## Kracker Krumb's Odd Bits Salvaged At Random

We've started our Spring Roundup!

In the lingo of the Old West, we've imagined our list of subscribers as "our herd" and a wonderful herd they are.

We've imagined, too, that the expiration date on your paper—those figures to the right of yore name that says 1-1-50 or something—is yore brand.

We've sent out cards to some of the boys and girls explaining that 12-1-49 or 1-1-50, etc., are now plumb obsolete brands.

We'd like very much to have all of those brands brought up to date. So, come on in and join our roundup, and get yore brand changed.

It won't be very painful—just the parting with two bucks, or two and a half, as the case may be according to whereat you live.

It'll bring up a lot of pleasure, and some financial assistance; and, we hope, will bring you pleasure, too, by having the brand on yore paper all new and good for a whole year.

Pretty soon, then, we'll be ready to start the second phase of our roundup.

This is the phase that hurts. That parting with those members of "our herd" who don't see fit to have their brands changed.

In this phase of our roundup, we'll cut out all the little dogs and little mavericks whose brands are too far obsolete.

We'll put them in another pasture, where the grass is kinda short.

They won't be able to graze on Kracker Krumb's, the Miller Creek Philosopher, Boyce House, the locals, the want ads, etc., and the comings and goings, joys and sorrows of the community through the columns of this sheet.

And we'll be mourning the loss of those good members of "our herd" whom we've learned to love and whose names we'd seen on our mailing list for so long.

We just hope there's no one who thinks his old obsolete brand will be good forever—cause it won't.

So come on in, let's have some of those brands changed to 1951. That's a plumb good number!

Meanwhile our guesses as to the poulation of Munday are coming on in.

We may not be able to determine the best guesser as early as we thought.

Today we noticed an article stating that the census had hit a number of snags during these final days.

B. E. Hausler, supervising the nose-counting in a 15-county area out of Wichita Falls, says there will be nothing definite until July 1.

Soon after the count started, he thought he could give out a report by May 15, except for a later, official tally from Washington.

"Chances are now," he said, "that those populations will not be known until about July 1st." And he couldn't be sure of that.

Anyway, when Munday's count is made public and official, the person who guesses nearest the correct figure will get that 3-year paid up subscription.

Bring in your guesses, send in our guesses, jot them down on pieces of paper and hand them to us—just any way to get them in our files.

We think it will be a lot of

## Final Rites For Mrs. Rosser Held Tuesday

Mrs. Geneva Rosser, beloved mother and grandmother who came to Munday about 45 years ago, passed away at the home of a daughter, Mrs. R. A. Clements, here last Monday morning, at about six o'clock.

Mrs. Rosser was born in Georgia October 26, 1850, and passed away just about six months short of her 100th birthday, being 99 years, 6 months and 5 days of age. She was active in church and civic affairs until ill health forced her retirement.

Even after she was confined to her home, Grandmother Rosser kept up with world affairs by means of her newspaper and radio. During her later years, falling eyesight and hearing, kept her from indulging in the pleasures of the newspaper and radio, but she continued to enjoy her family and friends. She was confined to her bed for a number of months.

Surviving her are two daughters, Mrs. Dave Eiland and Mrs. R. A. Clements of Munday, Mrs. Roxy Cypert of Wichita Falls and Mrs. Ollie Ruff of Oregon; a son, Lon Rosser of Dallas, 18 grandchildren, 26 great grandchildren and four great, great grandchildren. She was under the medical care of a grandson, Dr. D. C. Eiland of Munday, for several years.

Funeral services were held from the First Baptist Church in Munday at four o'clock last Tuesday afternoon, being conducted by Rev. C. A. Powell of O'Brien, who was assisted by Rev. Huron A. Polnac and Rev. R. L. Butler, both of Munday.

Burial was in the Johnson Memorial Cemetery with the Mahan Funeral Home in charge of arrangements.

Palibearers were E. W. Harrell, Oscar Spann, C. P. Baker, E. B. Littlefield, Cecil Fitzgerald and Leland Hannah.

## Drive Started For Bleachers At Football Field

The steel is on the grounds. The boys interested in our athletic field are working, and tickets are being sold at a fast clip. Prospects for having new bleachers at the athletic field are very bright indeed.

The move to erect new steel bleachers was begun some two weeks ago, and now the plan is to have these net seats replace the old unsafe ones. Seating capacity of the new bleachers will be around 2,000. They will be of all-steel construction with wooden seats.

The plan by which this move is being financed is through the sale of reserved seats. Five hundred seats have been reserved on the north side of the football field, and these tickets are being sold at \$10 per seat, giving the purchaser a guarantee of a seat for two football seasons. After two seasons, he has an option on these seats provided he wants them longer.

Starting at mid-field the reserved section extends to the 37-yard line on each end.

Reserved seats for the 2-year term may be purchased by contacting either Don L. Ratliff or J. C. Shockey.

## Honor Students At Rhineland Named

Honor students for the school year at Rhineland High School have been announced as follows: Doralene Kuehler, valedictorian, with a general average for four years of 97; Geneva Redder, salutatorian, with an average of 94. These young ladies have resided in the Rhineland community all their lives.

Graduation exercises are to be held on May 31 in the high school auditorium.

## MOTHER'S DAY FLOWERS

Mrs. Mayes is still in the flower business and will be glad to take orders for hydrangeas for Mother's Day. Place, last house on right, across from Mrs. Raymond Ratliff.

## Breaks Ground For New Church

Pictured above is Rev. J. R. Bateman, superannuate Methodist pastor, former pastor at Thorp and the Bomarton Circuit, resident of Munday and beloved man of God, as he turns up a spadeful of dirt at the ground breaking ceremonies for the new Methodist Church building on Sunday, April 23.

Others taking part in the ceremonies are Rev. R. L. Butler, pastor; W. R. Moore, chairman of the building committee; M. L. Wiggins, chairman of the Board of Stewards; Miss Shelly Lee, oldest member of the church; Mrs. Florence Bowden, and others.

## 42-Year-Old Structure Is Being Torn Down; New Church To Be Built

It was a great day forty-two years ago—back in 1908—when the cornerstone was laid for the First Methodist Church in Munday.

The membership had just completed a new structure, a beautiful brick building that was ample and adequate for the membership at that time and for many years in the future. The church has served its membership and the community well during the 42 years, just as those who had a part in its construction visualized it would.

Rev. C. L. Cartwright was serving as pastor at that time, and members of the building committee were: A. F. Huskinson, J. T. Lee, W. A. Baker, N. L. Newsom, W. A. Earnest, J. R. Smith and John J. Switzer.

These names were placed on the cornerstone which was laid, and last Tuesday that cornerstone was still in place. From the outside, the building still looked pretty much intact, with the cornerstone almost hidden by huge cedar trees, and the brick and mortar still in place. Inside it was just the hull of a building.

For the building which those men of vision built in their day had seen its period of usefulness. The church membership has grown, the community has grown, until this building was just as inadequate as the one which it replaced forty-two years ago.

The last religious service held within its walls was on Sunday evening, April 23. It was announced at the services that morning that anyone wanting some of the shrubs and evergreen that grew so beautifully around the structure should get them the next day.

The last public gathering held within its walls was the silver tea sponsored by the Wesleyan Service Guild on Monday evening, April 24, at which the pastor, Rev. R. L. Butler, gave an interesting account of his visit to the Holy Land.

Workmen had already begun to tear away portions of this building in which religious services, marriage ceremonies, funerals and other gatherings had been held for almost a half century. Today, nothing remains but the outside walls, and these will soon disappear.

It is being replaced by another structure, a new edifice to be erected of Tennessee Crab Orchard stone and all the latest materials, and equipped with modern facilities, heating plant and cooling system.

Net worth of the new edifice and its fixtures, according to the contractors and officials, will be well nigh \$150,000. Some lumber and materials from the old building are to go into the new one.

The new church will be another dream come true. It will be just as beautiful, just as ample, just as adequate today as the old one was in its day.

But what about 42 years from now?

## Bank Deposits At High Peak

The First National Bank of Munday is, this week, publishing the highest record of bank deposits for any call statement in the bank's history. Over five million dollars are on deposit in the local bank, as of the close of business on April 24.

On January 7, 1950, deposits were higher than at the time the present call was made from the Comptroller of the Currency. At that time, deposits reached \$5,252,380.58, and the bank issued a special condensed statement.

On April 24, deposits stood at \$5,073,205.57. Other items in the bank's statement shows this area to continue in a sound financial condition.

Misses Patsy Mitchell and Ruth White of Denton spent the week end here with Patsy's parents, Mr. and Mrs. A. H. Mitchell.

Mathews designed and built prize-winning plane.

## Many Attend Dedication Of Baptist Church

People of all walks of life—the clergy, laymen, members, former members and friends of the church attended the program here last Sunday which formally dedicated the newly completed First Baptist Church of Munday to the service of God.

The church, which local members spent approximately 11 months in building, was dedicated debt-free, an accomplishment which many regarded as impossible at the beginning of the building program. It is one of the most attractive and roomy edifices in this section.

Services were begun last Sunday with the regular Sunday school and preaching services in the morning, with the pastor, Rev. Huron A. Polnac, delivering the morning message.

The highlight of the day was the dedication service, which opened at 1:45 p. m. with lovely organ music. During the services, special messages were brought by J. H. Littleton, district missionary; Rev. Polnac, pastor; B. L. Blacklock, chairman of the Board of Deacons; Chan Hughes, superintendent of the Sunday School; Ray Holcomb, training union director; E. B. Littlefield, president of the Baptist Brotherhood, and Mrs. Polnac, W. M. U. president.

A vocal solo was sung by Miss Virginia Ruth Albertson, after which her father, Rev. W. H. Albertson of Brownwood, pastor of the local church for some 20 years, delivered the dedication sermon. Benediction was by Leland Hannah.

Following the service, open house was held, and nearly all of the 800 people present were shown through the building. They view the spacious departments and rooms for Sunday school and training school, and many remarked that it was really a "dream come true."

Special recognition was given

## Golf Tourney Set To Open On Sunday, May 14

Sunday, May 14, has been set for members of the Munday Municipal Country Club to try their skill against each other in their annual city clubs golf tournament. Plans for the tourney were completed at a meeting of club members last Tuesday night.

Qualifying rounds will be played from May 7 to May 11, ending at 5 P. M., May 11, at which time a feed is scheduled at the club house. Tickets for the feed will be on sale the latter part of this week.

Several nice prizes are planned for the winners in the tourney, which is open to members of the club only. Around 50 members are playing golf, and this is expected to be an interesting event.

The club has a membership of between 75 and 80, and plans are under way for a drive to increase the membership.

Matched play will begin on Sunday, May 14, with the finals scheduled for Sunday, May 21.

## Rodgers Super Dog Stand Will Open Thursday

Walter Rodgers announced the formal opening of the Rodgers Super Dog, which will hold its opening on Thursday evening, of this week.

The new business, located at 1125 West Main, just east of the high school, is housed in a new building which has just been completed.

Mr. Rodgers stated that free Super Dogs, "the dog on a stick", will be served to all visitors for a two-hour period, from 6 to 8 p. m. Thursday.

In addition to the super dogs, Mr. Rodgers will also serve Weber's root beer, and orange drink and Coca-Cola from his new fountain. A frozen malt machine has also been installed, and frozen malt will be dispensing in 10, 15 and 25-cent sizes.

Mr. Rodgers invites the public to visit his new business during the formal opening hours.

## Mrs. Will Mabry Is Buried Here On Wednesday

Mrs. Annie Laura Mabry, a resident of Munday for many years, passed away at a Wichita Falls hospital last Tuesday.

Mrs. Mabry was born in Louisiana on August 25, 1876, and was 73 years, eight months and seven days of age at the time of her death. She lived in Munday for a number of years and was known and loved by many residents of this section.

Since the death of her husband several years ago, she has been making her home with her daughter, Mrs. N. T. Green of Quanah. Mrs. Green is the only child.

Funeral services were held from the First Baptist Church in Munday at three o'clock Wednesday afternoon, being conducted by Rev. Huron A. Polnac, pastor. Burial was beside her husband in Johnson Memorial Cemetery with the Mahan Funeral Home in charge of arrangements.

Palibearers were Harvey Lee, Herman Caskey of Quanah, J. C. Borden, B. L. Blacklock, J. C. Campbell and Dick Wardlaw.

## Goree Church Of Christ Has New Building

The Goree Church of Christ has just completed a new building and will meet in it for the first time Sunday, May 7.

A series of lectures dealing with different phases of the Church will be begun Sunday, May 7, and continue through May 16.

Following is the schedule of the lectureship:

May 7 Worship in the Church—Don Manser, Abilene

May 8 The Church in Prophecy—W. E. Burkham, Seymour

May 9 The Establishment of the Church—Oscar Batten, Sterling City.

May 10 The Identity of the Church—Charles Hill, Stamford

May 11 The Organization of the Church—D. L. Ashley, Munday

May 12 The Mission of the Church—Alfred Waller, Rule

May 13 Why I Am a Member of the Church—H. L. Matheny, Rochester

May 14 How to Become a Member of the Church—To be filled.

May 15 The Work and Vision of the Church—Stanley Shipp, Knox City

May 16 Progress of the Church—Eugene Winters, Weinert

The public is cordially invited to attend these lectures and to see the new building. The building is 60x34, with concrete floor, stucco on the outside. The inside is finished with wainscoting and a varied color of celotex.

A majority of the labor on the building was done by different members of the Church of Christ in Goree.

### OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Hefner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

### INEXCUSABLE DELAY

The House Ways and Means Committee—for a reason which will be a mystery to consumers—apparently does not think that repeal of the wartime excise taxes is an immediate need. In any event, it resisted all attempts to give priority to their repeal, and it now looks as there will be no action before July 1.

To assure action at all, it may be necessary for a great many more people to make their views on these taxes known to their Congressmen. Continuation of the taxes, now that the war has long been over, amounts to a breach of faith. They were strictly emergency measures, designed as much to reduce production of non-military items as to raise revenue. They prevent full production and employment in the many industries which they affect. Retailers have testified that they are a strong barrier to sales in many lines. And they have jacked up the cost of living another notch for millions of consumers.

These taxes apply to such things as baby oil, cosmetics, costume jewelry, furs, transportation tickets, long distance telephone calls, and so on. Thus, they are not "luxury taxes" in any reasonable meaning of the term. Most of the goods and services they hit are regarded as necessities and semi-necessities in a country with high living standards.

Congress should have repealed these taxes long ago. Refusal to act is inexcusable.

### PROTECT YOUR FAMILY

Recently a home burned in western Oregon, claiming the lives of the parents and five children. The stage for the tragedy could have not been more perfectly prepared if mass suicide had been contemplated.

Here is how the tragedy occurred. The house was built long and narrow with a built-in room in the rear where the children slept. The back door and windows were nailed shut. The night of the tragedy a roaring fire was built in the wood stove that sat by the front door. After the fire was stoked all went to bed. It was not long before the hot stove heated the floor boards where oil had been allowed to seep into the wood—oil-soaked floors are common. As soon as the stove became red hot the oiled floor ignited enveloping the whole end of the house in flame, and also the only exit. The rest of the story is very short—all lives were lost.

This can happen to any home where they is a disregard for fire precautions. Insufficient insulation around a heating unit, oil drippings on floor, poor draft, cracked stove, over-heating, forced draft and open fire door can all cause fire.

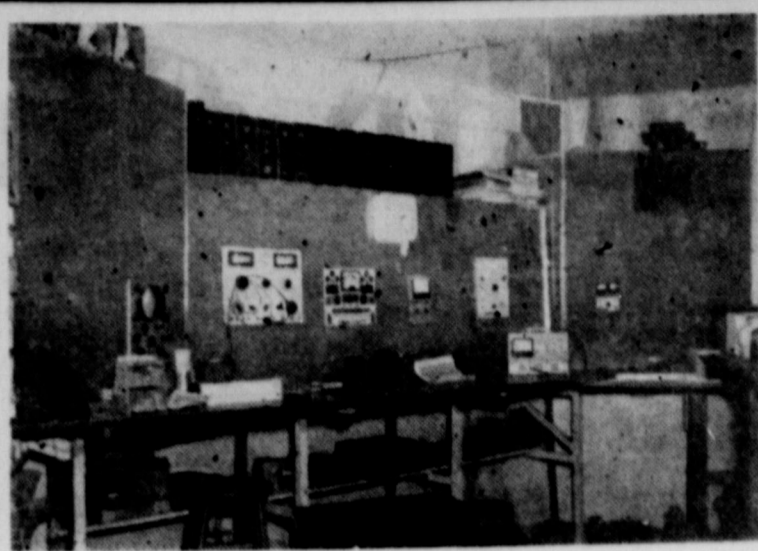

Take precautions and avoid tragedy in your family.

"God gives every bird its food, but he does not throw it into the nest."—J. G. Holland.

WASHINGTON, D. C., April 29—During this week I have had many telegrams and letters asking me to help do something to prevent the threatened railroad strike which is now scheduled to occur on May 10. The strike is being threatened by the Brotherhood of Firemen and Enginemen. They are demanding that a second fireman be placed on Diesel locomotives. Most locomotives now are Diesels and burn oil. About all the firemen on such an engine does is turn a few spigots and simply ride. On fast passenger trains the fireman can, and often does, draw a month's pay for about ten hours riding time. Time is calculated according to the number of miles driven and not the number of hours actually worked. A second fireman on these locomotives would simply be going along for the ride. This would be featherbedding at its worst.

The Taft-Hartley Act does not apply to railroad labor. Railroad labor is subject only to the so-called Railway Labor Act. Congress has no way to settle this threatened strike. It is now an administrative problem. Even the President may lack authority to settle it. However, if this brotherhood does go through with its strike it will likely result in Congress passing another bill to compel compulsory arbitration in cases where the public interest is involved.

A special congressional committee has been investigating lobbying. The committee has concerned itself primarily with

persons required to register under the Lobbying Act, i. e., those receiving pay from industry, individuals, or organizations to advocate the passage of the defeat of legislation. Lobbying is the most overpaid of all professions. There are many lobbyists in Washington who get \$10,000 a year or more. Most of these are not worth 15c insofar as service to their employers go.

The most effective lobbyists and those who put the most pressure upon Congress, are the bureaus of the government itself, federal employees, and newspaper columnists and commentators. These people are not regarded as lobbyists. Still these people have far more to do with passing and defeating laws than do all of the registered, paid lobbyists.

Speaking of lobbying, a great deal of it is, of course, legitimate. It is quite all right for the departments of government to get acquainted with Members of Congress, and vice versa. In today's mail I have a letter from the Under Secretary of State, Mr. James E. Webb, inviting me to a smoker to meet and mingle with a number of Assistant Secretaries of State. At such meetings one finds out how a number of these people think about matters of foreign policy.

I am getting a great deal of mail complaining of the Postmaster General's order reducing mail service to the residents of our cities. Postmaster General Donaldson, as an economy move, has ordered that hereafter city dwellers in residential areas are to get their mail only once per day. A number of people have been loudly protesting this action. Rural patrons get only one mail delivery a day. I fail to see where this is going to work hardship or injustice upon those of us who happen to live in cities. We scream economy and efficiency in government, and then we scream when we get it. Most of us are for economy only when it

RUTH HODGES

## Ruth Hodges Is Home Economist For This Area

QUANAH—The addition of a home economist to the staff of West Texas Utilities Company's Quanah District was announced today by Earl Morley, WTU Co. District Manager.

"In keeping with our Company policy of not only supplying low-cost electric power but also doing everything possible to help our customers obtain the full benefits of electric service," Morley said, "we have employed a full time home economist, Ruth Hodges, who will work through out the district helping housewives stretch their kitchen-budget-dollars."

"Mrs. Hodges will be available to work with individuals, groups and clubs. Requests for her services may be made at any WTU Co. office," Morley continued.

Mrs. Hodges, a daughter of Mrs. Ed Lawrence of Vernon, was born in Vernon. Following her graduation from Vernon

schools, she has been active in the Vernon civic and business life. She is a member of the Baptist Church and the Business and Professional Women's Club.

Mrs. Hodges will continue to live in Vernon where her husband, Cecil A. Hodges, is employed as a precision machinist by the West-Tex Tank and Machine Company.

### Make Kitchens Bright

Attractive curtains, good lighting, colorful towel and green plants make the kitchen a gay place even on a dreary day. Kitchen utensils, too, can add a special bit of brightness to the preparation of daily meals. Porcelain enameled utensils, for instance, are available in gleaming white with black or red trim that blends in with the color scheme. Little touches like this help make the kitchen one of the most popular rooms in the house.

Make every day in 1950 a safe day on your farm.

## Crossbred Pigs Showing Promise Of Higher Incomes

Nashville—Crossbred pigs promise Southern hog farmers a better source of income, according to research done by Dr. H. A. Stewart, North Carolina State College. In the May issue of FARM & RANCH-SOUTHERN AGRICULTURIST Dr. Stewart points out that crossbreeding is the modern ladder to profit in the hog business.

In contrast to the old recommendations made by swine specialists, Dr. Stewart says that crossbreeding will produce more pigs, bigger gains and better carcasses.

In tests made by Dr. Stewart at the North Carolina Experiment Station he found that pigs sired by the Minnesota No. 1 bores gained an average of one-tenth of a pound per day more than the lots of pigs with which they were compared.

He also found the carcasses of the pigs sired by bores of Minnesota No. 1 or the "A" line were superior to those of the inbred lines or the purebred hogs.

Dr. Stewart said that sows farrowed in litters sired by Minnesota No. 1 bores farrowed 1.5 more pigs per litter and saved more than the other lines.

A plan for a breeding program based on Dr. Stewart's research is outlined in the May issue of FARM & RANCH-SOUTHERN AGRICULTURIST in a story written by Dr. L. R. Neill, Senior Editor.

## Eighty-Four Party Is Held Recently In Reeves Home

Mr. and Mrs. Jim Reeves were host and hostess to an "84" party last Tuesday night when it met in their home. Co-hostess was Mrs. B. L. Blacklock.

The Reeves home was beautifully decorated with bouquets of red roses. A red rose was also placed on the plates of all the guests present.

Games of "84" were played after which a delicious refreshment plate of angel food cake and punch was served to the following:

Mr. and Mrs. Chester Borden, Mr. and Mrs. D. E. Holder, Sr., Mr. and Mrs. Marvin Reeves, Mr. and Mrs. C. C. Brown, Mr. and Mrs. E. E. King, Mr. and Mrs. C. P. Baker, Mr. and Mrs. W. R. **KITCHEN MEMO** BY JEAN CLARKE

The label of "boardinghouse dish" has been tagged to *Trifle* too long. When correctly made, it's a fit dessert for the most epicurean company into a shallow serving dish pour  $\frac{1}{2}$  cup sherry. Then put into dish 1 single layer sponge cake (two or three days old) cut into fairly thin slices, spread with currant jelly, raspberry or strawberry jam. While cake soaks up the wine make a boiled custard: Scald 3 cups milk in top of double boiler. Beat 3 eggs with  $\frac{1}{4}$  cup sugar and  $\frac{1}{2}$  tsp. salt. Pour the hot milk over this stirring constantly. Put back into top of double boiler, cook over medium flame. Stir continuously until just barely thick. Remove and stir in  $\frac{1}{4}$  tsp. vanilla. Let cool with cover on, then pour over cake in wine. Chill well. Decorate with dots of jelly or jam and whipped cream if you wish. 4 generous servings.

Several families in multiple buildings can share an average size gas incinerator because it burns up three bushels of garbage per hour. Operating cost is low.

Simple cheese sauce: Heat 1 cup evaporated milk over hot water, pour into  $\frac{1}{4}$  lb. grated Cheddar cheese. Stir gently until smooth.

Mushrooms shrivel up and toughen unless they are cooked quickly over a low flame.

A once-a-year check by an expert service man will keep the flues of your gas space heater clean and unblocked.

Baked stuffed peppers, tomatoes, apples or onions keep their shape better if put into a muffin pan.

Clarar to look over the list of missionary names, for we felt that she was better acquainted with the missionary work than the rest of us. Finally, we decided to call our organization the "Maybelle Taylor" circle and we hope that we will not disappoint Miss Taylor in any way.

We have met regularly now since our circle was organized. Every Monday afternoon at 4:00 we meet at one of the member's homes for our program.

Our aim is to unite the young women of the Southern Baptist churches in an enduring missionary enterprise through which they shall show forth the beauty of holiness.

The name "Young Woman's Auxiliary" was adopted in 1907 after a questionnaire vote of preferred name by many missionary groups of young women then functioning. Alabama suggested this name and in the voting it was selected along with the Young Woman's Auxiliary emblem of the Y. W. A. monogram on a crescent which makes the design of the Y. W. A. pin.

Our watchword chosen was Daniel 12:3—"They that are wise shall shine as the brightness of the firmament; and they that turn many to righteousness as the stars for ever and ever."

The colors that were chosen for the Y. W. A. were Nile green and white.

The song that was chosen was "O Zion Haste", which well ex-

## USE CARE IN WASHING CORDUROY

Corduroy gets soiled just the same as does any other clothing material and it should be washed or cleaned regularly if it is to look well and wear well. Corduroy suits, coats and dresses can be successfully washed at home, says Nena Roberson, associate extension clothing specialist of Texas A. & M. College, if certain precautions are taken.

She says garments made from corduroy need a gentle washing and points out that lukewarm water and mild soapsuds should be used. The suds should be squeezed through the garments and twisting and rubbing should be avoided. They should be rinsed in two or three changes of lukewarm water.

She doesn't recommend wringing, but instead says the garment should be lifted from the tub and folded in a bath towel to remove the excess water, then hung on a wooden hanger to dry in shape.

Corduroy garments should be dried rapidly and out-of-doors in a stiff breeze is best. When the

garment is almost dry, brush it following the nap to keep it smooth. The use of a steam iron will make the ironing job easier, she adds.

If the cot is lined, the only safe way to wash it is to remove the lining and padding and wash each separately, she says.

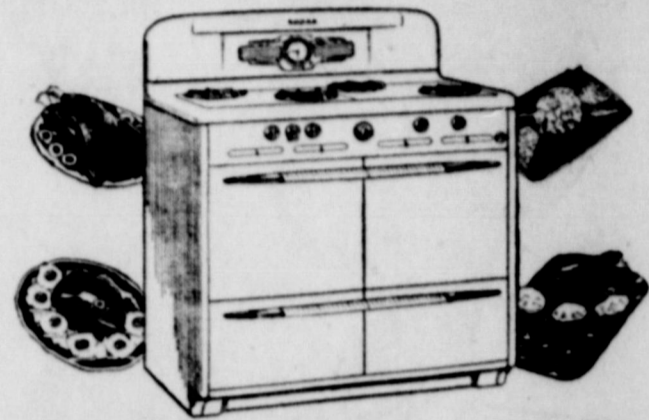

Mrs. Frank Bowley and Butch of Big Spring came in Tuesday for an extended visit with Mr. and Mrs. A. E. Bowley and other relatives and friends.

The Tarrant-Cloud well near Moran was drilled in 1913. It was the first oil well in all that section of Texas. A few months ago, your columnist visited Moran. Imagine my surprise to be informed that the old well is still producing after 36 years! It is making eight barrels a day, and during its lifetime, has made more than a million barrels of oil.

C. R. Bates in the small town of Dermott, Ark., has an unusual occupation. He "liquidates" factories. When a plant is going out of business, he salvages the machinery. He buys all over the United States and he may re-sell the equipment as far away as South America.

In the same town, John Baxter is a banker, lawyer, farmer and ginner. And yet with all those businesses, he doesn't seem to be in a big hurry and he seems to be always in good humor, ready to tell a good story or to smile at the other

fellow's.

Here's a quaint little happening of early Texas days:

On the south coast in the days of the Republic lived two men who had never met—Bill Bradley and a Dr. Collins. Neither was what you would call handsome—just the contrary. Dr. Collins was full of good humor and one day, while riding to Brazoria, he met Bradley and both reined in.

"My name is Collins," said the doctor.

"Mine is Bradley—Bill Bradley."

Dr. Collins said, "I have a present for you," taking a large knife from his pocket and handing it to the other man. "This knife was presented me for being the ugliest man in these parts with the stipulation that should I ever meet an uglier man than myself, I should present him with the knife. Mr. Bradley, you are that man."

"Bradley said nothing but opened the knife, spurred his horse and chased the doctor half way across the prairie.

### Alfalfa Proves Popular Grazing To Farmers Of Area

Several District co-operators are using alfalfa for pasture. This fine legume and hay crop produces an abundance of pasture, according to Harry Beck, Vera, and J. B. Reneau, Munday. Mr. Beck had 70 head of yearlings on 50 acres of alfalfa until the rain. He took them off just before the rain, and from the looks of the alfalfa now, you would never know it was grazed

at all. Mr. Beck wonders how many yearlings he could run now on the 50 acres since the rain.

Dr. J. B. Reneau, Jr. has been using alfalfa for grazing purposes for quite some time. Last year he ran 34 head from March 15 until sudan grass came on. This year he is doing about the same, with a few more cattle part of the time.

Mr. Beck planted his alfalfa last fall and got a fair to good stand. Dr. Reneau plowed up his old stand of alfalfa because of some weeds and undesirable

## Septic Tanks Recommended For Farm Homes

A septic tank and disposal field is usually recommended as the best waste disposal system for the farm home. The septic tank, says W. S. Allen, extension agricultural engineer-buildings of Texas A.&M. College, is not a mysterious object. It is merely a holding tank for the household wastes where decomposition disposes of these wastes quickly, easily and in a sanitary manner.

He says sanitation authorities agree that a septic tank should be made large enough to hold the maximum amount of sewage discharged into it in any given 24 hour period. The minimum sized tank should hold no less than 500 gallons. Tanks that are too small soon become overloaded with sludge and raw sewage and this will pass into the disposal field and clog up.

He says a grass trap is not considered necessary for the ordinary household if the tank has a capacity of 500 gallons or more. The location of the tank, however, is of primary importance. It is cheaper, he says, to build the tank close to the source of the sewage because less water tight line will be needed. It is not, however, a good practice to locate a septic tank too close to a building for this makes

grasses. He was expecting to have to replant, but had enough alfalfa to come up volunteered for a fair stand.

Both of these farmers are very enthusiastic about the grazing value of alfalfa and plan to plant more as soon as possible. Both are cooperating with the Wichita-Brazos Soil Conservation District and the Soil Conservation Service at Knox City.

**ATKELSON'S Food Store**

cleaning difficult. All septic tanks will need cleaning during their life of usefulness so locate it where it can be reached easily for the cleaning job. The tank itself, he says, should never be a part of any foundation. The disposal field should consist of two or more tile lines. If a single line is used, there is a greater chance that the field will become water logged and thus cause trouble. He says unless you live in an area where the soil is very porous, it is advisable to provide a porous bed of gravel or crushed stone for the disposal field. Sewage, it should be remembered, is not necessarily rendered harmless in the disposal field; therefore, the field

should be located a safe distance away from wells and water supply lines. He says the minimum distance should be 100 feet.

Allen says you can obtain plans for constructing the right kind of a septic tank and disposal field from your local county health unit, the State Health Department or from your local county extension agent. He says they'll be happy to advise you on the amount of disposal tile needed for the soil type in your area and also on the construction of the system. He concludes with this word of advice, get a good plan and then follow it in constructing your septic tank and laying out your disposal

### Open House Set At Knox City For New Club Building

A dress for twenty-five years to Knox City Federated club members will become a reality next Thursday, May 11!

That's the date set aside for "Open House", celebrating the completion of a new women's club building.

An invitation has been extended to club women of this city to attend the opening. Serving hours will be from 4:00 to 6:00 P. M.

"Neighboring clubs throughout this area have given us moral support for 25 years and we want them to join us in our happiness," Mrs. B. B. Campbell, officer and life member of the Knox City Study Club, said. Members of the 1946 Study Club will assist in the opening ceremonies.

### P.-T.A. Procedure Study Completed

Twenty-four Parent-Teacher Association members from Knox City, Sunset, Goree and Munday completed the procedure course offered at the high school on Wednesday of last week.

Instructor for the all-day study was Mrs. Fred B. Hunt of Burkburnett, who is procedure course chairman of the P.-T. A. thirteenth district. The study just completed is one of two organization courses devised to help members by increasing their knowledge, interest, and understanding of the work of the organization. The other course, Parliamentary Procedure, may be offered to members of this area in the near future. Both of these studies are open to any P.-T. A. member and are virtually essential to organization officers for greatest accomplishment in the local unit.

Thompson, Mrs. A. U. Hathaway gave an opening prayer. Duties of each class officer has explained. The next meeting will be May 25th in the home of Mrs. J. J. Keel. Mrs. C. W. Armstrong gave the closing prayer.

Refreshments were served to members of the class.

Mr. and Mrs. Perry Cartwright of Alpine visited Mrs. W. S. Heard and other relatives the past week.

## Winners Named In Local F. F. A. Project Show

The Munday F. F. A. project show sponsored by the Munday Community Development Association and judged by Professor T. H. Leach of Texas Tech., judging by outward appearances, and by the general satisfaction of the boys, was a success.

Winners of the show were as follows: Poultry, first place, Melburn Johnson, \$5.00; 2nd, Junior Howeth, \$4.00; 3rd, Homer Lowrance, \$3.00; 4th, Troy Lowrance, \$2.50. Similar amounts were given each winner by the Munday Hatchery.

Fat barrows—pen of three, 1st place, Don Johnson, \$7.50; 2nd, Paul Qualls, \$5.00. Winners of individual fat barrow show: 1st, Don Johnson, \$5.00; 2nd, Don Johnson, \$4.00; 3rd, Paul Qualls, \$3.00; 4th, \$2.00; 5th, \$1.00. Grand champion barrow was won by Don Johnson, who was awarded \$15.00 by C. D. A. and a \$25.00 war bond by Western Cotton Oil Company. Don also won \$7.50 on reserve champion barrow from C. D. A. Each of the boys were awarded \$2.00 each for fitting and showing fat barrows. Lee Bowden finished out two and was awarded \$4.00. Paul Qualls and Don Johnson each received \$6.00 for this.

Breeding gilts were shown by

Don Johnson, who won \$7.50 for first place; Norman Gaines \$5.00 for 2nd; and Paul Qualls \$4.00 for 3rd. Each received \$2.00 for fitting and showing his gilt.

Glenn D. Henson won \$10.00 for first place with his sow and litter.

J. L. Ford won first honors and received \$50.00 for his Grand Champion Hereford fat steer paid by C. D. A. Western Oil Company also gave him a \$25 war bond. L. C. Searcey won reserve champion money of \$25.00 on his Hereford steer. Both J. L. and L. C. received \$20 each for fitting and showing their calves. Red Chain Feed Company also gave J. L. Ford \$25.00 on his Grand Champion.

Perhaps the most interesting part of the show to many was the dairy heifer show. Boys showing dairy heifers were Bobby Lawrence, J. L. Ford, L. C. Searcey, Joe Bailey Roberts, Jr., Norman Gaines, Gerald Myers and James Simpson. The heifers were shown in two divisions. Those with calves and those that have not calved. Winners with calves were: 1st, Bobby Lawrence, \$40.00; 2nd, Joe Bailey Roberts, \$25; 3rd, James Simpson, \$15.00. Without calves: 1st, Gerald Myers, \$40.00; 2nd, L. C. Searcey, \$25.00; 3rd, J. L. Ford, \$15; 4th, Norman Gaines, \$10.00. Winner of the group with calves was shown against the winner of the group without calves for the grand champion. Gerald Myers finally won Grand champion. His heifer has not calved as yet. Western Cotton

Oil Company gave him a \$25.00 war bond.

Edwin Quintero won first money on his Aberdeen-Angus heifer and calf in the beef heifer show and received \$12.50.

Bobby Lawrence received \$5.00 as outstanding showman of the show.

## Long-Staple Cotton Brings Premium, Requires A Lengthy Growing Season

**LUBBOCK**—Long-staple cotton which may be grown without regard for government quotas takes a longer growing period but also sells for a premium on the cotton market, two Texas Tech cotton experts reported today.

Dr. Lyle Hessler, head of the cotton technology department, said long-staple, or pima, cotton has been bringing around 20 cents a pound more than other varieties. The high-grade lint is sought by eastern mills which produce laces and woven goods. Much of it is now imported, with a quota of 127,000 bales for this year.

A small supply of long-staple cotton has come from West Texas, Arizona and New Mexico. A hot, dry area with irrigation facilities is best suited for the crop, Dr. Hessler said.

Dr. A. W. Young, head of the plant industry department, said the cotton would require a longer growing period and would also have to be hand-picked. He said it would be impractical for

the South Plains area or any section where an early freeze might occur.

In the South Plains there are over 200 frost-free days, but the longer growing season and a lot of luck will be required before long-staple cotton can be a paying crop," Dr. Young said.

He said there is a shortage of the long-staple seed at the present time and cited a quotation of \$600 a ton made by one firm.

Dr. Young also noted that long-staple cotton requires a changed ginning procedure which he said should be taken into account when computing the net premium of pima cotton over short-staple varieties.

Mr. and Mrs. Mac Haymes of Eastland visited with relatives here and at Vera over the week end.

Mrs. I. V. Cook was a visitor in Abilene last Monday.

**NOTICE OF ROAD BOND ELECTION**

THE STATE OF TEXAS COUNTY OF KNOX TO THE RESIDENT QUALIFIED ELECTORS OF COMMISSIONERS' PRECINCT NUMBER 3, OF KNOX COUNTY, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID PRECINCT, AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held on the 3rd day of June, 1950, within COMMISSIONERS' PRECINCT NUMBER 3, OF KNOX COUNTY, TEXAS, to determine if said Precinct shall issue bonds, and if an annual ad valorem tax shall be levied annually on all taxable property within said Precinct sufficient to pay the bonds at maturity, and to pay the annual interest thereon, in pursuance of an ELECTION ORDER made and entered by the Commissioners' Court of Knox County, Texas, on the 27th day of April, 1950, and which order is in words and figures as follows, to-wit:

**ORDER OF THE COMMISSIONERS' COURT ORDERING BOND ELECTION TO BE HELD IN SAID COMMISSIONERS' PRECINCT NO. 3, OF KNOX COUNTY, TEXAS, THE STATE OF TEXAS COUNTY OF KNOX**

ON THIS, the 27th day of April, 1950, the Commissioners' Court of Knox County, Texas, convened in special session, there being present and in attendance the following members of the Court, at the regular meeting place thereof in the Courthouse at Benjamin, Texas, to-wit:

- J. B. EUBANK, JR., COUNTY JUDGE,
- G. L. KNIGHT, COMMISSIONER, Precinct No. 1;
- L. A. PARKER, COMMISSIONER, Precinct No. 2;
- C. A. BULLION, COMMISSIONER, Precinct No. 3;
- GEORGE NIX, COMMISSIONER, Precinct No. 4;

and, among other proceedings had, were the following:

There came on to be heard and considered the petition signed by more than fifty (50) of the resident property taxing voters of COMMISSIONERS' PRECINCT NUMBER 3, of Knox County, Texas, praying this Court for an order for an election to determine the following proposition:

"WHETHER OR NOT the bonds of COMMISSIONERS' PRECINCT NUMBER 3, a political subdivision of KNOX COUNTY, TEXAS, shall be issued in the total sum of \$38,000, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout Commissioners' Precinct Number 3, of Knox County, Texas, and which bonds are to bear interest at a rate not exceeding 3% per annum and are to be payable at such times as may be deemed most expedient by the Commissioners' Court; but not to exceed twelve (12) years from the date thereof; and whether or not ad valorem taxes shall be levied on all taxable property within the said Precinct for the purpose of paying the interest on the said bonds and providing a sinking fund for the redemption or payment thereof at maturity."

AND IT APPEARING to the Court that said petition was presented to the Court, and filed with the Court, on the 10th day of April, 1950, and that it is duly signed by more than fifty (50) resident qualified property taxing voters of said Commissioners' Precinct Number 3, of Knox County, Texas; and

IT FURTHER APPEARING to the Court that on said date, to-wit: April 10, 1950, by order duly passed and entered of record, this Court set said petition down for hearing before the Commissioners' Court, at a session thereof to be held in the Commissioners' Court Room in the Courthouse in the City of Benjamin, Texas, on the 27th day of April, 1950, at 10:00 o'clock, A. M., which was not less than fifteen (15) nor more than thirty (30) days from the date of the aforesaid order setting said petition down for hearing; and

IT FURTHER APPEARING to the Court, from the evidence submitted, that notice of this hearing was thereupon given by the County Clerk in the time and manner required by law, and which notice informed all persons concerned of the time and place of such hearing, and of their right to appear at such

hearing and contend for or protest the ordering of such bond election, and further, that the aforesaid notice also stated the amount of the bonds proposed to be issued, and described the boundaries of said Commissioners' Precinct as such boundaries are described and defined in the order of this Court re-defining and re-establishing the boundaries of said Commissioners' Precinct Number 3, passed and adopted on the 24th day of August, 1903, of record in Volume 2, Page 319, et seq., of the Minutes of the Commissioners' Court of Knox County, Texas; and

IT FURTHER APPEARING to the Court, and the Court so finds from the evidence submitted, that the Clerk of this Court, pursuant to the order setting said Petition down for hearing, posted and published the notices of such hearing in the time and manner required by law; that is to say—

(a) The County Clerk and Ex-Officio Clerk of the Commissioners' Court of Knox County, Texas, executed said notice by posting true copies thereof in the following three public places within COMMISSIONERS' PRECINCT NUMBER 3, OF KNOX COUNTY, TEXAS, to-wit:

ONE COPY on Post, front of New's Service Station, Gilliland, Texas,

ONE COPY on Post in front of Cafe, Truscott, Texas,

ONE COPY on post in front, or corner Bates Grocery, Truscott, Texas,

(b) That the said County Clerk also posted a true copy of such notice at the door of the County Courthouse of Knox County, in the City of Benjamin, Texas,

(c) That each and all of the three copies of the notice of hearing were posted by the County Clerk at the three public places in said Commissioners' Precinct above described, on the 11th day of April, 1950; that each of said places was a public place in said Commissioners' Precinct; that each of the notices posted at said places was accessible to the public; and that each of said notices so posted at each of said places was posted so as to be easily visible to the public;

(d) That the copy of the notice of this hearing, posted by the County Clerk at the Courthouse door, as aforesaid, was posted on the 11th day of May, 1950, and that such notice was posted at said place so as to be easily visible to the public, and

(e) That the said County Clerk also caused said notice of hearing to be published in THE MUNDAY TIMES, which is a newspaper of general circulation in Commissioners' Precinct Number 3 of Knox County, Texas, and published in said Precinct in the City of Munday, Texas, and which said notice was published in said newspaper on the 13th day of April, 1950, which date was at least five (5) days prior to hearing set for the consideration of such petition.

AND WHEREAS, on this the 27th day of April, 1950, and being the date set for hearing said petition, the said petition came on to be heard and considered in regular order; and

WHEREAS, it appearing to the Court that if said bonds are voted and issued, the money received from the sale thereof will be applied to the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout Knox County, Texas, Commissioners' Precinct Number 3; and

WHEREAS, it appearing to the Court from evidence submitted that the amount of \$38,000 will be needed for the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, within said Commissioners' Precinct; and

WHEREAS, IT APPEARING TO THE COURT that it is necessary and desirable to increase the amount of the proposed bonds to be issued to the sum of \$38,000;

NOW, THEREFORE, on this the 27th day of April, 1950, the Commissioners' Court of Knox County, Texas, in special session, as aforesaid, by reason of investigations carefully made, and from all facts found and evidence submitted at such hearing, finds, and IT IS THE ORDER AND JUDGMENT OF THIS COURT:

(1) That the petition for said bond election is signed by more than fifty (50) of the resident qualified property taxing voters of COMMISSIONERS' PRECINCT NUMBER 3 OF KNOX COUNTY, TEXAS, and who had duly rendered their property for taxation,

(2) That due notice of the hearing had on such petition has been issued, made and given in the time and form and manner required by law,

(3) That it is necessary and desirable to change the amount of bonds proposed to be issued to the amount of \$38,000,

(4) That the proposed improvements will be for the benefit of all taxable property situated within the boundaries of said COMMISSIONERS' PRECINCT NUMBER 3, OF KNOX COUNTY, TEXAS,

IT IS, THEREFORE, FURTHER CONSIDERED AND FOUND BY THE COMMISSIONERS' COURT OF KNOX COUNTY, TEXAS:

I.

That an election shall be and is hereby ordered to be held within COMMISSIONERS' PRECINCT NUMBER 3, OF KNOX COUNTY, TEXAS, on the 3rd day of June, 1950, and which date is not less than thirty (30) days from the date of this order, at which election the following proposition shall be submitted:

"WHETHER OR NOT the bonds of COMMISSIONERS' PRECINCT NUMBER 3, a political subdivision of KNOX COUNTY, TEXAS, shall be issued in the total

principal sum of \$38,000, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout Commissioners' Precinct Number 3 of Knox County, Texas, and which bonds are to bear interest at a rate not exceeding 3% per annum, and are to be payable at such times as may be deemed most expedient by the Commissioners' Court, but not to exceed twelve (12) years from the date thereof; and whether or not ad valorem taxes shall be levied on all taxable property within the said Precinct for the purpose of paying the interest on the said bonds and providing a sinking fund for the redemption or payment thereof at maturity."

II.

IT IS FURTHER ORDERED that said election shall be held under the provisions of the laws of the State of Texas, particularly Chapter 16, of the General Laws of the State of Texas, passed by the Thirty-sixth Legislature, at its First Called Session in 1926, and amendments thereto.

III.

IT IS FURTHER ORDERED that all persons who are legally qualified voters of this State, and of this County, and who are resident property taxing voters in COMMISSIONERS' PRECINCT NUMBER 3, OF KNOX COUNTY, TEXAS, and who have duly rendered their property for taxation, shall be entitled to vote at said election.

IV.

IT IS FURTHER ORDERED that the ballots for said election shall be prepared in sufficient number and in conformity with House Bill Number 357, passed by the Fifty-first Legislature in 1949, and that printed on such ballots shall appear the following proposition:

"FOR THE ISSUANCE OF BONDS AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF,"

"AGAINST THE ISSUANCE OF BONDS AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF."

V.

The polling places and the officials of said election shall be as follows:

Voting Box 2—Polling Place, at Caram Bldg, Truscott, Texas; Election Officials: J. C. Black, Presiding Judge, J. G. Adcock and J. C. Browder, Clerks.

Voting Box 3—At Schoolhouse

Gilliland, Texas; A. T. Brumley, Presiding Judge; Arnold Navratil and W. T. Cook, Clerks.

VI.

IT IS FURTHER ORDERED that the manner of holding such election and canvassing and making returns thereof, shall be governed by the General Laws of the State of Texas, when not in conflict with the provisions of Chapter 16, of the General Laws passed by the Thirty-ninth Legislature at its Called Session in 1926, and amendments thereto.

VII.

IT IS FURTHER ORDERED that notice of said election shall be given by publication of a copy of this order in THE MUNDAY TIMES, a newspaper published and having a general circulation in COMMISSIONERS' PRECINCT NUMBER 3, for three successive weeks before the date of said election, and, in addition thereto, there shall be posted other copies of this order at three public places in said COMMISSIONERS' PRECINCT NUMBER 3, and also at the door of the County Courthouse in the City of Benjamin, Texas, and all of which notices shall be posted for three consecutive weeks prior to said election.

The County Clerk is hereby authorized, ordered and directed to post and publish notices of said election as hereinafter directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by this Court. The duties herein imposed upon the Clerk may be performed by said Clerk or by Deputy, as provided by law for other similar duties.

The above order having been read, it was moved by Commissioner Bullion, and seconded by Commissioner Parker that it be passed. Whereupon, the question being called for, the following members of the Court voted

"AYE": Commissioners Knight, Parker, Bullion and Nix; and none voted "NO".

WITNESS THE SIGNATURES OF THE MEMBERS OF THE COMMISSIONERS' COURT OF KNOX COUNTY, TEXAS, this 27th day of April, 1950.

J. B. EUBANK, JR., County Judge, Knox County, Texas

O. L. KNIGHT, Commissioner of Precinct No. 1

L. A. PARKER, Commissioner of Precinct No. 2

C. A. BULLION, Commissioner of Precinct No. 3

GEORGE NIX, Commissioner of Precinct No. 4

The above and foregoing NOTICE is issued and given by me pursuant to authority conferred by the above and foregoing order of the Commissioners' Court of Knox County, Texas, and I HEREBY CERTIFY that the

above and foregoing is a full, true and correct copy of the order of said Court, ordering said bond election, and also the Minutes showing the passage thereof.

WITNESS MY HAND WITH THE SEAL OF THE COMMISSIONERS' COURT affixed, this 27th day of April, 1950.

M. T. CHAMBERLAIN, County Clerk and Ex-Officio Clerk of the Commissioners' Court of Knox County, Texas.

## Knox Prairie Philosopher Can't Quite Understand All The Hub-Bub About The Foreign Policy Rackets

Editor's note: The Knox Prairie Philosopher on his Johnson farm on Miller Creek is getting off on a subject he does not know anything about this week, the same as a lot of other weeks, but we print his letters in the interest of freedom of the press.

Dear editor: There has been so much in the papers and over the radio lately about "foreign policy" and the trouble with keeping our secret. It looks like nobody in Washington who trusts anybody else any more, and newspapers have been turned up out here filled with such news with the regularity of my wife's nagging that I would like to have you clear up a few points for me.

As I understand it, Washington officials are wrought up over the fact every time a new foreign policy is being hatched the news about it leaks out.

But what I want to have cleared up for me is why any other government needs to hire somebody to find out our foreign policy? Is there any country left that don't know it?

Maybe I'm too ignorant to be talking about it, which up to now ain't been no bar to talking about it out here or in Washington either, but I have understood all my life our foreign policy was to lend all the money all other countries asked for during peace time, then shut down except for our allies during a war, double up on out help to them till the fighting is over, then finance them back on their feet and go back to helping our former enemies until they was able to get a new war machine goin on their own, meanwhile keepin up whatever loans our regular customers needed to keep goin in their accustomed style.

Of course this is just a rough outline, but it appears to me to be about the size of it.

Now what I want to know is how you gonna keep such a policy as that secret? Might as well try to keep Maine potato growers from findin out what Washington's payin for potatoes. Might as well try to keep a busted grain sack secret from mice.

There may be one, but I ain't heard yet of a country so absent-minded it forgot Washington was the place to go for money.

Of course I don't blame em for tryin to swing a loan, I'd do

it myself if I figured there was a chance, although I ain't sayin I'm entitled to get on my feet as Germany or Japan, but what I can't understand is all the hub-bub over the news leakin out about what every foreign Prime Minister and hand-me-down King is required to know before they let him get in office.

Yours faithfully,  
J. A.

## Texas Adds New Contest To 4-H Club Program

A brand new contest has been added to the 4-H Club program in Texas and 20 other states, the National Committee on Boys and Girls Club Work has announced. Named the 4-H Public Speaking Program for 1950, it will be conducted through the State Club office and County Extension agents.

If any state prefers to conduct a 4-H Radio Speaking program, or a combination Public Speaking and Radio Speaking program, it may do so, according to the announcement.

Among the suggested subjects are: What 4-H Club Work Has Done For Me; My Home and My Community; Making the Farm and Home Safer; Agriculture and Petroleum; How 4-H Club Work Contributes to Good Citizenship; Homemaking as a Career; What 4-H Members Can Do to Promote Good Government. Talks must be original.

As incentives for outstanding achievement in the contest, gold filled medal awards are provided for the boy or girl winner in each participating county by the Pure Oil Company. State awards comprise a set of silver ware in a handsome chest for the outstanding girl, and a standard American make 17-jewel gold watch for the top ranking boy.

Winners on both county and

state levels will be determined on the basis of 50 percent on what the participants say, and 50 percent on how they say it. County Extension agents will furnish complete information regarding this new contest.

Home accidents took 30,500 lives in the nation last year and falls led the list of causes. It is dangerous economy to leave out of the plans for any farm building safety features that might prevent a serious accident.

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
M. D., State Health Officer  
of Texas

AUSTIN—"Go in and out of the window" is a line from a children's game which thousands of little youngsters have used for years. It may be used to describe something else, too, for FLIES like to go in and out windows. Dr. Geo. W. Cox, State Health Officer, reports that fly infestation will be heavy this year. So, now is the time to kill those early flies . . . before they have a chance to produce thousands more during the summer.

These pests buzz around in uncovered garbage pails, stables, old privies, and in homes around uncovered food. Do you have a metal garbage pail with a tight-fitting lid? Are screens on your windows and doors in good repair. Waste should be removed from stables often, for horse manure is one of the chief

breeding place of flies. Children can help to keep flies out of the house by keeping screen doors closed, and swatting the flies that enter the house.

Flies carry germs on their fast-moving wings, in their tube-like mouths, and on their furry legs and feet. What are some of the diseases they spread? Typhoid fever, dysentery, and tuberculosis are spread by these insects who feed on germ-laden filth.

Clean-up campaigns, screening, and spraying with insecticides are the best methods for getting rid of flies. Special care should be used in the use of DDT or other insecticides . . . directions should be followed carefully. Let's clean up on the new crop of flies to protect the health of our families.

Rev. and Mrs. Willard Reeves of Dallas were week end visitors in the home of their parents, Mr. and Mrs. S. G. Smith and Mr. and Mrs. Jim Reeves.

Mr. and Mrs. Bill Ehlers were visitors in Colorado City last Sunday.

### Baptists Donate Large Coolers To Munday School

Showing their appreciation for the use of the Munday Public School building for religious services, members of the First Baptist Church of Munday made a contribution of two large air conditioners to the schools.

The new church building has its own cooling system, and the congregation felt it better to contribute these to the school in appreciation for the use of the building for some 11 months. The coolers are valued between \$1,000 and \$1,500.

Supt. W. C. Cox last Wednesday expressed appreciation of the school board and school officials for this valued contribution. "We deeply appreciate this," he said, "as well as the manner in which the church membership so conscientiously cared for the building."

fun to have these guesses on hand and see just how far wrong everyone is.

Guesses so far have ranged from 1,773 to 4,187. If you think you can beat that, send your guess on in.

### CARD OF THANKS

We want to thank all of our friends for the lovely flowers, cards and letters we received while we were in the hospital in Houston.

May God bless each of you.
