

Kracker KrumbS Odd Bits Salvaged At Random

"The mail must go through!"

That cry of Pony Express days seems to have vanished into extinction, so far as some second class matter is concerned.

And your newspaper is second class matter.

A number of times we've had complaints from some subscribers, former residents of Knox County, out Lubbock way, that they don't get their Thursday's paper until the following Monday.

Sometimes the same situation has prevailed for our readers who get their mail on a rural route out of Knox City.

Then last week, we had a complaint from a reader at Truscott—he wasn't getting his paper until Monday.

We inquired about the matter at the post office and were assured that the papers went out of the Munday office the same day they were mailed—Thursday.

Now, what happens to them in the interim?

That's the question we can't answer, and our very efficient post office workmen can't answer.

Last week, we were informed, one of our afternoon Mistletoe carriers would be taken off. It's the one that delivers and picks up local mail around 4:45 in the afternoon.

It appears that every change in mail service for Munday has been for the worse.

Back yonder, when passenger trains still ran on the Wichita Valley, they changed schedules. That kept us messed up on when our mail would arrive and go out for some time.

The officials decided operation of passenger trains along the line was losing them plenty of money.

They were successful in getting permission to discontinue this service—after which we no longer received first class mail or parcel post by rail. That has kept us messed up worse in regards to when our mail came in and went out.

Then we were in formed this Mistletoe, taking outgoing mail to the south, would be discontinued.

And that means, so we are told, that some of our neighboring towns interested in receiving our publication the same week it's published might not be able to do so.

"Pony Express would be quicker," we say.

Dissatisfaction has been expressed in regards to receipt of merchandise coming to Munday by other methods, too.

We recently had a freight shipment made to us from Milwaukee, Wisconsin. We lacked only three days being an entire month receiving it.

Our customer was on our neck, we were on our depot agent's neck, then finally wired for tracer proceedings to be instituted from the point of origin.

We recently wired, then a day or two later, telephoned Fort Worth regarding a little shipment that came to us by motor freight.

The usual schedule on motor freight, we were told, is that anything leaving Fort Worth or Dallas by five o'clock in the afternoon should reach us the next morning. Yet, we were four days getting this shipment.

Perhaps we've become inclined to expect too much in these days of the fast automobile, the giant airplane, and the atom bomb!

Perhaps we should all slow
(Continued on last Page)

2,037 Texans To Enter Service In January

AUSTIN—State Selective Service headquarters received a call today for 2,037 men to be inducted into the armed forces in January, Lt. Col. Morris S. Schwartz, deputy state draft director, announced.

Announcement of the receipt of the January call was made by Colonel Schwartz in the absence of Brig. Gen. Paul L. Wakefield, state director, who is in Washington attending a conference of state draft directors.

Local board quotas for the January call will not be made up until the early part of December, Colonel Schwartz said.

The January call of 2,037 compares with a call of 2,008 for December and brings the number of men called for since the beginning of the conflict in Korea to 12,525.

The 2,037 Texans called for in the January induction period is the state's share of a national quota of 40,000 announced several days ago by the Department of Defense in Washington.

Calls are made by the Secretary of Defense on the director of Selective Service in Washington, Maj. Gen. Lewis B. Hershey, who allots quotas to the states on the basis of federal draft law regulations. State draft directors under these same regulations allot quotas to their local boards.

The deputy state director of Selective Service described Texas as being "in good shape to supply men to fill the January quota." He said that the state Selective Service System "has more than enough men examined and acceptable to fill the November, December and January quotas."

Call for November, now being filled, is the highest received so far by Texas, a total of 3,453.

Department of Defense announcement from Washington several days ago said that the January quota would have been larger if the Army were sufficiently prepared to take care of the inductees.

Legion Plans To Enlarge Its Fund Raising Campaign

Plans are being completed by Lowry Post No. 44 of the American Legion to enlarge its annual fund raising campaign, it was announced this week.

The finance committee has announced that special events will be held each Saturday during December, and the public is cordially invited to attend. Proceeds from the project will go toward improving the grounds and building of Lowry Post No. 44, it was stated.

Goodfellow Gifts
This year, instead of having boxes and barrels in the different business houses in town to receive Goodfellow gifts, these boxes will be located at the special booth on the city hall lawn and will not be in the way of the various merchants who have cooperated so splendidly in the past.

Goodfellow gifts will be distributed at Christmas time to families of the area who would otherwise have no Christmas.

Dr. J. M. Croley Is Taking Graduate Dentistry Courses

The University of Illinois at Chicago is giving telephone extension post-graduate courses in dentistry in every major city in the United States, and Dr. J. M. Croley of Munday is attending these meetings in Abilene once a month for a period of several months.

Dr. Croley attended his initial meeting recently, and he says they appear to be very helpful and educational to dentists of the area.

Mrs. Ruth Searcy and Mr. and Mrs. Thurman Gulley were business visitors in Dallas over the week end. While there they visited in the home of Mr. and Mrs. Brice Dobbs.

Davis Miles of Chicago, Illinois, is visiting relatives and friends here this week.

Miss America Also Rates Title of "Miss Thrift"

Washington, D. C.—Miss Yolande Beibese, "Miss America of 1950," buys another U. S. Savings Bond from her home-town citizen, Congressman Frank Boykin of Mobile, Ala. She had already tucked away her \$5,000 Atlantic City prize money in Savings Bonds. The purchase was made on the Capitol steps while Miss Beibese posed for the newsreels. This followed a luncheon given in her honor by Rep. Boykin in the House private dining room. Shown l. to r.: Congressman Boykin, "Miss America," and Senator Lester Hill of Alabama.

Nail Picker Here During Last Week

The magnetic nail picker of the Texas State Highway Department which was pictured in this paper several weeks ago, arrived here last week and did a good job of covering some of this territory. It covered the lake road twice, sweeping the road and road shoulders in this area of metal objects.

Electric magnets at the rear of the nail picker collected loose metal objects. The magnets are activated by a truck and are strong enough to pick up man-hole covers.

John Nations is director of the equipment and Joe Webb of San Angelo is the driver. After leaving here the nail picker went to Knox City.

Miss Gwynn Lee and Lyndol Smith, who are attending Baylor University at Waco, came in Tuesday of this week to spend the holidays with their parents, Mr. and Mrs. A. L. Smith.

Billy J. Roberts of Fort Worth visited friends and relatives here and at Goree over the week end.

All-District 6-Man Teams Of Area Selected

All district teams for area towns playing 6-man football were selected recently, according to an announcement made by S. E. Reed, superintendent of the Benjamin Public Schools and 13th District chairman.

Players selected on the teams are as follows:

First team: Backs, Robinson of Knox City, B. Hardin of Vera and Young of Benjamin; center, tie between Atkinson of Goree and Smith of Knox City; ends, tie between Reeves and Wilson of Knox City and Lambeth of Goree.

Second team: Backs, Joe Nunley of Benjamin, May of Knox City and Lambeth of Goree; center, R. Hardin of Vera; ends, Feemster and Ritchie, both of Vera.

Teams were selected by a vote of the coaches and players of Knox City, Vera, Goree and Benjamin.

New Well Going Down Near Munday

Another wildcat is to be drilled about four miles south of Munday. Machinery was moved in last week and was being set up this week in preparation for drilling.

It is the Anderson and Pritchard Oil Corporation No. 1 Maude E. Harber, which is located on the land owned by Mr. and Mrs. J. T. Harber.

The 5,100 rotary project is 660 feet from the south and 467 feet from the east lines of the southwest quarter of Section 145, Block 45, H&TC Survey.

American Legion To Again Sponsor A "Tide of Toys"

The American Legion, again this coming holiday time, will carry out its "Tide of Toys" project which last year resulted in three million toys being delivered to the have-not children of Western European nations and the British Isles.

Bing Crosby, radio and motion picture star, is honorary chairman of the "Tide of Toys" campaign. Irving Geist of New York City and Drew Pearson of Washington, D. C., are honorary co-chairmen. Thomas E. Paradine of New York City will be national chairman of this year's activity. Last year's "Tide of Toys" project resulted in three million toys being donated by children throughout the United States. There were shipped to Philadelphia where they were loaded on ships which took them to the various European ports where they were distributed by the CARE organization.

Lowry Post No. 44 will participate in this project this year and receipts will be provided at the Legion Booth to receive these toys. The dates for this project will be announced later. Let us all help spread Democracy to the children of Western Europe through this very humble and simple means.

Knox County Hospital Notes

Patients dismissed since November 13th:

Mr. and Mrs. Ed Lane, Munday; Mrs. R. L. Anderson, Rochester; C. L. Albus, Munday; Mrs. M. F. Williamson, Rochester; Mr. John Griffith, Knox City; Mrs. Virginia Ramirez and baby, Knox City; Jerry Wayne Meers, Munday; Mildred Michaels, Munday; J. E. Hunter, Munday; Valentin Solas, Rochester; Mrs. Clements Salazar, Knox City; Allen Barnett, Knox City; Mrs. T. J. Dixon, Throckmorton; Mrs. Edward Bassedus and baby, O'Brien; Lucile Simmons, Munday; Mrs. T. L. Howeth and baby, O'Brien; John L. Phillips, Munday; Mrs. Jack Walker, Weinert; Wanna Johnson, Munday; George McCalister, Knox City; Jimmy Hunter, Munday; Mrs. John L. Jackson, Munday; Jerry Chamberlain, Goree; Gloria Ann Banner, O'Brien; Ronald Myers, Rochester; Mrs. Willis Easley, Idabel, Okla.; Emogene Hill, Munday; Mrs. Miguel Maldonado and baby, O'Brien.

Patients in the Hospital November 20th:

Hugh Rogers, Knox City; Mrs. Allen Bell, Munday; F. E. Barnett, Knox City; E. E. Teaff, Knox City; J. H. Mansell, Rochester; Baby Lowe, Munday; Mrs. P. O. Large, Knox City; Mrs. Tom Cloud, Goree; Mrs. Charles Harrell, Munday; Mrs. E. C. Leesters, Dill City, Okla.; Mrs. J. D. Rash, Peacock; Mrs. J. W. Green, Knox City; Ermine Tidwell, Benjamin; Clyde Nelson, Munday; Mrs. Dave Jetton and baby, Munday; Mrs. Lyoid Allen and baby, Rochester; Howard Malcolm Davis, Knox City; L. E. Hunter, Goree; Mrs. Charles Reese and baby, Knox City.

Births:
Mr. and Mrs. T. L. Howeth, O'Brien, a daughter.
Mr. and Mrs. Juna Reyes, Knox City, a son.
Mr. and Mrs. Lloyd Allen, Rochester, a daughter.
Mr. and Mrs. Edwards Bassedus, O'Brien, a son.
Mr. and Mrs. Miguel Maldonado, Weinert, a son.
Mr. and Mrs. Dave Jetton, Munday, a son.
Mr. and Mrs. Charles Reese, Knox City, a daughter.
Mr. and Mrs. Apagito Benavides, a son.
Mr. and Mrs. R. B. Howell, Knox City, a daughter.

Deaths:
Mrs. Ed Helms, Knox City.
Mr. F. M. Harrison, Knox City.
Mrs. Freeman Smith, Knox City.

HOME FROM HUNT

J. L. Stodghill and Herbert Stodghill returned home Monday from San Saba County, where they had been on their annual deer hunt. They were joined there by J. Arthur Smith of Lorenzo. Herbert bagged his deer, while the other two were unsuccessful.

Well Completed To Flow 129 Barrels

Staalind Oil and Gas Company has completed its No. 1 Icelana Clonts well, first Palo Pinto strike in Knox County and the best producer yet to be discovered in the county. The well is located about five miles northeast of Knox City.

The Palo Pinto strike is completed to flow 129.72 barrels of 38 gravity oil daily from 4,175 to 4,220 feet through 11 1/4 in. choke. Flowing pressure was 125 pounds and flowing casing pressure 225 pounds.

The company has approximately 17,000 acres around the wildcat, located near the south end of the block.

Attend Meeting On Civilian Defense

John B. Scott, fire chief; R. B. Bowden, fire marshal; E. Y. Johnson, water superintendent; Felton Raynes, member of fire department, and D. E. Whitworth, chief of police, attended a civilian defense meeting in Vernon last Friday afternoon.

Chife Joe S. Fletcher, assistant director of the Department of Public Safety, was in charge of the meeting. He spoke on duties of civilians in cases of national emergencies, and urged cities to organize for action in such cases. He said small towns as well as large ones would be affected in case of an atom bomb attack, and urged citizens in all towns to organize for civilian defense.

Judge J. B. Eubank, Jr., county co-ordinator for civilian defense, and Sheriff Homer T. Melton of Benjamin were in attendance, as were representatives from Knox City, Seymour and other area towns.

Mrs. Ira Bowden of Baltimore, Maryland, visited in the homes of Mrs. Florence Bowden and Mr. and Mrs. B. B. Bowden for a few days last week.

Mrs. Gen Yarbrough and Mrs. W. G. Gaford were visitors in Seymour Monday of this week.

Goree P.-T. A. To Sponsor Fun Night

Monday, November 27, 7 P. M., has been set aside as Fun Night for the community by the Goree P.-T. A. Miscellaneous games, including "42", "84", and Canasta will be arranged for the entertainment of the evening. P.-T. A. members will furnish pie and coffee.

No admission will be charged, but a silver donation will be accepted. Everyone is invited to this fun night.

DAVE JETTONS ARE PARENTS OF A BOY

He made his arrival promptly at 1:45 p. m. Sunday, November 19, at the Knox County Hospital, and very soon thereafter he began to let his arrival be known. He weighed eight pounds and two ounces.

He's the son of Mr. and Mrs. Dave Jetton of Munday, and he and all his family are getting along nicely.

Local Yule Lighting Now Being Installed

Olney To Host Albany's Lions In Title Game

Olney's powerful Cubs, who won the District 10-A football title with ten straight wins to their credit, will be hosts to the Albany Lions, winners of District 9-A, next Friday night. This is one of the first round playoffs for the state Class A title.

The Cubs ground Crowell into submission with a 33-6 win last Friday night to win their district title, while Albany was taking Haskell's Indians to a grind-25-14 defeat to clinch the District 9-A crown. This was a game which claimed the interest of fans of this area, and nearly 5,000 of them were on hand to see Albany's Lions victory over Haskell.

Olney is one of eight teams with an undefeated and untied record. Others are Kermit, Arlington, Mt. Vernon, Lavega, Georgetown, Brenham, and Pearsall.

Albany, defeated in non-conference play, went through the conference play without a defeat.

Mrs. F. H. Smith Dies On Sunday At Knox City

Mrs. Freeman H. Smith, 32, a resident of Abilene for three months, passed away last Sunday at the Knox County Hospital.

Mrs. Smith was a resident of Knox City for some 14 years before moving to Abilene. She passed away at 9:25 a. m. after an extended illness. Her husband is an oil well driller.

Funeral services were held at 2 p. m. Monday from the Four-square Gospel Church in Knox City, with Rev. Floyd Bailey, pastor, officiating.

Survivors include her husband; a son, by a previous marriage, Paul Sanders of Abilene; her parents, Mr. and Mrs. H. C. Jones of Pittsburg, Texas; a brother, A. C. Jones of Pittsburg, and a sister, Mrs. Charles Kisner of Abilene.

Dr. Bruce Johnson, Victim Of Polio, Dies November 16

Relatives received word here last week of the death of Dr. Bruce Johnson, young San Antonio physician, who succumbed to an attack of polio at a San Antonio hospital on Thursday, November 16.

Dr. Johnson, a recent graduate of the Texas University School of Medicine, had recently established practice in San Antonio.

He was born on September 25, 1933, and was 27 years of age. He was stricken with bulbar polio on October 26, and lived only 21 days.

While in medical school, he was married to Miss Betty Morris, daughter of Mr. and Mrs. R. H. Morris of Munday.

Survivors include his wife and 13-month-old son, Charles Bruce, and his parents, who live in Kallspele, Montana.

Chapel services were held in San Antonio on Friday, November 17. Rev. Kenneth Copeland, former pastor of the Methodist Church in Haskell, officiated. The body was taken to Kallspele, Montana, where funeral services and burial rites were held on Tuesday, November 21.

Mr. and Mrs. L. W. Hobert spent last Friday with relatives in Cisco. They were accompanied home by E. R. Hobert, who had been visiting his daughter, Mrs. Cora Plumlee, in Cisco for about a month.

Mr. and Mrs. M. T. Chamberlain and Miss Karin Caughran visited relatives in Stephenville over the week end.

Workmen from the West Texas Utilities Company and the City of Munday started work of installing the vari-colored Christmas lights Tuesday morning, and soon the City of Munday will take on that holiday appearance.

Streamers of the lights are being strung across the streets around the square in a "staggered" form, and the beautiful star which has decorated the city hall for the past few years is in its place.

Additional lights are being installed, covering some three or four blocks to the south, east and west of the square. Munday will be better lighted this holiday season than ever before.

With only 31 days remaining until Christmas, Munday's stores are expected to begin taking on the holiday appearance soon after the Thanksgiving holiday. Many of the stores carrying Christmas gifts and toys have had these on display for some time, but store windows will soon be showing the Christmas decorations.

The project of lighting the town for the holiday season is being sponsored again this year by the Community Development Association. The lights are expected to be turned on the latter part of this week.

John Ben Shepperd Heads Heart Fund

HOUSTON—John Ben Shepperd, Secretary of State, has accepted the Chairmanship of the 1951 Heart Fund in Texas, it was announced today by Dr. George W. Parson, President of the Texas Heart Association.

Making the announcement at a meeting of the Executive Committee and Board of Directors of the Association in Houston today, Dr. Parson said, "Diseases of the heart and blood vessels are the leading cause of death and disability in this country. The 1951 Heart Fund campaign will be conducted next February to raise the necessary funds to support the greatest effort ever made in medical history to find the answers to unsolved problems of heart disease."

Mr. Shepperd, a past national president of the Junior Chamber of Commerce, said, "I accept the Chairmanship because of my deep concern over the fact that heart disease robs us prematurely of too many of our most able and irreplaceable leaders in industry, government, science, and other vital fields of endeavor."

Governor Allan Shivers will again serve as Honorary State Chairman of the 1951 Heart Fund. Bruce Barton is National Campaign Chairman.

MRS. HOWELL'S FATHER PASSES AT CLARENDON

Mr. and Mrs. Rex Howell and family returned home Tuesday from Clarendon, where they had been called because of the death of Mrs. Howell's father, James L. Bain.

Mr. Bain, who was 82 years of age, passed away at a Pampa hospital last Sunday morning. He was a retired farmer of Donley county. He is survived by his wife and five children.

Funeral services were held at Clarendon last Monday.

ELAINE HARDIN HAS A NEW BABY SISTER!

"I got a new baby sister!" This was the greeting we had Monday from little Elaine Hardin, who is here with her grandparents, Mr. and Mrs. W. G. Leflar, last Monday. Then she told us about the sister.

Her name is Suzanne, and she arrived at a Shamrock hospital on Sunday, November 12, weighing seven pounds and three ounces. Her parents are Mr. and Mrs. Guy Hardin of Shamrock.

Grandparents are Mrs. J. C. Campbell and Mr. and Mrs. W. G. Leflar, all of Munday. Elaine is thrilled over her little sister, and she's going to have lots of fun with her when she gets home.

Entered as second class matter January 4,
1919, at the postoffice in Munday, Texas, under
Act of Congress, March 2, 1879.

OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmerton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Hefner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

THE COUNTRY PRESS SAYS

PLACER, CALIF., HERALD: "Some of our own citizens are communists at heart, working within the framework of our constitutional rights to destroy our republican form of government."

EPHRAIM, UTAH, ENTERPRISE: ". . . Had more attention been paid to the nation's safety and less to changing the American way of life, to some 'ism' borrowed from Europe, there would have been no Korean war with its huge lists of American casualties."

GREAT FALLS, MONTANA, LEADER: "The American people are, of course, preparedness. They are willing to make sacrifices for that purpose. They are ready to submit to such controls as circumstances may make necessary. But surely they are not unreasonable in expecting the government to participate with them in the program."

BROOKHAVEN, MISS., LEADER-TIMES: "It seems incredible that an alien political philosophy such as socialism, could creep up on a people who despise it but that is just what is happening (here) at an accelerating pace. It is time the self styled 'liberals' leading the parade be asked for an accounting . . . Active citizens feel that it is time now for us to put the (X) mark on the left wingers before they put the double (XX) on all of us."

WILMINGTON, DELA., RECORD: "The September issue of the Monthly Labor Review, official publication of the U. S. Department of Labor, shows that Labor is continuing to make record gains under the Taft-Hartley Act, now in effect for three years."

HAVRE DE GRACE, MARYLAND DEMOCRATIC LEDGER: "The oil industry has met every challenge during the history of its operations and now stands ready and well prepared to face the future demands with confidence."

Most vacationists go away for a little change, but come back with a lot less.

LET WASHINGTON SET EXAMPLE

A great many people noticed a glaring omission in President Truman's recent radio broadcast setting forth the steps which must be taken to meet the present emergency. He said: "This defense program cannot be achieved on the basis of business as usual. All of us—whether we are farmers, or wage earners or business men—must give up some of the things we would ordinarily expect to have for ourselves and our families. . . . We are all in this situation together. We must be prepared to accept some reductions in our standards of living."

Mr. Truman merely stated what the average individual expects to do in times of stress. The thing he completely failed to mention was any retrenchment in the reckless domestic spending of the Federal government and every bureau connected with it.

The defense program and the morale of the taxpayers, who are being bled white, would be greatly encouraged if some of the public servants in Washington would ask for a cessation of "politics as usual" when they ask for a cessation of "business as usual". It is no sacrifice for any business or any family to scrimp and save and do everything they can to help provide for their boys who are taken up by the armed forces. But it is a tremendous sacrifice to scrimp and scrape and cut down on actual necessities in order to pay taxes to maintain an ever-growing army of bureaucrats and public officials who are constantly looking for new ways to spend money for domestic schemes which put the government deeper into business at the expense of the private citizen.

The President's talk lacked the ring of sincerity when he failed to include government in his demand for so-called "sacrifices" and "reductions in our standard of living."

"The vital principle which every legislator and government executive should keep in mind at all times is that untrammelled competitive price is the only force yet discovered which is powerful enough to direct production into the channels which will best serve the public."—Willford I. King, Chairman, Committee for Constitutional Government, Inc.

One of the heights of disappointment is reached when a friend of long duration drops back into the limbo of mere acquaintances.

With each hundred pounds of cotton fiber, the cotton plant yields approximately 180 pounds of cottonseed.

Some people wake up and find themselves famous; others remain out nights and become notorious.

There is considerable difference between substantial food and lovely refreshments.

Uncle Sam Says

In the manner of your Navy—"NOW HEAR THIS": You can build up assets of \$4,329 cash in 10 years by adopting a single 3-step plan for saving money. Briefly: decide to start saving now, before you even touch your pay—save systematically, a definite small sum each week—save automatically—enroll today for the purchase of U. S. Savings Bonds by the Payroll Savings Plan where you work. IT'S JUST THAT SIMPLE.

Area Scouts Make Plans For Finance Drive

Preceded by a great Boy Scout parade through downtown Wichita Falls at noon, the 1951 Scout-O-Rama of the Northwest Texas Council, Boy Scouts of America, will be presented at Coyote Stadium in Wichita Falls Saturday, April 28.

Scout-O-Rama plans were anore 2,500 boys—Cubs, Boy Scouts, and Explorers—demonstrating Scouting skills in 150 different booths spread out over the practice field and parking area at the stadium. Shows will be given from 2 to 4 and 7 to 9 p. m.

School bands will assist in the parade and a chuck wagon feed is to be given for all participants at 5:30 p. m.

Scout-O-Rama plans were announced by the Council Office as drives to help finance the 1951 budget get under way in four more Boy Scout communities in northwest Texas.

The four cities with opening date of the campaign and the campaign and the Chairmen are: Henrietta, Tuesday, November 14; Bill Middlebrook; Electra and Kamay, Tuesday evening with Ray B. Dickey, and W. M. Sparkman as leaders; Paducah, Thursday, November 16; Carroll Robertson.

W. H. Wright and W. S. Broday of Vernon, Chairman and Vice-Chairman of the Council Campaign, accepted invitations to the Kamay-Electra Joint kickoff dinner.

Texas Venture
In Education • 1876-1951
Our first state college—Texas A. and M. is now in its seventy-fifth year

Believing that every Texas boy of outstanding ability should have a chance to get a college education if he really wants one, former students of the A. and M. College of Texas five years ago made up a fund to finance their first Opportunity Awards. They offered any Texas boy who graduated from high school with an excellent record and who could not go to college without financial assistance a chance to win a scholarship paying \$200 to \$400 a year plus a student job if he needed it, to help him through college. Selections were made on the basis of scholarship, character and need, with a competitive examination as the deciding test. Sixteen boys won Opportunity Awards the first year and have graduated from A. and M. with outstanding records. Many Texas leaders have become interested in the plan and have given scholarships. This year there are 200 Opportunity Award boys in school at A. and M., from all over the state. One of the newest of these scholarships was financed by gifts from the current student body of the college.

BOYCE HOUSE
Gives You Texas

How about a true story about a pioneer Texan whose fast thinking saved his life? Down near Austin is a beautiful spot; it is called Barton's Spring and was named for "Old Man Barton", as everybody called him.

One day, he was walking through the forest not far from his home when he saw five or six Indians. They saw him at the same time and they began chasing him. They were on foot and it was quite a race.

But Barton was no longer young and his strength was just about to give out. He had reached the top of a hill and down in the valley below was his log cabin. It had never looked sweeter to him than it did now when it seemed that life was about to end. His pack of dogs caught sight of him and they came rushing toward him. And that gave Old Man Barton an idea. He turned around, facing the Indians, who were running toward him and of course could not see what was on the other side of

the hill, and he took his old hat in his hand and yelled, "Come on, boys, let's get them red-skins!"

The Indians, thinking he was calling to a bunch of Texans with their rifles, turned and ran away. His nerve and his fast thinking saved the pioneer's life.

The Whitewright Sun has dug up that old time sketch in which an editor tells how he whipped an indignant subscriber. The editor makes use of the editorial "we" in speaking of himself.

"There was a blow; somebody fell. WE got up. Turning upon our antagonist, we succeeded in winding his arms around our waist and, by a quick maneuver, threw him on top of us, bringing our back at the same time in contact with the soiled bed of the printing press. Then, inserting our nose between his teeth and cleverly entangling his hands in our hair, we had him."

Joe and John Spann, who are attending West Texas State College in Canyon, visited in the home of their parents, Mr. and Mrs. J. C. Spann, over the week end.

Mr. and Mrs. Wendell Partridge attended the football game between Hardin-Simmons University and West Texas State College last Saturday.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN—A delayed report from the United States Public Health Service communicable disease center in Atlanta, Georgia, credits the Texas State Health Department Bureau of Laboratories here with top score in national competition in identification of intestinal parasites. Two grades were awarded during the evaluation studies which are designed to raise the standard of laboratory accuracy. One was for the ability to correctly identify *Entamoeba histolytica*, an intestinal parasite; the other for a correct determination of the presence or absence of all intestinal organisms.

The report said the Texas laboratory had tied for first place with three other state health departments in the first test, and had won a clear title to top honors in the second.

Forty-two state and territorial laboratories competed in the year-long evaluation studies which began in July, 1949. The scores were announced last week. Laboratories tying Texas in the first test could not be identified. Code numbers known only to the referee laboratories are used to designate the participants in the studies. Texas' code number was 13.

A total of 110 specimens were examined. Twelve specimens were eliminated from the study because even the experts at the referee laboratories could not agree on what organisms they contained.

The communicable disease center gave Texas' laboratory specialists a grade of 98.9 percent on the first test, and 97.5 percent on the second. No other laboratory in the United States proved to be so accurate.

Authorities of the State Department of Health said they have now begun intra-state laboratory studies, conducted on the same basis as are the national studies. In the intra-state examinations, laboratories operating with the state are tested for accuracy in determining what organisms are contained within a given specimen.

Mrs. Dan Billingsley of Wichita Falls and Mrs. Bill Billingsley of Odessa visited in the home of Mr. and Mrs. M. L. Billingsley over the week end.

Mr. and Mrs. Forrest Jackson of Fort Worth spent the week end in the home of Mrs. Jackson's parents, Rev. and Mrs. J. R. Bateman.

Munday Truck and Tractor Company

The FARMALL House

Seeing is believing

no other range is as fast or as efficient as a modern gas range

With a single oven range, only if it is gas can you bake and broil at the same time. You can bake rolls, potatoes and a casserole dish while you broil meat in the separate broiler.

"Claims" of speed don't mean a thing. But seeing is believing. Here you see why gas is fastest and most efficient—why 96 out of 100 women in this area cook with gas.

If your range has seen its best days, now is a good time to get a modern gas range. They cost less. They operate for less than 1/4 the cost of non-flame ranges. Gas burners last a lifetime; don't burn out. No special, expensive utensils are needed. No costly installation charge is added to the purchase price. Buy a modern gas range.

On display and sale almost everywhere

Speed you can see. Bring 1/2-inch of water to a boil. Add vegetables and cover. Time required—two to three minutes! Turn burner to simmer speed which completes cooking.

Warm up a gas burner? You don't have to! The second it's on, it's at maximum heat. No other range can be fast as gas. Or as efficient. The flame gives tailored heat—fits itself to any size or shape pan. Less waste heat.

Modern Gas Range

LONE STAR GAS COMPANY

Society

Sorosis Club Of Benjamin Meets Last Thursday

The Benjamin Sorosis Club met Thursday, November 16th, for their regular monthly meeting. Program for the day was on International Relations Program. Guest speaker for the occasion was Prof. A. F. Edwards, of Midwestern University, Wichita Falls. He was introduced by Mrs. T. G. Gill; his subject was "Education in World Citizenship." Prof. Edwards told of his attending the recent U. N. meeting at Lake Success; and also of conversations with people in European country on their ideas of American people. The talk was very educational as well as enjoyable.

The club president, Mrs. Herbert Sams, and First Vice-President, Mrs. T. G. Gill, had just returned from the State Federation meeting in Fort Worth, Tuesday, Wednesday and Thursday morning; driving in a short time before the club meeting began, but for lack of time did not give a full report of the State meeting.

The hostesses, Mrs. O. D. Propps and Mrs. A. H. Sams, served pumpkin pie and coffee to the following:

Mmes. Grady Hudson, Howard Spikes, R. D. Benson, Wade House, W. F. Snody, and R. S. Brannon, and club members: Mmes. Herbert Sams, T. G. Gill, Lee Snailum, L. A. Parker, O. D. Propps, Ada Moorhouse, Allie Moorhouse, O. W. Driver, J. W. Melton, L. C. Melton, A. H. Sams, Sr., C. H. Burnett, I. T. Wright, G. E. Rodgers, S. E. Reed, Harold Freeman, F. E. Davidson, Ernest Allen, M. D. McGaughey, J. A. Kilgore, W. A. Disheroon and J. C. Patterson.

Mrs. O. W. Lee is visiting in the home of Mr. and Mrs. Sidney Lee in Fort Worth this week.

Mrs. M. L. Barnard visited relatives in Wichita Falls last Sunday.

County Council Meets In Regular Session Nov. 17th

The Knox County Home Demonstration Council met in regular session on Friday, November 17, in the assembly room of the county court house at Benjamin. Nine members were present, representing five clubs of the county.

Each club held its Achievement Day, which had the aspect of being small county fairs. A vast array of things were reported to be displayed, such as: home-made soap, kitchen curtains lamps and shades, ceramics, hand-painted china, cut work table cloths, knitted ski Sox, water and oil painted pictures, aprons and crocheted pieces.

A neighboring club is invited to these achievement events, which affords members an opportunity to get new ideas for home making.

The report on the number X-rayed by the mobile T. B. unit was 1072.

Clubs were urged to have ready the small gifts to send to the state hospitals by December 10. Each parcel should be marked as to size, contents and whether for male or female.

Plans are being made to bring a Singer representative to Benjamin on Tuesday, December 12, to demonstrate the making of belts, button holes, button, zippered openings, etc. Some sewing needs will be for sale, and the public is invited.

Refreshments were served by Mrs. Arnold Navratil and Mrs. Alton Cook of Gillilan.

Dorcas Class Entertains T. E. L. Class Thursday

Members of the Dorcas Sunday School Class of the First Baptist Church entertained the T. E. L. class on Thursday, October 16, at three o'clock at the church. The meeting was opened with prayer by Mrs. A. U. Hathaway.

Mrs. J. D. McClaran, president of the Dorcas class, had charge of the program, Mrs. Huron A. Poinac at the organ. Each guest asked for her favorite song to be sung, and several musical numbers were played.

This was the first time that some of the T. E. L. members came to the new church. Everyone was pleased that it was made possible for them to meet with the Dorcas members.

Refreshments of coffee and cakes were served to eight guests and 14 members. Hostesses were Mrs. L. B. Patterson, Sr., Mrs. J. D. McClaran, Mrs. F. A. Reid and Mrs. W. O. Mays.

Old Glory's New Home at Valley Forge

The first American flag to fly over the nation's new super-road was raised by these seven former fighting men in a stirring ceremony marking the public opening of the eastern extension of the 267-mile Pennsylvania Turnpike. Now serving American motorists at the Gulf stations on the Turnpike, the men, (from left to right) Robert E. Walters, Allentown, Pa.; J. J. Fisher, Pittsburgh; Ed Walker, Washington, D.C.; Sayles Steere, Philadelphia; T. W. McKee, Blairsville, Pa.; Jack Ward, Cynwyd, Pa.; and John Rinehart, Pittsburgh; will conduct the flag raising and lowering every day at this new site overlooking beautiful and historic Valley Forge.

Methodist Home Observes Birthday

WACO—The Methodist Home for Orphans celebrated its 60th birthday November 8 with an all-day program, attended by four Methodist bishops and hundreds of visitors.

The high point of the day was the dedication of the Harry Meredith and Tom Mitchell Homes, each costing approximately \$125,000. One was presented by Mr. and Mrs. H. W. Meredith of Mineola; the other, by Mr. and Mrs. T. C. Mitchell of Marfa in memory of their son, John Smith Mitchell.

Bishop William C. Martin of Dallas, presided at the dedication. Retired Bishops H. A. Boaz and Charles C. Seelman, both of Dallas, participated in the program. The sermon was delivered by Bishop A. Frank Smith of Houston.

In the morning the cornerstone of the 50-year-old main building was removed in preparation for replacing it with a modern administration unit given by friends of the children. At noon a barbecue was spread by Supt. Hubert Johnson and the staff.

Bishop Smith praised those who have provided the buildings and some \$3,000,000 endowment for the home of about 425 children. It was announced that Mr. and Mrs. J. H. Youngblood of Waco have donated a large

Activities Of The Colored People

An interesting time was had at the school last Thursday night. The cake was won by Mrs. Elnora Hendrix. We wish to thank Mrs. Allene Johnson for donating the cake and our many friends for their cooperation. Receipts for the evening were \$8.15.

Cakes and pies were brought by the following: Mrs. Dolie Jones, Ruby Durham and Bernice Webber. These were sold with coffee.

A box supper is being sponsored by the upper elementary grades Tuesday night. Nathaniel Jones in charge.

Miss Yvonne Morris of Wichita Falls is visiting in the home of her parents, Mr. and Mrs. R. H. Morris, this week.

Also that morning, the 100-member Texas Methodist Planning Commission was in its third annual session with Dr. R. F. Curl of San Antonio, presiding. Officers for 1950-51 elected at that time were: president, Pat Thompson, Bay City; vice-president, Rev. Dr. Umphrey Lee, Dallas (SMU president); secretary, Rev. Marvin Boyd, Plainview.

You can depend upon our prescription department to fill your doctor's prescription with promptness and efficiency. We maintain a stock of pure, fresh drugs for any emergency that might arise. Let us serve you.

EILAND'S DRUG STORE

So This is HOUSEKEEPING

I will admit that during our courting days the last thing that crossed my mind was the fact that after a certain ceremony I'd be responsible for those white shirts that came calling for me. Of course Jeff was behind the shirts and at the moment I was about to take care of my lovely trousseau things. In short, the new Mrs. Stuart was going to be faced with a laundry problem. Simultaneously I discovered that about the most non-elastic article known is a newlywed budget. And there had been no provision in said budget for a washing machine.

Then and there began the most intensive campaign poor Jeff has been through to date and I pass on that strategy for what it's worth. I asked for an inventory of his washable wardrobe, itemized every tubbable article I owned, compiled a list of our necessary linens, towels, blankets, etc. The list staggered even me. I appealed to his American love of mechanization; I pointed out that a mechanical washer was sanitary, safe, and as easy to operate as the mere flick of a switch. With the budget bugaboo in mind I noted carefully that a home washing machine helped spare the life of clothing. I even brought interior decorating into the scene by pointing out that a machine was a wonderful item in tinting sheets or spreads or drapes. Then there was the possibility of baby clothes later on that would have to be clean and sweet-smelling. I wound up the campaign in a burst of oratory which labeled the washing machine as vitally essential to the morale and health of the American home.

Jeff couldn't help himself; he gave in and came through with a washing machine that is the pride of our household. The best part of the situation is that I came to realize that every sales point was true. And while I'm glad I talked Jeff into it, I'm even more delighted to find out how right I was!

Mrs. Emma Parker of Fort Worth was a guest in the home of Mr. and Mrs. D. D. Clough recently.

Mrs. David Penick of Rule visited friends and relatives here this week.

Wynelle Fitzgerald of Fort Worth visited his father, Cecil Fitzgerald, here over the week end.

BENJAMIN NEWS

(Elda Purl Laird, Reporter)

Goree News Items

Mrs. T. H. Jones was taken to the Wichita Falls Clinic Hospital last Monday for treatment.

Mr. and Mrs. Tiamadge Falls of Throckmorton spent last Sunday in the home of Mr. and Mrs. R. D. Staicup.

Mr. and Mrs. Merle Pearson and little son left Monday for their home in Portland, Oregon, after spending two weeks visiting her parents, Rev. and Mrs. S. E. Stevenson of Goree, and other relatives in Munday and Abilene.

Mr. and Mrs. Leo E. Jones and daughter, Anne, of Sweetwater spent Sunday with relatives in Goree and Munday.

Mr. and Mrs. Ross Madole and children of Littlefield visited Mr. Madole's mother, Mrs. Laura M. Madole, and other relatives here during the week end.

Mrs. Lessie Jackson is spending a few days with her children in Wichita Falls and Iowa Park.

Mrs. Henry Coffman of Fort Worth and Mrs. Homan McMahon spent several days the past week visiting Mr. and Mrs. Neale Moore in McCamey. They also visited relatives in Odessa.

Mr. and Mrs. Terrell Boggs attended the funeral of a sister-in-law, Mrs. Freeman Smith, in Knox City last Monday afternoon.

Philip Jones is spending a few days with his mother, Mrs. E. J. Jones, after being dismissed from an Abilene hospital where she received treatment for some two months.

Visitors in the home of Mr. and Mrs. Tony Hammons the past week were an aunt, Mrs. Leland Broughton of DeLeon, and an uncle, Bob Elder and son and Mrs. Harry Hayes of Milnesand, New Mexico.

Mr. and Mrs. Jim Goode and Mr. and Mrs. W. E. Blankinship left the first of this week on a deer hunting trip to South Texas.

Mrs. Louis Blankinship and children have joined Louis in Fort Smith, Ark., where he is stationed at Camp, where he is in the hospital division.

George Crouch, Jr., of Brooks Field, San Antonio, spent the week end with relatives in Goree and Seymour. George was a clerk in the Goree post office, and was recently called back to to service. He spent several years in service during World War II.

O. L. Wall and son of Greenville visited Mr. and Mrs. J. A. Bilbrey and other relatives here last week end.

Joyce Dean Weir of Midwestern College, Wichita Falls, spent the week end with her parents.

Howard Stacey of Livingston, New Mexico, was a business visitor here the first of this week.

CARD OF THANKS

With hearts full of gratitude, we attempt to express our thanks to our many friends for the kind words, telegrams and lovely flowers which came our way in the tragic death of our loved one, Dr. Bruce Johnson. Everything you did is deeply appreciated, and we pray God's richest blessings on you all.

Mrs. Bruce Johnson and Charles Bruce.
The R. H. Rucirs family.

COMING SOON TO ROXY

Gary Cooper portrays a fighting deputy marshal in "Dallas," Warner Bros. Technicolor drama of the West, in which Ruth Roman, Steve Cochran co-star.

Mrs. Fred N. Warren of Lubbock visited with relatives here the first part of the week.

U. S. milk production reaches its peak in June. An industry goal is to make this curve more even through the year

Texas Milk Industry Leader

TEXAS MILK INDUSTRY is a tremendous factor in the health and economic progress of the state, according to new figures developed by the Milk Industry Foundation.

The industry's importance to the State is graphically illustrated by Texas' 1,155,000 milk cows which were valued at \$180,144,000 in 1949. These cows produced 1,757,000,000 quarts of milk during the year.

Texas dairy farmers received a total of \$117,669,000 in cash income from milk in 1949. Cheese production of 5,680,000 pounds and butter 15,125,000 pounds, and ice cream 23,760,000 gallons plus other dairy products swell the tremendous total which the milk industry adds to the State's wealth.

Few industries have shown more progress in the last quarter century than milk. Milk consumption is on a higher level. From the long process of raising better calves and growing improved feeds to the use of mechanical milking, more rapid transport to the plant, new testing methods, pasteurizing and bottling, outstanding advances have been made.

Milk and its products comprise around one-fourth of the foods consumed annually by the average American and 60,000,000 quarts of fresh milk and cream a day are distributed to consumers through stores and home deliveries.

Milk in this country today is the best in the world. The Foundation says, and the U. S. system of supply, sanitation, pasteurization and distribution is bringing dairymen here to study it from throughout the world. The United States is now the greatest dairy nation.

Nearly 23 million cows on three quarters of the Nation's 5,859,000 farms produce the 55,000,000,000 quarts of milk a year which would fill a river 3,000 miles long, 40 feet wide and 3 feet deep. In quarts side by side a year's milk supply would go almost 140 times around the earth. One out of every 15 U. S. families is said to be dependent on milk for a livelihood.

Milk farm cash income is larger than hogs; almost twice what; nearly one and a half times poultry and eggs; more than one and one-half times cotton; four times tobacco.

Panola County Farmer Given "Ag" Award

CHICAGO—H. Byron Rhea, owner of Panola County, Texas, received the coveted W. G. Skell agricultural achievement award on Saturday, November 18.

The Rhea farm consists of 50 acres—it is one of those "little but oh, my!" establishments. Agriculturally, these 50 acres are most important as a model demonstration farm. Mr. Rhea's farm is principally pasture, beef cattle being his main source of income. However, other crops are raised. Two acres in corn runs from 60 to 100 bushels per acre, and 2 1/2 acres in truck crops.

Mr. Rhea and his wife, Ivie, are both active in community work, giving unselfishly of their time and efforts to help build a better community.

Saturday morning, his neighbors and friends gathered at a big community breakfast to witness the presentation of the award, which consists of a \$100 U. S. Savings Bond, gold lapel pin and a handsome scroll. A personal representative of W. G. Skelly, president of the Skelly

Mr. and Mrs. J. E. Reeves and Mr. and Mrs. Willard Reeves were in Dallas two days last week, visiting with relatives and attending to business matters.

Mr. and Mrs. George Spann of Dallas and Mrs. Erna Mae Lee of Wichita Falls visited in the home of Mr. and Mrs. J. C. Spann over the week end.

Miss Charlotte Williams, who is attending T. S. C. W. in Denton, came in this week to spend the holidays with her parents, Mr. and Mrs. P. V. Williams.

Mrs. Bill Ehlers and children left this week for Midland to visit Mrs. Ehler's parents, Mr. and Mrs. Charles Styrton, for some two weeks.

Miss Opal Booe spent the week end visiting in the home of her sister, Mr. and Mrs. Leslie Melton, in Weatherford.

Miss Frances Nance of Abilene spent Sunday in the home of other parents, Mr. and Mrs. Frank Nance.

Mr. and Mrs. Delbert Montgomery and Mrs. D. D. Clough visited relatives and friends in Dallas over the week end.

Oil Company, was on hand to make the presentation.

Just North of Ford Tractor Agency

ATTENTION, COTTON and GRAIN FARMERS!

We have a few "RANGER" fifth-wheel farm wagons, with or without springs, durable in construction, extremely economical, low in price because of their outstanding features and long life.

The fifth wheel reduces turning radius. Electric welding, standard Temkin bearings, standard Alemite fittings, cold rolled spindles. Wheels are standard 15 inch. Nice finish and good appearance.

These wagons will bring to their owners a pride in their dependable performance. Heavy duty V-hitch, which is guaranteed not to whip.

"With the Ranger heavy load wagons, just keep rolling along."

We can also furnish you with 3, 4, and 5-row pick-up type stalk cutters, 2 and 4-row all-steel pickup godevils, 7-row pickup Ford sand fighters, and 9-row drag type fighters.

Tandem type stock trailers in all-steel frame work with oak flooring and finished oak sideboards.

Stock feeders, all-steel branding chutes.

On account of scarcity of materials, and the very rapid price increases, my advice is buy your future needs now. Remember, my price is right, and you can save \$\$\$\$ here.

Engineers, draftsmen, fabricators, scientific blacksmithing, portable welding machines, day or night service.

Reid's Hardware

Munday, Texas

YOUR FIRST FIELD TEST WILL CONVINCe YOU . . . THERE'S MORE POWER IN A MASSEY-HARRIS

1-Flow Pety—62 cubic-inch, 4-cylinder engine, 3 speeds forward.

2-Flow "22"—140 cubic-inch, 4-cylinder engine, 4 speeds forward.

3-3-Flow "30"—162 cubic-inch, 4-cylinder engine, 5 speeds forward.

3-4-Flow "44"—260 cubic-inch, 4-cylinder engine, 5 speeds forward.

4-5-Flow "55"—382 cubic-inch, 4-cylinder engine, 4 speeds forward.

3-4-Flow "44" Diesel—260 cubic-inch, 4-cylinder engine, 5 speeds forward.

● It's out in the field, on your own farm, that you discover the real power in a Massey-Harris. Out in the field doing your regular work . . . watching it lick the tough spots only you know . . . feeling the quick response of a lively engine that's ready to dig in from the word "go."

That's the big test. The test a Massey-Harris likes. The test that will convince you there's more power in Massey-Harris high compression engines . . . more power-saving economy in Massey-Harris straight-line transmission design. It's out in the field where you learn about economy too. The real dollars and cents kind that lets you do more work on less fuel. Economy is built right into a Massey-Harris. Better design in the engine, the transmission and distribution of weight let you cover more acres at less cost.

But try it for yourself. Get on a Massey-Harris. Drive it. Discover a new thrill in better tractor performance.

Six Latin American Nations Are Added To Maid Of Cotton's Tour

The 1951 Maid of Cotton will be flying down to Rio and other leading cities in six Latin American nations next June, the National Cotton Council has revealed.

For the first time in the history of the Maid of Cotton tour, King Cotton's fashion and goodwill ambassador will carry greetings to the southern hemisphere. Countries to be included on her Latin American journey are Cuba, Panama, Peru, Brazil, Argentina, and Uruguay.

The Maid will spend three weeks with the U. S. cotton industry's Latin American amigos. She will cover more than 14,000 miles on this phase of her tour. Already 50,000 miles of travel have been scheduled for the 1951 Maid on her cross-country flight to more than 30 U. S. cities and her trans-Atlantic flight to England and France.

The Maid will embark from Houston, Texas. Throughout her three-week Latin American trip, she will travel in air-conditioned, sound-proofed luxury at 300 miles an hour aboard an "El Conquistador," Braniff Airways DC-6 airliner.

Three and one-half hours after boarding her El Conquistador at Houston, the Maid will land at Havana, Cuba. From Cuba the cotton emissary will go to Balboa, Panama, on an overnight air sleeper flight. After a brief visit there, she will take off again for Lima, Peru, famed "City of Kings", high in the Andes mountains. From Lima the Maid will fly non-stop across the entire continent of

FOR SALE—Turkeys, see W. H. Hodges, Knox City. 16-6tp.

South America to the famed city of Rio de Janeiro, Brazil. Later she will visit another Brazilian metropolis, Sao Paulo, center of the country's cotton industry.

Argentina is the Maid's next stop and there she will pay King Cotton's respects to picturesque Buenos Aires, often called the "Paris of the Americas." Last on her Latin American itinerary is a visit to the beautiful city of Montevideo, capital of the republic of Uruguay.

In each country the Maid of Cotton will deliver greetings to state and civic dignitaries. She will wear her all-cotton wardrobe of glamorous cotton fashions, created by 30 of the United States' outstanding designers, to show the newest cotton fabrics and trends of the 1951 season. Wherever she goes, the Maid will be in the spotlight as the official ambassador of the U. S. cotton industry's 12 million members.

In addition to her cotton duties, she will take time out for typical tourist sight-seeing to the celebrated points of interest in each of the Latin American nations. She will visit such scenes as Havan's Moro Castle, Rio's breath-taking Copacabana Beach and Sugar Loaf Mountain, the historic Lima Cathedral and Plaza de Armas, and other famous landmarks.

After her South American tour, the Maid of Cotton will board her Braniff El Conquistador for the return flight to the United States and the conclusion of her six-month international tour.

Any girl born in a cotton-producing state, between the ages of 19 and 25, who has never been married and is at least 5 feet 5 inches tall is eligible for the Maid of Cotton contest. Entry blanks and information may be obtained from the National Cotton Council, Box 18, Memphis, Tenn. Completed applications must be postmarked not later than midnight December 1st.

Knox Prairie Philosopher Wants To Get Up In The Big Income Group Which Claims It's Taxed To Death

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has an idea this week, which nobody is likely to take him up on.

Dear editor:
Now that the elections are over and the best man won, as they say, although I didn't encounter no statement from anybody in the runoff this year which would imply anybody except himself was worth shootin' the rest of the skunks which it's surprisin' the country has been able to live with even this long, but now that the election is over

and the country seems to be holdin' together about the same, I have come to a startlin' conclusion.

I would like to have my taxes raised.

That is, provided I can get in the same shape a lot of big people of the country are in.

I read the other day in a newspaper which a north wind blew in from my neighbor's house, I get his trash in the winter, he gets mine in the summer, which saves both of us from pickin' it up at either season, no use wastin' energy when the wind will do it for you later on, as I say, I read where a lot of folks is complainin' that taxes are eatin' em up, as they put it. Big corporations, big individuals they all join in in complainin', sayin' opportunity has been banished from this country, initiative has been stifled, and it don't do no good to make any money because taxes takes it all, but I can't help noticin' the money continues to pile up in the banks and more new cars has been made and sold this year than ever before. In fact, I noticed the third quarterly report for big business this year revealed the highest profits, after taxes was paid, in the history of the nation, and only yesterday read where individual's incomes was also at the highest peak in history, and I been

Mr. Dan Goldsmith, 3024 Curron Road, Louisville, Ky., owner of Coogla Cut Rate Store at 935 West Broadway, says there just aren't enough words in the English language to praise HADACOL correctly. He says he knows most folks don't realize what a change HADACOL can make in their life if their systems are deficient in Vitamins B₁, B₂, Iron and Niacin. Here is Mr. Goldsmith's statement:

"Before I started taking HADACOL I was run down and nervous—and had a hard time sleeping nights. With my work in the store I have to spend sometimes 14 hours a day on my feet. Since I am in the retail business I saw how many folks were asking for HADACOL so I decided to try it myself. After the first couple of bottles I could tell a definite improvement. Now I have all the pep and energy in the world, my nerves are steady as ever and I really do get a good night's rest. HADACOL is wonderful—I not only take it, but recommend it to all my customers. I praise the day Senator Dudley J. LeBlanc put HADACOL on the market."

HADACOL is so different. Thousands are benefiting from HADACOL... whose systems lack Vitamins B₁, B₂, Iron and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (where iron is needed) to carry these great Vitamins and Minerals to every body organ—to every part of the body.

Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana.

thinkin'. Now my income ain't in that shape, it ain't quite enough to get by on, the same as it's been for years, and I have decided I would like to swap places or move over and get into that group being taxed to death.

I guarantee I will holler just as loud and long, complain just as much, predict the end of civilization, if somebody will manage to get my income up to the level of these fellers being taxed to death.

In the meantime, until I get there, I aim to holler about taxes anyway. I'm in practice. I got the know-how, if I just had the income to go with it.

Yours faithfully,
J. A.

Mr. and Mrs. Sidney Lee of Fort Worth spent the week end here with Sidney's mother and brother, Mrs. O. W. Lee, and Harvey Lee.

Mr. and Mrs. H. F. Jungman were business visitors in Abilene last Saturday.

Planting Seed May Be Short For 1951 Cotton Crop

The problem of obtaining good planting seed is one of the most critical facing cotton farmers in their effort to produce 16,000,000 bales or more in 1951, the National Cotton Council said today, urging producers to save their good seed and store them properly.

The Council emphasized that weather conditions and other factors have prevented many cotton farmers from producing enough good seed to meet their needs in planting acreage next year. Cotton growers who have produced more planting seed than they need are urged to save their surplus in order to supply less fortunate farmers.

The small cotton crop this year and wet weather during the boll opening and harvesting period are two factors which have combined to add to the seriousness of the cottonseed situation, the Council explained. Rainy weather in many areas has prevented evaporation of moisture from opening bolls and

has increased its content in fiber and bolls already open. The germinating power of cottonseed decreases rapidly if the moisture is 12 percent or above. Drying and proper storage to maintain the moisture at less than 12 percent is recommended by the Cotton Council to preserve the quality of planting seed.

Mrs. Sunset Boone and Mrs. Frankie Boone of Lubbock, visited in the home of Mr. and Mrs. J. C. Spann over the week end.

Miss Carolyn Hannah attended the Hardin-Simmons and West Texas State football game in Abilene last Saturday.

"Blondie's Secret"

"WHAT DYA MEAN... MORE PAYLOAD?"

DODGE "Job-Rated" trucks GIVE IT TO YOU!

IT'S A MATTER OF better weight distribution

You can haul more payload than ever in a Dodge "Job-Rated" truck, because the load is better distributed. Most trucks carry too much of the load on the rear axle—too little on the front. Because the engine of a Dodge "Job-Rated" truck is moved forward and the front axle back, both axles carry the right proportion of the load. That means you can haul bigger payloads without overloading.

NOT THIS The payload on most trucks—like the girl in this boat—rides too far to the rear. Result: there's too much weight aft, not enough forward.

BUT THIS In "Job-Rated" trucks, the load is moved forward—as the girl is now positioned. Results: proper weight distribution—bigger payloads—easier handling.

Job-Rated... for low-cost transportation

POWER... 8 great truck engines—each "Job-Rated" for PLUS power.

ECONOMY... priced with the lowest "Job-Rated" for dependability and long life.

BIGGER PAYLOADS... carry more without overloading axles or springs because of "Job-Rated" weight distribution.

EASIER HANDLING... sharp-

er turning! Parks in tight places. "Job-Rated" maneuverability!

COMFORT... widest seats... windshield with best vision of any popular truck. Air-cushioned, adjustable "chair-height" seats.

SAFETY... finest truck brakes in the industry... hand brake operating independently on propeller shaft on all models—1½-ton and up.

NEW! gyro FLUID DRIVE! Available on ½-, ¾- and 1-ton models... for longer truck life, lower upkeep costs. Ask us for interesting Fluid Drive booklet.

Sleeping Comfort FOR SALE!

Let us show you what Modern Automatic Sleeping Comfort can mean to you!

The best aid to health and beauty is a good night's sleep. You will fall asleep faster and sleep sounder in a bed that is warm all over and stays that way all night. With a G-E Automatic Blanket, you can select the personal warmth you like best. Just set the dial on the bed-side control... this "just-right" warmth is automatically maintained regardless of temperature changes... all night long.

Automatic Electric Blankets
COME IN AND SEE FOR YOURSELF...

- The new signal-wire circuit that gives you even, luxurious, sunbiny warmth—all night long.
- How the remarkable bed-side control keeps your bed at a perfect temperature for restful sleeping comfort.
- How the new G-E Blanket is lighter than ever—sturdier than ever—how it takes the place of three ordinary blankets.
- How 1,000,000 G-E Blankets are already making Americans "sleep-happier."

G-E Automatic Blankets launder easily and come in four lovely colors: rose, blue, green, and cedar. They're available in sizes to fit any type bed.

THE CHOICE OF CHAMPIONS! Chosen by 40 out of 86 state champion truck drivers at the National Truck Races

Bonner Barton Is Playing Ball With Champion Teams

Bonner Barton, son of Mr. and Mrs. C. A. Barton, is playing ball with championship teams with the Tempelhof Air Base in Germany. His team recently became Berlin's 1950 Touch Foot-

ball champions, and Bonner's part in the play is revealed in the following paragraph from the Berlin Observer:

"Late in the final quarter, the Tempelhof team again drove deep into Hospital territory. Unable to drive through the stiffened defense of the Medics, Martina attempted a 30 yard field goal, but the ball fell short of the uprights by inches. Hospital then took over and tried to pass, but Flyer line backer Barton intercepted a flat pass and scampered into the end zone to complete the day's scoring."

Bonner also played baseball with the Flyers, being one of the pitchers. Their games took them to London, Paris and Vienna, Austria.

He was present at the dedication of the Freedom Bell in Berlin. The German people gave our General Clay a great ovation as he dedicated the bell.

Bonner has been stationed at Tempelhof Air Base since July 1948, being there during the airlift.

FARM PROGRAM NEWS

From the County PMA Committee

COTTON EXPORT ALLOCATION INCREASED

Encouraging information about cotton crop prospects have resulted in another increase in the interim cotton export allocation. B. F. Vance, Chairman of PMA State Committee, said today.

This latest increase of 1,350,000 bales brings the allocation for August 1, 1950 through March 31, 1951, to 3,496,000 bales. An increase of 146,000 bales was made in the initial allocation of 2 million bales on August 23. This was the equivalent of the increase shown in the final Census Bureau report on carryover stocks of old-crop cotton.

In addition, at least 250,000 bales of U. S. cotton will be shipped to Canada at the end of the 8-month interim period, and about 108,000 bales moved to other countries before export license controls went into effect on September 8.

In announcing the increase in the allocation, Secretary Brannan said that more reliable information is now at hand about the prospects for obtaining a 16-million-bale crop next year and about the availability of supplies and facilities farmers will need to get a crop that size.

"The Department has recognized at all times the national and international interest in exporting as much cotton as possible in order to hold foreign customers and to help stabilize the countries which are now and for a long time have been dependent upon the U. S. for raw cotton," the Secretary said.

"On the other hand, the uncertain international situation, the

wide threat of inflation, and the very strong desire to avoid if possible the application of price and related controls... make it doubly important that sufficient and adequate reserve stocks of cotton be retained in this country to meet all emergencies.

"We will continue to keep the cotton situation under review. Any additional allocations that can be safely made, including those for the remaining 4 months of the cotton year following the interim period, will be determined and announced in line with development."

To protect domestic supplies further, export license controls on cotton waste will become effective as of November 9.

The new rat poison, Warfarin, appears to be one of the most effective poisons yet developed for controlling rats and mice. It is poisonous to all warm-blooded animals, but the amount recommended for controlling rats and mice is so small that there is little danger of farm animals or people being poisoned accidentally.

Mrs. Addie Lane left Tuesday for El Paso to visit in the homes of her sons for the holidays.

Neil Chastain spent the week end in Spur visiting friends and relatives.

Mrs. Etta Webb visited in the home of her daughter and son-in-law, Mr. and Mrs. Leon Reagan, in Spur over the week end.

Mr. and Mrs. W. G. Gafford visited in the home of their parents in Coleman over the week end.

Heads Texas Retailers

WILLIAM J. BROWN, head of Titcher-Goettinger Co., Dallas, is the newly elected president of the Council of Texas Retailers' Associations. The Council, a federation of 11 statewide retail associations whose members number some 26,000 merchants and businessmen throughout Texas, has announced that it will oppose needless spending in state government and a similar tax in Texas.

Other newly elected officers are vice-presidents R. C. Houlihan, Ft. Worth and R. Don Herod, Houston and secretary-treasurer, H. E. Dill, Dallas.

478 Receive Chest X-Rays

Mrs. R. M. Almanrode, chairman of the committee which sponsored the visit of the mobile X-ray unit here last week, reported that a total of 478 persons received chest X-rays here Wednesday and Thursday of last week. 596 persons received X-rays at Knox City several days earlier.

This number is short of the number last year, over 1,500 receiving X-rays at Munday last year.

Mrs. Almanrode expressed her thanks to the Munday Truck and Tractor Company, which provided space for the unit; A. H. Mitchell of West Texas Utilities Co., Mrs. Ben Bowden, Mrs. Joe Patterson and the club women who came to help, and everyone who helped with the program in any way.

Mr. and Mrs. R. M. Almanrode and daughter, Miss Barbara, left Wednesday for Mena and Hatfield, Ark., to spend the Thanksgiving holidays with relatives.

Mr. and Mrs. Leland Hannah and Charlotte attended the football game between Hardin-Simmons University and West Texas State College in Abilene last Saturday.

"Here's the tire I want!"

GOOD YEAR SUPER-SURE-GRIP TRACTOR TIRE

First choice for 2 reasons!

1. Deeper soil penetration — greater pull. Goodyear's open center tread has straight deep-biting lugs. They cut cleanly into the soil, penetrate full depth, full length. Straight bars closer together at the shoulders wedge the soil for firmer grip — don't "plow out" soil at the sides.

2. Balanced straight lug tread design — longer wear. Goodyear open center lugs are all straight, all equal in size and spacing. That's why every lug works equally, pulls fully, wears more evenly.

Goodyear Super-Sure-Grips don't cost a penny more. Get them for your tractor.
