NO. 16

## Kracker KrumbS Odd Bits Salvaged At Random

These are not ordinary times!  
That fact was brought out at a meeting of the C. D. A. board of directors last Monday night.

Not that it took a meeting of the C. D. A. directors to decide that these times we're living through this fall are not just ordinary.

It all came about in the discussion of when the town should close in observance of a holiday.

The town was split—just like it's been for 11 years that we know of—over whether to close in observance of Armistice Day last Friday.

Some wanted to close up tight. Others wanted to stay open wide. We were propounded many times by the question, "Are we gonna close?"

Then it was pointed out the C. D. A. directors voted back early in the year that there were four holidays the town should observe during the year: Fourth of July, Armistice Day, Thanksgiving Day and Christmas Day.

But our merchants weren't satisfied. They didn't know whether to close or stay open. So the C. D. A. secretary started out to take a poll of those in charge of the stores.

The result was the same as a number of other polls that have been taken in the past.

"I'll close if EVERYBODY else will," says one. "I want to close and think we should close," says another. "I think we should stay open and take care of our customers," says still another. "I don't want to close, but I would," comes the reply of another.

The result was that six merchants definitely didn't want to close up, only a few definitely did, and the remainder were just astraddle of the fence.

On the second round to announce the results of the poll and try to arrive at a definite commitment, it was found that some who wanted to close at first had changed their minds.

So it was decided to let everybody do just as he wanted to do—which they would probably would have done anyway.

And the town, in the main, remained open. Maybe a half-dozen places closed, but some of these were called down to their places of business several times to take care of customers.

Thanksgiving is right on us. It's next Thursday, November 24. We doubt if there's anyone in this area who isn't thankful for many things—that he's alive and still kicking and looking into the future with the idea of still being able to pay his bills and have enough food on the table for sustenance.

So Monday night the question of whether to close the town for Thanksgiving came up. Then it was pointed out that the times we're experiencing are not usual times.

The country is full of cotton pickers. We're gathering the greatest crop in history. Gins run every minute of every day. Merchants have more than they can do. They're called down on Sundays to supply needs of the people.

If Thanksgiving Day should be a wet day, or even a damp one, the town would be filled with people who would want food and clothing and radios and things.

And these times won't last forever—only through the fall—and there'll probably never be times like these again.

So who are 8 directors, a president and a secretary of the C. D. A. that they should tell you, Mr. Merchant, whether to close your place of business or not?

We decided to remain neutral. Then next day, a member decided another poll should be taken. (Continued On Last Page)

## Rhineland Parish Hall Will Be Scene Of Thanksgiving Dinner

### Local Girl Appears With Modern Choir

DENTON—Miss Charlotte Anne Williams appeared as soloist with the Texas State College for Women Modern Choir at its first concert, November 14 in the T. S. C. W. auditorium.

Miss Williams, daughter of Mr. and Mrs. Posie V. Williams, is a sophomore voice student. She has been a member of the choir for two years.

The choir, which is widely known throughout Texas and surrounding states, included in the concert selections from light operas, musical comedies, and popular music. William E. Jones, of the TSCW Department of Music, is conductor.

### Weinert Wins Six-Man Title In District 3-B

The Weinert Bulldogs completed their 1949 6-man football schedule without a loss last Thursday night when they downed the Goree Wildcats 76 to 12 for their eighth straight win. This game, played on the Weinert field, gave the Bulldogs the District 3-B 6-man title.

Seven Weinert players figured in the scoring. Billy R. McGurie led the scoring parade with 30 points; Kenneth Owens added 18 points for runnerup honors. Other scores were made by Bobby Therwanger, 13; James Yandell and Mavis Alexander, 6 each, and Carl Marshall, 1. The other two points for the Bulldogs came on a safety.

Fullback Atchinson scored all 12 points for the Wildcats. The Bulldogs' opponent in the district has not yet been named, but it will likely be Wilson who is now leading in District 4.

### Funeral For Clyde Burnett Held Wednesday

Clyde H. Burnett, 65, prominent pioneer rancher of Knox county, passed away at 6 p. m. Monday at the Knox County Hospital. He had suffered from asthma for a number of years and had been confined to the hospital for about a month.

Mr. Burnett was the son of Tib and Belle Burnett, who came to Benjamin in the early 1890's from Henrietta. He resided on his ranch east of Benjamin for many years.

Burnett, a descendant of David G. Burnett, president of the early Texas Republic, was a nephew of Capt. Burk Burnett, prominent early day rancher and founder of the town of Burkburnett.

Surviving him are his wife, the former Florence Driver of Benjamin; two sons, Bruce Burnett of Munday and Bobby Burnett of Knox City; a sister, Mrs. J. H. Atterbury of Knox City and a brother, Glen Burnett of Amarillo, and four grandchildren.

Funeral services will be held from the First Christian Church in Benjamin at two o'clock Wednesday afternoon, being conducted by Rev. J. T. McKissick of Abilene. Burial was in the Benjamin cemetery with the Mahan Funeral Home in charge of arrangements.

### Missionary Will Speak Sunday At Gillespie Church

Dr. Culpepper, missionary to China, will speak at the Gillespie Baptist Church at the evening services at 7 p. m. next Sunday. It was announced this week by Rev. Hardy Bingham, pastor.

Dr. Culpepper, who is a native of the 17th district, was overseas when the Communists ran the missionaries out, it was stated. He and Mrs. Culpepper are home on leave and visiting relatives and friends over the district.

Rev. Bingham extends a cordial invitation to the public to attend this service and hear this interesting speaker.

The ladies have been working on it for better than two weeks now, and all indications are that it will be just as bountiful and appetizing as any in the past.

It's the annual Thanksgiving dinner, which will be served at noon Thanksgiving—Thursday, November 24, at the Parish Hall in Rhineland.

This event has been an outstanding community activity for a number of years, but last year the event was not held. This year, however, the parish decided to resume this activity, which has always drawn people from the four corners of the county.

It's always been a good feed—one like the Rhineland ladies are capable of preparing and serving. Tickets will go on sale the latter part of this week. The price is \$1.00 per plate.

And there'll be food in abundance!

Rev. Fabian Diersing, O. B. S., pastor of St. Joseph's church, announced Monday that preparation of the food is now under the supervision of the ladies. There will be barbecue, sausage and chicken he said, "and what goes with it." And there's always plenty to go with it—such as vegetables and lots of delicious pies and cakes.

It's an event that many people look forward to on Thanksgiving and it is predicted there will be lots of cars and people heading out Rhineland way, come next Thursday, November 24.

### Missionaries To Speak At Goree And Munday Churches

Missionaries from China will speak at the First Baptist churches in Goree and Munday next Sunday. It was announced by Rev. S. E. Stevenson and Rev. Huron A. Polnac, pastors, the first of this week.

Mrs. Y. K. Chang will speak at the Baptist church in Goree at the services Sunday morning, and Mr. Chang will speak at the Munday church at 7:30 services Sunday evening.

Mr. and Mrs. Chang are in the Baptist Seminary in Ft. Worth, doing graduate work, looking to doctor's degrees. Both of them were converted on the mission field and educated in the Baptist schools of China.

They will bring first-hand information from China, and the public is invited to attend the services and hear them.

### Be Careful About Burning Of Trash

With loose papers, loose cotton, dead grass, etc., all about us, local people have been warned to be very careful about burning trash around their premises.

Members of the Munday Volunteer Fire Department issued this warning at their meeting Monday night.

"Citizens should be careful about burning trash in the afternoons," they said, "because a high wind might come up at night and blow the embers about," causing a disastrous fire.

People were warned to see that all open fires are out at night, particularly when burning dead tree limbs. Care should also be taken in burning grass about the premises.

### Local Stores To Close Thanksgiving

Thursday, November 24, will be a day of rest from labor and a day of thanksgiving for local merchants and their employees.

"We have never heard of anyone staying open on Thanksgiving Day," is the remark someone made when asked if their store would close.

A survey of the stores was made last Tuesday to determine whether a majority of the business houses wanted to be closed for the traditional Thanksgiving Day. The survey met with much success.

Only a few questioned the advisability of closing, while a total of forty-nine business firms signed the agreement to close for the day.

Only those places which must necessarily remain open to serve the motoring public were not contacted.

So the town will be closed Thursday, November 24.

TO WED SATURDAY—Miss Leona Havran, above, daughter of Mr. and Mrs. Adolph Havran, will be the bride of Mr. Wendell D. Partridge of Munday

### Burglars Take Haul At Corner Drug Friday

A burglar, or burglars, entered the Corner Drug last Friday night, forced the safe open, and escaped with around \$1,000 in cash, according to F. O. Gurley, owner.

It appeared to officers to be a professional job. Entrance to the store was made through the roof. Holes were bored in the roof by brace and bit and a portion of the roof lifted out. Tin snips were used to gain entrance through the ceiling near the rear of the building.

The safe combination was demolished by a blow from some heavy instrument, and the contents of the safe were ransacked. Checks and papers were found strewn about the area surrounding the safe, but all cash was taken.

The burglars left the building by smashing a window at the rear of the building. Officers investigated the burglary thoroughly, but very few, if any, clues were found. The burglars apparently used gloves, since no clear fingerprints could be obtained.

### District Masons To Meet Tuesday At Rochester

Masons of the 91st Masonic District Association will hold their regular meeting at Rochester on Tuesday night, November 22, it was announced here Friday.

The association is composed of lodges from Benjamin, Knox City, Rochester, Rule, Haskell, Throckmorton, Woodson, Seymour, Goree and Munday.

The meeting was scheduled for November 15, but Rochester members announced the meeting was postponed for one week. Rule lodge will be co-host with Rochester.

### Cotton Ginnings At High Peak

Cotton ginnings for 1949 as of November 1 were 7,000 bales greater than for the same period in 1948, according to a report received Wednesday from Hayle A. Sullins of Vera, special agent for the Department of Commerce, bureau of the census, at Washington.

The report shows that 22,500 bales of cotton were ginned in Knox county prior to November 1, as compared with 15,567 for the same period in 1948.

### Haskell-Rotan Tilt Is Set For Friday Night

Who will be District 6-A champions this will be decided Friday night when the Rotan Yellowhammers and Haskell's Indians meet on a neutral field at Stamford.

Rotan copped the west half of the 6-A district, while Haskell took off honors in the eastern half. Both teams were unbeaten in conference competition.

Coaches and officials of the two schools met in Haskell last Saturday to determine the site of the playoff game. Stamford had previously offered the use of its stadium, which seats 4,500 people.

A thousand reserve tickets will go to Rotan and 1000 to Haskell. The remainder are being handled by the athletic department of Stamford high school.

### Show Logged At Knox City Well

The Stanolind Oil and Gas Co. No. 1 Marjory Baker, wildcat a half mile north of Knox City, has logged a show of oil in an unidentified formation at 4,719-37 feet according to reports received Tuesday.

The prospector took a drill stem test at that depth. Tool was open one hour, and there was a fair steady blow throughout. Recovery was 690 feet of oil and gas cut mud with 240 feet of mud cut salt water. Flow-pressure was 200,325 pounds and shutin pressure was 1,975 pounds after 20 minutes.

A shallow wildcat three miles northeast of Goree has been staked by R. J. Watson et al. Lubbock, as the No. 1 Emma Cooksey, 450 feet from south and east lines of section 6, block 2, D&W survey, for a 2,000-foot test to be drilled with rotary.

Stanolind No. 1 Big Four Ranch, another Knox county wildcat in the northwest part of the county, was drilling below 1692 feet in shale the first of this week.

### Bank's Deposits Remain High

After a visit to the local bank on Saturdays, one would think that all the money in the world is going out, but it isn't so.

Gatherin of this year's bumper crop have kept deposits in the First National Bank at a high figure, the bank's statement of condition which is published this week reveals.

The statement shows total deposits of \$3,583,238.34 as of November 1.

## Baptist Church To Begin Drive Sunday To Complete New Building

### Three Munday Boys Are W.T.S.C. Students

CANYON—Three students from Munday are included in the record enrollment of 2004 students attending school at West Texas State College.

For the second straight year all enrollment records of the college were broken as 1336 students enrolled for full time work on the campus in Canyon and 668 signed up for classes at Amarillo Center of the college.

Those enrolled at the Canyon campus from Munday are:

Joe Spann, sophomore; John Spann, sophomore; and Dennis Walling, freshman.

### Haskell Downs Local Team For District Title

By sheer power and fine teamwork, the Haskell Indians rammed their way over the fighting Munday Moguls here Friday night, 49 to 14, to win the eastern section of District 6-A championship and the right to meet in the district playoff.

The visitors scored in every period. Their first tally came in the first two minutes of play when Edward Ammons powered over from the 2-yard line to end a 77-yard drive in which a first down was made on almost every play. Tommy Rhoads kicked the extra point.

The Moguls came back strong early in the second period and ran up a tally when Scottie Ponder passed to Herbert Ford from the 9-yard line. Ponder converted.

But the tie didn't remain set up long. The Indians crashed the goal line four times in the second quarter to run up a half-time score of 33 to 7. However, the Moguls almost evened the score after the visitors' second touchdown when they gained the 5-yard line but lost the ball on downs.

The Indians mixed running plays with passes to gain the large half-time score.

The visitors scored only once in the third period it coming when David broke clear over left tackle from the 20 and went over standing up. Conversion failed.

Both teams scored in the fourth. Scottie Ponder crashed over from the Haskell 5-yard line after the local recovered a Haskell fumble. Ponder made the conversion good.

The final score came when David rammied over for the Indians from tre 10 to climax a 50-yard downfield drive Bobby Jack Price converted.

Outstanding for the Moguls were Scottie and Dannie Ponder and Bob Lawrence, while Junior Howeth and Joe Bailey Roberts were fine on defense.

Bucks Ammons, Davis and Lusk bore the brunt of the Indian offense, while outstanding defensive players were Budd Lane, Royce Mullins and John Flannary.

### American Legion To Serve Turkey Dinner Tuesday

Tuesday night, November 22, will be a banner night for members of Lowry Post No. 44 of American Legion.

A turkey dinner with all the trimmings will be served Legion members at 7:30 p. m. It's a move to revise much of the activity of the local post.

J. C. Harpham has been in charge of arrangements. He has secured the turkeys, and the ladies of the lunch room will prepare the dinner, which will be served at the school lunch room by members of the home economics class.

The date is Tuesday, November 22, remember, and all Legionaries are urged to be present.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. Lloyd Zack Gray of Amarillo are the proud parents of a baby girl, born October 25th. Linda Carol weighed seven pounds. The grandparents are

Be careful. Observe state and local traffic laws.

Sunday morning at the 11 o'clock hour, members of the First Baptist Church are opening their final drive to raise funds for the completion of their new church building.

The finance committee has estimated the immediate need of \$30,000 for completing this edifice; and they, together with the pastor, are calling upon all members and friends of the church to do their full part in meeting this need.

Work on the new structure has been advancing nicely, and the building, which has adequate facilities for all departments from the nursery through the adult departments, will soon be in the final stages of completion.

"Our section of the country has been wonderfully blessed in recent years," Rev. Huron A. Polnac, pastor, said, "and we can, in a measure, show our appreciation to the Lord by giving liberally to this campaign, so that our edifice to His honor and glory can be completed debt free.

"Your cooperation thus far in the campaign has been very wonderful, and we thank each of you for your interest and loyalty. Let us think seriously, pray earnestly and cooperate in the fullest toward the successful completion of our efforts."

In another portion of this issue of The Times appears an ad regarding the campaign, calling upon all members and friends of the church to continue their fine spirit of cooperation in this campaign, which it is hoped will be successfully concluded within the near future.

### Increased Rates On Telephone Service Are Announced

Announcement of necessity for new telephone rates at Munday was made today by F. A. Robinette, District Manager for the Southwestern Associated Telephone Company.

Greatly increased costs of furnishing telephone service make it necessary for the telephone company to place new rates into effect immediately. Robinette states that he plans to go before the City Council at an early date to explain the need for new telephone rates here.

"We are proud," Robinette said, "that in the past 14 years we have been able to provide and better telephone service without increasing rates. However, the pyramiding effect of higher costs of operations—higher wages, taxes, equipment and supplies—make new rates necessary despite every possible economy that could be used."

Robinette said that while revenues had increased, expenses had increased much faster and that in 1948 expenses exceeded revenues by \$5,992.71.

"The new rates are reasonable and are necessary to help pay the cost of furnishing telephone service. We do not seek big profits but are asking only for rates that will provide enough earnings so that we can continue to expand and improve service," it was stated.

For residence users the new rates are from no increase to an increase of 1-2-3 cents per day. For business users the new rates represent an increase of from 2½ cents to 5-6 cents per day.

### Search Continues For Youths' Bodies At Lake Kemp

The search of the waters of Lake Kemp for the bodies of Bert Brown and Jackie Parr, Wichita Falls youths who are believed drowned when their boat capsized while duck hunting in the lake last Saturday, continued through Wednesday night and was scheduled to go on Thursday.

Knox county people, including Sheriff Homer T. Meton, Johnnie Michels and others, have joined in the 5-day search at the lake.

Mr. and Mrs. Michels were aiding in the search Wednesday and Mr. Michels said Wednesday night they would return Thursday.

Doctors expressed the belief the bodies of the youths would rise to the surface sometime Thursday.

Aaron Edgar and Grady Roberts . . . Owners  
Aaron Edgar . . . Editor and Publisher  
Entered as second class matter January 4,  
1919, at the postoffice in Munday, Texas, under  
Act of Congress, March 2, 1879.

**LOCAL NEEDS FOR 1949**

We're pulling for these needs in 1949. What will the year bring?  
4. An adequate waterworks system. This is a must for the continued growth of Munday.  
5. Building of more housing projects. There continues to be a housing shortage.  
6. Recreational facilities for our youth of today—our citizens of tomorrow.

**AMERICAN INNOVATIONS**

It has been said that the function of the private enterprise system is to produce abundant merchandise and distribute it to consumers as quickly as possible.

That idea, as a general rule, always characterizes the American economy. There have been periods of great scarcity, as during the last war, when our energies were directed in the other directions and the rule didn't apply. There have been government policies, such as rationing and price control, which virtually did away with competition as we understand it and closed the traditional free channels of trade. At any time, in any field of endeavor, there are always a few who are afraid to take chances, and who look for ways and means to make a great deal of money without risking or venturing anything. But, in the long run, the successful manufacturer and the successful merchant are those who do the best producing and retailing job and constantly keep in mind that the welfare of the consumer always determines their own.

Today, we have returned to highly competitive and conditions we have a buyer's market for almost every kind of commodity. The retailer is looking for the best and most reasonably priced product—from manufacturers—and he is doing that because his customers are doing the same thing when they come to his store. The main effort is to keep the goods moving, even if profits must be pared to extremely low levels. The amount of money and merchandise that moves back and forth across the counters of stores is what determines whether times are good or bad in this country.

Mass production and mass distribution are American innovations. They represent private enterprise at its best.

**SORRY EXAMPLES**

"The world sorely needs honest and courageous leaders who will truthfully tell the people that 'something for nothing' is a slogan mirage luring them to economic and physical slavery and degradation," declared Ernest E. Norris, of Washington, D. C., president of the Southern

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.  
**NOTICE TO THE PUBLIC:** Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

**Railway System.**

"Our country grew great and strong," he points out, "because it has been a land of opportunity without a ceiling on the heights that could be achieved by anyone willing to work and save and invest. The pioneers' slogan, 'Waste not want not,' is one that needs to be put before the swarms of bureaucratic locusts now devouring the people's sustenance, and bankrupting the nation's moral and spiritual values. If we are to survive and continue to progress and prosper, there must be an end to the sacrilegious, screwy school of economics that throws pigs in the river and pours kerosene on mountains of potatoes."

The "something for nothin'" delusion is reaching its peaks in the welfare state. According to the theory behind it, the government should meet the costs when we are born, furnish "free" medical care all our lives, see it that we have retirement pensions shortly after middle age, and take care of practically any other exigency that may arise. What this means of course, is that government must take most of our incomes to pay the bills, and so make individual thrift and saving impossible. It has happened in England and other countries. We seem bent on following such sorry examples.

**FLAMEPROOF YOU FUTURE**

One of the poster slogans used for this year's observation of Fire Prevention Week, which ended October 15th, was "Flameproof Your Future." And there is a great deal more to that phrase than mere catchiness.

Fire has destroyed or marred thousands upon thousands of futures. The annual toll of lives is about 10,000—and many of them are children. Other thousands are maimed and disfigured. One match is sufficient to cause a ghastly tragedy.

Fire's dark influence on the future is found in fields other than the human damage it does. An inadequately insured home or farm burns—and the work and savings of years go up in smoke. A factory is destroyed—and men are thrown out of work, perhaps for long periods of time. Taxes are lost, and families must go on relief. There are cases on record where the economic life of whole towns has died, when fire razed the principal enterprise and the concern moved elsewhere.

During Fire Prevention Week, practically everyone in the country had the chance to learn simple rules that make for fire safety. The sacrifices we make to fire are almost all unnecessary—the blaze which could have been prevented is a real rarity. The vast majority of fires simply result from human folly or failure. We can "Flameproof the Future" if we will.

William Henry Harrison, president of the U. S. was the grandfather of Benjamin Harrison, a later president.

**YOUNG APLOMB!**

This glamor gal (junior size) shows what the well-dressed young miss is wearing this fall. She wears a colorful cotton frock with as much aplomb as a grown-up pin-up girl. Her vivid cotton plaid dress in gay red and blue shades is designed by Johnston of Dallas.

Thomas Carlyle said: "Our main business is not to see what lies dimly at a distance but to do what lies clearly at hand."

Many years ago, a large newspaper temporarily added two men of its staff of reports during the summer vacation season. One had had some experience in a smaller city; the other, just out of high school, had had no experience. About the time the vacation season was over, one of the regular reporters resigned so the city editor decided to retain one of the temporary reporters permanently.

He chose the one who had had no previous experience, explaining, "The other man was always asking for important assignments and was impatient with routine work but the one I'm keeping accepted the most trivial work without complaint and did it to the best of his ability."

In other words, the one who was retained was content to do the task at hand, however small it might be.

It's a shame to mar this story—but the truth is that the young reporter felt incapable or doing anything that was very important and he actually welcomed the humble tasks.

The reason I know is that he was me.

In reply to a request not simply for an autograph but a letter, Mark Twain wrote to young Edward Bok (afterwards, famous magazine editor):

"No man takes pleasure in exercising his trade as a pastime. Writing is my trade and I exercise it only when I am obliged to. You might make a request of a doctor or a builder or a sculptor and there would be no impropriety in it but if you asked either of those for a specimen of his trade, his handiwork, he would be justified in rising to a

Long-time deferred grazing, no grazing for one or more years, is a good practice to follow and range land that has been severely over-grazed. It gives the best forage plants a chance to re-seed, gain strength, develop a good root system and produce the leaves necessary for greater production and food storage.

Fertilizer supplies for the coming year are expected to be considerably higher than for the past year but to be on the safe side farmers are urged to make their purchases early. This will aid in solving the transportation problem.

point of order.  
"It would never be fair to ask a doctor for one of his corpses to remember him by."

How to say a thing so there would be no chance for not understanding was demonstrated by General William T. Scherman when his name was suggested for the Presidency. He wrote, "I will not run, if nominated, and will not serve, if elected."

One of the newest and most time-saving fasteners is the new snap fastener which is hammered rather than stitched on. They are well-suited to sport or work clothes, and the little gadget to hammer them on comes with the fastener.

Check all gas heating equipment for leaks and proper workings before you light up the stoves or furnaces for the winter months. If you smell gas, don't go hunting for the leak with a match.

## WINDOW DRESSING

Dressing for the day can be comfortable even on the coldest Winter mornings, thanks to the efficiency of today's dependable heating systems. In the bedroom pictured above, a modern convector-radiator is installed beneath the window area where it not only supplies heat but also adds a distinctive decorative note to the room. The convector shown is a free-standing unit. Convectors also can be recessed in the walls, if desired, without impairing their heating efficiency.

## Knox Prairie Philosopher Has A Plan To Double Business In The U. S., But Can't Make Much Headway With It

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has a preposterous idea this week, if you ask us, but it's not the first time.

Dear editor:

Right when the country is getting up to what the experts call a sustained prosperity and things are levelin' off to normal, somebody, accordin' to an article I read in a newspaper I picked up out here where some hunter had used it to sit on while waiting for the sun to come up, if people could get as enthusiastic about gettin' up to go to work as they do about getting up to go huntin', this country would be twice as rich and pensions could be doubled, as I say, somebody is tryin' to get the Federal government to keep controls on installment buyin.

As far as I'm concerned, they are strikin' at the fundamentals of American economy. Durin' wartime it's all right to put all sorts of controls into effect, but the war is over, don't make no difference if Russia apparently ain't had enough, and things should be allowed to return to normal, where lack of money ain't nor more bar to ownin' a car or a washin' machine than lack of ability is to runnin' for office.

In fact, as far as I'm concerned these experts tryin' to control

installment buyin are goin in exactly the opposite direction from where I'd like to see things go. What this country needs, as far as I'm concerned, is not only fewer controls on installment buyin but fewer controls on down-payments. We just about had the installment payments down to where if a man could juggle his dollars fast enough he could own practically anything made, but I don't mind sayin some merchants' unreasonable attitude toward the size of the down payments is standin in the way of their doin a lot of business. Now if congress is interested in controllin the down payment, that is, in holdin it down to where a ordinary man can buy a radio and maybe a television set and still have money left for a down-payment on a washing machine and a floor lamp and a electric churn and, if there's anything left, a few plow points, then business will keep on boommin.

In fact, I've been workin on a plan out here for years which is guaranteed to double the volume of business in this country, but can't seem to get anywhere with it, don't make no difference if it is simplicity itself. What most folks need is an installment plan to pay the down payment with, and I have a simple method: If the government would work out some way where a man could buy a money order on the installment plan, and use the money order to make the down payment to the store, business would double overnight. You think this plan is worth copyrighting?

Yours faithfully,  
J. A.

### RANGE PLANNING PAYS

Making good grass grow where nothing but cedars and brush grew eleven years ago is being done on the 7,300 acre Shield Ranch in the Bee Cave community of Travis County, says Travis county agent Elmo Cook.

In 1938 when the range improvement program started, ranch manager Horace Eckols says the ranch was carrying 1,000 goats, 30 cattle and 200 sheep—none were too thrifty. Today 2,000 goats, 200 beef cows, 1,500 sheep and 25 to 35 head of horses are cared for with grass to spare.

Here is what Eckols told Cook happened. A brush eradication program was started in 1938 and was completed in 1947 when 1,500 acres, mostly cedar were bulldozed.

With conservative stocking, natural re-seeding of native tall and short grasses made good headway but Eckols helped nature by sowing 2,000 acres in 1946-'47-'48. He used a cyclone seeder and planting sideoats gramma, big and little bluestem, dallis, buffalo and bermuda grass. All of these except dallis can now be found in abundance in the areas planted.

A jeep and trailer were used finally to get out a mixture of seed, superphosphate and barn-

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
M. D., State Health Officer  
of Texas

AUSTIN — Dr. Geo. W. Cox, State Health Officer declares there's hardly anyone who hasn't caught a cold at one time or another.

The common cold is common indeed! Besides making you feel miserable, colds steal your time and your money. They fool you, too, because the early signs are often the same as those of serious illnesses. And long continued colds may pave the way for an attack of pneumonia, tuberculosis or a chronic infection of the nose, throat, ears, or sinuses. So, do your best to keep from catching cold. And if you do catch one, take proper care of yourself so you can get rid of it.

When you have a cold:

1. Get as much rest as possible. Stay in bed or indoors the first day or so if you can.
2. Keep comfortably warm and dry. If you must go to work, wear clothes that will protect you adequately when you go outdoors, and avoid drafts and sudden chilling when overheated.
3. Drink plenty of citrus fruit juices, water, and other liquids. Eat simple foods which agree with you.
4. Protect other people as much as possible. Cover your mouth and nose when you cough or sneeze. Use paper handkerchiefs or paper napkins that can be burned. Wash your hands frequently with soap and water.
5. Blow your nose gently. If you don't, you may force infected material from your nose into your sinuses or middle ear and develop sinus trouble or serious ear infection.
6. If a cold starts with chills, fever, or aching, or seems more

severe, or lasts longer than usual, consult a physician without delay.

yard manure during rainy weather. The mixture was placed in stump holes and other depressions.

Cook says the ranch is owned by Fred W. Shields of San Antonio and cites this ranch as an example of what can be done to improve range vegetation when a well planned improvement program is carried out.

A Munday Times Classified Ad Pays.

Mr. and Mrs. Tom Hoosier of Seymour and Mr. and Mrs. P. V. Williams were business visitors in Dallas over the week end. Miss Charlotte Williams and her room mate, students in T. S. C. W., Denton, met them in Dallas Saturday for the SMU-Arkansas football game.

Miss Gladys Buckholt and her sister, Mrs. Bessie Lee, of Wichita Falls spent last Sunday here, visiting with Misses Maud and Fannie Isbell.

Mr. and Mrs. Aaron Edgar were visitors in Seymour last Sunday afternoon.

### Miss Partridge And Arthur Earl Owen To Wed November 25

Mr. and Mrs. R. C. Partridge of Munday are announcing the engagement and approaching marriage of their daughter, Jeanelle, to Arthur Earl Owen of Beaumont.

The couple will be married at the home of the bride-elect's parents on November 25. Mr. Owen is the son of Mr. and Mrs. A. G. Owen of Beaumont.

Miss Partridge is a graduate of Hardin-Simmons University in Abilene where she was a member of the Cowgirls and was active in the Future Teachers of America. She is a member of Beta Sigma Phi sorority.

For the past three years she has been employed as a teacher in the South Park Public Schools in Beaumont.

Mr. Owen attended Lamar College, Beaumont, and now is enrolled at the University of Texas. He was a member of the Ronne Antarctic Research Expedition in 1947 and 1948 and is a member of the American Alpine Club.

The couple will live in Austin following their marriage.

Mrs. S. E. McStay spent the latter part of last week and the week end in Vernon visiting with her son and family, Mr. and Mrs. J. D. McStay and son.

### Miss Merle Dingus Hostess At Guild Meeting Monday

Miss Merle Dingus was hostess to the Wesleyan Service Guild when it met in her home last Monday night with Mrs. O. H. Spanna as co-hostess.

Mrs. O. H. Spanna led the group in the devotional. A short business meeting preceded the program which was taught by Rev. Butler. This was the Guild's last lesson on "Sermon On the Mount".

Bouquets of chrysanthemums were used as room decorations.

Refreshments of fruit cake with whipped cream and coffee were served to the following: Mrs. H. R. Hicks, Mrs. Levi Bowden, Mrs. O. H. Spanna, Mrs. Robert Green, Mrs. J. C. Harpham, Mrs. Joe Bailey King, Rev. and Mrs. R. L. Butler, Miss Ruth Baker, Mrs. C. P. Baker, Mrs. Harpham, Miss Florence Gaines, Mrs. R. J. Penick, Mrs. Joel Massey and the hostess, Miss Merle Dingus.

The Guild will hold its next meeting November 28th with Mrs. J. H. Bardwell in the "Week of Prayer" program.

Mr. and Mrs. Jim Price and Mr. and Mrs. Vernon E. Spaeth of Fort Worth spent the week end in the home of their parents, Mr. and Mrs. T. A. Walker.

### Roxy Theatre, Wed., Thurs., Nov. 23-24

June Haver gets admiring glances from Gordon Mac Rae in this scene from "Look For The Silver Lining." The technicolor production co-stars Ray Bolger.

### Dorris Phillips, Ray Anderson Are Married Nov. 19th

Miss Dorris Wayne Phillips, daughter of Mr. and Mrs. Coy Phillips of Levelland, became the bride of Mr. Ray Anderson, son of Mr. and Mrs. Charles Anderson of Levelland, Wednesday evening, November 9th, at 6 o'clock.

The couple exchanged vows before a background of lighted candelabra and baskets of white mums J. V. Davis, minister of the Church of Christ in Levelland, read the double ring ceremony.

The bride wore a blue satin dress with black velvet accessories. Her corsage was of white roses. Following the old tradition, the bride wore her grandmother's diamond and cameo lavallier as something old and something borrowed; her dress as something new and something blue. She wore a sixpence in her shoe.

Mauriece Patterson of Hardin-Simmons University was the bride's only attendant. She was an aqua dress with brown accessories. Her corsage was of white carnations.

Clyde Anderson, brother of the groom, served as best man.

A short reception was given immediately following the wedding. The table was covered with a lace cloth and centered with a three-tiered cake topped by a miniature bride and groom.

The bride is a graduate of the Munday high school with the class of 1948 and is now employed at the Levelland State Bank.

The bridegroom is a graduate of the Ropesville high school with the class of 1945.

After a wedding trip to Mexico, the couple will be at home in Levelland.

Mrs. Ralph Bernard and children of Daingerfield are here for a visit with Mrs. Bernard's parents, Mr. and Mrs. W. R. Moore, and with other relatives.

### Eighty-Four Club Has Thanksgiving Party Tuesday

Members of the Eighty-Four Club were entertained last Tuesday with their annual Thanksgiving dinner at the club house of the Munday Study Club. Hosts and hostesses were Mr. and Mrs. Leland Hannah and Mr. and Mrs. H. F. Jungman.

Each member brought the turkey and other articles of food, and a delicious Thanksgiving dinner was enjoyed. Decorations also carried out the Thanksgiving motif.

After dinner, several games of eighty-four were enjoyed by the members and guests.

Present were Mrs. C. P. Baker, Mrs. S. F. Broach, and Messrs. and Mmes. W. E. Braly, J. E. Reeves, B. L. Blacklock, M. H. Reeves, J. C. Borden, Chester Bowden, R. D. Atkinson, D. E. Holder, Sr., Aaron Edgar, W. R. Moore, Leland Hannah and H. F. Jungman.

### Munday Study Club Meets November 11 At Club House

The Munday Study Club met Friday, November 11th, at 3 p. m. for a most instructive program given by Mrs. Paul Pruitt and Mrs. Charles Haynie, Jr.

The topic for the afternoon was, "The American Indian", and each member present heard a most vivid description of a group of American citizens, loyal, brave, but sadly neglected as to education.

Miss Joan Winchester, talented high school vocalist, sang "Indian Love Call" with Mrs. A. C. Williams as accompanist.

After the program, a business meeting was called with the president, Mrs. A. A. Smith, Jr., presiding.

The Study Club will have a rummage sale, Saturday, November 19th, in the Masonic building. Mrs. J. R. Smith was given a unanimous vote of thanks for her generous offer to redecorate the library room recently vacated.

The next club meeting will be December 2nd as Thanksgiving holiday is so near.

### County Exhibit To Be Shown By 4-H Club Girls

A county-wide achievement exhibit will be held by the 4-H club girls and Home Demonstration Club women on November 19th, in the American Legion Hall in Knox City.

Sponsoring the event will be Mrs. J. C. Patterson, council exhibit chairman, her committee and other council officers. Clubs drew for the subjects of the education exhibit which each club will set up on some phase of the 1949 program of work.

Exhibits will include: "From the Easy Way", "Steps in Reupholstering Furniture", "Decorations and Corsages Made from Native Materials", "Reseating Chairs", "Storage of Small Kitchen Equipment", "Making Bill-folds", and other exhibits of gloves, aluminum trays and handicraft will be set up.

These exhibits will be judged and will be open at one p. m. At two-thirty there will be a short program announcing exhibit winners. Immediately after this, the following 4-H awards for the 1948-49 work will be given: dress review, clothing, achievement, medal, leadership, citizenship citizenship, and achievement awards. The final award will be the presentation of the Gold Star Pin to the girl who did the most outstanding 4-H work in 1948-49. The Gold Star girl will win an expenses-paid trip to the 1950 4-H Star Roundup in June 1950.

### Munday Study Club Achievement Day Program Nov. 9th

The Munday Home Demonstration Club women were hostesses to the Benjamin club on their annual achievement day, which was held November 9th, in the home of Mrs. Louis Cartwright.

The home was beautifully decorated with fall flowers. The exhibit committee, Mrs. J. T. Offutt and Mrs. Buel Claburn, had on display many lovely handmade articles that the club ladies had made this year. The most interesting display was the leather tooling, which the ladies had worked so faithfully on and won a prize at the Haskell fair.

The 4-H girls, sponsored by Mrs. Joe Patterson, participated in the exhibit. They had an attractive display of various phases of work they had done.

The group was led in several games by Mrs. Bill Morris in which everyone enjoyed visiting and getting better acquainted with their neighbor.

The Armistice motif was carried out with refreshments by Mrs. Nora Broach, Mrs. J. R. King, and Mrs. Clint Hawes.

Benjamin guests included Mrs. Merick McGaughey, Mrs. J. R. Steedman, Mrs. Fred Jackson, Mrs. Earl Sams, Mrs. Lee Snailum, Mrs. Myrtle Meinzer, Mrs. Carl Patterson, Mrs. Grady Hudson, Mrs. L. A. Parker, Eugenia Butler, county Home Demonstration Agent, and Nelda Jo Hindman, assistant agent.

Members of the club: Mrs. Louis Cartwright, Mrs. R. E. Foshee, Mrs. J. C. Gollehon, Mrs. J. O. Tynes, Mrs. F. L. Bowley, Mrs. Joe Patterson, Mrs. J. T. Offutt, Mrs. J. R. King, Mrs. Buel Claburn, Mrs. Nora Broach, Mrs. Otis Simpson, Mrs. Bill Morris, Mrs. Clint Hawes, Mrs. G. L. Pruitt, and a visitor, Mrs. Keith Cartwright.

4-H club girls: Peggy Thigpen, Bobbie Jean Nance, Sue Norvill, Janice Johnson, Gene Ann Guinn, and Ellen Franklin.

The next meeting will be held November 23rd in the home of Mrs. R. E. Foshee.

### Virginia Hammons Football Sweetheart

Miss Virginia Hammons was crowned football queen of the Goree Wildcats on Thursday, November 3, at the Goree-Point Creek game at Goree. The coronation was a half-time feature.

Doug Lambeth, team captain, crowned the queen with his football helmet. The pep squad sang "She's Our Peaches," after which the football boys joined in the singing of "Let Me Call You Sweetheart."

Mr. and Mrs. Curtis Coates of Knox City were visitors here last Tuesday.

Be careful. Obey state and local traffic rules.

### Fire Destroys Church At Goree

The First Christian Church building in Goree, which was being used by the Church of Christ congregation in recent years, was totally destroyed by fire of unknown origin about 3 a. m. Thursday, November 10.

The fire department worked desperately in order to save the parsonage, which was located nearby, and occupied at the time by Mr. and Mrs. Garland Thebaud.

### HEFNER NEWS

(Mrs. E. J. Jones, correspondent)

Cotton gathering is the main talk of the day here. The local gin has been running regularly day and part of nights through fair weather, which is a blessing to the farmer, that they lose none of this fleecy staple.

The Hefner store is kept busy and is a great help to the community in the busy season.

The North Colorado Baptist Association convened a one-day session meeting at Friendship

Baptist Church on last Friday, November 11. There were several ministers and delegates who attended from several churches. Also laymen together with neighbors. A lunch at the noon hour was served so all enjoyed a fine day.

Mrs. J. S. Kendall of Austin is visiting her neices, Mrs. J. T. Offutt and Mrs. L. D. Offutt and friends.

### Activities Of The Colored People

Rev. S. L. Sanders filled his pulpit at the Church of God in Christ, in Goree last Sunday. He was accompanied by his wife. Since assuming the pastorate, a lot has been purchased for the erection of a new church in the future.

The P. T. A. will make the last payment on the kitchen linoleum this week. Our next plans include the equipment of our school with window shades and the purchasing of books suitable for our library shelves.

**New Refrigerator To Be Awarded In Giveaway Contest**

A revolutionary new design and the latest in features are incorporated in the new 1950 Shelvador refrigerator to be awarded locally by Strickland Radio Service as a part of the giant national two million dollar "giveaway" program being conducted by the Crosley Division, Avco Manufacturing Corporation and its dealers. The new refrigerators now on display at Strickland's.

"The new Shelvador," Strickland said, "provides up to 25 percent additional storage capacity in the same size exterior cabinet. It has been restyled with sturdy white plastic shelves that are completely recessed within the interior of an extra thick insulated outer door.

"A unique feature," he said, "is the 'butter-safe', a compartment for butter storage built in to the door of the refrigerator, which is electrically heated and thermostatically controlled to keep butter at the proper spreading consistency. Constructed of white plastic, it is easily removed for thorough cleaning.

"Another outstanding feature of this model," Strickland pointed out, "is the separate horizontal freezer and frozen food compartments that hold up to 53 pounds of frozen foods and ice cubes. In the full-width freezer compartment there is a freezer shelf with sub-zero temperatures for home freezing. The frozen food compartment provides extra space for ice trays and day to day supplies of food.

"Among the many additional features," he continued, "is the exclusive new door latch that provides for effortless opening of the door and a firm door-seal. Maximum shelf flexibility is provided by lift out and sectional shelves. The interior is finished with acid-resisting porcelain enamel."

Rev. Wm. I. Caughran of Chicago, Ill.; Mr. and Mrs. Morgan Caughran of Schaghticoke, N. Y., and Mr. and Mrs. H. L. Caughran of Grady, N. M., are here this week for a few days visit with Mr. and Mrs. J. C. Caughran and Mr. and Mrs. M. T. Chamberlain.

Mrs. George Crouch returned to Oklahoma City with Jemmie Rae Sunday.

Sunday school, 10 a. m.;  
preaching services, 11 a. m.  
Sunday evening services at 7:00 p. m. You are invited to these services.

**CHURCH OF GOD**  
Rev T. J. Lightfoot, Pastor  
Sunday school ----- 10:00 a. m.  
Morning service ----- 11:00 a. m.  
Sunday night service, 7:30 p. m.  
The Church With a Welcome to All.

**GOREE BAPTIST CHURCH**  
S. E. Stevenson, Pastor  
10:00 a. m. ----- Sunday School  
11:00 a. m. ----- Missionary from China, Mrs. Y. K. Chang, will speak. This is an unusual opportunity to hear such a speaker.  
6:30 p. m. ----- B. T. U.  
7:30 p. m. Preaching. "The Physician and the Patient." Matt. 9:12.  
We invite everyone who reads to come and hear Mrs. Chang.

**CHURCH OF CHRIST**  
Is the Bible the inspired Word of God. The word "Bible" is from the Greek Biblos, meaning a book. Being a revelation of the will of God to the human family, it is pre-eminently The Book. Witness the following:  
Sir Isaac Newton: I find more sure marks of authenticity in the Bible than in any profane history whatever.  
William Penn: The Scriptures contain a declaration of the mind and will of God. . . . They ought also to be read, believed, and fulfilled in our day. We accept them

as the words of God himself. "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: That the man of God may be perfect, thoroughly furnished unto all good works." (2 Tim. 3:16, 17).

Come and study the Bible with us each Sunday, 10:00 a. m. -6:30 p. m., Wednesday 7:15 p. m.

D. L. ASHLEY, Minister

**THANKSGIVING SERVICE**  
It was announced Wednesday that the regular Thanksgiving services for the First Methodist Church will be held on Wednesday night.

The services are scheduled to begin at 7:30 o'clock and the Rev. R. L. Butler, pastor, will be speaker.

The public is cordially invited to attend this Thanksgiving service.

Mrs. Effie Alexander, Mrs. A. A. Smith, Sr., Mrs. Fred Broach, Mrs. Mauryse Blacklock, Sandy and Betty and Miss Newna Goolsby attended the Civic Music program in Wichita Falls last Sunday.

John O. McMahon, Jr., was taken to a veterans' hospital in Dallas last Tuesday for treatment. An ambulance from the Mahan Funeral Home made the trip with him.

Mr. and Mrs. P. V. Williams visited their daughter, Miss Charlotte Williams, in Denton last week end. They also attended the S. M. U. and Arkansas football game on Saturday.

**Notice To Motor Vehicle Owners:**

The money you pay to register your vehicle stays in Knox County, provided you register your car in Knox County. If you register your car outside the county the money stays in that county.

The Texas Highway Department advises it is illegal to register your car in any county other than the county of your residence.

If you purchase a car in another county, you should demand a paper tag of the dealer, which is good for 10 days, and will give you sufficient time to get your car registered in your home county. This is the law, and the dealer should be asked to comply in the event he tried to get you to register in his county.

The money you pay for registration of your vehicle is prorated over the entire county. For instance, if you live in Precinct 1 the money is credited to your precinct; if you live in Precinct 2, it is credited to Precinct 2, and so on, and is used for building and maintaining the roads in your own precinct.

Let's all keep our motor vehicle registrations and our moneys paid therefor in our own county.

# FARM PROGRAM NEWS

From the County PMA Committee

Friday, November 18th, 1949  
election day for more than 2000  
Knox County farmers.

Those who are participating in Federal farm programs administered by the county and community Production and Marketing Administration committees will troop to the polls in each agricultural community to elect three community PMA farmer-committeemen and two alternates and also a delegate and alternate delegate to a county convention that will choose a three-man PMA committee for the coming year.

Polling places as follows: Sunset—School, Gilliland—Gin, Truscott—Clark's Filling Station, Munday—City Hall, Benjamin—PMA Office, Knox City—Legion Hall, Rhineland—Gin, Goree & Hefner—Legion Hall in Goree, Vera—Gin.

Farm programs administered by committeemen include the Agricultural Conservation Program, price supports, acreage allotments and marketing quotas, the sugar program, and Federal Crop Insurance.

## SUBSIDIES OLD STORY, SAYS BRANNAN

Speaking on price supports, Secretary of Agriculture Charles F. Brannan recently pointed out that many businesses have received price protection for a long time, on the assumption that these benefits were in the public interest.

"From the very early days of our Nation," the Secretary said, "we have had protective tariffs for the benefit of industry. We have had airmail contracts—to subsidize aviation. We have special concessions in our postal regulations—for the benefit of those engaged in the publishing business.

"The justification for all of these subsidies is that they are intended to serve the whole American people. But I doubt very much if any subsidy gives as much to the entire American people per dollar of cost as we all have derived from the Agricultural price support programs of the past and that we can derive from an improved price stabilization program in the future.

## Pushbutton Cooking for Junior Chefs

CHICAGO—Boys Clubs all over the world are honored by the presentation of a gold-trimmed pushbutton electric range to the Boys Club of Chicago. It marks the fortieth anniversary of the invention of fireless cooking by the late George A. Hughes, founder of Hotpoint, Inc. Community Fund's Red Feather girl, 12-year-old Carol Ann Glenn, accepts automatic appliance from James J. Nance, Hotpoint president and club director, while two of the junior chefs proudly inspect their new range.

marked degree by the level of farm purchasing power"

Mr. and Mrs. Luther Parker of Lockney spent the week end here, visiting with Mr. Parker's parents, Mr. and Mrs. L. A. Parker.

Mr. and Mrs. Luther Parker of Lockney spent the week end here, visiting with Mr. Parker's parents, Mr. and Mrs. L. A. Parker.

## Capacity Of Texas Ranges Is Lowered 50 Pct.

Ninety-three million acres is a lot of land, even in Texas, and they are mighty important to the meat producers and consumers of the state and nation. Approximately 7 1/2 million cattle, 7 1/2 million sheep and 2 1/2 million goats are depending on these ranges for their livelihood, says Dr. V. A. Young, head of the range and forestry department of the Texas A. & M. College System, to say nothing about the human element.

Livestock ranges in Texas have been exploited for the past fifty years to the extent that their grazing capacity has been lowered about 50 percent, says Young, but applied research can and is helping to correct the situation. In many instances, he says, we have ruined our stands of good grasses and they have been replaced by poor grasses, noxious weeds and shrubs. Surface and gully erosion have also left many ugly scars on our range lands.

In rebuilding, we must first reduce our livestock numbers to fit the grazing capacity of the ranges, says Young. This should be based on how many of the good grasses are present and consideration should be given to both year-round and seasonal grazing periods. Low producing and poor quality animals eat more than their share of the range vegetation. They should be marketed, advises Young.

Then, continues Young, we should graze so as to leave at least 50 percent of the short grasses on the range. A stubble of 2 1/2 to 3 1/2 inches should be left on the flat rolling ranges and more on the steep slopes, he says. This will keep the land from washing and will add organic matter for fertility and plant growth. Even on the best ranges, it is best to leave 40 percent of the good grasses and a 4 to 6 inch stubble of the tall grasses depending on the species.

If the range has been severely overgrazed, he suggests a long-time deferred grazing program; no grazing for one or more years. This time deferred grazing is economical for it gives the best forage plants a chance to re-seed, gain strength, develop a good root system and produce

production and reserve food storage. It is not possible to follow this practice, then deferred rotation grazing system should be followed. The native grass pastures should be deferred first and grazing should be withheld long enough to give the good grasses a chance to make and mature a seed crop.

Range plants, he says, are in their most critical state in the spring. The food supply in the roots is low and leaf and stem growth must take place before the supply can be built up. Springtime care of the range plus a well planned and conducted range improvement program will certainly help to get sick land back on its feet, says Young. He suggests that you talk your range problems over with your local county agent, because he can give you a lot of suggestions that are based on lo-

# Why New Telephone Rates Are Necessary At Munday, Texas

NO BUSINESS CAN long survive and charge less for its products and service than it costs to furnish them.

GREATLY INCREASED COSTS of furnishing telephone service makes it necessary for the telephone company to place new rates into effect at Munday.

We are proud that in these past years we have been able to expand and improve our service without increasing rates. But the pyramiding effect of increased costs of operation—higher wages, taxes, materials and equipment—make new rates necessary despite the use of every possible economy consistent with sound business management.

### EXPENSES ARE GREATER THAN INCOME

During, and since the war, the demand for telephone service has been tremendous. While revenues have increased, the costs of furnishing service has increased much faster.

The cost of almost everything that goes to make good telephone service—and almost everything is needed—has increased sharply since 1940. For illustration:

In 1948 We spent ----- \$25,340.81  
We received ----- 19,348.10

We lost ----- 5,992.71

Payroll (wages), our biggest expense, is away up. Seven (7) general wage increases have been granted employees since 1940. Telephone poles cost 110 percent more than in 1940—cable is up 119 percent—and manufactured items as much as 139 percent.

### NEW RATES ARE REASONABLE

The new rates are reasonable and are necessary to help pay the cost of furnishing telephone service. We do not seek big profits, only reasonable rates that will provide enough earnings to place the system on a sound financial basis, and which will enable us to expand and improve service.

### ADEQUATE EARNINGS ARE ESSENTIAL

To carry out its expansion and improvement program, the company must spend many thousands of dollars for new plant and equipment. This money must come

from the savings of people who want to invest in something that will bring them a reasonable, regular return. A sound financial business with reasonable earnings is essential to attract new money necessary to expand and improve telephone service.

### NEW RATES

The new schedule of rates for Munday is given below. Federal taxes which apply are not included.

Class of Service	RATE PER MONTH		
	Wall	Desk	Handset
<b>BUSINESS:</b>			
Individual Line Service	\$4.75	\$5.00	\$5.25
Two-Party Line Service	3.50	3.75	4.00
Extension Service	1.00	1.25	1.50

\* Customer Furnishes Telephone Instrument

For residence users the new rates are from no increase to an increase of 12-3 cents per day. For business users the new rates represent an increase of from 21-2 cents to 55-6 cents.

Compared with increases in prices you must pay for other things—food, clothing, automobiles and almost every item in the family budget—the increase in telephone rates is moderate.

### Don't Let Gyp Antifreeze Ruin Your Automobile

"The stuff you have to buy to keep the radiator of your car from freezing may be either a cheap blessing or an expensive curse. Large numbers of motorists, unless they learn a few simple things about antifreeze fluids, are going to be systematically victimized again this winter by a tough army of gyps.

"These people sell five cents' worth of cheap salt, calcium chloride, mixed with a gallon of water for anywhere from \$1 to \$3.50. Good antifreeze is compounded from one or another of the alcohols. Such products cost considerably more to make but they sell in the same price range—from about \$1 for simple alcohols to \$3.50 for some of the more complex glycols like Prestone and Zerex."

Such are the opening words in the article titled "Don't Let Gyp Antifreeze Ruin Your Car," by Laird S. Goldsborough, in the current (November) issue of Reader's Digest, during the preparation of which the Dallas BBB supplied Mr. Goldsborough with considerable data.

Among the valuable bits of information which the article contains is the following quotation from Automotive Antifreeze, a 16-page circular of the U. S. Bureau of Standards (U. S. Government Printing Office, Washington, D. C., 25 cents):

"Engine and laboratory tests of salt-base antifreezes have shown that solutions of such materials cause serious corrosion of the cylinder block, water pump, radiator, and especially of any aluminum parts such as cylinder heads. The corrosion products resulting will accumulate and cause partial or complete stoppage of water passages in the radiator, with consequent overheating and boiling. These solutions may get into the engine cylinder head or gasket and cause great damage or even completely ruin the engine."

#### New Texas Law a Help

The new Texas law (House Bill No. 701) passed by the last session of the Texas Legislature (reported in Texas Bulletin July 4, 1949) will greatly aid motorists of this State to avoid being injured by gyp antifreezes but the situation still requires diligence to the extent of determining whether specific anti-freeze products are registered in Texas as the law requires.

One of the problems confronting motorists in Texas (and dealers, too) is the fact that more products of different types of glycols are appearing on the market. These include antifreezes with bases of ethylene glycol, propylene glycol, di-ethylene glycol, tri-ethylene glycol and hexylene glycol, as well as mixes of two or more of such glycols. This means that the same hydrometer may or may not be used to test

### He Has A Hobby Too

Maybe his hobby is growing peaches, since he says fishing's his business and he sells monuments to pay expenses. Anyway, here's Uncle Happy Hathaway pictured with his peach trees. He was told he'd never live to see them bear fruit when he

planted them several years ago. But this year he gave many bushels to his friends and relatives, and he gathered some of them personally. Pretty good for a fellow who is 93 years young!

### 'Uncle Happy' Is Teacher In Sunday School 76 Years

Alfonzo Udolphus Hathaway, 93, by the calendar, hit this town on Tuesday 30 years ago and joined the church on Wednesday.

To the sparse citizenry of this town that was a reliable clue as to his character.

For "Uncle Happy" is a Christian gentleman, a spry, sunshine-spreading type of individual. He is regarded as the oldest Sunday School teacher in Texas. He's been at the job 76 years.

Browsing through his history, you'll find that he has been a deacon in the Baptist Church for 61 years, a Christian 83 years, that he organized the first primary BTU (Baptist Training Union), that he has been a scoutmaster a quarter of a century, and that he always has a sack of sweets for the small fry.

#### Kids Visit Him

It's this latter characteristic that has endeared Uncle Happy to the upcoming generation. The "kids" of the town visit him almost daily for his company and for the candy mints or bubble gum with which he is always well supplied.

Uncle Happy holds other distinctions. He claims to be the only male member of the WMU (Women's Missionary Union). He was admitted to this exclusive women's department mainly because he was instrumental in organizing it. He's proud of that, too.

Hathaway celebrated his 93rd birthday last month and blew out the 93 candles with more vigor than could a man half his age.

He attributes his robust health to his clean living and his fondness for fishing.

#### Confined to "Pshaw"

His profane vocabulary is confined to the word "pschaw" and he has never smoked nor drank intoxicating liquors. He claims that "fishing" is my business and I sell monuments to pay expenses."

Hathaway says he will resume his fishing as soon as his foot cures from a thorn prick acquired on his last outing.

#### No Job Once

At one period in his life, he says, he didn't have a job. That was during the Civil War when he lived in Arkansas and "lived two or three years on rabbits."

His father, Col. J. F. Hathaway, organized the First Arkansas Regiment.

Uncle Happy's claim to the title of Texas' oldest Sunday School teacher came from Joe Burton, editor of the official Baptist magazine, "Home Life", in Nashville, Tenn.

He is still teaching his class here and "will until the Lord gives me another assignment."—Wichita Daily Times.

### LOCALS

Mrs. A. L. Smith, Wayne and Wayman and Miss Peggy Clough visited relatives and friends in Waco last week end. They also attended the Baylor and Wyoming football game on Saturday.

Mr. and Mrs. E. E. Guinn of St. Joseph, Mo., visited in the home of Mrs. Guinn's sister and family Mr. and Mrs. Russell Penick and children, the latter part of last week.

Mrs. Erin McGraw returned last Wednesday from Wichita Falls where she had been visiting her daughter and family, Mr. and Mrs. Orman E. Moore and daughters for several weeks.

Mr. and Mrs. Worth Gafford and Mr. and Mrs. Buddie Gafford and daughter, Myra Jo, visited relatives in Coleman last Sunday.

### BENJAMIN NEWS

(Elda Purl Laird, Reporter)

Miss Omitee Barnett, Miss Elda Purl Laird and Pete Barnett were in Haskell Wednesday of last week shopping.

Mrs. Floyd Lindsey of Stamford is visiting in the home of her mother, Mrs. Ed Moorhouse, and other relatives.

Mr. and Mrs. Orb Russell spent the latter part of last week visiting with relatives and friends in Carlsbad, New Mexico.

Mrs. Doyle Pyatt spent the week end visiting in the home of her parents, Mr. and Mrs. Lee in Lubbock.

Mr. and Mrs. Pat Propps and

daughter of Albuquerque, N. M., were here visiting during the past week in the home of Mr. and Mrs. O. D. Propps, and other friends and relatives. Dr. J. C. Blumenthal of Princeton, New Jersey, was also a guest in the home of Mr. and Mrs. O. D. Propps during the past week.

Mr. and Mrs. Floyd Nunley and girls of Eunis, New Mexico, visited in the homes of their parents, Mr. and Mrs. Lee Snallum and family, and Mr. and Mrs. go.HP.gwyJmHpl.(Hf f f wrl Alpine Nunley during the week end holidays.

Mrs. W. A. Barnett, Miss Omitee Barnett, Mrs. Wynelle Porter and girls, and Pete Barnett spent the week end visiting in the home of Mrs. Henry Steward

and family of Shamrock.

Mrs. Torrell Taylor and girls of Munday visited in the home of Mrs. J. A. McCanlies Sunday.

Miss Fern Hodge, District Home Demonstration Agent, of Vernon, was in Benjamin Monday of this week visiting with Miss Eugenia Butler and Miss Nelda Jo Hindman.

L. H. Cooper of Haskell was in Benjamin Tuesday of this week on business.

Mr. and Mrs. Roy Renner visited with relatives and friends in Fort Worth over the week end.

A. B. Warren was a business visitor in Wichita Falls last Tuesday.

Fertilizers can be successfully stored on the farm. Just store in a dry, well ventilated barn or shed.

## Soil Conservation Meetings Open Monday, Sponsored By Burlington Lines

Included in the programs for soil conservation meetings at selected West Texas and Panhandle points November 14th-18th sponsored by Burlington Lines and the Second National Bank of Houston in cooperation with U. S. Soil Conservation and Texas A&M Extension Services, are M. K. Thornton, extension agricultural chemist, and A. H. Walker, extension range specialist, both of Texas A&M College System; and the Cook County range management team, comprised of B. T. Haws, county agent, Gainesville, Douglas Robison and Billy Whit.

Thornton, a native of Arkansas, obtained his Bachelor of Science degree from Mississippi State College and Master of Ag-

riculture degree from Columbia University. His experience includes his appointment as chemist for the TCI Railroad Company, instructor at Texas A&M College, and assistant chemist, Pictinery Company. He was appointed Professor of Chemistry at Texas A&M College in 1919 and held that position until 1935; at that time he was appointed Leather Specialist for the Extension Service, a position he held until 1938, when he was appointed agricultural chemist for the Service. He saw service in World War II as captain and major in the Chemical Warfare Service of the U. S. Army. He is the author of a number of publications including "Fertilizers and Their Use" and

## People, Spots In The News

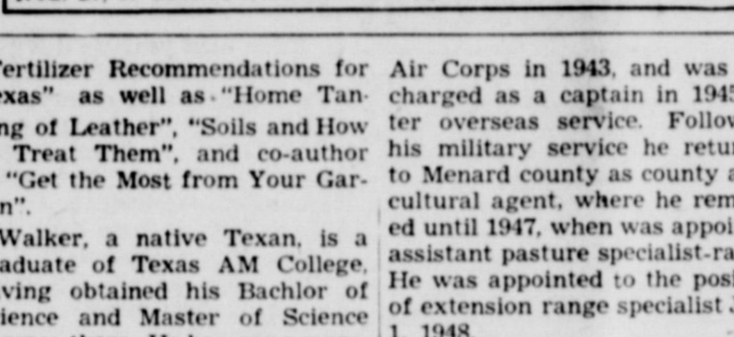

**MINICAR** made bow at British Motorcycle show. Weighs about 240 pounds, cruises at 35, gets 100 miles per gallon.

**HAND-STANDING** hog of Danville, Quebec, seems to get along all right despite being born with no rear legs. He's two months old.

**NICE WORK.** Keenan Wynn lets Elizabeth Taylor curl his mustache between scenes of picture in which they both appear.

**CHAMPS** of Michigan in junior Chicken-of-Tomorrow contest compare birds on pre-trip to Washington. Left to right, Jerry Seitsma, 14, of Grand Rapids, Howard C. Pierce, national poultry research director of A & P, sponsor of program, Allen Seyfred, 20, of Galien, and Bruce P. ... 11, of Alto, Mich.

"Fertilizer Recommendations for Texas" as well as "Home Tanning of Leather", "Soils and How to Treat Them", and co-author of "Get the Most from Your Garden".

Walker, a native Texan, is a graduate of Texas AM College, having obtained his Bachelor of Science and Master of Science degrees there. He became a member of the A&M Extension Service in 1937 as county agent for Culberson county; later he served in the same capacity for Menard county. In 1942 he entered the military forces as a Lieutenant in the Cavalry, transferred to the

Air Corps in 1943, and was discharged as a captain in 1945 after overseas service. Following his military service he returned to Menard county as county agricultural agent, where he remained until 1947, when was appointed assistant pasture specialist-range. He was appointed to the position of extension range specialist June 1, 1948.

In Thornton's talk he will discuss soil building generally, and will touch on such items as physical conditions of soils, soil organisms, soil nutrients and the part they play in crop production. He will emphasize the value of legumes, commercial and barnyard fertilizers in soil building work. The information he will use has been obtained from the county agents in the counties where the meetings are to be held, and the demonstration results will be evidence to show what can be done. Charts and pictures will be used to illustrate certain points.

The general condition of range lands and some of the major problems confronting ranchmen will be the general topic to be discussed by Walker. Included will be brush infestation, overgrazing and droughts. Range management and the importance of knowing the range vegetation and the need for balancing livestock with forage available brush control, rotation and deferred grazing along with water and salt distribution will be emphasized. Examples of good range management and conservation in the counties to be visited will be cited, and the Cook county team will fit nicely into his discussion.

The official party of Burlington Line officers and representatives of the Second National Bank of Houston, the U. S. Soil Conservation and the Texas A&M Extension Services will attend each of the meetings, which are scheduled along the lines of Fort Worth and Denver City and Wichita Valley Railways as follows: Shamrock, November 14th; Childress, November 15th; Quanah, November 16th; Henrietta, November 17th; and Spur during the afternoon and Stamford during the

## KITCHEN KOMMENT

Free use of margarine in casserole dishes will give them the best possible flavor. Scraps of colorful cotton material make gay Christmas wrappings Small pieces of candy-

evening of November 18th.

At Shamrock the meeting will be in the Community Building at 1:00 P. M.; in Childress at 7:30 P. M. in the High School Auditorium; in Quanah at 2:30 P. M. in the Texan Theatre; in Henrietta at 2:00 P. M. in the Dorothy Theatre; in Spur at 1:30 P. M. in the Spur Theatre; and in Stamford at 7:30 P. M. in the Round-Up Hall on the Texas Cowboy Reunion Grounds.

Local committees are winding up the arrangements for tours of local conservation projects for the official party, which will take place in addition to the meetings to which the public is invited and urged to attend.

striped material or red and green dotted print give a Christmas package a touch of originality. A good way to use bits of leftover turkey or other holiday meats is to combine them with mushroom soup and fold in cooked noodles. Pour the mixture into a casserole and sprinkle with margarine bread crumbs and nippy cheese. Bake about 20 minutes, and the result is a main-course that does not look at all like leftovers.

When hanging up the family wash, hang all articles straight and by their strongest part to make them last longer, look better, an iron more easily. If canvas awnings are worn or in need of repair or recovering, winter is the ideal time for this work. Then awnings will be in good condition for the first warm spring days.

To keep your family from losing interest in breakfast and skipping that important morning meal, vary your menus from day

to day. Waffles or hot cakes with plenty of creamy margarine and syrup will awaken disinterested, early morning appetites.

Mr. and Mrs. Sidney Lee of Fort Worth spent the week end with Sidney's mother and brother, Mrs. O. W. Lee and Harvey Lee.

## Beware Coughs From Common Colds That HANG ON

LOOK IN THE BARN FOR **ROLLED** BALE QUALITY

Now is the time to check on hay quality. Here are some things we would like to show you — right in our store or on some of your neighbors' farms.

- How rolled bales save the leaves, right through to the manger or feed bunk, because the hay is never pounded, twisted and crumpled during baling, and bales can't break during handling.
- How rolled bales are rain resistant. Each bale has its own "thatched roof." If good hay goes into the baler, good hay comes out of the bale.
- How rolled bales are easy to feed, rolled out or cut open for stanchion feeding, fed whole in bunks or out on pasture.

Come in and let us show you now how the Allis-Chalmers Roto-Baler and rolled bales can help you make better hay at lower cost, with less work and worry.

### CARD OF THANKS

We wish to express our thanks to everyone who helped at the time of the fire which came so near destroying our home. We also want to thank the fire boys for their splendid work.

Mr. and Mrs. Garland Thibaud and Brooks. 16-11c

### Too Late to Classify

**FOR HEALTH CAUSES**—Vacancy of Archer County Raleigh business. Good opportunity to continue established service. Previous dealer, M. O. Cheves, in business many years. Write at once, Raleigh's Dept. TXK-430-203A, Memphis, Tenn., or see J. T. Hardin, DeLeon, Texas. 16-3tp

**BUTCHERING**—We will butcher your hogs for you with satisfactory service. Roy Smith & son, Goree, Texas. 16-2tp

### Drunks, Fighters, And Offenders Keep Officers Busy

Munday is not the law-abiding town she was before the fall season opened up in full swing, and minor offenses have been keeping local officers on the jump.

Arrests have been increasing during the past few weeks, but last week end topped them all, according to officers, who reported a total of 38 arrests over the week end. The local bustle was filled.

Most of the arrests were for drunkenness, fighting and disturbing the peace, according to officers.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. M. B. Brooks of Whiteface, Texas, are the parents of a son born October 28th. The little boy has been named Beauford Charles and weighed seven pounds and one ounce. Mrs. Brooks is the former Dorothy Crawford who resided in Munday.

### Kracker Krums—

(Continued from Page One)  
en around for Thanksgiving.

He made the rounds with a paper that said: The following merchants will be closed for business on Thanksgiving Day, Nov. 24, 1949. He returned with 49 signers.

And the town will be closed Thanksgiving, and all who want to can go out to Rhineland for the big feed.

The Munday Times will try to come out on Wednesday so we can be even more thankful on Thursday. So keep that in mind, you'uns who have advertising and news items for next week, please.

Then next year we'll try to decide again on the holidays that our town should observe.

We'll try to have a commitment and an understanding among the individuals as to the observance of those days, so that when the appointed day comes there will be no big question mark in your mind.

So happy holidays, come Thanksgiving!
