

Kracker Krumb's Odd Bits Salvaged At Random

Eight dollars an acre is cheap dirt. We may have an opportunity for one of the greatest things this section of the country has ever had.

That's the opinion expressed at a meeting here last Tuesday by a number of people.

They were talking of the possibility of going ahead with the Bob Baskin Dam for irrigation purposes.

But there were a lot of questions regarding the matter that couldn't be satisfactorily answered at this meeting.

Details will be worked out, some of these questions answered, and then the matter taken to the people.

One thing was pointed out in particular, however, that is that the present plans do not call for voting an irrigation district, and that there will be imposed no tax levy or bonded indebtedness upon anyone in this area.

The government proposes to build the dam and pay for it out of the irrigation charge. This is estimated at about \$8 per acre for the land to be irrigated.

And those in the group, a number of whom were farmers, agreed that this was dirt cheap.

Anyone, they said, would give eight dollars an acre to have the right amount of water on his crops at the right time.

Lubbock County, they said, can produce 100,000 bales of cotton in one season without an inch of rainfall.

I'd pay for the irrigation cost myself if my tenant will just put it on the crops, said one of those present.

The proposed dam would impound more than 300,000 acre-feet of water, according to the engineers.

There would be 40,000 acres of farming land that could be irrigated by natural flow from the lake, by canal system, they reported.

The committee went on record as favoring a continued study of the project with some of those vital matters pertaining to irrigation contracts, etc., worked out in detail.

S. N. Reed of O'Brien is highly in favor of the irrigational waters. He's chairman of the committee and presided at the meeting.

Others who showed interest are Bob Speck of Rochester, Ancil Waldrip of Knox City, and, of course, John A. Couch of Haskell, who is president of the Bob Baskin Dam Association.

Dr. T. S. Edwards of Knox City said we'd been working on the Bob Baskin Dam since 1916. He thought the project feasible from an irrigation standpoint.

Engineers report the waters from the Double Mountain Fork of the Brazos River are suitable for irrigation purposes.

The lands that would be irrigated lie in Haskell, Knox, Stonewall and King counties. A big portion of it is in our own county of Knox.

"We've just about reached the end of our expansion and advancement until we have water," said one of those present. "There's no limit to our possibilities with plenty of water."

Some pertinent questions the group wants answered are such as the following:

How many acres out of the possible 40,000 acres must be signed up for irrigation before it is feasible to construct the dam?

For how long a period must a (Continued on Last Page)

To Speak At Silver Tea

Rev. R. L. Butler, above, in a native Holy Land costume, will speak on his trip to the Holy Land at a silver tea to be held at the First Methodist Church in Munday on Monday evening April 24, at 8 o'clock.

The tea is being sponsored by the Wesleyan Service Guild, and the entire public is cordially invited to attend.

Bullion Seeks Re-election As Commissioner

C. A. Bullion, commissioner of Precinct 3, Knox County, Texas, has authorized the Munday Times to announce his candidacy for re-election to this office, subject to the action of the voters in the coming primaries.

"I have tried to make our county a good commissioner," Mr. Bullion said, "serving to the best interests of my precinct and county to the best of my knowledge and ability. If re-elected to this office, I pledge another term of the same type of faithful service. Your vote and influence will be deeply appreciated."

Bids Asked For Quarters To House Local Post House

Proposals are being solicited, to be received in the office of Post Office Inspector D. C. Jer-nigin at Fort Worth, up to and including May 13, 1950, to furnish suitable quarters for post office purposes at Munday under a lease agreement.

Around 1700 square feet of space is desired, on which the post office department would institute a five-year lease or ten-year lease from April 1, 1951, it was stated.

General building requirements, etc., may be obtained from the local postmaster or from the post office inspector at Fort Worth.

\$47,000.00 In Dividends Paid Co-op Members

Reflecting a successful ginning season was the annual statement of operations of the Farmers Co-operative Gin which was presented last Saturday at the annual meeting.

Dividends amounting to \$3.00 per bale—a total of approximately \$47,000—were paid customers of the gin at this meeting.

During the business session, a new board of directors was elected for the coming year. New directors are Lonnie Offutt, G. W. Hawkins, B. E. Smith, James Gaither and Howard Myers. The new board will be organized in the near future.

Directors whose terms expire are: C. N. Smith, Moody Johnson, F. A. Warren, Buck Myers and Wallace Reid.

Mr. and Mrs. Jim Price and son, Ronnie James, of Fort Worth spent their vacation in the home of Mrs. Price's parents, Mr. and Mrs. T. A. Walker.

Knox County Hospital Notes

Patients dismissed from Knox County Hospital since last Monday, April 10th:

Mrs. Mike Lopez, Munday; Mrs. J. W. Green, Knox City; Mrs. O. T. Lawson, Knox City; Mrs. John Henderson, Knox City; Emma A. Mitchell, Rochester; Mrs. Manuella Rios, Munday; Mrs. W. L. Ballard, Rochester; Mrs. C. L. Adams, Rochester; Mrs. Edgar Griffin, Munday; Griffin Baby Boy; Mrs. Mrs. Lester Kinnibrough, Vera; E. Cunningham, Munday; Mrs. Odie Brown, Rochester; Mrs. B. Hendrix, Knox City; Hendrix Baby Girl; Oweta Hoge, Throckmorton; Willis L. Pack, Knox City; Mrs. W. D. Hurd, Vera; Mrs. J. C. Wallace, Munday; Wallace Baby Boy; James Sanderson, O'Brien; Eugene Jones, O'Brien; R. E. Adams, Grand Prairie; R. D. Woods, Sweetwater; Mrs. Howard Peek, Goree; J. C. Angle, Knox City; Jean Cornett, Knox City; Jerry Cornett, Knox City; Charles Trainham, Vera; Mrs. J. L. Daughtry, Rule; Aubry Carter, O'Brien; Mrs. E. C. Struck, Munday.

Patients admitted to Knox County Hospital since Monday, April 10th:

Mrs. Ed Lane, Munday; Mrs. Dave Eiland, Munday; Mrs. S. L. Boyston, Knox City; Mrs. I. W. Dial, Rule; Mrs. Milton Bradberry, Knox City; Mrs. Minnie Olson, Gilliland; Mrs. Love-lady, Benjamin; A. Coyle, Munday; Mrs. J. E. Logsdon, Knox City; J. J. Oates, Rochester; Mrs. Joe E. Morrow, Munday; Mrs. Rosie L. Edwards, Munday; Mrs. W. H. Benedict, Knox City; R. J. Davis; Mrs. Anetia Sanz, Knox City; B. B. Benton, Knox City; Mrs. S. E. Williamson, Munday; Mrs. Sarah Hobson, Knox City; O. C. Parker, Jr., Munday; Mrs. Ed Helms, Knox City; Mrs. J. J. Baptist Ladies Sending Eggs To Orphan's Home

The ladies of the First Baptist Church of Munday are sending cases of eggs to the Buckner Orphan Home in Dallas, and everyone is asked to help out and bring eggs to the church next Sunday.

There will be cases at the church Sunday for this purpose and for the ones not bringing eggs Sunday, there will be cases at Blacklock Grocery, Banner Produce and on the porch of the Baptist parsonage during next week, however, everyone is asked to please bring them as soon as possible so that the shipment may be made to Buckner Orphan Home.

Future Farmers Project Show Is Set April 29th

The Munday Future Farmers will hold their annual project show on the city hall lawn in Munday on Saturday, April 29, beginning at ten o'clock. J. L. Leach of Texas Tech, Lubbock, will do the judging.

The show is being sponsored by the Community Development Association of Munday, and an attractive list of prizes will be awarded winners in the show.

There is some effort being made at this time to plan for the construction of a show barn so all shows of the county might be combined and let one show take care of the needs of Knox County.

The show for April 29 will be for the Munday Future Farmer boys only.

EARL R. PONDER, V. A. teacher.

Make every day in 1950 a safe day on your farm.

GEORGE (Cotton) MOFFETT

Friends Place Sen. Moffett Up For Re-election

Friends of State Senator George Moffett of Chillicothe, Hardeman County, often called "Cotton" George because of his persistent efforts to develop new uses for cotton, have authorized the placing of his name in our announcement columns as a candidate for re-election to the State Senate.

Senator Moffett is the first native of this district to represent it in the State Senate at Austin. He has become widely known as a hard working independent thinking member who strives for the best interests of the State and the people of the district he represents. He is a graduate of Texas A. & M. College, a veteran of World War I, and now operates his father's farm in Hardeman County.

Even though not a lawyer, he has been the author of more amendments to the State Constitution than any other member of the Legislature, some of which are of special benefit to the smaller cities and towns and rural communities. At the recent short special session of the Legislature, he sponsored the rural telephone bill in the Senate. He plans to issue a platform statement at a later date.

Mrs. Olivia Wall Dies At Greenville

Mrs. M. L. Barnard, Mr. and Mrs. J. B. Justice of Goree, and Mrs. Jim Gaines were in Greenville the first of this week to attend the funeral of Mrs. Barnard's sister, Mrs. Olivia Wall.

Mrs. Wall suffered a sudden attack in a Greenville store Saturday and lived only about two hours. She was a native of Wise County, having been born April 9, 1902. She was married to O. L. Wall in Knox County in 1920, and they moved to Hunt County some ten years ago.

Besides her husband, she is survived by a son, Roy L. Wall of Greenville; a daughter, Mrs. Joe H. Seales of San Antonio; her parents, Mr. and Mrs. J. H. Bilbrey of Goree; three brothers, Lavell Bilbrey of Sundown, Glenn Bilbrey of Brownfield, and J. S. Bilbrey of Wichita Falls; four sisters, Mrs. E. A. Coffman of Goree; Mrs. Barnard of Munday, Mrs. J. B. Justice of Goree and Mrs. Jim Gaines of Munday.

Funeral services were held at 10:30 a. m. Monday, with burial in the Greenville cemetery.

Contributions To Red Cross Exceeds Quota For County

Knox County people contributed to the Red Cross annual membership drive far in excess of the quota set for this county, according to County Judge J. B. Eubank, Jr., county chairman. Donations and quotas for the communities were given by Judge Eubank as follows:

Table with columns: Community, Donation, Quota. Total: \$2,294.10, 1,468.00

Funeral For August Fetsch Held Tuesday

August I. Fetsch, well known Knox County resident, passed away on Sunday morning, April 16, at the home of Mr. and Mrs. Frank Knapp, with whom he had been making his home during the latter part of his life.

A native of Austria, Mr. Fetsch was born on July 30, 1876 and was 73 years, 8 months and 16 days of age. He came to this county a number of years ago and had been engaged in farming here.

Surviving him are two brothers, Frank Fetsch of Statton, Colo., and Ferdinand Fetsch of Rhineland; three sisters, Mrs. Katie Werwich, St. Louis, Mo.; Mrs. Rosie Wodohozky, Dickens, Mo., and Mrs. Theresa Brossman of Hallsville, Texas.

Funeral services were held from St. Joseph's Catholic Church at Rhineland at nine o'clock last Tuesday morning, being conducted by Rev. Fabian Diersing, O. S. B., pastor. Burial was in St. Joseph's cemetery under the direction of Mahan Funeral Home.

Nephews served as pallbearers. They are Albert and Leo Fetsch, Paul Fetsch of Muenster, Felix Fetsch of Littlefield, and John and Fidelis Fetsch.

Another Oil Strike Reported In Goree Area

Clay Underwood of Wichita Falls, who is drilling in the Goree area, has opened a new Tannehill sand field in his Earl Wisdom tract in section 216, block A, BBB&C survey, according to reports made the latter part of last week.

This is a wildcat 6 1/2 miles northeast of Goree. Formation encountered at 1690 feet is reported to have shown good saturation to 1705 feet.

Pipe was set and when the plug was drilled considerable oil rose in the hole several hundred feet. Operators placed the discovery on the pump with a reported production of 50 barrels daily. Location of the No. 2 Wisdom was staked 350 feet south and 75 feet west of the No. 1 producer.

Machinery Set Just south of the Knox County line, machinery was set and drilling operations begun on the A. J. Bankhead No. 1 C. R. Elliott well, a 5300-foot wildcat. Texas Pacific Coal and Oil Co. No. 1-A Louis Cartwright, four miles southeast of Munday, was drilling below 4,426 feet during last week.

Mrs. Clyde Pierce, Jr., and daughter of Dallas are visiting with Mrs. Pierce's parents, Mr. and Mrs. Ardell Speice, this week.

Sensational Singer To Appear in Texas

Ljuba Welitch, reigning soprano of New York's Metropolitan Opera Company, will make her first American operatic tour this spring. Her only appearance in the South-east will be in Dallas Saturday night, April 29, singing "Tosca" at State Fair Auditorium. Mme. Welitch, who came to this country a year ago, has been hailed as the most sensational new musical discovery of this generation. Other operas in the Dallas Metropolitan season will be "The Elixir of Love," Friday night, April 28; "Faust," Saturday matinee, April 29; and "Samson and Delilah," Sunday matinee, April 30.

Expert Care

A seriously injured accident victim receives first aid from Red Cross-trained highway patrolmen. Police man many of the 16,000 mobile first aid units on our highways.

Ground Breaking Ceremony Held

Ground breaking ceremonies, officially beginning construction of the new First Methodist Church in Munday, were held last Sunday evening at seven o'clock, preceding the closing service of the revival meeting.

The brief program consisted of two songs, prayer by M. L. Wiggins, chairman of the Board of Stewards, and a short talk by W. R. Moore, chairman of the building committee, in which he complimented the splendid spirit shown by so many members during the recent money-raising campaign.

The group then assembled on the church lawn, and the first shovels of dirt were turned up by Mr. Wiggins, Mr. Moore and Rev. R. L. Butler—and then the rain came, driving the congregation to shelter.

Equipment is being moved on the grounds this week, and demolishing of the old church is expected to begin next week. Next Sunday will be the final day of worship in the old building.

F.F.A. To Sponsor Parent-Son Banquet Thursday Night

Thursday evening at 8 o'clock in the school lunch room, the Munday Future Farmers are holding their annual banquet. This is the first time they have given a parent-son banquet. Heretofore, it has been a father-son banquet.

But the boys, after talking the matter over, decided that mother was quite a bit of help along life's way, and needed a little honor, too. So this year, both mother and father will be honored.

Speakers at the banquet will be Mr. O. T. Ryan, vocational agriculture supervisor for this area; Elbert Steels, vocational agriculture teacher at Throckmorton; Doyle Whitaker, Texas FFA vice-president and Area I officer, and Supt. W. C. Cox.

TOURNEY POSTPONED

The "Sweepstakes" tournament planned for next Sunday at the Munday Municipal Country Club has been postponed until Sunday, April 30. Local golfers are showing a great deal of interest in this tournament.

HAS OPERATION

A. H. Mitchell, manager of the local West Texas Utilities office, entered a Wichita Falls hospital last Sunday and underwent an operation Monday morning. Reports coming from the hospital are to the effect that "Mitch" is getting along nicely.

Weather Report

For the period of April 13th through 19th, as compiled by H. P. Hill, U. S. Weather Observer.

Table with columns: Temperature (Low, High), Rainfall (this week, this year, to this date, 1949, since Nov. 1949).

Rains Increase Prospects, Bring About Smiles

Those long faces of last week quickly changed to smiles that gave facial muscles good exercise!

The reason—good rains over all of the county and a large portion of the state.

They boosted prospects for a fair wheat crop, which, for a time, appeared to be a near-failure. They added the needed moisture for spring planting and brightened hopes for a good crop. Knox County will likely produce again this year.

Farmers are buying seed, delimiting seed, selling seed, fixing up machinery, getting ready for work in earnest.

It all began Wednesday of last week when .52 of an inch fell here. This was boosted by another heavy shower Thursday morning.

Rain clouds took a rest Friday, but brought more rains through Saturday and Sunday. By Monday morning the official report was 2.27 inches. Tuesday night another light rain, accompanied by considerable hail, brought another .09, making the total for this period 2.36.

Reports from over the county are that most communities received better than two inches and around three inches.

Contract For County Jail Is Let Tuesday

Construction of Knox County's new jail is expected to begin within the near future, as contracts for constructing and equipping the jail were let Tuesday at a special meeting of the Commissioners' Court.

Six contracts were made by the court, at a total figure of \$65,155.68. They are as follows:

General contract, Chris Jones, Stamford, \$27,787.53. Plumbing, Carson Plumbing Company, Stamford, \$6,220.00. Electric work, Electric Service Company, Quanah, \$1,743.00. Jail Equipment, Southern Steel Co., San Antonio, \$27,950. Water heaters, wall heaters and vent heaters, Lone Star Gas Co., Seymour, \$1,454.95.

Munday FFA Teams Make Good Showing In Judging Contest

Saturday, April 15, E. R. Ponder and his six judging teams went to Texas Tech to bring back a good showing for the Munday F. F. A. chapter.

Two teams placed for the State judging contest to be held at A. & M. College on May 6. These are the dairy and meat judging teams. Both teams won eighth place to qualify for the State contest, and the dairy team won second and the meat team fourth place for Area I.

Teams making the trip are as follows: Dairy—Slick Myers, Bobby Lawrence and Troy Lowrance. Livestock—Melburn Johnston, Junior Howeth and Glen Hemson.

Crops—Homer Lowrance, James Amerson and Scooter Ford. Meats—Don Johnson, Norman Gaines and Lee Bowden.

Cotton—James Simpson, Kenneth Hendrix and Edwin Quintero.

Poultry—Omer Yarbrough, Paul Qualls and J. C. Daniels.

BOY TO PEARSONS

Announcement has been received that Lynn Edward, 6 1/2 pound boy, arrived at the home of Mr. and Mrs. Joe Merle Pearson of Portland, Ore., on March 28th. Mrs. Pearson, the former Betty Sue Stevenson, is the daughter of Rev. and Mrs. S. E. Stevenson of Goree.

HOME FROM HOSPITAL

G. H. Beaty was brought home from a Wichita Falls hospital the latter part of last week. He had been under treatment there for some ten days, and is reported to be improving.

Act of Congress, March 2, 1879.

### OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmerton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Hefner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

### THE COUNTRY PRESS SAYS:

**HUMBOLDT, IOWA, REPUBLICAN:** "According to figures, 70 percent of our population when they reach maturity, have the intelligence of a 14-year old child; 16 percent have normal intelligence; 9 1/2 percent have high intelligence and 4 1/2 percent have very high intelligence. We wonder . . . which group compiled the figures."

**HOPKINS, MINNESOTA, SUBURBAN PRESS:** "Why was Representative Rankin compelled to loose that awful blast against Albert Einstein, whom most of us think of as a great scientist? Could it be that the elderly scientist's theory of relativity disproves the administration's theory that we can have more by producing less?"

**ELWOOD, INDIANA, CALL LEADER:** "It remains that every one of us has found pounded into us the statesmanship of George Washington, Thomas Jefferson, Abraham Lincoln, Andrew Jackson and others of their days. Yet, for one reason or another, the majority votes we have been casting have been against the principles of all these men."

**CATSKILL, NEW YORK, ENTERPRISE:** "In defending the case of miners, Lewis referred to them as victims of slavery . . . Since when did anyone earning \$12 to \$14 per day come under the classification of slaves anyway?"

**BRIDGEWATER, MASSACHUSETTS, INDEPENDENT:** "Socialized medicine is just one step in a planned economy where government takes over certain key functions and controls all the rest."

**WINSLOW, ARIZONA, MAIL:** "In these United States, where the people are permitted to be informed, are permitted to bargain collectively, and may, by contract, establish, improved working conditions, it seems entirely unnecessary to take steps to bring . . . any . . . American industry, under government management, and

### Uncle Sam Says

"Save for your Independence" is a truism today just as it was 200 years ago. The Liberty Bell, which is the symbol of the 1850 U. S. Savings Bonds Drive May 15-July 4, symbolizes all of the characteristics which made this country strong. Of these essential virtues, thrift is one of the most outstanding. Your investment in Savings Bonds will mean future financial security as they return \$4 for every \$3 in ten years. Start "Your Own Financial Independence" today. U. S. Treasury Department

eventual government ownership." **JEWELL, IOWA, RECORD:** "Norman Thomas . . . one of the three speakers on 'America's Town Meeting of the Air' on January 24th opened his talk with this categorical statement, 'What is the difference between socialism and social welfare; in effect they are synonymous.'"

### LEAVE WELL ENOUGH ALONE

Lieutenant General Ernest O. Thompson, senior member of the Texas Railroad Commission, has said that the future security of the United States is imperilled by the proposal of the Treasury Department to slice the oil industry's depletion allowance from 27 1/2 to 15 percent. He pointed out that "our expanding economy depends upon the continued discovery in this country of new oil deposits," and stated that any change in the present depletion allowance will remove the incentive and "almost stop" these essential discoveries.

The reason for an adequate depletion allowance for the oil industry is simple. To find new oil, wells must be drilled—and \$1 out of each 100 exploratory wells turn out dry. The drillers must go down from 10,000 to 12,000 feet in their search, and the cost of a worthless dry hole may be as much as \$500,000. The depletion allowance is a necessary help in meeting these costs.

To quote General Thompson again, "It does not seem wise economy to disturb the present system which has built up a daily reserve oil producing ability here at home of 700,000 barrels per day since 1945. Left undisturbed as the law now stands on depletion, the oil explorers will find the needed reserves for our expanding economy and for the national defense. It is a pretty sound idea to leave alone a plan that is getting the job done so well."

Oil is one of the biggest tools of peace—and one of the vital weapons of defense. Only a suicidal policy would imperil our production of it.

### CAIN AND ABEL

Private enterprise and freedom might be likened to Abel, and socialism and the welfare state to Cain.

Private industry has the ability to produce in abundance but this is not enough. To overwhelm the utopian promises of the socialist welfare state it must emphasize its irreplaceable value to the community and the individual from the standpoint of opportunity and freedom.

In seeking greater security, people find the proposals of socialism and the welfare state attractive. It takes a strong heart to turn down government handouts, until it is understood that that kind of help is a snare and a delusion and a destroyer of real benefits that grow from individual initiative and thrift.

Socialism kills individual freedom whenever given a chance, just as Cain killed Abel.

During a session of the legislature, your columnist was in an Austin hotel lobby when a man came up and began telling me about the merits of a piece of legislation which had been introduced. I soon deduced that he was a lobbyist. I interrupted, "You think I'm a member of the House?" He replied, "Yes, aren't you?" I said, "No, my name is House." His interest dropped to zero.

There are 150 members in the Texas House of Representatives. I was chatting with a member one day when a man passed through the hotel lobby. The legislator asked, "Who is he?" I replied, "He is a member of the House." They had served together one term and were in the midst of a second term!

A former State official, noted for his sense of humor, remarked, "I care not who votes—just so they let my friends count 'em."

And one occasion, this same philosopher was told that a certain man had been criticizing him severely. The official replied, "I don't see why he's so strong against me; I've never done anything for him."

Some of those Broadway humor writers are rather clever—in an idiotic sort of way.

Mark Twain declared that the courts of the United States have an insanity plea that would have freed Cain.

One of the oldest: A man riding in a car said to his friend, who was driving and was racing a train to a crossing: "I don't care who wins just

### NEW TAX MONEY BEGINS TO ROLL IN

**AUSTIN**—One million, eight hundred thousand dollars receipts under the ten percent tax increases levied by the Special Session of the Legislature rolled into the State Treasury in March. All the raises became effective the first of March, but Comptroller Robert S. Calvert, stated that the payments on crude oil tax and other major taxes are not due until the month after they accrue. For that reason, the full force of the new levies will not be felt until April. Products subject to the new higher rates include cigarettes, cement, sulphur, gas, oil, insurance, automobiles, radios, cosmetics, cards, alcoholic beverages, et cetera.

The raise of one percent per package in the cigarette tax had very little, if any, effect on the number of packages sold. The first seven months of this fiscal year sales were 6.88% ahead of the same period last year and the trend continued through

so it's a tie."

Creeping along the highway between San Marcos and Austin some time ago was an old canvas-covered wagon drawn by two sad-looking nags. That is the way the outfit appeared to the passengers on a bus at it sped by.

But to the cotton-headed boy who sat on the seat of the wagon beside his father, the ancient vehicle and the bony horses may have seemed the embodiment of romance and high adventure.

When I was about that age, my father and I rambled through the ranch country of Southwest Texas and along that very same road—and no experience since has seemed so memorable.

Mrs. Clyde O. Pierce, Jr. and daughter of Dallas came in the first of the week to spend a week with her parents, Mr. and Mrs. Ardell Speice and with friends.

March at the rate of 5.68% increase.

For the first month since August, 1949, the omnibus account had enough income to meet all allocations for Public Welfare, Teachers Retirement, Rural Roads and Foundation School fund needs. After these charges were met from omnibus there remained one hundred sixty-four thousand dollars for the general fund. In all previous months of the fiscal year the General Fund has made up large insufficiencies in the Omnibus Fund.

Mrs. Clyde Green and little son of Brownfield have returned to their home after a week's visit with friends here. Mr. Green came after them last Sunday.

Mr. and Mrs. E. W. Harrell visited with relatives in Anson last Sunday afternoon.

## Knox Prairie Philosopher Finds There's Not Too Much Difference In The European Problem And His Own

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek no doubt has misinterpreted the newspapers again, but that does not bother him.

Dear editor:  
I have been reading a good deal lately about the condition Europe is in, found a paper this afternoon caught on a bobwire fence out here which explained that together wyprz hs mm f f mm the world is now so closely tied up together we got to have prosperity practically everywhere if we expect to keep it any one place, and this article went on to explain that the reason for example England or France or Italy are all having such a hard time these days is because they are having to buy more than they sell. Furthermore, the arti-

cle said, it's gonna take a lot of deep study to solve the problem and the writer suggested the United States ought to send some experts abroad to give the matter further attention.

Now I ain't even able to solve the problem of Johnson grass in my wife's garden, not to mention any of the problem's Europe's got, but I been thinkin and if Europe's trouble is that she's

## Quick Freezing Is Popular Method Of Preserving Food

Quick freezing, both at home and commercially, is fast becoming the most popular method of preserving food. Homemakers like it because it is a time saver and the hot, tiresome jobs that went with home canning are eliminated. Because of the newness of the method, research must be relied upon for the answers to many of the problems that arise. The Texas State Nutrition Council has just released its 1950 recommendations on home freezing of fruits, vegetables, fresh poultry, meats and fish and cooked foods and flour mixtures.

The committee recommends that only high quality raw fruits and vegetables of suitable varieties be used for freezing and they add that fast and proper processing gives assurance of good quality if the product is used within a reasonable length of time. Only fresh poultry, meats and fish of high quality should be frozen.

The committee, in discussing the preparation of raw vegetables for freezing, answers the question of "why scald vegetables before freezing?" It was pointed out that research has shown enzyme activity is not stopped by low temperatures

havin to buy more'n she sells, there ain't no use in the United States spendin a lot of money sendin experts over there. They can come out here on Miller Creek and study me. I got the same problem.

As best I can tell, needin to buy more than I've got to sell has been my problem all my life, and if that's what's botherin Europe, there ain't no cure for it, and the experts might as well settle back down.

However, if the government wants to spend the money, I'll offer my farm as a convenient investigatin place, to sort of keep the money at home, but if this don't satisfy Congress and they insist on goin abroad themselves to study Europe's problem, which may be surrounded by more culture than mine, I'll appreciate you usin your influence to cut me in on whatever relief program they figure will solve the problem.

If havin to spend more than you make is what's troublin Europe, that ain't got nothin on me. Yours faithfully,  
J. A.

## Man's Rayon Suit

Easy-to-care for and good-to-look at—that's the reason men's rayon suits are gaining in popularity with men—and their wives—the country over! Long wearing, comfortable rayon suits like this one, made with Avisco rayon yarns, have no appeal to moths—and need no special care aside from the usual airing, brushing and cleaning. They're well-tailored, with attention to detail, and are priced to fit the family budget.

scalding is not recommended for spinach because the thin leaves stick and clump.

Tests show that a high percentage of the ascorbic acid and vitamin A content of frozen vegetables was retained when they were properly scalded before freezing.

Air-tight, moisture and vapor-proof containers should be used for packaging. Many containers and wrapping materials are available that meet these requirements. The committee recommends temperatures for quick freezing of 20 deg. F. in still air and 5 deg. F. in moving air. It is important that the rate of freezing should be rapid. Storage temperature should be 0 deg. F. and long storage periods should be avoided.

Discuss with your county home demonstration agent problems dealing with the freezing method for preserving food.

Mr. and Mrs. James Melton and Jimmy Weatherford, Mr. and Mrs. Toby Farmer and son, Steven, Miss Loyce Melton and Nelson Melton of O'Donnell visited in the home of Mr. and Mrs. B. L. Melton, Sr. over the week end.

Mr. and Mrs. I. B. Hand of Weatherford spent the week end in the home of Mr. and Mrs. M. F. Billingsley.

Mr. and Mrs. Fred Searcey and daughter visited relatives in Fort Worth and Dallas several days last week. Mrs. Searcey and daughter returned to their home in Munday after a week's visit with relatives in Fort Worth.

Bob Ballinger of Denton spent last week end here in the home of Dr. and Mrs. A. A. Smith.

## Bridal Shower Given To Honor Martha Reynolds

Miss Martha Ann Reynolds was honored with a bridal shower last Thursday evening from eight to nine-thirty o'clock at the Munday Study Club house.

Guests were greeted at the door by Mrs. Effie Alexander, who in turn presented them to the receiving line which consisted of the honoree, Mrs. W. E. Reynolds, mother of the bride-elect; Mrs. R. W. Watkins, mother-in-law of the bride-elect and Mrs. Haynie.

The party rooms were decorated with pink and white carnations, gladioli, snapdragons and greenery. And also carried out the bride's colors, green and pink.

Music for the evening was furnished by Miss Shirley Yost, pianist, and Miss Sue Hallmark, as vocalist. Presiding at the punch bowl was Miss Frances Hallmark. Mrs. A. A. Smith served the cake while Miss Janie Haynie secured the names of the guests in the bride's book.

Hostesses for the occasion were: Mrs. Effie Alexander, Mrs. Clyde Nelson, Mrs. Ben Blacklock, Mrs. Dee Clough, Mrs. J. B. Bowden, Mrs. J. O. Bowden, Mrs. M. C. Hallmark, Mrs. Wallace Reid, Mrs. A. L. Smith, Mrs. Bud Nelson, Mrs. Andy Hutchinson and Miss Janie Haynie.

Be careful. Observe state and local traffic laws.

## Munday H. D. Club Meets Recently With Mrs. Offutt

In a recent home demonstration meeting, Mrs. T. J. Offutt gave a very interesting demonstration on making nut bread using the master mix recipe. This bread was baked and later served on the refreshment plate. A few of other things that can be made from the master mix recipe are yellow cake, steamed pudding, blackberry roll and peanut butter cookies. Also donut muffins, caramel dumplings and numerous other goodies.

In the absence of the president, the secretary appointed Mrs. Nora Broach to fill the chair.

Plans were discussed for a first aid class which will begin in the near future. This class will be taught by D. C. Eiland, a very able instructor.

Mrs. Frank Bowley reviewed "Out On a Limb", a book written by Louise Baker.

Refreshments of angel cake with whipped cream, the nut bread and punch was served to eleven members and Mrs. Weldon Floyd, a visitor.

The next meeting will be April 26th in the Study Club rooms.

Mrs. Frank Bowley, reporter  
Mr. and Mrs. E. F. Nesbitt and son, Lynn Royce, are visiting Mr. and Mrs. Emmett Branch over the week end.

## Our Citizens Of Tomorrow

This group of youngsters are, top row, left to right: Anita, 10 years, daughter of Mr. and Mrs. Jack Tidwell; James, 5½ years, son of Mr. and Mrs. Ray Holcomb, and Peggy Atkinson, route two, Munday. All Goree citizens are those in the bottom row. They are: Jimmy, 10 years, son of Mr. and Mrs. V. V. Routon; Edward, 11 years, son of Mr. and Mrs. D. A. Melton, and Burl, 13 years, son of Mr. and Mrs. John Harris.

## Martha Ann Reynolds Becomes Bride Of Ralph P. Watkins In Church Rites

In a most impressive ceremony in the First Methodist Church in Munday, Miss Martha Ann Reynolds of Munday, became the bride of Mr. Ralph Paul Watkins of Wichita Falls, on Sunday, April 16th, at 5 P. M.

The church was beautifully decorated with baskets of white gladioli and greenery and taper candleabras.

Miss Carolyn Hannah of Munday, organist, accompanied Don Reynolds, brother of the bride, of Munday, who sang "At Dawning" and "Because".

The Rev. Huron A. Polnac, pastor of the First Baptist Church, read the double ring ceremony.

Given in marriage by her father, the bride was lovely in a white gabardine suit with navy blue accessories. She carried a white bible topped with an orchid.

Miss Janie Haynie of Munday served as maid of honor. She wore a chartrues linen dress with full skirt and fitted bodice with dark green and white accessories. Her corsage was of white gladioli.

Mr. Larry Hoard of Wichita Falls served as best man.

Immediately following the ceremony, a reception was held at the Munday Study Club house. The couple were assisted in receiving by the parents. The bride's table was covered with a cut-work linen cloth with other decorations of snapdragons, gladioli and greenery. A three-tiered wedding cake topped with a miniature bride and groom completed the decoration of the bride's table. Miss Wilma Virgin of Knox City served the cake while Miss Pat Hayes of Knox City poured the punch. Securing the names in the guest book was Miss Janie Haynie of Munday. Music at the reception was furnished by Miss Carolyn Hannah of Munday, who provided music for Don Reynolds, brother of the bride, and Miss Sue Hallmark, vocalists.

The bride is the daughter of Mr. and Mrs. W. E. Reynolds of Munday. She is a graduate

of the Munday public schools, a graduate of Hardin College, Wichita Falls, and of Wichita General Hospital school of nursing. For the past several months, the bride has been employed at the Knox County Hospital in Knox City.

The groom is the son of Mr. and Mrs. R. W. Watkins of Wichita Falls. He is a graduate of the Wichita Falls High School and at the present time is serving on the police force in Wichita Falls.

Guests were present from Knox City, Wichita Falls and Hamilton, Texas.

After a wedding trip to New Mexico, the couple plan to make their home at 1625 Tenth St., Wichita Falls.

## Benjamin Sorosis Club Meeting Is Held Thursday

The Benjamin Sorosis Club meeting was held Thursday, April 13, 1950, in the club house, with the president, Mrs. Ernest Allen in charge.

Following a short business meeting the program was turned over to the program leader, Mrs. G. H. Beavers; the theme being "Art, The Soul of a Nation, Lives Through All the Ages."

Bobby Frank Hudson played the well known selection "Leibestraum." Following this Mrs. Beavers gave an interesting discussion on "Music, A Key to World Understanding." She called our attention to the fact that our National anthems were stressing the wrong ideals for world peace, since many of them were a call to arms in defense of the nations which they represented. She stated that crime among musicians or people who developed a reasonable amount of musical ability was very rare. Those persons who were musicians that were sentenced to imprisonment rarely ever were second offenders. She stated that throughout the world music had always been an ele-

## New Officers Are Elected Monday By Guild Members

The Methodist Church in Munday was the meeting place Monday night at 7:30 o'clock when the Wesleyan Service Guild met in a business session with Mrs. Joel Massey, president, presiding.

New officers for the coming year were elected and presented by Mrs. C. P. Baker. New officers are as follows:

President, Mrs. H. R. Hicks; vice-president, Mrs. I. V. Cook; secretary, Mrs. J. C. Harpham; treasurer; Mrs. Joe Bailey King; C. S. R. Chairman; Mrs. Bill Gaither; and publicity chairman, Mrs. Joel Massey.

The new officers will take over their respective offices in June.

Plans were also made at this meeting for the silver tea the Guild is sponsoring on Monday night, April 24th, at the Methodist Church. At this time, Rev. R. L. Butler, pastor, will tell the story of his trip to "The Holy Lands."

Members present for the meeting were: Mrs. C. P. Baker, Mrs. Joel Massey, Mrs. I. V. Cook, Mrs. J. C. Harpham, Mrs. Charlie Harpham, Mrs. E. R. Ponder, Mrs. Bill Gaither, Mrs. Levi Bowden, Mrs. W. R. Moore, Jr., Miss Merle Dingus, Miss Florence Gaines, Miss Ruth Baker, Mrs. Joe Bailey King and Rev. R. L. Butler.

vating influence on human character. The program closed with the group singing "America the Beautiful."

Mrs. Beavers presented local talent in her program and had on display a collection of paintings made by members of the local school pupils art class, and of various individuals of the community. Some fine paintings were displayed. This proved to be one of the most interesting programs of the year.

Mrs. O. D. Propps and Mrs. H. B. Sams, hostesses for the occasion, served delicious refreshments to those present.

Be careful. Obey state and local traffic rules.

# Goree News Items

Rev. and Mrs. J. C. Parks of Rotan visited in the home of Mr. and Mrs. Hamp Jones and Mr. and Mrs. G. D. Jones this week.

Mr. and Mrs. Charles Heard and Sidney Gay of Abilene visited relatives and friends here during the week end.

Mr. and Mrs. Foye Bain Barnett and daughters and Mr. and Mrs. H. P. Perkins visited relatives here Sunday.

Mr. and Mrs. Homan McMahon and Mrs. Mac Tynes and children spent the week end in Amarillo visiting relatives.

Mr. and Mrs. W. R. Caldwell were in Wichita Falls Friday where Mr. Caldwell was having medical checkups.

Jodie Treat, daughter of Mr. and Mrs. Leslie Treat, underwent a tonsilectomy in the Haskell hospital Friday.

Mrs. Carl Maples and children of Stamford were visitors in Goree Friday.

Mr. and Mrs. Houston Gar-

mens and sons, Steve and M'ee, of Caldwell, Idaho, visited in the home of Mr. and Mrs. Walter Coffman Saturday and Sunday while enroute to Waco.

Visiting in the home of Mr. and Mrs. T. J. Trainham Sunday were his parents, Mr. and Mrs. Trainham and daughter, Jimmie, of Seymour.

Mr. and Mrs. Billy Robinson of Wichita Falls and Mrs. Davis of San Angelo spent the week end with Mr. and Mrs. Ernest Robinson. Margie returned to Wichita with her parents after spending two weeks with her grandparents.

Mr. and Mrs. Floyd Coffman of Littlefield visited relatives in Goree Sunday enroute home from Monterrey, Mexico.

Mrs. Alan Jones, local telephone operator, returned home Tuesday from a Wichita hospital where she underwent surgery several days ago.

In a family reunion recently Mr. and Mrs. W. C. Tucker had all of their children present. They were: Mr. and Mrs. T. M. Tucker of Hamilton, Mr. and Mrs. Eulas Tucker and daughter of Muleshoe, Claxton Tucker of Lubbock and Mary and Gerald Tucker of Goree.

Mr. and Mrs. Glenn Bilbrey of Brownfield and Mr. and Mrs. Lavell Bilbrey and son of Sundown visited their parents, Mr. and Mrs. J. H. Bilbrey Sunday. They, with Mr. and Mrs. J. B. Justice and other relatives, attended the funeral of their sister, Mrs. O. L. Wall in Greenville, Monday. Mrs. Eldridge Coffman remained with her parents, who were unable to attend the funeral.

**GERALD TUCKER AND MISS SANDERSON MARRY**  
Miss Mary Sanderson, daughter of Mr. and Mrs. Sanderson of Weatherford, and Gerald Tucker, son of Mr. and Mrs. W. C. Tucker of Goree, were married Easter Sunday in Weatherford.

They will make their home in Goree.

Mr. and Mrs. Ed Hopkins and children of Wichita Falls spent Easter Sunday with Mrs. Hopkins' parents, Mr. and Mrs. Mike Bruckner.

# Roxy Theatre, Sunday and Monday

Danny's most Kaye-lossal comedy in his latest picture "The Inspector General."

## 4-H Clubs Show Increased Activity In Home Projects

Trend of the times—people are spending more leisure hours in the home. This is particularly true of rural folk. Many have recently electrified their homes, added telephones and modern farm machinery. Consequently farm families are giving more consideration to the comfort and beauty of their dwellings. Of particular value in this direction is the National 4-H Home Improvement program now in its fourth year. Enrollment has increased almost 15,000 in the past year, and the number of 4-H'ers awarded county medals jumped from 2433 to 5,052.

In Texas some 16,500 Club members will take part in the 1950 program, according to the State Extension office which conducts the activity. County Extension Agents and local club leaders give demonstrations, prepare displays and instruct the youth in phases of home improvement. Members who become skilled in some particular job such as upholstering, floor sanding or working with color also give demonstrations. The enthusiasm shown by their sons and daughters inspires parents to cooperate in carrying out long range plan to make their home more livable.

A favorite starting place for girls—and boys, too—has been their own bedrooms. They have done amazing things with a little ingenuity, lots of hard work and a few cans of paint and bright new fabrics. Living rooms should be high on the list this year, because the family find extra time together indoors. Club members who have been active in the program during the past few years are now renovating old furniture and redecorating the home. Many have done remarkable carpentry work building closets, cupboards and bookshelves.

Outstanding accomplishments will again be awarded by the Sears Roebuck Foundation. A \$300 college scholarship will be awarded to the eight top-ranking 4-H'ers in the nation. The State champion will be given a trip to the National 4-H Club Congress, and county winners a medal. Last year medals were presented to 67 in Texas. State honors went to Barbara Dean of Alvarado.

## RUPTURE

**SHIELD EXPERT HERE**  
H. M. SHEVNER, widely known expert of Chicago, will personally be at the Kemp Hotel, Wichita Falls, Tuesday and Wednesday only, April 25 and 26, from 9 A. M. to 4 P. M.

Mr. Shevner says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines of medical treatments.

Mr. Shevner will be glad to demonstrate without charge 6509 N. Artesian Ave., Chicago 45 Large incisional hernia or rupture following surgical operation especially solicited.

**Color-Bright Vegetables**  
Vegetables keep their garden-fresh colors when they are cooked in a small amount of water in porcelain enameled utensils. The porcelain enamel finish of these utensils is smooth and non-porous and, therefore cannot effect the color or flavor of foods cooked in the utensils.

**Use for Extra Egg Yolks**  
When just the egg whites are used in a recipe, it is sometimes a problem to know what to do

with the leftover yolks. One way is to bring a cup or two of water to a boil in an easy-to-clean porcelain enameled saucepan. Drops the yolks gently into the water and simmer until firm. Then use for salads, sandwich fillings and garnishes.

Mr. and Mrs. Carl Green, Mr. and Mrs. Gilbert Green and daughter, Carol Ann and Mrs. Travis Gore of Wichita Falls visited Mr. and Mrs. Albert Cline of Kansas City, Mo., over the week end.

More than 64,000,000 pounds of cotton are used annually to make shoe laces, shoe linings, and stitching.

If You Want Better Chicks

## 40 Harvests Have Proved This Original Massey-Harris Principle

Massey-Harris combines rub the grain out the natural, easy way. The corrugated rasp-bar cylinder—an original Massey-Harris development—removes the kernels of grain from the straw gently... yet thoroughly. There are no cylinder teeth to crush the grain. Adjustments can be made quickly, easily for the exact speed and clearance best suited for particular crop you're harvesting. The Clipper successfully handles more than 110 different grains and grasses.

Stop in next time you're in town and see the Massey-Harris Combines we have on display. You'll see why they are the most popular in the field.

*Make it a Massey-Harris*

# FARM NEWS

From the County PMA Committee

## BURNING THE BRIDGES AHEAD

What will your land be like in 10 years?  
 In asking that question of the farmers of Knox County, W. M. Ford, vice-chairman of the county PMA committee, points out that the way the land is farmed today has a lot to do with what its condition will be in 10 years.  
 Some land, he points out, will be improved and made more productive through the conservation measures being taken now. Other land will be less productive and some will be ruined for further crop production because of the careless farming methods used today.  
 As Mr. Ford expresses it: "Not only are some of the methods of farming burning the bridges behind for those who will take over later but some are burning the bridges ahead for the farmers who are operating the land today." There are a number of warning signs for the owners and operators of farm land, says Mr. Ford.  
 Excessive silt means that the topsoil—the most fertile part of the land—is being lost. Light spots on hillsides and hilltops where the topsoil has worn away leaving the subsoil exposed indicate that the best part of the land has been carried off.  
 Poor farming methods speed up the destructive processes, he explains. Furrows up and down the slope of the land indicate that the farmer is cooperating with the forces which will destroy his soil. Continuous growing of cultivated—or so-called cash crops—soon exhausts the humus and organic matter in the soil, speeding up erosion.  
 "Where little attention is given to control of erosion and building up the land, the losses are excessive and tragic. Tragic—because the penalty is not limited to the farmer alone but to all who depend on the land for food, fiber and the other essentials which come from the land."

## TRIGG ANNOUNCES 1950 COTTONSEED SUPPORT PRICE PROGRAM

Ralph S. Trigg, President, Commodity Credit Corporation and Administrator of the Production and Marketing Administration met with the State P. M. A. Committee in College Station, Wednesday, April 5, at which time he outlined provisions of the Cottonseed Support Price Program for 1950.  
 Trigg explained that cottonseed prices will be supported through farm storage loans, warehouse storage loans, purchase agreements, and if necessary, a purchase and toll-crushing program.  
 Special storage facilities loans will be available to farmers who want help in financing the construction of on the farm storage facilities. Construction of additional commercial cottonseed storage facilities will be encouraged through CCC guarantees. The level of support on the 1950 crop cottonseed will be announced at a later date.

## BENJAMIN NEWS

(Elda Purl Laird, Reporter)

The Community Singing, which is held each second and fourth Sunday, will be held at the First Methodist Church, in Benjamin, Sunday afternoon, April 23, at 2:30 p. m. Everyone is urged to attend, and bring someone with you.  
 Mr. and Mrs. Kirby Fitzgerald of Munday and Chuck Roberts of Goree were visitors in the home of Mr. and Mrs. Willard Kilgore and family during the past week.  
 Marion Chitty, of Val Alstyn spent the past week visiting in the home of his parents, Mr. and Mrs. Harve Chitty, and other relatives and friends.  
 Mr. and Mrs. Floyd Nunley and girls of Eunis, New Mex., visited in the homes of their parents, Mr. and Mrs. Alpine Nunley and Mr. and Mrs. Lee Snailum during the past week.  
 Miss Vera Hahn and Billy Joe Snailum spent the week end visiting with relatives and friends in Austin. Mrs. Bobby Jim Pyatt returned to Austin with them, after visiting with relatives and friends here during the past week.  
 Mr. and Mrs. Homer, Howard of Goree visited in the home of Mrs. W. A. Barnett and family Monday of this week.

A total of 109,763 Texas cotton producers participated in the 1949 Smith-Doxey Program. They were members of 1,148 cotton improvement groups and planted almost 89 percent of the state's 1949 cotton acreage. The program provides free classing and market news service for all farmer members. It is supervised by the USDA's Production and Marketing Administration.  
 Sanitation is mighty important to the turkey poulter. Brooder houses, brooders and all brooder house equipment should be thoroughly cleaned and disinfected before the poults are put in the brooder house.

## People, Spots In The News

HERE is scale model (shown flying in 1946) of "XF5U-1" mentioned in connection with "flying saucer" reports.

**DRIVER** chose certain death, steering his out-of-control 20-tonner away from rush-hour crowd into tunnel wall in Jersey. Crash came while legislators wrangled over new trucking regulations.

**STEPHANIE** Farrow, sixth child of Maureen O'Sullivan and film director John Farrow, nestles cozily in beautiful mama's arms.

**SHETLAND** sheepdog puppies, only ones of their kind in New Zealand, face the world with confidence. These miniature animals stand 14 inches at shoulder when mature, are good workers.

Mrs. Cloris Arnold of the Sunset community has accepted a position in the Campbell Variety Store, beginning her duties there the first of this week.  
 Mrs. J. O. Tynes and Mrs. A. E. Bowley visited in the home of Mrs. T. M. Anderson in Wichita Falls last Sunday.

Rev. and Mrs. R. L. Butler and Mr. and Mrs. Gill Wyatt attended a funeral in Merkel last Sunday afternoon.

## Senior Day To Be Observed At Hardin-Simmons

ABILENE—"Open Campus Day" is the new name given the 27th annual senior day program April 29 to be held on the Hardin-Simmons campus at which students of Munday High School are invited.  
 More than 4,000 students from Texas high school are expected. Schools within a radius of 200 miles of Abilene are expected to send their seniors for the day of entertainment and education.  
 The formal program will include a welcome by President Rupert N. Richardson, music by the Cowgirl and Cowboy bands, an all-university talent program, a short drama by the University Players club, a one-act opera by the students of the School of Music, and the barbecue.  
 In the afternoon, attention will be turned to the HSU intercollegiate rodeo to be held at the newly constructed Carl Myers Memorial arena on Grape street.  
 "Senior Day has been held on the campus for a number of years in order to acquaint high school graduating students with life on a college campus," Prof. W. C. Ribble, faculty chairman of the program said. "All training and recreational facilities of the University will be open for their inspection."

When washing cloths, remember that three rinsing waters are necessary for thorough removal of soap and dirt. The first rinse water should be warm. Luke-warm and cold water may be used for the second and third rinses.

IT PAYS TO ADVERTISE

## LOCALS

Miss Dolores Campbell and Mrs. Lorene Cutbirth of Abilene spent the past week end here visiting in the home of Mr. and Mrs. J. C. Campbell and other relatives and friends.

Mrs. Cecil Burton and daughter, Ruth, of Seymour and Bob Burton spent the week end in Cleburne visiting with relatives. They also met Mr. and Mrs. Harold Burton and sons of McGregor there for a week end visit.

Mr. and Mrs. Aaron Edgar visited with relatives in Quanah and Wellington last Thursday night and Friday.

Mrs. Eddie Savage, Jr. returned to her home in Fort Worth the latter part of last week after spending a week here visiting her parents, Mr. and Mrs. Ardell Speice, and friends.

ing her parents, Mr. and Mrs. Ardell Speice, and friends.

### Legal Notice

**IN RE ESTATE OF GLADYS RUTHANN BEATY, A MINOR.**

**IN THE COUNTY COURT OF KNOX COUNTY, TEXAS, APRIL TERM, A. D., 1950.**

**NOTICE OF APPLICATION TO ALL PERSONS INTERESTED IN THE ABOVE MINOR OR HER ESTATE:**

You are hereby notified that on this, the 18th day of April, A. D., 1950, I filed with the Judge of the County Court of Knox

County, Texas, an application for authority to make Roy J. Watson, as lessee, an oil and gas lease of that certain land belonging to such minor described as follows:

Being 114.5 acres of land known as Share or Division No. 5, out of Survey No. 31 and the North half of Survey No. 32, Block B, G. H. & H. R. R. Co. Abstracts No. 78 and 737 respectively, Certificate No. 31/20 in Knox County, Texas, on the waters of the Brazos River about 20 miles east of Benjamin, Texas, described by metes and bounds as follows:

"Beginning at a stake, the N. W. Corner of Share or Division No. 4 of the aforesaid Morris-Bonham estate:

Thence South 7 deg. 30' West, the West line of said share 4, crossing the fence on the north river bank, at approximately 1591 vrs. in all 1638 vrs. to a stake in the river, the S. W. Corner of Div. 4; thence North 7 deg. 30' West up the river to the

These seed are for sale at  
**Farmers Co-op Gin**  
MUNDAY, TEXAS

### SPACE SAVING

Current popularity of small, compact homes has made efficient utilization of space an important problem. In many new homes this problem has been solved, in part, by steam or hot water heating systems which permit the use of new room heating units which require practically no space within the room. Illustrated above is an attractive, compact bathroom with one of the convector-radiators recessed beneath the window, out of the way but in a position to supply dependable heating comfort.

North line of said South Half of Section 32, 395.4 vrs. a stake, the most southern S. E. Corner of Division No. 1 hereof; thence North, with the East line of said Division 1, 1638 vrs. to a stake, a re-entrant corner of said Division No. 1; thence South 82 deg. 30' East with a South line of said No. 1, 395.4 vrs. to the place of beginning, containing 114.5 acres."

And that such application will be heard in the County Courtroom in the Courthouse of such county on the 25th day April, A. D., 1950.

WITNESS MY HAND, this 18th day of April, 1950.  
HAROLD D. BEATY,  
Guardian of the Person and Estate of Gladys Ruthann Beaty, a Minor.

Mr. and Mrs. Stanley Wardlaw were business visitors in Dallas last Tuesday.

### Activities Of The Colored People

The F. T. A. of Dunbar Colored School had its last meeting for the school year. We are very proud to say, "This has been a very successful year." Money raised during the term was a total of \$150.13. All was used for useful and needed equipment for the school. Itemizing some of the equipment bought were: a new range, a linoleum for the lunch room floor, a water keg and shades for the windows.

To our many patrons who have given us support, we express our sincere gratitude. Likewise to our many white friends such as the Woman's Society of Christian Service of the Methodist Church and the instructors of the Veterans Vocational School, namely, Mr. John Inman and Mr. Russell Penick, we appreciate all the magazines donated us.

### Political Announcements

The Monday Times is authorized to announce the candidates of the following, subject to the action of the voters in the 1950 Democratic Primaries:

- For District Attorney: ROY A. JONES, D. J. BROOKRESON, JR. (Re-election)
- For County Superintendent: MERICK McGAUGHEY (Re-election)
- For County Treasurer: W. F. (WALTER) SNODY (Re-election), R. V. (Bob) BURTON, A. H. (Hoyt) GRAY

- For Commissioner Prec. 3: C. A. BULLION (Re-election)
- For Commissioner of Precinct 4: GEORGE NIX (Re-election), OTIS SIMPSON
- For State Senate: GEORGE (Cotton) MOFFETT (Re-election)

### Dairy Firm To Sponsor Give-Away Program In County

Give-away contests are not unusual these days, but there's one coming up here which is unlike many others in at least one respect. Instead of competing with 140 million people throughout the country for prizes, you will compete with folks in Knox County alone.

Three popular Motorola kitchen-model radios will be given away in this county during the next few weeks by Goble's Dairyland, distributors of Goble's Dairyland sweet milk, buttermilk, chocolate milk, orange

ade, and cottage cheese. One winner will be announced each week for three consecutive weeks.

Simple instructions for entering the contest will be published soon in this newspaper. Instructions will be available at Knox County grocery stores in the near future.

The contest will be open to everyone.

Mrs. Erin McGraw spent the week end in Wichita Falls visiting with Mr. and Mrs. Orville Moore and children.

Mr. and Mrs. Doris Wardlaw were business visitors in Wichita Falls last Monday afternoon.

## Washington News Letter

By Congressman Ed Gossett

Washington, D. C., April 15—The House gets back to serious work on the 18th, following a so-called Easter recess. On Monday motion, the House Judiciary Committee has agreed to vote on the so-called Tidelands bill on Thursday, April 20. It has been my duty, as well as my privilege, to serve on the Judiciary Committee as spokesman for the States in this matter. The bill is long and complicated. It probably will not be passed by both Houses of Congress during this session. We will have to do the work all over again in the next session of Congress, for regardless of what the Supreme Court may decide Congress must eventually settle by legislation the tidelands controversy.

Harry Bridges, the notorious red labor leader of the West Coast, has been convicted of perjury growing out of his naturalization proceedings of some years ago. There seems little doubt that Harry Bridges has long been a communist. Certainly he has been of much help to the cause of communism. During my first session in Congress I voted for a bill to deport the said Harry Bridges. Had we got rid of him at that time we would have avoided a great deal of trouble including the recent serious shipping strikes in the Hawaiian Islands. Harry Bridges came originally from Australia. Rumor now has it that even if he is de-naturalized and ordered deported Australia will not accept him back. We have been unable to deport a number of bad characters because the countries from which they came would not allow them to return. It seems to me that our State Department should be able to compel these countries to accept the return of these people. There are many ways in which we could bring enough

## TRUCK SPEEDS CATTLE TO MARKET

A luxurious open air conditioned trailer-bus that moves 47 head of cattle without the drastic loss of weight that results from slow and rough handling, is the latest innovation in farm transportation. Designed for William E. Stead, Nevada trucker, the 60-foot double Fruehauf trailer will carry the cattle safely and with far greater speed than was heretofore possible.

appears to be chickenpox, call your physician so that an early diagnosis can be made. If he finds that a patient has smallpox, prompt vaccination may save the other members of the family and outsiders, who have been exposed, from an attack of the disease.

Mrs. Sam Salem and Junerose and Jack Swepten of Dallas visited with relatives and friends here over the week end. Mr. and Mrs. Melvin Strickland spent the week end in Graham visiting with Mr. and Mrs. O. Strickland.

If only my Krause would hitch itself

### THE PLOW THAT PAYS FOR ITSELF

YOURS may be an 18-disc Krause pull-type, like Mr. Vahle's. It may be a 30-disc Krause Giant—or a handy direct-mounted Krause "9" or "12". In any size, your Krause One-Way will make money for you . . . it will pay for itself in all these ways:

- YOU GET BIGGER YIELDS from growth-promoting Krause-plowed seedbeds
- YOU CUT PLOWING TIME often in half with Krause's extra-wide swath
- YOU SAVE FUEL and cut tractor wear with Krause's 30% lighter draft
- YOU SAVE THE PRICE of extra implements. Use your Krause as a stalk cutter and harrow
- YOU SAVE YOUR SOIL using a Krause to contour, terrace and stubble-mulch
- YOU SAVE ON UPKEEP . . . Krause One-Ways are built for years of hard work

Every time I use my Krause plow I am better satisfied with my decision to purchase the Krause. I shall purchase another Krause when my plow for expansion work out. Harry Vahle ALMA, NEBRASKA

pressure on them to compel their accepting the return of such individuals.

For the first time in this session of Congress, we are trying to pass a "one package" appropriations bill. That means all of the major appropriations are included in one bill instead of in ten different bills as has been the practice. The bill now before the House for a vote carries the appropriations under the following heads or chapters:

1. District of Columbia
2. Legislative Branch
3. State, Justice, Commerce and the Judiciary
4. Treasury-Post Office
5. Labor-Federal Security
6. Agriculture Department
7. Interior Department
8. Independent Offices
9. Civil Functions (Rivers, harbors, and flood control by the Corps of Engineers)
10. Defense Establishment (Army, Navy, Air Force)

The biggest items in this bill are 13 billions for the defense establishments and 6 billions for the Veterans Administration. The approximately 19 billions recommended for the defense establishment and the Veterans Administration is approximately 2/3 of the total amount carried in the bill.

There has been considerable eye-brow lifting hereabouts over the recently published fact that England is currently operating on a balanced budget. In fact, the British not only have balanced their books but show a surplus of something over 100 million dollars. On the other hand, we will operate this current fiscal year with a deficit of 5 or 6 billion dollars. At least 1 billion of this deficit went to the British.

Two Republican members of Congress have hit upon a unique way of publicizing and protesting our deficit financing. These members, Cole and Kilburn, both of New York, sign all their letters in red ink.

We get numerous letters urging us to support the Hoover Commission. While I enthusiastically supported the creation of the said Hoover Commission hoping its recommendations would result in greater economy and efficiency in government, I now find that a good many of these recommendations do not promote these desirable objectives. Putting patches on patches does not necessarily strengthen a garment. Shifting an agency from one bureau to another will not necessarily promote efficiency. What is needed is to reduce the size and cost of government; This could be done without impairing the service of the government to the people.

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox M. D., State Health Officer of Texas

AUSTIN — Has chickenpox come your way? If it has, or if it does come your way in the future, the first thing to do is

to call your physician, says Dr. Geo. W. Cox, State Health Officer.

Chickenpox is a common communicable disease caused by virus. It occurs most frequently in the winter and spring among children less than 15 years of age. The virus is present in the discharges from the mouth and nose and from the small blisters which contain a watery fluid. Chickenpox is very contagious and is probably spread by direct contact with the patient.

Scratching or picking at the blisters may cause serious sores and disfiguring scars. The doctor will probably suggest a remedy to relieve the itching which may be severe. Usually the child is not very ill and begins to feel better in one to three days.

Warning - Chickenpox is an entirely different disease from smallpox. But when a person has not been vaccinated, mild smallpox is sometimes mistaken for chickenpox, because the early symptoms are strikingly alike. Smallpox is a serious disease which spreads rapidly among unvaccinated persons.

At the first signs of what

## Bob Baskin Dam Is Proposed For Irrigation

Folks in this area haven't given up the idea of the Bob Baskin Dam, even though the waters impounded would not be suitable for domestic use. The project is now being considered for irrigation.

The irrigation committee of the Bob Baskin Dam Association took another step toward obtaining the project for this area at a meeting held in the C. D. A. office here Tuesday afternoon. The committee passed a resolution favoring the continued study for irrigational water on the Double Mountain Fork of the Brazos River, west of Rochester. The dam should impound

more than 300,000 acre-feet of water, with 40,000 acres of land in this area suitable for irrigation by natural flow from the lake. Other lands might be included in the irrigation project by use of pumps or lifts.

The committee will meet with engineers of the U. S. Bureau of Reclamation in Haskell on May 2 to secure other vital information to take to farmers and landowners of the area to secure their interest in the project. The land proposed for irrigation lies in Haskell, Knox, Stonewall and King counties.

The proposal to impound water for irrigation would not levy a tax nor a bonded indebtedness on the affected areas, it was explained. The federal government proposes to build the reservoir and would be repaid solely by the sale of irrigational waters at an approximate cost of \$8.00 per acre per year. Many farmers and business

men of the area have indicated interest in the project, and rains of the past week have not dampened their enthusiasm.

S. N. Reed of O'Brien, chairman, presided at the committee meeting here. Other committee members present were Bob Speck of Rochester, Dr. T. S. Edwards of Knox City, Ancil Waldrip of Knox City; W. R. Moore of Munday, John A. Couch of Haskell, president of the Baskin Dam Association, and Ralph Duncan, Haskell, associational secretary. A representative group of Munday citizens also attended the meeting.

## Goree Bible Study Class Meets April 17

The Goree Bible Study Class met April 17th at the Goree Methodist Church.

In the absence of the president, Mrs. Orb Coffman presided. The group sang, "Tis So Sweet to Trust In Jesus," then Rev. S. Y. Allgood gave an outline on the book of Revelations. This book will be given in two more lessons. The historical setting will be given Monday night, May 1st, at the church. Everyone is invited.

A delicious refreshment plate was served to Mrs. Orb Coffman, Mrs. Everett Barger, Mrs. Barton Carl, Mrs. Billy Hutchens, Mrs. Walter Coffman, Mrs. E. F. Heard, Mrs. Everett Gaither, Mrs. Les Jameson and Rev. S. Y. Allgood.

## Munday Boy Plays Role In "Macbeth"

**ABILENE**—Harry Cowan of Munday has been selected to play a major role in Shakespeare's "Macbeth" at McMurry College next month, according to Bill Adams, play director and head of the McMurry Speech department.

"Macbeth" is slated for May 1-5 at McMurry and May 6 in Odessa. Cowan will play the role of Siward.

Only matinee performances especially for high school students will be given the first three days at McMurry, while May 4, 5 are scheduled for evening performances for the general public, Adams said. Both matinee and evening presentations will be given in Odessa.

There are to be a total of 52 costumes and three different sets for use in the production. In addition, Phillip Slates, McMurry professor of piano, has written a complete musical score to be used in "Macbeth".

Cowan is the son of H. H. Cowan, of Munday.

## RETURNS FROM HOSPITAL

"Ma" Elland returned home from the Knox County Hospital last Tuesday after receiving medical attention for several days. Reports are that she has shown much improvement and will be able to be up and about in a few days.

Mrs. Eddie Savage, Jr., returned to her home in Fort Worth last Saturday after visiting in the home of her parents, Mr. and Mrs. Ardell Speece, for some ten days while Mr. Savage was in a revival in Jonesboro, Ark.

Mr. and Mrs. H. A. Pendleton were visitors in Wichita Falls last Monday.

Mrs. J. P. Burroughs of Coleman is spending several weeks with her son-in-law and daughter, Mr. and Mrs. Worth Gafford, and other relatives and friends.

Commercial fertilizers can be used to fertilize the farm fish pond. The local county agent can supply a schedule of applications. The use of fertilizers in the farm fish ponds has made possible the production of pounds of "fish by the acre."

Eight pounds of 50 percent wettable DDT powder and four pounds of six percent gamma BHC in 100 gallons of water and used as a dip will control the Lone Star tick and will protect the cattle against reinfestation for a period of two or three weeks.

IT PAYS TO ADVERTISE

## ZEBRA STRIPES

Catching scene at a West Coast resort is a trim vacationer in a zebra-striped cotton swim suit. Believe it or not, this bathing beauty actually is going swimming! Her gay cotton suit was designed by Gantner of California.

## GOES TO HOSPITAL

Mrs. Joe C. Butler of Goree was taken to the Knox County Hospital last Monday where she is receiving medical care. Reports coming from the hospital are that she is doing nicely and is expected to return home the latter part of this week.

National Cotton Week will be observed this year May 1-6.

## Kracker Krumbs—

(Continued from Page One)

land owner agree to use the water for irrigation?

How many, and how few, acres can one land owner put under irrigation?

What if he signs up for 40 acres, and later decides he wants

to irrigate more land?

These and other questions are expected to be answered at a meeting in Haskell on May 2. Then the committee will know more about what to do, how to do it, and when to do it.

Turkey poulters should be purchased from hatcheries that operate under the National Turkey Improvement Plan—you'll get what you pay for.
