Kracker Krumbs Odd Bits Salvaged At Random

The summer play and recreation program is getting along nicely.

This program, sponsored by the C. D. A. and in cooperation with the Munday schools, is furnishing various forms of play and recreation for our youth.

The program set up for both boys and girls, but reports are that very few girls are taking part in the activities.

It's a supervised program, with Coach Green as director and supervisor.

The C. D. A. voted, through its directors, to pay Coach Green's salary during the summer period for carrying on this work.

In addition, the organization placed \$100 at the supervisor's disposal for purchasing equipment, etc., to complete all phases of the program.

Coach Green reports that over 100 boys were taking part in the activities this week.

Of chief interest this week is the tennis tournament which opened Monday.

The plan was to have the tourney in six divisions—for boys and girls up to 14 years of age, and for boys and girls from 15 to 17 years of age.

From indications early this week, the play is mostly by the boys.

But the program was originated for both boys and girls, from the kiddoes on up. Coach Green stands ready to organize most any form of recreation desired.

He invites the youngsters who are interested in summer recreation to come in and join the activities.

He's interested in catering to the youth's desires, so far as the program can be expanded and supervised. Whether it is a full program and one engaged in by many of our youth is a matter that's up to the youth.

The schools play facilities are available, and other games are in the making, or can be arranged.

It's time to clean up the town! We've often wondered why a group of townspeople needed some organization or something to sponsor a clean-up drive.

It's a matter of individual effort, after all. When such a drive is sponsored and a definite date is set, then it's just all individuals working together to accomplish the thing quickly.

Which is fine and dandy. But after all, it's an individual responsibility.

Vacant lots and alleys are grown up high in weeds, etc.

Rubbish has accumulated.

Open pit privies are still pretty much in evidence.

In fact, there a lot of cleaning up that can be done in our town that will make it a more attractive, and a more healthful place in which to live.

Water places were "doctored" with an oil solution some time ago. Rains came after that, and it's likely they should be doctored again.

We need to begin an all-out war against flies and mosquitoes.

We need to use our spraying machine more. We need to have a street sweeper operating.

We need to begin thinking more and more about an annual clean-up.

We need to be doing more than thinking about it. We need to be doing it.

Many Expected To View Liberty Bell Tuesday

A large crowd is expected here Tuesday—and during the lunch hour—to see a replica of the famous Liberty Bell of Independence Hall as it makes its appearance here. Trucks bearing these replicas are visiting every state in the Union to spearhead the U. S. Treasury department's Savings Bond Independence Drive.

The bells were given the Treasury by six United States copper companies. When they arrived in New York they were mounted on trucks and sent to every state in the Union.

The Liberty Bell replica will be here for a 30-minute period Tuesday—from 12:30 to 1 p. m.—and will be on exhibit in the business district.

W. E. Braly, county bond drive chairman, is making plans for a suitable program during this period. The program will likely include a talk on independence and liberty, a talk on the liberty bell and a talk on savings bonds sales.

New Blacksmith Comes To Munday

Loren Trout, formerly of Wellington, has become associated with the O. V. Milstead Welding and Blacksmith Shop, it was announced last Tuesday.

Mr. Trout is an experienced welder and blacksmith, having been engaged in this work for some 26 years. He and his father, now deceased, owned and operated a shop in Wellington for many years. He has the experience and qualifications, and he comes to this area highly recommended.

Mr. Milstead invites the public to come in and get acquainted with his new employee.

Rodeo Hostess

Mrs. Edgar Ellis, above, is hostess for the Texas Cowboy Reunion at the annual show to be held July 1, 3 and 4 in Stamford. Past president of the Stamford Garden Club, she has taken an active part in Country Club activities. Her buoyant and friendly spirit will be appreciated by all visiting sponsors.

Funeral For Arthur Iseng Held Sunday

Arthur George Iseng, well known Gilliland farmer, passed away at about 5 a. m. Friday, June 16, at the Knox County Hospital. He had been in ill health for some time and received hospitalization several weeks prior to his death.

Born at Gilliland on July 26, 1894, Mr. Iseng was 55 years, 10 months and 20 days of age at the time of his death. He resided in Knox County all of his life and was regarded as one of the county's most successful farmers.

Surviving him are his wife, Mrs. Jewel Iseng of Gilliland, his mother, Mrs. P. G. Iseng of Gilliland; three sisters, Mrs. T. T. Berg and Mrs. John Bullion, both of Truscott; and Mrs. Ray Baty of Gilliland; a brother, A. T. Iseng of Dallas.

Funeral services were held from the Church of Christ in Gilliland at three o'clock last Sunday afternoon, being conducted by Minister George Waller of Rule, who was assisted by Rev. Mark Denzell, pastor of the Gilliland Baptist Church.

Burial was in the Gilliland cemetery with the Mahan Funeral Home in charge of arrangements.

Palbearers were Arnold Navratil, Omar Cure, J. B. Eubank, O. C. Turner, Oliver Miller and Elton Scott. Honorary palbearers were E. A. Burgess, George Colomon, Hugh Eubank, Charlie Seifers, O. W. Welch, Joe Cook, Arthur Horne, Bounce Baty and Clarence Woodward.

In charge of flowers were Valoise McGuire, Geneva and June Navratil, Ernestine Scott, Erna Lee and Aliene Horne, Gladys Meek and Florence Miller.

TOMMY RICHARDSONS ARE PARENTS OF DAUGHTER

Mr. and Mrs. Tommy Richardson are proudly announcing the arrival of a daughter, born Monday, June 12, at 6:15 p. m. at the Knox County Hospital. The girl weighed eight pounds and five ounces, and has been named Cathy Jo.

Maternal grandparents are Mr. and Mrs. Fred Reddell of Munday, and paternal grandparents are Mr. and Mrs. C. A. Richardson of Knox City.

TO OUR MANY FRIENDS IN MUNDAY

We have always known that people in Munday were just grand, but since A. C. has had his sickness and operation, we think they are the best yet.

The flowers, cards and letters we received while in St. Paul's Hospital mean more to us than you will ever know. The visits since we have been home are making every day more pleasant. We hope it won't be long before A. C. will be back in the store and enjoying his work again.

We hardly know how to thank everyone for being so sweet, but in our way we are grateful from the bottom of our hearts. Think of us in your prayers.

A. C. Mozell, Gerrie and Judy Boggs.

Sen. G. C. Morris To Be Speaker At Paducah Rodeo

Central West Texas supporters of Senator G. C. Morris of Greenville (Hunt County) are planning a rousing and typical send-off for their candidate for lieutenant-governor. On the evening of Friday, June 30, at 8 p. m. in the Rodeo Arena in Paducah, Texas, they will give a big free rodeo show, at which Senator Morris will be the guest of honor and the principal speaker.

Program for the evening has been worked out by a committee representing the Central West Texas region, and a rally attended by several thousand people is being projected. Col. Byron Shotts of Paducah will preside, and Hon. Claude Calloway of Crowell will present the speaker.

Senator Morris has been known in Central West Texas for many years as the man in the Texas senate who guided, with success, such important measures as the rural road construction bill, the rural school aid bill, and the well-balanced tax measures now in use in Texas. He has been the consistent opponent of the retail sales tax movement, and is widely credited with keeping it out of the Texas law books for the past ten years. He has also served with distinction as lieutenant-governor, and is now asking for his first elective term to that important office.

The free rodeo show with which his friends will greet Senator Morris is well worthy to represent the area. Sammy Baugh, of Rotan, probably the best-known athlete Texas ever gave the nation, will join Harold Felts of Paducah (who is a crack amateur roper) in contesting Fred Albright of Knox City and Nolan Pitcock of Aspermont in a team match, the latter pair to represent the professionals. The match roping will be known as the "amateurs versus the pros", and each team will rope eight calves. They will go for a cash prize of \$200, so the match will be hotly contested.

Another spectacular event will see Steeldust's Little Sister, one of the champion reining mares of the United States, contest an opponent in a reining match. Little Sister will be ridden by Fred Albright. Good cowboy music will enliven the show and rally. It will be furnished by the Cottle County Cowboys.

The committee emphasizes that the show and rally is entirely free to the public, and everyone is invited to be there.

Sunset Pupils To Take Final "Shots"

On Friday, June 30, at 1 p. m., Sunset pupils will be taken to Knox City for their final diphtheria and tetanus shots, H. M. Hannaford, principal, announces this week.

Buses will leave the school building at 11:50 a. m. All students to take these shots are urged to be on hand at this time.

Joe Choucair is spending his vacation in Washington, D. C., visiting with Mr. and Mrs. Geo. Salem and other relatives.

Rain Tuesday Night Damages Farming Area

"I've never seen the time Knox County didn't need a rain."

Some people have been heard to make that statement, which might be true, but sometimes the rain comes in a manner and form that's not needed.

Take Tuesday night for instance. Forecasters had predicted thunder showers for the area. We had one along about twelve o'clock which reached greater proportions than a shower.

Folks were awakened by heavy gusts of wind, thunder, and lightning—then came the rain. When it was all over, the moisture gauge of H. P. Hill, U. S. weather observer, read 1.11 inches.

Reports from other sections in the area were that more moisture came. Some reported at least an inch and a half.

Crops in some sections of the county were already late. Some farmers completed planting cotton for the third or fourth time last week. Maize and other grain crops were planted this week.

The rain was heavy enough, and the wind was hard enough that quite a portion of these crops will have to be replanted.

Retired Farmer Of Knox City Is Buried Sunday

Funeral services were held Sunday in Knox City for D. K. Smith, retired farmer of this area, who passed away last Thursday in Houston.

Mr. Smith had lived in Knox County for the past 40 years. He was visiting a son in Houston at the time of his death.

Survivors besides the son in Houston include a daughter of Knox City and another son and daughter in Houston.

DR. DICK HARRELL BEGINS INTERNSHIP

Dr. Dick Harrell left last Friday for Philadelphia, Penn., where he entered the University of Pennsylvania Graduate Hospital for a year of internship.

Son of Mr. and Mrs. E. W. Harrell, Dick received his M. D. degree from the University of Texas School of Medicine in Galveston a few weeks ago.

Survey Made On Possibilities Of Mail Delivery Service In Munday

Cartwright Well Placed On Pump

Texas Pacific Coal and Oil Co. No. 1-A Louis Cartwright, S. Washburn survey, prospective Knox County Strawn discovery, four miles southeast of Munday, reperfected casing with 18 bullets and 18 jet shots from 4,531 to 4,534 feet and cleaned out at an estimated rate of three barrels of oil an hour. Pumping equipment will be installed for completion.

Texas-Pacific Coal and Oil Co. has staked No. 1 J. C. Spann, 467 feet north and west lines of a 107.5 acre tract in the S. Washburn survey, a south offset to the company's Strawn sand discovery in Knox County, four miles southeast of Munday.

Sinclair Oil and Gas Company has spudded its No. 1 G. H. Beavers, section 224, block 44, H. & T. C. survey, Knox deep wildcat three miles north of Benjamin, and was drilling below 200 feet toward surface casing point.—Fort Worth Star-Telegram.

Bond Sales Are Nearing Quota

Knox County is reaching close to her quota in E Bond sales for the Independence Savings Bonds drive, according to information received here by Gordon C. Brown, of Dallas, director of publicity and promotion for the drive.

With a quota of \$27,800 set for the drive, Knox County people had purchased a total of \$23,881.25, or 84.11 percent, at the end of the fourth week of the drive. Indications are that she will meet her quota before the drive ends.

Although the drive will officially end on July 4—Independence Day—the accounting period extends through July 17 so that activities during the latter part of the drive period will have a chance to show in the final results, Mr. Brown advised.

Traffic Lights Being Installed

Through traffic won't be making a speedway out of Munday's intersection of street and highway any more. This has been pretty much in evidence since a truck tore down the old traffic light several weeks ago.

But Wednesday, workmen completed installing a new light. It's a better light, having a 5-second signal light of amber which comes on between the "stop" and "go" signals. The light was installed several inches higher than the old one, in order to avoid high-loaded trucks bringing it to an untimely end, like the fate of the old one.

And a much-needed traffic light is being installed at the schools. It was reported Thursday morning that this light, exactly like the one on the main drag, is ready for installation. The lights are being installed and will be maintained by the City of Munday.

Mrs. J. F. Draper and son, Glenver, of Goree visited relatives in Bryson and Jacksboro several days last week.

Possibilities of Munday securing city mail delivery service are very slim.

This opinion was expressed Wednesday by L. H. Schwoerke, inspector for the Post Office Department, who worked with Lee Haymes, local postmaster, the first of this week in making a survey of the area in Munday eligible for mail delivery service.

Following the preliminary survey, Mr. Schwoerke stated he had not completed compiling all figures, but he made the following observations:

It is generally necessary, according to observations, that a town should have around 4,000 population in order to have the required number of persons for delivery service in the areas that meet the civic improvement requirement. In order to receive city mail delivery, a town should have around 2,000 population in the area to be served.

"We found that Munday has excellent civic improvements," he said, "but the area is too small. We mean by civic improvements that there should be continuous sidewalks and paved or all-weather streets in the area to be served. These improvements in Munday are fine, but there are not enough of them to merit this service."

"Then, too, there is the lack of population. Munday will fall short of the 2,000 persons living in such areas that meet the civic improvements requirements."

"Another feature that works against the proposed delivery service is the manner in which the streets of Munday are named and numbered. Street names and numbers should begin at a central point—in Munday's case the city hall might be termed the central point—and then numbered in each direction from that point. The manner in which Munday's streets are named, and houses numbered, is not conducive to an efficient mail delivery service."

Club Members Attend Roundup On June 12-16

Four Knox County 4-H club members, one adult leader, the county home demonstration agent and the county agricultural agent attended the annual 4-H Round-Up and Agents Conference at A. & M. College, Station, Texas, June 12-16.

Delegates representing Knox County girls 4-H clubs were Shirley Jo Patterson, Munday; Mary Frances Laws, Vera; accompanied by Mrs. Joe Patterson, Munday, and Miss Allen.

Delegates representing Knox County boys 4-H clubs were Ernest McLaughy, Dale Jackson, of Vera, accompanied by Kenneth Lewis.

The Knox County boys and girls joined the other delegates representing the entire state in 4-H Round-Up activities which included a "jean and calico" get acquainted party, visits to the different departments of the college, State 4-H Dress Revue, reports from 1949 out-of-state 4-H trip winners and 4-H Talent Shows.

Munday's Juniors Down Stamford In League Series

The Munday junior baseball team, sponsored by Lowry Post of American Legion, opened their league schedule last Monday night by playing the Stamford juniors on the local field. The local boys emerged victors in a 11 to 8 battle.

The locals' journey to Jud Thursday night for their second game.

Munday is developing a nice little ball club, and they are expected to go far in the league schedule. Other towns in the league are: Stamford, Jud, Knox City, Rochester and Weinert.

Dianna Dec, 19-months-old daughter of Mr. and Mrs. D. E. Holder, Jr., was taken to an Abilene hospital for treatment last Monday. Her illness has been diagnosed as a "medium form" of polio. Reports are that she is getting along as well as can be expected.

OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Hermer road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

THREE CENTS ON THE DOLLAR

A division of the National Retail Dry Goods Association has issued a report on the profits retained by department and specialty stores. It will come as a great surprise to those who think such retailers pocket a large part of the money we spend with them, and so are at least partly responsible for the high cost of living.
 The report was compiled from data submitted by over 400 stores with aggregate annual sales of some \$4,000,000,000. Last year, after making provisions for Federal income taxes, the typical store realized a profit of only 2.7 cents out of every dollar taken in. The comparable figure for the prior year was 3.8 cents.
 This, as everyone will admit, is certainly an extremely modest profit margin per dollar sale. There are various technical reasons why it is so small—such as an increase in operating costs which occurred last year and absorbed a larger part of the sales dollar. But the most important reason of all is simply open competition. The bulk of consumers are primarily interested in price, and they take their trade to the merchant who offers the most for their money. The store which attempts to sell its goods at a figure above that charged by its competitors just can't hold its trade—it conforms or goes out of business.
 America's hundreds of thousands of stores include every conceivable kind of retail outlet. Some are small and some are large. Some are independently owned and some are part of chain systems. But all of them are out to get as much of the total business as possible, and that guarantees modest profits.
 "Few persons would consciously disapprove of any sound program to encourage Americans of moderate means to own their homes. But you are not doing the presumptive beneficiaries . . . a favor when you entice them into the purchase of houses under the terms that mean they may still be in debt for them long after the homes have become obsolete; when it means encouraging people to pay wartime or higher than wartime prices, and when the net effect on the economy is so inflationary as to be potentially highly dangerous."—New York Times.

Do you know how the Brazos River received its name? The Brazos, by the way, is probably the twistingest river in Texas. One day a man sitting up on the bank fishing caught a big one and, in tossing the line over his shoulder, the fish got loose and fell in the river behind him—11 miles upstream! The Brazos sure does twist and bend.
 But as to how the river received its name: Brazos is Spanish for "arms". The tradition is that in the days when Texas belonged to Spain, a party of Spaniards got lost in Texas and wan-

 Did you know that there used to be a lake of oil on the Gulf not far from the coast of Texas? An oil pond, the old-timers called it. It was a mile wide and several miles long and was down near Sabine Pass. Captains of ships said that in times of storm, they hastened to the oil pond and found comparative calm and safety.
 The lake of oil had been there from time immemorial, said a sworn statement made by half a dozen ship captains nearly 50 years ago. But soon after the great Spindletop oil field was discovered and developed not far away, the lake of oil disappeared from the Gulf.

accumulation of solvent vapor.
 The state health officer proved his whole point with this story:
 A man attempted to remove the grease from the underside of his car by spraying it with a spray gun he had brought home from his construction job. He was found dead under the car, suffocated by the vapor of the cleaning agent.
 Proper use of cleaning solvent says the doctor, call for opening all the doors and windows when cleaning floors, the underside of household furniture, or clothing. The idea is to get as much ventilation as possible. A fan blowing on the working area is helpful.
 When doing a job of this sort, work for a short time—avoiding inhaling the vapor as much as possible—and then get into the fresh air for a minute or two.
 The first symptoms of vapor poisoning are nausea, dizziness, headache and fatigue. When you notice them, get outside as soon as possible, the health official advises.
 Miss Bobbie Price, Mrs. A. L. Cartwright and Miss Frances Hallmark visited with friends in Midland last week end. Miss Hallmark went on to Marfa, where she has accepted employment.

 Mrs. M. D. Sherrill of Seymour is visiting her daughter, Mrs. Clayton Wren, this week.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
 M. D., State Health Officer of Texas
 AUSTIN—There's a lot of punch corked up in that little bottle of cleaning solvent out on the back porch. State Health Officer Geo. W. Cox called them "hazardous, when special precautions are not used."
 It seems that solvent vapors are heavier than air, which, means, according to Dr. Cox, that they will collect at floor levels. The danger of using solvents for such household chores as taking spots off the linoleum, or cleaning dirt or grease off the back steps, is that you have to get on your knees to do the job.
 And when you're on your knees, you're closer to the ac-

Steering Wheel Not Considered Wheel Of Chance

CHICAGO—Don't make your steering wheel a wheel of chance—because you bet your life!

That advice came from the National Safety Council as the nation approached the Fourth of July holiday, one of the most dangerous periods of the year.

With traffic fatalities on the increase this year—up 9 percent so far—the Council is coordinating a nationwide campaign to hold down the usual upsurge in Independence Day accidental deaths. One hundred and sixty-three national organizations, as well as state and city public officials, are cooperating in the effort.

Last Fourth of July almost 700 persons were killed by accidents of all kinds during the three-day holiday. Many more died later as the result of injuries received during the celebration. Traffic accidents were the chief killer, alone accounting for

about 300 deaths.

The Council expects more pleasure-seeking motorists to pile into cars and roll up more miles on this holiday and the weekend preceding it than ever before in the country's history. For many it will be a four-day vacation. More than 35 million motor vehicles will be on the move.

The increasing number of new cars on the road and the substantial rise in gasoline consumption this year indicate a heavy death toll—unless everyone is fully aware of the holiday hazards and makes a real effort to avoid them.

"Holidays are hazard days," said Ned H. Dearborn, president of the Council. "When you take a chance on the highway you are gambling—and the stakes are human lives. You can't afford to lose in this game."

"Police and those who have authoritative control over public safety will be especially alert and vigorous in their enforcement of sane rules of public behavior. But they can't police every mile of every highway. The individual must police himself."

"If everyone would keep in mind the words 'Take It Easy

Convenience Is Important For Farm Buildings

There are many factors that should be considered by the farm family when plans are made for laying out the farmstead. One of the most important, says W. S. Allen, extension agricultural engineer-buildings of Texas A. & M. College, is arranging the buildings for convenience. Time can be saved and inconveniences avoided by placing new buildings, including the house, in a suitable location with reference to buildings already in use on the farm.

One arrangement, suggested by Allen, groups the most frequently used buildings around a barn. Plan the locations so all the buildings can be reached easily from the barn and there should be an all-weather walk from the rear of the house to the barnyard.

Another suggested arrangement is to place the buildings along a straight walk that leads from the back door of the house. The first building could be food storage, then the garage, next the poultry laying house and on

to the barn. This arrangement, says Allen, puts the buildings that are visited the most close to the house and at the same time gets the buildings that should not be too close to the living quarters the greatest distance from the house.

The plans for new houses should include the views that can be seen from the windows, roof water disposal, turning facilities for vehicles and practical arrangement of walks. He points

out that regardless of how good a house plan may be, if it does not suit the spot on which it is built, there is a great loss of convenience and beauty.

He says people who hunt a hilltop primarily for the view the location offers sometimes find too much wind for comfort. Fuel bills are likely to be higher; an adequate water supply is usually harder to find in such places and very often accessory buildings must be located in inconvenient places.

Allen says it is best to plan the entire farmstead just as carefully as you plan the house. Once the buildings are constructed, nothing much can be done to correct a bad situation. Moving buildings is always expensive and for that reason, he says every farmstead should be planned before actual construction gets underway.

LEAVE ON VACATION

Mr. and Mrs. E. B. Littlefield and children left last Saturday on a 10-day vacation trip. They went to Ocala to visit relatives, and from there they planned a trip into Old Mexico.

Mr. and Mrs. J. E. Reeves visited with relatives in Lubbock and other points on the plains the latter part of last week.

Mr. and Mrs. A. L. Smith spent several days last week in Shawnee, Okla., visiting with Mr. and Mrs. O. N. Smith.

LOCALS

Mr. and Mrs. Elbert King were visitors in Seymour last Sunday. Their son, Johnny, is in Archer City this week for a visit with his grandfather.

Marilyn Rhea Searcey returned home last Saturday from Wichita Falls, where she visited relatives and friends for several days.

Mr. and Mrs. M. R. Bridgewater and sons of Wichita Falls were Sunday visitors with Mrs. Bridgewater's parents' Mr. and Mrs. C. N. Smith.

Mr. and Mrs. Stanlye Wardlaw were business visitors in Dallas over the week end. They also visited with Mr. and Mrs. Ralph Geddie while there.

Be careful. Observe state and local traffic laws.

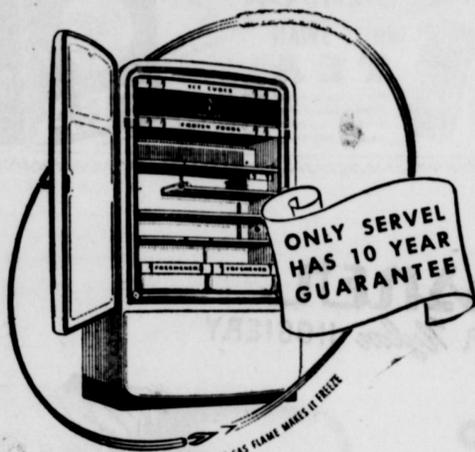

New Instrument Aids Farmer

FORD TRACTORS now coming off the assembly lines at the Ford Highland Park, Michigan, Plant are equipped with the new Proof-Meter, an instrument which "takes the guesswork out of tractor operation." Actually five instruments in one, the Proof-Meter shows engine speed, tractor speed, power take-off speed, belt pulley speed and total hours worked by the tractor. The farmer in the picture is recording hours of tractor operation for use in determining his farming costs. In the lower right hand corner is an enlarged close-up of the Proof-Meter, which Dearborn Motors officials say is the first instrument of its kind to be made available on a farm tractor.

Miss Jerry Polster Honored At Shower Tuesday Night

Miss Jerry Polster, bride-elect of Mr. David E. Penick of Rulo, was honored with a bridal shower last Tuesday night, June 20, at the Munday Study Club House, from 7:30 to 9:30 o'clock.

Decorations for the party rooms were of daisies, other spring flowers and greenery. The bride's table was decorated with a lace cloth over gold with sweetpeas and greenery encircling the crystal punch bowl.

Greeting the guests at the door was Eva Ray Estes, who in turn presented the honoree; Mrs. W. A. Polster, mother of the honoree; Mrs. Elmer Penick, mother of the groom-elect; and Miss Caroline Polster, sister of the honoree.

Presiding at the bride's book was Miss Jean Galloway of Benjamin. Mrs. Arthur Lacy of Lawton, Okla., showed the gifts. Miss Bobbie Price of Munday served the white cake squares topped with pink rose buds and green leaves, and Miss Burniece Stubblefield of Munday, poured the punch. Yellow and pink mints were also used. Plate favors of white napkins with the inscription of "David and Jerry, June 25, 1950" were used.

Piano music was furnished by Mrs. Felton Raynes.

Hostesses for the occasion were Mrs. Chester Bowden, Eva Ray Estes, Mrs. Aaron Edgar, Mrs. H. B. Stubblefield, Miss Berniece Stubblefield, Mrs. Ardell Spelce, Miss Bobbie Price, Mrs. Chan Hughes, Miss Jean Galloway, Mrs. Arthur Lacy, Mrs. Kenneth Watkins, Mrs. Homer T. Melton, Mrs. Lucille Stodghill, Miss Janie Haynie, Mrs. Dwayne Russell and Mrs. Troy Lindsey.

Sunset H. D. Club Meets Thursday With Mrs. Shannon

The Sunset Home Demonstration Club met Thursday, June 15 in the home of Mrs. J. S. Shannon with eight members answering roll call. The group sang "The Eyes of Texas" for opening exercise.

There was some discussion on the encampment which is to be held in the near future.

For the program there was a round table discussion on the

George Dayton And Miss Ruth Young Marry June 17th

Announcement was made this week of the marriage of George Dayton and Miss Ruth Young, well known Munday couple, who were married on Saturday night, June 17, at 9 o'clock at the Baptist parsonage in Seymour. Rev. J. R. Balch, pastor, officiated.

The bride was attired in a blue and white flowered dress with navy accessories.

Attendants were Mr. and Mrs. Frank Garrett of Munday and E. J. Stanford of Seymour.

The bride is well known here, having been employed at several Munday firms. At the time of her marriage she was employed at the Warren Coffee Shop.

Mr. Dayton, resident of Munday for several years, is co-owner and manager of the Hughes-Dayton Implement Company in Munday.

After the ceremony, the couple left for Wichita Falls and other points on a short honeymoon trip. They plan to make their home in Munday.

FATHER'S DAY REUNION HELD IN WEBER HOME

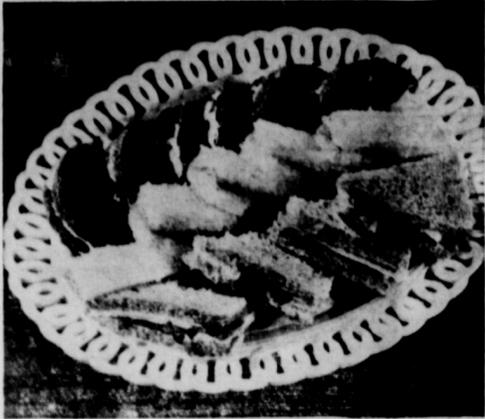

A family reunion was held in the home of Mr. and Mrs. Geo. Weber Sunday when her brother and sisters gathered in to be with their father, J. W. Polson, on Father's Day. Those present were Mr. and Mrs. Leslie Polson, and son, Dale, Mr. and Mrs. Claude Menges of Fort Worth; Mr. and Mrs. Raymond Melton and daughters, Rama Lee and Margie of Weatherford; Mr. and Mrs. Lloyd Patterson of Munday; Mr. and Mrs. Douglas Smith and children, Gordon and Glenda, and J. W. Polson of Goree.

1951 year-book suggestions, also safety in the home.

Mrs. Gill Wyatt had several games for the recreational period. Refreshments of cake and ice cream were served to the following: Mrs. Gill Wyatt, Mrs. H. R. Hicks, Mrs. Jessie Yost, Mrs. Jerry Nix, the hostess, Mrs. J. S. Shannon, and three visitors Mrs. Walter Moore, Loretta and Elton Floyd.

The next meeting will be Thursday, July 6, in the home of Mrs. Gill Wyatt.

Suit the Bread to the Filling

SANDWICH TIME is almost any time at all. But they're never more popular than in spring and summer when you'll rely on them for auto trips, picnics, beach parties and outdoor teas. Shown above is an appetizing setup from Good Housekeeping magazine which presents a complete 32-page "Sandwich Manual" in its May issue. From dainty mouthfuls for the ladies to hefty triple-deckers for the bearded men, there's an ideal sandwich for every occasion. Suit the bread to the fillings as shown in the picture—nutbread for cream cheese, enriched white for chicken, wheat or rye for ham or beef. Make your mixed fillings in generous portions, but don't forget the Baker's of America reminder that "bread is two-thirds of the sandwich." So the right bread is just as important as the filling.

Searcey and Hill Reunion Held On Sunday, June 18

On Sunday, June 18, 120 people met at the Seymour park for the annual Hill and Searcey reunion. Dinner was served at the noon hour to the following people:

Mr. and Mrs. Thaxton Searcey and children, Goree; Mr. and Mrs. Ed Searcey, Fort Worth; Mr. and Mrs. J. A. Hill, Sr., and Margie, Mr. and Mrs. J. A. Hill, Jr., and Patty, Mr. and Mrs. A. M. Searcey and Richard and L. C. Munday; Mr. and Mrs. Frank King and sons, San Antonio; Mr. and Mrs. Floyd Searcey, Seymour; Mr. and Mrs. Delmer Hill and sons, Knox City;

Mr. and Mrs. Gilbert Donklim and children, Mr. and Mrs. Clifford Wombell and children, Mr. and Mrs. Brice Dobbs, all of Dallas; Mr. and Mrs. Doris Morris and children, Mr. and Mrs. Richard Heston and sons, and Mrs. Beatrice King, all of San Antonio; Mr. and Mrs. Ted Wallace and children, Morton; Mr. and Mrs. Jimmy Fuller and daughter, Vera;

Mr. and Mrs. Lawrence Kegley and son, Munday; Mr. and Mrs. Arthur Hargrove and sons, Goree; Mrs. E. J. Cude, Mr. and Mrs. Ralph Weeks, Mr. and Mrs. Raymond Hargrove and children, all of Munday; Mr. and Mrs. A. H. Hargrove, Mr. and Mrs. Tom Cloud, Goree; Mr. and Mrs. Eugene Pettus and Mrs. Mollie Barton, Wichita Falls; Mrs. Gertrude Dunn, Fort Worth; Mrs. M. L. Wood and

Joyce Brewster, Bobby J. Longacre Marry On June 1st

Miss Joyce Brewster, daughter of Mrs. Ray Easley of Munday, became the bride of Bobby Joe Longacre of Pauls Valley, Okla., on June 1st.

The double ring ceremony was performed after the regular week-day service of a revival meeting being held at the Church of Christ in Gainesville. The audience remained for the ceremony, with the minister of the church officiating.

The bride was attired in an aqua chiffon dress over aqua taffeta and white satin slippers. She had the traditional "something old, something new, something borrowed and something blue" and a penny in her right shoe.

After a short visit to Oklahoma City and other points of interest, the couple returned to Munday for a few days. They were accompanied by the bride's mother, Mrs. Ray Easley. They plan to make their home in Oklahoma.

Little Nine Club Meets June 14th With Mrs. Benge

Wednesday, June 14, at noon, Mrs. T. G. Benge was hostess at the regular meeting of the Little Nine Club, which was held at the Warren Coffee Shop.

Twelve members attended including the hostess. They were Mrs. Roger Williams, Mrs. Jess Burnison, Mrs. Fred Broach, Sr., Miss Maud Isbell, Mrs. D. E. Holder, Mrs. Effie Alexander, Mrs. J. D. James White And Jeanette Reagan Marry June 18th

Miss Jeanette Reagan of Bartman and James White of Oakland, California, were the principals of a quiet wedding on Sunday, June 18, at the parsonage of the First Baptist Church at Seymour. Rev. Balch performed the double ring ceremony in the presence of the immediate family. The bride was gowned in a blue chiffon dress made with lace yoke neckline enhanced by a double strand of pearls.

After the ceremony a wedding dinner was served at the Guy Reagan home. Twenty-five members of the family were present. Mr. and Mrs. Lee Reagan and sons, Richard and Dennis, of Loveland, Colorado; Mr. and Mrs. J. V. Wallace and daughters, Patsy, Peggy and Charlotte, of Burkburnett; Mrs. Hattie Lon Hanks and daughter, Charlotte, of Oklahoma City, came for the wedding. In the evening the newlyweds left for Wichita Falls where they met Mr. and Mrs. R. O. White, parents of the groom, who flew here from Oakland to spend a few days, after which they will all return to Oakland to make their homes.

Mr. and Mrs. Frank Phillips of San Angelo and Mr. and Mrs. Owen Phillips and two children of Roswell, N. M., spent the week end here with their mother, Mrs. W. F. Phillips, and with Mr. and Mrs. I. V. Cook and Patsy. The occasion was in celebration of Mrs. Phillips' 80th birthday on Saturday.

Mrs. T. G. Benge Is Hostess For Luncheon Club

CHURCH OF CHRIST

Munday, Texas

Joe B. Barnett, Evangelist

OUR PLEA

"The churches of Christ salute you" (Rom. 16:16). The church of Christ is glad of the opportunity, through the medium of the printed page, to bring to you each week a portion of the word of God.

In the first place it is thought that the subject of this article should be enlarged upon that we may set before the public—as our readers—OUR PLEA. We shall state first what our PLEA IS NOT! (1) Our plea is NOT to reform some church, a church, or "the church." As the original church of Christ, the church that existed in the days of the apostles in faith, doctrine and practice does not need reforming. (2) Our plea does NOT mean another church, or some new church. There are far too many as it is. What the religious world needs today is not, the WARING FACTIONS one with another, but to hark back to the one OLD Church, the church that Jesus built, with its primitive faith and practice. Denominationalism or sectarianism is wrong. God, Christ nor the Holy Spirit had nothing to do with the beginning of them. Jesus said, "Every plant, which my heavenly Father hath not planted, shall be rooted up." (Matt. 15:13). Question, Who planted YOUR church? God or man?

We state second what our PLEA IS! (1) Our Plea is for the RESTORATION (not a REFORMATION) of the original church that existed in the days of the apostles. Not to restore something that is SIMILAR to, but to restore that which is IDENTICAL with the church of the first century A. D. This will carry us back of all human man-made creeds, decrees of the popes, councils, synods, conferences, assemblies and associations, etc. We will go back to Jerusalem and preach the same gospel that the apostles preached in its purity and simplicity. (2) Our plea is for the UNITY of all people on the earth. This will help to fulfill Christ's prayer (John 17). Do as Paul said, "Endeavoring to keep the UNITY of the Spirit in the bond of peace." (Eph. 4:3). Again, "Now I beseech you, brethren, by the name of our Lord Jesus Christ, that ye all SPEAK the SAME THING, and that there be NO DIVISIONS among you; but that ye be perfectly joined together in the SAME MIND and in the SAME JUDGMENT." (I Cor. 1:10). The above briefly stated is our PLEA, and it is SAFE.

Before the pressure cooker is used, it should be cleaned and checked. Be sure the pressure gauge is registering correctly and the safety valve is working properly.

GETS GRAND AWARD

NEW YORK—For the first time in pressure cooker history, a pressure cooker won the grand prize in National Home Safety Awards after passing the most severe tests by three independent laboratories. To a Chicago firm, Ekco Products Co., went the coveted safety award for its Ekco low-pressure cooker-sterilizer. The model above holds the winning cooker, which was found safest because of the new low-pressure of only 3 1/2 pounds for most everyday cooking, instead of the high pressure of 15 and 15 pounds formerly used.

Other features that helped gain the winning award are a fool-proof, interlocking handle, with a positive safety position to prevent opening the cooker until the pressure is down to almost half a pound and a simple pressure-control "checker." Highlighting the features of the new utensil was its ability to safely sterilize baby formula feedings quickly. Compulsory by law for state hospitals in New York and Kansas and widely recommended by public health officials, it cooks and sterilizes the formula sterilizing the bottles, caps and nipples at the same time in one simple operation, free from old-fashioned fuss.

The best possible care should be given to peach trees suffering from delayed foliage. The delayed foliage is a result of last winter's mid weather. There wasn't enough cold weather before February 15 to break the rest period of the trees. This condition has occurred in Texas only four times in the past 50 years.

TO THE GENERAL PUBLIC

I have employed Mr. Loren Trout, who hails from Wellington, Texas, in my shop.

Loren and his deceased father owned and operated a blacksmith and welding shop in Wellington for 26 years. He was raised up in this business and has been doing his type of work since he was 14 years of age.

Both your editor, Mr. Edgar, and myself have known Mr. Trout for many years and can recommend him to everyone as being a high-class gentleman and first-class combination workman.

We invite you to come in and get acquainted. Visit our shop for better welding and real scientific blacksmithing. We also have a 300-amp. portable electric welding machine for day or night service.

Smith-Doxey Benefits Cover Group Farmers

One application for Smith-Doxey benefits will cover all the farmers in an organized cotton improvement group.

This was pointed out today by H. J. Matejowsky who is in charge of the Abilene cotton classing office of the U. S. Department of Agriculture's Production and Marketing Administration.

"The popularity of this cotton improvement program has increased so much in the last few years that applications must be filed early in order to prevent a log-jam before the deadline," Matejowsky said, explaining that it takes at least 15 days to process applications and then deliver supplies of forms to gins, warehouses, compresses or other agencies approved to take sam-

les of cotton.

Any group of farmers organized to promote the improvement of cotton is eligible for free USDA cotton classing and market news services under the Smith-Doxey Act.

The deadline for filing applications for these services is August 15, 1950. Applications should be sent immediately to P. O. Box 2001, Abilene, Texas.

The use of a new method of control for the corn earworm may make sweet corn a profitable crop in areas where previously the damage done by the earworm made the crop unprofitable. Spray applications of an emulsion containing DDT, mineral oil and water has proved successful.

Cotton is the army's favorite all-weather cloth. It provides a water-proof, wind-resistant outer garment for wear in all climates. Layers of cotton under-clothing can be added or removed as the weather varies.

tilled by KRAUSE plows

19 million acres—that's 380 million bushels

380 million bushels—that's 10 billion pounds of flour

16 billion pounds—that's 23 billion loaves of bread

Brother, that's a lot of ground to plow in one season... and a lot of hard work. But it was done in 1947—and it paid off in 380 million bushels of wheat for a hungry world.

All credit goes to the wheat farmers for a magnificent job, for this bumper crop was produced with a minimum of farm labor. And a big help in this unprecedented production was the easier, faster plowing Krause One-Way.

If you're not a Krause user... if you'd like to get in on how to get more plowing with less power, come in and see us today.

MISS Parramore, John A. Hickman Wed At Cedar Hill

On Friday evening, June 9, at the Cedar Hill Methodist Church, Miss Traphene Parramore was given in marriage to John Robert Hickman by her brother, R. I. Parramore, Jr., of Palm City, Calif. The bride was attended by Mrs. Lillian Hickman Sims, sister of the groom, as matron of honor and Miss Rebecca Springer as maid of honor.

Lester Hickman, brother of the groom, was best man and Charles Sims was groomsman.

The bride's dress was of white organdy and her flowers were white orchids. Her veil was finger-tip length, and she wore a penny in her shoe which was found by her father on his wedding day 29 years ago.

Jimmy Guinn of Dallas played a piano concert of appropriate music prior to the wedding. The soloist was Mrs. Edwin Lindsey of Dallas. Leroy and Davie Parramore, brothers of the bride, were ushers.

A reception was held at the home of the bride's parents, Mr. and Mrs. Redden Parramore, Misses Maxine Hill of Denton and Delores Pritchett of Dallas were in charge of the guest book, and Misses Emojean Hill of Munday and Sara Wylie of Cedar Hill presided at the punch

Hendrix-Hall Wedding Read In Cornelius Home

Miss Cleo Cornelia Hall became the bride of Lloyd Marion Hendrix at 4:00 p. m., June 17th in the home of Mr. and Mrs. Roy Cornelius of 2020 Eighth street, Lubbock. The double ring ceremony was performed by Rev. Paul Mason, assistant pastor of First Baptist Church, Lubbock. The bride is the daughter of Mrs. Cleo Hall of 2304 Fifteenth and the late Mr. Hall. The bridegroom is the son of Mr. and Mrs. L. L. Hendrix of 2016 Sixteenth.

Miss Frances Evans, pianist, offered as a prelude "Indian Love Call", "Traumerel", and "Clair de Lune" and accompanied Mrs. S. J. Nabors who sang "My Wonderful One." Traditional marches were played. The vows were read before a mantel decorated with white gladioli, taupers, and greenery.

Given in marriage by her uncle, Roy Cornelius, the bride wore a dress of imported organdy over taffeta fashioned with a rolled collar and a full skirt. She wore an organdy half-hat and carried a bouquet of white carnations and stephanotis with satin streamers. She wore the traditional "something old, something new, something borrowed, and something blue."

Miss Jolene Hendrix, sister of the groom and maid of honor, wore a dress of imported Nile green organdy over taffeta fashioned after the bride's. She wore an organdy half-hat and carried a bouquet of yellow carnations.

Bill Hendrix served his brother as best man.

A reception followed the ceremony in the Cornelius home. The bride's table was laid with a lace cloth and centered with a

bowl. Out-of-town guests were Mr. and Mrs. R. I. Parramore, Jr., and two daughters of California, Mr. and Mrs. L. L. Williams of Ballinger, Mrs. Claude Hill, Emojean, Pat and Claude Hill of Munday and Miss Maxine Hill of Denton.

BENJAMIN NEWS

The community singing will be held Sunday, June 25, in the First Christian Church in Benjamin, beginning at 2:30 p. m. Let's all come out and join in the song service. Those who have been attending report they enjoy the singing very much.

Mr. and Mrs. J. R. Steedman, Badge, Keith, Don, Mr. and Mrs. Bill Steedman, Jackie Young and Royce Stevens spent the past week visiting the beautiful sights and places of interest in New Mexico, Salt Lake City, Utah, and points in California. Mrs. Wynelle Porter, Miss Omittene Barnett and Miss Betty Jo Barnett were shoppers in

wedding ring cake embossed with yellow rosebuds. White lilies and candles decorated the table. Spring flowers were placed at vantage points in the room. Mrs. Gene Cornelius served the cake and Mrs. Grover Carver, aunt of the bride from Amarillo, poured the punch. Mrs. Roy Cornelius and Miss Hendrix assisted.

After a wedding trip to Colorado, Mr. and Mrs. Hendrix will be at home at 3217 Duke. The bride is a 1946 graduate of Lubbock High School and a 1950 graduate of Texas Technological College where she majored in Home Economics and was a member of Phi Upsilon Omicron, honorary home economics fraternity. The groom is a 1942 graduate of Goree High School and a 1949 graduate of Texas Technological College where he majored in Agriculture Economics and was a member of the Honorary Aggie Club. He served in the armed services for two and a half years during the war. At present he is associated with his father in The Hendrix Lumber Company in Lubbock.

Wedding guests were Mrs. Cleo Hall, Mr. and Mrs. L. L. Hendrix, Lubbock; Mr. and Mrs. Grover Carver, Amarillo; Mr. and Mrs. Gene Cornelius, Mr. and Mrs. Harry Miller, Mrs. S. J. Nabors, Miss Frances Evans, and Mr. Ed Jones.

Haskell Saturday. Mr. and Mrs. Charles Smith, of Lockney, visited in the home of Mr. and Mrs. Orb Russell during the past week end.

Johnny McGaughey, who is attending summer school at Texas Tech, was home for the week end.

Visitors in the home of Mr. and Mrs. Ben Qualls during the past week end were Mr. and Mrs. Jack Qualls and family. Mr. and Mrs. Joe Ben Qualls and children, and Mr. and Mrs. J. E. Smith and daughter, all of Abilene.

Mr. and Mrs. Tom Porter, Sr., of Seymour, visited in the home of Mrs. W. A. Barnett and family Sunday.

Miss Betty Barnett, daughter of Mr. and Mrs. Howard Bennett, left Sunday of this week for Jayton, where she is now employed by the PMA office there.

Jimmy Veal of Mineral Wells is visiting in the home of Mrs. Zena Waldron and family this week.

Mrs. Hayes and Billy Wayne of Estelline, visited in the home of Mr. and Mrs. Doyle Pyatt Sunday. Visitors in the Pyatt home Monday of this week were Mr. J. T. Lee, Mrs. Pyatt's

Lloyd Griffith, of Pecos. Mr. and Mrs. Arthur Lacy of Lawton, Oklahoma, spent the past week end visiting in the home of Mr. and Mrs. J. L. Galoway and other relatives and friends. Mrs. Lacy remained here for a week's visit.

Some Facts You Should Know

- 1—Your local Production Credit Association office is a part of an eight county wide organization of Farmers and Ranchers, numbering about 1600 who own and operate the Association for their own benefit.
- 2—Full control of the organization is kept in the hands of farmer and rancher members through their ownership of all of the voting stock. Each member has one vote regardless of the number of shares owned, thus assuring that no one large operator will gain control of the Ass'n.
- 3—There is not one dollar Government capital in the Association, and we pay income and other taxes just as any other private owned business.
- 4—Our Association is able and willing to finance any sound agricultural operation needing short time credit.

SEEDING WITHIN ALLOTMENTS—CONSERVATION

Farmers of Knox County who seed within acreage allotments for (crop or crops) have two "cracks" at erosion and depletion of their farmland, says B. P. Haman, secretary of the county PMA committee.

Washington News Letter

By Congressman Ed Gossett

WASHINGTON, D. C., June 16

The new liberalized DP Act has now become law. This bill passed in the last Congress would have admitted 205 thousand DP's. This law expires on June 30. The new law permits the admission of 341 thousand so-called DP's. I objected to many features of the old bill and voted against the new one. However, the new bill does have some improvements over the old. It permits among the 341 thousand to be admitted, the admission of 54 thousand German "expellees." It has always been my contention that the German "expellees" were of better stock than were most of the so-called DP's who have been cared for in our DP camps since 1945 and 1946.

The Immigration Committee today started hearings on a number of bills to increase the Italian quota. A half-dozen Congressmen from districts in which the Italian vote is large are urging such legislation. I shall certainly oppose any further liberalizing or increasing of immigration into this country.

For the past week Washington has been afflicted by a milk strike. Nine dairies in the so-called "Washington Milk Shed" have a complete monopoly on supplying milk to the one and one-half million persons who live in the Metropolitan area of Washington. Now no one can get milk without a doctor's certificate. During the last ten years we have paid a Washington dairy more than \$2,500 for milk. What we may be forced to pay after the strike is over is anyone's guess.

The Political Action Committee of the CIO (CIO-PAC) is having a big national rally in Washington today. They are discussing ways and means of defeating Congressmen who have so-called bad labor records. Anyone who voted for the Taft-Hartley Bill, for example, has a bad labor record, regardless of other considerations. Following the day's rally, those attending will have a party on the south lawn of the White House.

Mr. Sam Rayburn, Speaker of the House of Representatives, this week assured me that we would get a vote on the so-called Lodge-Gossett Amendment before the adjournment of Congress. This amendment has been passed in the Senate, and it is my hope that we will be able to get the necessary two-thirds vote in the House.

The Legislative Reference Service of the Library of Congress has this week furnished me with some very interesting figures on the monetary costs of our major wars. Three major items go into the computation of these costs. One column shows expenditures by the Army and Navy during the fiscal years of said wars. A second column shows the interest on debts incurred during the life of such debts, or down to June 30, 1949. The third item computed is veterans pensions, compensation, readjustment and rehabilitation debts, or down to June 30, 1949. These figures for seven major conflicts are as follows: Revolutionary War (1775-83), \$200.8 million; Civil War (1861-65), \$14,256.0 million; Spanish American War (1898), \$3,329.5 million; World War I (1917-18), \$57,206.4 million; World War (1941-45), \$408,185.8 million.

It is interesting to note that World War II, figured down to June 30, 1949 only, has already cost us more than \$408 billion. By the end of this century World War II will have cost us at least \$600 billion. All the other costs of all the other wars combined pale into insignificance when compared to this gigantic figure. Monetary costs, of course, are not as great as the loss of life and disability, disease and suffering that follows. Wars kill off the best, not the worst.

The avarice, selfishness and stupidity of men make even a good Christian sometimes wonder if any man is actually created or if man was actually created

Knox Prairie Philosopher Wants The International Banking Methods To Be Given A Trial Around Here

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek comes up with a strange notion of banking this week, as follows:

Dear editor:
I was reading in a paper last night which I picked up off the counter at the City Grill Cafe and will return next week if they complain about it, that Russia has offered to pay off its lend-lease debt of two billion dollars to the United States provided we'll accept payment at the rate of 2 cents on the dollar.

As I understand it, the United States is gravely consider this proposition. Now of course it wouldn't take me or you long to give Russia an answer on this, but that ain't what interest me right now.

What interests me is the type of international banking methods in use today and what I'd still like to know is why we can't have some of em down in Knox County?

Say last year I was confronted with a financial emergency, and there ain't no time of the year when I couldn't arrange one, and went to the bank and they loaned me \$500. Well, about now say the note comes due. Under the present system we got around here, the bank sends me a brief notice that the note is due and payment is expected.

But national governments don't employ such embarrassin methods. We send a man all the way to Russia, outfit him in a new suit of clothes, and have him wait around Stalin's office a few days, when he's admitted and hands over a diplomatically worded note sayin we hope Stalin is in good health and his family is fine and along toward the end, as a sort of after-thought, we beg his pardon for mentioning it but there's a slight matter of two billion dollars past due now for five years. And then Russia, in about two months, gets around to offerin to settle for 2 cents on the dollar.

Now what we need here in Knox County is a similar system. When my note becomes due at the bank, I'd like to get some international treatment. If the bank would wait five years before sending a man out here to inquire about my health and casually mention the \$500 note, and give me a couple of

months to make a counter offer say even 5 cents on the dollar. I ain't got quite as much nerve as Russia and wouldn't expect no 2-cent deal. I'd feel a lot better about things and I imagine bankin business would increase a thousand percent. If you hear of anybody around here tryin this method out, let me know right away how they come out.
Yours faithfully,
J. A.

Pop-Sorghum May Take Place Of Pop Corn

Pop-sorghum—a cross between Haiti's Petite mill and India's Shalu developed by plant breeders of the Texas Agricultural Experiment Station—has one big edge on pop-corn. The hull is thinner and more tender so there is less husk to lodge between the teeth.

It's just as delicious—most of the few people who have sampled it so far say more so—and as nutritious as popcorn.

The expansion of pop-sorghum is around 15 to 1, about the same as the popcorn varieties of 10 years ago, but not nearly as high as the 25-30 to one expansion of the large grained popcorns of today.

R. E. Karper, agronomist in charge of Texas A. & M. grain sorghum investigations, said the aim was to come up with a farm or home confection for areas where sorghum does well and corn does not. As it turns out, its small size makes it a natural for packaged caramel and candied confections.

Mr. Karper also sees possibilities for its use as a puffed breakfast cereal. Pop-sorghum stays crisp for a considerable time after being popped.

The Texas Station has distributed a small amount of pop-sorghum seed to seedsmen for increase and distribution to the trade. No further seed is available for distribution in 1950.

4-H Club Girls Vie For Honors In Dairy Food Demonstration

June is dairy month. Milk production hits its annual high, and according to the U. S. Department of Agriculture, this month may set an all-time record.

Trying for a record, too, are some 4,200 Texas 4-H girls who are thinking up new ways to use the abundant supply of milk. They are participating in the 1950 National 4-H Dairy Foods Demonstration program, and will vie for top honors in county as well as in state and national competition.

Under guidance of local club leaders and Extension agents, the 4-Hers work individually and in teams to show club members and other groups the latest methods of preparing tasty, nutritious dairy foods. Favorites in the summertime menus for Texas 4-H families are ice cream, milk drinks, frozen desserts and cottage cheese dishes.

While a demonstration looks easy, it is by no means easy to achieve, reports a national champion. Many hours of study and practice go into perfecting a demonstration before the girls are ready to step on the stage in their crisp white uniforms—poised, confident and sure of their subject. They also must be ready to answer questions from the audience afterwards.

Awards for outstanding performance are provided by the Carnation Company, sponsors of the program. Gold medals are presented to county winners, while each state winner is given a handsome watch. A trip to the National 4-H Club Congress in Chicago next November is in store for eight national champions.

Last year national and state honors were won by Alice Faye Davis of Leming. Gold watches also were presented to Gerolean

and Grace Elaine Gisler of Victoria. They also were awarded county medals, along with 25 other 4-H Club members.

The program is arranged by the National Committee on Boys and Girls Club Work and supervised by the Cooperative Extension Service.

KITCHEN KOMMENT

Give a subtle lift to a sandwich filling by creaming a little lemon juice, onion salt, or grated cheddar cheese into softened margarine to spread on the bread first.

To remove liquid fat from hot broth, pour it through a clean, cotton cloth which has been wrung out in cold water.

All cotton blouses are washable. Most of them can be laundered in the washing machine unless they have a very fine lace that might be snagged or torn. When the blouses are completely dry, sprinkle and let stand several hours before ironing.

Dress up soup with garnishes such as bread cubes pan-fried in margarine or bread cubes pan-fried in garlic-flavored margarine.

COUNSEL TO TEXAS PRISONERS—The Salvation Army, the largest parole agency in Texas, takes its spiritual welfare program to men and women behind the bars in jails and prisons all over Texas. More than 1,000 prisoners are paroled to The Salvation Army in Texas alone, and in recognition of the rehabilitation work which is being performed by the agency throughout the country, Salvation Army Prison Sunday will be observed on April 30. In the picture above Salvation Army Captain F. M. Gaugh counsels with a prisoner prior to his release on parole.

Major Lyons Of Salvation Army To Visit Here

Major Bernice Lyons, Field Representative for The Salvation Army in Texas, will visit Munday, Knox County, the week beginning June 26 to continue the work of W. D. Pedigo who recently retired.

Major Lyons will conduct the Salvation Army's Annual appeal in Knox County to help finance the state-wide program which the Salvation Army is carrying out in Texas.

Among these projects of interest to citizens all over the state are the Salvation Army's home and hospital in San Antonio for unwed mothers, the work of the Army in prisons and jails, its missing persons service, its relief work in time of disaster, and its welfare work in the more than 200 Texas communities that benefit greatly from the work of this humanitarian organization.

The work of the Army in Texas is rapidly expanding, and the Salvation Army must depend on its many friends to support the necessary work being done.

Major Lyons was assigned to Texas shortly after her graduation from Salvation Army Office
