

## Kracker Krums

Odd Bits Salvaged  
At Random

They want us to act as a "bureau of missing persons," so here goes:

An investigator in San Carlos, Calif., wants to locate Donnie Lee Nance, or Donnie Lee Howard, or Donnie Lee Collier, or Donnie Lee Markopulas. The facts in the case are these:

Donnie Lee Nance was born in Weatherford, Texas, August 5, 1907, and was the daughter of Charles Lee Nance and Lora Overton. When she was 10 years of age her mother married William Howard, and they settled in Fresno, California. In 1925, Donnie Lee married one Horace Collier in Fresno, and in 1934 Collier was killed in an automobile accident in Oklahoma.

In June 1948, Donnie Lee Collier went to work in the Eureka Grill in Redwood City, Calif., as a waitress, and in August, 1948, she married the proprietor, Anthony Markopulas. She lived with him but a short time, and then disappeared.

On December 2, 1948, her husband, Anthony Markopulas, died leaving no will, so his estate, which amounted to around \$50,000, went into probate in the Superior Court in Redwood City, Calif.

Under the probate code of the state of California, Donnie Lee is entitled to one-half of this estate, but it is necessary that she appear and put in her claim.

"To date, I have been unable to locate her," the investigator wrote us. "I am writing you in the hopes that she may have some relatives in your city, who perhaps, might know of her whereabouts, so that we might locate her and proceed to close this estate."

Those are the facts regarding a woman who, if located, will receive half of \$50,000. Quite a neat little sum.

Well, we got "deflated" several times during the past few weeks.

One lady writes us that her subscription expired in January, and to stop her paper. She says on the post card:

Don't think I could digest another year of Kracker Krums. Too disgusting for words!"

Another subscriber allows as how we need to find something else to write about, rather than our note payments. "That's getting kinda stale," he says.

We sorta agreed with him, with the addition that making those payments is becoming to be a sorta stale process, too.

Still another threatened to stop his paper because "it has too much advertising in it."

And advertising, folks, is our method of procuring bacon and eggs, and food and things.

Without it everybody's paper would stop in the matter of about two months!

What to do! What to do!

Which proves the old adage: You can please some of the people some of the time, maybe all of the people part of the time, but you can't please all of the people all of the time.

Maybe that isn't the exact quotation, but it applies in our case.

Guess we'll write about the things Munday does, the things Munday needs to do, etc.

And if your subscription isn't "up to snuff," you need to come in and see us.

Soon we'll need to be thinking and doing something about a clean-up campaign for our town. Spring's liable to slip up on us.

A fellow from a neighboring town told us the other day that putting in parking meters makes a group of townspeople clean up the town. We wonder!

## T. M. (Tat) Bivins Announces For County Clerk

Thomas M. (Tat) Bivins of Benjamin has authorized the Munday Times to announce his candidacy for the office of County Clerk of Knox County, subject to the action of the voters in the 1950 primaries. Mr. Bivins makes the following statement:

"I was born in Knox County, am 30 years of age, and have lived in this county my entire life. I attended the Benjamin schools and spent 43 months in the Army during World War II. I was married to Nina Mae Davis of Knox City in 1940. We have a son four years of age. We live in Benjamin, where I have been employed for the past two years as clerk in the Benjamin post office.

"I plan to make a complete campaign of Knox County for the office of county clerk, and I hope to meet and talk with each of you personally between now and the first primary. However, I wish to take this opportunity of earnestly soliciting your influence and vote in this campaign.

If elected to this office, I will endeavor to give courteous and efficient service and strive to give you my best at all times."

Melton Seeks Re-election As County Sheriff

Homer T. Melton, sheriff of Knox County, has authorized the Munday Times to announce his candidacy for re-election to this office, subject to the action of the voters in the democratic primaries in July and August.

In making his announcement, Mr. Melton made the following statement to the voters:

"During my tenure of office, I have tried to make you a loyal and efficient peace officer, and I promise my continued efforts if re-elected. I appreciate the cooperation which the people of the county and other officers in various parts of the county and state have given me. Without this cooperation, I could have not accomplished as much as has been done.

"My time is always your time, and you will find me ready to go anywhere, and at any time, my services are needed.

"I earnestly solicit your vote and influence during my campaign and in the coming elections. If re-elected, you will find me ready and willing to work with you and all other officers in the enforcement of the laws of our county and state."

## Payment Of Poll Taxes Is Running Light

Poll tax payments in Knox County have been very light so far this year, according to M. A. Bumpas, Jr., tax assessor and collector, who believes it is partly due to the fact that the constitutional amendment abolishing the poll tax was to be voted on in November.

Others, he said, are probably of the opinion that their poll taxes are included along with other taxes, which is not true.

He urged Knox County voters to check their receipts and see if poll taxes are paid; and if not, to get payments in before February 1.

January 31 is the last day for paying poll taxes, and since this is election year, many more should be paid.

If yours has not been paid, send the tax collector \$1.75 for each poll tax, together with the following information:

Your age, number of years in county, name and occupation, and your voting precinct.

## Masons Hold District Meet At Knox City

Masons of the 91st Masonic District Association held their regular meeting last Tuesday night at the American Legion hall in Knox City. Benjamin and Knox City lodges were host lodges for the meeting.

A delicious dinner was served in the basement of the Legion hall at 6:30 p. m., after which the group assembled in the auditorium for the program.

W. M. Rowan presided in the absence of the association president. The address of welcome was given by S. N. Reed, and response was made by O. E. Patterson of Haskell.

T. W. Templeton of Benjamin, introduced County Attorney Martin of Wichita Falls, who delivered an inspirational address on living the life of a Mason and a Christian.

Around 100 men attended the meeting, representing all of the lodges in the district except Woodson.

## M. O. Harrisons Buy Tourist Court Here

Announcement was made last week that Mr. and Mrs. M. O. Harrison, formerly of Corpus Christi, have purchased the Jewell's Courts, which have been operated here for several years by Mr. and Mrs. Eimo Morrow.

Mr. and Mrs. Harrison took charge of the courts some two weeks ago. They've found only one objection to Munday—a post office box isn't available, and their mail must come general delivery.

## March Of Dimes Gets Under Way

In almost every place of business, there's an oblong, tube shaped container, above which is a small girl with braces on her limbs and walking with the aid of crutches, who says: "I'm Winning Because of You!"

On the top side of these containers are two slots, through which you may slip your nickels, dimes, half-dollars, or your folding money.

It's all a part of the nationwide March of Dimes drive for funds for the National Foundation of Infantile Paralysis, which was founded by Franklin D. Roosevelt.

## Local Fireboys Elect Officers

At a recent meeting of members of the Munday Volunteer Fire Department, officers for another year were elected. They are as follows:

J. B. Scott, fire chief; Lee A. Parks, assistant chief; Doris Collins, president; Joe Lane, vice-president; Dave Jetton, secretary; Toby Lane, assistant secretary; Rev. R. L. Butler, chaplain; Mrs. D. C. Eiland, mother; Jimmie Joe Jetton, mascot, and R. B. Bowden, fire marshal.

**POSTAL EXAMS TO BE HELD FOR BENJAMIN**

The Civil Service commission announced examinations for filling vacancies in the Benjamin post office in the position of substitute clerk at the salary rate of \$1.06 1/2 per hour. To be eligible to take the examination, applicants must reside within the delivery of the post office or be bona fide patrons thereof.

Application forms and additional information may be secured from the post office, or from the Regional Director, 14th Civil Service Region, 210 S. Harwood Street, Dallas.

Be careful. Observe state and local traffic laws.

## M. Chamberlain Announces For County Clerk

M. T. (Marvin) Chamberlain, county clerk of Knox County, last Monday authorized the Munday Times to announce his candidacy for re-election, subject to the action of the voters in the coming primaries.

"You know what I am, and what I've done during the time I have served in the county clerk's office," Mr. Chamberlain stated, "and it is upon the basis of my qualifications and past experience and my willingness to serve to the best of my ability that I seek re-election to this office.

"If re-elected, I promise the same faithfulness to duty that has characterized my present tenure of office. Your vote and influence will be greatly appreciated."

M. A. (Buddy) Bumpas, Jr., on Tuesday authorized the Munday Times to announce his candidacy for re-election to the office of Tax Assessor and Collector of Knox County, subject to the action of the voters in the democratic primaries. He makes the following statement:

I wish to authorize you to announce my candidacy for the office of Tax Assessor-Collector with my statement to the people as follows:

I am deeply grateful for the privilege of serving you as your tax assessor-collector for the past three years, and whatever measure of success I may have had I owe much of it to the fine cooperation of the people of Knox County.

With the capable assistance of my deputies, I have endeavored to render efficient and courteous service. I believe that the experience I have gained has better qualified me for the office. The office belongs to you, and it is only at your hands that I can expect to continue my service. If you feel that I am worthy and the record I have made merits my continuance in office, I will greatly appreciate your vote and influence in the coming primary.

Soil Conserving Crops Are Urged To Check Depletion

The Supervisors of the Wichita-Brazos Soil Conservation District strongly urge the planting of soil conservation crops on the acreage that cannot be planted to cotton and wheat. These crops will not only check the depletion of the soil, but will add to the supply of minerals and organic matter necessary for high production. The past few years have greatly lowered the level of available minerals and structure of the soil by being planted continuously to cash crops and no crop rotation followed.

Crops such as hubam sweet clover improve the soil greatly because of its soil building properties. The strong tap root of this plant will open up the soil to great depths, much below the level of ordinary tillage. Many cooperators of the District report increased yields as a result of planting a legume in their rotation.

On many soils of the District there is danger of wind erosion where no cover crops are growing. Leaving as much of the crop residue on the surface as possible will help prevent this. On soils such as these, the fall planting of vetch or peas with rye is the only safe way to prevent wind erosion and to check the depletion of minerals and loss of organic matter. To protect your investment in the land and to leave the soil in as good a condition as you received it, you must include soil conservation crops in the rotation.

## Sunset School To Have Amateur Hour

The Sunset school has been making plans for an amateur program to be held at the Sunset school on Tuesday, January 24th. The doors are scheduled to open at 7:30 p. m.

The entire proceeds of this program will go to the March of Dimes.

Two divisions will make up this amateur program. The grade school and the high school. Also any adult wishing to enter, may do so. There will be prizes for first, second and third place winners in each division. And a door prize for the holder of the lucky ticket sold at the show.

Besides the amateur show there will be a string band to provide music for intermissions. This band will consist of A. C. Tackitt, Lloyd Huntsman, Bill Lanford, Jimmy Dunnam and Jo Ann Tackitt.

Those wishing to enter may contact M. G. Hannaford at the Sunset School or Mrs. A. C. Tackitt of Route One, Munday.

## BIRTH ANNOUNCEMENT

Weighing in at 8 pounds and 3 ounces, Kenneth Wayne Collander was born at 5:15 p. m. Tuesday, January 10, to Mr. and Mrs. Bill Collander of Dallas. Mrs. Collander is the former Inez Proffitt of Munday.

## Funeral For J. F. Lowrance Held Saturday

Frank Lowrance, well known Munday man, passed away on Thursday, January 12, at Bethania hospital in Wichita Falls. He had been in failing health for some time, and was taken to the hospital several days before his death.

Born on August 21, 1885, John Franklin Lowrance, Sr., was 64 years, 4 months and 21 days of age. He had resided in Knox County for many years, and was well known to the majority of the county's residents.

Surviving him are his wife, Mrs. Alice E. Lowrance, of Munday; five daughters, Mrs. Cella Prater of Haskell, Mrs. Mary Alice Gray of Schertz, Texas; Mrs. Lucille Reid of Sparburg, Texas; Mrs. Naomi Malone of Sweetwater, and Mrs. Frances Love of Pampa; seven sons, J. ## Mrs. Opal Logan Asks Re-election As Dist. Clerk

Bernie Harrison Logan of Benjamin authorized the Munday Times to announce her candidacy for the office she now holds, District Clerk, of Knox County, subject to the action of the Democratic Primary in July.

Mrs. Logan has been District Clerk for two terms and feels that since she is more familiar with the office, she can do a better job.

"She is well-known over the entire county and needs no introduction.

"First, I want to thank the voters in this county for their favors, influence, and support in the past. I have conducted the affairs of the office to the best of my ability, and if elected, I will continue to do so. I ask for your vote and support on these merits," Mrs. Logan said.

JOHN BEN SHEPPERD, 33-year-old Gladewater attorney, has been named one of the 10 outstanding young men in the United States for 1949 by the United States Junior Chamber of Commerce, the first time a Texan has been included on the list since 1936 when James V. Alfred was selected. Shepperd gained worldwide fame during 1948 while serving as national president of the Jaycees. This year he won acclaim for originating the "Democracy Beats Communism" idea, known as the Gladewater Plan, which has spread over the country. More recently, he has been conducting a campaign for re-organization of the State government which he has dubbed "Our ox-cart State government with the fringe on top." Shepperd will receive his award at a banquet in Peoria, Ill., on Jan. 21.

## The Munday Times

Published Every Thursday at Munday  
Aaron Edgar and Grady Roberts . . . Owners  
Aaron Edgar . . . Editor and Publisher  
Entered as second class matter January 4, 1919, at the postoffice in Munday, Texas, under Act of Congress, March 2, 1879.

### OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Hefner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

### THE SENATE MUST DECIDE

The United States Senate is being called upon this month to make a decision on an issue that reaches down into the American philosophy of life.

The issue, in brief, is: Should one industry be allowed to use the federal tax power to hobble a competing industry? Should not all industries, like all citizens, be equal before the law?

The industry affected is the margarine industry. Over a period of years certain elements in the dairy industry, on one pretext or another, have succeeded in loading down the margarine industry with a burden of crippling taxes.

As a consequence, consumers have been compelled to pay at least 10c a pound more for yellow margarine than they should.

Margarine manufacturers contend that their product is an important part of the nation's food supply, that it is nutritive and packed with vitamins, and they have produced scientific proof to support their claims. A pound of yellow margarine contains as many calories as a pound of butter.

Last spring, by a 3 to 1 vote the House passed a bill to repeal all taxes and license fees on white or yellow margarine. This bill, with a single minor amendment, is now before the Senate. It is in the people's interest that it be vetoed upon its merits, without the addition of amendments which would change its intent and meaning.

This is an issue on which all consumers and vegetable oil producers can unite. Ask your Senators to support this bill and make yellow margarine free of discriminatory restrictions.

At the very top of most men's heads is the bump of benevolence, as far away from the pocket book as possible.

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially, and honestly.

### MORE RANGE LANDS FOR LIVESTOCK

Writing in the Country Gentleman, Fred Bailey says: "Work is to start next spring on one of the largest reforestation and revegetation programs ever undertaken by the Forest Service. It is to include 4,000,000 acres of burned out cut-over forest land and 83,000,000 acres of range land in need of reseeding. . . . Forest Service officials estimate the program, when completed, will enable the range lands to handle five to 10 times as many livestock as at present."

This is significant in the light of recent developments. This country is a big meat consumer. Yet leading authorities on diet are now convinced that a still higher level of average consumption is extremely desirable in order to build our health and stamina as a people. Meat in one of the best sources of protein—and protein, the scientists have found, is the food element which does the most to create physical strength, resistance and mental morale. In many kinds of illness high-protein diets are now prescribed.

It is forecast that the nation's livestock population will increase very substantially during the next few years. Various reasons are responsible. One is our large supply of feed grains and grasses—produce which in many instances would be wasted entirely unless used for animal husbandry. Another is that meat animals can be raised on either a small or large scale almost anywhere. And still another is that, in the packing industry, the farmer has a year-round market for his livestock.

The projected increase in range lands under Forest Service direction fits in with these developments. The meat industry, in all its ramifications, is a big factor in American living and the American economy.

A good thing to remember, as this is election year: There are two kinds of voters; the ignorant ones and the ones who vote for your candidate!

In less than six days after birth you learn to open your mouth and put your foot in it. Then it takes 60 years to unlearn the trick.

Lamps make oil spots, and candles need snuffing; it is only the light of heaven that shines pure and leaves no stain.—Goethe.

Workers in glass never have any waste. Anything that turns out wrong is called an ash tray.

A good thing to remember is that silent contempt often prevents a black eye.

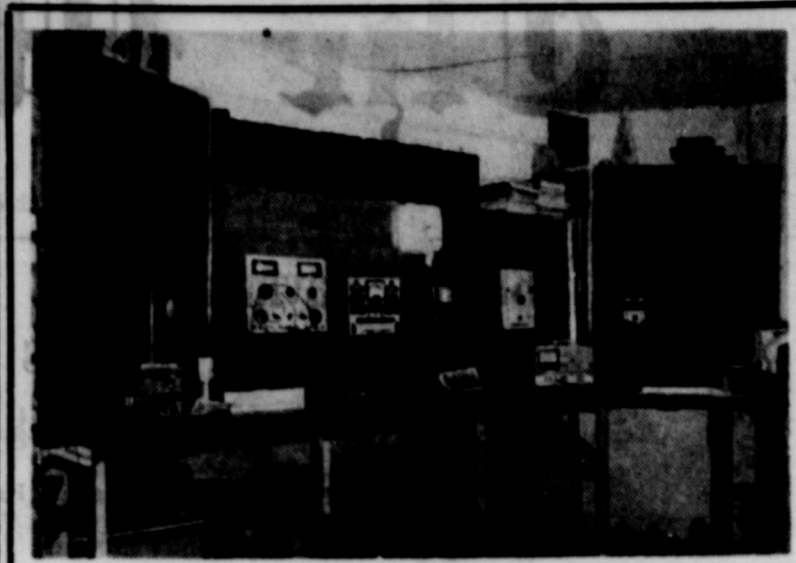

Lots of people's incomes are what they can't live without, or live within.

Picturesque individuals have served as Commissioner of the General Land Office of Texas. Col. Thomas William Ward was land commissioner during the Republic and the first years of statehood. He was a native of Ireland and was a member of that gallant band, the first company of New Orleans Greys, who came to Texas to help in the fight for independence. He took part in the storming of San Antonio under old Ben Milam and lost a leg, which was torn off by a cannon-ball. In firing a salute at Austin in 1841 on the anniversary of the independence of Texas, he lost his right arm. Thus maimed, he continued in active public service and was United States consul at Panama during President Buchanan's administration.

On one occasion, Ward and another man had words. Ward remarked, "I'll see you again," and hobbled away on his crutches. Soon he came back, accompanied by a negro servant who bore a platter over which a napkin was spread. The colonel said to the servant, "See that fellow? Go to him, uncover the platter and tell him to take his choice." The negro did as bidden and, when the man lifted the napkin, two dueling pistols were revealed. He turned and ran.

The oldest town in Texas is Ysleta, which was established in 1681 by 404 captives from Ysleta, N. M. They were taken there by Spanish Governor Otermin. The Spaniards themselves did not settle there until the next year when the Franciscan

mission, dedicated to San Antonio De Pauda, was built.

Thus, Ysleta, which is near El Paso, was in existence at least three years before De Leon founded the fort and mission on the Neches river. There are those who assert that Ysleta existed as an Indian village many years prior to 1681; some even contend the town is older than San Augustine Fla., which is regarded as the oldest city in the United States.

Ysleta had but little influence on the settlement of Texas, being in the western part of the country and with a different object from the first settlements in East Texas; Ysleta was established indirectly as the result of gold-seeking. The conquistadores, going north from the City of Mexico, frequently went through El Pao del Norte, the pass of the

north, from which the modern city of El Paso derives its name. The founding of Ysleta, the first permanent settlement in Texas, grew out of one of the these treasure-hunting trips.

One explanation of the meaning of the name is "little island," it being said that the time of the Spaniards' arrival, the land was an island in the Rio Grande, the river changing its course.

## Vets Asked To "Salt Away" Part Of Insurance

DALLAS—Texas veterans will be asked to "salt away" part of their national service life insurance dividends in U. S. Savings Bonds, Nathan Adams of Dallas, state Savings Bonds chairman, announced today.

Mr. Adams said that principal veterans organizations of the state will participate in the campaign, beginning Monday (Jan. 16), to urge ex-service men and women to use their dividend money as nest-eggs for the future. This is the date on which the Veterans Administration has announced that it will begin mailing dividend checks. A total of \$2.8 billion will be distributed in the next six months, with about \$150,000,000 going to the 700,000 veterans of Texas.

State commanders of service organizations that are taking part in the drive are Joe Spurlock of Fort Worth, American Legion; J. H. Barneburg of Camp Hood, American Veterans of World War II; E. D. Whitley of Dallas, Disable American Veterans; and Julian Dickenson of Austin, Veterans of Foreign Wars.

In letters to 1500 posts through-

out Texas, they have asked local commanders to initiate activities within their own communities and to distribute Savings Bonds literature to all veterans, as well as members.

Mr. Adams said that similar campaigns are being held in all of the states, with cooperation from national commanders of veterans organizations. He said that dividend checks will bear the campaign's slogan, "Use It Wisely—Buy U. S. Savings Bonds" on the endorsement side.

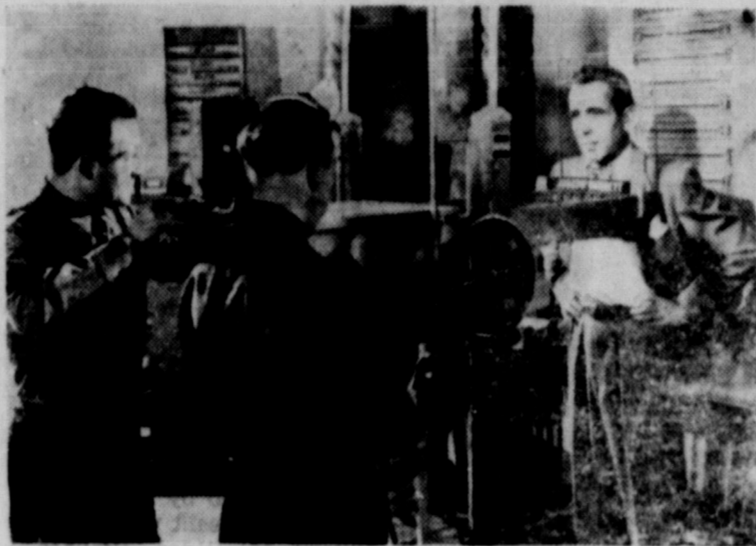

"It is not the purpose of this campaign to tell the veteran how to use his dividend money," Mr. Adams said. "It is our purpose, however, to remind him that his NSLI dividend gives him an opportunity to begin, or add to, a sound savings plan to provide future financial security for himself and his family."

Mr. and Mrs. H. M. Montgomery of Morton visited Mr. and Mrs. Idell Montgomery and girls and other relatives and friends over the week end.

Mr. and Mrs. Grady Weaver and daughter and Mrs. Dan Weaver of Abilene spent the past week end in Munday visiting with relatives and friends.

Mr. and Mrs. Neil Brown of Lometa were visitors in Munday the latter part of last week.

## Knox Prairie Philosopher Says He Has Tried Saving Money Later On—Like The President Suggests

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek probably knows what he's talking about this week. A man can't have a much to say as he does and not be right once in awhile.

Dear editor:  
I don't like to be givin advice to the President on how to run the country when I can't do no better job runnin my own farm than I'm doin, although understand the way I'm running my farm suits me and if it didn't I still wouldn't do much about it, but I was readin in a copy of the Reporter-News which blew off the front of a radiator where somebody had put it to keep the cold out of his car last week and which I picked up and took home with me to start a fire with where President Truman in his budget message to Congress said the only solution he could figure out to the high cost of runnin the government was to overspend now and reduce later on.

This is a good soution on paper, but after a lifetime of practicin it, I can tell President Truman it never works out that way.

Every year most of my life I've told myself after I get through spendin what I'm spendin now, I'm gonna cut down and save, but lookin back on it I don't mind sayin I never did get around to it. Invariably something else was always comin up,

and I'd put it off again.

I don't like to compare myself with a politician, but the promises I've made myself to cut down spendin later on reminds me of the promise practically every politician makes about reducin taxes. They're always promisin to reduce them, but up to now they ain't never got around to it. For years, as long as I can remember, candidates have been cuttin the cost of government durin the campaign and raisin it after they're elected. While everybody knows the cost of

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
M. D., State Health Officer  
of Texas

AUSTIN—Rheumatic fever causes more deaths than any other disease in children of school age, declares Dr. Geo. W. Cox, State Health Officer. The first attack usually occurs in the first or second grade and recurrences are most common up to the age when children are leaving high school. The insidious onset of so many cases during the school year suggests that teachers and others in daily contact with school children should be aware of early signs and symptoms which may mean acute rheumatic fever.

Dr. Cox said, "There should be more and improved examinations of school children by physicians with time enough for the nurse or teacher and parents to plan with the physician for any needed medical attention.

"School absence due to illness or vague disorders, if investigated, may disclose early cases of rheumatic fever. Teachers need to be more alert to visible signs and symptoms suggestive of substandard health. Among these signs and symptoms which should bring children to the attention of teacher or parent are: Failure to gain weight; pallor; poor appetite; fatigue; frequent colds and

## Dr. Chas. Markward, Miss Ruth Whitmeyer Wed In Knox City

In a most impressive double ring ceremony held in the First Methodist Church in Knox City on Tuesday evening January 17, Miss Ruth Whitmeyer of Knox City and Dr. Charles G. Markward, who has offices in Rochester, Knox City and Munday, were united in marriage at seven o'clock.

The Rev. John Price, pastor, read the marriage vows in a candlelit ceremony.

Standing before an altar decorated with white gladioli and greenery, the bride was lovely in a white satin full length gown trimmed in white Chantilly lace. The gown featured a basque waist with peplums at waistline trimmed in lace of the same and a white marquisette yolk with a fold of white satin over her shoulder, also trimmed in the lace. Her finger-tip veil was held with a tiara of seed pearls. She carried a colonial bouquet nosegay of white gardenias.

Mrs. Harold Stephens of Knox City was matron of honor. She wore a green taffeta gown with a green marquisette matching headress. Her colonial bouquet was of white carnations.

Forrest Markward of Fort Worth, brother of the groom, served as best man. Ushers were Bill Everett of Abilene, brother of the groom, and Ernest Whitmeyer of Beaumont, brother of the bride.

John Hansen of Knox City, accompanied by Mrs. E. Q. Warren of Knox City, sang "Always" and "Because". Mrs. Warren also furnished the traditional wedding music.

Immediately following the ceremony, a reception was held in the home of Dr. and Mrs. T. S. Edwards of Knox City.

The couple was assisted in receiving by the attendants and parents of the bride and groom. The bride's table was laid with a lace cloth with peach colored gladioli and candles for decoration. The bride's colors, green and white, were carried out in the decorations.

Mrs. Wesley Almond of Knox City secured the names in the bride's book while Miss Beulah Sanders of Knox City poured the coffee and Mrs. Ruby Harrison of Knox City served the cake.

After honeymooning for two weeks at a resort in Ruidosa, New Mexico, the newly weds will make their home in Munday.

The bride is the daughter of Mr. and Mrs. L. G. Whitmeyer of Beaumont. She attended the Beaumont High School, graduating there in 1944. She is also a graduate of John Sealy School of Nursing in Galveston, graduating with the class of 1947. For the past several months, Mrs.

## Former Munday Girl To Marry Eastland Man

The approaching marriage of Miss Marjorie Spain of Eastland and Mr. Harold Courtney of Eastland was revealed on Saturday, January 7th, when Mrs. W. D. Spain was hostess at a formal announcement tea honoring her daughter at their home in Eastland.

Mrs. W. B. Patterson greeted the guests at the door, where they were received just inside by the hostess who presented each to the honoree and to Mesdames J. M. Davidson, J. B. Courtney, Frank Cowan, and Mrs. Dan Childress, who directed each to the register, presided over by Mrs. Jack Lusk. Mrs. Lusk registered each in the bride's book and directed guests into the dining room for refreshments.

Mrs. Allen D. Dabney presided at the bride's table and poured coffee. The table was laid with an imported linen cloth with hand painted sprays of pink morning glories, matching the wide pink linen border of the cloth. Decorations were pink and white gladioli arranged with white chrysanthemums in a silver bowl, and a tall silver candelabra holding three white tapers. A large satin bow was tied on the candelabra and the streamers fell to the floor.

A silver basket held tiny white scrolls, tied with pink satin ribbon, revealing the wedding date of February 4th. Dainty white cake squares decorated with pink rosebuds, nuts, pink and white mints was served by Mrs. Billy Knoy, Ann Loper, and Mrs. Johnnie Aaron, who assisted Mrs. Dabney.

Miss Spain is a teacher in the public schools of Austin. She received her education at Abilene Christian College. She also attended the Munday schools for several years.

Mr. Courtney is the son of Mr. J. W. Courtney of Eastland and is associated with his father in ranching. Mr. Courtney attended

Markward has been employed by the Knox County Hospital in Knox City.

The bridegroom is the son of Mr. and Mrs. M. F. Markward of Fort Worth. He is a graduate of the Polytechnical High School in Fort Worth, a former student of T. W. C. in Fort Worth and a graduate of the University of Texas. He is a graduate of Tulane Medical School in New Orleans and a member of the P. H. I. and C. H. I. He did interne work in the Parkland Hospital in Dallas and came to Knox County in 1948.

The couple plan to be at home in Munday after January 29th.

## Dad to More Than 300,000 Leads

More Boys' clubs will help stem the tide of juvenile delinquency, believes David W. Armstrong, national director of the Boys' Clubs of America.

Armstrong, whose organization has a membership of over 300,000 boys, is pretty proud of them. A former member himself, he says what is needed today is less talking about what's wrong with the youth of our land, and to start telling what's right about them. While there are 325 clubs throughout the country now, Armstrong says there should be a thousand. He tells the complete story "325 Boys' Clubs Are Not Enough".

"A boy is full of energy and it seems the words boy and trouble are synonymous," Armstrong said. Nature has endowed the boy with an unlimited amount of this energy and Armstrong believes that a Boys' Club gives the lad the opportunity to expend that energy into the right channels, with a minimum chance of his getting into trouble. Armstrong, a graduate of the "University of Hard Knocks" made his own way as a boy, paid for his own education. His first job in a shoe factory netted him \$2.90 for a 54-hour week. Several years ago a large university bestowed an honorary degree upon him for his outstanding work in the field—the Boys' Club Movement.

## Truscott H. D. Club Meets Thursday With Mrs. Solomon

Mrs. W. O. Solomon was hostess to the members of the Home Demonstration Club Thursday afternoon, January 12th.

This was the first meeting of the year and the year books were looked over and hostesses were assigned for the outlined programs.

Mrs. S. O. Turner, outgoing vice-chairman, served throughout the business session and thirteen members answered to roll call. Each member showed a renewed interest in club work, therefore plans were made to do some good work this year. The parliamentarian, Mrs. J. M. Chowning, asked that each member answer roll call next meeting with a portion of parliamentary law.

Refreshments were served by the hostess.

The next meeting will be on January 26th, in the home of Mrs. J. M. Chowning and one of

ed A. & M. College and is a veteran of World War II.

The couple plan to make their home on the ranch.

## Goree Study Club Elects Officers For Another Year

The Goree Study Club met Thursday, January 12th, at 3:15 p. m. in the club room of Memorial building in a business meeting, with Mrs. Calvin Robinson as hostess.

After a parliamentary drill by Mrs. W. L. Stewart, a business session was held with Mrs. Dorse Rogers, president, presiding. The following officers were elected for the ensuing year:

President, Mrs. Clarence Powell; first vice-president, Mrs. Clyde Taylor; 2nd vice-president, Mrs. Calvin Robinson; recording secretary, Mrs. James Carver; critic and parliamentarian, Mrs. Milton Kirby; reporter and flower chairman, Mrs. Sam Hampton; mascot, Mary Catherine Carl; and executive committee, Mrs. W. M. Taylor, Mrs. Dorse Rogers and Mrs. Orb Coffman.

The highlights of the meeting will be the installation of the officers for the coming year.

All members are urged to be present.

## Beta Chi Chapter Meets In Munday On January 14th

Beta Chi Chapter of Delta Kappa Gamma had its regular meeting Saturday afternoon, January 14th in the home of Maurise Blacklock in Munday. She was assisted by other members, Mrs. W. C. Cox, Mrs. Buel Bowden and Mrs. Herbert Partridge.

The program was in charge of Mrs. W. C. Cox. Mrs. Terry M. Diggs reviewed Vincent Peel's "A Guide to Confident Living" and Mrs. Iva Palmer gave some musical readings accompanied on the piano by Mrs. Ruth Cox.

Those present were: Mesdames Terry M. Diggs, Wallace Cox, Mabel Derr, Payne Hattox, B. B. Campbell, Irene Ballard, J. U. Fields, Marie Ward, Bill Holden, E. R. ## Munday H. D. Club Meets Wednesday With Mrs. Bowley

Ten members were present to answer roll call when the Munday home demonstration club met in the home of Mrs. Frank Bowley on Wednesday, January 11th.

This being the first meeting of the new year, the president appointed all committees.

A very worthwhile demonstration on quick breads was given by Mrs. J. C. Gollehon and Mrs. Joe Patterson.

The next meeting will be in the home of Mrs. J. O. Tynes. Club plans for 1950 will be discussed.

Visitors and would-be members are welcome at any and all meetings.

The Munday club meets the second and fourth Wednesday of each month.

## Goree Sixth Graders Name Class Officers

The pupils of the Goree sixth grade class met last week and elected class officers. They are as follows:

President, Mona Moley; vice-president, Ima Jean Decker; secretary, Linda Joyce Lambeth; treasurer, Jennie Beasley; and reporter, Buddy Mayo. This class, directed by their teacher, Mrs. W. M. Taylor, entertained the P. T. A. last week with a play.

Mr. and Mrs. Gene Shackelford and son of Jayton visited with relatives and friends in Munday and Goree the past week end.

## Library Adds 28 New Books

The Munday Public Library last week received twenty-eight books to be added to its shelves. These books were sent by Mrs. Helen McClure of New York City and have been placed in the library for reading.

Following is the list of books and the author: "Double Muscadine", Frances Gaither, "Hound-dog Man", Fred Gipson; "Catalina", W. Charles Heard of Abilene visited his parents, Dr. and Mrs. E. F. Heard, Monday.

Mr. and Mrs. J. A. Hulsey and Mr. and Mrs. J. C. Turney, Sr. of Dublin attended the funeral of Grover Jordan held in Goree Thursday, January 12th.

J. A. Cooksey of Borger visited his parents, Mr. and Mrs. J. H. Cooksey over the week end.

Miss Joyce Wynelle Stephens of Seymour spent the week end with homefolks.

Mr. and Mrs. Wm. C. Steph-ens and sons returned to their

home in Ontario, Calif. last Sunday after several weeks' stay with his mother, Mrs. W. H. Stephens.

Mr. and Mrs. Harold Jones are in Dublin this week attending to business matters.

Mr. and Mrs. Dorse Rogers and Bill visited friends in Wichita Falls over the week end.

Relatives visiting Mr. and Mrs. Barton Carl Sunday were Mr. and Mrs. Estus Ryker and Ann and Mr. and Mrs. Lewis Morton and Marsha of Lawton, Okla.

Mr. and Mrs. Gene Payne and son, Wayne, moved to their new home at O'Donnell the first of this week. Mr. Payne purchased a farm there recently. We re-gret to lose these people from our community.

Those from Goree to attend the Baptist W. M. U. meeting Tues-day at Rochester were Mrs. S. E. Stevenson, Mrs. Rex Allen, Mrs. Clarence Powell, Mrs. Eliza-beth Cowsar and Miss Grace McFarlin.

## Square Dance Contest Slated At Stock Show

The Southwestern Square Dance Championship Contest will be a brand-new feature of the 1950 Southwestern Exposition and Fat Stock Show, dates of which are Jan. 27 through Feb-ruary 5.

Announcement of the contest was made today by Mayor Edgar Deen, secretary-general manage and W. R. Watt, president, of the Fat Stock Show.

One thousand dollars in cash will be awarded—\$400 to the championship team; \$300 to the second-place winner; \$200 to the third-place entry and \$100 for fourth place.

The contest is open to the "wide, wide world," declared Watt, who is himself a square dance enthusiast. There is no fee whatever to enter. The manager of a team wishing to take part should write, without delay, to "Square Dance Contest, P. O. Box 150, Fort Worth" for an entry blank—or phone the Stock Show offices, 3-5311.

The square dance contest will be a free attraction which all on the Stock Show grounds may at-tend.

The Will Rogers Memorial Au-ditorium, where in the Stock Show's previous years musical shows from New York or Holly-wood have been held, will be the scene of the contest.

Square dances were a colorful part of the Old Southwest and so this is regarded as a most appro-priate attraction for the South-western exposition. The revival of interest in the old-fashioned dance is nationwide and so the championship contest here is ex-pected to prove of tremendous appeal.

The competition will be held at 4:30 each afternoon begin-ning Saturday, Jan. 28, just after the rodeo is over.

Details will be determined by the number of entries, with the championship being decided on

## Clean Planting Seed Pays Off In Better Crops

Farmers will soon be buying seed for their spring plantings and they are urged to examine the tag that is attached to each sack of seed. This tag, accord-ing to E. A. Miller, extension ag-ronomist of Texas A. & M. Col-lege, has printed on it some val-uable information.  
Seed that has been tested for mechanical purity and germina-

tion will be tagged and the per-centage for each item will be given. Miller says that the as-surance that the seed purchased is free from all noxious weeds is forth considerable to the farm-er who has worked to keep his farm free from noxious weed infestation.

He says that planting seed with a high germination test is also a big aid in fighting weeds. A thick stand of strong, vigorous seedlings can compete with weed seedlings if necessary. Strong seedlings help keep the weeds in check until cultivating equip-ment can be used.

Miller recommends that farm-ers use certified seed if possible. It is usually the best seed of a par-ticular variety available and it comes from fields that have been inspected during the growing season. Too, the seed has been handled properly at harvest time, has been cleaned, tested for purity and germination and

properly stored.  
When certified seed is used, farmers know that they are get-ting what they pay for and can expect to get a crop that will measure up to the claims made for the seed.

That little tag, points out Mil-ler, is a mighty fine source of valuable information for the farmer when he buys planting seed.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. C. N. Howard are the proud parents of a baby girl born on Sunday, January 15th, at the Knox City Hospital. The little girl tipped the scales at eight pounds and one ounce and has been given the name of Re-becca Ann. Both mother and little daughter are doing nicely.

Mrs. Effie Alexander spent several days this week in Dallas purchasing merchandise for the Hat Shop.

### Highlights from Austin

(By Senator George Moffett)

Soon after the arrival of each New Year, we find many people taking inventory and checking their profits and losses. The same should be done regarding our government. Whether in Washington, Austin, or in a local community, it takes money to run the government and most of it is tax money.

There are three general classes of taxes: Federal (U. S.) taxes; State taxes, and Local taxes, such as county, school and city. The Federal (U. S.) Income Tax is the heaviest of all and produces by far the largest sum of money of any tax levied in the entire United States. Actually the people of Texas pay out more money in United States Income Taxes than in all other taxes combined.

Many states also levy a State Income Tax. In fact, all but five have either the State Income Tax or a state general sales tax, and approximately one-half of the states have both. Texas has neither. All the states adjoining Texas have a general sales tax and some of our neighbors have to pay a nine cent gasoline tax and a seven cent tax on a package of cigarettes. In Texas, the gasoline tax is four cents per gallon and the cigarette tax is three cents per package.

Our State government spends a large sum of money each year,

### Father Of Cody West Passes At Stamford Home

William T. West, 74, father of Cody West of Munday, died at the family home in Stamford on Thursday, January 12, at 5:20 a.m. He had been in failing health for several years, and suffered a cerebral hemorrhage about ten days prior to his death.

Funeral services were held at 4 p. m. Friday from the First Baptist Church in Stamford, with the pastor, Rev. Miles B. Hays, conducting the service.

Mr. West was born in Coffey County, Tenn., on July 19, 1875. He married Lannie Smith at Cleburne on September 12, 1896. They came to the Stamford area in 1900 and lived north of that town for many years, moving into Stamford on January 3, 1947. He was a member of the Baptist Church.

Survivors include his wife, three sons, Horace of Bridgeport, J. J. of Fort Stockton and Billy of Stamford; six daughters, Mrs. P. E. Thompson, Mrs. J. T. Caffrey, Miss Jay West and Mrs. John Gullett, all of Stamford; Mrs. H. L. Terrell of the Pardue ranch, and Mrs. W. S. Thomas of Lamesa; 28 grandchildren, 11 great grandchildren; three brothers, Sam of Highland, Calif., John of Clyde and Richard of Stamford; five sisters, Mrs. A. L. Young of Stamford, Mrs. R. E. Gillespie of the Rockdale community, Mrs. Tom Jenkins of San Antonio, Mrs. Jim Yates of Coleman and Mrs. Georgia Moore of Terrell.

eighty-five percent of which goes for three purposes—schools, pensions and roads. In comparison to the other forty-seven states, however, Texas ranks third from the bottom in the amount collected per person living within the state. Nevada collects more per person than any other state.

The people voted last November to keep the poll tax in Texas, and it is hoped that our local citizens will remember that poll tax payments must be made before February 1. It is certainly advisable for us to keep the voting strength in our area at a high figure, for some other parts of Texas are growing faster than Northwest Texas. In fact, many parts of South Texas have more than doubled in population since 1940. If we want to maintain a strong voice in forming the governmental policies of our state, every man or woman who possibly can do so, should pay their poll tax and VOTE at every opportunity.

In George Washington's time, eighty-five percent of the people lived on farms or in small communities. At this time, the large cities are growing by leaps and bounds. Therefore it is highly important for the citizens of the rural areas and smaller cities to keep their voting strength at the highest possible point. The continued influence of such down-to-earth and economy-minded people will unquestionably be a very strong factor in maintaining reasonable taxation and promoting good government in our state.

### The Nation's Leading Cause Of Death

(Editor's Note: This is the first of a series of articles by the American Heart Association for the "Save a Heart" campaign which will be from February 12 to February 25.)

Today, heart disease is the leading cause of death in the United States.

One out of every three deaths is due to diseases of the heart and blood vessels. It is estimated that one out of every twenty persons suffers from some form of heart or blood vessel disease. Heart disease takes a greater toll than the next five leading causes of death combined.

In 1947, the last year for which complete figures are available, more than 625,000 persons died of diseases of the heart and blood vessels. During the same year, fatality figures for the next five highest causes of death were: cancer, 190,000; accidents, 100,000; nephritis (kidney disease,

80,000; pneumonia, 62,000; tuberculosis, 48,000.

Mortality from diseases of the heart and blood vessels is three times as high as cancer, six times as high as accidents, ten times as high as pneumonia, and thirteen times as high as tuberculosis.

Heart disease is no respecter of age.

There are congenital malformations of the heart which are evidenced at birth, but these are comparatively few.

Rheumatic fever and the resulting rheumatic heart disease together constitute the leading fatal disease among young people between the ages of 5 and 19.

Over the age of 35, diseases of the heart and blood vessels lead all causes of death. Nearly one out of every two deaths occur after the age of 45 is caused by heart diseases.

The economic cost of heart disease is staggering in terms of loss of life, absenteeism, disability, loss of gainful employment, and care and treatment programs. An estimated 152,100,000 work day, or billions of dollars in productivity, are lost each year because of heart and blood vessel disorders.

Heart disease is a leading occupational disease of business executives. It drains business of brain power, training and leadership.

The American Heart Association has developed a plan of action of the problem. In this it gives high priority to research. As the history of medicine shows, prolonged, stubborn research has always preceded the conquest of disease.

### Washington News Letter

By Congressman Ed Gossett

WASHINGTON, D. C., Friday, Jan. 13.—While the day on which this is written is considered by some to be unlucky, I have never gone in for superstitions. I recall the day some years ago on which I was driving in Vernon. Two big black cats ran across the road in front of me. On that particular day, the Supreme Court of Texas decided one of my biggest lawsuits in my favor and on the following day I was elected District Attorney of the 46th Judicial District.

Yesterday, the House Committee on Agriculture reported out an amendment to the cotton acreage allotment law. The proposed amendment does three things: notwithstanding other provisions of the law. (1) It permits a farmer to plant up to 70% of his average cotton and war crop acreage for the years 1946-47 and 1949; or, (2) 50% of such acreage in any one of those years; or (3), 40% of his cultivated acreage. While this will not take care of all of the inequities, it will be very helpful in most instances and will relieve some of the distress of thousands of farmers in our section of the country. We will do our best to get this amendment up for action in the House within a week. We hope and expect to get it passed by the House of Representatives. After that, it will go to the Senate. Time is terribly important in this matter and it is hoped the Senate will act promptly and favorably. An entirely new cotton acreage allotment bill will soon be written for 1951 and subsequent years.

This morning, I went with Senators Connally and Johnson,

and most of the members of the House of Representatives to the office of Secretary of the Air Force, Mr. Stuart Symington. Mr. Symington had invited us to witness his presentation of the Air Force medal to Mr. Amos G. Carter, the owner and editor of the Fort Worth Star-Telegram. Tribute was paid to Mr. Carter as a long-time booster for the cause of aviation.

In 1936, we were net exporters of crude oil products to the amount of 200,000 barrels per day. That means we exported 200,000 barrels more than we imported. Although we still produce a great deal more crude oil than we need for home consumption, the trade balance has changed and today we are net importers of crude oil and its products by more than 300,000 barrels per day. This importation is done by major American oil companies. The State of Texas alone lost more than \$30,000,000 in 1949 in State tax receipts, because Texas had to reduce oil production. Now, we are told that imports of crude oil is to continue to go up and soon a million barrels per day will be coming in from foreign sources. On Monday of this week, I will introduce a bill to increase taxes on imported crude oil to around \$1.00 per barrel. This will bring in around \$300,000,000 per year in taxes for the federal government and will perhaps afford the small oil producers, oil field labor, and Texas in general some protection from the cheap labor, non-conservation, foreign oil producing areas.

While speaking of foreign competition, a New York Congressman this week made an impassioned speech, saying that some 200 onion growers in his District were being run out of business through the importation of onions, grown in Hungary by communist labor. On the radio this morning, I heard a New England broadcaster complaining that New England fishermen

### BEST FACE FORWARD

Your face echoes personality and grooming habits! So with blustery weather ahead budget an extra few minutes for daily skin care. Creams and lotions help combat rough patches and chapped areas caused by wind and snow.

Take inventory of grooming aids. Acquire a special make-up wardrobe for winter complexion repair. Follow the basic rule for lovely skin—cleanliness. Remember oily lotions will lubricate as well as remove grime. Before applying make-up, smooth on a generous layer of lotion. Use upward-outward strokes to avoid large pores and tiny "crows-feet." After a few minutes, wipe away traces of oil with a handy Co-ct, those fluted cotton squares that are so gentle with dry, tight skin. Another trick for an early morning refresher is to saturate a cotton square with stringent and rub over face, neck and throat.

To defend skin against chapping, apply a soothing foundation lotion as base for make-up. Avoid heavy rouges, eye shadow and nasy powders. The natural look is the high point in make-up and he nipping cold will give eyes a sparkle and put roses in cheeks. A liquid powder or pancake, used in moderation, can further protect skin. Lipstick should blend with powder. For daytime wear avoid purples and dark tones. You'll look positively blue from the cold! The oilier the lipstick the better protection. Avoid greasy feeling by "setting" your lips with powder. Use a handy cotton square to pat light film on, then blot.

During the day when make-up repairs are in order, don't screw new make-up over the old. A socketbook or desk size of lotion lenser will quickly remove stale make-up.

### Paynie Shannon Is Making Record With The Celts

Howard Payne Shannon, son of Mr. and Mrs. J. S. Shannon of Munday, is continuing to make outstanding athletic records in professional basketball, according to an article by Bob Ajemian in the Boston Evening American.

He drives in towards the basket, tucks his legs up under, stays in the air for two or three seconds before laying the ball against the blackboard. He jumps, feints his way around the court with amazing speed.

Howie Shannon, a standout high-jumper at Kansas State, a champion in the running broad jump, puts on a track meet every time the Celts play, and this dual ability makes him what every coach dreams of—a valuable basketball player with plenty of crowd appeal.

Shannon scored 14 points, snaked his way all over the floor, as the Celts nestled into fourth place by trimming Baltimore, 74-53 (before a 3792 fans) in a lazy, low-scoring game.

"This is the way he played last year for Providence," said Doggie Julian of the 23-year old Kansas boy. "Do you see the way he jumps with that ball?"

**Spotted by Julian**

"My Holy Cross team played Kansas State in the NCAA consolation game at Madison Square Garden in 1948. I thought Shannon was great then, a lot better than the boy they had built up as their star.

"I'll tell you what it is," Julian explained with his arms spread wide, "He's caught on to our system now. He knows where to go. Shannon is a good pick-off man, and he clears the ball very well. Do you see how he breaks around the floor even when he hasn't got the ball. That's the sign of a real top basketball player."

Shannon was voted the rookie-of-the-year with Providence last season, scoring 736 points in 55 games, an average of 13.5 a game. He started the season off poorly here, tight, afraid to shoot

were being destroyed through the importation of fish, primarily from Nova Scotia. He said the Canadian fishermen worked for 50c per hour, whereas the New Englanders were being paid \$1.50 per hour, and the Canadian fish in the Gloucester markets were ruining the New England fishermen. Then, in today's mail, I got a letter from the Stugard Ranch in San Juan, Texas, saying their tomato market had been ruined through the importation of duty-free cheap tomatoes from Mexico. Another letter from the West Virginia Glass workers, saying their jobs were imperiled by cheap foreign production. Thus, it goes. Where to strike a fair balance between high protection and no protection for American workers and industry is a serious problem, and is going to become on even more serious one. Perhaps in this, as in some other matters, we should take a middle course.

**FARM PROGRAM NEWS**  
From the County PMA Committee

**FARM COOPERATIVES AND PRICE SUPPORTS BOTH NECESSARY, SAYS BRANNAN**

Cooperatives and price support are necessary for the same general reason, Secretary of Agriculture Charles F. Brannan said in a recent address. Cooperatives are necessary because the individual, acting by himself, has no control over the price at which what he produces will sell, the Secretary said. While production and consumer co-ops can do something about this situation, aren't able to do enough, at least as far as Agriculture is concerned. That is why an adequate price support program is needed—so that the producers of agricultural commodities, aided by government programs, may market their products in a more orderly way and obtain from them a reasonable and fair price.

Farm spending pays the wages and salaries for millions of industrial workers, Secretary Brannan reminded the group, and it is certainly in the interest of the entire nation that the purchasing

power of American farm products be maintained at some reasonable level. Business and labor are vitally affected by the level of farm prosperity.

For this reason, the Secretary stated, we should have a price support program that would prevent farm buying power from declining to a point dangerous to national safety. Price supports he explains, should not guarantee anyone's income, but should assure the reasonably diligent farmer the opportunity to secure a fair price for his crops in the market place.

Secretary Brannan also suggested that, since the public is already spending money for soil-conservation purposes, it is only sensible to extend benefits of price support only to those individuals who are making some effort to conserve the soil.

**FOOD AND SOILS**

"Congressional funds used by PMA committees for conservation work benefit everyone."—Secretary of Agriculture Brannan.

"It is easier to cure sick soils than to cure sick people; which shall we choose?"—Rex Beach. A nutrition authority recently said one sure way to end people's susceptibility to infection is to supply through food a balanced ration of iron, copper, and other minerals. An organism supplied with a diet adequate to, or prefer-

ably in excess of, all mineral requirements may so utilize these elements as to produce immunity from infection quite beyond anything we are at present able to produce artificially.

Tooth enamel structure is about 1/3 calcium, 1/6 phosphorous.

70% of the business of the world is the production, transportation and sale of food. It deserves national attention and respect. "When we talk of food and nutrition for the people of the universe we realize that it must all come from good soil rich in essentials and properties needed to grow abundant crops, containing elements necessary to growth and health. This makes the ACP carried out by PMA committees gravely important."—A. J. Loveland.

One inch of top soil from the surface of an acre will weigh about 140 to 150 tons. An annual loss of 50 tons to the acre is not uncommon on clear cultivated land where the rainfall is fairly heavy.

"Save the surface and you save all", might be a good conservation slogan to adopt. "Any farmer who cooperates in the ACP" says Texas PMA Chairman B. F. Vance, "should be proud of the part he is taking in building more productive land so that there will always be plenty. This doesn't mean too much of some things now at the expense of not having enough later on, but does mean so using the land to provide a balanced abundance today and a contained balance production for the future."

**HADACOL IS HELPFUL TO FOLKS OF ALL AGE GROUPS**

Countless thousands have proved that HADACOL is beneficial to folks of all ages. That is the reason so many purchase the large economy size bottle so all the family can benefit from nature's vitamins and minerals in HADACOL.

For instance, Miss Ethel Guidry, 822 Montgomery St., Port Neches, Texas, only 17 years old, was "feeling nervous, had little appetite, her face was pale and drawn and she suffered from gas on the stomach."

Her system lacked the B Vitamins and Minerals which HADACOL contains and this may cause digestive disturbances such as heart burns, indigestion, and often times Miss Guidry says she could not eat the kind and type of food she wanted without feeling terrible afterwards.

Miss Guidry, who recently graduated from high school, is already working in a bank. She said that after taking several bottles of HADACOL she is now "feeling wonderful," and has "lots of pep and energy."

Most folks take HADACOL because it has worked such wonders for relatives or friends. Miss Guidry took HADACOL because her mother had taken 12 bottles with excellent results.

In nearby Port Arthur, Texas, Mrs. W. M. Thompson took HADACOL because it had done her husband so much good. He, in turn, had taken HADACOL because an elderly neighbor told him of "feeling so much better after taking several bottles of HADACOL."

Mrs. Thompson's normal weight is 135 pounds but she was down to 110 pounds before taking HADACOL and after taking a few bottles of HADACOL she regained her normal weight.

"I was bothered with stomach trouble, gastric disturbances, I had lost my appetite and was bloated," said Mrs. Thompson.

She had tried several preparations before taking her husband's advice on HADACOL and now she enthusiastically recommends HADACOL to her friends.

She, too, like Miss Guidry and the others, was suffering from the lack of the B Vitamins and Minerals in her system which HADACOL contains.

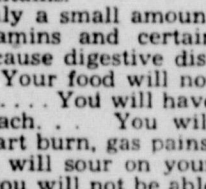

A lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances. . . . Your food will not agree with you. . . . You will have an upset stomach. . . . You will suffer from heart burn, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the symptoms and signs of the lack of the B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and Minerals which your system lacks.

HADACOL contains not only one, but five of the B Vitamins. HADACOL contains not only one, but four of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away. It is easy to understand, therefore, why countless thousands have already been benefitted by this amazing tonic, HADACOL. So, it matters not who you are . . . or if you have tried all the medicines under the sun, give this wonderful preparation a trial. Don't go on suffering! Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives again because HADACOL supplied the Vitamins and Minerals which their systems needed. Be fair to yourself. Give HADACOL a trial.

**HOLIDAY FASHION**

For the holiday party season, his fashionable lady selects a frock of finely striped voon yarn outlined against a background of deep-tone seersucker. The adaptable cotton frock achieves an illusion of elegance through its simple lines. The cotton pique-stripe by Bates is one of the popular winter cottons, according to the National Cotton Council.

### Rochester Wins Grass Judging At Knox City

The Rochester FFA club took the honors Saturday in the Wichita-Brazos Soil Conservation District grass judging contest at Knox City.

The Rochester club won the first three places in individual high scores, and in doing so, won the first place team banner. Bobby Dean Glover led his teammates to victory with 285 out of a possible 492 points. Bruce Lee was second with 355 points, and Jackson Williams was third with 353. The three boys combined scores to win the team division.

Kenneth Roberts, vocational agriculture teacher, was the Rochester boys' instructor.

Weinert FFA, with W. Medford as instructor, won second place. Johnny Sergeant, David Dobbs, and Keaton Jetton combined scores for 647 points. Knox City was third with 645 points. The Knox City team was composed of Paul Sanders, Kenneth Hobbs, and Charles Pack. L. E. Groves was their instructor.

Fourth place winner was the Munday FFA with 453 points. Norman Gaines, Paul Qualls, and Lee Bowden made up the team. E. R. Ponder was instructor. Knox County 4-H Club was fifth with 400 points. J. C. Decker, Perry Edwards, and Charles Atchison were members of the team. K. O. Lewis, Knox County agent, was their instructor.

Thirty boys participated in the grass judging event. They were required to identify parts of 82 different grasses and give the good and bad characteristics of each. The Knox City Lions Club furnished lunch and entertainment for the boys. Jack Idol, Benjamin, was in charge.

### Meeting Held Saturday Night At Bethlehem Church

Members of the Bethlehem Church, 5 miles northwest of Munday, gathered at the church last Saturday night. Singing was opened at 7:30 and after a number of songs, Elder L. M. Handley of Lubbock brought the message. For about an hour he entertained and enlightened on the subject of God's kingdom.

Sunday morning at 10:30, the group assembled again and sang some of the good old sacred songs "that our mothers sang when we were standing around her knee," bringing back some sad, but fond memories of childhood.

At 11 o'clock Elder Handley preached on the subject of love. A bountiful dinner was served at noon, after which another singing was held, as everyone seemed to be in the singing spirit. We had a most wonderful singing, closing with "God Be With You," and taking the parting hand. We thank our dear maker for the beautiful day and the christian fellowship shown on this occasion.

### Hammett Takes Up Position With The Wardlaw Appliances

G. B. Hammett, employee of the Mahan Funeral Home for several years, has accepted a position with the Stanley Wardlaw Appliance Co., it was announced on Tuesday.

He will serve as bookkeeper and sales manager in the appliance store, while Wardlaw will devote a large portion of his time in the field.

Mr. and Mrs. Joe Bailey King were business visitors in Abilene last Tuesday.

### INITIATIVE!

This attractive traveler showed real initiative in getting ready for her trip—she made her own luggage. Using Otis striped cotton awning cloth, she constructed an overnight bag and a suitcase, made from a suitcase. She reports her canvas luggage is light, colorful, and inexpensive. It cost only \$16 and there was no 20 per cent luggage tax!

### Ted Morgan Dies At Dallas Hospital

Ted Morgan, 51, who resided in Dallas, passed away on December 31 in the Parkland Hospital in Dallas. Mr. Morgan was a brother of Mrs. E. M. Owens of Weiner and a son of Mr. and Mrs. Joe Morgan of Vernon.

Funeral services were held in Vernon on January 2, and he was laid to rest in East View cemetery.

Some 1,800 home demonstration club members in eight central Texas counties, during 1949, worked out new methods for doing at least one housekeeping job. The work simplification program sponsored by the Extension Service of the Texas A. & M. College System and extension specialists trained the leaders who in turn passed the information on to the club members.

### OBITUARY OF GROVER C. JORDAN

Grover C. Jordan, age 57, of Dublin, was killed instantly on Tuesday, January 10, in a car accident four miles north of Woodson.

He was born in Franklin County on December 2, 1892. His wife preceded him in death April 30, 1943. He was married again to Millie Hancock on March 5, 1943.

Mr. Jordan is survived by his widow; two sons, Jim and Lee Jordan of Dublin; two daughters, Mrs. Harold Jones of Goree; and Mrs. Joe Hudson of Wichita Falls; a stepson, William Hancock; a stepdaughter, Elizabeth Hancock, both of Dublin; three grandchildren, four sisters and three brothers.

Funeral services were held by the Merriam Funeral Home of Throckmorton on Thursday, January 12, at 2 p. m. from the Goree Baptist Church. The pastor, S. E. Stevenson, officiated, assisted by Rev. Gray. Burial was in Johnson Memorial Cemetery at Munday.

Mr. and Mrs. James Bohannon and children of Roswell, New Mexico, were visiting relatives and friends here and in Benjamin last week end. They also attended to business matters while here.

### LOCALS

Dave Jetton returned home Tuesday night from a Wichita Falls hospital, where he had been receiving treatment for several days.

Hugh Beaty was a business visitor in Fort Worth and Dallas one day this week.

Out-of-town people to attend the funeral of Mr. Frank Lowrance last Saturday were:

Mrs. Juanita Rogers, Mrs. Conley Steim and children of Brownfield, Mr. and Mrs. H. A. Torley and Mr. and Mrs. S. L. Homes of Floydada, Mr. and Mrs. Dwaine Russell, Wichita Falls, Mr. and Mrs. Don Phillips, Plainview, Mr. Orville Matlock of Amarillo, Alvin Vinyard of Brownfield, and H. M. Rawlins of Hamlin.

Sam Salem spent the first of this week in Dallas, attending the markets and buying merchandise for The Fair Store. He also visited with Mrs. Salem and Junrose while there.

Mr. and Mrs. Earl Tayntor of Wichita Falls spent the past week end here visiting Mrs. Tayntor's parents, Mr. and Mrs. M. L. Raynes, and other relatives and friends.

Frozen water pipes and hydrants cut off the winter supply of water for farm livestock and poultry. The use of electrical heating cable or frost-proof hydrants will solve the problem. Remember that water is just as necessary to livestock and poultry in the winter as in the summer.

### CARD OF THANKS

We wish to thank our many friends for their kindnesses shown us in the death of our husband and father.

The Jordan Family.

### GOOD YEAR Studded Sure Grip

### BEST FOR GO IN MUD AND SNOW

Regular arrangement of studs provides traction forward or reverse.

Each stud digs in and grips in turn—penetrates mud or snow to take hold for maximum pulling power.

"Channels" around each stud throw off mud and snow.

If business or necessity calls for year-around operation of your car or truck on all kinds of roads... make sure of "getting through" with Studded Sure-Grips—the specially designed Goodyear "Go-Anywhere" tire.
