

Kracker Krums Odd Bits Salvaged At Random

She tooted her last toot here Saturday.

And no more passengers will be hauled along the Wichita Valley line.

The toot of the doodlebug had been heard here for better than 18 years.

She came along here in 1931, if folks have their history right. She came to the Wichita Valley with the depression replacing regular steam passenger trains which made two runs a day from Abilene to Wichita Falls.

Then the automobile and better roads began to appear in greater numbers.

Folks living between Wichita Falls and Abilene found it more convenient to make trips to these points by auto or by bus.

The doodlebug was making one round trip per day, and that wasn't convenient for passengers who wanted to get there and get back.

So there's a decline in passenger business—in fact, it declined so much that very few passengers rode the doodlebug. The thing was too rough, anyway, they said.

Then came the move upon the part of the Burlington Lines to discontinue the doodlebug.

Only a few towns and citizens along the line offered protests, as a hearing was held in Seymour.

So Saturday, she started her last run. It was to be an uneventful trip, except that the doodlebug was making her last trip, and she was carrying more passengers who, for sentimental purposes, were riding her on her last run.

She came into Munday on time. We heard her toot as we were rambling off to work Saturday morning.

We heard her toot on the way back through along towards two o'clock in the afternoon. We supposed she was on time again.

We didn't go to the station. We were deeply involved in the printing business, trying to get out the yearbooks for the P-T. A.

But her last trip wasn't too uneventful. On the way down, she pulled into Abilene an hour and forty minutes late.

There were delays along the line. Down near Stamford, a cow decided to delay progress. It was the "last trip" for the cow, as well as the doodlebug.

When the smoke of battle cleared, there was one dead cow and one doodlebug that was 20 minutes off schedule.

A more serious accident occurred near Anson.

An auto and the doodlebug arrived at a crossing at the same time. Driver of the car went to an Abilene hospital, the car was demolished, the doodlebug was delayed an hour.

An Abilene man, W. H. Bland, was the last genuine passenger. He was returning home from Canada and boarded the doodlebug at Wichita Falls without knowing she was making her last run.

Walter Bevers, who remembers when the first train came thru Munday in 1906, said he would have ridden the thing to Haskell or Stamford—if it hadn't been Saturday.

But she's gone now. And possibly no more railroad history will the doodlebug or any other train offer passenger service on the Wichita Valley.

And what about our mail? Well, we're getting it every day.

Francis Pruitt of the Abilene Reporter-News has contracted to haul the mail via a van-sized truck, and a regular schedule is being maintained by Russell

Kids Pictures To Be Published In The Times

WOLTZ STUDIO TO AGAIN TAKE LOCAL PHOTOS TO BE PUBLISHED

The Munday Times today announces the forthcoming publication of a series of local children's pictures yet to be taken. Arrangements have been completed with the Woltz Studios of Des Moines, Ia., nationally known firm which specializes in children's photography for newspapers, to take pictures and furnish the engravings.

Expert children's photographers for the studios, with all necessary equipment for this specialized work, will be here Friday and Saturday, November 11-12. The studio will be set up at the Munday Hotel and will be open from 1 p. m. to 8 p. m.

In addition to publishing the pictures of all children photographed, the studio will award a beautiful prize to each of the four cutest children in this trading area. Beauty alone does not count—the studio judges will base their selections upon the child's personality and charm as portrayed in the picture. Every child is eligible—even two or three in one family!

There is no charge to the parents! There is absolutely no obligation to this invitation. There is no age limit. It is bonafide in every sense of the word. Parents do not have to be subscribers, nor even readers of this newspaper. Neither are they obligated to purchase pictures after they are taken. Those who want additional prints may obtain them by arrangements with the studio representative when they select the pose they want printed in the paper.

You will be mighty glad afterward, if you did, and very sorry if you do not permit your children to participate in this event. The kiddies will have much fun and both Mother and Dad—and the youngsters, too—will be very proud to see their pictures in print later; and remember, your child may win one of those four beautiful prizes to be awarded to each of the four cutest children photographed.

Struck Infant Is Buried On Monday

Audrey Nell Struck, infant daughter of Mr. and Mrs. Earl Struck of the Gillespie community passed away on Sunday at the Knox county hospital. The child was only three days of age, having been born on October 27.

Besides her parents, she is survived by two sisters, Andra and Avis Earl Struck, and her grandparents, Mr. and Mrs. A. C. Nichols of Vera.

Funeral services were conducted at the graveside by Rev. Hardy Bingham, pastor of the Gillespie Baptist Church, at three o'clock Monday afternoon. Burial was in Johnson Memorial Cemetery by the Mahan Funeral Home.

Mrs. J. B. Stevens, Mrs. D. E. Holder, Sr., Mrs. J. D. Crockett and Mrs. H. F. Jungman attended the Iceland show in Abilene last Tuesday

Scott Lake To Be Drained Will Reclaim 250 Acres Of Farming Land

And she won't hold no water no more!

Scott Lake, once the mecca for ardent duck hunters of this area, is just about to become better than 200 acres of very rich farming land, if plans of landowners are worked out to completion.

She's been farmed before, the lake has, but no one knows when the lake is planted if a crop will be harvested. Bumper crops have been inundated by waters that drain into the lake just before harvest time.

A project for draining the lake is being sponsored by the Soil Conservation Service in this area, with all the land owners cooperating. The project will bring into cultivation some 250 acres of land in and surrounding the lake.

Landowners interested in the project are C. R. and J. C. Elliott, who own 62 percent of the land involved; W. E. McNeill, F. A. Warren, J. A. Reid and W. A.

P. M. A. Committees Being Named By Farmers; Ballots Are By Mail

Mention Of Old Timer Appears In Daily Feature

Mention of an old times of Knox county appeared in the recent feature, "This Day In Texas," which is carried in the Dallas Morning News.

The article, submitted to the Munday Times by Ross Bates of Goree, is as follows:

It was on or about this date in 1882 that Uncle Bob Barton moved into the town of Benjamin bringing his store with him.

The newest location for the Barton mercantile establishment was some eighty-four miles from Wichita Falls.

The Barton General Store must have set some sort of record for moving around. Originally the building was constructed in Arkansas. Barton tore it down, loaded it on wagons and moved it to Jacksboro, Texas, where it was reassembled and ready for business.

Then, as the frontier moved westward and Uncle Bob felt the dige need of more elbow room, he dismantled the building a second time, loaded it on wagons and went toward the setting sun.

He picked the village of Benjamin, rebuilt his store and invited customers to look at his stock.

Thus his building stood in two states and three towns.

—CURTIS BISHOPP.

Fred Reddell, Jr. Buys Throp Store

Announcement was made Monday that Fred Reddell, Jr., has purchased the Thrup Grocery, which has been operated by A. J. Waldron for several years.

Mr. Reddell stated that he will continue to carry a complete line of groceries at the store, and he invites the continued patronage of all former customers. He asks those who have not been regular customers of the store to visit him for quality groceries.

Moguls Take 14-12 Victory From Roby

Coach David Green and his Moguls went a-visiting last Friday and returned home Friday night with a 14-12 victory over the Roby Lions in a hard-fought non-conference game.

Early in the second quarter, Munday back Melbourne Johnson started scoring activities when he went around right end from the 11-yard stripe for a touch-down. Scottie Ponder kicked the extra point.

The Lions came back in the same quarter on a drive from their own 30 to the Mogul's two-yard stripe. James Morgan scored and try for extra point failed, leaving the score 7-6 at half time.

Driving runs by Mogul back Ponder and Bob Lawrence carried to the Roby 12 in the third quarter. Johnson scored from the six, and the try for extra point was good.

In the fourth period, on a drive from the Munday 25-yard line, Zanny Anderson, John Harris and Richard Stuart spearheaded an attack which ended with Stuart scoring.

The Roby star tackle and co-captain, Billy Neil, was out of the game due to an injury received in the Colorado City tilt last Friday night.

Yards gained on the ground were about even with Munday 214 and Roby 199. Roby led in the first downs 18 to 16, but Munday completed three passes for 97 yards while Roby completed five for 56.

November 21 has been set as the date for receiving bids on the drainage project. Bids will be received at the office of C. R. Elliott in Munday.

Who Will Administer Such National Farm Programs as Agricultural Conservation Price Supports, Acreage Allotments, Marketing Quotas, and Federal Crop Insurance in Knox County in 1950? The ballot box, traditional bulwark of democracy will decide.

During the period from November 1 to November 18 farmers in the county's seven agricultural communities will be choosing neighbors and friends to represent them as community Production and Marketing farmer-committeemen for the coming year.

They will also choose a delegate from each community to a county convention which will name the three-man county PMA Committee for 1950.

Ballots will be mailed to all eligible voters in Knox County. You may mail your ballot to the PMA Office in Benjamin, or go to the polling place for your community on November 18 between the hours of 8 A. M. and 5 P. M. and cast your vote. You will be notified next week where the voting place for your community will be held.

"Any person is eligible to vote or hold office who is an owner, operator, tenant or sharecropper on a farm that is participating in any program administered during the current year through the county and community PMA committees," says Emmett Partridge, present county committee chairman.

"Heavy participation of farmers in their committeemen elections is one of the best methods of demonstrating their support of the farmer-committee system of local administration of national farm programs," the chairman points out.

Farm Bureau To Hold Meeting Next Wednesday Night

The Knox County Farm Bureau will have its annual business meeting on Wednesday night, November 9, at 7:30 in the County Courthouse in Benjamin. Arrangements are being made to obtain an out of county speaker, said Milton Ford, president of the County Organization. He will speak on the need of a farm organization and some of the duties of an active farmers organization.

This will be a very important meeting, Ford said, since there will be an election of officers for the ensuing year, also the resolutions for the state convention are to be drawn up and voted on.

Ford urged that every farmer who is interested in the welfare of his community as a group should attend this meeting.

Mr. and Mrs. Melvin Bridge-water and children and Mrs. E. E. Spotanski of Wichita Falls visited in the home of their parents, Mr. and Mrs. C. N. Smith last week end.

Truck Brings New Mail Service To This Area

It's a van-sized truck that comes to Munday twice daily to leave our important and unimportant U. S. mail.

Francis Pruitt of the Abilene Reporter-News is the contractor and Russell Sneed of Abilene the operator of this truck, which makes morning and afternoon runs.

Another van-truck makes mail deliveries on the Abilene-Spur route, starting at 4:30 a. m. Monday.

Service on the Wichita Falls-Abilene route started Sunday morning at 4:15 o'clock from Wichita Falls. The truck, carrying all classes of mail, arrives in Abilene at 9:45 a. m. On its regular schedule, the mail carrier leaves Abilene at 7:30 p. m., and arrives in Wichita Falls at 12:45 a. m.; then starts the return trip at 4:15 p. m.

And here's the hours for stops to distribute mail at the respective post offices enroute, from Abilene:

Hawley at 8:05 p. m.; Anson, 8:25; Stamford, 8:50; Haskell, 9:30; Weirnet, 9:50; Munday, 10:05; Goree, 10:20; Bomarton, 10:35; Seymour, 10:55; Maybell, 11:10; Dundee, 11:35; Mankins, 11:45; Holliday, 11:55; and Wichita Falls, 12:25 a. m. Return trip schedules follow the same corresponding schedule.

Funeral For Mrs. Dickens Is Held Thursday

Mrs. E. E. Dickens, 49, a former resident of Knox County, passed away at her home in Hico, Texas, at 2:30 a. m., Tuesday, October 26. She had been in ill health for several months.

She was born Florence Jordan on April 12, 1900, in Mt. Vernon, Franklin County. She was married to Elmer Dickens in Knox City on December 2, 1923.

To this union were born six children: Coy, James and Patsy of Wichita Falls; Jerry, Thomas Murrell and Joe Lynn of Hico.

Besides her children, she is survived by her husband, Elmer Dickens of Hico; four brothers and four sisters, who are: T. F. Jordan of Hico, Grover of Dublin, Elmer of Munday and Dick Jordan of Wichita Falls; Mrs. Dan Jacobs of Mineral Wells; Mrs. Jeff Randolph of Afton, Mrs. Joe Screws and Mrs. R. E. Foshee, both of Munday.

Funeral services were held from the Church of Christ in Munday at two o'clock last Thursday afternoon, being conducted by James A. Neatherlin, pastor of the Primitive Baptist Church of Wichita Falls, who was assisted by Minister D. L. Ashley. Burial was in Johnson Memorial Cemetery under the direction of Rutledge-Barrow Funeral Home of Hico.

Pallbearers were Delbert, Garland and Royce Screws, Donald, Jackie and Tommy Floyd and Charles Ray Jordan, and Ronald Foshee.

Ten Constitutional Amendments To Be Submitted To Vote On Tuesday

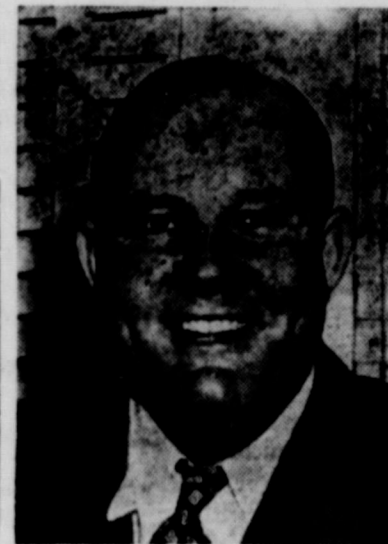

Schedule Given Of Mail Service

The following schedule of mail deliveries in Munday was announced Tuesday by members of the Munday post office force:

Incoming Mail
Incoming mail arrives here on five schedules, as follows: 4:45 a. m., 7:10 a. m., 7:15 a. m., 12:15 p. m. and 4:40 p. m.

Outgoing Mail
Following is the schedule for outgoing mail: 12:15 p. m., 4:40 p. m., 10:05 p. m. Mail must be deposited in the post office by 6:00 p. m. to get out that night, it was stated.

On Program

O. Doley Dawson, vice-president and manager, agricultural department, Second National Bank of Houston, and conservation expert who will talk and show a new sound and color movie on oil conservation at six centrally located meetings in West Texas and the Panhandle Nov. 14-18, sponsored by Burlington Lines.

Albany Lions To Play Moguls Here Friday

The Albany Lions, a team that ranks near the top in District 6-A East play, will invade Mogul Field here Friday night for their annual set-to with Coach Green's charges.

The Haskell Indians, Mogul's foes for Friday of next week, are leading the conference field and are strong contenders for the title. They served notice that they will be hard to topple from their high perch last Friday night by means of a decided 49-6 victory over the Anson Tigers.

While the Moguls were taking a 14-12 win over Roby in a non-conference battle, Albany was also chalking up a non-conference victory. The Lions defeated DeLeon by a score of 39-19.

The Moguls are maintaining regular practice periods this week and are expected to be in battle trim, but they realize they will have tough sledding against the mighty Lions.

The Moguls will close their season on Friday night of next week when they entertain the Indians from Haskell.

LEAVES FOR HOSPITAL

Lee Haymes, local postmaster, left Wednesday morning for Dallas to enter the U. S. Veterans Hospital for examination and treatment. At the time of his departure, it was not known just how long he would remain in the hospital.

Weather Report

Weather report for the period October 27 through Nov. 2, 1949, as compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer.

	TEMPERATURE	LOW	HIGH	
	1949-1948	1949-1948	1949-1948	
Oct. 27	43	48	68	78
Oct. 28	44	58	72	70
Oct. 29	47	56	76	78
Oct. 30	41	59	66	75
Oct. 31	30	52	63	82
Nov. 1	48	52	77	75
Nov. 2	42	50	71	73
Rainfall to date 1949				29.38 in.
Rainfall to this date 1948				20.48 in.

Ten amendments to the Constitution of the State of Texas are proposed and are to be voted upon next Tuesday, November 8. At the same time a member of the State Board of Education will be selected from this district.

Following is a brief synopsis of the proposed amendments in the order in which they will appear on the ballot:

1. Civil service system for county employees. The Legislature would be authorized to provide for the creation of civil service system for county employees but any system so authorized and established shall be approved by a vote of the people of the county.

2. Annual session and salaries of Legislature. Legislators would receive \$3600 salary a year, and the amendment would provide for annual sessions of the legislature. This amendment is discussed in The Times this week by Senator George Moffett.

3. Creation of hospital districts and providing for an ad valorem tax for their support. The people must approve by vote before any district can be created.

4. Poll tax repeal. Voters would be qualified to vote if properly registered without payment of poll tax.

5. County-wide health units. The Legislature would be authorized to provide for organization of such health units and to authorize a tax not to exceed 20 cents on the \$100 valuation of taxable properties to finance the units. Vote of the people would be necessary for such units.

6. Retirement and disability for county employees. This would provide a state-wide system of retirement and disability pensions for appointive officers and employees, provided the county voters approve such plan.

7. District Judge to conduct proceedings at the county seat of county in which case is pending. The state shall be divided into as many judicial districts as may be created by law. Voters are to elect a district judge who must be licensed to practice law.

8. Rural fire prevention districts. These would also be supported by a tax of three cents on the \$100 valuation, and such districts must be approved by the voters.

9. Trial in lunacy cases without jury. The legislature would have authority to enact laws trying such cases and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a jury trial.

10. Women on jury. In brief, no person would be denied or abridged or exempt from jury service on account of sex.

New Jail May Take Pattern Of Jones Co. Jail

Plans are going forward for devising a means of constructing a new jail at Benjamin to take the place of the old dilapidated structure now in use.

Members of the Knox County commissioners court, together with Sheriff Homer T. Melton, went to Anson last Tuesday and inspected the Jones County jail with the view of possibly patterning the new jail after this structure. They were impressed with the jail, believing one of that nature would be economical to build.

An architect and representative of a bonding firm are expected to meet with the court in its regular meeting next Monday and work on plans for the new structure.

CORRECTING AN ERROR

In the ad for Blacklock Home and Auto Supply this week the statement that you will be given \$4.00 for your old battery on a new battery, this portion of the ad should have been headed "Friday and Saturday," as this offer is for those two days. The portion of the paper carrying this ad was printed before the omission was discovered.

So don't go barging in there Monday and want \$4.00 on your old battery, as this offer is for only Friday and Saturday.

Legal Notice

THE STATE OF TEXAS
To H. W. Seay, and the unknown heirs of H. W. Seay, if deceased.
Greeting:
You are hereby commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 21st day of November, A. D., 1949, at or before 10 o'clock A. M., before the Honorable District Court of Knox County, Texas.
Said plaintiff's petition was filed on the 6th day of October, 1949.
The file number of said suit being No. 4734.
The names of the parties in said suit are:
W. W. Naylor, Guardian of the person and estate of Mrs. Fannie P. Bunts, a widow, and a non compos mentis, as Plaintiff, and H. W. Seay and the unknown heirs of H. W. Seay, as Defendant.
The nature of said suit being substantially as follows, to-wit:

Being a suit in trespass to try title to the following described land, situated in Knox County, Texas, to-wit:
Being the South 7.4 acres of land out of the East 100 acres of land in Sub-Survey 3, and the North 22.6 acres out of the East 100 acres of Sub-Survey 1, both in Original Survey 10, D. G. Burnett lands in Knox County, Texas, and being the same land described in a deed of record in Volume 46, page 575, Knox County, Texas, Deed Records, and for general relief.
Issued this the 6th day of October, A. D., 1949.
Given under my hand and seal of said Court, at office in Benjamin, Texas, this the 6th day of October, A. D., 1949.
OPAL H. LOGAN,
Clerk, District Court, Knox County, Texas.

Knox Prairie Philosopher Probably Won't Get Very Far With It, But He Wants Support Price On Johnson Grass

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek won't get anywhere with his proposal this week, but you can't blame him from trying.
Dear editor:

I been reading in the papers that turn up out here with the regularity of a hungry son-in-law about the various price supports the government's gonna keep in effect next year.

As I understand it, the government will support the price of cotton, corn, wheat, rice, tobacco and peanuts, and while I'm in favor of the government supporting not only the price of goods for the people but the people, too,

I have been searchin every paper I can find, even down to yours, and I haven't yet seen a word mentioned about Johnson grass.

It seems to me Johnson grass ought to be just as eligible for price support as cotton or corn or tobacco. As I understand it, the reason the government is supporting the price of cotton and corn and so forth is because we got too much of it, and the same thing would apply to Johnson grass, ain't six farmers out here who can say they ain't got too much of the stuff.

I will appreciate it if you will

Yours faithfully,
J. A.

It all Starts with the weather

If the weather didn't change, you could sleep in comfort all night with ordinary blankets... BUT, THE WEATHER DOES CHANGE, and that's why with ordinary blankets sometimes you wake up unbearably hot... sometimes you wake up cold and shivering.

Select your "Personal Zone" of Sleeping Comfort...

With the General Electric Automatic Blanket, you can have the personal warmth you like best despite changes in the weather.

It's easy. Just set the dial on the bedside control to the warmth you desire. This "just-right" warmth is automatically maintained... regardless of temperature changes... all night long.

When you have determined your "personal comfort zone," you may leave the dial unchanged. Actually, the control need be set only once a season.

THE AUTOMATIC ELECTRIC BLANKET gives you perfect sleeping comfort. It automatically keeps you at the same cozy temperature all night long, your sleeping comfort no longer disturbed by the changeable whims of West Texas Weather.

With an Automatic Blanket you enjoy:

- Warmth Without Weight
Just-Right Warmth All Night Long
Eliminate Extra Bedding
Powerbed Bed
Sleep All Winter in Summer-Weight Night Clothes
G-E Automatic Blanket is Washable

For additional information concerning "sleeping comfort" see your local dealer or any West Texas Utilities Co. employee

District President Is Honored By Two County Study Clubs

On February 28th the Knox City Study Club and the 1946 Club of Knox City were co-hostesses with the Munday Study Club for a tea honoring Mrs. Hershel E. Eichler of Jacksboro, president of First District T. F. W. C.

Roses decorated the rooms of the clubhouse. The lovely corsages for the guest speaker, district vice-president, and Munday club president were compliments of the Goree Study Club, the members of which were guests for the occasion.

Mrs. T. M. Averitt, president of the Knox City Study Club, presided at the guest book.

A dainty tea plate was served to the members and guests before the program.

Mrs. A. A. Smith, Jr., president of the Munday Study Club, gave the welcome and acted as director of the day. Shirley Yost played a piano solo by Edward McDowell. Mrs. Splawn of Knox City sang "Calm Is the Night", accompanied by Mrs. Mabel Pyatt.

Mrs. Eichler gave an interesting and inspiring talk on "The Time of Our Lives", giving those present a clearer insight into federation work and filling them with a determination to have through club work "the time of their lives."

Methodist Class Of Goree Names Officers For Year

The Goree Methodist Sunday School Class 4 organized Sunday by electing officers and appointing committees for this year.

President, Johnnie Marie Hutchins; vice-president, Ed Martin Bowman; secretary and treasurer, Patsy Clayburn; program committee, Mary Katherine Coffman, Carol Coffman; room mothers, Mrs. Floyd Bowman, Mrs. Buster Chamberlain and Mrs. Dorise Rogers; and teacher, Mrs. O. O. Putnam.

Members of this class are: Martin Bowman, Wayne Peek, Keith Chamberlain, Bill Rogers, Gordon Earl Moore, Jimmy Roberts, Miss Jean Blankenship, Miss Patsy Clayburn, Miss Johnnie Marie Hutchins, Miss Louise Blankenship, Miss Katherine Coffman and Miss Carol Coffman.

Mr. Oscar Spann and Mrs. G. W. Hawkins and daughter, Jan, are visiting friends and relatives in Lubbock and Shallowater for several days.

Jimmie F. Proffitt, And J. W. Shahan Marry Saturday

Miss Jimmie Fay Proffitt and J. W. Shahan of Goree were united in marriage last Saturday evening, October 29th, at 8:00 o'clock in Carlsbad, New Mexico. The marriage vows were read by Rev. Joe Emanuel, pastor of the First Methodist Church in Carlsbad, New Mexico.

The bride wore a green dress with black accessories. Bridesmaid was Joyce Shahan, sister of the groom. She wore a gray dress with brown accessories. Best man was Billy Beaty of Goree.

Others present were Jack Proffitt of Goree and Wayne of Abilene.

The bride is the daughter of Mr. and Mrs. Jim Proffitt of Goree and the groom is the son of Mr. and Mrs. Shahan near Goree.

Benjamin Oldsters Enjoy Hallowe'en Party On Monday

Seems the older generation of the community received the Hallowe'en Spirit this year. Friday evening, October 28, a Hallowe'en Party was held in the assembly room of the court house.

The party was opened with an "Ice Breaker" game, only balloons were used. Things were really "popping" for a while. Several other active games were played, after which the group settled down to a quiet game of progressive "42". We can't say that the "42" games were too quiet, as each one of the twenty-five persons present had won, or received, a "Hallowe'en whistle or popper", and seems they just could not keep them quiet.

The room was decorated thru-out for the occasion. Fall flowers, native cedar; plus the traditional jack-o-lanterns were used. Everyone had a grand time, and the evening's entertainment was brought to a close, after the guests had been served delicious refreshments of pumpkin pie, topped with ice cream, and coffee.

CARD OF THANKS

We take this means of expressing our sincere thanks and appreciation to everyone who were so kind and thoughtful to us in the death of our loved one, Mrs. Florence Dickens of Hico. Everything you did in our behalf is deeply appreciated, and we pray God's richest blessings on you all.

E. E. Dickens and children Brothers and sisters of Mrs. Dickens. 1tc

June Haven and Mark Stevens again co-star in a bright new technicolor musical "Oh, You Beautiful Doll."

Munday H. D. Club Meets October 26 With Mrs. King

The Munday Home Demonstration Club met October 26th in the home of Mrs. J. R. King.

President, Mrs. Joe Patterson, took charge of a brief business meeting, then plans were made for the annual club achievement day program to be November 9th in the home of Mrs. Louis Cartwright. At this time they will entertain Benjamin Home Demonstration Club from 2:30 until 4:30 o'clock in the afternoon.

Some of the various accomplishments of the club include leather tooling in which they made men's and women's bill-folds. Re-upholstery include tying springs, padding and covering. Some of these and many other articles will be on display for their guests to see.

Committees were appointed for this party.

Refreshments of cake and ice cream were served to Mrs. Joe Patterson, Mrs. J. R. King, Mrs. J. B. Graham, Mrs. Nora Broach, Mrs. J. T. Offutt, Mrs. Bill Morris, Mrs. A. M. Searcey, Mrs. Clint Hawes and a visitor, Mrs. Milton Thompson.

Activities Of Colored People

Parents and children alike enjoyed an evening of fun and frolic at the school hallowe'en night. The primary room featured many attractions which were amusing. Pencil sharpeners, waste baskets and a few other essentials were purchased with the proceeds.

The corner stone laying of West Beulah Church will take place next Sunday. Members of Mason lodges from various towns will be present. In connection with this event, the P. T. A. will sell dinners. We appreciate and ask for the continued support of our patrons.

County Council In Meeting Friday At Benjamin Courtroom

The Knox County Home Demonstration Council met in regular session, Friday afternoon, October 28th, in the district court room of the court house at Benjamin.

Roll call was answered by seven clubs.

Reports of the year's work were read by each of the club presidents present and by the council committee chairmen.

Plans were made for county achievement day to be held in Knox City in the American Legion Hall, November 19.

Mrs. Walter Mooney, council chairman-elect, read the names of her council committee members for the coming year.

Mr. and Mrs. John Ingram and son of Dallas were visitors here last week end.

Mrs. Carl Jungman and children, Ida Jo and Mike, of Vernon visited with Mr. and Mrs. H. M. Michels and Mr. and Mrs. H. F. Jungman last Sunday.

Miss Hazel Sherman, Houston R. Perdue Marry In Goree

Rev. S. E. Stevenson, pastor of the Baptist Church in Goree, read the impressive double ring ceremony which united Miss Hazel M. Sherman and Houston R. Perdue in marriage last Saturday, October 29th, at 2:30 p. m. in the home of Mr. and Mrs. Roy Shahan in Goree, uncle and aunt of the bride.

The bride is the daughter of Mrs. J. H. Sherman of Goree and the groom is the son of Mr. and Mrs. Roy Perdue of Grand Prairie.

The bride was attired in a blue satin dress with white accessories, wearing a corsage of gold color.

Miss Jerry Sherman, sister of the bride, was maid of honor. She wore a dress of black velvet with yellow accessories.

Lee Roy Perdue, brother of the groom, served as best man.

Immediately following the ceremony, the bride and groom were honored with a reception in which Mrs. Shahan and Mrs. Sherman were hostesses. A number of relatives and friends were present to witness the bride and groom cut the beautiful three-tiered wedding cake which centered the dining table.

A wedding dinner was given Sunday by the bride's mother, Mrs. J. H. Sherman. The following were present besides the bride and groom: J. W. Shahan, Mr. and Mrs. Roy Shahan, Jerry, Westley and Shirley Sherman, Mr. and Mrs. Roy Perdue, Janice and Tommy Jo, Mr. and Mrs. James Butler, Jerry and Jimmie and Mrs. H. W. Moore.

The couple will make their home at 1150 Delworth St., Grand Prairie, Texas. The groom is employed at Sears-Roebuck in Dallas.

Mr. and Mrs. A. E. Bowley spent Sunday in Springtown visiting relatives. Mrs. J. O. Tines returned with them after an extended visit there.

Polio Victim And Sister Honored At Birthday Party

Friends and relatives gathered in the home of Mr. and Mrs. Clifton Vaughn on Thursday night, October 27, for a birthday party honoring their two children.

The event was also to celebrate a year's march toward Ronnie's recovery from polio. He was stricken on October 22, 1949, and four days later, on his fifth birthday, doctors told his parents the crisis had passed and Ronnie would live.

Ronnie's cake was pink with yellow decorations, while Glenda's was white with pink decorations. Only the candles lit the room while the "Happy Birthday Song" was sung.

The birthday cakes, cakes and coffee were served to thirty guests.

The Hallowe'en theme was carried out, with all children wearing hats and faces.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Fred Searcey are the proud parents of a baby girl born Monday morning, October 31, at the Knox County hospital. The little girl topped the scales at seven pounds and eleven ounces and has been given the name of Virginia Gwen. Mother and little daughter are doing nicely. Maternal grandparents are Mr. and Mrs. B. L. Melton, Sr. of Munday and paternal grandparents are Mr. and Mrs. A. M. Searcey also of Munday.

Mr. and Mrs. A. E. Richmond and son, Neil, were visitors in Stephenville last Sunday.

Charles Hardin of N. T. S. T. C., visited friends and relatives here over the week end.

Mr. and Mrs. Bobby Haymes and little daughter of Dallas visited with relatives and friends here over the week end.

Local Agents Are Judges In Show At Archer City Oct. 21

Miss Eugenia H. Butler, Knox County Home Demonstration Agent and Miss Nelda Jo Hindman, Assistant-in-training from Knox County, were in Archer City October 21, to assist in judging a Bread and Cake Show. The Bake Show was set up by the Home Demonstration Club women of Archer County under the supervision of Mrs. Perla Coffman, County Home Demonstration Agent. The women have been studying cereals this year.

Blue, red and white ribbons were given for prizes.

Educational exhibits on table setting, table service and "Eat a Better Breakfast," were set up.

The Knox County Agents cooperated with Miss Fern Hodge, the District Agent, in judging.

Mr. and Mrs. H. D. Arnold and Virginia Anne were Wichita Falls visitors Saturday.

Rev. S. Y. Allgood and S. G. Hampton were Dallas visitors

Our Citizens Of Tomorrow

This group of our future citizens, in pairs again, are left to right, top row: Carolyn and Marilyn, children of Mr. and Mrs. R. E. Whites, Iowa Park; Carol Dean and Shirley Ann, children of Mr. and Mrs. W. F. Jackson, Goree; Brenda and Linda Sue, children of Mr. and Mrs. Frank Garrett, Weinert.

Bottom row: two children of Mr. and Mrs. Carl Coulston, Vera, Gary and Ronald, children of Mr. and Mrs. Elmer Bruce, Munday.

Saturday. They attended the S. M. U. ball game.

Twelve members of the Goree Study Club attended the Munday Study Club meeting last Friday in which the president of the first district, Mrs. Eichler of Jacksboro, was speaker. Inspired by this meeting and speech each member came home more zealous to do a greater work in her club, church and community.

Virginia Arnold Is Crowned Queen Of Goree Carnival

Goree High School and grade school crowned their traditional Hallowe'en carnival queen Monday night.

The coronation ceremony, high-light of the evening, was held at 8 p. m., preceding the opening of the booths of all kinds featuring entertainment for both old and young. The high school choral club rendered several numbers before the coronation ceremony.

The high school carnival queen and king were Virginia Anne Arnold and Douglas Moore, both seniors. The attendants were Margaret Jean Bowman and Kenneth Roberts, seniors; Virginia Hammons and John Lambeth, Nancy Sears and Bobby Graham, juniors; Doris Ann Shackelford and Terry Edwards, Alpha Ann Coffman and Corlas Ray Lambeth, sophomores; Norma Railsback and Bobby Denham, Pauline Searcey and Billy Weir, freshman; crown bearer, Charles Latham; flower girls, Linda Kay Smith and Ruby Dane Hammons and trainbearers were Phoenia Edwards and Joey Davis. The

"When a worker has social security taxes deducted from his pay he is paying premiums on an insurance policy. This insurance helps to provide financial security in the worker's old age after retirement. It also provides insurance payments to eligible survivors if a worker dies," Tate said.

Eligibility for benefits hinges on the length of time a worker has been employed in jobs covered by social security. The amount of benefits payable depends on the total wages credited to his account. It is to the worker's advantage to have credit on his wage record of all wages earned. If his wages are reported under the wrong social security number, Tate concluded, "he may not be credited by those wages. Later on, he and his family may lose benefits which should be theirs."

SAFETY FIRST

Junior's broad grin shows that he is enjoying his summer vacation to the fullest with his new outboard motor. And his other is happy, too—the young sportsman is wearing a safety-first cotton duck life preserver designed by Evinrude especially for the protection of children when they play in and around water.

Carnival Queen Is Crowned Here On Hallowe'en

The Hallowe'en Carnival went off with a big bang last Monday night! The grade school gymnasium was filled with both for various entertainment. Children in their masks and costumes paraded up and down the gym floor, while others were out marking up the town.

The highlight of the evening was the coronation of the carnival queen. This took place at ten o'clock on the stage which was decorated beautifully by Mrs. Virginia Ferguson.

Miss Betty Sue Yost of the senior class received the queen's crown. Her Lord was Joe Stevens, a senior.

Miss Burnadean Suggs was the queen's princess, escorted by Prince Garon Tidwell, Junior Princess was Miss Joyce Melton, escorted by Prince Dannie Ponder; duchess, Miss Ann Nelson, escorted by duke Scottie Ponder. Miss Shirley Roberts, sophomore princess was escorted by prince James Amerson, and duchess Patsy Wallace of the sophomore class, escorted by duke Gerald Morrow. Princess Bobby Jack Guffey of the freshman class, escorted by prince Gordon Stevens, and duchess Julie Massey, freshman class, escorted by Wayne Smith.

Little Allen Eiland served as crown bearer while trainbearers were little Miss Sandra Taylor and Leon Michels. Flower girls were little Misses Fonda Wallace and Sharon Cypert. Court jester, Don Johnson; herald, Billy Joe Brown and buglers were Miss Carolyn Stone, Harold Fox and Miss Pauline Jamison.

Social Security Data Must Tally With Records

"Check your social security number on your pay envelope or pay check stub. Make sure that the number agrees with the number on your social security card."

This advice was given workers by Erton F. Tate, manager of the Wichita Falls office of the Social Security Administration. Mr. Tate pointed out that most employers conscientiously try to report each worker's social security number correctly, but it is only human to make mistakes occasionally.

herald was Joel Coffman and pianist, Mrs. J. Mae Davis.

The grade school queen and king were Peggy Cooksey and Leon Hargroves of the eighth grade. The attendants as follows: Jackie Latham and Harold Struck, seventh grade; Sherry Haskin and Jackie Fitzgerald, sixth grade; Evelyn Harris and Tommie West, fifth grade; Ava Mary Taylor and Douglas Donoho, fourth grade; and Nancy Brooks and Jackie Hampton of the third grade. The crownbearer was Monty Searcey; flower girls, Claudia Bell Warren and Sandra Land. Trainbearers were Rogenia Beaty and Eddie King; herald was Wayne Bingham; and pianist Carol Coffman.

Hadacol Now Nation's Best Selling Tonic

Sale of Hadacol, which is made with five of nature's B vitamins and four important minerals, has spread from a small section of Louisiana to more than 20 states, and is now the nation's largest selling tonic.

Dudley J. LeBlanc, President and founder of the LeBlanc Corp., Lafayette, La., makers of Hadacol, has announced plans to expand the sales of Hadacol to the entire nation within the next year.

Dudley J. LeBlanc

Mr. LeBlanc is directing the south's largest advertising campaign for Hadacol and newspapers, especially weekly newspapers, are playing an important part in this effort.

The LeBlanc Corp. is using every weekly and daily newspaper in Louisiana, Arkansas, Mississippi, Texas, Oklahoma, Tennessee and Alabama this week to tell the story of how Hadacol put the Chief of Detectives of Hot Springs, Ark., back on the job after all else failed. He had suffered from a deficiency of B vitamins and certain minerals, which Hadacol contains.

"You must use the newspapers, daily and weekly, if you want to bring your message to the grass roots of America, the towns and wonderful rural areas," said Mr. LeBlanc.

Besides being founder and President of LeBlanc Corp., Mr. LeBlanc has many other business interests, and is President Pro-tem of the Louisiana state senate. He is well known for his work for pensions for old folks and other social advances.

Mesquite Control Tests Made At Spur Experiment Station Look Favorable

Mesquite, the invading weed tree, which has infested some 55 million acres of Texas range land may soon be shivering to its bud. That is the report made by A. H. Walker, extension range specialist of Texas A. & M. College, upon his return from the recently held Field Day at the Spur Experiment Station.

The Texas Agricultural Experiment Station's research work on mesquite control has been concentrated at the Spur Station since 1938. Station Superintendent R. E. Dickson has directed the work; associate station agronomist C. E. Fisher has been working various chemicals in an effort to perfect a cheap, simple way to kill mesquite and Dale W. Young, assistant station agronomist, has also assisted with the research.

Kerosene, which works fairly well on sandy and porous soils but usually costs too much, and sodium arsenate which is cheaper but dangerous to both man and animals have been the chemicals most widely used and recommended in the past, says Walker.

Those attending the field day were told that mixtures of various chemicals had been tested on mesquite at Spur during the past few years. Chemicals are first tried in individual trees in the nursery and then on 20 acre tree plots. Those showing promise are further tested on 5-acre plots and application is by airplane spraying. One hundred of these 5-acre plots have been treated with the chemicals that have shown best in the preliminary tests. Treatments were made during the spring, summer and fall of this year.

Results so far indicate that 2, 4,5-T and formulations thereof are far superior to any formulations of 2,4-D for mesquite control or eradication. Top kill of mesquites is running up to 95 percent and root kill 25 percent with solutions of 2,4,5-T applied in diesel oil and water in May of this year. Final permanent kill cannot be determined until next spring and Fisher advises ranchmen to wait and see before using any of the chemicals. The cost of the material and application, according to Dale Young, should not run over \$3.50 per acre.

Fisher says if you have only a few mesquite trees to kill, an application of pure 2,4-D amine applied with a paint brush to the cut stump should do the job. Those with an acre or so, may spray a 1 percent solution of 2, 4,5-T in diesel or kerosene in a band around the tree from the Ranchmen and operators who have large acreages of mesquite ground up to 30 inches high and expect satisfactory control. Control to control are advised to wait and observe the results next spring

at the Spur Station.

Fisher and his co-workers do not expect to get a 100 percent permanent kill, but are hoping they'll be able to recommend a chemical which will give low-cost control of the mesquite for 5 years. The increased forage production during this period should more than pay for the control program. Spring applications of these chemicals have also given excellent control of such weeds as sunflower, Russian thistle purple nightshade, annual broomweed, buffalo burr and many other troublesome range weeds.

Proper stocking to maintain a good cover of grass on the pastures will become even more important with mesquite control, says Walker. The mesquites, robbing the grass of needed moisture, have served to protect a lot of our good grasses from livestock. Keeping a cover of better grasses on our range lands is the best insurance against mesquite seedling invasion, says Walker.

Durwood Scott, student at A. & M. College, College Station, came in for a visit with his parents, Mr. and Mrs. J. B. Scott and with friends last week end.

KITCHEN MEMO BY ANN CLARK

For those vitamin-conscious cooks who are always looking for a recipe jam-packed with nourishment, here is one called Raisin-Carrot Muffins. Cream 1/2 cup sugar into 1/4 cup shortening, creamed. Add 1 egg, lightly beaten, and beat together until blended. Mix 1 cup shredded carrot with 3/4 cup milk and pour into the batter. Sift together 2 cups flour, 3 tsp. baking powder, 1/2 tsp. salt. Add 1/2 cup raisins and stir into batter until barely moistened. Do not beat. Put into gas oven at 375° F. for 25 minutes. Makes about 12 muffins.

Delicious addition to pork chops: top with orange slices before putting into the broiler about 4 inches from the flame.

Before you start using your gas space heater again, check the burner ports for scaling. A wire brush will clean them so that the flame will not be obstructed.

When starching curtains, make enough starch for all curtains in one room so they will have identical crispness.

You can save gas by turning down the flame to center simmer whenever you're boiling food because boiling point is 212° F. and the center simmer gives enough heat to reach boiling point.

To blanch almonds: Cover with cold water, heat just to boiling over center simmer burner, drain, slip off skins.

Sour cream. Instead of the usual milk, sharpens the flavor of mashed potatoes. Mash, add sour cream, sprinkle with chopped chives or parsley.

Nation's No. 1 Truck Driver

Ben Winterberger, new tractor-trailer truck-driving champion, is pictured above shortly after he defeated 31 other state champions in the annual National Truck Rodeo. He represented Missouri in the contest.

BOSTON, MASS.— Maneuvering a huge tractor-trailer combination over a course that would bring nightmares to the average passenger-car driver, 35-year-old Ben Winterberger of St. Louis thrilled a crowd of 8,000 in Boston Garden and became the nation's new truck-driving champion.

To do it, Winterberger defeated 31 of the country's best professional truck drivers in three days of steering around barrels, between rubber balls, through posts with only an eyelash to spare, and past other obstacles that simulate the toughest problems a driver must overcome in the course of his regular work.

The Rodeo is a highlight of the annual convention of the American Trucking Associations. Contestants—all state champions—also must pass a stiff written examination on safety and rules of the road, an equipment defects

test, and a personal appearance check. Drivers must have an accident-free record for at least a year prior to the contest.

Winterberger's feat was remarkable in that, although he has been a driver for 17 years, he had never entered a truck rodeo prior to this year, when he defeated the best in his state to win the Missouri tractor-trailer championship.

Drivers in the Rodeo are given a free choice of equipment. Winterberger elected to drive a Reo E-22 with the recently-introduced Gold Comet engine—also making its Rodeo debut.

In the tractor-trailer class—the big jobs most commonly used for over-the-highway hauling—Winterberger scored 368,375 points out of a possible 400. Forrest Garrison, Illinois state champion, placed second, and Russell LaForge, Rhode Island, titleholder, finished third.

Abilene Man Is Chairman Of March Of Dimes

NEW YORK—Ed S. Stewart prominent Abilene businessman, has been appointed Texas State Chairman of the 1950 March of Dimes, Basil O'Conner, president of the National Foundation for Infantile Paralysis, announced today. It is Mr. Stewart's second year as head of the fund-raising appeal in Texas.

As chairman, Mr. Stewart will be in over-all charge of planning and organizing the annual polio drive, and will coordinate activities of all city and county campaign directors in the state.

The March of Dimes is conducted each January by the National Foundation and its 2,800 county chapters to finance the nationwide fight against polio in the fields of patient care, scientific research and professional education. The 1950 appeal will be held January 16-31.

Mr. Stewart, a native of Waco, has been long active in civic affairs and welfare work. A west Texas food broker for 17 years, he is now owner of the Abilene Candy Manufacturing Company.

E. S. STEWART

During the first World War he served overseas with the Army's Corps of Engineers. A past president of the Abilene Chamber of Commerce and the Rotary Club, he was Taylor County director of the American Red Cross War Fund in 1943 and 1944.

Commenting on Mr. Stewart's re-appointment to Texas' top March of Dimes post, Mr. O'Conner declared that the National Foundation is now facing the "most crucial period" in its

twelve year history. He described the 1949 polio epidemic as the worst on record, with more than 40,000 cases expected by the end of the year. "By December," he said, "the National Foundation and its chapters will have spent \$31,000,000 assisting polio victims throughout the nation."

Mr. O'Connor also pointed out that by mid-summer the national epidemic aid fund had run "dangerously low" and the organization was forced to conduct the recent Polio Epidemic Emergency Drive as a "stop-gap" measure to carry it over until the regular March of Dimes campaign in January.

From January 1 through September 30, he said, the National Foundation sent more than \$7,000,000 to hard-hit Chapters whose own March of Dimes treasuries were exhausted caring for local polio patients.

Benjamin 4-H Club Meets On Tuesday

The Benjamin 4-H Club met Tuesday, October 18th. The older girls selected a name for their club. They are now the "Rainbows." Miss Butler, the teacher, gave everybody recipes. We talked on clothing and cooking.

Domestic Water Aim Of Meeting At Fort Worth

ABILENE—Formation of a west Texas domestic water association composed of the directors of the West Texas Chamber of Commerce, will be the leading item on the agenda for the 32nd annual WTCC directors meeting to be held in Fort Worth Nov. 22. Official call for the meeting has just been made by President John D. Mitchell of Odessa.

Business meeting will begin 1:30 p. m. in the Worth Hotel ball room where this and other matters important to the welfare of West Texas will be discussed. At a meeting of the executive board in Abilene Sept. 26, it was decided to submit the formation of the domestic water group to the board for final consideration.

Purpose of the proposed association would be fostering local districts or authorities to bring about construction of multi-city dams to serve the needs of drought stricken West Texas towns, according to Manager D. A. Badden.

After the business meeting the annual banquet, to be held at the Texas Hotel, will be addressed by Secretary J. A. Krug of the Department of Interior. Amon

Woodrow Wilson: I have a very simple thing to ask of you. I ask that every man and woman in this audience that from this day on they will realize that part of the destiny of America lies in their daily perusal of this great Book.

Daniel Webster: From the time that at my mother's feet or on my father's knee, I first learned to lip the verses from the sacred writings, they have been my daily study and vigilant contemplation.
Douglas MacArthur: Believe me, sir, never a night goes by, be I ever so tired, but I read the Word of God before I go to bed. Come and study the Bible with us each Sunday 10:00 a. m.-6:30 p. m., Wednesday, 7:15 p. m.
"Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful: But his delight

Goree School Man Has Distinction Of Holding Same Post For 29 Years

(Editor's Note: The following article by Hamilton Wright of "The Road Runner" fame appeared in a recent issue of the Abilene Reporter-News and is being reproduced for the interest it holds for readers of the Times.)
Goree's school superintendent doesn't believe in moving about.

H. D. Arnold, 54, has been head of the Goree schools for 29 years. Facetiously he explained: "I've had five children and couldn't afford to move. I was tied down."
The newsman interview leading business and professional men about Arnold's long tenure here. "How does he do it?" was the query.

"We just don't know what would become of this school if Arnold was to quit," W. W. Coffman, prominent realtor and insurance man, explained. Another merchant was a voice in a chorus that asserted, "He's pure gold, a fine gentleman we all love."

He has taught around 35 years either in Goree or nearby. Born in Grafado, Palo Pinto County, Texas, Feb. 5, 1885, he finished Oran High School, spent two years in the University of Texas and was graduated from Texas Technological College in 1915.

TO COUNTY IN 1913
He came to Baylor County in 1913 and his first school was Lake Creek, now a part of the Goree district, which employed two teachers. After two years there, he went to Cache Creek. He was there when elected superintendent of the Bomarton schools, where he stayed three years.

He came to Goree as a superintendent April 1, 1920. The school had nine teachers, a single brick building, since razed. Since he came to Goree he has erected two buildings elementary and high school, both of brick.

The school has flourished under him. Arnold met his wife-to-be, Maggie Ferris, at Cache Creek school, near here. Her mother was a primary teacher in an area school.

The Arnolds have five children. They are Harvey D., Jr., who is a graduate of Texas Tech., Lubbock; Charles Arnold, who is finishing his doctor's degree as chemical engineer in the University of Texas at Austin; Marjorie, who is secretary to Charles Tennyson, with the Public Relations Department of the State Teachers Association, Austin. Mrs. Dalton (Mary Jo) Jones, Munday; and Virginia Ann, who is a senior in the local high school.

The Goree school district comprises 100 square miles. This is in the law of the Lord; and in his law doth he meditate DAY and NIGHT." (Ps. 1:1,2).

D. L. Ashley, Minister

hobby! Well, it's writing a family history of the Arnolds. He has been preparing it for five years. It has grown to about 300 pages—all about the Arnolds.
"I dug them up for centuries," he smiled. "I have a wealthy aunt in Richmond, Va., who helped me very much. She, too, was interested in digging out the Arnold facts. I've got the first draft of the history finished."

Arnold is a Mason, a former district deputy; and though he is a full-fledge elder in the Christian Church he teaches every Sunday a class of adults in the First Methodist Church Sunday School here.

Carlos Cross of Brownfield spent the past week end here visiting his brother, George Cross.

Mr. and Mrs. Pat Lightfoot visited relatives in Mertens last week end.

Cotton is the favorite fabric for summer travelers because it stays cool and fresh over the miles, the National Cotton Council reports.

"Unreasonable" Says Moffett Of Pay Amendment

By Senator "Cotton" George Moffett

Of the ten amendments on the ballot next Tuesday, the one relating to a pay raise for members of the Legislature and providing for annual sessions is the most

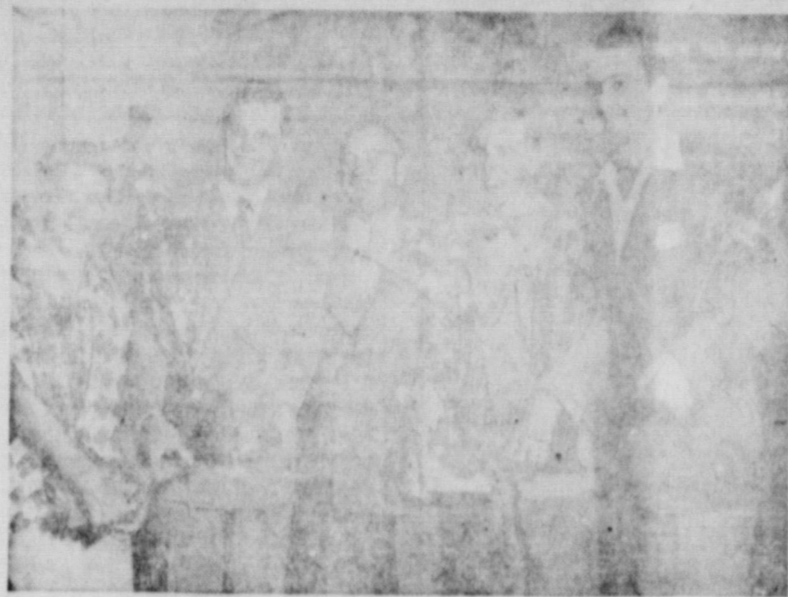

far reaching.

I did not vote for it because it is unsound in principle. Furthermore, it is a double barreled proposition submitting two proposals in the same amendment which should never be done. First it proposes a salary increase of 500% for members of the Legislature and, second, it provides for annual sessions, but does not prescribe a limitation on the length of the sessions, but does not prescribe any limitation on the length of the sessions, which is a very important point. A salary increase of 100% might be justified, but an increase of 500% is unreasonable.

Furthermore, annual and continuous sessions would mean a flood of new laws which are not needed. The people of Texas may be suffering from too many laws but they are not suffering from a scarcity of laws. I personally think that the Legislature stays in session long enough now, and if any emergency arises the governor can call us together in a very short time.

This double barreled amendment is No. 2 on the ballot and the fact that it submits two questions in the same amendment is enough to justify its defeat. Some voters may want to vote for one proposition against the other and they should have the right to do so, but they can't

Texas Trophy Winners

Four contestants from Texas brought home trophies from Plymouth Motor Corp's Third International Model Plane contest at Detroit. They competed against 535 of the world's leading model flyers who were invited to the meet because of their outstanding records. From left, are: Caesar Fulton, 14, of McAllen; David Wilson, 22, Fort Worth; H. B. Heberling, assistant general sales manager of Plymouth, who congratulated the Texans on their victories; Jim Clem, 23, Mesquite; and Joe E. Williams, 22, of Houston.

do it at this election. Those of us who opposed Amendment No. 2 when it passed through the Legislature called attention to this point but the supporters of this amendment had a well oiled steam roller which was running in high gear and they brushed aside our objections. Now we hope that the voters brush aside Amendment No. 2 on election day.

When this proposal passed through the Senate the voting was close and the change of a single vote would have spelled defeat for Amendment No. 2 there. Most of the members who had served a long time in the Senate earnestly believed that it was an unwise proposal, because six other states have adopted substantially the same proposal and have operated under it for some time. However, the significant point is that these other six states now have over 42% of the public debt of the entire forty-eight states. This is an eye-

opener and should teach us to stay away from the fire before we get burnt.

My belief is that if you want more taxes you should vote for Amendment No. 2 and adopt the same plan in Texas, that these other six states have already adopted which have over 42% of the entire public debt of the forty-eight states. Unquestionably long and frequent sessions mean more state expense and extravagance. When the Legislature is in session there is always heavy pressure for it to spend money on the various proposals submitted. Some states tax cigarettes seven cents a package and gasoline nine cents a gallon. You will be opening the door for that kind of taxation in Texas if you vote for Amendment No. 2.

I am not the author of any of the ten amendments on next Tuesday's ballot but I have been the author of more amendments to the Texas constitution in the past than any other member of the Legislature. My sincere belief, gained from long observation is that you will be acting for the best interest of our state and for its future welfare if you vote against Amendment No. 2 on November 8.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN — "Please pass the pork" is a familiar sentence around many dinner tables these days, as cold weather approaches. A juicy roast pork or pork chops are dishes that can't be beat, according to many connoisseurs of meat. However, pork can be dangerous if it isn't cooked long enough. So, be sure that pork passes the test of thorough cooking before you put it on the table. Otherwise, trichinosis may result, said Dr. Geo. W. Cox, State Health Officer.

Trichinosis is a big word, but the disease is easy to prevent. All you need to do is cook the meat until the pink color turns to white. When the change of color occurs, the meat is safe to eat. Farmers who raise hogs for sale as meat, and who feed them garbage should cook the garbage first, or the meat may become contaminated. If butchered pork is stored at a temperature of five degrees above zero, Fahrenheit, for 20 days, trichinosis parasites should die. If there are any.

If a person eats a pork chop, for example, that contains trichinae, they are swallowed in the form of tiny capsules. In the intestines these capsules develop and discharge minute worms which are carried by the bloodstream to various parts of the body... settling in muscles, where after a period of time they become calcified and die.

What are the symptoms of trichinosis? Stomach upsets and muscular pains, a feeling of chilliness, sore throat, and sometimes considerable fever, are some of the signs. An acute attack of the illness lasts about one or two weeks. The disease has a low death rate, but recovery is fairly slow.

Mr. and Mrs. W. R. Moore went to San Antonio last Saturday where they met their daughter, Mrs. W. H. Harrell and children who are here for an extended visit in the Moore home.

Bruce Campbell of Knox City was here Monday, visiting with friends and attending to business matters.

It Pays To Advertise

Had RHEUMATISM* So BAD That He Had To Quit Working

*Caused by dietary deficiencies.

Mr. Jerry Watkins, chief of detectives of the city of Hot Springs, Arkansas, suffered with rheumatism so much and the aches and pains were so terrible that he had to quit working in an effort to regain his health after he had tried everything which his friends recommended.

Detective Watkins is well known and his countless number of friends throughout the country will rejoice to know that he is now healthy, free of rheumatic aches and pains and now working hard.

Mr. Jerry Watkins

"For several years," Mr. Watkins says, "I suffered from a rheumatic condition in the hip and leg. I was very nervous and finally developed migraine headaches. I tried all kinds of medicines but nothing seemed to do me any good. I seemed to be growing worse and worse and was finally advised to take a leave of absence from my work on the police force in an effort to recover my health."

"The pains in my head sometimes were unbearable. I suffered tortures and I was miserable. At night particularly I lay awake and could not sleep."

Mr. Watkins said that someone finally persuaded him to try HADACOL, and after taking the first bottle he said he could see an improvement in his general condition.

"On January 14th of this year," he said, "I felt so much better I decided to go back on the job. The examining doctor told me I was in perfect health. Now I am

working from 8 to 12 hours daily and I am able to sleep as any normal person. I have taken six more bottles of HADACOL and all my friends know how my health is HADACOL."

Mr. Watkins is one of the many thousands of people who suffered from a deficiency of the B vitamins and the minerals that HADACOL contains and who, therefore, found relief in HADACOL.

It is a well-known scientific fact that the lack of only a small amount of the B vitamins and certain minerals in your system will cause certain bodily disorders such as nutritional neuritis, which causes the aches and pains commonly known as rheumatism, and there is no known cure for the ailment except the administration of the needed vitamins and minerals. This is why people who suffered for years and years never were able to obtain any relief until they took the vitamins and minerals the lack of which was causing the disorders.

HADACOL does not contain only one but has five of the B vitamins and four necessary minerals. It comes to you in liquid form so that it will be easily absorbed by the blood and, therefore, carried to the parts of the body which need them most.

So, it matters not where you live—no matter who you are—if you have tried all the medicines under the sun, you should be fair to yourself and give this wonderful preparation, HADACOL, a trial. And if your disease is caused by a lack of the B vitamins and minerals which HADACOL contains, then don't go on suffering—don't continue to make your life so miserable. Temporary relief for you is not enough. Take HADACOL.

Sold at all leading drugstores. Trial size only \$1.25, but save money; buy the large family economy size, only \$3.50. If your druggist does not handle HADACOL, order direct from The Le Blanc Corporation, Lafayette, La., and when the postman brings your package, just pay the amount plus the c.o.d. and postage. If you remit with the order we will pay the postage.

Then, if you don't feel perfectly satisfied after using HADACOL as directed, just return the empty carton and your money will be cheerfully refunded. Nothing could be fairer.—Adv.

LOOPHOLES in the Law

By WILL WILSON
Past President, Texas District and County Attorneys Association

(Editor's Note: This is one of a series of short case histories, all taken from court records, showing how legal loopholes often enable criminals to escape punishment in Texas. Will Wilson, of Dallas, is chairman of a special steering committee of the State Bar, which is working for revision of the antiquated Criminal Code and Code of Criminal Procedure in order to eliminate these loopholes.)

John and Mary had been drinking heavily and were, in fact, drunk. In this condition they got into an automobile, with John driving, and rode out into the country. Out of town a few miles, John turned off the public highway and drove onto a farmer's private property.

As the car was weaving and skidding along the farmer's road John saw a pick-up truck coming along the road toward him. The pick-up was driven by the farmer, and he had his three small children in the back.

John was too drunk to avoid

the pick-up. He smashed into it. The farmer's three children were badly injured and the truck itself was demolished. In an argument with the farmer, following the accident, John admitted that he was drunk. He was charged with driving while intoxicated and brought to trial.

He was acquitted and went scot-free because he was driving on a private road—the farmer's own road—and not on a public highway.

The State Bar of Texas is working to get rid of the legal loopholes that made such an outcome possible.

Mr. and Mrs. R. C. Stevens of Slaton, spent the past week end here visiting in the home of Mrs. J. B. Stevens, Joe and Gordon.

Mr. and Mrs. John B. Ingram and son, Bob, of Dallas, visited in the home of Mr. and Mrs. C. N. Smith and family last Sunday.

Be careful. Observe state and local traffic laws.

A FEW MORE MILLIONS EACH YEAR WON'T HURT

R. J. Paxton Of Haskell Passes Away Friday

Funeral services for Robert James Paxton, 71, a leader in civic and lodge activities in Haskell for many years, passed away early Friday morning in the Haskell hospital. He had been in ill health for a week.

Funeral services were held from the First Christian church in Haskell at 10:30 Saturday morning. Rev. F. C. Nickerson, pastor, officiated, and Rev. Allen Webb, pastor of the First Baptist Church, assisted. Burial was in Willow cemetery, Haskell.

The four Masonic lodges of Haskell, of which Mr. Paxton was secretary, were in charge of graveside ceremonies. Many Masons from over the area attended the services. Mr. Paxton was past president of the 91st Masonic District Association.

He was born in Fannin County, Aug. 5, 1878. He married the former Suna Pool of Anson in December, 1900. Paxton was connected with the Bryant-Link Co. in Rochester before moving to Haskell in 1907. He was county tax assessor from 1914 to 1920, and school tax assessor-collector for the Haskell Independent School District several years.

Besides the widow, survivors included three daughters, Mrs. Joe Searcey of Huntsville, Mrs. Virgil Lewis of Hawley, and Mrs. Ben F. Ammons of Baytown; a brother, Ben of Los Angeles, Calif.; and three sisters, Mrs. Elizabeth Sivilis of Paducah, Mrs. T. F. Boyd of Austin, and Mrs. J. R. Maxwell of Denton.

Leon Hargrove of Goree attended the football game at Wichita Falls last Friday.

BIRTH ANNOUNCEMENT

M. and Mrs. Sterling Hastings of Chickasha, Okla., are announcing the arrival of a daughter born Wednesday, November 2nd, in a Chickasha hospital. Mrs. Hastings will be remembered as the former Lavena Counts, Maternal grandparents are Mr. and Mrs. J. R. Counts of Munday.

ARE YOU INTERESTED

There is available to Texas cotton farmers four services from the U. S. Department of Agriculture that should help them sell their crop for the highest prices, says John L. McCollum, manager of the Production and Marketing Administration's office in Dallas.

Issued every week-end is a cotton market review that shows the demand, mill activity, movement, parity price and price of Middling 15/16 inch in the principal southwest markets.

During the ginning season two other services also go out weekly, farmers cotton price quotations and a cottonseed review. The quotation sheet shows what the various grades and staple lengths are bringing at key Texas markets and helps a farmer figure what his cotton is worth, either for the open market or for the government loan. The

棉籽種 review shows high average and low grades of seed by principal producing counties and the price farmers are being paid per ton.

Mailed every two weeks during the ginning season is a quality report which shows the percentages of cotton in each grade and staple lengths ginned in the various cotton districts of the state. It also shows whether cotton was reduced in grade because of rough preparation.

McCullum says they are yours for the asking and buyers, shippers and ginners and others who handle cotton are also eligible to receive them.

If you'd like to get these services, send your request to John L. McCollum, manager, Production and Marketing Administration, USDA, 1104 South Erway Street, Dallas, Texas. They are sent to you without cost.

Cookin at too high a temperature or for too long a time will cause custards to fail.

Cracker Krumbs— (Continued from Page One)

Sneed of Abilene, who operates the new mail service.

But the truck don't toot like the doodlebug. No more will that toot notify local people that "the mail has run".

Until we get used to the new schedule, we'll peep in our box every time we pass to see if we have any mail. Most of the time we don't.

Strickland Joins Crosley's Million Dollar Giveaway

Strickland's Radio Service will be one of the thousands of appliance dealers participating in a \$2,000,000 "Giveaway to top all "Giveaways", Melvin Strickland, local dealer, has announced.

"The Giveaway" is to be conducted by the Crosley Division, Avco Manufacturing Corporation, and its distributors and dealers throughout the country.

Mr. Strickland described the "Giveaway" as "the simplest to enter and easiest to win—and by far the biggest—in history."

Prizes will include nearly \$2,000,000 worth of New 1950 Custom Model Crosley Shelvador refrigerators to be given away by dealers, and 125 awards to grand prize winners nationally.

To enter, it will be necessary only to write, in a few words, "Why I Should Be Given a New 1950 Shelvador Refrigerator." Entry blanks on which to write may be obtained without obligation at Strickland Radio Service.

The best local entry, as judged by a committee of prominent citizens of the community, will be awarded a new 1950 custom model Shelvador refrigerator, having a capacity of 9 cubic feet.

National entries will be forwarded to Crosley headquarters for the additional selection of national grand prize winners

Mr. and Mrs. Arthur Hargrove and sons, Wayne, Dwayne and Leon, and Mrs. A. H. Hargrove of Goree visited relatives in Bula and Morton last week end.

Gary Cooper has the biggest, most dramatic role of his career as a naval aviation officer in "Task Force."
