

Kracker Krumbs Odd Bits Salvaged At Random

The movement was started several years ago.

Practically the same group of interested people, and some three or four pastors, have been interested in the movement.

Lots of serious thought, lots of study have been given to the project. Many contacts have been made, many prayers have been said, fervent prayers from burdened hearts.

Many ideas have been pro- pounded and adopted, and many of these abandoned for new ideas and plans.

Rising costs brought on new problems. A number of members debated the question of whether to build or not to build.

But those on the "ground floor" of the movement never gave up the idea. We can build they'd say, we must build. We'll find a way.

The process of finding the money was slow and tedious—and this is not yet accomplished in its entirety.

Various plans and methods were gone into. The movement spread to the young people, the intermediates, the children.

Little children joined the 25-cent club, and they contributed their two-bits to the cause regularly.

Others formed their clubs, adopted their plans, made their contributions. Money, war bonds, savings bonds, pledges, promises and faith.

It would be discussed at board meetings month after month. Each time the funds seemed deplorably inadequate.

But those with the foresight, the vision, and the faith kept plugging along.

The Church of Christ congregation jumped in and built their church. It seemed an easy task for them.

Their building was opened with all-day services and a bounteous dinner, with many visitors coming to rejoice with them in the completion of their new edifice.

The Baptist people got their building program "into high gear," and their old structure was torn down to make room for the new.

Their battle was on—and those who had been in the thick of it will agree that it has been a battle.

But they fought the battle to victory. They have a new structure that any congregation may well be proud of. Ere long, they will be ready to go into their new home with much rejoicing.

The date is not definite. Some had hoped by Easter. Others believe it will be later in April, but the date is drawing closer and closer.

And now, after those weeks, and months, and years of talking and planning and praying, the Methodists are ready to launch into their building program.

They may have "already launched" by the time you're reading this—if you're reading it.

Plans of finding a storage place for the church fixtures, of a place for meeting and worship, of tearing down the old structure took up quite some time at the board meeting Monday night.

The building committee was expecting a call any moment during Monday and Tuesday to come to Fort Worth and let the building contract.

Finances are well enough along that they figure it's safe to start the structure, although they're several thousand dollars (Continued on Last Page)

Easing the Burden on that Aching Back

A Red Cross field director discusses a personal problem with a patient in the sick bay of a navy transport during "Operation MIKI" maneuvers on the West Coast. Red Cross field workers serve the armed forces wherever they may be.

Knox County Hospital Notes

Patients dismissed from Knox County Hospital since last Monday, March 13th:

Mrs. Sarah Hobson, Knox City; B. B. Benton, Knox City; John Henderson, Knox City; Mrs. O. W. Welch, Gilliland; Mrs. J. E. Horne, Gilliland; Rosa Ann Rodriguez, Munday; W. L. Beauchamp, Rochester; Ulric Lea, Knox City; Bobby Hudson, Benjamin; Wallace Moorhouse, Benjamin; Percy Davis, E. D. Brown, Benjamin; Vernon Brown, Benjamin; Mrs. B. B. Benton, Knox City; Mrs. J. W. Rutherford, Knox City; Alvis Pittman, Rochester; M. L. Hester, Knox City; Fred Brown, Benjamin; Mrs. A. N. Lees, Rochester; Teddy Epley, Rochester; Ann Elliott Munday; Mrs. B. R. Calk, Benjamin; Terry Patterson, Munday; Edward Burns, Munday; Mrs. Sam Anderson, Knox City; H. L. Mathews, Rochester; J. D. Smith, Rochester; James Thomas Bate-man, Benjamin; Mrs. G. W. Coates, Knox City; Mrs. J. R. Huey, Knox City; Ruth Johnson, O'Brien; Lizzie Watson, Rochester; Verla Covey, O'Brien; Mrs. E. D. Brown, Benjamin; Tommy Hudson, Benjamin; Mrs. Charles Massey, Munday; Massey Baby Boy; Alton Hester, O'Brien; L. W. Blacklock, Munday; Josephine Sanchez, Knox City; Bill Mitchell, Munday; A. J. Oates, Rochester; Buster Redwine, Munday; L. F. Farmer, O'Brien; Mrs. A. Tomlinson, Munday; Mrs. Nell Perdue, Knox City; Mrs. Pete Ribas, Rochester; Mrs. G. W. Garrison, Knox City; Gayle Holmes, O'Brien.

Patients admitted to Knox County Hospital since March 13th:

J. E. Reeves, Munday; J. O. Brothers, O'Brien; Linda Grinstead, O'Brien; George Hardberger, Knox City; Mrs. Jess Blankenship, Knox City; Mrs. W. H. Caldwell, Rochester; Wayne Atkins, Rochester; T. W. Templeton, Benjamin; S. D. Jones, Knox City; Grady Holmes, O'Brien; Mrs. Grady Holmes, O'Brien; J. L. Galloway, Benjamin; Lee Wampler, Knox City; Mrs. Melvin Salmon, Knox City; S. R. Davis, Rochester; Mrs. Melvin Stephens, Munday; Mrs. M. A. Bumpas, Benjamin; Enrique Chabez, Jr., Rochester; Sarah Hobson, Knox City; Mrs. J. B. Welborn, Munday; Jim Hackney, Knox City; Ira Grinstead, Munday; Pete Ynojosa, Munday; Alzada Young, Munday.

Baby Boy Bumpas, Benjamin

DEATHS

Mrs. J. M. Latham, Bomarton

RETURNS TO CORPUS

Ensign Mary Jean Stevenson of the Nurses' Corps of the U. S. Naval Hospital at Corpus Christi returned to that city Friday after spending a short leave with her parents, Rev. and Mrs. S. E. Stevenson of Goree, and with her aunt, Mrs. Effie Alexander of Munday.

GOES TO SHORT COURSE

H. T. Cunningham, local highway engineer, left last Tuesday for College Station, where he is attending a three-day short course for highway engineers held at Texas A. & M. College.

City Election Set April 4th

Voters of the City of Munday will elect a mayor and two aldermen in the city election which will be held here on Tuesday, April 4, according to Harvey Lee, city secretary.

With the deadline for filing already passed, Mr. Lee stated that only three names were filed for these places on the city ballot. They are: W. R. Moore, for mayor, and Don L. Ratliff and E. B. Littlefield, for aldermen.

These are the present city officials whose terms expire.

Davenport Named Vice-President For Insurance Company

Word has been received here that R. R. (Rip) Davenport, former Munday man, has been named vice-president of the Southwestern Life Insurance Co. at Dallas. He was elected, along with two other veteran employees, at a directors meeting March 14.

Davenport began his career with the Southwestern Life in 1933 as an agent at Munday, following experience as superintendent of schools in several West Texas communities. For five years, from 1933 to 1938, he was a continuous weekly producer and became a charter member of the company's Top Club while agent here.

In 1938, he was made assistant manager of the Houston territory. He served in this capacity for the next 14 months, and in October, 1939, he was transferred to the home office in Dallas as assistant director of sales.

In February, 1942, he was appointed agency director and in February, 1944, became director of sales.

In 1941, Davenport completed his studies leading to the designation of Chartered Life Underwriter, and he has completed intensive studies of business and taxation insurance.

He is an honor graduate of Southern Methodist University, holding a B. S. degree in educational administration.

His many friends in Knox County are glad to learn of his advancement and success.

J. A. Williams Dies At Tennessee Home

Mr. and Mrs. P. V. Williams left last Monday for Tennessee upon receipt of a message informing them of the death of Mr. Williams' father, J. A. Williams, from Dallas.

Mr. Williams had visited here on a number of occasions and was known to many Munday people. He resided near the Tennessee-Kentucky line, and received his mail from Albany, Ky.

Date and time of the funeral were not known at the time Mr. and Mrs. Williams departed.

Singing School Is Slated At Goree

A singing school will be held on Monday night, March 27th in the Goree Baptist Church with L. D. Huffstetler of Dallas leading.

This is a community affair and everyone is welcomed to attend. The school is scheduled to begin at 7:30 o'clock.

Seymour School Man Speaker For P.-T. A. Meeting

J. W. Hamilton, superintendent of the Seymour schools, spoke at the monthly meeting of the Munday Parent-Teacher's Association last Thursday afternoon.

Mr. Hamilton, one of the outstanding educators in this part of the state, spoke on Teamwork in the Social World. He emphasized the importance of the individual in progressive community life and placed great stress on the role of the school and cooperating organizations in building better citizens.

According to Mr. Hamilton, the P.-T. A. is of special importance in continual school improvement since it is that organization which can spearhead active community-wide interest in school progress. Much of the speaker's faith in the potential accomplishments of a P.-T. A. group is founded on his own experiences as a school administrator in Seymour, where an entirely new physical plant for the schools is reaching completion.

Prior to the guest speaker's talk, W. C. Cox, Munday school superintendent, gave the invocation, and the boys' and girls' choruses sang several songs under the direction of Miss Margaret Greenwood.

In a brief business session the nominating committee presented a slate of names returning the present officials to office for the coming year with the addition of a new vice-president, Mrs. D. C. Elland. These names were accepted by acclamation.

The next meeting, which will present a program by the school health nurse and county health officer, will be April 21.

Methodists To Open Revival On Easter Sunday

The annual Methodist revival meeting will open here on Easter Sunday, April 9, and continue through the following Sunday, according to an announcement made Tuesday by Rev. R. L. Butler, pastor of the church.

Two well-known Christian leaders have been secured to lead in these revival services, Rev. Butler stated, and he extends a cordial invitation to the entire public to attend each and every service.

Rev. Harrison Baker, pastor of the Oak Cliff Methodist Church in Dallas, will do the preaching, and Rev. Charles Cooke, assistant pastor of the First Methodist Church in Vernon, will lead the singing and direct the work among the children and young people.

Goree To Elect Mayor, Aldermen

A mayor and two aldermen for the City of Goree will be elected on Tuesday, April 4, according to J. B. Justice, city secretary.

Only one name, that of R. C. Spinks, was filed for the mayor's position, while four names appeared on the ballot for the two alderman positions.

They are: Tom Harlan, Orb Coffman, Virgil Edwards and R. R. Guess.

Dr. and Mrs. Elmo Anderson from Clovis, New Mexico have returned home from Dallas where they spent last week attending the Southern Medical Convention. Their two little daughters, Phyllis Kay and Sherry Ann, visited with their grandparents, Mr. and Mrs. Jess Burnison during the week.

This Area Is Being Mapped From The Air

Knox County has "had her picture taken".

She's a part of a 13-county North Texas area that's being mapped from the air. Two young men are manning an AT-6 airplane and a camera to photograph every square inch of land in the area.

They worked out of Wichita Falls one month and are now working out of Childress. Mapping of Hardeman County was under way last week, and Childress County is due in two or three weeks.

These men are "photogrammetric engineers, and photogrammetry consists of making aerial maps for the Production and Marketing Administration at Hall, Motley, Cottle, Harde-man, Foard, Wilbarger, Wichita, King, Knox, Baylor, Archer and Clay counties. They have already covered the last named eight counties.

When the work is completed, PMA secretaries will have available maps of every section of their counties. On them they can spot every terrace a farmer has built, every tank, every bit of erosion, in fact anything which they could learn by visiting farms personally.

School Trustee Elections Slated For April 1st

According to County Superintendent Merick McGaughey, school elections for trustees will be held in every school district in the state of Texas on Saturday, April 1st.

For the Benjamin Common School District No. 1, one trustee will be elected at this time and election will be held in the courthouse. Rhineland Common School District No. 11 and Brock Common School District No. 18 will also elect one trustee with elections being held in the school house.

Vera Consolidated School District No. 28 will elect three trustees and Sunset Consolidated School District No. 27 will elect three trustees with each holding elections in the school. Two trustees will be elected for the Gilliland Consolidated School District No. 29, election in school house.

Munday, Goree and Knox City will each elect two trustees. Elections in Knox City will be held in the school and for Goree and Munday, the City Hall will be used for this purpose.

Mr. and Mrs. Bill Billingsley and family, Mr. and Mrs. Dan Billingsley and family and Ken Fox, all of Odessa visited in the home of Mr. and Mrs. M. F. Billingsley over the week end. They brought Mrs. Billingsley home after a week's visit in Odessa.

Weather Report

For the period of March 16 through March 22, 1950, as compiled by H. P. Hill, U. S. Weather Observer.

ONLY minor injuries befell two occupants of this car, crushed by logs that rolled from passing truck near Utica, N.Y.

Dick O'Brien Is Speaker For CDA Banquet

When he enters the pulpit to preach, he finds a red rosebud a remembrance from a friend who remains anonymous. The red rosebud has been there without fail, every Sunday the past seven years.

It has reached him as north as Pittsburg, Penn., as south as Port Arthur, and as far west as Albuquerque, N. Mexico.

This prominent and beloved after-dinner speaker finds a rose nearly everywhere he goes to speak. We expect a red rose on his plate when he returns Monday on March 31.

He is Dr. Dick O'Brien, of Spring, who will be the principal speaker at the annual Community Development Association banquet on March 31 at the school gymnasium. Other features of entertainment are being planned.

Dr. O'Brien is a former pastor of the Munday Baptist Church. Since leaving Munday in 1928 he has served as pastor at Fadda, Colorado City, Stamford and Big Spring, having completed eighth years at Big Spring.

Three years ago, Dick O'Brien received the honorary degree Doctor of Divinity from H. S. Simmons University. He belongs to five major boards in Texas, and has delivered 621 after-dinner speeches since 1922.

Those who have heard O'Brien recently say that his dress is program enough for a banquet—but the C. D. A. is doing better than that!

Dr. O'Brien's two sons—identical twins—have been booked for some specialty acts that rated among the top in entertainment.

Tickets for the banquet now available. A large crowd is expected, seating capacity limited, get your tickets early.

Couple Buried 40 Minutes By Gravel Cave-in

Two Mexican laborers who buried one of them for about 40 minutes, when the walls of a ditch in which they were working near Rochester caved in them last Saturday morning.

Enrique Chavez, Sr., suffered a broken thigh and bruises. He was taken to the Knox County Hospital, and then to a Wichita Falls hospital for treatment. His son, Enrique Chavez, Jr., was badly bruised.

The two were members of crew employed by S. E. Lan of Haskell, contractor for Rochester's new sewer project. They were in the bottom of the ditch when the walls came down on them.

Workmen dug the father out then got the boy's head uncovered. The elder Mexican was rushed to the hospital while excavation of his son was completed.

Legion Head To Speak Here Tuesday Night

Tom Wheeler of Vernon, district commanders of the 13th American Legion district, will be here next Thursday night and will speak to ex-service men at the American Legion here according to an announcement made Wednesday by Don L. Raff, commander of Lowry Post No. 44.

Mr. Wheeler will speak on the Hoover Commission and impending G. I. legislation it was stated.

His message will be of interest to all ex-service men and of special importance to those who plan to take schooling under the G. I. bill.

All ex-service men are urged to be present and hear this interesting speaker.

Mrs. O. L. Anderson and little daughter, Linda Sharon, of Perryton, spent the week end visiting in the home of Mrs. Anderson's parents, Mr. and Mrs. Jess Burnison.

DR. P. D. (DICK) O'BRIEN

Work Progresses On Paving Jobs

Work is progressing nicely on the two paving projects, one east of Vera and one at Gilliland, in Knox County, according to a statement made by H. T. Cunningham, local highway engineer, last Tuesday.

Mr. Cunningham reported that the roadbed base has been completed on these projects and that asphalt will be applied around April 1st.

When completed, these two projects will add six miles of paving to Knox County. Throckmorton Road

Of interest, too, to local people, is the report from Mr. Cunningham that the survey and plans on the road southeast of Munday, commonly known as the Throckmorton road, will be started sometime in April.

Plans call for topping this road to the Haskell County line, and Cunningham stated the project would be completed this year.

R. N. Whitworth, 83, father of Tuck Whitworth of Munday, passed away at 3:30 Monday afternoon at his home in Lingleville, Texas. Mr. Whitworth had been in failing health for some time, and suffered a heart attack just before his death.

Funeral services were held at 3:30 o'clock Tuesday afternoon from the Church of Christ in Lingleville.

Mr. Whitworth is survived by his wife and nine children, three sons and six daughters.

Golf Course Is Made Ready For Activities

It's Spring! Birds are singing, fruit trees are blooming, grass is popping through the ground, and local golfers are humming around like a bunch of honey-bees!

Officially it's Spring, too. Has been for about two days, now. But the big sign of spring is the activity at the Municipal Country Club. The golf course is being placed in shape for spring and summer activities.

New tee boxes are being installed!

These consist of concrete slabs at each tee, with new rubber mats for teeing off, or something. The idea is that the rubber keeps the golfer from digging out holes with his shoes while swinging at the "little pill". It's supposed to give him better "ground contact"; and, we think, greater confidence while in teeing position.

Anyway, these things come in the category of improvements at the golf course—and we'll see others under way before long—keeping the course's record of being one of the best little sand green courses in this area.

HAS OPERATION

G. W. Hawkins underwent a minor operation in the Wichita Clinic hospital in Wichita Falls last Saturday. Reports are that he has returned home and is doing nicely.

Mr. and Mrs. Gill Wyatt returned home last Saturday from a week's visit with relatives in San Angelo, Corpus Christi and Brownsville.

 Entered as second class matter January 4,
 1919, at the postoffice in Munday, Texas, under
 Act of Congress, March 2, 1879.

OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Herzer road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

TEXAS INDUSTRIAL WEEK

This newspaper notes with considerable interest that the Governor has proclaimed the period of April 1-8 as the first annual "Texas Industrial Week." In his proclamation the Governor said among other things, that the future economic development of Texas depends upon a continuance of our industrial growth and development. This is a truth which cannot be over-emphasized.

Stripped down to essentials, there are three basic sources of creative wealth. There are agriculture, production of natural resources, and manufacturing or processing. In general, the first two supply the raw materials which the manufacturer converts into articles for human use or consumption.

The agriculturist owes a great deal to the manufacturer. To mention only one instance, our agricultural markets have been vastly increased by canning. Few natural resources would be marketable or usable without the help of manufacturing. In point of fact, man's climb from the primitive state has been lighted by the development of manufacturing.

But while the agriculturist and the producer are dependent upon the manufacturer, so is the manufacturer dependent upon them. Without the raw materials they supply, he can do nothing.

And there is a fourth element to be considered—the consumer. The consumer, who is everybody, has a vested interest in the economic cooperation of the three basic sources of creative wealth. He lives, works, and plays better because they work together. As a matter of self-interest, the consumer has an obligation to the agriculturist, the natural-resources producer, and the manufacturer. For our economy by now is so greatly intermeshed that the crippling of one segment of it can set off an economic chain-reaction which may be disastrous to the whole.

SUBSCRIPTION RATES

In first zone, per year . . . \$2.01
 In second zone, per year . . . \$2.50

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.
 NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

And that of course includes the standard of living we consumers enjoy, a standard which has resulted from our industrial development.

The reasons why industry has come to Texas are manifold. Our natural resources, our climate, our labor supply, our spirit of enterprise—these are some of them. But too often overlooked by the public is the fact that our local and state governments have given industries positive encouragement by following a sensible policy of not trying to tax them to death. That is an attribute which we consumers must encourage our local and state governments to continue. We must call a halt to short-sighted efforts to kill the goose which lays the golden eggs.

So let us pause and reflect during "Texas Industrial Week" as to just what we would gain by crippling industry—nothing—and what we have to lose—everything.

"NEVER TAKE THIS ROAD"

Harold E. Stassen, recently returned from England where he made an intensive study of Britain's health program—a program which is similar in many particulars to the compulsory government health insurance scheme proposed for this country. Mr. Stassen's findings have been summed up in a series of articles in Reader's Digest.

According to Mr. Stassen, Britain's version of socialized medicine has been characterized by a lower quality of care, for more people, at a higher cost. Preventive medicine is being grossly neglected. Doctors' time and energies are largely consumed by malingerers and hypochondriacs.

Worst of all, to quote Mr. Stassen directly, "During the first year of the operation of the British National Health Service . . . the death rate in Britain went up rather sharply! . . . In infant mortality, the death rate has shown an improvement, and this has been hailed by those administering the program. The fact is, however, that the slight improvement in infant mortality . . . has not been as great an improvement proportionately as that which occurred in the United States and throughout the Western World . . ."

"It does seem that the additional tombstones in the British cemeteries—72,125 more than in the year before the National Health Program went into effect—are grim signposts on which we can read: 'Never take this road . . .'"

Will Americans be wise enough to profit from this sad example?

Young Wife: What is this ticket, darling?
 Hubby: Only a pawn ticket.
 Young Wife: Why didn't you get two, then we could both go?

Uncle Sam Says

There is a way to put a stopper on money evaporation and that is the purchase of U. S. Savings Bonds by the safe, sure, and automatic way of saving. Join the millions of wise Americans who have done something about their financial future. They just got tired of banking out of their hip pocket and then waiting for the breaks—which didn't come. The simplest way is to join in the coming U. S. Savings Bonds Independence Campaign, May 15-July 4, and "Save For Your Independence." Enroll now for the Payroll Savings Plan where you work, or if self-employed, the Bond-A-Month Plan at your bank. And in 1960 you'll collect \$4 for every \$3. U. S. Treasury Department

Washington News Letter

By Congressman Ed Gossett

WASHINGTON, D. C., March 23—I flew down to San Antonio last week to make a speech to the Annual Convention of the Texas and Southwestern Cattle Raisers Association. It is an inspiration to rub shoulders with Texas cattlemen. They are a group of rugged individualists who think for themselves and who are devoted to the American system of free enterprise and competitive economy. By and large they represent the pioneer stock that has made this a great country. We Americans are rightfully proud of our accomplishments. With a little more than 6% of the world's people and a little over 5% of the world's land, we possess more than half of the world's wealth. Behind these figures, however, we should mark down that the total assessed value of all of the property in the United States of America is approximately 186 billion dollars. Our national debt is 204 billion dollars. In other words, in terms of dollars, we are worse than broke. Our only real values are human values.

We can lose all of these through a mania for security. If people are willing to trade liberty for imaginary security, they wind up losing both liberty and security. Too many people now imagine that through government planning and programs the individual citizen can be given absolute security against all the hazards of life. Such, of course, is utterly impossible. The only absolute security of which I know is the security of the grave and the security of the jailhouse. The slave is secure only so long as his master is kind and solvent. Striving for security, of course, is a virtue but when supposedly obtained it generally defeats its own ends. Imagine what effect it would have upon the character of youth to know that if he were unable to earn a livelihood or to own a home that such would be furnished him by his government. The illusion of security eats out of the individual his pri-

Strickland Radio Service

many attributes of good citizenship. Of course, the antithesis of the indolence which comes from security is the madness which comes from fear. Both extremes are to be avoided. Fear dethrones reason and induces madness. It is not quite as simple as Mr. Roosevelt's pronouncement borrowed, I believe, from Bacon, that "The only thing we have to fear is fear itself." Individually and collectively we, of course, must continue to strive for better standards of living and better security. But we must not delude ourselves into thinking that we can get something for nothing, that everybody can live off everybody else, and nobody work. I personally subscribe to Emerson's philosophy that everything is paid for at some time or other in some way or other. The books must be and will be eventually balanced. Someone has said, "A grafter is one whose income exceeds his service to society." Governments must make the way of grafters and transgressors uninviting. Governments should protect the weak against the avariciousness of the strong. Government should write the rules of fair play and enforce such rules, but government should never undertake to extend to its citizens the illusion of complete security. Governments should not do for the individual what he can do for himself.

People grow strong through discipline and denial. People grow great through sacrifice and service. England never rose to greater spiritual heights than when that distinguished statesman, the Right Honorable Winston Churchill, on coming to power, said, "I promise you nothing but blood, sweat, toil and tears." It was this great man, too, who said he did not become the

Mr. and Mrs. Pete Beecher and Mr. and Mrs. Virgil Yost and children and Mrs. E. Beecher spent the past week end in Lubbock and Shallowater visiting relatives.

"Ma" Eiland returned last Friday from Galveston where she spent a week visiting relatives.

Mr. and Mrs. Bill Ehlers and children spent last week end in Temple visiting with relatives.

King's Minister to preside over the liquidation of the British Empire. His declining years must be sad indeed as he witnesses his successor, who apparently did become the King's Minister to preside over the liquidation of the British Empire by illusory promises of security to the British people.

A prosperous civilization usually destroys itself because of the contentment of the individuals who refuse to stay on guard.

Editor's note: The Knox Prairie Philosopher, on his Johnson grass farm on Miller Creek, has turned his thoughts to his own profession if you want to call it that.

Dear editor:
A lot of folks is always talking about doing something for the farmer, and the government is spending millions of dollars

a year for all kinds of agencies includin some agencies to run the agencies we already got, but I notice everything any agency ever suggests to me generally calls for more labor than the method I'm already usin, which

Two Great Tractor Tires

Two members of The Firestone Tire & Rubber Company's illustrious family of agricultural tires now available to tractor owners are pictured above. At the left the winsome young lady is prepared to take the field with a tractor equipped with the new open center curved bar tire, the newest addition to the Firestone line. At right is the famous patented curved bar traction center tire. Addition of the open center curved bar tire gives Firestone the only complete line of tractor tires available.

ain't my idea of progress a tall. I'm in favor of better farmin, like I am better politicians and better wives and better preachers and better newspaper editors, but I blamed sure ain't in favor of more farmin. If improved methods of farmin means only more farmin then I for one will struggle along with the methods I'm usin now, which is more adapted to a philosophic attitude on life, unless of course they figure out more Triple A payments to change my viewpoint.

But what I started out to say was that I was asleep out here on the creek the other day when the wind blowed a newspaper in my face, and since it wasn't time to get up and go home to supper anyway and you can't see with a paper wrapped around your face I pulled it down and read where scientists have now perfected an airplane they control by radio, flying it around by itself while they stay on the ground and operate it by dials, and while I think this is all right and I'm in favor of

progress, ain't it possible for them to turn their efforts to more practical things?

For instance, if you can operate an airplane by radio, why can't they invent a tractor you can operate the same way. I see a lot of talk about all kinds of new tractors which manufacturers are gonna turn out, but I notice in very case ain't no provision made about the driver being relieved. Don't make no difference how many gadgets they put on a tractor, some farmer has still got to sit on the seat and keep his eyes on the ground and hunch over and breathe dust and go up one row and down another, which ain't really essential to improvement over what was taking place a century ago.

If they can operate airplanes by sittin in the shade and twirlin radio dials, they ought to be able to operate tractors the same way, and I for one am lookin for a candidate who is smart enough to incorporate such an idea in his platform. Farmin will reach the dignity which it

Save A Month On Marketing Of Pigs

The efficient pork producer makes every pound of feed count and he gets his hogs to market weight just as fast as possible. Dr. W. C. Banks, extension veterinarian of A. & M. College, says that spring pigs will reach market weight faster and will do it cheaper if farrowed in clean pens and houses and fed in sanitary

He says recent tests show that well cared for pigs reached a market weight of 210 pounds, a month earlier than pigs that had their growth retarded by internal parasites. The test also showed that pigs raised on clean ground required a half pound less grain per pound of gain.

Sanitary farrowing and feeding practices also help to prevent a number of infectious diseases and intestinal disorders which annually take a heavy toll of pigs each spring in the state, he says.

He points out that the installation of guard rails and a pig brooder in the farrowing house will save many a baby pig from being crushed or chilled. Every pig that can be saved increases the producer's income. Pigs lost

is entitled to when I can sit in a rockin chair on my front porch and reach over and set a dial and relax and at the same time be plowin my land going great blazes.

It is time the thinkers and inventors of the world started turnin their minds to bringin farming up to date, and I for one am in the vanguard of such a movement, as I already got the technique of sittin on the front porch perfected and all I lack is the dials and the right kind of tractor, as I don't suppose it would work on mules.

If you hear of any candidate who is interested in this, let me know. It will deliver him the farm vote.

Yours faithfully,

J. A.

P.S. The reason I didn't write you last week is because I was sick. Seems like it's the same ailment I get every Spring when my wife starts talkin about plowin the garden. Ain't got any objections to plowin, it may be even essential to a prosperous agriculture in a well-staffed Department of Agriculture, but I can't help it if I'm allergic to it. You plow a garden this year, you have to do the same thing next year. No end to it. Being allergic to it is a whole lot simpler. Just like you're allergic to writin brilliant editorials. I know you'll understand.

J. A.

at farrowing time or soon after may mean the difference between a profitable farm enterprise or a financial loss.

Dr. Banks says the rations you are feeding should be checked against deficiencies of B-complex vitamins and for balance. Feeding a ration too high in rich concentrates is useful.

Profits are made, says Dr. Banks, only from feeding and producing healthy hogs. At the first sign of trouble remove the sick animals from the herd and obtain a diagnosis so the cause can be removed. Only healthy and thrifty animals can fully utilize the feed and water they eat and drink. It is a good practice to vaccinate pigs against

hog cholera with the use of the dead serum vaccine.

Beware Coughs From Common Colds That HANG ON

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must take the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

Have Your Planting Cottonseed Kemgas Delinted Recleaned, Graded and Treated with Ceresan at the Munday Kemgas Plant

This method is recommended by the Texas Experiment Station and the USDA for controlling the germs of cotton diseases on seeds and insect pests in seeds; saving cotton expense; reducing losses from root rot; improving and hastening germination and increasing yields.

Kemgas Delinted Seed Are Planted with Corn Plates at the Rate of 5 to 7 Pounds of Seed per Acre

Tractors plant more per acre as there are few stops to refill with seed and no fuzz and trash to choke planters, cause skippy rows, and delay planting operations while the boxes are being cleaned.

Kemgas delinted seed come up quicker and grow faster, enabling cultivation a week earlier.

Leisure Hours are Yours with an ALL-ELECTRIC KITCHEN

When a kitchen is practical and pretty... of course it's electric!

Ladies, have you heard about thrifty Electric Kitchen!

Of course, you know cooking is easier, cleaner, safer, faster, and cooler... but that's not all! It's thrifty, too!

Low-cost electric service and positive control of cooking temperatures will help you stretch your kitchen budget. The completely oven baked meal is only one example of the many savings made possible by the unequalled automatic features of electric cooking.

Yes, ladies, electric cooking is thrifty... and it allows you more time for leisure, too!

West Texas Utilities Company

AN ALL ELECTRIC KITCHEN INCLUDES:

- Cooking Center:** The Electric Range automatically provides the exact cooking temperature needed. Surrounding work surfaces and storage cabinets keep cooking utensils and food supplies within arm's reach.
- Dishwashing Center:** Ample work space for stacking used dishes and cooking utensils. The Electric Dishwasher handles not only dishes and silver, but pots and pans as well... washes them shining clean, and dries them without wiping.
- Refrigeration Center:** The Electric Refrigerator provides ample food storage, and large freezing capacity. Adjacent work surfaces provide space for food preparation.
- Adaptable Wiring:** This simply means: 1. Large enough electric wire. 2. Enough circuits. 3. Plenty of outlets and switches.

Gilliland Club Meets March 15 School Building

The Gilliland home demonstration club met in regular session March 15th in the club room of the Gilliland school. Mrs. Arld Navratil, president, called the house to order. Mrs. Emil Navratil, secretary, called the roll and sixteen members answered the roll call.

The T. H. D. A. means and at it does was explained by S. O. R. Miller, and the club report was given by Mrs. Jim Welch. She also gave some new receipts on master mix. Mrs. Homer Martin served as stress and refreshments were served to Mrs. G. W. Solomon, Mrs. Elton Carroll, Mrs. Arnold Navratil, Mrs. Homer Martin, Mrs. Jim Cash, Mrs. John Simpson, Mrs. Jim Welch, Mrs. Emil Navratil, Mrs. O. A. Argess, Mrs. Monroe Cash, Mrs. Hewitt Simmons, Mrs. J. Spivey, Miss Damie Groves, Mrs. Joyce Welch; two new members, Mrs. J. L. Miller and Mrs. Bill Loggins and one visitor, Miss Joan Burgess. The next meeting will be held April 5th.

Gilliland 4-H Girls Hold Meeting School Building

The Gilliland 4-H girls met in the Gilliland school house on Tuesday, March 14th. Six new members joined the club and sixteen were present. Miss Ida Belle Allen, home demonstration agent, and Mrs. Jim Welch, sponsor, were present at the next meeting, a vice-president and a program chairman will be elected. Plans were discussed of using the new master mix. Two meetings are scheduled for the month of March. Shirley Ann Eubank, reporter

Virginia Hargrove Honored March 15th On Seventh Birthday

Little Miss Virginia Raye Hargrove was honored in the home of her grandmother Weeks, March 15th, on her seventh birthday.

In the center of the table was a huge white birthday cake with flowers and lettering in pink and green with the inscription, "Happy Birthday, Virginia", age 7.

The little friends played games which created much laughter after which Virginia opened many beautiful and useful gifts. Then refreshments of cake and pop were served to the following:

Allen Eiland, Sue Trail, Gerold Elliott, Bruce and Paul Sims, Sandra Montgomery, Dickie Butler, Judy Wilde, Linda Carol Kuhler, Sara Evelyn Offutt, Linda Gayle King, Sandra Taylor, Joyce Johnson, John Reneau, Ealine Hargrove, Glen Ray and Jimmy Howell and the honoree, Virginia Raye Hargrove.

Those sending gifts but unable to attend were: Sylvia Broach, Edwin Hill, Wayne and Dwayne Hargrove, Bill Elder, Ralph Hargrove, Dorothy and Jimmy Reddall, Christine and Grandmother Hargrove and Jerry Wayne Teaff.

All reported a very enjoyable time and wished Virginia many more happy birthdays.

Munday Students At House Party On Campus Of H.-S. U.

Nine students from Munday were on the Hardin-Simmons campus the past week attending a house party for the Young Women's Auxiliary of Baptist Churches. The challenge of missionary work was presented to the group and an appeal was

Goree Club Girls Meet March 15th At School Building

The Goree girls met in the high school building for a 4-H meeting on March 15th. There were twenty-seven members present. Our new home demonstration agent, Miss Ida Belle Allen, met with us. She explained to us quick and easy ways to make cookies.

After the demonstration, the group sang songs and two members sang solos.

The next meeting will probably be week after next. There will be further information concerning the exact date of the meeting.

Florence Hammons, reporter

Mildred Coffman Goes To Texas A&M; In Choral Concert

Miss Mildred Coffman, daughter of Mr. and Mrs. Orb Coffman of Goree, will accompany the Hockaday Junior College Choral Club of Dallas, of which she is a member, to College Station, Friday, March 24, to give two concerts at Texas A. & M. First concert will be at 5 o'clock that afternoon in A. & M. Annex for freshman students, five miles from the main campus. The second, at 7:30 that evening will be given in David Guion Hall. After spending the night in a special guest dormitory on campus, the Hockaday Choral Club will return to Dallas Saturday.

These concerts will return the courtesy of the Texas A. & M. Singing Cadets, who visited Hockaday Junior College early in December for a concert and dance.

Miss Coffman is a member of a trio of singers within the Choral Club who will do some special numbers. She is a music major in Hockaday.

made for a large attendance at Ridgecrest summer encampment in South Carolina.

Margaret Bruce, Southwide Secretary of the YWA, Birmingham, Alabama, told the women that there was an unlimited challenge for them to serve in their communities and their schools. "We need to be willing to serve in their communities and their schools. We need to be willing to witness. We can do this by our attitudes, our habits, and the places we go."

Approximately 120 young people of District 17 attended the two-day convention. Other speakers included Ruth Thornton, YWA secretary of Texas, Dallas; Mrs. Paul Turner, District 17 secretary, Sweetwater, and Mrs. E. K. Bryan, returned missionary to China.

Those attending from Munday were: Betty Yost, Marjorie Campsey, Marguerite Hammett, Betty Matthews, Mrs. Andy Hutcherson, Burnadean Suggs, Newna Goolsby, Patricia Johnson, and Eileen McClaran.

Sunset 4-H Club Has Meeting On Wednesday, Mar. 15

The Sunset 4-H Club met March 15 at 10:30 at the school house.

We met with our new 4-H teacher, Miss Allen. There were thirteen members present and eight new members, Benny V. Baies, Nell Johnson, Naomi Russell, Jonnye Matthews, Annette Brewer, Bobbie Harlen, Patsy Walker and Nellie Hamilton.

Miss Allen demonstrated how to make cookies.

For our next meeting we will make cookies and bring them to class.

Jo May Newbrough, reporter

Blue Bonnet Club Of Vera Meets On Thursday, March 16

The Vera Blue Bonnets had a meeting at the school house Thursday, March 16th, with the new agent, Miss Allen, meeting with us. We were very glad to have her. There were 27 present. There were four new members.

We are studying cooking and Miss Allen gave the group some cookie recipes and demonstrated on how to mix a cookie recipe to store in the refrigerator.

Betty Jo Townsend, reporter

Mrs. Turner Is Hostess To Truscott Demonstration Club

Mrs. S. O. Turner was hostess to the Truscott Home Demonstration Club recently. Mrs. Turner's refreshments, ham roll, plum tarts and coffee cake, were all prepared from Master Mix. The recipe for Master Mix together with some recipes for its use were given to Mrs. Turner by the County Home Demonstration Agent, Ida Belle Allen.

She has added some very excellent variations to the ones given her. After using Master Mix, Mrs. Turner said, "Master Mix is just about the best time saver I have ever had. I can have biscuits in just a few minutes or refreshments for a party in about 30 minutes."

To make Ham Rolls: prepare dough as for biscuits. Roll to 1-4 inch thick and spread with ground ham and mustard. Roll as for jelly roll. Slice in 3-4 inch slices, place on ungreased cookie sheet. Bake in hot oven until brown. Remove from oven, brush with melted butter and serve immediately.

Tarts make very attractive refreshments for many occasions. To make the Tarts prepare biscuit dough. Roll out 1-4 inch thick, and use cookie cutter or old fashioned pamento glass to cut the top and bottom of the tart. Cut a hole in the center of the top with a thimble. Spread the bottom with a tart jam, such as plum. Moisten the edges with water, place the top on the tart and seal by pressing the edges together. Cook on un-

Baptist Circles Meet Monday With Mrs. Wallace Reid

Mrs. Wallace Reid was hostess to members of the "Jewel Smith Circle" Monday evening. Mrs. Don Reynolds, chairman of the circle was in charge of the meeting.

Mrs. M. H. Reeves gave the mission study from the book, "Little Prophet of Cane Creek." Plans were made for the Royal Service and business meeting, March 27, to be held in the home of Mrs. Chan Hughes with an eleven a. m. luncheon.

At the conclusion of this meeting nine members were served refreshments.

Mr. and Mrs. John Jackson visited with relatives in Lubbock last Sunday.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Buddy Bumpas of Benjamin are announcing the arrival of a son born Saturday, March 18th, at the Knox County Hospital. Both mother and little son are doing nicely.

The little boy has been given the name of Robert Brett and tipped the scales at seven pounds and fourteen ounces.

Guinn Hickman of Truscott was a business visitor in Munday last Saturday.

Mr. and Mrs. Bill Hertel spent the latter part of last week in Austin visiting their son, William, who is attending St. Edwards University.

Mr. and Mrs. Oscar Spann spent last week visiting in Dallas, Jacksonville and other points in East Texas.

Mr. and Mrs. C. J. Reese of Knox City spent last Sunday here visiting with friends and relatives.

Mr. and Mrs. David Green were visitors in Fort Worth last Saturday.

CARD OF APPRECIATION

We take this means of thanking our many friends for all the loving expressions of sympathy shown us when our wife and mother went away.

F. H. Propps
Mr. and Mrs. O. D. Propps
Mr. and Mrs. W. R. Moore

Mr. and Mrs. B. L. Melton, Sr., and Mr. and Mrs. Fred Searcey and daughter visited relatives in Weatherford last week end.

Mr. and Mrs. Earl Tayntor of Wichita Falls spent the week end here with Mrs. Tayntor's parents, Mr. and Mrs. M. L. Raynes, and with other relatives.

World-Famous Singers Will Feature Opera in Dallas

Dallas' civic-sponsored visit of the Metropolitan Opera Company in April will present a roster of world-renowned artists in four famous operas at Fair Park Auditorium. Three of the stars, pictured above, left to right, are Italo Tajo, Bidu Sayao and Alexander Sved.

The three-day session will present: April 28, evening, "The Elixir of Love," with Sayao, Tajo and Ferruccio Tagliavini; April 29, matinee, "Faust," with Giuseppe Di Stefano, Nadine Conner and Leonard Warren; that evening, "Tosca," with Ljuba Welitch, Richard Tuck-

er and Sved; April 30, matinee, "Samson et Dalila," with Rise Stevens and Ramon Vinay. The Dallas Grand Opera Association, which sponsors the Met visit, has opened its offices at 1203 Elm St., Dallas.

Study Given To Poison Formula For Green Bugs

Weather conditions have been favorable for greenbug development in most grain-growing areas of the state and if this continues, widespread outbreaks may develop, says Dr. H. G. Johnston, extension entomologist of Texas A. & M. College. Serious damage has already been caused in some areas and their spread should be checked early when possible.

Research work has and is being conducted in an effort to find methods and insecticides for controlling the pest, says Johnston. Preliminary experiments indicate that the bug can be controlled but whether or not it will prove practical on a large scale has not been determined. Unfavorable weather conditions at this time of the year makes control somewhat hazardous.

When weather conditions are favorable, he says, a 3 percent gamma benzene hexachloride dust applied at the rate of 15 to 20 pounds per acre is effective. Temperatures below 65 degrees Fahrenheit or wind above 2 to 3 miles per hour during the first 4 or 4 hours after the application may cause very erratic results. Benzene hexachloride may cause damage to barley,

Smith-Doxey Program Popular With Farmers

Almost two out of each three bales of cotton ginned in Texas the past season ended up receiving a green tag. This tag signified that the bale had been classed by the USDA's Production and Marketing Administration and on the tag were figures showing the grade and staple length of the bale.

A total of 109,763 Texas cotton producers participated in the program. In addition to the classing service, they also received the market news service without charge. The information that each cooperating farmer received enabled him to know what his cotton was worth on the market and put him in a better position to bargain for the highest prices offered.

According to John L. McCollum, manager, PMA's southwest area cotton branch, USDA, Dallas, the Smith-Doxey Act was passed in 1938 to encourage farmers to grow improved varieties of cotton adapted to their soils and local conditions. The program provides free classing and market news service to all farmers who belong to organized Smith-Doxey groups.

Cotton classing offices at Dallas, Abilene, Austin, Corpus Christi, Galveston, Houston and Lubbock graded 3,696,511 bales the past season. The offices operated under the supervision of McCollum.

He reports that 1,148 cotton improvement groups were organized in Texas and their members planted all but 11 percent of the state's 1949 cotton acreage. County agricultural agents had a great deal to do with the organization of the cotton improvement groups in the counties and Fred C. Elliott, extension work specialist and F. F. Lichte, extension cotton gin specialist, both of Texas A. & M. College, worked with the cooperating groups on the state level.

In conclusion, McCollum reports that 13 percent more farmers were members of cotton improvement groups in 1949 than in 1948 and that only about one-half of the 1948 season's crop was graded as compared to the two-thirds for the 1949 season.

The cheapest milk production comes from improved pastures followed by silage, hay and concentrates. A good dairy cow will return approximately 7 times as much income from an acre of improved pasture as will any other type of livestock.

Swing out the self-locking steps—it's a sturdy, steady, six-leg ladder. Swing steps away—it's a restful seat, 24" high. Chromium finish with tough, baked-on enamel trim in red, yellow, blue or black.

HARRELL'S

A WONDERFUL DAY

On the third Sunday in March we had a wonderful day at Bethlehem Church, five miles northwest of Munday. Singing was opened at 10:30, and at 11 o'clock Elder L. M. Handley occupied the pulpit and opened service with prayer, after which he read from the 17th chapter of St. John, taking for a foundation text, "Were you there when they crucified my Lord?"

He painted one of the most beautiful pictures you ever beheld and those who missed this message missed a treat. At this time the privileges of the church were extended, and Sister Elder joined upon the presentation of a letter from the Orthodox Baptist Church in Lubbock.

A bountiful lunch was served at the noon hour.

We had with us Bro. Rodgers of Breckenridge, Bro. and Sister Butler of Vernon, Bro. and Sister Edwards of Rule and visitors from Childress.

Community Singing

At 2 p. m., we began our community singing—opening song by Elder L. M. Handley, prayer

by Mr. Rowan of Knox City, president of the Knox County Singing Convention.

For the next two hours, we had some beautiful singing, and upon vote of the congregation, it was decided to have this community singing again on the 3rd Sunday afternoon from 2 to 4 p.

m. The public is invited.—Contributed.

Mr. and Mrs. Bobby Bullington and Barbara of Wellington were week end guests in the home of Mr. and Mrs. Roy Bullington and Mr. and Mrs. Zane Franklin.

FARM NEWS

From the County PMA Committee

COTTON ACREAGE PREMEASUREMENT

Knox County cotton growers can arrange for official measurement of their 1950 farm cotton-acreage allotments prior to planting time, the County Production and Marketing Administration Committee announced this week.

To get the measurement service which is being provided on a cost basis, a cotton farmer must file a written request with the county PMA office prior to May 1, 1950, says Mr. McGee, committee chairman. The rate to be charged for the service in Knox County has been established at \$6.00 per farm PLUS \$1.25 for each plot to be planted to cotton PLUS 3c per each acre in the allotment, and payment based on this rate must be made at the time the request for measurement is filed.

"The premeasurement is purely optional," says Mr. McGee, "and is offered as a service to growers who prefer to have an official measurement to use as a planting guide."

The chairman explains that all cotton acreage in the county will be measured as soon as possible after the cotton "comes up" to determine compliance with the acreage allotment-marketing quota program. When compliance is checked, the farm will be considered to be within the farm acreage allotment if the crop is planted within the pre-measured area.

CCC ANNOUNCES COMMODITIES AVAILABLE FOR DOMESTIC USE DURING MARCH

The Commodity Credit Corporation, U. S. Department of Agriculture, today announced the quantities and prices of various commodity holdings that are available to buyers for domestic use during March 1950. The list—the second under the

new domestic sales policy announced by Ralph S. Trigg, President of CCC, on January 30—adds cottonseed oil and potato starch to the list of commodities which were announced as available during February.

The monthly listing of commodities acquired under CCC's price-support programs which are available for sale to domestic buyers—and producers as well—in their normal operations, by proving actual dollars-and-cents at which the CCC will make available specified quantities of its holdings.

In general, the March list like that issued for February, sets prices at the minimum levels prescribed by the Agricultural Act of 1949, which requires that the Corporation "shall not sell any basic agricultural commodity or storable non-basic commodity at less than 5 percent above the current price support price for such commodity, plus reasonable carrying charges."

The commodities on the current list, the quantities for sale, and the domestic sales price at specified locations, are available. The CCC will entertain offers from prospective buyers for the purchase of any commodities on the current list. Offers accepted by CCC will be subject to terms and conditions prescribed by CCC.

Announcements containing all terms and conditions of sale will be furnished upon request. Interested persons are invited to communicate with the Production and Marketing Administration, USDA, Washington 25, D. C., with regard to all commodities.

LOCALS

Dr. and Mrs. D. C. Elland were visitors in Dallas last Thursday. On Friday, Dr. Elland flew to Chicago where he is attending a medical convention this week.

Mrs. Jessie Yost, Mr. and Mrs. Clyde Hendrix, Jr., and son and Mrs. S. E. Robison visited Mr. and Mrs. V. M. Lee in Dennison the past week end.

Miss Charlotte Hannah spent the past week end in Abilene visiting her sister, Miss Carolyn Hannah.

Mrs. G. R. Elland was a visitor in Fort Worth over the week end.

Don Reynolds, D. G. Chamberlain, Bobby Gray and Charles Hardin, who are attending N. T. S. C. in Denton visited home-folks last week end.

RETURNS FROM HOSPITAL

Little Miss Ann Elliott returned last Saturday from the Knox County Hospital where she had been taken for treatment. According to reports, she is doing nicely.

Mr. and Mrs. Clayton Wren and Erwin spent last Sunday in Seymour visiting with relatives.

Mr. and Mrs. Conrad Link and son of Lubbock visited Mrs. Link's parents, Mr. and Mrs. Oscar Spann, on other relatives here the past week end.

Mrs. W. M. Mayo spent the week end in Mineral Wells visiting with friends.

Use a double thickness of cheesecloth or muslin with a steam iron for pressing on the right side of fabrics that acquire a shine daily.

513,047 home gardens were planted and used by Texans last year. 191,967 were city or urban—the balance were farm or 4-H gardens.

- For Commissioner of Precinct 2:**
(LOUIS) PARKER
(Re-election)

BOYCE HOUSE

One of the most wonderful things on my grandparents' farm was the spring. The log house was on top of a hill and after a lad had strolled down that hill with a bucket in each hand, he climbed over a rail fence and went along a path that wandered through the woods. Birds chirped and

squirrels peered around the trunks of sweet gum and red oaks.

The spring was boxed in and was deep and as clear as a mirror. There was a tin cup beside the spring and the first thing you did was to have a drink. The water was pure and very cool; there never was, anywhere, water that tasted so good and could so completely satisfy your thirst. Then, after a drink, you dipped the bucket in and the surface quivered and wavered in rhythmic patterns.

Lots of people visited grandpa's spring. One man—he had the finest house and the biggest barns of the entire countryside—decided he would pipe water

Clark Gable and Loretta Young have the romantic lead in "Key To The City."

from the spring to his home, so he laid a line, three miles long. But by the time the water had made the journey from the spring which was set in the reverent hush of the deep woods, to his house, all the coolness and flavor had been lost and it was just water.

It has been said there is no sentiment in politics. But William Allen White in his autobiography gives an incident to the contrary.

When the extremists in Congress could not get President Andrew Johnson to go along with them, the House voted articles of impeachment. The margin in the Senate was going to be very close, so tremendous pressure was brought to bear on a Republican senator from Kansas—but he voted against removing the President from office. And impeachment failed by just one vote.

The Senator became a political outcast and dropped out of sight at the end of his term.

Years later, Grover Cleveland was elected—the first Democrat

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN—There is no easy road to the abatement of insects and rodents, says Dr. Geo. W. Cox, State Health Officer. Fre-

quently people get enthusiastic about the destruction of the insects and believe that, if an airplane flies over town, or if a huge fogging machine rolls through town spreading an insecticide, the insects will be killed instantly and peace from the insect nuisance will remain forever. This is an erroneous and, unfortunately, bad practice, because it creates an unwarranted sense of security.

Before any killing is anticipated, a thorough clean-up of the community should be carried on. This means cleaning up the rubbish and garbage and eliminating all insect breeding and feeding places. It might mean the draining or filling in of wet areas for destruction of the mosquito larva. When this is done, one will be surprised how few insects are left to become a nuisance and, perhaps, a public health problem.

Following this, it is suggested that insecticides be sprayed manually to those places inhabited by the insects. Experience has shown that a 2 per cent to 5 per cent solution of DDT is still the most effective insecticide to use for general sanitation. This is spread to form a thin coat on the surface, where it can remain for future destruction. A spray that will just moisten the surface is sufficient to be effective. Spray only those areas where you know the insects gather.

Visitors in the Layne Womble home for the week end were Mr. and Mrs. Billy G. Womble of Dallas, also Mrs. Jack Hensley and daughter of Fayetteville, North Carolina, who are here for an extended visit.

Mr. and Mrs. O. W. Cypert and son of Wichita Falls were guests in the home of Mr. and Mrs. Ira Cypert last week end.

Mr. and Mrs. Tom Morton and Mr. and Mrs. W. G. Welborn and son were visitors in Abilene last Sunday.

Visitors in the home of Mr. and Mrs. Marvin Reeves last Sunday were Mr. and Mrs. Travis Martin and children of Seymour.

George Salem was a business visitor in Dallas the first of this week.

BEFORE YOU BUY ANY RANGE
KNOW THESE

Facts about Flame Cooking

Only modern GAS ovens can bake and roast so evenly because oven is ventilated for fresh-air circulation.

Only modern GAS ovens can accurately hold any temperature from 250 to 550 degrees.

Only modern GAS broilers can impart real broiling flavor into foods. Nothing can sear like live flame.

Only modern GAS broilers are smokeless. Only live flame can consume rising food vapors.

Only GAS ranges provide instant heat. Inferior non-flame, artificial methods cannot be as fast as instant flame.

Only tailored flame can fit every pot and pan in your kitchen. No special pots and pans are required for GAS cooking.

Only modern GAS cooking costs so little. GAS ranges operate for one-fourth the cost of non-flame, artificial methods.

Only modern GAS cooking is so dependable. GAS service is your most reliable domestic servant. There are no periodical supply failures.

Only modern GAS ranges can be easily and inexpensively installed. No costly outlets are required as with non-flame, artificial methods.

No other type of range is safer, cleaner, cooler, more automatic, more beautiful, or more certain. Absolutely none! No other type of range is offered in so many different models. There is a GAS range to fit every need and every pocketbook.

ADVERTISEMENT FOR BIDS

Sealed proposals will be received by the County Judge of Knox County, Benjamin, Texas, up to and lot later than 2:00 P. M., Tuesday, April 18, 1950, in the County Commissioners Court Room in Court House at Benjamin, Texas, at which time and place all of the proposals then received will be publicly opened and read aloud. Any bid received after the hour named hereinabove will be returned unopened.

The work to be done consists of Construction of a Jail Building with Sheriff's Quarters at Benjamin, Texas. All work to be done in accordance with drawings and specifications prepared for same by Wilson and Patterson, Architects, Fort Worth, Texas. Separate proposals will be received for General Construction, Plumbing and Gas Piping, Heating Equipment, and Electrical Work.

Copies of the drawings, specifications and other proposed contract documents are on file and may be seen at the offices of the Architects. One set of such documents may be obtained upon deposit of Fifteen (\$15.00) Dollars, which deposit will be refunded to each actual bidder upon return of such documents in good condition within three days from bid opening. Additional copies may be obtained upon similar deposit but cost of reproduction of the set will be deducted from deposit. Similar deduction will be made from deposit of other actual bidders.

Proposals may not be withdrawn for a period of thirty (30) days from and after the time established for opening bids. Each proposal, to be eligible for consideration, must be accompanied by a certified check or Bidder's Bond, in the amount of five per cent (5%) of the total amount of the respective proposal, to insure the Owners against loss occasioned by the Bidder's failure to execute a contract if awarded or to furnish satisfactory Contract Survey.

The successful bidder will be required to enter into a contract with Knox County Commissioner Court, which will contain provisions requiring the contractor to comply with all state laws, including, wage scales and hours as required by House Bill No. 45, Acts of 43rd State Legislature.

The right is reserved, as the interests of the Owner may require, to accept any or reject all proposals, or to overlook any irregularities or informalities in any proposals received.

Bob Wills Hears Folks Tell Of Hadacol's Many Blessings

Hundreds of folks, who are benefiting every day from taking HADACOL meet at the Trion Building in Oklahoma City where Bob Wills, famous band leader, and his Texas Playboys broadcast each noon for HADACOL.

"It looks like all my fans are getting wonderful benefits from HADACOL," said Wills. "It is a real pleasure to broadcast for HADACOL because the folks taking HADACOL are so enthusiastic that I feel like I am performing a real service for mankind."

Hundreds have told Wills of the blessed benefits of HADACOL and the following statement by Miss Carol Jean White, 3636 West Park St., Oklahoma City, is a good example:

"One of the luckiest days of my life was when I heard Bob Wills tell about the wonderful blessings of HADACOL. I had lost my appetite, my energy was down. I suffered with gastric disturbances and indigestion. I took the advice of Bob Wills and took HADACOL. I felt better right off and have felt better and better as I have continued to take HADACOL. I now recommend HADACOL to my friends."

Miss White suffered with a deficiency of B Vitamins and important Minerals which HADACOL contains.

A lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances. . . . Your food will not agree with you. . . . You will have an upset stomach. . . . You will suffer from heartburns, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are

Bob Wills Hears About HADACOL'S Blessings

Bob Wills, famous western music band leader, loves to talk with his fans at the Trion Building auditorium in Oklahoma City about the blessings of HADACOL. In the picture above Miss Carol Jean White, 3636 West Park St., Oklahoma City, tells Bob how much HADACOL has helped her. Hundreds of folks who are obtaining rich blessings from the precious B Vitamins and Minerals in HADACOL visit Wills each week for his network broadcast, which is originated from KRYE, Oklahoma City, Oklahoma's western music station, and sent over a leased wire to stations, KRMG, Tulsa; KWHN, Fort Smith; KGLC, Miami, Oklahoma; KLYN, Amarillo, and KWFT, Wichita Falls.

surely and certainly the symptoms and signs of the lack of the B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and the Minerals which your system lacks.

HADACOL contains not only one, but 5 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

It is easy to understand, therefore, why countless thousands

have already been benefited by this amazing tonic, HADACOL.

So, it matters not who you are. . . . it matters not where you live. . . . or if you have tried all the medicines under the sun, give this wonderful preparation a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives again because HADACOL supplied the Vitamins and Minerals which their systems needed. Be fair to yourself. Give HADACOL a trial. Demand the genuine HADACOL. Accept no substitutes.

Extra work and storage space—on wheels!

Use it in the kitchen, laundry, nursery or bath. Big, 17" x 24" top, two roomy shelves for appliance storage. Chromium legs, large, 3" casters. All-metal construction, with edges rounded. Two-coat, baked-on enamel finish resists chipping, scratching, staining. White, red, yellow, blue-green.

\$7.95 - \$10.95
