

Kracker KrumbS Odd Bits Salvaged At Random

They came across the street in a sort of dog trot.

Their shirts were unbuttoned, the early morning breeze blew the shirt fronts back, exposing bare chests and midriffs.

Their faces were painted in deep red splotches and they resembled a half-dozen Indians just about ready to go into their tribal war dance.

As they trotted along, they seemed to be happy, yet not altogether satisfied with their present situations in life.

Others looked on, as we did, somewhat puzzled at such a gaudy display, wondering what it was all about, and perhaps, wondering too, what the present generation was coming to.

After a quiet, peaceful summer, the Labor Day holiday—which most of us here didn't observe—being over, now what sort of celebration was Munday preparing for with its youngsters all painted up and clothes half hanging on?

Other youngsters were looking on, interested, too, but with a different type of interest. Their interest seemed to take on a more authoritative and commanding side of the situation.

The "Authority" group were in an automobile, and as the "dog trotters" neared the post office, one of the boys in the car commanded: "Sit down in the gutter!"

Down went the half-dozen, not on the curb, but sitting right smack in the gutter. Bet some parents marveled at the prompt obedience of these boys!

A person on his way to the post office wedged his way through the group of gutter-sitters. Then came this command:

"When someone wants to get by, get up and let him pass. Don't just sit there!"

Soon the gutter sitters arose, bowed gracefully to a group of men sitting in front of the post office, and resumed their dog trot down the sidewalk on the south side of the city hall lawn.

Those in the car moved on, overtaking the other group at the corner of the next block.

Later, we saw the same group pushing the automobile in which the others were riding. The boys were conserving gasoline, but good.

We picked up news of beltings, too. Someone would apply the leather as the well-painted boys trotted down the sidewalk in a stooped position.

Sometimes the applications of leather would get too hot for the stooped boy, and he would involuntarily raise up for relief.

These and other activities continued through the day—or was it the week?

It all was a part of the student celebration of the opening of school.

The commanding group were the upperclassmen who were getting their sweet revenge for the memorial day when they first entered high school.

The other group were the freshmen, or fish, who were entering high school for the first time.

It might be called hazing, we don't know, but surely it was a group of boys having fun.

Don't know why boys didn't think of that when we were in high school. We sort of regarded "hazing" as a college activity.

It got so popular in college that we guess the high schools just sorta took it up. It gained such momentum in college that it presented quite a problem in some schools in recent years.

But the hazing activities did
(Continued on Last Page)

To Tell About Fat Stock Show

Boyce House, newspaper columnist, after-dinner speaker and author of "I Give You Texas" and other books, has entered on his new duties as director of publicity for the Southwestern Exposition and Fat Stock Show, which will be held in Fort Worth January 27-February 5.

Last Rites For John P. Mills Are Held On Sunday

Funeral services for John P. Mills, retired farmer and resident of Munday for some time, were held at three o'clock last Sunday afternoon from the Gillespie Baptist Church, with Rev. Hardy L. Bingham, pastor, conducting the services.

Burial was in the Gillespie cemetery, with the Mahan Funeral Home in charge of arrangements.

Mr. Mills passed away at the Knox County Hospital on Friday September 2. He has been taken to the hospital several days earlier for treatment for pneumonia.

Born in Georgia on November 13, 1876, Mr. Mills was 81 years, 9 months and 19 days of age.

Surviving him are his wife, Mrs. Mary Mills of Munday; a brother, Tommie Mills of Cleveland, Ark., and several nephews and nieces, among whom is Henry Russell of Munday.

CLIFFORD RHOADS BACK AT TEXACO SERVICE

Clifford Rhoads announced this week that he is back at the Texaco Service Station and ready to give his best in service to motorists of this area.

Rhoads took over the station last Friday. He invites all his friends and former customers to drop by and visit him.

ROYAL ARCH CHAPTER TO MEET ON TUESDAY

Officers of Knox Chapter No. 260, R. A. M., have announced the regular chapter meeting for Tuesday night of next week.

Work will be done in the Mark Master's and Past Master's degrees, and all Royal Arch Masons are urged to attend this meeting.

Be careful. Obey state and local traffic rules.

Munday Wins Opener 45 To 0 Over Rochester

The Munday Moguls opened the football season in grand style last Friday night as they unveiled an effective running and passing attack to win 45 to 0 over the visiting Rochester Steers.

Many fans at the game recalled that the locals scored more points in the opening game this year than they did in all the games of last season.

The crowd took the local officials by surprise, as they gathered to fill the stands for the first game of the season for this area. They watched the Moguls get off to a good start for their new coach, David (Moon) Green, former Hardin College football star.

The first quarter was scoreless, but the Moguls started their scoring spree on the first play of the second quarter and held a 13-0 lead at half time. As the visitors seemed to weaken, the Moguls kept going strong to trample them for four touchdowns in the last period.

The play of Bob Laurance and Bob and Scottie Ponder was almost sensational for the Moguls, with these three running up the large score.

Laurance rammed over from the one-yard line for the first counter. The play had been set up by five straight first downs in the first period to move the ball from Munday's 8 to the Rochester 1 yard line.

Rochester failed to gain after the kickoff, and the locals took possession on the Rochester 38, and headed for another score. Laurance tossed a 20-yard pass to Herbert Ford, who ran 20 more to the 20. Ponder picked up 4 yards, Laurance 6, and then Laurance went over for the half-time score of 13-0.

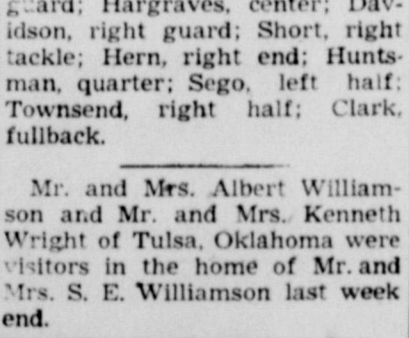

In the fourth quarter the locals recovered a Rochester fumble on the 48. Laurance passed to Johnson on the 35, and he ran down to the 5 before he was stopped. Ponder then rammed over right guard to cross the tally mark.

Then the scoring seemed to come easy. Dan Ponder went over from the 10 for a touchdown. Bob Laurance passed to Scottie Ponder, who ran 51 yards to the 2, to set up another score which Laurance made. A 21-yard pass from Scottie Ponder to Bob Laurance, who ran 20 more, accounted for the final tally.

The line-ups were: Munday—Ford, left end; Laurance, left tackle; Howeth, left guard; J. Stevens, center; G. Stevens, right guard; D. Johnson, right tackle; Tidwell, right end; Johnson, quarter; D. Ponder, left half; Laurance, right half; Scottie Ponder, fullback. Rochester—Campbell, left end; Corley, left tackle; Smith, left guard; Hargraves, center; Davidson, right guard; Short, right tackle; Hern, right end; Huntsman, quarter; Sego, left half; Townsend, right half; Clark, fullback.

Mr. and Mrs. Albert Williamson and Mr. and Mrs. Kenneth Wright of Tulsa, Oklahoma were visitors in the home of Mr. and Mrs. S. E. Williamson last week end.

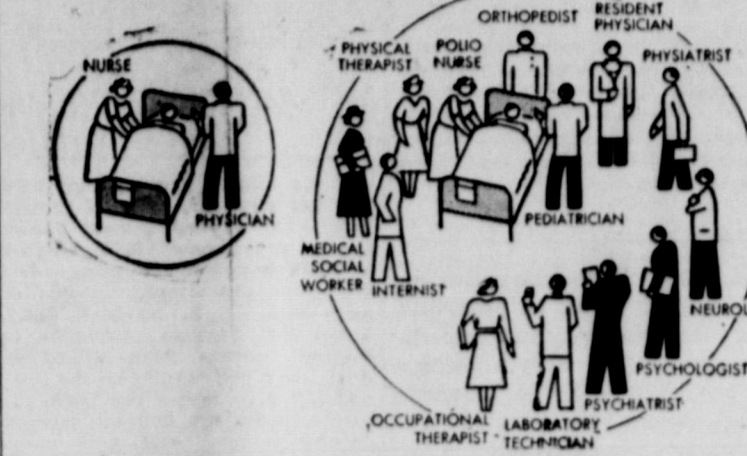

Our Citizens Of Tomorrow

This group of our citizens of the future are, left to right, top row: Mary Rosann, daughter of Mr. and Mrs. John Earl Nelson; Munday; daughter of Mr. and Mrs. E. F. Howry, Seymour; Joyce, daughter of Mr. and Mrs.

Jack Franklin, Munday. Bottom row: Joan, daughter of Mr. and Mrs. Elmer Cude, Munday; Diana, daughter of Mr. and Mrs. Bill Gaither, Munday; Donnie, daughter of Mr. and Mrs. Charles Haynie, Jr., Mupday.

GROWTH OF POLIO CARE TEAM

Medical care for polio patients is costing the National Foundation for Infantile Paralysis more money than ever before—because better treatment is available today than formerly, as the accompanying chart reveals. Until 1938 when the National Foundation was formed, a physician and a nurse usually comprised the best available care. Today, modern polio treatment may include 13 specialized services, provided by an entire TEAM of professional workers. This expanded care has cost National Foundation Chapters millions in March of Dimes funds. More money is needed immediately to continue these services. Support the POLIO EPIDEMIC EMERGENCY DRIVE to help care for today's polio patients. Send your contribution now to POLIO, care of your local Post Office.

Uncle Happy Hathaway Celebrates His 93rd Birthday On Last Sunday

Dr. W. M. Taylor Is First Again!

George Washington was first in war, first in peace and first in the hearts of his countrymen.

Goree has a citizen who has all these qualities and with several in addition.

He is not only one of its first citizens, but he has been first at the bedside when many people of Knox county entered this world, and was at their bedside to assist loved ones when many citizens passed from this world.

He has been impressed with the phrase, "Cotton clothes the living and shrouds the dead", and he has been one of the first to show the community how to produce more and better cotton on fewer acres. He has done this with crop rotation, soil building practices and fertilization.

As an outstanding first citizen, physician and farmer, he was the first to bring a bale of 1949 cotton to the gin in Goree.

He is Dr. W. M. Taylor, who is beloved not only in his own community of Goree, but over a wide area for his many years of service to humanity.

Roy Theatre Opens Friday For The Fall

P. V. Williams, owner of the Roxy and Roy Theatres in Munday, announced this week the opening of the Roy Theatre for the fall season.

The theatre will open Friday with the showing of "Swamp Water", billed for Friday and Saturday. Then on Sunday and Monday the picture, "The Paleface", starring Bob Hope and Jane Russell will be featured.

Mr. Williams stated that the first Spanish picture will be shown on Saturday and Sunday of next week.

Spanish pictures will be featured on these two days during the fall, with American pictures being shown during the remainder of the week.

TO AUNT'S FUNERAL

Mrs. Carl Howry of Goree was called to Crowell the first of this week to the funeral of an aunt, Mrs. Felix Jones, who died suddenly. Mr. Howry and Mrs. G. A. Howry took her. She is visiting friends in Crowell while there.

"PAPA" HAYMES NOW HAS A GRANDSON

It's a boy—this newest grandchild of "Papa" Lee Haymes, post master at the Munday post office. He's the first boy among the Haymes grandchildren.

The parents are Mr. and Mrs. Donald Jolly of Hillsboro, and the boy arrived at 11:30 a. m. Saturday, September 3, weighing six and one-half pounds. His mother is the former Helen Haymes. The boy has been named David Allen.

Mr. and Mrs. Dale Williams and Keith Williams of Plainview spent the past week end in Munday visiting with friends and relatives.

Texas Holiday Death Toll Is 26 Persons

At least 26 persons died violent deaths in Texas during the three-day Labor Day holiday period, according to reports from the Associated Press. Many others were injured.

Fortunately Knox county escaped the shadow of death from accidents during this period.

Seventeen Texans died in traffic accidents, two in plane crashes, three by drowning, and one each by train, gunfire, stabbing and electrocution.

The worst accident occurred at midnight Monday when four persons were killed in an automobile collision eight miles from Houston on the Beaumont highway.

United Press survey showed 513 persons died violent deaths over the week end for the worst Labor Day toll on record. Traffic accidents claimed 383 lives.

Dorsey Looney Is Now Employed By Local Theatre

Announcement was made this week that Dorsey Looney, formerly of Haskell, has accepted a position with the Roxy and Roy Theatres in Munday. He will assist P. V. Williams, owner, in the operation of the two show houses.

Mr. Looney has been in the show business for some 20 years and is experienced in this type of work. He has been connected with the Leon Theatres for a number of years and has been with the Haskell theatres since the war. Mr. Looney plans to move his family to Munday as soon as he obtains a place of residence.

Mr. Williams invites patrons of Munday's theatres to meet Mr. Looney, and assures them that he is anxious to meet the public and render every type of service possible.

Moguls To Play Crowell Friday

Following a successful opener against Rochester last Friday night, Coach "Moon" Green and his Moguls will journey to Crowell on Friday night of this week for a non-conference struggle.

The Moguls have been going through daily workouts this week, ironing out the rough spots which showed up in their initial game, and they're expected to be in better form for the Crowell game.

Crowell's team will likely be a strong one this year, and the battle promises to be an interesting one. Many local fans are expected to accompany the local boys to Crowell.

More Moisture Arrives, Stops Cotton Harvest

The cotton harvest, which had begun to gain considerable headway in Knox county, was halted this week by rains which started in at about 4:30 o'clock Thursday morning and continued on through the morning.

The moisture is welcomed by wheat farmers, however, it gives them plenty of moisture for the sowing of wheat and other grains.

Cotton has been coming in more rapidly during the past week, and it was estimated the harvest would be getting well under way by September 30.

Ray Holcomb, manager of the Trade's Compress, in Munday, reported that the compress had received a total of 136 bales of cotton from this area up to Wednesday night, with more due to come in Thursday morning.

H. P. Hill, U. S. weather observer, reported that 1.28 inches fell in Munday during Thursday morning.

Mr. and Mrs. Emmett Partridge, Patricia and Donna Partridge and Mrs. Alice Partridge spent last week in Burnett, visiting on the ranch of Mr. and Mrs. W. H. Everett.

P.-T. A. To Hold Open House On Monday Night

New School Building Program Will Be Presented

Presentation of the newly completed school building program to the public will be the highlight of an open house given by the Munday Parent-Teacher Association Monday, Sept. 12, from 8 to 10 p. m. at the high school.

The general public is cordially invited to inspect the completely renovated high school and its new west wing at this time. Among those in the receiving line to present the new faculty members will be W. C. Cox, superintendent; J. E. Reeves, school board chairman; E. L. Goolsby, high school principal; C. C. Brown, grade school principal; Mrs. J. W. Pruitt, president of the P.-T. A.; and Mrs. W. T. Sharp, P.-T. A. vice-president.

The expansive building program, accomplished at a cost of approximately \$110,000, has features that all citizens must see to appreciate fully. In the remodeled high school proper, modernization includes reflowing, complete wiring, and new electrical fixtures, new plumbing and central steam heating systems, weather-stripped windows, and refinished walls. The library is furnished with new tables and chairs, and the science department is modernized and so equipped that it is equalled by few in this part of the country.

The new wing of the building houses the home economics and vocational agriculture departments with modern facilities and equipment, an additional classroom and rest rooms. School grounds have been filled in with numerous truckloads of dirt and leveled.

A primary objective of the project was the new lunch room with a seating capacity of two hundred persons, located in the grade school building.

Altogether it has been estimated that the accomplishments of this building program under single contract and with all new materials would cost around \$250,000. However, proper utilization of materials salvaged or sold from the recently razed old buildings, savings effected by individual contributions of time and effort, and the careful deliberations of school authorities and board members have made it possible at less than one-half cost.

Social arrangements for the evening will be made by P.-T. A. hospitality committee composed of Mrs. Joe Duke, chairman, Mrs. Don L. Ratliff, Mrs. John Phillips, Mrs. Gene Harrell, Mrs. E. B. Littlefield. Refreshments will be served by homemaking students under the direction of Miss Eugenia Robertson, home economics teacher.

A group composed of representatives from the school board, grade and high school faculties, and parents will serve as special hosts and hostesses to escort the public through the building. Those in this group include James H. Bardwell, Gene Harrell, Mrs. R. B. Bowden, Mrs. Jerry Kane, Mrs. J. B. Scott, Mrs. Lonnie Offutt, and Mrs. Maurys Blacklock.

Marine Sergeant Here September 13 For Enlistments

Marine Sergeant Albert Tidwell of the Marine Corps Recruiting Office, Wichita Falls, Texas, announced that he will be in Munday at the Post Office from 1:00 to 1:30 P. M. on the 13th to take applications for enlistments in the United States Marine Corps.

The second Tuesday of the month is his regular day for this territory.

Anyone desiring information concerning the Marines should be there to meet the sergeant and ask the questions they have.

Any man between the ages of 17 and 29 are eligible for enlistment if they have no dependents. Young women between the ages of 20 and 31 are also eligible for enlistment in the Regular Marine Corps if they do not have dependents and if they have a high school education.

The Munday Times

Published Every Thursday at Munday
Aaron Edgar and Grady Roberts . . . Owners
Aaron Edgar . . . Editor and Publisher
Entered as second class matter January 4, 1919, at the postoffice in Munday, Texas, under Act of Congress, March 2, 1879.

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially, character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

LOCAL NEEDS FOR 1949

We're pulling for these needs in 1949. What will the year bring?

1. A modern street sweeper. Our paving cost us money, let's protect it!
2. Paving of road through Rhineland, and definite progress on Throckmorton road.
3. Completion of our drainage system. It's gonna rain one of these days.
4. An adequate waterworks system. This is a must for the continued growth of Munday.
5. Building of more housing projects. There continues to be a housing shortage.
6. Recreational facilities for our youth of today—our citizens of tomorrow.

SHOW WINDOW IN AMERICA

When refugees from Europe reach New York, pass quarantine, and are finally given the freedom of this country, one of their first acts, as a rule, is to walk around the streets of the metropolis and look in the store windows. Most of them are amazed to the point of speechlessness. Never in their lives have they seen such abundance. It is beyond belief that anyone can walk into a store and buy a refrigerator, an outfit of clothes, an automobile, a load of groceries, or anything else he wants, and in any quantity he wants.

Then, when they move on across the continent, they find, incredible as it seems, that this abundance is everywhere. In New York the stores are bigger, and there are more of them, to serve the needs of millions. But in the small towns attractive stores offer the same kind of goods, and at about the same prices. All of them are doing their best to attract the buyer and gain his good will.

The retail store is the show window of America. In the industrial areas vast factories, employing legions of well-paid workers, produce what we need and desire. Mass production is an American miracle. Then, too, to make the cycle complete, mass distribution brings the flood of goods to our home. These two inseparable forces are the rocks on which our living standards are based.

THE WOMAN-JUROR AMENDMENT

The proposed constitutional amendment admitting women to jury service is being viewed doubtfully by many Texans. There are some who just simply don't like the idea. There are some who wonder whether court houses are equipped to accommodate women jurors overnight, as would be required under existing law, in criminal cases.

There is nothing in the state constitution now that requires criminal trial juries to be kept to-

gether overnight and Texas could follow the example of a number of other states in removing such a requirement. But the weight of tradition in Texas is heavily against such a change in the law. In all probability, the legislature's first move, if the amendment was adopted, will be to prescribe that women jurors be eligible for civil cases only, so that the cost and embarrassment of the overnight rule can be obviated.

As for the women voters, some will support the amendment because it is in keeping with the idea of political equality for their sex. Some others, we expect, will vote against it because they are aware that it is a bothersome business, often attended by inconvenience. Such women voters will not be impressed by the symbolism of it.

Texans will have to choose between the belief that it would be a good thing for the jury system and the realization that it would be a bad thing for Texas women.

OF NO AVAIL

"Our whole way of life—not only our formal Constitution but also the entire fabric of society—is based on the assumption that the average individual is competent to direct his own activities. In the memorable words of James Madison, we rest all our political experiments on the capacity of mankind for self-government."

"But the capacity for self-government is of no avail when the state encroaches ever more aggressively upon the sphere of individual activities. And people will not even condemn the developing encroachment of the state unless they continuously have reason to realize that government officials are as prone as anybody else to make mistakes, and that the mistakes officials make are disastrous in exact proportion to the power in their hands."—Felix Morley, in Nation's Business.

HOW ABOUT THE OWNERS?

In recent years a great deal has said in print and over the air about the welfare of workers. Most of the time it has sounded as if there were a lot of workers and not many owners.

The 1948 annual report of a representative oil company certainly shows a different picture. Last year it employed 6,310 men and women. At the same time it had 33,157 stockholders, or five stockholders for every employee.

America is developing mass ownership, just as it developed mass production and mass distribution. Millions of thrifty people have saved their money and invested it to make American business grow and so create jobs.

Wall Street is so named because it follows the line of the palisaded wall or stockade built in 1652 across the southern end of Manhattan Island.

Uncle Sam Says

JOIN TODAY FOR SECURITY TOMORROW
PAYROLL SAVINGS

If it's money worries that make you act peculiar, like on the day before pay day when your pockets are empty, here's YOUR OPPORTUNITY to get on the sunny side of life. Save the simple, trouble-free way—with U. S. Savings Bonds. Automatic savings through the Payroll Savings Plan where you work, or, if self-employed, the Bond-a-Month Plan where you bank, is a sure cure for the between pay day "beebees." And—your money GROWS—\$4 for every \$3 you invest, in ten short years.

History is just about the dullest reading there is. And yet it should be the most interesting because it tells of soldiers and pioneers, of scouts and Indians, of floods and forest fires and wild animals—in short, history deals with men who dared and achieved.

The reason that history is such slow and burdensome reading to most of us is that the historians have never dared or achieved—they are "scholars" living in an unreal world. They can not make the past live because they have never lived themselves.

To prove that there is plenty of romance in actual history, consider J. M. Rodriguez. A typewritten copy of his memoirs is in the San Antonio Public Library and his recollections were of great help to me in writing "City of Flaming Adventure."

Rodriguez, as a lad, saw William B. Travis numerous times because the Rodriguez home was the first house Travis came to after crossing the river from the Alamo. From the roof of a ranch house, the lad listened to the sound of battle and saw the flash of guns in the final charge on the Alamo.

From his father, who fought under Sam Houston, Rodriguez heard accounts of happenings in connection with the battle of San Jacinto.

He saw Indians boldly kill citizens on the street of San Antonio and scalp their victims. He saw Prince Solms come riding into town, in uniform, a feather

Knox Prairie Philosopher Wants Women To Read Constitution So Men Can Use Clause 5 Percenters Use

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek, no doubt has a splendid idea this week, but he won't get to first base with it.

Dear editor:

Since I found me a place last week like I was talkin about out here where I can be in the shade all afternoon without movin regardless of where the sun is, due to the way the trees are lined up, I been spendin considerable time relaxin and enjoyin life, figurin there's not any use in everybody worryin about the crops and the state of the world, ought to hold some minds in reserve

J. A.

In case a first-class crisis comes along, and while I was restin I got to thinkin about some of those five-percenters in Washington and the method they use to avoid answerin embarrassin questions.

Say one of them has been caught practically red-handed stuffin dollar bills in his pocket and some Senator asks him whose money it was and he just says "on the advice of my counsel I decline to answer on the ground it might incriminate me," and that seems to settle the matter. Stumps the whole Senate.

Dr. J. Douglas Lovelady
CHIROPRACTOR
COLON THERAPY X-RAY
511 East Nevada

SEYMOUR, TEXAS

Well, Shut My Mouth!

NEW YORK CITY—Most of our famous explorers such as Admiral Byrd and Will Beebe belong to the Explorers' Club on W. 72nd St. Although you may not be lucky enough to bag a celebrity on a visit to the club, you will see some very fine specimens of game that celebrities have bagged. This leathery old Hippo was getting to look a little dingy until General Richard Oglesby Marsh decided to brighten him up. The famous engineer and scientific explorer who has several paragraphs devoted to him in "Who's Who" says an occasional coat of paste wax is just as effective in preserving the hides and horns of beauties like Hippo as it is in beautifying and protecting the floors and furniture of the club.

According to the newspaper I read this in, this is entirely constitutional, and what I want to know is why this constitutional safeguard ain't extended to the rest of the people? It looks now like the politicians and their close friends are goin to get all the deep freezers, ain't no chance for a farmer gettin one, but I don't see any reason why this handy constitutional safeguard too has to be reserved just for them. Why can't it be extended to every American citizen?

You take an ordinary hard-workin man. Maybe he gets tied up in an important discussion at the drug store or the cafe and don't get back home at the time he promised and his wife demands to know where he's been.

While he might have a good excuse, sometimes he gets caught off-guard a little without no ready answer and if he could fall back on the Constitution and say he refuses to answer on the ground it might incriminate him, he would at least be enjoyin some of the mental privileges of the politicians, don't make no difference if he hasn't got a shot at the deep freezers.

But the trouble with this plan, is that there ain't enough women who are familiar with the Constitution. They apparently ain't never heard of this section. A politician, caught two inches short of red-handed, can lean back in the witness chair, blow a few smoke rings, and decline to answer a pressin question, and the Constitution seems to prevail, but you come home some time at 2 a. m. and try it on your wife.

What this country needs is a campaign to familiarize the women with the Constitution. It's a great document but just ain't

enough women got enough respect for it.
Yours faithfully,
J. A.

Treat Winter Grain Seed For Smut, Blights

Planting time for winter grain crops is just around the corner and now is the time to get the seed ready. It is important to plant good seed and of the right varieties. E. A. Miller, extension agronomist of Texas A. & M. College, suggests that you check with your local county agent on the varieties that are best adapted to your particular section of the state.

If the seed you intend to plant are mixed with weed seed, they should be cleaned and then treated chemically against losses from grain smuts, seed rots and seedling blights, says Miller.

Stinking smut is the most serious wheat disease. If there are smut spores on the seed, they will germinate with the wheat seed—if conditions are favorable—and will grow up with the wheat plant. Stinking smut is hard to detect in the field, says Miller. If the infestation is severe, you may notice a foul odor and the heads will take on a darker green color. At heading time, the heads will have masses of smut spores where the kernels should be and during combining operations these smut balls break open and scatter millions of black spores over the healthy seed.

Oats and barley are often attacked by smut but here it is easily detected by the black barren stalks in the field.

An effective method of control for these smuts is to treat each bushel of seed with 1/2 ounce of new improved cersan or with a like amount of the new chemical called cersan M.

Loose smut is something else. It causes the grainless black heads that you have probably seen in your wheat field, says Miller. It cannot be controlled by chemical treatment—only by a difficult hot water treatment—and for that reason Miller says it is best to get seed from growers who do not have the disease in their fields.

The same chemical treatment can be used on oats and it will also help control the new disease called helminthosporium blight to which Victoria oat crosses including Fultex, Ranger, Rustler and Victor Grain are susceptible. One symptom of this disease is weakening of the stalks which causes lodging.

Miller says that treating grain seed is good insurance against losses in yields due to smuts and other seed borne diseases and against dockage losses when you sell. Your local county agent will be glad to supply you with additional information on seed treatment methods and he can

Motor Transports Pay Their Share In Government Costs

AUSTIN—The motor transportation industry was responsible for the expenditure of \$119,741 in Knox County in 1948 for highways, schools and other governmental functions.

"This was made possible by payment of license fees, motor fuel taxes and intangible tax," said Roy Sanderford, President of Texas Motor Transportation Association in relating a statistical study of the motor transportation industry's share of the cost of state and local government.

Sanderford stated that these figures do not include city and district ad valorem taxes, franchise taxes or unemployment insurance taxes.

Total taxes and license fees paid by motor carriers for the entire state amounted to more than \$50,000,000.

Knox County's share of the industry's contribution to government was made up of the following: county portion of registration or license fees (commercial vehicles only), \$17,568; State highway construction, \$50,162; State highway maintenance, \$26,557; county and district road debt paid, \$7,567; surplus in road bond fund distributed to county, \$6,063; per capita apportionment to schools, \$11,470; and intangible tax paid to county, \$354.

The above facts and figures prove beyond doubt that the motor transportation industry is paying its full share of the cost of government.

Miss Louise Spiegelmire left Sunday to resume her position in Arlington State College.

Mr. and Mrs. Travis Lee and children, Melissa and Jimmy, visited with relatives in Wichita Falls over the week end.

Mr. and Mrs. F. O. Gurley were visitors in Wichita Falls last Sunday.

Quality built DODGE "Job-Rated" TRUCKS

Truck owners in large numbers are switching to Dodge. There's good reason why:
Dodge "Job-Rated" trucks give you more for your money!
Don't take our word for it. Come in. Examine and compare Dodge "Job-Rated" trucks with any other make of truck.
Compare them... feature for feature... price for price... value for value.
Switch to Dodge. Save money... first to last... with trucks that fit your job... and with famous Dodge dependability and long life.
Come in... for a "good deal" and the best truck investment you've ever made.

Switch to Dodge... Save with these Features!

Engine Features

- FAMOUS DODGE L-HEAD ENGINE... "Job-Rated" for your loads. Saves gas, oil—cuts service expense.
- VALVE SEAT INSERTS... Resist wear, pitting. Reduce valve grinding; preserve performance.
- REPLACEABLE, PREFRITTED MAIN BEARINGS... precision, long-life quality. Reduce maintenance costs.
- FULL CRANKCASE VENTILATION... removes crankcase fumes and vapors. Protects engine parts.
- FULL-LENGTH CYLINDER COOLING... Uniform cooling of cylinders, prevents distortion... reduces wear.
- 4-RING ALUMINUM ALLOY PISTONS... for top performance; long bearing life; low oil consumption.
- FULL-PRESSURE LUBRICATION... positive protection of main, connecting rod and camshaft bearings and camshaft drive.

Chassis Features

- SUPER FRICTION CLUTCH... extra large frictional area. "Job-Rated" for smooth action and long life.

- RUGGED 3-, 4-, or 5-SPEED TRANSMISSION... "Job-Rated" for the load. Carbureted gears; heat-treated shafts; antifriction bearings.
- FULL FLOATING REAR AXLE—Hypoid design; banjo-type housing... "Job-Rated" for the load. Long-life... low upkeep cost.
- POWERFUL "Job-Rated" BRAKES... Cylindrical brake linings (no rivets) prolong brake life.
- CROSS-TYPE STEERING... Sharp turning angle; easier handling... amplified parking.
- SAFETY-LOCATED GAS TANKS... Outside the cab... not inside.

Cab Features

- COMFORT-MASTER CAB... acclaimed by drivers as most comfortable cab on any standard production truck.
- SAFE VISION... extra wide, high windshield—890 sq. inches. Pilot-house cabs with rear quarter windows available.
- ADJUSTABLE SEAT—Seven inches of seat adjustment.
- ALL-WEATHER VENTILATION—Combination heating and ventilating and defrosting system engineered for maximum comfort and safety.

BACK OF ATKINSON'S

Mary Sue Brookreson And Thomas P. Frizzell, III, Married At Seymour

The First Christian Church in Seymour was the scene of the elaborate double ring ceremony read Thursday evening, Sept. 1, to unite Miss Mary Sue Brookreson of Seymour and Thomas Paul Frizzell, III, of Knox City, in marriage. The bride is the daughter of Mr. and Mrs. D. J. Brookreson of Seymour, and the groom is the son of Dr. and Mrs. T. P. Frizzell of Knox City.

Rev. J. T. McKissick of Abilene, officiated in the impressive twilight ceremony and pre-nuptial music was provided by Mrs. Mable Payette, organist, John Hansen and Miss Jean Grison, soloists.

D. J. Brookreson gave his daughter in marriage. She was lovely in a gown of antique ivory pure silk Italian satin designed

in the romantic tradition with a yolk of sheer illusion draped at the shoulderline with a soft fold of the satin, log, tapered sleeves to petal points over her hands. The very tightly fitted basque bodice was fastened down the back with tiny self covered buttons. The very full gathered skirt swept into a chapel length train.

Her waist-length veil of imported lace cascaded in full, graceful tiers from a shirred bonnet of illusion which was edged with heirloom rosepoint lace. She carried a shower bouquet of white orchids and lilies of the valley.

Attending the bride was Mrs. Joe White of Santa Rosa, N. M., as matron of honor; and Misses Sue Davis of Memphis, Mickie

Smith and Mary Lou Bunkley of Seymour and Ann Harkrider of Austin, as bridesmaids.

Bridal Attendants
The bride's attendants wore identical frocks of champagne pink satin fashioned with a deep "V" neckline and roll collar, ledge sleeves and fitted bodice accented by self covered buttons. The full gathered skirt was tied with a self tie. Their headdresses were bonnet brims of the matching champagne pink satin. Each carried bouquets to harmonize with their frocks.

Ken Frizzell of Knox City was best man for his brother, Groomsman were D. J. Brookreson II, of Seymour, John Darnell of Fort Worth, William Roy Baker of Knox City, and Dan Jarvis of Azle. Henry Jean Jones of Knox City and Billy Dean Davis of Ruidosa, N. M., served as ushers.

Immediately following the wedding ceremony the bride and groom were honored at a reception held at the home of the bride's parents. An all-white bridal theme was noted in the decorative scheme used throughout the reception suite and the attractively appointed refreshment table.

Guests were greeted by the host and hostess, Mr. and Mrs. Brookreson, the bride and groom, and the groom's parents, Dr. and Mrs. Frizzell. The bride's attendants assisted in the house party as did Mrs. T. C. Wilson, Mrs. J. E. Lott, Mrs. Jeff Wilson and Mrs. J. H. Manly.

Mr. and Mrs. Frizzell left on their honeymoon trip to New Mexico and Colorado. For travel the bride chose a smart green gabardine suit with all brown accessories. The young couple will return to Fort Worth to establish residence where they are to attend Texas Christian University.

Mrs. Frizzell attended Texas University, Austin, for three years and is a member of Alpha Phi sorority. During the coming year she will be a senior in Texas Christian University at Fort Worth. Her groom attended Kemper Military School in

Booneville, Mo., before entering TCU where he is enrolled as a senior student.

Recent Bride Is Honored At Shower Held At Benjamin

Mrs. Billy Gene Spikes, nee Dorothy Campbell, was honored with a gift shower on Tuesday afternoon, August 30th, in the club room at Benjamin.

Mrs. Allie Moorhouse greeted the guests, and presented them to the honoree, her mother, Mrs. Oscar Campbell, of Odessa, Mrs. Howard Spikes, mother of the groom, Mrs. Bill Anderson, sister of the bride and Mrs. Dan George, of Wichita Falls, sister of the groom, who were in the receiving line.

Mrs. Joe Barton presided at the guest book, and registered the many guests who came during the afternoon.

The table was beautifully decorated with a lace table cloth, centered with a lovely bouquet of garden flowers. American Fostoria was used in serving the individual cakes, served by Miss Jean Galloway, and punch, served by Miss Sue Moorhouse.

Many lovely gifts for the bride were on display.

Bobby Frank Hudson furnished piano music for the occasion. Hostesses were Mrs. Frank McAuley, Jr., Mrs. Arthur Lacy, Mrs. Allie Moorhouse, Mrs. Joe Barton, Mrs. Malcom Shipman, Miss Sue Moorhouse and Miss Jean Galloway.

Brooks-Holder Annual Reunion Held Recently

Relatives and friends of the two families, Holder and Brooks, gathered at the home of Mr. and Mrs. Ben Holder eight miles north of Goree to celebrate their annual reunion on September 3-4-5. There were one hundred and sixty-seven present.

Harris, John Cure, Lewis Hutchens and family, Goree; Dave Jetton and family, Munday; Mr. and Mrs. Clyde Warren, Goree; Mr. and Mrs. Charley Railsback and Norma, Mr. and Mrs. Clarence Holder and Bobby, Alton Holder, Wichita Falls; Billie Lee Lambeth, Goree; and Curtis Ray Lambeth and Douglas Lambeth, of Goree.

Mrs. W. H. Walling Is Honored On Her Birthday Recently

On Sunday, August 28th, nine of her ten grandchildren gathered at the family home of Mr. and Mrs. W. H. Walling honoring Mrs. Walling on her birthday.

A bountiful meal was put on the tables out in the yard where forty-five people enjoyed it. Although Mrs. Walling has been sick all summer and is still in bed, she enjoyed it very much. She received many beautiful and useful gifts.

Those present were Mr. and Mrs. W. R. Walling, Wichita Falls; Mr. and Mrs. R. J. Walling

and family, Munday; Mr. and Mrs. Clyde Russell and Truitt, Hale Center; Mr. and Mrs. A. L. Ressel, Leroy and Wayne, Knox City; Mr. and Mrs. J. C. Walling and family, Wichita Falls; Mr. and Mrs. Buford Lawson and Lourene, Burkburnett; Mr. and Mrs. T. M. Sprveill, Charlene and Ronnie Lee, Munday; Mrs. J. B. Walling, Wichita Falls and Miss Frances Walling of Munday.

Mr. and Mrs. I. W. Walling and family of Stillwater, Oklahoma, were unable to be present.

Miss Maxine Hill is spending a few weeks with her parents, Mr. and Mrs. Claude Hill, between semesters. She is a sophomore at N. T. S. T. C., Denton.

Mr. and Mrs. J. C. Elliott and children returned Monday from a vacation trip to New Mexico and other points.

Hog Killing Time Is ANY OLD TIME

Now . . . you can enjoy fresh and smoked meat the year around when you use the services of our modern locker plant. No longer need you wait until cold weather before you can butcher and eat your own hogs.

We make the weather in our plant . . . the chill room is 35°, the curing room is 40°, and the locker room is kept at zero. That's why we say that right now is hog killing time.

Bring Us Your Animals . . . We'll Do the Rest

Simply rush the animal to our sanitary plant for expert handling. We'll process the meat and cure and smoke the hams, bacon, and shoulders just the way you like them. Your locker will be filled with tempting roast, steaks, chops, and sausage ready for cooking.

LOOPHOLES in the Law

By WILL WILSON

Past President, Texas District and County Attorneys Association

By Will Wilson
District Attorney, Dallas County (Editor's Note: This is one of series of short case histories, all taken from court records, showing how legal loopholes often enable criminals to escape punishment in Texas. Will Wilson, of Dallas, is chairman of a special steering committee of the State Bar, which is working for revision of the antiquated Criminal Code and Code of Criminal Procedure in order to eliminate these loopholes.)

Fred, accompanied by a friend, was driving an automobile on a public highway. He had a collision with another car in which John and a companion were riding. John's car turned over and John was injured. Fred and his friends did not stop to offer help. Instead, they hurriedly drove away.

Fred was charged with failing to stop and render aid, an offense for which he could be sent to the penitentiary for as much as five years. The indictment against Fred alleged, in legal language, "that the said Fred, on or about the 18th day of April, 1931, was then and there the driver and the person in control of a motor vehicle, to-wit, an automobile upon a public highway, and that the said motor vehicle did then and there strike and cause injury to a person, to-wit, John . . ."
Fred was convicted.

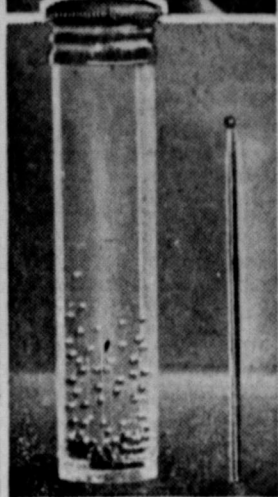

But the decision was reversed on appeal. The higher court ruled that, although trial testimony showed Fred's automobile collided with John's automobile, there was no proof that Fred's

People, Spots In The News

GRANDMAS who'd been working off and on for 38 years get B.S. degrees from Western Michigan college president Dr. Paul Sangren at Kalamazoo, Mich. Left to right: Mrs. Eloyse Leonard, Mrs. Zella Weinberg, Mrs. Viona Baker.

PRETTY BUSY and vice versa is Debbie Reynolds, 17, picked as Miss Burbank (California) and winner of a long-term movie contract. Between acting chores she's adding to her huge array of Girl Scout merit badges.

DANCING in midair in plastic vial and poisoning on needle point are tricks done by magnetized balls made by SKF for pens and instruments. They come 7,000 to the ounce, worth weight in gold.

GREAT GRANDPA Connie Mack, still spryly managing at 86, shown with three of his Philadelphia Athletics stars of yesterday: "Mule" Haas, Jimmy Foxx, Bing Miller, at Mack Day.

KITCHEN MEMO BY JEAN CLARKE

When you find you haven't any meat on hand and want to ensure the family getting enough energy food, serve a main dish of *Potato, Lima Bean and Nut Casserole* which contains plenty of protein value. Cook until tender in small amount boiling, salted water $\frac{3}{4}$ cup diced celery, Drain liquid. Add $\frac{3}{4}$ cup chopped nuts, $\frac{1}{2}$ cups mashed potatoes, 3 tbsps. fat, 1 beaten egg, 1 tsp. salt, $\frac{1}{4}$ tsp. paprika, 2 tbsps. green onion. Mix well. Add $\frac{1}{2}$ cups green lima beans. Mix together lightly. Put in greased casserole dish. Bake in gas oven at 350° F. 35 mins. Serve with tomato sauce or relish. Serves 6.

Brush the roast with a commercial gravy extract before putting into the oven to give it a crisp brown crust. The drippings make very good gravy.

If, after cooking, the broiler pan of your gas range is greasy, pour in hot water, sprinkle with detergent as soon as food is taken out. By the time the meal is over, all you'll have to do is rinse and dry it.

Simple way to polish silver: Drop it in a pan of sour milk, leave for half an hour, remove, scald and wipe. The silver will be shining bright.

Now is a very good time of year to clean out the flue of your automatic gas water heater for maximum efficiency.

To flavor picnic meat sandwiches, add grated onion to softened butter or margarine.

In no case is it more important than cancer. Periodic examinations made with cancer in mind affords the best protection against the disease. Surgery, x-ray and radium are the main weapons which are used to combat cancer.

CARD OF THANKS

We wish to express our appreciation to our many friends who gave so many useful gifts since the loss of all our belongings which was destroyed by fire. Thanking you from the bottom of our hearts, we are,

Mr. and Mrs. Clinton Wilson and Karen
6-16c.

Mr. and Mrs. Worth Gafford accompanied Lee Haymes to Eastland last Sunday where Mr. Haymes remained for an extended visit with Mac Haymes.

Mr. and Mrs. J. C. Harpham and Mr. and Mrs. Charlie Harpham were business visitors in Dallas the latter part of last week.

Careful Attention On . . . Washing and Greasing

Our workmen give your car careful attention when you bring it here to be washed and greased, seeing that it is clean and that all operating parts are carefully lubricated.

You Can Save a Lot of Money

Every year millions of dollars are wasted because too many feeders buy feed that is not properly balanced to produce the results they are entitled to.

Feeders who follow the carefully outlined Red Chain feeding and management programs are not only saving money . . . they are actually making money . . . because they are combining good management with good feed. They are studying the analysis tag . . . not the price tag. They are buying their feed, not the basis of price per bag, but on the basis of what the feed is able to produce for them.

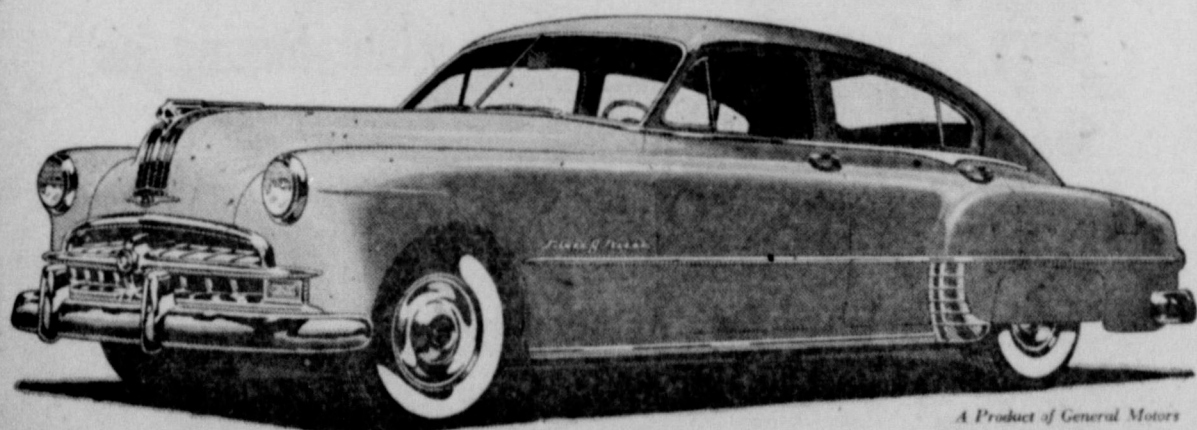

You will like Red Chain feeds . . . you will like the results it will give you. Study the analysis tag and see if you are not impressed with the quality of ingredients from which Red Chain feeds are made. Then feed Red Chain . . . and see if you don't get more meat, milk and eggs per pound of feed used.

WANTED—more hatching eggs from heavy flocks. Chicks available each MONDAY beginning September 19.

Munday Sanitary Hatchery

You ought to be driving a

49 PONTIAC

It's a Wonderful Car—a Wonderful Buy!

Wherever you go you hear people talking about the new Pontiac. Naturally, a great many people talk first about Pontiac's outstanding beauty.

A great many others say they have heard reports of Pontiac's performance, its alertness in traffic, its smooth luxurious ride and the wonderful convenience of GM Hydra-Matic Drive.

Still others tell us what they have heard about Pontiac's economy. And well they might, for Pontiac is sensibly priced, just above the very lowest. And it is so thoroughly dependable that it will give years of pleasure and superb performance with only minimum servicing. Come in soon and get the whole Pontiac story.

*Hydra-Matic Drive optional on all models at extra cost.

YOU CAN'T MISTAKE A PONTIAC—Silver Streak styling and striking new Bodies by Fisher combine to make the 1949 Pontiac truly "the most beautiful thing on wheels."

BROACH EQUIPMENT

Phone 277

Munday, Texas

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

car actually struck the person of Joan. Therefore, said the higher court, the charge in the indictment was not proved.

So long as legal loopholes exist, criminals will take advantage of them. That is why the State Bar is working to bring about revision of Texas' criminal statutes. Every time a criminal goes free of punishment, liberty dies a little.

Plowing under cotton stalks before frost is the most dependable method for controlling boll weevils. A heavy roller-type stalk cutter with disk harrow attached does a good job of stalk destruction and makes plowing easier. Stalks may be covered by bedding or by using a one-way plow.

A long and happy life depends largely on what and how much you eat. Too many fats, starches and sweets in the diet decreases your life expectancy. Plenty of green leafy vegetables, milk, fresh fruits and animal protein foods increase your chances for a long life and good health.

AUSTIN—Dr. Geo. W. Cox, State Health Officer, in speaking of cancer, said that it ranked second as a cause of death in Texas, being exceeded only by heart disease. Last year approximately 6900 Texans died of this disease. One of the reasons so many people die of cancer is because the disease usually exists some time before it is recognized. By then it has progressed from a small local cancer to a large and dangerous one.

In the beginning cancer is not painful so many persons do not consult a physician. Any lump, especially in the breast, should be looked upon with suspicion. Other suspicious symptoms are any sore that does not heal about the tongue, mouth or lips; sores caused by broken teeth or ill fitting dental plates should receive attention; irregular bleeding or discharge from any opening of the body is a danger signal. Persistent indigestion with loss of weight is a symptom of cancer of the stomach. With any of these signs one should go immediately to a doctor. Many times the suspicion of cancer will have been unfounded, but it is much better to be safe.

It is desirable to treat all diseases in their early stages but

Farm Bureau Meetings Set For This Area

A series of 25 bi-district meetings sponsored by the Texas Farm Bureau Federation will be

held throughout the state of Texas September 6-21, has been announced by J. Walter Hammond, federation president. The two meetings scheduled for this district will be held in the Memorial Auditorium, Graham, on Thursday, September 8, and in the High School Auditorium, Vernon on Friday, September 9. Director Loys D. Barbour of Iowa Park will preside. Meet-

with a JOHN DEERE TWO-ROW COTTON HARVESTER

The easiest way to boost your cotton-growing profits is to use a John Deere No. 15 Two-Row Cotton Harvester. Based on 1947 labor cost, it saves \$30 or more per bale over hand pulling . . . does an excellent job in any crop that's suitable for mechanical stripping.

Handling two forty-inch rows at a time, the No. 15 does a clean, efficient *once-over* job of saving bolls. Its work is considered by many gin operators superior to cotton stripped by the average hand puller.

With the John Deere, you, too, can make short work of your harvest . . . get all your cotton to the gin before bad weather causes crop losses. For details, see us the next time you're in town.

HEADS MOTOR GROUP

SENATOR JAMES E. TAYLOR

Austin (Spl.)—James E. Taylor of Kerens, former newspaper publisher and chairman of the Senate Finance Committee, resigned this week to become executive director of the Texas Motor Transportation Association. Governor Allan Shivers in calling a special election November 8 to elect a successor described him as "a leader in the Texas Legislature and one of the state's most able and earnest public servants".

As chairman of the Gilmer-Aikin Committee on education Taylor pushed its public education reform program successfully to legislative adoption over strong opposition. He leaves the legislature to head one of the state's major industry groups. It is the largest employer group in Texas and the second largest taxpayer, he said.

The new motor transportation executive is a graduate of Baylor University. He served two terms in the House of Representatives before the war, commanded a field artillery battalion of the 36th Division in Europe during the war and was elected Senator before he returned in 1945. The Taylors will make their home in Austin. Their daughter, Shirley Ann, is a freshman at Baylor.

ings will start at 10:00 a. m. In conducting the meetings, President Hammond will be assisted by Austin A. Crownover, state field representative. The United States Congressman from the district has been invited to appear on the program and speak to the group on agricultural trends in Washington.

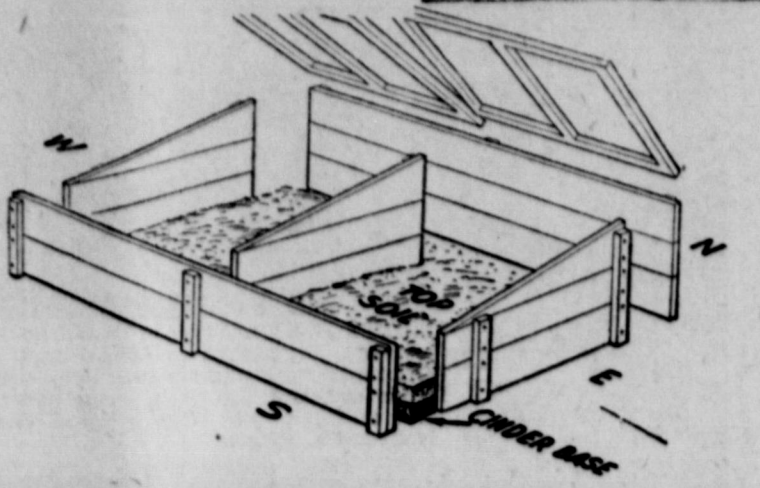

Another highlight of the meeting will be a queen contest scheduled for 3:00 p. m. The queen selected at each meeting will participate in the ceremonies at the state convention in November at which the district queen will be determined, and a state queen chosen from the district winners.

Farm Bureau spokesmen will give farmers and ranchers first hand information on developments in the agricultural field directly affecting the welfare of farm people; they will also seek the views of the people on current issues as well as future programs.

Enrollment procedures to be used in the state-wide membership program to be conducted in October to be discussed. In reviewing some of the accomplishments of Farm Bureau in 1949, made possible by a good membership, President Hammond called attention to work of the

Start Perennials Now

Easy to Make SEED FRAME

Anyone handy with a hammer and saw can construct this sturdy seed frame. It is made up of four sides, and a hinged top glazed with Vimlite, flexible plastic glazing. Vimlite is used because it is shatterproof, lightweight, has good insulation qualities and is easy to install. No grooving of the frame, or putting is necessary. Vimlite is merely tacked in place like fly screen.

The standard size for seed frames is 3 feet x 6 feet. To protect it against rot and decay, the lumber used should be treated with Dow's pentachlorophenol. This chemical and Vimlite can be obtained at hardware, lumber and building supply stores.

Assemble the four sides, center partition, and top frames according to the sketch. For permanent construction it is advisable to use gal-

vanized screws instead of nails. The seed frame is set in place on the ground with the high side to the north, and the top sash slanted toward the sun. The inside should be filled with 3 inches of cinders or gravel and then a layer of top soil. This insulates against cold, and improves drainage. When the seed frame has served its purpose each season, it should be removed and stored until it is time to use it again.

Lumber List
Sides: 9 pcs. 1" x 6" x 6 ft.
15 lineal ft. 1" x 2"
Sash: 30 lineal ft. 1" x 2"
4 hinges, 1 1/2" x 1 1/2"
2 yds. VIMLITE, 36" wide

Washington News Letter

By Congressman Ed Gossett

WASHINGTON, D. C., Aug. 26, 1949—The House has today quit until September 21 under a recess agreement. Neither the House of the Senate can adjourn for longer than 3 days at one time without a joint resolution in which both Houses concur. The House attempted to secure Senate agreement for the House to adjourn for one month but the Senate voted down such House Resolution by a 58 to 25 vote. Thereupon, the House agreed to quit for one month under a 3 day recess agreement. That means that every third day the House will meet and promptly adjourn for another three days. A few representatives will be left here to carry on this procedure.

It will be necessary for me to remain here for several days, since I am Acting Chairman of a Judiciary Subcommittee now conducting hearings on Tide-

lands bills. These hearings will be concluded early next week. Following that, I have an appointment with Secretary of State Acheson to discuss with him the serious problem of oil imports. Other departmental and office work will have to be concluded before my departure for Texas. The Gossett family will have to remain here because three of our children will start back to school early in September. Because it is impossible to know just where I will be and what Congress will be doing between now and January, this will be our last newsletter until the convening of the Second Session of the 81st Congress on next January 3.

We have been receiving numerous letters urging a reduction in various taxes. Eighty-four year old Representative Bob Doughton of North Carolina, who has served in the Congress for better than 35 years and who is chairman of the Ways and Means Committee that considers all tax matters, has just stated that there would be no tax reduction this year. Representative Doughton makes the point that by the end of this fiscal year on next July 1, we will be between

four and five billion dollars in the red. For this ensuing fiscal year, we will spend in excess of 45 billions of dollars. Just how, when, where and if federal spending is to be reduced, remains the big question. All agree that we should operate on a balanced budget and should not spend billions more than we collect. Forty-five billions of dollars, the amount our government will spend this fiscal year, is considerably more than our total national income was during the depression years.

Secretary of Defense, Louis Johnson, created quite a flurry in Washington this week by asking all members of Congress to be in his office at 9:30 on Wednesday morning for an important announcement. Some 125 members did go to the Secretary's office to hear him announce the closing of numerous military bases and the proposal to discharge some 130 thousand employees. The possibilities are that most of these employees will eventually remain on government payrolls by transfer to some other agency or post. Someone has said "there is nothing so permanent as a temporary job."

On my desk is a resolution recently received from a conference of State governors. The governors go on record as favoring increased efficiency and economy in government. The governors then concluded by saying—"The Governors' Conference does not in any way suggest a curtailing of public services." There certainly is a crying need for higher efficiency and for the elimination of waste and duplication. However, government expenses are not going to be greatly reduced without at the same time reducing some of the government services and activities. Officials and citizens cannot demand more services and expect to receive any substantial reduction in taxes. Unless the American people insist on keeping government within due bounds, then government will continue to grow and grow, both in size and cost, and we will eventually drift into what is commonly called the welfare state, which, according to all available evidence is not a state to be desired, and is not in the last analysis for the general welfare.

Mrs. C. P. Baker and Mrs. S. E. McStay visited relatives in Vernon Sunday.

FOOD... through the ages...

Crop Prospects Are Bright In Texas Areas

Right now farmers of Texas and the nation have prospects for a big harvest. The overall production could be the second largest in history. For the nation, last year holds the record but Texas farmers, in 1949, did not approach their record productions for wheat, cotton and some feed crops.

The 1949 Texas wheat crop was the second largest, says C. H. Bates, extension farm management specialist of Tex. A. & M. College, and cotton production—per acre—could set a new record. There is and 18 per cent increase in cotton acreage over last year in the state.

The acreage of peanuts in Texas is down about 21 per cent from 1948. The harvest is underway in South Texas and production for the state is likely to be above average, says Bates. Texas corn and grain sorghum

prospects should be above average this year even with the decrease in acreage. Weather conditions have been favorable and the corn crop looks especially good.

Now, what does this all mean to Texas farm and ranch operators? Bates says it means that supplies of most farm products have accumulated to the point that reduction in acreages planted may be desirable. The era of surpluses has definitely returned.

And reduction of land devoted to cash crops offers an opportunity for a shift to the production of livestock and livestock products, he thinks. This adjustment of farming operations toward more livestock may prove profitable, and permit better conservation of land resources. For the period just ahead, he says, the demand for meat, milk, and eggs should be stronger than for most crops. At present prices and those probably for the next few months, the efficient livestock and poultry producers should be able to make good profits.

A Munday Times Classified Ad Pays.

Mrs. Roy Cutbirth and Mrs. V. E. Moore and daughter of Abilene spent the latter part of last week here visiting relatives and friends.

Mr. and Mrs. Lloyd Lucky and family of Lubbock visited Mr. and Mrs. Lynn Hay and Mr. and Mrs. Terry Harrison and family here the past week end.

Vetch Seed For Sale

MR. FARMER! If you want to build up your soil, plant vetch. The usual rate of seeding is 10-12 pounds per acre, with 20 pounds of rye as nurse crop. Oats are also used at 30 pounds per acre to support the vetch. Makes splendid winter grazing if planted in fall.

Treat the vetch seed with Nitragin C.

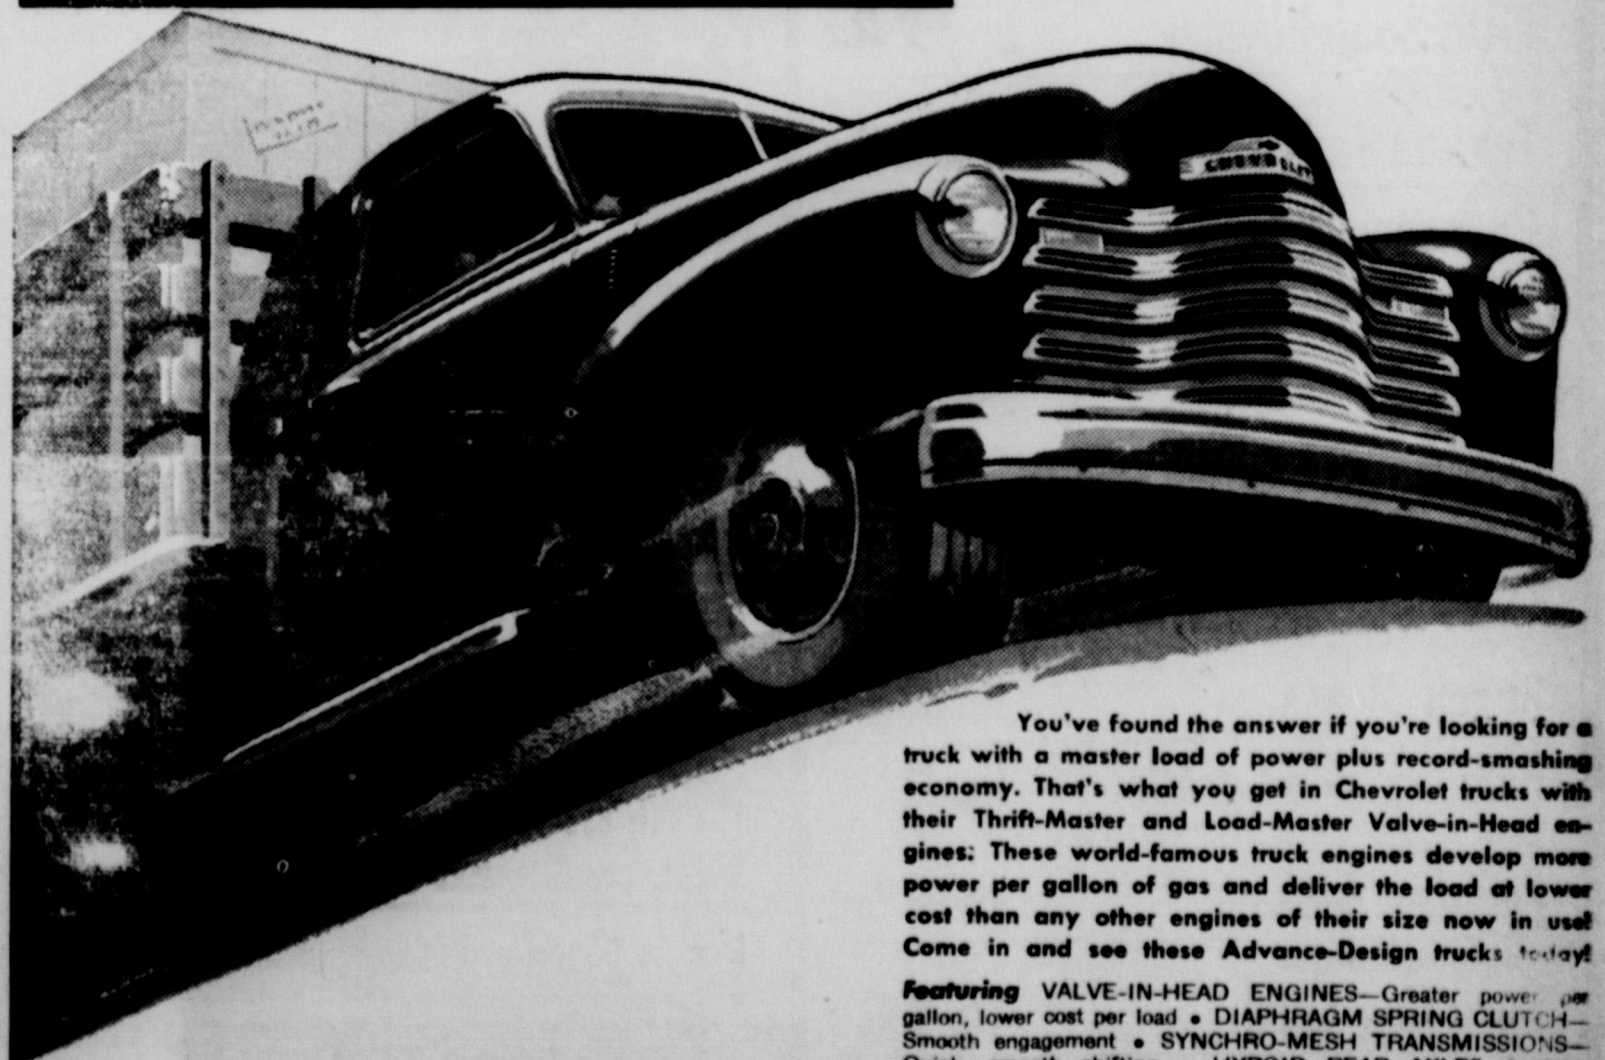

Sales made in large quantities on P. M. A. Prior Approval, which reduces price to farmer, f. o. b. Graham.

Also have good Balboa Rye seed for sale.

Young County Vetch Growers, Inc.

Featuring VALVE-IN-HEAD ENGINES—Greater power per gallon, lower cost per load • DIAPHRAGM SPRING CLUTCH—Smooth engagement • SYNCHRO-MESH TRANSMISSIONS—Quick, smooth shifting • HYPOID REAR AXLES—5 times stronger than spiral bevel type • DOUBLE-ARTICULATED BRAKES—Complete driver control • WIDE-BASE WHEELS—Increased tire mileage • ADVANCE-DESIGN STYLING—With the cab that "Breathes" • BALL-TYPE STEERING—Easier handling • UNIT-DESIGN BODIES—Precision built.

LOCALS

Steve Harrison of San Antonio visited friends and relatives here and in Haskell last Sunday.

Mr. and Mrs. Bobby Haymes and Brenda of Irving were visitors in the Lee Haymes home last week end.

Mr. and Mrs. Bill Lewis of Olney and Lloyd Bradley of Goree have returned from a two weeks trip to Inglewood, Calif., where they visited their mother, Mrs. H. C. Bradley and brother and sister, George Bradley and Angie Cranfill. On their way out,

they spent a night at Roswell, New Mexico with their uncle, Dock Bradley, then next day went through the Carlsbad Cavern. On their journey, they stopped over in Old Mexico and on Sunday they all went to church at the Four-Square Angelus Temple, heard and met Dr. McPherson and remained for the baptism service when twenty-five were baptised. On their return trip they visited the Boulder Dam and many more points of interest.

Mr. and Mrs. Grady Roberts of Wichita Falls and J. W. Roberts of Corpus Christi visited with friends here a while last Monday.

Drama in the Sun

One of the best looking of this summer's new play fashions is this one-piece suit topped by a smock-type jacket. The suit is styled along Grecian lines with a graceful pleated skirt and handsome wide leather belt. The coat has a peter-pan collar and loose, smart lines. The fabric is a butcher-linen weave in Avisco spun rayon which wears and wears.

Kracker Krumbs—

(Continued from Page One) get to the point as to cause some concern among parents and school authorities.

The activities didn't stop with one day, but continued several days. Although no one was severely hurt, some phases of the hazing did reach dangerous proportions.

Parents wanted it stopped, school authorities wanted it stopped. Only that which went on at the school grounds could be properly controlled by heads of the school. And parents couldn't very well keep up with their offsprings when they'd gather at certain points, waiting to be initiated.

No one was suffering much from last Tuesday's activities in Munday, and we guess by now the "fish" are properly initiated.

They're ready to settle down to class activities, football practice, pep meetings, etc., that become a part of the regular school routine.

Mr. and Mrs. Steve Kubena were business visitors in Electra and Randlett, Oklahoma last week end.

Mr. and Mrs. Jim Price and Mr. and Mrs. Vernon E. Spaeth of Fort Worth spent the Labor Day holidays in the home of their parents, Mr. and Mrs. T. A. Walker.

CLAUDE HILL FAMILY TAKE 3,000 MILE TRIP

Mr. and Mrs. Claude Hill and children, Maxine, Emogene and Claude Larry, have just returned home from a 3,000 mile trip through the old states.

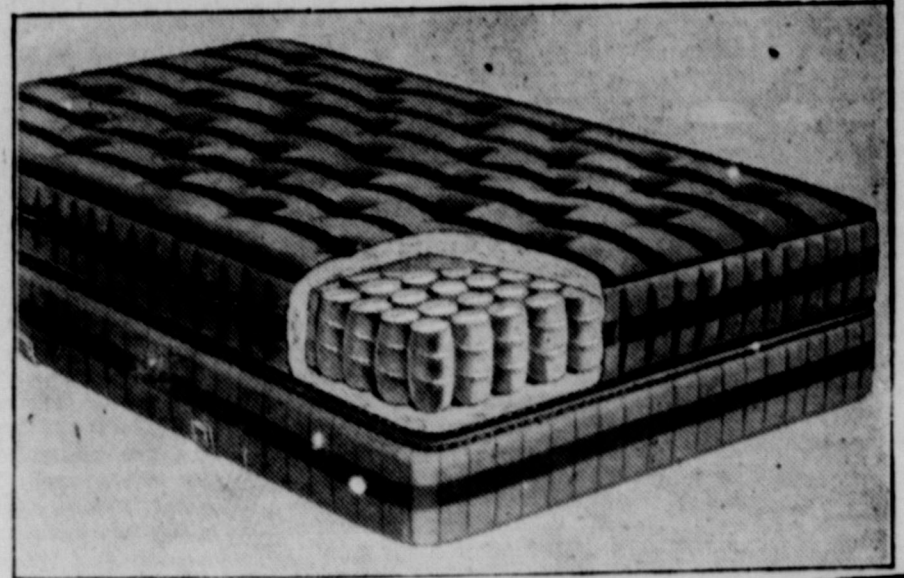

They visited Mr. Hill's old home, church and school which he attended as a child in Ellijoy, Ga. They crossed the Cum-

berland and Lookout mountains in Tennessee and the Smoky mountains in North Carolina, which they found to be very beautiful. They reported a very enjoyable and interesting trip.

Mrs. Charles McCauley left last Monday for Mertens, to attend the bedside of her mother and grandfather.

Mr. and Mrs. Grady Phillips and Glenn spent a week visiting in Oklahoma, Arkansas and back to Kereans and Ft. Worth. Their daughter returned home with them after visiting the summer with Mr. and Mrs. Tom Clarke.

Mrs. Vera Stephens and Mrs. Don Boyles were visitors in Wichita Falls last Tuesday.
