MUNDAY CLEAN!

VOLUME 45

MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, SEPTEMBER 22, 1949

NO. 8

## Kracker Krumb's Odd Bits Salvaged At Random

Some of our needs for 1949 have been taken out.

They should have come out a long time ago, but we neglected it. In fact, we rode alone for so long that one of our employees suggested that they come out.

So out came No. 1—a street sweeper. All we need now is for things to get in shape so use it more.

They're getting in shape, so far as the dirt, etc., are concerned, but we don't know about the loose gravel that remains from out street topping job.

No. 2—paving of a road through Rhineland and definite progress on the Throckmorton road—has come out.

We have the Rhineland road paved, and some progress has been made on the other phase of this need. Next year we'll need to push for paving of our portion of the road to Throckmorton.

No. 3—completion of our drainage system—has come out.

The system has been completed, we guess, and it's doing a good job of taking the water out of town. Some means need to be devised to get the water from the north part of town to the ditch at a faster rate.

Some of our streets were flooded for a while during and after our recent hard rain.

We heard, too, that one of the "tin horns" of the big ditch way on out towards Lake Creek is just about filled up with dirt and silt. Hope these don't present a problem.

We're keeping Nos. 4, 5 and 6 intact for a while longer. We don't feel like these needs have been adequately met. But three of the six completed in nine months is a pretty good average.

But we have more needs.

Arrival of the football season reminded many of us about the needs out on our athletic field.

Additional bleachers are needed, and our present bleachers are in need of repairs.

Folks go out to the athletic field an hour or more ahead of game time in order to be assured of getting a seat. We don't have enough room for our crowds at practice games, not to mention our important conference games.

Pretty soon, we'll likely be hearing of some plans for adding more bleachers to our present system. Other towns are doing it, and Munday's fans are getting the fever.

An additional 1,000 seats at the athletic field would be something.

Of course there are those on the sidelines who wouldn't be anywhere else. They can't enjoy a game unless they "travel along" with the team. But there are those on the sidelines who would jolly well enjoy a seat if it was available.

Our guess is that more seats will be added before another football season.

There'll be other needs for 1950, and we expect to have around a half-dozen listed shortly after the turn of the new year.

We slipped up on our needs for 1949. One of our outstanding needs was not listed.

No, it isn't a federal building. We admit we need this, too.

This need that we should have mentioned—and maybe topped our list with—is a telephone system.

The continued jingling of our 97-J party line residential telephone during recent weeks has brought this need to our attention.  
(Continued on Last Page)

## Moguls Nose Out Panthers 13-12 Friday

Scottie Ponder's toe, which sent the pigskin through the uprights, meant the difference between victory and a tie last Friday night as the Moguls battled the Seymour Panthers to a 13-12 victory on Munday's wet field.

A 47-yard drive, climaxed by a 15-yard smash by Ponder gave the locals their first tally midway in the first quarter. Scottie missed this point conversion.

Moments later, the Panthers snapped back with a pass and run covering 50 yards as Archie Johnson hurled a 25-yard pass to End Joe Mesnikorik, who scampered 25 more for the counter. The kick was wide, and the half ended in a 6-6 deadlock.

The Moguls barged ahead in the third quarter. A pass by Seymour's Moeck intended for David Lane went astray and was snapped out of the air by Scottie Ponder, who raced from mid-field to cross the scoring line 50 yards away. This time Ponder placed the ball through the goalposts for the all-important one point victory.

Seymour battled hard to even the score and knocked at the goal line several times, but as the game ended the locals had again reached the Seymour 3-yard line on a continued drive of 72 yards and were threatening a third touchdown.

Seymour had a pass formation and a deceptive play that gave the Moguls trouble all during the game. A wet ball contributed to fumbles on both sides, some of which meant loss of the ball.

Outstanding players on the Mogul 11 were Bobby Lawrence, Scottie Ponder, Joe Stevens and Leonard Norman, while several others turned in good accounts.

Starting lineups were as follows:  
Munday: Bell, left end; J. Ford, left tackle; Roberts, left guard; Stevens, center; Howeth, right guard; Lowrance, right tackle; H. Ford, right end; Johnson, quarter; Lawrence, left half; D. Ponder, right half; and S. Ponder, fullback.  
Seymour: Lane, left end; Roberts, left tackle; Wadges, left guard; Densick, center; Underwood, right guard; Johnson, right tackle; Neskorik, right end; Nix, quarter; Moeck, left half; Whitten, right half; Blankenship, fullback.

Seymour: Lane, left end; Roberts, left tackle; Wadges, left guard; Densick, center; Underwood, right guard; Johnson, right tackle; Neskorik, right end; Nix, quarter; Moeck, left half; Whitten, right half; Blankenship, fullback.

## Funeral For Mrs. Herring To Be On Friday

Mrs. Peter Herring, well known resident of the Rhineland community for many years, passed away on Wednesday, September 21, at 7 a. m. at the family home.

Funeral services will be held from the St. Joseph's Catholic church in Rhineland at nine o'clock Friday morning. Rev. Fabian Diersing, O. S. B., pastor, will officiate, and burial will be in St. Joseph's cemetery with the Mahan Funeral Home in charge.

Born in Germany on January 1, 1883, Mrs. Bertha Frances Herring was 66 years, 8 months and 7 days of age at the time of her death.

Surviving her as her husband, Peter Herring of Rhineland; three sons, Louis Herring of Albuquerque, N. M., and Herman and Walter Herring, both of Munday; three daughters, Mrs. Helen Wilde, Mrs. Sophia Ripley and Mrs. Laura Davis, all of Albuquerque, N. M.; two brothers, Fritz Zimmer of Munday and Will Zimmer of Beeville; a sister, Mrs. Fannie Decker of Munday, and 13 grandchildren.

## Mary Catherine Is Sister Of Jane Carl

Mr. and Mrs. Barton Carl are the parents of a baby daughter who made her appearance in the Knox City hospital Saturday, September 17. Her name is Mary Catherine. Little three-year-old Jane is just as excited and happy as her parents about this beautiful baby sister and is anxious to bring her home. Barton's mother, Mrs. E. L. Carl, and sister, Mrs. J. S. Harlan, of Prairie Grove, Ark., are visiting with them at this time.

LOYCE TACKITT

## Loyce M. Tackitt Completes Training In Marine Corps

MARINE CORPS RECRUIT DEPOT, San Diego, Calif.—Marine Private First Class Loyce M. Tackitt, son of Mr. and Mrs. A. C. Tackitt, Route 1, Munday, Texas, has recently completed his initial 10-weeks training at the Marine Corps Recruit Depot, San Diego, California.

Upon completion of this training Loyce was promoted to the rank of Private First Class, an honor that is bestowed upon every man who finished his training with a clean record.

The Knox County devildog spent his first three weeks of training here at the post where he received small arms, first aid, field sanitation, map reading, military courtesy and infantry drill instruction.

The following three weeks the young Marine spent at the Marine rifle range where for two weeks he was taught the fundamentals of marksmanship and during the third week he made practical use of his training by firing the Marine Corps basic weapon, the M-1 rifle for a record score.

The new Private First Class spent his last weeks in the Recruit Depot "boning" on additional subjects necessary to a Marine. These included bayonet fighting, combat formations of a rifle squad, digging fox holes and a series of field problems where practical experience was gleaned through the application of classroom work.

Upon his return here after leave Tackitt will be transferred to one of the many duty stations where Marines stand always ready to protect their country in time of need.

## Haskell Woman Killed In Accident At Kit Carson, Colo.

Mrs. Onella Ellis, 24-year-old Haskell woman, was killed instantly last Monday when her car overturned after striking loose gravel on the highway near Kit Carson, Colorado. She was crushed when the front wheel of her car passed over her chest after she was thrown from the vehicle.

Miss Vilie Reynolds, 19, also of Haskell, was hospitalized at Cheyenne Wells, Colo., for minor cuts and bruises.

Mrs. Ellis is the daughter of Mr. and Mrs. O. L. Moore of Haskell, and Miss Reynolds is the daughter of Mr. and Mrs. W. H. Reynolds, also of Haskell. Both families have resided in Haskell for a number of years.

The young women were enroute to Rawlins, Wyo., at the time of the accident.

## 115 Masons Attend Meeting Here Tuesday

115 Masons of this area gathered at the Munday school lunch room last Tuesday evening for the regular meeting of the 91st District Masonic Association. The Munday and Goree lodges were host lodges for this occasion.

At 7:30, a delicious lunch, which had been prepared by the ladies of the school lunch room, was served by Miss Eugenia Robertson and members of her home economics class.

Following the dinner, regular business of the association was transacted. In recognition of lodges present, it was learned that all lodges of the district were represented.

Honorable C. C. McDonlad, Wichita Falls attorney, brought an inspirational address on the subject: Ancient Free and Accepted Masons.

The next meeting, on the third Tuesday in November, will be at Roefester with the Rochester and Rule lodges as hosts.

The 91st district is composed of lodges of Benjamin, Knox City, Rochester, R. U. C., Haskell, Throckmorton, Woodson, Seymour, Goree and Munday.

## Martha Reynolds Takes Position At Knox Hospital

Miss Martha Ann Reynolds, who has been in Nurses Training School at the Wichita General Hospital in Wichita Falls, was one among the many to graduate last Friday night.

This week she is in Dallas taking her State Board test. Following her training she will continue nursing at the Knox County Hospital in Knox City, where she has accepted a position.

Miss Reynolds is the daughter of Mr. and Mrs. W. E. Reynolds of Munday.

## BIRTH ANNOUNCEMENT

Mr. and Mrs. U. J. Bellinghausen are proudly announcing the arrival of a baby girl born on Sunday, September 11th, at the Knox County Hospital. Both mother and little daughter are doing nicely.

Mr. and Mrs. Ray Hardin and Judy of McFarland, Calif., Mr. and Mrs. Max Demel and Mr. and Mrs. Norman Demel and son of Littlefield visited relatives and friends here during the past week.

## Rose-Picker

Pickin's are good, says lovely Jill King of Tyler, who will be one of 46 beauties in the Queen's Court of the Texas Rose Festival to be held in Tyler Sept. 20, Oct. 1 and 2. Recent rains in the Tyler area have assured one of the largest rose crops on record.

## Funeral For Joe W. Cerveny Held Sunday

Joe Cerveny, one of the Knox county's well known and successful farmers, passed away on Friday, September 16, at the Knox County Hospital. Mr. Cerveny had been in failing health for several months, but entered the hospital a short time before his death.

Born in Czechoslovakia on March 17, 1888, Mr. Cerveny was 61 years, 5 months and 29 days of age. He had been engaged in farming north of Munday for a number of years and was regarded as a very successful farmer.

Mr. Cerveny came to America from his native Czechoslovakia in 1905. After residing in Jones and Haskell counties for a number of years, he moved to his farm north of Munday about 18 years ago.

Surviving him are his wife, Mrs. Minnie Cerveny; two daughters and three sons, who are: Miss Lillian Cerveny, nurse in the Knox County Hospital; Mrs. Rosie Reidenbach of Merkel, Leonard R. Cerveny of Fort Worth, William J. Cerveny of the U. S. Army, stationed at Fort Sill, Okla., and Bert F. Cerveny, U. S. Army and stationed in Germany.

Other survivors include four grandchildren, a sister, Mrs. Mary Clark of Rochester, and a brother, Frank J. Cerveny of Munday.

Funeral services were held from the First Methodist Church in Munday at three o'clock last Sunday afternoon, being conducted by Rev. R. L. Butler, pastor. Burial was in the Johnson Memorial Cemetery, with the Mahan Funeral Home in charge of arrangements.

Pallbearers were Homer Patton, Virgil Edwards of Goree, Don L. Ratliff, Bud Clark of Rochester, Jack Tidwell, and Melvin Strickland.

Honorary pallbearers were: Warren Reister, Johnnie Zeisel, Clyde Hendrix, Gus Brown, John Michalik, Joseph Simaicho, John Matus, Adolph Havran, Jim Newman, Frank Musil, Dr. D. C. Eiland, and Ike Greishman.

Mr. and Mrs. Earl Clayburn left Wednesday on return to their home in Marysville, Calif., after spending a two weeks vacation visiting with relatives here and at Fort Worth.

## Weather Report

Weather report for the period Sept. 15 through Sept. 21, 1949, as compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer.

	Temperature	
	LOW	HIGH
1949-1948		
Sept. 15	57	89
Sept. 16	61	60
Sept. 17	64	65
Sept. 18	70	68
Sept. 19	70	68
Sept. 20	68	71
Sept. 21	64	71
Rainfall to this date	26.69 in.	
last year	17.47 in.	

## Weinert All-stars Take Locals To A Cleaning Tuesday

A bunch of Weinert all-stars, who called on Haskell to complete their team, took the Munday all-stars to a 13-0 cleaning Tuesday night in a football game on the local field.

Due to conflicting events, the crowd was light, but those present witnessed some rough and tumble football and good playing upon the part of both teams. The game was sponsored by the Munday Volunteer Fire Department.

## Texas Employment Commission To Aid Farmers In Securing Pickers

## Moguls To Open Conference At Throckmorton

Coach David Green and his Munday Moguls will open the conference play on Friday night when they journey to Throckmorton for the annual tilt with the Throckmorton Greyhounds.

While the Moguls eeked out the slim 13-12 victory over Seymour last Friday night, the Greyhounds were taking a 18 to 13 defeat at the hands of Newcastle.

The Greyhounds have a squad that is shaping up nicely and showing strength both on the ground and in the air, and the Moguls are expecting to have their hands full Friday night.

Everyone remembers the thrilling game of two years ago, when the lead changed hands a number of times at the annual Munday-Throckmorton game, and with the expectation of witnessing another thrilling game, many local fans are expecting to head Throckmorton way next Friday.

## American Legion Fireboys And The Donkeys Will Play

A spill, a laugh, a thrill a minute!

That's what they say will take place on Thursday, October 6, at the local athletic field when the American Legion and Munday firemen and a bunch of donkeys engage in a ball game.

The original Panhandle donkeys will match their wits against the Munday boys in this game. You'll enjoy it. Keep the date in mind, and come on out.

## 2 Forged Checks Passed In Munday; Merchants Warned

D. E. Whitworth, local chief of police, stated Wednesday that two forged checks have already been passed in Munday, and he issued a warning to merchants to be careful about cashing checks.

The special rule of knowing your endorser should be followed by merchants to protect themselves against bogus checks.

Special posters were placed in business houses this week by the Knox County Sheriff's Department, giving rules by which merchants may protect against receiving such checks. A special rule, Whitworth said, which can well be remembered is: "All strangers are not crooks. Nine out of ten crooks are strangers."

## BIRTH ANNOUNCEMENT

Constance Bernardine is the name that has been given the little girl born to Mr. and Mrs. Bernard Herring on Sunday, September 18th, at the Knox County Hospital. The little girl topped the scales at six pounds and two ounces. Both mother and daughter are doing nicely.

## TO DALLAS HOSPITAL

Mrs. W. H. Walling, who has been undergoing treatment in the Knox County Hospital for several weeks was transferred to the Baylor Hospital in Dallas on Wednesday and placed under the care of a specialist.

## ON VACATION TRIP

Mr. and Mrs. E. E. Akers left Tuesday on a vacation trip to Memphis, Tenn., Birmingham, Ala., and Oxford, Miss. They went by plane from Dallas and will visit relatives while away.

Texas farmers are now enjoying the most bountiful cotton crop that the State has produced in a number of years. The acreage is as great as has ever been planted and the yield bids fine to be one of the greatest harvests we have ever had, thus causing a tremendous shortage of cotton pickers and pullers at the present time. The gathering of the crop is all the more complicated due to the fact that cotton is now ripening through the central section of the State, from Victoria on the south, Paris on the east, and Lubbock in the western plains section of the State. Due to this fact it will be difficult to get sufficient cotton pickers in the various communities as they are needed. Mexican Nationals are available, but there is quite an expense in procuring such labor. There has been several thousand of such pickers brought into the State, but even with these additional pickers the demand is still greater than the supply and a shortage exists through the greater portion of the central and western sections of the State.

With the support price of cotton the farmers are assured a good price for their cotton. It behooves all available laborers in each community to rally to the support of the farmer and their community in helping to gather the cotton crop. The time has been when local schools and business houses would close early in the afternoon in order that the school children and the help in the stores as well as house wives could go to the cotton fields. It may be that such means will again have to be resorted to in order to save the present cotton crop.

The Texas Employment Commission through its farm program is directing migratory farm crews, as the crop is harvested in the southern sections of the state, to other localities further north and west as the harvest progresses. In addition to these migratory crews the T. E. C. is recruiting and directing all agricultural laborers to farmers in the various localities thru the state.

Individuals and crew leaders should contact the local Texas Employment Commission Farm Representative in their locality or the Texas Employment Office if there is such an office in their locality, and the TEC will make every effort to refer such people to farmers that need cotton gathered.

The counties of Archer, Baylor, Clay, Haskell, Knox, Montague, Throckmorton, and Wichita are handled through the Wichita Falls office. Any cotton pickers or crew leaders that are available for cotton pulling should contact the Wichita Falls office.

The Texas Employment Commission has especially trained farm placement men that can be contacted at the Chamber of Commerce in Haskell and Knox City. People living in the area of these two towns should contact the Chamber of Commerce Office in either of these towns and ask for the TEC Farm Placement man.

Mr. A. W. Linden, representative of the commission, is aiding farmers in this area. His office is at the Chamber of Commerce in Haskell, but he comes to Munday several times a week. He requests farmers wanting pickers to leave their names and addresses with their ginner, giving the number of acres he has in cotton and the number of pickers wanted.

## Accident Victim Is Buried Tuesday

An ambulance from the Mahan Funeral Home went to Waxahachie last Monday and returned with the body of Raymond Draper, colored, who was killed in a car accident near Waxahachie last Friday night. Draper's wife was injured in the accident.

Draper, a former resident of this area, is survived by his wife and several children, his mother, Mrs. Rebecca Franklin of Lubbock, and several brothers and sisters.

Funeral services were held at four o'clock Tuesday afternoon from the Goree colored church, and burial was in the old Goree cemetery.

## The Munday Times

Published Every Thursday at Munday  
Aaron Edgar and Grady Roberts . . . Owners  
Aaron Edgar . . . Editor and Publisher  
Entered as second class matter January 4, 1919, at the postoffice in Munday, Texas, under Act of Congress, March 2, 1879.

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.  
**NOTICE TO THE PUBLIC:** Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

**LOCAL NEEDS FOR 1949**

We're pulling for these needs in 1949. What will the year bring?

1. An adequate waterworks system. This is a must for the continued growth of Munday.
2. Building of more housing projects. There continues to be a housing shortage.
3. Recreational facilities for our youth of today—our citizens of tomorrow.

**FIRE PREVENTION WEEK**

During the next twenty-four hours, the chances are that fire will take 30 lives—and destroy \$2,000,000 worth of property. And that will happen during every ensuing day and night, if fire waste continues at the present rate.

That is why public officials and civic groups in some 10,000 communities are now organizing in preparation for the 1949 Fire Prevention Week observance, which will take place from Oct. 9 to 15.

Fire Prevention Week has been an annual event since 1920, when President Wilson issued the first Presidential proclamation authorizing it. It has only one purpose—to show us the simple precautions that will prevent most fires. To achieve that goal, thousands of experts contribute freely of their knowledge, time and energy. Nothing is left undone that might serve the cause. Practically every American, unless he be a hermit in the hills, has the chance to gain knowledge that may save his life, his home, his job.

However, this fine work is of small value without public cooperation. The experts are ready to teach us, but they cannot make us learn unless we wish to. They are offering an opportunity—and it is up to us to take it.

The point is simple and plain. Listen, read, and learn during the week—and put into constant practice what you learn. If we do that, fire's horrible and unnecessary harvest of death and destruction will be sharply reduced.

As is well known in our time, a government may be totally tyrannical. An all-powerful government, wherein all the citizens are under the heel of a dictator, allows no liberty to anyone except the dictator himself. It has been said that the authoritarian society is one wherein everything is not prohibited is compulsory. The dictator may, of course, grant temporary privileges to some in the same manner as a prison warden grants privileges to a "trusty."—F. A. Harper.

"Know how big the national debt is? Well, it's over \$250 billion, and remember this: Only a little more than one billion minutes have passed since the birth of Christ."—Dale Carnegie.

**ANOTHER CITIZEN OF BOYS RANCH**

The handling of the juvenile problems, by most county judges, is one which makes them feel almost helpless. Mose cases of boys who are in trouble with the law, seems to run along about the same pattern as one we recently sat in.

It was the trial of a 13-year-old youngster. He was before the court for the seventh time on charges of stealing everything from candy to watches. As the judge unraveled the story from the boy and his crippled mother, we listened intently, knowing approximately what the story would be.

The parents separated when the boy was six years old. He went along with his mother for a while, then he started skipping school at the age of nine. The youngster told the judge that he found another boy, three years older than he, who took him into a grocery store where they stole some peaches. That worked so well, they went into a drug store where they got away with a small box of candy. The boy explained to the court that he had never had any candy at home; nor did their school teacher give them any. So, he decided to duck school quite often to be with his new-found hero.

When he was eleven years old, he quit school altogether. His mother was unable to control him, and he went into the business of making his own living with this pal of his. They started stealing small items, finally graduating to articles they could sell. This gave them money to attend shows, and to buy whatever they pleased. They were caught a couple of times, but nothing came of it. The judge didn't want to send an eleven or twelve year old boy to the reformatory. So, with a scolding from the court, he went back to his old trade, being careful never to make the same mistake again.

Finally on his seventh trip to the juvenile court for stealing a watch, he was sentenced to the reformatory at the age of 13, simply because the judge didn't have a place to put the boy to keep him out of trouble the first time he came before the court.

We took this 13-year-old boy at Boys Ranch, after his seventh trip before the court. But had we received him when he was ten years old, and on his first or second time in trouble, our work would have been much simpler, and certainly more effective.—Carl Farley in Boy's Ranch Round-Up.

"Any power must be the enemy of mankind which enslaves the individual by terror and force. . . . All that is valuable in human society depends upon the opportunity for development accorded to the individual."—Albert Einstein.

The hardest problem to solve is one which contains the human equation.—E. B. Birkenbeuel.

**Legal Notice**

**NOTICE OF MAINTENANCE TAX ELECTION TO INCREASE TAX IN COMMON SCHOOL DISTRICT.**

The State of Texas, County of Knox:

**NOTICE IS HEREBY** Given that an election will be held on the 24th day of September, 1949, at the school building in Knox county, Texas, in Sunset Consolidated Common School District No. 27, of this county, to determine whether or not a majority of the legally qualified resident property taxpayers of said district who own taxable property in said district and who have duly rendered the same for taxation, desire to increase the maintenance tax rate in said district, and to determine whether the Commissioners' Court or said county shall be authorized to levy, assess and collect annually an additional tax of and at the rate of 50 cents, in addition to the present tax of 100 cents heretofore voted, aggregating a total annual tax of not to exceed \$1.50 on the one hundred dollars valuation of all taxable property in said district.

Roe Myers has been appointed presiding officer for said election and shall select two judges and two clerks to assist in holding the same, and shall, within five days after election has been held, make due return thereof to the Commissioners' Court of this county, as is required by law for holding a general election.

All persons who are legally qualified voters of this state and of this county and who are resident property taxpayers in said district who own taxable property in said district and who have duly rendered the same for taxation, shall be entitled to vote at said election, and all voters who favor the aforesaid additional taxation for school purposes shall have written or printed on their ballots the words: "For Increase of School Tax." And those opposed to such additional taxation shall have written or printed on their ballots, the words: "Against Increase of School Tax". Said election was ordered by the county judge of this county by order made on the 1st day of September, 1949, and this notice

## Knox Prairie Philosopher Says Hidden Taxes Are Bad, But Not As Bad As Ones He Knows He's Paying

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek claims he likes hidden taxes, but it's probably the only way they can get any taxes out of him at all.

Dear editor:

This is something rare for this part of the country, but the other day I was out wanderin' around over my pasture not thinkin' about anything in particular, might as well have been sittin' in a political office somewhere drawin' a salary for all the good I was doin', when I stumble on a magazine, at least I thought it was a magazine, but when I went ahead and took a chance on wastin' my energy and bent over and picked it up I discovered it was a copy of the Congressional Journal.

I don't get to see cery many copies of the Congressional Journal, which I miss like not havin' my hungry cousins show

J. A.

up for Sunday dinner, so I took this one over to my favorite restin' place, although understand I ain't prejudiced or hide-bound and can rest practically any place I happen to be, and while I was leafin' through it I came to a fiery address by some congressman who was denouncin' what he called "hidden taxees." Said it was outrageous the way congress didn't have the nerve to come right out and tax the people in plain daylight, but was always figurin' out ways to hide the taxes, slip em over on the people without us knowin' anything about it. Said if you was buyin' a pair of shoes and paid a hidden tax on em without knowin' it, you was beln sort of deceived by the government.

Now I ain't in favor of taxes, if I was I'd pay the ones I owe for year before last, but I just don't believe that congressman knows anything about human nature. It ain't a question of deceivin' the people, but a matter of keepin' public offices filled. If everybody had to pay all their taxes in one lump sum, the life expectancy of the average office holder would be three weeks.

It won't be long before folks out here will start gettin' their tax notices from the court house, and there ain't nothin' more depressin' than a tax notice of the

### KITCHEN MEMO

Growing children need vitamin-packed food for between-meal snacks. Old-fashioned *Garnet Cookies* contain molasses rich in iron and the oatmeal is loaded with Vitamin B. Cream  $\frac{1}{2}$  cup shortening and  $\frac{1}{2}$  cup sugar together. Add 1 tsp vanilla and 2 eggs, one at a time beating well after each addition. Add 1 tbsp molasses and 2 cups soda which has been dissolved in 1 cup water. Sift 1 cup flour, 1 tsp cinnamon,  $\frac{1}{2}$  tsp salt and add to mixture. Stir in 2 cups oatmeal, 1 cup raisins,  $\frac{1}{2}$  cup chopped walnuts. Drop from a spoon on ungreased aluminum cookie sheet. Bake in preheated gas oven at 375° for 10 to 12 minutes.

There's much more fatigue in dry clothes than in wet clothes because of the weight of the water. To be dried out to the line hung to dry later (taken down and sprinkled) for ironing. A gas dryer automatically eliminates all this back-breaking drudgery.

Children's treat. Skewer banana on wooden sticks, dip in melted semi-sweet or milk chocolate. Freeze in cube compartment of your gas refrigerator.

There are 5,000,000 working wives who have families to cook for. Many of them prepare oven meals ahead of time, set the clock control on their gas ranges so they'll be free to do other household tasks while the meal cooks without watching.

A pastry brush is a handy kitchen accessory. For example, when making a gelatin dish, brush the mold with salad oil so that when set, the gelatin slips out easily.

figures are higher than you thought they were gonna be. The way I see it, the more hidden the taxes are, the better I like it. Can't hide em too much to suit me. Politicians may not be so smart, but on the other hand they ain't so dumb.

Yours faithfully,  
J. A.

### Livestock Show At State Fair To Be Big Feature

Entries closed Sept. 12 in the beef and dairy cattle, swine, sheep and Angora goat divisions of the 1949 State Fair of Texas Livestock Show. Ben E. Cabell, chairman of the State Fair Livestock Committee, has announced.

Palomino and quarter horse entries close Sept. 19.

The livestock premium list totals \$65,235. Beef cattle will hold the spotlight during the first week of the Fair Oct. 8-13, with interest also directed toward shows for Quarter Horses Oct. 8-14 and breeding swine and sheep and Angora goats Oct. 8-16.

The National Aberdeen-Angus Show, hailed as the most promising ever held in the South for the breed, will top the beef cattle shows. Angus premiums alone bulge with \$11,500, and upwards of 500 entries from more than 20 states are expected for this one show.

Premiums listed for Hereford, Shorthorn and Brahman shows bring the total beef cattle awards to \$25,200.

"The National Aberdeen-Angus is one of the most important breed shows ever held in Texas," Cabell said. "This breed has developed rapidly ever since its importation into the United States in 1873 and is enjoying

Henry Morton Robinson, whose new novel, "The Cardinal," is being called the first great novel of the Catholic Church. The story traces with dramatic intensity the career of Stephen Fermoyle—as parish priest, personal secretary to a Cardinal, aide in the Vatican secretariat and, finally, as a Prince of the Church. It starts in the September issue of Cosmopolitan magazine. Robinson's last novel, "The Great Snow," was published in 1947.

ever-increasing popularity with breeders." Aberdeen-Angus judging will be Oct. 11 and 12, with a banquet planned Oct. 12. Three outstanding judges will be announced just before judging begins. A sale predicted to be the best offering of cattle ever made at a breed sale in the South will be sponsored Oct. 12 by the Texas Aberdeen-Angus Association.

Hereford judging will be Oct. 11 by W. J. Largent of Merkel, with \$7500 in premiums offered. John C. Burns of Fort Worth will judge Shorthorns on Oct. 13 and awards will total \$1800. Brahmans will be judged Oct. 14 by Frank Seefeld of Austin, and

\$4250 in premiums are offered. In open classes, the three breed champion steers will compete for grand championship and reserve grand championship awards.

B. J. Baskin of Bryan is superintendent of the Beef Cattle Show, and Stewart Sewell Jacksboro rancher, is assistant superintendent.

The Dairy Cattle Show Oct. 14-21 offers \$12,900 in premiums and the Junior Livestock Show Oct. 17-22 lists awards totalling \$9840. Other premiums include \$8250 for breeding swine, \$3944 for sheep and Angora goats, \$3000 for quarter horses and \$1750 for Palominos. Ray W. Wilson is manager of

the State Fair Livestock Department.

111,000 Texas cotton producers in 167 counties are members of 1,151 organized groups that are cooperating with the Cotton Branch, Production and Marketing Administration, USDA, to get free cotton classing and market news services.

When selecting vegetables for seed, gather them from the plants that appear to be free from disease.

Pigs are not likely to become ill from eating too much salt if they have plenty of fresh drinking water close to the salt.

The New York Police Department reports that more than 80 percent of the serious juvenile delinquents have no religious affiliation for either the offender or his parents.

If fat in a frying pan catches on fire, smother it with wet towels. Never pour water on it for water makes the fat spatter and may spread the fire.

## Munday H. D. Club Meets Wednesday With Mrs. Sharp

The Munday Home Demonstration Club met in the home of Mrs. W. F. Sharp Wednesday, September 14th, with the president, Mrs. Joe Patterson, presiding. In the regular business session the council report was given by Mrs. Leland Floyd.

A report was also read on conditions in "The Wichita Falls State Hospital" which was visited in June by fifteen women from District 3. They reported 2600 patients there and that more appropriations are needed for this institution.

The agent, Miss Eugenia Butler, gave an interesting demonstration on storage space in kitchen cabinets.

A delicious refreshment plate was served to the following members: Mrs. J. R. King, Mrs. Nora Broach, Mrs. Otis Simpson, Mrs. Louis Cartwright, Mrs. Leland Floyd, Mrs. Joe Patterson, Mrs. J. C. Gollehon, the agent, Miss Butler, and the hostess, Mrs. W. T. Sharp.

The next meeting will be held in the home of Mrs. Otis Simpson on Thursday, September 29. All members are especially urged to be present.

Miss Quintna Wiggins of Wichita Falls spent the week here, visiting in the homes of Mr. and Mrs. J. Weldon Smith and Mr. and Mrs. Moulton Wiggins.

## Wesleyan Service Guild Meets In Joel Massey Home

The Wesleyan Service Guild of the Methodist Church met with a social in the home of Mr. and Mrs. Joel Massey last Monday evening. Co-hostesses were Mrs. I. V. Cook, Mrs. Levi Bowden and Mrs. Bill Gaither.

Guests at the social were the husbands of the Guild members. A picnic supper with fried chicken and all the trimmings was held in the back yard of the Massey home.

Those to attend were: Mr. and Mrs. O. H. Spann, Rev. and Mrs. R. L. Butler, Mr. and Mrs. R. J. Penick, Mr. and Mrs. James Gaither, Mr. and Mrs. Bob Hicks, Mr. and Mrs. E. L. Ponder, Mr. and Mrs. J. Weldon Smith, Mr. and Mrs. Joe Gliddens, Mr. and Mrs. Joe Bailey King, Mr. and Mrs. J. H. Bardwell, Mr. and Mrs. J. C. Harpham, Mrs. C. P. Baker, Mrs. A. H. Mitchell, Mrs. Robert Green, Miss Merle Dingus, Miss Ruth Baker, Miss Florence Gaines, Bill Gaither, and I. V. Cook.

The next meeting of the Guild will be held on Monday night, September 26th, in the home of Miss Ruth Baker.

Miss Jeanette Partridge has returned to Beaumont after visiting her parents, Mr. and Mrs. R. C. Partridge, during the summer. She is teaching in the Beaumont schools.

## Our Citizens Of Tomorrow

Pictured in this group are, left to right, top row: Larry, son of Mr. and Mrs. Ernie Reynolds, Munday; Carolyn, daughter of Mr. and Mrs. Eugene Michels, Munday; son of Mrs. Lona Caddell, Munday.

## Hines Reunion Held Recently In Park In Abilene

A family reunion was held Sunday, September 18th, in honor of Mr. and Mrs. A. W. Hines of Rising Star at the Abilene Park.

A large group of relatives and friends spent the day and a wonderful time reported. A nice basket lunch was served and a number of pictures were taken.

Those present were: Mr. and Mrs. A. W. Hines and Bobby, Mrs. Minnie Leslie, Mr. and Mrs. W. A. Edwards, Gerald, Carolyn, and Eddie Lou of Rising Star, Mr. and Mrs. Allen Hines, Judy and Jerry Don, Mr. and Mrs. A. J. Hagan, Alvey J. Jean and Joseph, Mr. and Mrs. C. P. Hines, Mr. and Mrs. Robert Hines of Munday, Mr. and Mrs. Carrol Belcher and Carole Rae of Knox City, Mr. and Mrs. J. H. Havner, Patricia, Charisee and Georjean and a number of friends from Winters.

All enjoyed the day, but were sorry one son out of the nine children were unable to be there. He is James Hines of Los Angeles, California.

## Women Of Goree Methodist Church Meet On Monday

The women of the Methodist Church of Goree met Monday, September 12th, in the church auditorium to begin the year's study.

Those present were optimistic over the interest evidenced. All other women of the church who can do so, are asked to meet with them in a social and business meeting in the home of Rev. and

## Patsy Peek And Charles E. Howeth Wed September 17

Miss Patsy Peek and Charles Edwin Howeth were united in marriage on September 17th at the Church of God in Munday, with Rev. Lightfoot, officiating. The bride was dressed in a grey suit with black accessories. Mrs. Howeth is the daughter of Mr. and Mrs. Howard Peek of Goree and attended the Munday school. Mr. Howeth is the son of Mr. and Mrs. Tom Howeth of Munday.

The couple will make their home in Munday where Mr. Howeth is employed.

## J. C. Campbell And Mrs. Nell Hardin Marry September 11

On Sunday, September 11th, Mrs. Nell Hardin of Munday became the bride of J. C. Campbell of Munday in a quiet ceremony performed in the parsonage of the First Baptist Church in Jacksboro. The ceremony was read by Rev. Bilby, pastor of the church, at 8:45 p. m.

Mrs. Campbell wore a grey crepe dress with black accessories and a hat of American beauty. Her corsage was of American beauty rose buds.

After a short wedding trip to Mineral Wells, the newly weds have established residence in Munday where Mr. Campbell is connected with the Campbell Variety Store.

J. K. Jackson was called to Oklahoma last Sunday to attend the bedside of a sister who is ill.

Mr. and Mrs. R. C. Partridge returned home last week from points in Louisiana, Arkansas, and Mississippi, where the visited with friends for several days.

## Goree Bible Class Meets Monday In B. Coffman Home

The Goree Bible Study Class met Monday night, September 19th, in the home of Mrs. Buster Coffman.

The program opened with the songs, "Take Time To Be Holy" and "Lead Me Gently Home." Prayer was led by Ruth Hutchens. A review of the book, "Ra-

diant Heart", was given by Mrs. C. W. Powell. A delicious refreshment plate was served to the following members: Mrs. James Carver, Mrs. Sam Allgood, Mrs. Clyde Taylor, Mrs. Mac Tynes, Mrs. Everett Gaither, Mrs. Walter Coffman, Mrs. Ruben Bates, Mrs. Billie Hutchens, Mrs. Clarence Powell, and the hostess, Mrs. Buster Coffman. The next meeting will be Oct. 3rd in the home of Mrs. Clarence Powell.

### MORROW'S FRUIT STAND

## Goree News Items

Mr. and Mrs. Dorse Rogers and son, Bill, returned home Sunday from Arkansas where they attended the funeral of Mrs. Rogers' father, E. L. Jones, who passed away at his Cane Hill home Thursday, September 15th, after a lingering illness.

Funeral services were conducted in Fayetteville Saturday. Mrs. Rogers, Mrs. Evan Roberts, of Memphis and E. L. Jones and family of San Angelo had been at the bedside for some ten days before his passing.

Ira Stalcup underwent surgery in the Westside Clinic Hospital Wednesday. Reports are that he is doing fine. Mrs. Stalcup was with him for the operation; she also visited her brother, J. M. Edwards of Seymour, who underwent surgery about a week ago in the same hospital.

Mr. and Mrs. Gene Bingham of Lubbock and Mrs. Myra Bingham of Wichita were Goree visitors Tuesday.

Miss Burnice Goode, Mrs. Cliff Moorman and Mrs. Elizabeth

#### GLAMOROUS BAGS!

The seashore offers all sorts of colorful scenery for summer vacationers. Here is one of the more interesting views—a beautiful girl wearing a gay beach costume made, believe it or not, of cotton feed and flour bags. The National Cotton Council says that cotton flour bags provided the fabric for the swim suit, while feed bags supplied the striped beach coat and sash.

Cowsar visited Mrs. Garland Thiebaud in the Haskell hospital last Thursday. Although Mrs. Thiebaud has been quite ill, it is hoped that she will return home by the time this paper is published.

Mrs. Joe Jones and daughter and Mr. and Mrs. Orville Porkay of Wichita Falls visited their parents, Mr. and Mrs. E. V. Shackelford the past week.

Mrs. C. T. Moorman of Gorman visited Mr. and Mrs. Cal Moorman and Mr. and Mrs. Cliff Moorman, the past week as she was enroute to Oklahoma to visit other relatives. Mr. and Mrs. W. D. Harper of Gorman were also visitors in the Moorman homes.

Mr. and Mrs. Clarence Jones and Johnnie are visiting points in California this week.

Cotton gathering is in full swing again after being stopped last week by five inches of rain in this vicinity.

## LOCALS

Mr. and Mrs. E. M. Clement of Borger and Mr. and Mrs. "Bunk" Knox and two daughters of Seymour visited in the home of Mr. and Mrs. Aaron Edgar last Thursday night.

Miss Mattie Sue High of Nashville, Tennessee visited with her aunt and uncle, Mr. and Mrs. T. C. Merrell, last week end. Miss High is a teacher in Scarritt College in Nashville.

Walter Medley of Santa Rosa, New Mexico, spent the week end with his sister and husband, Mr. and Mrs. A. B. Warren.

Mr. and Mrs. Jim Price and Mr. and Mrs. Vernon E. Spaeth of Fort Worth spent the week end in the home of their parents, Mr. and Mrs. T. A. Walker.

Ed Lahn, employee of the Munday Lumber Co. was taken to the Knox County Hospital for treatment last Tuesday. Reports are that he is improving.

Mrs. Evla Claxton spent the past week end in Wichita Falls where she attended a hair style show and banquet for beauty operators.

We are preaching from the gospel of Matthew, the gospel of the King and His Kingdom. If you will read this book, it will prove a great blessing to you.

## LETTERS FROM THE PEOPLE

### SUGGESTS ROUND ROBIN FOR ALL EX-STUDENTS

The Munday Times.  
I have just finished reading the letter from Mrs. Pearl Gischler and it made me stop and think just how far apart people can drift.

I sometimes wonder where all of my classmates of the graduating class of 1941 are at the present time. I think a class reunion would be a wonderful thing, but for some of us Munday would be quiet a distance for only a few days get together.

I read the Munday Times every week and by so doing find out where some of my classmates are, but what of those who are never mentioned? They are the ones I wonder about.

Why not start a "round robin?" At the bottom of this letter I am giving my name and address, if some of my classmates have had the same pang of wondering where the old gang is, then all they have to do is drop me a few lines and send me the addresses of any of the class with whom they have been in contact.

I will write a letter to one of those, inclosing the letter I have received. The "Round Robin" is thus started, and if kept going, should bring the class together even if only by mail.

If more people tried this method of keeping in touch with others, there would be

### CARE OF CALVES

Calves need plenty of fresh water and salt, all older animals do, and these essentials should be kept within easy reach of the youngsters at all times. Calves watered only once a day may drink more than is good for them.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. Clarence Herring of Munday are announcing the arrival of a son born on Saturday, September 17th, at the Knox County Hospital. The little boy has been named Ricky Leon. Mother and little son are doing nicely.

Mr. and Mrs. J. E. Bicknell of Dallas and Mr. and Mrs. Johnnie Pruitt, Wichita Falls, visited in the C. F. Suggs home awhile Sunday evening.

Mr. and Mrs. Mahlon Boggs visited relatives in Memphis, Sundown, Lubbock and other points on the plains several days during the week.

Mr. and Mrs. J. Arthur Smith and daughter, Peggy, of Lorenzo, visited with friends here the first of this week.

Mrs. Dale Williams of Plainview came in Monday for several days visit with relatives and friends.

Mrs. E. G. Darter and baby son of Anson are visiting relatives in Munday this week.

fewer forgotten people in the world. None of us truly ever forgot the guys and gals we went to school with, but few of us ever remember strongly enough to want to know what has become of them.

Sincerely,  
Mrs. F. L. Barnett  
(Allene L. Jungman)  
3714 Verde St.  
Riverside, Calif.

## Domestic SEWMACHINES

Features you'll think were especially designed to help you with your next sewing project. High fashioned dresses, children's clothes, curtains, drapes, mending, darning—all are easier and more fun to do on a Domestic Sewing Machine. Come in and see and try these features for yourself.

### HERE'S HOW THESE FEATURES HELP YOUR SEWING

1. FOUR POINT FEED—Assures straight stitching.
2. HINGED PRESSER FOOT—Lets you sew over basting pins.
3. DIAL TENSION CONTROL—For accurate tension adjustment.
4. FINGERTIP PRESSURE RELEASE—Lets you darn and mend without attachments.
5. BUILT-IN SEWLIGHT—Lightens your sewing. Prevents eye strain.
6. REVOLVING SPOOL PINS—Prevents tangled or broken threads.
7. WIDE UNDER-ARM SPACE—Lots of room for curtains, drapes.
8. AUTOMATIC BOBBIN WINDER—Disengages when bobbin is properly filled.
9. FORWARD AND BACKWARD SEWING—Tack corners without stopping machine.
10. DIAL STITCH-LENGTH REGULATOR—The right stitch for every garment.

## LOOPHOLES in the Law

By WILL WILSON  
Past President, Texas District  
and County Attorneys Association

(Editor's Note: This is one of a series of short case histories, all taken from court records, showing how legal loopholes often enable criminals to escape punishment in Texas. Will Wilson, of Dallas, is chairman of a special steering committee of the State Bar, which is working for revision of the antiquat-

ed Criminal Code and Code of Criminal Procedure in order to eliminate these loopholes.)  
chine racket in one of Texas' larger cities where gambling is prevalent was very unhappy when law enforcement officers raided his warehouse and confiscated 150 of his one-armed bandits. He was indicted for keeping and exhibiting slot ma-

## Spare The Gas And Save The Child Is New Safety Slogan

AUSTIN—Texans are urged to "spare the gas and save the child" in a statewide campaign launched by the Texas Safety Association against traffic accidents to school-age children.

"No matter how much safety education a child has had drilled into him," says George Clarke, Managing Director, "the fact remains that it's largely up to the motorist whether the child lives or dies."

The Association pointed out that home training and school lessons are extremely valuable in impressing youngsters with the dangers of playing in the street and crossing between intersections. But on the other hand, the Association warns, a child in the heat of play quickly and easily forgets the lessons

chines for the purpose of gambling.

The Texas law prohibiting slot machines provides that the machines must be actually exhibited and accessible to players before there is a violation of the law. It was held that the slot machines stored in the warehouse were not being used or exhibited, and thus the law was not violated.

This places an added obstacle in the way of law enforcement agencies. They have great difficulty in stopping the traffic in slot machines when they can confiscate and prosecute only when the machines are actually exhibited. This is a legal loophole that ought to be plugged up.

If the State Bar of Texas succeeds in its efforts to bring about revision of Texas' criminal statutes, criminals will find it more difficult to escape punishment for their misdeeds, and society will receive more adequate protection.

that he has learned, so the bulk of the responsibility falls upon the driver.

Clarke told motorists they can save child life by following these rules:

1. Regard every child on the street as a flashing "caution" sign.

2. In school zones, residential district and near playgrounds, be especially watchful for children and expect the unexpected at all times.

3. Give bicycles a wide berth. Inexperience, a poor sense of balance, holes in the road, or just sheer childish absent-mindedness can place the rider directly in your path without warning.

4. In residential districts, particularly, be on the alert at driveways and intersections for tricycle riders, skaters, scooter riders.

The Texas Safety Association is sponsoring the school safety campaign as part of a continuing traffic safety program in cooperation with the Texas Congress of Parent-Teachers and other groups.

Mr. and Mrs. Winston Blacklock and Mr. and Mrs. A. E. Richmond, I. V. Cook and Aaron Edgar were among those who attended the H-SU-North Texas football game at Abilene last Saturday night.

Mr. and Mrs. Virgil Yost and Mrs. Ida Bryan were visitors in Wichita Falls last Sunday. They visited Pete Beecher, who underwent surgery last Friday.

Mr. and Mrs. R. C. Henry of Floydada spent the week end with Mr. Henry's sister and husband, Mr. and Mrs. C. P. Baker.

Mrs. Karl Harbin and children, Linda and Tommy of Abilene spent Saturday with Mrs. Tom Wood and other relatives.

It Pays To Advertise

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
M. D., State Health Officer  
of Texas

AUSTIN—Undulant or Malta fever, a disease contracted from cattle, goats or sheep which are infected with contagious abortion, is being reported sporadically throughout Texas and the nation, according to Dr. Geo. W. Cox, State Health Officer. This indicates Malta fever to be a public health problem and the attendant need of more general recognition by the public to the disease.

Undulant fever is so called because of the wave-like variations in temperature. The symptoms include rise in temperature, loss of weight and strength, chills, sweats and joint pains. The disease has rather a slow mortality rate, but important because symptoms may persist for a number of weeks or even months before normal health and strength are restored.

In Texas, the goat, horse and cows are the usual spreaders of this disease. The germs of undulant fever enter the body through the mouth or skin. Therefore, care should be used in handling animals known to be infected and dairy products from the same sources should be pasteurized, if used. More men acquire this disease than women and adults seem more likely to have it than children. More cases are found in the rural areas than in the cities.

The true prevention of undulant fever is based upon the detection of the disease in livestock and the elimination of infected stock from the herds. Dairy herds should be tested for *Bacillus abortus*. This is a task that cannot be accomplished in a short time. Pasteurization of milk will prevent the spread from this source.

Rabbi Maimon, minister of religion for Israel, has asserted that the government "will not exercise compulsion over the religious observance of its citizens." There had been some fear that Israel would become a theocratic state.

The good range grasses will produce from two to five times as much forage as the poor invader grasses and the more good grass you can grow per acre means more meat per acre.

Honey bees are worth 15 to 20 times more for their pollination service than for the honey and wax they produce.

# FARM NEWS

from the County Agricultural Conservation Committee

## FARMERS HAVE REGISTERED PAST APPROVAL OF QUOTAS

Mounting supplies of several basic farm crops have aroused interest in the attitude of farmers toward marketing quotas. The quotas have been provided by legislation as a means of encouraging orderly movement of crops to market by limiting the sale of the commodity during the marketing year and dividing the available market proportionately among the growers of the crop.

B. F. Vance, Chairman of the State Production and Marketing Administration Committee, says the record shows that the farmers in the past have generally expressed approval of quotas.

Authorized in February 1938 under the Agricultural Adjustment Act of that year, marketing quotas were first voted on by the growers the following month. During that month, March 1938, referendums were held to determine whether quotas should be

used in marketing crops of cotton and three types of tobacco. In each case, growers approved quotas by far more than the required two-thirds majority. For cotton, 92.1 percent of the growers voting approved quotas. Tobacco growers approved quotas by 86.2 (flue-cured) and 80.6 (fire-cured and dark air-cured) percent. In April 1938, burley tobacco growers approved quotas by 87.1 percent.

The only votes registering disapproval of marketing quotas were held in December 1938. At that time, quotas for rice and for flue-cured, fire-cured and dark air-cured, and burley tobacco were disapproved by votes of 48.2, 56.8, 60.4 and 59.4 percent respectively.

Since 1938, tobacco quotas have been approved regularly, in 1939 and then at 3-year intervals. Beginning in 1940, growers could vote on tobacco quotas for 3 successive years or for 1 year, as they chose. The most recent referendum—held in July 1949 for flue-cured tobacco—approved quotas by 97.7 percent. The highest vote approving quotas—98.3 percent—was in 1946, for flue-cured tobacco.

In 1941 and 1947, referendums approved 3-year quotas for peanuts. Cotton quotas were approved in referendums held each year 1938-42. Wheat quotas were approved in both referendums on the question, in 1941 and 1942. No vote has been held on quotas for corn, and no vote since 1938 has been held on rice quotas.

Wheat quotas were approved in both referendums on the question, in 1941 and 1942. No vote has been held on quotas for corn and no vote since 1938 has been held on rice quotas.

Quotas already approved by farmers have been suspended in four instances—for wheat in February 1943, for cotton in July 1943, for dark air-cured and fire-cured tobacco in August 1943, and for peanuts in January 1948. Quotas were proclaimed in August 1942, for the 1943 wheat crop but called off before a referendum was held. During the war, quotas were used only on tobacco. Quotas are at present in

effect for 1949 crops of peanuts and four types of tobacco. Quotas have already been approved for 1950 crops of peanuts, flue-cured, fire-cured and dark air-cured tobacco.

While Secretary of Agriculture Charles F. Brannan announced that marketing quotas would not be proclaimed for the 1950 wheat crop, the necessary determinations for some of the other crops have not yet been made.

The Secretary is directed to proclaim quotas when total supplies of a crop exceed specified levels. These are: The normal supply for cotton; the normal supply plus 10 percent for rice; the normal supply plus 5 percent for tobacco. Should quotas be found necessary for these 1950 crops, the Secretary would have to proclaim quotas by October 15 for cotton, December 31 for rice, and December 1 for burley tobacco. Referendums on the question would have to be held by December 15 for cotton, and within 30 days after the proclamation for rice and for tobacco.

## 1950 ACP TO AID IN SOLVING CONSERVATION PROBLEMS

Any farmer of Knox county who has had trouble holding the top-soil on his farm or in keeping up the fertility of his land, may find that the Agricultural Conservation Program provides the assistance necessary to help solve the problem.

Emmett Partridge, Chairman of the Knox County Agricultural Conservation Committee, says the 1950 Agricultural Conservation Program will be available soon. The 1950 program provides additional funds for use in assisting farmers in conserving the Nation's soil and water resources. The limit on the amount of assistance to an individual farmer has been increased from \$750 for 1949 to \$2500 under the 1950 program.

Mr. Partridge said that most farmers cooperating in the program receive less than \$100. But this small amount of assistance often makes it possible for a farmer to carry out the conservation practices which keep his farm from going to pieces, and which start it on the way to be-

coming a better and more productive farm.

Because of the national interest in conserving soil and water as the source of the Nation's food and fiber supply, assistance is provided under ACP to farmers who cooperate in carrying out soil-saving and soil-building practices. Cooperating farmers have to put up their share of the cost of conserving practices. The average is about 50 percent of the "out-of-pocket" cost of the practice. Through this program farmers and all the people, through the government, share in protecting the soil against erosion, in conserving water, and in building up the productivity of the land so that the Nation may continue to enjoy a balanced abundant production. In this way, farmers are helping to strengthen the Nation and protect the welfare of its people, as well as to make their own life on the farm more secure, Partridge said.

Mr. and Mrs. Joe D. Williams of Ozona visited in the home of Mrs. Williams' parents, Mr. and Mrs. J. E. Reeves, the latter part of last week.

Mr. and Mrs. J. E. Reeves, Jr. of Lubbock visited their parents, Mr. and Mrs. J. E. Reeves and Mr. and Mrs. R. D. Atkinson the latter part of last week.

Mr. and Mrs. H. H. Bledsoe and Mr. and Mrs. Charles McCauley attended the H-SU-North Texas football game in Abilene last Saturday night.

Lee Haymes returned home last week from Eastland where he had been visiting with Mr. and Mrs. Mac Haymes for some three weeks.

Steve Harrison of San Antonio is here visiting relatives and friends in Haskell and Munday. He will leave the latter part of this week for Enid, Oklahoma, where he will be stationed with the air corps.

P. V. Williams spent the first of this week in Dallas, booking coming attractions for the Roxy and Roy theatres.

## JOHN DEERE No. 15 Two-Row Cotton Harvester

You'll make short work of harvesting cotton . . . slash expenses to a fraction of hand-pulling costs when you own a John Deere No. 15 Two-Row Cotton Harvester.

The John Deere does an excellent job of harvesting any cotton that is suitable for mechanical snapping. Stripping two 40-inch rows at a time after defoliation, the John Deere does a once-over job, saving more cotton than the average hand-puller. Harvested at the same time, cotton pulled with the No. 15 grades as high as that picked by hand.

Be sure to stop in soon and let us tell you more about this time- and money-saving two-row cotton harvester.

## THE Sad STORY OF TEN LITTLE FREE WORKERS

(It is later than you think . . . it can happen here!)

THESE ARE THE WORKERS  
REDDY DOCTOR RAILROADER MINER STEELWORKER FARMER LAWYER GROCER SALESLER REPORTER

Ten little free workers in this country live and fair.  
But if you cherish your freedom—worker have a care!  
Ten little free workers—Reddy was doing fine  
Until the socialists got him—then there were nine

Nine little free workers laughed at Reddy's tale  
Along came federal medicine—then there were eight.

Eight little free workers thought this country heaven  
But the government took over the railroads, then there were seven.

Seven little free workers—till the miners got in a fix  
Uncle said coal's essential and took over leaving six.

Six little free workers till the day did arrive  
The steel mills too were federalized—then there were five.

Five little free workers—but the farmers are free no more  
The farms have been collectivized—that leaves only four.

Four little free workers till the government did decree  
All must have free legal advice—then there were three.

Three little free workers—the number is getting few,  
But with government groceries selling food—then there were two.

Two little free workers—our story's almost done,  
With clerks at work in federal stores—that leaves only one.

One little free worker—the reporter son-of-a-gun  
Mustn't criticize government—so now there are none.

Ten little workers—but they are no longer free  
They work when and where ordered, and at a fixed rate you see,  
And it all could have been prevented if they'd only seen fit to agree  
And work together instead of saying "it never can happen to me!"

Does the fear of punitive action of government bureaucracies prevent your action in defense of the freedoms for which our forefathers toiled and fought . . . or is such action just too much personal trouble?

## Good Varieties Of Wheat Pay Large Profits

In a short time, grain drills will be a common sight throughout much of the Texas wheat belt. Acreage planted will of course depend on the size of wheat acreage allotments. The importance of planting only good quality varieties cannot be overstressed.

E. A. Miller, extension agronomist of the Texas A. & M. College System, advises wheat growers to plant only those varieties that have good baking qualities as well as good yielding ability. Since the new improved varieties are good yielders, there is no longer any need for planting varieties with poor baking quality which are trouble makers on the market, he adds.

Most of the flour goes into commercial bakeries and they demand flour with which they can make the kind of bread that consumers desire.

The recommended varieties in the main wheat area of Texas are Westar and Comanche for bakers flour. Wichita and Triumph are best for family trade flour. Also, excellent quality varieties are Tenmarq and Turkey, but they are not as good yielders as Westar and Comanche.

In central Texas, the Austin variety which is more rust resistant is well adapted, while in south Texas the new variety called Seabreeze has done well, especially for grazing. However, seed of the latter is still scarce, says Miller.

Texas formerly had a reputation for fine quality wheat which was in demand because it was nearly all of good baking varieties. Unfortunately, some varieties with poor baking quality, which were brought in from other states, have caused Texas to temporarily lose its good reputation for high quality wheat. This has resulted in some mills shipping in good quality wheat from the northern states to meet the keen competition and demand for good flour, says Miller.

The situation is now changing fast. Surveys made by the Texas-Oklahoma Wheat Improvement Association show that approximately one and a quarter million more acres in Texas were planted to good quality wheat varieties for harvest in 1949 than in 1947. Texas, as a whole, showed a 25.1 percent improvement in acreage of the better varieties.

This, according to Miller, is indeed a fine showing and should bring dividends to the wheat growers of Texas in regaining their reputation for good quality wheat.

## Legal Notice

### THE STATE OF TEXAS

To the unknown heirs and legal representatives of Mrs. M. V. Durham, deceased, all unknown heirs and legal representatives, and all unknown persons having or claiming any interest or lien in the hereinafter described land. Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M., of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 17th day of October, A. D. 1949, at or before 10 o'clock A. M., before the Honorable District Court of Knox County, at the Court House in Benjamin, Texas.

Said plaintiff's petition was filed on the 3rd day of September, 1949. The file number of said suit being No. 4729.

The names of the parties in said suit are C. E. Durham, as Plaintiff, and the unknown heirs and legal representatives of Mrs. M. V. Durham, deceased, all unknown owners, their unknown heirs and legal representatives and all unknown persons having or claiming any interest or lien in the hereinafter described land; as Defendant.

The nature of said suit being substantially as follows, to-wit: A suit to try title, and damages concerning all of Lots No. One (1) and Two (2) in Block No. Twenty-nine (29), of the Original Townsite of Knox City, Knox County, Texas, as shown by the map or plot of said Townsite, on file in the office of the County Clerk, Knox County, Texas.

Issued this the 3rd day of September, A. D., 1949.

Given under my hand and seal of said Court, at office in Benjamin, Texas, this the 3rd day of September, A. D., 1949.

OPAL H. LOGAN, Clerk, District Court, Knox County, Texas 7-4c

## Haskell Plans Annual Fair; To Open October 6

Final plans for the twenty-fifth renewal of the Central West Texas Fair which is to open in Haskell on October 6-8, are being completed this week according to officials and department heads of the association.

Buildings and grounds are being placed in condition for the opening day which is expected to be the largest single day in the Fair's history. School children of the area will be admitted free on that day, and several area schools have indicated they will dismiss classes.

The parade, always a colorful event of the past, will officially open the Fair at noon on Thursday, October 6. Advance entries for the parade indicate a spectacular array of high school and college bands, decorated floats, horses and riders, and school pep squads that will make this West Texas' finest parade.

Advance requests for exhibit space this year have exceeded those of past years, and one of the largest assortments of agriculture, livestock, culinary, textile, art, hobbies, curio, and poultry will be on display at this year's exposition.

Expected to lead the show will be exhibits of the area's 4-H and F. F. A. Clubs. Elaborate displays will depict the work and development of the various clubs who will compete for increased premiums this year.

Plans were completed this week for an expanded automobile and implement show that will display the latest farm equipment and the newer models of all makes of automobiles.

Open competition in the various divisions of the Fair will attract entries from over the state, and officials are utilizing every available space to take care of the expanded program.

A major event this year will be the Horse Show with judging of quarter horses on Oct 6 and the Palomino division on October 7.

Included for the second year will be the Special cowboy events

At the meeting of the World Baptist Youth Congress in Stockholm, there were 1350 registered from 23 countries. There were no representatives from Russian dominated countries. Three Spanish Baptist were denied exit permits to attend the Congress. Joel Sorenson, newly elected youth secretary of the Alliance will take office on January 1, 1950. For the first year, his headquarters will be in Stockholm.

which will include junior cowboy and cowgirl contests, and senior cutting horse, roping and reining contests.

On the midway will be one of the largest carnival attractions ever presented by the Fair.

When laying hens become infected with Newcastle disease, egg production declines rapidly; egg size is markedly reduced and many are odd shaped. The shells are thin and sandy; the albumen is thin and watery in most of the freshly laid eggs and many contain loose, bubbly air cells.

The registration for the Falls Creek Baptist Assembly, Oklahoma, reached 15,739, a new record set for this annual 10-day youth encampment.

A special committee of the United Nations has approved a plan to open and close each annual session with a minute of silent prayer.

Be careful. Obey state and local traffic rules.

# WHY THE MISSOURI PACIFIC RAILROAD STRIKE?

Over twenty years ago, the Congress of the United States passed the Railway Labor Act. It was hailed by union leaders as a model for the settlement of labor disputes.

**THE LEADERS** of the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen, Order of Railway Conductors, and the Brotherhood of Railroad Trainmen on the Missouri Pacific Railroad have refused to avail themselves of the peaceful means provided by this Act for settling their disputes. They insist that they be the sole umpire of their own disputes over the meaning of contracts.

**There is no Need for Strikes**  
With all of the available methods for the interpretation of contracts, there is no need for a strike or even a threat of a strike, but the leaders of these railroad unions have ignored the ordinary procedures established by law and insist upon imposing their own interpretations of their contracts by means of a strike.

The wheels have stopped rolling on the Missouri Pacific. They may stop rolling on other railroads at any time. Recently the Wabash Railroad was forced to discontinue operation for several days under similar circumstances.

**What are These Strikes About?**  
These strikes and strike threats are not about wage rates or hours. They result from disputes over the meaning of existing contracts. They cover, for a full day's pay for less than a day's work, or for payment for services performed by others who were fully paid for the work done.

### President Truman's Board Condemns Strike

There is an established legal method for handling disputes involving existing written contracts—just as there is such a method of settling any contract dispute which you may have in your daily life.

The President of the United States appointed a Fact Finding Board to investigate and adjust the Missouri Pacific dispute. This Board reported, in part, as follows:

"... it is with a deep sense of regret that we are obliged to report the failure of our mission. It seems inconceivable to us that a coercive strike should occur on one of the nation's major transportation systems, with all of the losses and hardships that would follow, in view of the fact that the Railway Labor Act provides an orderly, efficient and complete remedy for the fair and just settlement of the matters in dispute. Grievances of the character here under discussion are so numerous and of such frequent occurrence on all railroads that the general adoption of the policy pursued by the organizations in this case would soon result in the complete nullification of the Railway Labor Act..."

Obviously the railroads cannot be run

efficiently or economically if the leaders of the unions ignore agreements or laws.

### Provisions of the Law which are Disregarded

There are five ways under the Railway Labor Act to settle disputes over the meaning of contracts:

- 1—Decision by National Railroad Adjustment Board.
- 2—Decision by System Adjustment Board for the specific railroad.
- 3—Decision by arbitration.
- 4—Decision by neutral referee.
- 5—Decision by courts.

The Missouri Pacific Railroad has been and is entirely willing to have these disputes settled in accordance with the requirements of the Railway Labor Act. Regardless of this fact, the union leaders have shut down that railroad.

### Innocent Bystanders Suffer Losses and Hardships

There are about 5,000 engineers, firemen, conductors and trainmen on the Missouri Pacific. They are known as "operating" employees, and are the most highly paid of all employees on the nation's railroads, but their strike action has resulted in the loss of work to 22,500 other employees of the Missouri Pacific. In addition, they have imposed great inconvenience and hardship upon the public and the communities served by that railroad.

The Railway Labor Act was designed to protect the public against just such interruptions of commerce.

If these men comply with the provisions of the law for the settlement of such disputes, then all thinking Americans must face the question, "What is the next step?"

### Defoliation Of Cotton Is Planned By Many Farmers

Cotton has made exceptionally good growth in most sections of the State this year. Right along with a heavier set of bolls there has been a rank growth of leaves. Many cotton growers are turning their attention to cotton defoliation—that is, using chemicals to make the leaves fall off so cotton will mature faster and be easier to pick.

The chemical which has been used the longest and has given good results is finely ground calcium cyanamid (SI-AN-AM-ID), according to M. K. Thornton, extension agricultural chemist of the Texas A. & M. College System.

Thornton says cotton should be dusted with calcium cyanamid at the rate of 30 to 35 pounds per acre. It can be dusted from airplanes or with ground dusting machines. Early in the morning, while dew is still on the leaves, is a good time to dust,

says Thornton, or after a rain while the air is still moist. He adds that defoliation is likely to be a failure if dusting is done during extremely dry weather or when there is dew on the cotton leaves.

A spray of ammonium thiocyanate (THI-O-AN-ATE) dissolved in water and applied at the rate of 10 pounds per acre gives good results in drier sections of the state. This spray has not been tested thoroughly under Texas conditions and therefore cannot be definitely relied upon.

Removing leaves from cotton has several advantages. It makes picking easier—whether it's done by hand, by spindle picking machines, or mechanical strippers. There is less leaf stain on lint bolls open more uniformly and earlier. And there's less green-stuff left for boll weevils to live on.

Thornton suggests that you see your county agricultural agent for more information on chemical defoliation of cotton.

Dr. D. C. Eiland was a business visitor in Dallas Wednesday of this week.

Mrs. Ressie Harper is visiting relatives in San Antonio this week.

Livestock health authorities estimate that cecal coecidiosis causes the death of between 12 and 20 per cent of all chicks hatched in the United States.

### ATHLETES FOOT GERM CORNER DRUG TELLS HOW TO KILL IT

The germ grows DEEPLY. You must REACH it to make the kill. Use a strong PENETRATING fungicide. T-4-L, made with 90 per cent alcohol, reaches MORE germs. If not pleased IN ONE HOUR your 40c back from any druggist.

### PRISON RODEO CLOWNS

You'll see these clowns and "Sweetpea" their pet skunk at every performance of the Texas Prison Rodeo held every Sunday during October in Prison Stadium at Huntsville, Texas. It is generally recognized as the wildest, fastest rodeo in the world with the most savage outlaws of the range pitted against the rugged, reckless outlaws of the Texas Prison System.

### Entertainment And Comforts Of Home Provided At Fair

Visitors to the air-conditioned Natural Gas Building during the State Fair of Texas in Dallas, October 8-23, will be provided with entertainment and all the comforts of home while viewing a spectacular display of ranges and other modern gas appliances with automatic features designed to bring a "better standard of living" through maximum efficiency and economy of operation.

Spacious lounges with comfortable chairs and clean rest rooms and free ice water will be available to guests. Entertainment will be provided by Organist Frank Norris who will present concerts at regular intervals during the day and night.

The exhibit will include two "New Freedom Gas Kitchens", each distinct in design and with special features of comfort and convenience. Both kitchens will be complete in every detail, from the gas range and refrigerator with the latest developments for efficiency, down to the new floor coverings.

The kitchens will accent color. They will include the "Pink Perfection Kitchen" for small homes by interior decorators of the Ladies Home Journal magazine, and the "Holiday Kitchen" by interior decorators of the American Gas Association. The latter is particularly adapted to large homes.

"The Miracle of Cold from Heat" may be seen at a dramatic exhibit of gas refrigerators. Dozens of other colorful exhibits will show new uses, new beauty and new conveniences provided by gas ranges, water heaters, vented heating equipment, clothes dryers and dish washers, all with automatic features. Also on display and in actual operation to bring comfortable temperatures to the exhibit building will be air conditioning units that employ the same gas flame to produce either cooling or heating by the flick of a tiny switch.

The Natural Gas Building is about a block southeast of Fair Park Auditorium and may be located by a 70-foot tower atop of which is a giant simulated blue flame, with "GAS" lettered out on four sides in neon lighting.

### "UNTO ONE OF THE LEAST OF THESE"

The long hand of Christian love has reached all the way from Saint Louis, Missouri to South America to bring mercy and healing to thirteen-year-old Rudy, a slender, deeply-tanned, Spanish-speaking boy of Barranquillit, Columbia.

Rudy—or Rodolfo Guterrez, if you want his whole name—is in Saint Louis for a very rare heart operation, the kind that will bring health to his thin body. Rudy was born a blue baby.

The operation is to be paid for by the Baptist churches of Saint Louis and is to be performed in September in Barnes Hos-

pital by the eminent heart surgeon, Dr. Thomas H. Burford. Rudy made the long trip accompanied by Mrs. H. W. Schweinsburg, a Southern Baptist missionary to Columbia. His parents, members of one of the Baptist churches of Barranquilla, remained at home.

Rudy is very consecrated. Mrs. Schweinsburg says, and knows about as much about the Bible and any Intermediate boy

in this country, except, of course, his knowledge is all in Spanish. He also plays the violin.

One of his friends who came to see him just as he was leaving for the states asked Rudy, "What if the operation is not successful? What if you do not come back?" the boy answered, "They will be all right. I am in God's hands."
