wichita Falls visited in the home of Mr. and Mrs. A. U. Hathaway over the week end.

Mr. and Mrs. Chester Box and daughters of Roby were guests in the home of Mr. and Mrs. D. L. Thigpen last Sunday.

THE PANHANDLE MUTUAL HAIL ASSOCIATION Amarillo, Texas

Why You Should Insure Your Wheat Maize And Cotton Against Hail:

1. Loss of crops by hail means the loss of the season's profit as well as the loss of the season's outlay of money and labor invested.

2. Hail is purely a physical hazard and unlike the fire hazard, no precaution can be taken nor care exercised to minimize the risk.

3. As a business proposition it is **FORE MORE** foolish for a farmer to be without hail insurance than it is for a merchant in town to be without fire protection, for statistics show that the hail loss to growing crops is several times greater than the fire hazard to buildings.

Goree Senior 4-H Club Meets On March 16th

The Goree Senior 4-H Club met March 16th. The meeting was called to order by the president.

New officers were elected and are as follows: Dolores Mobley, secretary and Carol Coffman, reporter. There was a short discussion on the dresses being made by the girls. The simplest patterns was chosen and the kind of material was also chosen. Mittens and lapel pens were shown. The girls decided what they

would have for their project. The next meeting will be April 20th.

Mr. and Mrs. Boyd Meers and children, Boyd Lynn and Jerry, and Mrs. Irene Meers spent last week end in Lubbock visiting with relatives.

Mrs. Joe Bill Pierce and little daughter, Sindy, of Midland visited with relatives here the past week end.

Mrs. G. W. Dingus and Merle and Mrs. M. B. Irland visited relatives in Springtown last Sunday.

Take a good look at the month's best looking ties

The neat figures in these distinguished looking foulards give a wonderful change of pace to the bolder type patterns you've been wearing—remember variety is the spice of good fashion.

Come in, see the grand impression they make with their colorful gem-like designs in vertical, staggered and over all effects.

Carl Maples, Sr. of Mercedes is visiting his son, Carl Maples,

Jr. and family. Mrs. Charles Heard and daughter, Sidney Gay and Mrs. A. V. Branch and Miss Palm L. Branch of Abilene visited Dr. and Mrs. E. F. Heard last Friday.

Mr. and Mrs. Vernon Ray of Post spent the week end with Mrs. Ray's parents, Mr. and Mrs. G. D. Jones.

Mrs. Dan Allen of Dallas visited friends and relatives in Goree Tuesday.

HEFNER NEWS

(Mrs. E. J. Jones, correspondent) Mrs. Maude Jones of Wichita Falls is spending a few days here with relatives, and also looking after the interests of her farm.

Mr. and Mrs. John E. Cure visited Mr. and Mrs. E. J. Jones last Sunday afternoon.

Mr. and Mrs. W. L. Haskin visited with Mrs. L. D. McLehanon in Goree last Sunday.

Elder J. L. Gray was a business visitor in Goree one day this week.

B. B. Jones of Slaton and Leo Jones of Sweetwater were here last Sunday afternoon, visiting with old friends.

W. H. (Bill) Lambeth of Cleburne was visiting his brother, John Lambeth, here and the Bob Lambeths in Goree this week. Bill lived in the Hefner community for many years and has many friends here.

Rev. and Mrs. Huron Polnac and Mr. and Mrs. D. L. Thigpen attended the State Training Union Convention in Abilene on Thursday of this week.

Jan Eiland of Lamesa returned last Sunday with Mrs. G. R. Eiland for several days visit here.

One small plea on behalf of thousands is made by two-year-old Gordon Strickland of Orange, Texas, who like 20,000 other handicapped youngsters in Texas, is receiving assistance made possible by the annual Easter Seal Sale of the Texas Society for Crippled Children. This year 1,000,000 Texans will receive sheets of the Easter Seals with the request that they buy and use them. The sale dates are March 21 through April 17.

Judging Teams To Enter Contest At ACC Saturday

Four judging teams from the Munday F. F. A. chapter will participate in the Abilene Christian College contests on Saturday, April 2. They are as follows:

Poultry judging—Glenn D. Henson, James Simpson, George Spann, Alternate, James Amer-son.

Livestock—Danny Ponder, Homer Lowrance and Charlie Morrow.

Dairy—Junior Howeth, Bobby Gray and M. J. Fields.

Terracing—Joe Roberts, Elvis Davis, George Baty and Billy Mayberry.

Mrs. Isbell Anderson and daughter, Sally, of Gilmer spent last week end here visiting with Mrs. Anderson's son and family, Dr. and Mrs. Joseph M. Croley and son, John.

D. E. Holder, Sr., was returned home from the Knox county hospital last Tuesday, after receiving medical treatment there for some ten days.

A Munday Times Classified Ad Pays.

Make your own saving a sure, entirely automatic proposition.

Rochester Church Observes Its 50th Anniversary Sunday

An all-day service, with noon and evening meals served at the church, commemorated the fiftieth anniversary of the First Baptist church of Rochester on Sunday, March 27.

The day was set aside for "home coming" of former pastors and members of the church, according to Rev. Cecil E. Meadows, pastor. Approximately 400 present and former members were present for the celebration.

The day's activities began at 9:45 Sunday morning with the teaching of the Sunday school lesson. The 11 o'clock message was delivered by a former pastor, Rev. J. Lowell Ponder of Houston, now district four missionary for the Baptist General Convention of Texas.

Following the dinner at the church, a song service was held in the afternoon.

Another former pastor, Rev. Leon Frazier, also of Houston spoke at the evening service.

Mr. and Mrs. Ollie Stark and son, Carol, of Kress visited Mr. and Mrs. Louis Cartwright Sunday.

S. E. STEVENSONS ARE GRANDPARENTS AGAIN

Rev. S. E. Stevenson of Goree has received word from Mr. and Mrs. E. E. Pruitt of Los Angeles, Calif., that he is grandfather again—this time a boy, who was born March 21. His name is David Frank; he weighed seven pounds and ten ounces and is a blond with blue eyes.

Mrs. Stevenson has been with the Pruitts for the past five weeks.

To kill cut ants, coat the ground on and around the colony for five or six feet with a 10 percent chlordane dust. If possible, force the dust down into the entrance of the anthill with a hand dust gun.

FARM NEWS

from the County Agricultural Conservation Committee

"For the long pull, we shall need prosperity based squarely upon balance," Secretary of agriculture Charles F. Brannan recently said, "balance between farm prices and city prices, balance between wages and profits, balance, in short, between purchasing power and production."

Pointing out that the basic for a large part of the current U. S. prosperity has been "industry's efforts to fill a war-created chasm of postponed wants here at home and agriculture's endeavor to alleviate hunger abroad caused by war and drought," Secretary Brannan warned that these conditions will not prevail forever.

Among agriculture current needs, the Secretary listed a long-range program which will provide abundance and security, a realistic program of farm price supports, further land development and better care of the acres now in production. Only by caring for our land "can we keep our agriculture permanently productive to meet whatever needs the future may bring."

"But at the same time, he said, "we must be sure that we know how to use our abundance. We must be sure that wage earners are fully employed at good wages. We must endeavor to obtain and maintain an adequate foreign market for farm commodities. We must expand programs that will take up the slack of commodities in temporary

ATKEISON'S Food Store

surplus. And we must continue programs to make agriculture most efficient and to enable the rural population to share equally in the conveniences of the twentieth century

"The feeling of the Department is that 1949 will produce less farm income, both gross and net, than in 1948. At the same time, demand for most farm products should remain strong. And if the prospect of declining farm income spurs the Nation to action—a well-rounded long-range program—a program laying the solid groundwork for an era of organized, sustained, and realistic abundance—then 1949 can indeed be a good year for agriculture

"It seems to me, as I try to look ahead at the future of agriculture, that 1949 may be less important for what happens to farm income than for what happens to farm programs."

Conservation And Farm Prices. What happens to soil and water conservation when farm prices go down?

In answering that question, Emmett Partridge, Chairman of the Knox County Agricultural Conservation Committee, said that the tendency is for each farmer to reduce the amount of money spent on conservation. As prices go down and the relationship between what the farmer sells and what he buys gets more out of balance an increasing part of the shrinking income must go for fixed costs such as taxes, labor, seed, feed and other "running" expenses.

He points out that although the Agricultural Conservation Program provides assistance to farmers in carrying out conservation practices, this assistance is on a share-the-cost basis; the farmer has to put up his share of the cost. This assistance amounts to from 30 to 40 percent and when income is reduced farmers are unable to put up their share. As prices of farm products come down, the shrinkage in expenditures for conservation becomes more and more evident, the chairman states.

On the other hand the need for conservation is greater. As the market demand for cash crops

such as wheat, cotton, corn and other feed grains slackens—as the bins, cribs and warehouses fill up—there is increasing need to put the land taken out of these crops into conserving grasses and clovers. Lime, phosphate, and tillage practices are especially needed then to assure vigorous growth of soil-protecting crops.

Mr. Partridge urges farmers of Knox County to keep up their efforts to protect their soil. Every effort should be made to keep up the farmland of Knox County. The Agricultural Conservation Program provides the means of sharing the cost and the responsibility, the chairman said, and farmer committeemen are ready to give farmers every possible assistance.

CITATION BY PUBLICATION

The State Of Texas
TO: B. E. Harmon, and the unknown heirs of B. E. Harmon; W. A. McIntire, and the unknown heirs of W. A. McIntire; William McBride, and the unknown heirs of William McBride; L. K. McBride, and the unknown heirs of L. K. McBride; J. W. Jeremiah, and the unknown heirs of J. W. Jeremiah; J. W. Boyle and the unknown heirs of J. W. Boyle; H. R. Biggs, and

the unknown heirs of H. R. Biggs; J. L. Nowlin, and the unknown heirs of J. L. Nowlin, and R. S. Nowlin, and the unknown heirs of R. S. Nowlin; F. G. Westerman, and the unknown heirs of F. G. Westerman, and all persons owning, asserting or claiming any title to Lots 1, 2, 3 and 4 in Block Number 1, of the J. P. Ruff Addition to the town of Munday; GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 9th day of May, A. D., 1949, at or before 10 o'clock A. M., before the Honorable District Court of Knox County, at the Court House in Benjamin, Texas.

Said plaintiff's petition was filed on the 24th day of March, 1949.

The file number of said suit being No. 4706.

The names of the parties in said suit are: M. T. Chamberlain as Plaintiff, and B. E. Harmon, W. A. McIntire, William McBride, L. K. McBride, J. W. Jeremiah, J. W. Boyle, H. R. Biggs, J. L. Nowlin, R. S. Nowlin, F. G. Westerman, and the unknown heirs of all of said

parties above named, and all persons owning, asserting or claiming any right of title in and to Lots 1, 2, 3, and 4 in Block Number One, J. P. Ruff Addition to the town of Munday, Texas as Defendants.

The nature of said suit being substantially as follows, to wit: Plaintiff avers that defendants unlawfully ejected him from the Possession of Lots Numbers 1, 2, 3, and 4 Block 1, J. P. Ruff Addition (In Knox County, Texas) to the town of Munday, and that he owned and claimed the same in fee simple at the time of said ejection, this being an ac-

tion in trespass to try title to said property, for rents and damages.

Issued this the 24th day of March, 1949.

Given under my hand and seal of said court, at office in Benjamin, Texas, this the 24th day of March, A. D., 1949.

Opal H. Logan, Clerk.
District Court, Knox County, Texas.

Only the Servel GAS Refrigerator is

GUARANTEED for TEN YEARS

IT STAYS SILENT—LASTS LONGER

It's small wonder the Gas Refrigerator is the choice of more and more families. Servel—and Servel alone—carries a ten-year guarantee of noise-free, worry-free performance. Year in and year out, you enjoy the same silent, dependable refrigeration as the day your new Gas Refrigerator arrived.

For Servel has a basically different freezing system. There's not a single moving part in it. No motor to wear, no machinery to make a sound. A tiny gas flame does the work. So Servel stays silent, lasts longer.

Come in and see the new models today. Choose the Gas Refrigerator—and get more for your money.

Following the Sunday night service, we will minister the ordinance of baptism. So far we have three to baptize.

Our prayer revival this week is proving a blessing to us. You who read this come and worship the Lord in praise and prayer.

Mr. and Mrs. R. L. Boles and daughter of Fort Worth visited in the home of Mr. and Mrs. J. O. Bowden over the week end.

Boyce House Toured Texas In Wagon

Though the days of the pioneers and of frontier dangers are past in Texas, Boyce House of Fort Worth, who will speak at the annual banquet of the Monday Community Development Association on the night of April 21, has experienced thrills akin to those encountered by the Texans of an earlier day.

When he was only 10 Boyce House drove a covered wagon over the great open spaces of Southwest Texas. His father's health was bad and it was thought that "roughing it" would prove beneficial so the elder House and his son rambled all one summer, camping wherever night overtook them, sometimes in the edge of town and sometimes miles from human habitation.

The father died when Boyce was 12 and, as the oldest child and son, he aided his mother in providing for his two sisters. He sold newspapers, delivered groceries, then became a newspaper reporter and wrote up fires, killings and robberies, with his own life sometimes in danger.

Then, in his early 20's, he went to Eastland county to edit a newspaper. The county had been the scene of a great oil rush. Conditions were very unsettled and the young editor soon found himself battling against a courthouse "ring" which he felt was trying to loot the county. An article he wrote caused him to be sued for \$10,000 ("the greatest compliment that has ever been paid me," he declares) and he had a fight with the sheriff. All the officials House opposed either were removed from office, defeated or did not run for re-election.

House cherishes the lore and legend, the humor and the history of Texas. Through a radio program which he gave for seven years, he told many stories of heroes and heroines, especially of early days. Much of

the information he related for the first time, having obtained it by personal interviews with the pioneers of their relatives. Through his "column" which appears in many Texas weeklies, he also has told many previously untold stories about the men and women who made Texas. His books and speeches likewise have sought to preserve the flavor of the Lone Star State.

House is the author of nine books, of which the most successful is "I Give You Texas," which has sold 125,000 copies, said to be a record for a book about Texas. "Cowtown Columnist," another of his books, tells of the Santa Claus bank robbery (which House wrote up as a newspaperman); about Old Rip, the horn frog which was credited with living 21 years in the Eastland courthouse cornerstone, and many other romantic Texas stories. His next book will be a full-length history of Texas' most historic city, San Antonio.

"Life Magazine called him" Texas' No. 1 Booster." He averages 100 speeches a year, appearing in Oklahoma, Arkansas, Louisiana, Mississippi and Tennessee as well as Texas.

County Council Meets On Friday At Benjamin

The Knox County Home Demonstration Council met Friday, March 25, at 2 p. m. in the assembly room of the court house in Benjamin.

Mrs. Wesley Trainham acted as chairman in the absence of both the chairman and vice-president. Six clubs answered roll call.

Mrs. Trainham, marketing chairman, reported that wine colored satin had been ordered. Reports were also given by each of the club presidents on the activities of each club during the past month.

Mrs. R. M. Almanrode report-

ed she had heard from the Tuberculosis Association in regard to the clinic being planned for Knox County.

Mrs. Omar Cure gave some T.H.D.A. reports and stated that reservations for the noon meal at the district meeting to be held in Wichita Falls on April 21, must be in by April 1st.

Miss Butler discussed council's duties to the 4-H Club girls and stated that May 7th was the date set for the girls dress review.

Mrs. Graham, Knox County

chairman for the American Cancer Society, discussed the cancer drive now getting underway.

Veterans' News

Immediate positions for graduate nurses are available in the new and modern VA hospital at Houston, Texas, Dr Lee D. Cady, acting manager, has announced.

VA will acquire the hospital from the U. S. Navy April 15 and is now organizing its staff. Nurses are being put on duty as rapidly as they are employed to replace Navy nurses who are being ordered to other stations.

Minimum salary for VA nurses is \$2974.80 per year, ranging upward according to education and professional experience. Periodic pay increases and promotion based on merit are provided nurses.

Working conditions for VA nurses are excellent, including 40-hour work week, 30 days annual vacation and 15 days annual sick leave. Retirement benefits are also provided for nurses who wish to remain with VA for career.

Splendid housing accommodations are available on the hospital grounds for single nurses.

Nurses interested in positions should write or telephone immediately. Inquiries should be addressed to the Chief of Nursing Service, VA Section, Navy Hospital, Houston, Texas.

Questions and Answers
Q. What is the latest date on which a World War II veteran may file claim for readjustment allowance for unemployment?

A. Allowances may be claimed for any week ending on or before July 25, 1949, or two years after date of discharge, whichever is later, but not after July 25, 1952, except for persons enlisting under the Armed Forces Recruitment Act of 1945. Such persons have two years after the end of their first period of enlistment or re-enlistment in which to claim the benefit and five years after the date of such discharge to use their rights.

Q. What is the function of the Board of Veterans' Appeals in the VA?

A. The Board of Veterans' Appeals renders final decisions on cases appealed to the Administrator of Veterans Affairs. The Board has no original jurisdiction; its work is similar to that

Save The Leaves; Compost Makes Very Good Soil Builder

Don't burn the leaves. Instead, turn them into a leaf mold or a compost. By burning the leaves, you lose the value of organic matter and kill off the grass that's already growing.

Other plant refuse besides leaves works fine in a compost too, such as clippings, weeds, and vegetable tops, says Sadie Hatfield, extension landscape gardening specialist of Texas A&M College.

Nature is constantly making soil fertilizers. Dead wood, old leaves, and other plant materials make acid which releases mineral plant food already in the soil. When released, this matter can be used by plants and tree roots.

A simple enclosure of scrap lumber, brick or stone should be provided to hold the compost together. In sections of the state where high winds are a daily thing, a compost pit is preferable—almost a necessity, says Miss Hatfield. If a pit is available, spread a thin layer of soil over its contents, after adding the leaves or grass clippings. In the dry part of the year when there isn't much rainfall, it's a good idea to wet the entire pit once or twice a month to insure a well-rotted compost.

If a well-balanced plant food mixture is desired, add a 100 lbs. of 4-12-4 commercial fertilizer to a wagon load of compost mixture. Sprinkle the fertilizer over the pit before covering it with a layer of soil. The fertilizer

speeds up the leaf rotting process.

In acid soil areas, such as the eastern part of the state, add 100 pounds of lime as well as the fertilizer to the pit contents. Compost of this type is especially good for soils which tend to pack, or become hard and crusty during dry periods, Miss Hatfield adds.

It usually takes about three months for leaves, weeds and small limbs to rot. Use a half pound to a pound per foot or row space for flowers vegetables or shrubs. Mix the compost thoroughly into the soil before seeding.

If you're figuring on using the compost material for pot plants, use a mixture of one-half compost and one-half good loam soil or sand.

Save the leaves for compost material, urges Miss Hatfield. It's one of Nature's best fertilizers.

An added investment in Savings Bonds through Payroll Savings will provide future security for you, your family, and your country. Start now—and in ten short years your Bonds will yield you \$10.00 for every \$30.00 you invest today. This is your "Opportunity for the future."

U. S. Treasury Department

School Elections Set For Saturday

School trustee elections will be held Saturday, April 2, in all the independent and common school districts of the county, according to Merick McGaughey, county superintendent.

In the Munday district three names will appear on the ballot: Ray Holcomb, J. C. Elliott and Leland Hannah, all present members of the board whose terms expire.

In addition to local board members, a county school trustee for Commissioners Precinct No. 3 will be elected.

Sunset PTA To Meet On Saturday

The Sunset Parent Teachers Association will hold a meeting Saturday night, April 2nd, at the Sunset School. Time has been set at eight o'clock. Guest speaker at this time will be Mrs. Iva Palmer of Haskell and county superintendent of Haskell county. The grammar school pupils will give a short playlet under the direction of Mrs. Joe Shannon.

Mrs. J. O. Tynes returned the first of this week from Big Spring where she had been visiting her son and family, Mr. and Mrs. Jot Tynes and children for several weeks.

Kenneth Vaughan of Brownwood visited with friends here last week end.

Mr. and Mrs. Elbert Hughes and children, Bert, Joe and Dav-

id, of Fort Worth visited awhile here last Friday with relatives and friends. Mr. Hughes is a brother to Chan Hughes and Mrs. Hughes is a sister to Mrs. Grace Smith.

Wallace Reid was a business visitor in Wichita Falls last Monday.

Preston Ingram of Belton spent the past week end here with relatives and friends.

Kracker Krumbs—

(Continued from Page One)

tickets have been printed, so there's one for you.

We discussed a 12 or 15-year-old problem of the town—the road leading to the southeast, which is termed the proposed Throckmorton road. We feel that some progress is being made on this.

We discussed buying some chairs for the directors to sit in, so we could return the chairs we've had borrowed for several months.

Your directors don't meet without sacrifice. Some stayed away for revival services at their own church. Some have given up Monday night parties and entertainments, some leave their places of business in order to

try to iron out some knotty community problems.

Your directors are trying to do some of the thinking and planning and to map out some of the work. With you doing the co-operation, we'll continue to build the community.

And don't think the money you're putting into the organization is being "pooped off" unnecessarily. It isn't.

As time goes by, with your co-operation, you'll see some things done for the town and community that would have never been done otherwise. Wait and see!

FOR SALE

Tuberculosis X-ray Survey Is Sought For This County

Tentative plans are now under way for bringing a tuberculosis X-ray service to Knox county under the sponsorship of the Home Demonstration Clubs.

This will be a transportable X-ray unit on a bus which will be made available through the Texas Tuberculosis Association of the tuberculosis division of the State Health Department, according to Mrs. R. M. Almanrode.

The plan has been heartily approved by local doctors and the county health unit, and word is being awaited as to when this service can be brought to Knox county.

The service will be for everyone, but children of school age are urged to take the X-ray survey.
