

Kracker Krumb's Odd Bits Salvaged At Random

Texans need to talk to some of those people in Kansas, especially some of their Chambers of Commerce.

They're stealing some of our thunder—and getting publicity in some of our own state's newspapers.

Tuesday, we picked up one daily paper, and there on the front page was a sort of cloud, a telephone pole in plain view, and the outline of an automobile and a barn.

Underneath the picture we read: "Dust whips across Kansas—Two cars, one of them almost obscured, move down a road northeast of Lawrence, Kansas, as winds 70 to 80 miles an hour whipped clouds of dust into the air in conditions reminiscent to the black blizzards of the 1930's. A barn rises above the haze, but trees and telephone poles in the distance blocked from view by the storm."

Humph, we think, we had a duster in Knox County, too!

We picked up another daily paper, and there on the front page, on the other side of a barbed wire fence, were two people standing by some wreckage, while dust was visible in the background.

Under the caption: "Dust Storm Does Damage in Kansas" we read, "Emil, left, and Albert DeBrabander stand in the shelter of their father's wrecked greenhouse at Shawnee, Kans., Sunday as they watch clouds of dust blow out of the west. The black clouds reminiscent of the storms of the 1930's, swirled off Kansas fields and were whipped across the state on high wind. Damage to the greenhouse and its contents, flattened by the wind was estimated at \$1,500."

Shucks, we had some wind here, too, Saturday night and Sunday.

And we wonder, Why all this Kansas publicity in Texas papers, when our high winds and our dust moving operations are nothing to be sneezed at?

But that's the kind of publicity don't any of us take much pride in. Kinda like us saying old so-and-so is an onery cuss and ought to be in jail.

But we can't say it in our paper, or we'd likely land in jail ourselves.

Anyway, we had a dust storm one day—especially Sunday.

Saturday night was a little rascal, too. It moved some things around like a chicken house for J. E. Hunter out in the country.

Then Sunday, quite a few shingles were lifted off the house-tops. Damage was reported to quite a number of homes in Munday, and shingling crews were repairing the damage the first of this week.

Some new homes were damaged by the shingle-lifting winds, and a little bit of dust got inside Munday's homes—quite a little bit, we'd aver.

So Texas is not outclassed a whole lot by Kansas. Knox County isn't, either, for that matter, but we're not sending a batch of pictures to the Kansas papers about it!

We think, however, that all our open privies were left intact. And we know some people who would like to have all the privies disposed of.

Anyway, the duster situation brings up the all-important matter of needing a rain.

We'd like to see a rain, wouldn't you?

People are already starting a conversation with "If it don't rain," etc.

Called on a merchant today who told a salesman he might

J. D. GILLESPIE

Gillespie To Come To Munday P. C. A. Office

J. D. Gillespie, young Stamford business man, has been employed by the Stamford Production Credit Association and is now training in the Stamford headquarters office.

He will later take the place now held by C. R. Elliott, field representative in charge of the Munday office, who has resigned effective July 1. Gillespie will go to Munday before Mr. Elliott's work is concluded here.

He will begin duties with the local office about May 15, officials stated, to work with Mr. Elliott and get acquainted with the members before taking charge on July 1.

Mr. Elliott has been in charge of the Munday office since it was established in 1940 and has served as representative in this area prior to that time.

Gillespie, son of Mr. and Mrs. T. M. Gillespie of the Rockdale community in Jones county, grew up in that section. He graduated from Stamford High School in 1935 and was a stock farmer before entering the service. He was in service for three years, serving 15 months in the European theatre of war. He returned to Stamford in January, 1946, and has been engaged in business since that time. He is a member of the Stamford VFW.

He and his wife and daughter plan to move to Munday to make their home.

Knox County Hospital Notes

Patients dismissed from Knox County Hospital since last Monday, March 20:

- Mrs. F. C. Roy, Rhineland; George Hardburger, Knox City; Mrs. W. H. Caldwell, Rochester; Wayne Atkins, Rule; T. W. Templeton, Benjamin; S. D. Jones, Knox City; Mrs. J. M. Bolin, Throckmorton; Joel Bolin, Throckmorton; Mrs. Grady Jones, Rochester; Grady Holmes, Rochester; Mrs. Dale Graham, Rochester; Graham Baby Boy; S. R. Davis, Rochester; Mrs. Melvin Stephens, Munday; Stevens Baby Boy; Mrs. M. A. Bumpas, Benjamin; Bumpas Baby Boy; Enrique Chabaz, Jr., Rochester; Sarah Hobson, Knox City; Mrs. J. B. Welborn, Munday; Jim Hackney, Knox City; Rex Wyatt, Benjamin; Mrs. C. C. Carver, Munday; Ruth Ellen Elder, Munday; Mrs. A. Tomlinson, Munday; Patricia Ann Nunley, Eunice, New Mexico; Mrs. Ira Grinstead, Munday; Alzada Young (negro), Munday; Young Baby Boy; Donald Wade Rule; Mrs. C. R. Posey, Rochester; Posey Baby Girl; Lee Wampler, Knox City; Wm. B. Ryder, Jr., Benjamin; F. J. Walker, Truscott; B. B. Benton, Knox City; Mrs. A. Carmack, Rochester; Joyce Beauchamp, O'Brien; Jimmy Huntsman, Rochester; Mrs. O. L. Myers, Truscott; Leon Dickie, Mrs. Elmer Hughes, Rule; Mary Bristow, Stamford; Mrs. Harley Brown, Rochester; Roy Long, Benjamin; Mrs. T. J. Hanger, Rochester; Mrs. L. Pope, Rochester; Clarence Peek, Olney; C. W. Shipman, Benjamin; Buddy Buie, O'Brien; Mrs. Edmundson, O'Brien.

Patients admitted to Knox County Hospital since last Monday, March 20:

- J. L. Galloway, Benjamin; Mrs. J. L. Ford, Munday; Mrs. Maggie Cagle, Knox City; George Steinback, Munday; Mrs. N. A. Nickolson, Munday; Mrs. A. J. Fuller, Goree; J. L. Rogers, Rochester; Fred Seal, Goree; Mrs. Crisanto Jimenez O'Brien; J. L. Rogers, Rochester; Ruth Gaston (negro) Goree; Baby J. S. Davis, Throckmorton; Mrs. R. A. Norris, Vera; Mrs. Sarah Hobson, Knox City; Mrs. Howell, Knox City; Mrs. Roy Hester, O'Brien; James Adams, Munday; Mrs. Austin Tomlinson, Munday.

BIRTHS

Norris Baby Girl, Vera.

Lee Haymes returned home the latter part of last week from a week's visit with Mr. and Mrs. Bobby Haymes and daughter in Irving and with Mr. and Mrs. Donald Jolly and daughter in Hillsboro.

Supervisors Of Soil District Meet Friday

The supervisors of the Wichita-Brazos Soil Conservation District held their monthly meeting in Munday last Friday. They met in the office of the Production-Credit Administration run by C. R. Elliott. After conducting their meeting they visited the drainage project southeast of Munday where the Scott Lake is being drained. This drainage project was staked off by technicians of the Soil Conservation Service assisting the district. The drainage of this lake is part of the coordinated conservation plan worked out by the farmers who own the land there, and the local district.

The Board of Supervisors approved the following applications: for soil conservation assistance: J. C. Tibbett, W. E. McNeill farm south of Munday, Frank Knapp, and Marion Chowning. The conservation plan of Frank Dunnam's farm north of Knox City was approved, and also the plan on Floyd McGuire's farm.

Grass planting in the District is almost completed. The following cooperators planted grass as a part of their coordinated soil conservation plan: Louis Cartwright, J. C. Elliott, Arthur Smith, Jr., W. E. McNeill and John Spann, all near Munday; Dwight Key, James Ferguson, and Graham Stewart east of Weinert; Earl Watson, Louis Kay, Bill Reeder, Stubbs brothers, Alvie Russell, Frank Dunnam and Bush & Burnett farms, all near Knox City; the Joe Cloud farms east of Rule, Ernest Michaels and the Truitt Alvis farms near Rochester; Leo Fetsch near Rhineland; Charley Conner west of Weinert, Jim Chowning at Truscott, the Tom Masterson JY Ranch west of Truscott, Hugh Eubanks at Gilliland, and the League-Davis Ranch near Benjamin.

O. H. Spanna of McMurry College, Abilene, was a week end visitor in the home of his parents, Mr. and Mrs. Oscar Spann, and other relatives and friends.

Mrs. Wylie Clinton of Stamford visited friends here Saturday night and Sunday.

\$8 Million Reservoir On Paint Creek Endorsed By Towns Of Area

HASKELL—Mayors of 10 towns in this dry part of West Texas Friday gave the go-ahead sign to the Bureau of Reclamation to proceed with plans for a reservoir to impound 25,000 acre feet of water.

Tentative site is on Paint Creek, 15 miles southeast of Haskell.

The project, including pipelines to the 10 towns, would cost an estimated \$8,000,000.

Towns whose mayors pledged their interest in construction of the projects are:

Haskell, Stamford, Lueders, Throckmorton, Hamlin, Rotan (represented by A. J. Smith, Jr., Anson attorney who is their counsel), Avoca, O'Brien, Benjamin and Roby.

Another in the series of meetings studying this particular has been set for April 14.

One purpose of this meeting will be to allow any new city councils which might be elected in the meantime to express views.

Bureau of Reclamation officials will bring to the Stamford meeting detailed plans for the project.

2 PAY PLANS

Two plans for payment of the water have been proposed. One would call for a flat fee for all, estimated at 23 cents a thousand gallons. If the cooperating towns fail to agree on a flat fee arrangement, cost of raw water at city portals would range from a low of about 16 cents for Stamford to a high of 79 cents in Benjamin, according to data presented by Bureau officials.

This is one of the phases of the project which will be discussed at Stamford.

Earlier in the meeting which got underway at 10 o'clock Friday morning here, a larger project which would include 16 towns was rejected.

Our Citizens Of Tomorrow

It won't be long—just a few short years—and those future citizens will be taking their part in affairs. They are, left to right top row: Bobby, 2 years, son of Mr. and Mrs. Alton Ward; LeRoy, 9 years, son of Mr. and Mrs. Curtis Howard; Jerry, 8 years, son of Mr. and Mrs. E. L. Jetton.

Littlefield Is Named To Head CDA Directors

E. B. Littlefield, co-owner and manager of the Munday Lumber Company, was selected as president of the Community Development Association last Monday night at the regular meeting of the board of directors. He is a past president of one of Munday's former civic organizations, the Junior Chamber of Commerce.

Three new directors were recently named by the membership by mail ballot, these being selected from a group of nine chosen by a nominating committee. New directors are Lloyd Patterson, Fred Broach, Jr., and Dwight Key. They take the places of those whose terms expire: Don L. Ratliff, Moody Johnson and Clay F. Grove.

The new president and directors will be automatically installed with the annual banquet next Friday night.

Carry-over directors are W. R. Moore, Winston Blacklock, Aaron Edgar, Wallace Reid and Paul Pendleton.

Census Takers To Have Official Identification

Housewives of Knox County will be called to their front doors during the first two weeks of April by the knock of the Census takers from the United States Bureau of the Census. The Census taker will present his credentials, in the form of an identification card introducing him as an enumerator for the 17 Decennial Census. He will carry an official Census of Population form on which he will write down names and note information about each individual in the household. He will have nothing to sell and he will ask only questions that appear on the Census form.

If the visitor claims to be a Census taker but cannot produce his credentials, he is an imposter and will be subject to penal action for impersonating a federal officer. If he attempts to conduct any business other than collection of official Census information, he betrays himself because Census takers are subject to loss of their jobs if they combine their Census work with soliciting money, selling house to house, distributing advertising material, or other similar activities which bring canvassers, peddlers and the like from door to door.

Housewives who have reason to believe that they are being imposed upon by a faker are urged by B. E. Hausler, local Census District Supervisor, to notify the police and give the authorities a description of the individual. Police here have been shown the type of credentials required of Census takers and have assured the Census Bureau of assistance in apprehending imposters.

Mr. and Mrs. J. J. Keel and Mrs. Huron A. Polnac left Wednesday for Comanche where they are visiting relatives for a few days.

Mr. and Mrs. C. J. Reese, Sr. of Knox City and Mrs. S. A. Bowden visited with relatives in Fort Worth over the week end.

Mrs. Jim Grammer and daughters, June and Jane, of Lamesa are here spending a few days this week visiting with her mother, Mrs. G. R. Eiland, and other relatives and friends.

Weather Report

For the period of March 23rd through March 29th, 1950, as compiled by H. P. Hill, U. S. Weather Observer.

Table with columns: Temperature, LOW, HIGH, and rows for dates Mar. 23 through Mar. 29.

Precipitation to date, 1.71 in. Precipitation to this date, 6.10 in. Precipitation since Nov. 1, 1949, 2.81 in.

Plans Complete For Annual C. D. A. Banquet Friday

Plans are virtually complete for the second annual Community Development Association banquet, which will be held at the school gymnasium on Friday evening of this week at 7:30 o'clock.

Those in charge of ticket sales report an almost complete sell-out, so a large crowd is expected. Visitors have been invited from Benjamin, Knox City, Goree, Vera, Gilliland, Truscott, Seymour, Haskell, Throckmorton and Stamford.

Miss Eugenia Robertson and members of her homemaking class are in charge of preparing and serving the dinner. Banquet tables and decorations will carry out the Easter motif in colors and arrangement.

Leland Hannah will serve as master of ceremonies and will direct the following program:

Invocation, Rev. R. L. Butler; dinner; selected music, Miss Susie Vost and Mrs. Don Boyles; introduction of guests, Aaron Edgar; recognition of officers and directors by master of ceremonies; statement by new president; special entertainment O'Brien twins; introduction of speaker by master of ceremonies; principal address, Dr. P. D. O'Brien, pastor of the First Baptist Church of Big Spring. The return of Dr. O'Brien, former pastor of the First Baptist Church of Munday, as guest speaker, has attributed to a great extent to the brisk sale of tickets during the past ten days. Any local residents who knew Dr. O'Brien when he was pastor here in the 1920's, are making plans to attend the banquet and hear him.

Boy Scouts In Meet Recently

Bob Bouse, area Boy Scout supervisor, met with the Munday troop in their last meeting and directed the boys in several Boy Scout games. Mr. Bouse has been working with the local troop in an effort to get scouting well under way in Munday.

Scouts present were Wayne Searcey, James Gaither, Robert Lynn Bowden, Stanley Wardlaw, Jerry Lindsey, Howard Smith, Joe Voss and Jerry Grove.

Leaders and committeemen present included Don L. Ratliff, Clay F. Groves, Gene W. Harrell, W. R. Moore, Jr., and Charles Baker. Mr. Moore told the boys of some of the Tenderfoot Scout requirements.

County Tops Quota In Red Cross Drive

Knox County has again gone over her quota in the annual Red Cross membership drive, according to County Judge J. B. Eubank, Jr., of Benjamin, county chairman, who said complete figures would be available next week.

The county's quota this year was \$1,568.00. Judge Eubank expressed his thanks to all community leaders, their workers, and to every individual who helped to make the drive a successful one.

TAKES GUARD POSITION

W. M. Skinner left Wednesday for Huntsville, Texas, where he has accepted employment to do guard duty at the State Penitentiary.

GUESTS IN MOORE HOME

Mr. and Mrs. W. A. Moore had as guests in their home last week end, Mr. and Mrs. E. E. Roberts and daughter, Sue Ann, of Memphis; Mr. and Mrs. J. E. Lawson and daughters, Nancy and Jane, of Rule; Mr. and Mrs. Frank Davis of Seymour and J. R. Roberts of Goree.

Mr. and Mrs. Stanley Wardlaw were business visitors in Dallas the first of this week. Mrs. Wardlaw attended market and purchased merchandise for The Sport Shop.

Entered as second class matter January 4,
1919, at the postoffice in Munday, Texas, under
Act of Congress, March 2, 1879.

OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Hefner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

AHEAD OF GRANDPA

The huge meals Americans are supposed to have eaten 40 years ago or so are something of a legend. According to it, incredible quantities of steaks, roasts and everything else made the dinner table groan three times a day.

The fact is, however, that this year the average American will eat about five more pounds of meat than his forebearer consumed in 1910. And what makes that particularly remarkable is that our human population has increased by 63 percent since 1910, while the meat animal population is only twenty-seven percent greater.

what has happened is that, in 40 years, enormous progress has been made in the meat industry in all its branches. Many farmers now market two pig crops a year instead of one. Beef is fattened more quickly. Loss of animals has been reduced through better sanitation and handling methods.

The packers of meat have held up their end, too. Meat is a highly perishable food, yet spoilage is virtually non-existent. All of the meat is utilized, and all of it moves into channels of consumption in wholesome condition. And, finally, the retailer, with his dependable sources of supply, is able to keep on hand just the right kind and quantities of meat for his trade.

The point is that we Americans eat better, more healthful and more nutritious meals than we ever did before. We consume more of the vital proteins—elements which have a direct bearing on stamina and physical and mental well-being. We're ahead of grandpa!

THE TAXES YOU WEAR

The American Weekly recently published a full-page picture of a girl dressed for a party. She was wearing some modest jewelry and a fur

SUBSCRIPTION RATES

scarf. She was carrying a purse. She had used the customary make-up—powder, cleansing cream, lipstick, rouge, and so on. She had washed her hair with a commercially-made shampoo. She had a pack of cigarettes and a holder and a lighter. The point of the picture was that she was a living, breathing example of the burden of wartime excise taxes which are still in effect, long after the last shot was fired.

These excise taxes, most of which come to 20 per cent on top of the regular retail price of the commodities affected such as the apparel and accessories worn by the girl in the picture, are, of course, in addition to all the other direct and indirect taxes we pay. Other types of excise tax—created by the war emergency—apply to transportation, telephone calls, etc.

As any retail merchant what the effect of the taxes is. Ask any worker in an industry which produces one of the commodities or services so taxed. Ask manufacturers. They all say the same thing—that the taxes reduce sales, that they force many people to buy inferior goods, and that they are a strong influence on employment and purchasing power. Significantly, Canada, which had taxes of this nature during the war, repealed hers.

When the taxes were passed, it was said that they would be repealed as soon as hostilities ended. That is a moral obligation and their continuance is a clear breach of faith on the part of the government.

"We must give up the illusion—both comfortable and insane—that Soviet Communism is something to be contended with by food baskets from Lady Bountiful. Far though we are from its brutality, we must learn to see Soviet Communism as the modern barbarian. It is the job of statesmanship armed with military power to hold the line against the barbarian—the line and outposts and the frontiers."—Henry R. Luce, in Fortune.

"Barclay's Bank Review has just totted up the net savings of Englishmen in 1948. The figure comes to \$17,000,000. In 1938—10 years ago when the money was worth more—these savings amounted to more than \$400,000,000.

"Private capital is not forthcoming for Britain's needs because it has been taxed away in the first place (even a capital levy was used) and because in the second place taxes have dried up the source of new capital."—Wall Street Journal.

Two housewives, while waiting their turn at the grocer's were waiting their bgk bgkqj gkqj the grocer's, were overheard discussing the last depression.

"It came at such a bad time," said one. "Just when everybody was out of work."

Washington News Letter

By Congressman Ed Gossett

WASHINGTON, D. C., March 30—In two particulars, at least, Congressional action of last week was tremendously important.

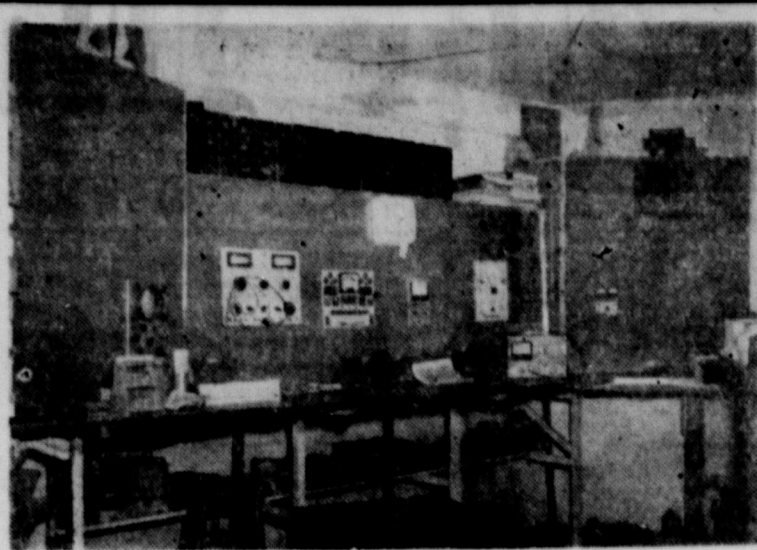

First, Congress defeated the cooperative housing provisions of the Housing Bill. Secondly, Congress finally passed and sent to the President an important amendment to the cotton acreage bill.

As to housing, many of us have strongly insisted that the government has no right to build and own houses for the purpose of renting them below cost, and at a loss, to any particular group of citizens. The provision we have just defeated was the so-called "middle-income housing program." It was the plan of proponents to build billions of dollars worth of homes in the cities to be maintained by the government and to be rented to so-called middle-income folks for housing. We did pass an extension of FHA. Under FHA the government guarantees mortgages and thus stimulates the building through private enterprise of homes. Majority Leader John McCormack argued vigorously for the cooperative housing provisions and contended that we subsidized the farmers through farm legislation and should subsidize the city folks through housing legislation. The analogy is fallacious. The farm program is designed to protect the entire American economy. It is generally admitted that if farm prices tumble seriously below parity, and if farm economy broke down, it would result in a general breakdown of the entire national economy and thus cause

LITTLE BOY LOOK

It's the "little boy look" for smart girls this spring, according to the fashion experts. Two-tone cotton broadcloth in navy and light blue is used for this one-piece little boy dress by Martee of St. Louis. The cotton style has push-up sleeves, deep cuffs, and pointed collar to contribute to the boyish effect.

RADIO REPAIRING

We are equipped to service any make radio. Bring them to us for prompt service.

Strickland Radio Service

a national depression. To obligate the government to spend and lose fifty billions of dollars on public housing would not help but would dangerously threaten our entire national economy.

The so-called subsidy features of the farm program during the past 14 years has not cost the government as much as a billion dollar. We can only speculate as to future costs. About two-thirds of the loss under the farm program has been occasioned by potatoes alone. In other words, the potato program has given the entire program a black eye.

The House passed a bill to increase the capital stock of the Commodity Credit Corporation by two billion dollars. This is to enable the CCC to carry out the commitments and obligations of existing farm legislation.

The farm amendment passed last week is of great importance to the cotton farmers of our section. We hope the President will sign this bill. It now provides that a farmer can plant 65% of his average cotton acreage for the years 1946, 1947, 1948, or 45% of his highest cotton planting for either of the years 1946, 1947, and 1948, but in no event shall the farmer plant to cotton more than 40% of his total tilled acreage. Even this bill will work unfairly in a great many instances and will seriously curtail the operations of many cotton farmers. It's a big improvement, however, over existing law.

Any farmer wishing to plant more cotton should immediately get in touch with the PMA secretary for his county.

Human nature is funny. We might say that human nature is unreasonable. Congressmen are always being pressured to equalize by law some individual or group with some other individual or group. Economically we always seek to be equalized with someone in a supposedly higher bracket. When measuring our moral conduct we always compare ourselves with someone in the lower bracket. A fine soldier got mad at me last week because he was being retired un-

der a bill which would pay him only \$250.00 per month for the rest of his life, whereas he claims he should be retired under a different law which would pay him \$275.00 per month for the rest of his life.

Our selfishness apparently knows no bounds. The more we get, the more we want. Henry Ward Beecher once said:

"Selfishness is that detestable vice which no one will forgive in others, and no one is without in himself."

Charles Hardin, who is attending N. T. S. C. in Denton, spent the past week end here visiting with his mother, Mrs. Nell Hardin Campbell, and with other relatives and friends.

Mrs. Mary Ellis of Paris, Texas spent the past week end here visiting in the home of Mr. and Mrs. Tom Price and with other friends and attended to business matters.

Knox Prairie Philosopher Wants A Rain Making Job For The Nation; Could Collect Somewhere Every Month

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek won't get anywhere with his proposal this week but you can't blame him for trying.

Dear editor:

I was wandering around out here the other afternoon enjoy- ing in the Spring weather—ain't nothing that'll give a man a lift like Spring weather, outside of a government check in the mail box—when I picked up a copy of the Dallas News which some- body had wrapped a lunch in and which, don't make no difference if it is a big paper, ain't no more ant-proof than yours, but any- way I shook the ants out of it— sat down and read where the city of New York has hired a man for \$50,000 to produce rain to relieve the water shortage up there.

I notice the scientist who got the rain-making job says he can't guarantee to make rain every day, there'll be some days when he fails, some when he succeeds.

This seemd to suit those New York officials and they handed over their \$50,000.

I been thinkin. I believe I would be willin to undertake a rain makin job on that basis, not only for one city but for the whole country, and will do it for less money.

Of course like the New York scientist I can't be expected to

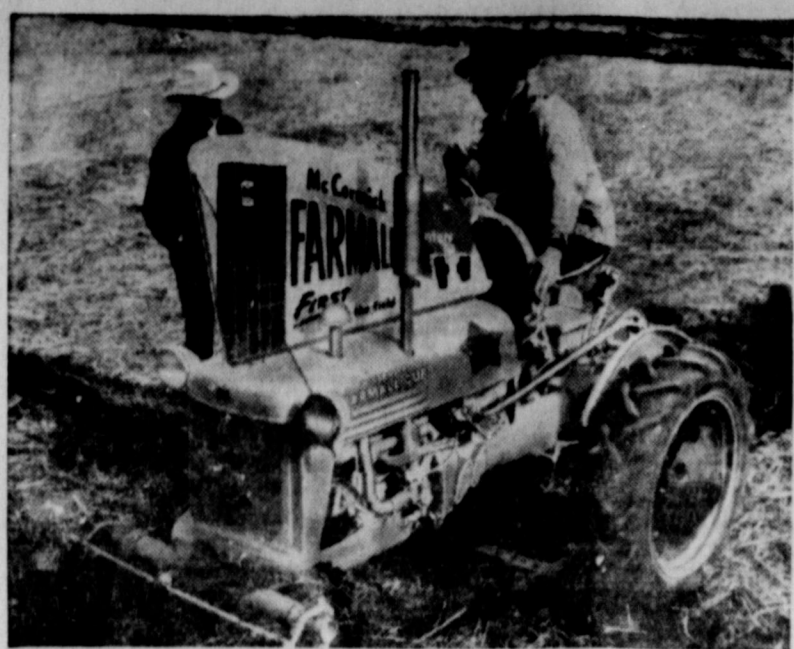

succeed every time, and when it doesn't rain, the country doesn't owe me anything, but when I do succeed and it does rain, I collect. Figure if I get the rain makin franchise for the whole country I ought to collect some- thing from some part of the na- tion nearly every month, maybe even every week.

The way it looks to me, it'll beat farmin all to pieces. If those New Yorkers have got that kind of money to spend I'd sure like to get in it.

Yours faithfully,
J. A.

Thos. M. (Tat) Bivins of Ben- jamin visited friends here last Saturday. Mrs. Bivins and little son spent the day with her sis- ter, Mrs. T. J. Partridge.

Mr. and Mrs. Ike Huskinson and son, Bill, of Wichita Falls spent last Sunday here, visit- ing with Mr. and Mrs. Bruce Burn- ett, and other relatives and friends.

Farmall tractors painted white, with gold stars, red wheels and a blue and red "teardrop" display over the hood, are being featured by International Harvester dealers throughout the nation during a special Mid-Century Farmall demonstration campaign. Part-time farmers; small, medium, and large-acreage farmers; vegetable and specialty-crop growers; and estate owners are all invited to ask their local IH dealer for a demonstration. The Farmall Cub, smallest of five Farmall tractors, is shown here with a direct-connected McCormick plow. Other Farmall tractors painted white for the campaign are the Super-A and C.

BOYCE HOUSE Gives You Texas

Some years ago, I saw in the capitol of Minnesota a statue of a colonel of the Civil War and the inscription said that he de- feated Stonewall Jackson. If the North had had a leader cap- able of defeating Jackson, he would have had a higher rank than colonel.

If that Minnesotan ever whip- ped Stonewall Jackson, it must have been in a fist fight.

An odd building is the Arcade in Brownwood. It is a block long and in front is a row of brick columns, supporting a roof that extends out over the sidewalks so that, even at noon, the side- walk is shaded. The building is divided into small shops and of- fices and they are cool on the hottest days.

"The Farmers' Wife" by James D. Farmer is quoted from the Mansfield News: The farmer's wife at early dawn Gets up and calls the men; She puts the children's lunches up And goes and sets a hen.

She milks a half a dozen cows, And then she peels the spuds; She does the washing, cooks the foods And sews the family's duds.

She plants the garden, pulls the

4-H Plaque Awarded To Hall County For Better Methods

The 275 boys and girls of Hall county who took part in the 4-H Better Methods Electric pro- gram last year had a hand in winning the handsome bronze and green plaque recently pre- sented to the County Extension Office by Westinghouse Educa- tional Foundation. Hall was se- lected by the State Extension Office by Westinghouse Educa- tional Foundation. Hall was se- lected by the State Club Office at Texas A & M College for do- ing the most outstanding job in the project. Every year one county in each state is given this recognition.

An increase of more than 200 homes in one year energized by electricity was revealed in a sur- vey of Hall county farm homes made by 4-H Club members, ac- cording to W. B. Hooser, County Extension Agent. Work done in the better method project has

weeds, Attends the ducks and geese; She makes the butter, sells the eggs, In winter, fries out grease.

She goes to town on Saturday— Her only recreation. She's written in the assessor's book: "Housewife—no occupation."

Will Rogers used to long for the good old days "when you lived until you died and not just until you were run over."

And he remarked, "I wish I could have lived my whole life then and drunk out of a gourd instead of a paper envelope."

done much toward educating 4-H'ers and their parents in the use of electricity, he declared. Typical jobs analyzed were wat- ering and feeding livestock, milking, drying threshed grain for storage, caring for pigs at farrowing, and brooding baby chicks.

A long list of household uses of electricity reported by club girls included cookin, sewing, preserving food, cleaning, wash- ing, ironing, clocks, radios, re- frigeration, and dehydration of foods. Both boys and girls were keenly interested in the program and acquired a basic knowledge of uses and care of electrical equipment. They also learned

how to make minor repairs, re- ported Mr. Hooser.

County medals were presented to 48 boys and girls throughout the state for individual accom- plishments in the project.

Name of the program has been changed this year to 4-H FARM AND HOME ELECTRIC. Westinghouse will continue to provide all awards offered in the project which include trips to

the National 4-H Club Congress in Chicago next fall and six \$500 college scholarships.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back. **CREOMULSION** for Coughs, Chest Colds, Bronchitis

Alvin Jungman And Miss Glenna High Marry March 6th

Mr. and Mrs. W. A. Jungman have announced the marriage of their son, Alvin, to Miss Glenna High, daughter of Mr. and Mrs. I. H. High of Seymour.

The couple exchanged vows in the home of Rev. George Julian, March 6th, at 4:00 P. M. in the presence of close friends, parents, brothers and sisters of both.

The bride was attired in blue crepe with white accessories. She wore an orchid corsage.

Miss Lois Gaines of Seymour, friend of the bride, served as matron of honor. She wore pink with white accessories and a gardenia corsage.

Herman Schumacher served as best man.

The night of the wedding, the couple was honored with a wedding supper, given by the parents of the groom in their home in the Rhineland community. Following the reception, the couple left for a short wedding trip.

Out-of-town guests for the wedding were Mrs. Ray Ford and Kay of Munday, Mr. and Mrs. W. L. Jungman and Richie, and Lambert Holub, all of Rhineland.

The couple will make their home on their farm northwest of Seymour in the Plainview community.

Club Reporters Hear Editor In Meeting Friday

Reporters of Home Demonstration Clubs of Knox County heard the views of Mrs. J. C. Branch, assistant editor of the Knox County Herald, on "What the Editor Wants", at the regular session of council March 24 at Benjamin.

Reports should be in the office early in the week since they are published Thursday. The reporter should be a reliable person whom the editor can call if he wants to make clear a statement. The five W's and the one H (what, where, why, when, who, and how) should be answered simply. Observe other reports the editor has written and try to follow his general system. Don't confine the stories to meetings. Emphasize aims, election of officers, demonstrations, and put "life and punch" into the report by quoting. Write names correctly spelled, as legibly as possible, and sign the reporter's name at the end of each story.

Mrs. J. B. Broach of Munday reported the conditions existing in the State Hospital at Wichita Falls and urged that they be bettered by contributing quilt scraps, feed sacks, sheet music, magazines, and sewing notions. Mr. Broach and Mrs. R. M. Almanrode attended the open house of the institution March 28th with sixty-five other visitors. Mrs. A. L. Cook, reporter

Guild Members Meet Monday With Mrs. C. P. Baker

The home of Mrs. C. P. Baker was beautifully decorated in the Easter motif last Monday when she was hostess to the Wesleyan Service Guild of the Methodist Church.

The rooms were decorated with Easter lilies and other seasonal flowers. Also Easter baskets with rabbits were used as decorations, and a red burning candle formed the background for a white cross.

Mrs. Baker served a buffet style dinner to all of the members and guests that were present.

Mrs. Oscar Spann led the group in prayer while Mrs. E. R. Ponder gave the scripture reading.

The main program was a lecture to the Guild by Mrs. Wayne Maddox, who lectured on her stay in Korea. Mrs. Maddox was dressed in the costumes the women wore in that country and showed Japanese kimonos and other wearing apparel that were styles of Korea. This was a very interesting talk and was enjoyed immensely by the group.

Following the program, a short business meeting with Mrs. Joel Massey, president presiding.

Guests at this meeting were Mrs. Moulton Wiggins, Mrs. S. E. McStay, Mrs. W. R. Moore, Jr. and Mrs. Wayne Maddox, guest speaker.

Members of the Guild that were present were Mrs. Robert Green, Mrs. Joel Massey, Miss Merie Dingus, Miss Ruth Baker, Miss Florence Gaines, Mrs. Bill Gaither, Mrs. Charlie Hapham, Mrs. J. C. Harpham, Mrs. H. R. Hicks, Mrs. L. L. Womble, Mrs. E. R. Ponder, Mrs. J. Weidon Smith, Mrs. A. H. Mitchell, Mrs. I. V. Cook, Mrs. Joe Bailey King, Mrs. Levi Bowden and Mrs. Oscar Spann.

Mr. and Mrs. Lewis Warren of Abilene spent the past week end here visiting in the home of Mr. and Mrs. A. B. Warren and Mr. and Mrs. Joe Duke and Jo Ann.

CARD OF THANKS

We want to express our deepest appreciation to our friends who were so kind and thoughtful during our recent sorrow.

The J. B. Scott family. 1tp

Ann Sothorn and Jane Powell portray mother and daughter in this technicolor production "Nancy Goes To Rio."

Trail Of Red Roses Has Followed Rev. Dick O'Brien In Southwest

Rev. Dick O'Brien, pastor of the First Baptist Church, Big Spring, Texas, knows there is always someone who will remember. An unidentified friend of the pastor's has strewn his clerical pathway with red roses.

Rev. O'Brien says the shower of roses started one Sunday in November, 1942, and has continued since.

He says his wife put a red rose on the pulpit one Sunday morning with a note which said, "Dick, do your best today." I mentioned the rose to the congregation and said I would preach with a red rose in my hand every Sunday if I could, because a red rose is my favorite flower, and holding it in my hand might keep me from using my hands in unnecessary gestures. Next Sunday, which was the last Sunday in November, 1942, a long-stemmed red rose from a flower shop was on the pulpit with a note, "From an unknown friend." And the rose has not failed since. It has reached me as far west as Albuquerque where I was in revival, and as far south as Port Arthur, Texas, and east as far as Pittsburg, Penn., and Lynchburg, Va. Last Sunday made 355 consecutive Sundays it has come.

On the first anniversary there were twelve red roses; on the second twenty-four, and on the third thirty-six, but after that there has been an extra rose for each year and as much money as a dozen per year would cost to be given to the orphan's home. Last November there were seven roses, one for the day and one for each year and thirty one dollar bills in an envelope. There is a note each year, written on a typewriter, and signed the same way, "The Unknown Friend." No handwriting to identify the sender of the roses.

WAS CURIOUS

"At first I was curious and speculated who the friend might be, but each one that I suspected has either died or moved away, and the rose still comes. I know it is not my wife or any other member of my family. Now I do not want to know who it is as something very sweet would be lost if I should find out. It could be any one of several hundred members, so I love

them all alike since it might be any one of them. The church has come to look for the rose as definitely as I do.

ALWAYS THERE

"One Sunday the florist had two weddings and two funerals, and the rose did not reach the church until a few minutes before I was to preach. The congregation was very nervous until a boy came down the aisle and placed the rose on the pulpit Bible. You could almost hear the congregation sigh as they settled back for the sermon. Nearly every banquet or other special occasion I attend in Texas, there is a red rose at my plate, or on the speakers' stand.

NATION-WIDE STORY

On the sixth anniversary the Associated Press sent a reporter and photographer. The story and the picture were carried all over the Southwest and in several northern and eastern newspapers.

There have been 355 Sundays but the grand total has reached 442 red roses from the "Unknown Friend."

Mr. and Mrs. Otis Simpson and Jams visited in the homes of Mr. and Mrs. Mac Haymes in O'Donnell and Mr. and Mrs. Clint Peterson in Lubbock last week end.

Mr. and Mrs. Ed Jetton and daughter spent the past week end in Waco visiting with Mr. Jetton's mother and with Mr. and Mrs. Dick Price.

Mrs. Chan Hughes Hostess To Baptist W. M. S. Members

Mrs. Chan Hughes was hostess to members of the Women's Missionary Society in her home on Monday, March 27, at 11 a. m., at which time the members held a Royal Service program and business session.

The program was on the topic of "Am I My Brother's Keeper," with the Jewel Smith Circle in charge.

The meeting was opened with the W. M. U. hymn, "Christ For The World We Sing." Devotional was led by Mrs. Bill Morris, and those taking parts on the program were Mmes. Andy Hutchinson, Wallace Reid and M. H. Reeves.

During the business session, roll call was answered by members giving ways of keeping up with their duties. Mrs. Huron A. Polnac, president, was in charge for the evening, and plans were made for the next meeting, scheduled for April 24. The 26 ladies were dismissed with prayer by Mrs. M. H. Reeves.

Mrs. Gollehon Is Hostess To Munday Club Wednesday

The Munday Home Demonstration Club met March 22 in the Study Club rooms with Mrs. J. C. Gollehon as hostess. Thirteen old members and two new members were present. The new members were Mrs. Ralph Weeks and Mrs. Raymond Hargrove.

Mrs. Nora Broach gave a report on her visit to the State Hospital in Wichita Falls. Mrs. Broach and Mrs. R. M. Almanrode, delegates from Knox County, were met at the hospital by about sixty other delegates from District III and were escorted through the hospital and grounds where they saw all the good and bad of the hospital. Mrs. Broach reported that the able bodied inmates were in need of quilt pieces and feed sacks. In working with these, their minds

CEMETERY ASSOCIATION TO MEET AT GOREE

Notice has been given of the regular monthly meeting of the Goree Cemetery Association. The meeting is to be held at the Lanningham Hardware store on Monday night, April 3rd. Everyone is urged to attend this meeting.

Forrest Daniell and Floyd Coffman of Littlefield were business visitors in Goree the first part of the week. Mr. and Mrs. E. W. Norris returned to Littlefield with them for a visit.

Mr. and Mrs. W. L. Stewart returned Tuesday from Sherman where they visited Mr. Stewart's sister, Mrs. Alma Jones, who has been quite ill

in a Sherman hospital. Mrs. J. E. Becknell and Mrs. Norris Price of Dallas are visiting Mr. and Mrs. Walter Price this week.

Mr. and Mrs. Clyde Taylor were Fort Worth visitors Sunday.

Mr. J. C. Morton was taken to a Wichita hospital Monday for medical treatment.

Mr. and Mrs. Evan Roberts of Memphis were week end visitors with relatives in Goree.

Mr. and Mrs. W. O. Barnett, Charlene Pobinson and Vickie Robinson spent the week end in Dallas.

Mr. and Mrs. John Goode were Wichita Falls visitors Friday.

Mr. and Mrs. Willford Kennedy visited G. W. Kennedy in a Wichita hospital Tuesday.

Philip Jones and son, Royce, Mr. and Mrs. Leo Jones of Sweetwater visited their mother, Mrs. E. J. Jones Sunday.

Mrs. Lee Bomar and family of Silverton visited her parents, Mr. and Mrs. J. C. Morton Saturday and Sunday.

Mr. and Mrs. Harold Jones and son, Jan, Jim Jordan and Lee Jordan were Wichita visitors Sunday.

Linda Joyce Lambeth, daughter of Mr. and Mrs. Vernice Lambeth underwent an appendectomy operation Tuesday in a Wichita hospital.

Home gardeners and in some cases commercial growers should try some of the new varieties of vegetables that are now being offered for the first time. Plant breeders are working continuously to improve and develop better and more productive crops. The new varieties are the result of this work.

Small but steady quantities of iodine are needed by the body for normal growth and development healthy skin and hair, mental alertness, physical vigor as well as preventative for goiter. The best source for this needed supply is "iodized" salt.

ROBERT S. CALVERT OF AUSTIN

Announces his candidacy for Comptroller of Public Accounts, an office he has held by appointment by the late Governor Beauford H. Jester since the death of Geo. H. Sheppard in January 1949.

Calvert, a veteran public servant, has served nineteen years as Financial Statistician and Chief Clerk in the Comptroller's Office which he now heads.

A native Texan, born in McLennan County and reared in Brown and Nolan Counties, Calvert is seeking his first elective term for the office of State Comptroller. He is a World War I veteran, a member of the American Legion, Veterans of Foreign Wars, the Lions Club, and the Masonic Lodge. He is a member of the First Christian Church of Austin where he is presently serving as Chairman of the General Board.

BENJAMIN NEWS

(Elda Purl Laird, Reporter)

Mr. and Mrs. Adrian West and family, of Fort Worth, were week end visitors in the home of Mr. and Mrs. Thomas R. West and family.

MAYOR'S PROCLAMATION

WHEREAS, the 17th Decennial Census of the United States will be conducted beginning on April 1, 1950; and

WHEREAS, all the inhabitants of the City of Munday are to be enumerated in this Census; and

WHEREAS, the information collected in the Census serves many useful purposes, among which are apportionment of representation in Congress and other legislative bodies, measurement of markets and purchasing power of communities and their inhabitants, allotment of certain Federal and State tax revenues and other financial aid to cities, determination of future needs for public utilities and services, and other useful purposes too numerous to mention here; and

WHEREAS, the accuracy and completeness of the census for the City of Munday will determine its population rank among the other communities of the country;

I DO HEREBY call upon every citizen of Munday to give his or her fullest cooperation to the Census enumerators when they call at our homes in April 1950.

DONE UNDER MY HAND AND SEAL, this 27th day of March, 1950 in the City of Munday, Texas.

Signed:
W. R. MOORE,
Mayor

Attest:
HARVEY LEE,
City Secretary

Mr. and Mrs. Earl Nichols were visitors in Bronco last week end.

New Garden Vegetables Are Now Available

Plant breeders have been busy during the past few years working to develop new and to improve existing varieties of vegetables for the home garden and the commercial grower. Tests have been completed on many and commercial seed producers have increased seed supplies to the point where they are now available for widespread distribution.

John E. Hutchinson, associate extension horticulturist of Texas A. & M. College, says many of the new varieties haven't been tested in Texas but in other areas have shown exceptional promise. He says the new bush bean, Top Crop, is such a variety. It is said to be a heavy yielder and is good fresh, can-

ned or frozen. Another new bush bean that has shown well in tests so far is the Contender.

A new pole bean is the Stringless Blue Lake variety. Home gardeners in areas where cabbage can still be set might like to try the new Early Round Dutch variety. Hutchinson says it has shown up good in trial planting in Texas. For the home garden only, he suggests a few hills of a new cantaloupe—Smith's Perfect.

Two new cucumbers are available. Earliest of all is a pickling variety and Palmetto is best for slicing and is mildew resistant. Excel is a new onion that was partially developed in Texas and in early trials has looked very good Hutchinson says. Pontiac, red, and Sebago, white are two new Irish potatoes. The Murff Bush Porto Rico sweet potato has been tested in field plantings in the state with good results.

A new squash which Hutchinson says is very good is called

Unconn. Two heat resistant tomato varieties are the Red Cloud and Summer Prolific. Both have been grown in Texas with good results. The newest tomato is called Sunray. It is recommended for home gardeners who want a wilt-resistant yellow variety. It has relatively few seeds, rather firm flesh, is medium in size and has the typical tomato shape—a slightly flat sphere. Sunray may be grown in home gardens in any part of the United States where other tomatoes are grown.

Hutchinson suggest that you try a few hills of the new Congo watermelon in the garden and it's also a good commercial variety, he adds.

Of course, concludes Hutchinson, you'll not be able to try all of these new varieties this year but if you have room in the garden for just a few of the more promising, give them a trial. Give them good care, control the insects and results should be good.

Car Condition Needs Spring Safety Check

Spring means housecleaning time to the housewife, but to the man of the house it should mean a safety checkup of the family automobile.

The National Safety Council says that poor vehicle condition is one cause of traffic accidents that could be completely eliminated.

Vehicles in need of mechanical repair were involved in 13 percent of all fatal accidents in 1948, the last year for which the Council has complete figures. This means that in about 3,700 accidents killing one or more persons an unsafe vehicle was involved.

1 of 3 Need Repairs Traffic experts estimate that

ALDRIN—NEW WEEVIL KILLER AVAILABLE

Insect control will reward cotton growers in 1950. A new chemical, ALDRIN, better known as Compound 118, reported to have given excellent control of boll weevil and other cotton pests last year in the Mississippi-Delta area, is available this year throughout the cotton

growing states. ALDRIN was thoroughly tested last year in the Delta where it gave spectacular performance against cotton pests at very low dosages. Only 1-4 lb. of ALDRIN in dusts at the rate of 10 pounds per acre gave excellent control of boll weevil, thrips, cut worms, cotton fleahopper, tarnished plant bug and rapid plant bug. No aphid build-up was reported and the addition of ½ lb. DDT to the ALDRIN spray or 5% DDT to the ALDRIN dust controls bollworm later in the season.

ALDRIN is especially fast-acting. The day following application of ALDRIN dust or spray, dead weevils in great quantity can be found around the cotton plants. ALDRIN is prominently mentioned in the U.S. D. A. Conference Report on Cotton Insect Research as an effective cotton insecticide and is recommended by

the State Plant Board of Mississippi for cotton pest control in 1950.

ALDRIN is especially fast-acting. The day following application of ALDRIN dust or spray, dead weevils in great quantity can be found around the cotton plants.

FARM NEWS

From the County PMA Committee

31 MILLION DIVERTED ACRES PROVIDE OPPORTUNITY

With the population of this county increasing at the rate of 2 million a year, the 31 million acres coming out of allotment crops in 1950 provides a real opportunity to do a soil stockpiling job.

This was Alvin V. McCormack's message to the Western Seedmen at their annual meeting at Omaha, Nebraska. Mr. McCormack is director of Production and Marketing Administration's Agricultural Conservation Programs Branch, U. S. Department of Agriculture.

"We can't afford to leave this land idle to wash and blow away and grow up to weeds," said the ACP head. "Neither can we afford to use it to grow crops which the government will have to take over or which will force the markets to an uneconomic level. We need the protection of grass and legumes—we need the humus and organic matter—we need the protein from the livestock production that goes along with pasture and hay."

To this end he called on the seed trade to help get more grass and legume seed produced

FOOD... through the ages..

Child vs. Bike? Parents Must Seek Answer

When is a child old enough to have a bicycle? That is a question parents must answer sooner or later and no one can answer it for them, according to the National Safety Council.

However, the Council offers a few guideposts to parents in connection with a nationwide traffic safety program for April, aimed at reducing traffic deaths and injury among children:

The safe age for bicycle use depends upon two things:

THE CHILD—How thorough has his safely training been?

Has he had safety instruction at school and at home? Have you taught him good pedestrian habits? Has he proved that he is aware of the dangers of street traffic? Does he obey your instructions in other things?

THE PLACE—Do you live in a quiet street, with little traffic, or on a busy thoroughfare? Do you live in the city or a small town? Is police control good

and are drivers generally careful and observant? Will you limit the bike to off-the-street use until you are confident of your child's ability and attitude?

Once the decision is made to permit a bicycle, parents should make sure the one purchased is the proper size, the Council says. Then set down your rules of conduct and enforce them.

Age Guide Given

Depending upon the nature of the child and the place of residence, this is the Council's general guide for parents in buying a bicycle:

5-7 year—The 20-inch bike. Residential off-the-street use only. Teach the child to dismount and walk the bike across streets. Use this period for training and observation of skills.

8-10 Years—The 24-inch bike. Limited riding on quiet residential streets. Train carefully in keeping to the right, riding in single file, signaling turns, using bell, avoiding tracks or ruts, observing traffic rules, riding from driveways, watching for opening doors of parked cars, using carrier for packages.

11 Years and Older—The 26-in. bike. Full freedom except on heavily-traveled arterial streets. Strict penalties should be imposed for stunting in the street carry extra passengers, hitching around behind vehicles or riding at night in traffic.

C. K. ELLIOTT is in attendance at the meeting of Texas Employment Commission. He is one of a group of fifteen over Texas chosen as consultants to the Employment Commission.

Mr. and Mrs. A. L. Smith and boys spent the past week end in Waco visiting with Lendol and Gwynna Lee Smith who are attending Baylor University.

children of Plainview visited in the home of Mr. and Mrs. M. C. Hallmark and other friends over the week end.

Mr. and Mrs. Dan Billingsley and son, Jerry returned to their home in Odessa last Wednesday after spending several days here visiting in the home of Mr. and Mrs. M. F. Billingsley and with friends.

Have Your Planting Cottonseed Completely Delinted

(Kemgas Process)

SAVE—Approximately half of your planting seed.

SAVE—Time, fuel, wear and tear by planting 25 percent more per day.

SAVE—On chopping expense.

PROFIT—By faster germination with less moisture.

PROFIT—By being able to plow cotton earlier, as kemgas delinted and treated cottonseed grows off quicker.

PROFIT—By more lint yield per acre.

These are just a few reasons for planting delinted cottonseed. For further information contact...

We Specialize in Custom Delinting

HUMUS A KEY TO GOOD SOIL

"Keeping humus at a high level means larger crops and larger crops mean more residues result in more humus. It is a merry-go-round that we must not break down," says Dr. Franklin L. Allison of the U. S. Department of Agriculture.

To help keep up this merry-go-round of continual improvement that is so important in soil conservation, Dr. Allison cites the results of recent experiments. Adding nitrogen at the time crop residues are turned under checks the drop in yield which otherwise occurs following the turning under of crop residues. From 6 to 12 pounds of nitrogen for each ton of residue is enough. If more nitrogen is to be applied, it should be put on only a short time before the next crop is planted.

The humus from green manure and cover crops lasts almost as long as that from other sources. Many assume that humus from green manure disappears within a few weeks.

Experiments also indicate that when humus combines with the extremely fine particle in clay soils the resulting more granular soil is fairly stable.

Insect Control Will Increase Your Pecan Production

Control and management of your pecan tree is not without insect control. Even with the right variety growing in good soil, you may lose a pecan crop or have the growth of the tree checked by attacks of uncontrolled insects, says J. E. Hutchinson, associate extension horticulturist of Texas A. & M. College.

Here are the chief bug threats to your pecan tree and Hutchinson's recommendations for controlling them. The obscure scale, he says, is a small insect that is covered with a circular waxy scale and is ashy gray in color. They are found on the tree bark and they feed on the juices of the tree. It can be controlled by using 3 percent dormant oil spray. This spray

should be used only when the tree is completely dormant.

The pecan phylloxera or gall insects the bug that makes the little green balls or galls on the new leaves in the spring. The galls contain the white, wingless, gnat-like insects. He says they cannot be controlled after the gall or ball is formed. If they were present last year, then a 3 percent dormant oil spray applied during the dormant season will give control when used in combination with a second spraying in the spring. Apply this one when the leaves are about one-third grown and use one pint of blackleaf 40 and one quart of summer oil per 100 gallons of water.

Aphids or plant lice, he says cause two types of damage to pecans. They suck the juice from the leaves and secrete honey dew on leaves and this causes the leaves to shed. Satisfac-

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN—The Texas State Department of Health's program of teaching food handlers sanitary methods of preparing and serving food continues to be very popular, according to Dr. Geo. W. Cox, State Health Officer. It is one method of attack on that great group of respiratory diseases which include influenza, scarlet fever, measles, whooping cough and the common cold, the viruses of which are spread from person to person by the excretions of the nose and mouth.

Restaurant sanitation programs have become more necessary because of changes which have taken place in our national eating habits. Once upon a time it was customary for most people in Texas and in the U.S. A. to eat three meals a day at their own table. To "eat out" was an unusual and exciting event. Now all the family, including the baby, eat out.

In this constant mingling of people to eat and drink there exists a vast and complicated arrangement perfectly designed for exchange of saliva via cups, glasses, spoons, forks and fingers that go in and out millions

days from and after the time established for opening bids. Each proposal, to be eligible for consideration, must be accompanied by a certified check or Bidder's Bond, in the amount of five per cent (5%) of the total amount of the respective proposal, to insure the Owners against loss occasioned by the Bidder's failure to execute a contract if awarded or to furnish satisfactory Contract Survey.

The successful bidder will be required to enter into a contract with Knox County Commissioner Court, which will contain provisions requiring the contractor to comply with all state laws, including, wage scales and hours as required by House Bill No. 45, Acts of 43rd State Legislature.

The right is reserved, as the interests of the Owner may require, to accept any or reject all proposals, or to overlook any irregularities or informalities in any proposals received.

KNOX COUNTY COMMISSIONERS COURT
By J. B. Eubank, Jr.,
County Judge

of mouths. There are few hours in the day in any community when these vectors of respiratory and other diseases are not busy.

The prime purpose of restaurant sanitation is to have all dishes and utensils sterilized and to have all those who hand-

le food understand and practice restaurant sanitation every day and all the time.

The public in every community needs to be concerned about the cleanliness of its public eating places. You can help by demanding cleanliness in the places you eat.

From where I sit... by Joe Marsh

"Curfew Shall Not Ring Tonight"

Our ten o'clock curfew lasted for 50 years, but the town council voted it out. I dropped in at the meeting in Town Hall last week just in time to hear Smiley Roberts.

"The curfew is old-fashioned," says Smiley. "We ought to be grown-up enough by now to behave like grownups. Seeing to it that our kids get to bed is the responsibility of each family." Then Judge Cunningham adds, "Most of us are in bed when the curfew horn blows anyway. It wakes me up just when I'm getting to sleep!"

What the Judge said was good

for a laugh, but Smiley just about summed up how folks think in this town. We believe that the democratic tradition of "live and let live" is the only way to live.

From where I sit, it's not the American way to regulate your life by a horn—any more than it's right to criticize my caring for a temperate glass of beer now and then. Think what you wish, say what you wish, but don't ask your neighbor to do exactly as you do!

Hundreds Tell Bob Wills Of Hadacol's Numerous Blessings

Hundreds of folks, who are benefiting every day from taking HADACOL meet at the Trianon Building in Oklahoma City where Bob Wills, famous band leader, and his Texas Playboys broadcast each noon for HADACOL.

"It looks like all my fans are getting wonderful benefits from HADACOL," said Wills. "It is a real pleasure to broadcast for HADACOL because the folks taking HADACOL are so enthusiastic that I feel like I am performing a real service for mankind."

Hundreds have told Wills of the blessed benefits of HADACOL and the following statement by Miss Betty Lou Lobb, 720 College St., Bethany, a well known singer, is a good example.

"I was tired, run down and lost my appetite. I suffered with gastric disturbances. I had tried almost everything but it didn't seem to help me. I had heard about the wonderful results HADACOL had been bringing to so many of my friends. Soon after taking HADACOL I was feeling much better, had no gastric disturbances and had a wonderful appetite. I am no longer nervous. I am sure that HADACOL has helped me a great deal and I recommend it to my friends."

Miss Lobb suffered with a deficiency of B Vitamins and important Minerals which HADACOL contains.

A lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances. . . . Your food will not agree with you. . . . You will suffer from heartburns, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the symptoms and signs of the lack of the

Bob Wills Hears About HADACOL'S Blessings

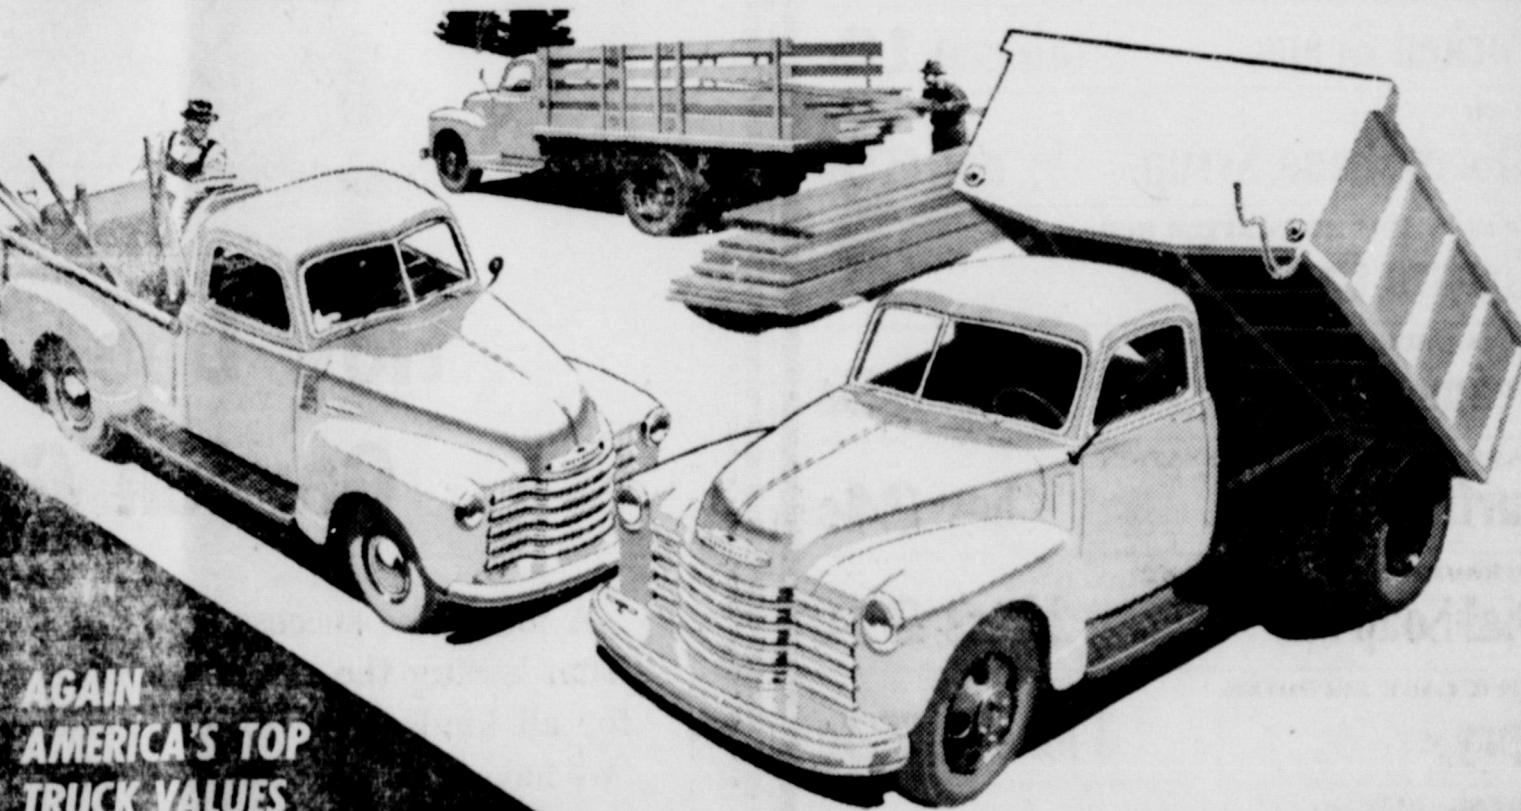

Bob Wills, famous western music band leader, loves to talk with his fans at the Trianon Building auditorium in Oklahoma City about the blessings of HADACOL. In the picture above Miss Betty Lou Lobb, 720 College St., Bethany Okla., a very promising young singer, tells Bob how HADACOL has helped her. Hundreds of folks who are obtaining rich blessings from the precious B Vitamins and Minerals in HADACOL visit Wills each week for his network broadcast, which is originated from KBYE, Oklahoma City, Oklahoma's western music station, and sent over a leased wire to stations, KRMG, Tulsa; KWHN, Fort Smith; KGLC, Miami, Oklahoma; KLYN, Amarillo, and KWFT, Wichita Falls.

B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and the Minerals which your system lacks.

HADACOL contains not only one, but 5 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

It is easy to understand, therefore, why countless thousands have already been benefited by

this amazing tonic, HADACOL. So, it matters not who you are . . . it matters not where you live . . . or if you have tried all the medicines under the sun, give this wonderful preparation a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives again because HADACOL supplied the Vitamins and Minerals which their systems needed. Be fair to yourself. Give HADACOL a trial. Demand the genuine HADACOL. Accept no substitutes.

13th District Legion Meeting Set Saturday

WICHITA FALLS — Legionnaires from the 30 American Legion posts in the 13th Congressional District will meet here Saturday and Sunday, April 1 and 2 for their annual Spring convention, Tom Wheeler, Vernon, 13th District Commander, has announced.

Outstanding entertainment and program features have been arranged for the two meetings, Commander Wheeler states. Registration for both the American Legion and the Auxiliary will start at 1 o'clock Saturday, April 1st at the Kemp Hotel. Local Legionnaires have arranged a surprise entertainment feature from 8:30 o'clock Saturday evening until the "wee sma' hours" of the following morning.

Sunday, the business sessions

TOM WHEELER

of the convention will be held at Southwestern University. This will begin with a band concert at 8:30 o'clock Sunday morning by the 13th District American Legion Band. At 9 o'clock a joint session of the

American Legion and Auxiliary will be held. Commander Wheeler has called a recess from 10:45 o'clock until 11 o'clock following the joint session.

At 11 o'clock the annual memorial service will be held and will be in charge of candidates for the office of chaplain. Lunch will be served at noon until 1 o'clock. At that hour the band will give a half hour concert. Beginning at 1:30 o'clock separate business sessions of the American Legion and Auxiliary will be held.

Bobby Gray, who is attending N. T. S. C. in Denton, spent the past week end here visiting his parents, Mr. and Mrs. Hoyt Gray, and other relatives and friends.

Mr. and Mrs. Chester Bowden were Sunday visitors in the home of their daughter and son-in-law, Mr. and Mrs. Jerry Edwards, in Abilene.

Gene Harrell and Toby Lane attended a General Electric sales meeting in Fort Worth the first of this week.

H. E. Sharp was a business visitor in Fort Worth and Dallas the first of this week.
