Odd Bits Salvaged
At Random

We took a little trip last Monday.

It wasn't a long trip, but a very interesting one. In fact, we took two trips.

The first was a trip to a local cafe, where we had lunch with a group of men who were thinking along the same lines—soil conservation and reclamation.

Then we meandered off to the southeast of town to "one of the largest projects of its kind in this entire area".

It was the Scott Lake Drainage Project.

Then we saw the old Scott Lake, right where she'd been for over 50 years, according to J. A. Reid, who knows because he's lived here that long.

We saw all the fertile land that was under water; and, therefore, out of production. It had not produced many crops during all these years.

We saw large groups of ducks swimming around in the water, but, as C. R. Elliott said, try and get them.

We saw strips of white extending out from the waters' edge for several feet into the soil. This, it was explained, was salt deposits caused by the evaporation of the water, which, by the way, is pretty tolerable salty.

We saw a big ditch, sorta similar to Munday's "big drainage ditch" extending from the edge of the lake to the eastward to Lake Creek.

The ditch wasn't completed. There were large holes in the bottom of the ditch which were dug out by dozers and other machinery. These holes were about half full of water.

In fact, they didn't have to go very deep to hit water. As workmen quit for the night, water would seep in where they had been working. Next day there'd be water standing where they had evacuated, making the soil soft for their heavy machinery.

At one time during operations, three of these huge machines were mired down at one time.

"Munday should never have a water shortage," said Tom Morris, contractor, who is "in cahoots" with Van Earl Sams on the project. "If they do," he continued, "I can show them where they can find plenty!"

Contractors had studied the situation for rocks and things that would hinder operations, but they hadn't reckoned with the water, which, according to old timers, has been rising steadily closer to the surface all these years.

A drag line was due to come in Tuesday to complete the ditch digging operations. They expect to have the ditch completed in a few days—Morris said around February 1.

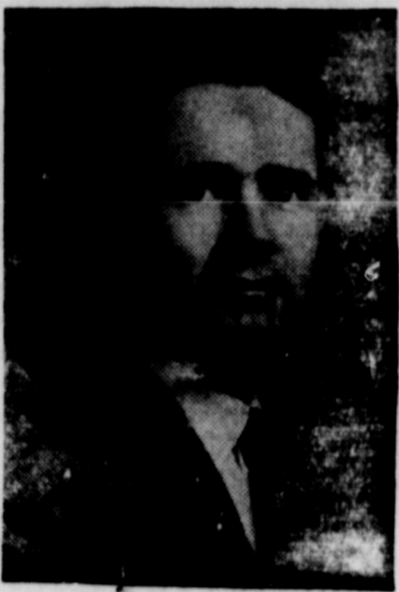

Then a bunch of fellows want to be out there to see the last slab of dirt taken out that separates the waters of Scott Lake from the drainage ditch.

Within a few years, interested farmers expect to have the entire lake area in crop production.

Those interested in this \$10,000 deal are W. E. McNeill, president; C. R. Elliott, chairman; J. C. Elliott, secretary and treasurer; J. A. Reed, F. A. Warren and W. A. Reid. Most of these fellows were present Monday.

Then there were J. C. McGee, county chairman of the P. M. A. committee; H. P. Haymon, P. M. A. secretary, who are interested in this as a soil conservation project, and the contractor, Tom Morris.

Then there was Glenn Shelton, farm editor of the Times Publishing Co., Wichita Falls. Glenn interviewed several of the interested farmers, including Mr. (Continued on Last Page)

D. J. BROOKRESON, JR.

Brookreson Is For Re-election As District Atty.

D. J. (Bill) Brookreson, now serving as District Attorney for the 50th Judicial District, at this time announces that he will seek this important office again for his first elected term, subject to the action of the Democratic party. In making his announcement, he says:

I was born in Knox County and am now 27 years of age. I am married and have one son that is 3 months old. I am a member of the Christian Church.

I graduated from Benjamin High School and then attended Abilene Christian College and the University of Texas. I joined the Navy in 1942 and served over four years. I was commissioned as an officer and served aboard a minesweeper in the Philippine and Okinawa areas for over 20 months. I was released to inactive duty in July of 1946 and at this time I am a member of the Naval Reserve.

When released I then returned to the University of Texas and there finished the School of Law and received my Law Degree. In 1948 I was licensed by the Supreme Court of Texas to practice law in the State of Texas.

When Joe Reeder Jr. resigned as the District Attorney of the 50th Judicial District, I was appointed to fill his unexpired term by the late Governor Buford H. Jester, and I have served nearly two years under this appointment.

I feel that I am qualified and capable of filling this important office of District Attorney.

I am now asking the voters of Knox, Baylor, King and Cottle counties for their support and influence. I have devoted all my time, efforts, energy and talent in trying to make you a worthy District Attorney and if I have merited your confidence I feel that I should be elected as your District Attorney.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Jim Price of Ft. Worth are proudly announcing the arrival of a son born at 8:35 p. m. on Monday, January 16th, at the All Saints Hospital in Fort Worth. The little boy has been given the name of Ronnie James and tipped the scales at seven pounds and two ounces. Both mother and little son are doing nicely. Paternal grandparents are Mr. and Mrs. R. W. Price of Fort Worth and maternal grandparents are Mr. and Mrs. T. A. Walker of Munday. The great grandmother is Mrs. G. P. Burns of Munday.

OH-O! ORANGES!

These three beauties pose a pretty picture to mark the celebration of Fresh Orange and Tangerine Week, January 19-28, sponsored by the National Citrus Merchandising Committee for the three citrus producing areas, California, Arizona, Texas and Florida. Growers report current crops of high quality and flavor.

Funeral For Mrs. Ballard Is Held Monday

Mrs. Susan Jane Ballard, resident of Knox County, passed away on Sunday, January 22, at an Abilene hospital, where she had been undergoing treatment.

Mrs. Ballard was born on February 13, 1878, and died at the age of 71 years, 11 months and 9 days. She had been making her home with her children for several years.

Surviving her are her daughter, Mrs. Vada Dolloff of Seagraves, and eight sons, who are: N. S. Ballard of Tulla, Carl Ballard of San Antonio, O. G. Ballard of Baird, A. L. Ballard of Munday, W. T. and Paul Ballard of Ozona, Bob Ballard of Seagraves and Ernest Ballard of Seminole. She is also survived by 40 grandchildren and 12 great grandchildren.

Funeral services were held from the Free Holiness Church in Munday at one o'clock last Monday afternoon, being conducted by Rev. Earl Brewer, who was assisted by Rev. Scott W. Hickey of Abilene. Burial was in the Vera cemetery by the Mahan Funeral Home.

Pallbearers were Lester and Ira Belcher, Calvin Call, George Booe, Donald Belcher and A. J. Hogan.

4-H Calf Show To Be Held Here February 11th

Saturday, February 11, has been set as the date for the annual Knox County 4-H Livestock Show in Munday, sponsored by the Community Development Association. According to Kenneth O. Lewis, County Agricultural Agent, 12 to 14 calves will be exhibited by 4-H club members.

In addition to the calf show there will be a livestock judging contest with teams from local 4-H clubs and FFA Chapters eligible for competition with ribbons and cash prizes being awarded to the three top teams.

According to present plans the Livestock Judging Contest will be held at 10 o'clock, Saturday morning and Mr. Ray C. Mowery, Head of the Animal Husbandry Department of Texas Tech, Lubbock, will place the calves at 2 o'clock Saturday afternoon.

Arrangements for the show are being made by the Hoof and Horn Committee of the C.D.A., which is composed of C. P. Baker, Fred Broach, Jr., and R. L. Ratliff.

RETURNS FROM HOSPITAL

Mrs. Port Suggs returned from the Gaston Hospital in Dallas last Thursday where she had been receiving treatment. According to reports, Mrs. Suggs is doing nicely.

John Charles McFarren, who is with the U. S. Army, stationed at Camp Hood, Texas, spent the week end with his parents, Mr. and Mrs. Bert McFarren, and with friends.

Knox County Hospital Notes

Patients dismissed from Knox County Hospital since last Tuesday, Jan. 17th:

C. F. Hise, Knox City; Mrs. A. D. Walton, Munday; Brenda Walton, Munday; Mrs. Dorse Wardlaw, Munday; Mrs. Alvin Hollar, Munday; Hollar baby boy; Mrs. C. J. Reese, Sr., Knox City; Catherine Flye (negro), Knox City; Bobby Bartosovsky, Oklahoma; Mrs. E. E. Barnett, Knox City; F. G. Offutt Jr., Munday; Mrs. Roe Myers, Munday; Mrs. Joan Hutton, Knox City; Bill O'Neill, Guthrie; Mrs. F. W. T. Wilcox, Knox City; Mrs. Alejo Losoya, O'Brien; Losoya baby boy; Olga Ochoa, Taylor; Phillip Tanner, Rochester; Mrs. C. B. Stratley, Benjamin; Straley baby boy; Mrs. Jim Henson, Munday; Henson baby boy; Mrs. I. R. Cybert, Munday; W. E. Reynolds, Munday; Mrs. Gerald Averitt, Knox City; Averitt baby girl; Mrs. Wade House, Benjamin; Cantrell Qualls, Benjamin; Nate Barroera, Goree; Mrs. J. S. Brooks, Truscott; Mrs. Jack Glenn, Munday; Debris Contreras, Knox City; I. R. Cybert, Munday; Mrs. C. D. "Minn", Knox City; Mrs. Charles Reese III, Knox City; Anna Wallace (negro), Knox City; Wallace baby girl; Imogene Postel (negro), Knox City; Mrs. George Nance, Knox City; Mrs. A. F. Barone, Knox City; Ruth Belcher, Munday; Miss Edith Poe, O'Brien; Mrs. Ruth Johnson, Munday; Johnson baby; Kenneth Griffith, Knox City.

Patients admitted to Knox County Hospital since last Tuesday, Jan. 17th:

Mrs. T. E. Marquis, Swenson; Larry Reynolds, Benjamin; Mrs. Ed Swanner, Knox City; L. N. Bridges, Knox City; Louise Johnson, Munday; Hugh Rogers, Knox City; Mrs. L. M. Rhinehart, Munday; Mrs. T. P. Frizell, Knox City; Deraldita Bandes, Munday; Mrs. Glenn, Munday; Donites Ferrer, Munday; Lee Coates, Knox City; Baby Burkhalter, Throckmorton; Mrs. W. T. Wilcox, Knox City; Cristobel Besserra, Maybell; G. W. Halford, Vera; W. M. Headrick, Benjamin; Mrs. Leslie Simpson, Rule.

DEATHS
Mrs. U. V. Thomas, O'Brien
Lewis Rocha, Knox City
Leona Durkee, Munday.

Well Brought In On Bates Land In Goree Area

Goree has another oil well! It's an offset to the No. 1 Emma Cooksey well, which was brought in several weeks ago. It's the R. J. Watson and others No. 1 Ross Bates well, which has been completed in shallow sand.

It's some 600 feet southeast of the Cooksey well, and is the second offset to be drilled. The other on Harper Cooksey land was reportedly dry.

The drillers hit pay dirt at about three o'clock Monday morning, and reports are that around 1500 feet of oil was standing in the hole. Oil was encountered at 1629 feet.

Casing was set and cemented the first of this week, and plans were to drill through on Thursday.

Baker-McCarty Dry Goods Store Is Sold To Cobb's Department Store

Miss Allen To Begin Duties As Agent In Knox

Miss Ida Belle Allen will assume her duties as county home demonstration agent in Knox County on Monday, February 6, it was announced last week by members of the commissioners' court.

Miss Allen is a graduate of North Texas State College at Denton. She completed her three months training period in Leon County, in Extension District 10, during the summer of 1949.

Miss Allen is familiar with home demonstration work and its problems, and she is looking forward to her work in Knox County. She succeeds Miss Eugenia Butler, who was transferred to Big Spring.

J. F. Waldron Dies Suddenly On Wednesday

J. F. Waldron, beloved Knox County pioneer who came to this area over 50 years ago, died suddenly about one o'clock Wednesday afternoon, succumbing to a heart attack. Mr. Waldron suffered the attack while visiting friends on the city hall lawn, and died within a few minutes.

James Franklin Waldron was born in Hood County, Texas, on June 29, 1866, and died at the age of 83 years, six months and 23 days. He came to Knox County in 1897 from Comanche County and lived here until the fall of 1917, when he moved to the plains and lived in and near Crosbyton until 1943, when he and his wife returned to Munday to make their home. Mrs. Waldron passed away October 31, 1947.

Mr. Waldron had been a member of the Baptist Church since he was a young man.

Surviving him are two daughters, Mrs. E. H. Nelson of Munday and Mrs. Joe Smith of Lubbock; four sons, A. J. Waldron of Munday, Lloyd O. Waldron of Roswell, New Mexico; Doyle H. Waldron of Victoria and E. M. Waldron of Dallas; 16 grand children and 13 great grandchildren.

Funeral services were scheduled for 3:30 Thursday afternoon from the First Baptist Church in Crosbyton to be conducted by Rev. Huron A. Polnac of Munday. Funeral arrangements are in charge of the Mahan Funeral Home and burial will be in the Crosbyton cemetery.

Melton And Morrow Buy Chan's Cafe

Announcement was made Wednesday that Chan Hughes has sold Chan's Cafe to B. L. Melton, Jr. and Joe Morrow. The new owners took charge of the business Thursday morning, and Mr. Melton will operate the cafe, it was stated.

In expressing his appreciation for the patronage given him for the past 18 years, Chan solicited the continued patronage of all his customers for the new owners.

Saturday, February 4, Is Munday Day At Fort Worth Fat Stock Show

Tickets For Show Are Now On Sale At C. D. A. Office

Saturday, February 4, has been designated as "Munday Day" at the Fort Worth Exposition and Fat Stock Show, it was announced recently by show officials.

Munday plans to have a large delegation at the show on that date, and a special section will be reserved for the Munday delegation.

Munday will also have a sponsor to represent the town at the show. She is Miss Gerry Allen, daughter of Mr. and Mrs. Frank

Forty-eight years ago—way back in 1902—the name of Baker became associated with business activities in Munday. It was then that the late W. A. Baker, beloved "Munday pioneer" who passed away about a year ago, and the late J. C. Bryant of Stamford established a general mercantile business here known as Baker-Bryant Co.

Last Monday at eleven o'clock after nearly 50 years and after the name had gone into the third generation, that the name of Baker was discontinued in the business which operated on the very same corner.

It was then that C. P. Baker, manager of the Baker-McCarty Store, announced the sale of the store to the interests of Cobb's Department Store, a well known West Texas institution which operates 14 department stores over a wide area of West Texas.

Baker-Bryant Co. was the second general mercantile store in the town of Munday. At its beginning and during its infancy, merchandise was brought in by freight wagons, for it wasn't until later that the railroad was completed into Munday.

The other general merchandise concern was Mayes and Alexander, which was operated by C. L. Mayes.

The firm of Baker-Bryant Co. continued until 1918, when Mr. Baker and Mr. Bryant dissolved partnership, and a new firm was started in Munday.

Still it carried the Baker name, for this was a partnership between W. A. Baker and J. C. Campbell, who now operates the Campbell Variety Store, which was incorporated under the name of Baker-Campbell Co.

In 1934, the name of Baker-Campbell Co. ceased to exist, and the firm took on a new name. This time it was Baker-McCarty, by which name it was known until eleven o'clock last Monday.

Associated in the store were C. P. Baker, who has managed the firm since 1934, and Houston McCarty, who is well known to most Munday people and who has extensive ranch holdings in New Mexico.

The part which this firm has played in service and in the development of the community can not be portrayed in a short news story. It would take pages and pages of print to do it justice, and it is with a feeling of regret that people learn that the Baker name will no longer be associated with us.

The new firm expects to attempt to carry on those wonderful traditions, however.

Elbert E. King, who has managed the Cobb's Department Store in Seymour for the past ten years, comes to Munday as manager of the local store. He has a wife and 13-year-old son, who will move here as soon as suitable living quarters are available.

"We expect to carry out the general theme of merchandising which has been followed by Baker-McCarty," Mr. King said. "We will continue to handle well known brands of quality merchandise, which we will sell to our customers at fair prices."

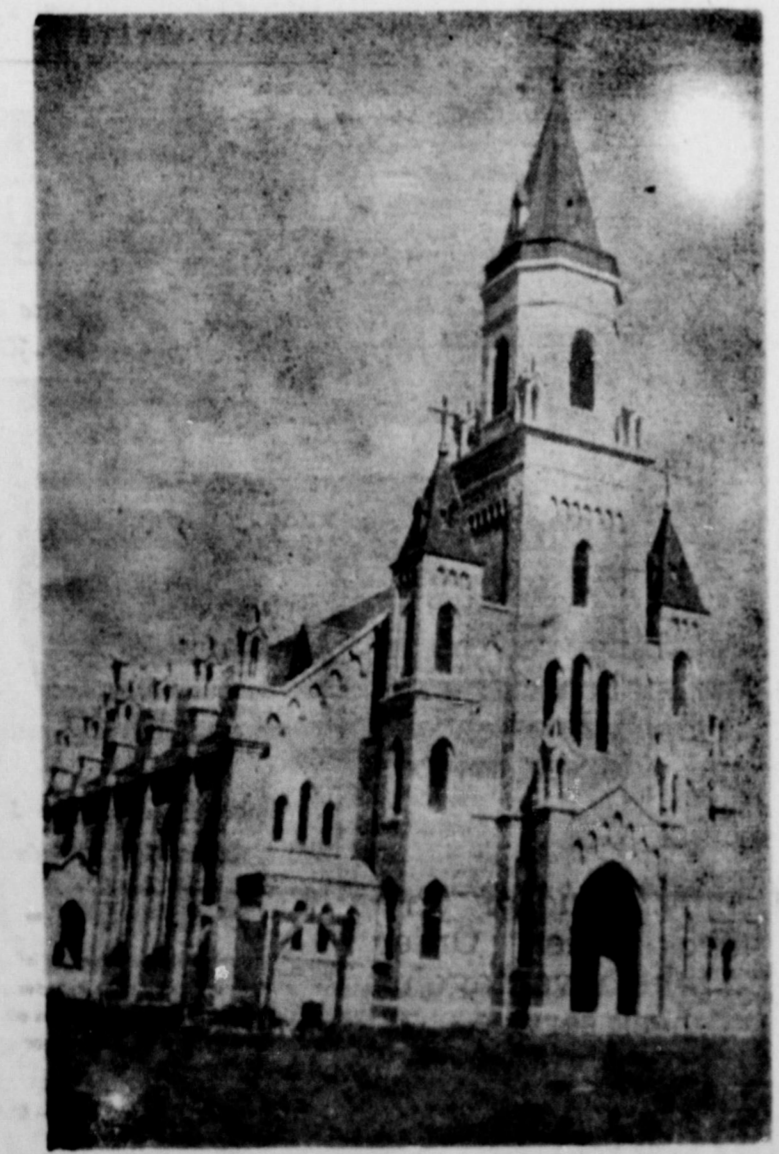

"We want to become a part of your community, to assist in its advancement, and to serve the needs of its people with the best merchandise available. To this end, we invite the same type of patronage and good will that you have so loyally given to Baker-McCarty."

And the Bakers are not lost to the community. The families plan to continue to make their homes here, and they will continue to have a place in the community in which the Baker name has played an important role for almost a half-century.

HOME FROM HOSPITAL

H. M. Michels, who has been undergoing treatment at the Wichita Clinic Hospital, returned to his home on Wednesday of this week. He was somewhat improved, although he is still confined to his home most of the time.

Mr. and Mrs. V. E. Moore and daughter and Miss Dolores Campbell of Abilene visited in the home of Mr. and Mrs. J. C. Campbell and Mrs. T. C. Lowry last week end.

Her's how the outside of St. Joseph's Church at Rhineland will appear after the proposed repairs and remodeling are completed. The contract for com-

pletion of the church, both inside and outside, is expected to be let on Monday, February 27, according to Rev. Fabian Diersing, O. S. B. pastor.

The Munday Times

Published Every Thursday at Munday
Aaron Edgar and Grady Roberts . . . Owners
Aaron Edgar . . . Editor and Publisher
Entered as second class matter January 4, 1919, at the postoffice in Munday, Texas, under Act of Congress, March 2, 1879.

OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Hefner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

FIRE KILLS THE HELPLESS

The city of Memphis, Tennessee, was chosen from among 3,762 American and Canadian municipalities, fire departments and military establishments as winner of the 1949 National Fire Prevention Contest sponsored by the National Board of Fire Underwriters and the National Fire Protection Association. Second and third places among U. S. cities went to Atlantic, Iowa, and Fort Collins, Colorado. An international committee of judges based its decisions on the scrap books, clippings, photographs, records and motion picture evidence of activities during the week.

The communities which won have cause for great and enduring pride. So have those which also competed but did not win. They can try again and do better. Here is one contest in which every town and city should participate.

A short time ago, the nation witnessed another horrible fire in the hospital disaster at Davenport, Iowa, which killed 40 mentally-deranged women in spite of heroic work by the firemen and others. The cause of this fire may never be known, but the building became an inferno with incredible rapidity. One good can come out of this ghastly tragedy—it should cause those in take full advantage of the campaign recently initiated by the National Board of Fire Underwriters to inspect the nation's hospitals, and to show fire hazards may be eliminated. The inspections are being made by qualified experts, and have nothing to do with commercial aspects of insurance.

Once more fire has struck, killing the helpless. How many more object lessons are needed to get the fullest public cooperation for fire prevention?

It is rumored that cheerfulness is largely a matter of one's income being above one's outgo.

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party politics, publishing news fairly, impartially, and objectively. NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

STEP BY STEP

John T. Flynn, in his thought-provoking book "The Road Ahead", discusses various socialist aims in the United States. In the course of it he says: "Another project now under heavy pressure by the Socialist Planners is socialized medicine. It is, of course, not called socialized medicine, but health insurance. . . This is a plan similar to the one now operating in Britain under its socialist government. Under it all employers and their employees would be taxed at the payroll window . . . for medical care. The proponents of this scheme had the effrontery to call it 'free medical care.' Of course it is not. It will be paid for by taxes which will come out of everyone's pocket. . . The system is now on trial in England. It is by every standard a ghastly failure.

"What the American must understand, however, is that while each of these proposals—Federal invasion of banking, Federal invasion of power and socialized medicine—is promoted as if it were a single reform unrelated to the others, the simple fact is that each is intended to liquidate some sector of the private enterprise system and expand the area of socialism. When the whole program is well advanced, we will be a socialized people upon the British model."

This is socialism on a piecemeal basis. Its proponents know that the American people would never swallow the bitter program under its right name, so they are trying to slip it over little by little under different titles. Socialized medicine, whether we call it government insurance or anything else, is one of the big steps.

WILL YOU HELP?

During the last holiday season, as in the past, tragedy came to many homes. It came in the form of fire. In some instances, it left dead, maimed and suffering human beings behind. In one case a fire which started with a Christmas tree destroyed most of a town.

Yet the terrible toll which fire took in 1949 need not be repeated in 1950. Fire is not an enemy against which there is no practical defense. It is, on the contrary, an enemy which can be captured and controlled. The experts say that something like 90 percent of all fires are unnecessary—they could have been prevented with just a little thought, a little time, a few simple precautions. Most fires start from the simplest hazards—carelessness with smoking materials, frayed electric cords, improperly maintained stoves and furnaces, accumulations of trash, and so on. You don't have to be an authority on fire prevention to get rid of these hazards in your home or place of business and the cost is small.

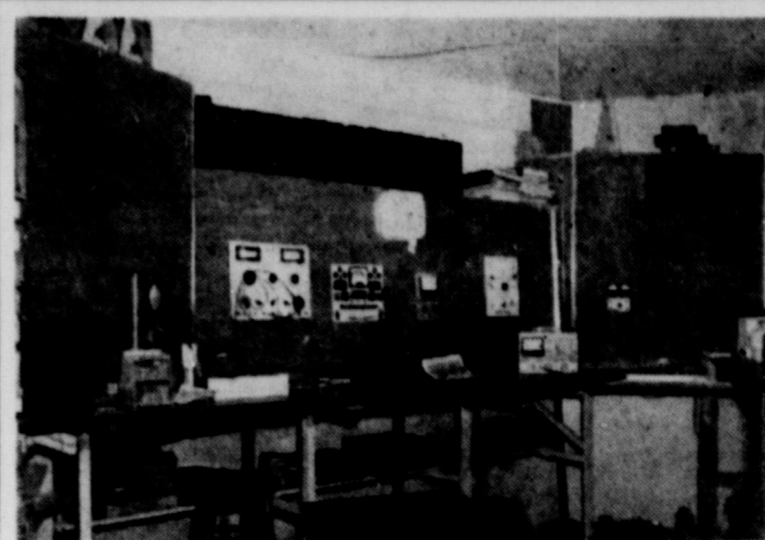

This year, organized fire prevention will go ahead in high gear. It will be successful if, and only if, it is given public cooperation everywhere. Your life and property may be at stake.

Washington News Letter

By Congressman Ed Gossett

WASHINGTON, D. C., Jan. 21—A major legislative skirmish perhaps the most important one of this session, was fought out in the House this week. Chances of reducing federal spending, of balancing the budget, of defeating the FEPC, and other absurd civil rights proposals, in fact, the chance of stopping any number of things in the Congress, was dealt a fatal blow when the House failed to go back to their old rules by a vote of 236 to 183. Heretofore, the Rules Committee in the House has been used as a sort of clearance committee for legislative proposals. In January, 1949, the rule was changed to permit any Committee Chairman to bring up any bill which his Committee reported, regardless of the Rules Committee. Many of us wanted to restore the Rules Committee to its ancient prerogatives. We wanted to use it as a sort of road-block against demagoguery and hypocrisy. However, the House voted against us 236 to 183. It is strange and ironical that this defeat must be laid at the door of the Republicans of the House. Sixty-four of them voted against the resolution, largely because they were afraid of the colored vote and of the radical votes in their individual districts. It was stupid politics on their part. By and large, it was a contest between the conservatives and the so-called liberals. The conservatives lost.

By a one-vote margin, the House this week defeated a bill to provide a hundred and twenty million dollars in aid to Korea and a committal for an additional expenditure of two hundred million dollars. Along with half of the Texas delegation, I voted against this expenditure. If the story of our bungling and waste of money in China ever comes to light, the public will be outraged. Those of us voting against these millions for Korea felt that the odds were that such money would probably go to the benefit of the communists, rather than against them. Sad to say, most of our millions in supplies sent

RADIO REPAIRING

We are equipped to service any make radio. Bring them to us for prompt service.

Strickland Radio Service

to the anti-communists in China largely fell into the hands of the communists. In an early newsletter, I will give you a horrible story of how some of this happened.

If the FEPC comes up next week, as it is supposed to do, it will pass the House, notwithstanding the best efforts of a good many of us to defeat it. The FEPC proposes to take away from the employer his right to select his employees. It will be a long step toward the destruction of free enterprise and the rights of the individual citizens.

Announcement has recently been made by American scientists that we can now produce high-grade sheet mica. Mica is necessary in the manufacture of many strategic war materials, including radio tubes, radar equipment, etc. Heretofore, we had had to import most of our mica. Now, we can make a better product by synthetic process. Science marches on. More and more things can be made with less and less effort, and by synthetic means. Of one thing we can be very sure, however, men can never be produced synthetically. Character is not built by any simple process.

In line with this thought, I was startled a few days ago when Mayor O'Dwyer, of New York, seriously proposed to legalize gambling in the great city. Bills are introduced in every session of Congress to establish a national lottery. If our character is seriously impaired or if men thus decay, then all of our science and all our learning will avail us nothing.

Mrs. Gossett and I attended a Texas State Society program last night, honoring Tom Clark, Associate Justice of the United States Supreme Court. Mr. Clark is the first Texan ever to be a member of our highest court.

LOCALS

Mrs. G. R. Eiland returned last Sunday from Lamesa where she had been visiting relatives for several weeks. Mr. and Mrs. G. R. Eiland, Jr. and daughter, Jan, returned with her for several days visit here.

Mr. and Mrs. Lewis Fincannon and children of Muleshoe were visitors in the home of Mr. and Mrs. P. F. Fincannon and other relatives over the week end.

Lee Haymes and Joey Davis spent the week end in Eastland, visiting in the home of Mr. and Mrs. Mac Haymes.

Mr. and Mrs. A. A. Smith, Jr., visited Mrs. Smith's mother, Mrs. M. E. Fairman, who is in a Dallas hospital, last Sunday.

Uncle Sam Says

Heretic Alger's favorite theme was: "America is the land of opportunity" and I am sure he would agree is another important factor—the cooperation of security in the future is the cultivation of sound saving habits. Right now, in this new year 1950, you can take advantage of one of the safest, surest opportunities to save ever offered—U. S. Savings Bonds. You can buy Savings Bonds on the Payroll Savings Plan where you work, or if self-employed, the Bond-A-Month Plan at your bank. Just think, 16 years from now, you will begin receiving \$4 for every \$2 invested today. Sign up now for one of these two safe and sure ways to provide future security.

One Thing Sure About Weather—Feeding Needed

Supplemental Feed Cost Will Prevent Costly Livestock Losses

No one can predict the weather very far ahead in the Cotton Belt, and there's an old saying that "only fools and strangers try to predict the weather."

One thing is sure, though, about January and February weather. This is the time when livestock producers can prevent costly losses and keep their animals in vigorous condition by following a good supplemental feeding program.

Death and weight losses are easily seen results of poor winter nutrition. Weak calves, poor milking and breeding troubles are equally costly results in improper feeding during winter months. Mature winter pastures lack the protein which is essential to keep cattle producing profitably. In many pastures, even the supply of mature grass is small and cold winter rains and winter storms increase the need of feed intake. Supplemental feeding should begin before winter weather sets in and continue until spring pasture growth is sufficient to satisfy the needs of the cows and calves.

Protein is the most commonly needed winter supplement. The concentrated protein in cottonseed meal, cake or pellets furnishes the protein requirements of the cattle and helps to make better use of the mature pasture forage the cattle get from the pasture. The high phosphorus content of cottonseed cake, meal or pellets is an added value for winter feeding. The phosphorus content of range and farm grasses, like protein, decreases rapidly as they mature and are bleached by winter rains.

Feed dry cows about 1½ pounds of cottonseed cake, meal or pellets, per head daily. Bred cows need 2 to 2½ pounds for 60 days before calving. After cows have calved the daily allowance should be increased to 2½ to 3 pounds, per head daily, to promote good milk flow and keep the cows in good condition for prompt breeding.

Feeding 1 to 2 pounds of cottonseed meal or cake to steers being wintered on grass will keep them gaining economically during the winter and maintain good health for fast growth when spring

Boy Scouts Mark 40th Anniversary

"STRENGTHEN LIBERTY"

40th Anniversary 1950
BOY SCOUTS OF AMERICA

Official poster marking the 40th birthday.

The 40th anniversary of the Boy Scouts of America will be observed Feb. 6 to 12 in every part of the nation by more than 2,300,000 boys and adult leaders. "Strengthen Liberty" is the birthday theme. The Boy Scouts' "Crusade to Strengthen the Arm of Liberty" continues through 1950.

During Boy Scout Week, Units will hold "Crusade Night" meetings when 1949 Crusade Awards will be presented. Representing the 12 Scout Regions, 12 outstanding Boy Scouts will make a "Re-

port to the Nation" at Washington, D.C., where the Movement was incorporated Feb. 8, 1910. They will also take part in an impressive ceremony at Independence Hall in Philadelphia.

The highlight of 1950 will be the Second National Jamboree which will see 40,000 Scouts and Leaders camping together at Valley Forge, Pa., from June 30 to July 6, including Scouts of other lands.

Since 1910 more than 16,500,000 boys and men have been identified with the Boy Scouts of America.

grass is available.

During extended snowstorms or when grazing is very short it is often necessary to feed dry roughage such as cottonseed hulls or hay. This dry roughage replaces the forage which the cattle are unable to obtain from the pasture but does not decrease the need for protein supplement. Often, on the range, it more practical to increase the daily allowance of the highly concentrated cottonseed cake or pellets

because feeding is easier and less transportation is required.

Mixtures of cottonseed hulls and meal are ideal for feeding farm beef herds when pastures are short during winter months. Many cottonseed crushing mills prepare and sell mixtures of 20% cottonseed meal and 80% cottonseed hulls. Cows on short pasture should receive 8 to 10 pounds of the mixture, per head daily, while cows not on pasture need 15 to 20 pounds of this mixture.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN—We do not all grow, develop, mature—nor do our organs degenerate—at the same rate, says Dr. George W. Cox, State Health Officer.

"Today, a man of 60 may be as young, vigorous and vital as the average man of 40. On the other hand, he may look and act like a man of 80, old, weak and miserable. A man of 60 may have a 40 year old heart, 50 year old kidneys and an 80 year old liver.

"The physical changes which come with age alone are not entirely decline, either. Speed of reaction does diminish, but endurance increases in certain capacities. As speed declines, skill is increased with practice, and as strength declines, judgment increases. Automobile driving ability, for example, improves from 24 to 43 in the average individual and at 65 is superior to that of the 20's.

"Normal human beings can grow mentally at any age. The worst of all old-age diseases is

SAFE FOR POULTRY

Poultrymen who use benzene hexachloride to protect their chickens from lice will find the chemical highly effective, says James A. Deer, assistant extension entomologist of Texas A. & M. College.

He says the Bureau of Animal Husbandry of the USDA has conducted tests that show the "musty" flavor that sometimes results in fruits and vegetables from the use of the chemical are not taken up by either the eggs laid immediately after delousing nor the meat of the birds that are protected by a BHC treatment.

Three groups of heavily infested chickens were freed from all trouble with lice by the simple, easy and inexpensive painting of their roosts with a suspension containing 1 percent of the gamma isomer of BHC. The treatment, says Deer, was liberal but

neglect. Many factors that help make a healthy, happy old age are (1) eating right; (2) regular physical examinations and (3) keeping physically and mentally active without overtaxing ourselves. There is a rapidly growing branch of medicine, known as geriatrics, that specializes in disease and conditions of the ageing.

"Don't wait until you deteriorate—consult your physician now!"

not wasteful. Four gallons was ample to treat the roosts of more than 1,000 birds. The immediate effect was as a fumigant. Not a live louse could be discovered after a period of 48 hours, but here Deer points out that chickens must roost on the painted roosts within 48 hours after the treatment if it is to be effective. The test treatment was applied

in the fall and was effective all through the winter.

Deer says that on the basis of the tests made by the Bureau, there is no longer any reason why poultrymen should not use BHC to rid their poultry flocks of the troublesome parasite—the chicken louse.

DODGE JOB RATED TRUCK PRICES REDUCED

\$400.00 to \$125.00

Now you can save up to \$125 on a new Dodge "Job-Rated" Truck.

Every Dodge "Job-Rated" Truck at these new low prices is the same truck—with the same equipment—as before the price reduction. These new low prices have been made possible through the great public acceptance Dodge "Job-Rated" Trucks have enjoyed.

You continue to benefit from the advantages of such exclusive Dodge features as proper weight distribution to carry your load better... short turning diameters for easier handling... shorter wheelbases and shorter over-all lengths to accommodate standard bodies.

All this means greater truck value than ever before! It means lower delivered prices—plus unmatched Dodge economy, performance, and dependability.

Come in today! Get the new low delivered price on the Dodge "Job-Rated" Truck that fits your job—the truck that will save you money today—and every day you use it!

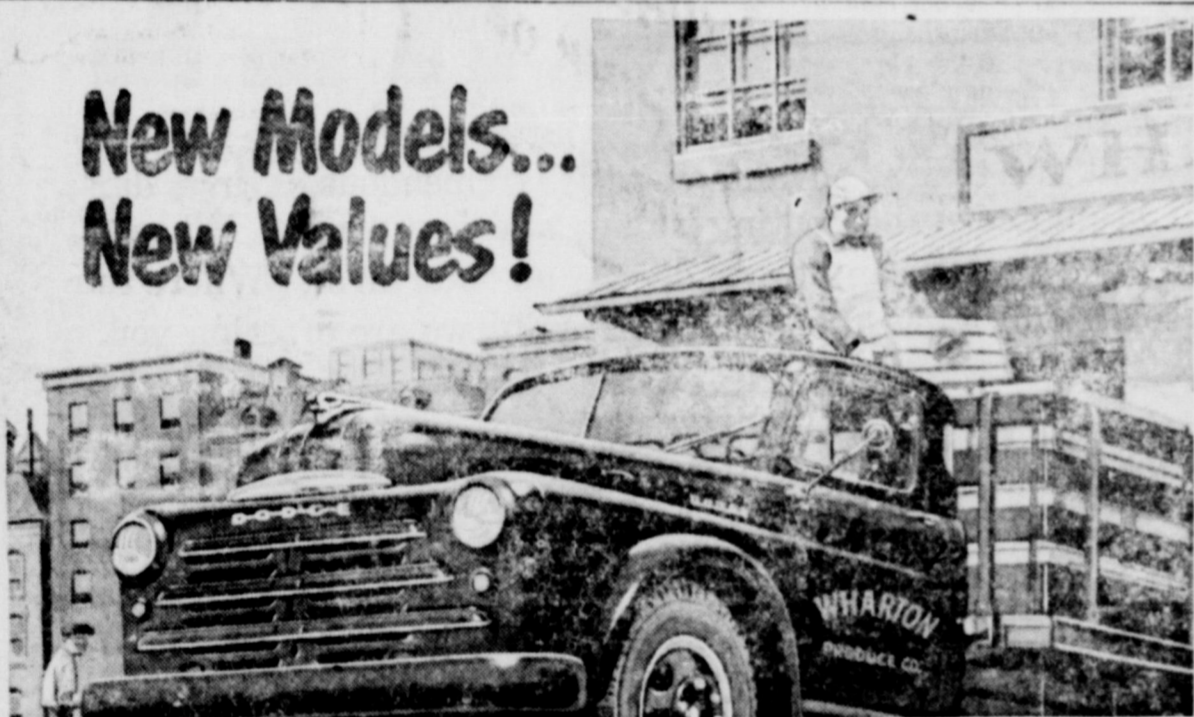

See us today for a dollar--saving deal

Reeves Motor Company

Phone 74

Munday, Texas

New Models... New Values!

"Job-Rated"...yet priced with the Lowest

Look At What You Get For What You Pay... The Result of Dodge Engineering Leadership

1. AN ECONOMICAL TRUCK ENGINE

An engine designed and "Job-Rated" to develop power for 1½-ton truck loads... NOT the same engine used in lighter trucks.

2. NEW SYNCHRO-SHIFT TRANSMISSIONS

New Dodge "G" models (1½-ton) are equipped with "Job-Rated" 4-speed silent helical gear synchro-shift transmissions. Smooth, easy and quiet. Get behind the wheel. Feel the difference! New 5-speed synchro-shift transmissions also available.

3. BIGGER LOAD SPACE

Dodge trucks, engineered for balanced weight distribution, provide for maximum body length in relation to wheelbase. For example: A 152" w.b. model is "Job-Rated" for 10- to 13-ft. bodies.

4. SHORT TURNING DIAMETERS

Wide tread front axles, cross-type steering and short wheelbases provide shorter turning diameter, easy handling and parking.

5. "PILOT-HOUSE" CABS

Rear quarter windows and big 890 sq. in. windshield give safe all-round vision. Vent wings. The deep-cushioned comfort of a 57¼" Air-O-Ride seat.

The truck illustrated... a Model "G" 1½-ton... fits its job. It's "Job-Rated."

It has "Job-Rated" power... a "Job-Rated" frame, transmission, clutch, axle, springs, brakes and tires.

The cost of operating this truck will be low. It will stand up on the job. Upkeep cost will be low. This truck will last longer.

Does such a truck cost more? Emphatically "NO." All "Job-Rated" trucks, ½-ton to 4-ton, are priced with the lowest in each weight class. Why not call us or come in today. We'll recommend the right Dodge "Job-Rated" truck for your job. You'll be pleased at its low cost... and the liberal terms, including a "good deal" on your used truck.

Dodge Model G-152 (illustrated) is one of 92 "Job-Rated" 1½-ton basic chassis models, with gross weights from 7,000 to 16,250 lbs. Available in 7 wheelbases, conventional and C.O.R., with 9-, 12-, and 14-ft. stake bodies and special bodies. Single-speed or two-speed axles.

FARM NEWS

From the County PMA Committee

ACP—INVESTMENT IN BETTER LIVING

Under the 1949 Agricultural Conservation Program a total of \$55,417.27 went to Knox County farmers to assist them in carrying out approved conservation practices. To this amount these farmers who cooperated in ACP put up another \$50,200.00 in cash and labor. (Average about double the total of ACP payments.)

According to J. C. McGee, chairman of the county PMA committee, both the ACP funds and the amount put up by the farmers was an investment in better living for the people of Knox County, of Texas and of the United States. The \$105,617.27 invested in conservation in Knox County under the 1949 ACP resulting in terraces, tanks, eradication of mesquite and pears, deep plowing, subsoiling, drainage ditches, applying phosphate, seeding vetch, Austrian Winter peas and clover, referred grazing and seeding pasture grasses. This conservation was carried out on the farms here, the chairman points out, has helped to make sure that these same farms will continue in production and that each acre improved by conservation will be just that much better able to continue to produce. As a result the agriculture of Knox County is that much more

stable. And a stable agriculture adds to the stability of the business in towns which depend on agriculture.

In like manner, the chairman explains, the conservation practices have assured the people in the cities that there will continue to be groceries available to the millions of housewives in the Nation.

As Chairman McGee sees it, "The 10 percent in the per-capita consumption of food in 1949 over the 1935-39 period is a dividend on the funds invested in conservation in the past. The funds used in 1949 will make more sure an ample and nutritious diet for the people of the country in 1950 and in the years to come.

"Each dollar spent in assisting farmers in carrying out approved conservation practices is an investment in protection against erosion, an investment in more land and a stable agriculture, and an investment in assurance of a continued balanced abundance from our farms."

ACP AND COTTON ALLOTMENTS

J. C. McGee, chairman of the Knox County PMA committee calls attention to the provisions of the Agricultural Act with respect to the ACP assistance and over-planting cotton allotments.

C. A. McInerney (left), newly appointed national campaign director of United Service Organizations, Inc. (USO), discusses a 1950 campaign leaflet with Karl K. Van Meter, USO executive vice-president. Mr. McInerney will be in charge of fund-raising for the maintenance of 170 USO clubs, lounges and other facilities now serving the 1,600,000 peace-time members of the American armed forces in the United States and overseas. USO funds will also continue to support a regular schedule of Camp Shows for more than 100,000 patients in Veterans Administration, Army and Navy hospitals.

Quoting from the regulations, he says:

"Any person who knowingly plants cotton or causes cotton to be planted on his farm in 1950 in excess of the cotton acreage allotment, shall not be eligible for any payment whatsoever, on that farm or any other farm, for programs for 1950."

Defining overplanting, the regulations say:

"Any person having an interest in the cotton crop on a farm on which cotton is planted in 1950 shall be presumed to have knowingly planted cotton on his farm in excess of such farm cotton acreage allotment if notice of the farm allotment is mailed to him prior to the completion of the planting of cotton on the farm, unless the farmer established the fact that the excess acreage was planted due to his lack of knowledge of the number of acres in tract planted to cotton. Such notice, if mailed to the operator of the farm, shall be deemed to be notice to all persons sharing in the production of cotton on the farm in 1950."

This means, says McGee, that adjustments needed to balance the farmer must consider crop production to consumer needs

LOCALS

Miss Barbara Jane Almanrode, who is attending McMurry College, Abilene, visited her parents, Mr. and Mrs. R. M. Almanrode last week end.

Mr. and Mrs. Ray Howard and son of Midland were guests in the home of Mr. and Mrs. Aubrey L. Smith over the week end.

and the conservation of soil as parts of the same program. "Certainly it is not conservation to use land to produce commodities for which there is no market at fair prices for when farm prices break down the land begins to break down, too."

Sunday Services Enjoyed At Rule

On this beautiful Sabbath day, the fourth Sunday in January, 1950, wife and I wended our way to Rule, Texas, to church. On our arrival, Mr. and Mrs. Alexander and two other ladies were there to greet us, and others began gathering. Soon there were about 20 dear saints of the Lord there.

We sang some sweet songs of Zion and Bro. Strat Richards prayed a very able prayer, after which he read from the 6th chapter of St. John.

He preached one of the most wonderful, enlightening, understandable, sweet sermons that it has ever been my privilege to listen to, and I have listened to many. Some preachers hint at what the Bible means. Bro. Richards did not hint—he told us what this scripture meant—and I and every one I heard express themselves endorsed very word he said.

After a brief conference, we adjourned. After partaking of a bountiful repast and visiting with each other for about an hour, we sang more beautiful songs, adjourning with "Leaning On Jesus Breast". A pleasant day well spent.

J. B. Goggan, Goree, Texas

Tom Hoosier of Seymour was a business visitor here last Monday.

Probably the safest and most effective way to reduce weight is to put a time clock on the refrigerator.

Mrs. Aaron Edgar spent the week end in Quanah, visiting her father, W. J. Bridge, and with Mr. and Mrs. Roy Rogers.

Mr. and Mrs. E. L. Melton, Sr. were Sunday visitors in Paducah.

Joe and Johnny Spann and a friend of W. T. S. T. C. in Canyon spent the week end with Mr. and Mrs. John Spann and other relatives and friends.

Mr. and Mrs. T. B. Cypert of Jal, New Mexico, visited their parents, Mr. and Mrs. Ira Cypert who are in the Knox County Hospital, last week.

ROTO BALING

seals in the leaves
seals out the rain

The Roto-Baler rolls the windrow into a bale with leaves wrapped inside, protected from the rain.

To feed it simply unroll the bale . . . and you have the hay just as it was in the field—soft, leafy, with the color and protein still there.

Rolled bales shed rain like a thatched roof. They store compactly, will not buckle, may be unrolled, or fed whole in the open feed rack.

The ONE-MAN ROTO-BALER is priced for home ownership. Stop in and talk to us about a Roto-Baler for your farm.

In June, roll 'em up for storage
In January, roll 'em out for feeding

Knox Prairie Philosopher Working On An Income Tax Plan That Takes Into Account Losses In Last 20 Years

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is having his annual troubles with his income tax report, his letter this week reveals.

Dear editor:

Bein classified as one by the United States government for taxing purposes only. I have a tremendous struggle on my hands every January trying to get my income tax made out and I don't mind sayin after a session with my book-keeping sytem there ought to be some simpler way of keepin the government goin, or of excusin a man who ain't got no knack for figures.

I have considered gettin an expert out here to figure mine, and even had one tell me I wasn't takin off enough depreciation, for example said I ought to depreciate eight bales of Johnson grass hay I've had on hand for five years, which I've kept mainly because they're comfortable to sit on when I move my reading room from the house to the barn, which occurs whenever the weather's pretty enough for my wife to put out a washin, but the way I figure it is after you reach a point in your tabulations where you don't owe no income tax, ain't no use goin any further, the government ain't advanced enough to pay you when

you get in the hole.

But I have been working a simplified system, to eliminate fill-in out all those blank lines, which is a major undertakin when you're tryin to get your income figures off the wall paper in the kitchen and tryin to be honest also. I know I wrote down what I got for a Jersey steer some time last September, but my wife must have written a recipe over my figures, as I can't find em and I don't want to put down too little for it, and blamed sure ain't gonna put down too much.

Why can't the bank just look over its records and size up the situation and say, now there's a so-and-so, he ain't made no money this year, his well's dried up, wound up in worse shape than he started, he ought to get off free this time.

This system might make the bank a little unpopular with some people, but so does callin in a note or refusin to make one in

At Roxy, Tues., Wed., and Thurs.

Jeanne Crain portrays the most dramatic role of her career in "Pinky" which co-stars her with Ethel Barrymore, Ethel Waters and William Lundigan.

Legal Notice

NOTICE

Notice is hereby given that the City Council of the City of Munday, Texas, will meet at 10 o'clock a. m., on the 17th day of February, A. D., 1950, at the City Hall in Munday, Texas, for the purpose of holding a public hearing and receiving and considering bids for an oil, gas and mineral lease covering all lands owned by the City of Munday lying within the Samuel Washburn Survey in Knox County, Texas, and more particularly described as follows:

FIRST TRACT: Being out of and a part of the Samuel Washburn Survey, and described as follows: BEGINNING at the SE corner of the Craft sub-division of said Survey: THENCE East 1075 varas to corner: THENCE N 57 Deg. 11', W 1282.2 varas to corner, this call running on S. B. L. of highway: THENCE S 702 varas to the place of beginning, containing 67 acres of land.

SECOND TRACT: Being also out of and a part of the Samuel Washburn Survey, and described as follows: BEGINNING at the SE corner of a tract of land allotted to Katherine Cartwright in the partition of the W. A. Cartwright estate, dated May 12, 1939, and of record in Volume 78 at page 209, deed records of Knox County, Texas: THENCE North 712 varas to corner; THENCE East 327 varas to corner, said point being the SE corner of a tract in the name of Mullins: THENCE South 920 varas to a point in the N. B. L. of highway: THENCE N 57 Deg. 11' W 389.5 varas along the N. B. L. of said highway to the place of beginning, and containing 47.7 acres of land.

THIRD TRACT: Being also out of and a part of the Samuel Washburn Survey and described as follows: BEGINNING at a point 47.5 varas East from the SW corner of the W. A. Cartwright tract of land in said Washburn Survey, and said point being also the SE corner of the Craft 700-acre tract: THENCE East 315 varas to an iron pin in the S. B. L. of the aforesaid Cartwright tract, said point being 109.5 varas West from the NE corner of the North one-half of Tract No. 6, in the Branch partition: THENCE South 385 varas to iron pin: THENCE WEST 250 varas to an iron pin for corner in fence line; THENCE N no Deg. 53' E with said fence line 285 varas to an iron pin for corner: THENCE N 20 Deg. 7' W, continuing with fence line 44.5 varas to an iron pin for corner at root of a 4" mesquite, set on east side and against tree: THENCE N69 Deg. 53' W 85.3 varas to an iron pin for corner: THENCE N2 Deg. 5' E 41.8 varas to the place of beginning, and containing 16.9 acres of land.

Together with any and all other lands owned or claimed by

said City of Munday adjacent or contiguous to the three tracts of land particularly described above. Such meeting of said City Council will be held in accordance with, and in pursuance of, an order and resolution adopted and enacted by said City Council at a meeting held January 16, 1950, whereat said City Council determined that it is advisable and to the best interest of said City of Munday to make an oil, gas and mineral lease covering all of the lands above described.

At such meeting a public hearing will be had and said City Council will receive and consider any and all bids submitted for the leasing of said lands, and an oil, gas and mineral lease covering said lands will be granted by public auction conducted by the Mayor or, if he be not present, by any member of the City Council then chosen by the City Council, and such lease shall be sold and made to the highest and best bidder submitting a bid therefor, provided, however, that if in the judgment of said City Council the bids submitted do not present the fair value of such lease, said City Council, in its discretion may reject same and again and give notice for additional bids, but no lease shall in any event, be made except upon public hearing and consideration of bids and after publication of notice.

The lease so sold and made will retain for the lessor a royalty of at least one-eighth (1/8) of all oil, gas and other minerals which may be produced from said lands, and the primary term of such lease shall be for no more than a period of ten (10) years from the date of execution and approval thereof. Otherwise any such lease so sold and made shall be upon such terms and upon such form as shall be acceptable to said City Council and to the lessee therein, and which shall also have the approval of the Honorable M. F. Billingsley, attorney for the City of Munday. Said sale shall in all things be held and made in accordance with, and subject to the provisions of, the applicable laws and of said order of the City Council made on January 16, 1950.

A National Safety Council reminder: Tire chains provide a necessary link between winter driving and safety.

The month of January 20 to February 20 has been designated as Pecan Tree Plantin Month in Texas. The program is being sponsored by the Garden Clubs of Texas.

The average daily accident death toll in the winter months last year was 265, in the fall 270, in the spring 251, and in the summer 284, according to the National Safety Council.

From where I sit... by Joe Marsh

Give Us Back Our Sidewalks, Slim!

I wrote that over an article in the *Clarion* last week, but I didn't like doing it. After all, the man it was aimed at—Slim Henderson—is a good friend of mine.

Slim came into quite a windfall last month, and bought the old Clarke place. The deed gave him title to all the land—right down to the street. Then Slim started to take up the sidewalk to make his lawn look better.

I felt it wasn't fair to the town and said so in my article. Next morning Slim comes around and wants to know what I mean—get-

ting folks riled against him. I felt ornery myself, and we had quite a set-to over the whole business.

From where I sit, that was foolish. Once we'd cooled off (over lunch and a bottle of beer at Andy's Tavern), Slim decided the sidewalks should stay—for the common good and I promised next time I'd take a good look at the other fellow's point of view before writing any articles about him!

Joe Marsh

ALL SET... for Sleep Comfort

Westinghouse Electric Comforter

with the Automatic Watchman Control

The last word in Sleep Luxury

Just set the Automatic Watchman Control and you're all set to sleep in mellow warmth the whole night through. One lightweight, Westinghouse Electric Comforter is all you'll ever need on the coldest nights. The bedside control, dainty as a powder box, will automatically maintain the selected degree of warmth regardless of changes in room temperature.

The lush rayon satin cover is available in three rich, gorgeous colors: Rose, Blue or Green. It is easily dry-cleaned and the inner warming sheet can be removed for laundering.

The mothproof Comforter, 72" x 86", allows for ample tuck-in. Ask for a demonstration of this wonderful Electric Comforter at the West Texas Utilities Company or at your local electric appliance dealer.

The dainty "powder box" control automatically compensates for changes in room temperature.

Comforter won't slip off the bed. The underside of spun rayon fabric anchors the Comforter to the bed.

Makes bedmaking easy... fast! There's only one bed-covering! So colorful, no spread is ever needed.

Rayon satin shell slips off for dry cleaning. Inner warming sheet easily washed, if necessary.

Decker Family Reunion Held In Birkenfeld Home

The Decker family held a family reunion on Sunday, January 18th in the home of Mr. and Mrs. Chris Birkenfeld.

Those present were: Mrs. Stephanie Decker, Mr. and Mrs. Joe Decker, Dorothy and Lillian Decker, Mrs. and Mrs. Joe Redder, Robert, Charles, Herman, and Lucille Redder, Mr. and Mrs. Charles Wilde, Dennis, Leroy, Cecil, Charlene, Roseann, Marvin, Melvin, Betty Lou, Severn and Bobbie Wilde, Mr. and Mrs. Chris Birkenfeld, Carol, Joe Lynn, Clarence, Ronald, Bryan, Leslie, Alverna and Stephann, Mr. and Mrs. Paul Morath and Jeanette, Mr. and Mrs. Fred Zimmer, all of Munday.

Mr. and Mrs. Albert Decker, Arnold Decker, Albuquerque, New Mex., Mr. Lawrence Decker and James, Phillip Redder, Deatur, and Bernard Decker and Harold Huntsman, Knox City.

Those unable to be present were Mr. and Mrs. Horace Haggard and family of Fort Worth, Mr. and Mrs. Frank Decker and family of Albuquerque, New Mex., Mr. and Mrs. Leonard Decker, also of Albuquerque, Miss Agnes Redder, Scotland; Allen Decker, Jackson, Montana, and Mr. and Mrs. Albert Redder and Richard of Waco.

Eighty-Four Club Meets Tuesday In Study Club House

Mrs. Chester Bowden and Mrs. Marvin Reeves were hostesses to the '85 Club last Tuesday evening. The party was held at the Munday Study Club house with twenty-six attending.

The Valentine motif was carried out in the rooms for decorations. Red sweepes were also used.

The group enjoyed several games of '84', after which refreshments were served to the following:

Mr. and Mrs. W. E. Braly, Mr. and Mrs. Dick Atkinson, Mr. and Mrs. J. C. Borden, Mr. and Mrs. W. R. Moore, Sr., Mr. and Mrs. C. P. Baker, Mr. and Mrs. Leland Hannah, Mr. and Mrs. W. C. Cox, Mr. and Mrs. J. C. Campbell, Mrs. S. E. McStay, Mrs. Erin McGraw, Mrs. Effie Alexander, Mrs. Jim Reeves, Mr. and Mrs. B. L. Blacklock, Marvin Reeves, and Chester Bowden and the hostesses.

Sunset H. D. Club Meets Thursday At School Building

The Sunset Home Demonstration Club met Thursday, January 19th, at the Sunset school house with eight members and one visitor present.

For opening exercise, the group all repeated together the poem, "A Prayer For Womanhood". The secretary and treasurer, Mrs. Weldon Floyd, gave a monthly report of the financial statement.

The club has received some new samples of Sundown Satin. These were turned over to the marketing chairman, Mrs. R. C. Partridge, for future orders.

The following members were present: Mrs. T. J. Partridge, Mrs. Gill Wyatt, Mrs. H. R. Hicks, Mrs. Jerry Nix, Mrs. Weldon Floyd, Mrs. R. M. Almandrode, Mrs. R. C. Partridge, Mrs.

Lissom Lookout

Cynosure of the sun decks is this spar-slim bathing ensemble by Tina Leser. The short, figure-bugging sweater matches the halter top of white wool and navy blue ripples. An elasticized wool knit keeps the brief pants skin-tight.

Gilliland Club Meets Wednesday At School Building

The Gilliland home demonstration club met on Wednesday afternoon, January 18, in the club room of the school building. The committee appointed by the president spent the afternoon working on recommendations for this year. The new yearbooks were also distributed to members.

Mrs. Elton Scott served as hostess, and refreshments were served to Mrs. G. W. Solomon, Pete Mayberry, C. R. Miller, A. J. Whatley, Emil Navratil, Homer Martin, Richard Winstead, W. T. Cook, Elton Carroll, A. L. Cook, J. W. Pendleton, M. G. Duncan, Elton Scott, Young, Arnold Navratil, Omar Cure and Miss Danni-Groves.

BIRTH ANNOUNCEMENT

A son was born to Mr. and Mrs. Jimmy Henson last Saturday morning, January 21st, at the Knox County Hospital. The little boy has been named Larry Glen and weighed seven pounds and thirteen ounces. Both mother and little son are doing nicely.

CARD OF THANKS

May we express our sincere thanks and appreciation for the beautiful floral offering and kindness shown us during the illness and death of our beloved mother and grandmother.

Mr. and Mrs. N. S. Ballard and family
Mr. and Mrs. O. G. Ballard and family
Carl Ballard
Mr. and Mrs. A. L. Ballard and family
Mr. and Mrs. Lon Dolloff and family
Mr. and Mrs. Bill Ballard and family
Mr. and Mrs. Paul Ballard and family
Mr. and Mrs. Bob Ballard and family
Mr. and Mrs. Ernest Ballard and family.

Goree P.-T. A. Will Sponsor Ball Games On Monday Night

The Goree Parent-Teacher Association will sponsor basketball and volley ball games Monday night, January 30th. The men of the P.-T. A. will play each other in volley ball, then play the school girls.

There will be sandwiches and drinks for sale. Also there will be a prize for some lucky person who pays admission.

The proceeds will go toward the fixing of a dark room in school in which to use the movie projector.

Games start at seven o'clock.

MUNDAY GIRL ADMITTED TO SCOTTISH RITE HOSPITAL

Little Miss Carol Carter, 4-year-old daughter of Mr. and Mrs. T. C. Carter, Jr. of this city, was admitted to Texas Scottish Rite Hospital for Crippled Children in Dallas for treatment on Friday, January 20.

The Scottish Rite Hospital, which is supported by individual contributions, offers the best possible medical care and attention to Texas crippled children who are accepted for treatment.

Mr. and Mrs. C. C. Jones visited their son and family in Lubbock last week end.

Activities Of The Colored People

Mary Hayden To Be Buried On Friday

Mary Hayden, well known local colored woman, passed away Wednesday morning at the Knox County Hospital, where she recently underwent an operation. She was apparently recovering from the operation, but suffered an attack shortly before her death.

Funeral services will be held from the Church of God in Christ at three o'clock Friday afternoon conducted by Rev. Robertson. Burial will be in the Old Goree cemetery by the Mahan Funeral Home.

The P.-T. A. held an interesting meeting last Tuesday night, and made plans for a meeting at the next meeting, February 2nd.

We have raised the money for the equipment of the school with window shades and we are now awaiting their delivery.

Much interest is being manifested by the boys and girls in the "March of Dimes" drive. A prize will be given to the one who fills the most cards.

ATTEND CONCERT

Bobby Winchester, Shirley Yost, Jo Ann Winchester, Gall Williams and Mrs. Al C. Williams attended the civic music concert in Wichita Falls on Thursday night of last week. They heard the world famous pianist, Claudia Arrau.

Mr. and Mrs. E. L. Goolsby were week end visitors in Lubbock.

KITCHEN MEMO BY JEAN CLARE

Like ripe olives, some people love bread pudding, others abhor it. Molasses Bread Pudding, because of its high flavor, will convert the bread pudding-haters in your family. It contains plenty of body-building iron. Arrange 10 slices diced stale bread in a well-greased baking dish. Beat together 2 eggs, 3 tbsps. molasses, 2 tbsps. sugar, 1/4 tsp. salt. Add 2 cups scalded milk, 2 tbsps. melted butter and pour over the bread cubes. Put baking dish in pan of hot water and bake in moderate gas oven of 350°F. for one hour or until firm. Serves 6.

A coarse quarter-inch wire mesh fastened under the register of your gas floor furnace will catch dust particles. Clean it occasionally to keep free passage for hot air.

Added flavor for gravy: Stir in a bouillon cube while the gravy is cooking.

Store meat or poultry unwrapped in your gas refrigerator because contact with the air delays spoiling.

The rusty scale that drops down from the bottom of your automatic gas water heater should be brushed off the burner about twice a year.

While your noodle soup is simmering on the top burner, add chopped green pepper and chopped pimiento. Or parsley can take the place of the pepper.

HOME FROM HOSPITAL

Mrs. R. L. Gaines, who had been undergoing treatment in a Wichita Falls hospital for about three weeks, was brought home last Sunday. An ambulance from the Mahan Funeral Home went after her.

Be careful. Obey state and local traffic rules.

AN AMAZING TEXAN

HOUSTON, TEXAS—Nobody is surprised at Tyrone Power's avalanche of fan mail, nor the bulky deliveries deposited on Boris Karloff's doorstep.

But here is an amazing Texan, who gets fan mail daily that would make even the most prominent Hollywood actor envious. Yet, he has never appeared in pictures, nor is he a Hollywood producer.

Utterly sincere, the fan letters come mostly from housewives expressing gratitude because he has done something for their feet. Thomas F. Millane, president of Wright Manufacturing Company here, has produced two types of flooring that have spelled "emancipation" from foot trouble in the home and in the large industrial plants.

Millane, an imposing man with a well-adapted radio voice is in constant demand as a speaker. His Wright-floor hard surface rubber tile has cut down employees foot trouble and increased industrial efficiency. Wrightex, a soft rubber tile for the home, has brought the deluge of letters from American housewives.

"A typical fan letter reads 'Thank you Mr. Millane for introducing me to rubber tile. My old floors were so hard on my feet, I was becoming so irritable that I actually heard my own child call me 'Old Vinegar Bottle'! I was hard to get along with, I'll admit. But I wish I could explain to you how wonderful it feels to stand and walk on this new rubber tile. Even jobs that require a whole day's standing, I finish more quickly and in a much happier frame of mind than ever before. My husband thanks you too for a nicer 'me'.'"

"Chiropractors explain basis reasons for these seemingly-miraculous changes," Millane said. "They describe rubber tile as a 'recoil pad'—which absorbs the body weight each time a step is taken. The foot ordinarily has to do this—and that's what tires it out."

BENJAMIN NEWS

(Elda Puri Laird, Reporter)

Mr. Henry Bryson of Bryson, visited in the home of his sister and family, Mr. and Mrs. P. W. Laird, Wednesday of last week.

Charles Snailum, Linda and Pat Nunley, daughters of Mr. and Mrs. Floyd Nunley visited in the home of Mr. and Mrs. Lee Snailum during the past week.

Mr. and Mrs. Johnson, of Judd, visited in the home of her sister, Mrs. J. A. McCanlies during the past week.

NEW CHANGER

BUFFALO, N.Y.—The world's first and only complete 3-speed record changer, that automatically plays all speeds—and all sizes—also automatically plays both sides of 10 and 12-inch records continuously and in sequence. Markel Playmaster, above, is manufactured by the Markel Electric Products, Inc., here. It fits most radio or television combinations. And it's simple enough for a child to operate.

This is the world's lowest price record changer on the market that will play symphonies, etc., on 33 1/2 records in correct sequence — by playing both sides automatically. It comes with a base for simple attachment to any radio-phonograph or television set—the illustration is of the model that is installed in a combination.

Music lovers everywhere are thanking Joseph Markel for his company's contribution to their entertainment in giving them a changer that provides for nine consecutive hours of music without interruption. A special added unique feature is the tone arm can be moved at any time. It cannot be damaged or made inoperative even if it is thrust out of line. This is especially welcome news to parents of small children.

A. Bumpas, and Billy, Sunday of this week.

Mr. and Mrs. David Huff and Johnny Southerland, of Wichita Falls, visited in the home of Miss Elda Puri Laird Sunday afternoon.

Coy and "Short" Steward of Shamrock, visited in the home of Mrs. W. A. Barnett and family Monday of this week.

Mrs. Howard Barnett and small son, Dickie, visited with relatives and friends of Rochster, Monday of this week.

A single sprayin solution with a concentration of .125 percent lindane will give good control for hog mange. Four pounds of 25 percent wettable lindane powder mixed with 100 gallons of water will give this concentration. Use from 2 to 3 quarts of the spray on each animal and be sure that every part of the animal's body is covered.

Homemaking Chores Are Made Easier By Work Simplification

Home demonstration club members in eight central Texas counties know that homemaking chores can be made easier, because they are using simplified methods in their own homes. They have studied each job, step by step, and have then used this information to work out the simplified, time and labor saving methods they now employ.

Last winter, says Bess Edwards, extension district agent, several leadership training schools were held in her district by the home management specialists of Texas A. & M. College for the purpose of training county home demonstration agents

and work simplification leaders from the local clubs. These local leaders in turn held meetings and gave demonstrations in their clubs for the other members and before the year was over a lot of things had been done.

In Hood County, the 17 trained leaders held demonstration meetings in seven different communities with 210 women attending. Their work was featured by the county home demonstration council when a float on work simplification was entered in a county-wide reunion parade. It was a winner. They have simplified such household chores as ironing, dish washing, bed making, and the arrangement of utensils in the kitchen.

As a result of the training program in Hill county, more than 250 women have worked out new methods for doing at least one housekeeping job. The trained leaders gave demonstrations to 578 women in the county. They included in their work the home laundry, portable shelves for the kitchen cabinets, rearrangement of sewing centers, ironing aids and many have rearranged their kitchen equipment to save steps and labor.

In McLennan county, emphasis has been placed on better arrangement for the home sewing center, bringing the pressing equipment into the center and organizing the garment construction job in an orderly manner to save time and unnecessary handling. Simplified methods have been used by 496 home demonstration club members. Twenty-five families have improved

Legal Notice

NOTICE TO ALL SCHOOL PATRONS

The State is now requiring all school authorities to enforce the Compulsory School Law to the extent that they themselves will be penalized for failure to do so. All children between the ages of 6 and 16 years are required to attend school unless they fall

under one or more of the headings listed below:

1. Attends a Parochial school.
2. Physically or mentally unable to attend, and if in either physical or mental condition that it is not advisable for them to attend school, this must be established by a certificate from a reputable physician.
3. The child is blind, deaf, or dumb.
4. A child is over 12 years of age and has completed the 8th grade of the elementary school.

If, after warning by the school authorities, the parent continues to ignore the law, they are subject to \$5.00 fine for the first offense and \$25.00 for each day the child is absent thereafter.

If a child can not be kept in school by parent, or child continues to disobey the parent relative to attending, the child may be declared an habitual truant and be subjected to commitment to the State Juvenile Training School.

Since the State is using pressure on local school authorities to enforce this law, we have no other alternative. We sincerely hope you will cooperate with us by seeing to it that your child is kept in school. Unless he is kept in school or falls under one of the four headings listed above, we must and will act according to law. Yours for the welfare of your child.

Gonzales Warm Springs Given New Addition

GONZALES—A \$50,000 addition to the present seven building plant of the Gonzales Warm Springs Foundation for Crippled Children has been announced by foundation officials.

Funds for the new structure were donated by seven residents of Midland, center of an area from which came much of the institution's 1949 patient load.

A one-story fireproof building, Midland Hall, will serve foundation patients as reception, entertainment and recreation center. Present plans call for it to be located near the center of Gonzales' present buildings adjacent to a new kitchen and dining hall. Architecturally, Midland Hall will conform to the foundation's master development plan.

Commenting on the gift, Ross Boothe, president of the Gonzales institution, said: Ordinary words

Pontiac Displays Its Super-Sleek 'Catalina'

Pontiac's rakish, stylish Catalina models offer the lithe grace of the convertible with the comfort and all-weather adaptability of a sedan. Catalinas are available in Super-Deluxe and Deluxe models and differ in color choice and interiors. Illustrated is the Super-Deluxe in Ivory and Sierra Rust with matching leather upholstery and interior decor.

of gratitude hardly suffice to tell those Midland folks how grateful all of us here at the foundation are. We think that gratitude includes all Texas, as well. The new building will be especially useful as an activities center for patients. And now our children will be able to greet their families in privacy and comfort. It is just another example of Texas taking care of its own."

Governor Allan Shivers, general chairman of the foundation's state-wide fund raising appeal, acknowledged receipt of the gift in a telegram to Roy A. Minner, Midland County chairman for the foundation:

"Congratulations to you and your committeemen and to all whose darndest efforts made possible the Midland Hall addition to the Gonzales Warm Springs Foundation."

According to Hulom Black, director of the University of Texas development board and chairman of the Gonzales development committee, the new structure "will go far toward alleviating a space shortage which was fast becoming critical."

Fort Worth Fat Stock Show Opens; It Is The "Best Ever"

FORT WORTH—It's Stock Show time in Fort Worth!

Beginning with the colorful, traditional Western parade on Friday afternoon and the opening performance of the rodeo that night with Gov. Allan Shivers present, the Southwestern Exposition and Fat Stock Show will be in progress through Sunday, Feb. 5.

There will be rodeo performances at 2 p. m. and 8 p. m. daily; and a big, free attraction—the Southwestern Square Dance Championship Contest, open to teams from anywhere, no entry fee, \$1,000 in prizes, each afternoon at 4:30. Another free attraction will be the West Texas Art Show, presenting the paintings of leading artists.

Fifty-three cities—the greatest number in the Show's history—will have special "days," bringing their bands and Cowgirl Sweethearts. Future Farmer and Future Homemaker Day is Saturday, Jan. 28; Oklahoma Day, Sunday, Jan. 29; 4-H Club Day, Monday, Jan. 30; Veterans and American Legion Day, Wednesday, Feb. 1.

The rodeo, besides presenting the greatest cowboy contestants and the wildest of stock, will of-

Three Rules Of The Road Might Save Your Money—Or Your Life

Do you know the rules of the road?

Failure to know them may cost you money—or your life—if you drive an automobile, according to the National Safety Council.

For that reason, the Council is sponsoring a national campaign in February on the theme, "Know and Obey Traffic Laws."

Here are three rules of the road which the Council believes are commonly misunderstood by motorists. Even if you are lucky enough to escape injury yourself, you may be liable under the law for damage to other vehicles or persons.

The Intersection Rule

If two cars arrive at an intersection without stop signs or signals at about the same time, the car on the right always has the right-of-way. You must give way to it.

The Following Rule

If you run into the rear of another car, you always are at fault. It doesn't matter that the car ahead stopped suddenly or that the driver failed to signal—he may have had no opportunity. The law requires that you drive far enough behind to be ready for any emergency. Safety authorities recommend one car length for every 10 miles of speed.

The Speed Rule

In all states speed must be adjusted to conditions regardless of posted speed limits. A speed limit of 35, for example, means that is the maximum safe speed

for the greatest horse show the Southwest has ever seen and six spectacular specialty acts.

Entries of cattle, sheep, swine, poultry, turkeys and rabbits are the heaviest the Show has ever known and cash awards offered are the largest in the exposition's 54 years.

So every sign points to the most successful season ever.

under ideal conditions. If traffic is heavy or if the roadway is slippery, 35 miles an hour may be too fast for safety. If you have an accident, you may be charged with "speed too fast for conditions" even though you did not exceed the legal limit. On rural highways without speed limits, the "reasonable and prudent" rule still applies.

Highlights from Austin

(By Senator George Moffett)

The Governor has called a Special Session of the Texas Legislature to meet on January 31, 1950. This is the first Special Session in nearly nine years. The state constitution provides that a Special Session must be limited to thirty days, and may consider only the subjects submitted to it by the Governor.

The urgent need for new buildings and additional doctors and nurses at the state's hospitals for the mentally ill, and other eleemosynary institutions has created an emergency which caused the Governor to call this Special Session. Furthermore the late Governor Jester vetoed the appropriations for the maintenance and support of the above named state institutions for the second year of the present biennium. Consequently, after next September 1st there would be no salaries nor supplies for the people who work in these institutions, nor food and care for the unfortunate people who reside there. Therefore the Governor had no other choice than to call the Special Session.

There are approximately twenty-five thousand people in the state's twenty-three eleemosynary institutions. About four thousand and more are on the waiting list.

Taxpayers, Please Check Your TAX RECEIPTS

Poll tax payments are not included in your regular tax statements. Check your receipts and see if you have paid your poll taxes for 1950.

This is election year, and you will want to have a part in the primary elections. January 31, 1950, is the last date for paying your poll taxes.

If you do not have your poll tax receipt, please send in \$1.75 for each poll tax with the following information:

Your age, number of years in state, number of years in county, your name and occupation and your voting precinct.

Do this now! You will need to pay your poll tax to be eligible to vote in the elections.

M. A. Bumpas, Jr.
TAX ASSESSOR-COLLECTOR
Knox County, Texas

some of whom are in jails. The number has increased greatly in the past ten years because the population of Texas has grown rapidly during that period, which automatically brings an increase in the number of mentally ill.

No buildings were built during the war because of the shortage and high cost of building materials, but justice to those unfortunate people clearly demands

now that the state should construct additional buildings and employ additional doctors and nurses to treat and properly take care of these thousands of mentally ill people, some of whom can be returned to private life as useful citizens if given proper care and treatment. I would appreciate an expression of opinion from you about this entire subject.

As heretofore mentioned, it is

hoped that people in this part of Texas will pay their poll tax and thus maintain an influential voice in the government of our state. The population of South Texas is increasing faster than that of North Texas, which makes it more desirable than ever that every person in our area, who can possibly do so, pay their poll tax and vote at every opportunity.

An Announcement to the People of the Munday Trade Area

It is with a lot of thought and not without some regret, that we announce the discontinuance of the firm of Baker-McCarty in Munday, and that the stock and fixtures of our store have been sold to the interests of Cobb's Department Store.

Our regret comes with the realization that we will possibly lose much of the coveted contacts which we have had with the good people of this area during all the years we have been in business in Munday.

We do not intend to lose all those contacts, however, because the Baker families expect to continue to make their homes in Munday.

We shall continue to be one of you, to share in your joys and sorrows, to have an interest in the continued growth and prosperity of this area and in the many activities which go into the making of a better community, both from a religious and civic standpoint.

We believe that in relinquishing the firm name of Baker-McCarty, we have placed the firm in good hands. Cobb's Department Store is operated in a number of towns over a wide area. They have operated in West Texas for the past 25 years and operate along the same lines that we always have, carrying practically the same brands of merchandise in all of their stores that have been carried by us.

Mr. Elbert King, who is a stockholder in the firm and has been at the head of their Seymour store for the past 10 years, will be manager of the Munday store and will as soon as possible move his family to Munday, to become a part of the community. We recommend Mr. King to you, both as a merchant and as a citizen. Our hope is that your patronage of the firm will continue, and that Mr. King's associations and friendships with you will become as enjoyable to him as they have been to us during all these years.

It is with deepest appreciation that we express our thanks to you in bringing to a close our business relationships in Munday. Count on us when we can help out in the upbuilding of our town and community.

Very sincerely, and for the last time we use our store insignia of . . .

Baker-McCarty
THE STORE WITH THE GOODS

(For some time we will continue to maintain an office in the store, and all charge accounts up to and including Saturday, January 21st, will be due us.)

Munday Truck & Tractor Company
"The Farmall House"

Nearly 25 years ago, your columnist used to be the one-man news staff (editor, city editor, sports editor, telegraph editor, and reporter) of a small Texas daily. One day, I saw something which caused me to write the following sketch:

Dashing over U. S. Highway 80 from Eastland to Ranger, a motorist glimpsed that fascinating, unending "big parade" of huge buses, lumbering trucks, glistening cars and wheezing an-

tiques. Then there came in sight a queer group laboriously approaching the top of a hill. An old, creaking cart. A woman alongside, her face wrinkled and so smitten by sun and wind that it was the color of leather. A donkey tugging along. And, beside him, a man with a rope around his waist, helping to pull the vehicle.

The man's face was burned to a brown that was almost Asiatic. A coarse stubble covered his chin.

Poverty and suffering were written in every feature of that picture—the ancient care covered with a flapping canvas, the weary burro, the worn travelers.

Here was an anachronism. Over the brick highway, where gaily go thousands of cars daily and above which airplanes hum, was toiling this couple in a manner befitting the days when Daniel Boone was fighting the Indians.

This plodding pair—where were they going? Were there relatives in the West where a welcome awaited? Were they bound for the Plains of Texas or for California, which they may have heard of as lands of opportunity and wealth for all? Or were they following a wanderer who carried them across deserts, valley and mountain ranges? What were they getting out of life? Did they smile and laugh as other people do who have homes and definite niches

That Finishing Touch

One of New York's outstanding young sculptors is John Hovannes whose work has been exhibited at many leading museums. He also conducts classes at the Art Students League, Cooper Union and at his own 59th street studio. To put a finishing touch on his sculptures, Hovannes has found that there's nothing like rubbing them with wax. He says paste wax helps put a beautiful patina on the wooden pieces such as this modern work above. It also helps bring out the richness of bronze. Pupils in his classes are urged to use wax as a preservative and beautifier for their work.

Just What Is Heart Disease?

(Editor's Note: This is the second of a series of articles by the American Heart Association for the "Save A Heart" campaign which will be from February 12 to February 15).

The term "Heart Disease" covers a broad variety of different diseases.

The three most important forms together account for about 90 percent of all heart disease. They are rheumatic heart disease which is caused by rheu-

matic fever; coronary heart disease, caused by hardening and narrowing of the coronary arteries (arteriosclerosis); and hypertensive heart disease, resulting from high blood pressure (hypertension).

Rheumatic fever frequently attacks the heart, resulting in rheumatic heart disease. It causes a large percentage of all heart disease at all ages; and 90 percent of heart disease in children.

Rheumatic fever and rheumatic heart disease are responsible for almost five times as many deaths as infantile paralysis, whooping cough, diphtheria, scarlet fever, measles and cerebrospinal meningitis combined.

Rheumatic fever usually starts in childhood, after the age of five. It may recur one or more times. Rheumatic heart disease is the result of scars which may develop on the heart valves and in the heart muscle as a result of rheumatic fever.

In adult life, the problems of heart disease become even more important. High blood pressure, or hypertension, is the most common cause of heart disease in middle age.

Hypertension throws an additional load on the heart, causing it to dilate and enlarge, leading at times to heart failure and death. The heart and arteries wear out sooner than they would

in this world?

Through what experiences did they pass in all those years from prattling childhood to the moment that they came toiling up that hill, and through what experiences will pass as they travel broad highways and narrow byways that stretch on perhaps to the close of their days?

In fiction, the writer tells what has done before and then carries the creatures of his imagination on to the end. But, in life (the motorist reflected) we view a scene for an instant, as though revealed by a flash of lightning at night. Darkness precedes. Darkness follows.

if the blood pressure were normal.

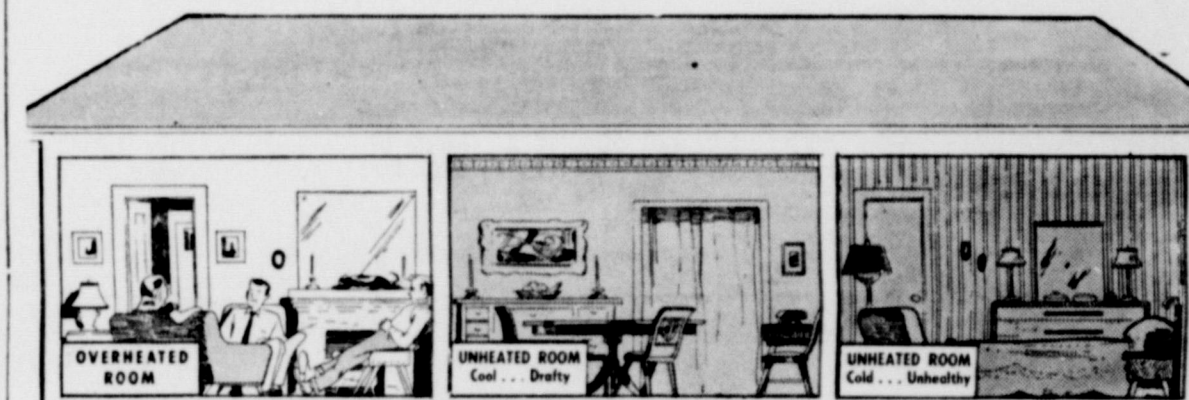

Hypertension is not always serious. Many people who have it do not grow progressively worse, but live to a normal old age.

Hardening of the arteries (arteriosclerosis) is most common in old age, but occurs also in middle age. The walls of the arteries become hardened and thickened, usually with narrowing of the channel and a consequent decrease in the size of the blood stream which flows through it. These changes result in an inadequate supply of blood to the tissues fed by the thickened blood vessel. When a clot (thrombus) forms in the thickened blood vessel, blocking the channel, the blood supply to a portion of the body is cut off completely.

Coronary thrombosis, popularly known as a "heart attack", is usually caused by sudden closing of a coronary artery by the formation of a blood clot within it.

Coronary heart disease is not necessarily fatal. By taking proper precautions, many people who have had it are able to live happy and productive lives.

Read next week "Progress Against Heart Disease".

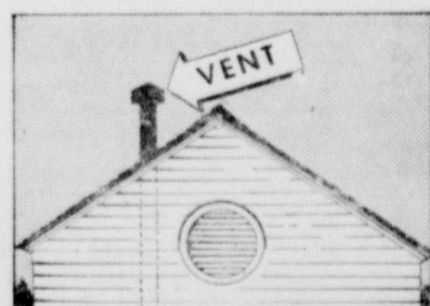

BANISH SUDDEN TEMPERATURE CHANGES
with Flue-Vented gas heating appliances

If you are heating only one or two rooms, you are exposing yourself and your family again and again to sudden temperature changes, which make you susceptible to taking cold. Anything that can help stop colds, the forerunner of many serious sicknesses, is of vital importance. Protect your family against sudden changes in temperature indoors. Give them healthful, pure warm air in every room with flue-vented gas heating appliances.

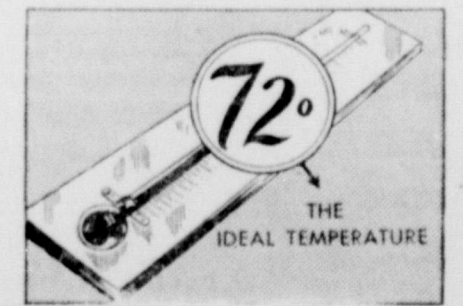

You have only to ask an owner of flue-vented gas heating appliances to be convinced of the value of this health protection. Your good health and that of your family is your most desirable possession. Don't go another week without health protection of flue-vented gas heating. Investigate closet-type central furnaces, wall furnaces, floor furnaces, gas-steam radiators and other modern flue-vented gas heating appliances for the health protection of your family, today.

AUTOMATIC FLUE-VENTED HEATING APPLIANCES WORK THREE WAYS TO PREVENT COLDS:

Only flue-vented gas heating equipment can be equipped with automatic thermostatic controls. Automatically these controls maintain the ideal temperature, protecting you against common colds and more serious sickness which may follow.

Air is noticeably fresher because products of combustion are carried off through the vent to the out-of-doors. Wall and window sweating is eliminated.

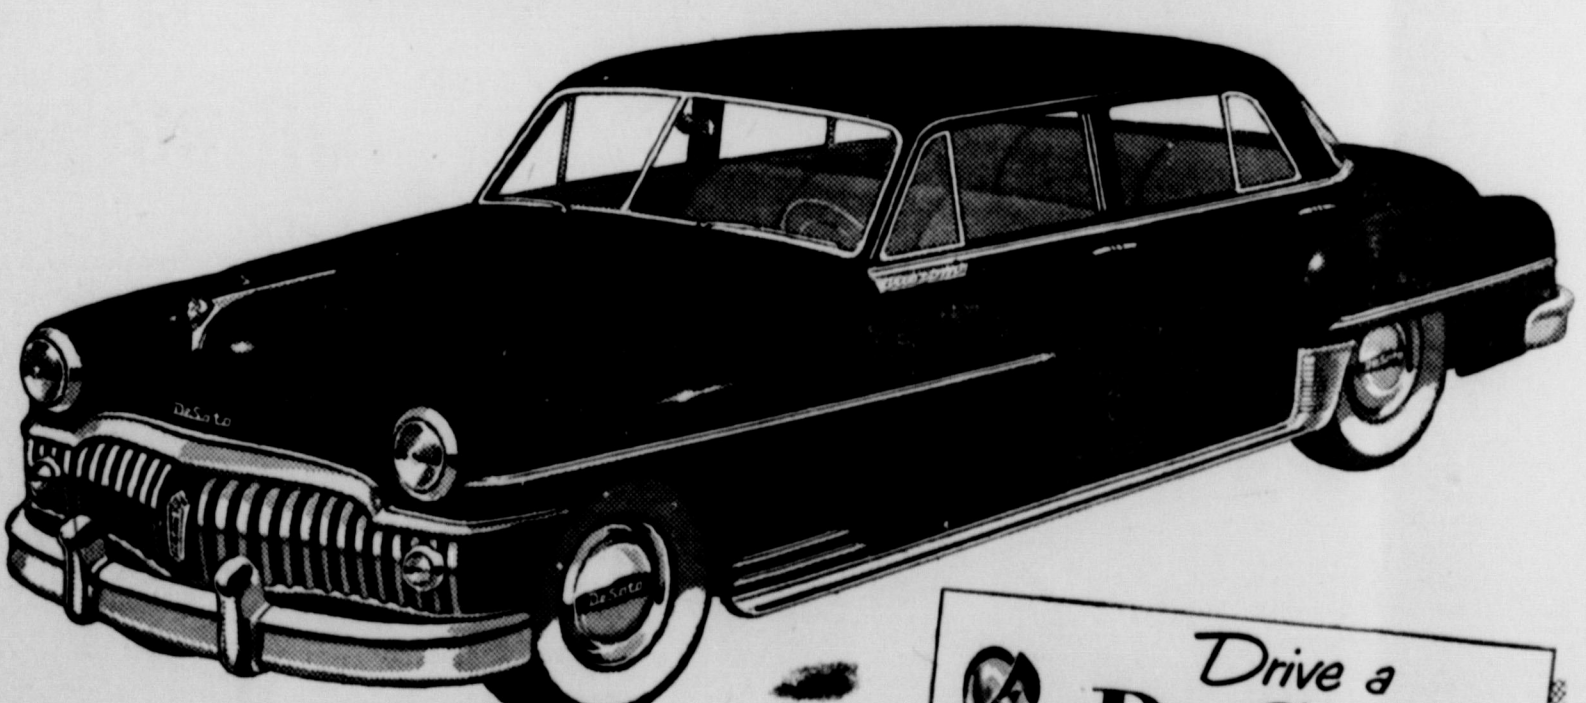

Flue-vented gas heating equipment is designed to give you positive air circulation. Doesn't just "throw out" heat. Result: No frigid floors. No chilly corners. No cold feet when flue-vented gas heating equipment is installed throughout.

"I just saw the NEW DE SOTO!"

"Baby—I just drove it!"

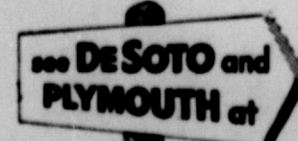

Drive a **DE SOTO** before you decide!

It's new and exciting! It's big, beautiful and breath-taking. It's the new De Soto. It could be yours! This year drive a fine car . . . one that's got all the room and luxury your heart desires . . . that lets you drive without shifting . . . that makes you proud every minute. Applications Of Census Enumerators Being Received

Applications for the positions of crew leaders and enumerators in the 17th Decennial Census to be conducted in April are now being received by the Wichita Falls District Office of the United States Bureau of the Census. The office is located in Room 421 of the Federal Building, Wichita Falls, Texas.

Final selections for the crew leaders positions will be made about the end of February after oral or written tests of candidates for the jobs, according to B. E. Hausler, Census District Supervisor here. Approximately 21 crew leaders positions will be filled. Each crew leader will have supervision over about 20 enumerators.

Qualifications required for selection as crew leaders include, as a minimum, a high school education and at least three years experience in supervising or assisting in the supervision of an office force or field crew, training of subordinates, making and reviewing reports of average difficulty, and handling related assignments. In general, an applicant's record of experience must show satisfactory performance in increasingly responsible positions. College education may be counted in part in lieu of experience.

Approximately 324 enumerators will be employed to take the 1950 Census in Wichita Falls and in the following counties over which the local Census office has supervision: Archer, Baylor, Clay, Cooke, Denton, Foard, Hardeman, Jack, Knox, Montague, Throckmorton, Wichita, Wilbarger, Wise and Young.

Applicants of enumerator jobs must be citizens of the United States, have a high school education or furnish evidence of comparable experience, be in good physical health and of excellent character, and between the ages of 21 and 65, although preference will be given to those between 25 to 45 years. They must have sufficient financial resources to sustain themselves for approximately four weeks from the date of appointment until their first salary check. Applicants with veteran preference who meet those requirements will be given

priority over non-veteran applicants. Applicants for enumerator jobs in rural areas must have an automobile available in good operating condition. The method of payment will provide for the cost of operating cars on official Census business.

The Census Bureau further specifies that the applicant's previous employment and association must be of a such a nature that they will facilitate obtaining cooperation from respondents. Census bureau employees are sworn to secrecy and are punishable by law for revealing confidential information, but beyond this, care is exercised to employ only persons who have public confidence.

District Supervisor, Bureau of the Census, Rooms 419-421, Federal Building, Wichita Falls, Texas.

Mr. and Mrs. O. L. Barnard of Moorpark, Calif., visited Monday in the home of Mr. Barnard's brother and sister-in-law, Mr. and Mrs. M. L. Barnard. They were enroute home from Fort Smith, Ark., where they had been visiting relatives.

Charles McCauley was a business visitor in Fort Worth and Dallas the first of this week.

Mr. and Mrs. E. L. Covey of Bowie were visitors in Munday one day last week.

FOR BEAUTY'S SAKE

HOLLYWOOD — Even movie stars sometime do their own hair. Playing mother to two small children and wife to Tommy Harmon, the former All-American football star, makes Elyse Knox a busy housewife when she isn't making a picture.

That's why she oftentimes finds it easier to do her hair at home with Lady Ellen Pin Curl Clips than to go to a beauty parlor. Not only that, but she finds that pin curl clips also do the hair of her two daughters, Sharon, 5, and Kelly, 16 months, beautifully.

"I do the hair of my children and myself in half the time with pin curl clips," said Miss Knox, "and I know that there are countless other mothers in America who will appreciate those extra minutes they can save."

Here's another tip for the harassed wives of America: "No matter how busy you are with your housework and children, keep your hair looking its best and you'll never have to worry about keeping your husband."

Miss Knox's newest film is Monogram's "There's a Girl in My Heart" in which she is co-starred with Lee Bowman.

decline of 2.5 percent. However, Mr. Adams declared that sales last year were highly satisfactory in view of economic trends and because of a 3.9 percent increase in the sale of E bonds, from \$139,591,216 in 1948 to \$145,114,738 in 1949. Series F and G bonds accounted for \$46,384,351 of the state's sales total last year.

Mr. Adams said that the people of Texas today hold more than \$1.5 billion in Savings Bonds, a substantial share of which are owned by citizens of this county. These savings, he added, give the community, as well as the individual owners, a high degree of financial stability.

Misses Ruth and Betty Stodghill and Miss Betty Lawrence spent the week end visiting Miss Joyce West in Seymour.

S. A. Mitchell and J. S. Gwinn of Seymour were business visitors here last Tuesday.

Clifton Swain, student at Hardin-Simmons University in Abilene, visited homefolks here last week end.

County Judge J. B. Eubank, Jr., of Benjamin was a business visitor here on Thursday.

E. H. Nelson and Moody Johnson were business visitors in Fort Worth the first of the week. son wre business visitors in Fort

For Tax Assessor-Collector: M. A. (BUDDY) BUMPAS, JR. (Re-election)

For District Clerk: OPAL HARRISON-LOGAN (Re-election)

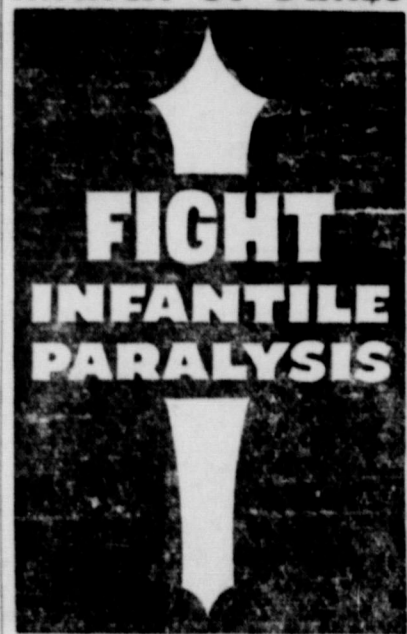

Knox County People Invest In U. S. Bonds

The people of Knox County invested \$273,750.00 in U. S. Savings Bonds during 1949, according to the annual sales report received today by W. E. Braly, county Savings Bonds chairman, from Nathan Adams of Dallas, state chairman. This compares with sales of \$303,027.25 for 1948.

Of the 1949 total, Series E, the so-called "people's bond" accounted for \$154,350.00, as compared with \$138,161.25 E bond sales in 1948. Series F and G were \$119,400.00 as compared with \$168,866,000 in Texas.

Total sales for the entire state were \$191,499,089, as compared with \$196,448,280 in 1948. Mr. Adams' report said. This is a

GOOD YEAR Studded Sure Grip

BEST FOR GO IN MUD AND SNOW

Regular arrangement of studs provides traction forward or reverse.

Each stud digs in and grips in turn—penetrates mud or snow to take hold for maximum pulling power.

"Channels" around each stud throw off mud and snow.

If business or necessity calls for year-around operation of your car or truck on all kinds of roads... make sure of "getting through" with Studded Sure-Grips—the specially designed Goodyear "Go-Anywhere" tire.

Kracker Krumbs—

(Continued from Page One)

McNeill, Mr. Warren and J. A. Reid, who have put up with that lake a long time.

He took pictures of the men, the lake, the ditch—but we think the ducks were too far away. He took pictures of the machinery in action.

He expects these to come out in Sunday's paper, and he promised us some mats to run in our sheet.

He didn't take our picture, because we were just kinda excess baggage on the whole deal. But we got the free feed!

We hope to be able to be out there when they turn the water into the ditch. Then we hope to be watching operations in Scott lake in the years to come.

Which proves that lots of things can be done when govt and true men set their minds and hearts to doing them!

P. S.—We'll take another trip sometime.

Many Thanks For Your Fine Patronage!

Having sold Chan's Cafe, we want to express our sincere thanks to all of you for the patronage you have given us for the past 18 years.

We have operated the business continuously since 1932, with the exception of the time we were in the army, and your patronage and friendship have been wonderful.

We solicit your continued patronage for the new owners.

Chan Hughes

Former owner of Chan's Cafe

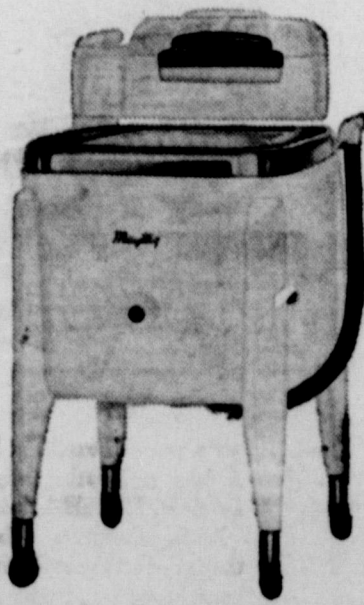

try to remember

everything you've ever heard Maytag owners say about Maytag—and you'll find that all you've heard about it has been good. See if these typical remarks don't sound familiar:

- "Gets the clothes really clean!"
- "Does a great big washing in a hurry!"
- "Washes more at a time, with its big, square aluminum tub."
- "Saves repair bills."
- "So sturdy and dependable!"
- "For all 'round excellence, there's nothing like it!"

Over 5 million Maytags have been sold—far more than any other washer. Come in and see the new models, priced for everyone.
