

Kracker Krumb's Odd Bits Salvaged At Random

Maybe it's a producer. Maybe it ain't. Maybe it's a commercial well. Maybe.

People have watched with interest the things that's been going on at the Theo Jones well, southeast of Munday. They've watched lot, but learned but little.

Some say there's oil; others express doubts. Some Munday people are out there a lot, but they don't seem to know much more than those who didn't go.

Anyway, we found this in some daily paper oil news Tuesday morning:

Six miles east of Weinert, operators have run tubing and are starting initial tests on tubing swab on the American Liberty Oil Co., & George Rice et al No. 1 C. T. Jones, prospective discovery well from the Marble Falls section at 5,514-44 feet. The well had been seabbing about 20 barrels of oil per day through casing.

It's in Haskell county, and we're not going to claim it for Munday. We claimed the A. A. Smith well as Munday's because it was so close to the town.

Then they had a bunch of trouble out there, and came blamed near losing the well entirely. So we won't claim this one as Munday's well.

To the northwest of Munday, Knox county has some oil prospects.

Leasing has been going on for some weeks, and we learned through the grapevine that the block has been completed, and some drilling is liable to start.

If they do, and they strike oil, then we'll claim it as Knox county's own.

And now for a little bouquet of our state flower, the Texas bluebonnet, to our peace officers.

We'd never had occasion to know much about our peace officers, except to speak to them as friends and pass the time of day with them, as they did us.

We just kinda, sorta figured they were doing their duty, as we hoped they thought we were doing ours. They had their job, and we had ours—and never the twain did meet.

But last week, we had occasion to call on them for help. We found them most cooperative, most anxious to put a quietus on types of things that were being done that was "agin the law".

Two days after we asked for help, the doors of the "clink" closed behind a suspect. And now we're in the market for a janitor!

Despite the fact we lost a janitor, we want to especially thank Tuck Whitworth and Homer T. Melton. Then Carl Patterson stepped in and did some efficient work, too.

Another plank in our platform of Munday's needs is being nailed down—and before summer ends some more nails will be driven in that plank.

It's the plank of recreation facilities for the youth of our town. We've realized the need for youth activities, but the idea of providing them at times surmounted to mountainous peaks.

But now the school board and various organizations and individuals are starting out toward meeting that need. Concrete tennis courts are to be built on school grounds, south of the elementary school, and they're to be the snazziest things hereabouts.

They will provide some activities for those who like to play tennis, both young and old, but the courts are to be primarily for boys and girls of school age. The school will have priority over them at all times.

This will be followed by other (Continued On Last Page)

Star Route To Give Faster Mail Service

Establishment of a new route to serve this section was announced this week by the Post Office Department. This route will give faster mail service between Munday and Fort Worth, it was stated.

According to the schedule the mail car will leave Stamford at 3:10 p. m. daily, except Sunday and December 25, and arrive in Munday at 4:40 p. m. It leaves immediately on return to Stamford, arriving there at 5:40 p. m., and making connection with the star route from Stamford to Abilene.

The route to Munday will be through Rule, Rochester, O'Brien and Knox City, while on the return trip the route will serve Weinert and Haskell. This will put local mail into Fort Worth approximately one hour earlier, it was stated.

Mail must be in the local post office by 4 p. m. to make this schedule.

The establishment of this route gives Munday two outlets to the south daily, at 6:35 a. m. by train, and at 4:40 p. m.

Sunset Seniors Are Sponsors Of All-Fun Night

The Senior class of the Sunset Rural high school is sponsoring an "All-Fun Night" on April 15th in the Sunset school auditorium.

Some of the activities included in the all-fun night are: boxing, the amateur show, Easter fashion parade and the ugliest boy and the prettiest girl contest.

The fun will begin at 7:30 p. m. with a cake and pie walk. Prizes will be given to all winners in all events.

The public is cordially invited to attend. Admission will be nine cents for children under twelve years of age and fifty cents for the adult tickets. With the adult ticket, a chance of a \$17.50 and a 4-way floor lamp will be given.

Religious Film To Be Shown Here

The religious film, King of Kings, by Cecil B. DeMille will be shown on Friday night, April 15, at the First Methodist church in Munday, Rev. Wm. G. Barr announced Wednesday.

This is an unusual sound picture, the simple christian story of Christ which is portrayed with reverence, beauty and great power. It was shown to over 15,000 people in Dallas last year and is being shown again this year.

The picture, which will begin at 7:30 p. m., is being shown without any admission charge, Rev. Barr stated, although a free will offering will be taken.

Children under 12 years of age should be accompanied by an adult, he stated. The entire public is cordially invited to see the picture.

Going To The C. D. A. Banquet? Food Committee Wants To Know

Eating delicious foods to the tune of good music; watching the works of magic by Ralph De Shong, magician of Wichita Falls; listening to the yams spun by Boyce House of Fort Worth!

These treats are in store for those who attend the first annual banquet of the Munday Community Development Association at the high school gymnasium next Thursday night, April 21.

Plans for the banquet are getting into high gear; committees are working; tickets are being sold, and it looks like its going to be one of the most gala affairs Munday's had in some spell.

Are you going? Better decide and get your tickets. The food committee wants to know if they're going to feed 100 or 500. It would be

Nothing Left But The Memories

All that remains of the Munday Church of Christ, pictured above, are the memories of the many religious gatherings and other church activities held there for many years. The structure was torn down last week to make way for a new

and modern brick veneer church building. Workmen gathered on Monday of last week and started dismantling the frame building, and the building site was cleared within the week. Plans are going forward for

erecting the new building as rapidly as possible so the congregation will enjoy their new place of worship. D. L. Ashley is minister of the church, while L. W. Hobert heads the building committee.

Concrete Tennis Courts Will Be Erected On Munday School Grounds

Munday Girl Is Admitted To Scottish Rite Hospital

Little Miss Carol Jan Carter, three-year old daughter of Mr. and Mrs. T. C. Carter, Jr., was admitted to Texas Scottish Rite Hospital for Crippled Children in Dallas for treatment on Friday, April 8.

The Scottish Rite Hospital, which is supported by individual contributions, offers the best possible medical care and attention to Texas crippled children who are accepted for treatment.

Weather Report

Weather report for the period April 6th through 12 inclusive as compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer.

Table with columns for Temperature, Low, High, and dates from April 6 to April 12.

Rainfall this year, 6.32 inches. Rainfall to this date last year, 2.95 inches.

HAS APPENDECTOMY

Andy Eliand was taken to the Knox County Hospital last Friday where he underwent an appendectomy. According to reports, he is much improved and is doing nicely.

Mrs. Jack McCall of Denton recently underwent surgery in the Denton hospital and clinic. She is reported improving in her home there. Mrs. McCall is the former Miss Juracy Jones of this city.

Local Pupil To Be Presented In Recital Sunday

Miss Hattie Ann Phillips, piano pupil of Mrs. A. C. Williams, will present a piano recital at the First Baptist church at three o'clock Sunday afternoon, April 17. Assisting Miss Phillips on two duets, "Glow Worm" and "Majesty In The Deep", will be Miss Patsy Ann Matthews, also a pupil of Mrs. Williams.

Several compositions will be played, among which will be selections from Chopin, Rachmaninoff, Paderewski, Grieg and Sibelius.

The public is cordially invited to attend this recital.

Office Hours For C. D. A. Announced

The C. D. A. board of directors set office hours for the local office last Monday night in their regular meeting.

Hours to be observed by the secretary are from 9 to 11:30 a. m. and 1 to 5 p. m. Those desiring to contact the secretary should keep these hours in mind.

The office will continue to be closed on Saturday afternoons, it was stated.

Blind Bogey Golfers Have Fun Sunday

Thirty-one golfers of the Munday Municipal Country Club braved the chilly weather and gale last Sunday to enjoy the fun of the "blind bogey" tournament. Others were sight-seers in the tourney.

The high wind wasn't so bad for those who "stayed in the groove", but the hookers and slicers kinda had a battle with the gale. Everyone enjoyed the play and fun, as well as the good condition of the golf course.

Mr. Treet of Goree was first place winner. E. B. Littlefield took second prize, while third prize went to Ed Broach.

Project Show Set Saturday

The annual Future Farmers of America and 4-H project show, sponsored this year by the Munday C. D. A., will get under way Saturday morning on the city hall lawn. Mr. Martin, county agent of Haskell county, will be the show judge. Entries should be here by 10 a. m.

Prizes in the poultry show are: First place, \$3; second \$2.50; third, \$2; fourth, \$1. Each boy exhibiting a coop of five fryers will receive \$1.00 in addition to other prizes he may receive.

The hog show will be judged at eleven o'clock. Prizes are: Grand champion barrow and female, \$15.00 each; reserve (Continued On Last Page)

Local PTA To Meet Wednesday

The Munday Parent Teachers Association will hold its regular monthly meeting next Wednesday, April 20th, in the grade school building at 3:15 p. m.

Program topic will be, "Better Homes With The Help of the School", under the direction of Mrs. A. L. Smith. A playlet will be given by the first grade pupils. Mrs. Paul Pruitt, as leader, will hold a roundtable discussion. Those to take part in the discussion are: W. C. Cox, Mrs. A. L. Smith, Mrs. Oscar Spann and C. E. Fox.

Following the program, a business meeting will be held with the president, Mrs. Lonnie Offutt, in charge.

Knox County 4-H Club Boys Win Awards For Activities For Year

Munday Firms Sponsor Fish In Fish Rodeo

Somewhere in the waters of Lake Kemp or Diversion Lake is a fish with a tag on him—or there will be on May 1. This fish will be Munday's own, for local merchants are sponsoring him in the fish rodeo.

The rodeo is sponsored by the Lake Kemp Anglers Club, and is now receiving a large number of memberships. Almost every merchant in Munday will give either cash prizes or awards in merchandise to the person catching the tagged fish.

Prizes in merchandise run around \$650.00.

Towns participating in the rodeo are Seymour, Vernon, Wichita Falls, Electra, Iowa Park, Burk Burnett, Munday, Knox City and Crowell. Secretary O. McDaniel of Seymour states that the total amount in prizes for the tagged fish will be around \$25,000.

According to the plan, Munday merchants sponsor one fish, if this fish isn't caught, nobody's out anything. If it is caught, the lucky angler comes to Munday to receive his prizes.

A group is meeting in Seymour today (Thursday) to catalogue and tag the fish with separate prizes. Each gatekeeper at the lakes will have a copy of the catalogue. Whenever a prize fish is caught the angler simply contacts the gate man as he leaves the lake.

Knox County Hospital Notes

Patients In Hospital Today, April 12, 1949.

Mrs. Charlie Hughes, Knox City; Mrs. E. Q. Warren, Knox City.

Andy Eliand, Munday; Clyde Burnett, Benjamin; Mrs. A. J. Ballerstedt, Seymour.

Mrs. Helen Powell, Goree; Rex Allen, Goree; Mrs. H. C. Yandell, Munday; Mrs. N. W. Hornsby, O'Brien; Mrs. A. T. Holcomb, Knox City; Mrs. J. D. Wilson, Seymour; Mrs. A. A. Wilde, Munday; Miss Lula Harland, Bomarton; Mrs. J. F. Pickerin, Munday; Mrs. S. A. Strickland, Rochester.

Mrs. J. L. Yost, Munday.

Patients Dismissed Since April 5, 1949.

Mrs. Jack Tidwell, Munday; Mrs. L. B. White, Rochester; Mrs. Charles Reese, Knox City; Mrs. Fay Spoles, O'Brien; Mrs. Earnest Seale, Spur; Mrs. W. L. Jungman, Munday; Mrs. Eddie Bateman, Benjamin.

Mrs. Claude Edwards, Weinert; Mrs. Clyde Burnett, Benjamin; Mrs. Curtis Coates, Knox City; Mrs. T. E. Roberts, Munday; Mrs. Truett Haster, O'Brien; Wanda Hester, Rochester; Betty Sue Poe, O'Brien; J. Tom Graham, Knox City; Wylie Meinzer, Benjamin.

BIRTHS:

Mr. and Mrs. R. A. Shaver, Rochester, a Daughter; Mr. and Mrs. C. L. Anderson, Munday, a Son; Mr. and Mrs. W. L. Jungman, Munday, a Son; Mr. and Mrs. Claude Edwards, Weinert, a Daughter; Mr. and Mrs. A. A. Wilde, Munday, a Daughter.

American Legion Sponsoring Easter Egg Hunt Sunday

An Easter egg hunt for the kiddies of the community will be held next Sunday afternoon at the City Park, under the sponsorship of Lowry Post No. 44 of American Legion.

The cooperation of parents and several organizations is requested in this move, and Easter eggs are wanted. Those who have some to spare, please get in touch with the American Legion.

But they want the kiddies there—lots of them, so they can enjoy the fun of hunting the Easter eggs.

Judging of the 1948 records of Knox County's 4-H Club boys was completed this week, and the following winners were announced:

Gold Star Award. Fred Lewis Crenshaw, 15, son of Mr. and Mrs. F. W. Crenshaw, of Benjamin, was announced this week as the winner of the Gold Star Award for 1948 in Knox County.

Fred Lewis has been in 4-H work for five years and has fed and exhibited five calves as his club projects. In 1948 he exhibited the Grand Champion calf of the Wichita Area F.F.A. and 4-H Livestock Show and the Grand Champion calf of the Knox County Fat Steer Show. He has a total earnings for his five years work of more than \$2500. Fred Lewis will receive a gold filled medal presented by Texas A&M College.

Field Crops.

Charles Atkinson, son of Mr. and Mrs. L. L. Atkinson, of Goree, was announced this week as County Winner of the 1948 Field Crops Contest and was presented a gold filled medal of honor by the International Harvester Company and a cash award presented by Egenbacher Implement Company, Knox City, and Munday Truck & Tractor Company, of Munday. Charles planted second year 7078 milo on about 3 and one-half acres of mixed sandy land and harvested 10,390 pounds of seed. The milo was sold on the market for \$181.82 with a gross return from the 3 and one-half acres of \$51.92. Yields on surrounding land and of different varieties were estimated at an average of from 2000 to 2400 pounds.

Second place in this contest was won by Alton Lee Patterson, of Vera, with a yield of 6000 pounds of 7078 milo from two acres. Alton Lee will receive a ribbon and cash award from Egenbacher Implement and Munday Truck & Tractor Company. Earnest McGaughey placed third with an average of 1900 pounds of grain from 3 and one-half acres. He will receive a ribbon and cash award from Egenbacher Implement and Munday Truck & Tractor Company.

Leadership.

Don Johnson, 15, son of Mr. and Mrs. Wyle B. Johnson, of Munday, was named as the County Leadership award winner for 1948. He will receive a gold filled medal of honor donated by the president of Wilson and Company in cooperation with the Extension Service. Don has been active in 4-H club work for the past five years and served as president of the Munday 4-H Club in 1947-48. His projects include one of the first gilts received in Knox County in the Sears Program. His gilt produced the heaviest litter of pigs at 56 days of age in the entire district in 1948.

He also exhibited the first place pen of three fat hogs in the county show, and had the third place pen of three at the District Show. He attended the district 4-H club encampment at Wichita Falls in the summer of '48 and has taken part in all activities of the Munday and County 4-H clubs.

Meat Animal Award.

The County Meat Animal Award for 1948 was won by Buddy Crenshaw, son of Mr. and Mrs. F. W. Crenshaw of Benjamin. He will be awarded a gold filled medal of honor donated by Mr. Thomas E. Wilson, of Wilson and Company. Buddy has been active in the 4-H calf feeding program for the past four years, and a member of the Benjamin 4-H club. In 1948 his two calves were exhibited at the Wichita Falls Area Show and sold through the auction for more than \$800. For the past 3 years Buddy's calves have ranked high in both the County and Area Shows.

170 People See Cancer Film Here

One hundred and seventy people saw the showing of the cancer film at the school auditorium, Wednesday, April 6th, at 8:15 p. m. The film was sponsored by the Woman's Home Demonstration Club. Along with this a 4-H film was also shown.

The club wish to thank Willie Phillips for using the veterans projector and showing the films for us.

Entered as second class matter January 4, 1919, at the postoffice in Munday, Texas, under Act of Congress, March 2, 1879.

LOCAL NEEDS FOR 1949

We're pulling for these needs in 1949. What will the year bring?

1. A modern street sweeper. Our paving cost us money, let's protect it!
2. Paving of road through Rhineland, and definite progress on Throckmorton road.
3. Completion of our drainage system. It's gonna rain one of these days.
4. An adequate waterworks system. This is a must for the continued growth of Munday.
5. Building of more housing projects. There continues to be a housing shortage.
6. Recreational facilities for our youth of today—our citizens of tomorrow.

THIS YEAR'S MEAT SUPPLY

As of the early part of March, retail meat prices in the Chicago area, which are generally typical of the country as a whole, were down an average of 20 percent below last summer's peak levels. Some popular cuts were down much more—round steak, for instance, was being offered at 30 percent less than at the high point.

Supply and demand did that. A heavy supply of meat came to market, and at the same time there was some slackening in consumer buying. The meat had to be moved and lower prices were the inevitable result. As an interesting by-product of the change, one of the biggest meat packers took a substantial operating loss for 1948.

At present, there has been something of a reversal in the trend of livestock supplies and prices are expected to level out. However, no one need fear a meat shortage. Last year, the average American ate 146 pounds of meat. This year, it is estimated, he will account for 145 pounds, made up of 60 pounds of beef, 9 pounds of veal, 72 pounds of pork, and 4 pounds of lamb and mutton. A decline in available supplies of beef, veal, lamb and mutton will be made up by an increase in the amount of pork.

The American dining table will continue to carry its share of the good things of life, and meat is one of them. The price we must pay, when measured against the average increase in dollar income, will be fair and reasonable.

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.

JTAC's 50th YEAR

As such things are viewed nowadays, the \$86,000 left by John Tarleton upon his death in 1895 for the founding of a school at Stephenville may seem no more than a modest sum. Yet the educational good that has come from the bequest, out of which was created what is now John Tarleton Agricultural College, has magnified the gift and compounded the returns from it.

A branch of Texas A&M College since 1917, the Stephenville school has played an important role in war and in peace. In the years since it was absorbed into the state's system of higher education, more than 30,000 students have passed through the institution's doors. Fittingly, at a semi-centennial celebration late this month of the college's founding, the present sizable faculty and thousands of alumni will honor the man whose money and vision gave the institution its beginning.

By the acquaintances who survive him after more than half a century, the West Texas pioneer whose name, the school bears, is remembered most vividly for his personal eccentricities. He was a man at once penurious and generous, slovenly in dress but extremely scrupulous in his dealings with others. Above all, he was a strong believer in education, as attested by his financial aid to local schools and needy students even before he left the bulk of a modest fortune to give his namesake school a start.

The tomb of the ex-rancher who was a patron of education is on a plot at one corner of the campus and will be the scene of the founder's day ceremony on April 30. Twice the grave has been moved to make way for enlargement of the school. Still further expansion now is in prospect. If this requires, as is unlikely, another shift in the resting place of the school's founder, it is quite probable that he would not mind.—Fort Worth Star-Telegram.

The National Board of Fire Underwriters recently made an engineering inspection of San Francisco's fire fighting facilities and turned in a report. The San Francisco Chronicle then wrote an interesting commentary on what fire protection involves.

Washington News Letter

By Congressman Ed Gossett

WASHINGTON, D. C., April 9, 1949—I greatly enjoyed my four day visit to Texas. It was a pleasure to see the magnificent fields of Bluebonnets, which I had not seen for more than fifteen years.

The highlight of my trip was a weekend in Austin and invitations to address the Texas House and the Texas Senate. My address to the Texas Senate was upon invitation of Senator Bob Proffer, of Denton County, Senator George Moffett, of Hardeeman County, and Charles Jones, of Fannin County. The courtesy of these distinguished State Senators, all of whom represent parts of the 13th Congressional District, was deeply appreciated by me.

On Thursday of this week the Judiciary Committee of the House, by a vote of 16 to 5, reported H. J. R. 2, by me, to abolish the Electoral College. This is known as the Gossett-Lodge Amendment. Incidentally, this subject has been adopted as the debate topic for 1949 by the National Association of High Schools, and will also be used as the debate subject in many college circles during the coming year.

Most all Congressmen are harassed by crack-pots who visit their offices demanding this, that and the other. This week former Congressman Ellsworth Buck, of New York, was shot three times by a man who was mad because the Congressman had voted against allowing his spurious claim against the government.

The Senate has just finished passing the ECA Bill, which authorizes 5 billion 400 million dollars for the second year's operation of the Marshall Plan. The bill now comes up in the House for debate. Senator Taft, of Ohio, and Senator Russell, of Georgia, wanted to cut this authorization by 10 percent. Their contention was based not only on the letter conditions in Europe, but upon our ability to pay. Seems to me that such reduction should have been approved. In addition to the Marshall Plan the Administration will soon ask us to arm the so-called western democracies.

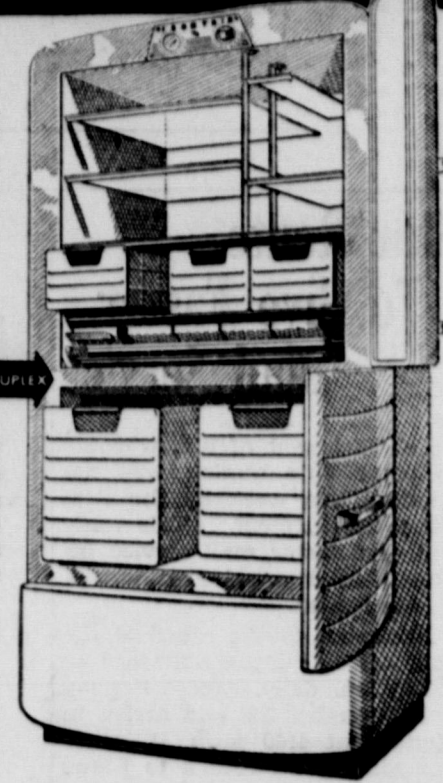

To my mind the arming of western democracies should be fully explored before approved. If we furnish guns to the French, the Italians and others we certainly ought to keep a monopoly on the manufacture of ammunition. I must confess I do not fully trust some of our so-called democratic friends.

The House Committee on Banking and Currency is now considering the Administration's housing bill. Representative Wolcott, of Michigan, the Republican

FOR THOSE WHO WANT THE BEST

America's only Duplex refrigerator!

J. L. Stodghill

Chairman of such Committee in the last Congress, estimates the Administration's housing bill would cost the taxpayers 19.3 billion dollars over a period of 40 years. President Truman is asking that Congress authorize the building of 1,500,000 units of housing in the next seven years. Bear in mind, public housing is not government loans and financing as through FHA or through HOLC. Public housing means for the government to build and own such houses, renting them at low prices to so-called low income families.

The latest thing to be thrown into the laps of Congress is the Administration's new farm program. Secretary of Agriculture Brannan explained the new proposed program to a joint session of the House Committee on Agriculture. The Administration, through Secretary Brannan, now proposes to do away with the old parity formula and to substitute what is called a "fair income" farm program. Direct subsidies would be provided for the first time for meat, milk, butter fat, eggs, poultry, fruits and vegetables, which provide the major portion of farm income. Some non-perishable crops, such as corn, wheat, cotton and tobacco would be supported through a system of loans and purchased somewhat as presently done.

"Fair income" to the farmer would be calculated by taking an average of the first 10 years of the previous 12 year period. For example, the goal for 1950 would be the average farm income from 1939 to 1948. For 1950 this would amount to 26.2 billion dollars, as compared with the farm income of 7.8 billion dollars in 1939. Furthermore, Secretary Brannan proposes to limit the amount of production for which any farmer could receive support. This would be designed to encourage small scale farming and to discourage large scale farming. The program is extremely complicated, and in

some instances revolutionary. Some of it appears good, some of it is bad. Most Members of Congress have their fingers crossed concerning these proposals. The Secretary's new proposed farm program is in for long and extended debate and discussion.

Mr. and Mrs. H. F. Jungman, Mrs. Carl Jungman and Ida Jo of Vernon, and Mr. and Mrs. Aaron Edgar attended the Ice Capades in Fort Worth last Sunday.

Mrs. Aaron Edgar is visiting with relatives and friends in Dallas this week.

The NEW
54
COTTON PLANTING SEED
NOW
AVAILABLE

The NEW Paymaster "54" is now available for the 1949 planting season—ready for farmers who want more profit from Cotton. This quick-maturing, high-yielding, better-staple-producing planting seed answers the demand for a variety that is tested and proved for West Texas growers. It is the result of scientific selection and painstaking experiments to develop a seed that will produce more money per acre planted.

Here's why the NEW Paymaster "54" is a money-making Cotton . . .

- EARLY MATURITY
Of 25 varieties tested recently . . . "54" was first in percentage of crop harvested in a four-month period.
- HIGH YIELD
In this same test, "54" was third among all varieties in yield per acre.
- BETTER STAPLE
"54" ran 15/16" to 1 inch throughout West Texas, assuring a better price.
- TESTED FOR DRY LAND
"54" has been proved successful for dry land farming as well as for irrigated Plains areas.

Be among those profit-minded farmers who demand a money-making Cotton planting seed—the NEW "54"; order your supply of the improved, state-registered "54" NOW.

IT PAYS TO PLANT PAYMASTER "54"

Sold through your ginner, your seed dealer, all branches of the Western Cotton Oil Co., and at Lockview Farm, Plainview, Texas.

CITATION BY PUBLICATION The State Of Texas

TO: B. E. Harmon, and the unknown heirs of B. E. Harmon; W. A. McIntire, and the unknown heirs of W. A. McIntire; William McBride, and the unknown heirs of William McBride; L. K. McBride, and the unknown heirs of L. K. McBride; J. W. Jeremiah, and the unknown heirs of J. W. Jeremiah; J. W. Boyle, and the unknown heirs of J. W. Boyle; H. R. Biggs, and the unknown heirs of H. R. Biggs; J. L. Nowlin, and the unknown heirs of J. L. Nowlin; R. S. Nowlin, and the unknown heirs of R. S. Nowlin; F. G. Westerman, and the unknown heirs of F. G. Westerman, and all persons owning, asserting or claiming any title to Lots 1, 2, 3 and 4 in Block number 1 of the J. P. Ruff Addition to the town of Munday, GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 9th day of May, A. D., 1949, at or before 10 o'clock A. M., before the Honorable District Court of Knox County, at the Court House in Benjamin, Texas.

Said plaintiff's petition was filed on the 24th day of March, 1949.

The file number of said suit being No. 4706.

The names of the parties in said suit are: M. T. Chamberlain as Plaintiff, and B. E. Harmon, W. A. McIntire, William McBride, L. K. McBride, J. W. Jeremiah, J. W. Boyle, H. R. Biggs, J. L. Nowlin, R. S. Nowlin, F. G. Westerman, and the unknown heirs of all of said parties above named, and all persons owning, asserting, or claiming any right or title in and to Lots 1, 2, 3, and 4 in Block Number One, J. P. Ruff Addition to the town of Munday, Texas as Defendants.

The nature of said suit being substantially as follows, to wit:

Plaintiff avers that defendants unlawfully ejected him from the Possession of Lots Numbers 1, 2, 3, and 4, Block 1, J. P. Ruff Addition (In Knox County, Texas) to the town of Munday, and that he owned and claimed the same in fee simple at the time of said ejection, this being an action in trespass to try title to said property, for rents and damages.

Issued this 24th day of March, 1949.

Given under my hand and seal of said court, at office in Benjamin, Texas, this 14th day of March, A. D., 1949.

Opal H. Logan, Clerk.
District Court, Knox County, Texas.

(SEAL) 35-41c.

Dee Allred was a visitor in Lubbock and Slaton over the week end. In Slaton he visited briefly with his brother, J. L. Allred.

Mr. and Mrs. J. E. Reeves, Jr., of Lubbock visited with their parents, Mr. and Mrs. Jim Reeves and Mr. and Mrs. R. D. Atkinson, over the week end.

It Pays To Advertise

Farmers Urged To Make Labor Needs Known

W. C. Albright, office manager for the Texas Employment Commission Vernon office, urged farmers in this area today to contact his office as soon as possible and let their 1949 farm labor needs be known.

Albright said, "Last year we were able to refer many farm workers to local farms, primarily because farmers let us know well in advance of planting and harvest peaks what their labor needs would be and approximately when the hands would be needed. By having this information we were able to have other TEC offices direct into this area enough workers when we needed them."

"This year," Albright said, "Texas farm labor will be in great demand because greater acreages of wheat, cotton and many feed products are being planted. Not only is this true in Texas, but in many other states. We have always endeavored to take care of farm labor demands of the Texas farmers first and we will continue to do so. But to do this properly, we must know in advance how much such labor our Texas farmers need. Without information from farmers, the TEC cannot inform workers where they are needed or when they are needed."

The office manager said the major problem each year is the cotton harvest. It involves the greatest migration of farm workers from the standpoint of numbers involved, distances traveled and duration of migration. He said this large migration begins in the Lower Rio Grande Valley in July and ends in the High Plains sometimes in December.

"To direct this labor last year," Albright said, "the TEC established at appropriate times, central information offices in San Antonio, Fort Worth, and Abilene and had 87 full-time and 34 temporary placement offices. Information regarding labor needs, labor supplies, crop conditions and weather flowed daily from regular and temporary offices. Coordinated instructions as to where and in what numbers to direct surplus workers were sent back from the central information offices to other offices. This flow of harvest information helped the farmers get their workers—and the workers find their jobs without unnecessary waste of time and money," Albright said.

The office is located at 1613 Pease Street, Vernon, Texas, and farmers wishing to discuss their farm labor problems should contact Albright as soon as possible.

Mr. and Mrs. Ted Hertel returned home last Monday from Paris, Arkansas, where they had been visiting with relatives for about two weeks.

Mr. and Mrs. Sidney Winchester and Mr. and Mrs. Clovis Winchester and Jo Ann were in Ft. Worth over the week end to attend the Ice Capades.

Grass Drill Is Being Used By Knox Farmers

The new grass drill which was recently purchased by the Supervisors of the Wichita-Brazos Soil Conservation District has been used extensively by several farmers cooperating with the district. Eleven cooperators have used the drill to seed 216 acres. This is badly eroded land which is being retired from cultivation.

At their last meeting the Supervisors approved the conservation plans of the following farmers: M. P. Wheatley and Frank Spencer of Weinert, Joe Cloud of Rule, Calvin Frierson of Haskell, and W. T. Cook of Gilliland. This made a total of 323 farmers and ranchers carrying out conservation plans on their farms in cooperation with the District. The applications for assistance of E. L. Michaels and A. H. Becker of Rochester were approved, which gives permission for Soil Conservation Service technicians to assist these farmers in working out conservation plans on their farms.

SCS technicians have been running terrace lines for M. C. Joselet south of Weinert, R. C. Couch east of Weinert, and Paul Russell east of Rochester.

Cooperators who want to construct terraces after wheat harvest should contact the SCS technicians at Knox City so as to give as much time as possible, as there is likely to be a rush during that season.

PINT-SIZED SHADOW

Many a farmer has a pint-sized shadow that tags him all over the farm . . . shrilly repeats his pet words . . . dresses like a tiny twin. Like most little boys, he can't wait to grow up. The thing he wants most in the world is to be a farmer just like his dad.

Old-fashioned farming, with its never ending toil, often shattered this childhood dream—sent the boy off to the city to seek his fortune. Today, it's easier to keep him on the farm. Better crops and improved farming practices have boosted yields and profits. Modern John Deere equipment has taken over much of the muscle work, and chopped hours from the old dawn-to-dusk work day.

No wonder more and more farm boys are staying with the land—realizing a childhood ambition to follow in their fathers' footsteps. This is a good sign. These young farmers will hasten the fuller mechanization of our agriculture, pioneer new farming practices, and bolster vital food production.

Yes, labor-saving farm equipment is helping to raise our most valuable crop—young Americans who love the land. In such hands the future of our agriculture, and of America, will be secure.

FIRST METHODIST CHURCH

Wm. G. Barr, Pastor
 Sunday School at 10:00 a. m. with Joel Massey as Gen. Supt. in charge.

Morning church at 10:55 a. m. with the pastor in charge. The service of the hour will be a complete portrayal of the Easter theme. The choir will sing select numbers, with Mrs. J. H. Bardwell as pianist and with Mrs. Oscar Spann as choir director. Miss Charlotte Williams will be soloist. The Pastor, Rev. Wm. G. Barr, will bring the message.

At the evening hour, the Youth choir will sing under the direction of the pastor. The choir will be shaped in the form of a cross and they will sing Easter choruses. Barbara Anne Barr is pianist. Following the musical part of the service the special sound films will be shown. One of these is the "Resurrection of Lazarus" and the other is "The Rapture". The public is invited.

Goree Foursquare Church

On Sunday, April 17th, at 3 P. M. there will be good singing by quartets from Stamford. Also Rev. L. M. Degges from Dallas will bring the message. There will be other special singing.

Miss Marilyn Jeanne Bowden and Jerry Edwards of Hardin-Simmons University, Abilene, spent last week end here visiting with Mr. and Mrs. Chester Bowden and other relatives and friends.

Mr. and Mrs. Rex Smallin and daughter of Lubbock visited with Mrs. J. B. Stevens and sons over the week end.

GILLESPIE BAPTIST CHURCH

Hardy Bingham, pastor
 We wish to announce that next Sunday is the Big Day at the Gillespie Church. We are expecting a record attendance in church. Also, that is the big day for our building program. Five hundred (\$500.00) dollars is our goal for Sunday.

Sunday School at 10:00 a. m.
 We are having an Easter program at 7:30 o'clock Sunday evening. The public has a special welcome.

Thanking all of you for the Egg Shower that was given to the Bucknees Orphan Home.

WCS Conference Held Two Days In Church At Pampa

The ninth annual meeting of the Woman's Society of Christian Service was held in the First Methodist Church in Pampa from March 30 to April 1st.

The conference extends from Abilene, north to Oklahoma and west of that line to New Mexico. All this includes twenty-five counties.

There are 239 societies with 9993 members. We have a large number of missionary projects here in the states and missionary centers in twenty foreign countries. The attendance was large and reports from the different districts showed these women have accomplished a lot this year. Fifty young people have gone from this area to foreign mission fields. A call for extra money to finance these young-

sters was sent out and seven hundred dollars more than was asked for came in.

Some of these young men fought in the Pacific and when the war was over, they went back to Japan as missionaries.

Thursday evening the W.S.C.S. were served dinner in the large dining room of Pampa's beautiful new high school building. Several hundred attended this banquet.

Bishop William C. Martin lectured on Christian Faith.

Wednesday and Thursday was clear and cold. Friday morning the sky was heavily overcast and colder. When we had finished our work and came out of the church, the ground was covered with snow. The wheat fields and canons were beautiful.

The conference will meet in Abilene October 1950. Munday's delegate, Mrs. J. C. Rice.

Southern Baptists Called To Day Of Prayer May 4th

Dr. Robert G. Lee, president of the Southern Baptist Convention, has asked the denomination's churches and homes to observe Wednesday, May 4, as a day for repentance and prayer preliminary to the May 18-22 meeting of the Convention at Oklahoma City.

The Convention president, who is pastor of the Bellevue Baptist Church of Memphis, Tennessee, urged pastors to emphasize the day as necessary "in view of the

SOPHISTICATED COTTON

stops are made at gas stations? And as it takes only one to drive a car, let those who are not driving hold occasional prayer sessions in the car as they journey."

Mrs. Rice Attends Church Conference

A conference of Methodist Women of Northwest Texas held a convention in Pampa from March 30th to April 1st.

All of northwest Texas sent delegates from each church and of this group, Mrs. J. C. Rice, represented the local auxiliary in the convention.

After returning from Pampa, Mrs. Rice gave a complete report to the Munday Methodist Women's Society which met last Monday, April 4th.

Wallace Reid and Ed Thompson were business visitors in Amarillo on Wednesday.

HOW MODERN MIRACLE OF DESIGN MAKES THE NEW DODGE DIFFERENT!

Different!

LONGER on the inside
 ... SHORTER outside!

Different!

WIDER on the inside
 ... NARROWER outside!

Different!

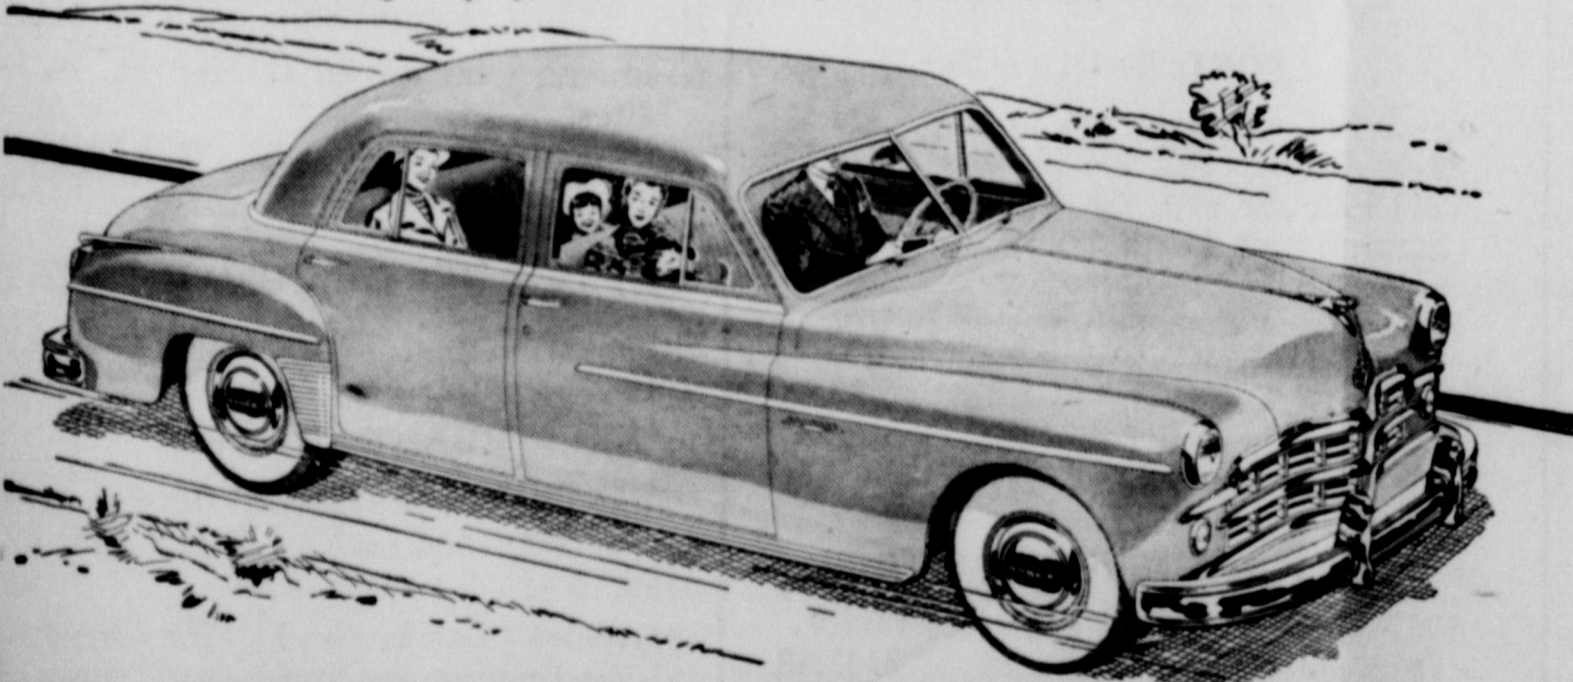

HIGHER on the inside
 ... LOWER outside!

WHO SAYS all cars are alike? Just look at the new Dodge, the car that dares to be different! Different in the sleek lines that flow from true functional styling. Different inside—and out! Inside, this new Dodge is bigger three ways—longer, wider, higher! But outside it is actually shorter, narrower, lower. No bulky lines to balk you when parking or garaging your new Dodge. Here is a miracle of design that puts your comfort first. Wide

opening doors that make it easy to get in and out . . . inside all the head room, leg room, elbow room you could ask for.

Topping all, is the flashing performance of the famous Dodge "Get-Away" Engine . . . the velvety smoothness of Dodge All-Fluid Drive.

Before you decide on any car, see how much more Dodge gives for your money today!

FENDERS are bolted on . . . easy on your pocketbook to repair, or even replace, if dented or damaged.

LUGGAGE COMPARTMENT . . . big as all outdoors. Spring-balanced lid raises and lowers at fingertip touch.

GET-AWAY ENGINE . . . high-compression engineered for more power . . . faster pickup . . . greater economy.

Thos. R. Johnson Former Resident, Dies At Temple

Thomas R. Johnson, 55, former resident of Knox County, passed away at Temple, Texas, on Tuesday, April 5, following a period of illness. His home was in Brownwood.

Mr. Johnson, known here as "Little Tom", was born and reared in Knox county and had a large number of relatives and friends here. He passed away at the Scott and White hospital in Temple, where he had gone for treatment.

Funeral services were held on Wednesday afternoon, April 6, in Brownwood, being conducted by Rev. W. H. Albertson, former pastor of the Munday Baptist church and friend of Mr. Johnson for many years.

Attending the funeral from Munday were: Mr. and Mrs. L.

W. Hobert, Mr. and Mrs. Clyde Nelson, Mr. and Mrs. Doris Dickerson, Mr. and Mrs. Clay F. Grove, Mr. and Mrs. Elmet Dickerson and daughters, Billy Jo and Frances, Mrs. Brooks Campsey, J. B. Reneau and Dr. and Mrs. J. B. Reneau, Jr.

Mr. and Mrs. M. L. Wiggins and Mrs. Ethie P'Pool visited with relatives in Hereford over the week end. Mrs. P'Pool remained in Hereford for a longer visit.

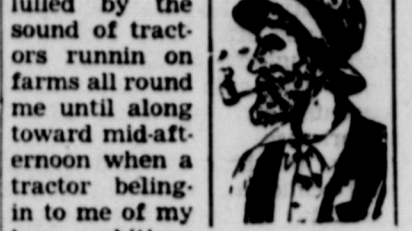

Mr. and Mrs. Joe Frank Bowley of Camp Hood, Texas, are here for a ten-day visit with their parents, Mr. and Mrs. T. H. Armstrong and Mr. and Mrs. A. E. Bowley, and with other relatives and friends.

Mrs. E. C. Henry of Floydada and Berry Baker of Lockney were visitors in the home of Mr. and Mrs. C. P. Baker last week end.

Knox Prairie Philosopher Amazed New Yorkers Just Now Discovering Fun Of Telephone Listening In

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is a little up on the difference between wire-tapping and party-line listening, his letter this week reveals. It's our observation he's mixed up on a lot of other things too.

Dear editor:
I was out here yesterday restin and watchin Spring unfold, enjoyin the sunshine and bein lulled by the sound of tractor's rumblin on farms all round me until along toward mid-afternoon when a tractor beling-in to me of my loss - ambitions neighbors startin missin out and the sound threw the whole symphony out of tune, as there ain't nothin more disturbin than a inharmonious set of tractors and if a man's gonna farm he ought to do it right and when his tractor starts missin ought to cut off the motor and let me meditate in peace, when I noticed a copy of the Times-Herald flutterin down and since the wind whipped it right over to where I was thinkin and spread it out in front of me I went ahead and read it.

J. A.

I noticed there is considerable excitement in New York over wire-tappin, with folks there talkin about it like it was somethin new, like maybe somebody had just made a non-stop flight across the Atlantic.

New Yorkers are supposed to be pretty far advanced, but if they're just now gettin around to the pleasure of listenin in on telephone conversations, they could come out here and learn somethin. It's been goin on for years.

While I ain't got no telephone myself, I use my neighbors a good deal, on the theory it don't wear a telephone wire out none to use it and I might as well take advantage of it as not. I've borrowed so much from him a little more ain't gonna matter, and I don't mind sayin a good party line has got The Munday Times beat two to one for gettin at the heart of the news. Ain't no libel laws in effect on a telephone wire, it's as free as the floor of the United States Senate, and a lot more interesting. Get two just fair-to-middlin talk-in women goin no a third woman

who ain't got no telephone on the same line and a man can sit back with the receiver to his ear and learn things about the human race ain't no novelist ever got around to writin. Why just the day before yesterday I was listenin in and heard . . . but then ain't no use me writtin it as I know you're too thin-skinned to print it and if you ain't you ought to be if you want to stay alive.

Yours faithfully,
J. A.

Prospects Are Good For Heavy '49 Grain Crop

What about the price of grains?
Nobody knows exactly what price wheat will bring Texas growers this season. But if they can get enough rain at the right time, they'll likely get a heavy crop. The outlook is about the

DOUBLES OUTPUT

CHICAGO—In the first production increase in the appliance industry this year, Hotpoint, Inc., one of the nation's largest appliance manufacturers, has doubled scheduled output of a new automatic washing machine introduced early this year, James J. Nance, president, announced. The boost to 2,000 machines a week was necessary to meet strong demand.

Nance said that the step-up, made now in the face of adjustments in the national economy, "reaffirms this company's faith in America's system of producing abundantly in order to continually lower prices. Our \$25 million expansion program completed last October was an investment of American savings in developing new manufacturing efficiencies to bring the benefits of electrical living to the greatest number of people in the history of this country."

"Only in America can we find this example of industry teamwork resulting in more new work saving devices priced within the reach of every one of the nation's homes," Nance added.

Hefner H. D. Club Meets In Memorial Building, Goree

The Hefner Home Demonstration Club met Tuesday, April 5, in the memorial building in Goree.

The house was called to order by the president, Mrs. Turner Standlee. Miss Butler gave a demonstration on reupholstering furniture.

The club enjoyed having Mrs. D. Jones, Mrs. Crooner and Miss Butler's sister as visitors. We are always glad to have visitors at anytime.

Refreshments were served to the following members: Mrs. E. J. Jones, Mrs. J. E. Cure, Mrs. R. L. Lambeth, Mrs. Hamp Jones, Mrs. Bill Hutchens, Mrs. J. T. Murdock, Mrs. Walter Mooney, Mrs. G. W. Weber, Mrs. Turner Standlee and the hostess, Mrs. Clyde Warren.

The next meeting will again meet in the memorial building in Goree.

Sunset H. D. Club Meets Thursday In Partridge Home

The Sunset Home Demonstration Club met Thursday, April 7th, in the home of Mrs. T. J. Partridge.

The members enjoyed a short description of a lovely Azalea garden of fifteen acres, seen by Mrs. R. C. Partridge on a recent visit to Beaumont.

Plans were made to assist the 4-H girls in their forthcoming revue at Knox City. All the mothers are urged to cooperate in this and have the girls garments ready. Transportation to and from the revue will be provided by the club members for the girls.

Refreshments were served to Mrs. Charles McAfee, Mrs. R. C. Partridge, Mrs. Jerry Nix, Mrs. Weldon Floyd, Mrs. J. S. Shan-

non, Miss Eugenia Butler and the hostesses, Mrs. T. J. Partridge and Mrs. H. R. Hicks.

The next meeting will be April 21st at Hardin College in Wichita Falls. As many as can, are urged to go.

Wesleyan Service Guild Meets With Mrs. Joe B. King

The Wesleyan Service Guild met at 10:00 p. m., April 11th, in the home of Mrs. J. B. King; assisted by Miss Ruth Baker.

The program was led by Mrs. Bob Hicks, Christian Social Relations chairman. A short playlet, "All Ye That Pass By", was given by members of the Guild.

Following the program, a business meeting was held and a box was packed for the Waco Methodist Home. A young girl is sponsored at the Home by the Wesleyan Service Guild and Mr. J. H. Bardwell's Sunday School class of the Munday Methodist Church.

Refreshments of grape ice and cake were served to Mrs. C. P. Baker, Mrs. J. B. King, Mrs. W. H. Gaither, Mrs. Bob Green, Mrs. L. A. Bowden, Mrs. Layne Womble, Mrs. Joel Massey, Mrs. R. J. Penick, Mrs. Oscar Spann, Mrs. A. H. Mitchell, Mrs. I. V. Cook, Miss Ruth Baker, Miss Merle Dingus and Mrs. Bob Hicks. One guest, Mrs. M. F. Billingsley.

Young People Are Entertained In Foshee Home

Mr. and Mrs. R. E. Foshee entertained a group of young people in their home last Friday night with a party in honor of their daughter.

After games were played, ice cream, cake and punch was served to twenty-six boys and girls.

FOR EASTER PARADE

This smiling little miss is proud of her new cotton frock and ready to wear it down the avenue in the Easter parade. The dainty cotton is designed by Little and Martin in pastel pique.

Mr., Mrs. Brazell Celebrate 45th Wedding Date

Mr. and Mrs. E. J. Brazell celebrated their forty-fifth wedding anniversary last Sunday.

Children that were present for the occasion were: Mrs. Grace Shue of Abilene, Mr. and Mrs. Clifton Vaughan and Glenda and little Ronnie, who is a polio patient in the Hendrick Memorial Hospital in Abilene, Mr. and Mrs. Gene Brazell and family, Mr. and Mrs. Frank Garrett and daughters and Miss Wellodean Harmon of Munday.

Gilliland Club Meets April 6 in School Building

The Gilliland Home Demonstration Club met in the club room of the school house on Wednesday, April 6th.

Miss Butler, home demonstration agent, gave a very interesting demonstration on reupholstering. One rocking chair was partly finished. After the old upholstery was taken off carefully, tacks, etc. removed, the webbing was tacked on the bottom of the chair, to support the springs. Then the springs were tied down securely. This chair will be finished and others started, if members have any they want fixed, at our next meeting. The canter film was brought over and is to be shown at the school house.

Miss Butler gave a brief out-

line of the program being planned for the 4-H girls dress review which is to be held in May.

The club members presented Miss Butler with a beautiful sheet for her second anniversary as our agent.

Refreshments were served to the following members: Mrs. Hewitt Simmons, Mrs. W. L. Capps, Mrs. J. R. Spivey, Mrs. Bill Hollis, Mrs. George Solomon, Mrs. A. J. Whately, Mrs. Emil Navratil, Mrs. Homer Martin, Mrs. Glenn McGuire, Mrs. Alton Cook, Mrs. Monroe Case, Mrs. Jim Cash, Mrs. L. D. Welch, Mrs. Jim Scott, Mrs. Charlie Groves, Mrs. Arthur Horne, Mrs. O. R. Miller and Miss Damie Groves, Miss Loretta Cook, Miss Laveta Lou Massengill and Miss Eugenia Butler.

Methodist WSCS Meets Monday With Mrs. Borden

The W. S. C. S. met in the home of Mrs. J. C. Borden on Monday afternoon at three o'clock.

The beautiful reception room was decorated with spring flowers. Twelve members were present.

The study for the afternoon was, "Human Rights", and was very ably led by Mrs. R. D. Atkeison. Mrs. W. G. Barr led the devotion and Mrs. G. R. Eiland gave the subject, "Christianity in your Community". All present, took part in a round table discussion.

We cordially invite all members to attend this study; also all women of the church. It is very profitable. The next meeting will be in the home of Mrs. R. D. Atkeison.

Founder Of John Tarleton To Be Honored

Stephenville—Near Santo, Texas, still stands a small ranch house—the home of an early day Texan who will be commemorated in a Founder's Day program at John Tarleton College April 30.

There, on a 10,000 acre ranch John Tarleton lived the last 15 years of his obscure life, and there he conceived the idea of founding a school which today has grown until its physical plant is worth \$1,600,000.

A man of little formal education, he was astute in business. Through perseverance, thrift, and hard work, he accumulated a fortune large enough to leave at his death in 1895, \$55,000 for a school that would provide educational opportunities for children "over six years of age, of good moral character, and unable to educate themselves."

Coming to Texas a-foot in the early 1860's, he established a mercantile store in Waco. Before that, he had led a dull monotonous life, clerking for the same man in the same store for 40 years. Even so, he had saved \$1,000 and acquired title to 20,000 acres of land in the Middle Western states through trading for land warrants.

In Waco he made and lost a fortune in early cattle drives, ran a prosperous mercantile business, and married and was divorced by a socially prominent Waco widow when he was well past 65.

Leaving Waco after this as he had entered it, on foot and dressed as a tramp, he walked to his ranch near Santo, which he had bought when he first came to Texas. There on the first land to be fenced in this section, he lived a lonely life, weathering the droughts of 1886-88 and becoming a prosperous and respected ranchman.

Many are the tales told of his peculiarities. He always kept large sums of money in an old trunk in his bare little room. This he counted behind drawn curtains every night. He never wrote a check to an individual, always insisting on giving and receiving cash. When he walked to Santo, he always carried two rolls of money hidden separately about his body.

In September, 1899, four years after Tarleton's death, John Tarleton College opened its doors. Like its founder, the school has weathered many a storm, and today after 50 years of service, its growth is a monument to the man who wanted to help educate the children of the little man. Twenty-four people who knew Tarleton personally have been invited to attend the Founder's Day Ceremonies.

When housecleaning, work in as comfortable a position as possible. Sit whenever you can, and rest a few minutes in between jobs. Short rest periods keep the worker in better condition and results of housework are likely to be more uniformly good.

BENJAMIN NEWS

(Elda Puri Laird, Reporter)

Mrs. Oren Driver and Mrs. Earl Sams were shoppers in Vernon, Wednesday of last week.

Mrs. P. Pruitt To Give Book Review

At a Silver Tea to be held at 8:00 p. m., April 25th, at the Methodist Church in Munday, Mrs. Paul Pruitt will review the book, "The Big Fisherman".

This tea will be sponsored by the Wesleyan Service Guild.

Bones in canned fish are so softened by the canning process

that they can be crushed or mashed and mixed with the fish, thus adding calcium and phosphorus to the diet. The liquid in the fish can may also be used in flavoring sauce for creamed fish, or in soups, chowders, or dressing for fish salad.

BIRTH ANNOUNCEMENT
Mr. and Mrs. Frank Clements of Midland announce the arrival of Jeri Earlene on Sunday, April 3, 1949. Maternal grandmother is Mrs. Rose Jones of Munday, who is in Midland at this time. Mrs. Clements is the former Lola Jones.

Mrs. S. A. Turner and Sharon, Mr. and Mrs. George Turner and baby of Rhime spent last week with relatives and friends in Goree.

GOROE METHODIST CHURCH

Eugene L. Naugle, Pastor
The Revival Meeting which began at the Goree Methodist Church on last Sunday morning will continue until next Sunday night.

Rev. John H. Crow, Conference Missionary of the Northwest Texas Conference is doing the preaching. He is bringing some very fine messages. Weldon McCormack of Abilene is leading the song services. These two men make a wonderful team.

The congregation are increasing with every service and considerable interest is being shown. Every one in the community is cordially invited to attend these services.

The subject of the message for Sunday morning will be, "The Organization of the Church".

Mr. McCormick will sing, "Teach Me To Pray".

Recruiting Officer Coming To Munday

Announcement was made here the latter part of last week that a Recruiting Officer will be in Munday on second and fourth Wednesday in each month from 10 a. m. to 3 p. m. Contacts with the officer can be made at the local post office during this time.

On other days, he will be at his office in the City Hall in Seymour.

H. W. Stogner of Clarendon and his three grandchildren of Amarillo visited with Mrs. W. E. Hammack and other relatives here last Sunday.

John Ben Sheppard Speaker For Meeting Of Knox City Lions Club

KNOX CITY, —Approximately 100 Knox City Lions Club members, their wives and guests jammed into the basement of the city's Methodist Church here Friday night to hear John Ben Sheppard, past president of the United States Junior Chamber of Commerce and last year's outstanding young man of Texas, outline his "Four-Point Program vs. Communism."

The event was designed as "Ladies Night" by the Lions Club.

Sheppard named his four-point program as: (1) Christianity; (2) Militant citizenship; (3) Education; and (4) Active and intelligent interest in public affairs.

"America is made up of 10,000 Knox Cities," Sheppard said, "and when they all get together and solve their problems and make democracy work from the bottom up, we will not only set an example but act as a hope and inspiration for the freedom loving peoples of the world."

"The time is running out," he continued, "running out on our ability to sell democracy to the world."

After his speech Sheppard said he would go to Wichita Falls and from there would fly to Corpus Christi for a speech next Tuesday night. From Corpus Christi, the young chamber of Commerce diplomat will fly to Brussels, Belgium, later next week to attend the international junior chamber of commerce convention.

After the Belgium convention he plans to travel extensively in England, Sweden, Denmark and Italy and is now working with the U. S. and Russian Authorities to get a passport to go behind the Iron Curtain for a good-will visit.

Attending the Knox City meeting with Sheppard were Charles Baker, a dry goods merchant, and Jim Shockey, long-time friend of Sheppard, both of Munday.

CHURCH SERVICES

There will be preaching by Elder L. M. Handley of Lubbock, Texas, at the Four Square church in Goree on Friday night, April 15. We will also have some good singing. Everyone is invited. Services begin at 7:30 p. m.

HEFNER NEWS

(Mrs. E. J. Jones, correspondent)
Elder J. L. Grey filled his appointment at the Friendship Baptist church over the week end, with good attendance.

Quite a few home demonstration club members were in attendance at the club meeting at the Goree memorial building last week. The county agent presided and gave a demonstration.

P. M. Jones and son, Royce, of Grand Prairie were visitors in the John Lambeth home over the week end.

Mr. and Mrs. Everett Jones and children and Mrs. J. H. Smith of Fort Worth visited their parents, Mr. and Mrs. G. D. Jones, recently.

Mrs. W. W. Beaty visited with friends in Goree last week.

Farris Mobley received word that his father, I. N. Mobley of Dundee was injured in an auto accident this week and is now confined to the general hospital in Wichita Falls.

J. H. Lambeth is expecting his son, Wayne Lambeth of California, to arrive in a few days for a visit here.

Goree Study Club Meets Thursday In Memorial Building

The Goree Study Club met on Thursday, April 7, at 3:30 p. m. in the Study Club room in the memorial building.

Some of the Grammar school contestants for inter scholastic league gave their declamations. They were Wayne Bingham and Elaine Chandler, fire place winners; Ruth Burton, Connie Haskins and Michael Kelly, runner-up.

Mary Catherine Coffman and Deloris Mobley rendered two vocal numbers accompanied at the piano by Carol Coffman.

Mrs. Dorise Rogers, program director, presented our club poet, Mrs. G. E. Naugle, who read a number of her poems in a very charming manner. The first poem being the one she won third place in the poetry contest of Texas Federated Clubs of First District, recently.

A business meeting followed

the program with the president, Mrs. Barton Carl, presiding.

Those present to enjoy this program were: Mrs. H. D. Arnold, Mrs. Orb Coffman, Mrs. Barton Carl, Mrs. Elizabeth Cowser, Mrs. S. G. Hampton, Mrs. W. M. Taylor, Mrs. Dorise Rogers, Mrs. W. L. Stewart, Mrs. W. E. Robinson, Mrs. G. E. McCaleb, Mrs. Carl Maples, Mrs. Leslie Treat and Mrs. Bill Rogers.

Legal Notices

NOTICE OF APPLICATION TO MAKE OIL, GAS AND MINERAL LEASE.

No. 506
Estate of A. B. Urbanczyk, Deceased. In the County Court of Knox County, Texas.

Notice is hereby given that I, Anna Urbanczyk, a widow, Administratrix of the Estate of A. B. Urbanczyk, deceased, have filed application in the above styled and numbered cause, for an order of the County Court of Knox County, Texas, authorized me, as Administratrix of said Estate, to make an oil, gas and mineral lease upon such terms

as the Court may order and direct, to J. E. LeBus, on the following described property belonging to said Estate, and to her individually, to wit:

All of Labors Number One (1), Three (3) and Five (5), out of original survey Number Eleven (11), D. G. Burnett Survey, Abstract No. 26, in Knox County, Texas, and containing 582.5 acres of land, more or less.

Said Application to be heard by the County Judge of Knox County, Texas, at the Court House in the city of Benjamin, Knox County, Texas, on the 25th day of April, A. D. 1949, at 10 o'clock A. M.

WITNESS MY HAND THIS THE 14th DAY OF APRIL, A. D. 1949.

ANNA URBANCZYK.

Administratrix of the Estate of A. B. Urbanczyk, Deceased.

(SEAL) 1tp.

Tin cans, bottles and other vessels that hold water draw mosquitoes. Shallow pools in the yard should be drained or treated with oil.

Tourists crossing the U. S. - Mexico border at Zapata, Texas, are subject to a little more inspection than at other points. A customs inspector there has a cat called Solomon, who has a ravenous appetite for fresh meat. Solomon sniffs out the meat in cars attempting to bring it back to the United States illegally. Another version of the "cat-and-mouse" game.

H. R. HICKS

Route one, Munday, Texas

Set a ladder firmly at a safe angle; the base should be one-fourth of the ladder's height away from the wall. Use a ladder for climbing. Boxes, tables, chairs and machinery make poor ladders and often cause injuries.

Patch budding of pecans may be done at any time when the bark will slip freely. The best time is in early spring, April and the first part of May, or during the latter part of the summer in August, September or October.

If you have a home-made grease trap, it's a good idea to skim the grease off at least once every six months.

DDT for bedbug control may be used in the form of a dust, as an emulsion, as a solution dissolved in a light oil or as a suspension in water. A dust containing 10 percent DDT is fully effective. It should be dusted well into cracks and crevices of walls and baseboards of infested rooms, and over the surfaces of bedsteads and mattresses.

ICY HULA skirts drape billows on Chicago waterfront as Lake Michigan did spring strip tease and departing ice left fantastic formations.

land near cultivated crops. In such areas sprays and dusts work better than poisonous baits will work to a greater advantage than the sprays and dusts.

It's important to get the right dilutions when mixing the chemicals for sprays. For chlordane, use one quart of 45 percent emulsion or two pounds of 50 percent wettable powder to each 50 to 100 gallons of water per acre. For toxaphene, mix one quart of 45 percent emulsion or two and a half pounds of 40 percent wettable powder in 50 to 100 gallons of water to spray one acre.

If you're dusting these materials, do it when the grass hoppers are small. Use one and a half pounds of either toxaphene or chlordane per acre. As the hoppers grow, increase the dosage. When the hoppers are small, a 10 percent dust at 15 pounds per acre is recommended. Later on, make it 18 to 20 pounds per acre, or use a 20 percent dust at 10 pounds per acre, Dr. Johnston says.

There are a couple of precautions to remember, too. Don't feed forage treated with these insecticides to dairy cattle until at least three weeks after spraying or dusting. And it's a good idea to protect bees when possible, so try to avoid applying these chemicals to legumes in bloom. The bees are essential for pollination, and should be protected. However, the sprays are less harmful to bees than the dusts, says Dr. Johnston.

Bait material and grasshopper poisoning information may be obtained from the county agricultural agents, says Dr. Johnston, while, printed instructions are available at county agent's offices or at the Texas A & M College Extension Service. Ask for "Grasshopper Control With New Insecticides."

From where I sit ... by Joe Marsh

There'll Always Be a "Gawker"

"Harry the Hermit," as he's called, came into town last week and, as usual, caused quite a stir. He looks like a cross between Santa Claus and Daniel Boone.

We had a friendly glass of beer together and I asked him, "Don't you ever get annoyed at the way some people laugh and stare as you go by?" "Shucks no," Harry says. "Only while they're laughin' at me, I'm feelin' a mite sorry for them. Imagine—folks so ungrateful they can't see I'm really just the same as they are underneath."

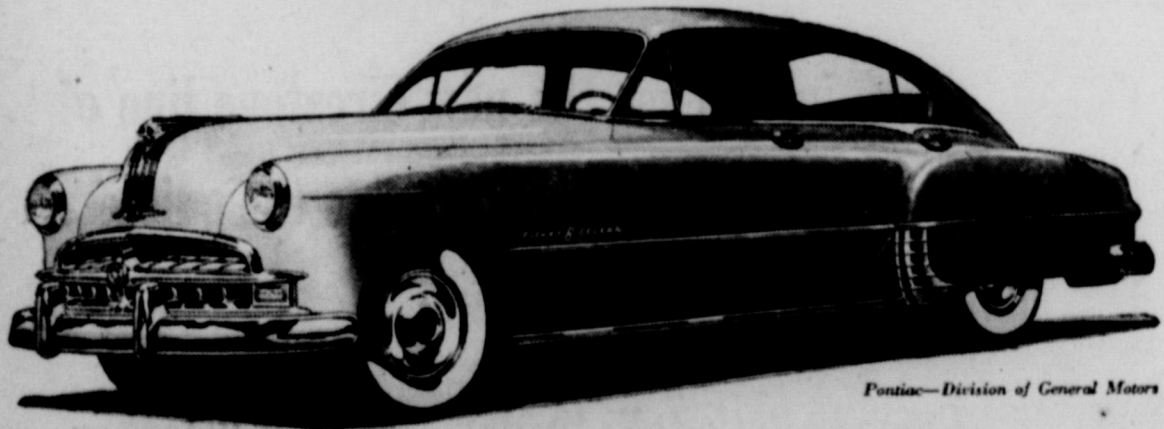

From where I sit, Harry's a lot more "civilized" than the people who make fun of him. He's contented, lives the way he believes is right without harming anyone—and what's more, he's tolerant of others whose tastes in living are different from his.

Maybe we all don't look the same, or act the same, or eat or drink the same, but in a free country, why should we?

The New 49 PONTIAC

Pontiac—Division of General Motors

The Most Beautiful Thing on Wheels!

We are, of course, very proud and happy that people everywhere are calling the new Pontiac "the most beautiful thing on wheels." Pontiac is a brilliantly beautiful automobile—as handsome a car as ever rolled over America's streets and highways.

But Pontiac's real beauty cannot be fully appreciated until you drive the car yourself. For the new Pontiac is beautifully engineered, too—to give you a completely different kind of automobile performance that simply must be experienced in order to be believed.

Pontiac for 1949 offers a totally new kind of ride—a ride as smooth and effortless and comfortable as a car can be. And either of Pontiac's famous engines, six- or eight-cylinder, is a sweetheart for power. Remember, too, Pontiac is the lowest-priced car in the world offering the ease of Hydra-Matic Drive. Available on all models at extra cost.

Take a long look at the next new Pontiac you see—then come in and give the car a really thorough examination. That's the way really to appreciate why people are calling Pontiac "the most beautiful thing on wheels."

Federal Bait Available For Grasshoppers

There's an imaginary line splitting the state almost in half vertically. It is the line of grasshopper control.

At the north end, this line starts with Clay county on the Red River. It stops with Tascosa county on the south. Dr. H. G. Johnston, head of the Texas A & M College department of entomology and state leader in grasshopper control, explains the reason for the line. All counties east of this line have been recommended to use the sprays and dusts of toxaphene or chlordane. And all counties west of this line will have federal bait material available to them.

Here's the reason for having the line. East of it, there is quite a bit of luxuriant growth of grasses and weeds—in the field margins, along the fence rows, ditch banks, pastures, or waste

FARM NEWS

PROGRAM
from the County Agricultural Conservation Committee

All One Program. "Price supports, production adjustments, when they are needed, and conservation are all part of one program," said Alvin V. McCormack, Director of the Agricultural Conservation Program Branch, Production and Marketing Administration, at recent meetings of committeemen. "One of the greatest values of the farm program is its flexibility—it can be used to help farmers

make needed adjustments to fit the requirements of the country for farm products. We have just been through a period of upward adjustments. Farmers shifted during the war to crops badly needed—now it may be necessary to shift some of the land from these crops to other uses." Price supports are helping farmers to make these shifts, but Mr. McCormack pointed out that prices should only be supported for the quantities of farm

New Machine Eases Farm Gardening Chores; Provides Mobile Power Unit

The kitchen garden, long the chore of housewives and youngsters, will be tended a lot easier as well as more economically on many a farm this year thanks to a new, low-priced, all-purpose rotary tillage power gardener now on the market.

Plowing with tractor or horses? A thing of the past for these farm gardens. With this new machine a housewife or youngster can prepare a full acre of good fallow ground ready for seed in eight hours.

And the whole household is saved hours of back-breaking

hand cultivating, too. In fact, a full two acres of ground can be cultivated without fatigue in an eight hour day.

For planting potatoes or bulbs, or for hilling or making irrigation ditches an attachment for turning the machine into a furrower is another time and money saver. For any of these operations the handle bars adjust up or down or side to side so that practically anyone can enjoy the fun of power gardening.

The new machine, the Model T Roto-ette (a name reminiscent of the earliest gasoline power on many farms) is manufactured by Rototiller, Inc., which introduced rotary tillage in this country some 19 years ago.

But gardening isn't the limit of the Model T's usefulness. With an

inexpensive hitch an ordinary hand lawn mower can be turned into a power mower in a few minutes time. It can also be converted quickly into a field mower with a sickle bar cutter on the side like on large tractor mowers. Or it can be converted to a power log saw for cutting logs up to 14 inches. And when winter comes there is a snow plow attachment for clearing drives and sidewalks.

The new machine is also an economical and mobile power unit for spraying, dusting, pumping water and other uses.

Best of all, the Model T is not high priced. It can be bought for about the same price and on the same terms as a farm-sized mechanical refrigerator or electric stove. Operating costs are said to be about the same too.

stored safely for extended periods.

Eligible wheat will be wheat produced in the continental U. S. in 1949, grading U. S. No. 3 or better, or grading U. S. No. 4 or 5 solely on the factor of test weight. Vance pointed out that the price support program looks out for the interests of consumers as well as of producers, since it is designed to provide adequate supplies of wheat and to establish a farm floor price. Loans will make funds immediately available to producers who are not in need of immediate cash that they may sell their wheat at the price support level at a later date.

Wheat price support programs have been operated by the Department of Agriculture for the past 11 years and have covered, through loans and purchase agreements, a total of more than 2 billion bushels of wheat. The highest amount of wheat ever placed under loan was around 408 million bushels in 1942. In 1948, approximately 261 million bushels of wheat were placed under loan and 113 million bushels under purchase agreements, a total of 364 million bushels.

LOCALS

Mr. and Mrs. Felton Raynes were visitors in Fort Worth last Thursday and Friday.

James Dyke attended the Texas Library Convention in Abilene last Friday and Saturday.

Mr. and Mrs. Elmer Dickerson spent last week end in Brownfield visiting Mr. and Mrs. Lawrence Dunn.

products actually needed. Price supports without production adjustments to fit demand could result in burdensome surpluses.

Acreage allotments and marketing quotas, when needed, can be used by farmers to keep from producing more than is required.

Many people believe that when acreage allotments are used farmers should plant within all of them to be eligible for price support. For a farmer to shift from one crop to another which is in plentiful supply, could result in over-production which would hurt the other farmers who usually grow that crop, build up surpluses and cost the Government too much money for price support.

This leads to the thought that the land not used for the allotment crops should, in the interest of both farmers and the Nation, be put into the production of crops in short supply and especially to conserving uses. Grass and hay which will help build up our depleted livestock numbers, as well as take care of the land are the best things for farmers to turn to.

Much land not needed for crops should be in permanent cover or trees.

In closing, Mr. McCormack stresses the relation of conservation to the adjustment programs and pointed out the opportunity farmers now have to build up their soil, and at the same time more nearly produce in line with consumer needs.

1949 Wheat Supports To Be At 90%

Government support prices for the 1949 crop of wheat will be at 90 percent of parity, as required by law, B. F. Vance, Chairman of the State Production and Marketing Administration Committee, said today.

In general, the 1949 wheat support program will be similar to those of the past 2 years, Mr. Vance explained, except that the supports will be available a month longer—from time of harvest through January 31, 1950. Methods of support will include (1) farm-and warehouse-storage loans, (2) purchase agreements, and (3) direct purchases of wheat in Georgia and South Carolina, where wheat cannot be

REDUCES HAND HOEING

Quoting Mr. D. L. Jones, superintendent, Texas A & M Experiment Station, Lubbock: "At present, this is practically the only tool that will control weeds in the drill row before close sweep cultivation is possible."

Here are some advantages of the rotary hoe:

1. Uproots weed seedlings in the row; allows tops to dry, preventing further weed growth.
2. Works best at high tractor speeds, without damage to cotton or corn plants—up to 60 acres per day.
3. Definitely stimulates young crops.
4. Breaks soil crust, helping crops to come up.

Allis-Chalmers rotary hoes are front-mounted, where you can watch them easily without turning your head. You can keep the teeth exactly on the row, getting rid of the weeds that cause the most trouble.

See us right away about an Allis-Chalmers Rotary Hoe for your farm.

"Your FIRESTONE Dealer"

BOYCE HOUSE

Probably as old an excuse as a driver ever gave for driving fast is a distinction this commentator can lay claim to.

It was a good many years ago, when I was a reporter for the Fort Worth Star-Telegram and I was halted by a motorcycle officer who wanted to know, "Why the rush?" My reply was, "I have only 20 minutes to see a man on the way to the South Pole!"

Weird as it sounds, it was the truth. Lincoln Ellsworth, the explorer, was lost in the ice at the bottom of the world and a plane was being flown from Chicago, to enable Sir Hubert Wilkins to search for the lost man. I was on my way to the airport to in-

terview the pilot of the rescue machine.

But I can still see the goggle eyes of that officer at the incredible excuse, "I have only 20 minutes to see a man on the way to the South Pole!"

On how frail a thread fate sometimes depends.

James G. Blaine and Grover Cleveland were the opposing candidates for president. It looked as though the man of magnetism from Maine, "the plumed knight" as Bob Ingersoll had called him, was "in."

Just a few days before the election, a group of ministers called on Blaine to pledge him their support. The preacher who was to have been the spokesman had gone to Philadelphia the night before to perform a marriage ceremony and he missed the train back to New York. The delegation waited almost an hour and when he did not arrive, they selected the Rev. Samuel Burchard to speak. In his speech, he declared:

"We are Republicans and do no propose to identify ourselves with the party whose antecedents have been rum, Romanism and rebellion."

This utterance was given wide publication and antagonized enough support that Blaine lost New York State by 1,149 votes out of a total of 1,100,000 cast—and the loss of New York cost him the presidency.

Veterans' News

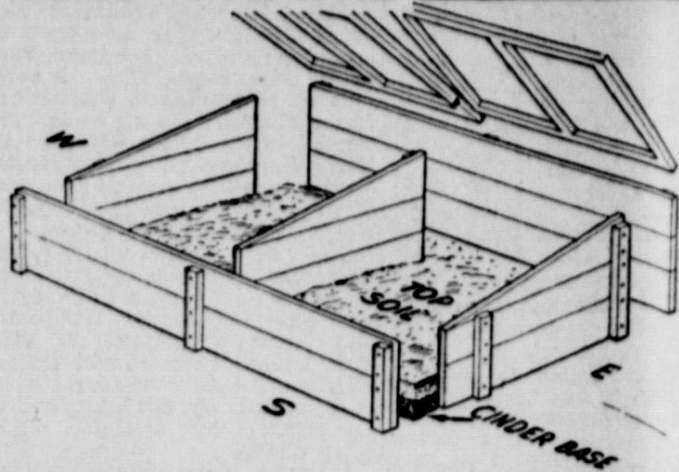

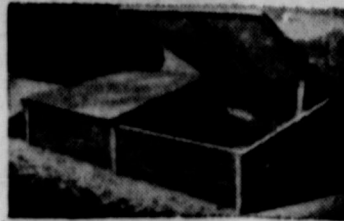

Questions and Answers
Q. Will VA pay my bill if I go to a private hospital in my home town instead of a VA hospital in a distant city?

A. Yes, but only for a service-connected disability and if you have secured prior approval from VA.

Q. My brother plans to go to school this summer for the first time under the GI Bill. I am already attending a school under the same Bill. I wish to attend the same school my brother attends this summer. Do we have to make application in advance to attend summer school?

A. Yes. Your brother should apply now for a VA certificate of

Easy to Make SEED FRAME

Anyone handy with a hammer and saw can construct this sturdy seed frame. It is made up of four sides, and a hinged top glazed with Vimlite, flexible plastic glazing. Vimlite is used because it is shatterproof, lightweight, has good insulation qualities and is easy to install. No grooving of the frame, or putting in necessary Vimlite is merely tacked in place like fly

The standard size for seed frames is 3 feet x 6 feet. To protect it against rot and decay, the lumber used should be treated with Dow's pentachlorophenol. This chemical and Vimlite can be obtained at hardware, lumber and building supply stores.

Assemble the four sides, center partition, and top frames according to the sketch. For permanent construction it is advisable to use gal-

vanized screws instead of nails.

The seed frame is set in place on the ground with the high side to the north, and the top sash slanted toward the sun. The inside should be filled with 3 inches of cinders or gravel and then a layer of top soil. This insulates against cold, and improves drainage. When the seed frame has served its purpose each season, it should be removed and stored until it is time to use it again.

- Lumber List**
- Sides: 9 pcs. 1" x 6" x 6 ft.
15 lineal ft. 1" x 2"
- Sash: 30 lineal ft. 1" x 2"
4 hinges, 1 1/2" x 1 1/2"
2 yds. VIMLITE, 36" wide
Reg. U.S. Pat. Off.

eligibility; and, if you intend to continue your education this summer in a different school, you should apply as soon as possible for a supplemental certificate of eligibility.

Q. I am a disabled veteran and would like to know on what basis compensation for service-connected disability is granted?

A. The disability must result from disease or injury incurred in or aggravated by active military or naval service, in line of duty.

Q. What interest rate are lenders permitted to charge on business loans?

A. In most cases, 4 percent is the maximum. However, the interest rate may be slightly higher for certain types of insured business loans.

Weekly Health LETTER

of Texas
Issued by Dr. Geo. W. Cox
M. D., State Health Officer

AUSTIN—The month of April usually brings the first days of near-summer weather to Texas, and literally thousands of Tex-

ans commence to make serious and detailed plans for their annual vacation which is of great importance to the health and well being of every man and child.

A vacation can relax nervous tension, bring renewed vigor, and usually supply an opportunity for more sunlight and outdoor activities than is customary for office workers and those of sedentary occupations. But traveling to vacation spots for the purpose of "roughing it" can also bring a serious health menace in the form of typhoid germs from impure water supplies, and for this reason, Dr. Geo. W. Cox, State Health Officer, advises all persons contemplating such a vacation to first be inoculated against typhoid.

"Persons planning a vacation where sanitation standards may not be carefully observed, should protect their health by typhoid inoculation, and thus avoid the risk of serious illness from this debilitating and sometimes fatal disease", Dr. Cox said. "An individual not previously rendered immune, can establish immunity by having one typhoid vaccine injection administered each week

for three weeks; if he has kept his immunity from a previous inoculation, one 'booster' shot each year will keep him protected from typhoid."

Dr. Cox warned that impure water is not the only means of spreading typhoid, and cautioned against the careless exposure of food and milk to flies, roaches, rodents, and other germ-spreading pests.

Mr. and Mrs. E. W. Harrell spent the first of this week in Dallas, where they attended the annual furniture exhibit.

Mr. and Mrs. A. H. Mitchell spent the week end in Denton,

visiting their daughter, Patsy, who is a student in NTSTC.

Kelton Tidwell, who is stationed at Camp Hood, was here one day last week visiting with relatives and friends.

Visitors in the home of Sam Salem and Joe Choucair last Sunday were Mrs. B. Hassen and daughter of Hamlin and Mr. and Mrs. S. Hassen and daughter of Haskell and Mr. and Mrs. Frank Silman and daughter of Rochester.

Delbert Montgomery of Camp Hood, Texas, visited with home-folks the past week end.

THIS IS AMERICA

This is freedom—many religions, many races, living in harmony together. For freedom is more than a way of life. It is a state of spirit—and our richest asset.

Under freedom of religion, Americans attend more churches than any other nation. Under freedom of speech, we have more newspapers, more radio stations than any other country in the world. Under freedom of opportunity, our children attend more schools, have more chances to succeed in life.

We are only 7% of the world's people, living on 6% of the world's land. Yet, we

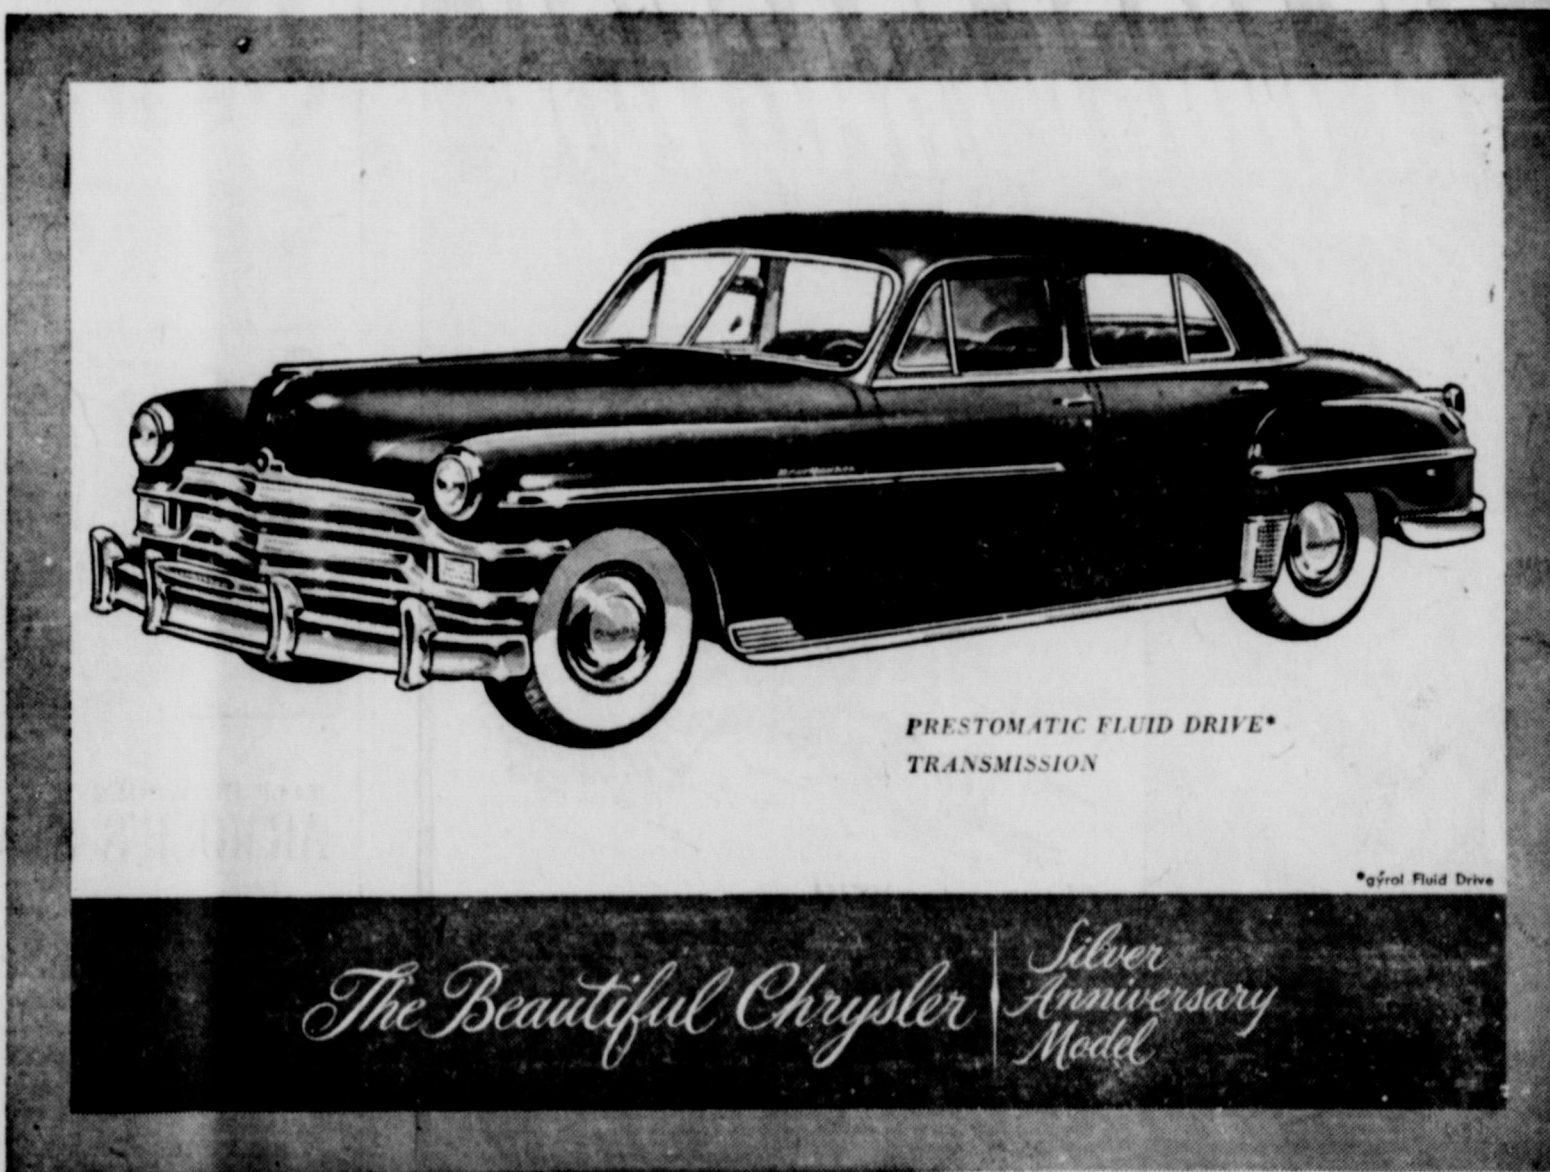

who live in America have the highest standard of living the world has ever known.

Under freedom of enterprise—you may call it Democracy, or Capitalism—we make just about one-third of the world's goods, mostly for our own use. We drive three-fourths of the world's autos, use about half the world's electricity. Our homes are unrivaled for comfort and labor-saving devices. We eat more meat, buy more clothes, see more shows, own more insurance. We even save more money.

Yes, freedom pays—in the coin of tolerance and understanding, and in the coin of progress and prosperity.

champions, \$7.50; first place barrow or gilt, \$5; second, \$4; third, \$3, and fourth, \$2.

Dairy heifer and baby beef will receive \$50 and a \$25 savings bond; reserve champion, \$25 and a \$25 bond. Another bond will be awarded the boy who has done the best feeding job as shown by the greatest average daily gain. Bonds are being awarded by Western Cottonoil Company.

Calves when placed into market grades will be awarded \$10.00 each for prime or choice; \$7.50 for good; \$5 for medium. Each boy who has fed a calf and shows him will be awarded \$20.

A large crowd is expected here for the show.

Mr. and Mrs. Sidney Winchester were visitors in Abilene last Tuesday.

Club Scouters To Hold Pow-Wow At Wichita Falls

A Cub Scout Pow-Wow for Cub Scout leaders will be held at the high school in Wichita Falls on Sunday, April 24. The meeting will be from 1:30 to 7 p. m.

Every man and woman interested in Cub Scouting is invited to attend. This is the only date on which officials could secure the services of Jerald Speedy, of New York City, assistant national director in Cub Scouting, and M. M. Ammerman of Dallas, who is in charge of Cub Scouting in Texas, Oklahoma and New Mexico.

A program of interest to all leaders is being planned for that date, concluding with a dinner in the evening.

FIVE POLIO PRECAUTIONS ARE LISTED FOR PARENTS

Warning that the 1949 polio season is "just around the corner," the National Foundation for Infantile Paralysis today issued a list of precautionary measures to be observed by those in charge of children during the epidemic danger period which usually runs from May through October, reaching its peak during the hot, mid-summer months. The five easy-to-follow health rules for children are:

1. Avoid crowds and places where close contact with other persons is likely.
2. Avoid over-fatigue caused by too active play or exercise, or irregular hours.
3. Avoid swimming in polluted water. Use only beaches or public pools declared safe by local health authorities.
4. Avoid sudden chilling. Remove wet shoes and clothing at once and keep extra blankets and heavier clothing handy for sudden weather changes.
5. Observe the golden rule of personal cleanliness. Keep food

tightly covered and safe from flies or other insects. Garbage should be tightly covered and, if other disposal facilities are lacking, it should be buried or burned.

The National Foundation also listed the following symptoms of infantile paralysis: headache, nausea or upset stomach, muscle soreness or stiffness, and unexplained fever. Should polio strike in your family, call a doctor immediately. Early diagnosis and prompt treatment by qualified medical personnel often prevent serious crippling, the National Foundation pointed out.

The organization emphasized that fear and anxiety should be held to a minimum. A calm, confident attitude is conducive to health and recovery. Parents, it said, should remember that of all those stricken, 50 per cent or more recover completely, while another 25 per cent are left with only slight after effects. If polio is actually diagnosed, contact the chapter of the National Foundation for Infantile Paralysis serving your community. The chapter will pay that part of the cost of care and treatment which patient or family cannot meet.

Miss Lola Jones of this city. Mrs. Jones is now in Midland welcoming her granddaughter.

HAROLD P. GREEN RECEIVED PROMOTION

Mr. and Mrs. Carl Green have received word that their son, Harold P. Green, was recently promoted to C. S. Third Class in the U. S. Navy.

Green is serving aboard the U. S. S. Spangler and is stationed at Pearl Harbor at this time.

BIRTH ANNOUNCEMENT

Mr. and Mrs. E. G. Ivy of Munday are announcing the arrival of a son, who was born on Wednesday morning, April 13th, at the Knox County Hospital. Johnny Glen is the name given the little boy that weighed six pounds and seven ounces. Mother and little son are doing nicely.

gram under way for our youth.

The C. D. A. annual banquet is progressing in its plans. Tickets are on sale now, the program is about complete so as to give you eats, music, entertainment—and Boyce House.

Plans are to have a big crowd at the banquet. In fact, 500 tickets were printed, so if you haven't gotten yours see Paul Pendleton, J. K. Jackson, Charles Baker, J. L. Stodghill, Mrs. McCauley, or a half-dozen others who are peddling them.

The banquet is Thursday evening, April 21, in case you didn't know.
